Dear Friend,

--- *W8-B-Gone* was originally developed in Sweden. A super powerful, high potency molecular formula that removes fat from the system instantly, removing and expelling it naturally over a period of just four days.

--- *W8-B-Gone* was first introduced exclusively through Brantley Juergen, Sweden’s most famous and respected weight-loss specialist.

News of its amazing effectiveness spread quickly in northern Europe – and soon it was in demand throughout all of the European continent.

---

It quickly became Sweden’s top diet aid – and a leading European magazine, GOOD HEALTH, described it simply as: “THE MIRACULOUS TREATMENT”

News of this weight-loss miracle capsule soon spread to the luxurious spas of Germany and France. And from there to all the great continental nations making *W8-B-Gone* Europe’s all-time best-selling weight-loss secret.

--- Brantley Juergen then decided to make his proprietary formula available in the U.S.

And to assure its freshness and potency, after an exhaustive search, he chose MBE MANAGEMENT to be his U.S. distributor. MBE Management is famous the world over for their strict ethical standards in producing only pure pharmaceutical-standard “100% natural products”.

And to GUARANTEE the power and freshness of this remarkable, high potency formula, MBE Management made the decision to only market it straight to the customer on a one-to-one basis.

It will not sit on store shelves and lose 60 to 80% of its power as do some popular health aids and drugs.

This means it is only available by direct order from MBE Management.

Why W8-B-Gone?

★ W8-B-Gone is fast
It goes to work the minute you take it. And in just 4 days, you will lose up to 5 pounds. Four capsules, taken at 4-day intervals, will reduce your weight by up to 20 pounds in just 16 days. It's the only way to lose up to 20 pounds in 16 days with absolute certainty.

★ W8-B-Gone is easy to use
It's uniquely patented sustained-release formula continues working around the clock, so you are constantly breaking down and expelling fat. Even while you are asleep! There's no need to diet. Eat whatever you are used to eating. No need for strenuous exercise. Just take 1 capsule every 4 days.

★ W8-B-Gone is safe
It doesn't use harsh stimulants or appetite suppressors. So there are no harmful side effects. The patented formula known only in Sweden, is designed to attack localized fat deposits, dislodge them, and allow your body to eliminate them naturally. This is why you are advised to take the capsules at 4-day intervals only.

★ W8-B-Gone lasts
After you've reached your desired weight loss, you can keep weight off permanently. At the slightest sign of weight gain, all you need to do is take one capsule — and that's it.

★ W8-B-Gone is proven
Tests conducted in Europe with individuals of both sexes and all ages prove that virtually all patients who used W8-B-Gone correctly lost their targeted weight, while continuing to eat exactly as they were used to.

CAUTION about excessive weight loss

With one pack of W8-B-Gone, you can lose up to 20 pounds. If you wish to lose more than 20 pounds, you must order 3 packs, resulting in a weight loss of up to 30 pounds. But weight loss of more than 20 pounds can lead to fatigue. We advise you to take a vitamin C supplement if you wish to lose more than 20 pounds. But with weight loss of up to 20 pounds, you will experience no tiredness at all.
A TALK WITH W8-B-GONE’S CREATOR, BRANTLEY JUERGEN

W8-B-Gone, the Medically Proven Capsule

“IT’S THE FASTEST, SAFEST WEIGHT-LOSS METHOD”

Brantley Juergen is a well known authority on weight loss. His remarkable new formula is now available in the U.S.

A single capsule acts for 4 days!

Each W8-B-Gone capsule uses a sustained-release formula, based on a method that is well known in the pharmaceutical industry. With W8-B-Gone you can be sure that a single capsule is capable of dislodging all localized fat deposits. Up to 5 pounds every four days!

Here's how W8-B-Gone works!

Within the W8-B-Gone formula are new fat-attacking molecules which literally break down fatty deposits in the body. The fat attacking component of W8-B-Gone is balanced with other compounds, to guarantee weight loss of up to 5 pounds every 4 days.

W8-B-Gone works without me having to do any strenuous exercise!

You simply need to take the capsule and drink plenty of water throughout the day. We recommend six 8-ounce glasses of water per day due to the fact that while the capsule is dislodging fat, the body needs water to eliminate it.

No special diet is required during the treatment period!

I actively discourage it. This is not because I am against the idea of a balanced and reduced diet. But simply due to the fact that if you follow a restrictive diet at the same time you take W8-B-Gone, you could mistakenly believe the weight loss is due to the diet. So, continue to eat as you normally do, and you will observe daily progress in terms of weight loss. In this way you will realize that W8-B-Gone alone is the sole cause of the vanishing fat. It’s the real proof.

W8-B-Gone always works!

I have all the results of tests conducted in Sweden and across Europe on individuals of both sexes and all ages. All of them automatically lost between 4 and 6 pounds over the 4 days, making an average weight loss of 5 pounds. That is how we can safely claim this figure. It simply corresponds to the facts.

“W8-B-Gone is perfectly safe in terms of health!”

Whatever the state of your health, and whatever other treatment you may be taking, you can take W8-B-Gone without any risk whatsoever. W8-B-Gone has only one effect—to dislodge fat deposits. It is advisable to discontinue treatment when you have reached your target weight, as otherwise you may reduce too much.

Our introductory supplies of W8-B-Gone are severely limited. You must mail today the enclosed 16-day trial offer before supply runs out. Once supplies are gone, you will have to wait until our lab can produce more.

Mail the enclosed 16-day trial offer TODAY to begin losing weight with W8-B-Gone.
