I.

PROHIBITED DECEPTIVE CLAIMS, INCLUDING FALSE AND/OR UNSUBSTANTIATED CLAIMS, REGARDING MELANOMA DETECTION

IT IS ORDERED that the NCS Defendants, their officers, agents, servants, employees, and attorneys, and all other persons in active concert or participation with any of them, who

receive actual notice of this Order, whether acting directly or indirectly, in connection with the manufacturing, labeling, advertising, promotion, offering for sale, sale, or distribution of any Device, are hereby permanently restrained and enjoined from making, or assisting others in making, expressly or by implication, including through the use of a Device name, endorsement, depiction, or illustration, any representation that the Device

A. Detects or diagnoses melanoma or risk factors of melanoma, or

B. Increases users' chances of detecting melanoma in early stages,

unless the representation is non-misleading and, at the time of making such representation, the NCS Defendants possess and rely upon competent and reliable scientific evidence to substantiate that the representation is true. For purposes of this Section, competent and reliable scientific evidence shall consist of human clinical testing of the Device that is sufficient in quality and quantity, based on standards generally accepted by experts in the relevant field, when considered in light of the entire body of relevant and reliable scientific evidence, to substantiate that the representation is true. Such testing shall be blinded, conform to actual use conditions, include a representative range of skin lesions, and be conducted by researchers qualified by training and experience to conduct such testing. In addition, all underlying or supporting data and documents generally accepted by experts in the relevant field as relevant to an assessment of such testing as set forth in the Section entitled Preservation of Records Relating to Competent and Reliable Human Clinical Tests or Studies must be available for inspection and production to the Commission.

II.

OTHER PROHIBITED DECEPTIVE HEALTH-RELATED EFFICACY CLAIMS, INCLUDING FALSE AND/OR UNSUBSTANTIATED CLAIMS

IT IS FURTHER ORDERED that the NCS Defendants, their officers, agents, servants, employees, and attorneys, and all other persons in active concert or participation with any of them, who receive actual notice of this Order, whether acting directly or indirectly, in connection with the manufacturing, labeling, advertising, promotion, offering for sale, sale, or distribution of any product or service, are permanently restrained and enjoined from making, or assisting others in making, expressly or by implication, including through the use of a product or service name, endorsement, depiction, or illustration, any representation, other than representations covered under Section I of this Order, about the health benefits or efficacy of any product or service, unless the representation is non-misleading, and, at the time of making such representation, the NCS Defendants possess and rely upon competent and reliable scientific evidence that is sufficient in quality and quantity based on standards generally accepted in the relevant scientific fields, when considered in light of the entire body of relevant and reliable scientific evidence, to substantiate that the representation is true. For purposes of this Section, competent and reliable scientific evidence means tests, analyses, research, or studies (A) that have been conducted and evaluated in an objective manner by qualified persons; (B) that are generally accepted in the profession to yield accurate and reliable results; and (C) when they are human clinical tests or studies, all underlying or supporting data and documents generally accepted by experts in the field as relevant to an assessment of such testing as set forth in the Section entitled Preservation of Records Relating to Competent and Reliable Human Clinical Tests or Studies are available for

inspection and production to the Commission.

III.

MONETARY JUDGMENT AND CONSUMER REDRESS

IT IS FURTHER ORDERED that:

A. Judgment in the amount of Three Thousand Nine Hundred Thirty Dollars (\$3,930) is entered in favor of the Commission against the NCS Defendants, jointly and severally, as equitable monetary relief.

B. The NCS Defendants are ordered to pay to the Commission Three Thousand Nine Hundred Thirty Dollars (\$3,930). Such payment must be made within 7 days of entry of this Order by electronic fund transfer in accordance with instructions provided by a representative of the Commission.

C. The NCS Defendants relinquish dominion and all legal and equitable right, title, and interest in all assets transferred pursuant to this Order and may not seek the return of any assets.

D. The facts alleged in the Complaint will be taken as true, without further proof, in any subsequent civil litigation by or on behalf of the Commission, including in a proceeding to enforce its rights to any payment or monetary judgment pursuant to this Order, such as a nondischargeability complaint in any bankruptcy case.

E. The facts alleged in the Complaint establish all elements necessary to sustain an action by the Commission pursuant to Section 523(a)(2)(A) of the Bankruptcy Code, 11 U.S.C. § 523(a)(2)(A), and this Order will have collateral estoppel effect for such purposes.

F. The NCS Defendants acknowledge that their Taxpayer Identification Numbers

(Social Security Numbers or Employer Identification Numbers), which the NCS Defendants must submit to the Commission, may be used for collecting and reporting on any delinquent amount arising out of this Order, in accordance with 31 U.S.C. § 7701.

G. All funds paid to the Commission pursuant to this Order may be deposited into a fund administered by the Commission or its designee to be used for equitable relief, including consumer redress and any attendant expenses for the administration of any redress fund. If a representative of the Commission decides that direct redress to consumers is wholly or partially impracticable or money remains after redress is completed, the Commission may apply any remaining money for such other equitable relief (including consumer information remedies) as it determines to be reasonably related to the NCS Defendants' practices alleged in the Complaint. Any money not used for such equitable relief is to be deposited to the U.S. Treasury as disgorgement. The NCS Defendants have no right to challenge any actions the Commission or its representatives may take pursuant to this Subsection.

IV.

FDA APPROVED CLAIMS

IT IS FURTHER ORDERED that nothing in this Order shall prohibit the NCS Defendants from:

A. Making any representation for any drug that is permitted in labeling for such drug under any tentative or final standard promulgated by the Food and Drug Administration, or under any new drug application approved by the Food and Drug Administration; and

B. Making any representation for any product that is specifically permitted in labeling for such product by regulations promulgated by the Food and Drug Administration

pursuant to the Nutrition Labeling and Education Act of 1990.

V.

REQUIREMENT TO PROVIDE CUSTOMER LIST

IT IS FURTHER ORDERED that the NCS Defendants are permanently restrained and enjoined from directly or indirectly:

A. Failing to provide sufficient customer information to enable the Commission to efficiently administer consumer redress. If a representative of the Commission requests in writing any information related to redress, the NCS Defendants must provide it, in the form prescribed by the Commission, within 14 days;

B. Disclosing, using, or benefitting from customer information, including the name, address, telephone number, email address, social security number, other identifying information, or any data that enables access to a customer's account (including a credit card, bank account, or other financial account), that any Defendant obtained prior to entry of this Order in connection with the advertising or sale of any Melanoma App; and

C. Failing to destroy such customer information in all forms in their possession, custody, or control within 30 days after entry of this Order.

Provided, however, that customer information need not be disposed of, and may be disclosed, to the extent requested by a government agency or required by law, regulation, or court order.

VI.

PRESERVATION OF RECORDS RELATING TO COMPETENT AND RELIABLE HUMAN CLINICAL TESTS OR STUDIES

IT IS FURTHER ORDERED that, with regard to any human clinical test or study (“test”) upon which the NCS Defendants rely to substantiate any claim covered by this Order, the NCS Defendants shall secure and preserve all underlying or supporting data and documents generally accepted by experts in the field as relevant to an assessment of the test, including, but not necessarily limited to:

- A. All protocols and protocol amendments, reports, articles, write-ups, or other accounts of the results of the test, and drafts of such documents reviewed by the test sponsor or any other person not employed by the research entity;
- B. All documents referring or relating to recruitment; randomization; instructions, including oral instructions, to participants; and participant compliance;
- C. Documents sufficient to identify all test participants, including any participants who did not complete the test, and all communications with any participants relating to the test; all raw data collected from participants enrolled in the test, including any participants who did not complete the test; source documents for such data; any data dictionaries; and any case report forms;
- D. All documents referring or relating to any statistical analysis of any test data, including, but not limited to, any pretest analysis, intent-to-treat analysis, or between-group analysis performed on any test data; and
- E. All documents referring or relating to the sponsorship of the test, including all

contracts and communications between any sponsor and the test's researchers.

Provided, however, the preceding preservation requirement shall not apply to a Reliably Reported test, unless the test was conducted, controlled, or sponsored, in whole or in part (1) by any Defendant, or by any person or entity affiliated with or acting on behalf of any Defendant, including officers, agents, representatives, and employees, or by any other person or entity in active concert or participation with any Defendant ("Defendant's affiliates"), or (2) by the supplier or manufacturer of the product at issue, or (3) by a supplier to any Defendant, to Defendant's affiliates, or to the product's manufacturer of any ingredient or component contained in such product.

For any test conducted, controlled, or sponsored, in whole or in part, by the NCS Defendants, the NCS Defendants must establish and maintain reasonable procedures to protect the confidentiality, security, and integrity of any personal information collected from or about participants. These procedures shall be documented in writing and shall contain administrative, technical, and physical safeguards appropriate to the NCS Defendants' size and complexity, the nature and scope of the NCS Defendants' activities, and the sensitivity of the personal information collected from or about the participants.

VII.
