ORDER

DEFINITIONS

For the purpose of this Order, the following definitions shall apply:

1. “ACH Debit” means any completed or attempted debit to a Person’s account at a financial institution that is processed electronically through the Automated Clearing House Network.
2. “Card-Not-Present Transaction” means a debit or credit card transaction whereby the Person’s debit or credit card is not physically swiped, scanned or imprinted.
3. “Chargeback” means a procedure whereby an issuing bank or other financial institution charges all or part of an amount of a Person’s credit or debit card transaction back to the acquiring or merchant bank.
4. “Chargeback Rate” means the proportion (expressed as a percentage) of chargebacks out of the total number of credit or debit card sales transactions, calculated separately for each payment card association (e.g., American Express, Discover Card, MasterCard, or Visa).
5. “Client” means any Person, including, but not limited to, any merchant for whom Defendant acts as a payment processor, ISO or Sales Agent, either directly or indirectly.
6. “Debt Relief Product or Service” means any product, service, plan or program represented, directly or by implication, to renegotiate, settle, or in any way alter the terms of payment or other terms of the debt between a Person and one or more unsecured creditors or debt collectors, including, but not limited to, a reduction in the balance, interest rate, or fees owed by a Person to an unsecured creditor or debt collector.

7. “Independent Sales Organization” or “ISO” means any Person that (a) enters into an agreement or contract with a Payment Processor to sell or market Payment Processing services to a merchant; and (b) holds, directly or indirectly, either partial or full liability in the event of losses related to the Payment Processing activities conducted by or on behalf of the merchant.

8. “Money-Making Opportunities” means any good or service represented to enable consumers or to assist consumers to earn income by working from home or to obtain employment in exchange for an upfront fee, grants, monetary assistance, scholarships, or business opportunities.

9. “Negative Option Feature” means, in an offer or agreement to sell or provide any product or service, a provision under which the consumer’s silence or failure to take an affirmative action to reject products or services or to cancel the agreement is interpreted by the Client, seller or merchant as acceptance of the offer. Offers or agreements with Negative Option Features include, but are not limited to: (a) free or introductory price trial offers in which the consumer receives a product or service for free or at a nominal or introductory price for an initial period and will incur an obligation to pay or pay a greater amount for the product or service if he or she does not take affirmative action to cancel, reject, or return the product or service before the end of that period; (b) continuity plans in which, subsequent to the consumer’s agreement to the plan, the seller or provider automatically ships products to a consumer unless the consumer notifies the seller or provider within a certain time not to ship the products; and (c) automatic renewal plans in which the seller or provider automatically renews the agreement and charges the consumer unless the consumer cancels before the renewal.

10. “Outbound Telemarketing” means a plan, program, or campaign which is conducted to induce the purchase of goods or services or a charitable contribution in which the telephone calls are initiated by the Person engaged in telemarketing as opposed to the customer or donor.

11. “Payment Processing” means providing a Person, directly or indirectly, with the means used to charge or debit accounts through the use of any payment mechanism, including, but not limited to, Remotely Created Payment Orders, Remotely Created Checks, ACH Debits, or debit, credit, prepaid, or stored value cards. Whether accomplished through the use of software or otherwise, Payment Processing includes, among other things: (a) reviewing and approving merchant applications for payment processing services; (b) providing the means to transmit sales transaction data from merchants to acquiring banks or other financial institutions; (c) clearing, settling, or distributing proceeds of sales transactions from acquiring banks or financial institutions to merchants; or (d) processing Chargebacks or returned Remotely Created Payment Orders, Remotely Created Checks, or ACH Debits.

12. “Payment Processor” means any Person providing Payment Processing services in connection with another Person’s sale of goods or services, or in connection with any charitable donation.

13. “Person” means any natural person or any entity, corporation, partnership, or association of persons.

14. “Remotely Created Check” or “RCC” means a check that is not created by the paying bank and that does not bear a signature applied, or purported to be applied, by the Person on whose financial account the check is drawn. A remotely created check is often also referred to as a “demand draft,” “telephone check” or “preauthorized draft.” For purposes of this

definition, a remotely created check originates as a paper-based transaction, but can be processed subsequently through electronic means (such as through check imaging or scanning) or through non-electronic means.

15. “Remotely Created Payment Order” or “RCPO” means a payment instruction or order drawn on a Person’s financial account that is initiated or created by the payee and that does not bear a signature applied, or purported to be applied, by the Person on whose financial account the order is drawn, and which is deposited into or cleared through the check clearing system. For purposes of this definition, unlike a Remotely Created Check, a Remotely Created Payment Order does not originate as a paper-based transaction. A Remotely Created Payment Order is created when a payee directly or indirectly enters financial account and routing numbers into an electronic check template that is converted into an electronic file for deposit into the check clearing system.

16. “Representatives” means the Defendant’s officers, agents, servants, employees, attorneys, and those Persons in active concert or participation with him who receive actual notice of this Order by personal service or otherwise.

17. “Sales Agent” means a Person that matches, arranges, or refers prospective Clients or Clients to a Payment Processor or ISO for Payment Processing, but does not hold any contractual liability in the event of losses related to the Payment Processing activities conducted by or on behalf of Clients. As such, a Sales Agent may be involved in recommending a particular Payment Processor or ISO to a prospective Client, forwarding to the Payment Processor or ISO a prospective Client’s or Client’s merchant application, or negotiating rates and fees charged by a Payment Processor or ISO, but a Sales Agent may not act as an ISO.

18. "Total Return Rate" means the proportion (expressed as a percentage) of all attempted ACH Debit, RCC or RCPO transactions that are returned for any reason, whether before or after payment, out of the total number of such attempted transactions, calculated separately for each transaction type.

19. The words "and" and "or" shall be understood to have both conjunctive and disjunctive meanings.

Any funds not used for such equitable relief shall be deposited into the United States Treasury as disgorgement. Defendant shall have no right to challenge the Commission's choice of remedies under this Section. Defendant shall have no right to contest the manner of distribution chosen by the Commission.
