

Analysis of Proposed Consent Order to Aid Public Comment
In the Matter of Golf Connect, LLC, File No.152 3141

The Federal Trade Commission ("FTC" or "Commission") has accepted, subject to final approval, a consent agreement applicable to Golf Connect, LLC ("Golf Connect").

The proposed consent order has been placed on the public record for thirty (30) days for receipt of comments by interested persons. Comments received during this period will become part of the public record. After thirty days, the Commission will again review the agreement and the comments received, and will decide whether it should withdraw from the agreement and take appropriate action or make final the agreement's proposed order.

This matter concerns alleged false or misleading representations that Golf Connect made to consumers concerning its participation in the Safe Harbor privacy frameworks agreed upon by the U.S. and the European Union ("EU") and the U.S. and Switzerland (collectively, "Safe Harbor Frameworks"). The Safe Harbor Frameworks allow U.S. companies to transfer data outside the EU and Switzerland consistent with EU and Swiss law. To join the Safe Harbor Frameworks, a company must self-certify to the U.S. Department of Commerce ("Commerce") that it complies with a set of principles and related requirements that have been deemed by the European Commission and Switzerland as providing "adequate" privacy protection. These principles include notice, choice, onward transfer, security, data integrity, access, and enforcement. Commerce maintains a public website, www.export.gov/safeharbor, where it posts the names of companies that have self-certified to the Safe Harbor Frameworks. The listing of companies indicates whether their self-certification is "current" or "not current." Companies are required to re-certify every year in order to retain their status as "current" members of the Safe Harbor Frameworks.

Golf Connect provides a communication platform and software and technology services to the golf industry. According to the Commission's complaint, Golf Connect has set forth on its website, <http://www.golfhub.com/Customerservice/PrivacyPolicy?lang=en>, privacy policies and statements about its practices, including statements related to its participation in the Safe Harbor Frameworks.

The Commission's complaint alleges that Golf Connect falsely represented that it was a "current" participant in the Safe Harbor Frameworks when, in fact, from April 2014 until April 2015, Golf Connect was not a "current" participant in the Safe Harbor Frameworks. The company's predecessor in interest had submitted its self-certification to the Safe Harbor Frameworks, but that self-certification had lapsed. Commerce subsequently updated the company's status to "not current" on its public website.

Part I of the proposed order prohibits Golf Connect from making misrepresentations about its membership in any privacy or security program sponsored by the government or any other self-regulatory or standard-setting organization, including, but not limited to, the U.S.-EU Safe Harbor Framework and the U.S.-Swiss Safe Harbor Framework.

Parts II through VI of the proposed order are reporting and compliance provisions. Part II requires Golf Connect to retain documents relating to its compliance with the order for a five-year period. Part III requires dissemination of the order now and in the future to persons with responsibilities relating to the subject matter of the order. Part IV ensures notification to the FTC of changes in corporate status. Part V mandates that Golf Connect submit an initial compliance report to the FTC, and make available to the FTC subsequent reports. Part VI is a provision "sunsetting" the order after twenty (20) years, with certain exceptions.

The purpose of this analysis is to facilitate public comment on the proposed order. It is not intended to constitute an official interpretation of the proposed complaint or order or to modify the order's terms in any way.
