Natural Sunscreen SPF 30

Listed as one of the "Top Sunscreens" in the Environmental Working Group's Skin Deep sunscreen guide.

Our healthy, 100% natural sunscreen provides shelter from UVA rays with zinc oxide and titanium dioxide. SPF 30+ effectively blocks 97% of UVB rays, which cause sunburn. This ultimate skin care for the whole family is moisturizing and water resistant.

Our inactive ingredients aren't just empty filler. Beyond Coastal's Natural sunscreens nourish, repair, and hydrate your skin with aloe vera, shea butter, and vitamin C.

Review by Nick C. April 2013

★★★★★

I've tried other natural sunscreens and this one rubs in SO much easier. It's also water resistant for 80 minutes where most of the other natural sunscreens are only for 40 minutes. Great product!
