If the Commission accepts this Consent Agreement, it, together with the draft Complaint, will be placed on the public record for 30 days and information about it publicly released. In the Matter of	)	**Decision and Order**
YOLO Colorhouse, LLC a limited liability company.	)	**Docket No. C-**

DECISION

The Federal Trade Commission ("Commission") initiated an investigation of certain acts and practices of the Respondent named above in the caption. The Commission's Bureau of Consumer Protection ("BCP") prepared and furnished to Respondent a draft Complaint. BCP proposed to present the draft Complaint to the Commission for its consideration. If issued by the Commission, the draft Complaint would charge the Respondent with violations of the Federal Trade Commission Act.

Respondent and BCP thereafter executed an Agreement Containing Consent Order ("Consent Agreement"). The Consent Agreement includes: 1) statements by Respondent that it neither admits nor denies any of the allegations in the Complaint, except as specifically stated in this Decision and Order ("Order"), and that only for purposes of this action, Respondent admits the facts necessary to establish jurisdiction; and 2) waivers and other provisions as required by the Commission's Rules.

The Commission considered the matter and determined that it had reason to believe that Respondent has violated the Federal Trade Commission Act, and that a Complaint should issue stating its charges in that respect. The Commission accepted the executed Consent Agreement and placed it on the public record for a period of 30 days for the receipt and consideration of public comments. The Commission duly considered any comments received from interested persons pursuant to Section 2.34 of its Rules, 16 C.F.R. § 2.34. Now, in further conformity with the procedure prescribed in Rule 2.34, the Commission issues its Complaint, makes the following Findings, and issues the following Order:

Findings

1. The Respondent is YOLO Colorhouse, LLC, a limited liability company with its principal office or place of business at 519 NE Hancock St. # B, Portland, Oregon 97212.

2. The Commission has jurisdiction over the subject matter of this proceeding and over the Respondent, and the proceeding is in the public interest.

ORDER

Definitions

For purposes of this Order, the following definitions apply:

A. "Covered product" means any architectural coating applied to stationary structures, portable structures, and their appurtenances.

B. "Volatile Organic Compound" ("VOC") means any compound of carbon that participates in atmospheric photochemical reactions, but excludes carbon monoxide, carbon dioxide, carbonic acid, metallic carbides or carbonates, ammonium carbonate, and specific compounds that the EPA has determined are of negligible photochemical reactivity, which are listed at 40 C.F.R. Section 51.100(s).

C. "Emission" means any compound that is emitted or produced during application, curing, or exposure of a covered product.

D. "Trace" level of emission means:

    1. A VOC has not been intentionally added to the covered product;

    2. Emission of the covered product does not cause material harm that consumers typically associate with emission, including harm to the environment or human health; and

    3. Emission of the covered product does not result in more than harmless concentrations of any compound higher than would be found under normal conditions in the typical residential home without interior architectural coating.

E. "Respondent" means YOLO Colorhouse, LLC, and its successors and assigns.

I. Prohibited Misleading and Unsubstantiated Representations Regarding Emission and VOC Level of Covered Product

IT IS ORDERED that Respondent, and Respondent's officers, agents, employees, and attorneys, and all other persons in active concert or participation with any of them, who receive actual notice of this Order, whether acting directly or indirectly, in connection with the manufacturing, labeling, advertising, promotion, offering for sale, or sale of any covered product must not make any representation, expressly or by implication, that the emission level of a covered product is zero, or that the VOC level of a covered product is zero, unless the representation is non-misleading, including that, at the time such representation is made, Respondent possesses and relies upon competent and reliable scientific evidence that is sufficient in quality and quantity based on standards generally accepted in the relevant scientific fields, when considered in light of the entire body of relevant and reliable scientific evidence, to substantiate that:

A. The covered product's emission is zero micrograms per meter cubed and the covered product's VOC content is zero grams per liter; or

B. The covered product does not emit or produce more than a trace level of emission.

For purposes of this Provision, "competent and reliable scientific evidence" means tests, analyses, research, or studies that have been conducted and evaluated in an objective manner by qualified persons and are generally accepted in the profession to yield accurate and reliable results.

II. Prohibited Misleading and Unsubstantiated Representations Regarding Environmental and Health Claims

IT IS FURTHER ORDERED that Respondent, and Respondent's officers, agents, employees, and attorneys, and all other persons in active concert or participation with any of them, who receive actual notice of this Order, whether acting directly or indirectly, in connection with the manufacturing, labeling, advertising, promotion, offering for sale, or sale of any covered product must not make any representation, expressly or by implication, including through the use of a product name, regarding:

A. The emission of the covered product;

B. The VOC level of the covered product;

C. The odor of the covered product;

D. Any other health benefit or attribute of, or risk associated with exposure to, the covered product, including those related to VOC, emission, or chemical composition; or

E. Any other environmental benefit or attribute of the covered product, including those related to VOC, emission, or chemical composition,

unless the representation is non-misleading, including that, at the time such representation is made, Respondent possesses and relies upon competent and reliable scientific evidence that is sufficient in quality and quantity based on standards generally accepted in the relevant scientific fields, when considered in light of the entire body of relevant and reliable scientific evidence, to substantiate that the representation is true. For purposes of this Provision, "competent and reliable scientific evidence" means tests, analyses, research, or studies that have been conducted and evaluated in an objective manner by qualified persons and are generally accepted in the profession to yield accurate and reliable results.

III. Notice to Dealers and Distributors

IT IS FURTHER ORDERED that Respondent deliver as soon as practicable, but in no event later than 60 days after the effective date of this Order, a notice in the form shown in Attachment A to all of Respondent's dealers and distributors, and all other entities to which Respondent provided point-of-sale advertising, including product labels, for any covered product identified in Attachment A. The notice required by this paragraph must not include any document or other enclosures other than those referenced in Attachment A.

IV. Means and Instrumentalities

IT IS FURTHER ORDERED that Respondent, and its officers, agents, employees, and attorneys, and all other persons in active concert or participation with any of them, who receive actual notice of this Order, whether acting directly or indirectly, in connection with the manufacturing, labeling, advertising, promotion, offering for sale, or sale of any covered product, must not provide to others the means and instrumentalities with which to make, directly or indirectly, expressly or by implication, including through the use of endorsements or trade names, any false, unsubstantiated, or otherwise misleading representation of material fact, including but not limited to any representation prohibited by Provision I or by Provision II above. For purposes of this Provision, "means and instrumentalities" shall mean any information, including, but not necessarily limited to, any advertising, labeling, or promotional, sales training, or purported substantiation materials, for use by trade customers in their marketing of any covered product, in or affecting commerce.

V. Acknowledgments of the Order

IT IS FURTHER ORDERED that Respondent obtain acknowledgments of receipt of this Order:

B. Respondent must submit a compliance notice, sworn under penalty of perjury, within 14 days of any change in any designated point of contact or the structure of Respondent or any entity that Respondent has any ownership interest in or controls directly or indirectly that may affect compliance obligations arising under this Order, including the creation, merger, sale, or dissolution of the entity or any subsidiary, parent, or affiliate that engages in any acts or practices subject to this Order.

C. Respondent must submit notice of the filing of any bankruptcy petition, insolvency proceeding, or similar proceeding by or against Respondent within 14 days of its filing.

D. Any submission to the Commission required by this Order to be sworn under penalty of perjury must be true and accurate and comply with 28 U.S.C. § 1746, such as by concluding: "I declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct. Executed on: _____" and supplying the date, signatory's full name, title (if applicable), and signature.

F. All records necessary to demonstrate full compliance with each provision of this Order, including all submissions to the Commission.

VIII. Compliance Monitoring

IT IS FURTHER ORDERED that, for the purpose of monitoring Respondent's compliance with this Order:

A. Within 10 days of receipt of a written request from a representative of the Commission, Respondent must submit additional compliance reports or other requested information, which must be sworn under penalty of perjury, and produce records for inspection and copying.

B. For matters concerning this Order, representatives of the Commission are authorized to communicate directly with Respondent. Respondent must permit representatives of the Commission to interview anyone affiliated with Respondent who has agreed to such an interview. The interviewee may have counsel present.

C. The Commission may use all other lawful means, including posing through its representatives as consumers, suppliers, or other individuals or entities, to Respondent or any individual or entity affiliated with Respondent, without the necessity of identification or prior notice. A. Any provision in this Order that terminates in less than 20 years;

B. This Order's application to any Respondent that is not named as a defendant in such complaint; and

C. This Order if such complaint is filed after the Order has terminated pursuant to this provision.
