DECISION AND ORDER
DOCKET NO. C-4739

DECISION

The Federal Trade Commission (“Commission”) initiated an investigation of certain acts and
practices of the Respondents named in the caption. The Commission’s Bureau of Consumer
Protection (“BCP”) prepared and furnished to Respondents a draft Complaint. BCP proposed to
present the draft Complaint to the Commission for its consideration. If issued by the
Commission, the draft Complaint would charge the Respondents with violations of the Federal
Trade Commission Act.

Respondents and BCP thereafter executed an Agreement Containing Consent Order
(“Consent Agreement”). The Consent Agreement includes: 1) statements by Respondents that
they neither admit nor deny any of the allegations in the Complaint, except as specifically stated
in this Decision and Order, and that only for purposes of this action, they admit the facts
necessary to establish jurisdiction; and 2) waivers and other provisions as required by the
Commission’s Rules.

The Commission considered the matter and determined that it had reason to believe that
Respondents have violated the Federal Trade Commission Act, and that a Complaint should
issue stating its charges in that respect. The Commission accepted the executed Consent
Agreement and placed it on the public record for a period of 30 days for the receipt and
consideration of public comments. The Commission duly considered any comments received
from interested persons pursuant to Section 2.34 of its Rules, 16 C.F.R. § 2.34. Now, in further
conformity with the procedure prescribed in Rule 2.34, the Commission issues its Complaint, makes the following Findings, and issues the following Order:

Findings

1. The Respondents are:
   a. Respondent Steves Distributing, LLC, also doing business as Steve’s Goods, is a Colorado corporation, with its principal office or place of business at 1500 Kansas Avenue, Suite 2C, Longmont, CO 80501.
   b. Respondent Steven Taylor Schultheis is Chief Executive Officer, President, and principal shareholder of Steves Distributing, LLC. Individually or in concert with others, he formulates, directs, or controls the policies, acts, or practices of Steves Distributing, LLC. His principal office or place of business is the same as that of Steves Distributing, LLC.

2. The Commission has jurisdiction over the subject matter of this proceeding and over the Respondents, and the proceeding is in the public interest.

IT IS ORDERED that Respondents, Respondents’ officers, agents, and employees, and all other persons in active concert or participation with any of them, who receive actual notice of this Order, whether acting directly or indirectly, in connection with the manufacturing, labeling, advertising, promotion, offering for sale, sale, or distribution of any Covered Product, must not make, or assist others in making, expressly or by implication, any representation that such product:

A. treats, alleviates, or cures overactive bladder;

B. reduces blood sugar levels;

C. stimulates bone formation and healing;

D. treats, alleviates, or cures any disease, including but not limited to Alzheimer’s disease, amyotrophic lateral sclerosis, anal fissures, asthma, cancer, chronic inflammation, chronic traumatic encephalopathy, Crohn’s disease, depression, diabetes, epilepsy, fibromyalgia, glaucoma, glioblastoma, heart disease, hemorrhoids, hypertension, inflammatory bowel conditions, inflammatory bowel syndrome (“IBS”),

E. treats, alleviates, or cures diseases and other health conditions as effectively as most over-the-counter medications, or is an effective alternative to prescription medications,

unless the representation is non-misleading, and, at the time of making such representation, they possess and rely upon competent and reliable scientific evidence substantiating that the representation is true. For purposes of this Provision, competent and reliable scientific evidence must consist of human clinical testing of the Covered Product or of an Essentially Equivalent Product, that is sufficient in quality and quantity based on standards generally accepted by experts in the relevant disease, condition, or function to which the representation relates, when considered in light of the entire body of relevant and reliable scientific evidence, to substantiate that the representation is true. Such testing must be: (1) randomized, double-blind, and placebo-controlled; and (2) conducted by researchers qualified by training and experience to conduct such testing. In addition, all underlying or supporting data and documents generally accepted by experts in the field as relevant to an assessment of such testing as described in the Provision entitled Preservation of Records Relating to Competent and Reliable Human Clinical Tests or Studies must be available for inspection and production to the Commission. Persons covered by this Provision have the burden of proving that a product satisfies the definition of Essentially Equivalent Product.

II. PROHIBITED REPRESENTATIONS: OTHER HEALTH-RELATED CLAIMS

IT IS FURTHER ORDERED that Respondents, Respondents’ officers, agents, and employees, and all other persons in active concert or participation with any of them, who receive actual notice of this Order, whether acting directly or indirectly, in connection with the manufacturing, labeling, advertising, promotion, offering for sale, sale, or distribution of any Covered Product must not make, or assist others in making, expressly or by implication, any representation, other than representations covered under the Provision of this Order entitled Prohibited Representations: Regarding Health-Related Claims Requiring Human Clinical Testing For Substantiation, about the health benefits, performance, efficacy, safety, or side effects of any Covered Product, unless the representation is non-misleading, and, at the time of making such representation, they possess and rely upon competent and reliable scientific evidence that is sufficient in quality and quantity based on standards generally accepted by experts in the relevant disease, condition, or function to which the representation relates, when considered in light of the entire body of relevant and reliable scientific evidence, to substantiate that the representation is true.

For purposes of this Provision, competent and reliable scientific evidence means tests, analyses, research, or studies (1) that have been conducted and evaluated in an objective manner by experts in the relevant disease, condition, or function to which the representation relates; (2) that are generally accepted by such experts to yield accurate and reliable results; and (3) that are randomized, double-blind, and placebo-controlled human clinical testing of the Covered Product.
or of an Essentially Equivalent Product when such experts would generally require such human clinical testing to substantiate that the representation is true. In addition, when such tests or studies are human clinical tests or studies, all underlying or supporting data and documents generally accepted by experts in the field as relevant to an assessment of such testing as set forth in the Provision entitled Preservation of Records Relating to Competent and Reliable Human Clinical Tests or Studies must be available for inspection and production to the Commission. Persons covered by this Provision have the burden of proving that a product satisfies the definition of Essentially Equivalent Product.

III. PRESERVATION OF RECORDS RELATING TO COMPETENT AND RELIABLE HUMAN CLINICAL TESTS OR STUDIES

IT IS FURTHER ORDERED that, with regard to any human clinical test or study ("test") upon which Respondents rely to substantiate any claim covered by this Order, Respondents must secure and preserve all underlying or supporting data and documents generally accepted by experts in the field as relevant to an assessment of the test, including:

A. All protocols and protocol amendments, reports, articles, write-ups, or other accounts of the results of the test, and drafts of such documents reviewed by the test sponsor or any other person not employed by the research entity;

B. All documents referring or relating to recruitment; randomization; instructions, including oral instructions, to participants; and participant compliance;

C. Documents sufficient to identify all test participants, including any participants who did not complete the test, and all communications with any participants relating to the test; all raw data collected from participants enrolled in the test, including any participants who did not complete the test; source documents for such data; any data dictionaries; and any case report forms;

D. All documents referring or relating to any statistical analysis of any test data, including any pretest analysis, intent-to-treat analysis, or between-group analysis performed on any test data; and

E. All documents referring or relating to the sponsorship of the test, including all communications and contracts between any sponsor and the test’s researchers.

Provided, however, the preceding preservation requirement does not apply to a reliably reported test, unless the test was conducted, controlled, or sponsored, in whole or in part by: (1) any Respondent; (2) any Respondent’s officers, agents, representatives, or employees; (3) any other person or entity in active concert or participation with any Respondent; (4) any person or entity affiliated with or acting on behalf of any Respondent; (5) any supplier of any ingredient contained in the product at issue to any of the foregoing or to the product’s manufacturer; or (6) the supplier or manufacturer of such product.
For purposes of this Provision, “reliably reported test” means a report of the test has been published in a peer-reviewed journal, and such published report provides sufficient information about the test for experts in the relevant field to assess the reliability of the results.

For any test conducted, controlled, or sponsored, in whole or in part, by Respondents, Respondents must establish and maintain reasonable procedures to protect the confidentiality, security, and integrity of any personal information collected from or about participants. These procedures must be documented in writing and must contain administrative, technical, and physical safeguards appropriate to Corporate Respondents’ size and complexity, the nature and scope of Respondents’ activities, and the sensitivity of the personal information collected from or about the participants.

IV. PROHIBITED MISREPRESENTATIONS REGARDING TESTS, STUDIES, OR OTHER RESEARCH

IT IS FURTHER ORDERED that Respondents, Respondents’ officers, agents, and employees, and all other persons in active concert or participation with any of them, who receive actual notice of this Order, whether acting directly or indirectly, in connection with the manufacturing, labeling, advertising, promotion, offering for sale, sale, or distribution of any product must not misrepresent, in any manner, expressly or by implication:

A. That any Covered Product is scientifically proven to have antibacterial properties, stimulate bone formation or healing, have neuroprotective effects, or cure, mitigate, or treat anxiety, cancer, depression, glaucoma, inflammation, inflammatory bowel conditions, IBS, neurological disorders, ocular diseases, overactive bladder, pain, or psoriasis;

B. That the performance or benefits of any product are scientifically or clinically proven or otherwise established; or

C. The existence, contents, validity, results, conclusions, or interpretations of any test, study, or other research.

V. FDA-APPROVED CLAIMS

IT IS FURTHER ORDERED that nothing in this Order prohibits Respondents, Respondents’ officers, agents, and employees, and all other persons in active concert or participation with any of them from:

A. For any Drug, making a representation that is approved in labeling for such Drug under any tentative final or final monograph promulgated by the Food and Drug Administration, or under any new drug application approved by the Food and Drug Administration; and

B. For any product, making a representation that is specifically authorized for use in labeling for such product by regulations promulgated by the Food and Drug
Administration pursuant to the Nutrition Labeling and Education Act of 1990 or permitted under Sections 303-304 of the Food and Drug Administration Modernization Act of 1997.

VI. MONETARY RELIEF

IT IS FURTHER ORDERED that:

A. Respondents must pay to the Commission $75,000, which Respondents stipulate their undersigned counsel holds in escrow for no purpose other than payment to the Commission.

B. Such payment must be made within 8 days of the effective date of this Order by electronic fund transfer in accordance with instructions provided by a representative of the Commission.

VII. ADDITIONAL MONETARY PROVISIONS

IT IS FURTHER ORDERED that:

A. Respondents relinquish dominion and all legal and equitable right, title, and interest in all assets transferred pursuant to this Order and may not seek the return of any assets.

B. The facts alleged in the Complaint will be taken as true, without further proof, in any subsequent civil litigation by or on behalf of the Commission to enforce its rights to any payment pursuant to this Order, such as a nondischargeability complaint in any bankruptcy case.

C. The facts alleged in the Complaint establish all elements necessary to sustain an action by or on behalf of the Commission pursuant to Section 523(a)(2)(A) of the Bankruptcy Code, 11 U.S.C. § 523(a)(2)(A), and this Order will have collateral estoppel effect for such purposes.

D. All money paid to the Commission pursuant to this Order may be deposited into a fund administered by the Commission or its designee to be used for relief, including consumer redress and any attendant expenses for the administration of any redress fund. If a representative of the Commission decides that direct redress to consumers is wholly or partially impracticable or money remains after redress is completed, the Commission may apply any remaining money for such other relief (including consumer information remedies) as it determines to be reasonably related to Respondents’ practices alleged in the Complaint. Any money not used is to be deposited to the U.S. Treasury. Respondents have no right to challenge any activities pursuant to this Provision.

E. In the event of default on any obligation to make payment under this Order, interest, computed as if pursuant to 28 U.S.C. § 1961(a), shall accrue from the date of
default to the date of payment. In the event such default continues for 10 days beyond the date that payment is due, the entire amount will immediately become due and payable.

F. Each day of nonpayment is a violation through continuing failure to obey or neglect to obey a final order of the Commission and thus will be deemed a separate offense and violation for which a civil penalty shall accrue.

G. Respondents acknowledge that their Taxpayer Identification Numbers (Social Security or Employer Identification Numbers), which Respondents have previously submitted to the Commission, may be used for collecting and reporting on any delinquent amount arising out of this Order, in accordance with 31 U.S.C. § 7701.

VIII. CUSTOMER INFORMATION

If a representative of the Commission requests in writing any information related to redress, Respondents must provide it, in the form prescribed by the Commission representative, within 14 days.

IX. NOTICES TO CUSTOMERS

E. Respondents must report on their notification program under penalty of perjury:

1. Respondents must submit a report annually and at the conclusion of the program summarizing their compliance to date, including the total number of eligible customers identified and notified.

2. If a representative of the Commission requests any information regarding the program, including any of the underlying customer data, Respondents must submit it within 10 days of the request.

3. Failure to provide required notices or any requested information will be treated as a continuing failure to obey this Order.

X. NOTICE TO AFFILIATES AND OTHER RESELLERS

IT IS FURTHER ORDERED that within 30 days of the effective date of this Order, Respondents must notify all affiliates and other resellers by sending each via electronic mail the notification letter attached as Attachment A.
