PUBLIC DOCUMENT

ORIGINAL

**RESPONDENT'S MOTION FOR *IN CAMERA* TREATMENT
OF CERTAIN TRIAL EXHIBITS**

Pursuant to Rule 3.45(b) of the Federal Trade Commission Rules of Practice, 16 C.F.R. § 3.45(b), the January 18, 2018 Scheduling Order¹ (“Scheduling Order”) and the December 20, 2017 Protective Order Governing Confidential Material (“Protective Order”), Respondent Otto Bock HealthCare North America, Inc. (“Ottobock”), by and through its counsel, seeks *in camera* treatment for certain documents containing confidential information produced in this proceeding and intended to be used as trial exhibits. These documents contain highly sensitive and proprietary information. Public disclosure of such information would result in Ottobock’s competitors obtaining Ottobock’s most sensitive and confidential business information, which, in the highly competitive market of prosthetic devices, would cause significant harm to Ottobock’s competitive position. Accordingly, Ottobock respectfully requests an order requiring the designated materials to be used at the hearing only *in camera* and maintained under seal for a definite amount of time.

¹ As amended by Order dated April 26, 2018.

PUBLIC

The documents, and portions thereof, for which Ottobock seeks *in camera* treatment, upon thorough review of Complaint Counsel's and Ottobock's own Exhibit Lists,² satisfy the requirements for *in camera* treatment as set forth in Rule 3.45 and the relevant decisions of the Federal Trade Commission. The information contained in the documents designated by Ottobock is "sufficiently secret and sufficiently material to [Ottobock's] business that disclosure would result in serious competitive injury." *General Foods Corp.*, 95 F.T.C. 352 (1980). Even when this secret and material information is balanced against the "importance of the information in explaining the rationale of [the Commission's] decisions," the information warrants *in camera* treatment. *See id.*

The exhibits, and portions thereof, at issue in this motion are listed in the table attached as Exhibit "A" and copies of the exhibits are attached (in CD format) concurrently herewith by hand delivery as Exhibit "B". For ease of reference, Ottobock has grouped the exhibits identified in the Exhibit "A" table into the following eight categories:

1. Business Plans & Strategies
2. Contract Negotiations and Customer Contracts
3. Intellectual Property, Proprietary Information and Trade Secrets
4. Customer-Specific Documents
5. Pricing and Cost Information
6. Market Analysis Documents
7. Sales and Financial Information
8. Multiple Category Documents

² Due to the Hold Separate Agreement, Ottobock and FIH Group Holdings, LLC ("Freedom") have been held separate and apart. Accordingly, Ottobock employees have not had access to any documents originating from Freedom custodians.

PUBLIC

The public exposure of the identified exhibits would result in a clearly defined, serious injury to Ottobock. Ottobock's motion for *in camera* treatment is fully supported by the sworn Declaration of Sean Zabaneh, Esq.³ attached hereto as Exhibit "C", which analyzes each individual exhibit listed in Exhibit "A".

I. Introduction

On May 18, 2018, Complaint Counsel provided to Ottobock's Counsel its Final Proposed Exhibit List pursuant to Administrative Law Judge D. Michael Chappell's April 26, 2018 Fourth Revised Scheduling Order. Complaint Counsel's Final Proposed Exhibit List included approximately 1,885 exhibits. Ottobock's Final Proposed Exhibit List was provided to Complaint Counsel on May 29, 2018, and included approximately 1,050 exhibits.

Ottobock has thoroughly reviewed each proposed exhibit from an Ottobock custodian that was identified by both Complaint Counsel and Ottobock to determine whether the confidential material included in the exhibits warrants *in camera* treatment. Ottobock is aware of the important consideration the Commission places on disclosure of information to explain the rationale of its decisions. Ottobock, however, is also aware that the Commission recognizes the need for parties (and nonparties) to protect confidential business information, the disclosure of which would result in serious competitive injury. *See OSF Healthcare Sys., A Corp., & Rockford Health Sys., A Corp.*, 2012 WL 1355598, at *3 (F.T.C. Mar. 29, 2012). Accordingly, Ottobock has narrowly tailored its request for *in camera* treatment for only that information that is sufficiently secret and material to justify Judge Chappell's order granting *in camera* treatment

³ The Declaration in support of Ottobock's Motion for *In Camera* Treatment is made by Sean Zabaneh, counsel for Ottobock. Many of the documents for which Ottobock seeks *in camera* treatment contain highly confidential information belonging to both Ottobock and Freedom. Due to the Hold Separate Agreement, it is appropriate for counsel to Ottobock and Freedom to have reviewed these documents for confidentiality to maintain the separation between Ottobock and Freedom. Sean Zabaneh is qualified to explain the confidential nature of the documents pursuant to the Scheduling Order, at ¶ 7, dated January 18, 2018.

PUBLIC

for the identified exhibits. Ottobock has identified 638 exhibits that warrant *in camera* treatment.

II. Argument

The Commission's Rules and precedent allow for *in camera* treatment of Ottobock's identified exhibits. Due to the highly sensitive and confidential nature of the identified exhibits, and the clearly defined, serious injury Ottobock will suffer if its contents became public, the identified exhibits should be granted *in camera* treatment.

A. Legal Standard

Commission Rule 3.45(b) provides that the "Administrative Law Judge shall order that such material [set forth in a motion to obtain *in camera* treatment] be placed *in camera* only after finding that its public disclosure will likely result in a clearly defined, serious injury to the person, partnership, or corporation requesting *in camera* treatment." 16 C.F.R. § 3.45(b). A ruling on *in camera* treatment, "like other questions relating to the proper, fair, and expeditious conduct of adjudicative hearings[,] is a matter within the sound discretion of the administrative law judge." *Bristol-Myers Co.*, 90 F.T.C. 455, 457 (1977).

To demonstrate that *in camera* treatment is warranted, the movant must establish that the information is "sufficiently secret and sufficiently material to the [proponent's] business that disclosure would result in serious competitive injury," and then balance that factor against the "importance of the information in explaining the rationale of the [Commission's] decisions." *General Foods Corp.*, 95 F.T.C. 352 (1980) (citing *Bristol-Myers Co.*, 90 F.T.C. 455 (1977)). In *Bristol Myers*, the Commission set forth six factors to weigh in considering whether information is sufficiently secret and material:

- (1) the extent to which the information is known outside of his business;
- (2) the extent to which it is known by employees and others involved in his business;
- (3) the extent of measures taken by him to guard the secrecy of the information;
- (4) the

PUBLIC

value of the information to him and to his competitors; (5) the amount of effort or money expended by him in developing the information; (6) the ease or difficulty with which the information could be properly acquired or duplicated by others.

Bristol-Myers Co., 90 F.T.C. 455 (1977) (citing Restatement of Torts § 757, Comment b at 6 (1939)).

The Commission has previously “recognized that it may be appropriate to provide *in camera* treatment for business records to be introduced as evidence . . . , such as business strategies, marketing plans, pricing policies, or sales documents.” *OSF Healthcare Sys., A Corp., & Rockford Health Sys., A Corp.*, 2012 WL 1355598, at *3 (holding that such business records are typically afforded two to five years of *in camera* treatment). The Commission has previously held that the “likely loss of business advantages is a good example of a ‘clearly defined, serious injury.’” *Hoechst Marion Roussel, Inc.*, 2000 FTC LEXIS 138, *6 (F.T.C. Sept. 19, 2000).

B. Ottobock’s Proposed Exhibits Subject to this Motion Meet the Standard for *In Camera* Treatment Because Their Public Disclosure Would Result in Serious, Clearly Defined Injury to Ottobock.

Each of the categories of information for which Ottobock seeks *in camera* treatment are sufficiently secret and material, and the secrecy and materiality of that information outweighs the consideration of explaining the rationale of the Commission’s decision. *See General Foods Corp.*, 95 F.T.C. 352 (1980). The Commission has previously recognized that the type of information contained within each of Ottobock’s identified categories of documents deserve *in camera* treatment.

All six *Bristol Myers* factors support Ottobock’s motion for *in camera* treatment. *First*, as a private company, none of the aforementioned information is known outside of Ottobock, aside from documents between Ottobock and contracting parties that is not otherwise publicly available. *Second*, the information contained in these documents is only disclosed to certain

PUBLIC

Ottobock employees on a need-to-know basis, or other parties that are in a contractual relationship with Ottobock. *Third*, Ottobock requires its employees to sign non-disclosure and confidentiality agreements to maintain the secrecy of this information. *Fourth*, the information at issue is highly secret and material, such that disclosure would result in serious injury to Ottobock and would be advantageous to Ottobock's competitors at Ottobock's expense. *Fifth*, Ottobock expends a great amount of time and resources into developing its business strategies, which are key to its competitive advantage. *Sixth*, it would be nearly impossible for a non-party to properly acquire or duplicate the information contained in the documents at issue because these documents were kept confidential by Ottobock.

Disclosure of the information that Ottobock seeks to protect would create a "likely loss of business advantage," resulting in a "clearly defined, serious injury." *See Hoechst Marion Roussel, Inc.*, 2000 FTC LEXIS 138, *6 (F.T.C. Sept. 19, 2000). It is therefore both appropriate and proper for the Commission to grant *in camera* treatment to the exhibits identified by Ottobock.

As described in the attached Zabaneh Declaration, the documents at issue fall into seven distinct categories, with an eighth category containing documents that fall into multiple categories. The following chart lists each category of materials, the applicable paragraph discussing the category in the Zabaneh Declaration, and the time period for which Ottobock requests *in camera* treatment.

<u>Category of Confidential Information</u>	<u>Declaration</u>	<u>Time Period</u>
Business Plans and Strategies	¶ 8	10 Years
Contract Negotiations and Customer Contracts <ul style="list-style-type: none"> • [Redacted – Subject to Pending Motion for In Camera Treatment] 	¶ 9 <ul style="list-style-type: none"> • ¶ 9(a) 	10 Years <ul style="list-style-type: none"> • Indefinite
Intellectual Property, Proprietary Information and Trade Secrets	¶ 10	Indefinite
Customer-Specific Information	¶ 11	10 Years
Pricing and Cost Information	¶ 12	5 Years
Market Analysis Information	¶ 13	10 Years
Sales and Financial Information	¶ 14	10 Years

If a document falls within multiple categories, Ottobock requests that the category carrying the longest time period of *in camera* treatment apply.

1. BUSINESS PLANS AND STRATEGIES

Ottobock seeks *in camera* treatment for documents containing business plans and strategies, including certain non-public documents related to the synergies and efficiencies expected from the acquisition of Freedom. This type of information has previously been held by the Commission to deserve *in camera* treatment. *Union Oil Company of California*, 2004 WL 2458848, at *3 (F.T.C. Oct. 7, 2004) (granting motion for *in camera* treatment of “business planning” information); *Champion Spark Plug Co.*, 1982 FTC LEXIS 85 (F.T.C. Apr. 5, 1982) (granting *in camera* treatment for documents containing “overall business plans and strategies” for five years). The disclosure of these documents would harm Ottobock by revealing Ottobock’s current and future business plans to competitors. This would allow competitors to take advantage of any weaknesses identified by Ottobock and to enact their own defensive plans

PUBLIC

to combat Ottobock's plans. Accordingly, Ottobock requests that this information remain *in camera* for a period of ten years. See *In the Matter of Tronox Ltd. A Corp., et al, Respondents.*, 9377, 2018 WL 2336017, at *1 (F.T.C. May 15, 2018) (granting *in camera* treatment for a period of ten years for documents containing respondent's "business plans").

2. CONTRACT NEGOTIATIONS AND CUSTOMER CONTRACTS

Additionally, Ottobock has identified certain documents containing contracts and negotiations with customers that are deserving of *in camera* treatment. Similar documents have previously been granted *in camera* treatment by the Commission. *OSF Healthcare Sys., A Corp., & Rockford Health Sys., A Corp.*, 2012 WL 1355598, at *3 (granting motion for *in camera* treatment for "contracts with [customers] and negotiations with [customers]"). Ottobock enjoys many different customer relationships, which include varying types of contracts with those customers. Disclosure of such information would harm Ottobock's customer relationships and undermine Ottobock's ability to negotiate in the future. Accordingly, Ottobock requests that this information remain *in camera* for a period of ten years. *Evanston Nw. Healthcare Corp., & Enh Med. Grp., Inc.*, 2005 WL 1541539, at *2 (F.T.C. June 1, 2005) (granting *in camera* treatment, for a period of ten years, for "information related to contract negotiations and rates").

a) [Redacted - Subject to Pending Motion for In Camera Treatment]

[Redacted – Subject to Pending Motion for In Camera Treatment], Ottobock requests that this information remain *in camera* indefinitely.

3. INTELLECTUAL PROPERTY, PROPRIETARY INFORMATION AND TRADE SECRETS

Ottobock requests *in camera* treatment for documents containing intellectual property, proprietary information and trade secrets, such as highly confidential technical information created at great expense to produce Ottobock's prosthetic devices. Information that is "highly

PUBLIC

proprietary and sensitive” is sufficient grounds for extending *in camera* protection. *E.I. Dupont De Nemours & Co.*, 97 F.T.C. 116 (1981); see also *Union Oil Company of California*, 2004 WL 3142853, at *1 (F.T.C. Nov. 22, 2004) (granting indefinite *in camera* treatment for “trade secrets, such as secret formulas, processes, and other secret technical information”).

Accordingly, Ottobock requests that this information remain *in camera* indefinitely. See *In the Matter of Tronox Ltd. A Corp., et al, Respondents.*, 9377, 2018 WL 2336017, at *1 (F.T.C. May 15, 2018) (granting indefinite *in camera* treatment for documents containing “trade secrets”).

4. CUSTOMER-SPECIFIC INFORMATION

The Final Proposed Exhibit Lists contain documents setting forth customer-specific information, which has also been held by the Commission to be deserving of *in camera* treatment. *Polypore Int’l, Inc.*, 2009 WL 1499350, at *4 (F.T.C. May 13, 2009) (granting *in camera* treatment to “customer-specific documents”). Ottobock has developed relationships with many different customers over the years. **[Redacted – Subject to Pending Motion for In Camera Treatment]**. Accordingly, Ottobock requests that this highly sensitive information remain *in camera* for ten years. See *In the Matter of Tronox Ltd. A Corp., et al, Respondents.*, 9377, 2018 WL 2336017, at *1 (F.T.C. May 15, 2018) (granting *in camera* treatment for a period of ten years for “customer-specific price and volume information”).

5. PRICING AND COST INFORMATION

Documents containing pricing strategy and cost information have been granted *in camera* treatment because disclosure is likely to give unfair competitive advantages to competitors. *Mwane, Inc., A Corp., & Star Pipe Products, Ltd., A Ltd. P’ship*, 2012 WL 3862131, at *3 (F.T.C. Aug. 17, 2012) (granting *in camera* treatment to documents containing “pricing and cost information”); *Polypore Int’l, Inc.*, 2009 WL 1499350, at *4 (F.T.C. May 13,

PUBLIC

2009) (granting *in camera* treatment to “costing data”); *E.I. Dupont De Nemours & Co.*, 97 F.T.C. 116 (1981) (granting *in camera* treatment to “certain lists of prices” because they would “assist its competitors if released”).

Ottobock seeks *in camera* treatment for documents containing generic price and cost information of its products, as opposed to the customer-specific information in Category Four (4). The disclosure of Ottobock’s prices and/or costs of its products would damage its relationship with its customers, undermine its negotiating power with customers, and assist competitors by providing them with vital information that Ottobock has thus far remained confidential. Accordingly, Ottobock requests that this information remain *in camera* for five years. See *In the Matter of Tronox Ltd. A Corp., et al, Respondents.*, 9377, 2018 WL 2336017, at *1 (F.T.C. May 15, 2018) (granting *in camera* treatment for a period of five years for “aggregated price and volume information”).

6. MARKET ANALYSIS DOCUMENTS

Ottobock seeks *in camera* treatment for documents containing market analysis, which have previously been granted *in camera* treatment by the Commission. *Polypore Int’l, Inc.*, 2009 WL 1499350, at *4 (F.T.C. May 13, 2009) (granting *in camera* treatment to “market analysis” information); *Evanston Nw. Healthcare Corp., & Enh Med. Grp., Inc.*, 2005 WL 1541539, at *2 (F.T.C. June 1, 2005) (granting *in camera* treatment to information including “market analysis”). Ottobock’s market analyses are commercially valuable to Ottobock’s competitors and customers, and are inherently material to its business. Ottobock’s market analyses are valuable to its competitive position in the market and provide an insight into Ottobock’s future plans to better compete in the market. The value of this information to Ottobock’s competitors is similar to that of Ottobock’s business plans and strategies. Accordingly, Ottobock requests that this

PUBLIC

information remain *in camera* for ten years. See *In the Matter of Tronox Ltd. A Corp., et al, Respondents.*, 9377, 2018 WL 2336017, at *1 (F.T.C. May 15, 2018) (granting *in camera* treatment for a period of ten years for documents containing respondent’s “business plans”).

7. SALES AND FINANCIAL INFORMATION

Ottobock seeks *in camera* treatment for sales and financial information, which have also been granted *in camera* treatment by the Commission. *ECM Biofilms, Inc., A Corp., Also d/b/a Envioplastics Int’l*, 2014 WL 3974607, at *1 (F.T.C. Aug. 4, 2014) (granting *in camera* treatment to “financial information”); *Champion Spark Plug Co.*, 1982 FTC LEXIS 85 (F.T.C. Apr. 5, 1982) (granting *in camera* treatment for documents containing “sales data” for five years). Ottobock’s sales data and financial information are commercially valuable to Ottobock’s competitors and customers, and are inherently material to its business. Disclosure of this information would undermine Ottobock’s negotiating power with customers and would allow competitors to obtain valuable insight into Ottobock’s business. Accordingly, Ottobock requests that this information remain *in camera* for ten years. See *In the Matter of Impax Labs., Inc., A Corp., Respondent.*, 2017 WL 4948988, at *1 (F.T.C. Oct. 23, 2017) (granting *in camera* treatment for documents containing “financial and sales projections” for ten years).

8. MULTIPLE CATEGORIES

In addition to the aforementioned documents, some proposed exhibits contain two or more types of information warranting *in camera* treatment. As stated above, for these documents, Ottobock seeks *in camera* treatment for the longer applicable period of time.

C. In Camera Treatment is Also Warranted for Possible Trial Testimony by Ottobock’s Witnesses

Both Respondent and Complaint Counsel have designated several Ottobock employees as potential trial witnesses. If called upon, it is likely that Ottobock’s employees will be questioned

PUBLIC

about the topics covered by this motion. Testimony on any of these topics could result in the disclosure of the same information contained in the documents described above. Accordingly, Ottobock requests that any trial testimony, either upon direct examination or cross examination by either party on any of these topics, be subject to *in camera* treatment for a period of five (5) to ten (10) years from the date of this motion.

III. Conclusion

For the foregoing reasons, and those contained in the Declaration of Sean Zabaneh, Ottobock respectfully requests that this Court grant *in camera* protection to all documents identified in Exhibit "A" and any trial testimony pertaining to the information contained in the documents in Exhibit "A".

Docket No. 9378

PUBLIC DOCUMENT

**DECLARATION OF SEAN S. ZABANEH IN SUPPORT OF RESPONDENT'S
MOTION FOR *IN CAMERA* TREATMENT OF CERTAIN TRIAL EXHIBITS**

I, Sean S. Zabaneh, Esq., make the following declaration under 28 U.S.C. § 1746.

1. I am outside counsel for Otto Bock HealthCare North America, Inc. ("Ottobock" or "Respondent").

2. I submit this declaration in support of Ottobock's Motion for *In Camera* Treatment (the "Motion").

3. A small number of agents acting at my direction assisted me in multiple reviews of each of the documents appearing on Exhibit "A" of Ottobock's Motion for *In Camera* Treatment of Certain Trial Exhibits. These comprehensive reviews were conducted for the purpose of determining which designated exhibits contain confidential information, the public disclosure of which would cause a clearly defined, serious injury to Ottobock.

4. I am personally familiar with the content of the documents identified in the Motion, the competitive significance to Ottobock and the level of confidentiality associated with the subject matter therein. Based on my review of the documents identified in Exhibit "A", my knowledge of Ottobock's business, and my familiarity with the confidentiality protection afforded this type of information by Ottobock, I submit that the disclosure of these documents to the public and to competitors of Ottobock would cause serious competitive injury to Ottobock.

PUBLIC

Additionally, each document identified in Exhibit “A” has, upon production in this case, been designated “Confidential Material” pursuant to the Protective Order entered on December 20, 2017.

5. Ottobock is a manufacturer of prosthetic and orthotic devices, and sells prosthetic and orthotic devices to customers in the United States and around the world. The documents identified in Exhibit “A” relate to and contain information regarding Ottobock’s pricing strategy, sales and financial information, business plans and strategies, contract negotiations and customer contracts, intellectual property and proprietary information, market analyses, costing data, and customer-specific documents, all of which are critical to Ottobock’s business, marketing, sales, competitiveness and profitability. Competitors and third parties with access to this information would gain a significant business advantage in the prosthetic and orthotic device marketplace at Ottobock’s expense. Additionally, customers with this information could unfairly use this information to Ottobock’s detriment.

6. Ottobock places significant value upon maintaining the secrecy and confidentiality of the categories of documents identified in Exhibit “A”. The public disclosure of any of this critically sensitive information would be highly detrimental to Ottobock. Each document is individually reviewed in turn below, and for convenience’s sake, organized by the following categories:

- a. Business Plans & Strategies
- b. Contract Negotiations and Customer Contracts
- c. Intellectual Property, Proprietary Information and Trade Secrets
- d. Customer-Specific Documents
- e. Pricing and Cost Information

PUBLIC

- f. Market Analysis Documents
- g. Sales and Financial Information
- h. Multiple Category Documents

7. The subject documents are also summarized in the table attached as Exhibit “A” to Ottobock’s Motion.

8. **Business Plans & Strategies**: Ottobock has produced documents categorized as “Business Plans and Strategies,” which include plans, budgets, presentations, and other forward-looking business plans, as well as non-public documents related to the synergies and efficiencies expected from the acquisition of Freedom. The disclosure of these documents would harm Ottobock by revealing Ottobock’s current and future business plans to competitors. This would allow competitors to take advantage of any weaknesses identified by Ottobock and to enact their own defensive plans to combat Ottobock’s plans. I believe this information should remain confidential.

9. **Contract Negotiations and Customer Contracts**: Ottobock has produced documents that include contract negotiations and contracts with customers. **[Redacted – Subject to Pending Motion for In Camera Treatment]**. The public disclosure of the information contained in these documents could harm Ottobock’s customer relationships and undermine Ottobock’s ability to negotiate in the future, thereby seriously damaging Ottobock’s competitive position in the market. Competitors will be able to seize on this information and further disrupt Ottobock’s relationships with its customers. I believe this information should remain confidential.

a. **[Redacted – Subject to Pending Motion for In Camera Treatment]**, I believe this information should remain confidential.

PUBLIC

10. **Intellectual Property, Proprietary Information and Trade Secrets:** Ottobock has produced documents that include trade secrets, including information regarding the technical specifications for its current and future products.

11. **Customer-Specific Documents:** Ottobock has also produced “customer-specific documents.” [Redacted – Subject to Pending Motion for In Camera Treatment]. I believe this information should remain confidential.

12. **Pricing and Cost Information:** Ottobock has also produced documents containing generic “pricing and cost information,” as opposed to the customer-specific documents. This information is also sensitive and would seriously harm Ottobock if publicly disclosed. The disclosure of Ottobock’s prices and/or costs of its products would damage its relationship with its customers, undermine its negotiating power with customers, and assist competitors by providing them with vital information that Ottobock has thus far remained confidential. I believe this information should remain confidential.

13. **Market Analysis Documents:** Ottobock has produced “market analysis documents,” which are commercially valuable to Ottobock’s competitors and customers, and are inherently material to its business. Ottobock’s market analyses are valuable to its competitive position in the market and provide an insight into Ottobock’s future plans to better compete in the market. For instance, Ottobock’s market analyses may provide a competitor with insight into an area of the market identified by Ottobock as a weakness, of which a competitor can take advantage. The sensitivity of these documents is similar to that of Ottobock’s business plans, as they both provide insight into future plans and disclosure would allow a competitor to stymie Ottobock’s future growth. I believe this information should remain confidential.

PUBLIC

14. **Sales and Financial Information:** Ottobock has produced documents containing its “sales and financial information.” Ottobock’s sales data and financial information are commercially valuable to Ottobock’s competitors and customers, and are inherently material to its business. Disclosure of this information would undermine Ottobock’s negotiating power with customers and would allow competitors to obtain valuable insight into Ottobock’s business. The public release of these materials would harm Ottobock because the data can reveal Ottobock’s current and future plans to improve its business and compete in the market. Ottobock’s competitors could use these documents to plan their own competitive activities and/or unfairly undermine Ottobock’s plans for growth. I believe this information should remain confidential.

15. Prior to this administrative proceeding, the information contained in the document identified in Exhibit “A” has been exposed only to appropriate Ottobock personnel, any parties included in the subject communications, and any contracting parties to the documents. Ottobock requires its employees to sign non-disclosure and confidentiality agreements to protect and maintain the secrecy of this information. General Ottobock employees do not have access to the documents containing *in camera* material. As a private company, none of the aforementioned information is in the public domain and cannot be obtained through other means.

I declare under penalty of perjury, that the above statements are true and correct.
