TIM SULLIVAN, called as a witness herein, having been first duly sworn, was examined and testified as follows:

EXAMINATION

BY MR. SOLOMON:

Q. Good morning, Mr. Sullivan.

A. Good morning.

Q. I'm Ronnie Solomon. We met earlier. I'm an attorney at the Federal Trade Commission. With me this morning is also my colleague, Lin Kahn, who's also an attorney,

Page 10

1 TIM SULLIVAN
2 who I assume you know.
3 A. Yes.
4 Q. Mr. Sullivan, you've had your
5 deposition taken before, correct?
6 A. Correct.
7 Q. So you understand how this works.
8 You're a pro at this point, but I just want to
9 go over a few rules just for the record.
10 First, it's important that in
11 response to all of my questions today you
12 provide clear, verbal responses and try to
13 avoid any head nods or gestures that the court
14 reporter can't take down in the transcript,
15 okay?
16 A. Okay.
17 Q. Second, if you need to take a break
18 at any point, just let me know and we can go
19 off the record, okay?
20 A. Okay.
21 Q. If there's a question pending,
22 however, I'll just ask that you answer the
23 question first before we go off the record,
24 okay?
25 A. Okay.

Page 11

1 TIM SULLIVAN
2 Q. The third thing is, when I ask a
3 question, it's really important that you let me
4 just finish the question so that we have a
5 clear record. Let your counsel object and
6 then -- if he wishes, and then you can answer
7 the question.
8 Does that make sense?
9 A. It does.
10 Q. Mr. Sullivan, you've provided sworn
11 testimony to the FTC before, correct?
12 A. Correct.
13 Q. And that was on May 25th, 2017 at
14 the FTC's offices in Chicago, right?
15 A. I assume that's the date. I'd have
16 to look, but it sounds right.
17 Q. I'm going to refer to that today as
18 the investigational hearing, okay?
19 A. Okay.
20 Q. I just want to get a few preliminary
21 things on the record today before we start.
22 First, you told the truth during
23 your investigational hearing last year,
24 correct?
25 A. Correct.

Page 12

1 TIM SULLIVAN
2 Q. And after your investigational
3 hearing in May of 2017, did you ever read the
4 transcript?
5 A. I did.
6 Q. And when did you read the
7 transcript?
8 A. Within 30 or 60 days of the
9 deposition.
10 Q. Why did you read it?
11 A. On advice of counsel.
12 Q. And how many times did you read it?
13 A. Once.
14 Q. Did you notice any inaccuracies in
15 your testimony?
16 MR. McDONALD: He's provided an
17 errata sheet, I think.
18 THE WITNESS: I provided comments to
19 counsel on corrections in there.
20 BY MR. SOLOMON:
21 Q. So everything that you thought
22 needed to be corrected or that was inaccurate
23 was on your errata sheet, is that correct?
24 A. That's my understanding.
25 Q. Okay. Anything else that was in

Page 13

1 TIM SULLIVAN
2 your IH transcript that you've subsequently
3 found after providing the errata sheet that you
4 think may be inaccurate?
5 MR. McDONALD: Object to the form,
6 assumes facts not in evidence, that is,
7 that he's read it again.
8 THE WITNESS: I don't believe so.
9 BY MR. SOLOMON:
10 Q. So you haven't read it since then?
11 A. Correct.
12 Q. And you didn't read the IH
13 transcript to prepare for today's deposition,
14 correct?
15 A. What's the IH transcript?
16 Q. Sorry. The investigational hearing
17 transcript, you didn't read that to prepare for
18 today's testimony, correct?
19 A. There's portions of my transcript
20 that I read in preparation for this --
21 Q. Okay.
22 A. -- but not the entirety, no.
23 Q. So you read portions of the
24 investigational hearing transcript, is that
25 right?

Page 14

1 TIM SULLIVAN
2 MR. McDONALD: Object to the form.
3 THE WITNESS: I believe so, yes.
4 BY MR. SOLOMON:
5 Q. Which portions did you read?
6 A. I would have to look at them.
7 Q. You don't recall, sitting here
8 today, which portions you read?
9 A. No.
10 Q. When did you read them?
11 A. Last week.
12 Q. How many times did you read those
13 portions of your investigational hearing
14 transcript?
15 MR. McDONALD: Object. Again,
16 object to the form.
17 THE WITNESS: Once.
18 BY MR. SOLOMON:
19 Q. Why did you review it?
20 MR. McDONALD: Don't discuss --
21 don't discuss anything you've conferred
22 with counsel about.
23 THE WITNESS: These are items that I
24 spoke to counsel, about so I don't think I
25 can discuss those.

Page 16

1 TIM SULLIVAN
2 your depositions in those cases, is that right?
3 A. Yes.
4 Q. And you have no reason to believe
5 that any portion of your testimony in those
6 cases is not truthful, right?
7 A. Correct.
8 Q. And you have no reason to believe
9 that your testimony in those cases was not
10 accurate, correct?
11 MR. McDONALD: Well, again, he
12 has -- Ronnie, I really don't know what
13 you're doing here, but it's your time to
14 spend.
15 He's had errata sheets in the class
16 action/SourceOne. He was not given an
17 opportunity to read and sign his EUO in
18 Texas. So he's never reviewed that
19 transcript for accuracy. That's not an
20 available option to an EUO proceeding.
21 BY MR. SOLOMON:
22 Q. So I understand then, you were not
23 able to review the transcript of your
24 examination under oath in the investigation by
25 the Texas Attorney General, is that right?

Page 15

1 TIM SULLIVAN
2 BY MR. SOLOMON:
3 Q. Is there any reason to believe that
4 any portion of your testimony in your
5 investigational hearing was not truthful?
6 A. No.
7 Q. Is there any reason to believe that
8 any portion of your testimony in your
9 investigational hearing was not accurate?
10 MR. McDONALD: Object to the form.
11 Again, subject to his errata sheet?
12 THE WITNESS: No.
13 BY MR. SOLOMON:
14 Q. And you were also deposed by the
15 Texas Attorney General's Office in June of
16 2016, is that right?
17 A. Sounds right.
18 Q. And you were also deposed by the
19 plaintiffs in the SourceOne litigation,
20 correct?
21 A. Correct.
22 Q. As well as in the class action
23 litigation, correct?
24 A. Correct.
25 Q. Okay. And you told the truth during

Page 17

1 TIM SULLIVAN
2 A. Sounds right.
3 Q. Okay. Then focusing just on the
4 SourceOne and plaintiffs class action
5 litigations, you were able to review the
6 transcripts of your testimony in those cases,
7 right?
8 MR. McDONALD: Well, I think he only
9 gave one. I may be -- I may be wrong, but
10 there was one deposition, right? Is that
11 right?
12 MR. SOLOMON: I'm not sure.
13 Maybe --
14 MR. McDONALD: Well, you said
15 "depositions," and I think there's only
16 one.
17 MR. SOLOMON: Right.
18 BY MR. SOLOMON:
19 Q. So you were deposed in the SourceOne
20 litigation, correct?
21 A. Let me put it this way: It's not
22 clear to me -- these all kind of run together.
23 I don't know which ones are which. They talk
24 about the same topics in all of them.
25 Q. Sure.

Page 18

1 TIM SULLIVAN
2 A. So I'm not sure which ones are which
3 exactly.
4 Q. Sure.
5 A. I'm happy to look at any documents
6 to confirm.
7 Q. Sure. So you --
8 A. At this point, I don't know.
9 Q. You're aware of the SourceOne case,
10 correct?
11 A. Yes.
12 Q. And you were deposed in that
13 litigation, correct?
14 A. Yes.
15 Q. And your testimony in that
16 deposition was truthful and accurate, correct?
17 A. Correct.
18 Q. You were also deposed in an class
19 action in the Western District of New York, In
20 Re Antitrust Litigation, is that right?
21 MR. McDONALD: No --
22 MR. RACOWSKI: Objection.
23 MR. McDONALD: -- that's not right.
24 It's the Eastern District.
25 MR. SOLOMON: Thank you for that

Page 19

1 TIM SULLIVAN
2 clarification.
3 BY MR. SOLOMON:
4 Q. So you were deposed in a class
5 action in the Eastern District of New York
6 entitled "In Re Antitrust Litigation," is that
7 right?
8 A. Sounds right.
9 Q. Okay. And your testimony in that
10 deposition was truthful and accurate, correct?
11 MR. McDONALD: Again, I object to
12 the form.
13 THE WITNESS: Correct.
14 BY MR. SOLOMON:
15 Q. And you have no reason to believe
16 that any portion of your testimony in those two
17 depositions was not truthful or accurate,
18 correct?
19 MR. McDONALD: Object to the form.
20 I don't think there was two, but if you
21 want to make that representation.
22 THE WITNESS: Correct.
23 BY MR. SOLOMON:
24 Q. Okay. Thank you.
25 Mr. Sullivan, how did you prepare

Page 20

1 TIM SULLIVAN
2 for today's deposition?
3 A. Well, as I just mentioned, I
4 reviewed portions of my transcript from last
5 night -- or last week, earlier this week, and
6 then had a preparation day with our attorneys
7 yesterday.
8 Q. And how long was that preparation
9 session?
10 A. Several hours.
11 Q. Did you review any documents during
12 that preparation session?
13 A. Yes.
14 Q. What documents did you review?
15 MR. McDONALD: I object to the form.
16 Do not answer that question.
17 THE WITNESS: I cannot answer that
18 question.
19 MR. McDONALD: It reveals my work
20 product of what documents I chose of the
21 millions of documents in this case to show
22 him.
23 BY MR. SOLOMON:
24 Q. Was anyone present -- strike that.
25 Was anyone else present at this

Page 21

1 TIM SULLIVAN
2 meeting other than your outside attorneys?
3 A. No.
4 Q. Okay. What else did you do to
5 prepare for today's deposition other than the
6 meeting you referenced yesterday?
7 A. Got a good night's sleep.
8 Q. Anything else?
9 A. No.
10 Q. Did you speak to anyone at Henry
11 Schein about your testimony today?
12 A. No.
13 Q. Did you meet with anyone at Henry
14 Schein in reference to your testimony today?
15 A. No.
16 Q. Mr. Sullivan, you're the president
17 of Schein's North American Dental Group,
18 correct?
19 A. Correct.
20 Q. And you've held that title for some
21 time at this point, correct?
22 A. Correct.
23 Q. Your title has not changed since you
24 last provided sworn testimony in May of 2017,
25 right?

Page 22

1 TIM SULLIVAN
2 A. Correct.
3 Q. And your duties and responsibilities
4 continue to remain the same, right?
5 A. That's correct.
6 Q. And there's been no changes to your
7 duties and responsibilities since May of 2017?
8 A. Correct.
9 Q. Henry Schein is your employer,
10 correct?
11 A. Correct.
12 Q. And Henry Schein is a full-service
13 distributor of dental products and services,
14 correct?
15 A. And -- on the medical side and on
16 the health side as well, but my
17 responsibilities are on the dental side, yes.
18 Q. Okay. And Patterson and Benco are
19 Schein's primary competitors in the market for
20 dental distribution, correct?
21 MR. McDONALD: Object to the form.
22 THE WITNESS: They are our largest
23 competitors. I don't know if I would put
24 them in the primary category.
25 ///

Page 24

1 TIM SULLIVAN
2 THE WITNESS: Online-only
3 distributors, consumables-only
4 distributors --
5 BY MR. SOLOMON:
6 Q. Is it --
7 A. Not -- not full service.
8 Q. Okay. Is it fair to say that those
9 distributors do not offer value-added
10 services -- strike that.
11 Is it fair to say that those
12 distributors do not offer the same value-added
13 services that Schein does?
14 MR. McDONALD: Object to the form,
15 overly broad, vague.
16 THE WITNESS: That is my general
17 understanding, yes.
18 BY MR. SOLOMON:
19 Q. And what's your understanding based
20 on?
21 A. 30 years in the dental industry.
22 Q. What additional services does Henry
23 Schein provide to its customers that Internet
24 distributors do not?
25 MR. McDONALD: Object to the form.

Page 23

1 TIM SULLIVAN
2 BY MR. SOLOMON:
3 Q. When you say "largest," what do you
4 mean by that?
5 A. As far as size of their
6 organizations, they're the largest competitors
7 that we have in the industry.
8 Q. Are Patterson and Benco the only
9 other national full-service distributors in the
10 industry?
11 A. That is my understanding.
12 Q. Okay. And you have an understanding
13 of what mail order distributors are, correct?
14 A. Well, in a sense, though, they're
15 still referred to as mail order, but very
16 little is done mail order anymore. So it's
17 more there's full service and non-full service.
18 Q. Are mail order distributors
19 sometimes called Internet distributors?
20 MR. McDONALD: Object to the form.
21 THE WITNESS: Can be.
22 BY MR. SOLOMON:
23 Q. Any other names that are used to
24 refer to mail order distributors?
25 MR. McDONALD: Object to the form.

Page 25

1 TIM SULLIVAN
2 THE WITNESS: We sell capital
3 equipment, practice management software.
4 We provide technical service, and we
5 provide business solutions for our
6 customers.
7 BY MR. SOLOMON:
8 Q. And Internet distributors don't do
9 that?
10 MR. McDONALD: Object to the form,
11 assumes facts not in evidence, lack of
12 foundation.
13 THE WITNESS: Some may claim to,
14 some may. Not all do. Some -- some may.
15 I'm not -- I don't know which ones
16 specifically you're referring to. But in
17 general, that is accurate.
18 BY MR. SOLOMON:
19 Q. You're not aware of any that offer
20 those services to customers?
21 MR. McDONALD: Object to the form,
22 lack of foundation.
23 THE WITNESS: Darby, as an example,
24 is a primary consumable company, but they
25 have added equipment lines to their

Page 26

1 TIM SULLIVAN
 2 offering that customers can order, but they
 3 don't do the service and provide the
 4 installation of that. The customers will
 5 then do that on their own. So there's an
 6 example of kind of a hybrid of the two.
 7 BY MR. SOLOMON:
 8 Q. Any other examples you can think of
 9 sitting here today?
 10 A. Not off the top of my head.
 11 Q. Is it fair to say that Internet
 12 distributors do not have field sales
 13 consultants or sales representatives?
 14 MR. McDONALD: Again, object to the
 15 form, lack of foundation.
 16 THE WITNESS: None that I'm aware
 17 of.
 18 BY MR. SOLOMON:
 19 Q. Is it fair you to say that Internet
 20 distributors do not provide equipment servicing
 21 to their customers?
 22 MR. McDONALD: Object to the form,
 23 lack of foundation.
 24 THE WITNESS: None that I'm aware
 25 of.

Page 28

1 TIM SULLIVAN
 2 Q. Within Schein's dental business, am
 3 I correct that private practice dentists
 4 traditionally were the main customers for Henry
 5 Schein Dental?
 6 A. Yes.
 7 Q. And Henry Schein Dental is sometimes
 8 referred to by the acronym HSD, correct?
 9 A. Correct.
 10 Q. And you are the head of HSD or Henry
 11 Schein Dental, right?
 12 MR. McDONALD: Object to the form.
 13 THE WITNESS: I'm the president of
 14 Henry Schein Dental for --
 15 BY MR. SOLOMON:
 16 Q. So you --
 17 A. -- our North American, so U.S. and
 18 Canada.
 19 Q. And so you oversee that division
 20 within Schein, correct?
 21 MR. McDONALD: Object to the form.
 22 He just said North America. So if you want
 23 to say -- if you want to narrow this to
 24 North America so we don't have that issue
 25 anymore, then it's fine.

Page 27

1 TIM SULLIVAN
 2 BY MR. SOLOMON:
 3 Q. Okay. Any other differences you can
 4 think of, sitting here today, between a
 5 full-service distributor, such as Henry Schein,
 6 and an Internet or mail order distributor?
 7 A. No.
 8 Q. I just would like to go through some
 9 definitions with you, Mr. Sullivan, just so
 10 we're clear about some of the terms I'm going
 11 to be using today.
 12 If I say "Schein," you understand
 13 today that I'm referring to Henry Schein,
 14 right?
 15 A. Yes.
 16 Q. And I understand Henry Schein has
 17 multiple divisions, as you mentioned, medical,
 18 veterinary, dental.
 19 Today when I talk about Schein, I'll
 20 be referring to Schein's dental business only,
 21 okay?
 22 A. Okay.
 23 Q. And if I refer to medical, I'll let
 24 you know, or veterinary.
 25 A. Okay.

Page 29

1 TIM SULLIVAN
 2 MR. SOLOMON: Sure.
 3 BY MR. SOLOMON:
 4 Q. So you have primary responsibility
 5 for HSD in North America, correct?
 6 A. Correct.
 7 Q. You've heard the term "buying group"
 8 before, right?
 9 A. I have.
 10 Q. And do you understand a buying group
 11 to be a collection of independent private
 12 practice dentists?
 13 MR. McDONALD: Object to the form.
 14 THE WITNESS: That's a definition of
 15 them.
 16 BY MR. SOLOMON:
 17 Q. Would you agree with that
 18 definition?
 19 MR. McDONALD: Object to the form.
 20 THE WITNESS: To some extent.
 21 BY MR. SOLOMON:
 22 Q. Have you used the term "buying
 23 group" to refer to those types of entities?
 24 A. Yes.
 25 Q. Do you understand that independent

Page 30

1 TIM SULLIVAN
2 dentists may choose to become members of buying
3 groups, correct?
4 A. Correct.
5 Q. And you understand that buying
6 groups may offer a variety of services to their
7 members, right?
8 A. Yes.
9 Q. And you understand that one service
10 offered by buying groups is to negotiate lower
11 supply prices on behalf of their members,
12 right?
13 MR. McDONALD: Object to the form.
14 THE WITNESS: I believe that to be
15 true.
16 BY MR. SOLOMON:
17 Q. And you understand that buying
18 groups pool their members' purchasing power to
19 search for discounts on dental products from
20 distributors, right?
21 THE COURT REPORTER: I'm sorry. Say
22 that again.
23 MR. SOLOMON: Sure.
24 BY MR. SOLOMON:
25 Q. You understand that buying groups

Page 31

1 TIM SULLIVAN
2 pool their members' purchasing power to seek
3 for discounts on dental products from
4 distributors --
5 MR. McDONALD: Object --
6 BY MR. SOLOMON:
7 Q. -- right?
8 MR. McDONALD: Object to the form.
9 THE WITNESS: I believe that's what
10 they attempt to do.
11 BY MR. SOLOMON:
12 Q. You understand that having greater
13 purchasing power may allow a buying group to
14 get lower prices for its members, correct?
15 MR. McDONALD: Object to the form.
16 THE WITNESS: That's what they
17 attempt to do, yes.
18 BY MR. SOLOMON:
19 Q. Okay. When you --
20 MR. McDONALD: Do you need him to
21 slow down?
22 THE COURT REPORTER: Please, you're
23 talking real fast. I'm not understanding
24 you.
25 MR. SOLOMON: Sure. I'll do my

Page 32

1 TIM SULLIVAN
2 best.
3 MR. McDONALD: When she's shaking
4 her head, that might be a clue you're going
5 too fast.
6 MR. SOLOMON: I'm not looking at
7 her, so...
8 MR. McDONALD: Okay. I'll tell you.
9 If I tell you to slow down, just trust me,
10 I can see her.
11 BY MR. SOLOMON:
12 Q. You say they attempt to do those
13 things.
14 What do you mean by that?
15 A. Well, some buying groups attempt to
16 bring groups of customers together with -- one
17 of their initiatives is to provide lower
18 pricing. Not many of them actually have the
19 resources behind actually to make sure that
20 that happens.
21 So they can tell a story as an
22 attempt that that's what they're going to do,
23 but they don't have the infrastructure or they
24 don't have the value for the members to
25 actually get any compliance with their members

Page 33

1 TIM SULLIVAN
2 to actually support that buying group's
3 initiative.
4 Q. When you say they don't have the
5 resources, what do you mean by that?
6 A. I'm sorry. It's the wrong word.
7 Structure or other value to their members to
8 provide compliance with their own members to
9 follow those -- to follow the purchasing
10 program.
11 Q. What is your understanding of what's
12 wrong with the structure?
13 A. I'm not saying anything is wrong
14 with it. They don't have the structure in
15 place for their members to comply with the
16 agreements that they're making with their
17 distributors.
18 Q. And what do you mean by that? What
19 specifically is missing from their structure
20 that would allow their members to comply with
21 purchasing from distributors?
22 MR. McDONALD: Object to the form.
23 THE WITNESS: I can't speak to
24 what -- I don't know which group you're
25 referring to. They're all structured

1 TIM SULLIVAN
 2 differently. We've seen some that work.
 3 We have a history of working with
 4 buying groups, as you know, many of them.
 5 And we've seen some where they work, where
 6 the members actually then end up do
 7 increasing their purchases to then earn
 8 that special pricing discount. We've
 9 some -- we've seen some that the buying
 10 habits of their members don't change.
 11 And typically what the difference is
 12 is the other value-added services that the
 13 buying groups themselves provide.
 14 BY MR. SOLOMON:
 15 Q. You said typically what happens is
 16 they offer value-added services a second ago,
 17 right?
 18 A. Correct.
 19 Q. What were you meaning by that
 20 distinction?
 21 A. So some will do -- if it's more
 22 than -- some will offer just dental supply
 23 pricing only. There's no other member value
 24 for their members to comply with that program.
 25 Others have actually compliance

1 TIM SULLIVAN
 2 A. My understanding is Smile Source is
 3 now structured that way.
 4 Q. Any others?
 5 A. That's -- that's the one that comes
 6 to mind.
 7 Q. When you say "Smile Source is now
 8 structured that way," what do you mean? Was
 9 there a change in Smile Source's model at any
 10 point?
 11 A. That's my understanding.
 12 Q. Do you know when that change
 13 occurred?
 14 A. When Trevor Mauer came into Smile
 15 Source, he changed the structure and the
 16 membership requirements.
 17 Q. And do you know when that was
 18 approximately?
 19 MR. McDONALD: Object to the form.
 20 THE WITNESS: I'd have to be looking
 21 at some documents to understand it.
 22 BY MR. SOLOMON:
 23 Q. And what is your understanding based
 24 on?
 25 A. Discussions that I had with Trevor

1 TIM SULLIVAN
 2 minimums that say, and, by the way, if you're
 3 going to join this group, you actually have to
 4 then purchase through the programs they have
 5 set up. It could be using the labs that
 6 they've set up, the dental supply sponsor that
 7 they've negotiated with. It could a cell phone
 8 coverage, everyone's going to use AT&T. It
 9 could be, you know, who knows, what other type
 10 of buying power that they're looking to put
 11 together.
 12 If the members are forced to then
 13 comply with that, those are typically more
 14 successful than the ones that are simply on
 15 price only.
 16 Q. So when you say members are forced
 17 to comply, what do you mean?
 18 MR. McDONALD: Object to the form.
 19 THE WITNESS: Again, some are forced
 20 to comply, meaning if they don't, they will
 21 kick them out of the group.
 22 BY MR. SOLOMON:
 23 Q. Can you give me an -- strike that.
 24 Can you give me an example of a
 25 buying group that has that structure?

1 TIM SULLIVAN
 2 prior to re-engaging with them.
 3 Q. Anything else?
 4 A. Primarily that.
 5 Q. Okay. And you can't recall the
 6 approximate time period when you began
 7 re-engaging with Mr. Mauer?
 8 A. I believe it was around --
 9 MR. McDONALD: Object to form.
 10 THE WITNESS: I believe it was in
 11 the 2016 time period.
 12 BY MR. SOLOMON:
 13 Q. So a moment ago you mentioned
 14 there's some buying groups that are price-only
 15 and have no other value, right? And then there
 16 are other buying groups that do offer other
 17 programs to their members, right?
 18 A. Yes.
 19 Q. So you're saying that there's two
 20 types of buying groups, one that is focused on
 21 price and the other that's focused on price as
 22 well as offering other programs and value to
 23 their members. Am I understanding that
 24 correctly?
 25 MR. McDONALD: Object to the form.

Page 38

1 TIM SULLIVAN
2 THE WITNESS: So let me be clear. I
3 think price is a component of value. It is
4 not the only component of value.
5 So each group is their own group.
6 They're each structured; they offer
7 different programs for their members.
8 The ones that are primarily focused
9 on price-only on dental supplies are ones
10 that I have not seen work in the long run.
11 The ones that add other pieces to
12 the value component are typically more
13 successful, will last longer, and actually
14 then drive compliance through their
15 members.
16 BY MR. SOLOMON:
17 Q. Does Schein refuse to work with
18 price-only buying groups?
19 MR. McDONALD: Object to the form.
20 THE WITNESS: No.
21 BY MR. SOLOMON:
22 Q. Has Schein ever refused to work with
23 price-only buying groups?
24 MR. McDONALD: Object to the form.
25 THE WITNESS: No.

Page 39

1 TIM SULLIVAN
2 BY MR. SOLOMON:
3 Q. When you say that historically
4 you've seen price-only buying groups not work
5 out, what is your understanding based on? Is
6 that personal experience?
7 A. Yes.
8 Q. Can you give me an example of some
9 experience you've had with price-only buying
10 groups that have not been successful?
11 A. So this goes back quite a ways.
12 Buying groups started as study clubs. Eight
13 dentists in Milwaukee, Wisconsin golf every
14 Saturday. They say, hey, let's get together
15 and form a group to then negotiate all of our
16 purchasing with someone. We've worked with
17 some of those in the past. It could be a local
18 study club. I don't have any names for you.
19 And we've attempted that. We leave that
20 decision up to the local leadership. And some
21 have worked; most don't.
22 The history is when once they -- we
23 put it together, the dentists don't change
24 their purchasing habits if they had a great
25 relationship with their existing supplier.

Page 40

1 TIM SULLIVAN
2 Q. So you haven't been involved in any
3 of those relationships with price-only buying
4 groups. You just mentioned those are set up in
5 the field. Am I correct in understanding that?
6 MR. McDONALD: Object to the form,
7 assumes facts not in evidence.
8 THE WITNESS: Yeah, I can't say
9 never. Sometimes I'll get involved, you
10 know, the management might reach out to me;
11 sometimes they're making the decision
12 locally.
13 BY MR. SOLOMON:
14 Q. So how did you learn that these
15 buying groups that are price-only were not
16 successful? Did someone tell you?
17 A. Typically, yes.
18 Q. So a regional manager or someone in
19 the field would come to you and let you know
20 that a price-only buying group was not
21 successful?
22 A. I wouldn't refer to it as they came
23 to me. It comes up in discussions, in a
24 meeting.
25 Q. So can you think of any particular

Page 41

1 TIM SULLIVAN
2 discussion or meeting when that came up?
3 A. No. This is just general concepts
4 we talk about from time to time.
5 Q. Have you ever done any independent
6 research into whether these price-only buying
7 groups can be successful?
8 A. Not that I'm aware of.
9 Q. Have you ever conducted your own
10 diligence as to how price-only buying groups
11 can be successful?
12 A. Not that I'm aware of.
13 Q. So your understanding of price-only
14 buying groups that were not successful was
15 comments you've heard from other people within
16 Schein, is that right?
17 MR. McDONALD: Object to the form.
18 THE WITNESS: Primarily, yes.
19 BY MR. SOLOMON:
20 Q. Okay.
21 MR. McDONALD: Can you pause a
22 second?
23 Did somebody join or drop off?
24 MR. LONG: My guess is that Jay
25 Schlosser dropped off.

1 TIM SULLIVAN
 2 MR. McDONALD: Did anybody join?
 3 Thank you.
 4 BY MR. SOLOMON:
 5 Q. So how did Schein, in your
 6 experience, handle price-only buying groups
 7 that, as you said, in your experience, have not
 8 been successful?
 9 MR. McDONALD: Object to the form,
 10 overly broad, vague.
 11 THE WITNESS: Yeah, I'm not sure how
 12 to answer that. I mean, it's -- their
 13 relationship, for whatever reason, the
 14 local leader or one of our sales reps, we
 15 may give them the flexibility to give it a
 16 shot.
 17 BY MR. SOLOMON:
 18 Q. Did you want your sales reps to work
 19 with those groups?
 20 MR. McDONALD: Object to the form.
 21 THE WITNESS: It really depends on
 22 what the opportunity was.
 23 BY MR. SOLOMON:
 24 Q. What do you mean by that?
 25 A. I'm not sure how else to answer it.

1 TIM SULLIVAN
 2 If there was an opportunity to grow our
 3 business that we have -- where those customers
 4 in this group are already customers or not, it
 5 was an opportunity to get new customers, an
 6 opportunity to get a deeper share of their
 7 business than we have today. It could be a
 8 multitude factors that go into it.
 9 Q. So there were a number of factors
 10 that people at Schein would look to in
 11 determining whether to do business with a
 12 price-only buying group; am I correct in
 13 understanding that?
 14 MR. McDONALD: Object to the form.
 15 THE WITNESS: We are flexible in
 16 understanding the structure and opportunity
 17 within each group that approaches us.
 18 BY MR. SOLOMON:
 19 Q. And has that always been the case?
 20 A. Yes.
 21 Q. You've encouraged people within
 22 Schein to pursue price-only buying groups?
 23 MR. McDONALD: Object to the form,
 24 misstates his testimony.
 25 THE WITNESS: I wouldn't state it

1 TIM SULLIVAN
 2 that way, no.
 3 BY MR. SOLOMON:
 4 Q. Why not?
 5 A. Those are your words, not mine.
 6 Q. I'm just asking you if you would
 7 agree with that statement.
 8 MR. McDONALD: He said no.
 9 BY MR. SOLOMON:
 10 Q. So what -- sorry. You can answer.
 11 A. Restate it.
 12 Q. Sure. My question is just have you
 13 encouraged others within Schein to pursue
 14 price-only buying groups?
 15 A. No.
 16 Q. Why not?
 17 A. I think I've just stated, we've seen
 18 very inconsistent performance of those type of
 19 groups.
 20 Q. Any other reason why you would not
 21 encourage people within Henry Schein to pursue
 22 price-only buying groups?
 23 A. It's not a fast growing segment of
 24 our business. It's not a key priority.
 25 There's plenty of opportunities for us to

1 TIM SULLIVAN
 2 pursue, and that does not hit the radar.
 3 Q. Any other reasons?
 4 A. Those are the two that I'll give
 5 you.
 6 Q. Okay. I just want to go through a
 7 more definitions for the record.
 8 While at Schein, you've used the
 9 term "group purchasing organization" or "GPO"
 10 to refer to buying groups of independent
 11 dentists, correct?
 12 A. Correct.
 13 Q. And you've used the term "group
 14 purchasing organization" interchangeably with
 15 "buying group," correct?
 16 A. That's correct.
 17 Q. You're familiar with the term
 18 "dental service organization," also referred to
 19 as a DSO?
 20 A. Yes.
 21 Q. Okay. And DSOs have a common
 22 ownership structure, is that right?
 23 MR. McDONALD: Object to the form,
 24 mischaracterizes all the evidence in the
 25 case and all the other witnesses on Henry

Page 46

1 TIM SULLIVAN
2 Schein's behalf that have already
3 testified.
4 THE WITNESS: They're all structured
5 differently.
6 BY MR. SOLOMON:
7 Q. Generally speaking, is there some
8 common ownership structure to them, in your
9 experience?
10 MR. McDONALD: Object to the form,
11 vague, lack of foundation.
12 THE WITNESS: They're all structured
13 differently.
14 BY MR. SOLOMON:
15 Q. Do some have common ownership?
16 A. That's my understanding, yes.
17 Q. Are some -- strike that.
18 Do some not have common ownership?
19 A. That's my understanding, yes.
20 Q. Can you think of any that do not
21 have common ownership?
22 MR. McDONALD: Object to the form,
23 lack of foundation.
24 THE WITNESS: Not off the top of my
25 head.

Page 47

1 TIM SULLIVAN
2 BY MR. SOLOMON:
3 Q. Have you ever referred to DSOs as
4 entities that have common ownership?
5 MR. McDONALD: Object to the form.
6 THE WITNESS: I don't recall if I
7 have.
8 BY MR. SOLOMON:
9 Q. You may have?
10 MR. McDONALD: Object to the form,
11 asked and answered.
12 THE WITNESS: I don't recall that I
13 have.
14 BY MR. SOLOMON:
15 Q. You just don't recall one way or the
16 other, sitting here today?
17 A. I don't recall if I've used those
18 exact words that you just said. I don't know.
19 Q. Do you understand that DSOs employ
20 dentists under a contract?
21 MR. McDONALD: Object to the form,
22 lack of foundation.
23 THE WITNESS: Some do.
24 BY MR. SOLOMON:
25 Q. Do you understand that DSOs are not

Page 48

1 TIM SULLIVAN
2 comprised of independent private practice
3 dentists?
4 MR. McDONALD: Object to the form,
5 lack of foundation.
6 THE WITNESS: Some do; some don't.
7 BY MR. SOLOMON:
8 Q. So some DSOs are comprised of
9 private practitioners?
10 MR. McDONALD: Asked and answered.
11 THE WITNESS: That's my
12 understanding.
13 Again, I don't work directly with
14 that segment. I'm not responsible for that
15 segment, never have been responsible for
16 that segment. So that's my understanding,
17 but I don't know for a fact.
18 BY MR. SOLOMON:
19 Q. Okay. So you're speculating?
20 MR. McDONALD: Object to the form.
21 He gave you his understanding.
22 THE WITNESS: I just provided you my
23 understanding. I'm not sure how else to
24 answer you.
25 ///

Page 49

1 TIM SULLIVAN
2 BY MR. SOLOMON:
3 Q. Okay. You've heard the term
4 "private practice dentists," correct?
5 A. Correct.
6 Q. And private practice dentists are
7 the core of HSD's customer base, is that right?
8 A. It's our largest segment, yes.
9 Q. When you say it's your largest
10 segment, what do you mean?
11 MR. McDONALD: Object to the form.
12 THE WITNESS: So the largest space
13 of our customer base are private practice
14 dentists, a single-office space
15 practitioner that might own one, two, three
16 type of locations. Over the years,
17 particularly the last ten years or so,
18 there have become more large group
19 practices.
20 So a dentist or two or three might
21 come together as a small group. That does
22 not qualify in this elite kind of DSO
23 space. So some are single-office space
24 practitioners; some are in this mid-market
25 segment.

Page 50

1 TIM SULLIVAN
 2 BY MR. SOLOMON:
 3 Q. Okay. So single-office
 4 practitioners, you wouldn't group those in with
 5 a DSO, correct?
 6 MR. McDONALD: Object to the form.
 7 THE WITNESS: Correct.
 8 BY MR. SOLOMON:
 9 Q. Okay. Do you understand that
 10 private practices account for the largest share
 11 of Schein's sales to customers?
 12 A. I believe that to be true.
 13 Q. And do you understand that private
 14 practices account for the majority of Schein's
 15 sales to customers?
 16 A. Yes.
 17 Q. Are they Schein's most profitable
 18 customer segment?
 19 MR. McDONALD: Object to the form.
 20 THE WITNESS: Not necessarily, no.
 21 BY MR. SOLOMON:
 22 Q. Which is Schein's most profitable
 23 customer segment?
 24 MR. McDONALD: Object to the form.
 25 THE WITNESS: They're both --

Page 51

1 TIM SULLIVAN
 2 they're both profitable. We don't have a
 3 separate P&L on just the elite DSOs when
 4 you put all in. So we have the HSD P&L.
 5 There's a special markets P&L.
 6 They're very intertwined, and it has
 7 created actual -- a lot of internal
 8 conflict, quite honestly, because there are
 9 issues when Hal and his team and special
 10 markets would sign a deal with a large DSO,
 11 and the consumables ix on that P&L or the
 12 equipment service, the service technicians,
 13 the local facilities, vans, everything else
 14 is on the HSD P&L.
 15 BY MR. SOLOMON:
 16 Q. Okay. Have you ever heard anyone
 17 within Schein state that private practices are
 18 Schein's most -- strike that.
 19 Have you ever heard anyone within
 20 Schein state that private practices are
 21 Schein's most profitable customer segment?
 22 MR. McDONALD: Object to the form,
 23 overly broad.
 24 THE WITNESS: I don't recall
 25 specifically. I'd have to see what you're

Page 52

1 TIM SULLIVAN
 2 referring to.
 3 BY MR. SOLOMON:
 4 Q. Have you ever -- I'm not referring
 5 to anything in particular.
 6 A. Okay.
 7 Q. I'm just asking a question.
 8 Have you ever referred to private
 9 practices as Schein's most profitable customer
 10 segment?
 11 A. I don't recall using that exact
 12 terminology, no.
 13 Q. Another definition I'd just like to
 14 cover, community health centers or CHCs as
 15 they're sometimes called.
 16 You're familiar with those entities?
 17 A. Yes.
 18 Q. Okay. And a community health center
 19 is a federally qualified group that provides
 20 care to the indigent, is that correct?
 21 A. I'm not sure that they're all
 22 exactly that, but I believe that to be
 23 accurate, yes.
 24 Q. Are you aware of any that do not fit
 25 that definition?

Page 53

1 TIM SULLIVAN
 2 MR. McDONALD: Object to the form.
 3 THE WITNESS: Again, I don't recall.
 4 I just don't want to -- I don't know if
 5 it's narrowly just to the indigent
 6 population. I don't know that for a fact.
 7 BY MR. SOLOMON:
 8 Q. I see.
 9 And it's your understanding that
 10 CHCs are not made up of independent private
 11 practice dentists, right?
 12 MR. McDONALD: Object to the form,
 13 lack of foundation.
 14 THE WITNESS: That's my
 15 understanding.
 16 BY MR. SOLOMON:
 17 Q. And do you understand that some CHCs
 18 are members of CHC-specific buying groups,
 19 right?
 20 A. I'm not sure I would -- how would
 21 you define that?
 22 Q. I'm referring to buying groups whose
 23 members are individual CHCs.
 24 MR. McDONALD: Object to the form,
 25 lack of foundation.

Page 54	Page 55
<p>1 TIM SULLIVAN</p> <p>2 THE WITNESS: I believe that to be</p> <p>3 true, yes.</p> <p>4 BY MR. SOLOMON:</p> <p>5 Q. Okay. Are you aware of any of those</p> <p>6 types of buying groups that are comprised of</p> <p>7 CHCs?</p> <p>8 MR. McDONALD: Object to the form.</p> <p>9 THE WITNESS: Not specifically, no.</p> <p>10 MR. McDONALD: Lack of foundation.</p> <p>11 BY MR. SOLOMON:</p> <p>12 Q. Okay. Are those sometimes called</p> <p>13 CHC GPOs --</p> <p>14 MR. McDONALD: Object to the --</p> <p>15 BY MR. SOLOMON:</p> <p>21 Q. And do you have any knowledge as to</p> <p>22 whether -- strike that.</p> <p>23 Mr. Sullivan, you stated that HSD</p> <p>24 has had buying group customers going back many</p> <p>25 years, was that right?</p>	<p>1 TIM SULLIVAN</p> <p>2 A. Yes.</p> <p>3 Q. How many years -- strike that.</p> <p>4 When did HSD first start working</p> <p>5 with buying groups?</p> <p>6 MR. McDONALD: Object to the form,</p> <p>7 lack of foundation.</p> <p>8 THE WITNESS: Well, I became part of</p> <p>9 Henry Schein in 1997. The special markets</p> <p>10 division had already been started prior to</p> <p>11 my joining in 1997. I believe there were</p> <p>12 buying groups that Hal and his team had</p> <p>13 been working with dating pre, you know,</p> <p>14 before my joining.</p> <p>15 BY MR. SOLOMON:</p> <p>16 Q. Okay. I'm asking you specifically</p> <p>17 about HSD.</p> <p>18 A. Well -- sorry. So -- all right. So</p> <p>19 not Henry Schein Dental -- well, we weren't</p> <p>20 defined as HSD back in 1997. There was a</p> <p>21 special markets division at that time and what</p> <p>22 was, well, I guess Henry Schein Dental at that</p> <p>23 time.</p> <p>24 And there were groups that we were</p> <p>25 working with at the time. I don't know -- I</p>
Page 56	Page 57
<p>1 TIM SULLIVAN</p> <p>2 can't tell you the names of them, but some</p> <p>3 resided in special markets. Some at the time</p> <p>4 we didn't really define as buying groups, but</p> <p>5 there were groups of dentists, like I</p> <p>6 mentioned, study clubs. There was a study club</p> <p>7 that we had done some business with that would</p> <p>8 fit that type of definition.</p> <p>9 Q. And that was within HSD?</p> <p>10 A. Correct.</p> <p>11 Q. That was as early as 1997?</p> <p>12 A. Correct.</p> <p>13 Q. Can you think of any specific</p> <p>14 examples of buying groups that Schein or HSD</p> <p>15 worked with in the '90s and 2000s?</p> <p>16 MR. McDONALD: Object to the form.</p> <p>17 THE WITNESS: Not by name, no.</p> <p>18 BY MR. SOLOMON:</p> <p>19 Q. What was the first buying group that</p> <p>20 you can recall that HSD worked with?</p> <p>21 A. Probably the earliest one that comes</p> <p>22 to mind is called Alpha Omega.</p> <p>23 Q. And when did Schein form a</p> <p>24 relationship with Alpha Omega?</p> <p>25 A. I don't have a specific day, but I</p>	<p>1 TIM SULLIVAN</p> <p>2 believe it was early 2000s.</p> <p>3 Q. Any other buying groups you can</p> <p>4 think of that Schein worked with in that time</p> <p>5 frame?</p> <p>6 A. I know we provided a long list. I</p> <p>7 don't know -- none at top of mind right now.</p> <p>8 None come to mind.</p> <p>9 Q. As head of H -- as head of HSD, you</p> <p>10 have had decision-making authority relating to</p> <p>11 buying groups that came to HSD, is that right?</p> <p>12 MR. McDONALD: Object to the form,</p> <p>13 mischaracterizes the evidence.</p> <p>14 THE WITNESS: Yeah, that's not --</p> <p>15 that's not correct.</p> <p>16 BY MR. SOLOMON:</p> <p>17 Q. Why is that not correct?</p> <p>18 A. So I'm the president of Henry Schein</p> <p>19 Dental. Hal Muller is the president of special</p> <p>20 markets. We've had internal conflicts as to</p> <p>21 how we're going to work with certain groups.</p> <p>22 So Hal had made some of those</p> <p>23 decisions. I'd make some of those decisions.</p> <p>24 Some of those decisions were made locally. I</p> <p>25 wasn't even aware of them. So they're -- we do</p>

<p style="text-align: right;">Page 58</p> <p>1 TIM SULLIVAN</p> <p>2 provide our local leadership team authority to</p> <p>3 make decisions in the field. So they're --</p> <p>4 it's -- they don't all roll up to me.</p> <p>5 Q. So you were involved in some of</p> <p>6 those decisions?</p> <p>7 A. Some, yes.</p> <p>8 Q. In what instances would you be</p> <p>9 involved in a decision as it relates to working</p> <p>10 with a buying group?</p> <p>11 A. It would vary. If it was --</p> <p>12 depending on the size of the opportunity, if</p> <p>13 for whatever reason the regional manager or the</p> <p>14 zone manager at the time didn't feel</p> <p>15 comfortable making the decision or wanted some</p> <p>16 input on it, they'd come to me or to Dave</p> <p>17 Steck, or Joe or Jake at the time might have</p> <p>18 gotten involved.</p> <p>19 Q. Why would they come to you?</p> <p>20 MR. McDONALD: Object to the form.</p> <p>21 THE WITNESS: I don't know. You'd</p> <p>22 have to ask them.</p> <p>23 BY MR. SOLOMON:</p> <p>24 Q. Not very as it relates to the number</p> <p>14 of groups that we ultimately worked with, but</p> <p>15 some would come to me. And I wouldn't</p> <p>16 necessarily say it was always about getting</p> <p>17 approval. It was more of what would you</p> <p>18 suggest, what do you think we should do. I'd</p> <p>19 give my guidance.</p> <p>20 But in most cases if whoever came to</p> <p>21 me about it really wanted to give it a shot,</p> <p>22 I'd allow them the opportunity to give it a</p> <p>23 shot.</p> <p>24 Q. And do you recall when people in the</p> <p>25 field first started coming to you as it relates</p>
<p style="text-align: right;">Page 60</p> <p>1 TIM SULLIVAN</p> <p>2 to buying groups?</p> <p>3 A. No.</p> <p>4 Q. Has that been happening for the last</p> <p>5 ten years?</p> <p>6 A. Yes.</p> <p>7 Q. Okay. You also mentioned that you</p> <p>8 had some disagreements with Mr. Muller as it</p> <p>9 relates to buying groups.</p> <p>10 Do you recall that?</p> <p>11 MR. Interesting way to phrase it. We</p> <p>23 would attempt to most often, yes.</p> <p>24 Q. Would he seek your input on buying</p> <p>25 group opportunities?</p>	<p style="text-align: right;">Page 61</p> <p>1 TIM SULLIVAN</p> <p>2 A. Sometimes he would and sometimes he</p> <p>3 wouldn't.</p> <p>4 Q. Why did he seek your input in some</p> <p>5 cases?</p> <p>6 MR. McDONALD: Object to the form,</p> <p>7 lack of foundation.</p> <p>8 THE WITNESS: Depending on the</p> <p>9 commitment that the group was looking for</p> <p>10 relative to the broader array of offerings</p> <p>11 that we have.</p> <p>12 If they were looking -- if they</p> <p>13 needed equipment and pricing on equipment,</p> <p>14 if they're looking for service, for</p> <p>15 business solutions, the deeper into the</p> <p>16 basket of offerings of our value</p> <p>17 proposition that the group was looking for,</p> <p>18 Hal knew at that point if it's going to --</p> <p>19 portions of that were going to hit my P&L.</p> <p>20 He wanted to make sure that I was involved</p> <p>21 in some of those decisions. Sometimes he'd</p> <p>22 check; sometimes he didn't. Hal was on his</p> <p>23 own quite often.</p> <p>24 BY MR. SOLOMON:</p> <p>25 Q. Were you involved in decision-making</p>

<p style="text-align: right;">Page 62</p> <p>1 TIM SULLIVAN 2 as it related to buying groups of independent 3 dentists? 4 MR. In 2010, do you recall that you and 9 Mr. Muller had discussions about whether to 10 continue doing business with a buying group 11 called Smile Source? 12 A. Yes. 13 Q. And at the time, Smile Source fell 14 within the special markets division, is that 15 right? 16 A. Yes. 17 Q. Okay. And you provided input to 18 Mr. Muller regarding how to proceed with Smile 19 Source in the 2010 time frame. 20 Do you recall that? 21 MR. SOLOMON: 3 Q. Okay. Do you recall in the 2010 4 time frame having discussions with Mr. Muller 5 about how to proceed with Smile Source? 6 A. Again, I don't know -- I'd like to 7 look at a document that you're referring to to 8 say it was 2010 or 2012 versus '14 versus '16. 9 We had -- there's a long history of in and out 10 with Smile Source. 11 Q. Okay. Did you ever provide input to 12 Mr. Muller regarding how to handle Smile Source 13 when it fell within the special markets 14 division? 15 MR. McDONALD: Object to the form, 16 vague, lack of foundation. 17 If you have a document, you ought to 18 show it to him. 19 THE WITNESS: Yeah, I'd like to take 20 a look at what you're referring to. 21 BY MR. SOLOMON: 22 Q. I'm not -- I'm not -- I'm actually 23 not referring to a document. I'm just asking 24 general questions right now. 25 MR. McDONALD: So you're not going</p>
<p style="text-align: right;">Page 64</p> <p>1 TIM SULLIVAN 2 to show any of these documents later? So I 3 can -- so later when you slap down a 4 document with this quote or this question 5 there, then I can object and you will 6 not -- you will take it back and not show 7 it to him; is that what you're doing? 8 BY MR. SOLOMON: 9 Q. You can answer the question. 10 MR. McDONALD: Ask the question 11 again. 12 MR. SOLOMON: Court Reporter, would 13 you mind just reading back the question? 14 MR. McDONALD: Don't play games, 15 Ronnie. 16 (Court Reporter read the record as 17 requested: 18 "Q Okay. Did you ever provide 19 input to Mr. Muller regarding how to 20 handle Smile Source when it fell 21 within the special markets 22 division.") 23 MR. McDONALD: Asked and answered. 11 He said I don't recall. 12 THE WITNESS: I don't recall. 13 BY MR. SOLOMON: 14 Q. Okay. If you and Mr. Muller ever 15 disagreed regarding a specific buying group 16 customer or opportunity, would that 17 disagreement ever be elevated to 18 Mr. Breslawski? 19 MR. McDONALD: Object to the form, 20 vague. 21 THE WITNESS: It could. 22 BY MR. SOLOMON: 23 Q. Do you recall any instances when 24 that happened? 25 A. Not specifically.</p>

Page 66

2 Q. Okay. And Mr. Breslawski is your
3 boss, is that right?
4 A. Correct.
5 Q. You report to him directly?
6 A. Up until early this year, yes.
7 Q. So there was a change in your
8 reporting structure earlier this year?
9 A. Correct.
10 Q. To whom do you now report?
11 A. John Koch --
12 Q. Okay.
13 A. -- who is now the CEO of our global
14 dental business.
15 Q. So you no longer report to
16 Mr. Breslawski directly?
17 A. Correct. Jim Breslawski is now the
18 vice chair of Henry Schein, Inc. and president
19 of Henry Schein, Inc.
20 And Koch is K-O-C-H.
21 Q. Would you say that you saw an
22 increase in the number of buying groups in the
23 dental industry in the last five to ten years?
24 A. Yes.
25 Q. Can you quantify what the increase

3 competitors that do work with them, is that
4 right?
5 MR. McDONALD: Object to the form.
6 THE WITNESS: It's possible.
7 BY MR. SOLOMON:
8 Q. And that would pose a risk to
9 Schein's business, correct?
10 A. In that instant, yes.
11 Q. Can working with buying groups also
12 have a negative impact where Schein lowers its
13 margins on existing business, but the new
14 business doesn't flow to offset the incremental
15 opportunity?
16 MR. McDONALD: Object to the form.
17 THE WITNESS: In that scenario, yes.
18 BY MR. SOLOMON:
19 Q. Okay. And would you refer to that
20 as margin erosion?
21 A. Yes.
22 Q. Have you ever referred to that as
23 cannibalization of existing business?

3 MR. McDONALD: Object to the form,

5 THE WITNESS: No way.
6 MR. McDONALD: -- vague.
7 BY MR. SOLOMON:
8 Q. How did you know that there was an
9 increase in buying groups in the last five or
10 ten years?
11 A. Just the number of individuals,
12 representative group that would approach our
13 organization to -- if they wanted to create
14 one. We call it, if you would, the noise level
15 increased relative to people approaching us.
16 Q. Would you say that buying groups can
17 affect Schein's business?
18 MR. McDONALD: Object to the form,
19 vague.
20 THE WITNESS: Yes.
21 BY MR. SOLOMON:
22 Q. How so?
23 A. Well, in particular, ones that we
24 choose to work with to help grow our business.
25 Q. If Schein decides not to work with a

3 THE WITNESS: I'd like it -- if you
4 see me use that terminology, I'd like to
5 understand in what context you're referring
6 to.
7 BY MR. SOLOMON:
8 Q. Again, I'm just asking a general
9 question.
10 MR. McDONALD: Then object to the
11 form, overly broad, vague, asked and
12 answered.
13 THE WITNESS: Yeah, again, I'd like
14 to understand in what context you're
15 referring to where -- I've used that word
16 before. But in that exact context, I'd
17 like to understand what you're referring
18 to.
19 BY MR. SOLOMON:
20 Q. You've used that word as it relates
21 to buying groups?
22 MR. McDONALD: Object to the form.
23 If you have a document, you should
24 show it to him. If you refuse to do that,
25 then I'm going to object when you put it

 3 Do not play games, Mr. Solomon.
 4 This is not a game playing event.
 5 BY MR. SOLOMON:
 6 Q. You can answer the question.
 7 A. I'd like to understand more
 8 specifically what you're referring to.
 9 Q. Okay. Have you ever stated that
 10 working with buying groups -- strike that.
 11 Do you think that working with
 12 buying groups can lead to a price war between
 13 Schein and its competitors?
 14 MR. McDONALD: Object to the form,
 15 lack of foundation.
 16 If you have a document, show it to
 17 him.
 18 THE WITNESS: I don't recall using
 19 that exact language, but I'd like to
 20 understand what you're referring to better.
 21 BY MR. SOLOMON:
 22 Q. My question is a little different.
 23 Do you think that working with buying groups
 24 can lead to a price war between Schein and its
 25 competitors?

Page 72

1 TIM SULLIVAN
 2 THE WITNESS: I'd like to understand
 3 what you're referring to. I don't recall
 4 using that type of language, but I'd like
 5 to understand what you mean by it.
 6 BY MR. SOLOMON:
 7 Q. Which part of my question confuses
 8 you?
 9 A. Do I believe it would lead to a
 10 price war? I don't know how you would define a
 11 price war. I don't know how I would define a
 12 price war.
 13 Q. Have you ever used the term "price
 14 war"?
 15 MR. McDONALD: Object to the form.
 16 THE WITNESS: It's possible. I
 17 don't recall. I'd like to -- if you have
 18 something you'd like to show me that refers
 19 to where I used it, if you know I have
 20 based on documents that you've reviewed,
 21 I'd like to see that.
 22 BY MR. SOLOMON:
 23 Q. Do you think that working with
 24 buying groups can lead to competitive
 25 discounting between Schein and its competitors?

Page 71

1 TIM SULLIVAN
 2 MR. McDONALD: Object to the form.
 3 It's a different question. Your
 4 question before is have you ever stated
 5 that and you ripped off this question. Now
 6 you're saying something different.
 7 BY MR. SOLOMON:
 8 Q. You can answer the question,
 9 Mr. Sullivan.
 10 MR. McDONALD: Ask it again because
 11 it's a different question.
 12 BY MR. SOLOMON:
 13 Q. Do you recall the question?
 14 MR. McDONALD: Ask it again.
 15 THE WITNESS: He's asking --
 16 MR. McDONALD: Ask it again.
 17 THE WITNESS: Please ask it again.
 18 BY MR. SOLOMON:
 19 Q. Sure. Do you think that working
 20 with buying groups can lead to a price war
 21 amongst Schein and its competitors?
 22 MR. RACOWSKI: Objection, form.
 23 THE COURT REPORTER: Wait. Who said
 24 that?
 25 MR. McDONALD: Ken.

Page 73

1 TIM SULLIVAN
 2 A. It could lead to great
 3 opportunities. It could lead to getting
 4 business that we don't have in existing
 5 customers, deeper share of wallet, if you
 6 would. It could lead to getting new customers
 7 that we don't have.
 8 It could also lead to existing
 9 business that doesn't change, you know, nothing
 10 changes with their buying habits other than
 11 it's now at a lower price. So there's a
 12 multitude of outcomes from working with the
 13 various buying groups.
 14 Q. And specific to competitive
 15 discounting between Schein and its competitors,
 16 do you think that's one possible result of
 17 working with a buying group?
 18 MR. McDONALD: Object to the form,
 19 asked and answered, vague.
 20 THE WITNESS: I don't know what our
 21 competitors would do.
 22 BY MR. SOLOMON:
 23 Q. So you've never -- that's never
 24 factored into your analysis as it relates to
 25 buying groups?

1 TIM SULLIVAN
 2 MR. McDONALD: Object to the form.
 3 THE WITNESS: As the president of
 4 the company, yes, I'm responsible for and
 5 part of what I do is look at, so what's
 6 happening competitively in the marketplace.
 7 We need to understand what's happening
 8 competitively.
 9 So if we're -- if it's a
 10 single-office space practitioner, we know
 11 we're bidding against our competitors. If
 12 it's a large DSO, we're competing -- we're
 13 competing -- we're competing; it's our
 14 competitors.
 15 If it's a mid-market, every scenario
 16 and every segment of the marketplace we
 17 have competition. So yes, in every single
 18 case we know we are bidding against our
 19 competitors for the opportunity to do
 20 business with that single office, that
 21 mid-market, or the large DSO.
 22 BY MR. SOLOMON:
 23 Q. Do you think that if a full-service
 24 distributor begins selling to a buying group,
 25 that others will have to follow that course in

1 TIM SULLIVAN
 2 Q. I'm asking you about what Schein
 3 would do.
 4 MR. McDONALD: Object to the form,
 5 lack of foundation.
 6 He's already told you it does
 7 business with buying groups, so the
 8 question makes absolutely zero sense.
 9 THE WITNESS: So that wasn't your
 10 question. You asked if -- what would other
 11 distributors -- if you recall, I don't
 12 think you said --
 13 BY MR. SOLOMON:
 14 Q. Sure.
 15 A. -- what would Henry Schein do.
 16 Q. I'll ask another way.
 17 If your competitors are working with
 18 buying groups, do you feel that Schein would
 19 need to do the same in order to compete in the
 20 marketplace?
 21 MR. McDONALD: Object to the form --
 22 THE WITNESS: We have been --
 23 MR. McDONALD: -- improper
 24 hypothetical.
 25 THE WITNESS: And we've been work --

 2 order to compete in the marketplace?
 3 MR. McDONALD: Object to the form,
 4 lack of foundation.
 5 THE WITNESS: I don't know what our
 6 competitors would do if we decided to do
 7 it.
 8 BY MR. SOLOMON:
 9 Q. Say that again.
 10 A. Could you repeat the question. I
 11 might have misunderstand.
 12 Q. Sure.
 13 MR. SOLOMON: Court Reporter, can
 14 you repeat the question.
 15 (Court Reporter read the record as
 16 requested.)
 17 MR. McDONALD: Object to the form.
 18 THE WITNESS: Not necessarily.
 19 BY MR. SOLOMON:
 20 Q. Why not?
 21 A. When you referred to any
 22 distributor, are you asking what we would do or
 23 what any other distributor would do?
 24 I can't answer what any other
 25 distributor would do. I can't.

 2 we already work with buying groups. We
 3 have been working with buying groups. So I
 4 don't know how to answer that if we're
 5 already in the space.
 6 BY MR. SOLOMON:
 7 Q. Okay. Have you ever stated that
 8 buying groups were a slippery slope for Schein?
 9 MR. McDONALD: Again, object to the
 10 form.
 11 If you've got a document, show it to
 12 him. And I will object when you show it to
 13 him later. I may instruct him not to
 14 answer if you're going to play this game,
 15 Mr. Solomon. And you can go to the ALJ and
 16 explain to him why you're doing this.
 17 THE WITNESS: Could you repeat the
 18 question?
 19 BY MR. SOLOMON:
 20 Q. Have you ever stated that buying
 21 groups were a slippery slope for Schein's
 22 business?
 23 MR. McDONALD: Same objection.
 24 THE WITNESS: If you're referring --
 25 if you know that I have in some type of

Page 78

1 TIM SULLIVAN
2 communication, I'd like to read it and
3 understand it because I'd like to
4 understand the full context of what that
5 was stated in.
6 So I don't know how to answer that
7 because there's buying groups, as I
8 mentioned, when it's price-only versus
9 those that add further value. So I need to
10 understand the context of which buying
11 group model you're referring to.
12 BY MR. SOLOMON:
13 Q. Have you ever said that buying
14 groups generally are a slippery slope for
15 Schein's business?
16 MR. McDONALD: Same objection.
17 THE WITNESS: I just don't know how
18 to answer it any differently than I just
19 did.
20 BY MR. SOLOMON:
21 Q. I just want your recollection
22 sitting here today.
23 MR. McDONALD: Same objection.
24 THE WITNESS: Of what?

2 Object to the form.
3 THE WITNESS: Ronnie, in each one of
4 these, I need to understand the context of
5 what you're referring to. As a stand-alone
6 statement, I wouldn't just on a stand-alone
7 make that type of statement. If it's in
8 reference to something specific you'd like
9 to review, let's do that.
10 BY MR. SOLOMON:
11 Q. So, again, I just want your
12 recollection, sitting here today, have you used
13 those words in a specific context?
14 MR. McDONALD: Object to the form.
15 If you have a document, show it to
16 him.
17 THE WITNESS: I may have.
18 BY MR. SOLOMON:
19 Q. Have you ever said that Schein would
20 be second to working with buying groups?
21 MR. McDONALD: Object to the form.
22 If you have a document, show it to
23 him.
24 THE WITNESS: I may have. I'd like
25 to understand what context you're referring

2 BY MR. SOLOMON:
3 Q. My question, whether you've ever
4 referred to buying groups as being a slippery
5 slope for Schein's business.
6 MR. McDONALD: Object to the form,
7 asked and answered.
8 THE WITNESS: I need to understand
9 what context you're referring to because,
10 again, if it's the price-only versus those
11 that add additional value that can drive
12 compliance within the groups, I would
13 answer that differently than the price-only
14 buying groups.
15 BY MR. SOLOMON:
16 Q. Okay. So you may have said it in
17 some context, is what you're telling me?
18 A. I may have in some context, yes.
19 Q. Sitting here today, you can't recall
20 one way or the other?
21 A. I may have in some context.
22 Q. Okay. Have you ever stated that you
23 did not want Schein to be the first to work
24 with buying groups?
25 MR. McDONALD: Same objection.

3 BY MR. SOLOMON:
4 Q. You testified earlier that Schein
5 has already worked with buying groups, right?
6 A. I can't say Schein has always worked
7 with buying groups. I've been with the company
8 for 21 years. In my history with Henry Schein,
9 yes, we have worked with buying groups.
10 Q. Why would you say that Schein would
11 not want to be the first to work with a buying
12 group if Schein has always worked with buying
13 group customers?
14 MR. McDONALD: Object to the form.
15 If you've got a document, you should
16 show it to him. If you refuse to do that,
17 I'm going to object when you do so.
18 THE WITNESS: I just answered that
19 question.
20 BY MR. SOLOMON:
21 Q. I don't think you did.
22 A. I did. It was, when talking about
23 specific buying groups, I may have in that -- I
24 don't know which spectrum of a buying group
25 that you're referring to.

Page 82

1 TIM SULLIVAN
 2 So if you show me something where
 3 the context of that particular discussion I
 4 might have been having with someone or e-mail
 5 exchange, I can speak to that incident and that
 6 specific scenario that we were referring to.
 7 The e-mail may be vague in its response, but
 8 the intent behind it I can speak to, if you
 9 want to show me something that we can look at.
 10 Q. Do you ever -- strike that.
 11 Do you recall ever telling others
 12 internally at Schein that you were closely
 13 watching buying groups and GPOs in the dental
 14 industry?
 15 MR. McDONALD: Object to the form.
 16 If you have a document, show it to
 17 him.
 18 THE WITNESS: I'd like to understand
 19 the context fully before I -- I don't know.
 20 I may have said something like that.
 21 MR. McDONALD: How much more of this
 22 do you have, this little mind memory game?
 23 MR. SOLOMON: Well, we're going --
 24 MR. McDONALD: Because we -- because
 25 we may stop --

Page 84

 2 A. I don't know. I don't know
 3 specifically.
 4 Q. You can't recall any specific buying
 5 groups that you're aware of that Benco has
 6 worked with, is that right?
 7 MR. McDONALD: Object to the form,
 8 asked and answered.
 9 THE WITNESS: Well, there is one on
 10 the East Coast that I know that we -- that
 11 they do business with in the Virginia area.
 12 BY MR. SOLOMON:
 13 Q. What's it called?
 14 A. I believe it's Atlantic Dental Care
 15 or something to that effect.
 16 Q. And you believe Atlantic Dental Care
 17 to be a buying group?
 18 MR. McDONALD: Object to the form.
 19 THE WITNESS: In some format of one,
 20 yes.
 21 BY MR. SOLOMON:
 22 Q. What do you mean by that?
 23 A. There's buying groups that are
 24 price-only. There's buying groups that
 25 have more -- I've explained it. I'll keep

 2 MR. SOLOMON: Okay.
 3 MR. McDONALD: -- and may not come
 4 back --
 5 MR. SOLOMON: We're going --
 6 MR. McDONALD: -- if this is what
 7 you're going to do.
 8 BY MR. SOLOMON:
 9 Q. Mr. Sullivan --
 10 MR. McDONALD: This is not the
 11 proper use of a deposition. It's abusive
 12 of the witness; it's abusive of the
 13 process. You would not do this if the ALJ
 14 was sitting here.
 15 BY MR. SOLOMON:
 16 Q. Mr. Sullivan, have you ever known
 17 Benco to work with any buying groups?
 18 MR. RACOWSKI: Objection to form,
 19 foundation.
 20 THE WITNESS: My understanding is
 21 they have.
 22 BY MR. SOLOMON:
 23 Q. Which ones?

 2 explaining it.
 3 There's buying groups that are based
 4 on price-only and there's others that add more
 5 value so the members drive -- and they drive
 6 compliance within their members.
 7 Q. Okay. And where do you believe that
 8 Atlantic Dental Care falls on that spectrum?
 9 A. I don't --
 10 MR. McDONALD: Object to the form.
 11 THE WITNESS: Sorry.
 12 I don't know. I don't know them.
 13 BY MR. SOLOMON:
 14 Q. So you're not sure one way or the
 15 other whether Atlantic Dental Care is a buying
 16 group?
 17 MR. RACOWSKI: Objection,
 18 mischaracterizes testimony.
 19 THE WITNESS: I don't know which
 20 form of a buying group they are. I believe
 21 them to be a buying group. That's why I
 22 mentioned them before.
 23 BY MR. SOLOMON:
 24 Q. And what's your understanding based
 25 on?

<p style="text-align: right;">Page 86</p> <p>1 TIM SULLIVAN</p> <p>2 A. A discussion I had with local</p> <p>3 leadership at the time.</p> <p>4 Q. When was that?</p> <p>5 A. I don't have the time frame in front</p> <p>6 of me.</p> <p>7 Q. Have you ever done any research into</p> <p>8 whether or not Atlantic Dental Care is, in</p> <p>9 fact, a buying group?</p> <p>10 A. Not specifically me, no.</p> <p>11 Q. Are you aware of whether Patterson</p> <p>12 has historically worked with buying groups?</p> <p>13 MR. LONG: Objection, form,</p> <p>14 foundation.</p> <p>15 THE WITNESS: In some format I</p> <p>16 believe they have.</p> <p>17 BY MR. SOLOMON:</p> <p>18 Q. How do you know that?</p> <p>19 A. Again, we -- we compete against</p> <p>20 Patterson and Benco and everyone at the</p> <p>21 single-office space practitioner level, in the</p> <p>22 kind of large group practice space, and in the</p> <p>23 major DSO space.</p> <p>24 So how they define buying groups, I</p> <p>25 have no idea. How we define certain ones, I</p>	<p style="text-align: right;">Page 87</p> <p>1 TIM SULLIVAN</p> <p>2 believe we are bidding against all of our</p> <p>3 competitors in these cases. Some we win; some</p> <p>4 we lose. I believe some are Patterson, but I</p> <p>5 can't specifically tell you which ones that may</p> <p>6 be.</p> <p>7 Q. Do you recall ever competing with</p> <p>8 Patterson for any buying group business going</p> <p>9 back to 2009?</p> <p>10 MR. LONG: Objection, form.</p> <p>11 THE WITNESS: Not me specifically.</p> <p>12 The folks in our field I'm sure could tell</p> <p>13 us some names, but I wouldn't know them, as</p> <p>14 I sit here today.</p> <p>15 BY MR. SOLOMON:</p> <p>16 Q. Do you recall ever competing with</p> <p>17 Benco for any buying group business going back</p> <p>18 to 2009?</p> <p>19 A. My answer is basically the same,</p> <p>20 other than the one example I gave you with</p> <p>21 Atlantic Dental Care. That one I'm directly</p> <p>22 aware of.</p> <p>23 Q. Do you recall ever coming across</p> <p>24 Patterson or Benco in a competitive situation</p> <p>25 as it relates to a buying group bid?</p>
<p style="text-align: right;">Page 88</p> <p>1 TIM SULLIVAN</p> <p>2 MR. McDONALD: Object to the form,</p> <p>3 lack of foundation.</p> <p>4 THE WITNESS: I wouldn't know.</p> <p>5 BY MR. SOLOMON:</p> <p>6 Q. Sitting here today, you can't think</p> <p>7 of any specific examples, other than I think</p> <p>8 you mentioned Atlantic Dental Care?</p> <p>9 A. Well, that's different. You asked</p> <p>10 Patterson and Benco at the time. I don't know</p> <p>11 if Patterson was in that one or not. That one</p> <p>12 specifically I know Benco was involved in. I</p> <p>13 don't know if Patterson was also.</p> <p>14 Q. Okay. Can you think of any other</p> <p>15 examples as it relates to Patterson and Benco?</p> <p>16 A. I wouldn't know if the team in the</p> <p>17 field would know. Hal Muller in special</p> <p>18 markets, he might know, but I wouldn't know.</p> <p>19 Q. Have you ever heard that Benco does</p> <p>20 not work with buying groups?</p> <p>21 A. I wouldn't know that.</p> <p>22 Q. Have you ever heard that Patterson</p> <p>23 does not work with buying groups?</p> <p>24 A. I wouldn't know that.</p> <p>25 Q. So you never formed that impression</p>	<p style="text-align: right;">Page 89</p> <p>1 TIM SULLIVAN</p> <p>2 one way or the other?</p> <p>3 A. I think I stated earlier I believe</p> <p>4 that they do.</p> <p>5 MR. SOLOMON: Okay. We've been</p> <p>6 going for a little while, so I'd like to</p> <p>7 take a break if that's okay with everyone.</p> <p>8 Off the record, please.</p> <p>9 MR. McDONALD: Well, no, you need to</p> <p>10 get the agreement with everybody before you</p> <p>11 take a break. It's not your decision.</p> <p>12 MR. SOLOMON: I would disagree with</p> <p>13 that. But I need to use the restroom, so</p> <p>14 I'd like to go off the record.</p> <p>15 MR. McDONALD: Okay. Then you</p> <p>16 should tell me that, Ronnie.</p> <p>17 THE VIDEOGRAPHER: The time is</p> <p>18 10:05 a.m. We are off the record.</p> <p>19 (Jasmine Rosner entered the</p> <p>20 deposition telephonically.)</p> <p>21 THE VIDEOGRAPHER: The time is</p> <p>22 10:19 a.m. We are back on the record.</p> <p>23 BY MR. Page 90

1 TIM SULLIVAN
 2 different types of buying groups, and we
 3 mentioned -- or you mentioned price-only buying
 4 groups on the one hand and then buying groups
 5 that offer other programs and services to their
 6 members.
 7 Do you recall that discussion?
 8 A. I do.
 9 Q. Okay. Schein never had a practice
 10 of not working with price-only buying groups,
 11 is that right?
 12 MR. McDONALD: Object to the form.
 13 And let me ask you, Ronnie,
 14 you've -- you've been getting sloppy in
 15 saying just Schein. And so I want the
 16 record to be clear what you mean when you
 17 say Schein.
 18 Do you mean Henry Schein Dental, or
 19 do you mean Henry Schein the entire
 20 company?
 21 MR. SOLOMON: Well, I know
 22 Mr. Sullivan is responsible for HSD.
 23 MR. McDONALD: Only.
 24 BY MR. SOLOMON:
 25 Q. So if you have knowledge beyond

Page 92

1 TIM SULLIVAN
 2 MR. SOLOMON: Court reporter, can
 3 you just read back my question one more
 4 time.
 5 (Court Reporter read the record as
 6 requested as follows:
 7 "Q Schein never had a practice of not
 8 working with price-only buying groups, is
 9 that right?")
 10 THE WITNESS: We never had a --
 11 could you clarify the question for me,
 12 please? We never had a practice of working
 13 with buying groups?
 14 BY MR. SOLOMON:
 15 Q. Has Schein ever had a practice of
 16 not working with price-only buying groups?
 17 MR. McDONALD: Object to the form.
 18 THE WITNESS: No, we -- there are
 19 some that we have worked with.
 20 BY MR. SOLOMON:
 21 Q. You also talked about the difference
 22 between a price-only buying group on the one
 23 hand and then buying groups that offer
 24 value-added services in other programs.
 25 And one of the things you mentioned

Page 91

1 TIM SULLIVAN
 2 that, then I'd ask you to let us know. But if
 3 you're just here to tell me about what you know
 4 with HSD, then tell me that.
 5 MR. McDONALD: Well, with all due
 6 respect, Ronnie, that's not his
 7 responsibility to clarify your question.
 8 If you -- if we want to have the
 9 understanding that when you say Schein, you
 10 mean HSD, unless you say otherwise, then
 11 that's fine, but I don't want to object to
 12 every question.
 13 MR. SOLOMON: Sure. I guess I just
 14 want whatever he has personal knowledge of.
 15 So if he was aware of a policy that Henry
 16 Schein, the corporate entity, had with
 17 respect to buying groups, that's what you
 18 have personal knowledge of and I would
 19 expect a response on that.
 20 MR. McDONALD: Well, I would -- I'll
 21 state on the record, he's only here -- he's
 22 the president of Henry Schein Dental, and
 23 he's not here to speak for special markets.
 24 You've already deposed several people
 25 within special markets. And so...

Page 93

1 TIM SULLIVAN
 2 was that price-only buying groups cannot force
 3 compliance among their members, is that right?
 4 MR. McDONALD: Object to the form,
 5 misstates his testimony.
 6 THE WITNESS: And "force" might not
 7 be the proper word. They had -- they
 8 didn't have structure in place that would
 9 drive compliance for their members to
 10 follow the buying group formulary, if you
 11 would.
 12 BY MR. SOLOMON:
 13 Q. So are you referring to like
 14 contractual provisions that would require
 15 forced compliance?
 16 A. Well, again, I just the change the
 17 word from "force" to "drive compliance,"
 18 whatever. But it -- some it could be
 19 contractual or just other value-added services
 20 that had the member wanting to do this within
 21 the group for the benefit of the group.
 22 If they didn't personally have any
 23 other personal benefits for their practice,
 24 then they themselves aren't -- wouldn't --
 25 would not always change their purchasing habits

Page 94

1 TIM SULLIVAN
2 just for the group if it didn't benefit them
3 more directly.
4 Q. Couldn't a price-only buying group
5 agree to a contractual provision that required
6 compliance?
7 A. Could they? Yeah, I guess they
8 could.
9 Q. Is it your experience that that has
10 happened in the past?
11 MR. McDONALD: Object to the form,
12 lack of foundation.
13 THE WITNESS: Well, I gave you the
14 one example with Smile Source. I believe
15 today's members within Smile Source, part
16 of what they sign up for in that membership
17 is to move 80, 85 percent of their
18 purchases to within their sponsored
19 suppliers.
20 BY MR. SOLOMON:
21 Q. And are you referring to -- to Smile
22 Source now as a price-only buying group?
23 A. No.
24 Q. Okay. So I'm just focusing on
25 price-only for the moment, if that's okay.

Page 95

1 TIM SULLIVAN
2 A. Understood.
3 Q. So it's possible that price-only
4 buying groups could force compliance among
5 their members?
6 MR. McDONALD: Object to the form,
7 lack of foundation.
8 THE WITNESS: I -- I have to
9 understand more specifically which one
10 you're referring to. I'm not familiar with
11 those that force it. Again, I don't know
12 of many or any that have other services or
13 other value offering or structure in place
14 that would drive that compliance.
15 BY MR. SOLOMON:
16 Q. Is there something specific to the
17 structure of a price-only buying group that
18 would, in your mind, prevent it from being able
19 to drive compliance?
20 MR. McDONALD: Object to the form --
21 THE WITNESS: I hadn't --
22 MR. McDONALD: -- improper
23 hypothetical.
24 Go ahead.
25 THE WITNESS: Yeah, I hadn't thought

Page 96

1 TIM SULLIVAN
2 about it before. I don't know.
3 BY MR. SOLOMON:
4 Q. Okay. So your distinction of
5 price-only versus value-added or other program
6 buying groups, what do you see as the key
7 difference as it relates to being able to drive
8 compliance?
9 A. I don't know if there's any one key
10 difference. If there's other things, other
11 offerings that the members are going to get by
12 joining the group other than just, by the way,
13 we negotiated this price with XYZ, join, if
14 there's other things they can get, do they get
15 marketing for their practice, does it help
16 drive patient traffic, can they -- do they
17 group their lab services together, could it be,
18 by the way, we negotiated with AT&T, switch
19 your phone bills, the plowing service that we
20 provide for you in the winter in Wisconsin, who
21 knows, they -- there's no one key thing.
22 The question is, as a member, do you
23 see broader value than just price that you
24 would change your purchasing habits for your
25 practice?

Page 97

1 TIM SULLIVAN
2 Q. So you're saying that a member of a
3 value-added service buying group would change
4 their purchasing habits based on the
5 availability of other services?
6 MR. McDONALD: Object to the form.
7 THE WITNESS: Some will. Some will
8 some; some won't. We have found that the
9 more that they provide, the more that they
10 do, the greater compliance that they'll get
11 within that group.
12 BY MR. SOLOMON:
13 Q. And do you know why that's the case?
14 MR. McDONALD: Object to the form.
15 THE WITNESS: I think it's any --
16 like any one of us, you get points when you
17 go to a certain hotel. You go to Starbucks
18 and the more points you build, the greater
19 value.
20 It's that type of -- why do any of
21 us as consumers shift your business to a
22 certain airline or to a -- if there's more
23 value you get out of it, you'll potentially
24 do more with that group.
25 ///

Page 98

1 TIM SULLIVAN
 2 BY MR. SOLOMON:
 3 Q. How do you know that?
 4 MR. McDONALD: Object to the form.
 5 THE WITNESS: I think I just gave
 6 the examples. I mean, I try to stay at
 7 Marriotts. I fly Delta as much as I can
 8 because I get value out of that. I think
 9 it's common sense.
 10 BY MR. SOLOMON:
 11 Q. So are you saying that there's more
 12 loyalty to a value-added services buying group
 13 as compared to a price-only buying group?
 14 A. That's my opinion, yes.
 15 Q. So loyalty then would drive
 16 compliance among the buying group members; is
 17 that what you're saying?
 18 MR. McDONALD: Object to the form,
 19 misstates his testimony.
 20 THE WITNESS: It's an example I was
 21 using. It's not loyalty alone. That
 22 help -- helped drive compliance.
 23 BY MR. SOLOMON:
 24 Q. Couldn't members of a price-only
 25 buying group similarly be loyal to their buying

Page 99

1 TIM SULLIVAN
 2 group and comply with purchasing requirements?
 3 MR. McDONALD: Object to the form,
 4 hypothetical.
 5 THE WITNESS: Could they? Yes.
 6 BY MR. SOLOMON:
 7 Q. So why do you make a distinction as
 8 it relates to compliance between price-only and
 9 value-added service buying groups?
 10 MR. McDONALD: Asked and answered.
 11 THE WITNESS: We have seen the more
 12 they -- value that they bring to their
 13 members, the more the members act as one.
 14 The fewer the offering, the less compliance
 15 we've seen with the program.
 16 BY MR. SOLOMON:
 17 Q. Can you give me an example of where
 18 Schein has seen that to be the case?
 19 A. Alpha Omega is an example, as I
 20 mentioned earlier. It's one of the first ones
 21 that -- or an early one that we worked with.
 22 It's based on a relationship that others in the
 23 organization had. So we gave it a shot. We
 24 continue to work with them. But I can't say an
 25 Alpha Omega member on average buys anymore from

Page 100

1 TIM SULLIVAN
 2 us than a non-Alpha Omega member.
 3 Q. So is Alpha Omega a price-only
 4 buying group?
 5 A. In my opinion, that's the bucket I
 6 would put them in, yes.
 7 Q. Okay. And so is it your
 8 understanding that Alpha Omega cannot drive
 9 compliance among its members?
 10 A. That's the history that we have,
 11 yes.
 12 Q. Has that been problematic for
 13 Schein?
 14 MR. McDONALD: Object to the form.
 15 THE WITNESS: Not problematic. It's
 16 just -- it's just a fact.
 17 BY MR. SOLOMON:
 18 Q. And you have personal knowledge of
 19 the fact that Alpha Omega has not been able to
 20 drive compliance among its members?
 21 A. It's my --
 22 MR. McDONALD: Object to the form.
 23 Go ahead.
 24 THE WITNESS: It's my opinion.
 25 ///

Page 101

 2 BY MR. SOLOMON:
 3 Q. Schein has continued to do business
 4 with Alpha Omega, is that right?
 5 MR. McDONALD: Object to the form,
 6 lack of foundation.
 7 THE WITNESS: That's correct.
 8 BY MR. SOLOMON:
 9 Q. When did Schein first start working
 10 with Alpha Omega, if you know?
 11 A. I don't know. I believe it was
 12 early 2000s.
 13 Q. Okay.
 14 A. It might have been somewhere in the
 15 '90s. I really don't know.
 16 Q. Okay. Has Alpha Omega's ability to
 17 drive compliance among its members changed over
 18 time?
 19 A. Not that I recall.
 20 Q. Okay. Have you ever looked at
 21 numbers relating to Alpha Omega and the amount
 22 of business they do with Schein?
 23 A. I have, but it's been a number of
 24 years.
 25 Q. When was the last time you looked?

1 TIM SULLIVAN
 2 A. Probable back early before 2010.
 3 Q. And is Alpha Omega a customer of HSD
 4 or special markets?
 5 A. That's a good question. I believe
 6 it's in special markets. But we -- again, how
 7 we're structured, the agreement may be within
 8 special markets. But we work with every single
 9 customer, anyone in special markets, Henry
 10 Schein Dental Service.
 11 So it's the consumables that runs
 12 through the special markets' P&L, if you would.
 13 All the equipment, the service, all the other
 14 value-added services is what my team in HSD is
 15 responsible for.
 16 That is part of our -- what's been
 17 our historic inherent conflict, if Hal is going
 18 to make a deal with a group, but there's
 19 commitments on our behalf. Sometimes we're
 20 making commitments with groups that may or may
 21 not -- that doesn't impact Hal directly, but
 22 then there's a -- what size do they become?
 23 Should they become special markets? So we have
 24 had our own inherent internal challenges when
 25 it comes to this space.

1 TIM SULLIVAN
 2 join some other distributor, that we would
 3 still be able to retain their business.
 4 BY MR. SOLOMON:
 5 Q. Do you know whether Schein's
 6 relationship with Alpha Omega has brought new
 7 customers to Schein?
 8 MR. McDONALD: Object to the form --
 9 THE WITNESS: I think --
 10 MR. McDONALD: -- lack of
 11 foundation.
 12 THE WITNESS: I think as members
 13 have joined or left Alpha Omega, the ones
 14 that joined give us an opportunity as a
 15 part of the group, but we still have to go
 16 in and earn that business every single day.
 17 BY MR. SOLOMON:
 18 Q. On the whole, though, you're not
 19 sure -- strike that.
 20 On the whole, do you know whether
 21 Schein has gained new customers through its
 22 relationship with Alpha Omega?
 23 MR. McDONALD: Object to the form,
 24 lack of foundation.
 25 THE WITNESS: I can't speak

1 TIM SULLIVAN
 2 Q. Has Schein benefitted from its
 3 relationship with Alpha Omega?
 4 MR. McDONALD: Object to the form,
 5 vague.
 6 THE WITNESS: It really is hard to
 7 say. I can't tell that most of those
 8 members we wouldn't be able to still earn
 9 their business on our own.
 10 BY MR. SOLOMON:
 11 Q. So you can't think of any reason why
 12 Schein would benefit from its relationship with
 13 Alpha Omega?
 14 MR. McDONALD: Object to the form,
 15 misstates his testimony.
 16 THE WITNESS: I'm saying I can't
 17 tell you if -- if we didn't have this
 18 agreement with Alpha Omega as structured
 19 earlier, then I don't -- their structure
 20 may have changed over time. I don't -- I
 21 really don't know. I haven't spent much
 22 time on it.
 23 But I can't tell you that we --
 24 these four people on this side were members
 25 of Alpha Omega and now Alpha Omega left to

1 TIM SULLIVAN
 2 specifically to it, no.
 3 BY MR. SOLOMON:
 4 Q. Because you're -- you're just not
 5 aware one way or the other?
 6 A. Correct.
 7 Q. Okay. Do you believe that Schein
 8 working with buying groups can be beneficial to
 9 Schein's business?
 10 MR. McDONALD: Object to the form,
 11 vague, asked and answered.
 12 THE WITNESS: As I stated earlier,
 13 yes.
 14 BY MR. SOLOMON:
 15 Q. Can you tell me how?
 16 MR. McDONALD: Object to the form,
 17 asked and answered.
 18 THE WITNESS: As I stated earlier,
 19 if joining with a group, anywhere in that
 20 spectrum of how -- a buying group, how we
 21 define, gives us an opportunity to
 22 potentially have -- their members may be
 23 existing customers of ours that we might
 24 only be getting 30, 40, 50 percent of their
 25 business, might increase their purchases

Page 106

1 TIM SULLIVAN
 2 through us.
 3 Members that join that don't buy
 4 from us that now want to join or follow the
 5 structure of the membership buying, it's
 6 new opportunities for us.
 7 BY MR. SOLOMON:
 8 Q. So Schein can increase the amount of
 9 business it does with existing customers and
 10 gain new customers, right?
 11 MR. McDONALD: Object to the form,
 12 lack of foundation, vague, hypothetical.
 13 THE WITNESS: Correct.
 14 BY MR. SOLOMON:
 15 Q. Okay. Schein worked with Smile
 16 Source prior to 2012, is that right?
 17 A. That is correct.
 18 Q. And Smile Source originally fell
 19 within special markets, is that right?
 20 A. That's correct.
 21 Q. And then Smile Source was later
 22 transferred to HSD at some point in or around
 23 2011, is that correct?
 24 A. Sounds -- I can't speak to the date,
 25 but at some point it did transfer to HSD, yes.

Page 108

1 TIM SULLIVAN
 2 into whether Schein's relationship with Smile
 3 Source was a beneficial one prior to 2012?
 4 MR. McDONALD: Again, object to the
 5 form. You should define what you mean by
 6 "Schein."
 7 Do you mean Henry Schein the entire
 8 company, Henry Schein HSD, or Henry Schein
 9 special markets?
 10 THE WITNESS: I don't recall
 11 specifically looking into it.
 12 BY MR. SOLOMON:
 13 Q. Okay. Do you know whether Smile
 14 Source brought customers to Schein from
 15 competing distributors?
 16 MR. McDONALD: Object to the form.
 17 THE WITNESS: So anytime?
 18 We have business with them today.
 19 They're close to 4 or 500 members. At the
 20 time they only had 20 members, I believe,
 21 or 40 members.
 22 BY MR. SOLOMON:
 23 Q. So I'm just referring prior to 2012.
 24 So prior to 2012, do you recall
 25 whether Smile Source brought new customers to

Page 107

1 TIM SULLIVAN
 2 Q. When Smile Source was a special
 3 markets customer, it offered special discounts
 4 based on special markets formulary pricing, is
 5 that correct?
 6 MR. McDONALD: Object to the form,
 7 lack of foundation.
 8 THE WITNESS: I don't know what
 9 formulary they were on at the time.
 10 BY MR. SOLOMON:
 11 Q. Okay. Do you recall the level of
 12 discounts that Smile Source members received
 13 when Smile Source was in special markets?
 14 A. I do not.
 15 Q. Okay. Do you -- strike that.
 16 Smile Source was a profitable
 17 customer relationship for Schein prior to 2012,
 18 is that right?
 19 MR. McDONALD: Object to the form,
 20 lack of foundation, vague as to "Schein."
 21 THE WITNESS: I would assume so.
 22 BY MR. SOLOMON:
 23 Q. Do you --
 24 A. I don't know for a fact.
 25 Q. Okay. Do you recall ever looking

Page 109

 2 Schein from competing distributors?
 3 MR. McDONALD: Object to the form,
 4 lack of foundation.
 5 THE WITNESS: I believe there are
 6 examples of members or customers who joined
 7 the Smile Source group that then started
 8 purchasing through the Smile Source
 9 arrangement via Henry Schein in our special
 10 markets group.
 11 BY MR. SOLOMON:
 12 Q. So they shifted their purchases from
 13 other distributors to Henry Schein?
 14 A. That's my understanding.
 15 Q. Okay. And prior to 2012, Smile
 16 Source caused existing customers to increase
 17 their purchases through Schein, is that right?
 18 MR. McDONALD: Object to the form,
 19 lack of foundation.
 20 THE WITNESS: I'd really have to
 21 take a look at it again. Like I said, I
 22 don't recall specifically what the details
 23 back six years ago.
 24 BY MR. SOLOMON:
 25 Q. Do you recall whether Schein's

<p style="text-align: right;">Page 110</p> <p>1 TIM SULLIVAN 2 pre-2012 relationship with Smile Source 3 involved volume commitments? 4 MR. McDONALD: Object to the form, 5 lack of foundation. 6 THE WITNESS: I don't recall. 7 (Exhibit CX2454 was marked for 8 identification.) 9 BY MR. SOLOMON: 10 Q. Mr. Sullivan, I'm handing you a 11 document that's been pre-marked as CX2454. 12 Please look this over and let me know when 13 you've had a chance to review it. 14 (Witness viewed said document.) 15 MR. McDONALD: I don't care if this 16 is on the record. Are you giving her a 17 copy, too? 18 MR. SOLOMON: I will give her a 19 copy. I thought I had, but -- 20 MS. FINCHER: Shouldn't she just 21 have -- 22 MR. McDONALD: Well, he's got a pen 23 in his hand. 24 THE WITNESS: I'm not -- 25 MR. McDONALD: That is why I'm</p>	<p style="text-align: right;">Page 111</p> <p>1 TIM SULLIVAN 2 asking. And so if that's going to be it, 3 great, but I'm going to take the pen out of 4 his hand so he doesn't write on it. 5 MR. SOLOMON: Yeah. 6 THE WITNESS: I don't write on it. 7 I use it to (indicating). But I can... 8 MR. SOLOMON: Well, I had made just 9 enough copies so that we have one for the 10 court reporter, so I might need to ask 11 someone to hand me a copy. 12 THE WITNESS: I won't use it. 13 MR. McDONALD: Just don't use it. 14 MR. SOLOMON: Okay. 15 THE WITNESS: Okay. I've read it. 16 BY MR. SOLOMON: 17 Q. You've had a chance to review this? 18 A. I have. 19 Q. Okay. What is CX2454? 20 A. I don't see that. Where is that? 21 Q. Oh, I'm sorry. If you look at the 22 bottom right-hand corner of this document, 23 there is a CX number. 24 Do you see that? 25 A. I do.</p>
<p style="text-align: right;">Page 112</p> <p>1 TIM SULLIVAN 2 Q. Okay. We're going to be referring 3 to documents today by CX and then a number just 4 for purposes of identifying documents in the 5 deposition. 6 A. Okay. 7 Q. And this one is CX2454, and then it 8 has a -001 through 006. 9 A. Okay. 10 Q. So what is CX2454? 11 A. I'm sorry. I thought you were 12 asking me what does that number mean. You're 13 asking what is the document? 14 Q. Right, I'm referring to the 15 document. I'm calling -- I'm calling the 16 document -- 17 A. I'm like I know it's your number. 18 Q. Right. What is CX2454? 19 A. This looks like a message from John 20 Chatham, who is our VP of sales at this time, 21 sent out to Jason Krause and Jeff Hand, because 22 I think they're responsible for the business 23 in -- one in Colorado and one in Alabama at the 24 time, informing them of new customers that have 25 just joined Smile Source and for them to follow</p>	<p style="text-align: right;">Page 113</p> <p>1 TIM SULLIVAN 2 up with these customers and make sure that we 3 show them what Henry Schein is all about. 4 Q. And your e-mail address is there in 5 the cc line, is that right? 6 A. That's correct. 7 Q. You received this e-mail? 8 A. Yes. 9 Q. And did you receive this as part of 10 your job at Schein? 11 A. I don't define it as part of my job. 12 Yes, I receive this as my responsibility at 13 Henry Schein. 14 Q. And do you have personal knowledge 15 of the contents of this e-mail? 16 MR. McDONALD: Object to the form, 17 calls for a legal conclusion. 18 THE WITNESS: I'm aware of the 19 details in here, yes. 20 BY MR. SOLOMON: 21 Q. And do you recall whether this 22 e-mail was written close in time to Smile 23 Source being transferred from special markets 24 to HSD? 25 A. It appears to be in that time frame.</p>

<p style="text-align: right;">Page 114</p> <p>1 TIM SULLIVAN</p> <p>2 Q. And do you believe this to be a true</p> <p>3 and accurate representation of the e-mail</p> <p>4 correspondence represented here?</p> <p>5 MR. McDONALD: Object to the form.</p> <p>6 THE WITNESS: Yes.</p> <p>7 BY MR. SOLOMON:</p> <p>8 Q. Okay. And Henry Schein keeps</p> <p>9 documents such as CX2454 in the ordinary course</p> <p>10 of its business, is that right?</p> <p>11 A. Yes.</p> <p>12 Q. Okay. So I'd like to turn to the</p> <p>13 contents of this e-mail, Mr. Sullivan.</p> <p>14 Who's John Chatham?</p> <p>15 A. At this time, he was our vice</p> <p>16 president of either sales or sales development.</p> <p>17 Q. Does he still work for Schein?</p> <p>18 A. He does not. He retired last --</p> <p>19 last year.</p> <p>20 Q. Did you report to Mr. Chatham?</p> <p>21 A. John reported to me.</p> <p>22 Q. And this e-mail relates to Smile</p> <p>23 Source moving from special markets to HSD,</p> <p>24 right?</p> <p>25 A. That's not what this e-mail refers</p>	<p style="text-align: right;">Page 115</p> <p>1 TIM SULLIVAN</p> <p>2 to. This is -- he's talking about we just</p> <p>3 received two accounts, that they have moved</p> <p>4 into the Smile Source formulary. But this is</p> <p>5 not about Smile Source moving to us; it's about</p> <p>6 these two new customers.</p> <p>7 Q. So at this time in January of 2011,</p> <p>8 had Smile Source already been moved from</p> <p>9 special markets to HSD?</p> <p>10 MR. McDONALD: Object to the form,</p> <p>11 lack of foundation.</p> <p>12 THE WITNESS: I believe so based on</p> <p>13 other -- prior to that, John -- John would</p> <p>14 not have been sending out an e-mail on</p> <p>15 special markets' behalf.</p> <p>16 BY MR. SOLOMON:</p> <p>17 Q. Okay. I'd like to turn your</p> <p>18 attention to the sentence beginning at the end</p> <p>19 of the second line. It says --</p> <p>20 A. Can I -- I'm sorry.</p> <p>21 Q. Yeah.</p> <p>22 A. Can I clarify the last?</p> <p>23 Q. Certainly.</p> <p>24 A. Now I'm reading -- I'm just</p> <p>25 rereading this first line. So, "Guys, we have</p>
<p style="text-align: right;">Page 116</p> <p>1 TIM SULLIVAN</p> <p>2 just received a major account Smile Source from</p> <p>3 our special markets team."</p> <p>4 So I don't know if this is before it</p> <p>5 shifted over or not. There may have been a</p> <p>6 period of time that we were working with our</p> <p>7 special markets team. Even though it was still</p> <p>8 in special markets, it was still up to our</p> <p>9 local team to welcome those customers into the</p> <p>10 fold of Henry Schein.</p> <p>11 So I just want to clarify. I don't</p> <p>12 know if it's important or not whether it had</p> <p>13 shifted to us by this time or not.</p> <p>14 Q. Okay. Thank you for that</p> <p>15 clarification.</p> <p>16 So you're not sure one way or the</p> <p>17 other at this point in time in January of 2011</p> <p>18 where Smile Sources exactly fell?</p> <p>19 A. Correct.</p> <p>20 Q. Okay. So I'd just like to turn your</p> <p>21 attention to the end of the second line.</p> <p>22 Mr. Chatham writes, "They have special pricing</p> <p>23 based on the Special market formulary pricing.</p> <p>24 For all products not in the formulary they</p> <p>25 receive 18% off catalog price except film,</p>	<p style="text-align: right;">Page 117</p> <p>1 TIM SULLIVAN</p> <p>2 anesthetic and alloy which is 5% and small</p> <p>3 equipment which is 10%."</p> <p>4 Do you see that?</p> <p>5 A. I do.</p> <p>6 Q. So is it fair to say that at this</p> <p>7 point in time, Smile Source members were</p> <p>8 receiving pricing based on the special markets</p> <p>9 formulary?</p> <p>10 MR. McDONALD: Object to the form,</p> <p>11 lack of foundation.</p> <p>12 THE WITNESS: Sounds correct.</p> <p>13 BY MR. SOLOMON:</p> <p>14 Q. Okay. Do you know what discounts</p> <p>15 off catalog Smile Source members were receiving</p> <p>16 based on the special markets formulary?</p> <p>17 MR. McDONALD: Object to the form,</p> <p>18 lack of foundation.</p> <p>19 THE WITNESS: I'm not directly</p> <p>20 aware, no.</p> <p>21 BY MR. SOLOMON:</p> <p>22 Q. Do you have any understanding of</p> <p>23 what discounts are available under these</p> <p>24 special markets formulary at this point in time</p> <p>25 in January of 2011?</p>

1 TIM SULLIVAN
 2 A. I don't recall specifically at this
 3 time, no.
 4 Q. Okay. Is it fair to say that for
 5 all non-formulary products at this point in
 6 time, Smile Source members were receiving
 7 18 percent off catalog pricing from Schein?
 8 MR. McDONALD: Object to the form.
 9 You've mischaracterized the document. You
 10 didn't read the whole sentence, Ronnie.
 11 THE WITNESS: Can you repeat that?
 12 BY MR. SOLOMON:
 13 Q. Sure. Is it fair to say that at
 14 this point in time in January of 2011, Smile
 15 Source members were receiving 18 percent off
 16 catalog pricing except on film, anesthetic and
 17 alloy, as well as small equipment?
 18 A. That's how I read this, yes.
 19 Q. And Mr. Chatham goes on to say,
 20 "Although the accounts are not contractually
 21 bound to purchase from us virtually all smile
 22 Source accounts have transferred their
 23 business. These two accounts are currently
 24 PDCO accounts."
 25 Do you see that?

1 TIM SULLIVAN
 2 BY MR. SOLOMON:
 3 Q. Okay. And Mr. Chatham is also
 4 telling you that Smile Source members were not
 5 required to purchase their products through
 6 Schein, is that right?
 7 A. That is correct.
 8 Q. So there was no contractual
 9 provision requiring Smile Source members to
 10 purchase through Schein during the pre-2012
 11 relationship, is that right?
 12 MR. McDONALD: Object to the form.
 13 That's two different questions.
 14 Are you asking him if that's what
 15 the document says, or are you asking him if
 16 he has independent knowledge of that?
 17 THE WITNESS: Could you repeat the
 18 question, please?
 19 BY MR. SOLOMON:
 20 Q. Sure. So there was no contractual
 21 provision requiring Smile Source members to
 22 purchase through Schein during the pre-2012
 23 relationship with Smile Source, is that
 24 correct?
 25 MR. McDONALD: Object to the form,

1 TIM SULLIVAN
 2 A. I do.
 3 Q. And PDCO there, that refers to
 4 Patterson?
 5 A. Correct.
 6 Q. Okay. So is it fair to say that
 7 Mr. Chatham is telling you that two accounts
 8 that were from Patterson had switched their
 9 purchases from Patterson to Henry Schein after
 10 joining Smile Source?
 11 MR. LONG: Objection, form,
 12 foundation.
 13 THE WITNESS: It appears that that's
 14 what John is stating here, yes.
 15 BY MR. SOLOMON:
 16 Q. Are you aware of any other instances
 17 in which customers from competing distributors
 18 came to Henry Schein as a result of Schein's
 19 relationship with Smile Source?
 20 MR. McDONALD: Object to the form,
 21 asked and answered, lack of foundation.
 22 THE WITNESS: I believe there were
 23 others, but I don't have specific
 24 knowledge. These two do, based on this
 25 document, refresh my recollection on that.

1 TIM SULLIVAN
 2 lack of foundation.
 3 If you know what the terms of the
 4 contract were, and you're testifying under
 5 oath to tell the truth, then tell him. If
 6 you don't know, then you should tell him
 7 that.
 8 THE WITNESS: I don't know the
 9 specific details of the contract.
 10 BY MR. SOLOMON:
 11 Q. Your understanding, sitting here
 12 today and reading this e-mail, though, is that
 13 Smile Source members were not bound to purchase
 14 through Schein; am I correct in understanding
 15 that?
 16 MR. McDONALD: Object to the form.
 17 If you're asking him if that's what
 18 the document says, then I'll stipulate to
 19 that, that's what the document says and
 20 he's already said that.
 21 But, again, if you're asking him if
 22 that's -- if he has personal knowledge of
 23 the terms of the contract, then that's a
 24 different question.
 25 THE WITNESS: That is how I read

<p style="text-align: right;">Page 122</p> <p>1 TIM SULLIVAN 2 John's view of this relationship. 3 BY MR. SOLOMON: 4 Q. Do you have any reason to doubt that 5 Smile Source members were not required to 6 purchase through Henry Schein? 7 A. I'd have to see the details of the 8 contract. Based on John, I would believe that 9 that was the case because of what John is 10 writing here, but we'd have to -- I'd have to 11 confirm that. 12 Q. John is also telling you that even 13 though there are no contractual -- strike that. 14 John is telling you that even though 15 there are no contractual requirements that 16 Smile Source members have to purchase through 17 Schein, all of the Smile Source accounts have 18 transferred their business over to Schein, is 19 that right? 20 MR. McDONALD: Object to the form. 21 If you're -- are you asking him that's what 22 the document says, or are you asking him if 23 that's a true statement? 24 THE WITNESS: That's how I read 25 this, what John's opinion is here, yes.</p>	<p style="text-align: right;">Page 123</p> <p>1 TIM SULLIVAN 2 BY MR. SOLOMON: 3 Q. In the sentence before the last, 4 Mr. Chatham refers to a sales plan. He says, 5 "The sales plan is P18 + formulary." 6 Do you see that? 7 A. I do. 8 Q. Are you familiar with that sales 9 plan? 10 A. Generally speaking, yes. 11 Q. And what is your understanding of 12 what the P18 + formulary sales plan is? 13 A. It highlights the -- his earlier 14 description. So they're on a formulary. 15 Before any products that are not on that 16 formulary, they're getting 18 percent off. The 17 P18 refers to that 18 percent except for film, 18 anesthetic, alloy, and small equipment. 19 Q. Okay. On average, do you know 20 whether the formulary discounts are higher than 21 the 18 percent discount? 22 A. Again, I don't know what the special 23 markets contract was at the time. 24 Q. Is this plan, P18 + formulary, still 25 in existence, to your knowledge?</p>
<p style="text-align: right;">Page 124</p> <p>1 TIM SULLIVAN 2 A. I believe so, but I don't know 3 for -- I'd have to confirm. 4 Q. Okay. Do you know whether Smile 5 Source currently receives discounting in 6 accordance with the P18 + formulary plan? 7 MR. McDONALD: Object to the form. 8 THE WITNESS: I know they're on a 9 formulary plus something for items not on a 10 formulary, but I don't know specifically 11 what it is. 12 BY MR. SOLOMON: 13 Q. Do you know what discounts Smile 14 Source members currently receive from Schein 15 under the terms of the current agreement 16 between Schein and Smile Source? 17 MR. McDONALD: Object -- 18 THE WITNESS: So that's the one -- 19 MR. McDONALD: Object to the form. 20 Go ahead. 21 THE WITNESS: That's the one I 22 thought I just answered. I don't know what 23 the current one is. I believe it's a -- 24 there's a -- it's a very similar format. 25 There's a formulary plus discounts for</p>	<p style="text-align: right;">Page 125</p> <p>1 TIM SULLIVAN 2 things not on formulary. 3 BY MR. SOLOMON: 4 Q. Okay. So you just -- sitting here 5 today, you're not sure what those discounts 6 are? 7 A. Correct. 8 Q. You can put that document aside. 9 (Exhibit CX2113 was marked for 10 identification.) 11 BY MR. SOLOMON: 12 Q. Mr. Sullivan, I am handing you a 13 document that's been pre-marked CX2113. Please 14 look this over and let me know when you've had 15 a chance to review. 16 A. Okay. 17 (Witness viewed said document.) 18 THE WITNESS: Okay. 19 BY MR. SOLOMON: 20 Q. What is CX2113? 21 A. It is an e-mail that I sent to Jim 22 Breslawski, Hal Muller, with a copy to Lynne 23 and Chris regarding Smile Source. 24 Q. Did you write CX2113 as part of your 25 job?</p>

1 TIM SULLIVAN
 2 A. Yes.
 3 Q. And do you have personal knowledge
 4 of the contents of CX2113?
 5 A. I'm not sure what you -- I mean, I
 6 wrote it.
 7 Q. So you have personal knowledge of
 8 what you wrote here?
 9 MR. McDONALD: Object to the form.
 10 THE WITNESS: Yes.
 11 BY MR. SOLOMON:
 12 Q. Okay. And did you write this e-mail
 13 close in time to the meeting that you referred
 14 to with Hal Muller in this e-mail?
 15 A. Well, it says "I met this morning,"
 16 so yes.
 17 Q. And do you believe CX2113 to be a
 18 true and accurate copy of this e-mail
 19 correspondence?
 20 A. Yes.
 21 Q. Okay. And does Schein keep CX2113
 22 in the ordinary course of its business?
 23 A. Yes.
 24 Q. Okay. Mr. Sullivan, this CX2113
 25 relates to a meeting you had with Hal Muller

1 TIM SULLIVAN
 2 concerning Smile Source, right?
 3 A. Yes.
 4 Q. Do you recall this meeting?
 5 A. Not the meeting specifically, but it
 6 does refresh my memory on a meeting that he and
 7 I had about it, yes.
 8 Q. And what do you recall about the
 9 meeting?
 10 A. I summarized it here.
 11 Q. So I'd just like to direct your
 12 attention to the third paragraph down. You
 13 say, "neither of us support concept of buying
 14 groups."
 15 Do you see that?
 16 A. I do.
 17 Q. So in September of 2010, you did not
 18 support the concept of buying groups, is that
 19 correct?
 20 MR. McDONALD: Object to the form.
 21 THE WITNESS: So thank you now for
 22 getting specific to the phrases you were
 23 quoting me on earlier. Because now
 24 specifically as I'm referring to Smile
 25 Source and the concept of a price-only type

1 TIM SULLIVAN
 2 buying group without some of the additional
 3 benefits, that's what I'm referring to. So
 4 it's not clear in this document, but that
 5 is -- that is the intent when I write that.
 6 BY MR. SOLOMON:
 7 Q. So you're saying that you did not
 8 support the concept of price-only buying
 9 groups?
 10 A. The Smile Source one in particular
 11 at that time.
 12 Q. Okay. And what did you mean by
 13 that?
 14 A. Do you want me to repeat what I just
 15 said?
 16 Q. What did you mean that you didn't
 17 support the concept of buying groups?
 18 MR. McDONALD: Object to the form,
 19 asked and answered.
 20 THE WITNESS: The subject of Smile
 21 Source, I'm specifically talking about
 22 Smile Source, neither of us supports. Hal
 23 may have been more supportive. I was not
 24 supportive of the Smile Source model at
 25 that time.

1 TIM SULLIVAN
 2 BY MR. SOLOMON:
 3 Q. And so at this time, Smile Source
 4 was a price-only buying group, is that right?
 5 A. That was my opinion of it. As you
 6 can see down below, I'm inclined to allow this,
 7 although it's not up to me; it's not my
 8 decision to make. It's not just solely up to
 9 me, but that was my opinion of Smile Source at
 10 that time.
 11 Q. And Hal Muller felt the same way,
 12 based on your statement here, "neither of us
 13 support concept of buying groups"?
 14 MR. McDONALD: Object to the form.
 15 THE WITNESS: Yeah, I can't speak to
 16 exactly how Hal was feeling at that time
 17 about buying groups, but I believe we were
 18 both struggling with how Smile Source was
 19 structured at the time.
 20 BY MR. SOLOMON:
 21 Q. Did you also not support the concept
 22 of other price-only buying groups other than
 23 Smile Source at this time?
 24 MR. McDONALD: Object to the form.
 25 THE WITNESS: Well, I testified

<p style="text-align: right;">Page 130</p> <p>1 TIM SULLIVAN</p> <p>2 earlier how I feel about those who</p> <p>3 are -- we will work with some. Here's an</p> <p>4 example how I viewed it. It's not solely</p> <p>5 my decision. But if someone wants to give</p> <p>6 it a shot to make a compelling argument to</p> <p>7 do it, we'll do it. This is an example of</p> <p>8 that.</p> <p>9 BY MR. SOLOMON:</p> <p>10 Q. But as far as you're concerned at</p> <p>11 this point in time, you did not support that?</p> <p>12 MR. McDONALD: Object to the form,</p> <p>13 misstates his testimony, asked and</p> <p>14 answered.</p> <p>15 THE WITNESS: I don't know how</p> <p>16 else to -- I don't know -- I don't know how</p> <p>17 to answer it any differently, that it's not</p> <p>18 something I would support. I would not --</p> <p>19 I would -- my opinion would be that I don't</p> <p>20 think we should, but it doesn't mean we</p> <p>21 won't. I'm not the be-all end-all</p> <p>22 decision-maker on that.</p> <p>23 BY MR. SOLOMON:</p> <p>24 Q. You're providing your input here to</p> <p>25 Mr. Muller at this point in time because you</p>	<p style="text-align: right;">Page 131</p> <p>1 TIM SULLIVAN</p> <p>2 and Mr. Muller were determining how to move</p> <p>3 forward with Smile Source, is that right?</p> <p>4 MR. McDONALD: Object to the form,</p> <p>5 mischaracterizes the document.</p> <p>6 You might want to look at your</p> <p>7 question.</p> <p>8 THE WITNESS: Yeah, I don't see</p> <p>9 anything in here talking about moving or</p> <p>10 how to do anything with the account.</p> <p>11 BY MR. SOLOMON:</p> <p>12 Q. You and Mr. Muller reached an</p> <p>13 agreement with respect to Smile Source,</p> <p>14 correct?</p> <p>15 You say in the second sentence, "I</p> <p>16 think we agree on the following. Hal please</p> <p>17 confirm."</p> <p>18 A. Yeah, so -- yeah, I think that's</p> <p>19 true. I think we agree on the following.</p> <p>20 Q. Okay.</p> <p>21 A. So I can't speak to everything</p> <p>22 regarding Smile Source.</p> <p>23 Q. Turning to the next sentence, you</p> <p>24 write, "Whereas it may benefit SM to some</p> <p>25 extent, the risk to overall HSI (due to having</p>
<p style="text-align: right;">Page 132</p> <p>1 TIM SULLIVAN</p> <p>2 40 % share in the market) for margin erosion,</p> <p>3 image, as well as...competitors then following</p> <p>4 suit and huge price war breaks out."</p> <p>5 Do you see that?</p> <p>6 A. I do.</p> <p>7 Q. So is it fair to say that you</p> <p>8 believe that working with buying groups at this</p> <p>9 time could lead to margin erosion for Schein?</p> <p>10 MR. McDONALD: Object to the form,</p> <p>11 mischaracterizes the document and his</p> <p>12 testimony.</p> <p>13 THE WITNESS: So thank you for</p> <p>14 clarifying your earlier paraphrases of mine</p> <p>15 because this now -- clearly I'm referring</p> <p>16 to Smile Source in this case.</p> <p>17 BY MR. SOLOMON:</p> <p>18 Q. So you're saying that working with</p> <p>19 Smile Source could lead to margin erosion for</p> <p>20 Henry Schein?</p> <p>21 A. It could.</p> <p>22 Q. And you were concerned about that</p> <p>23 specifically in this case here?</p> <p>24 MR. McDONALD: Object to the form.</p> <p>25 THE WITNESS: It could.</p>	<p style="text-align: right;">Page 133</p> <p>1 TIM SULLIVAN</p> <p>2 BY MR. SOLOMON:</p> <p>3 Q. When you say "it could," what do you</p> <p>4 mean?</p> <p>5 A. You asked if it could lead to margin</p> <p>6 erosion. I'm saying it could.</p> <p>7 Q. And you were concerned about that?</p> <p>8 MR. McDONALD: Object to the form.</p> <p>9 THE WITNESS: I didn't know if the</p> <p>10 benefits of expanding -- like other</p> <p>11 opportunities I talked about where buying</p> <p>12 groups could bring to us, I don't know if</p> <p>13 the benefits would outweigh it.</p> <p>14 There's pros and cons to doing</p> <p>15 business with any customer. This is on the</p> <p>16 list of the cons.</p> <p>17 BY MR. SOLOMON:</p> <p>18 Q. Why did you think working with Smile</p> <p>19 Source could lead to margin erosion?</p> <p>20 A. Well, as I stated here, as a way of</p> <p>21 having a 40 percent share in the market at the</p> <p>22 time, at least that's a rough estimate in my</p> <p>23 mind, it could have led to if we didn't get all</p> <p>24 the other benefits. We talked about this</p> <p>25 earlier. If we could grow existing business,</p>

1 TIM SULLIVAN
2 good. If we could get new accounts, good. But
3 if the only thing it did was to provide a
4 discounting on our existing business, that's
5 the not so good.

6 Q. Did you think that working with
7 other price-only buying groups could also lead
8 to margin erosion for Schein?

9 A. I don't know how to answer it any
10 differently than I just did. It could lead to
11 opportunities; it could lead to margin erosion.

12 Q. You also mention after margin
13 erosion "image."

14 Do you see that?

15 A. I do.

16 Q. You believe that buying groups
17 working with Schein could hurt Schein's image,
18 is that right?

19 A. In this context in talking about
20 Smile Source, and I believe our Henry Schein
21 brand stands for overall value, price is a
22 component of that. We have been, always have
23 been and always will be competitively priced.
24 That's a component of our overall value.

25 We want the Henry Schein brand to

1 TIM SULLIVAN
2 stand for more than just that, to fit with our
3 mission statement to focus on practice care so
4 our customers can focus on patient care.
5 That's the image I want.

6 And if there are groups out there
7 that are known to be, the only thing they're
8 doing is price and not bringing any other
9 value, that's not necessarily I want our brand
10 tied with that brand. That's what I mean
11 relative to image.

12 Q. You also refer to a price war. Did
13 you see that? Do you see that?

14 A. I do.

15 Q. And you're referring to a price war
16 between Schein and its competitors, correct?

17 A. I see that.

18 Q. Is it fair to say you believe that
19 Schein working with Smile Source could lead to
20 a price war between Schein and its competitors?

21 MR. McDONALD: Object to the form.

22 THE WITNESS: It's a poor choice of
23 words, I would say in that case, but it
24 was -- again, I think there's opportunities
25 within working with these groups and there

1 TIM SULLIVAN
2 also -- there's risk with it.
3 As I said, in every segment, we are
4 competing with our competitors in every
5 segment of the business. In this instance,
6 I'm talking about Smile Source in
7 particular.

8 BY MR. SOLOMON:

9 Q. So you're saying that working with
10 Smile Source in particular would have led to a
11 price war between Schein and its competitors?

12 MR. McDONALD: Object to the form,
13 mischaracterizes the document and his
14 testimony.

15 THE WITNESS: That's not what I'm
16 stating.

17 BY MR. SOLOMON:

18 Q. What are you stating?

19 A. The risk to overall Henry Schein is
20 possible margin erosion, image, and other
21 competitors in -- competing more on price
22 within that space.

23 Q. So by price war, you're referring to
24 competing on price?

25 A. As a standalone. Again, I believe

1 TIM SULLIVAN
2 our brand stands for more than just price, and
3 I don't want to shift that brand and that image
4 to being only price.

5 Q. And you were concerned about
6 competing on price with your competitors as it
7 related to Smile Source, right?

8 MR. McDONALD: Object to the form,
9 mischaracterizes and misstates the
10 testimony.

11 THE WITNESS: We compete on price in
12 every segment of the market. I was
13 highlighting it in this particular case
14 because it was a message to -- it was an
15 e-mail to Jimmy about Smile Source.

16 BY MR. SOLOMON:

17 Q. Okay. Why were you concerned about
18 a price war?

19 MR. McDONALD: Object to the form,
20 mischaracterizes the document and the
21 testimony he just gave you.

22 THE WITNESS: I wasn't concerned.
23 It's on the list of potential cons.

24 BY MR. SOLOMON:

25 Q. Why was it on the list of potential

Page 138

1 TIM SULLIVAN
 2 cons?
 3 A. I don't know how else to answer
 4 that, Ronnie.
 5 Q. I just want your opinion.
 6 MR. McDONALD: He just gave it to
 7 you about two minutes ago. I really would
 8 like you to actually listen to what he's
 9 telling you. Go ahead and tell him again.
 10 THE WITNESS: Could you read back
 11 what I stated last time?
 12 (The reporter read the record as requested
 13 as follows:
 14 "THE WITNESS: We compete on price in every
 15 segment of the market. I was highlighting
 16 it in this particular case because it was a
 17 message to -- it was an e-mail to Jimmy
 18 about Smile Source.
 19 "BY MR. SOLOMON: Q Okay. Why were you
 20 concerned about a price war?"
 21 "MR. McDONALD: Objection.
 22 "THE WITNESS: I wasn't concerned. It's on
 23 the list of potential cons.
 24 "BY MR. SOLOMON: Q Why was it on the
 25 list of potential cons?

Page 139

1 TIM SULLIVAN
 2 "A I don't know how else to answer that,
 3 Ronnie.")
 4 THE WITNESS: So I stand by that
 5 same response.
 6 BY MR. SOLOMON:
 7 Q. How would working with Smile Source
 8 lead to a price war?
 9 MR. McDONALD: Object to the form,
 10 mischaracterizes the document --
 11 THE WITNESS: I'm not saying --
 12 MR. McDONALD: -- and his testimony.
 13 THE WITNESS: I'm not saying that it
 14 would, in fact, lead to that. I'm just
 15 saying it was a concern of mine at the
 16 time, but it's not -- it's not a major
 17 concern. It was the last thing that was
 18 listed in the -- because I do believe -- as
 19 I said, I'm inclined to -- hey, let's go
 20 for it; there could be some real
 21 opportunity here, but you have to weigh
 22 pros and cons of any opportunity that
 23 presents itself.
 24 BY MR. SOLOMON:
 25 Q. So what was the concern specifically

Page 140

1 TIM SULLIVAN
 2 as it related to a price war by working with
 3 Smile Source?
 4 MR. McDONALD: Object to the form,
 5 asked and answered.
 6 THE WITNESS: As I said, poor choice
 7 of words. Shouldn't have referred to it as
 8 that.
 9 BY MR. SOLOMON:
 10 Q. Why not? What do you mean by that?
 11 A. Because I don't know how to define
 12 it. It was just poor choice of words.
 13 Q. You would use another -- strike
 14 that.
 15 You would have used another term?
 16 A. I don't know how else to answer you,
 17 Ronnie.
 18 Q. Okay. Have you used the term "price
 19 war" in other contexts?
 20 MR. McDONALD: Object to the form.
 21 THE WITNESS: Not that I recall.
 22 But if you want to show me something where
 23 else I referred to it, I'd be happy to talk
 24 about it.
 25 ///

Page 141

1 TIM SULLIVAN
 2 BY MR. SOLOMON:
 3 Q. I'm just asking you generally.
 4 A. If you have something that I can
 5 speak to or -- again, I used it in this
 6 particular context. I don't know that I've
 7 used it in any other context that I'd like
 8 to -- I don't recall. But if you can refresh
 9 my memory, that would be helpful.
 10 Q. Okay. Moving on to the next
 11 sentence, you write, "neither of us want to
 12 lose SS as an account. They are \$1 million and
 13 growing."
 14 "SS" there refers to Smile Source,
 15 correct?
 16 A. Correct.
 17 Q. So at this point in time, you did
 18 not want to lose Smile Source as an account of
 19 Schein, is that right?
 20 A. Correct.
 21 Q. And you wanted to keep the
 22 \$1 million in business that Smile Source was
 23 doing with Schein at this point in time, right?
 24 A. Correct.
 25 Q. And you also saw value in the fact

1 TIM SULLIVAN
 2 that Smile Source was \$1 million and that it
 3 was a growing account, correct?
 4 A. Correct.
 5 Q. Turning to the next paragraph, "Hal
 6 is still" -- you write, "Hal is still gathering
 7 details and having discussions with SS corp
 8 about how to manage expectations and risks to
 9 our core business."
 10 What were you referring to by "risks
 11 to our core business"?
 12 A. So at the time, we were having
 13 challenges in the field when -- again, which is
 14 one of the reasons I didn't -- I wasn't a fan
 15 of Smile Source's structure at the time -- they
 16 were to go out to recruit new members to join,
 17 customers of ours already saying they had
 18 special pricing from Henry Schein through the
 19 special markets, through this arrangement, and
 20 it causes a challenge with our field source.
 21 So that was the risk of, if the only
 22 thing they did is provide price and so the
 23 customer switched, but we didn't add any other
 24 value in help grow the business beyond what
 25 they were already doing, they would only lead

1 TIM SULLIVAN
 2 Q. Why?
 3 A. Because, as I talked about with the
 4 opportunity with buying groups, if they're
 5 going to continue to add new members and if
 6 they were non-HSD customers, that would be a
 7 good thing. If we could sign up existing
 8 customers that we might only have 30 percent of
 9 their business but now move it up to 80 percent
 10 of their business, that would be a good thing.
 11 So, yeah, if we can create that type
 12 of win-win atmosphere, that would be a good
 13 thing for both Smile Source and for Henry
 14 Schein.
 15 Q. Turning to the last paragraph, you
 16 write, "I am inclined to 'allow' this account
 17 to join (not that it's up to me/us) and see
 18 what happens. Afterall, Scott and HSD (per
 19 Hal) only get about 30% of this accounts
 20 business today. So, if theory works we would
 21 get 100% at lower margins, but all parties win
 22 in overall GP \$'s."
 23 Do you see that?
 24 A. Yes.
 25 Q. What does "GP \$'s" refer to?

1 TIM SULLIVAN
 2 to the margin erosion aspect I was talking
 3 about before.
 4 Q. So you're referring to margin
 5 erosion here?
 6 MR. McDONALD: Object to the form,
 7 mischaracterizes his testimony.
 8 THE WITNESS: If the only thing they
 9 did was transfer the existing volume on to
 10 this format -- and, again, sometimes the
 11 customer might have been on a better
 12 pricing program than the individual field
 13 sales consultant had him on. Not in all
 14 cases was it a lower price.
 15 BY MR. SOLOMON:
 16 Q. You go on to say, "This is risky as
 17 they want to push forward, but we need time
 18 with them to create a win-win plan going
 19 forward."
 20 Did I read that right?
 21 A. You did.
 22 Q. So you were in favor of coming up
 23 with a win-win plan to move forward with Smile
 24 Source at this point in time?
 25 A. Correct.

1 TIM SULLIVAN
 2 A. Gross profit dollars.
 3 Q. Okay. Does this paragraph here
 4 refer to a specific customer account?
 5 A. Yes, it does.
 6 Q. A specific dentist?
 7 A. I believe so, yes.
 8 Q. Do you recall who the dentist was?
 9 A. I do not.
 10 So Scott is our field sales
 11 consultant. He's the one who sent in an
 12 example prior to this exchange that led to this
 13 meeting about a customer that was contemplating
 14 joining or not.
 15 Q. Okay. So you're recognizing in this
 16 paragraph that Schein was not getting all of
 17 this account's business at this point in time,
 18 correct?
 19 A. Correct.
 20 Q. And your theory was that working
 21 with Smile Source could bring Schein more of
 22 this account's business but at lower margins?
 23 A. Correct.
 24 Q. And you were in favor of that?
 25 A. Correct.

1 TIM SULLIVAN

2 Q. And you thought that would be a good
3 arrangement for Schein?

4 A. In this instant, yes.

5 Q. And that would be because Schein
6 would make up for lower margins by the
7 incremental sales volume with respect to this
8 account, is that right?

9 MR. McDONALD: Object to the form.

10 THE WITNESS: Well, as stated at the
11 end, overall we'd have more GP dollars to
12 work with.

13 BY MR. SOLOMON:

14 Q. So am I correct then what I just
15 stated, that you're stating that the -- strike
16 that.

17 So you're saying that the overall
18 gross profit dollars would be the same or
19 higher?

20 A. Higher.

21 Q. And how would they end up being
22 higher?

23 A. Okay. So if we have 30 percent of
24 their business today, let's say they buy
25 \$50,000 in supplies, 30 percent of that is

1 TIM SULLIVAN

2 \$15,000.

3 So if we now got \$50,000 or \$40,000
4 of their business, even if it was at a lower
5 margin percentage because they could earn a
6 discount, the GP dollars are going to be much
7 greater. Win for the customer, win for Henry
8 Schein, win for Smile Source.

9 Does that make sense?

10 Q. You could put that document aside.

11 A. Okay.

12 MR. SOLOMON: So we have -- I'm
13 being told we have just a few minutes left.
14 The videographer has to change the tape.
15 So why don't we just go off the record and
16 let him do that.

17 THE VIDEOGRAPHER: This is the end
18 of DVD No. 1. The time is 11:10 a.m. We
19 are off the record.

20 (Whereupon, a recess was had
21 from 11:10 a.m. to 11:26 a.m.)

22 THE VIDEOGRAPHER: This is the
23 beginning of DVD No. 2. The time is
24 11:26 a.m. We are back on the record.

3 Q. Welcome back, Mr. Sullivan.

4 A. Thank you.

5 (Exhibit CX2453 was marked for
6 identification.)

7 BY MR. SOLOMON:

8 Q. I'd like to hand you another
9 document. This is a document that's been
10 pre-marked as 2453.

11 Please take a look at it and let me
12 know when you've had a chance to review.

13 (Witness viewed said document.)

14 THE WITNESS: Okay.

15 BY MR. SOLOMON:

16 Q. Mr. Sullivan, what is CX2453?

17 A. It's an e-mail exchange between Hal,
18 myself, Jimmy, and Lynne regarding Smile
19 Source.

20 Q. And you received this e-mail as part
21 of your job at Henry Schein?

22 A. Correct.

23 Q. And you responded to portions of
24 this e-mail as part of your job at Henry
25 Schein?

1 TIM SULLIVAN

2 A. Correct.

3 Q. And do you have personal knowledge
4 of what's written in this e-mail?

5 MR. McDONALD: Object to the form.

6 Are you talking about his e-mails or
7 the whole thing?

8 MR. SOLOMON: I'm referring to
9 everything that's in this exhibit?

10 MR. McDONALD: Okay. Do you
11 understand his question, if you have
12 personal knowledge of every single word or
13 phrase of this document?

14 THE WITNESS: Not of every single
15 word or phrase in this document, no.

16 BY MR. SOLOMON:

17 Q. Do you have personal knowledge of
18 what you wrote in the e-mail?

19 A. Yes.

20 Q. Okay. And did you draft this e-mail
21 around the time that you were discussing Smile
22 Source with Mr. Muller and Mr. Breslawski and
23 Lynne McHugh in this e-mail?

24 A. Yes.

25 Q. Okay. And is this a true and

<p style="text-align: right;">Page 150</p> <p>1 TIM SULLIVAN 2 accurate representation of this e-mail 3 correspondence, CX2453? 4 MR. McDONALD: Object to the form. 5 THE WITNESS: I believe so. 6 BY MR. SOLOMON: 7 Q. Okay. And did Schein keep documents 8 such as CX 2453 in the ordinary course of its 9 business? 10 A. Yes. 11 Q. I'd like to turn your attention, 12 Mr. Sullivan, to the last page of this e-mail 13 chain, and I'm referring to an e-mail from 14 Mr. Muller to you on September 20th, 2010 at 15 11:48 a.m. 16 Do you see that? 17 A. I do. 18 Q. Mr. Muller writes, "Tim- We have 19 decided to drop this group." 20 So Mr. Muller is telling you in 21 September of 2010 that special markets was 22 planning to drop Smile Source as a customer, is 23 that right? 24 A. That's how I read this, yes. 25 Q. Okay. And this is in response to</p>	<p style="text-align: right;">Page 151</p> <p>1 TIM SULLIVAN 2 some outstanding concerns about Smile Source 3 that you and Mr. Muller were discussing around 4 this time, is that right? 5 MR. McDONALD: Object to the form. 6 THE WITNESS: I'm not exactly sure 7 why. My initial response to him was, Hal, 8 why do you have to drop this group? 9 BY MR. SOLOMON: 10 Q. So you're telling Mr. Muller that 11 you didn't want to drop Smile Source as an 12 account, correct? 13 A. I didn't understand why he was 14 suggesting that. 15 Q. Okay. Were you in favor of keeping 16 Smile Source as a customer at this point in 17 time? 18 A. I'd be in favor of keeping any 19 customer that we could provide mutual value 20 for. 21 Q. So you were not in agreement with 22 Mr. Muller at this point in time that Schein 23 should drop Smile Source? 24 A. Well, I think if you read from my 25 e-mail, I'm asking why we have to drop there --</p>
<p style="text-align: right;">Page 152</p> <p>1 TIM SULLIVAN 2 drop them, is there something else driving this 3 decision other than the natural conflict, which 4 we have been talking about or referred to 5 earlier. 6 I wasn't suggesting that we had to 7 drop them. I was only suggesting how price 8 fits into the whole value proposition. 9 So, yeah, I have more questions than 10 I have answers at this point. 11 Q. So you're questioning Mr. Muller's 12 decision to drop Smile Source? 13 A. Correct. 14 Q. Okay. Fair to say you were not on 15 board with that decision at this point in time? 16 A. I just had questions about it. It 17 wasn't my decision to make, right? It was a 18 special markets account. 19 Q. Were you in favor of keeping Smile 20 Source as a customer at this point in time? 21 A. I thought I just answered that 22 question saying I'm in favor of keeping any 23 customer that we could provide mutual value 24 for. 25 Q. And my question is specific to Smile</p>	<p style="text-align: right;">Page 153</p> <p>1 TIM SULLIVAN 2 Source. 3 At this point in time, were you 4 interested in keeping Smile Source as a 5 customer of Schein? 6 MR. McDONALD: Object to the form, 7 asked and answered. 8 THE WITNESS: Based on how -- again, 9 I don't know -- remember exactly what I was 10 thinking eight years ago at this time. But 11 based on what I'm reading here, I'm 12 questioning as to do we need to drop them 13 or not or why do you want to drop them. 14 BY MR. SOLOMON: 15 Q. Okay. 16 A. So I'd be in favor of keeping them 17 if we could find the right way, or if we need 18 to drop them, that's what we would do. 19 MR. McDONALD: Tim, raise up your 20 microphone a little bit. 21 BY MR. SOLOMON: 22 Q. So going back to Mr. Muller's 23 original e-mail to you, he writes, and I'm 24 referring to the second paragraph here, "I 25 would not be surprised if they take this</p>

1 TIM SULLIVAN
 2 business to Patterson or Benco and say 'we have
 3 \$1M worth of Schein business if you want it.'"
 4 Do you see that?
 5 A. I do.
 6 Q. So Mr. Muller is telling you that
 7 there's a risk that Smile Source could take its
 8 business to Patterson or Benco, correct?
 9 MR. McDONALD: Object to the form.
 10 The document speaks for itself.
 11 THE WITNESS: That's how I read it.
 12 BY MR. SOLOMON:
 13 Q. And he's telling you that Schein
 14 potentially could lose \$1 million worth of
 15 business if it dropped the Smile Source
 16 account, correct?
 17 A. That's how I --
 18 MR. McDONALD: Object. Object to
 19 the form.
 20 Go ahead.
 21 THE WITNESS: That's how I read it,
 22 yes.
 23 BY MR. SOLOMON:
 24 Q. Did you agree with him that Smile
 25 Source could go to Patterson or Benco at this

1 TIM SULLIVAN
 2 point in time if Schein had decided to drop
 3 Smile Source?
 4 MR. McDONALD: Object to the form,
 5 calls for speculation.
 6 THE WITNESS: They can go to any
 7 number of suppliers in the marketplace. He
 8 specifically said Patterson and Benco, but
 9 they could go to any number of them.
 10 BY MR. SOLOMON:
 11 Q. So it was a risk that Smile Source
 12 could take its business to Patterson or Benco?
 13 A. Or --
 14 MR. McDONALD: Object to the form,
 15 asked and answered.
 16 THE WITNESS: Or any other dealer as
 17 well, yes.
 18 BY MR. SOLOMON:
 19 Q. Were you concerned about that?
 20 A. Again, I'll go back to -- I was
 21 asking, why do you have to drop this group? Is
 22 there other things we need to consider? I
 23 mean, I -- I'm sorry. I don't -- I would
 24 answer that the same way I did your earlier
 25 question.

1 TIM SULLIVAN
 2 Q. So one of the factors you considered
 3 in determining whether to drop Smile Source was
 4 the risk they could take their business to
 5 Patterson and Benco?
 6 MR. McDONALD: Object to the form.
 7 I don't know where you get that is
 8 something he considered about dropping
 9 Smile Source. That's nowhere in here about
 10 some decision from Mr. Sullivan to drop
 11 Smile Source. You're mischaracterizing
 12 this document and his testimony.
 13 THE WITNESS: It would be irrelevant
 14 to me where it goes. I don't care where.
 15 If we don't have it, it's somewhere else.
 16 Doesn't matter to me where it's at at that
 17 point.
 18 BY MR. SOLOMON:
 19 Q. So you wouldn't care if Smile Source
 20 took its business to Patterson or Benco?
 21 MR. McDONALD: Object to the form,
 22 mischaracterizes his testimony.
 23 THE WITNESS: Not what I said,
 24 Ronnie. I said if we didn't have it, I
 25 wouldn't care where it was. It's somewhere

1 TIM SULLIVAN
 2 else. It's at a competitor. A competitor
 3 is a competitor.
 4 BY MR. SOLOMON:
 5 Q. Okay. So at this point in time
 6 then, you were concerned about losing Smile
 7 Source to Patterson or Benco if Schein ended
 8 the relationship, is that right?
 9 MR. McDONALD: Object to the form.
 10 THE WITNESS: I don't know how else
 11 to answer the question that you're trying
 12 to have me say something I'm not.
 13 He's suggesting to drop it. I'm
 14 asking why do we have to drop it. Where it
 15 went, I don't care. If we dropped it, I
 16 don't care where it went.
 17 BY MR. SOLOMON:
 18 Q. Would it be beneficial to Schein if
 19 Smile Source took its business to Patterson or
 20 Benco?
 21 A. No.
 22 Q. Would it hurt Schein's business if
 23 Smile Source took its business to Patterson or
 24 Benco?
 25 MR. LONG: Object to the form.

Page 158

1 TIM SULLIVAN
 2 THE WITNESS: I would answer it the
 3 same way I said before, if it's not with us
 4 and it's somewhere else, that would be
 5 \$1 million of business that we wouldn't
 6 have.
 7 BY MR. SOLOMON:
 8 Q. You could put that document aside.
 9 Mr. Sullivan, have you ever provided
 10 guidance to Schein personnel in the field about
 11 whether to do business with a buying group?
 12 A. Is there something specifically?
 13 Are we doing this again where -- do you have a
 14 document I can look at that you're referring to
 15 specifically?
 16 Q. No. I think you mentioned earlier
 17 that sometimes you would talk to people in the
 18 field about working with buying groups.
 19 And so I'm asking you, following up
 20 on that, did you ever provide guidance to
 21 Schein personnel in the field about working
 22 with buying groups?
 23 A. Yes, I would give my opinion on
 24 whether or not we should, depending where on
 25 the spectrum of a buying group a particular

Page 160

1 TIM SULLIVAN
 2 someone makes a compelling argument to go
 3 work with them, I'll let them make that
 4 call.
 5 BY MR. SOLOMON:
 6 Q. So people within the organization
 7 have an understanding that you're less
 8 supportive of price-only buying groups?
 9 MR. McDONALD: Object to the form.
 10 THE WITNESS: I wouldn't
 11 characterize it that way.
 12 BY MR. SOLOMON:
 13 Q. How would you characterize it?
 14 A. As I stated before, my belief is
 15 that there's less opportunity with those groups
 16 that are price-only and how that impacts or
 17 conflicts with our brand and our image of a
 18 full-service dealer.
 19 So if they want to make a compelling
 20 argument, to go for it; I'm open. And you'll
 21 see throughout this whole period of time,
 22 opportunity after opportunity were presenting
 23 themselves. Some came to me; some didn't. We
 24 signed some that I didn't even know. So
 25 depends where in the spectrum they fell.

Page 159

1 TIM SULLIVAN
 2 opportunity resided.
 3 Q. And what kind of guidance would you
 4 provide?
 5 MR. McDONALD: Object to the form,
 6 vague.
 7 THE WITNESS: Yeah, I don't know
 8 specifically how to answer that. I mean, I
 9 think -- I believe my feelings on buying
 10 groups is well known within the
 11 organization on the price-only versus those
 12 that have compelling stories to get
 13 compliance within their groups.
 14 BY MR. SOLOMON:
 15 Q. So you're saying that people within
 16 the organization know that you are not
 17 supportive of working with price-only buying
 18 groups?
 19 MR. McDONALD: Object to the form,
 20 mischaracterizes his testimony.
 21 THE WITNESS: I never said I'm not
 22 supportive of working with them. I said
 23 there's less -- I believe there's less
 24 opportunity, less compliance with those
 25 groups that are like that. But, again, if

Page 161

1 TIM SULLIVAN
 2 Q. How do people within the Schein
 3 organization know that's your position?
 4 MR. McDONALD: Object to the form.
 5 THE WITNESS: Various meetings.
 6 BY MR. SOLOMON:
 7 Q. What kind of meetings?
 8 A. It could be budget meetings for the
 9 future year, strategic planning meetings,
 10 meetings.
 11 Q. Who would be present at those
 12 meetings?
 13 MR. McDONALD: Object to the form,
 14 overly broad.
 15 THE WITNESS: It would vary in each
 16 one.
 17 BY MR. SOLOMON:
 18 Q. Is it generally salespeople who are
 19 in these meetings?
 20 MR. McDONALD: Object to the form,
 21 vague.
 22 THE WITNESS: Generally not, no.
 23 BY MR. SOLOMON:
 24 Q. Is it --
 25 A. Generally, the executive leadership

1 TIM SULLIVAN
2 team or field leadership team for Henry Schein
3 Dental. Sometimes special markets is in the
4 room. Sometimes Jimmy is involved. So there's
5 a number of meetings that we have.

6 Q. How many times did you make your
7 position clear on buying groups in one of these
8 meetings?

9 MR. McDONALD: Object to the form.

10 THE WITNESS: No idea.

11 BY MR. SOLOMON:

12 Q. More than once?

13 A. Yes.

14 Q. More than five times?

15 MR. McDONALD: Object to the form.

16 THE WITNESS: Most likely.

17 BY MR. SOLOMON:

18 Q. More than ten times?

19 MR. McDONALD: Object to the form.

20 THE WITNESS: I don't know, Ronnie.

21 BY MR. SOLOMON:

22 Q. And what specifically would you say
23 with respect to your position?

24 MR. McDONALD: Object to the form.

25 THE WITNESS: Generally speaking, as

1 TIM SULLIVAN

2 I've talked about, the spectrum of buying
3 groups from a price-only to the structure
4 that they have that will drive compliance
5 within the group. In generality, that's
6 it.

7 BY MR. SOLOMON:

8 Q. So you would talk about a spectrum
9 of buying groups?

10 A. It's a spectrum of the offering of a
11 buying group that would drive compliance with
12 the groups.

13 Q. And price-only buying groups would
14 be on one end of the spectrum, correct?

15 A. Correct.

16 Q. And value-added service buying
17 groups would be on the other end of the
18 spectrum?

19 A. Correct.

20 Q. Did anyone ever ask you to clarify
21 your position on buying groups in one of these
22 meetings?

23 A. I don't recall specifically. I
24 would assume so, but I'd be speculating. I
25 don't recall specifically.

1 TIM SULLIVAN

2 Q. Okay. Was anyone ever confused
3 about what your policy was with respect to
4 buying groups?

5 MR. McDONALD: Object to the form,
6 calls for speculation.

7 THE WITNESS: We didn't have a
8 policy per se. There was a strategy in how
9 to -- in general.

10 There was definitely confusion
11 again, and part of the confusion is our own
12 internal. There's a special markets
13 approach to it versus the HSD approach to
14 it. There's a different impact on P&Ls.

15 So there was definitely confusion
16 within our organization as to should we,
17 shouldn't we, do we have a strategy, don't
18 we have a strategy, trying to clarify some
19 of that, if you talk to Hal versus if you
20 talk to me. So it really -- there was
21 definite confusion within our organization.

22 BY MR. SOLOMON:

23 Q. What did you do to try to dispel
24 that confusion?

25 A. Apparently not enough and really

1 TIM SULLIVAN

2 addressed the opportunities as they came up one
3 by one, but do our best as much as possible. I
4 think we have a great leadership team,
5 phenomenal leadership team to allow them to
6 make decisions as best they -- they felt best
7 for the business.

8 Q. So when you were made aware of
9 confusion surrounding buying groups, what did
10 you do specifically to dispel that confusion?

11 MR. McDONALD: Object to the form,
12 vague.

13 THE WITNESS: Apparently not enough.

14 BY MR. SOLOMON:

15 Q. What do you mean by that?

16 A. The fact that the confusion existed
17 and continued to exist means I didn't do
18 enough.

19 Q. What could you have done?

20 MR. McDONALD: Object to the form,
21 calls for speculation.

22 THE WITNESS: Yeah, I -- I don't
23 know. Held more meetings, taken Hal to
24 dinner. I don't know. There's -- cleared
25 up -- you know, clean up the P&Ls.

1 TIM SULLIVAN
 2 We've done some things. We're
 3 structured different today than we were
 4 back in this period of time to help bring
 5 alignment between the groups. So there's a
 6 lot more we've done today to bring that
 7 clarity that we didn't do then.
 8 BY MR. SOLOMON:
 9 Q. Were people in the field confused
 10 about your position with respect to buying
 11 groups?
 12 MR. McDONALD: Object to the form,
 13 calls for speculation.
 14 THE WITNESS: I don't know if anyone
 15 in the field was confused about my
 16 particular perspective of it, but there was
 17 confusion in the field as to what our, the
 18 company's, strategy was around it.
 19 BY MR. SOLOMON:
 20 Q. Did you ever hear anyone say that
 21 Schein does not work with any buying groups?
 22 MR. McDONALD: Object to the form.
 23 THE WITNESS: If they did, they
 24 would be mistaken.
 25 ///

1 TIM SULLIVAN
 2 begin with, but I believe I would have
 3 taken them through the spectrum of buying
 4 groups.
 5 BY MR. SOLOMON:
 6 Q. And you would have made clear that
 7 Schein does work with certain buying groups?
 8 A. I believe it is clear because we
 9 have a number of them already, and the team
 10 knows we have a number of them already. So I
 11 believe that part is already clear.
 12 But how we work with them and how we
 13 structure them going forward, which P&L does it
 14 go in, it was internally confusing, not great.
 15 Q. So going back to field salespeople
 16 that came to you for guidance with respect to
 17 working with buying groups, were there any
 18 specific factors that you told those people to
 19 consider in making a decision as to whether to
 20 work with a buying group?
 21 MR. McDONALD: Object to the form,
 22 mischaracterizes his testimony.
 23 He never said he had any
 24 recollection of such a conversation
 25 happening.

1 TIM SULLIVAN
 2 BY MR. SOLOMON:
 3 Q. Do you recall any specific instances
 4 where someone said Schein does not work with
 5 any buying groups?
 6 A. Not that I recall. But if you want
 7 to show me something different, I can speak to
 8 it.
 9 Q. I'm just generally -- again asking
 10 you generally, in your experience as president
 11 of HSD, have you ever had a situation where a
 12 person in the field has told you that Schein
 13 does not work with buying groups or thought
 14 that was Schein's position?
 15 MR. McDONALD: Object to the form,
 16 asked and answered.
 17 THE WITNESS: Yeah, I don't recall
 18 anyone specifically coming to me and
 19 stating that to me.
 20 BY MR. SOLOMON:
 21 Q. What would be your response if you
 22 heard that?
 23 MR. McDONALD: Object to the form,
 24 asked and answered.
 25 THE WITNESS: I'd be speculating, to

1 TIM SULLIVAN
 2 THE WITNESS: Again, I don't recall
 3 specific. There's no one -- when you say
 4 "field salespeople," no one, other than the
 5 one example we talked about earlier with
 6 Scott who's a rep down in Florida -- and,
 7 again, he didn't reach out to me; he's
 8 reaching out to the Hal -- I don't recall
 9 any specific discussions with anyone in the
 10 field in that regard.
 11 BY MR. SOLOMON:
 12 Q. Did any of those discussions ever
 13 happen while you were head of HSD?
 14 MR. McDONALD: Object to the form.
 15 He just told you he didn't recall any such
 16 discussions.
 17 THE WITNESS: I don't recall.
 18 BY MR. SOLOMON:
 19 Q. Okay. So field salespeople never
 20 came to you concerning whether or not to do
 21 business with a buying group?
 22 MR. McDONALD: Object to the form,
 23 asked and answered.
 24 THE WITNESS: Not that I recall.

Page 170

1 TIM SULLIVAN
 2 BY MR. SOLOMON:
 3 Q. What about sales managers? Did they
 4 ever come to you with questions about whether
 5 to work with a buying group?
 6 A. Rarely, but from time to time, yes.
 7 Q. And what did they ask you?
 8 MR. McDONALD: Object to the form,
 9 overly broad.
 10 THE WITNESS: I'd really have to
 11 look at a specific. No one -- they didn't
 12 come to me saying, hey, in general, Tim,
 13 what are your thoughts on buying groups?
 14 It was a specific example, here's a
 15 potential opportunity.
 16 Maybe they couldn't reach Hal and
 17 they might not have been able to reach
 18 Dave. You know, Tim, we have this
 19 opportunity. It wasn't like part of the
 20 process was to come through me. For
 21 whatever reason, they might have felt more
 22 comfortable coming to me. But it didn't
 23 happen often, but occasionally.
 24 BY MR. SOLOMON:
 25 Q. They came to you seeking guidance?

Page 171

1 TIM SULLIVAN
 2 MR. McDONALD: Object to the form.
 3 THE WITNESS: Or an opinion, what --
 4 what do you think I should do, what would
 5 you do, that type of thing.
 6 BY MR. SOLOMON:
 7 Q. How would you approach those
 8 situations?
 9 MR. McDONALD: Object to the form,
 10 overly broad, vague.
 11 THE WITNESS: Generally, again, I
 12 don't recall specifically, but I'd take
 13 them through, try to understand more about
 14 this potential opportunity.
 15 BY MR. SOLOMON:
 16 Q. And how would you try and understand
 17 more about the potential opportunity? What
 18 sort of questions would you ask?
 19 MR. McDONALD: Object to the form,
 20 vague, overly broad.
 21 THE WITNESS: Tell me more about the
 22 group.
 23 BY MR. SOLOMON:
 24 Q. And what would you want to know?
 25 A. What is it they're looking for.

Page 172

1 TIM SULLIVAN
 2 What's the opportunity? How many customers?
 3 How many members do they have? What are their
 4 goals, relative number of members? What other
 5 services do they provide? What do you believe?
 6 Do you believe by doing this we'll help the
 7 member and their -- and the group grow, and
 8 will that benefit Henry Schein Dental as well?
 9 Q. Anything else? Any other questions
 10 you would ask?
 11 MR. McDONALD: Object to the form,
 12 overly broad, vague.
 13 THE WITNESS: Generally speaking,
 14 none that come to mind.
 15 BY MR. SOLOMON:
 16 Q. Did you have any hard and fast rules
 17 with respect to whether to do business with the
 18 buying group?
 19 A. No. It was generally, again,
 20 understanding the spectrum of their offering.
 21 And if my opinion was no and they came back
 22 with a compelling argument, we might have said
 23 go for it. So there's no hard and fast rules.
 24 Q. If you disagreed with that Schein
 25 employee, how would Schein proceed with that

Page 173

 2 business?
 3 MR. McDONALD: Object to the form,
 4 asked and answered.
 5 THE WITNESS: It would depend on the
 6 situation. I'd have to -- if you have a
 7 specific to go through, let's talk about
 8 it.
 9 BY MR. SOLOMON:
 10 Q. Would you be able to prevent a sales
 11 manager or person in the field from working
 12 with a buying group if you were not in favor?
 13 MR. McDONALD: Object to the form,
 14 hypothetical.
 15 THE WITNESS: I could. I don't know
 16 that I would.
 17 BY MR. SOLOMON:
 18 Q. So a field salesperson or a manager
 19 could proceed working were a buying group even
 20 if you were not in favor of the relationship?
 21 A. Yes, there's -- yes.
 22 Q. And how often would that happen?
 23 MR. McDONALD: Object to the form.
 24 THE WITNESS: I don't know.

 2 BY MR. SOLOMON:
 3 Q. Were there any instances in which
 4 you had the final decision as to whether to
 5 work with a buying group?
 6 A. None that come to mind. I mean,
 7 really, I'd have to -- if you can show me
 8 something specific, I'd like to understand it
 9 better.
 10 Q. I'm just asking you, sitting here
 11 today as head of HSD, were there ever any
 12 instances in which you had the final decision
 13 regarding whether to do business with a buying
 14 group?
 15 A. I don't know that it -- I don't
 16 recall a situation where it came to me where
 17 others wanted to do it where I was sitting
 18 there saying no.
 19 Q. Were there any instances in which
 20 you had the final say as to whether to do
 21 business with a buying group where it was your
 22 decision and nobody else's?
 23 A. I don't believe so, no.
 24 Q. Can you name any buying groups that
 25 Schein worked with in the period from 2011

Page 176

 2 and Schein stopped doing business in or around
 3 January 2012?
 4 MR. McDONALD: Object to the form,
 5 mischaracterizes the evidence.
 6 THE WITNESS: Can you repeat that?
 7 BY MR. SOLOMON:
 8 Q. Am I correct that Smile Source and
 9 Schein stopped doing business in or around
 10 January 2012?
 11 MR. McDONALD: Same objection.
 12 THE WITNESS: I believe that's
 13 around the time that they terminated us,
 14 yes.
 15 BY MR. SOLOMON:
 16 Q. You say Schein terminated you?
 17 A. No.
 18 MR. McDONALD: Object to the form.
 19 BY MR. SOLOMON:
 20 Q. Strike that.
 21 You say Smile Source terminated
 22 Schein?
 23 A. Correct.
 24 Q. Was it a mutual decision?
 25 MR. McDONALD: Object to the form.

 2 until 2015 that you're aware of?
 3 MR. McDONALD: Object to the form.
 4 THE WITNESS: Can I name
 5 specifically?
 6 BY MR. SOLOMON:
 7 Q. Correct.
 8 A. We've provided a list of them. I
 9 don't have them in front of me. I'd like to --
 10 I can review the list.
 11 Q. I'm just asking, again, sitting here
 12 today, groups that you have personal knowledge
 13 of as head of HSD.
 14 MR. McDONALD: Object to the form.
 15 This isn't some memory test. If you
 16 recall, then tell him. If you don't
 17 recall, then tell him you can't recall
 18 names.
 19 THE WITNESS: The two that come to
 20 mind are Smile Source and Atlantic Dental
 21 Care or whatever the name of it is.
 22 BY MR. SOLOMON:
 23 Q. Any others?
 24 A. Not that come to mind right now.
 25 Q. And am I correct that Smile Source

Page 177

1 TIM SULLIVAN
 2 He just told you.
 3 THE WITNESS: They terminated our
 4 relationship.
 5 BY MR. SOLOMON:
 6 Q. Was it a mutual decision?
 7 MR. McDONALD: Object to the form.
 8 THE WITNESS: They terminated our
 9 relationship.
 10 BY MR. SOLOMON:
 11 Q. What do you mean by that?
 12 MR. McDONALD: Object to the form.
 13 THE WITNESS: I don't know how
 14 clearer I can be, Ronnie. They terminated
 15 the relationship. I have e-mails from the
 16 president of Smile Source wishing that they
 17 didn't have to do that.
 18 BY MR. SOLOMON:
 19 Q. So you were not okay with that
 20 decision; is that what you're saying?
 21 MR. McDONALD: Object to the form.
 22 THE WITNESS: I'm saying we had an
 23 opportunity to work with them. There were
 24 conflicts. We worked through those -- we
 25 attempted to work through those conflicts.

Page 178

1 TIM SULLIVAN
2 Apparently they came to the conclusion that
3 they could be serviced better by Burkhart.
4 BY MR. SOLOMON:
5 Q. And you were okay with that
6 decision?
7 MR. McDONALD: Object to the form.
8 THE WITNESS: No, I can't say I was
9 okay with it. We clearly kept in touch
10 with them. We met with them to try to
11 retain the business. They came to the
12 decision not to do business.
13 BY MR. SOLOMON:
14 Q. And so the decision then was not a
15 mutual one?
16 MR. McDONALD: Object to the form.
17 THE WITNESS: I don't know how else
18 to tell you. No. They terminated the
19 relationship. We did not terminate the
20 relationship with Smile Source back then.
21 (Exhibit CX2299 was marked for
22 identification.)
23 BY MR. SOLOMON:
24 Q. Okay. I'd like to hand you another
25 document. This has been pre-marked as CX2299.

Page 180

1 TIM SULLIVAN
2 A. That is correct.
3 Q. And this exhibit, CX2299, is a true
4 and accurate representation of this e-mail
5 correspondence, correct?
6 A. Correct.
7 Q. And Schein keeps documents such as
8 CX2299 in the ordinary course of its business,
9 right?
10 A. Yes.
11 Q. So turning to the first part of this
12 e-mail chain, the e-mail from Glenn Ellisor to
13 you.
14 Mr. Elisor was affiliated with a
15 group called Vision Source, am I correct?
16 MR. McDONALD: Object to the form.
17 THE WITNESS: That's my
18 understanding.
19 BY MR. SOLOMON:
20 Q. What is Vision Source?
21 A. My understanding is, similar to
22 Smile Source, Vision Source is on the
23 ophthalmology side. So they work with
24 ophthalmologists and optometrists in that
25 market similar to what they're doing with Smile

Page 179

2 Mr. Sullivan, let me know when you've had a
3 chance to review it.
4 (Witness viewed said document.)
5 THE WITNESS: Okay.
6 BY MR. SOLOMON:
7 Q. Mr. Sullivan, what is CX2299?
8 A. Copy of an e-mail exchange.
9 Q. Who is the e-mail exchange between?
10 A. Originated by Glenn Ellisor as the
11 CEO of Smile Source at that time, and then I
12 forwarded it on to others in the organization
13 for a discussion.
14 Q. You wrote part of this e-mail chain,
15 correct?
16 A. Yes.
17 Q. And you did so as part of your job
18 at Henry Schein?
19 A. Yes.
20 Q. And you have personal knowledge of
21 what you wrote in this e-mail, correct?
22 A. Yes.
23 Q. And you wrote this e-mail close in
24 time to receiving this message from
25 Mr. Ellisor, is that right?

Page 181

2 Source. That's where they started, and Smile
3 Source became an offshoot of what they were
4 doing in vision.
5 Q. So Vision Source is a buying group
6 for ophthalmologists, correct?
7 MR. LONG: Objection to foundation.
8 THE WITNESS: I'm not sure how -- I
9 don't know if Vision Source -- how I would
10 describe them.
11 BY MR. SOLOMON:
12 Q. Did you ever meet with Mr. Elisor?
13 A. I met with a number of folks. I
14 don't know if Glenn was ever in one of those
15 meetings. I don't recall.
16 Q. Why would you have met with
17 Mr. Elisor if he represents Vision Source?
18 MR. McDONALD: Object to the form.
19 THE WITNESS: Well, again, I don't
20 know if I did. If I did, it would have
21 been in respect to what they're doing on
22 the dental side. It had nothing to do with
23 vision. We're not in vision.
24 BY MR. SOLOMON:
25 Q. Got it.

<p style="text-align: right;">Page 182</p> <p>1 TIM SULLIVAN</p> <p>2 So Mr. Elisor tells you in his</p> <p>3 e-mail to you on Thursday, September 1st, 2011</p> <p>4 at 9:58 a.m., "...through research and</p> <p>5 intensive strategy sessions, we've fine tuned</p> <p>6 our model and value proposition for independent</p> <p>7 dentists."</p> <p>8 Do you see that?</p> <p>9 A. I see it, yeah.</p> <p>5 Q. Moving on to your response, you tell</p> <p>6 Mr. Muller, Mr. Chatham, and Mr. Breslawski,</p> <p>7 "Interesting..these guys certainly aren't going</p> <p>8 away, but their model does concern me."</p> <p>9 Do you see that?</p> <p>10 A. I do.</p> <p>11 Q. So at this point in time in</p> <p>12 September of 2011, Schein was working with</p> <p>13 Smile Source, right?</p> <p>14 A. I want to clarify that. I'm not</p> <p>15 sure when -- when was it that they terminated</p> <p>16 us?</p> <p>17 Q. You testified earlier it was</p> <p>18 January 2012.</p> <p>19 A. And so this is before then?</p> <p>20 Q. Correct.</p> <p>21 A. Okay. If those dates are accurate,</p> <p>22 that sounds right.</p> <p>23 Q. And you're saying that you were</p> <p>24 concerned about Smile Source's model, correct?</p> <p>25 A. Correct.</p>
<p style="text-align: right;">Page 184</p> <p>1 TIM SULLIVAN</p> <p>2 Q. What was the concern?</p> <p>3 A. They were positioning themselves as</p> <p>4 more than a price, but to date that's really</p> <p>5 all that they were offering, it's all that they</p> <p>6 were talking about. And so I was concerned</p> <p>7 that they could be perceived as more but only</p> <p>8 be providing the price side of it. And that</p> <p>9 model concerns me, as I've highlighted before.</p> <p>10 Q. But they were a Schein customer at</p> <p>11 this time, correct?</p> <p>12 A. Yes.</p> <p>13 Q. And Schein was getting business from</p> <p>14 their customers, correct?</p> <p>15 A. Correct.</p> <p>16 Q. And Schein was increasing the amount</p> <p>17 of business it was doing with existing</p> <p>18 customers, correct?</p> <p>19 MR. McDONALD: Object to the form.</p> <p>20 THE WITNESS: I don't know that for</p> <p>21 a fact --</p> <p>22 BY MR. SOLOMON:</p> <p>23 Q. Well --</p> <p>24 A. -- as I sit here today.</p> <p>25 Q. Do you have any reason to doubt that</p>	<p style="text-align: right;">Page 185</p> <p>1 TIM SULLIVAN</p> <p>2 that's the case?</p> <p>3 MR. McDONALD: Object to the form,</p> <p>4 lack of foundation, asked and answered.</p> <p>5 THE WITNESS: I'd have to confirm</p> <p>6 that your statement is accurate. I don't</p> <p>7 know for a fact.</p> <p>8 BY MR. SOLOMON:</p> <p>9 Q. So why would you be concerned about</p> <p>10 a group that Schein is already doing business</p> <p>11 with and had decided to do business with?</p> <p>12 A. Back to if the only thing that was</p> <p>13 happening was adding clients, adding customers</p> <p>14 I already do business -- customers of ours at</p> <p>15 lower volume and was causing creation issues in</p> <p>16 the field, as I've explained before, then</p> <p>17 that -- it was causing conflicts; it was</p> <p>18 causing challenges. Part of it is our own</p> <p>19 internal. Some of it was how they were</p> <p>20 marketing their program to new clients.</p> <p>21 And so it sounds good, but we</p> <p>22 wanted -- you know, didn't know for sure or it</p> <p>23 wasn't clear to me that they were actually</p> <p>24 bringing in -- delivering the value to their</p> <p>25 members that they were claiming to bring.</p>

2 Q. We looked at a document earlier
3 today that showed that the Smile Source was
4 \$1 million and growing.

5 Do you recall that?

6 A. I do.

7 Q. So is it fair to say at this point
8 Smile Source was a growing customer?

9 MR. McDONALD: Object to the form,
10 mischaracterizes the evidence.

11 THE WITNESS: Can you repeat the
12 question?

13 BY MR. SOLOMON:

14 Q. Sure. Is it fair to say that at
15 this point in time, Smile Source was a growing
16 customer?

17 MR. McDONALD: Object to the form,
18 mischaracterizes the evidence.

19 THE WITNESS: Again, I'd like to
20 understand that more clearly, this time
21 frame versus the time frame of that e-mail
22 that we talked about earlier.

23 BY MR. SOLOMON:

24 Q. So you're not sure whether Schein
25 was still -- strike that.

1 TIM SULLIVAN

2 You're not sure whether Smile Source
3 was still a growing customer in September of
4 2011; is that what you're saying?

5 A. As I sit here right now, that's --
6 that's right.

7 Q. Okay. Do you have any reason to
8 doubt that they were?

9 A. No.

10 Q. Okay. So when you refer to their
11 model, what specific -- what model specifically
12 are you referring? Are you referring to a
13 price-only buying group model?

14 A. That's correct.

15 Q. So you were concerned about their
16 price-only buying group model?

17 MR. McDONALD: Object to the form.

18 THE WITNESS: They were making
19 claims to providing value for the members
20 more than that. But at this time, the only
21 thing that they were really marketing to
22 new members and the value that we believe
23 that they were really only driving was that
24 on the price side.

2 BY MR. SOLOMON:

3 Q. And that was problematic, in your
4 opinion?

5 A. It was a concern.

6 Q. How did you deal with that concern?

7 A. We would -- they would contact us if
8 there was a problem with one of our reps saying
9 something bad about them. We would contact
10 them if we heard one of their salespeople
11 presenting only on price. The people in the
12 field would communicate the challenges, and we
13 would communicate that with them primarily
14 through John Chatham.

15 Q. Did you ever tell -- strike that.

16 Did Schein ever tell Smile Source
17 that their price-only buying group model was a
18 concern?

19 A. Wouldn't say it in those words
20 exactly. But, yeah, we expressed our concerns
21 to them about that in some regard.

22 Q. Who expressed those concerns?

23 A. I know I had at one point. Where in
24 the process of the entire relationship, I'm not
25 sure. We had -- we did have face-to-face

1 TIM SULLIVAN

2 meetings with them. I don't recall if it was
3 before or after this, but I expressed that
4 concern. I know John had when he was working
5 with others within Smile Source.

6 Q. Did you ever ask Smile Source to
7 change its model?

8 MR. McDONALD: Object to the form.

9 THE WITNESS: No. It wouldn't be
10 our place to do that. We would talk to
11 them about our value proposition and how
12 does that align with theirs. And the more
13 we're aligned, the more opportunity for
14 there to be a mutual win-win.

15 BY MR. SOLOMON:

16 Q. Did -- strike that.

17 Have Schein representatives ever
18 said bad things about Smile Source?

19 MR. McDONALD: Object to the form,
20 vague, lack of foundation.

21 THE WITNESS: I don't know
22 specifically, but I believe that to be the
23 case, yes.

24 BY MR. SOLOMON:

25 Q. Who has said bad things about Smile

<p style="text-align: right;">Page 190</p> <p>1 TIM SULLIVAN</p> <p>2 Source?</p> <p>3 A. I just said I don't know</p> <p>4 specifically, so I don't have the exact names.</p> <p>5 But the conflict we would hear about is -- we</p> <p>6 had the one example earlier with Scott Schenker</p> <p>7 down in Florida. Here's a customer who met</p> <p>8 with Smile Source who's trying to see should</p> <p>9 they join. Scott would say, you don't need to</p> <p>10 join them. They don't -- the only thing</p> <p>11 they're providing you is XYZ. Look at all that</p> <p>12 I do for you.</p> <p>13 It's no -- to a large extent, it's</p> <p>14 not much different than you do every single</p> <p>15 day; you try to show your value versus any</p> <p>16 competitor in the marketplace.</p> <p>17 And Smile Source was not a</p> <p>18 competitor. But from a rep's perspective, if</p> <p>19 they moved into special markets, they would get</p> <p>20 lower commission, which is another reason why</p> <p>21 we wanted to move it over to HSD to maybe it</p> <p>22 will help eliminate that conflict.</p> <p>23 Part of the issue is our own</p> <p>24 internal stuff. And so since it wasn't clear,</p> <p>25 yeah, sometimes our sales rep would say</p>	<p style="text-align: right;">Page 191</p> <p>1 TIM SULLIVAN</p> <p>2 negative things about them that we would try</p> <p>3 clarifying. That was John's e-mail earlier to</p> <p>4 managers in the area, you know, kind of fluffed</p> <p>5 it up a little bit about, it's good, it's a</p> <p>6 good thing for them, so they can then help sell</p> <p>7 that to the sales team, but not all -- the</p> <p>8 entire sales team didn't truly always</p> <p>9 understand it.</p> <p>10 Q. Are you -- strike that.</p> <p>11 At this point in time, Smile Source</p> <p>12 was an HSD customer, not special markets,</p> <p>13 correct?</p> <p>14 MR. McDONALD: At the time of 2299?</p> <p>15 MR. SOLOMON: Correct.</p> <p>16 THE WITNESS: I -- I don't know</p> <p>17 specifically. I don't know.</p> <p>18 BY MR. SOLOMON:</p> <p>19 Q. You're not sure one way or the</p> <p>20 other?</p> <p>21 A. Correct.</p> <p>22 Q. Okay.</p> <p>23 A. I would say this: I believe so</p> <p>24 because the message is to myself and to John</p> <p>25 Chatham. There's no one from special markets</p>
<p style="text-align: right;">Page 192</p> <p>1 TIM SULLIVAN</p> <p>2 in here, so that very well could be the case.</p> <p>3 Q. And you received this e-mail --</p> <p>19 A. I did.</p> <p>20 Q. -- correct?</p> <p>21 And you wrote part of this e-mail</p> <p>22 chain, correct?</p> <p>23 A. I did.</p> <p>24 Q. And did you write this e-mail close</p> <p>7 in time to receiving these inquiries from</p> <p>8 Mr. Josh Naftolin?</p> <p>9 A. I'm sorry. Say it again.</p> <p>10 Q. Sure. Did you write this e-mail</p> <p>11 close in time to receiving these inquiries from</p> <p>12 Mr. Josh Naftolin, who is referenced in this</p> <p>13 e-mail?</p> <p>14 A. Well, the time frame we're talking</p> <p>15 about, but I never received an e-mail from</p> <p>16 Josh. It was Steve Kess that would have</p> <p>17 forwarded it on to me.</p> <p>18 Q. Got it.</p> <p>19 And then did you write this e-mail</p> <p>20 close in time to receiving those e-mails from</p> <p>21 Mr. Kess?</p> <p>22 A. Yes.</p> <p>23 Q. And do you believe CX2456 to be a</p> <p>24 true and accurate representation of this e-mail</p> <p>25 correspondence?</p>

Page 194

1 TIM SULLIVAN
 2 A. Yes.
 3 Q. And is CX2456 something that Schein
 4 kept in the ordinary course of its business?
 5 A. Yes.
 6 Q. I'd like to turn your attention to
 7 the last page of this e-mail chain. You'll see
 8 someone named Mr. Josh Naftolin, who appears to
 9 be a regional sales manager in California,
 10 drafted this part of the e-mail chain to
 11 Mr. Kess, is that right?
 12 A. I think you said California, but it
 13 looks to me it says North Carolina.
 14 Q. Right. I think I said North
 15 Carolina.
 16 A. I'm --
 17 MR. McDONALD: You said -- you said
 18 California.
 19 MR. SOLOMON: My apologies.
 20 BY MR. SOLOMON:
 21 Q. So Mr. Naftolin is a regional sales
 22 manager in North Carolina?
 23 A. I believe for our medical business,
 24 not in dental.
 25 Q. So he worked on the medical side of

Page 196

 2 THE WITNESS: Appears to be.

 4 Q. And then Mr. Kess on December 7th,
 5 2011 at 8:25 a.m. includes you on the e-mail by
 6 copying yourself, Mr. Steck, and Mr. Hinsch.
 7 Do you see that?
 8 A. I do.
 9 Q. You reply to Mr. Kess' e-mail, "I am
 10 still of position that we do NOT want to lead
 11 in getting this initiative started in dental.
 12 I think that it is a very slippery slope."
 13 Do you see that?
 14 A. I do.
 15 Q. So are you saying that you did not
 16 want Schein to lead in getting GPOs started in
 17 the dental industry?
 18 A. So, again, e-mails are not always
 19 clear. I tried to clarify it I think in the
 20 next one, "At end of day, we provide package
 21 discount," yadda, yadda, yadda. We work with
 22 groups. We have worked with groups. We
 23 continue to work with groups.
 24 Again, didn't see a -- at this time,
 25 wasn't a major part of our initiative, wasn't a

 2 Schein's business?
 3 A. I don't recognize the name. Just
 4 based on this exchange, that's what it looks
 5 like.
 6 Q. Okay. Mr. Naftolin is raising the
 7 idea of a dental group purchasing organization,
 8 correct?
 9 A. Correct.
 10 Q. And he's saying that he has
 11 continued interest in this idea and wants to
 12 hammer out some ideas in details, right?
 13 A. In generality, yes, I think that
 14 summarizes it.
 15 Q. And Mr. Naftolin seems interested in
 16 wanting to bring business to Schein through a
 17 potential dental GPO, correct?
 18 MR. McDONALD: Object to the form.
 19 The document speaks for itself.
 20 THE WITNESS: That's -- that's how I
 21 read it.
 22 BY MR. SOLOMON:
 23 Q. And this appears to be just an idea
 24 of Mr. Naftolin's at this point in time?
 25 MR. McDONALD: Object to the form.

Page 197

 2 major strategic priority of ours. Priorities
 3 were focused elsewhere.
 4 So, no, we were not looking to
 5 necessarily proactively go out and expand it,
 6 particularly those when it comes to the
 7 price-only focus. Again, this is GPOs but
 8 buying groups.
 9 Q. Why did you not want to expand it?
 10 A. I think I just stated, there's
 11 opportunities within them; there's risks within
 12 them.
 13 Q. And you write "do NOT." You write
 14 "NOT" in all caps. So you seem to be very
 15 emphatic about not wanting to work with them,
 16 correct?
 17 MR. McDONALD: Object to the form.
 18 THE WITNESS: I don't know how to
 19 answer it differently than I just did.
 20 BY MR. SOLOMON:
 21 Q. Did you want to make sure that
 22 Mr. Kess and the others copied on this e-mail
 23 understood your position very clearly with
 24 respect to buying groups?
 25 MR. McDONALD: Object to the form.

Page 198

1 TIM SULLIVAN
 2 THE WITNESS: Throughout the clarity
 3 in the next paragraph, right? So, "At end
 4 of day, we provide package discount 'deals'
 5 to those" -- "At end of day, we provide
 6 package discount 'deals' to those that
 7 control buying. Simply being a 'member'
 8 has historically provided little value or
 9 incentive to drive change in purchasing."
 10 So I think it's -- if you take the
 11 entire exchange in total, I think my
 12 message is clear, because I don't think the
 13 first part of my message was very clear.
 14 BY MR. SOLOMON:
 15 Q. Do buying groups ever control
 16 buying?
 17 MR. McDONALD: Object to the form,
 18 lack of foundation.
 19 THE WITNESS: Again, "control" may
 20 have -- be a wrong -- you know, again,
 21 portray a word referring to compliance, so
 22 they can drive compliance within their
 23 members to actually do what they're signing
 24 up to do. That's what I meant by "control"
 25 there.

Page 200

 2 choice of words, quick response in an
 3 e-mail. But I'm saying we work with buying
 4 groups. I've talked to you about the
 5 spectrum. The next paragraphs clarifies,
 6 so I think my message in totality is pretty
 7 clear.
 8 BY MR. SOLOMON:
 9 Q. Why would Schein call buying groups
 10 a slippery slope if they work with them?
 11 MR. McDONALD: Object to the form.
 12 This is a document from Mr. Sullivan, not
 13 Schein.
 14 MR. SOLOMON: Strike that.
 15 BY MR. SOLOMON:
 16 Q. Why would you call buying groups a
 17 slippery slope if Schein has always worked with
 18 buying groups?
 19 A. Poor word -- poor choice of words on
 20 my part.
 21 Q. How -- how would you have changed
 22 this sentence?
 23 MR. McDONALD: Object to the form.
 24 THE WITNESS: I don't know. I'd be
 25 speculating.

Page 199

1 TIM SULLIVAN
 2 BY MR. SOLOMON:
 3 Q. So you meant "compliance," but you
 4 wrote groups that control buying?
 5 A. Kind of like sometimes we call them
 6 GPOs and buying groups. Yeah, it would
 7 intertwine that word in this regard, yes.
 8 Q. Did Mr. Kess and the others copied
 9 on this e-mail understand that's what you meant
 10 here?
 11 MR. McDONALD: Object to the form.
 12 THE WITNESS: I would hope so. I
 13 don't know for a fact.
 14 BY MR. SOLOMON:
 15 Q. You also -- going back to the first
 16 paragraph, you state, "I think that it is a
 17 very slippery slope."
 18 Do you see that?
 19 A. I do.
 20 Q. So you're saying that working with
 21 buying groups was a slippery slope for Schein?
 22 MR. McDONALD: Object to the form,
 23 mischaracterizes the document.
 24 THE WITNESS: We work -- we already
 25 work with them. Maybe, again, back to poor

Page 201

 2 BY MR. SOLOMON:
 3 Q. Well, I don't want you to speculate.
 4 I just want to know what you meant.
 5 A. Poor choice of words.
 6 Q. You can't think of any way you could
 7 have clarified this statement?
 8 A. I think I did in the next paragraph.
 9 Q. Where?
 10 A. I'll read it again, "At end of day,
 11 we provide package discount 'deals' to those
 12 that control buying." In other words, can
 13 drive compliance within their groups.
 14 "Simply being a 'member' has
 15 historically provided little value or incentive
 16 to drive change in purchasing loyalty at the
 17 local practice -- GP," meaning general
 18 practitioner -- "level." I think -- I think
 19 that clarifies my position.
 20 Q. How did it clarify your position?
 21 MR. McDONALD: Object to the form,
 22 asked and answered.
 23 THE WITNESS: I don't know how to
 24 answer that. I believe that clarifies it.
 25 ///

1 TIM SULLIVAN
 2 BY MR. SOLOMON:
 3 Q. And you refer to in this paragraph,
 4 the second paragraph here, "being a 'member'
 5 has historically provided little value."
 6 So this was based on past experience
 7 with buying groups that Schein has had?
 8 A. Back to the Alpha Omega example I
 9 gave you.
 10 Q. And fair to say you did not want to
 11 replicate those experiences?
 12 MR. McDONALD: Object to the form --
 13 THE WITNESS: It would depend --
 14 MR. McDONALD: -- mischaracterizes --
 15 hang on, mischaracterizes his testimony.
 16 THE WITNESS: It would depend on the
 17 opportunity.
 18 BY MR. SOLOMON:
 19 Q. Did you ask any questions about this
 20 particular opportunity in terms of how Schein
 21 could possibly arrange for a win-win situation?
 22 A. I don't recall.
 23 Q. You didn't in this e-mail, though,
 24 correct?
 25 A. That's correct.

1 TIM SULLIVAN
 2 Are you referring to price there?
 3 A. So, again, price is a value or the
 4 component of our overall proposition. We
 5 compete on overall value in every segment of
 6 the market, from private practitioner to small
 7 group, large groups, to majors. So, yes, price
 8 is a component of that.
 9 Q. Wouldn't that be a problem then with
 10 value-added buying groups?
 11 A. No, we compete on -- we compete in
 12 those cases for the business also.
 13 Q. Right. But you're stating here that
 14 working with price-only buying groups causes
 15 all sorts of issues for members and local area
 16 non-members who expect the same price.
 17 A. Right.
 18 Q. Correct?
 19 Isn't that the same -- isn't that
 20 problem also present with respect to value --
 21 value-added buying groups?
 22 MR. McDONALD: Object to the form,
 23 mischaracterizes the document.
 24 THE WITNESS: Yeah, not necessarily.
 25 Again, it depends on the group, which

1 TIM SULLIVAN
 2 Q. Why not?
 3 A. I don't -- I don't know.
 4 Q. So, again, in the second
 5 paragraph you say, I think it is a very
 6 slippery slope.
 7 Have you used that phrase to refer
 8 to buying groups in any other context?
 9 MR. McDONALD: Object to the form.
 10 If you've got a document, show it to
 11 him.
 12 THE WITNESS: Not that I recall.
 13 BY MR. SOLOMON:
 14 Q. Okay. Have you ever heard anyone
 15 else within Schein refer to buying groups as a
 16 slippery slope?
 17 MR. McDONALD: Object to the form.
 18 THE WITNESS: Again, not that I
 19 recall. If you have something to show me,
 20 I'd be happy to speak to it.
 21 BY MR. SOLOMON:
 22 Q. Okay. In the second paragraph, you
 23 say, "...yet causes all sorts of issues for

 2 groups do we want to put our brand with,
 3 our image. The ones that we sign up for,
 4 we're saying we're willing to take that --
 5 we believe that the value message in that
 6 relationship is consistent.
 7 BY MR. SOLOMON:
 8 Q. Did you know whether the prospect
 9 reference in this e-mail had a value-added
 10 component to it?
 11 A. I do not. I don't know if they did
 12 or not.
 13 Q. Did you ask about it in this e-mail?
 14 A. As I stated earlier, no.
 15 Q. Why not?
 16 A. As I stated earlier, I don't know.
 17 Q. That's something you would want to
 18 know, correct?
 19 A. If the opportunity --
 20 MR. McDONALD: Object to the form.

 6 MR. McDONALD: Object to the form.
 7 THE WITNESS: I don't know how they
 8 would approach me or anyone else. It could
 9 have been Hal. It could have been any
 10 number of us. Again, I'm not the sole
 11 decision-maker in these things.
 12 So if someone said, no, I really

 21 Q. Mr. Sullivan, I'm handing you a
 22 document that's been pre-marked as CX2457.
 23 Please have a look at it and let me know when
 24 you've had a chance to review.
 25 (Witness viewed said document.)

1 TIM SULLIVAN
 2 this in the ordinary course of its business,
 3 correct?
 4 A. Correct.
 5 Q. Do you recall the meeting referenced
 6 in CX2547 with Mr. Cavaretta?
 7 A. I do not.
 8 Q. The subject here is "Vegas Buying
 9 Group."
 10 Do you see that?
 11 A. I do.
 12 Q. Do you recall what group is being
 13 referenced in the subject line?
 14 A. Until reading this e-mail, no.
 15 Q. Okay. This was on December 22nd,
 16 2011 at 10:46 a.m., correct?
 17 A. Correct.
 18 (Exhibit CX2458 was marked for
 19 identification.)
 20 BY MR. SOLOMON:
 21 Q. Okay. I'd like to hand you another
 22 document that's been pre-marked as CX2458.
 23 Please take a look at this, Mr. Sullivan, and
 24 let me know when you've had a chance to review.
 25 (Witness viewed said document.)

1 TIM SULLIVAN
 2 THE WITNESS: Okay.
 3 BY MR. SOLOMON:
 4 Q. Mr. Sullivan, what is CX2457?
 5 A. An e-mail exchange between myself
 6 and other internal TSMs, team Schein members.
 7 Q. You received this e-mail as part of
 8 your job as H -- at HSD?
 9 A. Correct.
 10 Q. And you responded to it as part of
 11 your job at HSD?
 12 A. Correct.
 13 Q. And you have personal knowledge of
 14 the contents of which you wrote in this e-mail?
 15 A. Correct.
 16 Q. And you wrote this e-mail close in
 17 time to your meeting with Mr. Cavaretta
 18 referenced in this e-mail?
 19 A. It looks to be accurate, yes.
 20 Q. This is a true and correct
 21 representation of this e-mail exchange between
 22 you, Mr. Cavaretta, Mr. Steck, Mr. Chatham, and
 23 Ms. Pampel?
 24 A. Correct.
 25 Q. And Schein keeps documents such as

1 TIM SULLIVAN
 2 THE WITNESS: Okay.
 3 BY MR. SOLOMON:
 4 Q. Okay. Mr. Sullivan, what is
 5 CX2458?
 6 A. It's an e-mail from Joe Cavaretta to
 7 our local manager and a sales rep of ours in
 8 Las Vegas.
 9 Q. Okay. And Mr. Cavaretta is
 10 referring to a meeting that he had with Tim,
 11 Dave, and John about the Merit Dent group.
 12 Do you see that?
 13 A. I do.
 14 Q. Is he referring to a meeting that he
 15 had with you, Mr. Steck, and Mr. Chatham?
 16 A. Appears to be.
 17 Q. And do you understand that the
 18 meeting referenced in CX2458 corresponds to the
 19 meeting referenced in CX2457?
 20 A. It's a fair assumption, but I don't
 21 know. They're two different titles. I assume
 22 it's the same.
 23 Q. Yeah, they're both on the -- both
 24 e-mails are from the same day, correct?
 25 A. It appears to be the same, yeah.

1 TIM SULLIVAN
 2 Q. Okay. And you have no reason to
 3 doubt that this is the same meeting referenced
 4 in both documents?
 5 MR. McDONALD: Object to the form.
 6 THE WITNESS: I have no reason to
 7 doubt that.
 8 BY MR. SOLOMON:
 9 Q. Okay. So do you recall after
 10 reviewing CX2458 more about this particular
 11 meeting you had with Mr. Cavaretta?
 12 A. I do not.
 13 Q. Do you recall at all a group called
 14 Merit Dent?
 15 A. I do not.
 16 Q. So Mr. Cavaretta writes in his
 17 e-mail, "As you can imagine" -- and he's
 18 speaking about his meeting with you, Mr. Steck,
 19 and Mr. Chatham.
 20 He writes, "As you can imagine, they
 21 feel the same way as we do that we don't want
 22 to be the first company to open the floodgates
 23 to the dangerous world of GPOs," correct?
 24 MR. McDONALD: Object to the form.
 25 Are you asking him if that's what it

1 TIM SULLIVAN
 2 says?
 3 BY MR. SOLOMON:
 4 Q. That's what it says, correct?
 5 A. That is what it says.
 6 Q. Fair to say that you were concerned
 7 about Schein being the first distributor to
 8 work with GPOs based on what Mr. Cavaretta
 9 wrote here?
 10 MR. McDONALD: Object to the form.
 11 THE WITNESS: This is not my e-mail.
 12 BY MR. SOLOMON:
 13 Q. That's true. This is Mr. Cavaretta
 14 writing it. He's saying that -- he's talking
 15 about a conversation he had with you,
 16 Mr. Steck, and Mr. Chatham.
 17 MR. McDONALD: Object to the form.
 18 BY MR. SOLOMON:
 19 Q. Did you say that at the meeting you
 20 had with Mr. Cavaretta earlier that day?
 21 A. I don't think I've ever used the
 22 terms "open the floodgates to dangerous world
 23 to GPOs."
 24 Q. So Mr. Cavaretta is
 25 mischaracterizing what you said here?

1 TIM SULLIVAN
 2 MR. McDONALD: Object to the form.
 3 THE WITNESS: That's my
 4 understanding, yes.
 5 BY MR. SOLOMON:
 6 Q. What did you actually say?
 7 MR. McDONALD: Object to the form.
 8 THE WITNESS: I just told you, I
 9 don't recall even having the meeting. I
 10 don't recall how the meeting -- what was
 11 actually said in the meeting.
 12 My assumption would have been the
 13 same discussion we've had about buying
 14 groups only based on price.
 15 BY MR. SOLOMON:
 16 Q. So you don't recall the meeting at
 17 all?
 18 A. Correct.
 19 Q. And you don't recall what you said
 20 at the meeting?
 21 A. That's correct.
 22 Q. But you're also saying that you did
 23 not say what Mr. Cavaretta wrote on this page,
 24 right?
 25 A. Correct. I can tell you what I had

1 TIM SULLIVAN
 2 for dinner last Tuesday -- or I can't tell you
 3 what I had for dinner last Tuesday, but I can
 4 tell you it wasn't shrimp. I can tell you what
 5 I didn't -- I didn't say.
 6 Q. So this is not something you would
 7 say?
 8 A. Correct.
 9 Q. Do you know why Mr. Cavaretta would
 10 be mischaracterizing your statements?
 11 MR. McDONALD: Object to the form.
 12 THE WITNESS: I don't.
 13 BY MR. SOLOMON:
 14 Q. Has Mr. Cavaretta ever
 15 mischaracterized your statements in other
 16 e-mails?
 17 MR. McDONALD: Object to the form.
 18 THE WITNESS: If you have one I can
 19 look at, I can speak to that. Not that I
 20 recall.
 21 BY MR. SOLOMON:
 22 Q. Mr. Cavaretta is your direct report,
 23 correct?
 24 A. No.
 25 MR. McDONALD: Object to the form.

1 TIM SULLIVAN
 2 THE WITNESS: No, he's not.
 3 BY MR. SOLOMON:
 4 Q. Mr. Cavaretta reports to you --
 5 strike that.
 6 Mr. Cavaretta falls below you in
 7 the -- in the Henry Schein corporate chain, is
 8 that right?
 9 A. That's correct.
 10 Q. And he reports to Mr. Steck?
 11 A. That's correct.
 12 Q. And Mr. Steck reports to you?
 13 A. That's correct.
 14 Q. Are you concerned that someone who
 15 falls lower within the corporate Schein chain
 16 is mischaracterizing your statements as it
 17 relates to potential customers?
 18 MR. McDONALD: Object to the form.
 19 THE WITNESS: Again, as I've
 20 mentioned several times the confusion in
 21 this space during this period of time, both
 22 internal and external, our opinion.
 23 So in this case, in this particular
 24 example, he's -- I read this that he's
 25 speaking about how we view the buying group

1 TIM SULLIVAN
 2 A. I've already testified that I don't
 3 agree with that.
 4 Q. Okay. The next sentence,
 5 Mr. Cavaretta writes, "Based on the fact that
 6 they will not guarantee that all their business
 7 will come to Schein they will not fall into the
 8 CAG world either."
 9 Does CAG refer to corporate accounts
 10 group?
 11 A. Yes, it does.
 12 Q. And that's another acronym used to
 13 refer to special markets, correct?
 14 A. That's correct.
 15 Q. So he's saying that if a potential
 16 customer cannot guarantee that all of their
 17 business will be brought to Schein, Schein is
 18 not interested in working with that customer,
 19 is that correct?
 20 MR. McDONALD: Object to the form,
 21 mischaracterizes the testimony and the
 22 document.
 23 THE WITNESS: He's referring to this
 24 particular example. He's not stating
 25 that's our position across all potential

1 TIM SULLIVAN
 2 opportunity relative to those price-only
 3 versus on a spectrum. I don't know how
 4 else to respond to that.
 5 BY MR. SOLOMON:
 6 Q. Did Mr. Cavaretta tell you that he
 7 didn't want to be the first -- strike that.
 8 Did Mr. Cavaretta ever tell you that
 9 he did not want Schein to be the first
 10 distributor to work with GPOs or buying groups?
 11 MR. McDONALD: Object to the form.
 12 THE WITNESS: Again, we -- at this
 13 time we're already working with groups. So
 14 I just think it's a false statement in
 15 here.
 16 BY MR. SOLOMON:
 17 Q. So this is a false statement?
 18 A. It's poorly worded.
 19 Q. He also calls GPOs dangerous.
 20 Do you see that?
 21 A. I do.
 22 MR. McDONALD: Object to the form.
 23 BY MR. SOLOMON:
 24 Q. Would you agree with that --
 25 Mr. Cavaretta's characterization there?

1 TIM SULLIVAN
 2 opportunities.
 3 BY MR. SOLOMON:
 4 Q. And he's saying that if a potential
 5 customer cannot guarantee that all of their
 6 business will be brought to Schein, HSD is not
 7 interested in working with that customer, is
 8 that right?
 9 MR. McDONALD: Object to the form.
 10 THE WITNESS: Where does it say
 11 that?
 12 MR. McDONALD: It doesn't.
 13 BY MR. SOLOMON:
 14 Q. "Based on the fact that they will
 15 not guarantee all of their business will come
 16 to Schein they will not fall into the CAG world
 17 either."
 18 A. That they -- he's specifically
 19 talking now about this opportunity, not our
 20 strategy across the board on GPOs. We're
 21 obviously doing business with GPOs or buying
 22 groups at this point already.
 23 He's talking about this specific --
 24 when he says, "Based on the fact that they,"
 25 they, Merit Dental will not.

Page 218

1 TIM SULLIVAN
2 Q. So because they won't guarantee that
3 all of their business will go through Schein,
4 they will not fall into special markets,
5 correct?
6 MR. McDONALD: Object to the form.
7 THE WITNESS: That's what he's
8 stating here. Yes, that's what he's
9 stating.
10 BY MR. SOLOMON:
11 Q. Do you say anywhere in this e-mail
12 that Schein is already working with buying
13 groups or GPOs? Strike that.
14 Does Mr. Cavaretta state anywhere in
15 this e-mail that Schein is already working with
16 buying groups or GPOs?
17 A. I don't see that in this e-mail, no.
18 Q. Mr. Cavaretta goes on to write under
19 numeral 1, "I will explain to Dr. Balle that
20 the one price fits all strategy doesn't
21 translate well into our world."
22 Do you see that?
23 A. I do.
24 Q. Is he saying that Schein is not
25 willing to give a dentist of a buying group all

Page 219

1 TIM SULLIVAN
2 the same price?
3 MR. McDONALD: Object to the form,
4 calls for speculation.
5 THE WITNESS: I don't know what he's
6 referring to there.
7 BY MR. SOLOMON:
8 Q. You're not sure one way or the
9 other; you just have no knowledge of what
10 Mr. Cavaretta means here?
11 MR. McDONALD: Objection, asked and
12 answered. He just told you he doesn't know
13 what he meant.
14 THE WITNESS: I don't know what he
15 means. I'd be speculating.
16 BY MR. SOLOMON:
17 Q. Turning to the last paragraph of
18 this exhibit, Mr. Cavaretta writes, "If not we
19 will just have to take the docs that may leave
20 us for a different company on a case by case
21 basis."
22 Do you see that?
23 A. I do.
24 Q. So Mr. Cavaretta is saying that
25 there's a risk that by not working with this

Page 220

1 TIM SULLIVAN
2 group, they could leave Schein for another
3 distributor, correct?
4 MR. McDONALD: Object to the form.
5 THE WITNESS: That's how I read it.
6 BY MR. SOLOMON:
7 Q. And why would Schein be willing to
8 lose customers by refusing to work with this
9 group?
10 MR. McDONALD: Object to the form,
11 mischaracterizes the document.
12 THE WITNESS: That's not how I read
13 what he's saying.
14 BY MR. SOLOMON:
15 Q. How do you read what he's saying?
16 A. As we talked about earlier, if we
17 decide to work with a group, we would do it
18 because we believe we can get deeper
19 penetration into our existing business to
20 potentially add new ones if we believe that
21 they could actually get their members to comply
22 with the -- the arrangement.
23 If not and they decide to go
24 somewhere else, well, now they're going to be
25 kind of pitched that story via another

Page 221

1 TIM SULLIVAN
2 distributor. So we're going to make sure --
3 you know, their members, by the way, in all
4 these groups are our customers. They're not
5 customers of those groups; they're members.
6 Every single one of those members are customers
7 or potential customers of ours.
8 So whether they're in the group or
9 not, we're going to be meeting with them all
10 the time to show them our value. So if they
11 decide to work with someone else, okay. That
12 doesn't mean we just give up. There is a risk.
13 If it turns out to be that they do
14 more and they have some other hooks into their
15 members to switch, then it provides a risk.
16 But he's saying we'll go after that business to
17 make sure we don't lose it.
18 Q. He's saying we'll go after the
19 independent -- strike that.
20 He's saying we'll go after the
21 individual accounts, not the actual buying
22 group, right?
23 MR. McDONALD: Object to the form.
24 THE WITNESS: That's how I read it.

 4 MR. McDONALD: So, Ronnie, it's
 5 12:30, and we've been going over an hour.
 6 How about lunch?
 7 MR. SOLOMON: Sure. This is a
 8 perfect point to break.
 9 MR. McDONALD: Okay.
 10 THE VIDEOGRAPHER: Time is

 2 AFTERNOON SESSION
 3 THE VIDEOGRAPHER: This is the
 4 beginning of DVD No. 3. The time is
 5 1:19 p.m. We are back on the record.
 6 TIM SULLIVAN,
 7 was called for examination, and having been
 8 previously duly sworn, was examined and
 9 testified further as follows:
 10 EXAMINATION (Resumed)
 11 BY MR. SOLOMON:
 12 Q. Welcome back, Mr. Sullivan, from
 13 lunch.
 14 (Exhibit CX2251 was marked for
 15 identification.)
 16 BY MR. SOLOMON:
 17 Q. I'd like to hand you a document
 18 that's been pre-marked as CX2251. Please let
 19 me know when you've had a chance to review it.
 20 (Witness viewed said document.)
 21 THE WITNESS: Okay.
 22 BY MR. SOLOMON:
 23 Q. Mr. Sullivan, what is CX2251?
 24 A. It's an e-mail from Kathleen Titus
 25 to two of our West Coast managers, and it

Page 224

1 TIM SULLIVAN
 2 includes an attachment of a prime vendor
 3 agreement.
 4 Q. And this is in regards to a
 5 potential customer called Pacific Group
 6 Management Services, correct?
 7 A. Correct.
 8 Q. Are you familiar with that group?
 9 MR. McDONALD: Object to the form.
 10 THE WITNESS: I recall the name, but
 11 I'm not familiar with the group, no.
 12 BY MR. SOLOMON:
 13 Q. They were a buying group, right?
 14 MR. McDONALD: Object to the form.
 15 THE WITNESS: Again, I remember the
 16 name, but I don't recall the details of who
 17 they are.
 18 BY MR. SOLOMON:
 19 Q. Okay. So you're not sure whether --
 20 sitting here today, you're not sure if they
 21 were a buying group?
 22 MR. McDONALD: Objection, asked and
 23 answered.
 24 THE WITNESS: If there's more
 25 documents to review to refresh my memory.

Page 225

1 TIM SULLIVAN
 2 But as I sit here today, I don't recall who
 3 they are. I recognize the name.
 4 BY MR. SOLOMON:
 5 Q. Miss Titus, Kathleen Titus writes,
 6 "We had a GPO prospect called PGMS. Very
 7 intriguing, willing to be exclusive. I created
 8 this and sent to Joe for review. It went to
 9 Tim and he shot it down. I think the meta msg
 10 is officially, GPO's are not good for Schein."
 11 Did I read that correctly?
 12 A. You read it correctly.
 13 Q. Okay. "Tim," does that refer to
 14 you, Mr. Sullivan?
 15 A. I believe so, yes.
 16 Q. And "msg," she uses the phrase
 17 "msg," does that refer to message?
 18 A. I would assume so.
 19 Q. Do you recall rejecting this group,
 20 Pacific Group Management Services, as a
 21 customer prospect?
 22 A. I don't recall shooting it down, as
 23 she says in here, or rejecting it.
 24 Q. What do you recall?
 25 A. I'd like to review the document, so

1 TIM SULLIVAN
 2 there's more to it. I know there's an exchange
 3 on it, but I don't recall being the one that
 4 shot it down.
 5 Q. She also says, "I think the meta
 6 message is officially, GPO's are not good for
 7 Schein."
 8 Did you understand Ms. -- strike
 9 that.
 10 Do you understand Ms. Titus to be
 11 saying that her belief is that GPOs are not
 12 good for Schein?
 13 MR. McDONALD: Object to the form,
 14 calls for speculation --
 15 THE WITNESS: I'm not going to
 16 spec- --
 17 MR. McDONALD: -- misstates the
 18 record of what Ms. Titus said she meant.
 19 I think you there listening nicely
 20 to her testimony, Mr. Sullivan.
 21 THE WITNESS: I'm not going to
 22 speculate as to what she means behind that.
 23 BY MR. SOLOMON:
 24 Q. Okay. What do you -- sitting here
 25 today, what do you think of her statement, "I

1 TIM SULLIVAN
 2 think the meta message is officially, GPO's are
 3 not good for Schein"?.
 4 MR. McDONALD: Object to the form.
 5 THE WITNESS: It misstates my
 6 position on it.
 7 BY MR. SOLOMON:
 8 Q. How so?
 9 A. As I've stated before and many times
 10 over, we work with many groups, historically
 11 worked with many groups. We've continued to
 12 work with groups. And there are examples of --
 13 these keep coming up as possible groups to work
 14 with because we don't have a policy against.
 15 We don't have a strategy against. If we did,
 16 these opportunities wouldn't keep coming up.
 17 So they keep coming up because we'll take a
 18 look at them individually and make a decision.
 19 Q. So Ms. Titus is saying that this
 20 customer prospect was sent to you for review,
 21 you shot it down, and that the meta message is
 22 officially GPOs are not good for Schein.
 23 Sitting here today, are you
 24 surprised to see this statement?
 25 MR. McDONALD: Object to the form,

1 TIM SULLIVAN
 2 mischaracterizes the evidence in the
 3 record.
 4 If you're testifying that that's
 5 what she said and meant, then that's fine.
 6 But you know darn well that she gave a
 7 deposition and said otherwise.
 8 THE WITNESS: That is not my -- it's
 9 not my feeling on it. That's not our
 10 strategy, company strategy.
 11 BY MR. SOLOMON:
 12 Q. So sitting here today reading this
 13 statement, are you surprised?
 14 MR. McDONALD: Object to the form.
 15 THE WITNESS: Yes.
 16 BY MR. SOLOMON:
 17 Q. And her statement here is
 18 inconsistent with the Schein's company
 19 strategy?
 20 A. Inconsistent with our history,
 21 inconsistent with our activity in the space.
 22 Yes, it's inconsistent.
 23 Q. Okay. You can put that document
 24 aside.

1 TIM SULLIVAN
 2 (Exhibit CX2225 was marked for
 3 identification.)
 4 (Witness viewed said document.)
 5 THE WITNESS: Okay.
 6 BY MR. SOLOMON:
 7 Q. I'm handing you another document
 8 that's been marked CX2225.
 9 Mr. Sullivan, do you recognize
 10 CX2225?
 11 A. I do.
 12 Q. And what is it?
 13 A. It's an e-mail exchange that I was
 14 copied on at the end by Joe Cavaretta to myself
 15 that includes a series of other e-mails.
 16 Q. And did you receive this e-mail in
 17 CX2225 as part of your job?
 18 A. Yes.
 19 Q. Do you have personal knowledge of
 20 anything written in this e-mail?
 21 A. I don't know how best to answer that
 22 other than I recognize the e-mail.
 23 Q. Okay.
 24 A. I have to say, there's one, the
 25 backside of this --

<p style="text-align: right;">Page 230</p> <p>1 TIM SULLIVAN 2 MR. McDONALD: Ronnie, are you 3 representing that this is all part of the 4 same thing? Because it looks to me like 5 it's two completely separate e-mails. 6 MR. SOLOMON: Yeah. Would you like 7 to go off the record just for a second? 8 MR. McDONALD: Sure. 9 THE VIDEOGRAPHER: Time is 1:28 p.m. 10 we're off the record. 11 (Whereupon, a discussion was had off 12 the record.) 13 (Whereupon, the following was had 14 off the video record:) 15 MR. McDONALD: So we've had a 16 discussion off the record about 17 Exhibit CX2225. And counsel for the FTC 18 and counsel for Schein have agreed that 19 CX2225-002, which has a Bates number of 20 Henry Schein-9045, is not part of this 21 e-mail chain. 22 And I guess you guys will produce a 23 new document that just has that page whited 24 out or something so that we don't have 25 confusion at a later date.</p>	<p style="text-align: right;">Page 231</p> <p>1 TIM SULLIVAN 2 MR. SOLOMON: Yeah, we can figure 3 out how to handle that after today. 4 MR. McDONALD: Okay. 5 BY MR. SOLOMON: 6 Q. So Mr. Sullivan -- 7 MR. McDONALD: You got to go back 8 on. 9 MR. SOLOMON: Oh. 10 (Whereupon, the following was had on 11 the video record:) 12 THE VIDEOGRAPHER: Time is 1:31 p.m. 13 We are back on the record. 14 BY MR. SOLOMON: 15 Q. Mr. Sullivan, as I asked you about 16 CX2225, we just agreed that Page 002 is not a 17 part of this exhibit. So I'm just asking about 18 all the other pages except that page, okay? 19 A. Okay. 20 Q. Okay. So you received this e-mail 21 as part of your job at Henry Schein, correct? 22 A. Correct. 23 Q. And you have personal knowledge of 24 the contents of this e-mail, correct? 25 MR. McDONALD: Object to the form.</p>
<p style="text-align: right;">Page 232</p> <p>1 TIM SULLIVAN 2 THE WITNESS: I mean, I understand 3 the contents of it, but I can't tell you I 4 understand every single level of detail of 5 it. I would not -- I didn't draft any of 6 these. 7 BY MR. SOLOMON: 8 Q. Okay. Did you receive this e-mail 9 around the time that you were involved in the 10 PGMS prospect? 11 A. Appears to be, yes. 12 Q. Okay. And does this appear to be a 13 true and accurate representation of this e-mail 14 correspondence? 15 A. It does. 16 Q. And did Schein keep this e-mail in 17 the ordinary course of its business? 18 A. Yes. 19 Q. I'd like to just refer you, 20 Mr. Sullivan, to the first page of this e-mail. 21 Ms. Titus is talking about rejecting PGMS as a 22 buying group. 23 Do I have that right? 24 A. Where does she state that, rejecting 25 them?</p>	<p style="text-align: right;">Page 233</p> <p>1 TIM SULLIVAN 2 Q. She says, "Just delivered the news 3 moments ago to Kathy Khalik. She was 4 absolutely gracious, but clearly devastated." 5 Do you see that? 6 A. I do. 7 Q. Do you understand Ms. Titus to be 8 saying that she had rejected this group? 9 A. Again, I don't know if I'd use the 10 term "rejected," but for whatever reason 11 decided not to work with them. That's how I 12 read that, yes. 13 Q. She says, "I explained if there was 14 a time in the future they become an MSO that 15 can demonstrate compliance, we would be pleased 16 to revisit. I offered her the compromise Tim 17 suggested to enroll the fully owned locations 18 in a special markets program." 19 Do you see that? 20 A. I do. 21 Q. So turning to the first sentence we 22 just read, "I explained" -- beginning with "I 23 explained," what is an MSO that Ms. Khalik is 24 referring to there? 25 A. The --</p>

Page 234

1 TIM SULLIVAN
2 MR. McDONALD: Object to the form.
3 You mean Ms. Titus?
4 MR. SOLOMON: Right. So strike
5 that.
6 BY MR. SOLOMON:
7 Q. What is an MSO that Ms. Titus is
8 referring to there?
9 A. Managed service organization.
10 Q. What is that?
11 A. So they're different than a DSO in
12 the respect of they provide management services
13 for organizations. So, again, they are all --
14 many structured differently. In many cases
15 they don't have any equity in their practice
16 that they're -- that they're helping to manage,
17 but those members pay this MSO for
18 management-type services.
19 Q. So MSO -- MSOs manage independent
20 dental practices?
21 MR. McDONALD: Object to the form,
22 vague.
23 THE WITNESS: I think it's a --
24 MR. McDONALD: Overly broad.
25 Go ahead.

Page 235

1 TIM SULLIVAN
2 THE WITNESS: It seems like a
3 general -- a good description of a general,
4 yes.
5 BY MR. SOLOMON:
6 Q. And they contract to provide
7 services with those independent dental
8 practices, is that right?
9 A. Yeah, I can't speak if they sign --
10 I would assume they sign contracts. I haven't
11 seen a contract that an MSO provides for the
12 members, but it sounds right.
13 Q. And you understand that there's a
14 fee associated with those -- with the provision
15 of those contracted services?
16 A. Usually that's the case, yes.
17 Q. Okay. What kind of management
18 services do MSOs provide to independent dental
19 practices?
20 MR. McDONALD: Object to the form,
21 lack of foundation.
22 THE WITNESS: Again, I don't work
23 this closely with any -- any one of them.
24 But some will offer to work in the practice
25 management software system to help book

Page 236

1 TIM SULLIVAN
2 patients. Some will help market their
3 practice to bring new patients into the
4 practice. They'll manage the books for
5 them, their receivables, their payables.
6 Some will -- they're just various
7 services that the dental practice otherwise
8 would not -- I'm sorry, would otherwise
9 have to manage on their own, that they
10 actually ask this MSO group to manage for
11 them, and they pay them a fee for that.
12 BY MR. SOLOMON:
13 Q. Can you give me an example of an
14 MSO?
15 A. I believe Breakaway Dental is an
16 example of an MSO.
17 Q. Any others?
18 A. That's the one top of mind that
19 comes out that I can confirm.
20 Q. So what's the difference between an
21 MSO and a DSO, which we talked about earlier
22 today?
23 MR. McDONALD: Object to the form,
24 lack of foundation.
25 THE WITNESS: Sometimes there is no

Page 237

1 TIM SULLIVAN
2 difference. It's how they refer to
3 themselves. Some want to be referred to as
4 an MSO. Some want to be referred to as a
5 DSO.
6 More likely in a DSO situation, the
7 DSO actually owns the practice and the
8 dentists are employees of the group. In an
9 MSO, that is typically not the case because
10 they just did what I just described to you.
11 So there definitely is some crossover in
12 both.
13 BY MR. SOLOMON:
14 Q. So in some instances, MSOs do not
15 have ownership in the locations that they
16 manage?
17 A. Correct.
18 Q. So turning back to Ms. Titus'
19 statement here, she's saying that if -- well,
20 strike that.
21 Do MSOs provide purchasing services
22 to their members?
23 MR. McDONALD: Object to the form,
24 overly broad, lack of foundation.
25 THE WITNESS: Again, I can give you

Page 238

1 TIM SULLIVAN
 2 an example of one. I don't know how they
 3 all operate. I'm not exactly sure even how
 4 Breakaway operates. So I don't know if
 5 they actually do the purchasing for them or
 6 if the local dentist does it. I think it
 7 really varies on whatever -- however
 8 they're structured.
 9 BY MR. SOLOMON:
 10 Q. So some MSOs provide centralized
 11 purchasing and some don't; is that what you're
 12 saying?
 13 MR. McDONALD: Object. Object to
 14 the form, overly broad, vague, lack of
 15 foundation.
 16 THE WITNESS: I don't know. I think
 17 it's more common in a DSO than it is in
 18 an -- I don't know if there's none that do
 19 it in an MSO or some do. I don't know.
 20 BY MR. SOLOMON:
 21 Q. Okay. So, again, turning to
 22 Ms. Titus' statement, she says -- she's telling
 23 Joe Cavaretta here that if they can become an
 24 MSO and demonstrate compliance, that Schein
 25 would be pleased to revisit, is that right?

Page 239

1 TIM SULLIVAN
 2 MR. McDONALD: Object to the form.
 3 THE WITNESS: That's how --
 4 MR. McDONALD: The document speaks
 5 for itself.
 6 THE WITNESS: That's how it reads,
 7 yes.
 8 BY MR. SOLOMON:
 9 Q. Did you tell Ms. Titus that you
 10 would be willing to work with PGMS if they
 11 became an MSO rather than a buying group?
 12 A. I don't recall ever talking to
 13 Kathleen Titus about this directly.
 14 Q. In the next sentence, she talks
 15 about offering a compromise that Tim suggested
 16 to enroll the fully owned locations in special
 17 markets.
 18 Do you see that?
 19 A. I do.
 20 Q. So you were only in favor of working
 21 with fully owned locations that were a part of
 22 this group, is that right?
 23 MR. McDONALD: Object to the form,
 24 mischaracterizes his testimony.
 25 THE WITNESS: So that's definitely

Page 240

1 TIM SULLIVAN
 2 not my position. In this particular case,
 3 I don't recall the situation or what the
 4 exact specifics were, but that's clearly
 5 not my position, as you know.
 6 BY MR. SOLOMON:
 7 Q. So she has it wrong here?
 8 A. Well, I don't see her --
 9 MR. McDONALD: Object to the form.
 10 THE WITNESS: I don't see her saying
 11 this is my position overall. She's talking
 12 about this specific example with PGMS.
 13 BY MR. SOLOMON:
 14 Q. And she's referring to a compromise
 15 that you suggested, right?
 16 MR. McDONALD: Object to the form.
 17 The document speaks for itself.
 18 If you're asking if that -- if he
 19 did that, then ask that. If you're asking
 20 him if that's what the document says, then
 21 please ask that, but let's be clear what
 22 you're asking him.
 23 THE WITNESS: Could you repeat the
 24 question?
 25 ///

Page 241

1 TIM SULLIVAN
 2 BY MR. SOLOMON:
 3 Q. Sure. Did you, in fact, offer the
 4 compromise that Ms. Titus talks about in this
 5 e-mail?
 6 A. Not directly to her. And I don't
 7 recall my discussion with Joe. I would have
 8 had a discussion with Joe. And I don't recall
 9 that being my suggestion, by any means.
 10 Q. What do you recall?
 11 A. Just that we talked about this
 12 opportunity and where do they fit in the
 13 spectrum of buying groups.
 14 Q. And do you recall where they fit in
 15 this -- strike that?
 16 Do you recall where this group fit
 17 on the spectrum?
 18 A. There was no additional -- I'd be
 19 speculating to the exact discussion. But based
 20 on this input and the fact that we declined, I
 21 can assume that it was over on the price-only
 22 side of it.
 23 Q. So your understanding is Schein
 24 declined this group because it was a price-only
 25 buying group?

1 TIM SULLIVAN
 2 MR. McDONALD: Object to the form.
 3 THE WITNESS: If you read this
 4 message in entirety again instead of
 5 picking it apart, but in entirety, you can
 6 see we're bringing some clarity to
 7 around -- to internal confusion on who's
 8 managing which groups.
 9 Joe even starts his message that,
 10 "Bringing KT," Kathleen Titus, "and Andrea
 11 back," meaning now part of the mid-market.
 12 It's been a benefit. We're bringing
 13 special markets and HSD more closely
 14 together than we were prior, so part of our
 15 own confusion. She herself was saying we
 16 had the opportunity to having Tim's input
 17 on something of this nature. It's the
 18 first time we have.
 19 So it's clearly I'm not involved in
 20 all the day-to-day in every one of these
 21 decisions. So we're bringing some clarity
 22 around it. But this is still landed in
 23 the -- the far left side of the spectrum,
 24 if you would, relative to the overall value
 25 that we felt this group was going to bring

1 TIM SULLIVAN
 2 BY MR. SOLOMON:
 3 Q. Why not?
 4 A. Again, if we sign with any group,
 5 decide to bring on any group, typically it's
 6 only with us. But if they have no services or
 7 values or other things that drive compliance,
 8 it doesn't matter that it's only with us.
 9 Q. So if a price-only buying group is
 10 willing to be exclusive, Schein is still not
 11 interested?
 12 MR. McDONALD: Object to the form,
 13 mischaracterizes his testimony.
 14 THE WITNESS: It really
 15 mischaracterizes my testimony, I mean, in a
 16 big way.
 17 BY MR. SOLOMON:
 18 Q. Okay.
 19 A. I've said it multiple times that is
 20 not our position; it's not my position. I
 21 don't why you keep phrasing it that way.
 22 Q. So if -- I'll try and rephrase.
 23 So if -- if a price-only buying
 24 group is willing to be exclusive, Schein still
 25 believes that it can't drive compliance?

1 TIM SULLIVAN
 2 to their members and therefore lack of
 3 compliance.
 4 It talks about if they were -- they
 5 become an MSO where they may be taking over
 6 some of the purchasing control or they can
 7 demonstrate compliance, we'd like to
 8 revisit. So clearly they were not
 9 demonstrating that they could -- they could
 10 drive compliance within their members.
 11 BY MR. SOLOMON:
 12 Q. Do you recall in the e-mail we
 13 looked at a few moments ago prior to this one,
 14 Ms. Titus says that this group PGMS was willing
 15 to be exclusive with Schein?
 16 A. I do.
 17 Q. Was that sufficient in order to --
 18 strike that.
 19 Did you think that the fact that
 20 PGMS was willing to be exclusive would have
 21 helped drive compliance among its members?
 22 MR. McDONALD: Object to the form.
 23 THE WITNESS: That alone wouldn't do
 24 it, no.
 25 ///

1 TIM SULLIVAN
 2 MR. McDONALD: Object to the form.
 3 THE WITNESS: I believe they can.
 4 If they're -- if they're exclusive,
 5 you're saying?
 6 BY MR. SOLOMON:
 7 Q. Correct.
 8 A. I believe they can, yeah.
 9 Q. So --
 10 A. It doesn't -- because they're
 11 exclusive doesn't mean they will.
 12 Q. What other factors might influence
 13 whether they can drive compliance other than a
 14 promise to be exclusive?
 15 A. I'll go back through the spectrum.
 16 Do they add other value? Is it part of
 17 contractual agreements that they have to follow
 18 or they no longer will be a member? Are there
 19 other values that the members receive that
 20 drives loyalty within their group?
 21 I mean, as I've said, it -- I've
 22 testified many times about what would -- what I
 23 believe would drive that.
 24 Q. So a promise to be exclusive would
 25 not be enough?

1 TIM SULLIVAN
2 A. As a standalone, not necessarily.
3 It could be. Again, someone locally, Kathleen,
4 if she really pushed maybe could have pushed us
5 over the edge and say, hey, let's go for it.
6 She said, hey, I actually respect yours and
7 Joe's input on this, I agree, let's pass.
8 Q. Turning to Mr. Cavaretta's e-mail to
9 you, he forwards Ms. Titus' e-mail to you,
10 correct?
11 A. Correct.
12 Q. And he says that Ms. Titus and he
13 also mentions Andrea were acting as GPO watch
14 dogs.
15 Do you see that?
16 MR. McDONALD: Object to the form,
17 mischaracterizes the document.
18 BY MR. SOLOMON:
19 Q. Joe says, "They know how to be the
20 watch dogs and take it seriously!"
21 A. He did state that, yes.
22 Q. Do you know what Mr. Cavaretta means
23 there?
24 A. I do not.
25 Q. Did you ever seek clarification from

1 TIM SULLIVAN
2 Mr. Cavaretta as to what he meant about being a
3 GPO watchdog?
4 MR. McDONALD: Object to the form.
5 It doesn't say GPO watchdog, Ronnie.
6 You can wish and hope that it says that,
7 but it doesn't say that. So why don't you
8 accurately read the document and ask the
9 question again.
10 THE WITNESS: Could you repeat the
11 question, please?
12 MR. SOLOMON: Can you repeat the
13 question?
14 (The reporter read the record as
15 requested.)
16 MR. McDONALD: Again,
17 mischaracterizes the document,
18 mischaracterizes the testimony.
19 THE WITNESS: I don't know how to
20 answer that. That's not what the document
21 says.
22 BY MR. SOLOMON:
23 Q. So Mr. Cavaretta says, "Bringing
24 KT" -- I assume he's referring to Kathleen
25 Titus?

1 TIM SULLIVAN
2 A. Yes.
3 Q. -- "and Andrea" -- I'm assuming he's
4 referring to Andrea Hight?
5 A. Correct.
6 Q. -- "back has a benefit I didn't even
7 think of as it pertains to the GPO world,"
8 correct?
9 A. Yes, it does say that.
10 Q. And he says, "They know how to be
11 the watch dogs and take it seriously!"
12 They're saying that Ms. Titus --
13 Ms. Titus and Ms. Hight are being watchdogs
14 with respect to GPOs, correct?
15 MR. McDONALD: Object to the form.
16 THE WITNESS: You'd have to ask him
17 what he meant by it.
18 BY MR. SOLOMON:
19 Q. So you have no understanding as to
20 what Mr. Cavaretta meant here?
21 MR. McDONALD: Object to the form,
22 asked and answered.
23 THE WITNESS: You'd have to ask Joe
24 what he meant by that.
25 ///

1 TIM SULLIVAN
2 BY MR. SOLOMON:
3 Q. You don't recall ever seeking
4 clarification from Mr. Cavaretta about what he
5 meant?
6 A. I don't.
7 Q. I'm handing you another document
8 that's been pre-marked as CX1 -- CX0174.
9 (Exhibit CX0174 was marked for
10 identification.)
11 (Witness viewed said document.)
12 THE WITNESS: Okay.
13 BY MR. SOLOMON:
14 Q. Mr. Sullivan, what is CX0174?
15 A. It's an e-mail exchange amongst some
16 team members of ours.
17 Q. Do you understand CX0174 to be about
18 a buying group called the Dental Co-Op of Utah?
19 A. That's my understanding, yes.
20 Q. And the Dental Co-op of Utah is a
21 buying group, correct?
22 MR. McDONALD: Object to the form.
23 THE WITNESS: Yeah, I'm not very
24 familiar with them. It appears to be in
25 this instance.

1 TIM SULLIVAN
 2 BY MR. SOLOMON:
 3 Q. Do you recall ever learning about
 4 the Dental Co-op of Utah?
 5 A. Again, I'm familiar with the name,
 6 but I don't recall the details of who they are
 7 and how they operate.
 8 Q. So I'd like to focus your attention
 9 on the first page, Mr. Upchurch's e-mail to
 10 Mr. Cavaretta on July 18, 2014 at 10:22 a.m.
 11 The last paragraph, "They are
 12 probably going to align with a Darby over a
 13 PDCO but Benco also might jump at the
 14 opportunity. The Co-Op is turning into a GPO
 15 (even if they don't think they are one now),
 16 from what KT has observed in Texas, New Mexico
 17 and from Tim S, HSD does not want to enter the
 18 GPO world."
 19 Do you see that?
 20 A. I see that.
 21 Q. Do you have any understanding as to
 22 why Mr. Upchurch would be saying that you do
 23 not want to enter the GPO world?
 24 MR. McDONALD: Object to the form,
 25 calls for speculation.

1 TIM SULLIVAN
 2 A. It's an e-mail exchange between Joe
 3 and I primarily, but there's others copied that
 4 it was on at the beginning.
 5 Q. And what is it about?
 6 A. A manufacturer partner of ours,
 7 Oral-B, working with, it appears to be, the
 8 same dental co-op on the last exchange.
 9 Q. Did you -- you drafted part of this
 10 e-mail chain, correct?
 11 A. Yes.
 12 Q. And did you do so as part of your
 13 job at Schein?
 14 A. I did.
 15 Q. And did you have personal knowledge
 16 of what you wrote in CX2467?
 17 A. Yes.
 18 Q. And did you write this e-mail at or
 19 around the time you were having these
 20 discussions about the Dental Co-op of Utah?
 21 MR. McDONALD: Object to the form.
 22 THE WITNESS: Let me go back to the
 23 last document and see.
 24 (Witness viewed said document.)
 25 THE WITNESS: This looks to be about

1 TIM SULLIVAN
 2 THE WITNESS: No. I'd be
 3 speculating.
 4 BY MR. SOLOMON:
 5 Q. Okay. Do you recall ever telling
 6 Mr. Upchurch that you did not want to enter the
 7 GPO world?
 8 A. No.
 9 Q. Sitting here today, you have no
 10 knowledge as to why Mr. Upchurch wrote this?
 11 A. Correct. It's inconsistent with our
 12 history and where we're at in the evolution of
 13 whole market space.
 14 Q. You can put that document aside.
 15 I'm handing you another document
 16 that's been pre-marked as CX2467.
 17 (Exhibit CX2467 was marked for
 18 identification.)
 19 (Witness viewed said document.)
 20 THE WITNESS: Okay.
 21 BY MR. SOLOMON:
 22 Q. Mr. Sullivan, do you recognize
 23 CX2467?
 24 A. I do.
 25 Q. What is it?

1 TIM SULLIVAN
 2 a month before the last one we discussed.
 3 So I think you're going back -- you're
 4 working your way --
 5 BY MR. SOLOMON:
 6 Q. I'm actually just referring --
 7 A. You're working your way backwards.
 8 Q. -- just to the discussions you're
 9 having in this e-mail with Mr. Cavaretta and
 10 Mr. Straka.
 11 Did you draft this e-mail around the
 12 times you were having those discussions?
 13 MR. McDONALD: To be clear, Ronnie,
 14 are you suggesting that there were
 15 discussions beyond the e-mail? I think
 16 that's where he's getting confused.
 17 If you're asking if the e-mails
 18 occurred around the time that the e-mails
 19 were sent, I will stipulate to that.
 20 If you're asking him if they
 21 occurred at the same time of some
 22 discussion, like you and I are discussing
 23 outside of e-mail, then I think he's
 24 confused and I'm confused about what you're
 25 asking him.

1 TIM SULLIVAN
 2 BY MR. SOLOMON:
 3 Q. Yeah, I think I'm interested in
 4 knowing, did you write this e-mail around the
 5 same time as what you're describing happened?
 6 So you're referring to -- you talk
 7 about discussions with someone named Bob
 8 Straka.
 9 Did you write this e-mail around the
 10 time you were having those discussions?
 11 A. I would say it appears to be because
 12 in one of the messages I say "I'm on with Bob
 13 now" as we're having an e-mail.
 14 Q. Okay.
 15 A. So it appears to be, yes.
 16 Q. And does CX2467 appear to be a true
 17 and accurate representation of this e-mail
 18 chain?
 19 A. Yes.
 20 Q. Okay. And was this document,
 21 CX2467, kept in the ordinary course of Schein's
 22 business?
 23 A. Yes.
 24 Q. Okay. So turning to Mr. Cavaretta's
 25 e-mail, I'd like to focus on Cavaretta's e-mail

1 TIM SULLIVAN
 2 to Mr. Hinsch and someone named Marguerite
 3 Walsh on June 16th, 2014 at 9:59 a.m.
 4 Do you see that?
 5 A. I do.
 6 Q. He writes -- he's talking about the
 7 dental co-op. And he says, "It is a long story
 8 but this Co-Op started out very small in Utah
 9 about 7 years ago and have wanted to expand to
 10 other regions. We have declined to do this as
 11 HSD."
 12 Do you see that?
 13 A. I do.
 14 Q. So Mr. Cavaretta is stating that the
 15 Dental Co-Op of Utah wanted to expand to other
 16 regions, is that right?
 17 MR. McDONALD: Object to the form.
 18 The document speaks for itself.
 19 THE WITNESS: That's what it states.
 20 BY MR. SOLOMON:
 21 Q. He says that HSD has declined to
 22 support this expansion, correct?
 23 MR. McDONALD: Object to the form.
 24 The document speaks for itself.
 25 THE WITNESS: That's what he's

1 TIM SULLIVAN
 2 stated.
 3 BY MR. SOLOMON:
 4 Q. Do you know whether the Dental Co-Op
 5 of Utah was a price-only buying group?
 6 MR. McDONALD: Object to the form,
 7 lack of foundation.
 8 THE WITNESS: I'm not familiar.
 9 BY MR. SOLOMON:
 10 Q. You don't know one way or the other?
 11 A. I'm not familiar.
 12 Q. Do you know why Mr. Cavaretta was
 13 saying that HSD had declined to support the
 14 Dental Co-Op of Utah's expansion?
 15 A. I don't recall the details at that
 16 time right now.
 17 Q. Okay. Mr. Hinsch in the next e-mail
 18 responds, "I think this is something that Tim
 19 should talk with Bob Straka about."
 20 Who is Bob Straka?
 21 A. He was the -- I don't know what his
 22 exact title was, maybe GM. He was responsible
 23 for the Oral-B relationship in the U.S. market.
 24 Q. And what is Oral-B?
 25 A. A supplier partner of ours.

1 TIM SULLIVAN
 2 Q. Does Oral-B sell products directly
 3 to customers?
 4 A. No, they sold through distributors.
 5 Well, what time frame is this?
 6 No, I believe at this time we were
 7 partners of theirs at one point. They did
 8 eliminate their dealer partners and sold direct
 9 for a short period of time, couple of years.
 10 And then they came back through the dealer
 11 market with a limited number of dealers, from
 12 my understanding.
 13 And I believe it's during this time,
 14 and that's why I was reaching out to him, I was
 15 wondering why they were going back to a direct
 16 approach in this case versus working through
 17 us.
 18 Q. So Oral-B was selling products to
 19 the Dental Co-Op of Utah, is that right?
 20 MR. McDONALD: Object to the form.
 21 THE WITNESS: That's -- that's my
 22 understanding, yes.
 23 BY MR. SOLOMON:
 24 Q. The Dental Co-Op of Utah was already
 25 partnered with Schein, correct?

1 TIM SULLIVAN
 2 A. Correct, at this time, yes.
 3 Q. And you tell Mr. Hinsch and
 4 Mr. Cavaretta, "I'll send him a message and
 5 discuss with him."
 6 Do you see that?
 7 A. I do.
 8 Q. So you spoke with Mr. Straka about
 9 this?
 10 A. Correct.
 11 Q. And if you turn to the next page,
 12 the first page, you're talking to Mr. Cavaretta
 13 about what you're going to speak with
 14 Mr. Straka about.
 15 And you ask him, "Is it more than
 16 they are simply supporting a buying group?"
 17 Do you see that?
 18 A. I do.
 19 Q. So you contacted Mr. Straka to ask
 20 why Oral-B was supporting a buying group?
 21 MR. RACOWSKI: Object to the form.
 22 THE WITNESS: No. My discussion
 23 with Mr. Straka was they can support and
 24 decide -- whatever go-to market strategy
 25 they want, it's their decision to make.

1 TIM SULLIVAN
 2 this -- with the Dental Co-Op of Utah.
 3 BY MR. SOLOMON:
 4 Q. You don't say that in this e-mail,
 5 though, right?
 6 MR. McDONALD: Object to the form.
 7 THE WITNESS: I'm asking for
 8 details. I didn't state anything about --
 9 I'm not making a statement. I'm asking
 10 questions.
 11 BY MR. SOLOMON:
 12 Q. And one of the questions is, "Is it
 13 more than they are simply supporting a buying
 14 group?"
 15 A. That is one of the questions, yes.
 16 Q. And Joe Cavaretta responds, "No,
 17 it's not"?
 18 A. That's how -- yes, that's his
 19 response.
 20 Q. So was it more than -- strike that.
 21 Was your conversation with
 22 Mr. Straka about more than it's -- that they
 23 were simply supporting a buying group?
 24 MR. McDONALD: Object to the form.
 25 THE WITNESS: I'll repeat what my

1 TIM SULLIVAN
 2 They had decided to come back through
 3 dealers versus selling to the direct end
 4 user.
 5 So here's an example that now
 6 they're going to sell to the direct end
 7 user. They can do that if they choose to.
 8 They can do whatever they want.
 9 But for us to find out via a trade
 10 show that that's what they were doing, that
 11 was very poor communication.
 12 BY MR. SOLOMON:
 13 Q. But you're saying here that you want
 14 to know why they're supporting a buying group?
 15 A. I was asking Joe what the -- I
 16 wanted clarity on the issue before I spoke to
 17 Bob.
 18 Q. Why did it matter whether Oral-B was
 19 working with a buying group?
 20 MR. McDONALD: Object to the form,
 21 asked and answered.
 22 THE WITNESS: I just stated, if
 23 they're going to work through dealers, then
 24 work through dealers. Through us, we would
 25 get the -- we would work with them with

1 TIM SULLIVAN
 2 discussion with Mr. Straka was. They made
 3 a decision to come back through the dealer
 4 network. We supported that decision, of
 5 course. And so if so, then we'll work with
 6 them to get into as many customers as we
 7 possibly can.
 8 We also have an exclusive
 9 relationship with Colgate. We represent --
 10 you know, Butler is another toothbrush
 11 line.
 12 So we will -- but they were now
 13 working with one direct again. They can do
 14 that. We just wanted communication as to
 15 what their -- what is their strategy now
 16 with customers. Are they changing it?
 17 That's fine. We just need to understand
 18 what that is.
 19 BY MR. SOLOMON:
 20 Q. Did you ask Mr. Straka why he was
 21 selling to a buying group?
 22 A. Not --
 23 MR. McDONALD: Object to the form.
 24 THE WITNESS: Sorry.
 25 MR. McDONALD: Go ahead.

1 TIM SULLIVAN
 2 THE WITNESS: Not why, but are, in
 3 fact, they changing their strategy going
 4 direct or they were going to work with
 5 dealers.
 6 BY MR. SOLOMON:
 7 Q. Couldn't Oral-B sell direct as well
 8 as through dealers?
 9 MR. McDONALD: Object to the form,
 10 asked and answered.
 11 THE WITNESS: Yes, they can.
 12 BY MR. SOLOMON:
 13 Q. But you're saying at this time they
 14 were not doing that?
 15 A. That's my understanding.
 16 Q. Okay. What did Mr. Straka tell you?
 17 A. To the best of my recollection, he
 18 apologized for the poor communication. That's
 19 not how we should have found out. But the fact
 20 that we had an exclusive with Colgate, they
 21 didn't -- they felt they didn't have an
 22 opportunity to get into this group in
 23 particular, so they decided to offer them a
 24 program directly.
 25 Q. And you thought that was

1 TIM SULLIVAN
 2 That was a very compelling part of their
 3 new structure.
 4 BY MR. SOLOMON:
 5 Q. So if a Smile Source member does not
 6 purchase a minimum quantity of products through
 7 Schein, their membership would be at risk; is
 8 that what you're saying?
 9 MR. McDONALD: Object to the form,
 10 mischaracterizes the evidence and his
 11 testimony.
 12 THE WITNESS: No, that's not what
 13 I'm saying. Because sponsors particular
 14 has -- we're one of three sponsors. So it
 15 didn't have to come through Schein. They
 16 could continue to work with Burkhart and
 17 they could continue to work with Darby.
 18 But if they didn't -- and it's up to Smile
 19 Source. I don't know exactly what they do
 20 if someone doesn't.
 21 In that document, they state that
 22 they would. It puts their membership at
 23 risk if they don't buy through their
 24 sponsored partners.
 25 ///

1 TIM SULLIVAN
 2 problematic?
 3 MR. McDONALD: Object to the form.
 4 THE WITNESS: No. As I told you,
 5 it's their decision to make.
 6 BY MR. SOLOMON:
 7 Q. Okay. You can put this document
 8 aside.
 9 Mr. Sullivan, we talked about Smile
 10 Source earlier today. And I think I asked you
 11 if Smile Source ever changed its model, and you
 12 said at some point in 2016.
 13 Do you recall that?
 14 A. I do.
 15 Q. How did Smile Source change its
 16 model in 2016?
 17 MR. McDONALD: Object to the form.
 18 THE WITNESS: Yeah, I don't have all
 19 the details, but one of them was -- to me
 20 one of the most compelling pieces was they
 21 stated that in the agreement that they have
 22 with their members, that they are required
 23 to purchase their dental supplies through
 24 their sponsor partners. And if they
 25 didn't, they put their membership at risk.

1 TIM SULLIVAN
 2 BY MR. SOLOMON:
 3 Q. The individual Smile Source member,
 4 their membership is at risk, is what you're
 5 stating?
 6 A. That's what I'm stating is my
 7 understanding of the new Smile Source
 8 agreement.
 9 Q. And that agreement has been in place
 10 since March of 2017?
 11 A. I believe it actually started prior
 12 to that, whenever -- around the time Trevor
 13 joined.
 14 Q. Okay. So how would a Smile Source
 15 member put their membership at risk? What do
 16 they need to do in order to stay as a member?
 17 How much do they need to purchase from Schein?
 18 MR. McDONALD: Object to the form,
 19 mischaracterizes his testimony.
 20 THE WITNESS: To clarify, it's not
 21 that they have to buy through Schein. We
 22 want them to, but they have two other
 23 partners -- my understanding is they have
 24 two other dealer partners also, Darby and
 25 Burkhart.

1 TIM SULLIVAN
 2 So my understanding, provided they
 3 purchase 80 -- it's either 80 or 85 percent
 4 of their supplies through the Smile
 5 Source-approved dealers, their membership
 6 is not at risk.
 7 BY MR. SOLOMON:
 8 Q. So the Smile Source-approved dealers
 9 are Schein, Darby, and Burkhart, correct?
 10 MR. McDONALD: Currently.
 11 THE WITNESS: Currently, yes.
 12 BY MR. SOLOMON:
 13 Q. So your understanding is that
 14 members have to purchase 80 to 85 percent of
 15 their products through one of those three
 16 distributors?
 17 A. It doesn't have to be one of them.
 18 It could be 30 percent from us, 30 percent from
 19 Darby, 30 percent -- so it could -- as long as
 20 combined, it's through their approved dealers.
 21 Q. So a Smile Source member could
 22 purchase 100 percent of their products through
 23 Darby and nothing -- nothing through Schein, is
 24 that correct?
 25 A. That's correct.

1 TIM SULLIVAN
 2 THE WITNESS: Again, my belief is
 3 around the time Trevor Mauer became either
 4 president or CEO, whatever his actual title
 5 is, within Smile Source.
 6 BY MR. SOLOMON:
 7 Q. So what would you call Smile Source
 8 now? Would you still call it a buying group?
 9 A. So they categorize themselves and so
 10 even internally we refer to them as a franchise
 11 DSO.
 12 Q. They call themselves a franchise
 13 DSO?
 14 A. Correct.
 15 Q. What does -- so Schein internally
 16 also refers to them as a franchise DSO?
 17 A. That's correct.
 18 Q. Do you understand them to still be a
 19 buying group?
 20 A. By our definition, that would put
 21 them to the far right, if you would, as far as
 22 in the spectrum of buying groups. They do --
 23 their members do comply with their membership
 24 agreement.
 25 So, yes, they provide enough value,

1 TIM SULLIVAN
 2 Q. And they would not put their
 3 membership at risk?
 4 A. That's correct.
 5 Q. And a Smile Source member could
 6 purchase 50 percent of their products from
 7 Burkhart and the other 50 from Darby, purchase
 8 nothing from Schein and they still would not
 9 put their membership at risk?
 10 A. That's correct.
 11 Q. A Smile Source member can purchase
 12 nothing from Schein and not put their
 13 membership at risk?
 14 A. That's correct.
 15 Q. So Smile Source members --
 16 MR. McDONALD: Slow down, Ronnie.
 17 BY MR. SOLOMON:
 18 Q. Smile Source members do not make any
 19 volume commitments to Schein specifically,
 20 correct?
 21 A. That is correct.
 22 Q. When did you understand this change
 23 specifically took place?
 24 MR. McDONALD: Object to the form,
 25 asked and answered.

1 TIM SULLIVAN
 2 a lot of value, actually, to their members, and
 3 therefore their members do, for the most part,
 4 comply with their purchase agreement.
 5 Q. So would you still call them a
 6 buying group?
 7 A. Again, we refer to them as a
 8 franchise DSO, but you could intertwine them
 9 with a full value buying group as well, yes.
 10 Q. So the change that you're referring
 11 to was just that Smile Source members commit to
 12 purchasing 80 to 85 percent of their products
 13 through one of the three distributors who Smile
 14 Source has partnered with, right?
 15 MR. McDONALD: Object to the form.
 16 THE WITNESS: If you put "any" in
 17 front of that, so "any one of the three,"
 18 that would be an accurate statement, but
 19 not -- they don't have to purchase through
 20 one of the three.
 21 BY MR. SOLOMON:
 22 Q. Any other changes in Smile Source's
 23 model that you're aware of?
 24 MR. McDONALD: Object to the form,
 25 lack of foundation.

1 TIM SULLIVAN
 2 THE WITNESS: So my understanding is
 3 they added more to their offering. They
 4 have an agreement with certain labs.
 5 Now, a member is not required to
 6 move to the lab because that's a very
 7 personal decision by dentists, but it's
 8 actually a very good offering. My
 9 understanding is many do actually switch to
 10 the labs that they represent.
 11 They have local forum meetings where
 12 all the dentists in the Dallas area, as an
 13 example, can get together once a month and
 14 just talk amongst themselves and do some
 15 best practices. So they bring other things
 16 to the group that I don't believe existed
 17 before.
 18 BY MR. SOLOMON:
 19 Q. Were -- strike that.
 20 Was Smile Source offering
 21 value-added services to its members before --
 22 before it changed its model?
 23 A. My understanding was the ones I just
 24 described, no. And even prior, their website
 25 looked pretty and the brochures looked nice,

1 TIM SULLIVAN
 2 Source before then?
 3 MR. McDONALD: Object to the form.
 4 THE WITNESS: Again, if I have the
 5 date right, that would be accurate.
 6 BY MR. SOLOMON:
 7 Q. Do you recall -- do you recall
 8 meeting with Smile Source in or around
 9 February of 2014?
 10 A. Sounds accurate, yes.
 11 Q. Where did you meet -- strike that.
 12 Who did you meet with?
 13 A. It would be easier --
 14 MR. McDONALD: Hang on. Object to
 15 the form.
 16 Go ahead.
 17 THE WITNESS: It would be easier if
 18 you know the dates and the meetings. If I
 19 can look at a document, I can -- it would
 20 be easier to talk you through it to make
 21 sure I don't misstate anything and have to
 22 clarify it later.
 23 The dates sound right, but it could
 24 have been '13, could have been '15. It's
 25 four years ago, three years ago.

1 TIM SULLIVAN
 2 claimed to have a lot of these other things.
 3 In reality, there was no meat on the bone, if
 4 you would. They weren't -- it wasn't --
 5 members weren't taking advantage of those
 6 because there was no real value being created
 7 in those.
 8 Q. So there were some value-added
 9 services, but you thought that there wasn't
 10 meat on the bones of those value-added
 11 services?
 12 MR. McDONALD: Object to the form.
 13 THE WITNESS: And Trevor himself,
 14 that comes from them. They themselves
 15 self-admitted that the rest of their story
 16 was not understood by the members, and the
 17 value that they were bringing or the rest
 18 of the offering wasn't driving any
 19 additional value.
 20 BY MR. SOLOMON:
 21 Q. Trevor -- do you know when Trevor
 22 started working at Smile Source?
 23 A. I believe it was sometime in 2016,
 24 if I had to --
 25 Q. So he wasn't working for Smile

1 TIM SULLIVAN
 2 BY MR. SOLOMON:
 3 Q. Okay.
 4 A. I'd prefer to work off --
 5 Q. Okay.
 6 A. -- documents if you know
 7 specifically who I met with.
 8 Q. And when you met with them in
 9 February 2014, that was before they had changed
 10 their model, correct?
 11 A. Assuming that is the date --
 12 MR. McDONALD: Hang on. Object to
 13 the form.
 14 Go ahead.
 15 THE WITNESS: Back to what I said
 16 before, assuming we have the dates correct,
 17 I believe that to be the case, yes.
 18 BY MR. SOLOMON:
 19 Q. Okay. So they were still a buying
 20 group at that point?
 21 MR. McDONALD: Object to the form.
 22 THE WITNESS: Again, they were
 23 claiming to be more than that.
 24 BY MR. SOLOMON:
 25 Q. Okay. Do you recall how many times

1 TIM SULLIVAN
 2 you met with Smile Source in that period of
 3 February 2014?
 4 A. In that one month?
 5 Q. Correct.
 6 A. No. I would assume one, but I
 7 don't -- was there -- was there two?
 8 Q. I don't know. I'm asking you.
 9 A. I don't know. I'd have to look at
 10 the documents that support that.
 11 Q. Okay.
 12 A. I don't remember two meetings in
 13 February 2014.
 14 Q. You only remember one?
 15 A. That's all I can recall without
 16 looking at anything more.
 17 Q. Okay. Do you recall that the
 18 February 2014 meeting was at the request of
 19 Smile Source?
 20 A. This would be so much easier if we
 21 just pull out the paperwork. I believe that to
 22 be true.
 23 Q. Okay. And do you recall that Smile
 24 Source asked Schein to prepare a presentation?
 25 MR. McDONALD: Object to the form.

1 TIM SULLIVAN
 2 THE WITNESS: I don't recall the
 3 order of things or where the request came
 4 in.
 5 BY MR. SOLOMON:
 6 Q. Do you recall making a presentation
 7 to Smile Source at a meeting with them?
 8 A. Yes.
 9 Q. What do you recall about the
 10 presentation?
 11 A. Do you have it? Can we look at it?
 12 Q. Well, I'd just like to make sure
 13 that we're talking about the same thing.
 14 A. You want to test me first and then
 15 show me the -- I don't -- I don't --
 16 MR. McDONALD: If you recall, Tim,
 17 tell him. He does have it, as you know he
 18 does, and he knows he does, but play his
 19 game if he wants to waste his time.
 20 THE WITNESS: I don't recall the
 21 specifics.
 22 BY MR. SOLOMON:
 23 Q. Why did you meet with Smile Source
 24 in February of 2014?
 25 A. I -- I don't recall.

1 TIM SULLIVAN
 2 Q. Did you see the meeting as a way to
 3 ask Smile Source questions about its model?
 4 MR. McDONALD: Object to the form.
 5 THE WITNESS: Remember, prior to
 6 this they terminated us. There's a
 7 possibility to do business again. So we
 8 were showing them how and why we would be
 9 good partners.
 10 BY MR. SOLOMON:
 11 Q. Were you meeting with Smile Source
 12 to learn more about whether they were still a
 13 buying group?
 14 MR. McDONALD: Object to the form.
 15 THE WITNESS: To learn more if our
 16 combined strategies could create alignment
 17 and mutual benefits for Smile Source, for
 18 their members, our customers and us.
 19 BY MR. SOLOMON:
 20 Q. Did you want to know whether Schein
 21 was still focused on providing discounts to its
 22 members?
 23 MR. McDONALD: Object to the form.
 24 MR. SOLOMON: Strike that.
 25 MR. McDONALD: Your question makes

1 TIM SULLIVAN
 2 no sense.
 3 BY MR. SOLOMON:
 4 Q. You wanted to know -- strike that.
 5 Did you want to know whether Smile
 6 Source was still focused on providing discounts
 7 to its members?
 8 MR. McDONALD: Object to the form.
 9 THE WITNESS: I wanted to understand
 10 their total value proposition. And where
 11 price was a component of that, yes, we
 12 needed to understand that detail, also.
 13 BY MR. SOLOMON:
 14 Q. You wanted to know whether they were
 15 still a price-only buying group as they were
 16 pre-2012?
 17 MR. McDONALD: Object to the form.
 18 THE WITNESS: I just stated what our
 19 goal was, which is to understand what their
 20 total value proposition was. And, yes,
 21 price is a component of value, and are we
 22 in alignment in all of that.
 23 BY MR. SOLOMON:
 24 Q. Okay. Mr. Sullivan, I'm handing you
 25 a document marked CX2122.

1 TIM SULLIVAN
 2 (Exhibit CX2122 was marked for
 3 identification.)
 4 (Witness viewed said document.)
 5 MR. McDONALD: So, Ronnie, while
 6 he's looking at this, his e-mail, which is
 7 the third one from the top, has
 8 highlighting in it, which I don't think is
 9 on the original document.
 10 It's highlighted. Anyone care to
 11 join me it's highlighted, at least on my
 12 copy? And it's not on the original
 13 document.
 14 MR. SOLOMON: Yeah, I did not add
 15 that. So I'm fine stipulating that as far
 16 as I know, that was not in the original --
 17 MR. McDONALD: Okay.
 18 MR. SOLOMON: -- e-mail.
 19 MR. McDONALD: Thank you.
 20 THE WITNESS: Okay.
 21 BY MR. SOLOMON:
 22 Q. Mr. Sullivan, what is CX2112 [sic]?
 23 A. It's an e-mail that started with
 24 Andy Goldsmith, who is the chief dental officer
 25 and VP of vendor relations for Smile Source, to

1 TIM SULLIVAN
 2 Q. So this e-mail starts with
 3 Mr. Goldsmith e-mailing you on October 28th,
 4 2013 at 4:55 p.m. And he tells you that Smile
 5 Source has been growing, that Smile Source
 6 wants to renew its partnership, and that its
 7 current dealer cannot meet its expansion.
 8 Do you see that?
 9 A. I do.
 10 Q. And do you know whether
 11 Mr. Goldsmith is referring to Burkhart when he
 12 talks about its current dealer's range not
 13 being able to meet Smile Source's expansion?
 14 MR. McDONALD: Object to the form.
 15 THE WITNESS: I wouldn't know for
 16 sure. I would assume so, since Burkhart
 17 was their -- one of their two partners at
 18 that time.
 19 BY MR. SOLOMON:
 20 Q. Burkhart is a full-service
 21 distributor, correct?
 22 A. Yes.
 23 Q. Burkhart is a regional full-service
 24 distributor, correct?
 25 A. Correct.

1 TIM SULLIVAN
 2 me and then a series of internal exchanges on
 3 it.
 4 Q. You drafted part of CX2112 [sic],
 5 correct?
 6 A. Correct.
 7 Q. And did you do so as part of your
 8 job at Schein?
 9 A. Yes.
 10 Q. Do you have -- did you have personal
 11 knowledge of what you wrote in CX2112 [sic]?
 12 A. Yes.
 13 Q. And did you draft CX2112 [sic]
 14 around the time you're having these discussions
 15 with Mr. Muller about meeting with Smile
 16 Source?
 17 A. Yes.
 18 Q. And does CX2122 appear to be a true
 19 and accurate representation of this e-mail
 20 correspondence?
 21 A. Yes.
 22 Q. And Schein kept it in the usual
 23 course -- ordinary course of its business,
 24 correct?
 25 A. Correct.

1 TIM SULLIVAN
 2 Q. They do not have a national presence
 3 in the United States, right?
 4 A. That's right.
 5 Q. Where is -- where are Burkhart's
 6 operations mostly focused, if you know?
 7 A. The Pacific Northwest.
 8 Q. You respond on October 28th, 2013 at
 9 5:00 p.m. You write, "Oy...I think I need to
 10 take the meeting."
 11 Is it fair to say you were not
 12 excited to re-engage with Smile Source here?
 13 MR. McDONALD: Object to the form.
 14 THE WITNESS: It was a -- they
 15 terminated the agreement. When we had a
 16 partnership with them, there was conflict
 17 throughout.
 18 And so it was one of those, you
 19 know, should we take the meeting? Are we
 20 interested? So it wouldn't be my decision
 21 alone, but I think I need to take the
 22 meeting. What does everyone think?
 23 BY MR. SOLOMON:
 24 Q. Why were -- strike that.
 25 Were you hesitant?

<p style="text-align: right;">Page 282</p> <p>1 TIM SULLIVAN</p> <p>2 A. They terminated us. Yes, I was</p> <p>3 hesitant.</p> <p>4 Q. Why does the fact that they</p> <p>5 terminated Schein make you hesitant to meet</p> <p>6 with a customer prospect?</p> <p>7 A. I didn't know if anything changed.</p> <p>8 Q. In terms of what?</p> <p>9 A. Our -- whatever we had -- whatever</p> <p>10 conflicts we had prior, I didn't think at the</p> <p>11 time anything changed. That's why I'm saying,</p> <p>12 "I think I need to take the meeting." I'm</p> <p>13 saying I need to take the meeting. Hesitant,</p> <p>14 but I think I need to take it.</p> <p>15 Q. You were concerned that some of the</p> <p>16 conflicts that were present in the pre-2012</p> <p>17 relationship were still there?</p> <p>18 A. Both internally with us, which is</p> <p>19 ourselves and special markets, as well as I</p> <p>20 didn't know what would have changed within --</p> <p>21 it's the same people at Smile Source still.</p> <p>22 Q. Were you concerned that Smile Source</p> <p>23 was still a price-only buying group at this</p> <p>24 point?</p> <p>25 MR. McDONALD: Object to the form.</p>	<p style="text-align: right;">Page 283</p> <p>1 TIM SULLIVAN</p> <p>2 THE WITNESS: I didn't know. That's</p> <p>3 why I said I need to take the meeting.</p> <p>4 BY MR. SOLOMON:</p> <p>5 Q. Was that one of the things you</p> <p>6 wanted to find out?</p> <p>7 A. Yes.</p> <p>8 Q. Why?</p> <p>9 A. It's everything I've said to date on</p> <p>10 our position, my position on buying groups.</p> <p>11 Price is a component. That's what I said at</p> <p>12 the very top line. I said, again, look at this</p> <p>13 in entirety. I want to see if we can convert</p> <p>14 them from less of the focus on price to overall</p> <p>15 value proposition.</p> <p>16 Q. And you -- so focusing on that</p> <p>17 statement, the last-in-time e-mail, you write</p> <p>18 "Doubtful," right?</p> <p>19 A. I did.</p> <p>20 Q. So you weren't optimistic about</p> <p>21 that -- the prospect of converting them away</p> <p>22 from supply discounts, right?</p> <p>23 MR. McDONALD: Object to the form,</p> <p>24 mischaracterizes his testimony.</p> <p>25 THE WITNESS: I was -- didn't know</p>
<p style="text-align: right;">Page 284</p> <p>1 TIM SULLIVAN</p> <p>2 what would have changed. That's why I want</p> <p>3 to take the meeting, but didn't know,</p> <p>4 understand. I want to understand better.</p> <p>5 I was doubtful that anything changed</p> <p>6 relative to where they saw price as a</p> <p>7 component of value as compared to where we</p> <p>8 see price as a component of value.</p> <p>9 BY MR. SOLOMON:</p> <p>10 Q. Were you hoping that Smile Source</p> <p>11 would be less focused on discounts and price?</p> <p>12 MR. McDONALD: Object to the form.</p> <p>13 THE WITNESS: Can't say I was</p> <p>14 hoping. I wanted to understand it.</p> <p>15 BY MR. SOLOMON:</p> <p>16 Q. What other information were you</p> <p>17 hoping to learn from Smile Source by taking a</p> <p>18 meeting?</p> <p>19 A. As I just stated, what else -- is</p> <p>20 there going to be anything different at this</p> <p>21 stage of their development from when it was</p> <p>22 when they terminated us in 2012?</p> <p>23 MR. I would</p> <p>25 like to take a bathroom break.</p>	<p style="text-align: right;">Page 285</p> <p>1 TIM SULLIVAN</p> <p>2 Is that okay with everyone?</p> <p>3 MR. McDONALD: Absolutely.</p> <p>4 MR. SOLOMON: Okay.</p> <p>5 THE VIDEOGRAPHER: The time is 2:21</p> <p>6 p.m. We're off the record.</p> <p>7 (Whereupon, a recess was had</p> <p>8 from 2:21 p.m. to 2:38 p.m.)</p> <p>9 THE VIDEOGRAPHER: The time is</p> <p>10 2:38 p.m. We are back on the record.</p> <p>11 BY MR. Mr. Sullivan, welcome back.</p> <p>13 Prior to the break, we were talking</p> <p>14 about the February 2014 meeting with Smile</p> <p>15 Source.</p> <p>16 Do you recall that?</p> <p>17 A. Yes.</p> <p>18 Q. And we discussed that you were</p> <p>19 trying to learn more information about Smile</p> <p>20 Source through this meeting, correct?</p> <p>21 A. That was --</p> <p>22 MR. McDONALD: Object to the form,</p> <p>23 mischaracterizes his testimony.</p> <p>24 THE WITNESS: That was one of the</p> <p>25 things we were looking to learn, yes.</p>

1 TIM SULLIVAN
 2 BY MR. SOLOMON:
 3 Q. Okay. After you met with Smile
 4 Source in February of 2014, what did you learn?
 5 A. Again, I think there's some
 6 documents that would support that because I
 7 think I sent a summary of what we learned of
 8 the meeting. It might help to look at that.
 9 But top of my head, it was a -- best
 10 recollection, it was a good meeting. They gave
 11 a good pitch with understanding what their
 12 total value proposition to their membership was
 13 and looked interesting again.
 14 Q. Smile Source did?
 15 A. Yes.
 16 Q. In what respect?
 17 A. Again, if you have it, I think you
 18 see a summary that I put -- I think there's a
 19 summary of the meeting somewhere that talked
 20 about it.
 21 I don't know specifically. It
 22 was -- he was impressed -- Andy Goldsmith was
 23 impressed when we met with them talking about
 24 their plans.
 25 Q. Did you think that Smile Source was

1 TIM SULLIVAN
 2 more within their group. But, in essence, yes,
 3 still -- still today in that buying group
 4 category but less of their emphasis on the
 5 total value around price and price only, but
 6 that they were offering more to their members.
 7 Q. So would you consider them to have
 8 still been a price-only buying group?
 9 MR. McDONALD: Object to the form.
 10 THE WITNESS: I -- I'd -- again,
 11 they -- they portrayed themselves as more
 12 than that. Their ability to actually
 13 execute that I still questioned.
 14 BY MR. SOLOMON:
 15 Q. Why?
 16 A. Because the players, for the most
 17 part, hadn't changed.
 18 Q. Sorry. What do you mean by that?
 19 A. I believe there was a gentleman
 20 named Todd Nickerson, who was involved early
 21 on. I believe he was still here at this time.
 22 I'm not sure exactly what Andy's role was early
 23 on. He was still leading it. Good guys, good
 24 intentions, poor on execution.
 25 Q. So at this point in time in

1 TIM SULLIVAN
 2 still a buying group?
 3 A. It didn't change my opinion, if I
 4 recall correctly at that time, about their
 5 ability to actually execute. Again, in the
 6 past they had a broader offering where they
 7 would actually execute it. And we were -- we
 8 were happy to be partners with them back then.
 9 There were some conflicts; it was mainly
 10 internal conflicts. So getting terminated by
 11 them was not good news for us.
 12 Didn't want to necessarily go
 13 through all the effort to re-engage, re-sign
 14 up, relaunch, re-communicate, explain to the
 15 team what's different now without truly knowing
 16 and believing that, okay, it actually is
 17 different.
 18 So I was impressed with the meeting,
 19 wanted to explore it further, if I recall
 20 correctly, before we went through all that
 21 effort.
 22 Q. And did you walk away from the
 23 meeting with an understanding that Smile Source
 24 was still a buying group?
 25 A. They were looking to expand to offer

1 TIM SULLIVAN
 2 February of 2014, Schein -- strike that.
 3 At this point in time in February of
 4 2014, Smile Source had not changed its model?
 5 MR. McDONALD: Object to the form.
 6 THE WITNESS: I think I stated
 7 before they portrayed to have changed and
 8 offered more value to their members. And
 9 clearly, in fact, they've gone from,
 10 whatever, 20 or 40 customers at that time
 11 to now having over 130 locations. It
 12 seemed to be more compelling. And if there
 13 are more members, they must be seeing more
 14 value but wanted to understand that better.
 15 BY MR. SOLOMON:
 16 Q. But you talked about Smile Source
 17 having changed its model at some point in 2016
 18 when Trevor Mauer took over, is that right?
 19 A. Right.
 20 Q. This was before then?
 21 A. Yes, 2014 is before 2016, yes.
 22 Q. Do you recall who you met with
 23 during the February 2014 meeting?
 24 A. I believe it was Andrew. I'm not
 25 sure who else joined him.

Page 290	Page 291
<p>1 TIM SULLIVAN</p> <p>2 Q. Andrew Goldsmith?</p> <p>3 A. I believe so.</p> <p>4 Q. Do you have any recollection if</p> <p>5 there was anyone else from Smile Source there?</p> <p>6 A. I don't recall if Todd was there or</p> <p>7 not. I believe there was a dentist member in</p> <p>8 the meeting. I'm not sure if -- I had a couple</p> <p>9 of meetings with them. I don't know if that's</p> <p>10 when he was present.</p> <p>11 If you have a copy of the meeting,</p> <p>12 it might -- I don't know if there is or not.</p> <p>13 It might be in there.</p> <p>14 Q. Was anyone else from Smile Source --</p> <p>15 strike that.</p> <p>16 Was anyone else from Schein present?</p> <p>17 A. I believe John Chatham was with me</p> <p>18 for sure. I'm not sure who else.</p> <p>19 (Exhibit CX2470 was marked for</p> <p>20 identification.)</p> <p>21 BY MR. SOLOMON:</p> <p>22 Q. I'd like to hand you, Mr. Sullivan,</p> <p>23 a document that's been pre-marked as CX2470.</p> <p>24 Please take a look at this and let me know when</p> <p>25 you've had a chance to review it.</p>	<p>1 TIM SULLIVAN</p> <p>2 A. Put this one away?</p> <p>3 Q. Yes, please.</p> <p>4 (Witness viewed said document.)</p> <p>5 THE WITNESS: Okay.</p> <p>6 BY MR. SOLOMON:</p> <p>7 Q. Mr. Sullivan, what is CX2470?</p> <p>8 A. An e-mail exchange primarily</p> <p>9 between -- internally between Hal, Jimmy, and</p> <p>10 I.</p> <p>11 Q. And you drafted part of this e-mail</p> <p>12 chain, correct?</p> <p>13 A. Correct.</p> <p>14 Q. And did you do so as part of your</p> <p>15 job at Schein?</p> <p>16 A. Yes.</p> <p>17 Q. And you have personal knowledge of</p> <p>18 what you -- strike that.</p> <p>19 You had personal knowledge of what</p> <p>20 you wrote in CX2470?</p> <p>21 A. Yes.</p> <p>22 Q. And do you understand CX2470 to be a</p> <p>23 true and accurate representation of this e-mail</p> <p>24 correspondence?</p> <p>25 A. Yes.</p>
Page 292	Page 293
<p>1 TIM SULLIVAN</p> <p>2 Q. And is CX2470 a document that Schein</p> <p>3 kept in the ordinary course of its business?</p> <p>4 A. Yes.</p> <p>5 Q. So, Mr. Sullivan, what is this</p> <p>6 e-mail exchange about?</p> <p>7 A. Well, it started out with an e-mail</p> <p>8 from Hal Muller forwarding on a note sent to</p> <p>9 doctors about the Kois group or Kois Center.</p> <p>10 And then from there it was an exchange between</p> <p>11 the three of us on the value of putting</p> <p>12 together a program for them.</p> <p>13 Q. For Kois?</p> <p>14 A. That's how it started. And then</p> <p>15 somewhere along the way Jimmy shifted to a</p> <p>16 question around -- or Hal started a question --</p> <p>17 someone started a question about -- or JB.</p> <p>18 Jimmy started a question about Smile Source.</p> <p>19 So it shifted about halfway through about Smile</p> <p>20 Source.</p> <p>21 Q. So I would like to start on</p> <p>22 CX2470-003.</p> <p>23 Your e-mail to Mr. Muller on</p> <p>24 September 8th, 2014 at 7:17 p.m., this part</p> <p>25 relates to Kois, am I right?</p>	<p>1 TIM SULLIVAN</p> <p>2 A. Yes.</p> <p>3 Q. And Kois is a buying group?</p> <p>4 A. At the time I don't believe so. I</p> <p>5 think Kois is more of a study club of sorts.</p> <p>6 They offer consulting services. He would put</p> <p>7 on seminars in education around how to do</p> <p>8 dentistry a certain way.</p> <p>9 Q. Were -- strike that.</p> <p>10 Was Kois seeking discounts on</p> <p>11 supplies at this point?</p> <p>12 MR. McDONALD: Object to the form,</p> <p>13 lack of foundation.</p> <p>14 THE WITNESS: So John Kois himself</p> <p>15 refers to his group as a tribe. And it</p> <p>16 looks like he is starting to test the</p> <p>17 waters, I guess for better terminology --</p> <p>18 for lack of better terminology, on whether</p> <p>19 or not they could form, as part of their</p> <p>20 tribe, at a group discount of some sort,</p> <p>21 yes.</p> <p>22 BY MR. SOLOMON:</p> <p>23 Q. So Kois was seeking volume discounts</p> <p>24 on dental products?</p> <p>25 MR. McDONALD: Object to the form.</p>

1 TIM SULLIVAN
 2 THE WITNESS: Well, again, this is
 3 not an e-mail to us. This is something he
 4 sent out to him members. Some of their
 5 members are to customers of ours. He sent
 6 it on to us as an FYI.
 7 So at this point I don't believe
 8 they've reached out to us. This is just --
 9 it looks like they're asking their members
 10 "what would you think if."
 11 BY MR. SOLOMON:
 12 Q. Do you understand that Kois today is
 13 a buying group?
 14 MR. McDONALD: Object to the form,
 15 lack of foundation.
 16 THE WITNESS: I don't know that they
 17 are.
 18 BY MR. SOLOMON:
 19 Q. Do you know whether Kois has
 20 contracted for volume discounts on dental
 21 products with a distributor?
 22 MR. McDONALD: Object to the form,
 23 lack of foundation.
 24 THE WITNESS: Not that I'm aware of.
 25 ///

1 TIM SULLIVAN
 2 discounts on dental products?
 3 MR. McDONALD: Object to the form.
 4 THE WITNESS: Again, based on what I
 5 read and what they forwarded on, there was
 6 nothing more that they were looking for.
 7 Again, they hadn't sent us anything. From
 8 my quick read was the only thing they'd be
 9 looking for was a volume discount.
 10 BY MR. SOLOMON:
 11 Q. So they were a price-only buying
 12 group?
 13 MR. McDONALD: Object to the form,
 14 lack of foundation.
 15 THE WITNESS: I'm saying they were
 16 not at this point, but it looked like they
 17 were exploring that option.
 18 BY MR. SOLOMON:
 19 Q. They were exploring the option to
 20 become a price-only buying group?
 21 MR. McDONALD: Object to the form,
 22 lack of foundation.
 23 THE WITNESS: Not with us. At this
 24 point, I'm not aware of any direct
 25 communication from Kois to us. This is a

1 TIM SULLIVAN
 2 BY MR. SOLOMON:
 3 Q. Have they ever done that?
 4 MR. McDONALD: Object to the form,
 5 lack of foundation.
 6 THE WITNESS: Not that I'm aware of.
 7 BY MR. SOLOMON:
 8 Q. What else do you know about Kois
 9 other than it's a study club?
 10 A. Nothing more than I just described
 11 earlier.
 12 Q. So, again, focusing on your e-mail
 13 to Mr. Muller at 7:17 p.m., you tell him, "I
 14 still believe this is slippery slope and have
 15 yet to see a successful one in dental and don't
 16 take -- don't plan to take the lead role.
 17 Watching closely."
 18 Do you see where I'm referring to?
 19 A. I do.
 20 Q. Are you referring to Kois as a
 21 slippery slope here?
 22 A. In this instance, I'm referring to
 23 Kois.
 24 Q. And that's because Kois was
 25 interested in starting a program for volume

1 TIM SULLIVAN
 2 copy of an e-mail that they sent out to
 3 their members, to their tribe.
 4 BY MR. SOLOMON:
 5 Q. And you're stating that you didn't
 6 want to take the lead role in working with a
 7 price-only buying group, is that right?
 8 MR. McDONALD: Object to the form,
 9 lack of foundation -- or, sorry, object to
 10 the form, mischaracterizes the document and
 11 his testimony.
 12 THE WITNESS: That is what I wrote.
 13 BY MR. SOLOMON:
 14 Q. Is that what you meant?
 15 A. Is what --
 16 Q. That you didn't want Schein to take
 17 the lead role in working with a price-only
 18 buying group?
 19 A. As I've said in the past, we have in
 20 some cases; we have not in others.
 21 In this case did not want to take
 22 the lead role in putting something together
 23 with Kois if it was going to be a price-only,
 24 but we don't -- we know nothing of them at this
 25 point.

Page 298

1 TIM SULLIVAN

2 Q. What did you mean by "take the lead

3 role"?

4 A. We weren't going to proactively

5 reach out to them.

6 Q. Did you have any understanding that

7 your competitors were not working with Kois at

8 this point?

9 MR. McDONALD: Object to the form.

10 THE WITNESS: I had no idea if they

11 were or not.

12 BY MR. SOLOMON:

13 Q. Okay. You also write, "Watching

14 closely."

15 Are you referring to watching the

16 competition and whether they were willing to

17 engage with Kois?

18 A. No.

19 Q. What were you referring to?

20 A. Kois.

21 Q. So you're just watching Kois

22 closely?

23 A. Correct.

24 Q. Why?

25 A. They had a large membership group

Page 299

1 TIM SULLIVAN

2 with their 5,000 members. Many of those we

3 assumed would be customers -- customers of ours

4 already.

5 Q. So how would -- strike that.

6 What did you hope to gain from

7 watching them closely?

8 A. To see if they would approach us for

9 this opportunity.

10 Q. As a price-only buying group?

11 MR. McDONALD: Object to the form,

12 mischaracterizes his testimony.

13 THE WITNESS: I don't know how they

14 would approach us.

15 BY MR. SOLOMON:

16 Q. Would Schein be interested in

17 contracting with Kois if they had approached

18 Schein at this point in time as a price-only

19 buying group?

20 MR. McDONALD: Object to the form,

21 lack of foundation, calls for speculation.

22 THE WITNESS: Yeah, I'd be

23 speculating. I'd need to understand a lot

24 more about them.

25 ///

Page 300

1 TIM SULLIVAN

2 BY MR. SOLOMON:

3 Q. Okay.

4 A. But, yes, we would consider working

5 with them.

6 Q. Even though you a moment ago in this

7 e-mail mentioned that Kois was a slippery slope

8 and you didn't want to take the lead role?

9 A. Meaning, again, as I defined much

10 earlier, we were not going to proactively reach

11 out to them.

12 Q. But you also called them a slippery

13 slope.

14 Was that referring to proactively

15 reaching out to them or something else?

16 A. I'd put it in the same category,

17 same bucket. Again, maybe a poor choice of

18 words, but yes.

19 Q. Okay. Turning to Page 2, it looks

20 like the conversation shifts to Smile Source.

21 And Mr. Breslawski asks you on September 9th,

22 2014 at 3:24 p.m., "Tim...how do you view Smile

23 Source?" And you respond on September 9th,

24 2014 at 6:34 p.m.

25 Am I correct that this is following

Page 301

1 TIM SULLIVAN

2 the February 2014 meeting that you had with

3 Smile Source?

4 A. Yes.

5 Q. This is approximately seven or so

6 months after the February 2014 meeting, right?

7 A. Yes.

8 Q. And you tell Mr. Breslawski, "Yes,

9 they would love to get back with us for 20% off

10 catalog pricing to all their members with no

11 commitments to purchase from us, plus a

12 kickback to them. Not interested."

13 Do you see where I'm reading?

14 A. I do.

15 Q. You're stating that you were not

16 interested in working with Smile Source in this

17 e-mail, correct?

18 MR. McDONALD: Object to the form,

19 it mischaracterizes the document.

20 I mean, Ronnie, you skipped the

21 sentence that said, we met with them

22 earlier, we made a great proposal, and they

23 turned us down.

24 Do you want to just ignore that?

25 It's outrageous.

1 TIM SULLIVAN
 2 THE WITNESS: So if you read the
 3 message in the entirety, I think it's a
 4 much better way to look at it. We had a
 5 great meeting with them. We think we made
 6 a great proposal. They turned us down.
 7 We went -- I went on to say what was
 8 included in our proposal. It wasn't just
 9 limited to that, but those are the things I
 10 highlighted. They wanted more than what we
 11 proposed.
 12 BY MR. SOLOMON:
 13 Q. But you say you're not interested?
 14 A. Correct.
 15 Q. Why did you say you're not
 16 interested if you had just met with them a few
 17 months earlier?
 18 MR. McDONALD: Object to the form.
 19 THE WITNESS: Well, again, they
 20 turned us down. We gave them the proposal.
 21 They turned it down. So apparently our
 22 proposal wasn't good enough.
 23 So not interested, if we had to go
 24 further than that, not interested, because
 25 part of it was they could not -- they have

1 TIM SULLIVAN
 2 MR. McDONALD: Object to the form.
 3 THE WITNESS: I think it's like --
 4 MR. McDONALD: You should show him
 5 the document if you've got it.
 6 THE WITNESS: I think it's like a
 7 ten-page PowerPoint presentation. I'll be
 8 happy to go through it with you.
 9 BY MR. SOLOMON:
 10 Q. Can you tell me what Schein's
 11 proposal was without a document in front of
 12 you?
 13 A. It would be really challenging
 14 because it's all encompassing. That's --
 15 again, we have a broad value proposition. So
 16 it went through each aspect of our value. I
 17 couldn't do it without -- it would be much
 18 easier with it in front of me.
 19 Q. So you're saying that when you say
 20 "not interested," you're not saying that you
 21 weren't interested in working with
 22 Smile Source; you're referring to something
 23 else?
 24 MR. McDONALD: Object to the form,
 25 mischaracterizes his testimony.

1 TIM SULLIVAN
 2 no commitments to purchases, plus they
 3 wanted a kickback to the group.
 4 BY MR. SOLOMON:
 5 Q. Is that something that Smile Source
 6 told you at the February 2014 meeting?
 7 A. Yes.
 8 Q. Do you recall who told you that?
 9 A. I would assume it was Andy.
 10 Q. And based on that, you were not
 11 interested in forming a relationship with Smile
 12 Source?
 13 A. It's not what I said. They turned
 14 us down. Let's start with this. We gave a
 15 proposal. They turned it down. Is that clear?
 16 Q. I'm just trying to figure out why
 17 you would say you're not interested in this
 18 e-mail.
 19 What are you not interested in?
 20 A. Going beyond the proposal that we
 21 gave them that would make sense for us and
 22 partially because it did not include
 23 commitments from their members.
 24 Q. What was Schein's proposal
 25 specifically?

1 TIM SULLIVAN
 2 THE WITNESS: I think I testified
 3 already we met with them, gave a great
 4 proposal; they turned it down.
 5 In our proposal, we were offering
 6 20 percent off catalog pricing to all their
 7 members but no -- no commitments to
 8 purchase from us, plus a kickback is what
 9 they were -- I'm sorry. That's what they
 10 were looking for. Our proposal did not get
 11 there. That's what they were looking for.
 12 At that level we were not interested at
 13 that time.
 14 BY MR. SOLOMON:
 15 Q. Why were you not interested in that?
 16 A. Like I stated several times, we
 17 weren't confident. We felt good about the
 18 meeting. We felt good about some of the
 19 changes that they were making, but we weren't
 20 confident that they could actually execute to
 21 that.
 22 You have to go through all the
 23 exercise of relaunching a relationship with
 24 someone that terminated us to now be back at
 25 the table. They were looking for more than we

1 TIM SULLIVAN
 2 were willing to give to re-engage, including a
 3 lack of commitment from their members, to then
 4 launch a program. It would take a lot of work,
 5 explanation to our team as to what's different,
 6 what's changed, why now versus then. Wasn't
 7 confident that what they were talking about as
 8 part of their new strategy they could actually
 9 execute.
 10 Q. Did Smile Source ever make a
 11 counterproposal to Schein?
 12 MR. McDONALD: Object to the form.
 13 THE WITNESS: Not that I recall.
 14 BY MR. SOLOMON:
 15 Q. Did --
 16 A. During this time, no, not that I
 17 recall.
 18 Q. Did Smile Source ever ask Schein to
 19 increase the discounts that Schein was
 20 proposing?
 21 A. I don't recall specifically what --
 22 to what level, but they did tell us ours was
 23 not enough.
 24 Q. And what was -- if you recall, what
 25 was Schein's response to that?

1 TIM SULLIVAN
 2 MR. McDONALD: Object to the form,
 3 assumes facts not in evidence.
 4 Why don't you show him the proposal.
 5 THE WITNESS: If you pull out the
 6 proposal, it will be covered in there. If
 7 you really want to know, let's pull it out.
 8 We'll go through it.
 9 BY MR. SOLOMON:
 10 Q. I'm -- I'm sorry. I'm looking at
 11 this e-mail right now.
 12 A. I understand that. So looking at
 13 this right now, I don't know what we proposed
 14 eight months prior to this four years ago from
 15 today.
 16 Q. Turning to the first page of CX2470,
 17 at 6:36 p.m. -- or at 8:16 p.m., Mr. Breslawski
 18 asked us -- he asked you if Smile Source is a
 19 buying group that's delivering for Burkhart.
 20 Do you see that?
 21 A. I do.
 22 Q. And then you respond, "Yes. I
 23 believe they are a successful group. I
 24 actually like these guys too. I can't speak
 25 for Burkhart, but I can't imagine the story to

1 TIM SULLIVAN
 2 A. Okay. Let's stay connected.
 3 Q. So Schein wasn't willing to go any
 4 higher or to give Smile Source what it was
 5 asking for?
 6 A. That's --
 7 MR. McDONALD: Object to the form --
 8 THE WITNESS: Sorry.
 9 MR. McDONALD: -- asked and
 10 answered.
 11 THE WITNESS: That's the "not
 12 interested" part, right.
 13 BY MR. SOLOMON:
 14 Q. And am I correct in understanding
 15 that when Smile Source worked with Schein prior
 16 to 2012, the members were getting 18 percent
 17 off of catalog, as we discussed earlier today?
 18 A. I believe what it was was a special
 19 markets formulary. I'm not sure where that
 20 formulary was priced. Anything not in that
 21 formulary, then they got 18 percent off those
 22 less, but in certain categories it wasn't all
 23 that.
 24 Q. Would Schein have been willing to
 25 offer Smile Source 18 percent off catalog?

1 TIM SULLIVAN
 2 their reps. We did work with them for a while
 3 and it just caused too many issues."
 4 Correct, you state that there?
 5 A. Yes, I do.
 6 Q. I don't want to be accused of not
 7 reading the whole passage, so I'm reading all
 8 of it.
 9 A. All right. Thank you.
 10 Q. Turning to the next --
 11 A. Thank you.
 12 Q. Turning to the next paragraph, you
 13 write, "I'm open to discussing this topic, but
 14 I don't think we want to be the first in this
 15 game."
 16 Do you see that?
 17 A. I do.
 18 Q. So you're telling Mr. Breslawski,
 19 following the February 2014 meeting, that you
 20 did not want Schein to be the first distributor
 21 to work with Smile Source?
 22 MR. McDONALD: Object to the form.
 23 THE WITNESS: No. The first
 24 paragraph I'm responding specifically
 25 around Smile Source. He asked me a

Page 310

1 TIM SULLIVAN
 2 question around Smile Source and how it's
 3 delivering for Burkhart. And based on the
 4 meeting that we had with a number of
 5 members, you see my response there.
 6 I shift back to my earlier comment
 7 here about Kois, what I said. I'm
 8 repeating about Kois again. I'm open to
 9 discussing this topic, which is in the
 10 subject line still around Kois, but
 11 everything we discussed earlier, again,
 12 about the e-mail, so repeating what I said
 13 about Kois at that point.
 14 BY MR. SOLOMON:
 15 Q. So the second paragraph refers to
 16 Kois?
 17 A. That's my recollection, yes.
 18 Q. How do you know that?
 19 A. As I'm reading it, that's what
 20 I'm -- I believe it was about.
 21 Q. Mr. Breslawski had just asked you
 22 about Smile Source, though, correct?
 23 A. He did.
 24 Q. You were no longer talking about
 25 Kois at this point?

Page 312

1 TIM SULLIVAN
 2 A. As I said, the first paragraph is
 3 around Smile Source. The second paragraph, I
 4 shifted back to the original intent of the
 5 e-mail around Kois.
 6 Q. Okay. So you're saying that Kois is
 7 a potential major trend and threat in the
 8 second sentence?
 9 A. Potentially, if we decide to not
 10 work with them for whatever reason, and if
 11 1,000 of their -- 5,000 member -- I don't know
 12 how many members of theirs would be customers
 13 of ours, and they shifted their business, that
 14 would be a threat. I don't know if they would.
 15 Again, I don't believe -- if they were going to
 16 be a price-only -- I don't know what their
 17 model was. Again, they didn't send us an RFP
 18 at this point. I don't know.
 19 Q. Okay. Do you recall having any
 20 other discussions with Mr. Breslawski as a
 21 follow-up to this e-mail?
 22 A. I don't recall one specifically to
 23 this e-mail, unless you have something to show
 24 me, but not that I recall right now.
 25 Q. Why was it important with respect to

Page 311

1 TIM SULLIVAN
 2 MR. McDONALD: Object to the form.
 3 THE WITNESS: We were at the
 4 beginning and shifted partway through. I
 5 responded now back to the beginning and I
 6 shifted partway through.
 7 BY MR. SOLOMON:
 8 Q. You don't actually mention Kois in
 9 this second paragraph, right?
 10 A. Correct, I do not.
 11 Q. So how do you know that's what
 12 you're referring to? Is that just based on
 13 your recollection, sitting here today?
 14 MR. McDONALD: Object to the form.
 15 You asked him what it referred to,
 16 and he told you what he thinks it refers
 17 to. Now you're just arguing with him.
 18 THE WITNESS: I answered that
 19 already. Yes.
 20 BY MR. SOLOMON:
 21 Q. You go on to say, "We can always be
 22 second to the party the win in the long run if
 23 this truly becomes a major trend and threat."
 24 Are you referring to Smile Source
 25 there?

Page 313

1 TIM SULLIVAN
 2 you -- say Kois in the second paragraph.
 3 Why was it important that Schein
 4 would be second to working with that group as
 5 opposed to the first?
 6 A. So let's say --
 7 MR. McDONALD: Hang on. I object to
 8 the form, mischaracterizes the document.
 9 Go ahead.
 10 THE WITNESS: So, again, earlier, if
 11 I describe that we decide not to work with
 12 them for whatever reason and it turns out
 13 that their members do comply with the
 14 program, then we're not too shy or
 15 embarrassed to go back to the group and
 16 say, hey, we -- for whatever reason, we
 17 actually want to be in the game. So we'd
 18 be second in at that point.
 19 They may say, sorry, the ship has
 20 sailed. They may say, great, love to have
 21 you, provide a quote, then be second in.
 22 BY MR. SOLOMON:
 23 Q. Why was timing important? Why was
 24 it important to be second and not first?
 25 MR. McDONALD: Object to the form.

1 TIM SULLIVAN
2 THE WITNESS: I didn't say it was
3 important. I just said we can always be
4 second to the party. I didn't say it's
5 important that we're second to the party.
6 I said we can be.

7 BY MR. SOLOMON:

8 Q. Okay. You can put this document
9 aside.

10 Mr. Sullivan, do you recall a buying
11 group called Dental Gator?

12 A. I do.

13 Q. And what do you recall about Dental
14 Gator?

15 A. They were, for lack of a better
16 term, an offshoot, if you would, of a large DSO
17 customer of special markets called MB2. And
18 they were attempting to use the pricing that
19 they got for their DSO in creating separately a
20 buying group, if you would, based on Henry
21 Schein prices.

22 Q. Do you know whether Dental Gator
23 offered other services to its members?

24 A. Not that I'm aware of.

25 Q. So you believe Dental Gator was a

1 TIM SULLIVAN
2 price-only buying group that didn't offer
3 value-added services to its members?

4 A. That's my understanding at that
5 time.

6 Q. Were you concerned about Dental
7 Gator?

8 A. At the time, only in the spirit of
9 they were adding single-office space
10 practitioner members, getting pricing that was
11 passed on to this larger DSO.

12 Contractually, this larger DSO, MB2,
13 had a -- they were allowed to be in the
14 contract with them to offer anything -- that
15 pricing to anyone outside of their DSO members.

16 Q. And why was that a concern for you?

17 A. My understanding is it was just
18 against the prime vendor agreement that our
19 special markets team had with them.

20 Q. Were you concerned about the fact
21 that Dental Gator was a buying group?

22 A. I was concerned that that pricing
23 that was set up for one particular customer, it
24 wasn't in that customer's or that group's
25 ability to pass that pricing on to people

1 TIM SULLIVAN
2 outside of their group.
3 If we wanted to contract directly
4 with Dental Gator, we'd be happy to and have a
5 separate agreement with them, but not based on
6 how the DSO was structured.

7 Q. So if HSD had formed a contract
8 directly with Dental Gator, you would have been
9 fine working with Dental Gator?

10 A. Possibly.

11 Q. Why do you say "possibly"?

12 A. It goes back to I need to understand
13 more about who they are, how they're
14 structured, compliance of their members,
15 everything else that goes into the
16 consideration that we've been talking about all
17 day.

18 Q. Do you recall having discussions
19 with Mr. Muller about Dental Gator?

20 A. I do.

21 Q. Do you recall having disagreements
22 with Mr. Muller about Dental Gator?

23 A. I do.

24 Q. And what was the nature of the
25 disagreement?

1 TIM SULLIVAN
2 A. It would be easier to read the
3 documents and go through it to understand it
4 specifically, but -- it would be very helpful.

5 Q. Okay. Do you recall -- okay.

6 I'm handing you a document that's
7 been pre-marked as CX2143. Please let me know
8 when you've had a chance to review.

9 (Exhibit CX2143 was marked for
10 identification.)

11 (Witness viewed said document.)

12 THE WITNESS: Okay.

13 BY MR. SOLOMON:

14 Q. Mr. Sullivan, do you recognize
15 CX2143?

16 A. I do.

17 Q. And is this an e-mail that you
18 received?

19 A. It is.

20 Q. And you drafted part of this e-mail
21 chain as well?

22 A. Yes.

23 Q. You did so as part of your job at
24 Henry Schein?

25 A. Yes.

Page 318

1 TIM SULLIVAN

2 Q. And you had personal knowledge of

3 what you wrote in this e-mail?

4 A. Yes.

5 Q. And you wrote this e-mail close in

6 time to the disagreements you were having with

7 Mr. Muller surrounding Dental Gator, correct?

8 A. Around the time we were having

9 discussions about Dental Gator, yes.

10 Q. Okay. And do you believe CX2143 is

11 a true and accurate representation of this

12 e-mail correspondence?

13 A. Yes.

14 Q. And does Henry Schein keep CX2143 in

15 the ordinary course of its business?

16 A. Yes.

17 Q. Okay. So does this refresh your

18 recollection, Mr. Sullivan, about the nature of

19 the discussions you were having with Mr. Muller

20 about Dental Gator in the January 2015 time

21 frame?

22 A. It does.

23 Q. Okay. What was the nature of those

24 discussions?

25 A. Well, I think it highlights what I

Page 319

1 TIM SULLIVAN

2 mentioned before. And I think in totality,

3 this is a great example of how we've had some

4 internal conflict on how we're structured.

5 Certain parts of it is volume, the special

6 markets P&L; part is on HSD P&L.

7 But as you can see, we resolved it

8 in a good way for the customer, something that

9 they would like to see for how Dental Gator is

10 going to work. So for their existing customers

11 that we already had, we said, fine,

12 grandfathered in. But going forward, they

13 couldn't offer the MB2 pricing to additional

14 clients.

15 So that was an excellent exchange, a

16 resolution that Hal and I were able to work

17 out, and it worked out well for the customer.

18 Q. So going forward after this point,

19 Dental Gator could no longer offer the same

20 discounts to new members of its buying group?

21 MR. McDONALD: Object to the form.

22 THE WITNESS: If I recall, we set up

23 a separate one for them, so a separate

24 different pricing arrangement for those

25 that would join, but not the same as what

Page 320

1 TIM SULLIVAN

2 MB2 was getting, correct.

3 BY MR. SOLOMON:

4 Q. Do you recall what that pricing

5 arrangement that you set up was?

6 A. Based on what I'm reading here, I

7 don't know for sure if this is what was

8 actually implemented. My understanding is that

9 they accepted this. It was a -- a G-10, which

10 is a 10 percent off.

11 Q. And what is the G-10 plan?

12 A. 10 percent off.

13 Q. Who is that plan available to?

14 MR. McDONALD: Object to the form,

15 vague.

16 THE WITNESS: In this case, it was

17 being offered to Dental Gator.

18 BY MR. SOLOMON:

19 Q. Is it offered to any other customers

20 in the ordinary course of your business?

21 MR. McDONALD: Object to the form.

22 THE WITNESS: My understanding is

23 that it is. It says the discount will be a

24 G-10, which is one of the MM -- mid-market

25 plans that we have used in the past.

Page 321

1 TIM SULLIVAN

2 BY MR. SOLOMON:

3 Q. So this means 10 percent off catalog

4 price?

5 MR. McDONALD: Object to the form.

6 If you know, tell him, but don't

7 guess.

8 THE WITNESS: I believe so.

9 BY MR. SOLOMON:

10 Q. Can an independent private practice

11 dentist qualify for this G-10 plan?

12 MR. McDONALD: Object to the form.

13 THE WITNESS: We have multiple

14 pricing programs for customers. We call

15 them VPAs, volume purchase agreements. So

16 it depends on the size of the customer,

17 number of locations.

18 There's other ways to get to this

19 type of pricing where it's not necessarily

20 called the G-10. So there's a multitude of

21 ways that we work with our customers on

22 discount. Very, very few of our customers

23 pay a catalog price.

24 BY MR. SOLOMON:

25 Q. How many of your customers would you

Page 322

1 TIM SULLIVAN
 2 say pay 10 percent off of catalog?
 3 MR. McDONALD: Object to the form,
 4 calls for speculation.
 5 THE WITNESS: I would be guessing.
 6 BY MR. SOLOMON:
 7 Q. So you're not sure; you don't know
 8 one way or the other, sitting here today?
 9 A. Correct.
 10 Q. Do you know whether Dental Gator was
 11 happy about Schein cutting the discounts it was
 12 able to offer?
 13 MR. McDONALD: Object to the form.
 14 THE WITNESS: I've never -- I never
 15 met with Dental Gator. I don't know.
 16 BY MR. SOLOMON:
 17 Q. Did Schein restrict Dental Gator's
 18 ability to advertise itself as a buying group?
 19 MR. McDONALD: Object to the form.
 20 THE WITNESS: Never, no.
 21 BY MR. SOLOMON:
 22 Q. You're not aware of that ever
 23 happening?
 24 A. To advertise themselves as a buying
 25 group? No. They can advertise however they'd

Page 324

1 TIM SULLIVAN
 2 aware of any scenarios that we've done
 3 that.
 4 BY MR. SOLOMON:
 5 Q. Turning to the first page of this
 6 exhibit, you write on January 28th at
 7 7:37 a.m., "I think we are basically there with
 8 Hal's last proposal and yes Hal the SAM can
 9 offer it if meeting today. Not sure how this
 10 is not a Buying Group, though. They all offer
 11 multiple services to their members including
 12 savings on Supplies."
 13 Do you see where I'm referring to?
 14 A. I do.
 15 Q. Does this refresh your recollection
 16 that Dental Gator was a buying group that was
 17 offering multiple services to its members, one
 18 of which was savings on supplies?
 19 A. Yes, meaning -- and, again, I don't
 20 know how effective the other ones are, the
 21 other services. But from what we understood is
 22 primarily people were joining Dental Gator
 23 based on the pricing model.
 24 Q. But your understanding is that they
 25 were a value-added services buying group?

Page 323

1 TIM SULLIVAN
 2 like outside of -- we do restrict how some
 3 large groups are able to use our brand in their
 4 advertising. But how they want to represent
 5 themselves to add members -- how to use our
 6 brand we want to control. But outside of that,
 7 it's up to them.
 8 Q. So Schein would never tell Dental
 9 Gator that it had to advertise itself as not
 10 being a buying group?
 11 MR. McDONALD: Object to the form.
 12 You mean Henry Schein Dental or
 13 Henry Schein special markets? Or it's your
 14 intention on being vague?
 15 BY MR. SOLOMON:
 16 Q. Schein would never tell a customer
 17 that it can't advertise itself as a buying
 18 group, is that right?
 19 MR. McDONALD: Object to the form,
 20 overly broad, vague, calls for speculation.
 21 THE WITNESS: I can't imagine a
 22 scenario that we would tell a customer how
 23 to advertise themselves. We -- how we --
 24 they want to use our brand we want to
 25 restrict. But outside of that, I'm not

Page 325

1 TIM SULLIVAN
 2 MR. McDONALD: Object to the form.
 3 THE WITNESS: No, it's not -- that's
 4 not my belief.
 5 BY MR. SOLOMON:
 6 Q. What is your belief?
 7 A. Well, again, at the time, that they
 8 were an offshoot of a large customer of ours in
 9 MB2, that the only thing that they were
 10 offering was getting that pricing that we were
 11 offering MB2. That was my understanding.
 12 Q. But you're saying here that Dental
 13 Gator offers multiple services to its members,
 14 including savings on supplies, right?
 15 A. Correct.
 16 Q. So it is -- was your understanding
 17 that Dental Gator offered more than just
 18 savings on supplies?
 19 A. Well, I know they stated it. I
 20 don't know how they -- how good they were in
 21 executing it.
 22 Q. Did you ever look into that?
 23 A. Not that I recall.
 24 Q. So what was your basis for doubting
 25 whether or not they actually offered -- whether

<p style="text-align: right;">Page 326</p> <p>1 TIM SULLIVAN 2 or not they actually executed other value-added 3 services? 4 A. Based on -- 5 MR. McDONALD: Object to the form. 6 THE WITNESS: Just based on 7 discussions with Hal and those that -- or 8 the complaints that were coming in from the 9 field. 10 BY MR. SOLOMON: 11 Q. So is it fair to say that Dental 12 Gator was not a price-only buying group? 13 MR. McDONALD: Object to the form, 14 lack of foundation. 15 THE WITNESS: My view is they 16 portrayed themselves as more than that, but 17 in effectiveness, that's all they were. 18 BY MR. SOLOMON: 19 Q. I'm also -- I also just want to ask 20 you, you define buying group as an entity that 21 offers multiple services including savings on 22 supplies. 23 Do you see that? 24 A. Uh-huh. Yes. 25 Q. So you're using the term "buying</p>	<p style="text-align: right;">Page 327</p> <p>1 TIM SULLIVAN 2 group" to refer to an entity that offers lots 3 of services, including savings on supplies, 4 correct? 5 MR. McDONALD: Object to the form. 6 THE WITNESS: Correct. 7 BY MR. SOLOMON: 8 Q. Do you normally use the term "buying 9 group" to refer to entities that offer multiple 10 services, including savings? 11 A. You've seen multiple ways of how 12 I've referred to them. I've told you multiple 13 ways that I've referred to them. So I don't 14 always use that terminology in every exchange, 15 no. 16 Q. I'm just trying to understand why 17 you said here a buying group is an entity that 18 offers multiple services, including savings. 19 A. I wasn't very clear. Many -- some 20 do. Some claim to, but don't actually execute. 21 Some claim to and execute. Some don't claim 22 to. 23 Q. So you just weren't being very clear 24 here? 25 MR. McDONALD: Object to the form.</p>
<p style="text-align: right;">Page 328</p> <p>1 TIM SULLIVAN 2 THE WITNESS: Apparently not. 3 BY MR. SOLOMON: 4 Q. You can put that document aside. 5 Mr. Sullivan, I'm handing you 6 CX246-001. Please let me know when you've had 7 a chance to review. 8 MR. LONG: Has this been 9 (undiscernible)? 10 MR. McDONALD: No. 11 MR. SOLOMON: Yeah, that's what I'm 12 trying to figure out. 13 MR. McDONALD: I don't think it is, 14 Ronnie, because clearly it says, "Thanks, 15 Joe, good info." 16 MR. SOLOMON: I don't know. I'm not 17 sure. This does not appear to be -- 18 MS. KAHN: Do you want to come back 19 to this? 20 MR. SOLOMON: Yeah. Maybe we can 21 put this aside and we can come back to 22 this. I'm not sure why this is that one 23 page. 24 MR. McDONALD: Okay. 25 THE WITNESS: Back to you or --</p>	<p style="text-align: right;">Page 329</p> <p>1 TIM SULLIVAN 2 MR. McDONALD: Just put it to the 3 side. 4 MR. SOLOMON: Put it aside. 5 Yeah, can we take a -- just a 6 five-minute break? 7 THE VIDEOGRAPHER: This is the end 8 of DVD No. 3. The time is 3:23 p.m. We 9 are off the record. 10 (Whereupon, a recess was had 11 from 3:23 p.m. to 3:41 p.m.) 12 THE VIDEOGRAPHER: This is the 13 beginning of DVD No. 4. The time is 14 3:41 p.m. We are back on the record. 15 (Exhibit CX2440 was marked for 16 identification.) 17 BY MR. SOLOMON: 18 Q. Mr. Sullivan, welcome back. 19 I'm handing you a document that's 20 been pre-marked as CX2440. Please let me know 21 when you've had a chance to review. 22 (Witness viewed said document.) 23 MR. McDONALD: You don't want to use 24 the same numbers that's on this? 25 MR. SOLOMON: We're going with CX</p>

<p style="text-align: right;">Page 330</p> <p>1 TIM SULLIVAN 2 numbers for everything in this. 3 MR. McDONALD: I know, but the 246 4 that's not on the page -- 5 MR. SOLOMON: I did. I see what you 6 mean. So it's -- it's got this little 7 exhibit sticker on it. Just in case we get 8 confused, I just used a new one. 9 MR. McDONALD: Okay. For the 10 record, I think that exhibit sticker is 11 from Joe Cavaretta's investigational 12 hearing. 13 BY MR. SOLOMON: 14 Q. Mr. Sullivan, you've a chance to 15 adequately review CX2440? 16 A. I'm actually in the middle. 17 Q. Okay. 18 (Witness viewed said document.) 19 THE WITNESS: Okay. 20 BY MR. SOLOMON: 21 Q. Mr. Sullivan, what is CX2440? 22 A. An e-mail exchange started with Hal 23 sending a message to me and then I circulated 24 it amongst the HSD team. 25 Q. And you drafted part of this e-mail</p>	<p style="text-align: right;">Page 331</p> <p>1 TIM SULLIVAN 2 as part of your job at Henry Schein? 3 A. Yes. 4 Q. You have personal knowledge of the 5 contents of this e-mail? 6 A. Specifically the pieces that I 7 drafted, yes. 8 Q. And did you draft this e-mail close 9 in time to the items that are being discussed 10 in CX2440? 11 A. Yes. 12 Q. And is CX2440 a true and accurate 13 representation of this e-mail exchange? 14 A. Yes. 15 Q. And does Henry Schein keep CX2440 in 16 the ordinary course of its business? 17 A. Yes. 18 Q. Okay. I'd like to direct your 19 attention to -- on the first page of this 20 exhibit, there's an e-mail from you to 21 Mr. Cavaretta, Mr. Meadows, Mr. Steck, 22 Mr. Chatham, and Mr. Rozin at 9:44 a.m. 23 Specifically, the discussion around 24 Dental Gator and your statement, "The 25 December 'offsite' last year I left with a goal</p>
<p style="text-align: right;">Page 332</p> <p>1 TIM SULLIVAN 2 to see if we could get Hal to shut it down, but 3 knew that could be a challenge due to the 4 parent company being an EDSO of ours in SM." 5 Do you see that? 6 A. I do. 7 Q. EDSO refers to Elite Dental Service 8 Association? 9 A. Correct. 10 Q. And SM refers to special markets, 11 correct? 12 A. Correct. 13 Q. So in this statement here, you're 14 saying that you tried to get Hal Muller to shut 15 down Dental Gator at an offsite meeting? 16 MR. McDONALD: Object to the form, 17 mischaracterizes the document. 18 THE WITNESS: That's not what I'm 19 stating, no. 20 BY MR. SOLOMON: 21 Q. What are you stating? 22 A. What we just went through in the 23 prior discussion around Dental Gator, it was to 24 shut down the pricing that they were receiving. 25 We actually ended up in a very good</p>	<p style="text-align: right;">Page 333</p> <p>1 TIM SULLIVAN 2 solution, if you recall. They were not -- the 3 parent company, MB2, did not have the 4 contractual rate. They were breaking the 5 contract, in essence, by passing that pricing 6 on to others not in their group. So we needed 7 to shut that down, but we did it in a way that 8 came to a very good resolution for our customer 9 with a different pricing plan. 10 So we're clearly not against buying 11 groups per se, as we would have just shut it 12 down otherwise if that were the case. We 13 created something uniquely for Dental Gator as 14 an offshoot of that. 15 Q. How do you know you're referring to 16 pricing here? 17 A. Because I drafted it. 18 Q. So based on your recollection, you 19 recall that you were referring to pricing in 20 this e-mail? 21 A. Well, it aligns with the previous 22 discussion that we had regarding Dental Gator 23 and the resolution that we came to with Hal, 24 which this is now five months later. If you go 25 back to the last discussion we had, it was</p>

Page 334

1 TIM SULLIVAN
 2 around that time of what we did following that
 3 meeting relative to Dental Gator.
 4 And we were able to shift from --
 5 take that customer, MB2, who is basically
 6 violating the contract that they had with us.
 7 We were able to change the format to allow them
 8 different pricing but kept Dental Gator itself
 9 as a buying group alive.
 10 Q. So you recall this conversation that
 11 you had with Mr. Muller at an offsite meeting?
 12 MR. McDONALD: Object to the form.
 13 THE WITNESS: It was the discussion
 14 that we just had prior to this one on the
 15 e-mail exchange following that thing
 16 between Jimmy and I and Hal, Hal and I, if
 17 you recall, on Dental Gator, and how we
 18 adjusted the pricing. Yeah, this is
 19 what -- this is what -- this is referring
 20 to that.
 21 BY MR. SOLOMON:
 22 Q. So this is referring to a
 23 December offsite meeting, right? Am I right?
 24 A. Yes.
 25 Q. But the e-mail we just looked at

Page 335

1 TIM SULLIVAN
 2 moment ago is from January 2015, right?
 3 A. Correct.
 4 Q. Okay. So is that -- the e-mail from
 5 January 2015, does that also refer to a meeting
 6 at December offsite?
 7 A. Not that I recall.
 8 Q. So I'm asking you specifically about
 9 this December offsite meeting where you talked
 10 to Mr. Muller about Dental Gator.
 11 What exactly did you tell him at
 12 this meeting?
 13 A. No. I'm saying -- so at the
 14 December last offsite meeting, Dental Gator
 15 first was raised by members of my team and the
 16 conflict that it was creating. I said I'll
 17 work with Hal to figure it out, to understand
 18 more about it.
 19 It took us a while, but January is
 20 when Hal and I were having this exchange about
 21 it. And we resolved it at that time to the
 22 mutual benefit of the customer, MB2 primarily,
 23 that's the parent company, the offshoot they
 24 created in Dental Gator, for our suppliers that
 25 were impacted by these agreements as well, and

Page 336

1 TIM SULLIVAN
 2 for us and its members.
 3 So it took a while from the
 4 December offsite. There's holidays involved,
 5 year-end close. By January, we got to the
 6 topic and we resolved it. That's what I'm
 7 referring to here.
 8 Q. Okay. So you're not talking about a
 9 meeting you had with Mr. Muller at a
 10 December offsite?
 11 A. Correct.
 12 Q. Okay.
 13 A. We left that meeting with a goal to
 14 see if I could -- if we could get Hal -- so Hal
 15 wasn't -- I don't think Hal was there. But
 16 based on reading this, if we could get Hal to
 17 shut that down. And we were able to do that to
 18 the mutual benefit of our customer.
 19 Q. Were you aware of others within
 20 Henry Schein Dental saying that Dental Gator
 21 was a buying group that needed to be shut down?
 22 MR. McDONALD: Object to the form.
 23 THE WITNESS: I don't recall that
 24 direct language, meaning not shutting down
 25 Dental Gator per se, but shutting down the

Page 337

1 TIM SULLIVAN
 2 pricing that they did not have a
 3 contractual right to. So that's my
 4 recollection of it.
 5 BY MR. SOLOMON:
 6 Q. Do you recall others within Henry
 7 Schein Dental raising concerns about Dental
 8 Gator because it was acting as a buying group?
 9 A. Well, as I just stated, it came up
 10 in our December offsite meeting. So yes, it
 11 was raised as a concern.
 12 Q. Specifically that it was a buying
 13 group?
 14 A. Again, one that was set up on
 15 pricing that they didn't have -- they weren't
 16 supposed to have access to and one that was
 17 acting as -- without the broader array of
 18 services that other groups that we work with
 19 offer.
 20 Q. They did offer value-added services,
 21 though, as we talked about earlier, right?
 22 A. And we also talked about the fact
 23 that I wasn't confident that they were
 24 executing that plan either.
 25 Q. And you can't recall any specific

1 TIM SULLIVAN
 2 part of those value-added services that were
 3 concerning to you, right?
 4 MR. McDONALD: Object to the form,
 5 misstates his testimony.
 6 THE WITNESS: Yeah, I'm saying I
 7 don't know -- I don't know what additional
 8 value-added services that they claim to
 9 provide. I don't know what they were.
 10 But whatever they were claiming it
 11 to be, I don't believe that they were
 12 actually executing on that piece. They
 13 were primarily marketing themselves with a
 14 "join us, you get better supplies -- deal
 15 on supplies."
 16 BY MR. SOLOMON:
 17 Q. And you're understanding of that was
 18 based on conversations you had with others
 19 within Henry Schein Dental, is that right?
 20 A. That is correct.
 21 Q. Okay. So you didn't know that
 22 information on your own; you learned it from
 23 others?
 24 A. Yeah, I trust my team to bring me
 25 the appropriate information.

1 TIM SULLIVAN
 2 A. Yes.
 3 Q. And through in-person meetings?
 4 A. Yes.
 5 Q. Do you value your relationship with
 6 Mr. Cohen?
 7 MR. McDONALD: Object to the form,
 8 vague.
 9 THE WITNESS: So let me take a
 10 moment and explain my relationship with
 11 Chuck Cohen.
 12 So he's a competitor of ours,
 13 competitor of mine. We're fierce
 14 competitors. But just as we talked
 15 earlier, we're cordial with each other.
 16 He's potentially -- Benco has been a
 17 company that potentially we'd be interested
 18 in merging our operations with.
 19 So I definitely want to treat Chuck
 20 with respect if some day he potentially
 21 would be working for me. I want to make
 22 sure that he understands who I am.
 23 But it's -- to be really clear, I do
 24 not, have not talked with Chuck Cohen or
 25 anyone else at Benco regarding our views on

1 TIM SULLIVAN
 2 Q. Do you remember who told you that?
 3 A. I don't specifically, no. I know
 4 Joe was involved.
 5 Q. Okay. You can put that document
 6 aside.
 7 Mr. Sullivan, you're familiar with
 8 Chuck Cohen?
 9 A. I am.
 10 Q. Who is Chuck Cohen?
 11 A. I believe he's the president of
 12 Benco Dental.
 13 Q. And you have a relationship with
 14 Mr. Cohen?
 15 MR. McDONALD: Object to the form,
 16 vague.
 17 THE WITNESS: We know each other.
 18 BY MR. SOLOMON:
 19 Q. And you've interacted with Mr. Cohen
 20 on several occasions?
 21 A. Correct.
 22 Q. And you've spoken with Mr. Cohen
 23 over the phone?
 24 A. I have.
 25 Q. And by text message?

1 TIM SULLIVAN
 2 strategic initiatives such as buying
 3 groups.
 4 BY MR. SOLOMON:
 5 Q. Never?
 6 A. Never.
 7 Q. I believe you testified in your
 8 investigational hearing that you had talked
 9 with Mr. Cohen about Atlantic Dental Care.
 10 Do you recall that?
 11 A. I do.
 12 Q. Was that one instance in which you
 13 had a communication with Mr. Cohen about buying
 14 groups?
 15 MR. McDONALD: Object to the form.
 16 THE WITNESS: I did not have a
 17 discussion with Chuck Cohen in that
 18 exchange about buying groups, about Benco's
 19 strategy with him or Henry Schein's
 20 strategy with him.
 21 He contacted me about this group.
 22 As soon as he started going down a road
 23 that I felt uncomfortable with, I
 24 immediately told him, Chuck, we should not
 25 be having this discussion, and we changed

<p style="text-align: right;">Page 342</p> <p>1 TIM SULLIVAN 2 the topic of the discussion. 3 BY MR. SOLOMON: 4 Q. Other than that conversation, you've 5 never talked to Mr. Cohen about buying groups? 6 A. I've never talked -- not other than 7 that conversation. I've never talked to Chuck 8 Cohen about our strategy or Benco's strategy 9 around buying groups. 10 Q. Has Mr. Cohen ever reached out to 11 you on any other occasion regarding buying 12 groups? 13 MR. McDONALD: Object to the form, 14 misstates his testimony. 15 THE WITNESS: I can tell you I've 16 never had a discussion with Chuck Cohen 17 about Henry Schein's strategy or Benco's 18 strategy on buying groups. 19 BY MR. SOLOMON: 20 Q. Has he ever reached out to you 21 trying to have a discussion with you concerning 22 buying groups, other than the ADC example we 23 just discussed a moment ago? 24 MR. McDONALD: Object to the form. 25 MR. RACOWSKI: Objection, asked and</p>	<p style="text-align: right;">Page 343</p> <p>1 TIM SULLIVAN 2 answered. 3 THE WITNESS: No. 4 BY MR. SOLOMON: 5 Q. So there's been no other occasion on 6 which Mr. Cohen has reached out to you trying 7 to talk about buying groups, other than as it 8 relates to ADC? 9 MR. McDONALD: Objection to form -- 10 MR. RACOWSKI: Same objection. 11 MR. McDONALD: -- misstates his 12 testimony. 13 MR. RACOWSKI: Same objection. 14 MR. McDONALD: We have an agreement 15 that an objection by one is good for all, 16 right, so we both don't have to object to 17 this stuff? 18 MR. SOLOMON: I think that's right. 19 THE WITNESS: Can you restate the 20 question? 21 MR. SOLOMON: Would you mind just 22 reading it back. 23 (The reporter read the record as 24 requested.) 25 MR. McDONALD: Same objection.</p>
<p style="text-align: right;">Page 344</p> <p>1 TIM SULLIVAN 2 THE WITNESS: I want to clarify 3 because you say "other than" as if that was 4 a discussion about buying groups. That was 5 not a discussion about buying groups. 6 I have not had a discussion about -- 7 with Chuck Cohen or anyone at Benco about 8 their strategy on buying groups or ours or 9 any attempt to come to any sort of 10 agreement about how to treat buying groups. 11 BY MR. SOLOMON: 12 Q. And just to be clear, my question 13 was a little different. It was has Chuck 14 Cohen -- strike that. 15 On how many occasions has Chuck 16 Cohen reached out to you to try and talk about 17 buying groups? 18 MR. McDONALD: Object to the form. 19 THE WITNESS: I -- never, to my 20 knowledge, did he call me to talk about 21 buying groups in general and the strategy 22 therein. 23 He reached out to me about 24 American -- or Atlantic Dental Group for -- 25 I don't know why he did. But for whatever</p>	<p style="text-align: right;">Page 345</p> <p>1 TIM SULLIVAN 2 reason, he did on that occasion. But it 3 was not to talk about an overall strategy. 4 He mentioned something about this 5 group. I didn't know anything about them, 6 never heard of them before. He started to 7 go on about them. I said, Chuck, thanks, 8 but no thanks. We should not be having 9 this discussion. 10 We shifted the discussion to joking 11 around a little bit about him recruiting me 12 and me to go to work for him and ha, ha, 13 ha, and then end of the discussion. 14 BY MR. SOLOMON: 15 Q. So in that instance, he was 16 contacting you about Atlantic Dental Care, 17 which you understand is a buying group? 18 MR. McDONALD: Object to the form. 19 THE WITNESS: At the time, I did 20 not. I didn't know who they were. 21 BY MR. SOLOMON: 22 Q. Okay. Has Mr. Cohen ever told you 23 that Benco had a no buying group policy? 24 A. Not that I recall. 25 Q. Has Mr. Cohen ever told you that</p>

Page 346

1 TIM SULLIVAN
 2 Benco doesn't work with buying groups?
 3 A. Not that I recall.
 4 Q. Has Mr. Cohen ever told you anything
 5 else about his position with respect to buying
 6 groups?
 7 A. I'll repeat what I said before.
 8 I've never had a discussion with Chuck Cohen
 9 about buying groups. He called me about a
 10 specific Atlantic Dental co-op, but we never
 11 had a discussion about buying groups.
 12 Q. At some point you came to understand
 13 that ADC was a buying group, correct?
 14 A. Correct.
 15 Q. When did that happen?
 16 A. Around the same time frame through
 17 our local leadership team.
 18 Q. How did you learn that ADC was a
 19 buying group?
 20 A. I believe our manager in the area --
 21 Bob Anderson is the local manager, but he was
 22 working with Michael Porro, who was our zone
 23 manager at the time.
 24 Michael reached out to me. I
 25 believe it started with because he could not

Page 348

 2 BY MR. SOLOMON:
 3 Q. Do you still understand ADC to be a
 4 buying group, sitting here today?
 5 MR. McDONALD: Object to the form,
 6 lack of foundation.
 7 THE WITNESS: I still know very
 8 little about them at this point, but that's
 9 how I would categorize them, yes.
 10 BY MR. SOLOMON:
 11 Q. Do you believe that Mr. Cohen is
 12 someone who has provided you with accurate
 13 information in the past?
 14 MR. McDONALD: Object to the form,
 15 lack of foundation.
 16 THE WITNESS: I don't know what you
 17 mean by that.
 18 BY MR. SOLOMON:
 19 Q. Have you and Mr. Cohen ever
 20 exchanged information about common concerns
 21 relating to your respective businesses?
 22 MR. McDONALD: Object to the form.
 23 THE WITNESS: I don't know what
 24 you're referring to. If you can get
 25 specific, I'd be happy to answer any

 2 get a hold of Dave Steck. And so it sounded
 3 like something that was happening pretty
 4 urgently, and he reached out to me to get my
 5 thoughts on it.
 6 Q. And he told you it was a buying
 7 group?
 8 MR. McDONALD: Object to the form.
 9 THE WITNESS: A form of a buying
 10 group, yes.
 11 BY MR. SOLOMON:
 12 Q. What do you mean by "a form of a
 13 buying group"?
 14 A. Really? Okay.
 15 So there's buying groups that are on
 16 price-only. There's buying group that have
 17 added values. I mean, it's everything I've
 18 been talking about buying groups. That's what
 19 I mean.
 20 Q. So where does Atlantic Dental Care
 21 fall on the spectrum you're talking about?
 22 A. I --
 23 MR. McDONALD: Object to the form,
 24 lack of foundation.
 25 THE WITNESS: Sorry. I don't know.

 2 questions. I know there's plenty of copies
 3 on exchanges that we've had.
 4 BY MR. SOLOMON:
 5 Q. Sure. Have you ever communicated
 6 with Mr. Cohen about manufacturers selling
 7 their products directly to customers?
 8 A. I believe he sent me a message in
 9 regard to that happening on one occasion.
 10 Q. Do you recall when that was?
 11 A. No, but I'm sure we'll go through it
 12 in detail. I don't. I don't have it in front
 13 me, so I don't recall when that was.
 14 Q. What do you recall about that text
 15 message with Mr. Cohen?
 16 MR. McDONALD: Object to the form.
 17 THE WITNESS: I recall that it
 18 happened, but I don't recall the details,
 19 as I sit here today.
 20 BY MR. SOLOMON:
 21 Q. But you recall that it relates --
 22 related to a manufacturer selling its products
 23 directly to customers, right?
 24 MR. McDONALD: Object to the form,
 25 misstates his testimony.

<p style="text-align: right;">Page 350</p> <p>1 TIM SULLIVAN 2 THE WITNESS: I need to 3 understand -- I'd like to review the 4 documents with you so I can answer that 5 more accurately. 6 BY MR. SOLOMON: 7 Q. Mr. Sullivan, I'm handing you a 8 document that's been pre-marked as CX2452. 9 (Exhibit CX2452 was marked for 10 identification.) 11 (Witness viewed said document.) 12 THE WITNESS: Okay. 13 BY MR. SOLOMON: 14 Q. Mr. Sullivan, what is CX2452? 15 A. It's an e-mail exchange. It starts 16 with one from myself to our supplier partner at 17 KaVo, at Danaher at the time, and more internal 18 exchanges. 19 Q. Danaher is a dental products 20 manufacturer? 21 A. Correct. 22 Q. At the time -- so -- I'm sorry. 23 Is it called Danaher now and it used 24 to be called KaVo? 25 A. So Danaher is the parent company.</p>	<p style="text-align: right;">Page 351</p> <p>1 TIM SULLIVAN 2 And they've acquired multiple brands throughout 3 the years. At this time, they still were 4 referred to as Danaher, but today they go by 5 the KaVo-Kerr group. 6 Q. So CX2452, did you receive this 7 e-mail as part of your job at Schein? 8 A. Yes. 9 Q. And you drafted portions of this 10 e-mail as part of your job? 11 A. Correct. 12 Q. And you have personal knowledge of 13 what you wrote in these e-mails? 14 A. Yes. 15 Q. And CX2452, you wrote it around the 16 time that you were speaking with Mr. Cohen 17 about KaVo-Kerr, correct? 18 MR. McDONALD: Object to the form. 19 There's nothing in here about speaking. 20 It's says text messages. 21 THE WITNESS: I never spoke -- well, 22 I shouldn't say that. 23 Chuck called me the morning of 24 the -- looks to be the 16th and then 25 there's later a text from him.</p>
<p style="text-align: right;">Page 352</p> <p>1 TIM SULLIVAN 2 BY MR. SOLOMON: 3 Q. Okay. And you wrote this e-mail on 4 that same day? 5 A. Correct. 6 Q. And CX2452 is a true and accurate 7 representation of this e-mail correspondence, 8 correct? 9 A. Yes. 10 Q. And Schein keeps CX2452 in the 11 ordinary course of its business? 12 A. Yes. 13 Q. So turning your attention to the 14 first-in-time e-mail in this exhibit, 15 March 16th, 9:32, it looks like, a.m. The 16 subject is "April 1 KaVo Website." 17 You're concerned about this 18 manufacturer allowing customers to order direct 19 from their website, is that correct? 20 A. Yes. 21 Q. Okay. And turning to the 22 next-in-time e-mail, you refer to Chuck Cohen 23 calling you that morning to tell you about that 24 same issue, is that right? 25 A. Correct.</p>	<p style="text-align: right;">Page 353</p> <p>1 TIM SULLIVAN 2 Q. Did Chuck Cohen first bring this 3 issue to your attention by phone on that 4 morning? 5 A. So this is at 9:30. 6 As the best that I recall it, yes. 7 Q. Do you recall what he told you? 8 A. Something to the effect that KaVo is 9 launching a new program that customers can 10 order directly on their website. 11 Q. Fair to say you and Mr. Cohen were 12 both concerned about this? 13 MR. McDONALD: Object to the form. 14 THE WITNESS: Yes. 15 BY MR. SOLOMON: 16 Q. Why? 17 A. Because KaVo is a company that Henry 18 Schein, we represent. They do not sell direct. 19 They don't -- they never have. So this is a 20 shift in their strategy. That's their call to 21 make. We need to understand what their 22 go-to-market strategy is. 23 Q. So they are a supplier that Schein 24 works with? 25 A. Yes.</p>

1 TIM SULLIVAN
 2 Q. And they're also a supplier that
 3 Benco works with?
 4 A. Yes.
 5 Q. And so this was a concern for both
 6 you and Mr. Cohen, correct?
 7 MR. McDONALD: Object to the form,
 8 asked and answered.
 9 THE WITNESS: I can't speak for
 10 Chuck. I mean, from my perspective, yes.
 11 I assumed he called me because it was a
 12 concern of his also.
 13 BY MR. SOLOMON:
 14 Q. And so you and Mr. Cohen
 15 communicated about it?
 16 MR. McDONALD: Object to the form.
 17 THE WITNESS: Chuck called me about
 18 it. I received his phone call.
 19 BY MR. SOLOMON:
 20 Q. Did you provide any information to
 21 him on the call?
 22 A. Just that I was unaware and thanks
 23 for the information.
 24 Q. Did you tell him you're also
 25 concerned?

1 TIM SULLIVAN
 2 Mr. Cohen about other concerns relating to
 3 manufacturers, other than this one, a set of
 4 communications?
 5 A. I believe there was another one.
 6 Again, I'd like to -- I'm sure you have it, so
 7 let's go through it.
 8 Q. I'm not sure that I do.
 9 A. Oh.
 10 Q. Can you tell me what you're
 11 referring to?
 12 A. I -- it was another manufacturer
 13 that changed certain pricing on, I think,
 14 freight or something on how they shipped
 15 something out.
 16 Q. Do you recall who the manufacturer
 17 was?
 18 A. I believe it was P&G, but I -- I --
 19 we should confirm that.
 20 Done here?
 21 Q. Yes, for the moment.
 22 Mr. Sullivan, I'm handing you a
 23 document that's been pre-marked as CX2422.
 24 (Exhibit CX2422 was marked for
 25 identification.)

1 TIM SULLIVAN
 2 MR. McDONALD: Object to the form.
 3 THE WITNESS: I don't recall what I
 4 said to him other than thanks for the
 5 information. I was not aware.
 6 BY MR. SOLOMON:
 7 Q. And then turning to the first page
 8 of this exhibit, you refer to a "Text message
 9 from Chuck C." And -- do you see that?
 10 A. I do.
 11 Q. Are you copying and pasting the text
 12 message that you got from Mr. Cohen into this
 13 e-mail?
 14 A. I don't believe so. I think I'm
 15 just retyping it in.
 16 Q. Okay. And Mr. Cohen writes, "FYI:
 17 Heard from KaVo that they're changing their
 18 plan re selling HPs direct on the web, will
 19 rescind plan. Good news. Enjoy Hawaii, see
 20 you Saturday. Thanks. Cfc."
 21 Is that Mr. Cohen's -- does that
 22 represent Mr. Cohen's text message to you about
 23 this issue?
 24 A. Yes.
 25 Q. Do you recall communicating with

1 TIM SULLIVAN
 2 THE WITNESS: Okay.
 3 BY MR. SOLOMON:
 4 Q. Mr. Sullivan, what is CX2422?
 5 A. It's an e-mail that I received from
 6 Chuck Cohen regarding P&G, and I forwarded it
 7 on to Paul Hinsch, who is our VP of marketing
 8 and merchandising.
 9 Q. You received this e-mail as part of
 10 your job at Schein?
 11 MR. McDONALD: I'll object to the
 12 form.
 13 THE WITNESS: I received this
 14 e-mail, and I am employed at Schein, yes.
 15 BY MR. SOLOMON:
 16 Q. And you drafted part of this e-mail
 17 as part of your job at Schein, correct?
 18 A. Correct.
 19 Q. And you had personal knowledge of
 20 what you wrote in this e-mail?
 21 A. Yes.
 22 Q. And you drafted this e-mail to
 23 Mr. Hinsch close in time to your communications
 24 with Mr. Cohen, correct?
 25 MR. McDONALD: Object to the form.

Page 358

1 TIM SULLIVAN
 2 THE WITNESS: I forwarded it on to
 3 Paul Hinsch on the receipt of the e-mail I
 4 got from Chuck Cohen, yes.
 5 BY MR. SOLOMON:
 6 Q. CX2422 is a true and accurate
 7 representation of this e-mail correspondence,
 8 correct?
 9 A. Yes.
 10 Q. And Henry Schein has kept CX2422 in
 11 the ordinary course of its business, correct?
 12 A. Correct.
 13 Q. So, Mr. Sullivan, what is this
 14 e-mail about?
 15 A. Well, I have to go through all the
 16 details again, but it's a change in how P&G is
 17 treating shipping on boxes.
 18 Q. And what was the change?
 19 A. Well, I wasn't aware of it, so I
 20 forwarded it on to Paul Hinsch for his thoughts
 21 because I wasn't -- I'm not sure what it was
 22 prior. There was a change.
 23 Q. What was -- what was -- do you know
 24 why Mr. Cohen was reaching out to you about
 25 this?

Page 360

 2 BY MR. SOLOMON:
 3 Q. What's Mr. Cohen telling you here?
 4 What is he explaining is the change?
 5 A. I don't know. That's why I passed
 6 it on to Paul.
 7 Q. Okay. Did you think this was
 8 something that was potentially concerning for
 9 Schein?
 10 A. I didn't know. That's why I passed
 11 it on to Paul.
 12 Q. Okay. And is this an example of
 13 Mr. Cohen reaching out to you to discuss
 14 something that potentially could be a common
 15 concern for Schein and Benco?
 16 MR. McDONALD: Object to the form.
 17 THE WITNESS: I don't know if I'd
 18 categorize it that way. I don't know why
 19 Chuck sent it to me, to be...
 20 BY MR. SOLOMON:
 21 Q. And you passed this on to Mr. Hinsch
 22 because you wanted to find out more information
 23 about it?
 24 A. Correct, I wanted to get his
 25 thoughts.

Page 359

1 TIM SULLIVAN
 2 A. No.
 3 Q. Was this something that was
 4 potentially harmful to Schein?
 5 MR. McDONALD: Object to the form,
 6 lack of foundation.
 7 THE WITNESS: I don't know. That's
 8 why I passed it on to Paul Hinsch for
 9 thoughts.
 10 BY MR. SOLOMON:
 11 Q. And can you point me specifically --
 12 specifically to what the change was that was
 13 occurring with respect to P&G in this e-mail?
 14 MR. McDONALD: Object to the form,
 15 lack of foundation.
 16 If you're asking him what Mr. Cohen
 17 told him, that's fine. If you're asking
 18 him if P&G actually made a change and he
 19 has personal knowledge of that, then lack
 20 of foundation.
 21 THE WITNESS: That's what I said
 22 before, I don't know what the -- I don't
 23 know what -- prior, I don't know what the change
 24 was.

 2 Q. And what did you learn?
 3 A. I don't recall. I don't remember
 4 what the end result was.
 5 Q. Okay. Did you ever have any
 6 follow-up conversations with Mr. Cohen about
 7 this e-mail?
 8 A. I don't believe so.
 9 Q. This relates to changes with respect
 10 to a supplier that works with both Schein and
 11 Benco, correct?
 12 A. And others, but yes.
 13 Q. Have you communicated with Mr. Cohen
 14 about other manufacturers other than the two
 15 examples we've just looked at?
 16 A. These were the only two examples
 17 that came to mind for me.
 18 Q. Is it possible that you've
 19 communicated to Mr. Cohen on other occasions
 20 about issues relating to dental product
 21 manufacturers?
 22 MR. McDONALD: Object to the form.
 23 THE WITNESS: To be clear, when you
 24 say communi- -- when I communicated with,
 25 Chuck is, for whatever reason, sending me

Page 362

1 TIM SULLIVAN
2 the communication; it's not me starting the
3 communication with him. So why he's doing
4 that, you'd have to ask him. But these are
5 the only two that come to mind.
6 BY MR. SOLOMON:
7 Q. In this example, it looks like, in
8 CX2422, Mr. Cohen is reaching out to you,
9 correct?
10 A. Correct.
11 Q. In the document we looked at
12 previously, you had had a phone conversation
13 with Mr. Cohen, correct?
14 A. I received a phone call from
15 Mr. Cohen, yes.
16 Q. Have you ever...
17 (Exhibit CX2459 was marked for
18 identification.)
19 BY MR. SOLOMON:
20 Q. Mr. Sullivan, I've handed you
21 CX2459. Let me know when you've had a chance
22 to review it.
23 (Witness viewed said document.)
24 THE WITNESS: Okay.

Page 364

2 Q. And Dentsply is a manufacturer that
3 works with both Schein and Benco, correct?
4 A. And many others, but yes.
5 Q. It's one of the largest dental
6 product manufacturers in the nation, correct?
7 A. Correct.
8 Q. And specifically he's talking about
9 a poison pill clause in some of the agreements
10 with Dentsply.
11 Do you see that?
12 A. I do.
13 Q. Do you have an understanding as to
14 what he's referring to here?
15 A. I don't.
16 Q. Okay. He goes on to tell you that
17 Benco is concerned about sharing data with
18 Dentsply if Dentsply begins to sell products
19 direct.
20 Do you see that?
21 MR. McDONALD: Object to the form.
22 THE WITNESS: Where? Which -- which
23 line are you referring to?
24 BY MR. SOLOMON:
25 Q. I'm talking about the second

Page 363

1 TIM SULLIVAN
2 BY MR. SOLOMON:
3 Q. Mr. Sullivan, what is CX2459?
4 A. It's a copy of an e-mail of Chuck
5 sending me a message.
6 Q. And you received this e-mail,
7 correct?
8 A. I did.
9 Q. And you forwarded it on after you
10 received it?
11 A. I did.
12 Q. And it looks like the subsequent
13 conversations are internal to Schein, right?
14 A. Correct.
15 Q. And they've all been redacted for
16 attorney-client privilege?
17 A. That's my understanding.
18 Q. So focusing on Mr. Cohen's e-mail to
19 you on June 12th, 2013 at 5:20 p.m., what is
20 Mr. Cohen's e-mail about?
21 A. Suppliers that we -- that he
22 provides customer level data to.
23 Q. And Mr. Cohen is telling you about
24 Dentsply specifically, correct?
25 A. He is.

Page 365

1 TIM SULLIVAN
2 paragraph of this e-mail starting with "Our
3 concern."
4 (Witness viewed said document.)
5 THE WITNESS: Okay. Repeat the
6 question again. I'm sorry.
7 BY MR. SOLOMON:
8 Q. Sure. He goes on to tell you that
9 Benco is concerned about sharing data with
10 Dentsply if Dentsply sells product directly to
11 customers.
12 A. Yes, I see that now, yes.
13 Q. Is this something that -- so in this
14 instance, Mr. Cohen is talking about Dentsply
15 selling products directly to customers?
16 MR. McDONALD: Object to the form,
17 mischaracterizes the document.
18 THE WITNESS: Yeah, that's not how I
19 read it.
20 BY MR. SOLOMON:
21 Q. How do you read it?
22 A. Well, I don't want to interpret
23 Chuck's e-mail, that I immediately forwarded it
24 on to our -- including legal counsel because I
25 did not want to have that discussion.

1 TIM SULLIVAN
 2 Q. Why not?
 3 MR. McDONALD: Object to the form.
 4 THE WITNESS: I don't think it would
 5 be appropriate for Chuck and I to have that
 6 discussion.
 7 BY MR. SOLOMON:
 8 Q. Specifically why?
 9 A. Based on discussions that I've had
 10 with legal counsel.
 11 Q. Prior to this e-mail you had --
 12 A. In -- in the training that I get
 13 on -- on -- why am I coming up with the wrong
 14 acronym?
 15 The training that we receive as it
 16 relates to this topic.
 17 Q. So you thought it would be
 18 inappropriate to respond to Mr. Cohen in this
 19 instance?
 20 MR. McDONALD: Object to the form.
 21 THE WITNESS: It's why I forwarded
 22 it on to legal counsel, to get advice on
 23 how -- on how to handle this.
 24 BY MR. SOLOMON:
 25 Q. So you were concerned that Mr. Cohen

1 TIM SULLIVAN
 2 was reaching out to you about this specific
 3 topic?
 4 MR. McDONALD: Object to the form.
 5 Don't reveal communications you've
 6 had with counsel.
 7 THE WITNESS: Right.
 8 Yeah, I don't know how else to
 9 answer that than I already have.
 10 BY MR. SOLOMON:
 11 Q. Did you ever get back to Mr. Cohen
 12 about this e-mail?
 13 A. I don't believe so.
 14 Q. So you never followed up with
 15 Mr. Cohen at all about the issues he raises in
 16 CX2459?
 17 A. I don't believe so.
 18 Q. Is this the first time you forwarded
 19 something from Mr. Cohen on to Schein's legal
 20 department?
 21 MR. McDONALD: Object to the form.
 22 THE WITNESS: I don't -- I don't
 23 believe it's the first time, no.
 24 BY MR. SOLOMON:
 25 Q. Have you forwarded other e-mails

1 TIM SULLIVAN
 2 from Mr. Cohen on to Schein's legal department?
 3 A. Prior to this date?
 4 Q. Correct.
 5 A. I believe so, yes.
 6 Q. Do you recall what instances you
 7 forwarded an e-mail from Mr. Cohen on to
 8 Schein's legal department prior to this date?
 9 A. So we had an agreement with Benco at
 10 one point as it related to how we -- hiring of
 11 each other's employees. During that period,
 12 there was definitely exchanges that included
 13 attorney-client privilege, discussions with
 14 attorneys. So I would assume, I believe during
 15 that period there was also other e-mails that I
 16 would have gotten that I forwarded on to legal
 17 counsel.
 18 Q. Did you ever tell Mr. Cohen that you
 19 should not be communicating about the topic in
 20 this e-mail here?
 21 A. I don't recall.
 22 Q. You just don't recall one way or the
 23 other, sitting here today?
 24 A. Well, I believe I'd be -- there were
 25 discussions I had with legal counsel on how to

1 TIM SULLIVAN
 2 respond to this. I don't want to reveal that
 3 discussion.
 4 Q. I'm not -- I'm not asking for your
 5 discussions with legal counsel. I'm asking for
 6 what you told Mr. Cohen.
 7 MR. McDONALD: Object to the form.
 8 THE WITNESS: I'm saying I don't
 9 recall if I ended up sending anything
 10 directly back to Chuck on this or not.
 11 BY MR. SOLOMON:
 12 Q. Okay. So other than the hiring
 13 agreement that you just mentioned a moment ago,
 14 has Mr. Cohen ever reached out to you about a
 15 topic that you found to be troubling or
 16 concerning --
 17 MR. McDONALD: Object to the form.
 18 BY MR. SOLOMON:
 19 Q. -- other than what's represented in
 20 this e-mail?
 21 MR. McDONALD: Object to the form.
 22 THE WITNESS: We spoke earlier about
 23 that Atlantic Dental Group where I verbally
 24 told him we shouldn't be talking about
 25 this. Outside of that, nothing comes to

1 TIM SULLIVAN
 2 mind.
 3 BY MR. SOLOMON:
 4 Q. Have you ever talked to Mr. Cohen
 5 about a company called Buy Now Direct?
 6 A. I don't know if we spoke or if it
 7 was in text.
 8 Q. And what was the nature of your
 9 communications with Mr. Cohen about Buy Now
 10 Direct?
 11 A. He brought to my attention some
 12 publicly available information about Henry
 13 Schein product being available on either Amazon
 14 or Buy Now Direct through Amazon, that Henry
 15 Schein brand product was listed on there. I
 16 was not aware of that. Publicly available
 17 information, but it wasn't -- I didn't -- I was
 18 not aware of that.
 19 Q. So he brought it to your attention?
 20 A. He did.
 21 Q. Were you appreciative of that?
 22 A. It was information that was good to
 23 know.
 24 Q. Were you concerned about what was
 25 going on with Schein products being available

1 TIM SULLIVAN
 2 through Amazon or Buy Now Direct?
 3 A. Yes, because we have -- it would
 4 violate our contracts with our suppliers. We
 5 sell to end users. Our end users are not
 6 allowed to then take our product and sell it --
 7 to resell it. It was concerning.
 8 Q. And you say you don't recall whether
 9 you had a phone call or if it was a text
 10 message with Mr. Cohen surrounding Buy Now
 11 Direct?
 12 A. Correct. I know there's paperwork
 13 that supports those text messages and possibly
 14 a phone call around the same time. I believe
 15 we can look at that, if you'd like. But I know
 16 there was text messages for sure.
 17 Q. On what other occasions has
 18 Mr. Cohen reached out to you about business
 19 concerns?
 20 MR. McDONALD: Object to the form,
 21 vague.
 22 THE WITNESS: I can't speak to how
 23 you would define business concerns.
 24 BY MR. SOLOMON:
 25 Q. Something that was concerning to

1 TIM SULLIVAN
 2 Schein about its business.
 3 A. Do you have something --
 4 MR. McDONALD: Object -- object to
 5 the form.
 6 Go ahead.
 7 THE WITNESS: Do you have something
 8 specific that I can --
 9 BY MR. SOLOMON:
 10 Q. No.
 11 A. -- respond to?
 12 Q. We --
 13 A. You have nothing specific that I can
 14 respond to?
 15 Q. I don't. We've looked at a few
 16 different e-mails, Buy Now Direct, the issue
 17 with KaVo-Kerr, the manufacturer, the issue
 18 with Dentsply.
 19 And I'd like to know if there are
 20 any other communications that you had with
 21 Mr. Cohen that are in -- similar in vein and
 22 relate to business concerns.
 23 A. We talked about --
 24 MR. McDONALD: Object to the form.
 25 I'm sorry.

1 TIM SULLIVAN
 2 THE WITNESS: I'm sorry.
 3 MR. McDONALD: Go ahead.
 4 THE WITNESS: We talked about
 5 employment agreements, also. We talked
 6 about -- Atlantic Dental Care was one
 7 example. That's all that comes to mind
 8 right now.
 9 BY MR. SOLOMON:
 10 Q. Have you ever talked to Mr. Cohen
 11 about trends in the dental industry?
 12 A. Not that I recall.
 13 Q. Have you ever talked to Mr. Cohen
 14 about the growth of DSOs in corporate
 15 dentistry?
 16 A. Not that I recall.
 17 Q. Have you ever talked to Mr. Cohen
 18 about merger opportunities?
 19 A. Yes.
 20 Q. On how many occasions did you speak
 21 with Mr. Cohen about merger opportunities?
 22 A. I believe there were two
 23 specifically face-to-face meetings and probably
 24 a phone call or two along the way.
 25 Q. How long would you say those

1 TIM SULLIVAN
 2 face-to-face meetings lasted for?
 3 A. Well, one was a breakfast in -- at
 4 the Greater New York meeting. And another
 5 was -- we actually went to an opera together in
 6 New York.
 7 Q. And you discussed merger
 8 opportunities while you guys were attending the
 9 opera or after? When did that conversation
 10 take place?
 11 A. It wasn't during the opera, although
 12 it would have been more exciting. But yes,
 13 there's a dinner before -- or, sorry, there's
 14 cocktails before, there's dinner, and in the
 15 middle there's a break. So somewhere along
 16 that line it was -- the intent of doing this
 17 together was to build a relationship to
 18 possibly merge our organizations together.
 19 Q. Do you recall when those meetings
 20 took place?
 21 A. I believe -- I know there's some
 22 documents on it. I think it's around in this
 23 '13 to '15 type time frame.
 24 Q. Okay. So you mentioned two specific
 25 face-to-face meetings, and there were some

1 TIM SULLIVAN
 2 a period of time then I had to step off the
 3 board. By the time I came back on the board,
 4 he had already transitioned off to the DTA
 5 Foundation board.
 6 Q. When did you overlap?
 7 A. I believe it was around 2010, so it
 8 was a year or two before or a year or two
 9 after, somewhere in that time frame, I believe.
 10 Q. So beginning around 2010 is what
 11 you're saying?
 12 A. Sounds right.
 13 Q. How often would you meet with
 14 Mr. Cohen surrounding DTA-related business?
 15 A. I don't recall any one-on-one
 16 meetings with Chuck during that time. We had
 17 the board meeting. Sometimes after the board
 18 meetings, whether it was at the annual meeting
 19 that a lot of members came to or Chicago
 20 Midwinter was one of the big board meetings
 21 we've had of the year, a little group would go
 22 into the bar afterwards and have a cocktail.
 23 But I don't recall any specific,
 24 just one-on-one, sit-down arranged --
 25 prearranged meetings with Chuck at those

1 TIM SULLIVAN
 2 other phone calls or text messages?
 3 A. Yeah, there were times when we spoke
 4 on the phone about opportunities. We created a
 5 family foundation. The family foundation
 6 started a fund through Dental -- the DTA
 7 Foundation. Chuck was involved. He was on the
 8 board of the DTA Foundation. Would the Cohen
 9 family want to create a similar thing?
 10 So we had questions about how we'd
 11 form that, you know, how we formed the goal,
 12 the intent behind it. They could do something
 13 different.
 14 We had conversations that followed
 15 up on -- from our meeting in New York, I think,
 16 just a few weeks later. It might have been
 17 early January we had a discussion as a
 18 follow-up to that relative to do we want to
 19 take this to the next step, anything further.
 20 Q. You served on the DTA board of
 21 directors with Mr. Cohen, correct?
 22 A. For -- yes. Yes.
 23 Q. For how long?
 24 A. I believe it was around two to three
 25 years that we overlapped on the board. There's

1 TIM SULLIVAN
 2 meetings.
 3 Q. How many times would you say you
 4 were a part of a meeting with Mr. Cohen as it
 5 related to DTA-related business?
 6 A. During that period of time, probably
 7 twice a year, maybe three times depending on --
 8 not everyone showed up at every board meeting.
 9 Q. Where did these -- where did these
 10 board meetings take place?
 11 A. The two major ones were the
 12 Wednesday before the Chicago Midwinter, which
 13 is in February, and then at the annual meeting
 14 for all members, which is usually in the fall.
 15 Q. You and Mr. Cohen are a part of an
 16 organization called the Young Presidents
 17 Organization?
 18 A. Yes.
 19 Q. What is that?
 20 A. Well, I'm now a YPO gold member, but
 21 it's for when you're under 50 years old and a
 22 president, the Young Presidents Organization.
 23 It's a large international group. I'm part of
 24 the Wisconsin chapter. He's part of the
 25 Pennsylvania chapter.

1 TIM SULLIVAN
 2 And there are other members within
 3 the DTA that are also presidents of their
 4 organizations and the Young. So I think
 5 there's about five or six DTA and other dental
 6 industry people that are in the YPO.
 7 Q. How big is this organization?
 8 A. It's on -- there's a website. It's
 9 got to be, I don't know, 5, 6,000 members.
 10 We're 100 members in the State of Wisconsin,
 11 but it's an international group.
 12 Q. Have you and Mr. Cohen ever attended
 13 YPO meetings together?
 14 A. No. There was -- someone at the DTA
 15 was looking to put together a meeting at one of
 16 the conventions about, hey, Fellow YPOers,
 17 let's all meet. I don't know that it ever took
 18 place or not. But I never like attended a trip
 19 to a YPO event that YPO was putting on that
 20 Chuck was at.
 21 Q. So you've never been at a YPO
 22 meeting at the same time as Mr. Cohen?
 23 A. That's correct.
 24 Q. Have you ever had communications
 25 with Mr. Cohen about YPO?

1 TIM SULLIVAN
 2 BY MR. SOLOMON:
 3 Q. How many times would you say you've
 4 exchanged text messages with Mr. Cohen?
 5 MR. McDONALD: Object to the form.
 6 THE WITNESS: I would answer it the
 7 same. I don't know exactly.
 8 BY MR. SOLOMON:
 9 Q. And how many times would you say
 10 you've met with Mr. Cohen total in person?
 11 MR. McDONALD: Object to the form,
 12 vague.
 13 THE WITNESS: Well, do you mean met
 14 with him one on one or met with him we were
 15 in the same room, met with him in a board
 16 meeting, met with him -- how would you
 17 define "met with him"?
 18 BY MR. SOLOMON:
 19 Q. Any encounter with Mr. Cohen in
 20 person.
 21 A. Any encounter, several.
 22 Q. Can you give me a number?
 23 MR. McDONALD: Object to the form.
 24 THE WITNESS: I'd be speculating,
 25 but it's several.

1 TIM SULLIVAN
 2 A. Just to understand maybe who else
 3 was a member within the dental trade. And I
 4 think -- I forget the gentleman's name. I can
 5 picture him. He kind of took the lead on
 6 trying to put meetings together at a cocktail
 7 hour or something for any YPO members that were
 8 part of the DTA.
 9 Q. How many times would you say you
 10 spoke to Mr. Cohen on the telephone?
 11 MR. McDONALD: Object to the form.
 12 THE WITNESS: Several, ten-plus
 13 probably. I know you have the record, so
 14 you could probably tell me, but I -- that
 15 would be my estimate.
 16 BY MR. SOLOMON:
 17 Q. So more than ten times?
 18 A. I believe so.
 19 Q. Are we talking 20 times? 50 times?
 20 100 times?
 21 MR. McDONALD: Object to the form.
 22 THE WITNESS: Again, you have all
 23 the records. You could probably tell me
 24 exactly what it is. I don't know.
 25 ///

1 TIM SULLIVAN
 2 BY MR. SOLOMON:
 3 Q. More than 20?
 4 A. Yes.
 5 Q. More than 30?
 6 A. Probab- --
 7 MR. McDONALD: Object to the form.
 8 THE WITNESS: I'm speculating at
 9 this point. Probably. I don't know. It
 10 could be at the Chicago Midwinter meeting,
 11 we could both be there. We're both
 12 present, as you've defined. We might not
 13 even see each other, but we're both
 14 present.
 15 There's conventions, five, six,
 16 seven -- there's 60-plus conventions a
 17 year. I go to three, four a year. I don't
 18 know which one's he's at and which one's
 19 he's not.
 20 BY MR. SOLOMON:
 21 Q. So you've met with Mr. Cohen at the
 22 Chicago Midwinter meeting?
 23 MR. McDONALD: Object to the form.
 24 THE WITNESS: Again, through the DTA
 25 board meeting that happened to be in

1 TIM SULLIVAN
 2 Chicago prior to the Chicago Midwinter. We
 3 didn't -- we never traveled to Chicago with
 4 the intent of solely the two of us meeting.
 5 BY MR. SOLOMON:
 6 Q. But you've met with him at a Chicago
 7 Midwinter meeting?
 8 MR. McDONALD: Object to the form,
 9 asked and answered.
 10 THE WITNESS: I have.
 11 BY MR. SOLOMON:
 12 Q. How many times have you met with him
 13 at one of the Chicago Midwinter meetings?
 14 MR. McDONALD: Object to the form,
 15 asked and answered, vague.
 16 THE WITNESS: Met with him or was he
 17 present at the meeting? I can't tell you
 18 if he was present at the meeting.
 19 Between -- I would say the three
 20 times for sure that we overlapped -- or the
 21 two or three times that we overlapped as
 22 being members of the board.
 23 There are times the foundation board
 24 would come in and give a presentation to
 25 the DTA board, I don't know, five, six,

1 TIM SULLIVAN
 2 meeting. I don't, hey, wave from a
 3 distance is a meeting.
 4 An encounter, if we're both present,
 5 I would say on average it was two, three
 6 times a year at various conventions,
 7 whether it was Chicago, it could have been
 8 California, Hinman, Yankee, CDA.
 9 BY MR. SOLOMON:
 10 Q. What about the ADA meetings?
 11 A. ADA.
 12 Q. What about the Greater New York
 13 meetings?
 14 A. Greater New York.
 15 Q. And when you meet with Mr. Cohen at
 16 these meetings, is it a one-on-one situation?
 17 Are there other people present?
 18 MR. McDONALD: Object to the form,
 19 mischaracterizes his testimony.
 20 He said encounter. He specifically
 21 pushed back to you on meeting and he said
 22 he's counting encounters, not meetings one
 23 on one.
 24 Listen to his testimony, please, and
 25 don't misstate it.

1 TIM SULLIVAN
 2 seven times at the Chicago Midwinter
 3 meeting. I'm speculating, but probably in
 4 that range.
 5 BY MR. SOLOMON:
 6 Q. And the Chicago Midwinter meeting is
 7 a trade show, is that right?
 8 A. It is.
 9 Q. What other trade shows have you met
 10 Mr. Cohen at?
 11 MR. McDONALD: Object to the form,
 12 vague.
 13 THE WITNESS: Seen him at or met him
 14 at?
 15 BY MR. SOLOMON:
 16 Q. I'm just talking -- well, what's the
 17 distinction you're making between seeing and
 18 meeting? I'm just referring to where you've
 19 actually had an encounter with Mr. Cohen.
 20 MR. McDONALD: Object to the form.
 21 You mean just like hello?
 22 MR. SOLOMON: Any interaction.
 23 MR. McDONALD: Or do you mean a
 24 substantive encounter?
 25 THE WITNESS: I define meeting as

1 TIM SULLIVAN
 2 THE WITNESS: Are you asking me
 3 about meetings with him or encounters with
 4 him?
 5 BY MR. SOLOMON:
 6 Q. So just to be clear, I'd like to
 7 understand what distinction you're making
 8 because I wasn't there meeting with Mr. Cohen.
 9 So you said "hi" to him on some
 10 occasions, correct, and no further
 11 conversations happened, is that right?
 12 A. Correct.
 13 Q. And on other occasions you've had
 14 more substantive conversations with him?
 15 MR. McDONALD: Object to the form.
 16 THE WITNESS: Correct.
 17 BY MR. SOLOMON:
 18 Q. Okay. So would you call those --
 19 where you've had more substantive conversations
 20 with Mr. Cohen, would you refer to those as
 21 meetings?
 22 A. I would, yes.
 23 Q. And when you're just saying hello to
 24 him and nothing more, you would not call that a
 25 meeting?

1 TIM SULLIVAN
 2 A. Correct.
 3 Q. Okay. So using that definition,
 4 would you still say you've met with Mr. Cohen
 5 two to three times a year at various trade
 6 shows?
 7 A. No.
 8 Q. What would the number be then?
 9 A. Far less.
 10 Q. How many?
 11 A. The only time I would actually meet
 12 with Chuck was during the period that we had
 13 this employment agreement about hiring of each
 14 other, and that was the only substantive
 15 business issue that he and I would discuss
 16 while meeting at a trade show.
 17 Q. So every time you've met with
 18 Mr. Cohen at a trade show -- or strike that.
 19 You've met with Mr. Cohen at trade
 20 shows to only discuss the hiring agreement
 21 between Benco and Schein?
 22 A. To the best of my recollection,
 23 that's right.
 24 Q. And the hiring agreement between
 25 Benco and Schein was in place from 2009 until

1 TIM SULLIVAN
 2 So especially coming out of a
 3 foundation meeting that they just presented to
 4 the DTA, we're talking about what the Sullivan
 5 Foundation had done. So he had asked me
 6 questions about -- and his father asked
 7 questions about that.
 8 So there were other things we talked
 9 about, but the only substantive business thing
 10 we spoke about was related to the employment
 11 agreement.
 12 Q. I'd like to hand you a document
 13 that's been pre-marked as CX4088.
 14 (Exhibit CX4088 was marked for
 15 identification.)
 16 THE WITNESS: Okay.
 17 BY MR. SOLOMON:
 18 Q. Mr. Sullivan, do you know what this
 19 document is?
 20 A. Looks like phone records.
 21 Q. And I'd like you to turn to Page 45
 22 of this exhibit. If you look on the bottom,
 23 there are page numbers on the right-hand side.
 24 A. Oh, I'm sorry. Okay. Got it.
 25 Q. And I'd like to point you to item

1 TIM SULLIVAN
 2 2016, is that correct?
 3 MR. McDONALD: Object to the form.
 4 THE WITNESS: Yeah, I don't have the
 5 exact dates.
 6 BY MR. SOLOMON:
 7 Q. Does that sound right to you?
 8 A. It's possible. I really don't --
 9 I'd be speculating on the exact dates.
 10 Q. Okay. So while the hiring agreement
 11 was in place, you're stating that every time
 12 you met with Mr. Cohen at a trade show it was
 13 to discuss the hiring agreement?
 14 A. To the best of my recollection, yes.
 15 Q. And you never discussed anything
 16 else other than the hiring agreement during
 17 those meetings?
 18 A. To the best of my recollection,
 19 that's right.
 20 Q. Okay.
 21 A. I'm sorry. Strike that.
 22 As I mentioned before, there were
 23 times we talked about his foundation, if it
 24 would founda- -- you know, could there be
 25 something more?

1 TIM SULLIVAN
 2 1679.
 3 Do you see where I'm pointing you
 4 to --
 5 A. I do.
 6 Q. -- on the left-hand side?
 7 A. Yes.
 8 Q. Okay. And under "Originating
 9 Number," there's a number 570-407-1340.
 10 Do you recognize that number?
 11 A. I do not.
 12 Q. You don't recognize that as
 13 Mr. Cohen's phone number?
 14 A. No, I wouldn't know his --
 15 Q. Okay.
 16 A. -- phone number.
 17 Q. I will represent to you that that is
 18 Mr. Cohen's cell phone number as identified by
 19 Benco's counsel.
 20 A. Okay.
 21 Q. And in the "Terminating Number"
 22 column, there's a phone number 414-975-8377.
 23 Do you see that?
 24 A. I do.
 25 Q. Is that your phone number?

<p style="text-align: right;">Page 390</p> <p>1 TIM SULLIVAN</p> <p>2 A. That is.</p> <p>3 Q. Okay. And that's your cell phone</p> <p>4 number?</p> <p>5 A. It is.</p> <p>6 Q. And are you the only person that</p> <p>7 uses that cell phone?</p> <p>8 A. I believe so.</p> <p>9 Q. No one else uses that cell phone?</p> <p>10 A. Correct.</p> <p>11 Q. And your office number, is it</p> <p>12 414-290-2508?</p> <p>13 A. Yes, it is.</p> <p>14 Q. Also, for that phone number, are you</p> <p>15 the only person that uses that phone?</p> <p>16 MR. McDONALD: Object to the form.</p> <p>17 THE WITNESS: My admin will answer</p> <p>18 the phone for me occasionally, but she has</p> <p>19 her own line for making her own phone</p> <p>20 calls.</p> <p>21 BY MR. SOLOMON:</p> <p>22 Q. Okay.</p> <p>23 A. So I'm the only one. That's my</p> <p>24 direct line.</p> <p>25 Q. Okay. You can put that document</p>	<p style="text-align: right;">Page 391</p> <p>1 TIM SULLIVAN</p> <p>2 aside for a second.</p> <p>3 MR. SOLOMON: We're just going to</p> <p>4 take a quick break, if that's okay.</p> <p>5 MR. McDONALD: Yes.</p> <p>6 THE VIDEOGRAPHER: The time is</p> <p>7 4:41 p.m. We are off the record.</p> <p>8 (Whereupon, a recess was had</p> <p>9 from 4:41 p.m. to 5:00 p.m.)</p> <p>10 THE VIDEOGRAPHER: The time is</p> <p>11 5:00 p.m. We are back on the record.</p> <p>12 BY MR. SOLOMON:</p> <p>13 Q. Mr. Sullivan, you have CX4088 in</p> <p>14 front of you?</p> <p>15 A. Yes.</p> <p>16 Q. Okay. And, again, I'd like to</p> <p>17 direct your attention to item 1679.</p> <p>18 Do you see where I'm pointing you</p> <p>19 to?</p> <p>20 A. I do.</p> <p>21 Q. And, again, you identified</p> <p>22 414-975-8377 as your phone number, correct?</p> <p>23 A. Correct.</p> <p>24 Q. And I represented to you that</p> <p>25 570-407-1340 is the phone number that Benco's</p>
<p style="text-align: right;">Page 392</p> <p>1 TIM SULLIVAN</p> <p>2 counsel has identified for Mr. Chuck Cohen as</p> <p>3 his cell phone.</p> <p>4 And under "Elapsed Time," do you see</p> <p>5 it says 11 minutes and 34 seconds?</p> <p>6 A. Yes.</p> <p>7 Q. Okay. Do you understand this to be</p> <p>8 a call you had with Mr. Cohen on January 13th,</p> <p>9 2012?</p> <p>10 A. It appears to be, yes.</p> <p>11 Q. Do you recall this phone call?</p> <p>12 A. Not specifically, no.</p> <p>13 Q. So do you recall what you might have</p> <p>14 discussed with Mr. Cohen on this phone call on</p> <p>15 January 13th, 2012?</p> <p>16 MR. McDONALD: Object to the form.</p> <p>17 THE WITNESS: I could speculate what</p> <p>18 it was about, the employment agreements, as</p> <p>19 I mentioned to you before, the charity, the</p> <p>20 potential merger discussions.</p> <p>21 BY MR. SOLOMON:</p> <p>22 Q. You have no specific recollection of</p> <p>23 what you discussed on this call, though? You'd</p> <p>24 be speculating if you told me?</p> <p>25 A. Correct. I can tell you what it was</p>	<p style="text-align: right;">Page 393</p> <p>1 TIM SULLIVAN</p> <p>2 not about. It goes back to what I was stating</p> <p>3 earlier. It was not about any confidential</p> <p>4 strategic plans for Henry Schein or Benco</p> <p>5 relative to buying groups or any of the sort,</p> <p>6 but I can't tell you what specifically it was</p> <p>7 about.</p> <p>8 Q. Have you ever heard of a group</p> <p>9 called Unified Smiles?</p> <p>10 A. Only through a message I got from</p> <p>11 Chuck.</p> <p>12 Q. When did you get a message from</p> <p>13 Chuck about Unified Smiles?</p> <p>14 A. It was -- was it the day before --</p> <p>15 was it the day before this or something? I</p> <p>16 think there was a text message about it.</p> <p>17 Q. And Mr. Cohen texted you about</p> <p>18 Unified Smiles?</p> <p>19 MR. McDONALD: Object to the form.</p> <p>20 THE WITNESS: If I'm --</p> <p>21 MR. McDONALD: If you have a -- if</p> <p>22 you have a clear recollection, then tell</p> <p>23 him, but don't guess.</p> <p>24 THE WITNESS: Yeah, I'm -- I'm</p> <p>25 attempting to recall the process -- the</p>

 2 order of things here. So I'm right now
 3 speculating, so I don't know exactly where
 4 I heard it from.
 5 BY MR. SOLOMON:
 6 Q. But you recall Mr. Cohen texting you
 7 about Unified Smiles?
 8 MR. McDONALD: Object to the form.
 9 He just said he didn't recall that.
 10 THE WITNESS: I don't recall
 11 specifically.
 12 BY MR. SOLOMON:
 13 Q. But you just said a moment ago that
 14 Mr. Cohen texted you about Unified Smiles the
 15 day before.
 16 A. I believe --
 17 MR. McDONALD: Object to the form.
 18 THE WITNESS: I believe there's
 19 paperwork that speaks to Unified Smiles. I
 20 don't know. I was in my mind thinking it
 21 was from Chuck. It might not have been
 22 from Chuck. I don't recall now. I think I
 23 misspoke.
 24 BY MR. SOLOMON:
 25 Q. You haven't spoke to Mr. Cohen about

1 TIM SULLIVAN
 2 Unified Smiles?
 3 A. No.
 4 Q. So why did you just say a moment ago
 5 that you received a text message from Mr. Cohen
 6 about Unified Smiles?
 7 A. I think I misspoke.
 8 Q. Why did you misspeak?
 9 MR. McDONALD: Object to the form.
 10 What do you mean --
 11 THE WITNESS: I don't know.
 12 MR. McDONALD: -- why did he
 13 misspeak?
 14 BY MR. SOLOMON:
 15 Q. So you don't know why you just said
 16 that?
 17 A. In preparation for this, there was
 18 something about -- you had asked me if I heard
 19 about it. I never had and then forgot all
 20 about them until preparation for this, which
 21 would have been confidential discussions with
 22 attorneys.
 23 Q. How did you hear about Unified
 24 Smiles in preparation for today?
 25 MR. McDONALD: Object to the form.

1 TIM SULLIVAN
 2 Do not reveal your communications
 3 you've had with counsel.
 4 THE WITNESS: I'd be revealing
 5 confidential information with counsel.
 6 BY MR. SOLOMON:
 7 Q. Is there any nonconfidential
 8 information that you can tell me about Unified
 9 Smiles with respect to how you prepared
 10 today -- for today?
 11 A. No.
 12 Q. Have you ever had a discussion with
 13 Mr. Cohen about Unified Smiles?
 14 A. I don't believe so, no.
 15 Q. Do you understand Unified Smiles to
 16 be a buying group?
 17 A. I don't know who they are.
 18 Q. Did you look at any documents with
 19 counsel that refreshed your recollection as to
 20 what Unified Smiles was at any point in
 21 preparation for today?
 22 THE WITNESS: Would that be
 23 revealing confidential information?
 24 MR. McDONALD: Listen to his
 25 question.

1 TIM SULLIVAN
 2 BY MR. SOLOMON:
 3 Q. Did you look at any documents with
 4 counsel that refreshed your recollection
 5 regarding Unified Smiles in preparation for
 6 your deposition today?
 7 MR. McDONALD: Object to the form.
 8 THE WITNESS: Yes.
 9 BY MR. SOLOMON:
 10 Q. How many documents did you look at?
 11 A. I believe just one.
 12 Q. Okay. Which documents did you look
 13 at?
 14 A. That's what I'm saying, I don't
 15 recall. That's why I'm saying I think I
 16 misspoke. I thought it might have been
 17 something from Chuck, but it might have been
 18 something internally. I just don't recall.
 19 Q. Okay. Going back to this phone call
 20 with Mr. Cohen, you don't recall one way or the
 21 other what you discussed with him on that day,
 22 correct?
 23 MR. McDONALD: Object to the form,
 24 asked and answered.
 25 THE WITNESS: Back to what I said

1 TIM SULLIVAN
 2 before, I don't recall specifically what it
 3 was about, but I know what it was not
 4 about.
 5 BY MR. SOLOMON:
 6 Q. It was not about?
 7 A. Buying groups, what I just stated
 8 before.
 9 Q. Okay. Okay. You can put that
 10 aside.
 11 Mr. Sullivan, we talked earlier
 12 about a conversation -- strike that.
 13 We talked earlier about a phone call
 14 you received from Mr. Cohen in March of 2013
 15 relating to Atlantic Dental Care.
 16 Do you recall that?
 17 A. Yes.
 18 Q. And you previously testified about
 19 this call during your investigational hearing
 20 in May of 2017, correct?
 21 A. Correct.
 22 Q. And during that phone call,
 23 Mr. Cohen told you that Benco did not plan to
 24 bid for ADC's business?
 25 MR. McDONALD: Object to the form,

1 TIM SULLIVAN
 2 misstates his testimony, misstates the
 3 record.
 4 THE WITNESS: What I recall about
 5 that discussion was him asking me if I knew
 6 who they were. I did not. He started to
 7 say who they were, and I stopped him, as I
 8 testified earlier, saying this is not
 9 something we should be talking about,
 10 Chuck.
 11 BY MR. SOLOMON:
 12 Q. Okay. So he never told you that
 13 Benco did not plan to bid?
 14 A. Not in that discussion, no.
 15 Q. You didn't testify about that in
 16 your investigational hearing last year?
 17 A. To what? Testify what? That he --
 18 Q. That Mr. Cohen told you that Benco
 19 did not plan to bid on ADC's business before
 20 you stopped him.
 21 A. In that phone discussion, I don't
 22 believe so. I mean, I don't believe -- that's
 23 why -- I don't -- my recollection, as I sit
 24 here today, is that he did not state that in
 25 that discussion.

1 TIM SULLIVAN
 2 He asked me if I knew who they were.
 3 I did not know who they were. He started to
 4 explain from his perspective who they were, and
 5 I stopped him saying, Chuck, this is not a
 6 discussion we should be having. And that's
 7 what I testified earlier, that we changed the
 8 discussion to have to do with him recruiting me
 9 and me coming to work for him, joking around
 10 and other relatively small insignificant
 11 discussions.
 12 Q. So are you -- why did you stop him
 13 when he started telling you what ADC was?
 14 A. It was -- it was a discussion that I
 15 didn't think he and I should be having.
 16 Because, as I stated to you before, I would
 17 not, will not talk to Chuck or anyone at Benco
 18 about their strategies when it comes to
 19 buying -- relates to buying groups.
 20 Q. Okay. You thought that Mr. Cohen's
 21 call to you in March of 2013 was a crazy call,
 22 correct?
 23 MR. McDONALD: Object to the form.
 24 Why don't you show him his testimony
 25 where he said that.

1 TIM SULLIVAN
 2 THE WITNESS: Did I state that in
 3 the last testimony?
 4 BY MR. SOLOMON:
 5 Q. I believe you did.
 6 A. If I can confirm that, if you're
 7 saying it's in there, I'd like to confirm it.
 8 Q. Okay. We could do that.
 9 Were you surprised by Mr. Cohen's
 10 call to you on March 25th of 2013 regarding
 11 Atlantic Dental Care?
 12 A. Once I learned of the topic, I was
 13 surprised at why he was calling me, yes.
 14 Q. And why were you surprised?
 15 A. Because I know it's a topic I would
 16 not reach out to him to talk about.
 17 Q. Why is that?
 18 A. Never have. Because I know better.
 19 I know not to talk to my competitors about
 20 strategies when it comes to buying groups. I
 21 wouldn't do it.
 22 Q. So you would never make the same
 23 call to Mr. Cohen based on your antitrust
 24 training?
 25 A. That's correct.

Page 402

1 TIM SULLIVAN
2 Q. How else would you describe the call
3 from Mr. Cohen?
4 A. Cordial.
5 Q. Were you shocked by the call?
6 A. Again, once I learned what the
7 intent and the purpose of his call was, yes.
8 Q. And you believe that Mr. Cohen
9 should not have been discussing Atlantic Dental
10 Care with you on March 25th, 2013?
11 A. That is correct.
12 Q. Okay. And you don't recall
13 Mr. Cohen discussing either a customer or
14 buying groups with you on any other occasion,
15 is that right?
16 A. That's correct.
17 Q. This was the first time?
18 A. That's correct.
19 Q. And you were concerned that this
20 could be a potential antitrust violation?
21 MR. McDONALD: Object to the form.
22 THE WITNESS: Not on my behalf. I
23 received the phone call. Once I learned
24 the topic, I shut it down.
25 ///

Page 403

1 TIM SULLIVAN
2 BY MR. SOLOMON:
3 Q. So just to be clear, you shot down
4 the conversation at what point?
5 A. Oh, I don't know how far into the
6 call. It always starts with small talk,
7 probably something about how much better the
8 Packers are than the Eagles, other than this
9 one exceptional rare year, so other than small
10 talk.
11 And then at some point he shifted to
12 asking me if I knew who they were. I didn't.
13 He started to say something else about it, and
14 that's when I shut it down. We shifted to a
15 different topic, joked around a little bit.
16 Q. So what caused alarm bells to go off
17 in your head? Just that he had mentioned
18 something called Atlantic Dental Care or
19 something else?
20 A. That he was starting to talk to me
21 about a customer. In particular, it sounded
22 like it was a group of some sort. I didn't
23 know anything about it at that time. And
24 that's when I said, Chuck, you know you and I
25 should not be talking about this.

Page 404

1 TIM SULLIVAN
2 Q. Did you ever -- strike that.
3 You never reported the call to
4 anyone at Schein after it happened, right after
5 it happened, did you?
6 MR. McDONALD: Object to the form.
7 THE WITNESS: Not that I recall.
8 BY MR. SOLOMON:
9 Q. You never reported the call to
10 Schein's legal department, did you?
11 A. Not that I recall.
12 Q. And you didn't take any other steps
13 to document the call or what Mr. Cohen told you
14 during that phone call?
15 A. No. I felt I took appropriate
16 action.
17 Q. What was the appropriate action that
18 you took?
19 A. Shutting down the discussion.
20 Q. And there's no written record of you
21 telling Mr. Cohen that you did not want to
22 discuss Atlantic Dental Care, correct?
23 A. Not that I'm aware of.
24 Q. And other than Mr. Cohen, there are
25 no other witnesses knowledgeable about what you

Page 405

1 TIM SULLIVAN
2 discussed on the March -- on the March 25th,
3 2013 phone call?
4 A. There was no one on my line.
5 Q. And you're familiar with Schein's
6 antitrust training and compliance guidelines,
7 generally speaking, correct?
8 A. Correct.
9 Q. And you understand that Schein's
10 antitrust training and compliance guidelines
11 would have required you to report this call?
12 MR. McDONALD: Object to the form.
13 THE WITNESS: I don't know that it
14 would require me to report that call.
15 BY MR. SOLOMON:
16 Q. So you don't think that you were
17 required to report that call with Mr. Cohen?
18 MR. McDONALD: Object to the form.
19 THE WITNESS: I believe I did
20 everything that was appropriate.
21 BY MR. SOLOMON:
22 Q. You took no actions or precautions
23 in accordance with Schein's antitrust -- strike
24 that.
25 You took no actions or precautions

1 TIM SULLIVAN
 2 in accordance with Schein's antitrust
 3 compliance trainings that you received, right?
 4 MR. McDONALD: Object to the form.
 5 THE WITNESS: How can you possibly
 6 say -- I just said I took actions for sure.
 7 BY MR. SOLOMON:
 8 Q. You didn't let anyone else know?
 9 A. I did not.
 10 Q. And you did nothing to document the
 11 call?
 12 A. That's correct.
 13 Q. And you continued to communicate
 14 with Mr. Cohen following that call?
 15 MR. McDONALD: Object to the form.
 16 THE WITNESS: Not about Atlantic
 17 Dental Care, if that's -- I did not
 18 communicate with him.
 19 BY MR. SOLOMON:
 20 Q. Let's take a look at some more
 21 documents.
 22 So I'm handing you a document that's
 23 been pre-marked as CX0197, and I'm also handing
 24 you a document that's been pre-marked as
 25 CX0196.

 2 of all the practices. So it's not a buying
 3 group, it's a big group. We're going to bid.
 4 Thanks."
 5 Do you see that?
 6 A. I do.
 7 Q. I'd like you to turn to the other
 8 document you have in front of you, and to
 9 CX0197-002.
 10 Do you see that?
 11 A. I do.
 12 Q. Okay. And I'd like to point you to
 13 item 3089.
 14 Do you see that?
 15 A. I do.
 16 Q. And this appears to be an entry from
 17 March 27th, 2013. And the originating number,
 18 it appears to be your phone number, is that
 19 correct?
 20 A. That's correct.
 21 Q. And the terminating number appears
 22 to be Mr. Cohen's telephone number, is that
 23 correct?
 24 A. Yes, it appears to be correct.
 25 Q. And the elapsed time indicates six

 3 marked for identification.)

 5 THE WITNESS: Okay.
 6 BY MR. SOLOMON:
 7 Q. Mr. Sullivan, do you recognize
 8 CX0196 as your text message communications with
 9 Mr. Cohen in 2013?
 10 A. I do.
 11 Q. And these text message
 12 communications were around the time of the
 13 March 25th, 2013 phone call that we've been
 14 talking about, correct?
 15 A. Correct.
 16 Q. And I'd like to direct your
 17 attention to CX0196-10. And it's a text
 18 message from Mr. Cohen to you on March 27th,
 19 2013.
 20 A. Okay.
 21 Q. Do you see that?
 22 A. I do.
 23 Q. And Mr. Cohen says, "Tim: Did some
 24 additional research on the Atlantic Care deal,

 3 A. Yes.
 4 Q. So this is an attempt by you to
 5 contact Mr. Cohen just a couple of days after
 6 the March 25th call you had with him, correct?
 7 A. Correct, and the same day, I
 8 believe, of his message on Atlantic Dental
 9 Care, is that right?
 10 Q. It appears to be so.
 11 A. Yes.
 12 Q. And then, again, I'd like to point
 13 you to 3091. Again, this is an entry from
 14 March 27th, 2013. And this appears to be from
 15 your cell phone number to Mr. Cohen's cell
 16 phone number, and the elapsed time is 20
 17 seconds.
 18 Do you see that?
 19 A. I do.
 20 Q. This is another phone call from you
 21 to Mr. Cohen on March 27th, 2013, correct?
 22 A. Correct.
 23 Q. So why did you try and call
 24 Mr. Cohen twice after receiving his text
 25 message about Atlantic Dental Care and the fact

Page 410

1 TIM SULLIVAN
 2 that Benco was going to bid?
 3 MR. McDONALD: Object to the form.
 4 THE WITNESS: To the best of my
 5 recollection, it was, again, to remind him,
 6 Chuck, when you brought this up to me the
 7 first time, I had said we should not be
 8 talking about this.
 9 The fact that he sent me a text on
 10 this again, I wanted to call and clarify to
 11 him, Chuck, stop sending me this
 12 information; it's not what we should be
 13 talking about.
 14 BY MR. SOLOMON:
 15 Q. So your intent was to call him to
 16 let him know that you did not want him to
 17 continue contacting you about Atlantic Dental
 18 Care?
 19 A. Correct. Remember, I want to keep
 20 things cordial with Chuck. We still wanted to
 21 acquire his company. If that wasn't the case,
 22 I probably would have acted and been a little
 23 more direct with him and done a few things
 24 differently.
 25 I was really clear with him in my

Page 411

1 TIM SULLIVAN
 2 verbal communications any time in these two
 3 communications, the first phone call and my
 4 attempt here after getting this text, to
 5 cordially tell him, but very directly tell him,
 6 Chuck, stop sending me this type of
 7 communication.
 8 Q. So you're reaching -- you're
 9 affirmatively reaching out to him again?
 10 A. Yes.
 11 Q. Did you think that that was required
 12 of you?
 13 A. I felt I needed to send him a
 14 message to stop communicating with me about the
 15 customer issue.
 16 Q. You previously testified that you
 17 weren't sure why you called Mr. Cohen about --
 18 why you called Mr. Cohen on March 27, 2013, is
 19 that correct?
 20 A. That's correct.
 21 Q. Why did you not remember during your
 22 investigational hearing last year why you tried
 23 to call Mr. Cohen?
 24 MR. McDONALD: Object to the form.
 25 THE WITNESS: I can't tell you why I

Page 412

1 TIM SULLIVAN
 2 didn't recall it then. Thought about it
 3 more since, reviewed my testimony,
 4 and myself asking why would I be calling
 5 him. I'm saying, to the best of my
 6 recollection, it would have been about
 7 that.
 8 BY MR. SOLOMON:
 9 Q. So what refreshed your recollection
 10 as to why you were calling Mr. Cohen since your
 11 investigational hearing in May of 2017?
 12 MR. McDONALD: Object to the form.
 13 He just told you there's no way he
 14 could recall.
 15 THE WITNESS: My review of my
 16 testimony.
 17 BY MR. SOLOMON:
 18 Q. So you're changing your testimony
 19 from May of 2017 in which you said that you
 20 don't recall why you were reaching out to
 21 Mr. Sullivan [sic] on March 27th, 2013, is that
 22 right?
 23 MR. McDONALD: Object to the form.
 24 THE WITNESS: I'm clarifying it by
 25 saying to the best of my recollection. I

Page 413

1 TIM SULLIVAN
 2 can't say, in fact, I know exactly that's
 3 for sure. To the best of my recollection,
 4 I believe that's why I was calling him. It
 5 was so quickly after his text message.
 6 And, again, to keep things
 7 cordial -- I could have sent a text reply
 8 saying Chuck, stop -- I wanted to pick up
 9 the phone and say, Chuck, stop.
 10 BY MR. SOLOMON:
 11 Q. How many times total did you reach
 12 out to Mr. Cohen asking him to stop contacting
 13 you about ADC?
 14 MR. McDONALD: Object to the form.
 15 You have the records.
 16 Don't guess.
 17 THE WITNESS: These two here for
 18 sure I attempted.
 19 BY MR. SOLOMON:
 20 Q. Any other attempts?
 21 MR. McDONALD: Object to the form.
 22 THE WITNESS: Let's go through the
 23 records.
 24 BY MR. SOLOMON:
 25 Q. Did you ever actually have a

Page 414

1 TIM SULLIVAN
2 conversation with Mr. Cohen in which you said,
3 please don't contact me anymore about ADC?
4 A. To the best of my recollection, we
5 did.
6 Q. When did that conversation occur?
7 A. We should go through the records. I
8 believe it was about a week later.
9 Q. Okay. Are you referring to your
10 call with Mr. Cohen on April 3rd of 2013?
11 A. Where do you see that?
12 Q. So I'm looking at items 3120 and
13 3122.
14 (Witness viewed said document.)
15 THE WITNESS: Okay. I see that now,
16 yes.
17 BY MR. SOLOMON:
18 Q. So it looks like you tried to reach
19 Mr. Cohen on March 3rd, 2013 in item 3120 and
20 then again in item 3122.
21 And in item 3120, the phone call
22 lasted for 37 seconds; and in item 3122, it
23 appears to be a five-minute-and-thirty-six-
24 second phone call, is that right?
25 A. That's correct.

Page 416

1 TIM SULLIVAN
2 wanted you to know our -- what I decided to do
3 on it, and then we shifted the topics.
4 Q. How long in total did you talk to
5 Mr. Cohen about ADC on April 3rd, 2013?
6 A. It couldn't have been 30 seconds.
7 Q. What did you shift the topic to
8 after that?
9 A. I don't recall. I -- I don't know.
10 I'd be speculating. Again, it goes down -- it
11 might have been something about should we
12 continue to discuss the merger organizations or
13 some other topic. It might have been the
14 Packers, the Eagles, for all I know.
15 Q. So you recall discussing ADC but not
16 what else you discussed on that call with
17 Mr. Cohen?
18 A. That's correct.
19 Q. And you recall what his reaction
20 was, but not anything else you discussed on
21 that call?
22 A. To be clear, we've had a lot of
23 discussions about meaningless things that can
24 happen on multiple occasions.
25 The only time I talked about

Page 415

1 TIM SULLIVAN
2 Q. When did you -- is this when you
3 told Mr. Sullivan in item 3122 -- strike that.
4 Is this when you told Mr. Cohen in
5 item 3122 to stop contacting you about ADC?
6 A. To the best of my recollection,
7 that's when it happened, yes.
8 Q. What did you say?
9 A. I don't recall the exact words.
10 Something to the effect of -- if you recall,
11 we're going back and forth with some text in
12 between here, too. I noticed you rang. I was
13 just trying to connect. We finally did
14 connect.
15 Was to say, Chuck, as I told you
16 when you first sent this to me, it's not the
17 type of topic we should be discussing and
18 please don't send me any more information as it
19 relates to customers and how you approach
20 customers, something to that effect. I don't
21 know if those were the exact words, but I was
22 clear to him not to communicate with that.
23 Q. What did he say in response?
24 A. I don't recall. Something -- I
25 understand -- I just thought you -- I just

Page 417

1 TIM SULLIVAN
2 anything business substantive with Chuck Cohen
3 or anyone at Benco was on our employment
4 agreement issues.
5 It could have been, by the way, is
6 there something going on with -- I don't know;
7 let's shift to that topic. I don't know. It
8 could have been back to football or something
9 silly. I don't know.
10 But I know I did not talk about -- I
11 did not talk to him about our strategy on
12 buying groups or asking him any questions about
13 Benco's strategy on buying groups. Did not
14 happen.
15 Q. So you just told him to stop
16 contacting you about ADC?
17 A. Correct.
18 Q. Did you tell him why you wanted him
19 to stop contacting you?
20 A. Just the fact that it's a discussion
21 you and I should not be having.
22 Q. And he didn't ask any questions
23 about why you were saying that?
24 A. I think I just testified. He
25 something to the effect of "I understand."

Page 418

1 TIM SULLIVAN
2 Q. Anything else?
3 A. Not that I recall.
4 Q. How is it that you recall your
5 conversation with Mr. Cohen on this day about
6 ADC but not what you discussed after?
7 MR. McDONALD: Object to the form,
8 asked and answered.
9 THE WITNESS: I don't know how I
10 remembered last Tuesday I had pizza. I
11 don't know.
12 For some reason I remember that
13 because it was a topic I know very clearly
14 what we should and shouldn't -- what we can
15 and what we shouldn't be talking about.
16 The list of what we can are the things I
17 just mentioned. I don't know what we
18 shifted to at that time.
19 BY MR. SOLOMON:
20 Q. But you have a very vivid
21 recollection of that conversation with
22 Mr. Cohen on April 3rd of 2013 about ADC?
23 A. What I'm saying is I know I had two
24 discussions with him about it. I think when I
25 originally testified, I didn't know if it was

Page 419

1 TIM SULLIVAN
2 on the second one. I know I -- on the first
3 one. It could have been just on the first
4 call.
5 As I'm thinking through the process
6 and I see the timeline of text messages that
7 came back to me, now I know I talked to him a
8 second time about it; that's why I'm calling
9 him.
10 Q. You're not guessing; you have a very
11 specific recollection of this phone call, is
12 that right?
13 A. What I'm saying is to the best of my
14 recollection.
15 Q. So Mr. Cohen would testify that you
16 told him that, right?
17 MR. McDONALD: Object to the form.
18 THE WITNESS: I don't know what -- I
19 would assume so. I don't -- I don't know
20 his testimony.
21 BY MR. SOLOMON:
22 Q. What does that mean? What do you
23 mean by to the best of your recollection?
24 A. Not the worst. To the best of my
25 recollection.

Page 420

1 TIM SULLIVAN
2 Q. So you have a very specific memory
3 about this conversation?
4 A. Well, you're changing the words to
5 "very specific." I'm saying, as I think
6 through the process and, again, reviewing my
7 testimony and then the order of how things
8 happened and the text messages, it did come
9 back to me.
10 Q. When did you first recall this?
11 A. Last week or earlier this week, as I
12 was reviewing the documents.
13 Q. And what were you looking at
14 specifically that refreshed your recollection
15 about this call?
16 A. Both my testimony and these similar
17 papers.
18 Q. Was it during a meeting with your
19 counsel?
20 MR. McDONALD: Object to the form.
21 Don't -- don't reveal communications
22 you've had with counsel.
23 THE WITNESS: When I first came
24 back, no. It was as I was reviewing the
25 documents by myself prior.

Page 421

1 TIM SULLIVAN
2 BY MR. SOLOMON:
3 Q. So you were reviewing them alone
4 without -- strike that.
5 You were reviewing the documents
6 alone, not in a meeting with your counsel when
7 you first recalled this phone call with
8 Mr. Cohen that you're speaking about today?
9 A. That's correct.
10 Q. And do you recall what day that was?
11 A. Some of it was over the weekend,
12 this past weekend. Some of it was on Monday,
13 so between Sunday and Monday this past week.
14 Q. Okay. When you reviewed your
15 transcript last year and when you provided
16 corrections for the errata sheet, you didn't
17 recall this new conversation with Mr. Cohen,
18 correct?
19 MR. McDONALD: Object to the form.
20 THE WITNESS: I don't know if I'd
21 call it a new conversation because we spoke
22 about the conversation in that. I just
23 didn't -- I wasn't thinking. I didn't
24 review it in that light.
25 ///

1 TIM SULLIVAN
 2 BY MR. SOLOMON:
 3 Q. So you reviewed your IH transcript,
 4 your investigational hearing transcript, last
 5 year after you gave your testimony, and you
 6 didn't recall this second conversation with
 7 Mr. Cohen about ADC, correct?
 8 A. I didn't take --
 9 MR. McDONALD: Object to the form.
 10 THE WITNESS: Sorry. I did not take
 11 the time to think through the process at
 12 that time.
 13 BY MR. SOLOMON:
 14 Q. What document did you look at
 15 specifically that refreshed your recollection
 16 about this phone call?
 17 A. These similar documents of text
 18 exchanges.
 19 Q. So the text exchanges represented in
 20 CX0196?
 21 A. I -- assuming that I know what
 22 the -- I mean, yes. I mean, if that's -- I
 23 don't know what they were labeled then, but
 24 yes.
 25 Q. So the text message exchanges you

1 TIM SULLIVAN
 2 had with Mr. Cohen which involved ADC, is that
 3 what you're talking about?
 4 A. Correct.
 5 Q. And what specifically in these text
 6 message exchanges refreshed your recollection?
 7 A. Well, I had time to pause and think
 8 through from the first message that he sent,
 9 the conversation that we had then where I did
 10 tell him don't communicate with me anymore.
 11 And there's a series of text messages that
 12 followed, including we're trying to connect.
 13 It took us a while to actually connect.
 14 And then I saw when we did connect
 15 again, it was in response to a text message
 16 about, I saw you rang, should we try
 17 connecting. It was during that process.
 18 Q. Was this the -- was this the last
 19 time you spoke with Atlantic Dental Care with
 20 Mr. Cohen?
 21 MR. McDONALD: Object to the form.
 22 THE WITNESS: Yes.
 23 BY MR. SOLOMON:
 24 Q. Mr. Sullivan, I'd like to point you
 25 to item 3092 in the phone records that we're

1 TIM SULLIVAN
 2 looking at on March 27, 2013.
 3 Do you see that?
 4 A. I do.
 5 Q. And this is a phone call from your
 6 cell phone to 978-761-3064 that lasted for
 7 4 minutes and 44 seconds.
 8 Do you see that?
 9 A. I do.
 10 Q. And this is just a couple of minutes
 11 after you tried reaching Mr. Cohen in item 3091
 12 on March 27, 2013, correct?
 13 A. Yes.
 14 Q. Do you know whose phone number that
 15 is under "Terminating Number," 978-761-3064?
 16 A. I do not.
 17 Q. I will represent to you that that is
 18 Mr. Michael Porro's phone number, as has been
 19 identified by your counsel in discovery
 20 responses.
 21 A. Okay.
 22 Q. So you called Mr. Porro just a
 23 couple of minutes after trying to reach
 24 Mr. Cohen on March 27th, 2013, is that right?
 25 A. It appears so, yes.

1 TIM SULLIVAN
 2 Q. Why would you call Mr. Porro right
 3 after you said you called Chuck Cohen to tell
 4 him to stop talking to you about ADC?
 5 A. I don't recall.
 6 Q. Sitting here today, you have no
 7 recollection?
 8 A. No. I -- there was communication
 9 from Michael to me. I don't know if I was
 10 responding to a message from him. I don't
 11 know. There's -- I know there's additional
 12 paperwork on that as well, on e-mail exchanges
 13 that Michael and I had on this topic.
 14 Q. So do you or don't you recall why
 15 you tried reaching out to Mr. Porro immediately
 16 after reaching out to Mr. Cohen?
 17 A. I don't know what immediately after
 18 calling Mr. Cohen has to do with it, but no.
 19 During this time, I was talking to Michael
 20 Porro about Atlantic Dental Care. He had sent
 21 me an e-mail about it. I don't know what the
 22 chronological order of it is. We should be
 23 good to through that to better understand that.
 24 Q. Did you tell him about your
 25 conversations with Mr. Cohen?

Page 426

1 TIM SULLIVAN
2 A. No.
3 Q. How do you know?
4 A. That's not -- it's a discussion
5 Chuck and I, as I told Chuck, we shouldn't be
6 having. I'm not going to pass that on to any
7 of my team members.
8 Q. But you don't recall specifically
9 what you discussed with Mr. Porro, correct?
10 MR. McDONALD: Object to the form.
11 He just told you he knows he didn't
12 talk about that, and Mr. Porro told you the
13 same thing. Now you're calling him a liar.
14 Great.
15 BY MR. SOLOMON:
16 Q. You can answer.
17 A. Ask it again.
18 Q. But you don't recall specifically
19 what you talked to Mr. Porro about?
20 MR. McDONALD: Object to the form,
21 asked and answered.
22 THE WITNESS: It was not about a
23 discussion with Chuck Cohen. I believe it
24 was about Atlanta Dental Care because
25 Michael and I were having an exchange about

Page 427

1 TIM SULLIVAN
2 it during this -- during the same time
3 frame.
4 BY MR. SOLOMON:
5 Q. Are you guessing, or do you know
6 that for a fact?
7 MR. McDONALD: Object to the form.
8 THE WITNESS: I -- I am guessing
9 that that was -- it was about that.
10 BY MR. SOLOMON:
11 Q. Okay. I don't --
12 A. Because of the time, because of the
13 time frame, because of the topic, I was
14 exchanging e-mails with Michael Porro on this
15 topic.
16 Q. I don't want you to guess. If you
17 have a specific recollection, tell me. But if
18 you're guessing --
19 A. I don't have a specific
20 recollection.
21 MR. McDONALD: To be clear, he told
22 you what he did not talk about.
23 THE WITNESS: Right.
24 BY MR. SOLOMON:
25 Q. Okay. You can put this set of phone

Page 428

1 TIM SULLIVAN
2 records aside for a moment.
3 I'd like to go back one second to
4 the text messages you exchanged with Mr. Cohen
5 about Atlantic Dental Care.
6 And specifically, I'd like to point
7 you to CX0196-004, starting with, "Hi Chuck.
8 Thanks for the call."
9 Do you see that?
10 A. I do.
11 Q. This is on March 25th, 2013 right
12 after you had just spoken with Mr. Cohen about
13 ADC, correct?
14 A. Well, again, I did not talk to
15 Mr. Cohen about ADC. He called me to talk
16 about it. I shut that discussion down.
17 Q. And then this is a follow-up text
18 message communication, correct?
19 A. That is correct.
20 Q. And you say, "Hi Chuck. Thanks for
21 the call"?
22 A. Yes.
23 Q. So you're thanking Mr. Cohen for
24 calling you in regards to Atlantic Dental Care?
25 A. I'm going to say it again.

Page 429

1 TIM SULLIVAN
2 MR. McDONALD: Object. Object to
3 the form.
4 THE WITNESS: I wanted to keep
5 things cordial between Chuck and I. We
6 were seriously interested in acquiring his
7 company, merging the company. And so, yes,
8 I was being cordial, softer than I would
9 have been otherwise.
10 But, again, I can tell you what
11 we've never talked about, which is the
12 picture you're trying to paint. That
13 picture does not exist.
14 BY MR. SOLOMON:
15 Q. I'm just trying to understand why
16 you would be thanking him for a call after you
17 just testified that you were shocked and
18 concerned about him calling you, and you were
19 doing everything you can to shut the
20 conversation down and telling him not to
21 contact you anymore, and then you text him and
22 say thank you for call. I'm just trying to
23 understand why --
24 A. Because we --
25 MR. McDONALD: Hang on. Hang on.

<p style="text-align: right;">Page 430</p> <p>1 TIM SULLIVAN 2 Object to the form, asked and 3 answered. He just told you. 4 THE WITNESS: The conversation was 5 very short about ADC. I was clear with him 6 on that. We went on about other stuff, so 7 yes. And I said, hey, thanks for the call. 8 We were joking about me going to work for 9 him. 10 I went on to say, "Yes, I am good 11 with the terms we discussed and I look 12 forward to joining Team Benco." 13 Hey, by the way, put my face on your 14 logo. I'm being facetious, keeping things 15 light between us because I just basically 16 told him firmly we shouldn't be talking 17 about this, you know, Chuck, but let's keep 18 things light, keep -- stay cordial. 19 BY MR. SOLOMON: 20 Q. If you turn to CX0196-007, again, 21 this is a text message to you -- from you to 22 Mr. Cohen. 23 You say, "Thanks for the follow up 24 on that article. Unusual." 25 Do you see that?</p>	<p style="text-align: right;">Page 431</p> <p>1 TIM SULLIVAN 2 MR. McDONALD: I don't. Where are 3 you? 4 MR. SOLOMON: CX0196-007. 5 THE WITNESS: Oh, is that -- 6 MR. McDONALD: I'm sorry. I'm just 7 lost, Ronnie. My 007 says, "Ouch..Didn't 8 think that response from Stan!!" 9 MR. SOLOMON: The next line. 10 MR. McDONALD: Okay. Sorry. Got 11 you. It's late. 12 BY MR. SOLOMON: 13 Q. You write, "Thanks for the follow up 14 on that article. Unusual." 15 Do you see that? 16 A. Well, what I write in total is, 17 "Ouch..Didn't think about that response from 18 Stan!!" Because he had jokingly said to me, 19 "Problem with this joke is if Stan says 20 'Great,'" ha, ha, ha. "Maybe Scott would hire 21 me," Scott Anderson over at Patterson. "Thanks 22 for the follow up on that article. Unusual." 23 Q. What did -- and the follow-up on the 24 article, you're referring to Atlantic Dental 25 Care?</p>
<p style="text-align: right;">Page 432</p> <p>1 TIM SULLIVAN 2 A. So he sent me, "Here's the link to 3 the press release." So he had called me about 4 Atlantic Dental Care. There was a press 5 release out about it; did I see it. I said, 6 no, I don't know who they are. So he forwarded 7 me that press release, thanks. 8 Q. So you're thanking him for doing 9 that? 10 A. Again, to be professionally cordial, 11 yeah. 12 Q. And, again, you -- or strike that. 13 You refer to it as unusual. What 14 did you mean by that? 15 A. I don't -- I don't know what I meant 16 by that. 17 Q. You have no recollection what you 18 meant, sitting here today? 19 A. No. 20 Q. Is there anything you could look at 21 that could refresh your recollection as to what 22 you meant when you said "unusual" with respect 23 to that article? 24 A. Nothing came to mind as I reviewed 25 this, no.</p>	<p style="text-align: right;">Page 433</p> <p>1 TIM SULLIVAN 2 Q. Turning to CX0196-005, Mr. Sullivan 3 [sic] e-mails you a link to the press release. 4 And this is the press release that 5 relates to Atlantic Dental Care, correct? 6 MR. McDONALD: Object to the form. 7 You misstated, Ronnie. 8 MR. SOLOMON: Sorry. 9 THE COURT REPORTER: You've got to 10 redo it. Sorry. It's getting late. I'm 11 tired. Redo the question, please. 12 MR. SOLOMON: Oh, sure. 13 BY MR. SOLOMON: 14 Q. So CX0196-005, this is Mr. Cohen 15 e-mailing you a link to the press release 16 surrounding Atlantic Dental Care, correct? 17 MR. McDONALD: Well, it's texting, 18 not e-mailing. 19 MR. SOLOMON: Got it. 20 MR. McDONALD: Do you want to try a 21 third time to get the name right? 22 THE WITNESS: It is late. 23 MR. SOLOMON: Okay. I'll try this a 24 third time. 25 ///</p>

 3 Q. So CX0196-005, this is Mr. Cohen
 4 texting you a link to the press release
 5 surrounding Atlantic Dental Care, correct?
 6 A. Correct.
 7 Q. And this is another instance of
 8 Mr. Cohen contacting you as it relates to
 9 Atlantic Dental Care, correct?
 10 A. Correct.
 11 Q. Why didn't you try calling Mr. Cohen
 12 then to tell him to stop contacting you about
 13 ADC?
 14 A. He just sent me a link to the
 15 article that he referred to. I told him we
 16 shouldn't be talking about it. Why he sent a
 17 text, I don't know.
 18 Q. You waited two more days to call him
 19 to tell him to stop contacting you about ADC,
 20 right?
 21 MR. McDONALD: Object to the form.
 22 THE WITNESS: It's not that I
 23 waited. I just didn't -- he's forwarded me
 24 a link to an article. Didn't think much of
 25 it. Then he sent me a text actually

Page 435

1 TIM SULLIVAN
 2 telling me how they plan to approach it.
 3 Him forwarding me a public link,
 4 it's public information. Why send it, I
 5 don't know. It doesn't make sense to me.
 6 I wouldn't do it. I would not send him
 7 anything on that. He send it to me. It's
 8 public information.
 9 Then he sends me a message that's
 10 not public information. I'm calling him to
 11 say, Chuck, knock it off.
 12 BY MR. SOLOMON:
 13 Q. What was the link that he -- what
 14 was the text that he sent you that was not
 15 public information?
 16 A. The one about that we were just
 17 talking about, did some additional research on
 18 Atlantic Dental Care. It seems like they have
 19 actually merged. So it's not a buying group.
 20 It's a group we're going to bid.
 21 MR. McDONALD: You need to slow
 22 down. You're getting tired. She's tired.
 23 THE WITNESS: Sorry.
 24 MR. McDONALD: Just slow down.
 25 MR. SOLOMON: I think we can take a

Page 436

1 TIM SULLIVAN
 2 quick break. And then I think we have just
 3 20 or so minutes left. So let's go off the
 4 record.
 5 THE VIDEOGRAPHER: The time is
 6 5:42 p.m. We're off the record.
 7 (Whereupon, a recess was had
 8 from 5:42 p.m. to 5:59 p.m.)
 9 THE VIDEOGRAPHER: This is the
 10 beginning of DVD No. 5. The time is
 11 5:59 p.m. We are back on the record.
 12 BY MR. SOLOMON:
 13 Q. Mr. Sullivan, the first phone call
 14 you had with Mr. Cohen on March 25th, 2013 that
 15 we've been discussing, did Chuck Cohen ever
 16 basically say to you that Benco did not plan to
 17 bid on the Atlantic Dental Care group during
 18 that conversation?
 19 MR. McDONALD: Object to the form.
 20 THE WITNESS: The only thing I
 21 recall from the conversation was him
 22 mentioning -- asking me if I knew who they
 23 were. There was an article on it or
 24 something. He started to go down the road.
 25 I don't know what it was. I just said,

Page 437

1 TIM SULLIVAN
 2 Chuck, we should not -- I don't recall that
 3 being anything he stated.
 4 BY MR. SOLOMON:
 5 Q. So he did not say that?
 6 MR. McDONALD: Object to the form.
 7 THE WITNESS: I don't believe so.
 8 BY MR. SOLOMON:
 9 Q. Okay. Earlier today I asked you
 10 some questions about your investigational
 11 hearing testimony from May of 2017.
 12 Do you recall that?
 13 A. I do.
 14 Q. And I asked you earlier today if
 15 anything in your testimony from your
 16 investigational hearing transcript was
 17 inaccurate.
 18 Do you recall that?
 19 A. I do.
 20 Q. And you said no, correct?
 21 A. Correct.
 22 Q. This afternoon you have now told us
 23 that there were inaccuracies in your
 24 investigational hearing transcript as it
 25 relates to what conversations you had with

1 TIM SULLIVAN
 2 Mr. Chuck Cohen, correct?
 3 MR. McDONALD: Object to the form.
 4 THE WITNESS: I'm saying now that
 5 in recollect- -- in reviewing the forms,
 6 that I recall what the conversation was
 7 about.
 8 BY MR. SOLOMON:
 9 Q. But I asked you earlier this morning
 10 if there were any inaccuracies in your
 11 investigational hearing transcript and you told
 12 me no.
 13 MR. McDONALD: Object to the form.
 14 THE WITNESS: That may be something
 15 we need to clear up.
 16 BY MR. SOLOMON:
 17 Q. Why did you say that this morning if
 18 you knew that there were some inaccuracies, as
 19 you say, in your investigational hearing
 20 testimony?
 21 MR. McDONALD: Object to the form.
 22 THE WITNESS: The thought didn't
 23 cross my mind when you asked me this
 24 morning.
 25 ///

1 TIM SULLIVAN
 2 paint here. In reviewing the documents, it
 3 didn't make -- I was trying to clarify in
 4 my mind that the order of things happened.
 5 He texted me. We spoke. I told him -- so
 6 I just went through that timeline.
 7 I didn't think while I was doing it,
 8 oh, by the way, that now makes my last
 9 testimony inaccurate, didn't think about
 10 it. I was thinking the mindset of, what
 11 was that? Oh, you know what? I'm going to
 12 be asked on that again. I can clean it up
 13 or clarify it here.
 14 BY MR. SOLOMON:
 15 Q. And just so the record is clear or
 16 very clear, you first realized that your
 17 investigational hearing testimony was
 18 inaccurate last week, is that right?
 19 MR. McDONALD: Object to the form,
 20 misstates what he just said.
 21 THE WITNESS: I'll repeat. The
 22 thought didn't cross my mind that as I read
 23 it, that now makes that part of the
 24 testimony inaccurate. At the time, that's
 25 what I said. It was accurate. That's what

1 TIM SULLIVAN
 2 BY MR. SOLOMON:
 3 Q. And you testified earlier that you
 4 first realized that there were inaccuracies in
 5 your investigational hearing testimony about a
 6 week ago, is that right?
 7 MR. McDONALD: Object to the form.
 8 THE WITNESS: I didn't view it as
 9 inaccuracies in it. As I was reading it, I
 10 wanted to -- I went through the timeline.
 11 Didn't think about it being inaccurate in
 12 the -- in the documents, which is why I
 13 didn't think about it when you said it this
 14 morning. It just reminded me of the time
 15 frame and I wanted to clean it up in this
 16 discussion.
 17 BY MR. SOLOMON:
 18 Q. So you just -- sorry. Go ahead. I
 19 didn't mean to cut you off.
 20 A. I think that covers it.
 21 Q. So are you saying that you first
 22 realized the inaccuracy today?
 23 MR. McDONALD: Object to the form.
 24 THE WITNESS: What I'm saying -- I
 25 know the picture, again, you're trying to

1 TIM SULLIVAN
 2 I said.
 3 In thinking about it further, it
 4 changed my recollection as to what that was
 5 about. Didn't think that I had to go back
 6 and change my testimony there, knowing this
 7 testimony would be happening here.
 8 BY MR. SOLOMON:
 9 Q. So when did you realize that your
 10 testimony in the investigational hearing was
 11 inaccurate?
 12 MR. McDONALD: Object to the form.
 13 THE WITNESS: Until you just said it
 14 right now.
 15 BY MR. SOLOMON:
 16 Q. You just realized today that your
 17 testimony in your investigational hearing was
 18 inaccurate?
 19 MR. McDONALD: Object to the form.
 20 THE WITNESS: I know what you're
 21 attempting to do.
 22 No, I'm saying as I was reviewing
 23 it -- I'll repeat myself again -- as I was
 24 reviewing it, I was reviewing in my mind
 25 the timeline. And it clarified for me, to

1 TIM SULLIVAN
 2 the best of my recollection, the series of
 3 events and why it occurred the way that it
 4 happened.
 5 And I had -- it didn't think to
 6 me that -- I didn't think that I had made
 7 my testimony inaccurate. Back then it's
 8 still accurate. I didn't recall then.
 9 That's accurate. I recall now. This is
 10 accurate.
 11 BY MR. SOLOMON:
 12 Q. When did you first recall that you
 13 had had these additional conversations with
 14 Mr. Cohen?
 15 MR. McDONALD: Object to the form.
 16 He's not testifying about any
 17 additional conversations, Counsel. He's
 18 clarifying what the conversation was about.
 19 THE WITNESS: I was just about to
 20 say the same thing. I'm not changing the
 21 fact that we had the con- -- that we had
 22 the discussion back then. What I meant a
 23 year ago, I didn't recall what it was
 24 about. That is accurate. That is still
 25 true at that time.

1 TIM SULLIVAN
 2 it again?
 3 BY MR. SOLOMON:
 4 Q. Today you talked about conversations
 5 you had with Mr. Cohen on March 27th and
 6 April 3rd. You didn't testify about those
 7 conversations in your investigational hearing
 8 last year.
 9 When did you first recollect those
 10 phone calls and conversations with Mr. Cohen
 11 about ADC?
 12 MR. McDONALD: Same objections.
 13 THE WITNESS: I did --
 14 MR. McDONALD: Misstating his
 15 testimony.
 16 THE WITNESS: Yeah, and I did
 17 testify about those last year. I just
 18 didn't recall what they were about. That
 19 was my -- that was my testimony then.
 20 BY MR. SOLOMON:
 21 Q. Turning -- if you can pull up your
 22 phone records again, Mr. Sullivan.
 23 MR. McDONALD: Which one? He's got
 24 two.
 25 MR. SOLOMON: This is CX0197.

1 TIM SULLIVAN
 2 BY MR. SOLOMON:
 3 Q. Today you talked about conversations
 4 you had with Mr. Cohen on March 27th and
 5 April 3rd, for example. You didn't testify
 6 about that in your investigational hearing last
 7 year.
 8 When did you first recollect those
 9 phone calls and conversations that you had with
 10 Mr. Cohen?
 11 MR. McDONALD: If you're going -- if
 12 you're going to tell him that his testimony
 13 was inaccurate, then you need to show him
 14 his testimony and show him what he said.
 15 And I'm going to object to you
 16 telling him that something was inaccurate
 17 without putting in front him, giving him an
 18 opportunity to read it, and telling you if
 19 he's changing what he said.
 20 It's late in the day. He's been
 21 testifying for nearly six and a half hours.
 22 You're throwing around dates of stuff that
 23 happened years ago. It's not fair to the
 24 witness.
 25 THE WITNESS: Could you please ask

1 TIM SULLIVAN
 2 MR. McDONALD: Okay.
 3 BY MR. SOLOMON:
 4 Q. And, again, if you can look at items
 5 3120 and 3122.
 6 Do you see where I'm looking at?
 7 A. I do.
 8 Q. Okay. When you spoke to Mr. Cohen
 9 on April 3rd, did you mention ADC?
 10 A. I just want to clarify. Is this the
 11 call I already testified about?
 12 Q. Yes.
 13 A. This is the second -- after we
 14 played a little phone tag, a couple of text
 15 messages about, yeah, I saw you called, is this
 16 that phone call?
 17 Q. I mean, this is a phone call on
 18 April 3rd, 2013 that we've been talking about
 19 today. One is 37 seconds, and one is 5 minutes
 20 and 36 seconds.
 21 A. I'd like to review the entire series
 22 of events. I just want to confirm that that's
 23 the call I'm talking about.
 24 Q. Okay. Do you want to pull up the
 25 text messages; is that what you're saying?

Page 446

1 TIM SULLIVAN
2 A. Yes. Yes, please.
3 Q. You should have those somewhere in
4 front of you as well.
5 (Witness viewed said document.)
6 THE WITNESS: Okay. Yes.
7 BY MR. SOLOMON:
8 Q. So item 3120 on April 3rd, 2013,
9 this is you trying to reach Mr. Cohen. And the
10 call lasted for 37 seconds, correct?
11 A. I don't know if we actually
12 connected. I don't know if 37 seconds is it
13 ringing or if I left a message. I don't
14 recall.
15 Q. You don't recall speaking with
16 Mr. Cohen on that first phone call on item
17 3120?
18 A. Correct. I think he called me back
19 later in the day.
20 Q. And then item 3122 on April 3rd,
21 2013, it looks like Mr. Cohen calls you, and
22 you spoke for 5 minutes and 36 seconds,
23 correct?
24 A. Correct.
25 Q. And when you spoke to Mr. Cohen

Page 448

1 TIM SULLIVAN
2 A. It's an internal e-mail exchange
3 with a copy of a draft proposal for our meeting
4 with Smile Source.
5 Q. You drafted part of this e-mail,
6 correct?
7 A. I did.
8 Q. And you did so as part of your job
9 at Schein?
10 A. Yes.
11 Q. And you had personal knowledge of
12 what you wrote in this e-mail?
13 A. Yes.
14 Q. And you wrote this e-mail around the
15 time that you were meeting with Smile Source in
16 February of 2014, correct?
17 A. That is correct.
18 Q. And this CX2462 is a true and
19 accurate representation of this e-mail
20 correspondence and its attachment, correct?
21 A. Correct.
22 Q. And Schein has kept CX2462 in the
23 ordinary course of its business?
24 A. Correct.
25 Q. Okay. Mr. Sullivan, is the

Page 447

1 TIM SULLIVAN
2 during that phone call, did you mention ADC?
3 A. What -- what I mentioned to him had
4 to do with the text he sent me, which, again,
5 after telling him on the first call that he
6 should not -- that we should not be having this
7 discussion, going back and forth on some other
8 things, then he went on to tell me that they're
9 going to bid.
10 That day I attempted to call him.
11 We didn't connect. It took a while to get back
12 and forth, and we did finally connect on this
13 day. And that's when I said, Chuck, as I
14 spoke -- said to you the first time, we should
15 not be talking about this stuff. He sent me
16 another text. Don't send me text messages like
17 that.
18 Q. Mr. Sullivan, I'm handing you an
19 exhibit that's been pre-marked CX2462.
20 (Exhibit CX2462 was marked for
21 identification.)
22 (Witness viewed said document.)
23 THE WITNESS: Okay.
24 BY MR. SOLOMON:
25 Q. Mr. Sullivan, what is CX2462?

Page 449

1 TIM SULLIVAN
2 attachment to -- the attachment in CX2462 the
3 proposal that Schein made to Smile Source in
4 February of 2014?
5 MR. McDONALD: Object to the form.
6 THE WITNESS: The e-mail says it's a
7 proposal draft, so I cannot confirm that
8 was the final, but it is a draft of what we
9 were going to propose.
10 BY MR. SOLOMON:
11 Q. Does this look like what you ended
12 up proposing to Smile Source in February 2014?
13 A. I don't know what else would have
14 changed. But this is, again, a draft. Nothing
15 might have changed. It could have been a
16 period, a comma. It could have been a number.
17 I don't know.
18 Q. If you turn to CX2462-012.
19 Do you see where I'm at?
20 A. I do.
21 Q. Does this slide represent the
22 discounts that Schein offered to Smile Source
23 in February 2014?
24 MR. McDONALD: Object to the form,
25 asked and answered.

Page 450

1 TIM SULLIVAN
2 THE WITNESS: Again, this is a
3 draft. I don't know if this was the final
4 version.
5 BY MR. SOLOMON:
6 Q. Sitting here today, do you have any
7 reason to doubt that this was the proposal that
8 Schein offered to Smile Source in
9 February 2014?
10 MR. McDONALD: Object to the form.
11 THE WITNESS: I would like to go
12 back and confirm and get the actual
13 draft -- or the actual presentation.
14 BY MR. SOLOMON:
15 Q. So you're not sure one way or the
16 other, sitting here today, if these were the
17 discounts that were proposed to Smile Source in
18 2014?
19 A. I cannot confirm that for a fact.
20 Q. Do you recall ever meeting with
21 Smile Source in -- strike that.
22 Do you recall meeting with anyone
23 from Smile Source at the Chicago Midwinter
24 meeting in February of 2014?
25 A. I met with -- what's his name

Page 452

1 TIM SULLIVAN
2 that we had with them. I'm not -- do you have
3 the meeting date when we actually met with them
4 and proposed this?
5 Q. I don't.
6 A. Yeah, I'm not -- I'm not -- I don't
7 recall if it was -- if it was after our meeting
8 or before. I believe it was after the meeting,
9 and they had already said no. It was just a --
10 they were at the Chicago Midwinter meeting
11 following up.
12 Q. Did Smile Source tell you what
13 pricing they were already getting from their
14 current supplier, Burkhart, in February of
15 2014?
16 A. No.
17 Q. Do you recall, sitting here today,
18 what pricing or discounts you ultimately
19 proposed to Smile Source when you met with them
20 in February of 2014?
21 A. Well, I think I just answered that,
22 that I don't know that this was the final. And
23 I'd have to take a look at what that actually
24 was.
25 Q. Okay. So you don't recall?

Page 451

1 TIM SULLIVAN
2 again -- whoever was initially sending me
3 messages. I met him first at the ADA, and we
4 had some e-mail exchanges, which is in the
5 fall. And then I believe we had a follow-up
6 meeting at our booth, not like a sit-down
7 meeting, scheduled meeting. It was a meeting
8 at the booth at 10 o'clock. I'm not saying it
9 was 10 o'clock. It was a meeting at our booth.
10 Q. At the Chicago Midwinter meeting?
11 A. I believe that's right, yes.
12 Q. Okay.
13 A. Is it Andrew? Was that name from
14 earlier? Is he the CEO guy that we were --
15 Q. We were looking at e-mails with Andy
16 Goldsmith earlier today.
17 Is that who you're referring to?
18 A. That -- that's who I'm thinking of,
19 yes.
20 Q. Okay. So you talked to Andy
21 Goldsmith at the Chicago Midwinter meeting in
22 February 2014?
23 A. I believe he was the one there, yes.
24 Q. Do you recall what you talked about?
25 A. I believe it was post the meeting

Page 453

1 TIM SULLIVAN
2 A. That's correct.
3 Q. Do you recall whether Smile Source
4 was meeting with any other distributors in the
5 February 2014 time frame?
6 MR. McDONALD: Object to the form.
7 THE WITNESS: I don't recall them
8 telling me that they were.
9 BY MR. SOLOMON:
10 Q. Did you know that they were meeting
11 with any other distributors in the
12 February 2014 time frame?
13 A. No, I do not.
14 MR. SOLOMON: We can go off the
15 record.
16 THE VIDEOGRAPHER: The time is
17 6:17 p.m. We are off the record.
18 (Whereupon, a recess was had
19 from 6:17 p.m. to 6:21 p.m.)
20 THE VIDEOGRAPHER: The time is
21 6:21 p.m. We are back on the record.
22 MR. SOLOMON: I have no further
23 questions.

 16 A. Yes, I am.
 17 Q. Okay. How long have you been a practicing
 18 dentist?
 19 A. 30 years.
 20 Q. And have you been in Girard, Ohio, for the
 21 full 30 years?

Page 5

1 Q. And do I have the name right? It's Corydon
 2 Palmer Dental Society?
 3 A. Very good pronunciation. It's not an easy
 4 one.
 5 Q. When did you join Corydon Palmer?
 6 A. I joined it when I was a dental resident,
 7 right out of dental school. I did a residency in
 8 the Youngstown area. Became a member right out of
 9 dental school and have been a member.
 10 Q. Why did -- why did you join?
 11 A. I was a student member of the ADA during my
 12 dental school career, and it was just a transition
 13 from the student membership to full ADA membership.
 14 Q. And did membership in Corydon Palmer come
 15 along with membership in the ADA?
 16 A. Correct. It's part of the three-tiered
 17 membership.
 18 Q. Okay. And do most dentists in the region
 19 that join the ADA automatically join the Corydon
 20 Palmer group?
 21 A. Yes. It's a requirement, that to be a
 22 member of the ADA, you have to be a member of your
 23 state association as well as your local component,
 24 which is, in our area, the Corydon Palmer Dental
 25 Society.

1 Q. What is the geographic scope of
2 Corydon Palmer?
3 A. It encompasses three counties. Trumbull,
4 Mahoning, and Columbiana are the counties, in Ohio.
5 Q. Is there a defined -- is that the
6 definition of the territory for the Corydon Palmer?
7 A. Yes.
8 (Reporter clarification.)
9 BY MR. KASS:
10 Q. So let me just ask that again so that the
11 record is clear.
12 Is the -- the three counties that you
13 mentioned, that the formal definition of the
14 territory of Corydon Palmer?
15 A. Yes.
16 Q. And then for other counties within Ohio,
17 there are other local associations?
18 A. Correct.
19 Q. How many members does Corydon Palmer have?
20 A. Currently, we may be between 230, 250
21 dentists.
22 Q. And within the region, the three-county
23 region that encompasses the Corydon Palmer
24 territory, do you know how many dentists --
25 practicing dentists there are?

1 A. I would say close to 300.
2 Q. Okay. So there are approximately 300
3 dentists in the three-county region, approximately
4 230 to 250 of which are members of Corydon Palmer?
5 A. Sounds like a fair assessment, yes.
6 Q. Okay. Now, you joined Corydon Palmer, as
7 you said, when you started practicing as a resident
8 and then practicing as a dentist, and you've been
9 consistent -- a consistent member throughout?
10 A. Yes.
11 Q. Have you ever been involved in any of the
12 leadership roles within Corydon Palmer?
13 A. Yes. Several.
14 Q. Okay. And can you walk me through,
15 starting with your beginning -- your first
16 leadership role up to the present?
17 A. My first leadership role was our board of
18 trustees. And I may have served on that multiple
19 years. Probably more than ten.
20 Q. Okay. And when did you first start serving
21 as a board of -- a trustee on the board of trustees?
22 A. I'm not actually sure. 2003, 2005,
23 potentially.
24 Q. And have you been a consistent member of
25 the board of trustees ever since, or have there been

1 times when you've been on and times when you've been
2 off?
3 A. It's been off and off over the years.
4 Q. And as a board of trustees, what were your
5 general responsibilities?
6 A. Basically, we have meetings every other
7 month. Go through the business of the dental
8 society.
9 Q. Okay. And do -- as -- going through and
10 reviewing the business of the dental society, do you
11 also make strategic decisions about the activities
12 of the dental society or what's the role?
13 A. There's items that may come up for
14 discussion on things that may be pertinent to the
15 dental society, as well as things that -- actions
16 that need to be voted on.
17 Q. Can you give me some examples of the kinds
18 of things that might need to be voted on?
19 A. Budgetary items.
20 Q. What are the activities of the Corydon
21 Palmer Dental Society? What types of things do they
22 do?
23 A. We have -- probably the majority of them
24 are community activities. We have a free clinic
25 that we staff currently. We do a national Give Kids

1 a Smile event, where we're providing service to
2 children at no cost at a local clinic.
3 Q. Okay. Are there other events that you --
4 A. We do a public outreach at our local county
5 fair.
6 Q. And do you host the county fair, or there
7 is a county fair and you have a --
8 A. There is a county fair, and we participate
9 in -- there's a medical booth. And I think other
10 professions also participate.
11 Q. Do you provide any services directly to the
12 members themselves in terms of continuing education
13 or any other services?
14 A. To the members of?
15 Q. Of Corydon Palmer.
16 A. Yes.
17 Q. What kinds of services do you provide?
18 A. We do continuing education course, usually
19 four times a year.
20 Q. Does Ohio have a continuing education
21 requirement?
22 A. Yes.
23 Q. And does the Corydon Palmer continuing
24 education course that you offer four times a year,
25 does that satisfy all or most of the continuing

Page 10

1 education requirements?
 2 A. Yes, it does.
 3 Q. In addition to providing continuing
 4 education courses, do you provide any other services
 5 directly to your membership, the practicing
 6 dentists?
 7 A. I'm not sure how to answer the question.
 8 Services --
 9 Q. So I understand you provide benefits to the
 10 practice of dentistry generally, and that would
 11 include some of your -- some of the events you
 12 talked about, the free clinic, Give Children a
 13 Smile, those sorts of things. You also provide
 14 direct services to dentists through your continuing
 15 education course.
 16 Do you provide other direct services, make
 17 available other direct services, to the practicing
 18 members?
 19 A. I don't -- I don't think we offer anything
 20 at our level that I would consider to be a direct
 21 service, no.
 22 Q. Okay. Do you host any sort of events for
 23 the membership other than the continuing education
 24 course?
 25 A. Social events.

Page 12

1 A. Correct.
 2 Q. Okay. And the continuing education portion
 3 of that, is that sort of a small portion, like a
 4 one- or two-hour or three-hour piece of it, and the
 5 rest is trade show, or how does that work?
 6 A. It's usually six and a half hours of
 7 continuing education. So the majority of the day is
 8 classes. Our lunch is usually a business meeting
 9 for the dental society.
 10 Q. Okay. And so you were talking about
 11 your -- I was asking you about your role, and you
 12 mentioned that you were on the board of trustees
 13 from time to time, on and off, over the past 10 or
 14 15 years or so; right?
 15 A. Sure.
 16 Q. What other leadership roles have you had
 17 within Corydon Palmer?
 18 A. I've been chairman of our membership
 19 committee, chairman of our -- co-chairman of our
 20 continuing education committee, a chairman of our
 21 nominating committee. I have also gone through the
 22 ranks -- or the chairs for leadership to -- I was
 23 the president of the dental society in 2014.
 24 Q. The president of the dental society, is
 25 that a rotating position that changes fairly

Page 11

1 Q. Well, like what?
 2 A. We have an annual holiday get-together. We
 3 have a golf outing. We do a family picnic at a
 4 local minor league baseball event.
 5 Q. How often would you say that the members of
 6 the Corydon Palmer group get together, some or all
 7 of it, how often does that occur?
 8 A. I think the majority of the members, the
 9 continuing education course is also combined with
 10 one of our meetings. So that's probably the biggest
 11 time for members to get together professionally as
 12 well as socially.
 13 Q. Do you have sort of a trade show as well,
 14 where you invite distributors, manufacturers, and
 15 others to join and present?
 16 A. Yes. We do have vendors who are present
 17 during our continuing education courses.
 18 Q. And the continuing education course, is
 19 that a one-day affair or a two- or three-day affair?
 20 A. It's a one-day, all-day event.
 21 Q. And it happens four times a year?
 22 A. Yes.
 23 Q. Okay. And usually you invite vendors,
 24 distributors, and others to participate in those
 25 programs?

Page 13

1 frequently?
 2 A. Yes. It's just a one-year term, and it
 3 starts as a -- I think the secretary, then
 4 president-elect, and then president.
 5 Q. And each one would be for a one-year
 6 period?
 7 A. Correct.
 8 Q. And that's the order -- that's the
 9 succession order, and it happens that way every
 10 year?
 11 A. Correct.
 12 Q. So for today, the secretary would be the
 13 president in two or three years' time?
 14 A. Correct.
 15 Q. And so you were secretary in 2012; would
 16 that be right?
 17 A. Sure.
 18 Q. And president-elect in 2013?
 19 A. Yes.
 20 Q. And then president in 2014?
 21 A. Correct.
 22 Q. And you would have been the immediate past
 23 president in 2015; is that right?
 24 A. Correct.
 25 Q. Okay. And did you have any other similar

Page 14

1 roles following your role as either president or
 2 immediate past president?
 3 A. For the last seven years, I've been the
 4 representative of our subdistrict in Ohio, which is
 5 the Corydon Palmer Dental Society, Northeast Dental
 6 Society, and the Akron Dental Society. And as the
 7 representative from our area to the Ohio Dental
 8 Association, we have our annual meeting in
 9 September.
 10 Q. I see. So as part of the Ohio Dental
 11 Association, there is a -- there are representatives
 12 from the various local associations, like Corydon
 13 Palmer --
 14 A. Correct. There's delegates from each --
 15 each district, and I am the head of that delegation
 16 this year.
 17 Q. And you're the head of the delegation from
 18 a -- for a three- --
 19 A. Three separate dental societies forming one
 20 district.
 21 Q. Got it. Okay.
 22 So there are districts that are made up of
 23 multiple local dental societies. Your district has
 24 three dental societies within it. You are the
 25 delegate or the head delegate for the district?

Page 16

1 type of a discount -- or I should say a rebate
 2 program that they had established with another
 3 dental society in the state.
 4 Q. And when you said it was passed off to you
 5 from another dentist, who was the other dentist?
 6 A. Her name is Dr. Marybeth Shaffer.
 7 Q. And who was Dr. Marybeth Shaffer?
 8 A. At the time, I don't know if she had any
 9 leadership role with the dental society, but she had
 10 been a past president and served in many capacities
 11 within the dental society, leadership roles.
 12 Q. And how did -- do you recall when she
 13 passed this off to you?
 14 A. I believe it was in November of 2014.
 15 Q. Do you remember the circumstances when she
 16 passed it off to you?
 17 A. I think it was just through an e-mail that
 18 she had sent to me saying that I should look into
 19 this with one of the regional managers from Henry
 20 Schein.
 21 Q. Do you know why she was looking into this?
 22 Why this issue came up for her?
 23 A. Not really sure.
 24 Q. Okay. And what did you do after you
 25 received this e-mail from Dr. Shaffer?

Page 15

1 A. Correct.
 2 Q. Okay. And you've been doing that for the
 3 last seven years, you said?
 4 A. Correct.
 5 Q. Okay. Now, in 2014, did you -- let me step
 6 back for a second.
 7 Have you been involved in any dealings
 8 with -- on behalf of Corydon Palmer with respect to
 9 establishing a buying group component of the dental
 10 society?
 11 MS. GOFF: Objection to form.
 12 BY MR. KASS:
 13 Q. You can answer.
 14 A. Could you rephrase that question or repeat
 15 it again.
 16 Q. Sure.
 17 On behalf of the Corydon Palmer Dental
 18 Society, were you involved in any efforts to
 19 establish, participate in, or create a buying group
 20 component or offering for the -- for your members?
 21 A. I don't know if this will answer your
 22 question, but it was passed off to me from another
 23 dentist who was interested in Corydon Palmer putting
 24 something together with Henry Schein Dental Supply
 25 Company, to look at either a buying group or some

Page 17

1 A. I believe that she passed on to him -- to
 2 the regional manager, a Mark Sirney, to get in
 3 contact with me to discuss either a buying club or a
 4 rebate program.
 5 Q. And Mark Sirney, he's the regional manager
 6 for Henry Schein?
 7 A. Correct.
 8 Q. Did you reach out to Mark Sirney or --
 9 A. I think he reached out to me.
 10 Q. And then what happened?
 11 A. We got together for lunch. He showed me
 12 the program that he had established -- the rebate
 13 program that was already established with the Stark
 14 County Dental Society, and he had proposed that
 15 idea.
 16 He also discussed some of the background of
 17 what it would take to establish a buying group.
 18 Q. And is Stark County, is that a
 19 contiguous -- does it have a contiguous territory to
 20 the Corydon Palmer, or where is it located?
 21 A. It's probably within 100 miles of our
 22 dental society. It is not a contiguous dental
 23 society with us.
 24 Q. You said that he discussed the background
 25 of what it would take to establish a buying group.

Page 18

1 What do you recall about that?

2 A. He said that the logistics of trying to set

3 up a buying group would be pretty intense. And he

4 mentioned that it would take a lot of time to

5 compile the materials that different dentists buy

6 within our dental society. Try to pare it down to

7 what could be put together for a buying group.

8 And he said that the rebate program that he

9 had with Stark County is something that we could put

10 together pretty quickly and get some kind of benefit

11 towards -- for our dental society.

12 Q. And what was the -- what were the benefits

13 of the rebate program for your membership?

14 MS. GOFF: Objection. Form.

15 BY MR. KASS:

16 Q. You can answer.

17 A. The only thing I would think it would be is

18 lower prices for dental supplies.

19 Q. Was that something you were interested in?

20 A. I think any dentist would be interested in

21 paying less for goods and services.

22 Q. And did you -- you ultimately entered into

23 an agreement with Henry Schein on behalf of Corydon

24 Palmer; is that right?

25 A. For a rebate program, yes.

Page 19

1 Q. You're distinguishing a rebate program from

2 something -- from something else, it sounds like. I

3 mean -- maybe not.

4 A. It's -- it's what they had titled the

5 program and distinguishing from a buying group or --

6 I'm not sure where --

7 Q. Well, I think you were trying to draw a

8 distinction between a rebate program and a buying

9 group. If I misunderstood, then that's fine. I

10 just didn't -- I wanted to clarify if you had -- if

11 you were drawing some distinction, I wanted to

12 understand that.

13 A. I think there were -- in my mind at the

14 time, they were two separate entities.

15 Q. And what's the distinction between the two,

16 in your mind?

17 A. I think the buying group is something that

18 we would get lower prices purchasing dental supplies

19 through Henry Schein or one of the other dental

20 companies. And the rebate program is something that

21 would benefit the dental society as a whole.

22 Q. Okay. But even under the rebate program,

23 the members of the dentists, do they benefit?

24 MS. GOFF: Objection to form.

25 THE WITNESS: The biggest benefit to a

Page 20

1 rebate program would be due stabilization. Our

2 ability to keep our costs down through the rebate

3 program.

4 BY MR. KASS:

5 Q. And so there's a benefit, clearly, for the

6 dental society in terms of revenues that it

7 receives?

8 MS. GOFF: Objection to form and

9 foundation.

10 BY MR. KASS:

11 Q. You can answer.

12 A. Yeah. I think it's -- you know, we're --

13 we have to run our dental society. And any way that

14 we could lower our cost and create revenue is

15 certainly what the goal was.

16 Q. Do the members of the dental society, do

17 they receive some portion of the rebates?

18 A. No. No individual dentist receives

19 anything from that.

20 Q. Okay. Do any individual dentists receive

21 any benefit from the -- from the rebate program that

22 you entered into?

23 MS. GOFF: Objection to form and

24 foundation.

25 THE WITNESS: No.

Page 21

1 BY MR. KASS:

2 Q. Okay. Is there sort of a program that goes

3 along with the provision of the -- let me ask it

4 this way.

5 Is there are -- as for the individual

6 dentists, do you understand that there's any sort of

7 change or other process in place that -- as a result

8 of this rebate program, that affects the individual

9 dentists?

10 A. No.

11 MS. GOFF: Objection to form. Sorry. Let

12 me get out my objection.

13 Objection to form. Foundation.

14 BY MR. KASS:

15 Q. What do you view as the purpose of the

16 rebate program?

17 A. I think the main purpose is to help

18 generate income for the society.

19 Q. And as part of generating income for the

20 society, does the -- well, let me step back.

21 So one of the things that the members of

22 the dental society, normally they have to pay dues?

23 A. Correct.

24 Q. And they receive certain benefits, like

25 continuing education and other -- other benefits, as

1 being part of this society; is that right?

2 A. Correct.

3 Q. And one of the things that's important is
4 trying to keep the dues to a manageable level; is
5 that right?

6 MS. GOFF: Objection to form and
7 foundation.

8 THE WITNESS: Correct.

9 BY MR. KASS:

10 Q. Is that part of your strategy and part --
11 some of the things that you consider as part of the
12 leadership of Corydon Palmer, are ways to keep the
13 membership fees, the membership dues for your
14 members, as low as possible?

15 A. Yes.

16 Q. Okay. And was this program designed to
17 help Corydon Palmer and its members by lowering
18 the -- ultimately the fees that members would have
19 to pay in order for the Corydon Palmer to be able to
20 continue providing its services?

21 MS. GOFF: Objection to form.

22 THE WITNESS: I think that was our goal
23 when we entered into this agreement with Schein.

24 BY MR. KASS:

25 Q. And just to address the objection, could

1 you please explain for the record what you believe
2 the purpose of entering into a rebate program was
3 with respect to Corydon Palmer and its members.

4 A. I think it was strictly to find another
5 revenue stream for -- for the society.

6 Q. And how would that benefit members?

7 A. Again, we had seen declining membership.
8 We do have a executive director of our society, and
9 our costs with having -- hiring a person and
10 staffing is certainly going up. So I think it --
11 from a budgetary standpoint, we need to look at all
12 possible revenue we can generate.

13 Q. And how would that benefit members?

14 A. We --

15 MS. GOFF: Sorry. Objection to form and
16 foundation.

17 Go ahead.

18 THE WITNESS: I think if we can't afford to
19 have an executive director, we do the work
20 ourselves.

21 BY MR. KASS:

22 Q. When you say "we," who do you mean, "we"?

23 A. It would be probably the members.

24 Q. And so just to -- I know I'm asking the
25 question a number of times, but I just want to make

1 sure we have a fulsome record.

2 How would entering into the rebate program
3 benefit, directly or indirectly, the members of
4 Corydon Palmer?

5 MS. GOFF: Objection to form and
6 foundation.

7 THE WITNESS: I think, as I stated, it's --
8 directly or indirectly, I think they look at it,
9 again, as a way to generate money for the society.

10 BY MR. KASS:

11 Q. Okay. Did you have discussions about
12 entering into a program that would provide for
13 reduced prices or discounts on the purchase of
14 supplies that the members themselves pay?

15 A. The only conversation I had was with
16 Mark Sirney, probably at the first meeting. And it
17 was brief, and I don't think there was any talk of a
18 buying group after that or any type of rebate -- not
19 rebate, but a discount.

20 Q. Did you ask for a discount on behalf of the
21 members?

22 A. Only in that initial conversations.

23 Q. And did he say no to that?

24 A. To the best of my recollection, he said
25 it's something that we can work on in the future,

1 and that the rebate program was something that we
2 could start up and get up and running as quickly as
3 possible.

4 Q. And was that attractive to you?

5 A. Absolutely.

6 Q. Okay. And was it -- so did you feel as
7 though Schein had found ways to support Corydon
8 Palmer and meet the needs that you had presented?

9 MS. GOFF: Objection to form and
10 foundation.

11 THE WITNESS: I feel at the time it was --
12 going in and not really knowing what we could do
13 with Henry Schein, I was satisfied to have this
14 rebate program to bring back to our society.

15 BY MR. KASS:

16 Q. And then -- so you entered into a program,
17 a program with Henry Schein, in January of 2015; is
18 that right?

19 A. I believe so.

20 Q. And did you have any further dealings with
21 Henry Schein with respect to this program while you
22 were either president or immediate past president?

23 A. The terms of the contract, I think, were
24 signed by the current president. And I forget how
25 many years that contract was in force. And I think

Page 26

1 they contacted me when they wanted to re-sign a new
 2 practice only because I had been the contact person
 3 at the initial onset of this program. And then our
 4 current president had signed the next contract with
 5 Schein.
 6 Q. And who was the president -- when you say
 7 "current president," that was the president after
 8 you were president?
 9 A. Correct.
 10 Q. Who was that person?
 11 A. Dr. James Ramunno.
 12 Q. Did he negotiate any of the terms of the
 13 agreement, or did he just renew the existing
 14 agreement?
 15 A. I think he just -- well, he signed the
 16 initial agreement.
 17 Q. He signed the initial agreement?
 18 A. Yes.
 19 Q. And that's because you had laid out the
 20 terms, agreed to the terms while you were president,
 21 but it didn't get signed until he was president?
 22 A. Correct. And really there wasn't a
 23 negotiating. I think they presented -- Mark Sirney
 24 presented a program to our society, and we accepted
 25 what he had proposed.

Page 28

1 Diagnostic Direct.
 2 Q. When did you reach out to Diagnostic
 3 Direct?
 4 A. I think it was in the last year or two.
 5 Q. Are they limited to gloves?
 6 A. Gloves and very limited number of dental
 7 supplies.
 8 Q. Why did you reach out to them?
 9 A. I think in -- it was -- it may be the other
 10 way -- actually mistaken.
 11 I think the company had tried to contact us
 12 to set up, and so we -- we worked with them on this
 13 program.
 14 Q. And did you enter into a program with
 15 Diagnostic Direct?
 16 A. Yes.
 17 Q. And what's the nature of that program?
 18 A. Where the members of our dental society
 19 could purchase materials at a reduced rate from the
 20 company, at 20 percent off their list price -- 15 to
 21 20 percent off their list price, and then a
 22 5 percent rebate would come back to the dental
 23 society.
 24 Q. And do you provide any services, promotion,
 25 marketing, with respect to either Henry Schein or

Page 27

1 Q. Did you engage in any further -- I mean,
 2 did you -- why didn't you engage in further
 3 negotiations? Were you happy with the terms?
 4 A. I think we were happy with the terms that
 5 they had presented. There may have been one item
 6 that we had rewritten in the initial contract.
 7 Q. And what was that item?
 8 A. I think it concerned continuing education.
 9 Q. And what with respect to continuing
 10 education was the issue?
 11 A. I think they had asked to have the fee
 12 waived for them to participate as a vendor if we
 13 engaged in this agreement. And we had asked that if
 14 we did not meet the target goals for the rebates,
 15 that we then could come back and charge them
 16 retroactively for the ability to display at our
 17 continuing education courses.
 18 Q. Did you reach out to Patterson or Benco
 19 with respect to any rebate programs?
 20 A. No, we did not.
 21 Q. Did you reach out to anybody else with
 22 respect to rebate programs?
 23 A. Yes, we have.
 24 Q. Who else?
 25 A. A local glove supply company called

Page 29

1 Diagnostic Direct to your members?
 2 A. The only thing we do is list on our dental
 3 society web page the companies that we have
 4 partnered with.
 5 Q. And why do you do that?
 6 A. Just to let it be known that this is a
 7 member benefit for -- for our society.
 8 Q. So do you view the listing of Henry Schein
 9 and others on your website as reflecting the fact
 10 that there's a benefit to the members of your
 11 partnership with them?
 12 MS. GOFF: Objection to form.
 13 THE WITNESS: Yes.
 14 BY MR. KASS:
 15 Q. Have you gotten any feedback from members
 16 with respect to the programs that you established
 17 with Henry Schein and others?
 18 A. No, I have not.
 19 MR. KASS: Okay. I'm going to hand you
 20 what will be marked as Exhibit No. 1.
 21 (Marked for identification purposes,
 22 Exhibit 1.)
 23 MR. KASS: For the record, it's Bates
 24 numbered Henry Schein 001525841.

 2 Q. And you can just take a look at the
 3 document.
 4 MS. GOFF: I'm going to object to the
 5 introduction of this e-mail under the protective
 6 order. It doesn't look like Dr. Baytosh is
 7 actually --
 8 MR. KASS: It's a Henry Schein document.
 9 MS. GOFF: -- on this e-mail.
 10 MR. KASS: I'm perfectly free to show him a
 11 Henry Schein document.
 12 MS. GOFF: I'm just going to state for the
 13 record that the protective order, paragraph 7, says
 14 that:
 15 "Confidential material may only be
 16 disclosed to the administrative law
 17 judge, judges, and other court personnel,
 18 outside counsel of record for any
 19 respondent, anyone retained to assist
 20 outside counsel, and any witness or
 21 deponent who may have authored or
 22 received the information in question."
 23 And I don't believe that Dr. Baytosh fits
 24 into any of those categories, and the document is
 25 marked confidential.

Page 32

1 A. The name sounds familiar. Is he the CEO
 2 of --
 3 Q. Henry Schein.
 4 A. Okay. Okay.
 5 Q. But did you have an independent knowledge
 6 of that?
 7 A. I think just from my meetings and our ADA
 8 news.
 9 Q. Have you met Mr. Bergman?
 10 A. No, I have not.
 11 Q. Okay. Do you know who Tim Sullivan is?
 12 A. I may have met him. I don't know if he is
 13 the regional or -- I'm not sure of his position. I
 14 may have heard the name.
 15 Q. Do you recall meeting him?
 16 A. No, I do not.
 17 Q. Okay. So Ms. Shaffer, in her e-mail to
 18 Stanley Bergman, notes in the last paragraph on
 19 page 843, she says:
 20 "I must point out that our local
 21 dental society has 300 members, and many
 22 are disturbed by the discounts and
 23 preferential service offered to larger
 24 chains by Henry Schein."
 25 Do you see that?

Page 31

1 Otherwise, you are free to proceed. I just
 2 want to note my objection for the record.
 3 MR. KASS: Okay. And I'll just note for
 4 the record that this is a Henry Schein document, so
 5 there's no third party who has a confidential
 6 interest in this document.
 7 BY MR. KASS:
 8 Q. Okay. So this document, if you look at the
 9 page Bates numbered 843, the last three digits, 843,
 10 you can see there's an e-mail from Marybeth Shaffer
 11 to Stan Bergman.
 12 Do you see that?
 13 A. M-hm.
 14 Q. Have you seen that -- this e-mail before?
 15 A. This is the first time.
 16 Q. Okay. Who is Marybeth Shaffer?
 17 A. This is the doctor who I referred to who
 18 had contacted me in November of 2014.
 19 Q. Okay. You can see that her e-mail does not
 20 actually reference any buying group; is that right?
 21 MS. GOFF: Objection to form.
 22 THE WITNESS: I don't see anything that
 23 directly says anything about buying group.
 24 BY MR. KASS:
 25 Q. Do you know who Stan Bergman is?

Page 33

1 A. Yes.
 2 Q. It then goes on and says:
 3 "We have a hard time competing with
 4 advertising dollars of larger chains, and
 5 this practice gives them additional
 6 dollars for an unfair competitive edge in
 7 our opinion."
 8 Do you see that?
 9 A. Yes.
 10 Q. Corydon Palmer never sort of expressed that
 11 view as an entity to Henry Schein; is that right?
 12 MS. GOFF: Objection to form. Foundation.
 13 The document speaks for itself.
 14 BY MR. KASS:
 15 Q. Okay. I'm asking independent of this
 16 document, did Corydon Palmer ever take that position
 17 with Henry Schein?
 18 A. I don't believe so.
 19 Q. And in Ms. Shaffer's e-mail, she doesn't
 20 offer a solution. She doesn't ask for Schein to
 21 give additional discounts; is that right?
 22 MS. GOFF: Objection to form and
 23 foundation. Again, the document speaks for itself.
 24 Dr. Baytosh has never seen this document.
 25 THE WITNESS: Can you rephrase -- repeat

Page 34

1 the question, please.
 2 BY MR. KASS:
 3 Q. There's no actual request by Henry Schein
 4 to provide additional discounts, create a buying
 5 group, do anything else in this e-mail. She's just
 6 pointing out an opinion?
 7 MS. GOFF: Objection to form and
 8 foundation.
 9 THE WITNESS: That seems to be a fair
 10 assessment.
 11 BY MR. KASS:
 12 Q. Okay. And did you have discussions with
 13 Ms. Shaffer about -- about this issue?
 14 A. No.
 15 Q. Okay. At some point -- this is in October
 16 of 2014. Was it short -- how long after October --
 17 well, let me step back.
 18 When Ms. Shaffer reached out to you about
 19 entering into some sort of arrangement with Henry
 20 Schein, was that before or after October 2014?
 21 A. Dr. Shaffer contacted me in, I think, early
 22 November of that year.
 23 Q. So about a month after this e-mail,
 24 Dr. Shaffer reached out to you; is that right?
 25 A. That sounds reasonable, yes.

Page 35

1 Q. Okay. And you can see from Mr. Bergman's
 2 response, he says:
 3 "We would be happy to meet
 4 individually with you or any of the more
 5 than 300 valuable members of your local
 6 dental society to discuss how we can best
 7 help your individual practices thrive in
 8 this changing market. Our regional
 9 manager, Mark Sirney, will be in touch
 10 with you to follow up."
 11 Do you see that?
 12 A. Yes.
 13 Q. And eventually Mark Sirney did reach out to
 14 you; is that right?
 15 A. That is correct.
 16 Q. And he ultimately reached an agreement with
 17 you with respect to providing benefits to the
 18 Corydon Palmer Dental Society on behalf of its
 19 members; is that right?
 20 A. That's correct.
 21 MS. GOFF: Objection to form.
 22 BY MR. KASS:
 23 Q. You can see from this e-mail, Mr. Bergman
 24 copies a number of Schein employees, including
 25 Jimmy Breslawski.

Page 36

1 Do you know who he is?
 2 A. No, I do not.
 3 Q. Tim Sullivan. You've heard the name
 4 Tim Sullivan, though; is that right?
 5 A. Yeah. May have heard of it.
 6 Q. Dave Steck, have you heard of him?
 7 A. (Nonverbal response.)
 8 Q. And Mark Sirney, who is he?
 9 A. As far as I know, he's the regional manager
 10 of our area.
 11 Q. Okay. When you entered -- so after -- so
 12 when did Mr. Sirney reach out to you? Do you
 13 recall?
 14 A. Probably within a day or two after being
 15 contacted by Dr. Shaffer.
 16 Q. And how long did it take for you to work
 17 out the terms of the agreement?
 18 A. I would say up to the time that it was
 19 signed by the president of the dental society at
 20 that time, which was Dr. Ramunno.
 21 Q. Okay. Turning now to this -- this matter,
 22 have you had prior discussions with anybody from the
 23 FTC?
 24 A. Yes.
 25 Q. And when was your first discussion with

Page 37

1 somebody from the FTC?
 2 A. The time and date I don't recall, but I
 3 believe -- is it Karen -- D-A-W is the last name.
 4 One attorney had called several members of the
 5 dental society.
 6 Q. And who -- what members of the dental
 7 society did the personal from the FTC call?
 8 A. I think it was myself. The executive
 9 director. The dentist, I think, who signed the
 10 contract. And then the current -- the current
 11 president at that time.
 12 Q. Okay. And who were these people by name?
 13 The executive director, who was that?
 14 A. Her name is Amanda Mastropietro. And
 15 the -- I believe the current dentist was Dr. Joseph
 16 Bedich. And then Dr. Ramunno, who was the person
 17 who signed the original contract. And myself.
 18 Q. And was that -- this contact, was that part
 19 of a conference call, or were there separate
 20 reach-outs or --
 21 A. I think they were just individual phone
 22 calls.
 23 Q. Were you ever on a call with multiple
 24 people, including the FTC?
 25 A. Initially, no. There was a conference call

Page 38

1 with -- for the first person was a Ron Solomon from
 2 the FTC.
 3 Q. When you say there was a conference call
 4 with Ron Solomon, was that a conference call with
 5 multiple members from Corydon Palmer or a conference
 6 call including yourself and multiple FTC people?
 7 A. Just myself and the two attorneys from the
 8 FTC.
 9 Q. Got it.
 10 And were you on more than one call with the
 11 FTC?
 12 A. I've had several conversations with them
 13 since that initial phone call.
 14 Q. And when was the first one?
 15 A. I don't recall the exact date.
 16 Q. When was the -- so you say you had multiple
 17 calls?
 18 A. Yes.
 19 Q. Do you remember how many?
 20 A. I would say maybe a half dozen.
 21 Q. How many were related to substantive issues
 22 as opposed to just scheduling?
 23 A. I would say probably half of them.
 24 Q. So three or four?
 25 A. Three or four. yeah. Yes.

Page 39

1 Q. And what did you tell the FTC during those
 2 three or four substantive communications?
 3 A. Basically, the same information we've been
 4 talking about today.
 5 Q. Did you tell the FTC that Schein was
 6 willing to engage with Corydon Palmer?
 7 A. Engage?
 8 Q. Engage. Enter into discussions about
 9 entering into an agreement, that they were willing
 10 to do so.
 11 A. An arrangement for?
 12 Q. For the rebate program.
 13 A. Yes.
 14 Q. Okay. Did you tell them that Schein
 15 expressed any form of hostility, reluctance,
 16 unwillingness to enter into discussions or
 17 negotiations with Corydon Palmer?
 18 A. I don't believe that came up.
 19 Q. Is it your view that Schein expressed any
 20 form of hostility, reluctance, or unwillingness to
 21 enter into discussions with Corydon Palmer?
 22 MS. GOFF: Objection to form.
 23 THE WITNESS: As I said, the first meeting,
 24 it was brought up, and then it really has never come
 25 back up again with me.

Page 40

1 BY MR. KASS:
 2 Q. Okay. When you say "it was brought up,"
 3 what was brought up?
 4 A. Setting up a buying group.
 5 Q. And do you feel -- again, do you feel that
 6 Schein listened to your needs and presented you with
 7 a proposal that satisfied your needs?
 8 MS. GOFF: Objection to form.
 9 THE WITNESS: I think at the time, setting
 10 up the rebate program, yes, fulfilled what -- what I
 11 was attempting to do at the time as president.
 12 BY MR. KASS:
 13 Q. Why haven't you gone back to Schein and
 14 said, Hey, we would like to set up a buying group?
 15 MS. GOFF: Objection to form. Foundation.
 16 THE WITNESS: I think initially Dr. Shaffer
 17 had said she had some interest in starting it up,
 18 and I was more than willing to let her -- if she
 19 wanted to pursue that, let her pursue it.
 20 BY MR. KASS:
 21 Q. Did you have a discussion with her?
 22 A. I think it was just a interpretation of
 23 initial contact from her.
 24 Q. So you didn't actually have any interest in
 25 setting up some additional program beyond the rebate

Page 41

1 program that Schein entered into?
 2 A. No.
 3 Q. Okay. What did the FTC ask you?
 4 MS. GOFF: Objection to the form.
 5 THE WITNESS: Pretty much similar questions
 6 that you had asked.
 7 BY MR. KASS:
 8 Q. Can you think any other additional subjects
 9 or points that they were trying to establish?
 10 MS. GOFF: Objection to form.
 11 THE WITNESS: No. I can't come up with
 12 anything particular.
 13 BY MR. KASS:
 14 Q. Okay. Do you believe that the arrangement
 15 that you have with Henry Schein has been a success
 16 both for Corydon Palmer and for the members of
 17 Corydon Palmer?
 18 MS. GOFF: Objection to form.
 19 THE WITNESS: It's probably still in its
 20 infancy, but so far it has been beneficial.
 21 MR. KASS: Okay. I have no further
 22 questions at this time.
 23 MS. GOFF: Can we take a quick break.
 24 (Recess taken, from 9:49 to 10:07.)

Page 42

1 EXAMINATION BY MS. GOFF
 2 BY MS. GOFF:
 3 Q. Dr. Baytosh --
 4 A. Yes.
 5 Q. -- hello. I just wanted to -- after we
 6 went off the record earlier, you mentioned that you
 7 wanted to clarify something about your memory of who
 8 you spoke with at the Federal Trade Commission. I
 9 just wanted to give an opportunity to do that on the
 10 record.
 11 A. Off the top of my head, I can't think of
 12 her name, but I probably have it in my records at
 13 home.
 14 Q. Okay.
 15 A. If there's a point later on I could clarify
 16 this?
 17 Q. Sure. Yes. There will be an opportunity
 18 for you to review your transcript and make any
 19 corrections, if necessary.
 20 So just to be clear, the person that
 21 reached out to you from the Federal Trade
 22 Commission, you just are saying you cannot recall
 23 her name?
 24 A. Correct.
 25 Q. Thank you.

Page 43

1 And then I just wanted to go back to the --
 2 your discussion with Mr. Kass about your
 3 conversations with Mr. Sirney at Henry Schein.
 4 Actually, even taking a step back before that, you
 5 testified, I believe, that it was Dr. Shaffer that
 6 first gave you the idea to reach out to Henry Schein
 7 about a program with Corydon Palmer; is that right?
 8 MR. KASS: Mischaracterizes his testimony.
 9 THE WITNESS: Yes, I believe that's
 10 correct.
 11 BY MS. GOFF:
 12 Q. And was it Dr. Shaffer's idea to form a
 13 rebate program or a buying group or both?
 14 MR. KASS: Objection. Foundation.
 15 THE WITNESS: I think Dr. Shaffer had
 16 reached out, saying that she had heard that there
 17 was a rebate program in force with another dental
 18 society, and she mentioned something about trying to
 19 establish a buying group.
 20 BY MS. GOFF:
 21 Q. Okay. And then after she reached out, at
 22 some point did you speak with Mr. Sirney at Henry
 23 Schein?
 24 A. Yes.
 25 Q. And just to get a little bit more

Page 44

1 background information about that, did you speak
 2 with him on the phone or in person?
 3 A. Just in person.
 4 Q. Okay. And where was that?
 5 A. We had lunch one day at a restaurant in --
 6 in Youngstown.
 7 Q. Okay. You said you had lunch at --
 8 somewhere in Youngstown?
 9 A. Yes.
 10 Q. Approximately when was that?
 11 A. Maybe early December of 2014.
 12 Q. And can you tell me what you spoke with
 13 Mr. Sirney about at that lunch meeting?
 14 A. Basically, that we were put together
 15 through this -- Dr. Shaffer, to look into a rebate
 16 program or a buying group.
 17 Q. Okay. So -- go ahead.
 18 A. And that's when he mentioned that the
 19 buying group -- the logistics of it would be pretty
 20 difficult to set up, and that he had a contract from
 21 the Stark County Dental Society, the rebate program
 22 that they already had in place. And then we talked
 23 about setting that up with our dental society.
 24 Q. Okay. So you spoke about -- with
 25 Mr. Sirney about both a buying group option and a

Page 45

1 rebate program option; is that right?
 2 A. Correct.
 3 MR. KASS: Objection. Form.
 4 BY MS. GOFF:
 5 Q. And you said Mr. Sirney said it would be --
 6 I don't know how you characterized it.
 7 What did Mr. Sirney say about the buying
 8 group program?
 9 A. Just that the logistics of trying to put a
 10 buying group together would take a lot of time and a
 11 lot of effort on his part. But he said the rebate
 12 program is something that he could put in place
 13 quickly and benefit our society.
 14 Q. Did you feel that Mr. Sirney was urging you
 15 towards the rebate program over the buying group
 16 program?
 17 MR. KASS: Objection. Form. Foundation.
 18 THE WITNESS: I don't -- no. No, I didn't
 19 feel he was pushing the rebate over the buying
 20 group.
 21 BY MS. GOFF:
 22 Q. You felt that he was or he was not?
 23 A. No, that he was not. That he was just
 24 offering that as a -- something that we could put in
 25 quickly.

Page 46

1 Q. So he said that the rebate program could be
 2 done quickly?
 3 A. Yes.
 4 Q. And the buying group program would be more
 5 difficult to do?
 6 A. Yes.
 7 MR. KASS: Objection to form.
 8 THE WITNESS: Yes. And take more time to
 9 put together.
 10 BY MS. GOFF:
 11 Q. And did he give you any specifics about why
 12 the buying group program would take more time to put
 13 together?
 14 A. Not that I recall.
 15 Q. Did he give you -- did he tell you anything
 16 else about a potential buying group program?
 17 A. Not that I can recall.
 18 Q. Did he -- did he ever provide you with
 19 terms of a potential buying group program?
 20 MR. KASS: Objection. Form.
 21 THE WITNESS: No.
 22 BY MS. GOFF:
 23 Q. But eventually Mr. Sirney provided you
 24 terms of a rebate program; is that right?
 25 A. Yes.

Page 47

1 Q. Okay. With regard to the rebate program,
 2 you mentioned that that was attractive to you; is
 3 that right?
 4 A. Correct.
 5 Q. Was a buying group program attractive to
 6 you as well?
 7 MR. KASS: Objection. Improper
 8 hypothetical and form and foundation.
 9 THE WITNESS: I don't think my knowledge of
 10 a buying group at that time is maybe what it is
 11 today. But I think anything that would have
 12 benefited our society or our members would have
 13 certainly been something worth -- worth looking
 14 into.
 15 BY MS. GOFF:
 16 Q. And do you -- did you view the buying group
 17 program as something that would benefit your
 18 members?
 19 MR. KASS: Objection. Calls for
 20 speculation. Improper hypothetical.
 21 THE WITNESS: I think if something could
 22 save dentists money, it's worth looking into.
 23 BY MS. GOFF:
 24 Q. And is it your understanding that buying
 25 groups save dentists money?

Page 48

1 MR. KASS: Objection. Foundation.
 2 Speculation.
 3 THE WITNESS: If it's going to mean lower
 4 prices and help our ability to -- our practices,
 5 yeah.
 6 BY MS. GOFF:
 7 Q. Is it your understanding that buying groups
 8 save dentists money?
 9 MR. KASS: Same objections.
 10 THE WITNESS: Yes.
 11 BY MS. GOFF:
 12 Q. And how would you describe a buying group?
 13 MR. KASS: Form.
 14 THE WITNESS: I guess -- I think like a
 15 Costco or Sam's Club, where you're either buying
 16 dental supplies in bulk or buying a limited number
 17 of supplies -- multiple dentists buying a limited
 18 number of supplies at a discount.
 19 BY MS. GOFF:
 20 Q. So buying groups allow dentists to receive
 21 discounts off of supplies?
 22 MR. KASS: Objection. Form and calls for
 23 speculation.
 24 THE WITNESS: Yes.
 25 ///

Page 49

1 BY MS. GOFF:
 2 Q. And then does -- going back to a rebate
 3 program, does a rebate program allow dentists to get
 4 discounts on supplies?
 5 MR. KASS: Same objection.
 6 THE WITNESS: No.
 7 BY MS. GOFF:
 8 Q. And does the rebate program that Corydon
 9 Palmer entered into with Henry Schein offer
 10 discounts on supplies to dentists?
 11 MR. KASS: Objection. Form.
 12 THE WITNESS: No, it does not.
 13 BY MS. GOFF:
 14 Q. Talking about the rebate program, the
 15 rebate that is received under the rebate program
 16 with Henry Schein, is that provided to -- who was
 17 that provided to?
 18 A. That goes into our general fund of the
 19 Corydon Palmer Dental Society.
 20 Q. So the rebate does not go back to the
 21 dentists directly; is that right?
 22 MR. KASS: Objection. Form.
 23 THE WITNESS: No, it does not.
 24 BY MS. GOFF:
 25 Q. And is there a maximum rebate?

Page 50

1 A. I believe there's a maximum that is stated
 2 in the contract.
 3 Q. Do you have any idea what that maximum is?
 4 MR. KASS: Objection. Form.
 5 THE WITNESS: No, I do not. I would have
 6 to reference the contract.
 7 BY MS. GOFF:
 8 Q. So under the rebate program, there's no
 9 money going directly to dentists; correct?
 10 MR. KASS: Objection. Asked and answered.
 11 Form.
 12 THE WITNESS: No, there is not.
 13 BY MS. GOFF:
 14 Q. But it's your understanding that buying
 15 programs provide discounts directly to dentists?
 16 MR. KASS: Same objection. Form.
 17 Foundation.
 18 THE WITNESS: Correct.
 19 BY MS. GOFF:
 20 Q. When you were discussing with Mr. Sirney
 21 the rebate program versus the buying club program,
 22 am I correct, did you testify earlier that
 23 Mr. Sirney said that you could set up the rebate
 24 program faster than a buying group program?
 25 A. Yes.

Page 51

1 Q. And was that important to you?
 2 A. Yes, it was.
 3 Q. Why was it important?
 4 A. I think I really wanted to come back with
 5 something to our membership that we could put into
 6 place very quickly, and the rebate program met that.
 7 And I think he may have alluded to the fact that if
 8 we wanted to come back and set up a buying club or a
 9 buying group, that that's certainly something we can
 10 do in the future.
 11 Q. Did he give you a specific timeline or how
 12 long it would take to set up a buying group?
 13 A. No, he did not.
 14 Q. Did you ever ask him how long it would
 15 take?
 16 A. I never followed up with that because I
 17 think initially -- my initial contact from
 18 Dr. Shaffer was that she was possibly looking into
 19 setting up a buying group, and so that's why I
 20 really never pursued it with Mr. Sirney.
 21 Q. I'm handing you what has been marked as
 22 CX4092.
 23 (Previously marked exhibit introduced,
 24 Exhibit CX4092.)
 25 ///

Page 52

1 BY MS. GOFF:
 2 Q. Have you had a chance to review CX4092?
 3 A. Yes.
 4 Q. And what is CX4092?
 5 A. This appears to be a copy of the original
 6 contract between Henry Schein and our dental
 7 society.
 8 Q. Now, you did not sign this contract;
 9 correct?
 10 A. Correct.
 11 Q. But you negotiated the contract with
 12 Mr. Sirney; is that right?
 13 A. I initiated the conversations with him on
 14 this. And, like I said, I think there was, like,
 15 one item we had discussed changing. But this is
 16 pretty much the agreement that he had presented to
 17 us as well as -- based on the agreement that he had
 18 with -- for the Stark County Dental Society.
 19 Q. So Mr. Sirney presented something that
 20 looked quite similar to CX4092 to you as his
 21 proposal for a buying group program?
 22 MR. KASS: Objection. Form.
 23 THE WITNESS: This was a proposal for
 24 the --
 25 ///

Page 53

1 BY MS. GOFF:
 2 Q. I mean, sorry. Let me rephrase.
 3 Proposal for the rebate program --
 4 A. Correct.
 5 Q. Let me reask the whole question.
 6 So Mr. Sirney presented to you something
 7 similar to CX4092 which were the terms of his
 8 proposed rebate program between Corydon Palmer and
 9 Henry Schein Dental?
 10 A. Correct.
 11 MR. KASS: Objection. Form.
 12 BY MS. GOFF:
 13 Q. And so what was eventually signed that
 14 we're looking at here, CX4092, was, in large part,
 15 similar to what Mr. Sirney initially presented to
 16 you; is that right?
 17 MR. KASS: Same objection.
 18 THE WITNESS: Yes.
 19 BY MS. GOFF:
 20 Q. And you said that there might have been one
 21 term that was changed from what Mr. Sirney initially
 22 proposed to what we're looking at here on CX4092?
 23 A. Correct.
 24 Q. And which term was that?
 25 A. The bullet point would be the seventh one

<p style="text-align: right;">Page 54</p> <p>1 down. It's the ability to exhibit at all the 2 Corydon Palmer Society seminars at no charge. 3 Q. I just wanted to talk to you a little bit 4 more about your practice as a dentist, if that's 5 okay. So switching topics a little bit. 6 A. M-hm. 7 Q. Are you a owner of a dental practice? 8 A. Correct, yes. 9 Q. And are you the sole dentist at your 10 practice? 11 A. Yes. I'm the sole proprietor. 12 Q. And how long have you been the sole 13 proprietor of your dental practice? 14 A. Since 1988, when I took over the practice. 15 Q. Do you have any support staff? 16 A. Yes. 17 Q. How many? 18 A. Three full-time and one part-time. 19 Q. And what are the roles of each of those 20 support staff? 21 A. I have a full-time office manager. I have 22 a full-time dental hygienist, and a full-time 23 assistant/expanded function dental assistant. 24 Q. And are you involved in making decisions 25 regarding purchasing supplies and equipment for your</p>	<p style="text-align: right;">Page 55</p> <p>1 office? 2 A. Yes. 3 Q. And from which -- do you purchase supplies 4 and equipment from a distributor? 5 A. Yes. 6 Q. From which distributor do you purchase most 7 of your supplies? 8 A. Through Henry Schein Dental. 9 Q. And approximately what percentage of your 10 supplies do you estimate that you purchase from 11 Schein? 12 A. Probably over 90 percent. 13 Q. And do you purchase supplies from other 14 companies as well? 15 A. Yes, I do. 16 Q. Which other companies? 17 A. I do use Diagnostic Direct for purchasing 18 gloves. There's a couple of other companies that 19 are direct to the dentist, and they're -- that do 20 not work with supply companies. 21 Q. So there are a few other companies that are 22 direct to dentists that you purchase your supplies 23 from? 24 A. Correct. 25 Q. And do you recall the names of those</p>
<p style="text-align: right;">Page 56</p> <p>1 companies? 2 A. One is Ultradent. The other may be Tulsa 3 Dental Supply. At one point there was a company 4 called Kettlebach [sic] that I purchased some 5 supplies through. 6 Q. Have you ever purchased supplies from 7 Patterson or Benco? 8 A. I have purchased from Benco in the past, 9 yes. 10 Q. Have you ever purchased supplies from a 11 direct selling manufacturer? 12 A. Yes. 13 Q. What supplies specifically? 14 A. It was just dental bonding agent and 15 composite material. 16 Q. Could you buy everything that you need as a 17 dentist in terms of supplies from a direct selling 18 manufacturer, to your knowledge? 19 MR. KASS: Objection. Form. 20 THE WITNESS: I would think, but I've never 21 attempted to do that. 22 BY MS. GOFF: 23 Q. You've never attempted to purchase all 24 supplies from a direct selling manufacturer? 25 A. Correct.</p>	<p style="text-align: right;">Page 57</p> <p>1 Q. So do you know either way whether you could 2 purchase all of the supplies that you need from a 3 direct selling manufacturer? 4 MR. KASS: Objection. Form. 5 THE WITNESS: I think you probably could. 6 BY MS. GOFF: 7 Q. Have you ever asked a direct selling -- a 8 manufacturer whether you could purchase supplies 9 directly from them? 10 A. Yes. 11 Q. And what did they say? 12 A. This is usually at a large dental meeting, 13 when the vendors and the companies are present, and 14 most -- the times that I have asked, most of them 15 sell through a dental supply company. 16 Q. Okay. And so the manufacturer said that 17 they sell their products through a dental supply 18 company? 19 A. Correct. 20 Q. Okay. And then just going back to the 21 direct selling manufacturers, have you ever gone to 22 the direct selling manufacturers and asked whether 23 you could purchase, you know, every supply that you 24 need from them? Have you ever investigated that? 25 MR. KASS: Objection. Form. Foundation.</p>

Page 58

1 THE WITNESS: Most of the companies that I
 2 have dealt with deal with specific -- like, whether
 3 it's endodontic supplies, orthodontic supplies.
 4 They are not full-service companies. They just have
 5 a limited scope of what they're -- the materials
 6 that I'm buying from them.
 7 BY MS. GOFF:
 8 Q. Okay. So the direct selling manufacturers
 9 that you've dealt with before sell specific
 10 products?
 11 A. Correct.
 12 Q. They don't sell, you know, the whole gamut
 13 of supplies that a dentist needs to run its
 14 practice?
 15 A. Correct.
 16 MR. KASS: Objection. Form and foundation.
 17 BY MS. GOFF:
 18 Q. And then turning to equipment, do you --
 19 actually, going back to the direct selling
 20 manufacturers, which direct selling manufacturers
 21 have you purchased from?
 22 A. That would be the ones I had mentioned
 23 earlier.
 24 Q. The Ultradent -- sorry. Go ahead.
 25 A. Yes, the Ultradent. The Diagnostic Direct.

Page 60

1 Q. Okay. How long have you been purchasing
 2 supplies and equipment from Henry Schein?
 3 A. The representative -- the sales rep that I
 4 have currently with Henry Schein was with another
 5 dental supply company. And I don't recall when
 6 Henry Schein purchased that -- that company, but I
 7 stayed with that rep, that salesperson, and that's
 8 why I'm with Henry Schein today.
 9 Q. Okay. So whenever it was that Henry Schein
 10 purchased this company that you were working with
 11 previously, that's when you started purchasing from
 12 Schein?
 13 A. Yes.
 14 Q. Any sense for how many years ago that was?
 15 A. No. I'm not sure at all.
 16 Q. Okay. And what was -- do you recall the
 17 name of the company that Henry Schein purchased?
 18 A. It was Muir Dental.
 19 Q. So you mentioned that you have a sales
 20 representative that comes to your office; is that
 21 right?
 22 A. Correct.
 23 Q. That's a Henry Schein sales representative?
 24 A. Yes.
 25 Q. And is having a sales representative come

Page 59

1 Kettlebach.
 2 Q. Okay. So those are manufacturers --
 3 A. Correct.
 4 Q. -- in your understanding?
 5 A. Yes.
 6 Q. And they sell sort of specialty items?
 7 A. Yes.
 8 Q. Turning to equipment, do you purchase --
 9 from which companies do you purchase your equipment?
 10 A. Most of it has been purchased from --
 11 either between Henry Schein or Benco.
 12 Q. Approximately what percentage do you
 13 estimate that you purchase from Henry Schein?
 14 A. I would say, in my 30 years of practice,
 15 probably a majority of the equipment. Initially,
 16 when I started my practice, I think I purchased a
 17 lot of startup materials from Benco and then just
 18 have switched over the years to Schein.
 19 Q. Other than Schein and Benco, are there any
 20 other companies that you've purchased equipment from
 21 that you can think of?
 22 A. I did purchase some equipment from
 23 Patterson, but maybe two or three items over the
 24 years. I have not done much business with
 25 Patterson.

Page 61

1 to your office important to you?
 2 A. Yes, it is.
 3 Q. And why is that?
 4 A. I feel having the sales rep allows me to
 5 ask a lot of questions, get support on supplies,
 6 answer questions on new materials, bring samples
 7 into my office. She helps facilitate returns very
 8 easily and has been very helpful in purchasing new
 9 equipment for the office as far as directing me to
 10 manufacturers that would work well with what I have
 11 in my office.
 12 Q. Anything else?
 13 A. That's -- there may be others, but that's
 14 what rolls off the top of my head now.
 15 Q. Okay. Thank you.
 16 And are you familiar with what are
 17 sometimes called mail order distributors?
 18 A. Yes.
 19 Q. And what are those?
 20 A. When I started practice, it was basically
 21 catalog companies, such as Darby. And Henry Schein
 22 initially was just a catalog or mail order company.
 23 Q. Okay. Do mail order companies typically
 24 have sales representatives, in your understanding?
 25 A. No, they do not.

Page 62

1 Q. Have you ever heard of a company called
 2 Darby?
 3 A. Yes.
 4 Q. What is -- is that a mail order
 5 distributor, in your understanding?
 6 A. I think so. I've never looked into that
 7 company or have purchased anything from that
 8 company.
 9 Q. Okay. Can you think of any examples,
 10 sitting here today, of mail order distributors?
 11 A. No.
 12 Q. And would you consider switching your
 13 purchasing from Henry Schein to a mail order
 14 distributor if the discount on supplies was
 15 significant enough?
 16 MR. KASS: Objection. Form.
 17 THE WITNESS: If it was significant.
 18 MR. GEORGE: Object to form.
 19 THE WITNESS: I would consider that.
 20 BY MS. GOFF:
 21 Q. And how significant of a discount would you
 22 need to switch?
 23 MR. KASS: Objection. Form.
 24 THE WITNESS: I think maybe if it was in
 25 the 10 or 20 percent range.

Page 63

1 BY MS. GOFF:
 2 Q. Turning back to equipment, as a dentist, do
 3 you have certain pieces of equipment that you use?
 4 A. Yes.
 5 Q. And do you ever need to have that equipment
 6 serviced?
 7 A. Yes.
 8 Q. In what circumstances might you need to
 9 have it serviced?
 10 A. If something breaks or is not operating
 11 correctly.
 12 Q. And typically, when you -- when a piece of
 13 equipment breaks or is not operating correctly, what
 14 do you do to get it serviced?
 15 A. I usually deal with three different
 16 entities to repair work. Henry Schein. There's a
 17 new company called Dental Fix. And there is a
 18 gentleman who is basically, I guess, an independent.
 19 And then I had another person who was like an
 20 independent repair -- dental repair service.
 21 Q. And -- with regard to those three, is there
 22 one that you use more frequently than the other?
 23 A. Currently, I probably use this Dental Fix
 24 more than the others.
 25 Q. Okay. And when a piece of equipment breaks

Page 64

1 down, how quickly do you typically get it fixed?
 2 MR. KASS: Objection. Form.
 3 THE WITNESS: As soon as possible.
 4 Usually, if I can get it within one to two days.
 5 And, again, it depends on -- there's some things in
 6 the office it could wait a few days. But critical
 7 pieces of equipment, compressors, suction, there's
 8 almost an immediate need to get it fixed as soon as
 9 possible.
 10 BY MS. GOFF:
 11 Q. And why is there an immediate need?
 12 A. Because I cannot operate without some of
 13 these pieces of equipment.
 14 Q. Did you correspond with Mr. Sirney via
 15 e-mail?
 16 A. Yes.
 17 Q. And what e-mail address did you use?
 18 A. My e-mail or his e-mail?
 19 Q. Which e-mail address did you use to --
 20 A. It would be my personal e-mail address.
 21 Q. And what's that?
 22 A. It is jjbdds@aol.com.
 23 Q. And did you ever speak with Mr. Sirney on
 24 the telephone?
 25 A. I may have. I'm not certain. I believe

Page 65

1 most of our correspondence may have been on --
 2 through -- via e-mail.
 3 Q. So you're not sure whether you spoke with
 4 Mr. Sirney on the telephone?
 5 A. It may have been briefly setting up a
 6 meeting at one point. I don't think there was any
 7 substantive conversations on the phone.
 8 Q. And if you did use the telephone, would you
 9 have used your office phone or your cell phone, or
 10 you don't know?
 11 MR. KASS: Objection. Form.
 12 THE WITNESS: One of the two.
 13 MS. GOFF: Can we go off the record,
 14 please.
 15 (Recess taken, from 10:36 to 10:36.)
 16 BY MS. GOFF:
 17 Q. Have you ever spoken with counsel for Henry
 18 Schein?
 19 A. Yes.
 20 Q. And who did you speak with?
 21 A. John McDonald.
 22 Q. And when did you speak with Mr. McDonald?
 23 A. I'm not sure of the date. I would say
 24 maybe -- I think it was after we started planning
 25 this deposition.

Page 66

1 Q. Okay. And was that in person or on the
2 phone?
3 A. On the phone.
4 Q. And about what did you speak with
5 Mr. McDonald?
6 A. Basically, the logistics of a subpoena.
7 And he asked some basic questions as to what I knew
8 about the case and what I knew about buying groups,
9 as well as the rebate program we had with Schein.
10 Q. Okay. And who contacted whom? Did you
11 reach out to him, or he reached out to you?
12 A. I think he reached out to me.
13 Q. Okay. And have you ever spoken with
14 counsel for Patterson, to your knowledge?
15 A. No, I have not.
16 Q. And what about counsel for Benco? Have you
17 ever spoken with them, to your knowledge?
18 A. No, I have not.
19 MS. GOFF: I don't have any other questions
20 for you at this time. I may have further questions
21 after the other respondents ask you questions.
22 MR. KASS: So I'll have a little bit of a
23 redirect, but I'll -- let's see if Patterson or
24 Benco have any additional questions.
25 MS. AMEZCUA: No questions.

Page 68

1 THE WITNESS: I just look at them as
2 other -- as one of several dental supply companies
3 that have salespeople in my area.
4 BY MR. GEORGE:
5 Q. Are you aware that the FTC is alleging in
6 this case that Patterson, Schein, and Benco entered
7 into an agreement in 2013 not to do business with
8 buying groups?
9 MS. GOFF: Objection to form. Objection to
10 foundation.
11 THE WITNESS: I've read the -- that
12 information, yes.
13 BY MR. GEORGE:
14 Q. Do you have any knowledge of such an
15 agreement?
16 MS. GOFF: Objection to form. Objection to
17 foundation.
18 THE WITNESS: No, I do not.
19 MR. GEORGE: Thank you. Nothing further.
20 MR. KASS: Can we go off the record for a
21 second.
22 (Recess taken, from 10:40 to 10:40.)
23 EXAMINATION BY MR. KASS
24 BY MR. KASS:
25 Q. So, Dr. Baytosh, you were asked a number of

Page 67

1 MR. GEORGE: Just a handful. This is
2 Andrew George.
3 EXAMINATION BY MR. GEORGE
4 BY MR. GEORGE:
5 Q. Hi, Mr. -- or Dr. Baytosh. This will be
6 very quick.
7 A. Great.
8 Q. My name is Andrew George, and I represent
9 Patterson.
10 Just to confirm, has Corydon Palmer ever
11 sought to enter into a buying group or a rebate
12 program with Patterson?
13 A. Not to my knowledge.
14 Q. Okay. And you said that you originally
15 purchased most of your equipment from Benco but have
16 switched to Schein mostly; is that right?
17 A. Correct.
18 Q. And you've also purchased a handful of
19 items from Patterson over the years?
20 A. Very few.
21 Q. In your time dealing with Benco, Schein,
22 and Patterson, have you known them to behave as
23 anything other than competitors?
24 MS. GOFF: Objection to form. Objection to
25 foundation.

Page 69

1 questions by Ms. Goff, and I just have a few
2 follow-ups.
3 You were drawing a distinction between a
4 buying group program and a rebate program.
5 Do you recall that discussion, that
6 distinction that you were drawing?
7 A. Yes.
8 Q. Okay. To be clear, the rebate program that
9 you entered into, that one related to the collective
10 purchases of Corydon Palmer's members; is that
11 right?
12 MS. GOFF: Objection to form.
13 THE WITNESS: Correct.
14 BY MR. KASS:
15 Q. Okay. And so this was a group, the Corydon
16 Palmer Dental Society, that got a rebate based on
17 the collective purchases of its members?
18 MS. GOFF: Objection to form and
19 foundation.
20 THE WITNESS: To the best of my
21 understanding, yeah. That sounds about right.
22 BY MR. KASS:
23 Q. Okay. And the benefits that were received
24 were based on a percentage of the collective
25 purchases of the members; right?

Page 70

1 A. Yes.
 2 MS. GOFF: Objection to the form.
 3 BY MR. KASS:
 4 Q. And one of the things that you did in
 5 trying to set up the -- this program with Henry
 6 Schein was to focus on the fact that you had a large
 7 number of members who would buy from Henry Schein,
 8 and you wanted a rebate based on their collective
 9 purchases?
 10 MS. GOFF: Objection to form. Leading.
 11 THE WITNESS: Sounds about correct.
 12 BY MR. KASS:
 13 Q. Now, when you discussed with
 14 Michael Sirney -- or Mark Sirney the program, did
 15 you -- you had not put together a buying group at
 16 that time; right? You had not put together what you
 17 considered to be a buying group?
 18 A. No.
 19 MS. GOFF: Objection to form.
 20 BY MR. KASS:
 21 Q. And when you spoke with Mark Sirney, you
 22 suggested that you wanted a program that was based
 23 on the collective purchases of your members; right?
 24 MS. GOFF: Objection to form.
 25 THE WITNESS: I went in to talk to him

Page 71

1 about what opportunities were out there. I really
 2 came -- didn't go to this meeting with any
 3 preconceived idea of anything.
 4 BY MR. KASS:
 5 Q. And one of the topics that came up was the
 6 concept of a buying group?
 7 MS. GOFF: Objection to form.
 8 THE WITNESS: Correct.
 9 BY MR. KASS:
 10 Q. Okay. And he told you that it would take
 11 some time to put one together?
 12 A. Correct.
 13 MS. GOFF: Objection to form.
 14 BY MR. KASS:
 15 Q. He was willing to do that, but it would
 16 take more time; is that right?
 17 MS. GOFF: Objection to form.
 18 THE WITNESS: It -- yeah. Yes. According
 19 to our -- what I recollect from our conversation,
 20 yes.
 21 BY MR. KASS:
 22 Q. Okay. Now, at the time you didn't have any
 23 sort of understanding or agreement with your members
 24 that they would, in fact, purchase from Henry
 25 Schein? There was no commitment from the members?

Page 72

1 MS. GOFF: Objection to form. Foundation.
 2 THE WITNESS: I'm not sure I understand the
 3 question.
 4 BY MR. KASS:
 5 Q. So you didn't put together a group where
 6 you would go to Henry Schein and say, Look, we've
 7 got all of our members together. They're going to
 8 commit to purchasing from Henry Schein?
 9 MS. GOFF: Objection to form and
 10 foundation.
 11 THE WITNESS: No, I didn't go in with that
 12 idea at all.
 13 BY MR. KASS:
 14 Q. And you didn't go in with a process where
 15 you would say, I want to negotiate a formulary of
 16 very specific products, where we can get additional
 17 discounts on these select products that our members
 18 would buy, so that you can negotiate a lower price?
 19 MS. GOFF: Objection to form and
 20 foundation.
 21 BY MR. KASS:
 22 Q. Did you do that?
 23 A. No, I did not.
 24 Q. Okay. To do those kinds of things, that
 25 might take some time; is that right?

Page 73

1 MS. GOFF: Objection to form and
 2 foundation.
 3 THE WITNESS: Correct.
 4 BY MR. KASS:
 5 Q. You would actually have to go to your
 6 members and have discussions with them about the
 7 scope of their commitment and what they were willing
 8 to do?
 9 MS. GOFF: Objection to form.
 10 THE WITNESS: It's my understanding that --
 11 that sounds like what it would take to set up a
 12 buying group, yes.
 13 BY MR. KASS:
 14 Q. And you weren't really that interested in
 15 doing that; is that right?
 16 MS. GOFF: Objection to form.
 17 BY MR. KASS:
 18 Q. You personally.
 19 A. No.
 20 Q. You thought maybe Mary Shaffer might be
 21 interested in doing that?
 22 MS. GOFF: Objection to form.
 23 THE WITNESS: Yeah, I thought Dr. Shaffer
 24 would be willing to do this.
 25 ///

Page 74

1 BY MR. KASS:
 2 Q. Okay. And you left it up to her to do
 3 that; is that right?
 4 A. Yes.
 5 MS. GOFF: Objection to form.
 6 Sorry. Could you please just pause and
 7 give me a chance to object.
 8 THE WITNESS: Okay. I'm sorry.
 9 MS. GOFF: Thank you.
 10 BY MR. KASS:
 11 Q. Now, I think you testified that Mr. Sirney
 12 said that you could set up a buying group in the
 13 future if you would like.
 14 Do you recall that testimony?
 15 MS. GOFF: Objection to form.
 16 THE WITNESS: Yes.
 17 BY MR. KASS:
 18 Q. And you were asked the question, well,
 19 Mr. Sirney didn't give you a specific time frame of
 20 how long it would take to set up such a buying
 21 group; is that right?
 22 MS. GOFF: Objection to form.
 23 THE WITNESS: Repeat that again.
 24 BY MR. KASS:
 25 Q. You were asked the question of did

Page 75

1 Mr. Sirney give you a time frame for setting up a
 2 buying group?
 3 MS. GOFF: Objection to form.
 4 BY MR. KASS:
 5 Q. And I think your answer was, No.
 6 Do you recall that?
 7 A. Yes. He did not set up a time frame.
 8 Q. Okay. And you didn't, either, propose a
 9 time frame; is that right?
 10 MS. GOFF: Objection to form.
 11 THE WITNESS: No, I did not.
 12 BY MR. KASS:
 13 Q. Now, at the end of the negotiations, what
 14 occurred was that you entered into a contract with
 15 Henry Schein based on the collective purchases of
 16 the Corydon Palmer group that provided a rebate on
 17 their purchases; is that fair?
 18 MS. GOFF: Objection to form and
 19 foundation.
 20 THE WITNESS: Yes.
 21 BY MR. KASS:
 22 Q. Okay. And, again, you consider this to be
 23 a benefit to the members of the Corydon Palmer
 24 Society?
 25 MS. GOFF: Objection to form.

Page 76

1 THE WITNESS: Yes.
 2 BY MR. KASS:
 3 Q. Now, you talked earlier about whether
 4 setting up a buying group was worth looking into.
 5 Do you remember that testimony?
 6 A. Yes.
 7 Q. And I think you said it's worth looking
 8 into; is that right?
 9 A. Sounds correct.
 10 Q. Okay. But you personally didn't think it
 11 was worth looking into for yourself. You thought --
 12 MS. GOFF: Objection.
 13 BY MR. KASS:
 14 Q. -- it's worth -- somebody might,
 15 theoretically, be -- it might be worth looking into,
 16 but you yourself weren't interested in doing that;
 17 is that fair?
 18 MS. GOFF: Objection to form and
 19 foundation.
 20 THE WITNESS: I think because my knowledge
 21 of what a buying group was at that time was pretty
 22 limited, that I really didn't have an opinion on,
 23 you know, whether we should set this up or pursue
 24 this.
 25 ///

Page 77

1 BY MR. KASS:
 2 Q. Okay. And you were asked whether buying
 3 groups reduce the price of supplies.
 4 Do you remember that testimony?
 5 A. Yes.
 6 Q. And I think you thought that they might?
 7 A. Yes.
 8 Q. Have you ever compared the prices that
 9 buying groups offer versus the individual prices
 10 that dentists actually pay?
 11 MS. GOFF: Objection to form.
 12 THE WITNESS: I've never looked at another
 13 buying group or don't know where I would even start
 14 to look for a comparison.
 15 BY MR. KASS:
 16 Q. And you understand that buying groups often
 17 take a cut; they actually get paid by the suppliers,
 18 so there's an added cost of dealing with a buying
 19 group; is that right?
 20 MS. GOFF: Objection to form. Leading.
 21 THE WITNESS: I really don't know.
 22 BY MR. KASS:
 23 Q. Okay. So is it fair to say that you don't
 24 know whether buying groups actually lower the costs
 25 or don't lower the costs?

Page 78

1 MS. GOFF: Objection to form.
 2 THE WITNESS: I don't have an opinion one
 3 way or the other on that.
 4 MR. KASS: Okay. I think that's all I
 5 have.
 6 MS. GOFF: Let's go off the record.
 7 (Recess taken, from 10:48 to 10:58.)
 8 EXAMINATION BY MS. GOFF
 9 BY MS. GOFF:
 10 Q. Dr. Baytosh, just a few more questions for
 11 you.
 12 A. Sure.
 13 Q. Going back to what you were just discussing
 14 with Mr. Kass, talking about the proposal, do you
 15 recall that you testified that Mr. Sirney gave you a
 16 proposal for a rebate program at your in-person
 17 meeting with him sometime in late 2014?
 18 A. Yes.
 19 Q. And am I correct that the rebate program
 20 started effective January 1st, 2015? And feel free
 21 to look at CX4092 if that's helpful.
 22 A. Correct.
 23 Q. And at the meeting with Mr. Sirney, the
 24 in-person meeting that you've testified about, did
 25 you discuss the specific terms of a rebate program

Page 79

1 at that meeting?
 2 A. No, we did not.
 3 Q. What did you discuss at that meeting in
 4 terms of the terms of the rebate program?
 5 A. Just basically what he had in -- I think he
 6 gave me a copy of the agreement that he had with the
 7 Stark County Dental Society.
 8 Q. And did he tell you that Corydon Palmer
 9 could set up something similar to what was set up
 10 with Stark County Dental Society?
 11 A. Yes.
 12 Q. Okay. So he showed you at that meeting
 13 what was set up with Stark County Dental Society?
 14 A. Yes.
 15 Q. And did Mr. Sirney, at that meeting, say
 16 anything that would lead you to believe that Schein
 17 was open to doing a buying group?
 18 MR. GEORGE: Objection. Asked and
 19 answered.
 20 THE WITNESS: Would you repeat the
 21 question, please.
 22 BY MS. GOFF:
 23 Q. Sure.
 24 Did Mr. Sirney say anything to you at that
 25 meeting with him, that in-person meeting, that would

Page 80

1 lead you to believe that Schein was open to doing a
 2 buying group?
 3 MR. KASS: Same objection. And form.
 4 MR. GEORGE: Same objection.
 5 THE WITNESS: He had mentioned the buying
 6 club, and he said that it would be -- or buying
 7 group. And that it would be difficult to set up.
 8 That's probably the extent of our conversation.
 9 BY MS. GOFF:
 10 Q. Am I correct that you testified that you
 11 never dealt with a buying group before; is that
 12 right?
 13 A. That is correct.
 14 Q. You talked about, with Mr. Kass, what it
 15 would take to set up a buying group.
 16 Do you recall that?
 17 MR. KASS: Objection to the form.
 18 MS. GOFF: I'll withdraw my question.
 19 THE WITNESS: Okay.
 20 BY MS. GOFF:
 21 Q. Do you have any personal knowledge of what
 22 it takes up to set up a buying group? I was just
 23 trying to sort of set the background.
 24 A. Oh.
 25 Q. But let me just ask the question.

Page 81

1 Do you have any personal knowledge of what
 2 it would take to set up a buying group?
 3 A. I have no idea.
 4 Q. Okay. So beyond what Mr. Sirney told you
 5 about setting up a buying group, do you have any
 6 other information about what it would take to set up
 7 a buying group?
 8 MR. KASS: Objection. Form.
 9 THE WITNESS: No, I really don't.
 10 BY MS. GOFF:
 11 Q. And when you went into the meeting with
 12 Mr. Sirney, did you have any information at that
 13 time about what it would take to set up a buying
 14 group?
 15 MR. KASS: Same objection.
 16 THE WITNESS: No, I did not.
 17 BY MS. GOFF:
 18 Q. Okay. With regard to the rebate program
 19 that was set up between Corydon Palmer and Henry
 20 Schein, is it correct that the more that Corydon
 21 Palmer members purchase from Henry Schein, the
 22 greater the potential rebate that goes back to
 23 Corydon Palmer?
 24 A. Yes. Up to -- up to the capped limit that
 25 they would be willing to rebate our dental society.

Page 82

1 Q. Okay. And does Corydon Palmer guarantee
2 that its members will purchase any minimum amount
3 from Henry Schein?
4 A. We don't guarantee that our members will
5 stay with Schein or we don't encourage them to
6 purchase for this rebate.
7 Q. Okay. So Corydon Palmer doesn't require
8 its members to purchase from Henry Schein?
9 A. Absolutely not.
10 Q. And its members are free to buy from
11 whomever, whichever company they choose?
12 A. That is correct.
13 Q. Just going back to the discussion of a
14 buying group versus a rebate program, when you spoke
15 with Mr. Sirney about a buying group, did you have
16 in mind something where the individual members of
17 Corydon Palmer would get a discount on their
18 purchases?
19 MR. KASS: Objection. Form.
20 MR. GEORGE: Objection. Asked and
21 answered.
22 THE WITNESS: That would be my basic
23 understanding of what a buying group would be, yes.
24 BY MS. GOFF:
25 Q. And did you understand that Mr. Sirney had

Page 84

1 those supplies.
2 MS. GOFF: I don't have any other questions
3 right now.
4 MR. KASS: I don't either.
5 MS. GOFF: Okay. Thank you very much for
6 coming in, Dr. Baytosh.
7 THE WITNESS: My pleasure.
8 MS. GOFF: Anyone else on the phone have
9 questions? Sorry. Before we close.
10 MS. AMEZCUA: No questions.
11 MR. GEORGE: Nothing more. Thank you.

3 MR. KASS: Objection. Form. Foundation.
4 Calls for speculation.
5 THE WITNESS: I wouldn't -- wouldn't know.
6 BY MS. GOFF:
7 Q. Did Mr. Sirney explain to you what he
8 thought a buying group would be?
9 A. I think in pretty basic terms, he did. And
10 it would be -- again, taking the information from
11 all the dentists in our society, what materials they
12 buy, paring it down to a formulary, and then being
13 able to purchase those materials at a discount.
14 Q. Okay. And the -- and who would get the
15 benefits of those discounts?
16 MR. KASS: Objection. Form. Calls for
17 speculation. Improper hypothetical.
18 THE WITNESS: I would expect it to be the
19 offices who were purchasing and participating in --
20 you're talking about within a buying group, if we
21 had set one up?
22 BY MS. GOFF:
23 Q. Yes.
24 A. I think it would be the offices, the
25 individual group of dentists who would be purchasing

1 JOSEPH CAVARETTA,
2 having been first duly sworn, was examined and
3 testified as follows:

4 EXAMINATION

5 BY MR. SOLOMON:

6 Q. Good morning, Mr. Cavaretta.

7 A. Cavaretta.

8 Q. My name is Ronnie Solomon. I'm an
9 attorney at the Federal Trade Commission. You
10 understand you're testifying under oath today,
11 right?

12 A. I do.

13 Q. You've had your deposition taken
14 before?

15 A. I have.

16 Q. So you know how this works. I'm
17 just going to go over a few quick things for
18 the record.

19 First, I'll ask that you please let
20 me finish my question completely when I ask you
21 a question today. Just so we have a clean
22 record, give your counsel a chance to object
23 before providing a response.

24 Is that okay?

25 A. Okay.

1 Q. The second thing is, in response to
2 all of my questions, I'll ask you provide a
3 clear verbal response and avoid anything like
4 head nods and gestures. That's hard for the
5 court reporter to take down. Okay?

6 A. I understand.

7 Q. The third thing is, if at any point
8 today you want to take a break, go to the
9 bathroom, grab a drink of water, just let me
10 know, and we can go ahead and take a break?

11 A. Sounds good.

12 Q. If at any point today I ask you a
13 question that you don't understand a question,
14 do let me know, and I'll do my best to rephrase
15 the question.

16 Mr. Cavaretta, is there any reason
17 why you can't provide truthful and accurate
18 testimony here today?

19 A. No.

20 Q. And how did you prepare for today's
21 deposition?

22 A. I had a meeting yesterday with my
23 legal counsel.

24 Q. Are you referring to outside
25 counsel?

1 A. Referring to John.

2 Q. And was anyone else present at the
3 meeting?

4 A. Yes. Colin was present at the
5 meeting also.

6 Q. Colin Cass?

7 A. Correct.

8 Q. Was anyone else present?

9 A. Sarah came in and out, but it was
10 unrelated to anything that we're discussing.

11 Q. Is Sarah -- is Sarah also your legal
12 counsel?

13 MR. McDONALD: Yes, Sarah Lancaster
14 with my firm.

15 Q. Anyone else?

16 A. I did call Andrea Height yesterday,
17 as I know I am part of the -- represent the
18 corporation as it pertains to buying groups,
19 and I had a question about one of the groups
20 called IDA, and I just needed clarification
21 because I wasn't sure if they were a DSO or a
22 buying group. So I asked her a couple
23 questions.

24 And then after that, she had
25 transitioned that relationship over to a

1 gentleman by the name of Daniel Hobson, who I
2 also called to try to get an update on the IDA.

3 Q. And Daniel Hobson Andrea Height are
4 both Schein employees?

5 A. They are.

6 Q. Did you speak with anyone else to
7 prepare for today's deposition?

8 A. No, I did not.

9 Q. Okay. How did you prepare, in
10 addition to meeting with your legal counsel and
11 talking to Ms. Height and Mr. Hobson, did you
12 review any documents?

13 A. I did review some documents, yes.

14 Q. How many documents did you review?

15 A. 30, 35.

16 Q. Were these all Henry Schein internal
17 documents?

18 A. Yes, they were.

19 Q. And did any documents that you
20 reviewed in preparation for today's deposition
21 refresh your recollection as to anything?

22 A. I -- some of the emails I read, I
23 had to -- I don't remember writing them. So,
24 yeah, it helped me be aware of subject content.

25 Q. Do you recall any specific emails?

1 A. That I -- that refreshed my memory?

2 Q. Right.

3 A. There was an email about PMGS, and
4 there was -- now I'm trying to remember which
5 ones refreshed my memory. There were several
6 conversations that I said, okay, I don't
7 remember those conversations, but I'm reading
8 the email, and now I remember.

9 Q. Did you do anything else to prepare
10 for today's deposition?

11 A. No.

12 Q. So you met with your legal counsel,
13 you spoke to Ms. Height and Mr. Hobson, and you
14 reviewed about 30 to 35 documents prior to
15 today?

16 A. Correct.

17 Q. Do you recall giving sworn testimony
18 to the FTC on March 23rd, 2017, in Chicago?

19 A. I do.

20 Q. I'm going to refer to that
21 throughout the day as your investigational
22 hearing testimony.

23 Does that make sense?

24 A. I believe so, yes.

25 Q. That was what the proceeding was

1 called, an investigational hearing.

2 A. Okay.

3 Q. And I just want to get a few
4 preliminary things on the record before we
5 start today.

6 You told the truth when you
7 testified at your investigational hearing last
8 year; is that correct?

9 A. I did.

10 Q. And after the investigational
11 hearing, did you review the transcript?

12 A. Yes, I did.

13 Q. Okay. When did you review it?

14 A. It was probably within 30 to 45 days
15 after the hearing.

16 Q. Was it the only time you reviewed
17 the transcript again?

18 A. Yes.

19 Q. And you didn't review the transcript
20 in preparation for today's testimony?

21 A. I did not.

22 Q. And why did you review the
23 transcript last year after the investigational
24 hearing?

25 A. I was asked to do so.

1 Q. Did you provide corrections to it?

2 A. I believe there were a couple of
3 grammatical corrections.

4 Q. Did you find any inaccuracies in
5 your testimony when you reviewed the
6 transcript?

7 MR. McDONALD: Well, there's --
8 there's an errata sheet, and the errata
9 sheet will speak for itself as to whether
10 or not it's a typographical error or an
11 inaccuracy.

12 MR. SOLOMON: Got it.

13 Q. So any inaccuracies that you noticed
14 in your investigational hearing you would have
15 documented and provided to your legal counsel
16 last year; is that right?

17 A. Not -- not that I recall. But if --
18 if we want to review it again, I have no
19 problem doing so.

20 Q. Okay. But sitting here today, you
21 don't recall anything inaccurate in your
22 investigational hearing testimony?

23 A. I don't recall anything.

24 Q. Okay. And sitting here today, do
25 you have any reason to believe that any portion

1 of your testimony was not truthful or accurate
2 last year?

3 A. No.

4 Q. And you were deposed by the Texas
5 Attorney General's office on May 4th, 2016; is
6 that right?

7 A. I was deposed by them, correct.

8 Q. And you were also deposed by the
9 plaintiffs in the Source One litigation on
10 January 24, 2016; is that right?

11 A. That is correct.

12 Q. And you told the truth during those
13 depositions also, correct?

14 A. I did.

15 Q. You have no reason to believe that
16 any portion of your testimony in those two
17 proceedings was not truthful or accurate?

18 MR. McDONALD: Well, I'll object to
19 the form on that. He has an errata sheet
20 for the Source One and class case, and he's
21 never seen his EUO transcript.

22 MS. KAHN: Got it.

23 Q. So for the Source One litigation, I
24 understand that you provided an errata sheet
25 with some corrections to the transcript; is

1 that correct?

2 A. Yes.

3 Q. Okay. And aside from what's listed
4 in your errata sheet, do you have any reason to
5 believe that any portion of your testimony was
6 not accurate?

7 A. No, I don't.

8 Q. And do you have any reason to
9 believe that any portion of your testimony was
10 not truthful?

11 A. No, I don't.

12 Q. Okay. And your counsel just
13 informed me that for your deposition in the
14 Texas Attorney General proceeding, you were not
15 able to review your transcript.

16 Sitting here today, do you have any
17 reason to believe that any portion of it was
18 not -- strike that.

19 Sitting here today, do you have any
20 reason to believe that any portion of your
21 testimony was not truthful?

22 A. No, I don't.

23 Q. And sitting here today, do you have
24 any reason to believe that any portion of your
25 testimony was not accurate?

1 MR. McDONALD: Object to the form.

2 A. No, I don't.

3 Q. Mr. Cavaretta, are you still the VP
4 of sales for the western area of Henry Schein
5 Dental?

6 A. No, I'm not.

7 Q. What is your current position?

8 A. I'm currently the VP of sales for
9 the eastern area for Henry Schein Dental.

10 Q. And when did you start in that
11 position?

12 A. January of 2018.

13 Q. So prior to January of 2018, you
14 were VP of sales for the western area in Henry
15 Schein Dental?

16 A. I was.

17 Q. And you were in that role since
18 February of 2015?

19 A. That is correct.

20 Q. Okay. So you've had a title change
21 since you provided -- since you last provided
22 testimony in May of 2017. Has your title
23 change involved -- strike that.

24 Has your change in title come with
25 any new duties and responsibilities?

1 A. I'm now responsible for the east
2 instead of the west.

3 Q. And what does the eastern area
4 consist of?

5 A. If you looked at the map and
6 followed the Mississippi River, I'm essentially
7 responsible for the states that are east of the
8 Mississippi instead of the west.

9 Q. So the entire Continental United
10 States east of the Mississippi River is within
11 your purview?

12 A. Essentially, yes.

13 Q. Apart from the geographic change,
14 are your duties and responsibilities different
15 in any way from your duties and
16 responsibilities as VP of sales for the western
17 area?

18 A. No, they are not.

19 Q. Okay. Do you still report to
20 Mr. Steck?

21 A. I do.

22 Q. And Mr. Sullivan, as head of HSD, is
23 still your boss?

24 MR. McDONALD: Object to the form.

25 A. Dave reports to Tim, so -- and I

1 report to Dave.

2 Q. Do you still provide quarterly
3 updates to Mr. Sullivan?

4 A. I -- we have meetings, but there's
5 not a specific quarterly update that I provide.

6 Q. How often would you say that you
7 meet with Mr. Sullivan?

8 A. We have meetings probably between
9 every 2 to 3 months, and it's group meetings.

10 Q. Do these meetings have a specific
11 name?

12 A. They used to be called 6 by 6
13 meetings. I don't know what they're called, if
14 we changed the name or not.

15 Q. What is the purpose of these
16 meetings?

17 A. The meetings is just to give an
18 update on what's happening in the industry and
19 what is happening in everyone's scope of
20 responsibility.

21 Q. Who else is usually present at these
22 meetings?

23 A. Dave --

24 MR. McDONALD: Object to the form.
25 Go ahead.

1 A. Dave Steck, Jake Meadows, Glen
2 Showgren, Chiprian Thomas, Jim Loiacono, Paul
3 Hinsch. He's retiring now, so I don't think
4 he's part of the meetings. We haven't had one
5 in a little while, so ...

6 Q. All of these individuals are
7 employed within Henry Schein Dental?

8 A. Correct.

9 Q. How long or -- strike that.

10 When did you first start having
11 occasional meetings where Mr. Sullivan was
12 present?

13 A. Well, I have been part of the
14 corporate office since 2006, so I've had --
15 I've been part of meetings with him since 2006.

16 Q. So since 2006, how often would you
17 say, on average, you meet with Mr. Sullivan on
18 a yearly basis?

19 MR. McDONALD: Object to the form.

20 You need to -- Ronnie, to be clear, I think
21 you need to tell him what you mean by
22 "meet." I mean, if you just mean run into
23 him, because they've worked in the same
24 building for a number of years, or formal
25 meetings or what?

1 Q. So I'm referring to any informal or
2 formal meeting where you have had a discussion
3 with Mr. Sullivan, other than, Hello, how are
4 you?

5 A. In 12 years, I don't know if I could
6 give an accurate number on that just because
7 our offices have been pretty close, and there's
8 different -- there's different, you know,
9 meetings on sales and there could be a
10 half-hour meeting and we don't talk to each
11 other. It's just an update on sales. So I'm
12 just struggling a little bit with giving you an
13 accurate number. I'm not really sure.

14 Q. Would you say it's more than ten
15 times per year?

16 A. I would say it's less than ten where
17 there's a 6 by 6 type of meeting.

18 Q. Okay. And how often do you
19 communicate with Mr. Sullivan by telephone?

20 A. Just probably in a year, four to
21 five times maybe. Again, I can't be completely
22 sure or accurate on that. It's just ...

23 Q. How often would you communicate with
24 Mr. Sullivan directly via email?

25 MR. McDONALD: Object to the form.

1 Overly broad. Vague.

2 A. Over ten times.

3 Q. And do I understand this correctly,
4 that you and Mr. Sullivan work in the same
5 physical location in West Allis, Wisconsin?

6 A. We do.

7 Q. How far is Mr. Sullivan's office
8 from yours?

9 A. Five offices away now.

10 Q. Do you ever pop in and talk to
11 Mr. Sullivan on occasion?

12 A. Yes. I'm just -- as I'm pausing,
13 I'm thinking of it's not -- it's not on a
14 rare -- it's not on a regular occasion just
15 because everyone is so busy, so a little bit
16 over ten times a year.

17 Q. Do you ever see Mr. Sullivan outside
18 of work?

19 A. I have.

20 Q. How often?

21 A. We essentially run the Tough Mudder
22 each year.

23 Q. Any other instances where you would
24 see Mr. Sullivan outside of work?

25 A. Earlier on in my career I would,

1 just because we were moving into Wisconsin and
2 didn't know anybody. So maybe a couple times a
3 year.

4 Q. Are you a part of any trade or
5 industry associations such as the Dental Trade
6 Alliance?

7 A. I'm not.

8 Q. Do you sit on any boards -- do you
9 sit on the boards of any dental industry
10 associations?

11 MR. McDONALD: Currently? Is that
12 what your question is, currently?

13 Q. Currently.

14 A. No, I do not.

15 Q. Have you ever?

16 A. I was on the Oral Health America
17 board in 2007/2008.

18 Q. How long were you on that board?

19 A. 2007 and 2008. It would be -- it
20 was a 2-year term, and I believe the years were
21 '07-'08.

22 Q. What is the oral health -- strike
23 that.

24 What is the Oral Health America?

25 A. Their mission is to provide better

1 oral healthcare to those who are not able to
2 afford it.

3 Q. And what were your duties and
4 responsibilities on that board?

5 A. Show up to a board meeting twice a
6 year, usually around the Chicago Midwinter
7 meeting, and vote on things.

8 Q. Got you.

9 Was anyone from any of Schein's
10 competitors also a board member?

11 A. Not that I remember.

12 Q. So no one from Benco was on the
13 board?

14 A. Not that I recall.

15 Q. No one from Patterson was on the
16 board?

17 A. Not that I recall.

18 Q. Do you attend any dental conferences
19 or trade shows as part of your job at Schein?

20 A. I do.

21 Q. Which ones?

22 A. So this year, I attended the Yankee
23 Dental Conference in Boston, I attended the
24 Hinman meeting in Atlanta, and I attended the
25 Chicago Midwinter meeting in Chicago.

1 Q. Do you attend these three
2 conferences regularly?

3 A. The Yankee and the Hinman I have
4 been to many, many years ago. This is the
5 first year I've probably been to them in
6 probably 10 years.

7 The Chicago Midwinter is probably
8 every other year for me. But now that I'm
9 responsible for the east, that's why I was
10 going to those meetings.

11 Q. Chicago is in your geography
12 currently?

13 A. Yeah, correct.

14 Q. How about the Hinman meeting?

15 A. How about it in what way?

16 Q. How often do you attend that one?

17 A. This was my first year back in
18 probably 10 years.

19 Q. So in the last 10 years, have you
20 attended any other dental industry conferences
21 or trade shows?

22 A. I have.

23 Q. Do you recall which ones?

24 A. I do. I have attended the CDA
25 south. Do you want to know how many times

1 or ...

2 Q. If you have an approximation.

3 A. Ten times.

4 CDA north, five to six times.

5 Depending on where the ADA meeting is, I've
6 attended that five to six times. I've attended
7 the TDA meeting twice.

8 Q. Which years did you attend the TDA
9 meetings?

10 A. The first time, I don't recall the
11 exact date, but I would tell you it was in the
12 time frame of '09/'11, and then the most recent
13 time was 2 years ago.

14 Q. So 2016?

15 A. I'm just trying to think if it's '16
16 or '17. But it -- so I didn't go this year,
17 which would have been -- so it could have been
18 '17.

19 Q. Okay.

20 A. I believe it was '17.

21 Q. Any other meetings that you've
22 attended as part of your job in the last 10
23 years?

24 A. I have. There's -- there's various
25 regional meetings. I don't know if that's what

1 you're asking me also.

2 Q. Sure. Do you recall which ones?

3 A. Sure. I've -- I've attended the
4 Arizona state meeting, and I've -- I've
5 attended the Utah state meeting.

6 Are you asking for my career or are
7 you asking for time frame?

8 Q. Just the last 10 years.

9 A. So Utah, Utah state meeting. Let's
10 see here. I've attended the Wisconsin state
11 meeting. I'm just going through all the
12 states. Hawaii. And I believe that's what I
13 remember, that's what I recall.

14 Q. Does Mr. Sullivan ever attend any of
15 the meetings you listed as well?

16 MR. McDONALD: Object to the form.
17 Lack of foundation.

18 A. I know he has attended the CDA at
19 some point, the ADA at some point. I don't
20 know exactly when those years because we don't
21 go to all of them. I know he's attended
22 Chicago. So at some point during the last 10
23 years, he's attended those meetings.

24 Q. Okay. For the national meetings, so
25 not the regional ones, the ones you listed like

1 Hinman, Chicago, CDA, ADA, how many people from
2 Schein usually attend those meetings?

3 MR. McDONALD: Object to the form.

4 Vague. Overly broad. Lack of foundation.

5 A. So the Yankee meeting -- are you
6 talking sales reps and everyone?

7 Q. Anyone who's --

8 A. From Schein?

9 Q. -- from Schein there on behalf of
10 Schein.

11 MR. McDONALD: Same objection.

12 A. It could be anywhere from a hundred
13 to potentially 300 people.

14 Q. From Schein?

15 A. From Schein. So, for example,
16 Chicago. That would be one where -- there's a
17 lot of people that register. So if I could
18 take a step back. Registration is usually
19 that. How many people actually attend, I
20 don't -- you know, I don't have a tracker, so I
21 don't count, but that's the registrations, I
22 would say.

23 Q. Do you think it's half of the amount
24 of people that register who actually attend?

25 MR. McDONALD: Object to the form.

1 A. I don't know.

2 Q. Have you ever attended the Dental
3 Trade Alliance annual meeting?

4 A. I have not.

5 Q. Do you know who attends those
6 meetings from Schein?

7 MR. McDONALD: Object to the form.
8 Lack of foundation.

9 A. Through conversation, I know that --
10 I know that Tim has attended those meetings. I
11 know that Dave has attended those meetings.

12 Q. What is the purpose of Schein
13 attending trade shows and dental industry
14 meetings such as the ones we just discussed?

15 MR. McDONALD: Object to the form.

16 A. So you're talking about the shows of
17 the Chicago, the CDAs?

18 Q. Correct.

19 A. Okay. The objective there is to
20 sell our stuff, sell equipment, sell
21 merchandise.

22 Q. To customers who are presently at
23 the show?

24 A. Correct.

25 Q. Are there any other objectives to

1 Schein's attendance at those meetings?

2 A. A benefit of that meeting is being
3 able to talk to sales representatives and CT
4 members. It's part of our culture.

5 Q. Anything else?

6 A. We have met with manufacturers to
7 touch base with manufacturers.

8 Q. Anything else?

9 A. And then, of course, to support the
10 dental societies. The shows are not real
11 profitable, and really the main reason we do it
12 is to support the dental societies.

13 Q. Any other reasons?

14 A. Not that I can think of sitting here
15 right now.

16 Q. So when you said one objective is to
17 sell products to customers -- I think that's
18 what you said -- how does Schein do that at
19 trade shows and meetings?

20 A. We have a booth, or several booths.
21 We have a big footprint. We actually don't
22 even call it a booth. We set up our equipment.
23 So we'll have technology set up there. We'll
24 have traditional equipment set up there.

25 We'll have merchandise displayed

1 there. We have then -- our sales reps will
2 come in, and, unfortunately, there's too much
3 standing around, and you're waiting for
4 customers or by appointment.

5 The customers show. We take them to
6 whatever they're potentially interested in, and
7 we talk to them about how it benefits their
8 practice, and hopefully they sign the deal.

9 Q. So you discuss potential agreements
10 at these shows with customers?

11 MR. McDONALD: Object to the form.

12 A. Agreements to buy equipment or to
13 buy something? Is that what you're asking?

14 Q. Correct.

15 A. Sure. If someone is going there and
16 they want to buy a pan, then we do a quote for
17 them, they sign it, we agree to sell it to
18 them, they agree to buy it and put it in sell
19 date together.

20 Q. Do you ever discuss long-term supply
21 agreements at trade shows?

22 MR. McDONALD: Object to the form.

23 Overly broad.

24 A. So in our offerings to the customer,
25 there's a potential that they would be signing

1 up on a privileges program or something like
2 that where they're committing to do merchandise
3 to us. So, yeah, that -- that could happen.

4 Q. How often would you say that
5 happens?

6 MR. McDONALD: Object to the form.

7 A. That would be a total guess.

8 Q. Okay. I don't want you to guess.
9 If you know --

10 A. I don't.

11 Q. Okay. You're familiar with -- well,
12 actually, first let me just go through a few
13 definitions for the record. You'll understand
14 that today when I say "Schein," I'm referring
15 to Henry Schein, correct?

16 A. Henry Schein Dental?

17 Q. Just Henry Schein, the company.

18 A. Okay.

19 Q. And, obviously, you just mentioned
20 it. There's a lot of different divisions.
21 There's a medical division, a veterinary
22 division. But when I say "Schein," I'm
23 referring to anything relating to its dental
24 business.

25 Does that make sense?

1 A. It does.

2 MR. McDONALD: Well, I mean, I don't
3 understand that, and, as his lawyer, I need
4 you to clarify because you first said, When
5 I say "Schein," I'm referring to Henry
6 Schein, and he said, Henry Schein Dental?
7 And you said, No, just Henry Schein, the
8 company, meaning the mother ship. And then
9 now you just said Henry Schein means Henry
10 Schein Dental. So what -- which is it?

11 MR. SOLOMON: So I said -- when I
12 say "Henry Schein," I'm referring to
13 Schein. That was the distinction I was
14 making there.

15 MR. McDONALD: So Henry -- Henry
16 Schein means Henry Schein, Inc. Schein
17 means Henry Schein Dental?

18 MR. SOLOMON: No. I don't have the
19 realtime in front of me, but I think what I
20 said was, if I say "Schein," I'm referring
21 to Henry Schein. That was the simple
22 distinction I was trying to make. I'm not
23 going to say "Henry Schein" every time.
24 I'm just going to say "Schein." Is that
25 okay?

1 MR. McDONALD: But then you later
2 said when I say "Schein" I mean Henry
3 Schein Dental.

4 MR. SOLOMON: So let me just -- let
5 me just get through it.

6 Q. So if I say Henry Schein, I'm
7 referring to Schein. You'll understand that,
8 right?

9 A. I'll answer it as it's Henry Schein
10 Dental.

11 Q. Okay. That's great.

12 And when we talk about Schein today,
13 we'll be talking about Schein's dental
14 business, not its medical or veterinary
15 business?

16 Does that make sense?

17 A. That makes sense.

18 Q. You referred to something called
19 Henry Schein Dental. Is that sometimes
20 referred to as HSD?

21 A. It is.

22 Q. And that's different from Henry
23 Schein special markets division within the
24 dental business, correct?

25 MR. McDONALD: Object to the form.

Page 34

1 A. So the reason why I'm pausing there
 2 is that it has different leadership, HSD
 3 compared to special markets with inside the
 4 company, yes.
 5 Q. And Tim Sullivan is the head of HSD,
 6 correct?
 7 MR. McDONALD: Object to the form.
 8 Go ahead.
 9 A. Yeah, he's -- he's head of HSD.
 10 Q. And within Schein's dental business,
 11 private practice, dentists have been
 12 traditional customers of Henry Schein Dental or
 13 HSD?
 14 A. Correct.
 15 Q. You've heard the term "buying group"
 16 before, correct?
 17 A. I have.
 18 Q. And do you understand a buying group
 19 to be a collection of independent private
 20 practice dentists?
 21 MR. McDONALD: Object to the form.
 22 A. That's one of the definitions, or
 23 that could be a definition. But there's
 24 varying degrees of buying groups that are out
 25 there.

Page 36

1 There's also potentially doctors who
 2 own several practices, so it's just not one.
 3 And they are offering a unique value
 4 proposition that they also have the ability to
 5 influence purchasing. So there's a third-party
 6 endorsement. And also, they can show they can
 7 drive compliance.
 8 So when you have those things, then
 9 we have discussions with these groups and
 10 figure out where they -- where they lay and
 11 decide whether or not to do business with them
 12 or not.
 13 Q. When you say that they're comprised
 14 sometimes of dentists who own multiple offices,
 15 are you referring to small group practices?
 16 A. Yeah, there's --
 17 MR. McDONALD: Object to the form.
 18 Go ahead.
 19 A. There's several definitions, but I
 20 would say that it could be, you know, two to
 21 three offices. It potentially could be up to
 22 seven or more.
 23 With the industry changing the way
 24 it is, we're having to adjust even our
 25 definitions and how -- and how we go to market

Page 35

1 Q. When you've used the term "buying
 2 group" in the last 10 years, to what type of
 3 organizations were you referring?
 4 MR. McDONALD: Object to the form.
 5 Overly broad.
 6 A. Over the last 10 years, well, I can
 7 tell you the ones I'm familiar with that were
 8 labeled as buying groups or the ones that -- I
 9 can tell you some of the ones that we have done
 10 business with.
 11 Q. I'm just asking generally when you
 12 used the term "buying group," do you use that
 13 term to refer to a specific type of
 14 organization, such as one that's comprised of
 15 independent private practice dentists?
 16 MR. McDONALD: Object to the form.
 17 A. So Smile Source is a buying group.
 18 So if you're asking me if I was defining that,
 19 that's how I would do it.
 20 Q. So what's your definition of buying
 21 group?
 22 A. My definition of a buying group
 23 is -- it's less of a definition, it's more of a
 24 process for me -- is that we have independent
 25 dentists. So that part is true.

Page 37

1 because it's changing quickly.
 2 Q. Are you referring to DSOs as well?
 3 A. DSOs in what way? As a buying group
 4 or DSOs changing quickly?
 5 Q. The small group practices that we're
 6 talking about that can be anywhere from two to
 7 seven offices, do you refer to those as DSOs or
 8 small group practices?
 9 MR. McDONALD: Object to the form.
 10 A. My definition for those individuals
 11 would be more of a small group practice.
 12 Q. Okay.
 13 A. And that's my definition as it
 14 currently stands today.
 15 Q. Do you understand that independent
 16 dentists sometimes choose to become members of
 17 buying groups?
 18 A. I do. Some private practice dentist
 19 would be interested in being part of a buying
 20 group.
 21 Q. And do you understand that buying
 22 groups may offer a variety of services to their
 23 members?
 24 A. Some may; some may not.
 25 Q. Do you understand that one service

1 offered by buying groups may be to negotiate
2 lower supply prices on behalf of their dentist
3 members?

4 MR. McDONALD: Object to the form.

5 A. I'm aware that that's one of the
6 benefits that they will promote to potential
7 members.

8 Q. Do you understand that buying group
9 pool their members' purchasing power to secure
10 discounts on dental products from distributors?

11 MR. McDONALD: Object to the form.

12 A. So they will -- they will promote
13 that. It doesn't necessarily mean that's what
14 will happen, but that's one of the things that
15 they promote.

16 Q. Do you understand that having more
17 purchasing power may allow a buying group to
18 get lower prices on dental products for its
19 members?

20 MR. McDONALD: Object to the form.

21 A. When you're saying "purchasing
22 power," does that mean -- what exactly -- is
23 that volume of customers in the buying group
24 or ...

25 Q. Correct.

1 A. Okay. So based on the amount of
2 business a buying group can bring to the table
3 and when they say that we can drive the
4 compliance of what they're purchasing, we can
5 give volume discounts.

6 So that's how -- I believe what
7 you're referring to as purchasing power is the
8 amount of the volume of business that could
9 come over to Henry Schein.

10 Q. Do you understand that buying groups
11 do not have centralized ownership?

12 A. I'm aware that some buying groups --
13 I'm aware that most buying groups don't own all
14 the practices that are members of the buying
15 group.

16 Q. When you say "most," what do you
17 mean?

18 A. Well, there's --there's some that --
19 there's some buying groups that have -- that
20 have practices, the multiple practices that --
21 an owner could have five practices. So they
22 own those practices but they could still be
23 part of the buying group.

24 Q. And, again, are you referring to
25 small group practices?

1 A. In our definition before, the small
2 group practices would be that definition.

3 Q. Would Schein categorize those
4 practices as private practices?

5 MR. McDONALD: Object to the form.

6 A. Which practices? The small groups?

7 Q. Correct.

8 A. Right now, we would classify those
9 as -- we just changed -- we just changed the
10 verbiage on that, so that would actually be
11 regional group practices -- or local group
12 practices. Sorry.

13 Q. When did that verbiage change?

14 A. Pretty much February/March of this
15 year.

16 Q. So prior to February/March of this
17 year, were those practices referred to as
18 private practices at Schein?

19 A. They're referred to as small group
20 practices.

21 Q. And they fell within HSD?

22 A. Last year they did, yes.

23 Q. And what about this year?

24 A. This year, this year, the numbers,
25 the sales numbers will still show in the P&L

1 for HSD. The responsibility, though, of the
2 strategy and whatnot has changed over to other
3 leadership. It's complicated.

4 Q. Are they within special markets now?

5 MR. McDONALD: Object to the form.

6 A. They would be under special markets
7 and Jake Meadows right now.

8 Q. While you've worked at Schein,
9 you've used the term "group purchasing
10 organization" or "GPO" to refer to buying
11 groups of independent dentists, correct?

12 MR. McDONALD: Object to the form.

13 A. Based on reviewing some documents,
14 GPO is being used in those documents.

15 Q. So you've used the term "group
16 purchasing organization" interchangeably with
17 buying groups of independent dentists while
18 you've been at Schein?

19 MR. McDONALD: Object to the form.

20 A. At times I have, just because there
21 was -- when I was using GPOs, it was new to me.
22 So I didn't know exactly what I was dealing
23 with. But yeah.

24 Q. Do you have an understanding of what
25 a dental service organization or DSO is?

1 A. I do.
 2 Q. And do you understand DSOs to be
 3 dental practices that have common ownership?
 4 A. My definition, as it stands today,
 5 would be that they pretty much own all of or
 6 most of the offices or have ownership in the
 7 offices that they -- under their umbrella,
 8 yeah.
 9 Q. And do you understand that DSOs have
 10 the ability to drive purchasing compliance
 11 based on a formulary?
 12 MR. McDONALD: Object to the form.
 13 A. They have the ability to drive
 14 compliance in those offices, and the pricing
 15 they have is off of a formulary.
 16 Q. Do you understand that DSOs employ
 17 dentists under contract?
 18 MR. McDONALD: Object to the form.
 19 Overly broad. Lack of foundation.
 20 A. That's a hard one to answer because
 21 the DSOs have various business models, and some
 22 may be under contract, some may not. I can't
 23 speak to each business model.
 24 Q. So in some instances the dentists
 25 who work there are not employed under contract

1 component. DSOs can drive the compliance and
 2 buying groups, historically have struggled with
 3 that.
 4 Q. And I think my question was just
 5 directed at they're different because buying
 6 groups don't have ownership in the practices
 7 they work with.
 8 Do you understand that to be a
 9 difference between DSOs and buying groups?
 10 MR. McDONALD: Same objection.
 11 A. Generally, I would say that would be
 12 one of the differences between a DSO and a
 13 buying group.
 14 Q. Are there any other differences
 15 between DSOs and buying groups that you haven't
 16 mentioned that you can think of?
 17 MR. McDONALD: Object to the form.
 18 Overly broad. Vague. Lack of foundation.
 19 A. The main one, the main ones that
 20 come to my head is the ownership component of
 21 it and the compliance component of it.
 22 Q. When you say "compliance," what do
 23 you mean?
 24 A. Well, when you're dealing or
 25 handling a customer that's a DSO, you're

1 but might be an owner in the practice?
 2 A. Like I said, I've heard of business
 3 models that are like that, but I can't
 4 confidently say that every single one is like
 5 it.
 6 Does that make sense or no?
 7 Q. Yeah.
 8 A. Okay.
 9 Q. Is it your understanding that DSOs
 10 are not made up of independent private practice
 11 dentists?
 12 MR. McDONALD: Object to the form.
 13 Overly broad. Lack of foundation.
 14 A. So based on the definition that we
 15 just used, I would say DSOs, no. It would
 16 be -- there would be ownership from a central
 17 group in those practices.
 18 Q. Do you understand that DSOs are
 19 different from buying groups because buying
 20 groups do not have ownership in the practices
 21 they work with?
 22 MR. McDONALD: Object to the form.
 23 Overly broad.
 24 A. Yeah, I would say DSOs, that would
 25 be a difference and then the compliance

1 dealing with the C-Suite, and you're dealing
 2 with one decision-maker, that when you have an
 3 agreement with them and you agree that, hey,
 4 I'm going to buy my products from Henry Schein,
 5 there is a form that's signed, an agreement
 6 form that's signed. And then they're able to
 7 go to however many offices they have in the DSO
 8 and say our vendor partner is Henry Schein, so
 9 we need to buy X amount of products from Henry
 10 Schein. And they monitor that and drive the
 11 compliance of that through all their individual
 12 owners.
 13 With a buying group, they -- they
 14 don't own the practices, so even though they
 15 can say we endorse a dealer, if someone in a
 16 buying group chooses not to purchase from that
 17 dealer, they can.
 18 Q. So in buying groups, the independent
 19 dentist members can still purchase how they
 20 like?
 21 A. From my experience, they still can,
 22 yes.
 23 Q. Okay. Would you say that buying
 24 groups can't drive compliance?
 25 MR. McDONALD: Can you say that

1 again?

2 MR. SOLOMON: Sure.

3 Q. Would you say that buying groups
4 cannot drive compliance?

5 A. Buying groups cannot drive
6 compliance. That's the question?

7 Q. Correct.

8 A. Okay. I would say they're not able
9 to drive compliance like a DSO is able to.

10 Q. So they can drive compliance but not
11 to the extent that DSOs can. Is that what
12 you're saying?

13 MR. McDONALD: Object to the form.

14 A. They have the ability to sell the
15 vision and strongly endorse a dealer. So
16 some -- some members will follow that
17 endorsement. So I guess there is some ability
18 to endorse compliance or promote compliance,
19 but it's different than saying, hey, you will
20 buy from this company.

21 Q. So there's no binding contractual
22 clause that would require members to purchase
23 from a buying group's endorsed distributor?

24 MR. McDONALD: Object to the form.
25 Overly broad. Lack of foundation.

1 A. So we make an agreement with the --
2 with a buying group's leadership. So that
3 happens. We know there's a potential for the
4 compliance not to be there, and it is on Henry
5 Schein Dental to go to those individual
6 dentists that are part of the buying group and
7 sell Henry Schein Dental's value proposition so
8 they buy from Henry Schein Dental.

9 Q. Just to go over a few more
10 definitions, you've heard the term "community
11 health center" or CHC for short, correct?

12 A. I have.

13 Q. And do you understand a community
14 health center to be a federally qualified
15 health group that provides medical care to
16 indigent patients?

17 MR. McDONALD: Object to the form.
18 Lack of foundation.

19 A. The general definition of that, I
20 don't know if a hundred percent of their
21 patients are indigent or not.

22 Q. And you understand that CHCs are not
23 comprised of independent private practice
24 dentists, correct?

25 MR. McDONALD: Object to the form.

1 Lack of foundation.

2 A. I personally don't know that for --
3 the general statement, I don't know if a
4 hundred percent are all community health
5 centers or if there's a potential for an
6 independent practice to be part of it. I don't
7 do an audit on CHCs. Generally, they're
8 community health centers.

9 Q. Are you aware of any community
10 health centers that are comprised of
11 independent private practice dentists?

12 A. Me, personally, other than private
13 practice dentists working in a CHC at times,
14 I'm not aware of a private practice being part
15 of CHC.

16 Q. And do you understand that some CHCs
17 are members of CHC-specific GPOs or buying
18 groups?

19 A. I'm aware that some of the community
20 health centers are a part of specific groups,
21 yes.

22 Q. And you understand that those
23 CHC-specific GPOs do not include independent
24 private practice dentists among their members?

25 MR. McDONALD: Object to the form.

1 Lack of foundation.

2 A. So, as I think I said before, I'm
3 not personally aware of a specification one,
4 but I'm not saying that can't happen.

5 Q. And we've also used the term "GPO"
6 or "group purchasing organization." So you
7 understand that term, correct?

8 MR. McDONALD: Object to the form.
9 Vague.

10 A. So when you're saying "GPO," you're
11 referring to group purchasing organization?

12 Q. Correct.

13 A. I understand.

14 Q. And you understand that GPOs in the
15 medical industry are different from GPOs in the
16 dental industry, correct?

17 MR. McDONALD: Object to the form.

18 A. So that's what I said before is
19 learning. I don't -- I don't -- I can't
20 confidently say here what the differences are.
21 I know it's more prominent and prevalent in the
22 medical industry.

23 But can you ask the question again
24 because I want to make sure I'm answering it?

25 Q. Sure. Do you understand that GPOs

1 in the medical industry are different from GPOs
2 in the dental industry?

3 MR. McDONALD: Object to the form.
4 Lack of foundation.

5 A. I would say I'm not educated enough
6 on the GPOs in the medical industry to answer
7 that confidently.

8 Q. Okay. Have you heard the term "MSO"
9 or "management service organization" before?

10 A. I have.

11 Q. And what is a management service
12 organization?

13 A. So my definition of an MSO, we have
14 groups that offer services to historically
15 manage the front end of an office that these
16 independent practices in some cases pay for
17 those services.

18 There have been MSOs that also
19 manage these services in exchange for equity in
20 a practice. And then there's a situation where
21 there may be a case where a group offers a
22 capital outlay to an individual doctor that
23 owns maybe a group practice that gives them the
24 capital by other practices, and, in turn,
25 there's an exchange of a commitment in years to

1 how many -- to the services. So if I'm going
2 to sell it to you, I'm going to give you the
3 money. You're signing up for a certain amount
4 of years of my services. So that's what an MSO
5 would be to me.

6 Q. So there's varying arrangements that
7 can be made in the MSO world?

8 A. Yes. And we learn different ones
9 every day.

10 Q. The primary purpose, however, is to
11 provide management services to practices; is
12 that right?

13 MR. McDONALD: Object to the form.

14 A. The primary reason for it is so that
15 they can help run the front desk of an office.

16 Q. Are you familiar with what kinds of
17 services MSOs provide?

18 A. I could give you a general
19 understanding of what they provide, yes.

20 Q. Okay. What, generally speaking,
21 what kinds of services do they provide?

22 A. They could provide appointing and
23 reappointing patients. They could provide HR
24 services. They could provide marketing
25 services. They could provide helping with

1 insurance.

2 And, as I sit here, I'm just
3 thinking of other services, but I'm -- you
4 know, anything that really has to do with the
5 front desk.

6 Q. Do they offer procurement or
7 purchasing services to their members?

8 MR. McDONALD: Object to the form.
9 Lack of foundation. Overly broad.

10 A. Are you asking if they help with --
11 so are you asking if they help doctors buy from
12 certain individual dealers?

13 Q. Correct.

14 A. Okay. So we do have agreements with
15 some MSOs that are out there that -- with their
16 corporate office that they are going to do
17 business with Henry Schein. And, yeah, they
18 will tell the doctors that they -- in their MSO
19 that we're buying from Henry Schein.

20 Q. So will the MSO in those instances
21 make the purchasing decisions for the doctors?

22 MR. McDONALD: Object to the form.

23 Lack of foundation.

24 A. Some MSOs have the ability to drive
25 the compliance, and it usually happens when

1 they have equity in the practices. There's
2 other MSOs that are just providing the
3 services, and they let the independent -- they
4 let the doctor run the practice however they
5 want without the procurement component of it.

6 Q. Okay. Mr. Cavaretta, you're
7 familiar with Henry Schein's field sales
8 operations, correct?

9 A. I am.

10 Q. Okay. About how many FSCs do you
11 oversee?

12 A. Currently?

13 Q. Currently.

14 A. A little over 400.

15 Q. Has that -- has the number of FSCs
16 you've overseen grown over time?

17 MR. McDONALD: Object to the form.

18 Vague as to job title and that kind of
19 thing.

20 A. So as the -- as my position has
21 changed within the company over the years, the
22 responsibility has grown. So there's more FSCs
23 that would fall under the umbrella, my
24 umbrella.

25 Q. How large is the geographic region

1 that a typical FSC would service at Schein?

2 MR. McDONALD: Object to the form.

3 Overly broad. Vague. Lack of foundation.

4 A. The geographies vary, but I would
5 say, on average, our representatives call on
6 between 100 and 110 customers.

7 Q. Okay. So in more populated
8 geographies, that number might be higher?

9 MR. McDONALD: Object to the form.

10 A. So that's a general number. So some
11 reps may have more; some may only have 40,
12 yeah.

13 Q. Okay. Is the number higher or lower
14 in rural areas?

15 MR. McDONALD: Object to the form.

16 A. Well, we have reps that call both on
17 rural and then a city. So that's why the -- I
18 can't say that from a geographical standpoint.

19 Q. How far do FSCs generally have to
20 travel in order to call on customers?

21 MR. McDONALD: Object to the form.

22 Overly broad. Lack of foundation.

23 A. Some FSCs take the subway and they
24 go up and down these buildings, and there could
25 be 40 doctors, and there's others that could

1 drive 3 hours each way to see customers. So,
2 again, it varies. I've never averaged out.

3 Q. Is there a limit?

4 A. To?

5 Q. Is there a limit to how far an FSC
6 will travel to call on customers?

7 A. We do our best to keep it within the
8 regional -- within the regional boundaries. So
9 if you're in Cincinnati, Ohio, we don't really
10 want you calling on somebody in Cleveland,
11 Ohio.

12 Q. So an FSC is able to call on
13 customers in any part of his or her regional
14 area; is that right?

15 A. There's the ability to do that.

16 Q. And how are FSCs assigned accounts
17 and customers?

18 A. Well, if you're hired today, you
19 have regional managers that take the list of
20 the house accounts that are unassigned, and you
21 try to make it as efficient as possible. And
22 they would assign it to the rookie FSC.

23 Historically, what has happened is,
24 over the years, you know, with acquisitions of
25 different dental companies and just years of

1 service, you may have someone that is calling
2 on a customer 3 hours away or customers 3 hours
3 away and then some that are 5 minutes away from
4 their house. So we allow that just because of
5 the relationship component of it with that
6 customer.

7 Q. Okay. And we also talked a little
8 bit about the regional areas that an FSC
9 operates within. How are those regional
10 areas -- or strike that.

11 How are the boundaries of the
12 regional areas determined?

13 MR. McDONALD: Object to the form.

14 Lack of foundation.

15 A. So those also vary. There's
16 situations -- again, I'll go back to -- I'll go
17 to Iowa where there's a lot of -- there's a lot
18 of rural area, a lot of geography, so there's
19 natural boundaries. So those representatives
20 may -- it's easy for them, hey, you call on
21 Iowa.

22 But we also have reps that are in
23 Davenport and Dubuque that we -- the reps that
24 are in Dubuque, we try to keep in Dubuque, and
25 the ones that are in Davenport, you try to keep

1 in Davenport for efficiencies.

2 There's a lot of historical
3 components of how the regionals are put
4 together, so we don't really change the
5 regional lines too much, unless we're splitting
6 up a big region.

7 And then you also take into
8 consideration certain, you know, landmark or
9 boundaries. For example, in Southern
10 California, you have the I-10 that separates
11 L.A., so you have north and south L.A., and we
12 just chose the I-10 as a boundary. So
13 that's -- that's a lot of how we establish the
14 regions.

15 Q. And so within a region, there may be
16 multiple local offices?

17 MR. McDONALD: Object to the form.

18 A. We may have -- so I'm trying to
19 think here. In a rural area -- so yes. So
20 I'll take Kansas as an example. We have an
21 office in K.C. and one in Wichita.

22 Q. Okay.

23 A. But in most regions, there's usually
24 only one location. So, for example, L.A., even
25 though it's L.A., we look at south L.A. and

1 north L.A. as in two different regions.

2 Q. I see. Why in some instances are
3 there multiple offices within a region?

4 MR. McDONALD: Object to the form.

5 Q. So in the Kansas City/Wichita
6 example you just gave me, do you know why
7 there's two offices in that region?

8 MR. McDONALD: Object to the form.

9 A. In some cases, the geography. So
10 I'll use North Carolina and South Carolina.
11 Again, it's under one region, so we have
12 offices -- we have an office in North Carolina.
13 We have representatives that are in South
14 Carolina, and at times we need -- because we
15 still deliver equipment, so we need a place to
16 store the equipment and at times show the
17 equipment. So because that's still one region,
18 North and South Carolina, we need to have a
19 location in both.

20 Q. And will reps in North Carolina call
21 on customers in South Carolina and vice versa?

22 MR. McDONALD: Object to the form.

23 A. It's possible if someone lived in
24 the southern part of North Carolina and there
25 was a northern doctor in South Carolina -- a

1 Doctor in South Carolina that's north, that
2 they potentially could. I don't know if that's
3 happening or not.

4 Q. In regions where there are multiple
5 offices, are there areas of overlap between
6 those multiple offices where reps from either
7 one office or another might call on customers
8 in the same area?

9 MR. McDONALD: Object to the form.
10 Overly broad.

11 A. So we may have FSCs who are in north
12 L.A. go south of the 10, based on legacy
13 relationships, and someone could buy a practice
14 there that they could venture into south L.A.,
15 but we also try to -- we also try to contain
16 that a little bit because, you know, if you're
17 calling on someone who's 3 hours away in north
18 L.A. it doesn't make sense because we have 40
19 other reps that are in south L.A. that could
20 call on those customers. So we try to minimize
21 it.

22 Q. Got it. So Schein tries to minimize
23 the amount of travel the FSCs might have to do
24 in order to call on customers?

25 A. We try to make it as efficient as

1 possible, because you also have service
2 component in there. You know, each of the
3 individual regions have P&Ls, so the customer
4 follows the FSC, so if an FSC is going into
5 south L.A. and all those revenue dollars will
6 go to north L.A., yet all the service, which is
7 expensive, to keep that customer up and going,
8 all that expense goes to south -- could
9 potentially go to south L.A. because they're
10 paying for the technician. So it gets
11 complicated in that case.

12 Q. Got it. So we talked a little about
13 the geographic areas the FSCs operate in. Do
14 those general guidelines also apply to the
15 geographic areas in which service technicians
16 operate in?

17 MR. McDONALD: Object to the form.

18 A. We also try to use those resources
19 and service because -- one of the most precious
20 resources we have right now. We try to keep
21 them within the region that they work. In most
22 cases, it's -- it's easy to do because there's
23 not a lot of south L.A./north L.A. situations.

24 However, one region can lend a
25 service technician to another region if they're

1 doing a big install or need help. But because
2 we're short on techs, it doesn't happen as much
3 anymore.

4 Q. And are you aware of any limit as to
5 how far a service tech will travel to service a
6 customer?

7 MR. McDONALD: Object to the form.
8 Overly broad.

9 A. I'm not aware of anything that
10 states a technician can't travel 2 hours to
11 service a customer.

12 Q. Okay. Would it be typical for
13 service technicians to travel more than 2 hours
14 to service a customer?

15 A. Typical? Is typical every day? Is
16 it on a regular occurrence?

17 Q. Correct.

18 MR. McDONALD: Object to the form.

19 A. I wouldn't say it's regular. I
20 don't know any that go 2 hours every day to
21 start calling on customers.

22 Q. Do service technicians ever travel
23 more than 2 hours to service customers, as far
24 as you know?

25 MR. McDONALD: Object to the form.

1 Overly broad.

2 A. Has it potentially happened in the
3 past? I would imagine there was a situation
4 where a tech had to drive 2 hours to service a
5 customer.

6 Q. But it's not a regular occurrence,
7 you'd say?

8 A. No, well, because the expense of it
9 is mileage and gas. Again, we try to be as
10 efficient as possible with that.

11 Q. And how about for equipment
12 specialists, how large is the geographic area
13 that an equipment specialist will service?

14 MR. McDONALD: Object to the form.
15 Overly broad.

16 A. So they are responsible for the same
17 regions that I just outlined earlier. There's
18 less of them, so they may drive more. But they
19 are typically responsible for, again, the same
20 geographic area that I just explained earlier.

21 MR. SOLOMON: John, I'm at a natural
22 breaking point here. Do we want to take a
23 break?

24 MR. McDONALD: Sure.

25 THE VIDEOGRAPHER: Going off the

1 record at 10:13 a.m.

2 (A short break was taken.)

3 THE VIDEOGRAPHER: Going on the
4 record. This marks the beginning of media
5 No. 2. The time is 10:24 a.m.

6 Q. Mr. Cavaretta, welcome back.

7 So we've been talking a little bit
8 about buying groups. Have you seen an increase
9 in the number of buying groups in the dental
10 industry as time has passed?

11 A. As our company also has transitioned
12 in small groups and whatnot, I have been
13 exposed more to buying groups and, you know,
14 potential buying groups.

15 Q. Would you say that the number of
16 buying groups that has cropped up has grown
17 over time?

18 MR. McDONALD: Object to the form.

19 A. I don't -- I don't know if that's
20 the reason or if that's the case or the fact
21 that, you know, again, how we transition as a
22 company, that more inquiries come my way just
23 because of the responsibility.

24 Q. When did more inquiries from buying
25 groups start coming your way?

1 A. I would say -- well, they started
2 back in 2004, but it increased in 2014, I would
3 say, when what we called the Mid-Market space
4 moved to HSD.

5 Q. And am I correct in understanding
6 Mid-Market was created as a division in 2014?

7 A. Yeah.

8 MR. McDONALD: Object to the form.
9 Go ahead.

10 A. So it was -- I don't know if I'm
11 calling -- if I'd call it a division or a
12 carveout of customers. It went to the -- it
13 went to HSD. So that's a division. So we were
14 just responsible for the Mid-Market group. I
15 don't know if I'm explaining that right or not.
16 But I'm not sure if it was a division as much
17 as it was now our responsibility.

18 Q. So since the creation of Mid-Market,
19 you've seen an increase in the number of buying
20 group inquiries?

21 A. Yeah, I've seen an increase in the
22 team asking me about them because of the group
23 practice space.

24 Q. So since the creation of Mid-Market,
25 how often are you asked about buying groups?

1 MR. McDONALD: Object to the form.
2 Overly broad. Vague.

3 A. Well, so today, though, the APC
4 space reports to me. So that is -- part of the
5 APC space is also buying groups. So I would
6 say when we created the Mid-Market space where
7 maybe I didn't get many inquiries about buying
8 groups. It was probably maybe one or two a
9 month. That is a guess, not -- there's no
10 factual information to support that.

11 Q. So you're not sure; you're just
12 guessing?

13 A. I'm not sure.

14 Q. Do you know how many inquiries from
15 buying groups you were receiving prior to the
16 creation of Mid-Market?

17 MR. McDONALD: Object to the form.
18 If you know, tell him but don't guess.

19 A. I'd be guessing.

20 Q. Do you think that Schein working
21 with buying groups has the potential to affect
22 Schein's business in any way?

23 MR. McDONALD: Object to the form.

24 A. It's -- buying groups are an
25 opportunity and, at the same time, they have

1 the ability to endorse and have the third-party
2 endorsement to bring business over to Henry
3 Schein, yeah.

4 Q. So in what ways are buying groups
5 opportunities for Schein?

6 A. Well, I'll take Smile Source as an
7 example. We have -- we were on with them, off
8 with them, and going back to probably I think
9 it was maybe '07/'08, and then when we had the
10 agreement -- when we established the agreement
11 with them in 2017, we saw our business increase
12 by roughly 30 percent, I want to say, which
13 represented over a million dollars in business.
14 So it was business we didn't have.

15 Q. So Schein gained business from its
16 competitors by working with Smile Source?

17 MR. McDONALD: Object to the form.

18 A. That's one way that we could have
19 won business. The other way is that the share
20 of wallet in those practices, because they
21 could have still been buying from Henry Schein,
22 but now that we were part of the Smile Source
23 team, the doctors would have purchased more
24 products from us, those same doctors, so market
25 share increases.

1 there was -- you saw some shift in business,
2 some increase in those customers.

3 Q. And do you know why the customers
4 shifted their business?

5 MR. McDONALD: Object to the form.

6 A. Not specifically --

7 MR. McDONALD: Lack of foundation.

8 A. Not specifically. I haven't talked
9 to a customer to say why did you shift your
10 business, so ...

11 Q. Do you have any understanding as to
12 why customers would shift their business from
13 Schein as a result of being a part of Smile
14 Source?

15 MR. McDONALD: Same objection.

16 A. I would be -- I would be guessing
17 would be my opinion.

18 Q. I don't want you to guess, but if
19 it's something you have an opinion on or have
20 an understanding of as a result of your
21 position at Henry Schein, I'd like you to tell
22 me.

23 MR. McDONALD: Well, if you know,
24 tell him. But, again, don't guess.

25 A. Okay. So, again, I haven't talked

1 Q. So new customers and existing
2 customers shifted their business over to Schein
3 as a result of Smile Source. Is that what
4 you're saying?

5 MR. McDONALD: Object to the form.

6 A. Again, I'm saying some did, not --
7 again, we have the compliance issue. Even with
8 a Smile Source, it's still there.

9 Q. Do you know why some doctors who
10 previously were not customers of Schein
11 switched their business to Schein as a result
12 of being a Smile Source member?

13 MR. McDONALD: Object to the form.

14 Overly broad.

15 A. So there were some doctors that due
16 to, hey, Schein is now part of Smile Source,
17 felt, okay, now I can buy from Schein, and they
18 wanted to buy from us, so they did.

19 Q. Why couldn't they buy from Schein
20 previously?

21 MR. McDONALD: Object to the form.

22 A. They could. And, quite frankly,
23 they did. We still had a lot of people who
24 were Smile Source members buying from Henry
25 Schein. But once the endorsement came out,

1 to customers specifically, so I would be
2 assuming.

3 Q. Okay. Do you know why customers
4 join Smile Source?

5 MR. McDONALD: Object to the form.

6 Lack of foundation.

7 A. So, once again, I haven't talked to
8 a customer saying why did you join Smile
9 Source. I do know what Smile Source promotes
10 to their members.

11 Q. What do they promote?

12 A. They promote education and a
13 community to their -- to their member base.

14 Q. Anything else they promote?

15 A. They'll promote -- they do promote
16 that they have, you know, special pricing or
17 discounts.

18 Q. How do they --

19 A. And they also will promote --
20 they'll help a doctor, you know, grow their
21 practice in which -- that's how the doctor is
22 paying Smile Source.

23 Q. Do they promote to -- strike that.

24 You mentioned that they promote
25 special discounts, correct?

1 A. I did.

2 Q. Do they promote the availability of
3 special discounts through Henry Schein
4 specifically? Or let me rephrase that. Sorry,
5 that's a little confusing.

6 A. Yeah.

7 Q. Do they promote that special
8 discounts are available through their
9 relationship with Henry Schein?

10 A. They will promote that now Henry
11 Schein is part of Smile Source, we endorse
12 Henry Schein, and with that comes pricing from
13 Henry Schein that could benefit Smile Source
14 members.

15 Q. Were you involved in the negotiating
16 of Smile Source's current agreement with Henry
17 Schein which I believe dates back to March
18 of 2017?

19 A. I was.

20 Q. How were you involved in negotiating
21 that agreement?

22 A. Trevor and I -- Trevor Mauer, who is
23 the CEO of Smile Source, and I had several
24 conversations, several exchanges over a long
25 period of time. And, you know, we negotiated

1 back and forth on what the pricing would be,
2 potential rebate levels. And then, you know,
3 we agreed we'd figure out equipment and
4 technology at some point.

5 I've moved a little bit away from
6 the negotiations because we -- I hired someone
7 on to help with the APC space. So that was my
8 involvement.

9 Q. So you were involved with
10 negotiating the discounts and rebates?

11 A. I was involved, correct.

12 Q. How were the discount levels
13 determined?

14 A. So we did -- we did two things. One
15 is we looked -- I'm thinking, so give me some
16 space here.

17 Q. Sure.

18 A. We took our -- we reviewed our
19 formularies that existed within the DSO space
20 because the volume of business is really big,
21 and you have to be very aware and understanding
22 of that.

23 So we used that as one landmark.
24 And then we also were able to gather some
25 invoices from customers to get a better

1 understanding of, you know, some of the more
2 frequently purchased products. So the method
3 wasn't -- wasn't really accurate. But that's
4 how we put a formulary together for Smile
5 Source.

6 And then the rebates were
7 negotiated. We went back and forth, and there
8 was a lot of negotiating there, that we created
9 a baseline on Henry Schein business that
10 already existed, and then we put rebate levels
11 into -- based if they hit something above the
12 baseline, that they would get rebates back.

13 Q. Focusing on the discount portion, am
14 I correct that there is a formulary of products
15 that are discounted that are available to Smile
16 Source members?

17 A. Yes.

18 Q. Are you familiar with that
19 formulary?

20 A. I know the formulary exists. But I
21 am not familiar with every single product on
22 that formulary.

23 Q. Understood.

24 A. Okay.

25 Q. Did you help compile that formulary

1 at any point in the negotiations process with
2 Smile Source?

3 MR. McDONALD: Object to the form.
4 Overly broad. Vague.

5 A. My -- my role in putting that
6 formulary together was working with our
7 internal team to use our, you know, baseline
8 formulary that exists and, you know, then
9 receiving the formulary back after the pricing
10 was put in place and then being able to share
11 that with the Smile Source team. I didn't look
12 at line items and put discounts in there.

13 Q. Do you have any understanding as to
14 what the average discount on products is under
15 the Smile Source formulary?

16 MR. McDONALD: Object to the form.

17 A. So they vary based on if it's a
18 manufacturer. So it's a branded manufacturer.
19 There's not a lot of private label on there,
20 but there's some -- there's some products that
21 we can discount higher than others.

22 On an average, I would say that we
23 have talked to Smile Source between an 18 and
24 24 percent discount off of our catalog.

25 Q. And with that range, are you

1 referring specifically to the formulary
2 products?

3 A. Yes, the products on formulary.

4 Q. And am I correct that if a product
5 is not on formulary but a dentist wants to
6 purchase it through Schein, there's an
7 18 percent off discount with respect to
8 merchandise?

9 MR. McDONALD: Object to the form.
10 The contract speaks for itself. If you
11 know, tell him, but if you don't guess
12 because they have got the contract.

13 A. I'd be assuming and guessing.

14 Q. Okay. Are there any consequences to
15 a Smile Source member if he or she decides not
16 to purchase any products from Henry Schein?

17 MR. McDONALD: Object to the form.
18 Lack of foundation. Go ahead.

19 A. Not that I'm aware of.

20 Q. You mentioned earlier driving
21 compliance with respect to the current Smile
22 Source relationship. Can you talk a little bit
23 about that?

24 MR. McDONALD: Object to the form.
25 Vague.

1 A. Who's driving -- Smile Source
2 driving compliance?

3 Q. I believe that's what you had
4 mentioned earlier. You talked generally about
5 driving compliance with respect to the current
6 Smile Source relationship, and I can't remember
7 your exact quote. But do you believe that
8 under the current agreement, Smile Source can
9 drive compliance among its members?

10 MR. McDONALD: Object to the form.

11 A. Smile Source, the way they attempt
12 to drive compliance, is that they will tell
13 their members -- excuse me -- that here are the
14 dealers and here are the manufacturers that
15 support Smile Source. We want you to support
16 those manufacturers and dealers that are
17 supporting the Smile Source mission. That's
18 how it's been explained to me.

19 Q. Do you have any understanding as to
20 whether Smile Source does drive compliance
21 among its members?

22 MR. McDONALD: Object to the form.

23 A. Can you repeat the question? I'm
24 sorry.

25 Q. Sure. Do you have any understanding

1 as to whether Smile Source does drive
2 compliance among its members?

3 MR. McDONALD: Same objection.

4 A. The only -- the only way I know they
5 will drive compliance is what I just explained.
6 Our business has grown with them because of --
7 to me, with the Henry Schein name and the
8 brand, but I don't know how much that has to do
9 with the compliance that they drive.

10 Q. Are they successful in driving
11 compliance?

12 MR. McDONALD: Object to the form.
13 Lack of foundation.

14 A. I have no data to say they do or
15 they don't.

16 Q. Have you ever looked at data to
17 determine whether or not Smile Source does, in
18 fact, drive compliance among its members?

19 A. So as Henry Schein, we have a
20 handful of groups that are in the APC space
21 that make up I'm going to say the majority of
22 the business. There's plenty of others that
23 are not on that list that I review.

24 And I would say that our compliance
25 issues still exist, or the compliance challenge

1 still exists, based on the number of members
2 that are part of Smile Source group compared to
3 how much each of those members are purchasing.

4 Q. So what exactly is the compliance
5 issue there?

6 A. For us, it's they didn't -- they
7 didn't move, you know, 80 percent of their
8 business over to Henry Schein.

9 Q. And you're referring to Smile
10 Source?

11 A. In general, I would say that it's a
12 similar challenge, but since we were talking
13 about Smile Source at this point, specifically
14 yes.

15 Q. Why does Schein continue to do
16 business with Smile Source if it does not
17 effectively drive compliance?

18 A. Well, we have a lot of independent
19 dentists who are members of Smile Source, and
20 that's where our business comes from. So even
21 though they're members of Smile Source, we
22 still look at them as Henry Schein customers.

23 And Smile Source has told a story,
24 and they believe in their story, that doctors
25 are interested in being part of their

1 membership, so they're paying to do it. And
2 they have a membership base of probably
3 under -- just under 600 now if I had to -- if I
4 had to guess. And because of that, and because
5 of our relationship with Smile Source and
6 because we are partnering together with similar
7 interests with those independent dentists, that
8 makes sense for us to continue to do business
9 with them.

10 Q. So Schein has determined it makes
11 sense to do business with Smile Source even
12 though it cannot effectively drive compliance
13 among its members?

14 MR. McDONALD: Object to the form.
15 Mischaracterizes his testimony.

16 A. Yeah. So I would say this, that the
17 compliance, if you're comparing it to a DSO, is
18 very different. That's what I'm saying.

19 Smile Source in this case has
20 services and a value proposition that they're
21 offering to customers which is in alignment
22 with Henry Schein.

23 So they have the ability to endorse
24 us, and they have the ability to drive some
25 compliance, but it's not to the level of the

1 DSOs, which is how I'm answering your question.

2 Q. So DSOs can fully drive compliance
3 while Smile Source can't?

4 A. DSOs, I would say the success rate
5 of driving compliance to the contract is -- is
6 much higher than it would be with a Smile
7 Source.

8 Q. What would you say the success rate
9 is for DSOs in driving compliance?

10 MR. McDONALD: Object to the form.
11 Lack of foundation.

12 A. I don't have the data on that.

13 Q. And what would you say the success
14 rate is for Smile Source in driving compliance?

15 MR. McDONALD: Object to the form.
16 Lack of foundation.

17 A. How are you measuring the success
18 rate? I haven't measured success rate. I've
19 measured dollars in business that they do with
20 us.

21 Q. I didn't have a specific definition
22 in mind. I think you had mentioned success
23 rate a moment ago in your answer, so I'm just
24 going with that phrase.

25 A. Okay.

1 Q. What does that mean to you, success
2 rate?

3 MR. McDONALD: Object to the form.

4 A. To me is if you are signing an
5 agreement with a customer that owns offices,
6 that you would see -- and let's just say they
7 do \$200,000 in business -- you would see 150,
8 180 move over or a monthly basis trending that
9 way, moving quickly.

10 With a Smile Source, you see some
11 business move but not at that rate. So that is
12 a very subjective way for me to measure success
13 rate.

14 Q. Has -- strike that.

15 Has Schein ever had discussions with
16 Smile Source about how to better drive
17 compliance among its members?

18 A. Yes.

19 Q. And what were those discussions?

20 A. We have discussed -- and so they
21 have their formulary. They have pretty rigid
22 structure to their formulary. That's the way
23 they've always done business, and I can
24 appreciate that. But that doesn't always work
25 in every market. The markets are different.

1 So we talked about having more price
2 flexibility on a certain amount of products in
3 certain markets.

4 We've talked about having special
5 discounts or special product discounts, let's
6 just say, on digital impressioning where
7 there's a Smile Source deal only to Smile
8 Source members for 30 days on this digital
9 impressioning.

10 I've talked to them about using our
11 analytics. And there's just so much we can do
12 as Henry Schein in order to show these doctors
13 why they should be buying from Henry Schein and
14 how we can help Smile Source help them grow
15 their practice.

16 So there's ongoing discussions, and
17 those are the discussions I've had.

18 Q. So these have been ongoing
19 discussions that haven't actually resulted in
20 any official actions to better drive
21 compliance?

22 A. Well, the digital impressioning
23 example I gave you, we were able to sell quite
24 a few scanners in Q2. But I'm not sure if it
25 was -- I don't -- I'm not sure if it's because

1 of their driving the compliance or because we
 2 as Henry Schein provided a deal that was --
 3 that the Smile Source members were made aware
 4 of and they said, okay, I want to buy that. So
 5 it wasn't Smile Source saying you will buy
 6 these scanners. It was saying here's a deal.
 7 You can buy them if you want. So that's the --
 8 I mean, that's the example I would give you
 9 based on your question.

10 Q. You talked a few moments ago about
 11 other buying groups within the APC division,
 12 correct?

13 A. I have.

14 Q. And APC refers to alternate
 15 purchasing channel; is that right?

16 A. That is correct.

17 Q. Okay. And you talked about buying
 18 groups with which Schein has had difficulty
 19 driving compliance among their members, right?

20 A. Correct.

21 Q. Okay. Can you name those buying
 22 groups?

23 MR. McDONALD: Object to the form.

24 A. The buying groups in the APC or the
 25 ones that were having trouble driving

1 compliance or ...

2 Q. I'm referring specifically to the
 3 ones you think Schein is having trouble driving
 4 compliance with.

5 A. Well, again, compliance, in general,
 6 with buying groups is -- is a big challenge.
 7 The ones that we have decided to partner with
 8 came through -- again, going back to -- like, I
 9 started a buying group in 2004 or a study club.

10 Going all the way to Smile Source,
 11 what we do is, there's an inquiry, and we vet
 12 them out. We see if they have a value
 13 proposition. We see how they potentially could
 14 drive compliance, even though we know it's not
 15 going to be as good as a DSO. We see if they
 16 have a centralized structure. We see what
 17 other services that they're offering.

18 So there's a lot that goes into it
 19 before we decide if we're going to partner with
 20 somebody or not, but the compliance challenge
 21 is always there.

22 Q. So the compliance challenge is
 23 present with respect to all of the buying
 24 groups that Schein has worked with?

25 A. Yeah. At various degrees, but yes.

1 Q. Are there any other buying groups
 2 that Schein believes is an opportunity -- and
 3 we talked for a while about Smile Source being
 4 an opportunity. Are there other buying groups
 5 that Schein views as an opportunity?

6 MR. McDONALD: Object to the form.

7 A. That's out there today, like,
 8 just ...

9 Q. Sure. Let's start with currently.

10 MR. McDONALD: Object to the form.

11 Overly broad. Vague.

12 A. Well, I can only say that we -- we
 13 just signed our most recent one, and we did
 14 that because they have a consulting and
 15 education arm with a big following already of a
 16 couple hundred dentists. But if there's -- if
 17 you're asking me for who are we going after to
 18 try to bring on, no, I don't -- I couldn't give
 19 you the name of potential groups.

20 Q. Are there other examples of buying
 21 groups that have been beneficial to Schein as a
 22 result of doing business with that group?

23 MR. McDONALD: Object to the form.

24 Overly broad.

25 A. So we were doing business with a

1 group called Break Away, and they're actually
 2 the reason why -- one of the big reasons why we
 3 created the APC space, because they had DSO,
 4 MSO, and buying group qualities to them.

5 So we had success with Break Away,
 6 but it wasn't due to really the buying group
 7 arm, per se. It was that they had DSO and MSO
 8 control.

9 Q. So you said that they have aspects
 10 of a DSO, MSO, and a buying group, correct?

11 A. Uh-huh.

12 Q. How would you characterize Break
 13 Away?

14 A. As an APC.

15 Q. Would you call them a DSO, an MSO,
 16 or a buying group?

17 MR. McDONALD: Object to the form.

18 Asked and answered.

19 A. APC.

20 Q. And what does that mean?

21 A. Alternative purchasing channel.

22 Q. So what does that --

23 A. What does that mean?

24 Q. What does that definition mean?

25 A. So, again, when we made the

1 transition in 2014, there was a lot of stuff
2 that we were being educated on and exposed to
3 that we didn't know existed in the past or that
4 the customer was changing. So we had a meeting
5 with Break Away, and we learned about them
6 because we were doing business with them, and
7 that's what I mean, the inquiring and vetting
8 out process.

9 And they walked us around, and I
10 wasn't at that meeting, but they walked Henry
11 Schein around the building, and you couldn't
12 put them in one group. You couldn't put in the
13 DSO, you couldn't put them in the MSO, and the
14 buying group component of it was there, but it
15 wasn't the most prevalent part. So what do you
16 do with it? We don't have an offering.

17 So just like we've done with
18 Mid-Market, we created something to provide an
19 offering for this customer. And you're seeing
20 some customers do that more. And we realized,
21 okay, we have to create something that focuses
22 on these customers because they take a lot of
23 time, and they're emerging, and that's where
24 APC came from.

25 Q. What was it about Break Away that

1 was so unique?

2 A. They had DSO components, MSO
3 components, and a buying group component to it.

4 Q. When you say they had DSO component,
5 do you mean some of the offices were under
6 common ownership?

7 A. Correct.

8 Q. And those offices were able to drive
9 compliance in purchasing supplies?

10 A. Correct.

11 Q. When you say they had an MSO
12 component, do you mean that Break Away provided
13 management services to some of the
14 independently owned offices?

15 A. So at that time with Break Away,
16 what we understood it to be was that they were
17 offering services to these doctors in exchange
18 for equity. I don't know if that was the case
19 in all of them or not, but that was my
20 understanding. So the compliance within those
21 groups was -- was pretty good because of the
22 equity component.

23 Q. So in instances where there was
24 equity in the practice on the part of the MSO,
25 did the MSO conduct centralized purchasing of

1 supplies on behalf of the practices?

2 MR. McDONALD: Object to the form.

3 Lack of foundation.

4 A. Break Away had a centralized -- it
5 existed, the centralized purchasing existed,
6 meaning there was a formulary, there was
7 someone tracking the purchases. But even with
8 that, the DSO space, we were good. The MSO
9 space, for the most part, we were good, but we
10 still had some members in the buying group
11 space that weren't complying like others.

12 Q. So when you say we were good in the
13 DSO and MSO space, what do you mean
14 specifically?

15 A. That the business, the percent of
16 business in that office was to the agreement
17 that we had with them.

18 Q. So the DSO and MSO components were
19 able to drive compliance because of a
20 centralized purchasing mechanism?

21 MR. McDONALD: Object to the form.

22 Misstates his testimony.

23 A. No, they were -- it was more because
24 of the ownership, either all out or having some
25 type of vested interest via equity or the

1 services that the doctor signed up for from
2 Break Away.

3 Q. So am I correct that, in those
4 instances, Break Away was able to make the
5 purchasing decisions, and that helped drive
6 compliance?

7 MR. McDONALD: Object to the form.
8 Misstates his testimony. Also lack of
9 foundation.

10 A. So we provided the formulary to
11 Break Away. How they actually -- how they
12 actually drove the compliance within those
13 offices, I don't know. I just know the
14 business in that office was -- was close to the
15 contract.

16 Q. So the MSO and DSO component aside,
17 you also mentioned the buying group component
18 to Break Away. What did you mean by that?

19 A. Well, Break Away was learning
20 themselves, and they must have changed their
21 model three or four times from the time we were
22 working with them. So they had affiliates I
23 think they called them at one point. Then they
24 called them -- then they gave them a different
25 name.

1 And as we were working with them, we
2 were trying to understand there was this group
3 here that they were trying to help out but they
4 didn't own or have equity with, and they had
5 the opportunity to use the formulary because
6 they were part of Break Away, but they
7 themselves were struggling to have the doctors
8 be in compliance with where Break Away was
9 going.

10 So what they were doing was trying
11 to understand what these offices were like, and
12 the compliance just wasn't as good.

13 Q. When did Break Away bring on the
14 buying group component to its business?

15 MR. McDONALD: Object to the form.
16 Lack of foundation.

17 A. I don't know.

18 Q. Did Break Away at some point add the
19 buying component to its business?

20 MR. McDONALD: Object to the form.
21 Lack of foundation.

22 A. I don't know. The only -- the only
23 thing I know is what -- the meeting in --
24 whether it was 2014 or '15 -- what was shared
25 with us. That's what I would say.

1 MR. McDONALD: Object to the form.

2 A. In -- when we brought the Mid-Market
3 space over to HSD, Break Away already existed,
4 and since Break Away existed, we had to learn
5 more about this customer because it was a
6 different customer to us.

7 I don't know what their model
8 started out with and then exactly the dates it
9 changed. I just know that they were always
10 trying to figure out how to make their model
11 efficient.

12 Q. Before they were with Mid-Market,
13 were they with Special Markets?

14 A. Yes.

15 Q. Are there other examples of buying
16 groups that you can name sitting here today
17 that have had a beneficial effect on Schein's
18 business?

19 A. So the new group we have is Dental,
20 DSN, Dental Sales Network, and we are seeing
21 new business, but we're also seeing the similar
22 challenges that I've already explained today.

23 We have a group called Klear Impakt
24 that, once again, we've seen business,
25 especially in the beginning, that moved over.

1 Q. You mentioned that Break Away
2 changed its model three or four times, correct?

3 A. That's a guess, but yeah.

4 Q. Do you know when Break Away changed
5 its model?

6 A. No.

7 Q. Okay. And how did it change its
8 model?

9 A. Well, during various meetings, we
10 would go there, and they had at one point four
11 different groups. They had TVs on the screen,
12 and they named the four different groups
13 something. So we set them up in our system.
14 This is how I know. We set them up in our
15 system a certain way so we knew which groups
16 were what. And then they'd come back and say,
17 well, wait a second, we're changing it now.
18 And then we had to go back internally and try
19 to match how we were designating those
20 customers according to how Break Away was
21 labeling them. So I don't know how many times
22 it was. I just know that the event happened.

23 Q. So was Schein already doing business
24 with Break Away when it first changed its
25 model?

1 But again, similar challenges.

2 I don't have the list in front of me
3 that I get on a regular basis now. So those
4 are the ones that come to my mind.

5 Q. You mentioned Dental Sales Network.
6 When did Schein first start doing business with
7 the Dental Sales Network?

8 A. Probably a couple months ago.

9 Q. So sometime --

10 A. Within the -- within Q2.

11 Q. Of 2018?

12 A. Correct.

13 Q. Do you think that buying groups can
14 pose any risks to Schein's business?

15 A. Well, the challenges that can come
16 with a buying group is that if they don't have
17 the ability to have that endorsement that
18 strong and then drive the compliance, it
19 doesn't make sense to partner with a buying
20 group because typically buying groups want an
21 admin fee or they want to be paid for their
22 services. And then they want, potentially, you
23 know, some type of pricing discount.

24 So the risk, as you put it, could be
25 the fact that our margins could go down based

1 on having an agreement with a group, yet if
2 they're not driving the compliance and it's
3 only, hey, we want a discounted price, there's
4 no value there. So it doesn't make any sense.
5 So that would be -- that would be a risk.

6 Q. Any other risks you can think of
7 sitting here today?

8 A. The only other risk would be if they
9 decide to, after having a partnership with us,
10 and, you know, the business grows, that they
11 decide not to partner any longer, and so that's
12 a risk.

13 Q. And why would that be a risk to
14 Schein?

15 A. Well, it gets confusing in the
16 marketplace, both sales reps, customers, and
17 now we were a partner with this group and
18 helping each other, and the next thing you
19 know, we're not.

20 So what happens then is now they
21 want to potentially take their business to the
22 endorsed groups, and then, of course, as Henry
23 Schein -- because we still look at them as our
24 customers -- is retaining the business. So,
25 yeah, that could be a risk. That could happen.

1 Q. When you say "take business over to
2 endorsed groups," do you mean competing
3 distributors?

4 A. Correct.

5 Q. So when Schein evaluates a potential
6 buying group customer, what are all the factors
7 that Schein looks at in determining whether to
8 do business with the buying group?

9 MR. McDONALD: Object to the form.
10 Overly broad. Vague as to time.

11 A. So I can't give you all of the
12 factors. I don't have them listed in front of
13 me. But I can tell you the first thing we want
14 to understand is how they're structured.

15 I'm going to give you the main ones,
16 Ronnie, okay?

17 Q. Sure. Yeah.

18 A. The next would be what is their
19 value proposition, and then, of course, is how
20 are you going to drive the compliance? And we
21 will tell them. We struggle with compliance.

22 Q. So are those -- you said those are
23 the main factors?

24 A. For me, sitting here talking today,
25 those would be the general ones that I would

1 talk to somebody about.

2 Q. Are there other factors that Schein
3 takes into consideration that you haven't
4 listed?

5 MR. McDONALD: Object to the form.

6 Overly broad. Vague as to time.

7 A. I guess the only other one would be
8 is if we got to the point of vetting it out and
9 understanding the member list, if the business,
10 we already have it, it doesn't make any sense
11 businesswise for us to cannibalize our
12 business. They already see value in Henry
13 Schein, so it doesn't make any sense.

14 Q. Any other factors that you haven't
15 already listed that Schein takes into
16 consideration when evaluating a buying group?

17 MR. McDONALD: Object to the form.

18 Overly broad. Vague as to time.

19 A. There could be more, and if there's
20 something you want to show me, you know, I'll
21 review it with you, but sitting here today,
22 that's all I would tell you off the top of my
23 head.

24 Q. So the four factors that we talked
25 about, are these factors memorialized somewhere

1 in a memo, for example?

2 A. I know Darci has put together some
3 questions on it just for her own ability to run
4 through the questions. But I don't know if
5 there is or don't remember or recall this memo
6 going out to everybody saying, hey, these are
7 the questions that we ask the APC groups.

8 Q. So as far as you know, prior to
9 Darci Wingard joining Schein in 2016, there's
10 never been a formal memo listing out factors
11 that are considered in doing business with
12 buying groups?

13 MR. McDONALD: Object to the form.

14 A. A formal memo, I don't recall. If
15 you have it, we can review it. I'm sure
16 there's people writing some questions in an
17 email, but I wouldn't call that a formal memo.

18 Q. The factors you mentioned, are these
19 formal factors or criteria that Schein takes
20 into consideration, or are they just things
21 that you consider when evaluating a buying
22 group?

23 MR. McDONALD: Object to the form.

24 A. So nobody gave me those factors, I
25 guess. There wasn't a memo from somebody

1 saying, here, here are the factors.

2 How those factors, quite frankly,
3 came about was when Kathleen and I were running
4 the Mid-Market space, started handling
5 inquiries about buying groups, and we're, like,
6 okay, this is -- this is interesting. So we
7 started asking questions, and that's really how
8 it came about.

9 Q. When was that?

10 A. I would say in the 2014/2015 time
11 frame.

12 Q. Prior to that time frame in 2014 or
13 2015, what factors did Schein use to consider
14 buying group business?

15 MR. McDONALD: Object to the form.
16 Overly broad.

17 A. So there's -- I don't recall having
18 meetings or discussions about, hey, these are
19 the factors when we decide on if we want to do
20 business with a buying group.

21 I can tell you from my own
22 experience when I was regional manager in New
23 York, and there was a group called the Farber
24 Group that was positioned as a study club, and
25 I have doctors attending, it would be great for

1 Henry Schein to sponsor us, and, by the way, I
2 think I can drive business to Henry Schein in
3 both merchandise and equipment.

4 So really our process at that time
5 is me, as a regional manager, I called to Dave
6 Steck, and I said, hey, here's the situation.
7 It seems like it makes sense. Are we okay with
8 this? And, you know, is there anything that
9 I -- is there anymore questions I should ask or
10 anything more I should do?

11 And I don't remember exactly what
12 the answer was, but we decided to do business
13 with the Farber Group.

14 Q. And what were the factors you took
15 into consideration in deciding to do business
16 with that group in 2004?

17 A. It's 2004, all right, so we're going
18 back a ways, but I would tell you that the
19 first thing was did Farber have the influence
20 to, again, drive business to Henry Schein, so
21 move business to Henry Schein?

22 Did the ROI make sense from the
23 standpoint of, again, did we have the
24 customers? This wasn't in a formal document.
25 And, you know, locally, it seemed to be worth a

1 try to do this.

2 Q. And the factors you just mentioned,
3 where did those come from?

4 A. My head.

5 Q. So you came up with those?

6 A. Yeah. Yeah.

7 Q. At the time, do you know whether
8 there were formal criteria governing how to
9 engage with or determine whether to do business
10 with a buying group?

11 A. Not -- not that I was aware of.

12 Q. Okay. So focusing on the 2009 to
13 2014 to 2015 time period, when you say that you
14 and Kathleen came up with some of these
15 factors, what did Schein look at in determining
16 whether to do business with a buying group?

17 MR. McDONALD: Object to the form.
18 Misstates his testimony. You said 2009 to
19 2014?

20 MR. SOLOMON: 2014 to 2015 because
21 he gave that approximate date range
22 earlier.

23 MR. McDONALD: But if you look at
24 your question, you said 2009 to 2014 and
25 '15.

1 MR. SOLOMON: Okay.

2 MR. McDONALD: If you meant to say
3 2014/'15, then we're on the same page. So
4 to be clear, why don't you restate the
5 question.

6 MR. SOLOMON: Sure. It would help
7 to be able to see the question.

8 MR. LONG: Here, you want mine? You
9 can read your question again. It was a
10 great question, except for the wrong date.

11 Q. So, again, my question is you say
12 you came up with factors in or around 2014 or
13 2015, correct?

14 A. We were -- we were learning
15 questions to ask based on the inquiries that
16 were coming in.

17 Q. Okay. Prior to that, and going back
18 to 2009, how did Schein determine whether to do
19 business with a buying group?

20 MR. McDONALD: Object to the form.

21 Overly broad. Lack of foundation.

22 A. I don't know if there were any
23 factors, formal factors that I recall that
24 existed.

25 Q. Do you recall anyone ever telling

1 you what factors should be considered when
2 determining whether to do business with a
3 buying group?

4 A. I don't recall ever having a
5 conversation with somebody about, hey, these
6 are the factors when we decide if we're going
7 to do business with a buying group. Just don't
8 recall that.

9 Q. In your experience working at Schein
10 during that time period, how did Schein
11 employees determine whether to work with a
12 buying group?

13 MR. McDONALD: Object to the form.
14 Overly broad. Lack of foundation.

15 A. So the process I would say is we
16 would have, similar to what I did in Long
17 Island, you may have a regional manager or an
18 FSC that knows somebody or there was a study
19 club and they were making inquiries about, hey,
20 I'm thinking about doing this.

21 And, typically, that would go to, if
22 it was an FSC, to the regional manager, and the
23 regional manager would be like, well, this
24 isn't really part of our business, you know,
25 and they'd make a call. I've had -- I've had

1 people call me before saying this is something
2 I'm interested in doing. And, you know, the
3 questions again are, well, can they drive the
4 compliance? Typically we have a major
5 challenge with that. Is it mostly our business
6 or where is the business coming from? You
7 know, what are they doing for these members?

8 It was pretty basic questions,
9 logical questions, business questions.

10 Q. Are you aware of any buying groups
11 that Schein worked with that were able to drive
12 compliance in the 2009 to 2015 time frame?

13 MR. McDONALD: Object to the form.
14 Lack of foundation.

15 A. So I can't tell you one specifically
16 off the top of my head.

17 Q. You just don't recall or you're not
18 aware of any?

19 A. Well, when you're asking me if
20 they -- if they drove compliance, I'm thinking
21 of, again, using the DSO component as to me
22 being compliance, so I'm not aware of any that
23 were able to drive compliance to that level,
24 no.

25 Q. Are you aware of any buying groups

1 that Schein worked with in the 2009 to 2015
2 time frame that brought new business to Schein?

3 MR. McDONALD: Object to the form.
4 Lack of foundation.

5 A. So there was -- there was a group
6 that was growing with Henry Schein, and I don't
7 know -- I can't say, once again, is it because
8 of their compliance, them driving compliance or
9 it's the Henry Schein value offering that was
10 given.

11 But that's why the vetting out
12 process is so important, because we wouldn't --
13 it doesn't make sense to do business with a
14 buying group if they weren't going to drive
15 business to Henry Schein.

16 Q. What was the name of the group that
17 you just mentioned a moment ago?

18 A. The example I was giving you would
19 be -- there was a group in Utah that at the
20 time we had been working with, and, you know,
21 you could see some business growth there.

22 Q. Are you referring to the Dental
23 Cooperative of Utah?

24 A. I am.

25 Q. And that is a buying group?

1 A. It is.

2 Q. And were you involved in that
3 relationship?

4 A. I didn't --

5 MR. McDONALD: Object to the form.
6 Vague.

7 A. I didn't start the relationship or
8 create the relationship. I inherited it and
9 had, you know, contact with them, especially
10 understanding who they are and getting to know
11 them better.

12 And then when we -- when we decided
13 to part ways, I was aware of it. I'm not the
14 one who did it, but I was aware of it.

15 Q. When did Schein part ways with the
16 Dental Co-op of Utah?

17 A. I would say roughly in the 2014 time
18 frame.

19 Q. Did Schein terminate its agreement
20 with the Dental Co-op of Utah?

21 MR. McDONALD: Object to the form.

22 A. Yeah, so we realized that the
23 original agreement and the alignment we had
24 from that original agreement, the commitments
25 that were made were no longer being honored.

1 So yes, we had a business discussion saying,
2 hey, look if we can't get back into alignment,
3 then we can't offer the deal that we're
4 offering to you any longer. The co-op will
5 still exist, and we'll still do business with
6 the members because they're Schein customers
7 too, but the formalized program we had with
8 them would have to go away.

9 Q. So Schein terminated the agreement?

10 A. We were the ones who ended up
11 walking away from the agreement because they
12 were no longer honoring the agreement.

13 Q. Whose decision was it to walk away
14 from the agreement?

15 A. I was part --

16 MR. McDONALD: Hang on. Object to
17 the form. Go ahead.

18 A. I was part of the decision, and
19 Kathleen Titus was part of the decision. Jeff
20 Harmon was involved in the decision, just
21 because he was a local regional manager, but it
22 was really, from what I remember, Kathleen and
23 I.

24 Q. Did Tim Sullivan have any
25 involvement?

1 MR. McDONALD: Object to the form.

2 A. The -- through the course of
3 litigation, the only involvement that I was
4 reminded of is that Tim had -- I had mentioned
5 to Tim about a vendor that was not exclusive
6 with Henry Schein and also not part of the
7 agreement that we had with the Dental Co-op,
8 and I made an inquiry to him. And I don't
9 remember the exact inquiry, what it was. But
10 that was the only involvement that I remember
11 Tim having.

12 Q. Who reminded you of that instance?

13 MR. McDONALD: Object to the form.

14 A. Just through the course of prep.

15 Q. In preparation for what?

16 A. This today.

17 Q. Okay. So we talked about Smile
18 Source. We talked about the Dental Cooperative
19 of Utah. Can you think of any other buying
20 groups that Schein worked with between 2009 and
21 2015?

22 MR. McDONALD: Object to the form.

23 A. I believe there's a list that we're
24 going to be reviewing later today.

25 Q. So this part of the deposition is

1 just you in your individual capacity. And I'm
2 curious, I'd like you to respond, as to which
3 groups you have personal knowledge of.

4 So sitting here today, in your
5 individual capacity, can you tell me any other
6 groups that Schein worked with between 2009 and
7 2015, other than the ones we've just discussed?

8 MR. McDONALD: Object to the form.

9 A. Other than the ones we discussed, I
10 would say there was a group -- and when I say
11 "group," I use that term lightly -- that was in
12 Las Vegas, and I believe the group's name was
13 MeritDent, but they didn't have a formalized
14 buying group.

15 And this was the time where the
16 economy was terrible in Las Vegas. If you were
17 there, it was probably one of the worst hit
18 cities when the economy tanked.

19 And also insurance reimbursement was
20 going down at the same time. So not only was
21 patient flow down, but reimbursement levels
22 went down.

23 And the doctor reached out along
24 with the office manager, and I was the western
25 zone manager at the time, so Vegas was my

1 responsibility.

2 And they said, hey, we have
3 challenges here. Our doctors are suffering.
4 And they inquired about doing some type of
5 buying group. They didn't really know what
6 they wanted.

7 So it didn't make sense for us to do
8 a buying group because we have 64 percent
9 market share in Las Vegas. But what we decided
10 to do is help them and work with manufacturers
11 to provide special deals on whitening.

12 And then we also offered to practice
13 them the HSPA -- that's our practice
14 analysis -- and the other analytics that help
15 our doctors run a more efficient practice.

16 Other than that, as I sit here
17 today, without a list, I can't add to that.

18 Q. So did Schein have a formal
19 agreement with MeritDent for discounts off of
20 products, equipment, and services?

21 A. Not that I recall.

22 Q. Okay. And you mentioned that one of
23 the reasons that Schein thought it did not make
24 sense to work with MeritDent was because Schein
25 already had a 64 percent market share in the

1 Las Vegas area market, correct?

2 MR. McDONALD: Object to the form.
3 Misstates his testimony.

4 A. Right. So they didn't know what
5 they wanted either. It was asking for help.
6 But since it was a group, a small group of
7 doctors putting together a pricing program and
8 a formal agreement I don't recall doing, and it
9 didn't make sense. It is a lot of
10 administrative work to do it too, and it didn't
11 make sense.

12 Q. So why specifically did it not make
13 sense?

14 A. Well, using the same factors that I
15 just went through with you is, they weren't
16 organized or centralized. They didn't know
17 what they actually wanted. They just knew they
18 wanted help.

19 We have a high market share there.
20 I would imagine most of the customers we were
21 already doing business with. But because we
22 always want to help our customers, we
23 decided -- I decided to sit down with them and
24 hear them out and see what their challenge and
25 their pains were and help them out.

1 recall anything more than that.

2 Q. Do you recall being concerned about
3 the development of MeritDent as a buying group?

4 A. I don't recall that, but if there's
5 something where I used concerned, you can show
6 me the document. But I don't remember being
7 concerned about that. I remember being
8 concerned about the market.

9 Q. What do you mean?

10 A. The economy was imploding. It
11 wasn't a good time.

12 Q. So whose decision was it ultimately
13 not to work with MeritDent?

14 MR. McDONALD: Object to the form.
15 Mischaracterizes his testimony.

16 Q. I'll say this: Whose decision was
17 it not to enter into an agreement with
18 MeritDent?

19 A. It would have been mine.

20 Q. Did you have to run it by anyone?

21 A. That decision?

22 Q. Correct.

23 A. No.

24 Q. Generally speaking, when you are
25 making decisions with respect to buying groups,

1 Q. Okay. So the decision not to do
2 business, it sounds like you're saying there
3 were two main reasons. One, they weren't
4 organized or centralized, and the second, that
5 Schein had already had a high market share in
6 the area. Am I getting that right?

7 MR. McDONALD: Objection. Misstates
8 his testimony.

9 A. Okay. They definitely weren't
10 organized. You threw in the word centralized.
11 They weren't organized because they were small.
12 They didn't know what they wanted.

13 And it didn't make business sense to
14 do a formal -- any type of agreement, because
15 they were, again, so small, low market share.
16 So our -- we had a high market share. And we
17 did help them, actually. We didn't say we're
18 not going to help you. We did.

19 And we said, look, we're going to
20 give you the HSPA at this price. There was a
21 couple of other things that I don't remember,
22 and I do remember that we were going to
23 manufacturers saying can we give a special
24 price on these specific items.

25 Don't recall a formulary. Don't

1 am I correct that you would need to speak to
2 Mr. Sullivan or Mr. Steck?

3 MR. McDONALD: Object to the form.
4 Mischaracterizes the evidence.

5 A. There's -- in my mind, there's
6 nothing formal, but because we're a big company
7 and we go coast to coast, and with Henry
8 Schein, it's a tight knit group, if we do
9 something, for example, Klear Impakt in Nevada,
10 and we don't have the ability to communicate
11 that out to everybody, it could go to the east
12 coast to, like Kentucky and say, hey, we have
13 an agreement with Schein, this is great, and
14 then it creates mass confusion.

15 So what I will do -- plus I report
16 to them, of course, report to Dave, of
17 course -- is I will make them aware in some
18 cases of potentially national groups and let
19 them know what I'm working on or not working
20 on. And, ultimately, you know, Dave and Tim
21 both give a lot of leeway to make decisions on
22 things. So if you make a compelling case to
23 work with somebody, they'll absolutely listen.

24 Q. Whose decision -- strike that.

25 If you bring a potential buying

1 group opportunity to Tim or Dave and they
2 provide you with feedback as to what their
3 thoughts are on the group, is it still
4 ultimately your decision as to whether to
5 proceed with working with the group?

6 MR. McDONALD: Object to the form.
7 Overly broad.

8 A. My thoughts on the group carries a
9 lot of influence. But as we have learned more
10 about just the business overall, we now run
11 financial models. So it's no longer just --
12 so, MeritDent, for example, I don't think I got
13 anybody involved with them, and I just made the
14 decision. But a bigger nationwide group, now
15 we have to run a financial model on it, and
16 others will be involved, and it's more of a
17 collaborative decision. But, like I said, if I
18 go to somebody and say, we really need to do
19 this, this makes sense, I believe that I would
20 have the leeway or the freedom to make that
21 decision.

22 Q. What if Mr. Sullivan told you he was
23 not in favor of working with a buying group?

24 MR. McDONALD: Object to the form.
25 Improper hypothetical.

1 A. If Tim or anyone said I'm concerned
2 about this or, hey, you know, it doesn't make
3 sense, we'd have a discussion from a business
4 standpoint of why not. And, again, the factors
5 I gave you, those four factors, would -- would
6 most likely dominate the conversation.

7 Q. And if Mr. Sullivan is not in favor
8 of working with the buying group, would you be
9 able to still form an agreement with the buying
10 group?

11 MR. McDONALD: Object to the form.

12 Asked and answered.

13 A. I wouldn't -- if he told me no,
14 we're not doing this, I wouldn't say, oh, okay,
15 and then go do it. It wouldn't make sense.

16 Q. So has Mr. Sullivan ever provided
17 you with guidance as to how to approach or
18 evaluate buying group business?

19 A. Well, let's take Smile Source, for
20 example. Tim is actually the one who brought
21 Smile Source to me. And when he brought Smile
22 Source to me -- and I put in quotes "to me" --
23 he brought it to my attention, because the APC
24 space at that time was not really developed
25 yet, but we were moving in that direction.

1 We went and met with Smile Source,
2 through some of the questions, and then the
3 followup, again, revolved around those
4 business -- those four business topics. So
5 yeah.

6 Q. When did Mr. Sullivan bring Smile
7 Source to you?

8 A. Well, I've always been aware of
9 Smile Source because, again, we've been on
10 again and off with them. But at one point -- I
11 don't know the year -- Trevor had reached out
12 to Tim, and they always had a really good
13 relationship. So, you know, they were dancing
14 a little bit. And I would say maybe '13, '14.
15 I don't know. Sorry, I don't know the exact
16 date.

17 Q. I don't want you to guess. If you
18 know --

19 A. I don't know the exact year.

20 Q. Okay. My earlier question was just
21 a little different. Does Mr. Sullivan ever
22 provide you with guidance as to how to approach
23 or engage with buying groups?

24 A. You know --

25 MR. McDONALD: Hang on. Object to

1 the form. Overly broad.

2 A. By the time a potential agreement
3 gets to Tim, it has now been, you know, vetted
4 out with the questions. We now run a financial
5 model. You know what his guidance would be?
6 Did we run the financial model on it yet? Did
7 we get the financial team involved with it yet?
8 Yes or no? And then I'll get the financial
9 model involved, and then we have the, you know,
10 the data to make the good decision.

11 Q. So that has been Mr. Sullivan's
12 advice to you with respect to engaging buying
13 groups or getting involved with buying groups?

14 MR. McDONALD: Object to the form.

15 Vague as to time.

16 A. If there is -- I don't know how to
17 answer it, but if there is something else
18 specific that you're -- you know, from a
19 guidance standpoint, that you want to ask, I
20 can answer it. But as I sit here today, in the
21 stuff that we've already outlined, I don't know
22 how else to answer it.

23 Q. Okay. And, again, I'm just asking,
24 generally speaking, your experience working at
25 Henry Schein and interacting with Tim Sullivan

1 as it relates to buying groups, if he's ever
2 given you any specific guidance as to when it
3 makes sense to deal with or engage with a
4 buying group?

5 A. Other than what I've already
6 answered, I can't recall additional guidance.

7 Q. And your answer was just look at the
8 financial modeling, correct?

9 MR. McDONALD: Object to the form.

10 A. My answer was also when I sat
11 with -- when we met with Smile Source, you
12 learn the questions that could be important to
13 Tim. But did he sit down and say, Joe, when
14 we're going to engage in a -- in a buying
15 group, these are the, you know, five things you
16 need to ask? No.

17 Q. Okay.

18 A. No.

19 Q. What are the questions that are
20 important to Mr. Sullivan?

21 MR. McDONALD: Object to the form.

22 Overly broad. Vague as to time.

23 A. Well, as the last example, the
24 financial model would be important. The
25 ability to drive compliance is important. You

1 know, since there's now more of a separation,
2 is there any ownership in the practices is
3 important. But, off the top of my head, that's
4 the only thing. And market share.

5 Q. Anything else?

6 A. Not that I remember specifically.

7 Q. Okay.

8 A. Again, there's no specific
9 discussion on here is our guidance for buying
10 groups.

11 Q. Okay. Are these factors that you
12 just listed that are important to Tim? If a
13 buying group does not meet each of these four
14 factors that you listed, is it Mr. Sullivan's
15 view that Schein should not work with that
16 group?

17 MR. McDONALD: Object to the form.

18 Lack of foundation. Calls for speculation.

19 A. Yeah, I would be speculating on
20 Tim's view. So he -- I've never had guidance
21 that if it doesn't meet these four criteria,
22 it's a no.

23 Q. Do you know whether Mr. Sullivan has
24 ever rejected a potential agreement between
25 Schein and a buying group?

1 A. So what I'm thinking about right now
2 is, again, through the course of litigation and
3 being exposed to a document yesterday, I don't
4 recall if he chimed in on whether we should do
5 business with a group or not. And that was the
6 group I was talking about earlier. So I just
7 don't remember the communication flow and what
8 he had said.

9 But the groups that we're involved
10 in right now, I don't recall him ever saying,
11 you know, stop doing business with them or why
12 are we doing business with them.

13 Q. Well, I'm not limiting my question
14 just to the groups you're doing business with
15 now. Since you've worked at Schein and have
16 interacted with Mr. Sullivan, can you think of
17 any groups that Mr. Sullivan has rejected
18 Schein doing business with?

19 MR. McDONALD: Object to the form.

20 Overly broad.

21 A. Other than what I just laid out with
22 my thought process earlier, I don't recall Tim
23 rejecting a group.

24 Q. Do you recall Mr. Sullivan ever
25 telling you or anyone else that Schein did not

1 want to work with buying groups?

2 MR. McDONALD: Object to the form.

3 A. No. I don't recall we don't work
4 with buying groups, no.

5 Q. Do you recall something similar to
6 that from Mr. Sullivan?

7 MR. McDONALD: Object to the form.

8 A. What would be similar to that other
9 than we don't work with buying groups? I
10 don't -- what would be similar?

11 Q. Anything to the effect of Schein
12 doesn't want to work with or deal with buying
13 groups?

14 MR. McDONALD: Object to the form.

15 A. Not that I recall.

16 Q. Okay. Has Mr. Sullivan ever
17 characterized buying groups as a bad thing for
18 Schein's business?

19 MR. McDONALD: Object to the form.

20 A. I don't recall. But if there's
21 something out there that he has, I can review
22 it with you, but I don't recall him saying
23 that.

24 Q. Do you recall Mr. Sullivan ever
25 saying that Schein did not want to be the first

1 distributor to work with buying groups?

2 MR. McDONALD: Object to the form.

3 A. Not that I recall.

4 Q. Okay. Do you recall Mr. Sullivan
5 ever referring to buying groups as a slippery
6 slope?

7 MR. McDONALD: Object to the form.

8 A. I don't recall that. But, again, if
9 there's something out there, we can review it,
10 but I don't recall him saying that.

11 Q. Has Mr. Sullivan generally always
12 been in favor of working with buying groups?

13 MR. McDONALD: Object to the form.

14 A. I think -- I think Tim has always
15 been open to business opportunities and how it
16 could grow our business, you know, whether it
17 was a buying group or a DSO or a private
18 practice. He was more interested in growing
19 our overall market share than anything else.

20 Q. Has he ever expressed a negative
21 opinion about buying groups?

22 MR. McDONALD: Object to the form.

23 A. A negative opinion? Not that I --
24 not that I recall.

25 Q. Has anyone within Schein ever

1 expressed a negative opinion about working with
2 buying groups?

3 MR. McDONALD: Object to the form.

4 Overly broad.

5 A. I know that people not close to it
6 and not understanding it, there may be some
7 concern over, you know, okay, so why are we
8 going -- why are we doing business with this
9 group? But outside of that, no.

10 Q. Who are you referring to
11 specifically?

12 A. So I can recall a conversation with
13 a gentleman named Eric Nuss in Business
14 Solutions, and when we had the agreement with
15 Smile Source, we are trying to put some
16 Business Solutions stuff together for them.
17 And, you know, coming in here -- coming into my
18 office and saying, you know, explain this. You
19 know, how are we working with Smile Source?
20 What's going on? You know, and then help me
21 understand the direction we're going.

22 But other than that, I don't
23 remember like a negative outcry of why we're
24 doing this.

25 Q. Do you recall anyone at Schein ever

1 saying that Schein has a practice of not
2 working with buying groups or GPOs?

3 MR. McDONALD: Object to the form.

4 A. Not that I recall. If something's
5 out there, let's review it. But I don't recall
6 it.

7 Q. Would you be surprised if someone at
8 Schein has said that in the last 10 years?

9 MR. McDONALD: Object to form.

10 A. Surprised? I don't know if I'd be
11 surprised. I don't know what the right word
12 is. But because, historically, the buying
13 groups haven't been able to drive any type of
14 compliance, it just -- if it came up, it was,
15 well, how are they going to drive compliance?
16 And there was never a good answer, so we moved
17 on. It's almost an insignificant part of our
18 business, and we really weren't exposed to it
19 that much. So I think it's a lack -- one, it
20 was a potential lack of understanding, but two
21 is, you know, we didn't have groups, we weren't
22 exposed to groups like a Smile Source who
23 actually had some type of value proposition.
24 And I'm talking about the '04/'06, talking
25 about going back then.

1 Q. So my question is in the last 10
2 years, so going back to 2008.

3 MR. McDONALD: Object to the form.

4 A. I don't recall. I can't recall
5 specifically if someone had, you know, the
6 negative opinion of a buying group. I know --
7 I know, for me, there was definitely an
8 understanding of challenges and risk there. I
9 definitely know that. But as the industry has
10 evolved and changed, it's -- I've educated
11 myself, so ...

12 Q. In preparing for today's deposition,
13 have you looked at any documents where someone
14 at Schein has said we don't work with buying
15 groups or GPOs?

16 A. That specific statement I don't
17 recall seeing.

18 Q. Something similar to that?

19 MR. McDONALD: Object to the form.

20 If you've got a document, show him.

21 A. Yeah, I don't recall that
22 specifically.

23 Q. Okay. Did Mr. Sullivan ever express
24 concerns to you about the ability of buying
25 groups of GPOs to drive compliance?

1 A. Ask the question again. I'm sorry.

2 Q. Sure. Did Mr. Sullivan ever express
3 to you concerns about the ability of buying
4 groups of GPOs to drive compliance?

5 A. Well, I think the questions that you
6 asked me before about Tim's guidance and
7 whatnot, that that is a general understanding
8 of our experience with buying groups is
9 compliance. Driving compliance is a problem.

10 Q. So Mr. Sullivan has expressed that
11 as a specific concern with respect to buying
12 groups?

13 A. So I don't remember a specific
14 conversation, so I'm going based off of, you
15 know, just I guess different questions I've
16 heard. I don't remember a specific
17 conversation with Tim where he said that to me.

18 MR. McDONALD: When you get to a
19 point, let's take a break.

20 MR. SOLOMON: Totally. Yeah, I'm
21 trying to finish up. I think we've been
22 going an hour.

23 MR. McDONALD: We've been going more
24 than that, an hour and 20, or something.

25 Q. You said you don't remember a

1 specific conversation. What do you recall with
2 respect to Tim Sullivan expressing concerns
3 about buying groups driving compliance?

4 A. So you're asking me something that's
5 specific to Tim's opinion, and, like, I can't
6 tell you a specification event or conversation.
7 And I'm not sure if I'm thinking of, you know,
8 just the questions that I had in my own head or
9 when we were having conversations with Smile
10 Source, so I can't point an event out. So I
11 guess I'm assuming that that would be a
12 question that Tim would ask.

13 Actually, during -- when we were
14 talking about -- about Smile Source, he
15 actually, he did ask that question about Smile
16 Source, now that I'm talking about it. So I
17 have heard him ask that question.

18 Q. And was that in relation to the most
19 recent Smile Source agreement in March of 2017?

20 A. That -- that question came up when
21 we met with Smile Source, which was probably in
22 '15 or '16. Probably '15.

23 Q. Do you recall what year it was, 2015
24 or 2016?

25 A. I'd be guessing on the exact date.

1 Q. So you're not sure?

2 A. I'm not -- I'm not positive.

3 Q. But you think it was either in 2015
4 or 2016?

5 A. I know it was in one of those two
6 years.

7 MR. SOLOMON: Okay. We can take a
8 break.

9 THE VIDEOGRAPHER: Going off the
10 record at 11:43 a.m.

11 (A short break was taken.)

12 THE VIDEOGRAPHER: Going on the
13 record. This marks the beginning of media
14 No. 3. The time is 11:55 a.m.

15 Q. Welcome back, Mr. Cavaretta.

16 A. Thank you.

17 Q. Before the break, we were talking
18 about buying groups. Are you familiar with the
19 term price-only buying group?

20 A. That specific term, no, but I'm
21 aware of price buying groups. I mean ...

22 Q. What are price buying groups?

23 A. Just groups that the -- when you are
24 having -- when you're asking them questions
25 about their value proposition, that the only

1 thing that they're looking for is a better
2 price.

3 Q. How -- strike that.

4 What would you call those groups?

5 A. I guess I'm not sure if I ever put a
6 designation on them. I mean, their value
7 proposition is price only, I guess. I don't
8 know.

9 Q. Does Schein want to work with buying
10 groups who focus on price?

11 MR. McDONALD: Object to the form.

12 A. Well, as you were talking about
13 before with buying groups, when someone says,
14 hey, I'm interested or I have a buying group,
15 we ask the questions, we find out more about
16 them. And if it turns out that there's not a
17 value proposition there, that's beyond, hey,
18 can I get a better deal, then it doesn't make
19 sense.

20 Q. So when you say, "beyond can I get a
21 better deal," do you mean buying groups that
22 are focused on getting a better deal through
23 better pricing?

24 MR. McDONALD: Object to the form.
25 Mischaracterizes testimony.

1 A. So if there's not a value
2 proposition beyond, hey, I'm getting a couple
3 people together and we want better pricing,
4 then that doesn't make sense from a business
5 standpoint --

6 Q. What if --

7 A. -- to do business with them.

8 Q. What if the group is made up of more
9 than a couple people and is trying to get
10 better pricing through Schein?

11 MR. McDONALD: Object to the form.

12 A. I guess I would just stick to the
13 process that I've outlined is we'd have to take
14 a look at them, take a look at what their
15 business model is, take a look at how many
16 customers they have and decide from there if it
17 makes sense for us to do business with them or
18 not.

19 Q. So with respect to buying groups
20 that are focused on price, Schein looks at
21 other factors other than the fact they're just
22 looking at price in determining on whether to
23 do business?

24 MR. McDONALD: Object to the form.

25 A. We look at several different

1 factors.

2 Q. Are you aware of any buying groups
3 focused only on price that Schein has worked
4 with since 2009?

5 A. That we've -- that we have agreement
6 with? I don't -- I don't know.

7 Q. You can't think of any sitting here
8 today?

9 A. I just don't -- I can't say that one
10 group specifically we're doing business with is
11 a price-only group and I can designate them
12 that way. I just don't know.

13 Q. Have you ever heard anyone at Schein
14 say that Schein doesn't like to work with
15 buying groups that focus only on price?

16 A. That specific statement, I don't
17 know if it came out that way, but I know one of
18 the questions is what is the value proposition,
19 and so that's part of the process. If it's --
20 there's more to it than just, hey, I want a
21 better price.

22 Q. So I just would like to walk through
23 you the factors that we talked about earlier,
24 four factors that you said you and Kathleen
25 Titus came up with sometime around 2014 or 2015

1 in determining whether to do business with a
2 buying group.

3 And you mentioned structure, value
4 proposition, driving compliance, and the fourth
5 was whether Schein already had a high market
6 share with members who are part of that group.

7 A. I just want to be clear. Those were
8 the four that you asked me off the top of my
9 head of questions that I would ask, and I also
10 stated that we were learning, Kathleen and I
11 were learning, and that's how we were
12 developing questions.

13 I don't know if the question came
14 off that way, but I just want to be clear. So
15 those were the four factors that you mentioned
16 sitting here that I was able to share with you.

17 Q. Okay. Would you say those are the
18 four most important factors?

19 MR. McDONALD: Object to the form.

20 A. Those are the four factors I thought
21 of sitting here. If there's, again, a document
22 that I could look at, you know, the questions
23 that others have asked, they may be more
24 important.

25 Q. I don't have a document to show you.

1 I'm just asking sitting here today.

2 A. Okay. Right. So if I had more time
3 to think of some questions, maybe I would think
4 of some that would maybe be more important,
5 but, again, those are the four that come to my
6 mine.

7 Q. So with respect to the first factor,
8 structure, what does that mean?

9 A. So we would -- we would go in and
10 we'd ask, tell us about your group, tell us
11 what you're doing, tell us, you know, your
12 mission, how many members do you currently
13 have, and how are you administering this buying
14 group. And, depending on the answers, we ask
15 additional questions.

16 Q. Are there any structures that Schein
17 would not want -- strike that.

18 Are there any specific buying group
19 structures that Schein would not want to work
20 with?

21 MR. McDONALD: Object to the form.

22 A. So there's nothing that says we
23 won't work with this group here because of X,
24 Y, and Z. We go through the process of vetting
25 it out. And if there is not an actual business

1 structure in place, it usually leads to there's
2 no value proposition, there's no compliance,
3 and it's just a loose group and from a business
4 standpoint makes very little sense for us to do
5 business with them.

6 Q. And what do you mean by if there's
7 no business structure?

8 A. I'll take -- again, I'll use Smile
9 Source. They have a corporate office in
10 Houston. They have resources dedicated to, you
11 know, helping members, working with
12 manufacturers. They run it like a business.
13 There's a value proposition. There's people
14 you can talk to. So that would be structure.
15 That would be an example of structure.

16 Q. So those are just examples. They're
17 not necessary in order for a buying group to
18 have a structure that Schein would find to be
19 one that makes business sense?

20 MR. McDONALD: Object to the form.

21 Q. They don't have to have a corporate
22 office and specifically resources dedicated to
23 helping members. Those are just some examples
24 that you're giving?

25 A. So I gave you an example of Smile

1 Source. But do they have to have a corporate
2 headquarters like Smile Source? It doesn't
3 have to be exactly like Smile Source.

4 Q. Okay. You also talked about value
5 proposition. What sort of things are important
6 there?

7 A. Well, what are they doing for their
8 members? Is there education? Do they do any
9 type of consulting? Do they help improve their
10 profitability or their production? Are they
11 offering help with insurance reimbursement?
12 Are they helping with the front-desk services?
13 Do they do any type of HR, marketing?

14 So there's some groups that are out
15 there that actually truly are helping dentists.

16 Q. Why are those factors important to
17 Schein?

18 A. Well, they're important because
19 if -- again, if you're Smile Source and you
20 come and say, hey, we have how many members and
21 we want to figure out a deal with you, we want
22 to know how they're helping the doctors because
23 we want to be aligned, first.

24 But then, second, if it is only,
25 hey, we just want to see if we can get a better

1 price, Henry Schein can do that without having
2 now to pay an admin fee to a third party to
3 lower a price. It's like, it's ridiculous. It
4 doesn't make any sense.

5 Q. So if a buying group just wants to
6 get a lower price, they wouldn't be aligned
7 with Henry Schein?

8 MR. McDONALD: Object to the form.

9 Mischaracterizes his testimony.

10 A. That would be -- if they have
11 nothing else as part of a value proposition,
12 then, to me, from a business decision, it
13 doesn't make any -- it doesn't make a lot of
14 sense to do business.

15 Q. And how does the fact that a buying
16 group is offering these additional services to
17 members, how does that benefit Schein?

18 MR. McDONALD: Objection. Asked and
19 answered.

20 A. Because they are helping their
21 members grow, which are our customers, grow,
22 and when that happens, you know, depending on
23 how much share we have within that buying
24 group, that means our business will grow. And
25 then the services that Henry Schein is also

1 offering, we can also bring those services in
2 to those members. So it makes sense.

3 Q. Turning to the third factor, driving
4 compliance, what's important there?

5 MR. McDONALD: Objection. Asked and
6 answered.

7 A. Compliance is important because, if
8 you are making an agreement with somebody and
9 we're going to give you X, you're going to give
10 us Y, if they can't give Y, then, from a
11 business standpoint, it doesn't make any sense
12 to do business. So the compliance piece is
13 huge.

14 Q. And how does Henry Schein analyze
15 the compliance piece when considering a buying
16 group? What do they look at in determining
17 whether the group could potentially drive
18 compliance?

19 A. So that also goes back to the
20 structure piece, and that's a component of it
21 is, okay, so now you have X amount of members.
22 What does this group do internally to help
23 continue to promote the benefits of working
24 with Henry Schein?

25 From a reporting standpoint, you

1 know, of course, we have the purchases of what
2 those customers are buying. And then is there
3 a way that you can strategize with these --
4 with these groups on how we can improve our
5 business together.

6 When we're talking to them and
7 finding out, it's -- it's around their
8 influence we're trying to understand. So,
9 again, in Smile Source's case, our customer,
10 they outlined how they have an internal group
11 of people that, once a customer is onboarded to
12 Smile Source and using Henry Schein, how
13 they'll do check-ins with them. Okay. That
14 helps with compliance.

15 The messaging to the group, that
16 helps with compliance. Are the members
17 invested into the mission of the actual buying
18 group? Because that helps with compliance.

19 So whenever you do an agreement, you
20 really don't know how well the compliance is
21 going to be until you actually do the deal.

22 Q. When you said the messaging is
23 important with respect to driving compliance,
24 what did you mean?

25 A. Well, if we signed up with a group

1 and we just signed up with a group and there
2 was no communication out to their members of,
3 hey, we're now going to do business with Henry
4 Schein or, hey, we're excited to announce that
5 we have an agreement with Henry Schein, they're
6 going to be our preferred dealer, this is great
7 news. Just a way to message out to the
8 customers, to the members.

9 Q. So by "messaging," you mean
10 promoting the relationship with Henry Schein?

11 A. Announcing the relationship with
12 Henry Schein and why it would benefit the
13 members and why they did it.

14 Q. And the fourth factor we talked
15 about was Schein's existing market share with
16 members of a buying group. What is important
17 with respect to that factor?

18 A. Well, that's important because if
19 there is a group that is out there and it's
20 determined that we already are -- have
21 80 percent of the business, 70 percent of the
22 business, whatever it is, and part of doing a
23 deal with a buying group is, hey, we want to
24 negotiate, you know, a certain price down, and
25 you're also going to give us an admin fee for

1 that, so, thank you, you're going to
2 potentially make us less profit on these
3 customers. We're already preventing the
4 services, and you want us to pay you to do
5 that. So from a market share standpoint, from
6 a business standpoint, that has to be in
7 consideration.

8 Now, if we're in a market where we
9 have 5 percent share and the influence is great
10 and they can drive a lot of business, we may be
11 interested.

12 Q. Now, what if a buying group exists
13 in a market where Schein has 5 percent share
14 but they're focused on Schein, is that
15 something Schein would want to do business
16 with?

17 MR. McDONALD: Object to the form.

18 A. So most of our shares is much higher
19 than that. I know you're using my example.

20 I would go back to the process, and
21 I would still say, from a business decision, if
22 they're not bringing a value proposition above
23 and beyond that to customers, I still don't
24 understand the reason why we would do that.

25 Q. So in instances where Henry Schein

1 has lower market share in a certain region, you
2 don't see business sense in working with a
3 price-only buying group to capture greater
4 market share?

5 A. Overall, if the -- if the only
6 reason why a group exists is to -- just to
7 lower a price to the market, again, we can do
8 that on our own as Henry Schein, and we don't
9 have to pay somebody to do that for us. So we
10 would just change our strategy in that market
11 and go at it alone.

12 Q. So I understand Henry Schein can do
13 that. But it sounds like Schein would be
14 unwilling to work with the buying group; is
15 that right?

16 MR. McDONALD: Object to the form.
17 Mischaracterizes his testimony.

18 A. Can you ask the question again?

19 Q. Sure. I understand Schein can
20 target the customers individually.

21 A. Yeah.

22 Q. But what about working with the
23 customers as part of a buying group?

24 MR. McDONALD: Object to the form.
25 Vague.

1 A. And I'm going to repeat myself.
2 Again, if there's not an additional value
3 proposition where we're not aligned in how we
4 want to help our customers, then I still
5 don't -- wouldn't understand why we would do
6 that solely just for that.

7 Q. So sitting here today, other than
8 structure, value proposition, driving
9 compliance, and market share, can you think of
10 any other factors that Schein would look at in
11 evaluating a buying group?

12 MR. McDONALD: Object to the form.
13 Asked and answered. Overly broad. Vague
14 as to time.

15 A. I think I mentioned, you know, the
16 membership, existing membership. So, I mean, I
17 would just -- I guess I'm comfortable with
18 that.

19 Q. And by "existing membership," what
20 exactly do you mean?

21 A. Well, you may have a group that
22 comes to you and they have the structure, they
23 have the value proposition, and they say, hey,
24 Joe, we have 300 members. This is what our
25 philosophy is. They're buying. We have

1 influence over them. And then that's when the
2 compliance questions come in.

3 And because they already have 300
4 members that exist and it's actually a
5 structured group, then there's opportunity
6 there for us as Henry Schein.

7 Conversely, if it's someone that
8 says, I'm thinking of doing this and ten of my
9 buddies, which has been historically what a lot
10 of the traditional buying groups have been, we
11 want to get together and see what we can do to
12 negotiate a price, it doesn't necessarily make
13 a lot of sense.

14 Q. Have you used any specific term to
15 refer to those kind of groups, the latter kind,
16 where it's just a dentist and some of his
17 buddies getting together to get a better price?

18 A. Have I used a term to describe
19 those?

20 Q. Do you call them something specific
21 or do you also just refer to those as buying
22 groups?

23 MR. McDONALD: Objection to form.
24 Overly broad.

25 A. Well, you know, again, when you

1 opened the deposition today and you asked me
2 about the definition of a buying group, I think
3 that's why I was explaining why there's just so
4 many layers and so many different kinds and
5 exactly why we had to create the APC space.

6 If I had to label them, I would say
7 it's a potential group trying to put, you know,
8 a buying group together. Yeah, I don't know if
9 I had a label for them specifically.

10 Q. Okay. So I'd like to look at some
11 documents with you.

12 A. Okay.

13 Q. I don't have someone here pulling
14 documents for me, so ...

15 MR. McDONALD: Do you want me to
16 help you?

17 MR. SOLOMON: I wouldn't mind that,
18 actually.

19 MR. McDONALD: I'll come over there.
20 As long as I can give you questions.

21 Q. Okay. So I'm handing you -- I'm
22 handing you a document that's been premarked as
23 CX2458. Please take a look at it and let me
24 know when you've had a chance to review.

25 A. Sure.

1 Okay.

2 Q. Okay. Mr. Cavaretta, do you
3 recognize the document, CX2458?

4 A. Yes.

5 Q. Okay. What is this document?

6 A. It's an email.

7 Q. And you're sending this email to
8 someone within Henry Schein?

9 A. I am.

10 Q. Okay. Did you write portions of
11 CX2458 as part of your job at Henry Schein?

12 A. Yeah, I wrote the email.

13 Q. Okay. And did you have personal
14 knowledge of what you wrote on this email in
15 CX2458?

16 A. Personal knowledge as far as ...

17 Q. Did you have personal knowledge of
18 what you wrote?

19 A. So reading it, I don't remember
20 writing this exact email, but I'm reading my
21 words.

22 Q. At the time you wrote this email,
23 did you have personal knowledge of what you
24 wrote?

25 MR. McDONALD: Object to the form.

1 A. If I wrote the email, I would
2 imagine that these were my words.

3 Q. Okay. And this CX2458 describes a
4 meeting you had with Tim, Dave, and John.
5 Do you see that?

6 A. I do.

7 Q. And did you write this email close
8 in time to the meeting you describe in the
9 email?

10 A. The email is from 2011, so I don't
11 know when my meeting with them happened
12 compared to when I wrote the email.

13 Q. Okay. Looking at it sitting here
14 today, does it look like you wrote it right
15 after you had just met with Tim, Dave, and
16 John?

17 MR. McDONALD: Objection to form.
18 Asked and answered.

19 A. It was 2011. I don't know from the
20 time I met with them to the time I wrote the
21 email how much time elapsed.

22 Q. You say in the first sentence: I
23 just met with Tim, Dave, and John. Do you see
24 that?

25 A. I do.

1 Q. Do you have any reason to doubt you
2 wrote this shortly after you met with them?

3 A. Again, I don't know the amount of
4 time that lapsed between meeting with them and
5 writing the email. If that's the question, I
6 have no idea.

7 Q. Did you write it 6 months or a year
8 later?

9 A. I doubt it.

10 Q. Okay. And does CX2458 appear to be
11 a true and accurate representation of the email
12 that you wrote?

13 A. Yeah, these are my words.

14 Q. Okay. And is CX2458 a document that
15 Schein keeps on record in the ordinary course
16 of its business?

17 A. Was that a question?

18 Q. It was a question, yeah.

19 A. If Schein keeps the email?

20 Q. Yep.

21 A. If we were able to produce it for
22 this deposition, I would have to believe we do.

23 Q. Okay. I'm going to ask lots more
24 questions like that today, so ...

25 A. Okay.

1 Q. So does CX2458 refresh your
2 recollection about a group you discussed
3 earlier called MeritDent, which I believe you
4 described as a buying group?

5 A. Parts of it, yes.

6 Q. And based on CX2458, it sounds like
7 you met with Tim, Dave, and John to discuss the
8 MeritDent group. Is that referring to Tim
9 Sullivan, Dave Steck, and John Chatham?

10 A. Yes.

11 Q. So you met with Sullivan, Steck, and
12 Chatham to discuss the MeritDent group in
13 December 2011?

14 A. I have to believe so, yes.

15 Q. And this was around the time that
16 you were considering whether to form an
17 agreement with this buying group; is that
18 right?

19 A. They must have made an inquiry about
20 forming a buying group, so there had to have
21 been contact with them trying to determine,
22 again, those factors that I was talking about.

23 Q. Why did you bring it to
24 Mr. Sullivan's attention?

25 MR. McDONALD: Object to the form.

1 A. When -- this wasn't part of how we
2 were doing business or comfortable doing
3 business, even though we had buying group
4 relationships. So the fact that a small group
5 of doctors in Vegas -- and again, at the time,
6 it was tough -- were looking to put a group
7 together, I think that it could be important to
8 see if this makes any sense. And, like I said
9 before, the factors going into it, it just
10 didn't make any sense.

11 But what did make sense is the value
12 proposition that we offered as Henry Schein.
13 So that's where the other bullet points came
14 from.

15 Q. So Mr. Sullivan told you that he was
16 not in favor of forming an agreement with the
17 MeritDent buying group?

18 MR. McDONALD: Object to the form.

19 A. I don't recall him saying he's not
20 in favor.

21 Q. Do you recall what he did say?

22 A. Not in a conversation from 2011 I
23 don't.

24 Q. So you don't have a recollection one
25 way or the other as to what you discussed with

1 Mr. Sullivan during the meeting described in
2 this email?

3 A. I don't recall any meeting with
4 them.

5 Q. Okay. So I just want to, you know,
6 read your statements here in this email. In
7 your email to Steve Dutson and Diane Zurko, you
8 state: As you can imagine, they feel the same
9 way as we do, that we don't want to be the
10 first company to open the floodgates to the
11 dangerous world of GPOs.

12 Do you see that?

13 A. I do.

14 Q. So did Mr. Sullivan tell you that he
15 didn't want Schein to be the first to open up
16 the floodgates to the dangerous world of GPOs?

17 MR. McDONALD: Object to the form.

18 A. I don't remember Tim saying that
19 specifically. Again, I don't remember the
20 conversation from 2011.

21 Q. Got it. You wrote it here on this
22 page with respect to your meeting with
23 Mr. Sullivan, Mr. Steck, and Mr. Chatham,
24 correct?

25 A. It's in the email, correct.

1 Q. Do you have any reason to doubt that
2 that's what Mr. Sullivan told you during the
3 meeting?

4 MR. McDONALD: Object to the form.
5 Mischaracterizes the document.

6 A. I do because I don't remember the
7 conversation. So I doubt that -- of course I
8 have doubt that that was said.

9 Q. So sitting here today, how do you
10 understand the statement that Schein doesn't
11 want to be the first company to open up the
12 floodgates to the dangerous world of GPOs?

13 A. Well, as we talked about before, in
14 my own experience, going back to even the
15 Farber Group in '04, the success of buying
16 groups was very limited. Our experience with
17 buying groups was very limited. And at that
18 point, it still didn't make sense to, you know,
19 go into, in this case -- and this is Las
20 Vegas -- a high market share area, to negotiate
21 a price down and start a potential precedent
22 when we didn't need to.

23 So I think that's, you know, a
24 decision that made sense at the time not to --
25 not to play with it.

1 Q. So at this point in time, Schein did
2 not want to play with buying groups?

3 MR. McDONALD: Object to the form.

4 Mischaracterizes his testimony.

5 A. So in this specific example, this
6 specific opportunity, it didn't make sense to
7 have some type of formal agreement. But,
8 obviously, we had other agreements with buying
9 groups already. So in this example, in this
10 case, it didn't make complete sense to do a
11 formal agreement with them.

12 Q. The focus of your statement,
13 however, is about the world of GPOs, in
14 general. You don't say specifically there that
15 you're concerned about this specific buying
16 group. You're referring to GPOs in general,
17 correct?

18 MR. McDONALD: Object to the form.

19 Mischaracterizes his testimony and the
20 document.

21 A. I'm talking about MeritDent Group in
22 this document, and I generalize in here, you
23 know, the world of GPOs.

24 Q. Why did Schein not want to be the
25 first to work with GPOs?

1 MR. McDONALD: Object to the form.
2 Mischaracterizes his testimony and the
3 document.

4 A. Well, we may have. We may have been
5 the first, because if you go back to 2004,
6 there could have been -- that could have been
7 the first one.

8 What I'm referring to here is, if
9 you are going to engage in a group of small
10 members of a buying group, that is a change to
11 what our business model has been and our
12 business strategy has been.

13 Times were different at this time.
14 So it could have been a short-term opportunity
15 to help people. It could have been a
16 short-term opportunity that turned into a
17 long-term gain and made sense.

18 But at this time, it didn't make
19 sense for us to get involved with this buying
20 group and other buying groups that could
21 potentially be like it because, from a business
22 standpoint, again, it didn't make sense for us
23 to do it.

24 Q. Are you aware of other buying groups
25 like MeritDent that Schein refused to form an

1 agreement with?

2 A. As I sit here today, I do not
3 recall. Actually, during the course of
4 litigation, the one I referred to earlier with
5 the PMGS was one that I clearly -- my memory
6 has been refreshed, and I remember that.

7 Q. And you're referring to Pacific
8 Group Management Services?

9 A. Or PGMS. I believe that's the
10 group. I need to see the email to confirm
11 that, yes.

12 Q. Any others?

13 A. And what's the time frame that we're
14 referring to?

15 Q. In the last 10 years.

16 A. So even recently?

17 Q. Correct.

18 A. Okay. Yes, we've had -- I mean, now
19 that we're part of the APC space, there is
20 inquiries that come in. I can't tell you how
21 many in a week or in a month. But after
22 reviewing what the value proposition is, all
23 those factors I've already outlined, we've
24 definitely decided not to do business with
25 certain groups, sure.

1 A. So, again, I'm not sure if we were
2 or weren't. We can go back to 2004 and look at
3 the history of groups that we've worked with.
4 Because, I mean, I also write in there based on
5 the fact that we will not guarantee all our
6 business will come to Schein and will not fall
7 into the CAG world either.

8 So we're clearly talking about
9 compliance, trying to understand where a group
10 like this would fit. The CAG world is a
11 special markets world, so it's still separate,
12 so it just -- it didn't make business sense to
13 do a formal agreement with MeritDent.

14 Q. You were concerned that doing
15 business with MeritDent would open the
16 floodgates on other similar type groups; is
17 that right?

18 MR. McDONALD: Object to the form.
19 Mischaracterizes his testimony.

20 A. I'm not sure how else to answer it.
21 But, yeah, I don't know how else to answer your
22 question other than what I've already answered.

23 Q. So I'm just trying to figure out if
24 Schein has always worked with buying groups and
25 GPOs why you would say that Schein didn't want

1 Q. So you say that at this time you
2 thought it didn't make sense to do business
3 with MeritDent, correct?

4 A. Correct.

5 Q. And did Mr. Sullivan share that
6 opinion?

7 MR. McDONALD: Object to the form.

8 A. I can only go by this email of what
9 potentially could have been discussed in that
10 2011 conversation.

11 Q. But you also say that it was
12 important that Schein did not act as the first
13 company to open the floodgates.

14 Why was it important that Schein
15 wasn't first?

16 MR. McDONALD: Object to the form.

17 Mischaracterizes his testimony.

18 A. I don't know if that's important or
19 not. I wrote it, but I don't know at the time
20 of writing it why that could have been
21 important.

22 Q. Did you mean that Schein didn't want
23 to be the first distributor to work with GPOs?

24 MR. McDONALD: Object to the form.
25 Asked and answered.

1 to be the first, that Schein didn't want to
2 open the floodgates and that the world of GPOs
3 is dangerous?

4 MR. McDONALD: Objection. Object to
5 the form. Asked and answered.

6 A. Yeah, so I would imagine part of
7 this is I could have worded it differently
8 because we clearly were already working with
9 them. But a group like this, where it is a
10 small group, was not the business model that we
11 existed with today, for the most part.

12 So did we want to change that or
13 not? And there wasn't a business reason to
14 change it because of the factors that I've
15 already reviewed with you. So the decision was
16 made not to do a formal agreement, but,
17 clearly, if you see everything else that we've
18 outlined here, we were trying to help our
19 customers.

20 Q. You also mentioned earlier that at
21 this point in time, Schein did not have a lot
22 of experience with buying groups. So what did
23 you mean by that?

24 A. For me, personally, other than the
25 Farber Group, I was aware of -- I was aware of

1 Smile Source. At this point, Dental Co-op was
2 around, so there was some familiarity.

3 But a group -- but a group like
4 this, where there was smaller groups, we
5 weren't engaged with them because, again, they
6 can't drive the compliance. So I'm comparing
7 it to what I know now and my experience now, as
8 I sit here today, responsible for the APC
9 group.

10 Back to 2011, that's 7 years ago,
11 that's a lot of learning and a lot of
12 transition along the way. So my knowledge of a
13 buying group today -- and I'm calling them
14 GPOs -- so it's vastly different than it was in
15 2011.

16 Q. So at this point in 2011, your
17 experience with buying groups included the
18 Dental Co-op of Utah and what you've referred
19 to as the Farber Group; is that right?

20 MR. McDONALD: Mischaracterizes his
21 testimony. He also said Smile Source.

22 Q. Well, were you involved at all in
23 the Smile Source relationship with Schein prior
24 to 2012?

25 A. Involved, which is broad, yes.

1 Q. Okay. So Smile Source, the Dental
2 Co-op of Utah and the Farber Group were three
3 groups you're testifying that Schein worked
4 with around the time of this email?

5 A. I'm testifying that those are, as I
6 sit here now, those are the ones that I was
7 familiar with. The Farber Group I hadn't been
8 part of for 5 years, so at that point I
9 wouldn't have known if it still existed or not,
10 but yeah.

11 Q. Okay.

12 A. Yeah.

13 Q. When did Schein start working with
14 the Dental Co-op of Utah?

15 A. Can I give a general?

16 Q. Sure.

17 A. I would say 2007/2008.

18 Q. Okay. And what about the Farber
19 Group?

20 A. 2004ish.

21 Q. Does the Farber Group refer to the
22 Long Island Dental Forum?

23 A. Forum, yes.

24 Q. So that's the same group as the Long
25 Island Dental Forum?

1 A. Is the way I understand it now, it
2 is, yes.

3 Q. So they're not two separate groups?

4 A. My understanding of it is Faber is
5 the head of the group and the head of the Long
6 Island Dental Forum group. So if it's listed
7 out separately, I don't know if anything has
8 changed since then.

9 Q. As far as you're aware, it's a
10 single group?

11 A. As far as I know, it's a single
12 group.

13 Q. And do you know when the
14 relationship with Smile Source and Schein began
15 prior to 2012?

16 A. I was brought into conversations
17 with Smile Source by Glen Meltzer. That, most
18 likely, would have been '07/'08.

19 Q. Okay. I want to direct your
20 attention to, in this email, numeral 1. You
21 write: I will explain to Dr. Ball --

22 A. Bally.

23 Q. Bally -- that the one-price-fits-all
24 strategy doesn't translate well in our world.

25 Do you see that?

1 A. I do.

2 Q. Did you mean that Schein didn't want
3 every customer to pay the same price with
4 respect to dental products?

5 MR. McDONALD: Object to the form.

6 A. As I sit here reading that, I can't
7 tell you exactly what I was meaning when I
8 wrote that.

9 Q. Okay.

10 A. Because the one-price-fits-all, I
11 don't -- even when I'm reading it, I don't
12 understand it.

13 Q. Okay. Is there anything that you
14 could look to, either in your email or your
15 files or records, that would help refresh your
16 recollection as to what you discussed with
17 Mr. Sullivan in the meeting referenced in
18 CX2458?

19 A. No, because through the course of
20 discovery, I think we had -- you have
21 everything.

22 Q. So sitting here today, you can't
23 think of anything that you could look to that
24 would refresh your recollection as to what you
25 might have discussed or what Mr. Sullivan might

1 have said?

2 A. As I sit here today, no.

3 Q. And you just don't recall one way or
4 the other what Mr. Sullivan told you about
5 MeritDent and the meeting referenced in CX2458?

6 MR. McDONALD: Objection to form.
7 Mischaracterizes his testimony.

8 A. This meeting was -- conversation was
9 in 2011. I don't remember that conversation.

10 Q. Okay.

11 MR. McDONALD: If you're going to
12 another document, why don't we take a
13 break. It's 12:37 or something like that.

14 MR. SOLOMON: Okay. I'm fine with
15 that.

16 THE VIDEOGRAPHER: Going off the
17 record at 12:36 p.m.

18 (A lunch break was taken.)

19 THE VIDEOGRAPHER: Going on the
20 record, this marks the beginning of Media
21 Number 4. The time is now 1:27 p.m.

22 Q. Hello, Mr. Cavaretta. Welcome back.

23 So I'd like to look at a few more
24 documents with you.

25 A. Okay.

1 Q. I'm handing you a document that's
2 been premarked as CX2504. Please look it over
3 and let me know when you've had a chance to
4 review it.

5 A. Sure. Okay.

6 Q. Okay. Mr. Cavaretta, do you
7 recognize CX2504?

8 A. As -- as an email, I recognize it,
9 yes.

10 Q. Okay. So what is CX2504?

11 A. It's an email regarding the Dental
12 Co-Op.

13 Q. And did you receive CX2504 as part
14 of your job at Schein?

15 A. Meaning the -- the involvement
16 in ...

17 Q. You received some of the emails in
18 this chain, correct?

19 A. I did.

20 Q. And you received them as part of
21 your job at Schein?

22 A. Yes.

23 Q. And you wrote portions of CX2504, as
24 well, correct?

25 A. I did.

1 Q. And you wrote that as part of your
2 job at Schein?

3 A. I did.

4 Q. Okay. So I'd like to direct your
5 attention first to 2504-003. And Ms. Titus, on
6 January 28th, 2011, at 2:19 p.m., says -- and I
7 think she's referring to Dental Cooperative --
8 They are essentially a GPO, which is not a good
9 fit for either of our divisions. However, it
10 is a better fit for HSD than SM.

11 Do you see that?

12 A. I do.

13 Q. Do you understand by SM, Ms. Titus
14 is referring to special markets?

15 A. I do.

16 Q. And so she's saying GPOs are better
17 fit for HSD than they are for special markets;
18 is that right?

19 A. That's what she --

20 MR. McDONALD: Hang on.

21 Object to the form.

22 A. In her email, she writes: However,
23 it's a better fit for HSD than SM.

24 Q. And do you understand her to be
25 saying that because that the Dental Co-Op of

1 Utah is comprised of independent dentists?

2 MR. McDONALD: Object to the form.

3 A. You'd have to ask Kathleen. She
4 wrote the email, so ...

5 Q. Do you agree with her statement?

6 A. That it -- that it's a better fit
7 for HSD than special markets?

8 Q. Uh-huh.

9 A. Since it's private practices, HSD
10 would -- would do business with the private
11 practices.

12 Q. And she's referring to the GPO,
13 Dental Co-Op of Utah. I don't think she was
14 referring to the private practices themselves.

15 MR. McDONALD: Object to the form.

16 Are you telling him what the email says --

17 Q. Well, is that your --

18 MR. McDONALD: -- or are you -- are
19 you just making that up?

20 Q. Is that your understanding, as well,
21 Mr. Cavaretta?

22 MR. McDONALD: Object to the form.

23 A. Can you ask that question again?

24 Q. Sure. Ms. Titus is referring to the
25 GPO, Dental Co-Op of Utah, being a better fit

1 for HSD, rather than for special markets,
2 correct?

3 A. The way I'm taking the email is
4 the -- the private practices that are part of
5 Dental Co-Op is the reason why she's saying
6 that.

7 Q. And would you agree with her
8 assessment?

9 A. Well, if it's private practices,
10 then HSD would have been dealing with that.
11 That would have been our P&L.

12 Q. So buying groups of independent
13 dentists would fall within HSD?

14 MR. McDONALD: Object to the form.

15 A. So I think that was part of the --
16 the confusion. The concern is they -- there
17 wasn't really a specific division that they
18 went to. So because it was private practices
19 in this case, that's why Kathleen was pushing
20 it back to us or sending it back to us.

21 Q. Okay. And then if you turn to the
22 first page of CX2504, I'd like to direct your
23 attention to your email to Randy Foley on
24 January 30th, 2011. Do you see where I'm
25 pointing you to?

1 A. I do.

2 Q. Again, sorry, it's 1:06 p.m.

3 A. I do.

4 Q. Okay. And you tell Mr. Foley -- I
5 assume you're talking about the Dental Co-Op of
6 Utah -- They're out of SLC, but this is not the
7 IDA.

8 And Salt Lake City there refers
9 to -- or SLC refers to Salt Lake City?

10 A. Correct.

11 Q. Okay. They are in AZ, Boise, Utah,
12 and are trying to get into Vegas.

13 Did I read that correctly?

14 A. You did.

15 Q. Okay. And so you're stating here
16 the Dental Co-Operative of Utah was a buying
17 group that was trying to expand into Vegas in
18 2011, correct?

19 A. Correct.

20 Q. And was it your understanding that
21 they were trying to expand outside of Salt Lake
22 City, generally speaking, or just in Vegas?

23 MR. McDONALD: Object to the form.

24 Lack of foundation.

25 A. In this email, they're specifically

1 referencing Vegas.

2 Q. Okay.

3 A. So Vegas.

4 Q. You go on to write one sentence
5 down: However, they insist on making pricing
6 one of the reasons to join them. This is the
7 rub and why we'll not support them outside of
8 SLC.

9 Do you see that?

10 A. I do.

11 Q. Okay. So you're saying here that
12 Schein was not supporting the Dental Co-Op of
13 Utah's expansion outside of Salt Lake City in
14 January of 2011, correct?

15 MR. McDONALD: Object to the form.

16 A. What I was saying there -- and I --
17 I remember it -- is that in Utah, they had a
18 robust offering, which is pretty much
19 everything that was in the first part of this
20 email, and they were able to execute on that in
21 Utah.

22 As they asked for -- for, you know,
23 endorsement in helping them roll out in Arizona
24 and Boise, which I did, we were learning that
25 their valued service were -- were not reaching

1 out there, were not -- it was not replicating
2 like it was in Utah.

3 And they hired somebody, and all
4 this individual was doing was talking about
5 the -- the price. So that became their value
6 proposition.

7 In Vegas, the same thing was
8 happening. So once again, Vegas, we have a 64
9 or -5 percent market share at that time, and we
10 have an individual that is not talking about
11 insurance reimbursement and fees and CEU
12 courses and -- and everything else. He was
13 going in there and just talking about join us
14 and we'll be able to reduce their price. So
15 that was when we fell out of alignment there.

16 Q. So Schein did not want to support
17 the Dental Co-Op of Utah's expansion outside of
18 Utah because they were just making the focus on
19 price outside of Utah; is that correct?

20 MR. McDONALD: Object to the form.

21 A. Their value proposition and what we
22 both agreed to each other that we were going to
23 be doing, stopped.

24 Q. When did that stop?

25 A. Well, the only data I have in front

1 of me that I can remember now is this email
2 that -- so I would imagine 2011, it stopped --
3 it started to -- they started to get away from
4 what their offering was.

5 Q. Okay. And so because they were
6 getting away from what their offering was,
7 Schein did not want to support their expansion?

8 A. It didn't make sense for us to
9 continue to support the expansion. And
10 secondly is, I believe in this letter, he was
11 rolling it out, and we hadn't discussed it. So
12 the -- the alignment was -- was definitely
13 faltering there.

14 Q. Okay. And which letter are you
15 referring to?

16 A. The overview from the member
17 services, isn't that --

18 Q. What page are you on?

19 A. That -- I'm reading that -- 004,
20 rolling into 005, rolling into 006, where it
21 outlines -- where it outlines what they were
22 doing. And I'm assuming this was a letter that
23 was sent out to their members, because it says
24 from member services, unless I'm reading it
25 wrong.

1 Dental Co-Op into other states, into other
2 regions with our team. He could have -- he --
3 I think they still exist, and they're expanding
4 without Henry Schein's endorsement. But you --
5 you can't go into a state or a region, saying,
6 hey, this is Schein supporting and endorsing
7 us, without that actually happening.

8 Q. So Andy, who are you referring to?
9 Andy Eberhardt?

10 A. He was the head of Dental Co-Op.

11 Q. Okay. So Andy Eberhardt was using
12 Schein's name in other states without Schein's
13 consent. Is that what you're stating?

14 A. He was in -- when it started in
15 Vegas, it was rolling out into Vegas -- this is
16 from what I remember -- without us being
17 onboard, without me being able to communicate
18 to my team, without us being aligned. So
19 from -- what I remember is, he went and -- and
20 started rolling it out.

21 And, yeah, I didn't say, yeah, let's
22 go, team. Here's what's going on. I didn't
23 get a chance to educate anybody. I don't even
24 remember if we actually agreed to continue to
25 roll out in Vegas.

1 Q. Okay. So what in this part of
2 CX2504 caused concern for Schein specifically?

3 MR. McDONALD: Well, object to the
4 form. He can tell what you caused him
5 concern.

6 A. From this letter, it was, this is
7 what their value proposition was in Utah. What
8 they were now doing in Vegas was not the same
9 value proposition. So they started sending out
10 to members in Vegas that, you know, they're
11 rolling in and -- and from what I remember,
12 hey, Schein is endorsing this. Yet we hadn't
13 come to any type of agreement on that. So
14 that's how I remember it came out.

15 Q. So Schein was okay what the Dental
16 Co-Op of Utah was doing in Utah, but was
17 against what they were doing outside of Utah?

18 MR. McDONALD: Object to the form.

19 Vague as to time.

20 A. No. Our working relationship in
21 Utah was very good. We were aligned. We were
22 talking. We were doing everything that we
23 committed to.

24 What Andy wanted to do, when he was
25 expanding, is he wanted me to endorse the

1 I know at one point, after we
2 started talking and we got on the same page,
3 that I did give him access to our team. We
4 actually did do one or two joint seminars,
5 which didn't go well.

6 So he went first into Vegas without
7 me being able to educate the team, without me
8 being able to give an endorsement, saying, hey,
9 you know, this is something that we've decided
10 to do.

11 In addition, as you can see in here,
12 once it started rolling out, things were
13 happening in Vegas that didn't happen in Utah.
14 He was endorsing other dealers. He was
15 starting to get in with other manufacturers.
16 So it was, like, okay, what's going on here?
17 This is not what we agreed to. This is --
18 we're not aligned.

19 Q. Was that happening in this time
20 frame of January 2011?

21 A. So I can say by this email, when
22 they're talking about Darby now being endorsed,
23 I have to assume, based on this email, it was.

24 Q. Okay. And can you identify any
25 other concerns in this email that you expressed

1 with respect to Dental Co-Op of Utah?

2 A. I don't know if I completely
3 understand the question, but I don't --

4 Q. Sure.

5 A. -- I don't know if I need to go any
6 further -- I mean, I don't feel like I need to
7 go further with this email, but -- if that's
8 the question.

9 Q. Okay. Again, focusing on the
10 January 30th, 2011 email, at 1:06 p.m. on the
11 first page, you talk specifically about the
12 fact that the Dental Co-Op of Utah making
13 pricing a focus is the reason why Schein will
14 not support their growth outside of Utah. Am I
15 correct?

16 MR. McDONALD: Object to the form.
17 Mischaracterizes the document and his
18 testimony.

19 A. So once again --

20 Q. And I'm just focusing on the
21 statement right here we're looking at.

22 A. I -- I understand focusing on the
23 statement. But the statement doesn't represent
24 everything that was going on, is -- in Utah,
25 there was an agreement. There was a direction,

1 and everyone was doing what they agreed to.

2 As they started going away from
3 Utah, it became about -- they hired some
4 individual who was just going around talking
5 about the pricing piece of it, which was not
6 what the Dental Co-Op had agreed to with us and
7 not what we agreed to allow to endorse them
8 to go to other markets.

9 So when that changes, that's -- it's
10 not okay. So I don't know a better way to
11 answer that, other than we -- we were becoming
12 further from being aligned.

13 Q. And you were concerned about that at
14 the time of this email?

15 MR. McDONALD: Well, I object to the
16 form. Vague as to you're -- what's "that"?

17 Q. You were concerned about what you
18 just described at the time of this email with
19 respect to the price focus?

20 A. It was -- yeah. I said, this
21 doesn't make sense because the value
22 proposition you're offering in Utah is changing
23 outside of Utah. So that needed to be
24 addressed and discussed and -- yeah, it's in
25 the email.

1 Q. You mentioned earlier that you had
2 inherited this group when you had started as VP
3 of the western area at some point, correct?

4 A. To be clear, I became the western
5 zone manager. And when I took over the western
6 zone, that's -- I wasn't the VP -- that's when
7 the relationship was inherited.

8 Q. And what -- or when was that?

9 A. I believe I started as a western
10 zone manager in 2009, yeah.

11 Q. So you would have inherited the
12 Dental Co-Op of Utah relationship sometime in
13 2009?

14 A. So when I took over, yes, it was --
15 the relationship already existed in Utah.

16 Q. Okay. When you took over, do you
17 recall when you first learned about the Dental
18 Co-Op of Utah?

19 A. I -- I remember Jeff Harmon making
20 me aware of it, and I remember having to
21 understand it. But beyond that, I don't
22 remember, you know, specific details.

23 Q. When you first learned about the
24 Dental Co-Op of Utah in 2009, did you think
25 that the concept was a good one?

1 A. When I first heard about it, of
2 course, you -- it was so unique, and it was --
3 it was -- it was different than what I was used
4 to, that I had to explore and ask more
5 questions. So between Jeff explaining it to me
6 and then going in and meeting with Andy, I -- I
7 understood better what it was.

8 Q. And do you --

9 A. Yeah. Go ahead.

10 Q. Do you recall what you learned about
11 the Dental Co-Op of Utah when you asked those
12 questions in the 2009 time frame?

13 A. The only thing I remember -- I
14 remember learning two things: One is what our
15 offering was to them, and the second thing is
16 going and meeting Andy and him outlining to me
17 how -- their main focus was really, again,
18 going after the insurance reimbursement and
19 helping doctors that are being hurt by
20 insurance reimbursement in Utah.

21 Q. And in 2009, did you think that the
22 relationship with the Dental Co-Op of Utah was
23 a beneficial one?

24 A. From I recall, after -- yeah, after
25 learning more about it and -- and getting

1 educated on it, I did, because they were also
2 introducing Schein into these offices, and we
3 were doing HSPAs for these offices. So it
4 seemed like a mutually beneficial relationship.
5 That's what I recall.

6 Q. How else was the relationship
7 mutually beneficial?

8 A. I think we were growing each
9 other's -- we were helping them grow their
10 membership, and our business was growing within
11 their membership.

12 Q. Any other ways in which the
13 relationship was mutually beneficial?

14 A. Off the top of my head, I -- I can't
15 think of one.

16 Q. Did Schein increase the amount of
17 business it was doing with Dental Co-Op of Utah
18 members over time starting in 2009 when you
19 took over?

20 A. I don't remember the exact dollars
21 or percentages, but I do know that our -- that
22 our business with them was growing. Part of it
23 was because the -- the members we helped Dental
24 Co-Op sign up, so the volume went up. But
25 there was definitely some growth in those --

1 those accounts.

2 Q. And dentists were receiving a
3 discount from Schein, who were a part of the
4 Dental Co-Op of Utah?

5 A. They did.

6 Q. Can you recall what those discounts
7 were?

8 A. If -- if -- do you have the
9 contract?

10 Q. I don't.

11 A. Okay.

12 MR. McDONALD: Well, if we have one,
13 it's been produced.

14 THE WITNESS: Okay.

15 Q. I'm just saying I don't have it with
16 me here at this moment.

17 MR. McDONALD: Okay. So don't
18 guess.

19 THE WITNESS: Okay.

20 MR. McDONALD: I mean, you're under
21 oath to tell the truth. You're not under
22 oath to guess.

23 A. I know there was a -- a discount
24 associated with it and an admin fee going back
25 to the co-op. That was the structure of it.

1 Q. If you look at Mr. Foley's email to
2 you on January 30th, 2011, at 1:13 p.m., he
3 asks: Is it Thorup? They're doing about
4 1 million with HSD. Kind of hard to rock that
5 boat.

6 Do you understand Mr. Foley to be
7 saying at the time of this email, the Dental
8 Co-Op of Utah members were doing \$1 million in
9 business with HSD?

10 A. Oh, it's where he says: Is this the
11 Thorup group of SLC -- out of SLC?

12 Q. It's on the first page?

13 MR. McDONALD: He's looking at the
14 first page.

15 A. Okay. I'm sorry.

16 Q. Starting with, is it Thorup, just
17 that whole sentence.

18 A. So can you ask me the question
19 again --

20 Q. Sure.

21 A. -- because now I've found the email.

22 Q. My question was: At the time of
23 this email in January 2011, did you understand
24 Mr. Foley to be saying that Dental Co-Op of
25 Utah members were doing \$1 million in business

1 with HSD?

2 MR. McDONALD: Object to the form.

3 A. No, because, as I put in there, I'm
4 not sure if Thorup is part of it. So I didn't
5 know if Randy was talking about a group that
6 special markets was doing business with or if
7 this was the Dental Co-Op.

8 Q. So you're not certain what Mr. Foley
9 was referring to there?

10 A. Not exactly.

11 Q. Okay. You can put that document
12 aside.

13 I'm going to show you one.

14 MR. SOLOMON: I'm showing
15 Mr. Cavaretta a document that has been
16 premarked CX2505.

17 Q. Please look it over and let me know
18 when you've had a chance to review.

19 A. Okay.

20 Q. Mr. Cavaretta, you've had a chance
21 to review CX2505?

22 A. I have.

23 Q. And what is CX2505?

24 A. It's an email about the Dental Co-Op
25 of Utah.

1 Q. And you drafted part of CX2505,
2 correct?

3 A. I did.

4 Q. And you did so as part of your job
5 at Henry Schein?

6 A. Correct.

7 Q. Okay. And I want to focus on the
8 first email from -- well, I want to focus on
9 the first page. There's an email from
10 Mr. Steck to you, July 25th, 2011 at 9:01 a.m.
11 Do you see that?

12 A. I do.

13 Q. And Mr. Steck is emailing you about
14 the Dental Co-Op of Utah, which is the subject
15 of this email, right?

16 A. That is correct.

17 Q. And he asks -- the second line --
18 well, he says to you: This one group in Utah
19 is our largest single regular dental customer
20 in the United States.

21 Do you see that?

22 A. I do.

23 Q. So Mr. Steck is telling you here as
24 of the time of this email, the Dental Co-Op of
25 Utah was Schein's largest regular dental

1 customer in the U.S., correct?

2 A. In Dave's words, that's what he's
3 saying, yes.

4 Q. Okay. Did you understand that to be
5 the case, as well?

6 A. Probably not before I read the
7 email.

8 Q. Do you have any reason to doubt that
9 that was the case at the time of this email?

10 A. I -- I took Dave for his word.

11 Q. Okay. Turning to the next email,
12 this is from you to Mr. Steck in response at
13 9:15 a.m. I'd like to focus on the second
14 paragraph beginning with "we really should."
15 Do you see that?

16 A. Yes.

17 Q. Okay. And the second sentence, you
18 write: This concept, as you know, is becoming
19 more and more common, and I get about one
20 request every two months from a group looking
21 to start a co-op ... my answer is always no.
22 Do you see that?

23 A. I do.

24 Q. I read that correctly?

25 A. You did.

1 Q. And you're saying in -- in this
2 email that at this point in 2011, you believed
3 inquiries from buying groups to Schein were
4 becoming more and more common, correct?

5 MR. McDONALD: Object to the form.

6 A. I can only go back to what my email
7 said, so one request every two months.

8 Q. Okay. And you say that you would
9 say no to all of the buying groups that would
10 approach Schein, correct?

11 MR. McDONALD: Object to the form.

12 A. In my email, I did say: My answer
13 is always no.

14 Q. Okay. And do you have any reason to
15 doubt -- or strike that.

16 With respect to the Dental Co-Op of
17 Utah, in the next sentence, you say: However,
18 with this group, they already had roots in Utah
19 before I took over, so I'm managing the
20 relationship carefully.

21 Do you see that?

22 A. I do.

23 Q. So you're saying that with respect
24 to the Dental Co-Op of Utah, this was an
25 exception since it was a group that was already

1 established before you took over; is that
2 right?

3 MR. McDONALD: Object to the form.

4 The document speaks for itself.

5 A. Okay. Again, what I -- I'm saying
6 is that this relationship existed, and -- and
7 I'm managing it.

8 Q. And in the earlier sentence, you're
9 saying with respect to other co-ops, your
10 answer is always no, correct?

11 A. So I say that in the email, but once
12 again, at the time is -- the co-op component or
13 the buying group component of what was being in
14 front of us didn't make sense. So the co-ops
15 that -- or the people that were asking us to
16 become a buying group -- and I'll use MeritDent
17 as an example. They weren't established like
18 Dental -- the Dental Co-Op of Utah, so there
19 wasn't a structure in place, and there wasn't a
20 value proposition. So at that time, my answer
21 must have been no.

22 Q. Okay. So all of the co-ops or
23 buying groups that were approaching you at the
24 time were not established or organized, and so
25 you would say no to doing business to them?

1 MR. McDONALD: Object to the form.

2 Overly broad.

3 A. I can't say that all of them were --
4 what structure they all had. But if they
5 didn't have the -- the structure that made
6 sense, then the answer was no.

7 Q. Okay. Turning to -- going back up
8 to the first paragraph, and underneath it,
9 there's some numerals listing out various
10 items. Do you understand that to be a list of
11 the services and value that the Dental Co-Op
12 offered to their members at this time?

13 A. It was a summary of what I knew off
14 the top of my head at the time of writing the
15 email.

16 Q. Okay. And, again, this represents
17 those services and value that the Dental Co-Op
18 of Utah member -- strike that.

19 This represents the value and
20 services that the Dental Co-Op of Utah provided
21 to their members at the time of this email,
22 correct?

23 A. That's what I understood the Dental
24 Co-Op was offering specifically in Utah, yeah.

25 Q. Okay. You can put that document

1 aside.

2 A. Okay.

3 Q. I'm going to hand you another
4 document, Mr. Cavaretta. This has been
5 premarked as CX2255 [sic]. Please look this
6 over and let me know when you've had a chance
7 to review it all. And I would just like to
8 point out for the record that -- Mr. Cavaretta,
9 CX2225-002. Do you see that?

10 A. Yes.

11 Q. So this is an email that is not a
12 part of this email chain.

13 MR. SOLOMON: And, John, we've
14 looked at this example before. And this is
15 an example of something that inadvertently
16 was -- was added in as part of this email
17 chain. But I think we can agree, and
18 hopefully counsel will agree with me, that
19 you can disregard 2252-002.

20 MR. McDONALD: Didn't we go over
21 this with Tim?

22 MR. SOLOMON: Yeah, we did.

23 MR. McDONALD: I thought -- I
24 thought you guys were going to fix that.

25 MR. SOLOMON: We had this stuff

1 preprinted.

2 MR. McDONALD: So do you understand
3 what he's saying, Joe?

4 THE WITNESS: No.

5 MR. McDONALD: So the back of this
6 first page, this email here --

7 THE WITNESS: Yeah.

8 MR. McDONALD: -- is not part of the
9 chain. It was inadvertently added by
10 somebody. And so it goes from Page 001 to
11 Page 003.

12 THE WITNESS: Got it.

13 MR. McDONALD: Okay.

14 THE WITNESS: Yes.

15 A. Okay.

16 Q. Okay. Mr. Cavaretta, do you
17 recognize CX2225?

18 A. I recognize it as an email, yes.

19 Q. And what is CX2225?

20 A. It is an email regarding -- subject
21 line: Our meeting today with PGMS.

22 Q. And you wrote portions of CX2225 as
23 part of your job at Schein, correct?

24 A. I did.

25 Q. Okay. I want to focus, Mr.

1 Cavaretta, on the first page of the exhibit.

2 And so this is about a group, again, called
3 Pacific Group Management Services. And do I
4 have that correct?

5 A. Yes.

6 Q. Okay. And what is your
7 understanding of what Pacific Group Management
8 Services, or PGMS, was?

9 A. Again, based on the email, they were
10 a group looking to do business with Henry
11 Schein, and I -- I didn't know a lot about
12 them.

13 Q. What kind of group were they?

14 MR. McDONALD: Object to the form.

15 If you know, then tell him. If you
16 don't know, just say you don't know.

17 A. I don't know what type of group they
18 were --

19 Q. Okay.

20 A. -- or are.

21 Q. Do you know whether Schein ended up
22 doing business with Pacific Group Management
23 Services?

24 A. Based on this email, I would say
25 Pacific Group Management Services, I -- I don't

1 believe so.

2 Q. And do you know --

3 A. But --

4 Q. Do you know --

5 A. Sorry.

6 Q. Sorry. Go ahead.

7 A. I -- I -- from my understanding,
8 part of this was, we ended up doing business
9 with the -- the doctor who is responsible or in
10 charge of -- of PMGS -- PGMS.

11 Q. So Schein did business with the
12 doctor who was in charge of PGMS, but didn't
13 form a relationship with PGMS as a buying
14 group, or GPO, correct?

15 A. That's my understanding.

16 Q. Okay. And do you know whose
17 decision it was not to do business with PGMS as
18 a buying group?

19 A. Well, in the email from Kathleen,
20 she mentions Tim and I made the decision, so I
21 would have to assume that Tim and I made the
22 decision.

23 Q. Do you have any recollection making
24 the decision regarding PGMS in 2014?

25 A. No. Until the -- really, until the

1 course of litigation came through, I -- I
2 didn't really recall the situation.

3 Q. Do you recall now?

4 A. Just what I've been educated on
5 after reading the emails. But I don't
6 remember, you know, the specific occurrences
7 and even discussing PGMS.

8 Q. Sitting here today, do you remember
9 why Schein declined to do business with PGMS?

10 A. Sitting here today, do I remember
11 why we declined? No. Reading the email, I
12 can -- I -- I read -- I'm reading the same
13 email you are. It's talking about compliance.

14 Q. And does it say anywhere in this
15 email what exactly you based your decision with
16 respect to PGMS on?

17 A. It says here that if there was a
18 time in the future they become an MSO that
19 could demonstrate compliance, we would be
20 pleased to revisit.

21 Q. So that's Ms. Titus stating that,
22 correct?

23 A. That's correct.

24 Q. So she's saying if PGMS would be an
25 MSO, which is a management services

1 organization, Schein would work with it?

2 A. Yeah. So she's saying that the MSO
3 component -- which, again, we talked about it
4 from an equity owner standpoint. If they could
5 drive better compliance, then they'd be
6 interested in it.

7 Q. Okay. But as long as PGMS was not
8 an MSO and didn't have a common -- or
9 structure, Schein was not interested in working
10 with PGMS; is that right?

11 MR. McDONALD: Object to the form.
12 Mischaracterizes his testimony.

13 A. What I'm reading this is as is that
14 because they can't drive compliance, that would
15 be the reason why.

16 Q. But you also just mentioned the fact
17 that they're not an MSO as one of the reasons
18 why Schein wasn't doing business with them?

19 A. Well --

20 MR. McDONALD: Object to the form.
21 He's just reading the document.

22 A. Right. I'm reading -- so, again,
23 become an MSO. That could demonstrate
24 compliance. We could be pleased to revisit.
25 So in Kathleen's words, that's, I guess, what

1 I'm reading back to you.

2 Q. So what would PGMS need to do to
3 become an MSO that Schein would be interested
4 in working with?

5 MR. McDONALD: Object to the form.

6 A. As I -- as we mentioned before, if
7 you're an MSO, you have some type of equity
8 ownership, of what I understood it at this
9 time, in the practice. So you could
10 demonstrate the ability to have compliance,
11 meaning the offices would need to purchase from
12 the dealer that the MSO corporate team has
13 signed up for.

14 So it doesn't sound like PGMS had
15 that. It sounded like they are -- owned an
16 office or two, and then the rest were non-owned
17 offices.

18 Q. So you wanted there to be a common
19 ownership structure?

20 MR. McDONALD: Object to the form.

21 A. Wanted there to be the ability to
22 drive compliance. So whether that is a hundred
23 percent owned or -- you know, from my
24 experience, equity-owned that was able to drive
25 compliance. So that's what I was familiar

1 with.

2 Q. Okay. So was Schein only interested
3 in working with groups that had equity
4 ownership in the practices?

5 MR. McDONALD: Object to the form.
6 Mischaracterizes the evidence.

7 A. So is it -- are -- are we ignoring
8 the other conversations we had about the -- the
9 buying groups we were already doing business
10 with and, you know, engaged with?

11 Q. I'm just trying to understand your
12 testimony with respect to this document and the
13 statement that we talked about that they need
14 to be an MSO with equity ownership, which you
15 just stated.

16 A. Okay. I believe I was reading
17 the -- the document that's in front of me,
18 so -- and I explained what an MSO was in my
19 mind and that we have more compliance with
20 MSO -- or MSOs drive more compliance.

21 You keep mentioning that it's a
22 centralized ownership piece of it, so I -- I
23 don't know a different way to answer your --
24 your question, other than what I've answered
25 already.

1 Q. Okay. Turning to the next part of
2 this email, you forward this on to Mr. Sullivan
3 on July 16th, 2014 at 1:12 p.m. and you tell
4 Mr. Sullivan: Bringing KT and Andrea back has
5 a benefit I didn't think of as it pertains to
6 the GPO world. They know how to be watch --
7 the watchdogs and take it seriously.

8 Did I read it correctly?

9 A. You did.

10 Q. And KT refers to Kathleen Titus?

11 A. Correct.

12 Q. And Andrea is Andrea Hight?

13 A. Correct.

14 Q. Okay. So you're saying -- you're
15 telling Mr. Sullivan that a benefit of working
16 with Ms. Titus and Ms. Hight as it relates to
17 GPOs is that they know how to be watchdogs with
18 respect to GPOs, right?

19 MR. McDONALD: Object to the form.

20 A. So in this -- in this email, I can
21 tell you in the time frame of 2014, we're
22 transitioning business that was in the special
23 markets world over to the Henry Schein Dental
24 world, which includes the group practices.

25 There was a lot of distrust within

1 the internal organization between, quite
2 frankly, Hal and myself. Since Andrea and
3 Kathleen had come from the special markets
4 world, they were able to, one, help us with
5 understanding what the markets were like,
6 which -- you know, we weren't always dealing
7 with MSOs.

8 But, two, also understanding that,
9 you know, potentially some of the deals that
10 the -- the special markets team was doing in
11 order to bring business from the -- you know,
12 the private practice P&L to special markets
13 P&L.

14 So what we were uncovering is -- is,
15 you know, one, new customer, on the face of a
16 new customer, but, two, also stuff the special
17 markets team was doing, like offering, you
18 know, pricing to private practices that were
19 really supposed to be for special markets.

20 So they were both an internal
21 watchdog -- and, you know, if I could have used
22 different terminology, I would have -- but also
23 externally, they were able to understand this
24 new customer and explain how they were
25 structured and how they were set up.

1 So I know that was a long
2 explanation, but I think that's important.

3 Q. So you're saying you just -- you
4 just used the wrong terminology; you didn't
5 mean to call them GPO watchdogs?

6 MR. McDONALD: Object to the form.
7 It doesn't say GPO watchdogs. You -- you
8 are.

9 A. Yeah. I didn't say that.

10 Q. Well, you're saying that they know
11 how to be watchdogs as it pertains to the GPO
12 world. Is that not what you're saying there?

13 MR. McDONALD: It absolutely does
14 not say that, Mr. Solomon. You're just
15 making that up.

16 Q. Okay. What do you understand you to
17 be -- what are you saying there?

18 MR. McDONALD: Object to the form.
19 Asked and answered. He just gave you a
20 long answer of what he meant.

21 A. It's a benefit to have KT and Andrea
22 on the team because they're explaining the
23 different customer segments to us. And since
24 they know the customer segments and they also
25 know how the special markets team worked,

1 it's -- it's benefiting us.

2 Q. Well, you're not -- you don't
3 actually say that in this sentence. You just
4 said that now. The sentence says: Bringing KT
5 and Andrea back has a benefit I didn't think of
6 as it pertains to the GPO world.

7 And in the next sentence you say:
8 They know how to be watchdogs and take it
9 seriously.

10 A. But it also doesn't say I -- we
11 brought them over to be GPO -- GPO watchdogs,
12 which is what you said.

13 Q. So what are you referring to in the
14 second sentence: They know how to be watchdogs
15 and take it seriously?

16 MR. McDONALD: Objection to form.

17 Asked and answered.

18 A. Okay. I'll explain it again. At
19 this time, there was a lot of distrust between
20 the different divisions with Henry Schein. You
21 had special markets over here. You had private
22 practice over here. Distrust was mainly with
23 Hal and I.

24 There were P&L battles. There was
25 new customers that we weren't familiar with

1 that Kathleen and Andrea were, from the world
2 they came from. Plus they knew how the special
3 markets world operated.

4 So when you combine the ability to
5 understand what special markets was trying to
6 do and then also how customers, you know, were
7 changing and how they were segmented, it -- it
8 was a benefit.

9 Q. So are you saying they were being
10 watchdogs as it relates to special markets and
11 Hal Muller?

12 MR. McDONALD: Object to the form.

13 Asked and answered.

14 A. So from -- from my answer the
15 previous two times, yes, it was understanding,
16 to making sure special markets wasn't bringing
17 private practice business under their P&L, and
18 it was staying appropriately with the private
19 practice world.

20 Q. How did you know that's what you
21 meant here?

22 MR. McDONALD: Object to the form.

23 A. Well, back in 2014, I can tell you
24 what we were experiencing in putting together
25 the Mid-Market space. So I know internally

1 what was going on and the -- the battles that
2 were happening.

3 And Kathleen and Andrea came to us
4 from the special markets world. So there was
5 way too much time, effort, and emotion spent on
6 the internal fighting.

7 So I guess I'm just answering the
8 question on what I believe this to say.

9 Q. Why did you forward this email to
10 Mr. Sullivan?

11 A. So at the time we were making the
12 transition, there's a lot of confusion of
13 what -- where customers go and who owns the
14 customer or which customers.

15 And because of the fact that special
16 markets and private practice couldn't get
17 along, Tim had to get involved so he could have
18 peaceful, constructive meetings. So I wanted
19 to make sure Tim could understand the benefits
20 that Andrea and Kathleen were bringing to us.

21 Q. So you thought this email could be
22 of interest to Mr. Sullivan?

23 A. I -- I -- well, I sent it to him.

24 Q. Okay. You can put that document
25 aside.

1 I'm going to hand you another
2 document, Mr. Cavaretta, that's been premarked
3 as CX2509. Just let me know when you've had a
4 chance to --

5 A. Sure.

6 Q. -- look it over.

7 A. Okay.

8 Q. Okay. Mr. Cavaretta, do you
9 recognize CX2509?

10 A. I recognize the it as an email, yes.

11 Q. Okay. And what is CX2509?

12 A. It's an email with the subject line:
13 How do you define buying groups.

14 Q. Okay. And you wrote part of this
15 email chain, correct?

16 A. I did.

17 Q. And you did so as part of your job
18 at Henry Schein?

19 A. I did.

20 Q. Okay. Focusing on the first
21 earliest in time portion of this email chain,
22 it's from someone named Chad Campbell to Philip
23 Toh. Do you know who they are?

24 A. I don't know or remember who Chad
25 Campbell is.

1 Q. Okay.
 2 A. I know Phil Toh used to work for us
 3 in the special markets division.
 4 Q. Do you know whether Mr. Campbell was
 5 somebody who worked internally at Schein?
 6 A. I don't recognize his name.
 7 Q. Okay. And I notice that -- I just
 8 turned to 2509. On the second page it has a
 9 signature block for Mr. Campbell, and it says
 10 he's a financial inventory specialist with
 11 Henry Schein Canada.
 12 A. He's a financial inventory
 13 specialist for Henry Schein Canada.
 14 Q. So Mr. Toh at some point copies you
 15 on this email at 4:12 p.m. And do you know why
 16 Mr. Toh copied you on this email?
 17 A. I don't.
 18 Q. Okay. Was Mr. Toh seeking guidance
 19 from you with respect to buying groups?
 20 MR. McDONALD: Object to the form.
 21 Calls for speculation.
 22 A. I -- I can only read the email he --
 23 he wrote. I mean, I don't know what he was
 24 seeking.
 25 Q. And Mr. Toh, in this portion of the

1 email, writes: Henry Schein Dental manages
 2 customers who are buying groups, not special
 3 markets.
 4 Did I read this correctly?
 5 A. You did.
 6 Q. Would -- would you agree with what
 7 Mr. Toh wrote here?
 8 A. Back in 2013, I can't say I would
 9 entirely agree, because at that point, we were
 10 still transitioning -- or, actually, we hadn't
 11 made the transition yet to mid-markets. So I
 12 think buying groups were still in a -- in a
 13 gray space.
 14 Q. In a --
 15 A. A gray -- like, a gray space. I --
 16 I think there was potentially buying groups in
 17 special markets and buying groups in HSD. So
 18 there was no APC --
 19 Q. Uh-huh.
 20 A. -- space that we could say
 21 definitively that's where they belong.
 22 Q. So would you say that Mr. Toh's
 23 statement here was inaccurate?
 24 MR. McDONALD: Objection to form.
 25 Asked and answered. He just told you.

1 A. So based on what I just said, I
 2 would -- I would say that it belonged probably
 3 in both groups at that time.
 4 Q. Did you correct Mr. Toh in this
 5 email?
 6 A. No, I did not.
 7 Q. Do you know why you didn't correct
 8 him?
 9 A. Nope.
 10 Q. Okay. Turning to your email to
 11 Mr. Toh, at 4:16 p.m., you write: We try to
 12 avoid buying groups at all costs and,
 13 therefore, don't really recognize them.
 14 Did I read that correctly?
 15 A. You read it correctly.
 16 Q. So you're saying Schein was avoiding
 17 buying groups at all costs and that Schein does
 18 not recognize them, correct?
 19 MR. McDONALD: Object to the form.
 20 A. By reading the statement, I know how
 21 the statement reads. But I can go back to, at
 22 that time, we didn't completely understand
 23 buying groups, other than some of the ones that
 24 we were working with. So, therefore, from a
 25 business standpoint, it didn't make sense. And

1 we weren't really doing business with buying
 2 groups at that time, so -- and in not really
 3 recognizing them, they didn't fit either in HSD
 4 at that time or special markets. And it was
 5 gray because we didn't have the APC space,
 6 so ...
 7 Q. What did you mean by Schein not
 8 recognizing them?
 9 A. We didn't actually have a customer
 10 segment for buying groups. So there were some
 11 relationships that existed in special markets.
 12 There were some relationships that existed in
 13 HSD.
 14 But today, for example, we have the
 15 APC group. We can measure and acknowledge
 16 where those groups lie in the APC group. We
 17 did not have an APC group in 2013.
 18 Q. So Schein was not doing business
 19 with buying groups in 2013?
 20 MR. McDONALD: Object to the form.
 21 Mischaracterizes the testimony and the
 22 evidence.
 23 A. So I -- I think we've already
 24 established that we -- we were, so I wouldn't
 25 say that is accurate.

1 Q. I think you mentioned just a few
2 moments ago that at this time, you were not
3 working with buying groups.

4 MR. McDONALD: Object to the form.

5 A. I -- I don't recall saying that we
6 weren't working with buying groups.

7 Q. We can read the record back.

8 A. Okay.

9 MR. SOLOMON: Would you mind just,
10 when you have a moment, scrolling back up.

11 Q. You said: By reading this
12 statement, I know how that statement reads --
13 well, I guess we can't.

14 So Mr. Toh was a direct report of
15 yours at this time in 2013. Do I have that
16 correct?

17 A. No, you do not.

18 Q. No. So who did Mr. Toh report to?

19 A. I know he was in the special markets
20 division. I don't know who he reported to.

21 Q. Okay. What did Mr. Toh do in the
22 special markets division, if you know?

23 A. Sitting in front of me, I don't know
24 exactly what his job title was.

25 Q. Okay. Did you think that your

1 statement would cause Mr. Toh and Mr. Campbell
2 to believe that Schein was not recognizing or
3 working with buying groups?

4 MR. McDONALD: Object to the form.

5 A. Can you -- can you repeat the
6 question? I --

7 Q. Did you think that your statement
8 would cause Mr. Toh and Mr. Campbell to believe
9 that Schein doesn't recognize buying groups?

10 MR. McDONALD: Object to form.

11 A. I -- I don't know. I was just
12 answering Phil's question to me.

13 Q. So you don't know what effect your
14 statement had on Mr. Toh and Mr. Campbell?

15 A. I do not.

16 Q. Okay. You said earlier before: I
17 know how this statement sounds. What did you
18 mean by that?

19 A. Well, I know, you know, the
20 questions you're asking and why you're asking
21 them, and -- and it's -- it's avoiding buying
22 groups and, therefore, don't really recognize
23 them.

24 So in an email, it's easy to -- it's
25 easy to point one sentence out. But without

1 the -- the information behind it and the
2 knowledge behind it, it's -- I -- you know, I
3 thought that I needed to explain it a little
4 bit more.

5 Q. And what -- what other information
6 would one need to understand your statement
7 here?

8 A. Other than the -- other than my
9 explanation before?

10 Q. Uh-huh.

11 A. The fact that at that time, there
12 weren't a lot of buying groups that had a
13 value. From a business standpoint, it didn't
14 make sense from my knowledge and what I knew.
15 So we didn't have a spot for buying groups,
16 quite frankly, until we even created the APC
17 space.

18 And buying groups would float
19 between special markets and private practice,
20 so there was no real way to recognize them. So
21 that's what I meant.

22 Q. You don't say that in this email,
23 correct?

24 A. I don't give that long of an
25 explanation, no, I do not.

1 Q. Why not?

2 MR. McDONALD: Object to the form.

3 A. I -- I guess I don't remember why
4 not. I was just answering the question.

5 Q. Okay. You can put that document
6 aside.

7 And I don't have a realtime in front
8 of me, but I just want to go back and make sure
9 your testimony is clear, Mr. Cavaretta.

10 So a moment ago in response to my
11 question, you said: We weren't really working
12 with buying groups?

13 MR. McDONALD: Well, object to the
14 form. If you don't have realtime and
15 you're not reading what the transcript
16 says, then why don't you ask him a question
17 as opposed to -- as opposed to you telling
18 him what he may or may not have said.

19 Q. Well, I mean, did you just say that
20 a moment ago?

21 MR. McDONALD: Object to the form.

22 A. Ask me the question. I'll answer
23 it. I'm sorry. Which -- which is the
24 question?

25 Q. You said a few moments ago in

1 response to my question: We weren't really
2 working with buying groups at that time.

3 MR. McDONALD: Object to the form.

4 A. At that time, we absolutely had
5 buying group relationships. We were working
6 with buying groups. My job wasn't a lot of
7 working with buying groups, so I wasn't really
8 working with a lot of buying groups at that
9 time. So, again, the -- the market is
10 changing. The dynamics were changing. And,
11 you know, I was learning as we went.

12 Q. Okay. So I'd like to -- we can go
13 off the record for a second, but I'd like to
14 find that statement, have the court reporter
15 read it back, and make sure that your response
16 is accurate.

17 MR. McDONALD: We don't need to go
18 off the record to do that.

19 MR. SOLOMON: Well --

20 MR. McDONALD: You just need to stop
21 talking.

22 MR. SOLOMON: Correct.

23 MR. McDONALD: And she can find it.
24 (Record read as requested.)

25 Q. So she just read back your

1 testimony, Mr. Cavaretta, and you said: We
2 weren't really doing business with buying
3 groups at the time.

4 A. That was part --

5 MR. McDONALD: Hang on.

6 Object to the form. You're
7 mischaracterizing his five-sentence answer
8 and reading a little snippet of it, but go
9 ahead.

10 A. As part of my response, I mentioned
11 we weren't really doing business with buying
12 groups. I explained that part of the
13 statement, but also beforehand, I mentioned
14 that we were doing business with buying groups.
15 So I did say we were doing business with buying
16 groups. It wasn't a predominant part of our --
17 our business at the time, so I don't know if
18 that clarifies it or not.

19 Q. So by you stating, we weren't really
20 doing business with buying groups at the time,
21 you meant it wasn't a predominant part of your
22 business at that time?

23 A. Yeah. It wasn't -- it -- it wasn't
24 the majority of our business that we were
25 doing. So we just -- it was mostly private

1 practice business.

2 Q. Okay. You can put that document
3 aside. I'm going to hand you another document.

4 MR. McDONALD: Before you do that,
5 you want to --

6 MR. SOLOMON: Yeah.

7 MR. McDONALD: -- can we take a
8 quick break?

9 MR. SOLOMON: Sure.

10 THE VIDEOGRAPHER: Going off the
11 record, the time is 2:29 p.m.

12 (A short break was taken.)

13 THE VIDEOGRAPHER: Going on the
14 record, this marks the beginning of Media
15 Number 5. The time is now 2:40 p.m.

16 Q. Okay. Mr. Cavaretta, I'm handing
17 you another document that's been premarked
18 CX2474. Please look it over and let me know
19 when you've had a chance to review it.

20 MR. McDONALD: While he's reading,
21 don't ask him a question. I'll be right
22 back.

23 Sorry, I needed my reading glasses.

24 MR. SOLOMON: Oh.

25 MR. McDONALD: I'm getting a

1 headache.

2 A. Okay.

3 Q. Okay. Do you recognize CX2474?

4 A. I recognize it as an email, yes.

5 Q. And what is CX2474?

6 A. It's an email regarding -- the
7 subject line regarding Smile Source.

8 Q. Okay. And you wrote portions of the
9 emails in CX2474, correct?

10 A. I did.

11 Q. And you did so as part of your job
12 at Henry Schein, correct?

13 A. I did.

14 Q. Okay. So I'd like to direct your
15 attention, Mr. Cavaretta, to your email to
16 Mr. Meadows and Mr. Gantos at 4:27 p.m. on
17 November 14, 2014, and it straddles Pages 2
18 and 3 in this exhibit.

19 A. I see that.

20 Q. Okay. And I'd like to -- so the --
21 the subject of the email is Smile Source, and
22 I'd like to direct your attention to this
23 statement in this email. You say: I'm going
24 to add Smile Source --

25 MR. McDONALD: Hang on. Hang on.

1 He's -- you're on the wrong page.

2 THE WITNESS: Oh, I'm sorry.

3 MR. McDONALD: Next page.

4 MR. SOLOMON: Page 3.

5 MR. McDONALD: Page 3 here at the
6 top. Are you with him?

7 THE WITNESS: I am now.

8 Q. I'm going to add Smile Source to the
9 GPO list for the off-site meeting discussion.
10 Even though we do not support them, it seems
11 fair to give examples of GPOs that we don't
12 support who are taking business from us.

13 Did I read that correctly,
14 Mr. Cavaretta?

15 A. You did.

16 Q. And do you recall the off-site
17 meeting that you're referring to in this
18 statement here?

19 A. I know there was an off-site meeting
20 in November. So I -- I know that I'm referring
21 to that meeting.

22 Q. It's a -- it's an off-site that
23 happens every year?

24 A. Typically, we have an off-site in
25 November. I don't know if it happens every

1 single year, but, yeah.

2 Q. Do you recall the off-site meeting
3 in November of 2014 that you reference in this
4 email?

5 MR. McDONALD: Object to the form.

6 If you read the document, he said he wasn't
7 going to be there.

8 A. Okay.

9 Q. So you weren't in attendance?

10 A. No.

11 Q. Okay. So you state in this email --
12 again, you're talking about adding Smile Source
13 to the GPO list for the off-site meeting
14 discussion, correct?

15 A. I do see that.

16 Q. And then you state that Schein did
17 not support Smile Source, correct?

18 A. It says: Even though we do not
19 support them, it seems fair to give examples of
20 GPOs. So ...

21 Q. So Smile Source was an example of a
22 GPO that Schein didn't support as of the time
23 of this agreement?

24 A. Yeah. We didn't -- we didn't have
25 an agreement with Smile Source. But I know we

1 had Smile Source members still purchasing from
2 Henry Schein.

3 Q. So my question was: Was Smile
4 Source an example of a GPO that Schein didn't
5 support as of this time, as of the time of the
6 email?

7 MR. McDONALD: Object to the form.

8 Asked and answered.

9 A. We -- we didn't have a formal
10 agreement with Smile Source at this time.

11 Q. So you're using the word "support."
12 You're not saying formal agreement.

13 MR. McDONALD: Well, object to the
14 form. You asked him what it meant, and he
15 told you.

16 A. So if we have members from Smile
17 Source purchasing from us, we're supporting
18 those members. We don't have an agreement with
19 Smile Source, so we're not able to attend or,
20 you know, support their -- their educational
21 meetings.

22 Q. So you're saying what you meant here
23 was that Schein didn't have an agreement with
24 Smile Source?

25 A. Yeah.

1 Q. Do you normally use the word
2 "support" to refer to an agreement with a group
3 or customer?

4 MR. McDONALD: Object to the form.

5 A. I don't -- I don't know. I mean, I
6 don't know if I've used the word "support" to
7 mean agreement in the past.

8 Q. So how do you know that's what you
9 meant here?

10 MR. McDONALD: Object to the form.

11 A. Well, I know what us supporting
12 Smile Source would mean, is that we would have
13 to have an agreement with them to be doing
14 business.

15 Since we don't have an agreement
16 with them doing business, that's why the
17 support component of it would mean we -- we
18 don't have an agreement with them.

19 Q. So you're saying that the word
20 "support" has significance in this context
21 solely with respect to Smile Source?

22 MR. McDONALD: Object to the form.

23 A. Instead of what?

24 Q. I'm just trying to understand how
25 you know, sitting here today, that the word

1 "support" meant agreement.

2 A. I'm explaining to you what our
3 relationship was with Smile Source. So I don't
4 know exactly what "we don't support them"
5 means, because if we don't have an agreement
6 with them, we're not endorsed by them, so we
7 can't support Smile Source.

8 However, we can support the Smile
9 Source members that are doing business with us.
10 So I -- I don't know -- I mean, I honestly
11 don't know a different way to say it.

12 Q. So sitting here today, you don't
13 know what you meant by "we don't support Smile
14 Source"?

15 MR. McDONALD: Object to the form.

16 Asked and answered, I think, three times
17 now.

18 A. To me, supporting Smile Source would
19 have an agreement with them, which we did not
20 have an agreement with them. But we supported
21 members of Smile Source that were purchasing
22 from us.

23 Q. Okay. And -- okay. You also say
24 that Smile Source is a GPO that is taking
25 business away from Schein, correct?

1 A. Given that -- that we don't
2 support who are taking business from us, yes, I
3 put in there.

4 Q. And what did you mean by that?

5 A. Well, the email below from Dr. Cosby
6 mentions that she joined Smile Source and is
7 changing a dealer. So because we didn't have
8 an agreement with Smile Source, and we weren't
9 endorsed by Smile Source, they went to a
10 different dealer.

11 Q. So customers were going to other
12 dealers?

13 A. In this case, she went to a
14 different dealer, yes.

15 Q. Do you know which dealer the
16 specific customer you're referring to -- or
17 strike that.

18 What dealer are you specifically
19 referring to?

20 A. She doesn't mention it in this -- in
21 this email.

22 Q. Okay. Was it your understanding
23 that as of -- as of the time of this email in
24 November 2014, Schein was losing customers
25 to -- strike that.

1 Was it your understanding as of the
2 time of this email in November 2014, Schein was
3 losing customers who were Smile Source members
4 because they were going to other dealers?

5 A. Based on the example with Dr. Cosby,
6 she joined Smile Source, and it appears she
7 went to a different dealer. So that's what I
8 was basing.

9 Q. Do you recall other examples of that
10 happening in this time frame?

11 A. Not off the top of my head.

12 Q. And then I'd just like to turn your
13 attention to Page 2 of this email chain, your
14 email on November 15th, 2014 at 3:03 p.m. Do
15 you see that?

16 A. I do.

17 Q. And you write in response to
18 Mr. Gantos: I agree. This is getting worse
19 and will continue to get worse unless we act on
20 the action items we discussed with Tim during
21 our last meeting.

22 Did I read that correctly?

23 A. You did.

24 Q. And what meeting are you referring
25 to there?

1 A. I -- I don't know. I don't recall
2 the meeting.

3 Q. Okay. Sitting here today, you don't
4 recall the meeting that you're referring to in
5 this email?

6 A. I don't.

7 Q. Okay. Are -- were you saying that
8 buying groups were getting worse and will
9 continue to get worse unless you acted on the
10 action items you had discussed with Tim
11 Sullivan?

12 MR. McDONALD: Object to the form.

13 A. You know, reading it right now, at
14 the time of writing the email, I don't know
15 exactly what I was meaning. But I can -- I --
16 I see the email.

17 Q. So sitting here today, you don't
18 recall what you meant in that statement?

19 A. I can just read -- I can -- no, I
20 don't recall what I meant in that statement.
21 But I can -- I see what is written on the
22 email.

23 Q. Uh-huh. Okay. But you don't have a
24 specific recollection, one way or the other,
25 what you meant?

1 A. I'm writing that it was -- it was
2 getting worse and will continue to get worse,
3 which most likely meant that -- that Smile
4 Source was gaining some business.

5 Q. So you're referring to Smile Source
6 in this statement here?

7 A. You know what? Right now I'm
8 assuming, so --

9 Q. Okay.

10 A. I ...

11 Q. So you're guessing?

12 A. I am.

13 MR. McDONALD: Well, don't guess.
14 If he -- he only wants you to the -- tell
15 the truth and that your testimony be
16 accurate. So if you know, tell him. And
17 if you don't know, then just tell him that,
18 too.

19 A. No. I mean, I -- at the time I
20 wrote the email, I -- I don't know exactly if I
21 was referring to Smile Source, if I was
22 referring to other GPOs, so ...

23 Q. Okay. Is there anything that you
24 could look to that would help refresh your
25 recollection as to what you meant in this

1 statement?

2 A. Meaning other documents or other
3 emails?

4 Q. As an example, or anything else that
5 you might have in your files or records that
6 you could look to to help understand or
7 interpret what you meant here.

8 A. No. I didn't -- I didn't take notes
9 on, you know, the emails that I wrote.

10 Q. Okay. Mr. Cavaretta, before we go
11 on to any further documents, I just want to ask
12 you a few more questions.

13 Do you know who Chuck Cohen is?

14 A. I know that he is -- I don't know
15 what his title is, but I -- I know he -- he's
16 the owner of Benco. So I guess he's the owner
17 of Benco.

18 Q. And Benco is one of Schein's primary
19 competitors, correct?

20 MR. McDONALD: Object to the form.

21 A. We compete with Benco, correct.

22 Q. Benco is another dental products
23 distributor, correct?

24 A. Benco is another distributor,
25 correct.

1 Q. Have you ever met with Mr. Cohen?

2 A. No, I have not.

3 Q. Okay. Have you ever spoken with
4 Mr. Cohen on the phone?

5 A. No.

6 Q. Have you ever exchanged any text
7 messages with Mr. Cohen?

8 A. No.

9 Q. Okay. Has anyone ever asked you
10 whether Chuck Cohen would be contacting you?

11 A. No.

12 Q. Okay. Are you aware of anyone else
13 within Schein who may have spoken with
14 Mr. Cohen at any point?

15 A. No.

16 Q. Are you aware of anyone else within
17 Schein who discussed speaking with Mr. Cohen at
18 any point?

19 A. No.

20 Q. Okay. I'm going to hand you a
21 document that's been premarked as CX2516.
22 Please look it over and let me know when you've
23 had a chance to review.

24 A. Okay.

25 Q. Okay. Mr. Cavaretta, do you

1 recognize CX2516?

2 A. I recognize the email.

3 Q. Okay. And what is CX2516?

4 A. It's an email from Brandon Schmidt
5 with the subject: Chuck Key.

6 Q. Okay. And who is Brandon Schmidt?

7 A. Brandon Schmidt is our -- let's see,
8 in 2015, regional manager in San Diego.

9 Q. Okay. And did you receive this
10 email as part of your job at Henry Schein?

11 A. I did.

12 Q. Okay. So Mr. Schmidt, a regional
13 manager -- or strike that.

14 Mr. Schmidt, a Schein regional
15 manager from San Diego, is asking you whether
16 Chuck Cohen contacted you, correct?

17 MR. McDONALD: Object to the form.

18 MR. RACOWSKI: Objection to form.

19 MR. McDONALD: The subject is Chuck
20 Key, not Chuck Cohen.

21 MR. SOLOMON: Did I say the subject?

22 MR. McDONALD: No, but the subject
23 says that -- you -- and you -- you read
24 Chuck Cohen. You said: So Mr. Schmidt, a
25 regional manager, is asking you whether

1 Chuck Cohen contacted, correct? No. You
2 totally misread the document. It doesn't
3 say Chuck Cohen. And the subject line says
4 Chuck Key.

5 MR. SOLOMON: Understood.

6 Q. So who is Chuck from Benco referring
7 to there?

8 A. Who is Brandon referring to?

9 Q. Uh-huh.

10 A. The subject line says Chuck Key.

11 Q. Who is Chuck Key?

12 A. I don't even recall.

13 Q. Do you know if that's a person?

14 A. I would -- I'm -- have to imagine
15 it's a -- a representative from -- no, I don't
16 know who it is.

17 Q. Okay. You've never heard of a
18 person named Chuck Key before?

19 A. Other than reading this email, if
20 you would have said that name to me, I wouldn't
21 recognize it.

22 Q. Okay. Do you have any understanding
23 what Mr. Schmidt means when he says Chuck from
24 Benco?

25 A. Well, since the subject line says

1 Chuck Key, I'm assuming it means Chuck Key.

2 Q. Okay. So you don't have any
3 understanding as to whether this refers to
4 Mr. Chuck Cohen from Benco?

5 MR. RACOWSKI: Objection. Form.

6 A. No.

7 Q. Okay. Do you have any understanding
8 as to what this email is about?

9 A. No.

10 Q. Okay.

11 A. But, you know, he says: I say no go
12 but wanted your input.

13 So I'm assuming he's trying to
14 recruit a competitive rep in the San Diego
15 market. That's how I would interpret this.

16 Q. And so he's reaching out to you to
17 discuss the prospect of recruiting potentially
18 somebody from Benco; is that right?

19 A. So I'm -- everything right now I'm
20 going to be talking about is assumption,
21 because I don't remember the specific
22 situation.

23 Q. Okay. Well, I don't want you to
24 guess.

25 A. Then I'm guessing.

1 Q. Okay. So you don't have any
2 specific recollection as to what this email is
3 about?

4 A. I don't.

5 Q. Okay. You can put that document
6 aside.

7 I'm going to hand you another
8 document. It's been premarked as CX2517.
9 Please look it over and let me know when you've
10 had a chance to review it.

11 A. Okay.

12 Q. Okay. Mr. Cavaretta, do you
13 recognize CX2517?

14 A. I recognize it as an email, yes.

15 Q. Okay. And is this an email that you
16 sent to yourself on August 27, 2015?

17 A. It is.

18 Q. Okay. Do you normally send emails
19 to yourself?

20 A. Sometimes I will, but not -- not as
21 a normal occurrence.

22 Q. Why do you sometimes send emails to
23 yourself?

24 A. If I'm about to go into a meeting
25 and need to write a quick outline, then I'll

1 email myself.

2 Q. Do you recall whether the email
3 reflected in CX2517 related to a specific
4 meeting?

5 A. Based on this email as it stands, I
6 can't tell you what meeting it was.

7 Q. Okay. Sitting here today, reviewing
8 CX2517, do you have any sense as to what the
9 contents related to?

10 A. So in 2015, we're now a year and a
11 half into the Mid-Market space. So with Brian
12 involved, we're putting more and more structure
13 to the Mid-Market space.

14 At the same time, when you look at
15 the buying groups, Klear Impakt, Bright Way,
16 Unchained, and -- and CDA, is you're now seeing
17 the start of -- the beginnings of the APC
18 space.

19 So trying to understand the
20 structure, trying to understand what's going
21 on, and then making sure that our offerings
22 that we're putting together as Henry Schein is
23 meeting the needs and the demands of the
24 customers in the -- in the industry.

25 Q. So that is what these notes relate

1 to?

2 A. Yeah, so ... uh-huh.

3 Q. Okay. And you refer to buying
4 groups at various places throughout this email,
5 correct?

6 A. I see BGs, Number 2. But I'm not
7 seeing it anywhere else, unless I'm missing it
8 and you see it.

9 Q. I see BG, as well, under E: Would
10 like Jake and I to run the program of BGs?

11 A. Ah, okay. I do see that.

12 Q. Are there any other places where
13 you're referring to or speaking about buying
14 groups as relates to CX2517?

15 A. No.

16 Q. Okay. What about in the part of
17 CX2517 where you list components of price,
18 services, and admin fees, do you have any
19 understanding what that relates to?

20 A. What we were finding out is when you
21 were having inquiries or talking to potential
22 buying group customers, price would come up,
23 and the services, so the -- the value prop, but
24 also services that we have. And across the
25 board, they were asking for admin fees.

1 Q. So this part of CX2517 is also a
2 reference to buying groups?

3 A. I would -- because the admin fees
4 are in there, yes.

5 Q. Okay. And then underneath that, you
6 write: They need us more than we need them.
7 What does that refer to?

8 A. Because of the scope of our business
9 in the private practices, many of the private
10 practices run buying groups. So as far as a
11 growth strategy for our business, we didn't
12 necessarily need to do business with buying
13 groups. But based on the fact that they were
14 becoming more structured, had better offerings,
15 that's why we were discussing a program or a
16 plan to work with them.

17 Q. Okay. So that sentence also refers
18 to buying groups?

19 A. Yes.

20 Q. Okay. How about: Moving from CQ
21 structure G plan in the PP world and the items
22 listed underneath that? Do you know whether
23 that referred to anything with respect to
24 buying groups?

25 A. No. That would have been the

1 Mid-Market space.

2 Q. Okay. And how do you know that?

3 A. Because, again, with our acronyms,
4 the G -- G plan, private practice world, so the
5 G plan was more, at this time, a formulary that
6 we were offering with the -- the Mid-Market
7 space, plus Brian was involved.

8 Q. Is that a formulary that --
9 formulary that has been offered to buying
10 groups or buying group customers?

11 A. Our -- our offering -- current
12 offering right now to buying groups, what we
13 learned was that it was what they wanted, and
14 it was easier for us to manage with a
15 formulary. So it was an evolution of what our
16 offering is now to the APC space.

17 Q. Uh-huh. Okay. Turning to the
18 second page: Hal doesn't want it. Do you know
19 what that refers to?

20 A. Yeah. Hal -- and, again, as I
21 mentioned before, the internal struggles. Hal,
22 from what I recall, wasn't wanting the
23 formulary approach in the Mid-Market space. He
24 wanted to keep the formulary approach in the --
25 in the DSO space.

1 Q. Okay. Did that have any reference
2 at all to buying groups?

3 A. That statement, I don't believe so.

4 Q. Okay. And then the statement:
5 Finance team doesn't want it. Brody is the guy
6 that people are saying want it. Present why we
7 are doing this. E4D.

8 Are those statements at all in
9 reference to buying groups?

10 A. No. I would say that the -- it
11 falls in line with the formulary component in
12 the Mid-Market space. And then, present why we
13 were doing this, E4D, I don't know what I was
14 saying there.

15 Q. Do you know what E4D is?

16 A. Yeah. It -- it's our CAD/CAM,
17 chairside CAD/CAM system.

18 Q. Okay. So half of this email relates
19 to buying groups, and the other half relates to
20 Mid-Market and pricing structures, right?

21 MR. McDONALD: Object to the form.

22 A. Those were two topics that were
23 covered in this email, yeah.

24 Q. Okay. And then if you turn to the
25 first topic that's covered in this email, under

1 Numeral 1, it says Benco, and then underneath
2 it, under A, Chuck was sick.

3 Is that referring to Chuck Cohen
4 from Benco?

5 A. Yes.

6 Q. And what did you mean by: Benco,
7 Chuck was sick?

8 A. At some point, obviously, clearly
9 before this meeting, I was informed by a
10 manufacturer that Chuck had been sick.

11 Q. What did you learn specifically?

12 A. That he had cancer.

13 Q. And you included that topic in the
14 notes that are part of this email, correct?

15 A. I did.

16 Q. Did you want to share that news with
17 anyone else?

18 A. Well, when I was coming into the
19 meeting, I -- I must have shared with whoever
20 was in that meeting that he was sick.

21 Q. Okay. And why would you include
22 information about Mr. Cohen in an email in
23 which you discussed buying groups and
24 Mid-Market pricing?

25 MR. McDONALD: Object to the form.

1 A. No connection whatsoever. It's an
2 individual who's -- had cancer, and, you know,
3 people know his name in the industry because he
4 owns Benco. So figured it was -- you know,
5 our -- people in this meeting may want to be
6 aware of that.

7 Q. Okay. And, again, do you recall
8 what meeting this was in reference to?

9 A. Not -- based on the subject and
10 everything, I can't recall what this meeting
11 was specifically about.

12 Q. Okay. You can put that document
13 aside.

14 A. Okay.

15 Q. I'm going to hand you another
16 document that's been premarked as CX2482.
17 Please just look this over and let me know when
18 you've had a chance to review it.

19 A. Sure. Okay.

20 Q. Okay. Mr. Cavaretta, do you
21 recognize CX2482?

22 A. I recognize it as an email, yes.

23 Q. Okay. And do you recognize this as
24 an email that you received?

25 A. I am a recipient of this email, yes.

1 Q. Okay. And do you recognize it also
2 as an email, part of which you drafted and
3 sent?

4 A. Yes.

5 Q. Okay. And did you do so as part of
6 your job at Henry Schein?

7 A. Yes.

8 Q. Okay. Mr. Cavaretta, I'd like to
9 focus your attention on the first page and the
10 top email from you to Tim Sullivan, with others
11 copied, at 3:46 p.m. Do you see where I'm at?

12 A. I do.

13 Q. And you list three groups here for
14 Mr. Sullivan: Breakaway, DG, and Smile Source.

15 Do you see that?

16 A. I do.

17 Q. And DG, is that a reference to
18 Dental Gator?

19 A. It is.

20 Q. Okay. So focusing first on
21 Breakaway, you write: Breakaway is DSO/MSO
22 combo with complete control of the checkbook.

23 Do you see that?

24 A. I do.

25 Q. So you -- are you telling

1 Mr. Sullivan is DSO/MSO combo that essentially
2 manages all of the purchases for the
3 independent practices or for the -- strike
4 that.

5 Are you telling Mr. Sullivan that
6 Breakaway is a DSO/MSO combo that centrally
7 manages purchases for its practices?

8 A. Yeah. What -- so what we've
9 described DSOs and MSOs before is that they --
10 at the time, I understood Breakaway as being a
11 DSO and an MSO, so they were able to drive
12 compliance, yes.

13 Q. And they did -- what do you mean,
14 they had complete control of the checkbook?

15 A. They either owned the offices, so
16 they controlled the checkbook there, or the
17 fact that customers were signing up for -- and
18 the way I understood it at the time, signing up
19 for Breakaway to run their practice. They were
20 giving them control over, you know, where they
21 received their services, including supplies.

22 Q. They were giving who control?

23 A. Breakaway.

24 Q. Breakaway --

25 A. The -- the doctor, the practice was

1 giving Breakaway control of the services.

2 Q. And so Breakaway had control over
3 purchases of dental products and supplies?

4 A. So at the time of the email, what
5 I -- what I wrote, yes.

6 Q. Okay.

7 A. It would be -- they could tell
8 their -- their offices, we're buying from Henry
9 Schein.

10 Q. Did that change at any point?

11 A. Well, as I had mentioned to you
12 earlier, is when we -- when Kathleen started
13 talking to Breakaway and went there and met
14 them and, you know, realized they had two
15 floors and a whole support team, and they
16 explained their model, it -- it changed then
17 because they started telling us about, you
18 know, the affiliates and the buying group
19 component.

20 So at that time, I don't know if
21 we -- we knew that it was, you know, that
22 involved.

23 Q. So as of the time of this email in
24 August 2015, you weren't aware of the buying
25 group component?

1 A. No.

2 Q. Okay.

3 A. As -- as to what I remember, no.

4 Q. Okay. And do you recall when you
5 found out about it?

6 A. I'm sure there's emails there.

7 Whenever Kathleen went there to meet with
8 Breakaway, which -- Tim mentions in here that
9 I'm trying to get a meeting with Breakaway. So
10 it had to have been right around this time
11 where Kathleen went and did a visit and found
12 some of this out.

13 Q. Okay. The next -- or the third
14 sentence down, you write: Smile Source is a
15 flat-out buying group. If we are going to do
16 business with buying groups now, then we should
17 meet with them and bring the business over to
18 HSD ASAP.

19 Do you see that?

20 A. I do.

21 Q. Did I read that correctly?

22 A. You did.

23 Q. So by buying group, are you
24 referring to price-only buying group?

25 A. So what I understand Smile Source

1 being is that they didn't have any type of
2 ownership in their practices --

3 THE WITNESS: Can I have a napkin?

4 MR. McDONALD: A what?

5 THE WITNESS: A napkin.

6 A. -- ownership in their practices, so
7 they weren't a DSO or an MSO, and I didn't know
8 a different way to describe them. Plus, you
9 know, from the various experience we had with
10 them going back to '07/'08, it -- we knew they
11 were a buying group.

12 Q. Okay. And then you say: If we are
13 going to do business with buying groups now.

14 Are you referring to a change in
15 practice here?

16 MR. McDONALD: Object to the form.

17 A. So as I mentioned previously is --
18 the buying group component wasn't a very big
19 part of our business. We did business with
20 buying groups. We had buying group
21 relationships. But when we talked, in our
22 strategic meetings, about our business plan,
23 that wasn't a strategic way to grow our
24 business at the time.

25 So in this meeting -- or what I'm

1 referring to here is that if Smile Source is
2 out there and we have an opportunity to get an
3 agreement with them, and we can figure that
4 out, then, you know, they could help us grow
5 our business.

6 Q. So why would you be saying that
7 Schein could pursue Smile Source now?

8 A. The only way I can explain that is I
9 know we had been dating and dancing with Smile
10 Source for years, even prior to my email here.
11 And we couldn't come to an agreement.

12 So based on their structure, based
13 on their value prop, and based on -- even they
14 will say they have, you know, evolved as a -- a
15 group, it seemed to make sense that -- to do
16 business with them potentially.

17 Q. So did something change as of August
18 of 2015 where you're now saying we can do
19 business with Smile Source now?

20 MR. McDONALD: Object to the form.

21 A. I mean, a lot changed with our
22 business in 2015. The Mid-Market space had
23 moved over. We were learning about, you know,
24 different customers and the way they were
25 structured. They weren't simply DSOs, MSOs,

1 and private practice. They were, in -- in some
2 cases, turning into hybrid customers, which was
3 new, not only to us, but to the industry.

4 So when you start learning what's
5 going on in the industry, then, yeah, you -- I
6 mean, you always can adjust your strategy and
7 understand what's going on. So we had to
8 understand what was out there. We had to
9 understand Smile Source. So it's an
10 opportunity.

11 Q. Are you referring to a change here?

12 MR. McDONALD: Object to the form.

13 A. A change in -- in what way?

14 Q. Well, you -- you're saying: If
15 we're going to do business with buying groups
16 now, as opposed to earlier on. Why were you
17 making that distinction between now and earlier
18 on in this email?

19 MR. McDONALD: Object to the form.

20 Asked and answered.

21 A. I would say that, again, if -- if we
22 see buying groups, specifically Smile Source,
23 as a way to grow the business. In the past we
24 haven't -- it may not have been the main focus,
25 even though we were talking to them and -- and

1 working a deal out. But once the deal didn't
2 work, you just move away, and you go on about
3 your business. So we weren't pursuing them.

4 Q. Why wasn't Schein pursuing them?

5 MR. McDONALD: Object to the form.

6 Asked and answered.

7 A. So I know that we had several
8 meetings with Smile Source leading from
9 whatever it was, 2010, even up to this point.
10 And the deal that we put in front of them, they
11 didn't like, and so they decided not to do
12 business with us.

13 We didn't pursue them, at least in
14 my mind, any further until a little bit later
15 on. And like I just explained, as our business
16 was transitioning as Henry Schein, we were
17 learning more about the opportunities that were
18 out there.

19 Q. So your email here doesn't refer to
20 a change at all with respect to Smile Source.
21 Smile Source hadn't changed its -- its model at
22 this point, correct?

23 MR. McDONALD: Object to the form.

24 Lack of foundation.

25 A. I don't know if they -- I mean --

1 ask me the question again. I want to make sure
2 I'm hearing that right.

3 Q. Sure. Your email here, you're not
4 referring to a change at Smile Source. Smile
5 Source hadn't changed its model as of the date
6 of the email, correct?

7 MR. McDONALD: Object to the form.

8 Lack of foundation.

9 A. I don't know if I could tell you the
10 exact structural changes of Smile Source. But
11 I -- I do know that, you know, through some of
12 the -- like the Dr. Cosby email, there was
13 clearly something, you know, going on there
14 that was different.

15 Q. Are you aware of whether Smile
16 Source has ever changed its model?

17 A. According to them, when you have
18 discussions with them, they will tell you that,
19 you know, they've -- they evolved from, you
20 know, being just a -- a loose collection of
21 doctors with not a lot of structure to, you
22 know, an organization. And that would come
23 from Trevor.

24 Q. So what exactly was the change?

25 A. And you'd have to ask Smile Source.

1 But what they would say is they were just able
2 to put more resources and structure behind how
3 they support the members and then how they deal
4 with the manufacturers and dealers.

5 Q. Are you -- do you believe that to be
6 the only change that occurred at Smile Source?

7 MR. McDONALD: Object to the form.

8 A. As I sit here talking to you, that's
9 what I recall. There could be more. I don't
10 know.

11 Q. Okay. So you're not aware of a
12 change in their overall model?

13 A. I mean, I -- I'm trying to think
14 about it, but I can't think of -- I can't think
15 of an answer for you there that I could say
16 yes.

17 Q. Okay. So is the answer no, then, or
18 is it that you don't know?

19 A. I don't know.

20 Q. Okay. I'm going to hand you --
21 shifting topics just quickly, I'm going to hand
22 you another document that's been premarked as
23 CX2022. It's a long email, but I'll let you
24 know that I'm just going to ask you mostly
25 about the last couple of pages in this chain as

1 it relates to a customer acquisition program.

2 MR. McDONALD: Ronnie, to help you
3 out, I know you're rushing because you have
4 20 minutes. When you say first couple of
5 pages, what do you mean?

6 MR. SOLOMON: Yeah. So --

7 MR. McDONALD: Do you mean the first
8 couple of pages or the --

9 MR. SOLOMON: Sorry.

10 MR. McDONALD: -- last?

11 MR. SOLOMON: Last and --

12 Q. So I'll just give you the last page
13 numbers, pages around 4 to 7.

14 A. 4 to 7?

15 Q. Yes.

16 MR. McDONALD: You're -- feel --
17 feel free to read the rest of it, too, but
18 know that that's where he's going to focus.

19 THE WITNESS: Okay.

20 Q. Mr. Cavaretta, have you had a chance
21 to look over...

22 A. I'm on 4 right now.

23 Q. Okay.

24 A. So the other pages have nothing to
25 do with the questions you're going to ask me?

1 Q. That's correct.

2 A. Okay. I just wanted to make sure.

3 Q. So starting around Page 4.

4 A. Yeah.

5 Q. So this email relates to a customer
6 acquisition program that Schein had sometime
7 around 2012, correct?

8 A. Yes.

9 Q. Okay. And can you tell me what a
10 customer acquisition program is?

11 A. You know, as it states in Michael's
12 email, it was just a way, in a short period of
13 time, to give our team additional tools and --
14 and discounts to win some business, low-volume
15 business that we don't have.

16 Q. Okay. And this was focused on
17 low-volume business?

18 A. Yes.

19 Q. Okay. And why was Schein trying to
20 win low-volume business?

21 A. Well, we're always trying to grow
22 our market share.

23 Q. So it was aimed at increasing
24 Schein's market share? Okay.

25 A. Yes.

1 Q. And was this targeted at dentists
2 who were doing business with competitors or
3 dentists who were already doing business with
4 Schein or a combination of both?

5 A. When we run these programs, the
6 focus is on business that we don't have, so
7 customers that we don't have. There's times
8 where there may be a customer that's doing
9 15,000 and could be doing 100,000. So we would
10 offer it that, but it would need special
11 exception. But it's usually customers that are
12 doing under \$7,500 of business with us.

13 Q. Okay. And -- sorry, I forgot to ask
14 you, CX2022, this is an email chain that you
15 were part of and received as part of your job
16 at Schein, correct?

17 A. Correct.

18 Q. And you wrote portions of CX2022 as
19 part of your job at Schein, correct?

20 A. Correct.

21 Q. Okay. I just wanted to have that
22 for the record.

23 Okay. So going back to Mr. Porra's
24 email, it straddles 5 through 6 and mostly
25 focusing on Page 6. He points out that the

1 targets of this program were private practice
2 dentists who had purchased less than \$10,000
3 from Schein in the last 12 months, correct?

4 A. That is correct.

5 Q. Okay. And is that what you were
6 referring to when you said low-volume
7 customers?

8 A. And I used 7,500 earlier, so in this
9 case, it was 10,000.

10 Q. Okay. So dentists doing less than
11 10,000 in merchandise business were able to
12 qualify for this program, right?

13 A. Correct.

14 Q. Okay. And a little bit further down
15 there's a list of program perks. Do you see
16 where I'm at?

17 A. I do.

18 Q. Number 1 is service certificates.
19 And then moving to Number 2, it's a discount
20 program. It says: PB02 BPA. And it says:
21 7 percent branded/14 percent HS branded
22 discount.

23 Do you see that?

24 A. I do.

25 Q. What does that mean?

1 A. That means that that -- BPA allowed
2 it -- allowed the FSCs to give a 7 percent
3 discount off of branded products, so 3M, and
4 then 14 percent discount off of Henry Schein
5 brand products, so Henry Schein.

6 Q. Were there any volume commitments
7 involved in this customer acquisition program?

8 A. Typically -- and I'd -- I would need
9 to read through it to make sure, but typically,
10 they have to sign up and enroll as -- also as a
11 privileges customer, so the minimum would be
12 15,000.

13 Q. Okay.

14 A. Yeah.

15 Q. So dentists who were committing to
16 doing \$15,000 worth of business with Schein and
17 who were doing less than \$10,000 in business
18 previously were able to qualify for these
19 discounts here?

20 A. 15,000 is a minimum. But, of
21 course, we're -- what our agreements would say
22 is 80 percent of the business, so we're not
23 just looking for 15,000.

24 Q. Uh-huh. Okay. Those dentists were
25 able to qualify for the discounts listed here,

1 correct?

2 A. Correct.

3 Q. Okay. And how were those discounts
4 determined, if you know?

5 MR. McDONALD: Object to the form.

6 A. I don't -- I don't know.

7 Q. Okay. Do you know whether these
8 discounts represented in CX2022 are the level
9 of discounts that Schein usually uses for
10 customer acquisition programs targeting private
11 practice dentists?

12 MR. McDONALD: Object to the form.

13 Overly broad. Vague. Lack of foundation.

14 A. This is -- we've run programs
15 before, and this is the -- the pricing or the
16 discount offer for this program.

17 Q. Are the discounts usually higher,
18 lower, or somewhere around this range with
19 respect to customer acquisition programs?

20 MR. McDONALD: Object to the form.

21 A. I -- I can't confidently give you
22 specific data on that because I don't have it
23 in front of me, and I don't have the other
24 programs in front of me. But I know we've --
25 we've run other programs that have a 10 percent

1 offering.

2 Q. 10 percent off of branded or
3 HSD-branded merchandise?

4 A. I think it was just overall.

5 Q. Okay. And then turning to your
6 email straddling Pages 4 through 5, you write
7 under Numeral 2: Please submit five plus names
8 (20 is more than okay) to your RM as soon as
9 possible.

10 Do you see that?

11 A. Yes, I do.

12 Q. Okay. So is it fair to say you
13 wanted to sign up as many dentists as possible
14 on this program who weren't already doing
15 business with Schein?

16 A. Well, yeah. I wanted to grow market
17 share, so, yeah.

18 Q. Okay. And then under Roman
19 Numeral III -- or, sorry, Number you write: I
20 do expect two customers signed up on this
21 program from everyone. Yep, that means you,
22 too.

23 What do you mean by that?

24 A. I mean, I -- I've known the team for
25 a while. So it's -- it's the people who go,

1 oh, it's not talking about me. And then they
2 read the email and say, yeah, okay, I do mean
3 you.

4 Q. So is it fair to say you wanted FSCs
5 to sign up as many dentists as possible on this
6 program?

7 A. Yes.

8 Q. Okay. Do you know whether this
9 program was successful?

10 A. I don't know if this specific
11 program was successful or not.

12 Q. Okay. Okay. You can put that
13 document aside.

14 MR. SOLOMON: I will just reserve
15 the rest of my time, whatever that may be.

16 MR. McDONALD: Okay. Go off the
17 record.

18 THE VIDEOGRAPHER: Going off the
19 record at 3:31 p.m.

20 (A short break was taken.)

21 THE VIDEOGRAPHER: Going on the
22 record, this marks the beginning of Media
23 Number 6. The time is now 3:46 p.m.

3 BY MR. McDONALD:
4 Q. Mr. Cavaretta, I have a few
5 questions for you.
6 A. Okay.
7 Q. I'm going to ask you a series of
8 questions, and I'm going to use the word
9 "communication." And I want you to view the
10 word "communication" in its broadest sense: In
11 person, telephone, email, text message, instant
12 message, smoke signal, telegraph, whatever, any
13 form of communication. Okay?
14 A. Okay.
15 Q. Since being a Henry Schein employee,
16 other than recruiting, have you ever
17 communicated with anyone from Benco, other than
18 to say hello or have small talk?
19 A. No.
20 Q. Since being a Henry Schein employee,
21 other than recruiting, have you ever
22 communicated with anyone from Patterson, other
23 than to say hello or have small talk?
24 A. No.
25 Q. Have you ever communicated with

1 knowledge of your allegation.
2 Q. So do you have any knowledge of the
3 FTC's allegation regarding an agreement
4 between -- between Henry Schein, Benco, and
5 Patterson?
6 MR. SOLOMON: Objection. Calls for
7 a legal -- a legal conclusion.
8 A. No.
9 Q. Would such an agreement, if it
10 existed, be contrary to your understanding of
11 Henry Schein's business practices?
12 MR. SOLOMON: Objection. Calls for
13 speculation. Hypothetical. Legal
14 conclusion.
15 A. Yes.
16 Q. Does Henry Schein have a policy to
17 not do business with or offer discounts to
18 buying groups?
19 A. No.
20 Q. Has anyone at Henry Schein ever
21 encouraged you or told you to not work with
22 buying groups?
23 A. No.
24 MR. McDONALD: That's all the
25 questions I have.

1 anyone at Benco regarding buying groups, GPOs,
2 or any other kind of customer?
3 MR. SOLOMON: Object to the form.
4 A. No.
5 Q. Have you ever communicated with
6 anyone from Patterson regarding buying groups,
7 GPOs, or any other kind of customer?
8 MR. SOLOMON: Object to the form.
9 A. No.
10 Q. The FTC alleges in this case that
11 Henry Schein had an agreement with Benco and
12 Patterson to not do business with buying groups
13 or offer them discounts. Do you have any
14 knowledge of such an agreement?
15 MR. SOLOMON: Objection. Calls for
16 a legal conclusion.
17 A. No.
18 MR. McDONALD: How does asking him
19 if he has knowledge call for a legal
20 conclusion?
21 MR. SOLOMON: It's asking about an
22 agreement, and as we allege it, that's a
23 legal conclusion.
24 MR. McDONALD: I'm not asking about
25 the agreement. I'm asking if he has

1 MR. LONG: I have no questions on
2 behalf of Patterson.
3 MR. RACOWSKI: I have no questions.
4 MR. SOLOMON: I don't think I have
5 any cleanup, so no further questions.
6 MR. McDONALD: So let's go off the
7 record so we have a new transcript or
8 whatever.
9 THE VIDEOGRAPHER: Going off the
10 record, the time is 3:48 p.m.

5 is that correct?

6 A. I am.

7 Q. Okay. And I've placed a few

16 I'm at?

17 A. I do.

18 Q. And if you turn to the second page,
19 I'd like to direct your attention to Topic 3.
20 Would you mind reading Topic Number 3?

21 A. Yes. Schein's corporate pricing
22 strategies, policies, and practices for dental
23 products sold to each customer segment during
24 the relevant time period, including, but not
25 limited to, the corporate policies on pricing

1 tiers, pricing overrides, and the offering of
2 rebates, discounts, and free goods.

3 Q. Okay. I directed you to the wrong
4 topic. I'd actually like to have you --

5 MR. LONG: You had me confused.

6 Q. So can you please read, instead,
7 Deposition Topic Number 2?

8 A. Yes. Schein's agreements with any
9 buying groups for dental products during the
10 relevant time period, including the identities
11 of the buying groups, the general terms and
12 scope of each agreement, including, but not
13 limited to, general pricing and discount terms,
14 ways to determine the members of the buying
15 groups, the Schein employee/employees who
16 negotiated and entered into each agreement, and
17 the operative dates of each agreement.

18 Q. Okay. Mr. Cavaretta, do you
19 understand that you are here to testify as a
20 corporate representative on behalf of Henry
21 Schein as to Topic Number 2 that you just read?

22 MR. McDONALD: Well, and let me
23 interject, it's subject to our objections,
24 and for Henry Schein Dental, not Henry
25 Schein Special Markets.

1 Q. So you're here to testify as a
2 corporate representative of Henry Schein, and
3 you're here to testify about the buying groups
4 that were a part of Henry Schein Dental; is
5 that right?

6 A. Correct.

7 Q. Okay.

8 MR. McDONALD: But, again, subject
9 to the objections we've lodged.

10 Q. Okay. So, Mr. Cavaretta, how did
11 you prepare for this deposition?

12 A. Yesterday I was able to see a list
13 of -- of buying groups that we do business
14 with.

15 Q. And do you know how that list was
16 compiled?

17 MR. McDONALD: Well, to the extent
18 that it would reveal communications with
19 counsel, then I direct you to not do that.

20 A. Okay. I was provided the list.

21 Q. Okay. So you weren't involved in
22 compiling that list at all?

23 A. Well --

24 MR. McDONALD: Object to the form.

25 A. So I was -- I was asked of knowledge

1 of buying groups that I'm aware of, and I did
2 submit the ones that I was aware of.

3 Q. When were you asked that?

4 MR. McDONALD: Well, Ronnie,
5 you're -- I'm going to give a little bit of
6 leeway, but you're getting into my
7 communications and my other co-counsel's
8 communications with our client in order to
9 respond to discovery requests that have
10 been propounded upon us.

11 Obviously, we consulted with people
12 within the company in order to respond to
13 your discovery requests. And one of those
14 people was Mr. Cavaretta, but I'm not going
15 to let him get into the details of what we
16 communicated with each other about.

17 MR. SOLOMON: Sure.

18 Q. So it sounds like you're talking
19 about your legal counsel asked you for input in
20 this list?

21 A. Correct.

22 Q. Okay. And that's Mr. McDonald
23 sitting here today?

24 A. Well --

25 MR. McDONALD: Object to the form.

1 A. Part of the legal counsel would be
2 Mr. McDonald, yes.

3 Q. Okay. Do you know whether anyone
4 else, other than your legal counsel, was
5 involved in compiling this list?

6 A. Not that I'm aware of.

7 Q. Okay. Do you have -- the list we're
8 referring to, do you have personal knowledge of
9 each of the groups on the list?

10 A. I'm -- I'm familiar with the -- some
11 more than others.

12 Q. Okay. So do you have a baseline
13 familiarity with every group on the list?

14 MR. McDONALD: Well, object to the
15 form. Again, he's only here for HSD buying
16 groups. And the list includes special
17 markets and HSD buying groups.

18 A. Not every single one.

19 Q. So for each of the groups that
20 relate to HSD, do you have a baseline
21 familiarity with each of those groups?

22 A. I believe I do.

23 Q. Okay. And did you have a baseline
24 familiarity with each of those groups before
25 you began preparing for this deposition?

1 A. The ones I noticed, it -- it was
2 based on my familiarity with them, not any
3 prep.

4 Q. Were there any groups that you
5 needed to educate yourself on for purposes of
6 today's deposition?

7 A. Yes.

8 Q. Okay. So we'll look at the list in
9 a moment, but I'll ask you some questions today
10 about what you did to prepare for today's
11 deposition in terms of educating yourself as to
12 certain groups. Okay?

13 A. Okay.

14 Q. And one other thing I'd just like to
15 look at with you in CX2523, if you turn to the
16 definitions section on Page 3, there's a
17 definition of buying group. Could you please
18 read that definition over.

19 A. Okay.

20 Q. Okay.

21 MR. McDONALD: And for the record,
22 we've objected to that definition.

23 Q. So today when I'm -- when I ask you
24 whether something is a buying group, I'll be
25 referring to this definition here. Do you

1 understand that?

2 MR. McDONALD: Again, we've objected
3 to that definition.

4 A. Does that include what I was
5 understanding buying groups to be, or is it
6 just based on G?

7 Q. I don't know what you mean by what
8 you were understanding buying groups to be.

9 A. That there -- there's, you know,
10 varying definitions and varying degrees of
11 buying groups.

12 Q. I'm not sure. You can tell me, as
13 we go through the list, why or why not you
14 think something falls into this definition.

15 A. Okay.

16 Q. But this is the definition I'll be
17 referring to.

18 A. Okay.

19 Q. I'd also like you to turn,
20 Mr. Cavaretta, to the other document you have
21 in front of you, CX2525, which is a document
22 entitled: Respondent Henry Schein's
23 Supplemental Objections and Responses to
24 Complaint Counsel's Interrogatories Numbers 1
25 through 2.

1 Do you see that?

2 A. I do.

3 Q. And do you understand this to be a
4 copy of Schein's responses to complaint
5 counsel's discovery requests?

6 A. I do.

7 Q. Okay. And I'd like you to turn to
8 Page 9 of CX2525, where it says Supplemental
9 Response to Interrogatory Number 1.

10 Do you see where I'm at?

11 A. I do.

12 Q. Okay. And there's a list of 49
13 different entities listed here, and it spans
14 Pages 9 through -- 9 through 11, correct?

15 A. I do see that.

16 Q. Okay. And do you understand this to
17 be a list of entities that Schein is asserting
18 are buying groups that Schein has had an
19 agreement with?

20 A. From my understanding, the names on
21 the list would be -- would fall under that
22 category.

23 Q. Okay. Do you have any other
24 understanding as to what the names listed in
25 response to -- strike that.

1 Do you have any other understanding
2 as to what the names listed in response to
3 Supplemental Response to Interrogatory Number 1
4 represent?

5 MR. McDONALD: Object to the form.

6 I have no idea what that means, but
7 if you do, you can answer it.

8 MR. SOLOMON: I'll just rephrase.

9 Q. Do you have any idea what the names
10 on the -- do you have -- strike that.

11 Do you have any other idea as to
12 what the names listed here represent, other
13 than groups with which Schein has had an
14 agreement?

15 MR. McDONALD: Again, object to the
16 form.

17 If you understand the question, you
18 can answer it.

19 A. Can you just ask it one more time?

20 Q. Let's just move on. That's fine.

21 So I'm going to go through and --
22 I'm going to walk through with you each of the
23 names listed here and ask questions about each.

24 So let's start with Number 1, a
25 group called Acurity. Is this a group Schein

1 has or had an agreement with?

2 A. I'm personally not familiar with
3 Acurity.

4 Q. Okay. Did you do anything to
5 educate yourself on this group in preparation
6 for today's deposition?

7 A. No, I didn't.

8 Q. Okay. Do you know whether this is a
9 group that has had a relationship with Henry
10 Schein Dental?

11 A. So I'm not familiar with this
12 specific group.

13 Q. Okay. So you didn't -- you don't
14 know anything about this group, and you didn't
15 do anything to educate yourself on this group
16 for today's deposition?

17 A. I did not.

18 Q. Why not?

19 A. When I was made aware of the actual
20 list, I didn't have time to prepare for every
21 single one.

22 Q. Okay. Did -- is this a group your
23 counsel had asked you to -- strike that.

24 Is this a group that your counsel
25 has told you're here to testify about today?

1 MR. McDONALD: Object to the form.

2 Don't reveal communications with
3 counsel.

4 A. Okay. I'm just not familiar with
5 this specific group.

6 MR. SOLOMON: Okay. So, I mean,
7 John, is -- is he testifying about this one
8 or --

9 MR. McDONALD: He -- he told you he
10 doesn't know about it. So move on, Ronnie.
11 And if we need to figure out something else
12 to get you a different witness on it, then
13 we'll do it.

14 MR. SOLOMON: Okay. This is not one
15 of the groups that was covered for Hal
16 Muller for special markets.

17 MR. McDONALD: It wasn't on the
18 list, I don't think.

19 MR. SOLOMON: Okay. Are there other
20 groups here that he will not be testifying
21 about because he doesn't know?

22 MR. McDONALD: I don't know. I
23 think you should go through the list and
24 ask him. There are clearly groups on
25 here -- for example, the Arizona

1 Association of Community Health Centers,
 2 that's in special markets, that he's not
 3 going to be here to testify about.
 4 MR. SOLOMON: Sure.
 5 MR. McDONALD: And there are other
 6 groups in here that are -- you know, you
 7 know were covered with Hal Muller as
 8 special market groups that he's not going
 9 to testify about.
 10 MR. SOLOMON: Sure.
 11 MR. McDONALD: I think you'll find
 12 he knows about the vast majority of these
 13 buying groups.
 14 MR. SOLOMON: Okay. So Acurity was
 15 not one covered by Mr. Muller, but
 16 Mr. Cavaretta is not prepared to testify
 17 about today.
 18 Q. Is that right?
 19 A. I'm not prepared to testify; that's
 20 right.
 21 Q. Okay.
 22 MR. McDONALD: I -- I believe that a
 23 witness -- I -- I believe where that name
 24 came from is from a deposition that you-all
 25 took in this case where a Henry Schein

1 employee who was responsible for that
 2 account told you all about it.
 3 So it's irrelevant that this guy --
 4 that Mr. Cavaretta tell you anything more
 5 about it. And I can't --
 6 MR. SOLOMON: So --
 7 MR. McDONALD: -- tell you off the
 8 top of my head who that witness is, but I
 9 believe that's where that list -- that's
 10 where that name came from.
 11 MR. SOLOMON: Okay. Well, we asked
 12 for a corporate representative to testify
 13 about all the names here, so I would
 14 disagree that we don't --
 15 MR. McDONALD: You know, Ronnie, if
 16 we have to -- let's stop wasting time, I
 17 mean, seriously. If we need to have a
 18 conversation at a later date that you-all
 19 need to have an additional corporate
 20 representative answer some question about
 21 this, then we'll figure it out.
 22 MR. SOLOMON: I think there's
 23 definitely a need, so I'll move on --
 24 MR. McDONALD: Well, other than
 25 you've already asked a -- a witness -- I

1 believe you've already asked a witness, and
 2 you haven't been at every deposition,
 3 Ronnie.
 4 MR. SOLOMON: I haven't asked a
 5 witness is what I'm saying.
 6 MR. McDONALD: Okay. You, complaint
 7 counsel, that's what you refer to yourself,
 8 like God or something, complaint counsel.
 9 Complaint counsel, I believe, has asked a
 10 Henry Schein witness about this.
 11 MR. SOLOMON: Not in their corporate
 12 capacity, though, correct?
 13 MR. McDONALD: Just move on, Ronnie.
 14 Okay? We'll -- we'll figure this out.
 15 MR. SOLOMON: Okay.
 16 MR. McDONALD: I mean, I -- it's now
 17 after 4:00 o'clock. You said you need an
 18 hour or two. Let's get going.
 19 MR. SOLOMON: Sure. I just want to
 20 make sure we can talk about this after.
 21 MR. McDONALD: We can always talk,
 22 Ronnie.
 23 MR. SOLOMON: Great.
 24 Q. So turning to Group Number 2,
 25 Mr. Cavaretta, Advantage Dental Group, is

1 that -- is Advantage Dental Group an entity
 2 with which Schein has had -- or had -- strike
 3 that.
 4 Is Advantage Dental Group an entity
 5 with which Schein has had an agreement?
 6 A. Not that I'm aware of.
 7 Q. Okay. So Schein has never had an
 8 agreement with Advantage Dental?
 9 MR. McDONALD: Object to the form.
 10 A. I'm not -- I'm not familiar with
 11 Advantage Dental Group.
 12 Q. Did you do anything to educate
 13 yourself about Advantage Dental prior to
 14 today's deposition in order to testify about
 15 it?
 16 A. No, I didn't.
 17 Q. Okay. So you're not prepared to
 18 testify about Advantage Dental here today?
 19 A. No, I'm not.
 20 Q. Turning to Group Number 3, Dr. Alan
 21 Farber Study Group, do you see where I'm at?
 22 A. I do.
 23 Q. Is Dr. Alan Farber Study Group a
 24 group with which Schein has had an agreement?
 25 A. Yes.

1 Q. Was this a written agreement?

2 A. I -- I don't -- the -- the
3 relationship goes back a long way, so I don't
4 remember if it's a written agreement or not.

5 Q. Okay.

6 MR. McDONALD: If there's a written
7 agreement, it's been produced to you. And
8 he's not prepared to recite the terms of
9 any agreement that we entered into. Any
10 agreement has -- to the extent we have one,
11 has been produced to you. And it's your
12 burden to put it in front of him, and if
13 you have a question about it, to ask him
14 about it.

15 Q. When was the relationship between
16 Dr. Alan Farber Study Group and Schein first
17 formed?

18 A. I remember that to be in the
19 2005/2006 time frame.

20 Q. Okay. It says here 2009 through
21 2016. Do you have any understanding as to why
22 2009 is listed here?

23 A. No, I do not.

24 Q. Okay. Was the Dr. Alan Farber Study
25 Group a buying group comprised of private

1 practice dentists?

2 A. Yeah. What I remember it being is
3 really more of a study club that Dr. Farber was
4 looking for endorsement dollars and
5 sponsorship. He wanted to use the -- the Henry
6 Schein name.

7 And so when I was a regional manager
8 in New York, Long Island, I did meet with him,
9 and we agreed to participate in the study club.
10 And I don't -- I don't remember the -- the
11 deals [sic] of the contract or the -- any type
12 of agreement, but I know we participated.

13 Q. What do you mean when you say it was
14 an endorsement or sponsorship?

15 A. Well, typically, with the study
16 club, is that they ask us to -- say, hey, we
17 have a group of doctors here, and -- and we're
18 based on education. We educate our doctors on
19 X, Y, Z. I have X amount of members that --
20 that come, and this is what we do. We have a
21 website. So we would love for Henry Schein to
22 be part of our study club.

23 And, therefore, in exchange, we
24 would put the Henry Schein logo on the --
25 the -- what -- the Dr. Alan Farber Study Group.

1 So that's the endorsement component of it.

2 Q. Okay. Did members of this group
3 receive discounts based on aggregated volume of
4 the group members?

5 A. Yeah. So I would -- I would have to
6 review the contract with you. I don't remember
7 the specific details of it.

8 Q. Do you recall who was responsible
9 for the relationship with this entity?

10 A. I created -- or I started the
11 relationship. And at that time, Dr. Farber's
12 FSC was someone named Sue Cerullo. And so that
13 was put in front of me at that time. As
14 regional manager, I went there and spoke to
15 Dr. Farber, and we decided that it was
16 something we would attempt to do.

17 Q. Were all of the members of this
18 group private practice dentists?

19 A. Back then, as -- as far as I know,
20 they were.

21 Q. Okay. And you have personal
22 knowledge -- knowledge of this relationship
23 because, as you just mentioned, you were
24 involved in setting up the relationship; is
25 that right?

1 A. Correct.

2 Q. Okay.

3 A. So I met Dr. Farber. I haven't had
4 a conversation with him in 12, 13 years, but,
5 yes.

6 Q. Okay. Is this the same group as the
7 Long Island Dental Forum listed in Number 29?

8 A. I believe that to be the case.

9 Q. Okay. So Numbers 3 and Number 29
10 are the same exact group; is that your
11 understanding?

12 A. That is my understanding.

13 Q. Okay. So do you know why they're
14 listed twice on this list?

15 A. I do not.

16 Q. And do you know why the dates listed
17 in Number 3 and Number 29 are different?

18 A. I do not. The Long Island Dental
19 Forum, which is Number 29, started in 2006,
20 would have been when I started -- I guess it's
21 possible that the Long Island Dental Forum
22 potentially could have disbanded and went -- or
23 changed names to -- under Dr. Alan Farber Study
24 Group. But I'm not aware of any type of
25 specific changes there.

1 Q. Do you know whether Schein still
2 does business with the Dr. Alan Farber Study
3 Group?

4 A. I believe we do.

5 Q. Okay. Number 4, Alpha Omega.
6 Schein has an agreement with Alpha Omega?

7 MR. McDONALD: Again, to the
8 extent -- to the extent we do, it's been
9 produced.

10 A. Yeah. So I -- I don't know if
11 there's a -- an actual documented agreement.
12 What I know about Alpha Omega, at this time, I
13 was the regional manager in Arizona, and this
14 was to focus on the Jewish community of
15 dentists.

16 And I know that we were putting
17 together something for them, and there was a --
18 a form of a rebate. I don't recall the amount
19 of rebate, and I don't even -- I don't recall
20 the discount we were giving them. But I'm
21 familiar with the relationship.

22 Q. Do you know whether there was a
23 discount component to this relationship?

24 A. I don't recall specifically. And
25 again, if we had the agreement, we could go

1 through it.

2 Q. Okay. Do you recall whether there
3 was a written agreement between Schein and
4 Alpha Omega?

5 A. No. I wouldn't have done -- so I'm
6 not aware of that.

7 Q. Okay. It says here, under Number 4,
8 that the relationship lasted from 2009 to 2016.
9 Do you understand that to be the term of the
10 relationship between Alpha Omega and Schein?

11 MR. McDONALD: Well -- and I'll tell
12 you the beginning date is wrong, based upon
13 prior testimony from our witnesses. But go
14 ahead.

15 A. So I -- I believe this relationship
16 to have started in 2003.

17 Q. Okay. So 2009 is not correct?

18 A. I don't believe it to be correct.

19 Q. Okay. And did it end in 2016?

20 A. I believe it did. I haven't heard
21 about Alpha Omega at all, so I wasn't the --
22 the corporate owner of the relationship, so
23 it's possible.

24 Q. Who was the corporate owner of the
25 relationship?

1 A. From what I remember, it was Steve
2 Kess.

3 Q. And who's Steve Kess?

4 A. Steve is in our New York office.
5 And at the time, he was working in professional
6 relations. So he had, I think, a relationship
7 with the head of the Alpha Omega chapter that
8 was based out of New York.

9 Q. Were all of the members of Alpha
10 Omega private practice dentists?

11 MR. McDONALD: Object to the form.

12 A. I can't say for sure. A majority.

13 Q. And is that based on your personal
14 knowledge or something you did to get educated
15 in preparation for today?

16 A. Personal knowledge.

17 Q. Okay. And how do you have personal
18 knowledge of this group? Did you -- were you
19 involved in working with them at any point?

20 A. So when I was a regional manager in
21 Arizona, which would be that time frame that I
22 gave you, 2001 to 2004, when the agreement was
23 communicated to us, I was responsible for
24 meeting with the head of the Alpha Omega
25 chapter in Arizona.

1 Q. Okay. And do you know whether Alpha
2 Omega is a group in which -- or strike that.

3 Let's turn to Number 7 Breakaway
4 Practice. My understanding is that Numbers 5
5 and 6 were covered by another corporate
6 representative, Mr. Hal Muller?

7 A. Okay.

8 Q. Okay. So Number 7, Breakaway
9 Practice, is that a group with which Schein has
10 had an agreement?

11 A. Yes.

12 Q. Do you know whether it was a written
13 agreement?

14 A. I know that we had a PVA signed with
15 Breakaway Practice.

16 Q. Okay. And do you know when the
17 relationship first formed?

18 A. So I don't know exactly when the
19 relationship first formed because this was a
20 relationship with special markets first, and
21 then Henry Schein Dental took over the
22 relationship.

23 Q. When did Henry Schein Dental take
24 over?

25 A. Formally, it would have been 2015,

1 and the reason why those dates are 2016 is
2 because we created new purchase volume
3 agreements for Breakaway.

4 Q. Is Breakaway a buying group
5 comprised of private practice dentists?

6 A. Breakaway was one of the hybrid
7 accounts that we had and -- and really one of
8 the big reasons why we created the APC space.
9 It had a DSO component, an MSO component, and I
10 believe what they called affiliates, which,
11 because they didn't own the offices or have any
12 type of equity ownership in those offices, that
13 we considered that arm being more of a buying
14 group.

15 Q. Do you know when the affiliates
16 portion was added to Breakaway's model?

17 A. From Breakaway's standpoint, I
18 don't. What I do know is when Kathleen Titus
19 went down to meet with them and doing discovery
20 and just asking more about their business,
21 that's when it was discovered.

22 Q. Okay. Who was responsible for the
23 relationship with Breakaway?

24 A. When it came to Henry Schein Dental?

25 Q. Uh-huh.

1 A. It started out with -- it started
2 out with Kathleen Titus. Then it moved to
3 Andrea Hight. And then we had Kip Rowland
4 cover Breakaway. Kip retired. Then it went
5 to -- I think Andrea covered it for a little
6 bit of time, and then it ultimately ended up
7 with Darci.

8 Q. Is Breakaway, to your knowledge,
9 still a Schein customer?

10 A. Breakaway is -- from a formal
11 agreement, no, they are not. But what we do
12 is, the Breakaway members that exist, a
13 majority of them, well over 80 percent of them,
14 still do business with us.

15 Q. So Schein no longer has an agreement
16 with Breakaway?

17 A. Correct. We don't have a -- we're
18 not their agreed-upon, endorsed prime vendor.

19 Q. Do you know when the relationship
20 between Schein and Breakaway ended?

21 A. Yes. It was March/April of this
22 year.

23 Q. Do you know why it ended?

24 A. Yes. There was a company called
25 Dental Whale that ended up purchasing Breakaway

1 Dental. And -- and through negotiations with
2 Dental Whale, all of 2017 into '18, they
3 decided to, as a corporation, move their prime
4 agreement with Darby Dental.

5 Q. When Schein did business with
6 Breakaway, did Breakaway members receive
7 discounts based upon aggregated volume of the
8 group?

9 MR. McDONALD: Object to the form.

10 The contract speaks for itself.

11 A. Based on the -- the PVA, there was
12 discounts offered to the members, and there was
13 a form of an admin fee that went to the
14 Breakaway corporate office.

15 Q. When Schein did business with
16 Breakaway, was centralized purchasing an aspect
17 of Breakaway's model?

18 MR. McDONALD: Object to the form.

19 A. So I -- it may be a long -- a little
20 bit long-winded. When we did discovery, what
21 we found out is that they are able to drive
22 compliance with the DSO/MSO component. Where
23 they struggled with compliance was the
24 affiliate component. So their -- the -- each
25 individual office did their own ordering. And

1 then the corporate office would monitor where
2 purchases were coming from.

3 So what they did with that data, I
4 don't know. But I do know that we had a higher
5 engagement with the DSOs and MSOs compared with
6 the affiliates.

7 Q. And for the DSO and MSO portion of
8 the business, there was a common ownership
9 among the practices; is that right?

10 A. Well, what I understood Breakaway to
11 be is that there was some practices -- I don't
12 know how many off of my head -- that were DSO,
13 so fully owned. There -- there were more that
14 were MSO, so the equity in exchange for the
15 services. And then, yes, there was an
16 affiliate arm. I don't know how it segmented
17 internally for Breakaway.

18 Q. And did you have personal knowledge
19 of this relationship, or were you educated on
20 this group for purposes of today's deposition?

21 A. I had personal knowledge of this
22 relationship.

23 Q. And what was your personal knowledge
24 based on?

25 A. So in 2015, the mid-market space --

1 or 2014, the mid-market space moves over to
2 Henry Schein. Roughly 2015, this Breakaway
3 relationship is transitioned to Henry Schein.

4 Kathleen Titus reported to me. She
5 did all the discovery. She would report, you
6 know, back to me. We'd have conversations
7 about this new way of -- new customer that, you
8 know, is a hybrid customer. It was new.

9 And then eventually, the APC space
10 was created, which reports to me. And Darci
11 Wingard is the one who's responsible for the
12 relationship, so ...

13 Q. Okay. Number 8 I understand to be a
14 group that fell within special market's purview
15 and was covered with another witness.

16 Ciradin, was Ciradin a group with
17 which Henry Schein has had an agreement?

18 A. I am not familiar with this group.

19 Q. So you have no personal knowledge
20 about this group, and you were not educated on
21 this group, either, correct?

22 A. I was not.

23 Q. Number 10, Colorado Community Health
24 Network, again, I understand that to be a group
25 that fell within special markets and not HSD.

1 Number 11, Columbia Dental Group, is
2 this a group -- did Schein have an agreement
3 with the Columbia Dental Group?

4 A. I'm not familiar with this group.

5 Q. Okay. You -- so you have no
6 personal knowledge of the Columbia Dental
7 Group, and you didn't educate yourself on this
8 group in preparation for today's deposition?

9 A. I did not.

10 Q. Okay. Turning to Number 12, Comfort
11 Dental, is Comfort Dental a group with which
12 Schein has had an agreement?

13 A. Yes.

14 Q. Okay. Was this a written agreement?

15 A. I believe this to be a formalized
16 prime vendor agreement.

17 Q. Okay. And do you know when the
18 relationship between Comfort Dental and Schein
19 was first formed?

20 A. I -- I don't know the exact date,
21 but I know it was in the -- it's been in place
22 since -- the relationship has been there since
23 the late '90s. I don't know when, you know,
24 the official agreement was created.

25 Q. Okay. Is Comfort Dental a buying

1 group of private practice dentists?

2 A. Yeah. It's made of independent
3 dentists, but there is some ownership in some
4 of those practices.

5 Q. So Comfort Dental has some stake of
6 ownership in the various practices that are a
7 part of Comfort Dental?

8 A. Yeah. I don't know how many, but
9 there is ownership in some of them.

10 Q. Okay. Do you know whether Comfort
11 Dental has centralized purchasing of dental
12 products?

13 A. I -- I believe the individual
14 offices still do their purchases. But based
15 on -- on -- Comfort Dental has managed to drive
16 compliance through those offices. And it's
17 partially because they're -- they're a heavier,
18 more MSO component, Comfort Dental is, than, I
19 guess, a buying group where there's -- there's
20 not services being offered.

21 Q. So Comfort Dental contracts with
22 practices to provide management services?

23 A. That's my understanding.

24 Q. Okay. Do Comfort Dental practices
25 receive discounts on dental products from Henry

1 Schein?

2 A. There is a discount provided.

3 Q. Okay. Do you know what the discount
4 is?

5 A. I do not.

6 Q. Do you know who was responsible for
7 this relationship within HSD?

8 MR. McDONALD: Object to the form.

9 A. So it's -- it's somewhat a team with
10 the relationship. We have -- our special
11 markets team helps with Comfort Dental. We
12 have an FSC by the name of Susan Feldner out of
13 Colorado who -- that's where Comfort Dental's
14 headquarters is. So she has a relationship
15 with the -- with the headquarters. But beyond
16 that, I -- I don't know what other
17 relationships we may have with them.

18 Q. When you say their headquarters,
19 what do you mean?

20 A. The individual who started Comfort
21 Dental started it out of Colorado. So he is
22 known as the leader and the head of Comfort
23 Dental. So that's what I mean by that.

24 Q. What's his name?

25 A. And I cannot remember it off the top

1 of my head right now. I -- I'm sure I'll think
2 of it. I -- I can find out, but I -- I -- it's
3 slipping my mind right now.

4 Q. And do you have personal knowledge
5 of this relationship, or were you educated on
6 this group for purposes of today's deposition?

7 A. The personal knowledge I provided
8 to -- today, and the education ahead of time, I
9 did not do.

10 Q. Okay. So your testimony today is
11 based on your personal knowledge of dealing
12 with this group?

13 A. Correct.

14 Q. Okay. Number 13 is Commonwealth
15 Purchasing Group. I understand that to be a
16 group that falls within special market's
17 purview and was previously testified about by
18 another witness.

19 Number 14, Corydon Palmer Dental
20 Society, do you recognize that as an entity
21 that had an agreement with Schein?

22 A. So I recognize the name. I was not,
23 you know, a part of any type of relationship or
24 agreement with them.

25 Q. Okay. So you have no personal

1 knowledge of Schein's relationship or agreement
2 with the Corydon Palmer Dental Society?

3 A. I do not.

4 Q. Okay. And you were not educated
5 about this group for purposes of today's
6 deposition?

7 A. I was not.

8 Q. Okay. The next group, Council
9 Connections, I understand that to be a group
10 that falls within the special market's purview,
11 so we'll skip that.

12 Number 16, The Denali Group, is The
13 Denali Group an entity that had an agreement
14 with Henry Schein?

15 A. So The Denali Group was another
16 group that we -- was transitioned from special
17 markets to Henry Schein Dental. Learned about
18 The Denali Group, I want to say in 2013. I
19 can't tell you if there's a formal agreement
20 with them.

21 What Denali Group focuses on is
22 consulting on equipment and designing offices,
23 equipment and technology and designing offices.

24 So we have sold, to The Denali Group
25 equipment, based on the gentleman -- and I

1 don't remember his name, but I have spoke to
2 him. But based on his relationships, we then
3 sell equipment into those dental offices. So
4 we're his preferred vendor of choice for
5 equipment and technology.

6 Q. Is the gentleman you're referring to
7 named Robert Lowther?

8 A. That sounds familiar. I can't
9 confirm exactly who -- that I spoke to him.

10 Q. Okay.

11 A. But that sounds familiar.

12 Q. Is The Denali Group a buying group
13 comprised of private practice dentists?

14 A. I -- I would -- from my
15 understanding, the majority of the doctors he
16 works with are private practice, but it is
17 possible that he -- he now has some groups,
18 because as these independent dentists --
19 they're adding practices, they -- they could
20 have multiple practices at this point.

21 Q. So Denali itself, is it a buying
22 group or consulting group, or what -- how would
23 you describe Denali's business model?

24 A. I describe it as an APC. It is --
25 they -- they are consulting with the customer

1 in the field. They are designing the office,
2 and then they come to us for the equipment. So
3 that's -- I don't know a better way to explain
4 it.

5 Q. Does Denali Group fall within the
6 definition of buying group that we looked at
7 earlier?

8 MR. McDONALD: Object to the form.
9 Calls for a legal conclusion.

10 A. I can't answer that.

11 MR. McDONALD: You like that, don't
12 you?

13 A. I -- I -- the only reason why I'm
14 pausing is I can't really answer for sure,
15 because it's equipment and technology. It's
16 not merchandise, so it's a unique group.

17 They do receive special pricing
18 because of the volume of business that he's
19 brought to us. But, again, that's -- that's
20 the best answer I can give you.

21 Q. Would you categorize it as a buying
22 group?

23 A. I'd categorize it as an APC.

24 Q. So not a buying group?

25 A. An alternative purchasing channel,

1 which is a catchall for -- yeah. I -- I can't
2 give you a definitive answer on whether it's a
3 buying group or not.

4 Q. Okay. Do you know who was
5 responsible for the relationship between Schein
6 and The Denali Group?

7 A. The original relationship I -- I
8 don't know for sure. I know the relationship
9 resides right now with a gentleman named Steve
10 Aaron, who's our director of equipment out of
11 the west. And the reason why it's with him
12 right now is The Denali Group is out of Texas,
13 which was -- which is in the west. And when I
14 was in the west, Steve and I worked with them.
15 So Steve would be the one who -- who is the
16 closest to them right now.

17 Q. Do members of The Denali Group
18 receive discounts based on the aggregated
19 volume of the group?

20 A. I don't know the exact details of
21 the contract.

22 Q. Okay. Do you know at all whether
23 they receive discounts?

24 A. I know the equipment that he
25 purchased from us has discounts associated with

1 it. I don't know the level, but I know there's
2 discounts provided.

3 Q. So the discounts apply only to -- to
4 equipment; is that right?

5 MR. McDONALD: Object to the form.

6 A. He -- he predominantly sells -- he
7 predominantly works with customers on designing
8 an office with equipment and technology. So I
9 don't recall doing merchandise with him, so ...

10 Q. Okay. And do you know whether all
11 members of The Denali Group have access to the
12 same discounts?

13 A. I don't know that for a fact. But
14 based on -- when he designs an office and he
15 comes to Henry Schein and says, hey,
16 Dr. Cavaretta wants to -- is -- is going to be
17 buying equipment, the pricing program that we
18 have, this doctor gets it.

19 Q. Okay. And do you have personal
20 knowledge of this relationship, or were you
21 educated about this group for purposes of
22 today's deposition?

23 A. I -- I've had personal knowledge of
24 it over the time -- the time frame I gave you,
25 2013, until -- I mean I haven't really talked

1 to them in probably a couple years or a year.

2 Q. Okay. The next group is Dental
3 Associates. Is Dental Associates a group that
4 had an -- an agreement with Henry Schein?

5 A. So we have a Dental Associates in
6 Connecticut. And for the purposes of this
7 discussion, I'm assuming this is the group
8 we're talking about.

9 Q. You're not -- you're not sure?

10 A. I'm not positive if this is the
11 group in Connecticut or not.

12 Q. So it's possible that this might be
13 referring to another group?

14 A. You know, all I'm saying is that --
15 that's why I was getting clarification if this
16 is the group in -- in Connecticut.

17 MR. McDONALD: Well, don't guess.

18 THE WITNESS: Okay.

19 MR. McDONALD: And we have produced
20 the contract to complaint counsel.

21 THE WITNESS: Okay.

22 MR. McDONALD: And -- and for the
23 record, Ronnie, it says special markets.

24 MR. SOLOMON: Dental Associates is?

25 MR. McDONALD: It's -- I'm looking

1 at it. It's Dental Health Associates, and
2 it says Henry Schein Special Markets.

3 MR. SOLOMON: Okay. I don't believe
4 this is a group that Mr. Muller testified
5 about, so I think it was not on the list
6 earlier. So we haven't gotten any
7 testimony on it from a corporate designee.

8 MR. McDONALD: Well, I'm telling you
9 it's -- the contract I'm looking at says
10 special markets. And it's been produced to
11 you.

12 MR. SOLOMON: Okay.

13 Q. So, Mr. Cavaretta, I'll ask you some
14 questions about Dental Associates, the one
15 you're familiar with.

16 MR. McDONALD: Well, and -- so I
17 don't want to play games here, Ronnie. You
18 know --

19 MR. SOLOMON: Me either.

20 MR. McDONALD: -- I'm not big on
21 playing games. It says special markets.
22 And this says Dental Health Associates with
23 its primary place of business in Madison,
24 Wisconsin.

25 MR. SOLOMON: Okay. I'm just going

1 to ask questions anyway because I don't
2 have that agreement in front of me, and I
3 don't know one way or the other.

4 Q. So, Mr. Cavaretta --

5 MR. McDONALD: Well, hopefully you
6 can take my representation to you that
7 that's what it says.

8 MR. SOLOMON: I -- I believe you.

9 Q. Mr. Cavaretta, what do you
10 understand Dental Associates to be?

11 A. So knowing that now it -- it's out
12 of Madison, Wisconsin, I'm aware of Dental
13 Associates out of Madison. It historically has
14 been a special markets customer. I know the
15 representative that goes in and calls on Dental
16 Associates.

17 I personally have been in that
18 office. I don't know how many offices they
19 actually have. So, yeah, I mean, what other
20 questions do you have?

21 Q. So Dental Associates had an
22 agreement with Schein at some point?

23 A. I believe the agreement still
24 exists, as -- as John mentioned. So I don't
25 know the specifics of it.

1 Q. Do you know when it was formed?

2 A. I'd be guessing. I could give a
3 time frame, but I'd be guessing.

4 Q. Okay. I don't want you to guess.

5 A. Then I'm not going to answer, then.

6 Q. Okay. Is Dental Associates a buying
7 group comprised of private practice dentists?

8 A. In -- in looking at Dental

9 Associates, I would have believed them to be a
10 DSO. So I -- we'd have to refer back to the
11 individuals that put Dental Associates on the
12 list, because it is very possible they have now
13 some form of affiliates.

14 Q. Okay. As far as you're aware, the
15 group, Dental Associates, is a DSO, but may
16 have changed at some point?

17 A. I -- that would be -- my knowledge
18 of them would have been a DSO, but it's
19 possible that that could have expanded.

20 Q. Okay. And so as a DSO, it was a
21 corporate group that had some type of common
22 ownership structure, to your knowledge?

23 A. To my knowledge, yes.

24 Q. Okay. And do you know who was
25 responsible for this relationship?

1 A. I know our FSC -- the local FSC on
2 it is Eddie Dahm. The corporate representative
3 or the mid-market representative at one point
4 was Andrea Hight. That has -- that has
5 changed, and I don't know who is actually
6 working with Eddie on that account as we
7 talk -- as we speak here today.

8 Q. How do you spell Mr. Dahm's last
9 name?

10 A. D-a-h-m.

11 Q. Anyone else who was involved in the
12 agreement between Dental Associates and Henry
13 Schein?

14 A. Not that I'm aware of.

15 Q. Okay. Let's turn to the next group
16 on this list -- actually, I think that's
17 already been covered by -- Dental Gator has
18 been covered by a corporate representative who
19 testified on special markets groups. The same
20 is true for Dental Georgia Partners.

21 The next group on the list is Dental
22 Smart. Is Dental Smart a group that Henry
23 Schein has had an agreement with?

24 A. I'm not familiar with Dental Smart.

25 Q. Okay. So you have no personal

1 knowledge of this group?

2 A. No.

3 Q. And you did not -- strike that.

4 You were not educated about this
5 group in preparation for today's deposition?

6 A. I was not.

7 Q. Okay. So you don't know whether or
8 not it's a buying group, sitting here today?

9 A. I don't.

10 Q. Okay. Number 21, Dentists for a
11 Better Huntington, in parens, Partnership
12 Support Program. Is Dentists for a Better
13 Huntington an entity with which Schein has had
14 an agreement?

15 A. I'm not familiar with them.

16 Q. Okay. So you have no personal
17 knowledge of this group, and you were not
18 educated about it for today's deposition?

19 A. As it reads, Dental -- Dentists for
20 a Better Huntington, I'm not familiar with
21 them, so I haven't prepared for it.

22 Q. And you don't know who would be most
23 knowledgeable about this group?

24 A. Well, Huntington is in Long Island,
25 so I would have to refer to someone in Long --

1 in New York.

2 Q. Okay. Number 22, Dr. Greg Kalmar,
3 do you have any knowledge as to what Dr. Greg
4 Kalmar represents on this list?

5 A. I do not.

6 Q. Okay. So you have no personal
7 knowledge of Dr. Greg Kalmar, and you were not
8 educated about this name in preparation for
9 today's deposition?

10 A. I was not.

11 Q. Okay. EHI, do you know what EHI is?

12 A. I do not.

13 Q. Okay. So you don't know whether or
14 not it's a buying group?

15 A. No.

16 Q. And you have no personal knowledge
17 of a group called EHI?

18 A. No.

19 Q. And you were not educated about it
20 in preparation for today's deposition?

21 A. No.

22 Q. Okay. Number 24 is the Illinois
23 Primary Health Care Association, and I believe
24 that is something that fell within the purview
25 of special markets, so we'll skip that one.

1 Number 25 is Infinity Dental. Do
2 you recognize that name?

3 A. I do recognize this name.

4 Q. Is Infinity Dental an entity with
5 which Henry Schein has had an agreement?

6 A. I believe we have an agreement with
7 them.

8 Q. Okay. And did -- well, do you know
9 when the agreement first started?

10 A. I don't know for sure. I would be
11 assuming.

12 Q. You're -- you'd be guessing or
13 speculating?

14 A. I'd be speculating.

15 Q. Okay. Is this a buying group
16 comprised of private practice dentists?

17 A. I believe this to be one of the
18 hybrids, again, where they do have some
19 ownership, and they also have affiliates.

20 Q. So it's a hybrid DSO?

21 A. Yes.

22 Q. Okay. Do you know whether there's a
23 written agreement between Schein and Infinity
24 Dental?

25 A. I have personally never seen a

1 written agreement between them.

2 Q. Do you know whether there is one?

3 A. I'm not -- I'm not completely sure.

4 MR. McDONALD: Well, I'm looking at
5 it, so, yes.

6 MR. SOLOMON: Okay.

7 Q. Do you know who was responsible for
8 this relationship?

9 A. This relationship came to us via
10 John Chatham, Eric Nuss, and then from what I
11 remember, they're based out of Michigan. So
12 I -- I believe the local manager, Mark DeMonaco
13 is aware of Infinity.

14 And they were offering -- they wrote
15 a book and were offering specific services on
16 how to expand from a private practice into
17 group practices. So that's how they came to
18 us.

19 And because we had something called
20 our Dental Business Institute, they were then
21 incorporated into the Dental Business
22 Institute, and that's how the relationship
23 formed.

24 Q. You mentioned that it's a hybrid
25 DSO. Is there a component of this business

1 that are private practice dentists, where
2 there's no common ownership or no centralized
3 management?

4 MR. McDONALD: Object to the form.

5 A. There's the potential there for
6 there to be affiliates to Infinity, meaning
7 that they wouldn't own those practices.

8 Q. Do you know whether they would
9 manage or provide management services to those
10 practices?

11 A. As we speak here today, I don't.

12 Q. Okay. Did you know at some point?

13 A. No. I know the name of Infinity. I
14 know how they came to us. And I know roughly
15 what they do, but I don't know the specifics
16 that you're asking me.

17 Q. Okay. And do you -- do you have
18 personal knowledge of this group, or were you
19 educated about this group in preparation for
20 today's deposition?

21 A. What I provided was my personal
22 knowledge.

23 Q. Okay. Number 26, Intermountain
24 Dental Associates. I believe this was covered
25 by a special markets representative. But you

1 also testified earlier that you had made some
2 calls about this group in preparation for your
3 testimony today. What did you learn about
4 Intermountain Dental Associates?

5 A. Well, I called Andrea Hight, and
6 I -- because I remembered them as a DSO. And I
7 asked Andrea about it. At the time, she had
8 the relationship, I wasn't sure who was working
9 with IDA at this point. She also, at that
10 time, believed she -- would have classified
11 them as a DSO.

12 But she also mentioned that she
13 hadn't worked with them in a couple of years,
14 so I needed to call -- or, you know, Daniel
15 Hobson's working with IDA.

16 So I called Daniel Hobson, and I
17 said, hey, Daniel, how would you classify IDA?
18 Are they a DSO? That's what I remember them
19 as, or would you say they are a buying group?

20 And Daniel said, I would classify
21 them as a buying group, because they've
22 apparently expanded from ten practices, which I
23 knew they owned, to roughly 25.

24 Daniel is no longer the -- the
25 primary relationship holder for IDA. I believe

1 them to be a DSO/MSO affiliate.

2 Q. You -- so you don't believe them to
3 be a buying group?

4 A. Well --

5 MR. McDONALD: Object to the form.

6 A. I -- I believe there's a buying
7 group component to it, because I know they also
8 have ownership in practices that -- under IDA.
9 So for Daniel to mention them as a buying
10 group, he believes there's affiliates
11 associated with the IDA.

12 Q. So when you say affiliates, do you
13 mean practices that IDA does not own or manage?

14 A. So through the course of educating
15 myself, they still could provide services, so
16 there could be an MSO component to it, but I
17 don't know if equity exchanged hands with the
18 MSO component. But I also know that on the
19 affiliate component, if those individuals chose
20 to buy from someone other than Henry Schein, I
21 don't believe IDA has the ability to -- to
22 completely drive the compliance there.

23 Q. Okay. So just to be clear, for the
24 affiliate component, there is some aspect of
25 central management services being provided to

1 the practices; am I correct?

2 A. I don't -- I didn't ask that
3 specific question to Daniel. I -- the
4 information he provided to me is he knows
5 they -- they have ownership in some offices,
6 but he could also classify them as a buying
7 group because there's offices that he doesn't
8 believe that they own.

9 Q. Okay. Do you know when IDA added
10 the affiliate offices?

11 A. I don't know specifically.

12 Q. Okay. Did Mr. Hobson tell you?

13 A. I didn't ask him the -- the dates
14 when that happened.

15 Q. And did Mr. Hobson tell you whether
16 Schein has always worked with the affiliate
17 offices?

18 A. I didn't ask that question to
19 Daniel.

20 Q. Okay. And you mentioned that as far
21 as Ms. Hight understood, they were solely a
22 DSO?

23 A. Correct.

24 Q. When did Ms. Hight hand off the IDA
25 account to Ms. Hobson?

1 A. The exact year, I -- don't know.
2 But at the time, they were still 10 and 11 --
3 10 practices, I believe, so I don't know the
4 exact year.

5 Q. Okay. And do members of IDA's
6 affiliate component receive discounts based on
7 aggregated volume of the group?

8 A. I'm not familiar with the contract
9 that -- that IDA has with potential affiliate
10 members, so, no.

11 Q. Okay. And apologies if I asked you
12 this. Who has the -- primarily been
13 responsible for this relationship?

14 MR. McDONALD: Object to the form.

15 Asked and answered. Vague as to time.

16 A. And so like I said, it was Andrea
17 and Daniel. I know we have a local FSC
18 assigned to the account. I don't know who is
19 responsible for it potentially from a -- a
20 group standpoint at the moment.

21 Q. Okay. And it sounds like you did
22 some stuff to get educated about this group.
23 You spoke to Ms. Hight -- Ms. Hight and
24 Mr. Hobson. Did you have any personal
25 knowledge of this relationship?

1 A. When I was a zone manager in the
2 west, I met with them a long time ago, so
3 I've -- I'm familiar with the name. When the
4 name came up, I -- I, you know, knew some of
5 the history, met the customer, but -- so, yeah,
6 there was some personal knowledge of them.

7 Q. Okay. Number 27, Khyber Pass, is
8 Khyber Pass an entity that has had an agreement
9 with Henry Schein?

10 MR. McDONALD: Object to the form.

11 A. So I learned of Khyber Pass
12 recently. And I believe this relationship was
13 started by Brian Brady when he was region
14 manager in San Diego.

15 Q. And how did you learn that?

16 A. Through just -- through just seeing
17 this name on the -- on the list and just asking
18 about it.

19 Q. Who did you ask?

20 A. It was -- it was from -- it was from
21 yesterday, so --

22 MR. McDONALD: Don't reveal your
23 communications with counsel.

24 THE WITNESS: Okay.

25 MR. McDONALD: Mr. Brady testified

1 at length about Khyber Pass.

2 Q. I'm just trying to understand how
3 you learned about Khyber Pass. What you did to
4 educate yourself about it?

5 A. I didn't educate myself about it.
6 When I understood they were in San Diego, I --
7 I remembered the -- the relationship that Brian
8 had with them, and it was more when Brian
9 reported to me as a -- when I was a western
10 zone manager, I remember him talking to this
11 group and -- and putting a -- a deal together.

12 Q. Okay. So you had personal knowledge
13 of the relationship between Khyber Pass and
14 Schein?

15 A. So through Brian, I -- I had
16 personal knowledge of the relationship.

17 Q. Through your conversations with
18 Mr. Brady?

19 A. When Brian was a regional manager
20 at -- in San Diego. I haven't -- I haven't
21 thought of this group in, I don't know, a long
22 time, so ...

23 Q. Do you know when the relationship
24 between Schein and Khyber Pass was first
25 formed?

1 A. Not the exact year.

2 Q. Do you know an approximate year when
3 it was formed?

4 A. Brian and I worked together 2009 to
5 2012, so somewhere in -- along those lines.

6 Q. And is the Khyber Pass a buying
7 group comprised of private practice dentists?

8 A. It's possible that they have
9 multiple groups in there. But from what I
10 recall at the time, they were private
11 practices.

12 Q. Okay. And does Schein currently
13 still have an agreement with the Khyber Pass
14 group?

15 A. I'm not --

16 MR. McDONALD: Object to the form.

17 A. I'm not -- I'm not sure if we do or
18 not at this point.

19 Q. Okay. Did Khyber Pass members
20 receive discounts on dental products based on
21 aggregated volume of the group?

22 A. I know they were -- they had a
23 discount program offered to them. I don't know
24 the specifics, but I know that there was
25 discounts.

1 Q. Okay. Do you know whether the
2 Khyber Pass members -- or strike that.

3 Do you know whether there was common
4 ownership or management among the practices of
5 the Khyber Pass group?

6 A. Not that I am aware of. Brian would
7 have to answer that.

8 Q. Okay. And so Mr. Brady was
9 responsible for this relationship, correct?

10 A. He was.

11 Q. Was anyone else responsible?

12 A. No.

13 Q. Okay. Turning to No. 28, Klear
14 Impakt, do you recognize that name?

15 A. I do.

16 Q. Is Klear Impakt an entity with which
17 Schein has had an agreement?

18 A. Yeah -- yes.

19 Q. Okay. And was it -- the
20 relationship formed in 2016?

21 A. That sounds right.

22 Q. Okay. And does Schein currently
23 still have a relationship with Klear Impakt?

24 A. We do.

25 Q. Okay. Is Klear Impakt a buying

1 group of private practice dentists?

2 A. Yes.

3 Q. Okay. So all the members are
4 private practices?

5 A. Yeah. I -- I -- there's a potential
6 that a couple could have multiple practices.
7 But for my knowledge, they're independent, solo
8 practices.

9 Q. And do the members of Klear Impakt
10 receive discounts based on the aggregated
11 volume of the group's members?

12 A. Yeah. We have an agreement with
13 them that they have certain discounts when
14 they're part of Klear Impakt.

15 Q. And who has been responsible for the
16 relationship between Schein and Klear Impakt?

17 A. It started with Kathleen Titus and
18 myself. Nicole Lena was also part of it. And
19 we got the relationship going and the -- you
20 know, all the details figured out. We launched
21 it. And then as the APC group was expanded,
22 that relationship has been handed over to
23 Darci.

24 Q. Okay. And did you have personal
25 knowledge of this relationship, or were you

1 educated on this group for purposes of today's
2 deposition?

3 A. Personal knowledge.

4 Q. Okay. Turning to the next group --

5 MR. McDONALD: Well, and before you
6 move on, I'll just note for the record that
7 2016 is incorrect. I'm looking at the --
8 at the contract, and it's dated April 17,
9 2015.

10 MR. SOLOMON: Okay. Well, I'm
11 asking Mr. Cavaretta.

12 Q. You're here as a corporate designee.
13 You said 2016 --

14 MR. McDONALD: You -- you --

15 Q. -- is correct?

16 MR. McDONALD: -- you asked him if
17 it was 2016. I'm telling you, Ronnie. And
18 you have this. It's been produced to you.
19 I can read you the Bates number.

20 MR. SOLOMON: I'm also reading
21 Schein's discovery responses that say 2016
22 to the present, so --

23 MR. McDONALD: And -- and you know
24 what, Ronnie? We made a mistake. It
25 should have said 2015. So I'm telling you

1 that now --

2 MR. SOLOMON: Okay.

3 MR. McDONALD: -- in the event you
4 want to ask him about that. But I'm
5 looking at the contract, and it's dated
6 April 17, 2015. The Bates number that has
7 been produced to you is Henry Schein
8 0000038287.

9 Q. Are you aware of any agreement
10 between Henry Schein and Klear Impakt in 2015?

11 A. It's -- so I'm -- I'm assuming now
12 that that date is 2015, the Klear Impakt date.

13 Q. Well, I don't want you to guess, but
14 if you know or were educated prior to today's
15 deposition, please tell me that, but --

16 A. Well, I just heard it was 2015 based
17 on the contract.

18 Q. Okay. Do you know that to be true
19 for a fact, or are you just saying that because
20 your counsel told you?

21 MR. McDONALD: Well, Ronnie, do you
22 really -- don't play games. I mean, come
23 on, man. You have --

24 MR. SOLOMON: I'm not.

25 MR. McDONALD: You are -- you are

1 ill-prepared to take this deposition. I
2 mean, you have these contracts that have
3 been produced to you. You can ask him --
4 and if I need to do a cross-examination and
5 mark the agreement and put it in front of
6 him and get him to acknowledge and read the
7 English language that says that it's dated
8 April 17, 2015, I can do it.

9 MR. SOLOMON: Okay. I'm just
10 reading your discovery responses, which you
11 guys have provided to us under oath. It
12 says 2016.

13 MR. McDONALD: I'm sorry, Ronnie.
14 We made a mistake, and it should have been
15 2015, instead of 2016.

16 MR. SOLOMON: Okay. Well, hopefully
17 you guys will supplement your responses to
18 make that clear.

19 MR. McDONALD: I'm sure we will.

20 MR. SOLOMON: Great.

21 MR. McDONALD: I'm just telling you
22 now so you can ask this witness if you want
23 to.

24 Q. Okay. Turning to Number 29, we
25 discussed this group earlier. And you told me

1 that Number 29 is the same, exact group as is
2 listed in Number 3.

3 A. Yeah. So what I -- what I remember
4 is Long Island Dental Forum was the group that
5 worked with -- Farber was the leader of that
6 group. I don't know if there's been a
7 separation or anything. But Long Island Dental
8 Forum, yes, I remember them.

9 Q. Okay. The next group is Number 30,
10 Louisiana Primary Health Care Association. I
11 understand that to be a group that fell within
12 the purview of special markets.

13 Number 31 is the Mastermind Group.
14 Do you recognize that name?

15 A. I do.

16 Q. And did the Mastermind Group have a
17 relationship with Henry Schein?

18 A. They do.

19 Q. Was it a written agreement?

20 A. There's a --

21 Q. Or is it a written agreement?

22 A. There is a formal agreement that we
23 have with the Mastermind Group.

24 Q. Okay. And is the Mastermind Group a
25 buying group comprised of independent private

1 practice dentists?

2 A. Yes. It's possible that they have
3 some members that have multiple offices, but,
4 yes.

5 Q. Okay. And do the members receive
6 discounts based on the aggregated volume of the
7 group's members?

8 A. They do receive discounts, yes.

9 Q. Are you familiar with what the
10 discounts are?

11 A. I don't know the specifics.

12 Q. Okay. Do you know who was primarily
13 responsible for the Mastermind Group
14 relationship at Schein?

15 A. Darci Wingard.

16 Q. And did you have personal knowledge
17 of this group, or were you educated about it in
18 preparation for today's deposition?

19 A. Darci reports to me, so I have
20 personal knowledge. I have not met with them
21 directly, but I have personal knowledge via
22 Darci.

23 Q. Okay. Number 32, Mid-Atlantic
24 Dental Partners, do you recognize that name?

25 A. I'm not familiar with Mid-Atlantic.

1 Q. So you have no personal knowledge of
2 this group, and you were not educated about it
3 in preparation for today's deposition?

4 MR. McDONALD: That's special
5 markets.

6 A. Correct.

7 Q. Okay. And you're not sure whether
8 or not it's a buying group?

9 A. I have no knowledge of Mid-Atlantic.

10 Q. Okay. Okay. Number 33, Minnesota
11 Multistate Contracting Alliance for Pharmacy,
12 MMCAP, I believe that's an entity that falls
13 within special markets.

14 Number 34, The Dental Co-Op of Utah.
15 Do you recognize that name?

16 A. I do.

17 Q. And did Schein have a relationship
18 or agreement with The Dental Co-Op of Utah
19 beginning in 2007?

20 A. So I know we had the relationship
21 with Dental Co-Op. I would have to look at the
22 agreement to find if the start date is exactly
23 2007. That time frame sounds right.

24 Q. Okay. And did the relationship
25 between Schein and The Dental Co-Op of Utah end

1 in 2014?

2 A. That sounds correct.

3 Q. Okay. And is the Dental Co-Op of
4 Utah a buying group of private practice
5 dentists?

6 A. What I understand it to be would be
7 private practice dentists. There's -- it's
8 possible there are a couple in there that have
9 groups.

10 Q. Okay. When The Dental Co-Op of Utah
11 worked with Schein, did its members receive
12 discounts based on the aggregated purchasing
13 volume of its members?

14 A. There was a discount program for
15 Dental Co-Op.

16 Q. And who was primarily responsible
17 for the relationship with The Dental Co-Op of
18 Utah?

19 A. That was more of a locally -- it
20 started out with Brian Peterson, regional
21 manager. He created it. It was inherited by
22 Jeff Harmon. So for the most part, we ran it
23 locally. I was involved with, one, Utah
24 because Jeff reported to me, and I was
25 responsible for Utah. But as The Dental Co-Op

1 wanted to expand, the areas they wanted to
2 expand to, I was responsible for.

3 And then it ultimately -- once, you
4 know, Kathleen Titus joined, because they were
5 going over to multiple states, I couldn't do
6 it. She then took on the relationship.

7 Q. Okay. And you have personal
8 knowledge of the relationship between Dental
9 Co-Op of Utah and Schein?

10 A. I do.

11 Q. Okay. Number 35, National Dental
12 Association, do you recognize that name?

13 A. No.

14 Q. Okay. So you don't have personal
15 knowledge of it, you weren't educated about it,
16 and you don't know whether it's a buying group?

17 A. As it stands today, I don't.

18 Q. Okay.

19 MR. McDONALD: Jake Meadows, for the
20 record, testified about it.

21 Q. Number 36, Nevada Dental
22 Cooperative, do you recognize that name?

23 A. I do.

24 Q. Did Schein have an agreement with
25 the Nevada Dental Cooperative beginning in

1 2011?

2 A. What I remember is we had an
3 agreement with The Dental Co-Op of Utah, and
4 this is when they started expanding into
5 Nevada, which would have been roughly 2011.

6 Q. Okay. So do you understand this to
7 be the same entity as The Dental Co-Op of Utah
8 or something else?

9 A. It was just the Nevada chapter.

10 Q. Was it a separate group, or was it
11 part and parcel of The Dental Co-Op in -- of
12 Utah?

13 MR. McDONALD: Object to the form.

14 A. What I remember it to be is a
15 chapter of Utah. So Andy ran The Dental Co-Op.
16 He lived in Utah. He was expanding into
17 Nevada, and, yeah, so it was just a chapter of
18 the overall co-op group.

19 Q. Okay. And Schein ended the
20 relationship with the Nevada Dental Cooperative
21 in 2014?

22 A. I believe the relationship with
23 the -- the different chapters of The Dental
24 Co-Op ended all at the same time.

25 Q. Okay. So at the same time as The

1 Dental Co-Op of Utah?

2 A. Correct.

3 Q. Okay. And is -- so just like The
4 Dental Co-Op of Utah, I assume the Nevada
5 Dental Cooperative was a buying group of
6 private practice dentists, correct?

7 A. Correct.

8 Q. And there were discounts that were
9 offered to the members that were based on the
10 aggregated volume -- volume of the members'
11 purchases, correct?

12 A. We had a discount program for them.

13 Q. Okay. And who was primarily
14 responsible for this relationship?

15 A. It was a locally-owned relationship.
16 I helped -- helped it expand into Nevada. But
17 the day-to-day was -- it was local.

18 Q. Okay. So you don't know specific
19 names?

20 A. Whoever the regional manager was at
21 the time. We've had a lot of turnover in the
22 Nevada market with regional managers.

23 Q. Okay.

24 A. Can't handle it there.

25 Q. Next name, North Shore - LiJ

1 Alliance, Inc., do you recognize that name?

2 A. No.

3 Q. Okay. So you have no knowledge --
4 personal knowledge of it, you weren't educated
5 about it, and you don't know whether or not
6 it's a buying group?

7 A. No.

8 Q. Okay. So Number 38 is a group I
9 understand that falls within special markets,
10 so we'll skip that one.

11 Number 39, Pugh Dental Alliance, do
12 you recognize that name?

13 A. No.

14 Q. Okay. So you -- you don't have
15 personal knowledge of it, you weren't educated
16 about it, and you don't know whether or not
17 it's a buying group?

18 A. No.

19 Q. And you've never heard of it?

20 A. I've never heard of it.

21 Q. Okay. Number 40, Quatrius, do you
22 recognize the name?

23 A. I'm familiar with the name.

24 Q. Okay. What do you understand
25 Quatrius to be?

Page 74

1 A. I'm not familiar with the
 2 relationship we have with them.
 3 Q. Okay. You've just --
 4 A. I've heard the name before.
 5 Q. You've just heard the name?
 6 A. Yes.
 7 Q. And so you don't know -- you have no
 8 personal knowledge about it, you weren't
 9 educated about it, and you don't know whether
 10 it's a buying group?
 11 A. That's correct.
 12 Q. Okay. Smile Source, you're familiar
 13 with Smile Source?
 14 A. Yes.
 15 Q. And you're here to testify today
 16 about Smile Source's relationship with HSD,
 17 correct?
 18 A. Yeah.
 19 Q. Okay. And you'll notice that for
 20 Smile Source, the relationship dates are 2008
 21 to 2012, as well as 2017 to the present,
 22 correct?
 23 A. That would be correct.
 24 Q. Okay. And so what is your
 25 understanding of when Smile Source worked with

Page 76

1 Then Tim and I went to meet with Smile Source.
 2 From that point, I owned the
 3 relationship with Smile Source. I was the
 4 individual who finalized the deal with Smile
 5 Source.
 6 Then at that point, we hired Darci
 7 Wingard to be -- she was already part of the
 8 team, but she was going to be responsible for
 9 the relationship.
 10 Smile Source, at that point, did not
 11 want her to be their representative. So then
 12 we ended up having a -- a gentleman by the name
 13 of Matt Woodend take on the responsibility.
 14 THE WITNESS: Bless you.
 15 A. He had that responsibility from
 16 March of '17 until pretty much the end of this
 17 year, or the end of '17.
 18 After that, Darci took it on for a
 19 short period of time. And then now we have an
 20 individual by the name of Annika Swenson, who's
 21 the owner of the Smile Source relationship.
 22 Q. Do you know why Smile Source wanted
 23 to switch their rep from Darci Wingard to
 24 someone else?
 25 MR. McDONALD: Object to the form.

Page 75

1 HSD?
 2 A. My -- you know, the intimate
 3 knowledge I have is the 2017 to the present,
 4 the -- the current relationship. In 2008 and
 5 2012, I -- I know it went back and forth
 6 between special markets and HSD.
 7 Then in between the 2012 and 2017
 8 time frame, I know there was several
 9 discussions about, you know, getting back
 10 together and having a relationship, but it
 11 wasn't formalized until 2017.
 12 Q. Okay. So Smile Source is a buying
 13 group of independent dentists?
 14 A. Yes.
 15 Q. And they receive discounts from
 16 Henry Schein based on the aggregated volume of
 17 their members?
 18 A. They do.
 19 Q. And who is primarily responsible for
 20 the relationship with Smile Source at HSD?
 21 MR. McDONALD: Currently?
 22 Q. Or who has been since 2017?
 23 A. The history? Well, Trevor and --
 24 has tremendous amount of trust in Tim. So
 25 he -- it started with conversation with Tim.

Page 77

1 A. For some reason, Trevor was more
 2 comfortable with a different representative.
 3 Q. Okay. And you have personal
 4 knowledge -- knowledge of Smile Source's
 5 relationship with Schein as of 2017, correct?
 6 A. I do.
 7 Q. And were you educated at all about
 8 anything else with respect to Smile Source's
 9 relationship with Schein as of 2017?
 10 A. No. It's all personal knowledge.
 11 Q. Okay. And do you have any knowledge
 12 of Schein's prior relationship with Smile
 13 Source in the 2008 to 2012 period in which you
 14 mentioned they switched from special markets to
 15 HSD?
 16 A. So I was familiar with Smile Source.
 17 I had been on a -- I remember a phone call
 18 being -- with the -- at that time, the
 19 individuals who ran Smile Source, and Glenn
 20 Meltzer, who was in our special markets
 21 decision of Henry Schein. So I remember being
 22 on a phone call.
 23 And at that point, they were
 24 mentioning how their main goal is to be a
 25 marketing arm for private practice dentists. I

1 think Glenn was trying to explain Smile Source
 2 to me a little better. And that's what I
 3 remember my involvement being.
 4 Q. Okay. And do you know whether Smile
 5 Source changed its model between when Schein
 6 did business with it in 2008 through 2012 and
 7 when Schein is currently doing business with
 8 it?
 9 MR. McDONALD: Object to the form.
 10 A. I can just go by what I've heard,
 11 you know, Trevor mentioned and the fact that,
 12 you know, back then, they didn't know what they
 13 were doing. And now that essentially he's
 14 running it, they are a more structured group,
 15 able to help practices in a much deeper way.
 16 Q. Okay. Do you understand that to
 17 have been a model change?
 18 MR. McDONALD: Object to the form.
 19 A. I -- I can't answer that.
 20 Q. Because you -- you don't know or you
 21 don't -- you weren't educated about it?
 22 A. I -- I was not educated about it.
 23 Q. Okay. The next group is Stark
 24 County Dental Society. Are you familiar with
 25 that name?

1 towards a buying group.
 2 Q. Do you know whether Stark County
 3 Dental Society members receive discounts off of
 4 dental products from Schein?
 5 A. I don't know the exact agreement and
 6 exact discounts, but I -- I know there's
 7 discounts for them, yes.
 8 Q. Okay. And who has been responsible
 9 for the relationship? Has it been Kevin --
 10 A. He no longer is with our company.
 11 It is managed more at the local level. So the
 12 regional manager for that market is Mark
 13 Sirney.
 14 Q. And it seems like you have personal
 15 knowledge of this group. Did you do anything
 16 to educate yourself about this group for
 17 purposes of today's deposition?
 18 A. No, I did not.
 19 Q. Okay. The next group is Steadfast
 20 Medical. Do you recognize that name?
 21 A. I do.
 22 Q. Okay. And what is Steadfast
 23 Medical?
 24 A. Steadfast Medical was more of a -- a
 25 procurement group, which -- the way I remember

1 A. I am.
 2 Q. And what is the Stark County Dental
 3 Society?
 4 A. The Stark County Dental Society is a
 5 state dental society out of Cleveland.
 6 Q. Okay. And did Schein form an
 7 agreement with the Stark County Dental Society
 8 in 2004?
 9 A. I don't know if there was a formal
 10 agreement with them. But I do know that Kevin
 11 Dillon was regional manager at the time. And I
 12 actually also at one point had met with the
 13 head of the dental society. So that would have
 14 been in 2006/2007. I don't know what their,
 15 you know, agreement and deal is, but I'm
 16 familiar with who they are.
 17 Q. Okay. And is this Stark County
 18 Dental Society a buying group of independent
 19 dentists?
 20 A. I would -- I would classify them as
 21 a -- as an APC because they're a state
 22 association. But it is -- they -- they -- the
 23 state association can't drive compliance.
 24 So -- and they don't have ownership in the
 25 practices, so I would -- I would move them more

1 it, they would -- they had people sign up under
 2 Steadfast, and then I believe they would submit
 3 orders through Steadfast, and then Steadfast
 4 would then parse it out to the lowest bidder.
 5 And then if I had -- if I was an
 6 office and I had, you know, 20 items on -- on
 7 the list, it could potentially come from five
 8 or six different places.
 9 This was a relationship that was
 10 inherited from special markets, so once again,
 11 where you see 2014, that's when the mid-market
 12 space was being moved over to Henry Schein
 13 Dental.
 14 And it was one of the new -- we
 15 didn't know it existed. And when we found out
 16 it was just a procurement company, and the
 17 model I just explained to you, there's no value
 18 proposition, and it didn't make sense for us to
 19 do business with them.
 20 Q. Okay. So the relationship started
 21 in 2011?
 22 A. I don't know that for a fact, but
 23 based on this document, it says 2011.
 24 Q. And the relationship ended in 2014?
 25 A. That is correct.

1 Q. Okay. And is Steadfast Medical a
2 buying group?

3 MR. McDONALD: Object to the form.

4 A. It would be my own opinion that --
5 what I would share, but I wouldn't classify
6 them as a buying group.

7 Q. Why not?

8 A. I think it would -- it would be
9 because it was just a place for doctors to
10 submit orders to. I guess potentially, it
11 could be a buying group, but I don't even know
12 how to classify them.

13 Q. Would you classify them as a buying
14 group?

15 MR. McDONALD: Object to the form.
16 Calls for a legal conclusion.

17 A. Yeah. I would classify them as an
18 APC group because they just don't fit in nice,
19 neat little box.

20 Q. So you wouldn't classify them as a
21 buying group?

22 A. I classify them as an APC.

23 MR. McDONALD: Objection. Form.
24 Asked and answered.

25 Q. Okay. And who was responsible for

1 the relationship between Schein and Steadfast
2 Medical?

3 MR. McDONALD: Object to the form.
4 Vague as to time.

5 A. I don't know who had the
6 relationship when it was at special markets. I
7 know once the relationship came over to HSD, it
8 was Kathleen Titus.

9 Q. Okay. Anyone else who's been
10 responsible for that relationship?

11 A. Not that I'm familiar with.

12 Q. Okay. And did you have personal
13 knowledge of this relationship before today, or
14 were you educated about this group for purposes
15 of today's deposition?

16 A. I had personal knowledge.

17 Q. Okay. The next group, Teeth
18 Tomorrow, do you recognize that, Number 45?

19 A. I recognize the name.

20 Q. Okay. Do you have personal
21 knowledge of this group?

22 A. I have limited knowledge. I know --
23 so in the APC space, this was a group in the
24 east, and I believe out of Michigan. Matt
25 Woodend is the individual who was the primary

1 individual on -- on this account. So he signed
2 them up under the APC space, which I -- I
3 believe they would be a buying group.

4 Q. Okay. And so Teeth Tomorrow is
5 comprised of private practice dentists?

6 A. Yes. There's potential for some
7 group practices in there, but private practice
8 for the most part.

9 Q. And the members receive discounts
10 based on the aggregated volume of their --
11 their members' purchasing?

12 A. Yeah. There is an agreement with
13 them that they are provided discounts.

14 Q. Do you know what the discounts are?

15 A. Off the top of my head, I do not.

16 Q. And do you know who's been primarily
17 responsible for this relationship?

18 A. Darci took the relationship over
19 after Matt went to special markets.

20 Q. Okay. Matt Woodend?

21 A. Woodend, yeah.

22 Q. Okay. And Schein started doing
23 business with Teeth -- Teeth Tomorrow in 2017?

24 A. Yes.

25 Q. Do you know what month?

1 A. Yeah.

2 Q. Okay. The next group, 46, Texas
3 Association of Community Health Centers, I
4 understand that to be a group covered or under
5 the purview of special markets, so we'll skip
6 that.

7 Number 47 is Tralongo. Do you
8 recognize that name?

9 A. I do.

10 Q. Did Schein have an agreement with
11 Tralongo?

12 A. So Tralongo was with the special
13 markets group.

14 Q. Okay.

15 A. Near the --

16 MR. McDONALD: Mr. Miller testified
17 about Tralongo.

18 MR. SOLOMON: I'm sorry?

19 MR. McDONALD: Mr. Miller testified
20 about Tralongo.

21 MR. SOLOMON: Okay.

22 MR. McDONALD: But you can ask him
23 if you want.

24 Q. So what do you know about Tralongo?

25 A. They were in the special markets

1 umbrella. They had some ownership in
2 practices, and in others they had a buying
3 group component.

4 They have been purchased by Dental
5 Whale. And I know Dr. Tralongo sits on --
6 is -- works for Dental Whale, and he runs their
7 clinical services.

8 Q. Did Tralongo ever have any
9 relationship with HSD?

10 A. From what I recall seeing, I think
11 the -- you know, all the offices purchase,
12 like, \$35,000. We inherited the relationship
13 literally at the very end, maybe only a couple
14 of months. So there really wasn't a
15 relationship with HSD there.

16 Q. At the very end of what?

17 A. Well, they were purchased by Dental
18 Whale.

19 Q. Oh.

20 A. So they no longer were Tralongo.
21 They're now Dental Whale.

22 Q. Does Schein still do business with
23 Tralongo?

24 A. So now, because Dental Whale owns
25 Breakaway and they own Tralongo, we look at

1 them as one group. So I don't believe the
2 Tralongo offices we have much business in.

3 Q. Okay. So Tralongo had members who
4 were private practice dentists?

5 A. From my understanding, they had a --
6 a DSO component and then some private practice
7 dentists in there.

8 Q. Okay. Do you know whether the
9 private practice dentists were -- strike that.

10 Do you know whether Tralongo
11 provided management services or had any equity
12 ownership in the private practices?

13 A. I also -- I do know there was a
14 services component to them. I don't know how
15 many offices were part of it. So they also
16 had -- they had moved towards -- or were moving
17 more towards a hybrid model also.

18 Q. Okay. So Tralongo was providing
19 central management services to some of the
20 private practice offices?

21 A. From what I remember, they have some
22 services that they were offering to -- to the
23 offices under the Tralongo umbrella.

24 Q. Was centralized purchasing of
25 supplies one of those services, to your

1 knowledge?

2 A. I don't know.

3 Q. Okay. And do you know who was
4 primarily responsible for that account?

5 A. Tralongo?

6 Q. Yeah.

7 A. When it was in special markets, Dave
8 Muller. Then it moved over to the APC space.
9 And I know -- I would say Jake was probably the
10 most familiar with it, potentially Matt
11 Woodend. But, again, we weren't -- we really
12 didn't spend much time with them.

13 Q. Okay. And it sounds like you have
14 some personal knowledge of this relationship?

15 A. Yes.

16 Q. And did you do anything to educate
17 yourself on this group for purposes of today's
18 deposition?

19 A. No.

20 Q. Okay. Number 48, Washington
21 Association of Community and Migrant Health
22 Centers, I understand that to be a group that
23 falls under special markets, so we'll skip
24 that.

25 49, Dr. Woody Oakes - The Profitable

1 Dentist, do you recognize that name?

2 A. No.

3 Q. Okay. So you don't know whether
4 it's a buying group?

5 A. I'm not familiar with them at all.

6 Q. Okay. And you have -- you have no
7 personal knowledge, and you didn't do anything
8 to prepare yourself for today's deposition
9 about this group?

10 A. No.

11 Q. Okay. And then I'd like to ask you
12 about a group that's not on this list called
13 Premise Health. Are you familiar with that
14 name?

15 A. No.

16 Q. Okay. So you don't know whether --
17 you don't know what Premise Health is?

18 A. Where are they out of? No.

19 Q. Okay. And you don't know whether or
20 not they're a buying group?

21 A. No.

22 Q. Okay. So that covers my questions
23 about these groups.

24 MR. SOLOMON: Are you going to ask
25 any questions, John?

1 MR. McDONALD: No.
 2 MR. SOLOMON: Okay. I don't have
 3 any further questions. I think we're off
 4 the record.
 5 MR. McDONALD: No questions. Thank
 6 you.

 2 BENTON MASON, DMD,
 3 after having been first duly sworn under
 4 oath, was questioned and testified as
 5 follows:
 6 EXAMINATION BY MR. LONG:
 7 Q. Good morning, Dr. Mason. We met
 8 earlier. My name is Jim Long. I
 9 represent Patterson in this matter,
 10 brought on behalf of the FTC.
 11 I want to start out by
 12 apologizing that we're starting late. It
 13 is not the result of anything that any of
 14 us in the room did.
 15 A. Sure.
 16 Q. But again, I value your time and
 17 we'll try to be as expeditious here as we
 18 can.
 19 Would you state your name and
 20 address for the record, please?
 21 A. Benton, B-E-N-T-O-N, Mason,
 22 M-A-S-O-N, 8401 Desert Sunrise Road, NE,
 23 Albuquerque, New Mexico 87122.
 24 Q. Have you had your deposition
 25 taken before?

1 B. Mason
 2 A. Yes.
 3 Q. More than once?
 4 A. Yes.
 5 Q. All right. Then I guess you
 6 know the basics. I'll just say a couple
 7 of things. It's important that you hear
 8 the entire question that I ask you, so
 9 please wait until I'm finished asking the
 10 question before you start answering. It's
 11 also important that I hear your complete
 12 answer, so I will do my best to not ask
 13 you another question until you finished
 14 your answer. Does that make sense?
 15 A. Yes.
 16 Q. As you know, you'll have to give
 17 me audible responses, yes or no or a
 18 statement as opposed to a gesture or an
 19 uh-huh or something like that.
 20 A. Correct.
 21 Q. If you do not understand a
 22 question that I ask you, please let me
 23 know and I'll try to rephrase it.
 24 If my voice trails off and you
 25 didn't hear something or you didn't

1 B. Mason
 2 understand a word that I said, please let
 3 me know and I'll restate it. I'll speak
 4 up. Again, it's important that you and I
 5 be on the same page.
 6 A. Correct.
 7 Q. If you need a break at any point
 8 in time, just let me know. So long as
 9 there isn't a question pending, we'll take
 10 a break. I want you to be comfortable
 11 while we're doing this, all right?
 12 A. Yes.
 13 Q. Do you have any questions for me
 14 about the process?
 15 A. Not at this time.
 16 Q. Did you do anything to prepare
 17 for this deposition?
 18 A. I visualized some e-mails that I
 19 had written yesterday.
 20 Q. And when you say you visualized,
 21 you saw them?
 22 A. Yes.
 23 Q. And were those shown to you by
 24 Mr. Gold?
 25 A. Yes, they were.

1 B. Mason
 2 A. I believe it was just three.
 3 Q. All right. So let's start with
 4 the one several years ago. Do you recall
 5 who you spoke with?
 6 A. I have no clue.
 7 Q. Was it with Lin Kahn?
 8 A. I really don't know.
 9 Q. Okay. And how long did that
 10 conversation last?
 11 A. Seems like they all take about
 12 an hour.
 13 Q. All right. Do you recall what
 14 you discussed?
 15 A. I do not.
 16 Q. Do you recall generally what was
 17 discussed in that first one several years
 18 ago?
 19 A. If I was involved in setting up
 20 a co-op in the State of New Mexico.
 21 Q. Do you recall anything else?
 22 A. No.
 23 Q. The call six months ago, do you
 24 recall who from the FTC was on that?
 25 A. I believe there were multiple

1 B. Mason
 2 Q. How long did you meet with
 3 Mr. Gold yesterday?
 4 A. Hour and a half to two hours.
 5 Q. How many e-mails did you look
 6 at?
 7 A. Maybe 12.
 8 Q. Have you met with anyone on
 9 behalf of the FTC or complaint counsel
 10 prior to meeting with Mr. Gold yesterday?
 11 A. Not in person.
 12 Q. You had had telephone
 13 conversations with attorneys from the FTC?
 14 A. They contacted me in the past.
 15 Q. Can you recall when those were?
 16 A. I would say one was about six
 17 months ago and there was a second one and
 18 it was either the beginning of this year,
 19 early end of last year, and it seems like
 20 there was another one several years back
 21 that we actually had conversations. They
 22 have contacted me each time before those
 23 meetings to set up the meeting.
 24 Q. But as far as substantive
 25 conversation --

1 B. Mason
 2 people.
 3 Q. Can you give me the names of
 4 any?
 5 A. The only person that I'm aware
 6 of her last name is Noble.
 7 Q. Danica Noble?
 8 A. I have to be honest, I don't
 9 know. I know she was out of Seattle.
 10 Q. Do you recall what was discussed
 11 then?
 12 A. Again, they asked questions
 13 about the co-op.
 14 Q. No more detail than that in your
 15 mind?
 16 A. No.
 17 Q. All right.
 18 A. I don't recall what the
 19 substance of the conversation was, the
 20 details of it.
 21 Q. In either of those first two
 22 conversations, had counsel sent you any
 23 documents?
 24 A. No.
 25 Q. Did you have documents yourself

1 B. Mason
 2 that related to setting up a co-op that
 3 you looked at?
 4 A. Not that I've looked at. I'm
 5 sure they were buried in my e-mails
 6 somewhere, but I have not reviewed any.
 7 Q. And then the most recent call,
 8 do you know who was on the phone for that?
 9 A. There were multiples.
 10 Q. Yes.
 11 A. And the only one I really know
 12 is Noble.
 13 Q. All right. Do you recall any of
 14 the substance of that call?
 15 A. I do not.
 16 Q. You and I have never spoken or
 17 communicated?
 18 A. That's correct.
 19 Q. And to your knowledge, no one
 20 from Patterson either an attorney or
 21 businessperson has talked to you about
 22 this matter?
 23 A. That's correct.
 24 Q. Have you communicated with
 25 anyone from Henry Schein, an attorney or

1 B. Mason
 2 businessperson, about this matter?
 3 A. No, sir.
 4 Q. Have you communicated with
 5 anyone from Benco, an attorney or a
 6 businessperson, about this matter?
 7 A. No, sir.
 8 Q. You're not being compensated for
 9 your time here; are you?
 10 A. No, I'm not.
 11 Q. Are you aware that you're on the
 12 most recent witness list presented by
 13 complaint counsel?
 14 A. I was made aware of that
 15 recently.
 16 Q. Do you plan to go to Washington
 17 D.C. to testify?
 18 A. If I'm required to.
 19 Q. Have you been asked to by
 20 complaint counsel?
 21 A. Recently.
 22 Q. Yesterday?
 23 A. No.
 24 Q. Oh.
 25 A. I want to say within the last

1 B. Mason
 2 short period of time. I don't know the --
 3 how many weeks.
 4 Q. That's fine. And was that
 5 Ms. Noble?
 6 A. Correct.
 7 Q. What specifically did she ask
 8 you about to testify?
 9 A. The -- I don't remember the
 10 specifics. Generally speaking, my
 11 testimony would be needed in Washington
 12 D.C. -- or actually, I rephrase that.
 13 Originally, I was told Seattle.
 14 Q. Did Ms. Noble indicate to you
 15 what she -- what subjects she expected you
 16 would be needed to testify on?
 17 A. No.
 18 Q. Do you have an understanding as
 19 to what the subject or subjects of your
 20 testimony at trial would be if you so
 21 testified?
 22 A. Not yet.
 23 Q. Okay. And what was your
 24 response to Ms. Noble when she told you
 25 that the complaint counsel would like you

1 B. Mason
 2 to testify in Washington?
 3 A. If I'm required to.
 4 Q. So I think, as you know, the
 5 reason I'm hear asking you questions is
 6 because you've been listed on complaint
 7 counsel's witness list.
 8 Earlier before we went on the
 9 record to save time, I showed you the
 10 Protective Order governing confidential
 11 material in this case dated February 13,
 12 2018. I believe you had the opportunity
 13 to read that, correct?
 14 A. I did.
 15 Q. And I just want to direct your
 16 attention to paragraph 7 and 8. Paragraph
 17 7 relates to who may be showed material
 18 that's been marked confidential under this
 19 Protective Order and under 7-E, any
 20 witness or deponent who may have authored
 21 or received the information in question.
 22 I am going to show you some
 23 documents today that had been marked
 24 confidential in this matter, but would
 25 show on their face that you either were

1 B. Mason
2 the author and/or a recipient of those.
3 I showed you the Protective Order so that
4 you would understand you've got an
5 obligation to keep that information
6 confidential and only use it for the
7 purposes of responding to my questions
8 today.

9 Does that make sense and do you
10 agree to abide by that?

11 A. Yes.

12 Q. All right. And just so you
13 understand, I'm going to show you some
14 documents that will have some material
15 blacked out or, as lawyers like to call
16 it, redacted and the reason for that is
17 that I don't think you've seen that part
18 of the document in the way that it was
19 produced.

20 A. Okay.

21 Q. Acceptable?

22 Real briefly, could you give me
23 your educational chronology?

24 A. I went to high school in
25 Turlock, California. I graduated there in

1 B. Mason
2 1990. I went to California State
3 University at Stanis Laus; graduated
4 there, I believe it was 1996 and attended
5 Temple University School of Dentistry in
6 Philadelphia and graduated there in 2000.

7 Q. Any additional degrees since
8 then?

9 A. No, sir.

10 Q. Do you have any specialization
11 at Temple or is it just a general degree
12 in dentistry?

13 A. Just general dentistry.

14 Q. Have you worked as a dentist
15 since your graduation in 2000?

16 A. I have. I went part-time in
17 2014.

18 Q. If you can give me a brief
19 chronology of your dental employment or
20 practice since graduating in 2000?

21 A. 2000, I worked for the U.S. Army
22 as a contract civilian at Fort Bliss. In
23 2000 or 2001, I worked for Denver
24 Community Health Hospital in Denver,
25 Colorado. In 2001 to 2002, I worked for

1 B. Mason
2 Thomas Meade and I do not recall the name
3 of his practice. 2001 and 2002, I worked
4 for Absolute Dental.

5 Q. Did you do that the same time
6 than with Thomas Meade?

7 A. I was with Thomas Meade for 90
8 days.

9 Q. And I'm sorry, the entity after
10 Thomas Meade was?

11 A. 2001/2002 was Absolute Dental.

12 Q. Thank you.

13 A. 2002, I believe it was 2002, I
14 worked for Tierra Amarilla Community
15 Health, I believe is the name. It is a
16 public health practice; medical, dental
17 psychiatry, vision, various needs out of
18 Chama or Tierra Amarillo, New Mexico.

19 In 2002, I also opened my first
20 practice.

21 Q. And where was that?

22 A. On the corner of Wyoming and San
23 Antonio.

24 Q. In Albuquerque?

25 A. Yes.

1 B. Mason

2 Q. Okay.

3 A. In 2006 we separated the
4 practice into two. I owned one and my
5 partner at the time moved his practice
6 across the hall.

7 Q. Was that Dr. Chapman?

8 A. Dr. Tilson.

9 In 2007, '8, '9, I'm not sure
10 what year it was, I opened River Point
11 Family Dental with Dr. Chapman. In the
12 same years, I also opened Chamisa Hills
13 Family Dental with Dr. Chapman. In those
14 same years, I also signed a contract to
15 take back over Cherry Hills Family --
16 Cherry Hills Family Dental. That was
17 Dr. Tilson's practice.

18 And by the year 2014, we had
19 sold all of the practices and I worked as
20 an employee for the lady who purchased
21 Bear Canyon Family Dental.

22 Q. Which practice was Bear Canyon
23 Family Dental?

24 A. Bear Canyon, Chapman and Mason,
25 which was the practice on the corner of

1 B. Mason
2 Wyoming and San Antonio. The name was
3 changed to Bear Canyon Family Dental
4 either prior to her purchase or shortly
5 after her purchase. I worked two days a
6 week for her for two years and left that
7 to do locum work.

8 Q. To do local? I'm sorry.

9 A. Locum work, locum.

10 Q. I'm sorry. I'm not familiar --

11 A. So the doctor gets hurt and
12 needs somebody to work for them for six
13 weeks, two weeks, a short period of time.
14 I worked for the University of New Mexico
15 doing locum work in their public health
16 sector throughout New Mexico, and I also
17 worked in two private practices assisting
18 doctors who needed services.

19 In 2016 I also went to work for
20 Pacific Dental. I worked three days a
21 week for Pacific Dental. For -- until
22 last week I went to work for a company
23 called Valencia Family Dental.

24 Q. Pacific Dental is a DSO?

25 A. Yes. There were periods of time

1 B. Mason
2 when I was working for Pacific Dental when
3 one of the doctors would be on maternity
4 leave. I worked four days a week.

5 Q. Valencia Family Dental?

6 A. Correct.

7 Q. What type of practice is that?

8 A. General dentistry in Valencia.
9 It is in Los Lunas, New Mexico.

10 Q. Would you characterize it as an
11 individual practice or more a corporate
12 dentistry?

13 A. I would characterize it as
14 neither. It's not a private practice with
15 one practice and it's not a large DSMO --
16 DSO. It is a gentleman out of Arizona who
17 owns, I believe, 11 practices.

18 Q. From roughly 2007/2008 until
19 2014 when you sold all the practices, were
20 you partners with Dr. Chapman in two and
21 the owner of one yourself?

22 A. I was partners with Dr. Chapman
23 in three and we had -- Dr. Mason's DMD,
24 Inc. was the name of our company. Dr.
25 Mason DMD, Inc., had a contract with

1 B. Mason
2 Cherry Hills Dental Center.

3 Q. Which was Dr. Tilson's?

4 A. Correct.

5 Q. You used the term, I believe,
6 earlier in the deposition of dental
7 cooperative?

8 A. Correct.

9 Q. What in your mind is a dental
10 cooperative?

11 A. A collection of private practice
12 dentists working together to move forward
13 in better competition.

14 Q. In your mind does a dental
15 cooperative work through a written
16 agreement that the participating dentists
17 are a party to?

18 A. A written agreement?

19 Q. Yes.

20 A. I don't think you necessarily
21 think you have to have a written
22 agreement, but I do believe you have to
23 have a set of rules and understandings and
24 you also have to -- each individual member
25 has to contribute financially to the

1 B. Mason
2 co-op.

3 Q. So the set of rules and
4 understandings could be either written or
5 verbal?

6 A. I think it could, but it's
7 probably clearer to have a set of bylaws
8 when you set up the co-op.

9 Q. And then the monetary -- did you
10 say monetary contribution by each of the
11 dentists?

12 A. Yes.

13 Q. In what form would that take?

14 A. Monthly, monthly payment.

15 Q. Based on what?

16 A. Based upon the expenses of the
17 co-op to further the business of the
18 dental community.

19 Q. Have you ever been a member of a
20 dental cooperative?

21 A. Yes.

22 Q. Which one or ones?

23 A. The New Mexico Dental
24 Cooperative Chapter out of Utah.

25 Q. For what period of time were you

1 B. Mason
2 a member?
3 A. One year.
4 Q. Can you give me the start and
5 the end dates?
6 A. From the date it started until
7 my first term on the board was over.
8 Q. Can you approximate for me when
9 the date was it started?
10 A. I want to say it was 2014 and my
11 term was up in 2015.
12 Q. So you were on the board of the
13 New Mexico Dental Cooperative for some
14 period after you sold your practices?
15 A. I believe that is true. They
16 called it -- it wasn't the board. They
17 called it the advisory council or
18 something of that nature. There were five
19 of us. And it could have been the years
20 2013/2014. I'm not a hundred percent
21 sure.
22 Q. I guess what I'm trying to get
23 straight in my mind is when you were on
24 the advisory council for the New Mexico
25 Dental Cooperative Chapter out of Utah,

1 B. Mason
2 were you practicing in private practice?
3 A. Yes, I was.
4 Q. Did your term end when you sold
5 your practices in 2014?
6 A. I don't believe it did.
7 Q. You think it continued on?
8 A. I do believe because we
9 continued at Bear Canyon participating in
10 the co-op, but I don't recall when my term
11 was set and ended. And the advisory
12 council was for the State of New Mexico.
13 It was just part of the Utah council. I
14 was not affiliated with the advisory
15 council of Utah.
16 Q. Were there a written set of
17 rules and understandings of the New Mexico
18 Dental Cooperative Chapter?
19 A. Yes, there were.
20 Q. Has complaint counsel asked for
21 those from you?
22 A. I don't have them and, no, they
23 have not asked.
24 Q. Tell me what the Utah -- is it
25 the Utah Dental Cooperative?

1 B. Mason
2 A. Yes.
3 Q. Tell me what that is.
4 A. It -- the dentists in Utah
5 started the dental cooperative -- and I'm
6 guessing -- 15 to 20 years ago. Since
7 then, multiple states have joined. Last I
8 heard New Mexico, Nevada and Idaho were
9 part of that organization and I heard Ohio
10 was trying to become a member.
11 Q. Since you left the New Mexico
12 Chapter of the Utah Dental Cooperative
13 somewhere in 2015, have you kept
14 up-to-date with what's going on with the
15 Utah Dental Cooperative?
16 MR. GOLD: I'm going to object
17 just because I think he later
18 testified that it might have been 2014
19 that he had left.
20 MR. LONG: I'll rephrase.
21 BY MR. LONG:
22 Q. Since you left the advisory
23 council of the New Mexico Chapter of the
24 Utah Dental Cooperative, have you kept
25 up-to-date on what's been occurring at the

1 B. Mason
2 Utah Dental Cooperative?
3 A. I have not.
4 Q. So your knowledge would just go
5 up -- your knowledge of the Utah Dental
6 Cooperative would just go up to the point
7 that you ceased being a member of the New
8 Mexico Advisory Council?
9 A. Correct.
10 Q. All right. In the witness
11 disclosure by complaint counsel, one of
12 the topics that has been identified for
13 you is your attempt to establish a buying
14 group.
15 Could you give me a general
16 description of what your attempt to
17 establish a buying group entailed?
18 A. We attempted to put together a
19 group of individually-owned offices to
20 increase our buying power.
21 Q. And did you start that -- and
22 when you say "we," who are the we?
23 A. Jason Chapman, Frank Montoya and
24 myself.
25 Q. And Dr. Montoya is a dentist as

1 B. Mason
 2 well?
 3 A. Correct.
 4 Q. Did Dr. Montoya have any
 5 ownership interest in the Mason/Chapman
 6 practices?
 7 A. No, he did not.
 8 Q. Where did he practice,
 9 Dr. Montoya?
 10 A. Dr. Montoya practiced on
 11 Montgomery and I don't recall the name of
 12 his practice.
 13 Q. But that would be in Albuquerque
 14 again?
 15 A. Yes.
 16 Q. All right. Did that group
 17 eventually become the New Mexico Chapter
 18 of the Utah Dental Cooperative?
 19 A. Yes.
 20 Q. And when did that occur?
 21 A. I don't recall the exact date.
 22 Q. Okay. How far after you started
 23 your efforts to establish this cooperative
 24 did you become a member of the Utah Dental
 25 Cooperative?

1 B. Mason
 2 ended up rejecting the offer from
 3 Heartland?
 4 A. Yes.
 5 Q. And for the record, Heartland is
 6 a large DSO?
 7 A. Yes.
 8 Q. Why did you reject the offer?
 9 A. The contract, we weren't
 10 comfortable with.
 11 Q. Anything in particular?
 12 A. It said we would not generate,
 13 produce, create a biohazard or store it.
 14 And that was a violation of the contract,
 15 but yet in dentistry, every day we produce
 16 blood. We attempted to explain that to
 17 them, but according to the paralegal we
 18 were working with, the executive counsel
 19 did not agree. So we had
 20 100-some-odd-pages of contract that we
 21 weren't overly comfortable with.
 22 Q. Did you ever establish a fee
 23 structure for the New Mexico Dental
 24 Cooperative?
 25 A. Me personally, no. The -- Utah,

1 B. Mason
 2 A. To the best of my recollection,
 3 I want to say it was within 12 months.
 4 Q. When did you, Mr. Chapman --
 5 you, Dr. Chapman and Dr. Montoya first
 6 discuss establishing a dental cooperative?
 7 A. I don't recall the exact date.
 8 Q. Was there a time in the fall of
 9 2012 that you and Dr. Chapman were looking
 10 to sell your practices to a larger
 11 corporate group?
 12 A. We did have an offer from
 13 Heartland Dental to sell our three
 14 practices plus the additional practice we
 15 had under contract. I don't recall the
 16 timeframe in which that occurred, but we
 17 did have an offer.
 18 Q. Did that offer pre-date your
 19 discussions of Dr. Chapman, yourself and
 20 Dr. Montoya of creating a buying group, a
 21 dental cooperative?
 22 A. I don't recall. At that point
 23 in time, Dr. Chapman and I were exploring
 24 a lot of different options.
 25 Q. I take it you were not -- you

1 B. Mason
 2 where the main office is, they have
 3 individuals that take care of that for the
 4 dentists.
 5 Q. So there was a fee structure
 6 first beginning at the point that you
 7 became associated with the Utah Dental
 8 Cooperative?
 9 A. No, the fee structure -- and
 10 maybe I'm not understanding your
 11 question -- the fee structure that they
 12 generate is each individual office sends
 13 in their fees to the Utah -- the company
 14 headquarters or corporate or whatever they
 15 call it. And they then generate a --
 16 averages based off every -- all the
 17 members. Those are then used to negotiate
 18 with insurance companies; used to -- and
 19 that's done by the cooperative. It's used
 20 to also give us information as to what the
 21 averages are.
 22 Q. But there was never a fee
 23 structure for the New Mexico Dental
 24 Cooperative prior to affiliation with
 25 Utah?

1 B. Mason

2 A. No. There was no New Mexico
3 Dental Co-Op prior to Utah.

4 Q. If you could, give me a
5 chronology of what are the key events in
6 your mind concerning your efforts to
7 establish the New Mexico Dental
8 Cooperative from the point that you,
9 Dr. Chapman and Dr. Montoya first began
10 discussing the concept to the point in
11 time that it became affiliated with the
12 Utah Dental Cooperative?

13 A. The original discussion started
14 when Dr. Montoya sent us a letter
15 requesting to purchase our practice. And
16 that was a bulk general letter he sent
17 out, I believe, to all if not all dentists
18 in the city because he was in the -- at
19 that time, he was in the acquisition mode.

20 Jason and I were in the
21 exploration and our meetings brought us to
22 the conversation on setting up a
23 cooperative. Frank was in charge of doing
24 certain things and getting information.
25 Jason was in charge of doing other stuff

1 B. Mason

2 and getting information and I was in
3 charge of different stuff and getting
4 information.

5 We continued the dialogue over
6 time and we elected to try to set it up.
7 We then found the Utah Group after a
8 period of time, had meetings with them and
9 it seemed a lot easier to join their group
10 than recreate the wheel.

11 Q. As I understand your testimony,
12 each of the three of you had separate
13 areas of responsibility in the process of
14 attempting to set up this dental co-op.
15 Do I have that right?

16 A. Some of the areas did overlap
17 because we had different relationships,
18 but we all had separate areas that we
19 would gather our information.

20 Q. So what areas was Dr. Montoya
21 responsible for?

22 A. Dr. Montoya was responsible for
23 chatting with Benco. He also was
24 responsible for -- he was also the one
25 that found the Utah Group and did all of

1 B. Mason

2 our earlier communications with Utah.

3 Q. What was Dr. Chapman responsible
4 for?

5 A. I don't recall.

6 Q. What were you responsible for?

7 A. I worked on a lot of pricing
8 issues, seeing if we could get purchasing
9 power, group -- like a group buying power.
10 I worked on some -- seeing if we could get
11 better pricing on our credit card
12 machines. So most of the things I worked
13 on were -- had to do with purchasing.

14 Q. Also in the witness disclosure
15 concerning yourself submitted by complaint
16 counsel is the topic quote,
17 "Communications with distributors about
18 buying groups."

19 Did you yourself have
20 communications with Benco?

21 A. No.

22 Q. That was Dr. Montoya?

23 A. Correct.

24 Q. Do you have knowledge of those
25 communications?

1 B. Mason

2 A. He gave us the information
3 that -- when he got it. I don't recall
4 any of that information.

5 Q. Did you have communications with
6 Schein?

7 A. I spoke with the sales rep, Rick
8 Dolk. And I spoke with him on it very
9 briefly.

10 Q. And did you have communications
11 with Patterson?

12 A. Yes.

13 Q. Would you outline in a
14 chronology, if you can for me and then
15 I'll go back and ask some more questions,
16 those communications to Patterson?

17 A. I would not be able to outline
18 in a chronology. Those are too many years
19 ago.

20 Q. Okay. With whom did you speak
21 from Patterson?

22 A. I spoke with Jeff Katt was my
23 rep. Scott -- and I don't recall his last
24 name -- Belcher.

25 Q. Could it have been Scott

1 B. Mason
2 Belcheff?
3 A. Belcheff, the manager, and we
4 had one meeting with Reinhardt.
5 Q. That would be Dan Reinhardt?
6 A. Tall bald-headed guy and I
7 believe his first name is Dan.
8 Q. And he was the region manager?
9 A. I don't know his position, but
10 he was above everybody in our state.
11 Q. Had you spoken with
12 Mr. Reinhardt other than in that one
13 meeting?
14 A. I had met him in the past.
15 Q. Had you spoken with him
16 concerning anything relating to setting up
17 a dental cooperative other than that one
18 meeting?
19 A. No.
20 Q. You said Mr. Katt was quote "our
21 rep." Does that indicate that you and
22 Dr. Chapman purchased dental supplies and
23 equipment from Patterson?
24 A. Correct.
25 Q. For what period of time did you

1 B. Mason
2 do that?
3 A. I believe it was the entire time
4 we were open. There were times we were
5 ordered some stuff from Schein, but we've
6 always had a Patterson account and we
7 always had a Schein account.
8 In the very beginning, I ordered
9 exclusively from Patterson, very little
10 from Schein, maybe 90/10. Then there was
11 a change and we went to Schein and that
12 might have lasted two-ish years, maybe
13 three, one, some period of time. We were
14 90 percent Schein, 10 percent Patterson.
15 And then we went back to Patterson for the
16 bulk of our career, we were 90/95 percent
17 Patterson.
18 Q. Why did you start out 90/10 with
19 Patterson?
20 A. Some things Patterson just
21 doesn't sell.
22 Q. Let me ask it a different way.
23 Why did you start out
24 predominantly with Patterson?
25 A. I like their equipment better.

1 B. Mason
2 They're the distributors for A-DEC and
3 they are the distributors for W&H Hand
4 Pieces.
5 Q. And hand pieces are the various
6 things that you and dentists work with
7 inside a patient's mouth?
8 A. Yeah. They're the drills.
9 Q. Why then did your practice
10 switch to 90/10 Schein?
11 A. Because the representative we
12 had from Patterson Dental, we had a
13 program on the computer for both Patterson
14 Dental ordering and Henry Schein ordering.
15 The Henry Schein version was called Aruba.
16 I don't recall the version for Patterson.
17 Our staff would go onto those
18 programs, place the orders, submit it and
19 the product would show up. The Patterson
20 Dental rep deleted the Henry Schein
21 program Aruba.
22 Q. Who was that rep?
23 A. Caroline, and I don't remember
24 her last name.
25 Q. And I take it Caroline was

1 B. Mason
2 replaced by Mr. Katt?
3 A. Caroline was replaced by John
4 Fiddler, but the entire Patterson group
5 was asked to leave our office at that
6 point.
7 Q. And then why did you go back to
8 Patterson?
9 A. Because we were in expansion
10 mode and we needed equipment.
11 MR. LONG: I'm going to mark
12 maybe four to six documents so we're
13 going to number these Mason 1, Mason
14 2, Mason 3.
15 (Exhibit Mason 1, Document Bates
16 numbered 00108816 through 00108817,
17 marked for identification.)
18 BY MR. LONG:
19 Q. I'm handing you what we marked
20 as Mason Exhibit 1. It is a redacted
21 version of the document Bates stamped PDCO
22 108816 to -17 and I ask that you take a
23 moment to read this and when you've read
24 it and are ready for me to ask questions,
25 let me know.

1 B. Mason
 2 A. Okay.
 3 Q. Is Exhibit 1 an e-mail that you
 4 sent to Jeff Katt along with Dr. Chapman,
 5 Dr. Montoya, and Robert Lehm?
 6 A. Yes.
 7 Q. And Robert Lehm is an equipment
 8 specialist with Patterson?
 9 A. Correct.
 10 Q. This December 15, 2012 e-mail
 11 states, quote, "We are in the process of
 12 affiliating our two corporations together
 13 for the benefit of everyone."
 14 Do you see that in the third
 15 line?
 16 A. Yes, I do.
 17 Q. And at this point, December 15,
 18 2012, were you and Dr. Chapman in the
 19 process of affiliating your practices with
 20 that of Dr. Montoya?
 21 A. We were in a single corporation.
 22 We were in that process in those
 23 discussions of setting up a single entity
 24 with five offices.
 25 Q. In Exhibit 1, are you telling

1 B. Mason
 2 Mr. Katt that once you combine those five
 3 offices that you will be seeking certain
 4 discounts based upon the fact that there
 5 are five practices buying?
 6 A. We were already receiving
 7 discounts for Dr. Chapman and I. However,
 8 once we were a single entity, we wanted to
 9 make sure that Frank's practice was also
 10 receiving the same benefits. The club
 11 pricing plan we were already under.
 12 Q. So as of December 15, 2012, you
 13 were not yet discussing a dental
 14 cooperative with Patterson?
 15 A. Not in this e-mail.
 16 Q. Had you discussed a dental
 17 cooperative with anyone at Patterson prior
 18 to this e-mail?
 19 A. I don't recall the dates we
 20 started discussing or had those
 21 discussions.
 22 Q. Does this e-mail help you place
 23 a time that those discussions didn't occur
 24 until after this date?
 25 A. No, it does not.

1 B. Mason
 2 Q. So you don't know one way or the
 3 other?
 4 A. I have absolutely zero clue the
 5 dates of the discussions. This e-mail was
 6 based on our personal businesses. In this
 7 e-mail we actually did not merge the two
 8 offices. Frank Montoya instead ended up
 9 purchasing one of our offices.
 10 Q. Which one was that?
 11 A. Chamisa Hills in Rio Rancho,
 12 New Mexico.
 13 Q. And he purchased that on what
 14 date?
 15 A. I don't recall the date.
 16 Q. Was it 2013?
 17 A. I don't recall.
 18 Q. All right. Exhibit 1 doesn't
 19 have anything to do with your efforts to
 20 establish a dental cooperative?
 21 A. No. This is personal --
 22 personal business.
 23 Q. Can you tell me how many
 24 meetings you had with Jeff Katt concerning
 25 a dental cooperative?

1 B. Mason
 2 A. I have no clue. He was one of
 3 two reps that were allowed to come in my
 4 office freely and he was in our office
 5 minimum once a week.
 6 Q. Who was the other rep?
 7 A. 3M rep.
 8 Q. And why was he allowed to come
 9 in -- why was Mr. Katt allowed to come in
 10 to your office freely?
 11 A. We purchased a couple hundred
 12 thousand dollars. And I believe we were
 13 the largest private practice purchasers in
 14 the State of New Mexico for Patterson
 15 Dental.
 16 Q. Did you ever have any meeting
 17 with Mr. Katt specific to the topic of
 18 establishing a dental cooperative?
 19 A. No, I don't believe I did. Most
 20 of my meetings with Jeff Katt were based
 21 on -- he showed up passing in the hall
 22 discussing information.
 23 Q. And the information he would
 24 discuss would relate to your purchases in
 25 various products that Patterson had?

1 B. Mason

2 A. We would discuss our purchases.
3 We would discuss purchases of other
4 offices. We would discuss briefly if he
5 had a deal, if there was a manufacture
6 that was running a special. If whatever
7 he felt was pertinent, he would let me
8 know. It was always between patients. I
9 didn't have a set time so those meetings
10 were kind of, as you can say, fly by your
11 seat.

12 Q. But the discussions that you're
13 referring to related to Patterson selling
14 equipment and supplies to your practice
15 and your purchase of those?

16 A. It would -- those discussions
17 would have been co-op. Those discussions
18 would have been private. Those
19 discussions would have been the other
20 offices we own or manage.

21 Q. Okay. On these discussions in
22 between patients, what, if anything, can
23 you tell me of discussions that related to
24 co-op?

25 A. I don't recall any of those

1 B. Mason

2 conversations.

3 Q. So you don't recall any of your
4 conversation -- you don't recall the
5 substance of any of your conversations
6 with Mr. Katt about establishing a dental
7 co-op?

8 A. I don't recall any of those
9 conversations. It's been way too many
10 years and I had way too many
11 responsibilities at that point.

12 Q. Did you have any meeting with
13 Mr. Belcheff that was specific to
14 establishing a dental co-op?

15 A. Scott Belcheff and I never had a
16 sit-down formal meeting. I do believe at
17 some point we would have talked via phone
18 or via e-mail, but the only formal meeting
19 I had on the co-op was with Jeff Katt,
20 Scott and Mr. Reinhardt at an Outback
21 restaurant.

22 Q. And we'll get to that. But
23 before we get to it, with respect to
24 discussions with Mr. Belcheff, do you
25 recall the substance of any discussions

1 B. Mason

2 you had with him concerning a dental
3 cooperative?

4 A. Not any on the phone or
5 in-person chats, I do not.

6 Q. So excepting out the dinner at
7 the Outback, you don't have recollections
8 as you sit here today of the substance of
9 any discussions with Mr. Belcheff about a
10 dental cooperative?

11 A. I do not. The only thing that I
12 recall is the e-mails that I've seen.

13 (Exhibit Mason 2, Document Bates
14 numbered PDCO 00108808 00108809,
15 marked for identification.)

16 BY MR. LONG:

17 Q. Dr. Mason, I'm handing you what
18 I've marked as Exhibit 2. It is a
19 two-page document Bates numbered PDCO
20 108808-09.

21 Please take a minute to review
22 it and then let me know when you're ready.

23 A. Okay.

24 Q. Can you identify Exhibit 2 for
25 me?

1 B. Mason

2 A. An e-mail I sent on Monday,
3 February 4, 2013 at 2:18 p.m.

4 Q. Can you generally describe to me
5 who the people are that you sent this?

6 A. Majority of them look to be
7 manufacturers of dental products and
8 supplies.

9 Q. And would these be
10 representatives, the manufacturers'
11 representatives?

12 A. Correct. I do believe that is
13 the reps, the representatives we had at
14 the time.

15 Q. In Exhibit 2 you say quote, "We
16 are inviting all dental manufacturers and
17 representatives to a {sic} our vendors'
18 meeting March 13, 2013, 6:00 p.m. The
19 location is Patterson Dental Branch in
20 Albuquerque, New Mexico."

21 Do you see that?

22 A. Yes, I do.

23 Q. Patterson wasn't aware that you
24 were sending out this e-mail inviting a
25 number of manufacturer reps to a meeting

1 B. Mason
2 at their branch on March 13th; were they?

3 A. I believe they were.

4 Q. Why do you say that?

5 A. Because I wrote in a date and
6 time.

7 Q. Other than that you wrote in a
8 date and time, do you have any other
9 reason for that?

10 A. I don't have any recollections
11 of the conversations, but we would not
12 have written a date and time.

13 Q. But as you sit here today and I
14 realize that it's a number of years past
15 February 2013, you don't have any
16 substantive recollection of having
17 informed Patterson of this meeting?

18 A. I don't have any recollection of
19 any single conversation.

20 Q. Nor do you have any recollection
21 of a group of conversations in which you
22 notified them?

23 A. I don't recall any
24 conversations.

25 Q. Do you have any recollection as

1 B. Mason
2 you sit here today of what the basis --
3 strike that.

4 Do you have any recollection as
5 you sit here today of conversations with
6 anyone at Patterson that would provide the
7 bases for the statement in the first
8 paragraph, quote, "We have partnered with
9 Patterson Dental to provide the individual
10 office the same opportunities as the
11 larger corporations"?

12 A. I don't recall any specific
13 conversations.

14 Our feeling was that we were
15 well on our way to working out a general
16 agreement with Patterson Dental.

17 Q. But as you sit here today, you
18 don't recall any conversation -- the
19 substance of any conversations with either
20 Mr. Katt or Mr. Belcheff that would lead
21 you to that?

22 A. Yeah, I do not recall the exact
23 conversations we had. The only
24 conversation that I have a vague memory of
25 was the meeting at the Outback Steakhouse.

1 B. Mason
2 Q. All right.
3 A. But prior to the meeting at
4 Outback Steakhouse, we were under the
5 understanding that we were well on our way
6 to partnering with Patterson.

7 Q. Okay. But you can't point me to
8 anything that you recall that lead to that
9 understanding?

10 A. That's correct.
11 (Exhibit Mason 3, Document Bates
12 numbered PDCO 00164676 through
13 00164678, marked for identification.)

14 BY MR. LONG:

15 Q. Handing you what's been marked
16 as Exhibit 3, this is a redacted version
17 of PDCO 164676-78.

18 Please take a moment to look at
19 this and let me know when you're ready to
20 answer questions.

21 A. Okay.

22 Q. Is Exhibit 3 an e-mail string
23 between yourself and Mr. Belcheff on
24 February 5, 2013?

25 A. Yes, it is. The last e-mail

1 B. Mason
2 does not have a date.

3 Q. Not that it matters much, but if
4 you look at the bottom of page 2, isn't
5 the last e-mail referring -- doesn't that
6 start with a February 5th e-mail?

7 A. It does. I don't know if that
8 goes to that, but yes.

9 Q. All right. If you'd look at
10 page 2 and the top half on page 2 of
11 Exhibit 3, do you see an e-mail from
12 Mr. Belcheff to yourself?

13 A. Yes.

14 Q. And in the fourth paragraph,
15 Mr. Belcheff writes, "I also want to
16 confirm our dinner for Monday night with
17 Dan." Do you see that?

18 A. Yes.

19 Q. Is this, to the best of your
20 knowledge, referring to the meeting with
21 Mr. Reinhardt that you told me that you
22 have a vague recollection of?

23 A. Yes.

24 Q. So as of February 5th, a meeting
25 had been set up with Mr. Reinhardt?

1 B. Mason
 2 A. Correct.
 3 Q. Do you recall how far in advance
 4 of February 5th that was set up?
 5 A. I do not.
 6 Q. Had it been set up some days
 7 before that?
 8 A. I don't recall if it was a week
 9 or two weeks, a day, I don't recall.
 10 Q. Who attended the meeting with
 11 Mr. Reinhardt?
 12 A. To the best of my recollection,
 13 it was Frank Montoya, Jason Chapman,
 14 myself, Scott, Reinhardt and Jeff Katt.
 15 Q. Was the meeting just a general
 16 meet the region manager type of thing?
 17 A. No, we met him in the past.
 18 The meeting was to establish
 19 a -- we felt it was to establish a method
 20 of moving forward with the co-op.
 21 Q. What do you recall occurring at
 22 this meeting?
 23 A. Walking out of there saying
 24 that's not what we expected because we're
 25 not doing business with Patterson and

1 B. Mason
 2 Q. Do you recall statements by
 3 anyone else from Patterson at that
 4 meeting?
 5 A. I don't recall any statements by
 6 anyone else in the meeting. And the only
 7 thing that I do recall was Mr. Reinhardt
 8 giving a reason they couldn't do it, but I
 9 couldn't tell you what those reasons were
 10 now.
 11 Q. And you looked at some documents
 12 yesterday with Mr. Gold and those didn't
 13 refresh your recollection as to what
 14 specifically Mr. Reinhardt said other than
 15 what you've testified to here?
 16 A. Yeah. The only documents I've
 17 seen are the ones you're handing me are my
 18 own e-mails.
 19 Q. Did you have any other
 20 conversations with anyone at Patterson
 21 concerning the New Mexico Dental
 22 Cooperative other than what you've
 23 testified to?
 24 A. I am sure we had conversations
 25 after that meeting because we were an

1 B. Mason
 2 moving forward with the co-op.
 3 Q. And what was that based upon?
 4 A. The contents of the meeting,
 5 which I don't recall the general
 6 discussion in the meeting. The only
 7 recollection I have of the vague
 8 recollection I have of the meeting is when
 9 we walked out of there, Jason and I
 10 stopped and we both said, Well, that
 11 didn't go the way we thought it was.
 12 Q. As you sit here today, do you
 13 recall anything that Mr. Reinhardt said in
 14 the meeting?
 15 A. That Patterson Dental and -- let
 16 me rephrase that.
 17 I don't recall the exact
 18 wording. Vaguely, that Patterson Dental
 19 wasn't going to participate in the co-op.
 20 Q. Do you recall anything -- any
 21 other details what Mr. Reinhardt said?
 22 A. I do not.
 23 Q. So you don't recall any reasons
 24 that Mr. Reinhardt gave?
 25 A. I do not.

1 B. Mason
 2 extremely large private practice buyer. I
 3 don't recall any of those conversations,
 4 but I know I saw an e-mail yesterday that
 5 I've sent as a followup to that meeting
 6 and I'm sure that Jeff Katt may have had a
 7 conversation. And I'm probably -- Scott
 8 would have reached out to us, but I don't
 9 recall any of those.
 10 Q. You believe you had
 11 conversations with Mr. Belcheff and
 12 Mr. Katt following the meeting with
 13 Mr. Reinhardt concerning a dental
 14 cooperative, but you don't have a
 15 recollection of what occurred?
 16 A. Correct.
 17 Q. Do you recall reaching out to
 18 Henry Schein seeking their participation
 19 in this dental cooperative by the end of
 20 February 2013?
 21 A. I spoke with a Rick Dolk, but I
 22 don't know the dates and I don't know any
 23 of the conversations, recalling any of the
 24 conversations that I had.
 25 (Exhibit Mason 4, Document Bates

1 B. Mason
 2 numbered HS-00269214 through
 3 HS-00269215, marked for
 4 identification.)
 5 BY MR. LONG:
 6 Q. I'm handing you what's been
 7 marked as Mason Exhibit 4. This is a
 8 redacted version of a two-page document
 9 produced by Henry Schein marked Henry
 10 Schein 516026-27. Let me know when you've
 11 had an opportunity to review that.
 12 A. Okay.
 13 Q. Can you identify this as an
 14 e-mail that you sent to Roderick Dolk,
 15 copying Mr. -- Dr. Chapman and Dr. Montoya
 16 on February 20, 2013?
 17 A. Yes, it is. And I'm not sure on
 18 that e-mail from Frank. I think that's
 19 his e-mail, but it has his name in front
 20 of it.
 21 Q. At this point were you inviting
 22 Henry Schein to participate in
 23 establishing a dental cooperative?
 24 A. Yes.
 25 Q. And Henry Schein gave you

1 B. Mason
 2 Q. Do you have a recollection as to
 3 what you were trying to say there?
 4 A. Well, Jason and I have always
 5 put our supplies out for bid. Even though
 6 we worked with Patterson Dental, we would
 7 contact the manufacturers directly and let
 8 the manufacturers know I'm about to
 9 purchase 5,000 burs or 10,000 burs or
 10 purchase a large quantity of something, and
 11 what is their best price? And oftentimes,
 12 their best price would be in terms of free
 13 goods. So if I bought 5,000 burs, they
 14 would give me X number of burs at no
 15 charge. I would buy the 5,000 through
 16 Patterson and the manufacturer would mail
 17 it to me directly. So we considered what
 18 we were doing all along as putting our
 19 supplies out to bid.
 20 Q. Did your dental distributor
 21 assist you in that, what you called bid
 22 process, or did you just do that on your
 23 own?
 24 A. They assisted us. The
 25 individual rep would assist and that would

1 B. Mason
 2 positive response to that?
 3 A. No. Henry Schein said no.
 4 Q. Do you not recall Henry Schein
 5 agreeing to have a meeting in the summer
 6 of 2013 at its offices in Albuquerque?
 7 A. I do not recall that.
 8 Q. Okay. We'll get to that
 9 shortly.
 10 In the second paragraph of
 11 Exhibit 4, two-thirds of the way down, you
 12 have -- you write quote, "My e-mail that
 13 caused a stir." Do you see that?
 14 A. Yes.
 15 Q. Is the e-mail that you're
 16 referring to your February 4, 2013 e-mail
 17 that we've marked as Exhibit 2?
 18 A. I believe that is the case.
 19 Q. And you write, quote, "My e-mail
 20 that caused a stir, was because our
 21 concept of a bid was not view in the same
 22 e-mail, the same as Jason, Frank and I
 23 view what we have been doing in the past."
 24 Do you see that?
 25 A. Correct.

1 B. Mason
 2 have been more so John, not Jeff.
 3 Q. John Fiddler?
 4 A. John Fiddler.
 5 Q. When you write, quote, "Was
 6 because our concept of a bid was not view
 7 in the e-mail as the same as Jason, Frank
 8 and I view what we have been doing in the
 9 past," do you recall what you meant by
 10 that?
 11 A. I do not.
 12 (Exhibit Mason 5, Document Bates
 13 numbered Henry Schein-001402796,
 14 marked for identification.)
 15 BY MR. LONG:
 16 Q. I'm handing you what I've marked
 17 as Mason Exhibit 5. This is a redacted
 18 version of Henry Schein-1402796. Let me
 19 know when you've had an opportunity to
 20 read that.
 21 A. Okay.
 22 Q. Can you identify this as an
 23 e-mail you sent to Roderick Dolk on July
 24 30, 2013?
 25 A. Yes, it is.

1 B. Mason

2 Q. You write, "Rick, the co-op
3 meeting is going to be held 8/22/13, 6:00
4 p.m. at the branch conference room." Do
5 you see that?

6 A. Correct.

7 Q. Does this refresh your
8 recollection that Schein was going to host
9 a co-op meeting at their branch?

10 A. This is a different co-op. This
11 is after we had already joined up with the
12 Utah Group and Henry Schein was doing
13 business with the Utah Group.

14 Q. So Exhibit 5 indicates that
15 Henry Schein was going to host a meeting
16 of the New Mexico Chapter of the Utah
17 Dental Cooperative?

18 A. Correct.

19 Q. Tell me what occurred from the
20 end of February 2013 to the date of this
21 e-mail dated July 30, 2013 in which your
22 effort lead to discussions with the Utah
23 Dental Cooperative?

24 A. The Dental Utah -- repeat the
25 question for me, please.

1 B. Mason

2 Q. Describe for me what occurred
3 between the end of February 2013 and the
4 date of this e-mail, Exhibit 5, of July
5 30, 2013, concerning your group
6 affiliating with the Utah Dental
7 Cooperative?

8 A. Okay. I can give you the
9 general concept, but I don't know the
10 exact dates and I don't know the
11 timeframes.

12 Q. All right. Tell me what you
13 recall and then I may ask you some
14 followups.

15 A. We, being Jason Chapman, Frank
16 Montoya and myself reached out to start
17 looking at how to set up and set up a
18 dental co-op. When we walked out of the
19 Patterson meeting, we knew we didn't have
20 a supplier -- we didn't have a distributor
21 with Patterson.

22 Rick Dolk had told us that, in
23 verbal, that they weren't working with a
24 dental co-op. And I don't know what
25 happened with Benco because I never spoke

1 B. Mason

2 with him, but after the fact, sometime ago
3 -- sometime after the fact, once we said,
4 okay, let's not recreate the wheel,
5 they're already doing it. It's not
6 exactly what we wanted in Utah, but it's
7 already a format so let's join that group.

8 As soon as we joined that group,
9 Schein came back to us, Rick Dolk came
10 back to us and said, We've worked with
11 those guys. We'll participate with you.

12 Q. And did you come to find out
13 what Mr. Dolk said concerning Schein
14 working with the Utah Dental Cooperative
15 was correct?

16 A. Yes.

17 Q. You say in Exhibit 5 in your
18 e-mail to Mr. Dolk, "The special markets
19 division is working with the Utah co-op in
20 three states in about 300 offices."

21 Do you see that?

22 A. Correct.

23 Q. When you say "the special
24 markets division," you were referring to
25 the special markets division of Schein?

1 B. Mason

2 A. Correct.

3 Q. And this statement that the
4 special markets division of Schein is
5 working with the Utah co-op in three
6 states in about 300 offices, that was
7 correct?

8 A. To the best of my knowledge. I
9 believe we were state -- New Mexico was
10 State No. 4.

11 Q. And at some point in time in
12 either 2013 or 2014, the New Mexico
13 Chapter of the Utah Dental Cooperative was
14 established?

15 A. Yes.

16 Q. And how many members in New
17 Mexico were there of that chapter while
18 you were on the advisory council?

19 A. I don't recall. I do not
20 recall. It was over 50 and it was getting
21 to the point where they were looking at
22 hiring a second rep for our state.

23 Q. Did the Utah Dental Cooperative
24 New Mexico Chapter provide cooperative
25 purchasing benefits?

1 B. Mason
 2 A. Please rephrase the question.
 3 Q. What benefits did the New Mexico
 4 Chapter of the Utah Dental Cooperative
 5 provide its members?
 6 A. They had a bank, a credit union
 7 available that we could work with. They
 8 had a reduced-fee service plan. They had
 9 an HSA plan. They had negotiated with
 10 insurance companies for fees. They had
 11 negotiated with vendors for purchasing
 12 dental supplies and equipment. They had a
 13 program where if you paid an additional
 14 fee and then you were disabled or
 15 dismembered or killed, then your practice
 16 would be taken on by the co-op. Those
 17 were the generality. There may be more.
 18 I just don't recall the rest.
 19 Q. One of the vendors that they had
 20 negotiated with was Henry Schein?
 21 A. Yes, it was.
 22 Q. And had they negotiated with
 23 other vendors?
 24 A. Yes, there were.
 25 Q. Can you recall who those were?

1 B. Mason
 2 through the Utah Dental Cooperative?
 3 A. No, they did not.
 4 Q. Did Dr. Chapman continue to
 5 purchase supplies through Patterson while
 6 the practice was part of the Utah buying
 7 group New Mexico Chapter?
 8 A. I'm sure there were some things.
 9 We had switched most of our supplies to
 10 Darby Dental.
 11 Q. Did Darby Dental sell through
 12 the Utah buying group?
 13 A. I do not recall. We were buying
 14 through Darby through a company called --
 15 or a buying group called Synergy out of
 16 the Carolinas I believe is where they were
 17 from.
 18 Q. So although your practices were
 19 members of the New Mexico Chapter of Utah
 20 Dental Cooperative, you purchased supplies
 21 through Darby through a different buying
 22 group?
 23 A. Correct.
 24 Q. Again, give me the name of that
 25 buying group.

1 B. Mason
 2 A. I want to say it's Ultradent.
 3 Q. Ultradent?
 4 A. I believe it was Ultradent and I
 5 believe it was Brasseler. I believe there
 6 was three -- and I want to say, to the
 7 best of my recollection, there might have
 8 been a half a dozen.
 9 Q. What is Brasseler?
 10 A. It's a company that sells burs.
 11 Q. In Exhibit 5 that's dated July
 12 30, 2013, you write, "We have joined up
 13 with the Utah Group to open a New Mexico
 14 Chapter." Do you see that?
 15 A. Yes.
 16 Q. How far in advance of July 30th
 17 had you joined up with the Utah Group?
 18 A. I don't recall.
 19 Q. But within a four-month period
 20 from February to July, your group had
 21 joined with Utah?
 22 A. I don't recall the dates.
 23 Q. Did members of the New Mexico
 24 Chapter of the Utah Dental Cooperative
 25 have to purchase through -- their supplies

1 B. Mason
 2 A. Synergy. We also purchased
 3 through some Patterson and I'm sure we
 4 purchased through some Schein and we
 5 purchased some through Ultradent.
 6 Q. And what is Ultradent?
 7 A. It's another manufacturer that
 8 sells directly.
 9 Q. What products does Ultradent
 10 manufacture?
 11 A. They manufacture -- they are big
 12 into preventatives. So we're talking
 13 fluoride paste. We're talking prophylaxis
 14 angles, hygiene supplies. They also are
 15 big in bonding. So we do prefer some of
 16 their stuff.
 17 Q. Dr. Mason, you don't have any
 18 direct knowledge supporting an allegation
 19 that Benco, Schein and Patterson conspired
 20 to refuse to offer discounted prices or
 21 otherwise negotiate with buying groups; do
 22 you?
 23 A. No, I do not.
 24 Q. You don't have any direct
 25 knowledge that would support the

1 B. Mason
2 allegation that Benco, Schein and
3 Patterson executives agreed not to provide
4 discounts to or otherwise contract with
5 buying groups?

6 A. I do not.

7 Q. You don't have any direct
8 knowledge to support an allegation that
9 Benco, Schein and Patterson entered into
10 an agreement to refuse to provide
11 discounts to or compete for the business
12 of buying groups?

13 A. I do not.

14 MR. LONG: Let's go off the
15 record and take a quick break. I
16 think I'm done subject to following up
17 on what Mr. Gold might ask you, but
18 let me just take a quick look.

19 A. Okay.

20 (Whereupon, a brief recess is
21 taken from 10:50 a.m. to 11:00 a.m.)

22 MR. LONG: I pass the witness
23 subject to any followup of Mr. Gold's
24 questions when he asks those.

25 MR. GOLD: Does anybody from --

1 B. Mason
2 representing Schein or Benco have
3 anything at this point?

4 MR. McDONALD: Yeah, this is
5 John McDonald. I have a few
6 questions.

7 MR. GOLD: Okay. Can we proceed
8 with those?

9 MR. McDONALD: Sure.

10 EXAMINATION BY MR. McDONALD:

11 Q. Dr. Mason, my name is John
12 McDonald and I represent Henry Schein.
13 Can you hear me okay?

14 A. Yes, I can.

15 Q. I have just a couple of
16 questions for you.

17 What, if anything, do you recall
18 about your conversation with Rick Dolk
19 regarding the New Mexico Dental Co-Op?

20 A. The New Mexico Dental Co-Op pre
21 or post joining Utah?

22 Q. Pre.

23 A. We -- I don't recall the exact
24 dialogue of the conversation we had, but
25 we did reach out to them to see if they

1 B. Mason
2 would -- if they were willing to
3 participate. And generally speaking, it
4 was a very quick no. That just wasn't
5 something they do.

6 Q. And do you recall anything more
7 about that conversation you had with
8 Mr. Dolk?

9 A. No. I don't recall the
10 specifics of the conversation just the
11 generality.

12 Q. Right. And that's -- you know,
13 I realize it's years ago and I can only
14 ask you what I recall, but I just want to
15 be sure that you don't recall any
16 specifics about the conversation other
17 than Mr. Dolk told you that wasn't
18 something that he was interested in,
19 correct?

20 A. That's correct.

21 Q. Did you speak with anyone else
22 at Henry Schein about doing business with
23 the New Mexico Dental Co-Op?

24 A. To the best of my recall, I do
25 not recall speaking with anyone else.

1 B. Mason

2 Q. Okay.

3 A. It seems like --

4 Q. Now I want to -- I'm sorry. Go
5 ahead.

6 A. It was seems like Rick was the
7 only individual that I really had a
8 relationship there with.

9 Q. Okay. Now I want to switch to
10 after New Mexico became part of the Utah
11 Dental Co-Op, do you recall any
12 conversations you had with Mr. Dolk about
13 the Dental Co-Op of Utah?

14 A. No, I do not.

15 Q. What about anyone else at Henry
16 Schein, do you recall conversations with
17 anyone else at Henry Schein about the
18 Dental Co-Op of Utah?

19 A. I do not recall any
20 conversations with him.

21 Q. Okay.

22 A. Once we joined up with the Utah
23 Group, I took a back seat to a lot of
24 things because it was already done through
25 the Utah Chapter.

1 B. Mason

2 Q. Okay.

3 MR. McDONALD: Okay. That's all
4 the questions I have at this time.

5 Thank you.

6 MR. MANNING: This is Thomas
7 Manning. I have no questions on
8 behalf of Benco.

9 EXAMINATION BY MR. GOLD:

10 Q. Okay. Well, this is Matthew
11 Gold on behalf of the FTC and I do have a
12 few questions. I just want to just follow
13 up and clarify one of the questions that
14 Mr. McDonald just asked.

15 Dr. Mason, you testified, I
16 believe, that you reached out to Schein at
17 some point about the Utah Group that you
18 were looking to -- I mean, excuse me,
19 about the New Mexico Group that you were
20 looking to form and he got back to you
21 with a response. Now, I think at one
22 point you said that -- I just want to -- I
23 just want to clarify what it is about the
24 response that you recall.

25 Do you recall him saying that he

1 B. Mason

2 wasn't interested in pursuing it or that
3 Schein was not interested in pursuing it
4 or it's not the type of thing that we do?
5 I kind of think we heard a couple of those
6 things and if you can clarify as much as
7 you can about what Mr. Dolk's response
8 was.

9 MR. LONG: Objection, form,
10 leading.

11 When I make an objection, you
12 can still go ahead and answer.

13 A. So --

14 MR. LONG: That was Mr. McDonald
15 and what he was saying is that we have
16 agreement that one objection is good
17 for all. So if you hear an objection
18 on the phone, you don't need to guess
19 whether it's Mr. McDonald or
20 Mr. Manning.

21 A. Can you repeat the question?

22 BY MR. GOLD:

23 Q. Generally, what I'm interested
24 in is just as much detail as you can about
25 the conversation with Mr. Dolk. I

1 B. Mason

2 realized you said you don't remember much,
3 but I think we might have heard two
4 separate statements and I just want to
5 make sure we heard it from you what it is
6 that you remember him telling you about
7 his reaction to your request that Schein
8 participated in the Utah -- in the New
9 Mexico Dental Cooperative?

10 A. So pre --

11 MR. McDONALD: Object to the
12 form.

13 A. When Jason, Frank and I started
14 discussions to set up our own cooperative
15 here in the State of New Mexico, we were
16 not familiar that there was another co-op
17 already up and running. So during the
18 very early phases of it when we reached
19 out to the Patterson, the Benco and the
20 Schein, I did have a discussion with Rick
21 Dolk. Rick Dolk -- and I don't recall
22 the -- any of the details of the
23 discussion. However, Rick Dolk did come
24 back to us and say that Schein was not
25 participating. Now, I don't remember any

1 B. Mason

2 of the discussions of that.

3 Once we left the meeting at
4 Outback, we knew that there was nothing
5 for us in terms of a distributor. That
6 was kind of what we had been lead to
7 believe that we were going to do. So we
8 ended up going to -- we found the Utah
9 Group and the Utah -- once we joined that,
10 they had already established relationships
11 with Schein. So at that point I reached
12 back out to Rick Dolk to reestablish that
13 connection.

14 Q. Okay. Thank you for that.

15 You also testified earlier in
16 response to one of Mr. Long's questions
17 that, I believe in the early days of
18 trying to form the New Mexico Dental
19 Co-Op, that Dr. Chapman had certain tasks,
20 Dr. Montoya had certain tasks and you had
21 certain tasks. Do you recall that?

22 A. Yes.

23 Q. And I think you said that one of
24 Dr. Montoya's tasks was communicating with
25 Benco because he had a connection with

1 B. Mason
2 Benco?
3 A. Correct.
4 Q. And what was your understanding
5 of Dr. Montoya's tasks with regard to
6 reaching out to Benco?
7 A. His tasks and my tasks were the
8 same. We were trying to find a
9 distributor to see if any of them would
10 participate with the New Mexico Dental
11 Co-Op.
12 Q. And I believe when Mr. Long
13 asked you what the result of Dr. Montoya's
14 communications with Benco were, you
15 testified that you don't recall the
16 substance of that conversation. Do you
17 recall saying that?
18 A. Yes, I do.
19 Q. Do you recall the -- do you
20 recall whether it was a positive or
21 negative reaction from Benco as to his
22 overture?
23 MR. LONG: Objection,
24 foundation.
25 A. The -- it was not favorable for

1 B. Mason
2 Q. And Mason 3 is dated the next
3 day and it includes what you testified
4 earlier on page 2 about the upcoming
5 dinner at Outback Steakhouse at the end --
6 on the middle of page 2. Do you see that?
7 A. Yes.
8 Q. And do you recall testifying
9 about that?
10 A. Yes.
11 Q. I would like to hand you what
12 has been marked as CX 4090.
13 (Exhibit CX 4090.001, Document
14 Bates numbered PDCO 00151225 through
15 PDCO 00151227, marked for
16 identification.)
17 MR. GOLD: It is a three-page
18 document.
19 A. I have --
20 MR. LONG: Thank you.
21 BY MR. GOLD:
22 Q. It is a three-page document
23 previously --
24 A. I don't have a document.
25 MR. LONG: You gave them both

1 B. Mason
2 the co-op because we never set up another
3 meeting after that. So he had a
4 discussion with Benco and we never had a
5 meeting with the cooperative, so it was a
6 negative.
7 Q. But beyond knowing that it was a
8 negative reaction from Benco, you don't
9 recall any specifics?
10 A. I don't recall any of those
11 dialogues.
12 THE RESPONDENTS: Objection,
13 form.
14 Q. I want to draw your attention
15 back to Mason 2 and Mason 3 that were
16 identified this morning and you might want
17 to set the others aside just for
18 convenience.
19 And you'll notice that the
20 e-mail that's been marked as Mason 2 was
21 the general -- the e-mail that you sent to
22 a number of manufacturers and others on
23 February 4th announcing the upcoming
24 meeting at Patterson; is that right?
25 A. Correct.

1 B. Mason
2 back.
3 A. You took both of them just now.
4 BY MR. GOLD:
5 Q. All right. We're together here.
6 This is a three-page document previously
7 Bates stamped PDCO 00151225 through -27
8 and I'd like you to look this over and let
9 me know when you have done so.
10 A. Okay.
11 Q. Do you recognize this e-mail
12 string?
13 A. I do.
14 Q. And do you recognize that this
15 is a -- a back and forth between yourself
16 and Scott Belcheff of Patterson?
17 A. It is.
18 Q. And the way things work is from
19 the bottom to the top, so the earliest
20 e-mail is at the end of this string. Do
21 you see an e-mail that starts on the
22 bottom of page 1, Thursday, February 7th
23 at 2:01 from Scott Belcheff to you?
24 A. Yes.
25 Q. And then a little further up,

1 B. Mason
 2 there is a reply from you to Scott
 3 Belcheff at 2:19?
 4 A. Yes.
 5 Q. And then further up there's a
 6 reply from Mr. Belcheff at 2:44 to you?
 7 A. Yes.
 8 Q. And at the very top, there is a
 9 final reply in this string from you back
 10 to Mr. Belcheff at 3:50.
 11 A. Yes.
 12 Q. And these are all on the same
 13 day, February 7th, correct?
 14 A. Correct.
 15 Q. So this is two days after the
 16 e-mail that was previously -- the string
 17 that was previously marked as Mason 3. Do
 18 you see that?
 19 A. Okay.
 20 Q. And so the -- when the -- do
 21 you -- turning back to Mason 3, the dinner
 22 at Outback was the upcoming Monday,
 23 correct?
 24 A. Correct.
 25 Q. And this was dated February

1 B. Mason
 2 5th -- the -- excuse me, in Mason 3, CX
 3 4090 is dated February 7th, which is a
 4 Thursday. So it's a few days before the
 5 upcoming Outback Steakhouse meeting?
 6 A. You lost me right there.
 7 Q. Okay. Sorry about that.
 8 A. The Exhibit 3 e-mail is a couple
 9 days before Exhibit CX 409 {sic}, which is
 10 a couple of days before the meeting at
 11 Outback Steakhouse.
 12 Q. That's all I'm trying to get at.
 13 A. Okay.
 14 Q. Is that --
 15 A. Yes.
 16 Q. Does that make sense?
 17 A. Correct.
 18 Q. Okay. Now, you testified
 19 earlier that you couldn't recall the
 20 substance of any conversations with Katt
 21 or Belcheff about the New Mexico buying
 22 Utah -- excuse me -- the New Mexico Dental
 23 Cooperative. Do you recall that?
 24 A. Yes, I do.
 25 Q. Do you recall the general tenor

1 B. Mason
 2 of the meeting? Do you recall that there
 3 were some conversations between you and
 4 either Mr. Katt or Mr. Belcheff about the
 5 Utah Dental Cooperative prior to the
 6 Outback Steakhouse meeting?
 7 MR. LONG: Objection,
 8 foundation.
 9 A. Yes, there were conversations.
 10 Q. And how do you know that there
 11 were conversations?
 12 A. We were working on this. Jason,
 13 myself and Frank Montoya, we were working
 14 on this pretty extensively. In fact, in
 15 one of the e-mails that I read here today,
 16 I opened my office and myself up to any
 17 manufacturer rep that wanted to come in
 18 working on the co-op.
 19 Q. Okay. And how about details
 20 with -- how about whether there had been
 21 conversations between you and either
 22 Dr. -- either Mr. Belcheff or Mr. Katt of
 23 Patterson about the cooperative?
 24 MR. LONG: Objection, form,
 25 foundation.

1 B. Mason
 2 BY MR. GOLD:
 3 Q. Do you recall that there had
 4 been some conversations between --
 5 A. Yeah, there had been
 6 conversations between all of us. I don't
 7 recall the details of the conversations.
 8 Q. And who's "all of us" just so
 9 we're clear?
 10 A. Myself, Jason Chapman because we
 11 sat side by side in the same office
 12 together. We had e-mails and discussions
 13 with Frank, with Jeff Katt and, to some
 14 degree, Scott.
 15 Q. If I could draw your attention
 16 to -- well, actually, what do you
 17 recognize about, if anything, about the
 18 e-mail in CX 4090 now? You can put the
 19 others aside.
 20 A. Okay.
 21 Q. The long e-mail from Scott
 22 Belcheff to you dated February 7th at 2:01
 23 starts at the bottom of page 1 and goes
 24 towards the bottom of page 2.
 25 A. And what's the question?

1 B. Mason
 2 Q. I'd like to know what -- what do
 3 you understand Mr. Belcheff telling you in
 4 that e-mail?
 5 MR. LONG: Objection,
 6 foundation.
 7 A. We had an understanding. I sent
 8 out an e-mail and I don't recall what
 9 exhibit it was. This is a response to
 10 that e-mail and it's walking back the
 11 meeting that was going to take place at
 12 Patterson Dental.
 13 In the last paragraph, he does
 14 talk about, It could be a huge
 15 opportunity, but we need to get guidelines
 16 in place.
 17 Q. Okay. When you -- drawing your
 18 attention to that last paragraph, where he
 19 says, "This has the opportunity to be
 20 huge."
 21 A. Uh-huh.
 22 Q. What do you understand that to
 23 mean? What do you understand this to mean
 24 in that sentence?
 25 MR. LONG: Objection,

1 B. Mason
 2 foundation.
 3 A. I -- from my standpoint for
 4 looking -- if I were in his shoes, he may
 5 be getting a lot more customers.
 6 Q. If what happens?
 7 MR. LONG: Same objection.
 8 A. If Patterson Dental were to take
 9 on the co-op. So there's multiple
 10 dentists who don't work with Patterson
 11 that work with Benco or work with Schein.
 12 And if we were able to get a pricing deal,
 13 they would get more business.
 14 Q. Did you have any expectations
 15 going into the Outback Steakhouse meeting
 16 as to what was going to take place at the
 17 Outback Steakhouse meeting?
 18 A. We did.
 19 Q. And what were those
 20 expectations?
 21 A. We expected to work out the --
 22 the guidelines on how we were proceeding.
 23 Q. And with the -- proceeding with
 24 what?
 25 A. With Patterson Dental being the

1 B. Mason
 2 distributor for the co-op, the preferred
 3 vendor for the co-op.
 4 Q. And what were those expectations
 5 based on?
 6 A. Based on the previous
 7 conversations and communications.
 8 Q. Between?
 9 A. Myself and Patterson Dental
 10 employees, including this e-mail which has
 11 helped set up the guidelines.
 12 Q. Can you point out to where that
 13 is?
 14 A. Last paragraph I believe of the
 15 e-mail, "Our dinner on Monday will help"
 16 us -- "will help with this and also help
 17 get the guidelines in place."
 18 MR. GOLD: Thank you. I have no
 19 more questions.
 20 MR. LONG: Dr. Mason, I have a
 21 few.
 22 EXAMINATION BY MR. LONG:
 23 Q. First off, I want to make sure
 24 that nowhere in your responses to
 25 Mr. Gold's questions were you changing any

1 B. Mason
 2 of the testimony that you gave in response
 3 to my questions this morning, correct?
 4 A. No, I was not changing.
 5 Q. You don't recall any substance
 6 of any conversation with Patterson, with
 7 Mr. Katt or Mr. Belcheff now as opposed to
 8 what you recalled when I asked you?
 9 MR. GOLD: Objection. I think
 10 that does a little bit mistake his
 11 testimony.
 12 MR. LONG: He can answer it one
 13 way or the other.
 14 A. I don't recall the details of
 15 all the conversations I had six years ago.
 16 BY MR. LONG:
 17 Q. And you were not basing your
 18 answers to Mr. Gold's questions on
 19 anything other than what you recalled when
 20 you answered my questions?
 21 A. Some of his questions I was
 22 basing it off the response of Scott.
 23 Q. So some of the questions -- your
 24 answers you were basing off what was
 25 written in CX 4090?

1 B. Mason
 2 A. Correct.
 3 Q. Did Mr. Gold show you this
 4 yesterday?
 5 A. I did.
 6 Q. So you had had an opportunity
 7 yesterday to see that and have your
 8 recollection refreshed?
 9 A. Correct.
 10 Q. And having had that opportunity
 11 yesterday, you gave me the answers you
 12 gave me this morning about what you did or
 13 did not recall about conversations with
 14 Patterson, correct?
 15 A. Repeat the question?
 16 MR. GOLD: Yeah, I'd have to
 17 object to that.
 18 BY MR. LONG:
 19 Q. After -- so you met with
 20 Mr. Gold yesterday?
 21 A. Correct.
 22 Q. And he showed you what's now
 23 been marked as CX 4090, which in bulk is
 24 the February 7, 2013 e-mail from
 25 Mr. Belcheff?

1 B. Mason
 2 Q. As you sit here today, you don't
 3 recall the substance of any of those prior
 4 conversations with either Mr. Katt or
 5 Mr. Belcheff concerning the New Mexico
 6 Dental Cooperative?
 7 MR. GOLD: I think I'm going to
 8 have to object to that. It slightly
 9 misstates his testimony.
 10 MR. LONG: He can answer it yes
 11 or no. You can object to form and
 12 nothing else.
 13 THE WITNESS: Repeat the
 14 question.
 15 MR. LONG: Would you read that
 16 one back, please?
 17 (Whereupon, the question is read
 18 back by the reporter.)
 19 A. I don't recall the details of
 20 any of the discussions. The premise that
 21 we were working on is we were going to the
 22 meeting to work out the details to get a
 23 deal, and that was supported by the e-mail
 24 right here.
 25 BY MR. LONG:

1 B. Mason
 2 A. Correct.
 3 Q. And having reviewed that
 4 yesterday, you then answered my questions
 5 this morning concerning what, if anything,
 6 you recalled substantively about
 7 conversations with Mr. Belcheff and
 8 Mr. Katt concerning the New Mexico Dental
 9 Cooperative, correct?
 10 A. Correct, with preference.
 11 Because with some -- I mean, with
 12 generality, not specifically.
 13 Q. But you answered my questions
 14 accurately this morning, correct?
 15 A. The best as I recall.
 16 Q. Okay. And so Mr. Gold then
 17 asked you a couple of minutes ago what
 18 your expectation was going into the
 19 February 11th meeting. Do you recall
 20 that?
 21 A. I do.
 22 Q. And I believe that you testified
 23 that your expectation was based upon prior
 24 conversations. Do you recall that?
 25 A. Yes, I do.

1 B. Mason
 2 Q. Well, you pointed again to
 3 CX 4090, the February 7th e-mail from
 4 Mr. Belcheff, correct?
 5 A. Correct.
 6 Q. So you're relying on what's
 7 written on this exhibit for the answer you
 8 just gave, correct?
 9 A. Correct, to some degree.
 10 Q. And so I will -- other than
 11 what's just written here, which you saw
 12 yesterday, do you recall the substance of
 13 any conversation with Mr. Katt or
 14 Mr. Belcheff prior to February 7th
 15 concerning the New Mexico Dental
 16 Cooperative?
 17 A. I don't recall any of the
 18 conversations I had with him specifically.
 19 Q. All right. And you also can't
 20 give me a chronology of when you had
 21 discussions with either Mr. Katt or
 22 Mr. Belcheff about the New Mexico Dental
 23 Cooperative, correct?
 24 A. Correct. I have no clue on the
 25 dates.

1 B. Mason

2 Q. If you would look at CX 4090,
3 the February 7, 2013 e-mail of
4 Mr. Belcheff, at the bottom of the first
5 page, do you see where he writes quote, "I
6 wanted to take some time to think about
7 this meeting before I reached out to you."

8 Do you see that?

9 A. Yes.

10 Q. Does this indicate to you that
11 Mr. Belcheff was thinking about what he
12 would say to you about the meeting for a
13 period of time prior to writing
14 Exhibit CX 4090?

15 MR. GOLD: Objection,
16 foundation.

17 A. Repeat that.

18 Q. Let me ask it a different way.

19 You had copied Mr. Belcheff on
20 the invitation for the March 13, 2013
21 meeting at the Patterson Dental branch,
22 Exhibit 2, which went out at 1:18 p.m. on
23 February 4th.

24 A. 2:18, but, yes, that's correct.

25 Q. And at the bottom of CX 4090,

1 B. Mason

2 Mr. Belcheff is saying that after
3 receiving that e-mail on the 4th, he
4 wanted to take some time to think about
5 the meeting before he reached out to you?

6 A. Correct.

7 Q. And then if you go to the
8 paragraph that begins, "First." Do you
9 see that?

10 A. Yep.

11 Q. He writes, "The e-mail you sent
12 out has greatly confused the dental
13 community and actually Patterson's role in
14 the dental business community as well.
15 Dan Reinhardt, my regional manager and
16 myself have been getting calls with
17 questions because manufacturers are
18 confused as to the purpose of the meeting
19 you called."

20 Do you have any reason to
21 dispute that statement?

22 A. No.

23 MR. LONG: Those are all the
24 questions I have in follow up to
25 Mr. Gold.

1 B. Mason

2 MR. GOLD: And I may have one
3 follow-up question.

4 I have two follow-up questions.

5 EXAMINATION BY MR. GOLD:

6 Q. Looking back at Mason 2, which
7 is the e-mail dated February 4th, do you
8 notice you copy -- in addition to many
9 manufacturers, you copied on this or,
10 excuse me, you sent it to Jeff Katt and
11 Larry Belcheff and Robert Lehm, all of
12 Patterson?

13 A. Correct.

14 Q. To the best of your
15 recollection, was this e-mail the first
16 time that these gentlemen were hearing
17 about your plans to form a dental
18 cooperative in New Mexico?

19 MR. LONG: Objection,
20 foundation, asked and answered.

21 A. No, it was not.

22 BY MR. GOLD:

23 Q. Mr. Long asked you whether your
24 testimony this morning in response to his
25 questions was still accurate in light of

1 B. Mason

2 my questions to you. Do you recall that?

3 A. I do.

4 Q. Same question in reverse.

5 Is -- are -- do you stand by all
6 of your answers to my questions in light
7 of Mr. Long's follow-up questions that he
8 just asked you?

9 A. I --

10 MR. GOLD: Object to the form.

11 A. I do.

12 Q. I have no more questions.

13 MR. McDONALD: I have a couple
14 of questions for you.

15 EXAMINATION BY MR. McDONALD:

16 Q. Dr. Mason, can you get out
17 Exhibit 4 for me, please?

18 A. Okay.

19 Q. This is the e-mail that you sent
20 to Rick Dolk on February 20, 2013; is that
21 right?

22 A. Correct.

23 Q. And is this the first time you
24 reached out to someone at Henry Schein
25 about the New Mexico Dental Co-Op?

1 B. Mason
 2 A. I do not recall.
 3 Q. Is the concept of the New Mexico
 4 Dental Co-Op that's outlined in your
 5 e-mail to Mr. Dolk accurate as of this
 6 date, that is February 20, 2013?
 7 A. Repeat that, please?
 8 Q. Sure.
 9 Is the concept of what you were
 10 trying to do with New Mexico Dental Co-Op
 11 accurately outlined in your e-mail to
 12 Mr. Dolk?
 13 A. The New Mexico Dental Co-Op at
 14 this phase was -- there was no accuracy to
 15 it. We were trying to find the path so we
 16 were in an exploration phase at this
 17 point.
 18 Q. Well, you -- go ahead.
 19 A. We -- we were trying to put
 20 together members and we were trying to put
 21 together offices and we were trying to put
 22 together a whole lot of different stuff to
 23 even make a co-op. So there -- there was
 24 a kind of a guidance that we had, but
 25 there wasn't specific details nailed down

1 B. Mason
 2 conversation that happened, what, five
 3 years ago.
 4 Q. How soon after this e-mail did
 5 Mr. Dolk tell you that Henry Schein was
 6 not interested? I'll just restate it.
 7 How soon after this February 20,
 8 2013 e-mail did Mr. Dolk get back to you
 9 and tell you that Henry Schein was not
 10 interested?
 11 MR. GOLD: I'm going to have to
 12 object that that was not his
 13 testimony.
 14 A. I don't --
 15 MR. McDONALD: He can tell me.
 16 A. I don't know. I don't have -- I
 17 never kept a log of conversations; no
 18 clue.
 19 Q. All right. It was after you
 20 sent this e-mail though, correct?
 21 A. I'm assuming. I really don't
 22 know.
 23 Q. Well, he didn't tell you no
 24 before you sent the e-mail; did he?
 25 A. That's why I said I'm assuming.

1 B. Mason
 2 yet. So it was still fluid, moving.
 3 Q. So is the guidance as or the
 4 status or whatever you want to call it as
 5 it existed as of February 20th outlined in
 6 this e-mail to Mr. Dolk?
 7 A. I think there's some aspects of
 8 it that were outlined here.
 9 Q. Right. And my point being, what
 10 you outlined to him here was accurate at
 11 least as of that date?
 12 A. Yeah.
 13 Q. Or what was your current
 14 thinking, correct?
 15 A. Correct, that's correct.
 16 Q. And did anything in this e-mail
 17 change before Mr. Dolk got back to you and
 18 told you that Henry Schein was not
 19 interested?
 20 A. Oh, I have no idea.
 21 Q. You don't recall one way or the
 22 other?
 23 A. I mean, there's a bunch of
 24 things outlined here. I have no idea what
 25 did or didn't change between the

1 B. Mason
 2 I don't know the --
 3 Q. You would agree with me that it
 4 would be logical that he told you after he
 5 sent this e-mail that Henry Schein was not
 6 interested, correct?
 7 A. That, I agree with.
 8 Q. All right. In the last sentence
 9 of this e-mail you say, "Thus, we have
 10 clarified the language to ensure it is
 11 understood, we are not moving dentists
 12 from one distributor to another or trying
 13 to set the price to a distributor." Do
 14 you see that?
 15 A. Yes, I do.
 16 Q. Did that concept ever change?
 17 A. That concept never even came to
 18 fruition because we never opened the
 19 New Mexico Dental Co-Op. We joined
 20 another state.
 21 Q. All right.
 22 A. In the end --
 23 Q. That concept of New Mexico --
 24 that concept was in the New Mexico Dental
 25 Co-Op never changed; is that fair?

1 B. Mason
 2 A. No, I don't think that's fair
 3 because the -- this is an e-mail that was
 4 talking pre-joining Utah. The pre-joining
 5 Utah e-mails never came to fruition
 6 because the New Mexico Dental Co-Op ended
 7 up joining Utah, which was already
 8 established, so we used their bylaws and
 9 their vendors and their everything. So
 10 any concept --
 11 Q. Well, Mr. --
 12 A. -- any concept prior to joining
 13 Utah, for the most part, went in the
 14 trash.
 15 Q. So the concept that Henry Schein
 16 told you it wasn't interested in went in
 17 the trash?
 18 A. No. Henry Schein said they
 19 weren't interested and then when we joined
 20 Utah, Henry Schein already had a -- a
 21 working relationship with the Utah
 22 organization so we jumped onboard with
 23 that as-needed. The doctors had were
 24 available to jump onboard with that
 25 relationship, but the work that we were

1 B. Mason
 2 putting forward and the work we were
 3 trying to establish we negated because
 4 Utah already had it done.
 5 Q. What I'm trying to understand,
 6 Dr. Mason and I want to be sure it's clear
 7 is that the concept that Henry Schein told
 8 you it was not interested in was the New
 9 Mexico Dental Co-Op concept before it
 10 joined the Dental Co-Op of Utah; is that
 11 correct?
 12 A. That is correct. Henry Schein
 13 informed us that it was not interested
 14 before we joined the New Mexico Dental
 15 Co-Op -- I'm sorry, before we joined the
 16 Utah Dental Co-Op Group.
 17 MR. McDONALD: Great. That's
 18 all I have. Thank you.
 19 MR. MANNING: Hi, this is Mr.
 20 Manning. I just have a few questions.
 21 EXAMINATION BY MR. MANNING:
 22 Q. You had testified earlier that
 23 Dr. Montoya had contacted Benco and that
 24 you had not contacted them yourself; is
 25 that correct?

1 B. Mason
 2 A. That is correct.
 3 Q. Okay. You testified in response
 4 to Mr. Long's question that you don't
 5 recall any of the information regarding
 6 Dr. Montoya's conversations with Benco --
 7 A. I testified --
 8 Q. -- is that correct?
 9 A. I'm testifying that I don't
 10 recall any of the specific details of
 11 those conversations.
 12 Q. Okay. When Mr. Long asked you
 13 that earlier, you had testified that you
 14 don't recall any of the information. Are
 15 you changing your testimony now?
 16 A. No, my testimony is not change
 17 being. I don't recall the conversations.
 18 I only recall the general outcome.
 19 Q. Okay, but you don't know what
 20 information Dr. Montoya conveyed to Benco
 21 in those conversations?
 22 A. I do not have --
 23 Q. Is that correct?
 24 A. I do not know what information
 25 was conveyed.

1 B. Mason
 2 Q. And you do not know what
 3 information was conveyed by Benco to
 4 Dr. Montoya; is that correct?
 5 A. That is correct.
 6 MR. MANNING: Those are all the
 7 questions I have.
 8 MR. GOLD: I just have one
 9 follow-up to that.
 10 EXAMINATION BY MR. GOLD:
 11 Q. Do you recall when I asked you
 12 about the Montoya conversations with
 13 Benco?
 14 A. Yes.
 15 Q. Do you stand by your testimony
 16 that you gave me in response to that or
 17 are you changing it based on what
 18 Mr. Manning just said?
 19 A. I stand by my testimony. I
 20 don't know the specific details of the
 21 conversation. The general outcome was
 22 negative. I don't know what was said
 23 either way. I just don't recall any of
 24 that after five years.
 25 MR. GOLD: That's all I have.

1 B. Mason
 2 Thank you, Dr. Mason.
 3 MR. LONG: Yeah, thank you again
 4 for your time, Dr. Mason.
 5 MR. McDONALD: Thank you for
 6 your time.
 7 THE WITNESS: Thank you.
 8 THE COURT REPORTER: Can you
 9 state your transcript orders?
 10 MR. McDONALD: Whatever my
 11 standing order is with them which I
 12 have no idea.
 13 MR. GOLD: I think all the
 14 parties have standing orders.
 15 MR. MANNING: Yes, I think so
 16 too.
