ERRATA SHEET

DEPOSITION OF: Tim Sullivan

DATE DEPOSITION: May 25, 2017

CASE NAME: In the Matter of Henry Schein, Inc., et al, No. 1510190

The following are the corrections which I have made to my transcript:

PAGE	LINE #	CORRECTION	REASON FOR CORRECTION
14	12	Change "It's 5 percent" to "It was 5 percent"	Typographical error/clarification
17	21	Change "sit in in each others' meetings" to "sit in on each other's meetings"	Typographical error
18	5	Change "Correct." to "No."	Misspoke
22	16	Change "We don't have to and we do" to "We don't have to but we do"	Typographical error/clarification
25	20	Change "to make sure we're aligned how we approach" to "to make sure we're aligned with how we approach"	Clarification
26	7	Change "it's no different than how we do in dental" to "it is different than how we do it in dental"	Misspoke
33	6	Change "The only time I really get involved, if there's a customer complaint" to "The only time I really get involved is if there's a customer complaint"	Clarification
50	9-10	Change "so you have our gross margin, which is the cost of goods" to "so you have our gross margin, which is the sales price less the cost of goods"	Clarification
59	24	Change "practice management company" to "practice management software company"	Clarification
77	5	Change "complete" to "compete"	Typographical error
78	24	Change "understanding how we can perform better with them" to "understanding how we can perform better with our suppliers"	Clarification

80	16	Change "cull" to "call"	Typographical error
88	16	Change "select" to "elite"	Misspoke
102	15	Delete "the pressures"	Misspoke
112	2	Change "manufacture-driven" to "manufacturer-driven"	Typographical error
116	14	Change "is more on buying groups" to "is more of buying groups"	Typographical error
160	16-17	Delete "we have not worked with"	Clarification/misspoke
175	20	Change "Not" to "No"	Typographical error
182	19	Change "about the or concerned about the impact" to "about or been concerned about the impact"	Clarification
190	23	Change "was" to "is"	Typographical error/clarification
201	15-16	Change "and those they don't own" to "and those they do own"	Misspoke
203	2-3	Change "from what I'm understanding" to "from my understanding"	Misspoke/clarification
204	7	Change "with the extension to that over to Dental Gator" to "with the extension of that over to Dental Gator"	Typographical error/clarification
205	17	Change "date" to "debate"	Typographical error
208	13	Change "about what it would" to "about when it would"	Typographical error/clarification
221	9-10	Change "it's the trend happening in the marketplace, actually view us" to "it's the trend happening in the marketplace, others actually view us"	Clarification
224	6	Change "respect" to "aspect"	Typographical error
230	8-9	Change "and we get more and more approach from more customers about buying groups" to "and we get approached more from our customers about buying groups"	Misspoke/clarification
248	15	Change "We look at 90,000 customers" to "We work with 90,000 customers"	Typographical error
249	6	Change "even as my testimony earlier" to "even as I testified earlier"	Misspoke/clarification
271	24	Change "I consider him not a friend by any means" to "I do not consider him a	Clarification

		friend by any means"	
277	21	Delete "or"	Typographical error
286	14	Delete "nearly"	Clarification
299	10	Change "usual" to "unusual"	Typographical error
308	16	Change "say" to "said"	Typographical error
317	11	Change "you were out" to "Dave was out"	Misspoke/clarification
328	1	Change "would do more" to "wanted to do more"	Clarification
335	16-18	Delete "So I think my prior testimony about those dates must have been off. It must have been more in this '10 to '12 time period."	Misspoke
337	16	Change "should be their instead of the" to "should be 'their' instead of the"	Clarification
363	23	Change "and our purchases somewhere else" to "and to point purchases somewhere else"	Clarification
365	14	Change "with challenging" to "while challenging"	Typographical error/clarification
368	15	Change "was working our events team" to "was working with our events team"	Typographical error/clarification

I, Timothy J. Sullivan, do hereby acknowledge that I have read the above-referenced deposition transcript, that I have made any corrections, additions or deletions that I was desirous of making; and that the transcript contains my true and correct testimony.

EXECUTED this 28th day of June, 2017.

1 Seattle, Washington
2 Wednesday, July 26, 2017
3 JOHN C. KOIS, JR.,
4 having been first duly sworn by the reporter, was
5 examined and testified as follows:
6 EXAMINATION
7 BY MS. GOFF:
8 Q Good morning, Mr. Kois. Thank you very much for being
9 here today. My name is Karen Goff. We met off the
10 record. I'm an attorney with the Federal Trade
11 Commission.
12 Today's proceeding is called an investigational
13 hearing, and it is just a way to formalize the interview
14 process.
15 It is conducted pursuant to the Federal Trade
16 Commission's rules, and it's being conducted as part of
17 the Commission's investigation in Matter No. 1510190.
18 MS. GOFF: For the record, would
19 Counsel please state his appearance?
20 MR. RYAN-LANG: Nicholas Ryan-Lang of
21 Byrnes Keller Cromwell.
22 Q (By Ms. Goff) Mr. Kois, for the record, would you
23 please state your name and the city and state you live
24 in?
25 A Sure. Mr. John C. Kois, Junior.

5

1 I live in Seattle, Washington.
 2 **Q I wanted to state for the record today that we actually**
 3 **had sent a subpoena to your father, Dr. John Kois, for**
 4 **his testimony today, and I spoke with your counsel, and**
 5 **I understand there was some confusion about whether the**
 6 **subpoena was for you or for Dr. John Kois, and we agreed**
 7 **that we would conduct the investigational hearing of you**
 8 **today, and we would reserve our rights to conduct an**
 9 **investigational hearing of your father, Dr. John Kois,**
 10 **at a later time, if it's necessary.**
 11 Thank you very much for making yourself available
 12 today, and I am hoping that you will be able to answer
 13 most of our questions and it will be unnecessary to take
 14 an investigational hearing of your father.
 15 MS. GOFF: Did you have anything to
 16 add, Counsel?
 17 MR. RYAN-LANG: Sounds right.
 18 **Q (By Ms. Goff) Have you ever given sworn testimony**
 19 **before?**
 20 A Yes.
 21 **Q When have you done that?**
 22 A It was three or four years ago.
 23 **Q Was it related to your work at Kois-- the Kois Center,**
 24 **or any of the Kois companies?**
 25 A No. It was with IsoFusion.

6

1 **Q Is that a former company that you used to work for?**
 2 A Yes.
 3 **Q I am just going to go over a few ground rules.**
 4 **I will be asking you a series of questions, and you**
 5 **will tell me the answers.**
 6 **The court reporter is recording everything that we**
 7 **say, and because she can only record our words, please**
 8 **be sure to answer each question with a verbal response.**
 9 **Please don't shake your head or nod your head.**
 10 **It is helpful if you let me finish my question**
 11 **before you answer, and I will try to not interrupt you**
 12 **as well.**
 13 **That's just so the court reporter can take down**
 14 **everything that we both say, since she can't record both**
 15 **of us at the same time.**
 16 **If at any time you don't understand a question,**
 17 **feel free to ask me to rephrase, and I will do my best**
 18 **to do so.**
 19 **Do you understand?**
 20 A I understand.
 21 **Q If you need a break at any time, please let me know, and**
 22 **we can take one.**
 23 **If there's a question pending, I may ask you to**
 24 **answer the question before we take a break, but**
 25 **otherwise I can accommodate you for any breaks.**

7

1 A I understand.
 2 **Q Is there any reason why you cannot provide complete and**
 3 **truthful testimony today?**
 4 A No.
 5 **Q Are you currently the CEO of Kois Center?**
 6 A Yes.
 7 **Q Do you also work for a company called Kois Buyers Group?**
 8 A No.
 9 To correct, it's Kois Tribal Management.
 10 **Q First let me talk about Kois Center, and then we can**
 11 **discuss Kois Buyers Group or Kois Tribal Management.**
 12 **What is the Kois Center?**
 13 A Kois Center is a teaching facility.
 14 We conduct continuing education courses for
 15 dentists, usually general dentists.
 16 **Q What do you mean by "general dentists"?**
 17 A It's geared towards nonspecialty oriented dentists.
 18 We do have prosthodontists that come, periodontists
 19 that come, but the majority of our students are general
 20 dentists.
 21 **Q Did your father, Dr. John Kois, found the Kois Center?**
 22 A Yes.
 23 **Q And when was that, approximately? Do you know?**
 24 A Approximately 1994.
 25 **Q What are your day-to-day responsibilities, generally, as**

8

1 **it relates to being the CEO of Kois Center?**
 2 A I oversee all the operations of the company, the
 3 financials of the company, scheduling of courses, all
 4 day-to-day operations.
 5 **Q Do you oversee any employees?**
 6 A Yes.
 7 **Q How many?**
 8 A 15.
 9 **Q Generally what do those employees do?**
 10 **I don't need to know every task that every employee**
 11 **does, but I'm trying to get a sense for what work the**
 12 **employees that you oversee do.**
 13 A I understand.
 14 Some of their jobs are directly related to when we
 15 have courses.
 16 They make sure the participants are comfortable,
 17 shelves are restocked, supplies are available, they find
 18 their seat, those kind of tasks.
 19 Other employees are responsible for the
 20 presentations that go up on the screen, graphics. We
 21 have a digital manual that they produce for every
 22 course.
 23 **Q Thank you. That's helpful.**
 24 **Do you report to anyone at Kois Center?**
 25 A No.

9	<p>1 Q And does your father, Dr. John Kois, have any role at</p> <p>2 Kois Center?</p> <p>3 A Yes. He is the main instructor.</p> <p>4 Q Is he an employee of Kois Center?</p> <p>5 A Yes.</p> <p>6 Q And then going back to Kois Buyers Group, is that a</p> <p>7 company that exists?</p> <p>8 A Yes.</p> <p>9 Q Okay. What is Kois Buyers Group?</p> <p>10 A Kois Buyers Group is owned by Kois Tribal Management,</p> <p>11 which is the official company.</p> <p>12 Q Did you say "Tribal Management"?</p> <p>13 A Yes.</p> <p>14 Q What is Kois Tribal Management?</p> <p>15 A It is a company that was formed to administer the Kois</p> <p>16 Buyers Group, which is a collection of dentists</p> <p>17 organized by myself and my father through the</p> <p>18 participants at the Kois Center to get more favorable</p> <p>19 pricing for supplies.</p> <p>20 Q And what role do you have at Kois Tribal Management?</p> <p>21 A I run that as well.</p> <p>22 Q Are you the CEO? Do you have a title?</p> <p>23 A The official title is "manager."</p> <p>24 Q And then what are your day-to-day responsibilities</p> <p>25 related to Kois Tribal Management?</p>	11	<p>1 them what kind of discounts are available if they were a</p> <p>2 member of the buyers group.</p> <p>3 Q Are you involved in recruiting new members?</p> <p>4 A Yes.</p> <p>5 Q When was Kois Tribal Management founded?</p> <p>6 A Approximately October 2014.</p> <p>7 Q And who founded it?</p> <p>8 A My father, Dr. John C. Kois.</p> <p>9 Q Okay. Have you worked for Kois Tribal Management since</p> <p>10 it was founded in October 2014?</p> <p>11 A No.</p> <p>12 Q When did you start working at Kois Tribal Management?</p> <p>13 A October 2015.</p> <p>14 Q So from October 2014 to October 2015, who ran Kois</p> <p>15 Tribal Management?</p> <p>16 A There was a consultant firm, ProCare Services.</p> <p>17 Q ProCare Services?</p> <p>18 A Yes.</p> <p>19 Q And ProCare Services ran Kois Tribal Management during</p> <p>20 that time period?</p> <p>21 A They administered all of the vendor relationships, and</p> <p>22 there was only, I think, one or two at the time, for</p> <p>23 vendors.</p> <p>24 Kois Center managed the sign-ups for members and</p> <p>25 sent those contacts to ProCare.</p>
10	<p>1 A I interface with all vendors, all members, and manage</p> <p>2 all the finances for the company.</p> <p>3 I'm the sole employee.</p> <p>4 Q Thank you.</p> <p>5 So you don t have any direct reports at Kois Tribal</p> <p>6 Management?</p> <p>7 A I'm sorry?</p> <p>8 Q Do you have any direct reports at Kois Tribal</p> <p>9 Management?</p> <p>10 A I'm sorry, I don't understand what you mean.</p> <p>11 Q Does anyone report to you at Kois Tribal Management?</p> <p>12 A No.</p> <p>13 Q So you said that you interface with all members and</p> <p>14 vendors; is that correct?</p> <p>15 A Yes.</p> <p>16 Q What does interfacing with the vendors entail?</p> <p>17 A I'm responsible for establishing the relationships with</p> <p>18 all vendors, so discussing any kind of discounts given</p> <p>19 to the members of the group, making sure that they have</p> <p>20 the contact information of the members, field any</p> <p>21 complaints from the members to the vendors, vice versa.</p> <p>22 Q That's helpful. Thank you.</p> <p>23 And then with regard to your interfacing with</p> <p>24 members, what, generally, does that involve?</p> <p>25 A I make sure their memberships are current and telling</p>	12	<p>1 I don't know how ProCare managed the list with the</p> <p>2 vendor that they had.</p> <p>3 Q And was there any particular individual at ProCare</p> <p>4 Services who was responsible for handling Kois Tribal</p> <p>5 Management work?</p> <p>6 A That would be Qadeer Ahmed.</p> <p>7 Q Would you mind spelling his name, if you know?</p> <p>8 A Q-A-D-E-E-R A-H-M-E-D.</p> <p>9 Q Thank you.</p> <p>10 A There was another person, Michael. I don't know his</p> <p>11 last name.</p> <p>12 Q Michael worked with Qadeer?</p> <p>13 A Yes.</p> <p>14 Qadeer went by "Q" in correspondence.</p> <p>15 Q Thank you.</p> <p>16 How did you come to get involved with Kois Tribal</p> <p>17 Management in October 2015?</p> <p>18 A The buyers group was not successful. We didn't have a</p> <p>19 lot of interest.</p> <p>20 Burkhart was the only known supply company I was</p> <p>21 familiar with that was a part of it, and they weren't</p> <p>22 getting a lot of communication, and there wasn't a lot</p> <p>23 of clarity of what the buyers group was doing in their</p> <p>24 direction, so I stepped in and assumed responsibility.</p> <p>25 Q Okay. Did your father ask you to do that?</p>

13	<p>1 A Yes.</p> <p>2 Q Have you managed Kois Tribal Management ever since</p> <p>3 October 015?</p> <p>4 A Yes.</p> <p>5 Q With regard to the Kois Center, how long have you been</p> <p>6 the CEO of the Kois Center?</p> <p>7 A Since March 16th, 2015.</p> <p>8 Q Did you have any other roles at Kois Center before</p> <p>9 becoming CEO?</p> <p>10 A Yes.</p> <p>11 Q What were your roles?</p> <p>12 A I was a youth counselor in their annual symposium youth</p> <p>13 program.</p> <p>14 Q When were you a youth counselor in their annual</p> <p>15 symposium youth program? What years, approximately?</p> <p>16 A It is an annual event, the third week of July.</p> <p>17 I have done that for the past ten or 15 years.</p> <p>18 Q Before you became the CEO of Kois Center, did you have</p> <p>19 any jobs outside of the Kois companies?</p> <p>20 A Yes.</p> <p>21 Q What was your job?</p> <p>22 A I was a CFO of IsoFusion.</p> <p>23 Q What is IsoFusion?</p> <p>24 A It is a company that manages a collection of different</p> <p>25 businesses, data centers, broadband connectivity for</p>	15	<p>1 Q How long were you in that position?</p> <p>2 A About eight months.</p> <p>3 Q Were you able to save the company?</p> <p>4 A No.</p> <p>5 Q Why did it fail?</p> <p>6 A Competitors came out with similar products for free.</p> <p>7 Q And so what was the business model for Dentscape, it was</p> <p>8 surveys of dental office staff?</p> <p>9 A Yeah, so you give a survey on an iPad to a patient in</p> <p>10 the chair, and they could rate how good the staff was</p> <p>11 doing, front desk, hygienists, dental assistants, and</p> <p>12 then the doctor could know how good their staff was and</p> <p>13 if they needed to make a change somewhere with somebody.</p> <p>14 The staff didn't want to give a survey on</p> <p>15 themselves.</p> <p>16 Q That makes sense.</p> <p>17 A And then Salesforce offers it for free.</p> <p>18 Q Thank you.</p> <p>19 Do you regularly attend any dental industry</p> <p>20 conferences or trade shows?</p> <p>21 A What would be "regular"?</p> <p>22 Q Yearly or even occasionally.</p> <p>23 Why don't I rephrase the question.</p> <p>24 Do you ever attend dental industry conferences or</p> <p>25 trade shows?</p>
14	<p>1 businesses and homes, technical support, and</p> <p>2 construction.</p> <p>3 Q Okay. And how long were you the CEO for IsoFusion?</p> <p>4 A IsoFusion for about six months prior to me leaving.</p> <p>5 Prior to that, that company was merged between two</p> <p>6 companies to create IsoFusion, and I was part of Optic</p> <p>7 Fusion, and for that I was a CFO for 15 years.</p> <p>8 Q Thank you.</p> <p>9 Prior to becoming involved with the Kois Center and</p> <p>10 the Kois Tribal Management, did you have any jobs that</p> <p>11 involved the dental industry?</p> <p>12 A Besides the youth counselor position?</p> <p>13 Q Yes.</p> <p>14 A No.</p> <p>15 Q Okay.</p> <p>16 A Sorry, my dad had a company that failed, Dentscape, and</p> <p>17 the goal of that was to do surveys on office staff,</p> <p>18 dental office staff, and that was approximately 2013</p> <p>19 that my dad asked me to help him try to save that</p> <p>20 company.</p> <p>21 Q And did you help him work at Dentscape to try to save</p> <p>22 the company?</p> <p>23 A Yes.</p> <p>24 Q What was your role?</p> <p>25 A I was the acting CEO.</p>	16	<p>1 A Yes.</p> <p>2 Q How frequently?</p> <p>3 A I attend the American Academy of Restorative Dentistry</p> <p>4 annually as a guest, and occasionally the American</p> <p>5 Academy of Aesthetic Dentistry as a guest.</p> <p>6 I have been to other ones sporadically if there's a</p> <p>7 reason to go.</p> <p>8 Q What other ones have you been do?</p> <p>9 A The Chicago Midwinter.</p> <p>10 Q Any others?</p> <p>11 A The Washington State Dental Association.</p> <p>12 That's it for conferences.</p> <p>13 Q Okay. And you said that you attend others sporadically</p> <p>14 if there's a reason to go, and you mentioned the Chicago</p> <p>15 Midwinter.</p> <p>16 What was the reason you went to the Chicago</p> <p>17 Midwinter?</p> <p>18 A In February of 2017-- we have had now quite a few</p> <p>19 vendors that have signed up to be members of the buyers</p> <p>20 group, and I thought it was a good opportunity to see</p> <p>21 everybody at one place.</p> <p>22 I don't travel much for business.</p> <p>23 Q When you said "it's a good opportunity to see people in</p> <p>24 one place," did you mean members or what kind of people?</p> <p>25 A Vendors.</p>

17	<p>1 Q And what prompted you to go to the Washington State</p> <p>2 Dental Association conference?</p> <p>3 A About 16, 17 years ago I had a web design company, and</p> <p>4 we put a booth at the Washington State Dental</p> <p>5 Association meeting to try to solicit business.</p> <p>6 Q Have you been to the Washington State Dental Association</p> <p>7 meeting since that one time?</p> <p>8 A No.</p> <p>9 Q Okay. And for Chicago Midwinter, did you only attend</p> <p>10 that one time in February of this year, 2017?</p> <p>11 A Yes.</p> <p>12 Q Going back to your work at Kois Center and Kois Tribal</p> <p>13 Management, how much of your time is spent working on</p> <p>14 Kois Tribal Management work as opposed to Kois Center?</p> <p>15 A In terms of a week, a month--</p> <p>16 Q Sure.</p> <p>17 A week?</p> <p>18 A Depending if there are new vendors, which take more</p> <p>19 time.</p> <p>20 I would say in general five percent or less.</p> <p>21 Q So most of your time is doing Kois Center work?</p> <p>22 A Correct.</p> <p>23 Q I would like to ask you just a few questions about your</p> <p>24 father's background.</p> <p>25 A Yes.</p>	19	<p>1 A Dental assistant, front desk, patient comfort/patient</p> <p>2 awareness, somebody in-between.</p> <p>3 Q Thank you.</p> <p>4 What about for the Seattle office? Does he have</p> <p>5 any employees in Seattle?</p> <p>6 A No.</p> <p>7 Q What is the name of his dental practice?</p> <p>8 A John C. Kois, DMD, MSD.</p> <p>9 Q I think we talked a little bit about your father's role</p> <p>10 at Kois Center, but does Dr. Kois have any role at Kois</p> <p>11 Tribal Management?</p> <p>12 A No.</p> <p>13 Q Is his role at Kois Center limited to being an</p> <p>14 instructor?</p> <p>15 A Can you rephrase?</p> <p>16 Q What is your father's role at Kois Center?</p> <p>17 A He is a primary instructor and also is-- also</p> <p>18 participates in any major decisions for the company</p> <p>19 going forward.</p> <p>20 Q Does he have a formal title at Kois Center?</p> <p>21 A Director.</p> <p>22 Q Does he participate in any major decisions related to</p> <p>23 Kois Tribal Management?</p> <p>24 A No.</p> <p>25 Q How did Kois Tribal Management come to be formed, if you</p>
18	<p>1 Q If you know the answers, that would be great. If you</p> <p>2 don't, that's understandable.</p> <p>3 Is your father a practicing dentist?</p> <p>4 A Yes.</p> <p>5 Q How long has he been a dentist? Do you know?</p> <p>6 A Approximately 40 years.</p> <p>7 Q Does he have any specialties?</p> <p>8 A Yes.</p> <p>9 Q What are they?</p> <p>10 A He is a perio/prosthodontist.</p> <p>11 Q Does he have an office in Seattle?</p> <p>12 A Yes.</p> <p>13 Q Does he also have an office in Tacoma?</p> <p>14 A Yes.</p> <p>15 Q Does he have any employees at his dental practice?</p> <p>16 A Which office?</p> <p>17 Q Either one.</p> <p>18 A Yes.</p> <p>19 Q What about Tacoma? Does he have any employees there?</p> <p>20 A Yes. Tacoma is his primary practice.</p> <p>21 Q Okay. How many employees, do you know, approximately?</p> <p>22 A Three.</p> <p>23 Q Are any of them dentists?</p> <p>24 A No.</p> <p>25 Q What are their job duties, generally?</p>	20	<p>1 know?</p> <p>2 A I do.</p> <p>3 Through the courses at the center, we see a lot of</p> <p>4 dentists from all over, and we had heard complaints from</p> <p>5 dentists that they have a difficult time competing with</p> <p>6 larger companies that have the ability to purchase</p> <p>7 products at a cheaper price than them because of the</p> <p>8 bulk that they purchase.</p> <p>9 The idea was formed to get a group of dentists that</p> <p>10 are like-minded, people that come to the center, to get</p> <p>11 together and say, "This is a group of people that are</p> <p>12 buying products that are recommended at the center."</p> <p>13 My dad has products that he recommends, and he is</p> <p>14 not paid a sponsorship, so the products he recommends</p> <p>15 are usually popular with the dentists because they know</p> <p>16 it comes from something he actually likes instead of</p> <p>17 something he's paid for.</p> <p>18 The idea was to go to these companies and say, "The</p> <p>19 products that we are recommending are going to be</p> <p>20 popular. Would you consider giving a discount to people</p> <p>21 as part of our group for buying one of something, no</p> <p>22 quantity, no obligation, no exclusivity? We would like</p> <p>23 the best price for one of something."</p> <p>24 Q Okay. Thank you. That s very helpful.</p> <p>25 You said that through the Kois Center you have seen</p>

21	<p>1 dentists and heard complaints that they have a difficult</p> <p>2 time competing with larger companies.</p> <p>3 Are you referring to independent dentists?</p> <p>4 A Possibly.</p> <p>5 Some dentists have several practices.</p> <p>6 Some dentists are part of corporations that have</p> <p>7 hundreds of practices.</p> <p>8 A lot of those practices will direct their members</p> <p>9 to buy certain products, and then they have the buying</p> <p>10 power to negotiate directly with manufacturers or</p> <p>11 distribution companies in general for a larger commit on</p> <p>12 something, which we don't have the option to do.</p> <p>13 Q When you say "we," what do you mean?</p> <p>14 A The members of the buyers group, smaller dentists,</p> <p>15 independent practices.</p> <p>16 If you're buying one of something, you have</p> <p>17 significantly less buying power than if you're buying</p> <p>18 10,000.</p> <p>19 Q So the complaints that you heard from dentists, that</p> <p>20 they were having a difficult time competing with larger</p> <p>21 companies, those were complaints from the smaller,</p> <p>22 independent dentists?</p> <p>23 A Yes. They said their percentage of overhead for</p> <p>24 supplies was higher because their costs were higher per</p> <p>25 product than the bigger companies.</p>	23	<p>1 It's a separate company, and there s a separate</p> <p>2 membership fee to gain access to some of the discounts.</p> <p>3 Q Okay. Thank you.</p> <p>4 A You're welcome.</p> <p>5 Q So members of the Kois Buyers Group, they obtain</p> <p>6 discounts on supplies; is that right?</p> <p>7 A Correct.</p> <p>8 Q And are there any other services that Kois Buyers Group</p> <p>9 offers to its members?</p> <p>10 A Besides supplies?</p> <p>11 Q Yeah, besides discounts on supplies.</p> <p>12 A Any other discount advantages that people get are</p> <p>13 through vendors of the buyers group.</p> <p>14 The only product the buyers group has is a</p> <p>15 membership.</p> <p>16 Does that answer your question?</p> <p>17 Q Yes.</p> <p>18 I may ask some follow-up questions.</p> <p>19 Does Kois Buyers Group offer other services, like</p> <p>20 marketing or financing or website design for members of</p> <p>21 the Kois Buyers Group?</p> <p>22 A No.</p> <p>23 Q Does Kois Buyers Group offer member benefits or</p> <p>24 discounts relating to dental equipment or is it solely</p> <p>25 related to supplies?</p>
22	<p>1 Q And so what are the benefits of Kois Tribal Management</p> <p>2 membership?</p> <p>3 A Members of the Kois Buyers Group have an option--</p> <p>4 opportunity for discounted prices without buying in</p> <p>5 larger quantities.</p> <p>6 Q Okay. So that was a good clarification.</p> <p>7 The members are members of Kois Buyers Group, not</p> <p>8 Kois Tribal Management; is that correct?</p> <p>9 A Correct.</p> <p>10 Kois Tribal Management is the company that manages</p> <p>11 Kois Buyers Group.</p> <p>12 Q Okay. And do you have a sense or an understanding for</p> <p>13 why it's broken out like that, why Kois Tribal</p> <p>14 Management is the company that manages Kois Buyers</p> <p>15 Group?</p> <p>16 A Kois Buyers Group was something we renamed because there</p> <p>17 was a lot of confusion that Kois Tribal Management-- if</p> <p>18 I remember correctly, was because the people that come</p> <p>19 to the Kois Center consider themselves part of a tribe,</p> <p>20 which is-- as a group, everyone is in tight, close</p> <p>21 relationships, and the relationship between Kois Tribal</p> <p>22 Management and the tribe as a whole was a bit confusing,</p> <p>23 so we separated it to Kois Buyers Group to differentiate</p> <p>24 that these are-- this is a membership that's separate</p> <p>25 from the Kois Center, even though we have close ties.</p>	24	<p>1 A Some equipment, depending on the vendor, but that's</p> <p>2 vendor dependent.</p> <p>3 Q So some vendors might offer discounts on equipment?</p> <p>4 A Correct.</p> <p>5 Q And I think you have already mentioned this, but just to</p> <p>6 make sure I have it correct, must a dentist be a member</p> <p>7 of Kois Buyers Group to access the discounted pricing on</p> <p>8 merchandise, supplies, and equipment?</p> <p>9 A Yes.</p> <p>10 Q Is there a membership fee?</p> <p>11 A Yes.</p> <p>12 Q How much is it?</p> <p>13 A \$299 a year.</p> <p>14 Q And that's collected by Kois Buyers Group?</p> <p>15 A Yes.</p> <p>16 Q And what does Kois Buyers Group do with the membership</p> <p>17 fees?</p> <p>18 A That money pays for travel for myself to go to these</p> <p>19 conferences.</p> <p>20 We also pay the Kois Center for marketing.</p> <p>21 Also for website development.</p> <p>22 Q So paying the Kois Center for marketing, is that</p> <p>23 marketing the Kois Buyers Group through the Kois Center?</p> <p>24 A Yes.</p> <p>25 Q And then website development, is that just related to</p>

25	<p>1 the Kois Buyers Group website?</p> <p>2 A Correct.</p> <p>3 Q I think I know the answer to this, but who are Kois</p> <p>4 Buyers Group members, generally?</p> <p>5 A Generally-- well, they have to hit a certain threshold</p> <p>6 to be able to have access.</p> <p>7 You had to have come to at least one course at the</p> <p>8 Kois Center.</p> <p>9 To answer your question fully, buyers group members</p> <p>10 are dentists who have attended at least one course at</p> <p>11 the Kois Center and have signed up for membership.</p> <p>12 Q Are they typically dentists who own solo or private</p> <p>13 practices?</p> <p>14 A I can't tell you definitively.</p> <p>15 I could tell you what I think on average, if that's</p> <p>16 acceptable.</p> <p>17 Q That would be helpful, yes.</p> <p>18 A Generally, yes.</p> <p>19 Q Do you think there are any dentists from larger groups,</p> <p>20 like corporate accounts or dental service organizations,</p> <p>21 that are members?</p> <p>22 A Not that I've heard of.</p> <p>23 I think I've heard of a few that had more than one</p> <p>24 practice location, but not, you know, dozens or-- not</p> <p>25 the large, large.</p>	27	<p>1 A Yes.</p> <p>2 Q Does it also have members that are located in Canada?</p> <p>3 A Yes.</p> <p>4 Q Do you know which state has the most members, most Kois</p> <p>5 Buyers Group members?</p> <p>6 A I could guess.</p> <p>7 Q What would your guess be?</p> <p>8 A Washington.</p> <p>9 Q What is your guess based on?</p> <p>10 A Based on the number of members that have been to the</p> <p>11 Kois.</p> <p>12 There is more in Washington because our center is</p> <p>13 in Washington.</p> <p>14 Q Approximately how many members does the Kois Buyers</p> <p>15 Group have today?</p> <p>16 A Approximately 515.</p> <p>17 Q And then what about when you first started at Kois</p> <p>18 Buyers Group in October of 2015? Do you have a</p> <p>19 recollection of how many members, approximately--</p> <p>20 A It was approximately 170.</p> <p>21 Q So generally today I want to ask you questions about the</p> <p>22 Kois Buyers Group, so if I use the word "Kois," I am</p> <p>23 referring to Kois Buyers Group unless I state otherwise.</p> <p>24 A Okay.</p> <p>25 Q Do you understand?</p>
26	<p>1 Q Okay. Is there a word that you use for dentists that</p> <p>2 have more than one practice location?</p> <p>3 A No.</p> <p>4 Q Okay. There's not like a term in the industry that you</p> <p>5 would use for those types of dentists?</p> <p>6 A For more than one practice location?</p> <p>7 Q Yeah.</p> <p>8 A There's no industry standard word.</p> <p>9 There's terms that you can use as practices get</p> <p>10 bigger, but that has to do with the organizational</p> <p>11 structure of the practice.</p> <p>12 I could say that a practice-- somebody has multiple</p> <p>13 locations, would be about as standard as you get until</p> <p>14 you get to some of the very large groups.</p> <p>15 Q And what do you refer to the large groups as?</p> <p>16 A Those would be DSOs. That's a dental service</p> <p>17 organization, I believe is what they're calling</p> <p>18 themselves now.</p> <p>19 I am not familiar with what their business model</p> <p>20 is, but generally they have anything from-- from what</p> <p>21 I've seen, as small as three practices and as large as</p> <p>22 several hundred.</p> <p>23 Q Thank you.</p> <p>24 Does Kois Buyers Group have members throughout the</p> <p>25 country?</p>	28	<p>1 A Yes.</p> <p>2 Q Thank you.</p> <p>3 So it sounds like Kois's membership increased from</p> <p>4 170 to approximately 515 today, since you joined in</p> <p>5 2015.</p> <p>6 How did you get more members to join Kois?</p> <p>7 A We rebuilt the website-- created a website -- there</p> <p>8 wasn't one -- with information on the members.</p> <p>9 We developed an informational handout that the Kois</p> <p>10 Center has allowed us to provide to attendees at the</p> <p>11 courses.</p> <p>12 We do e-mail newsletters.</p> <p>13 We started adding additional vendors, besides just</p> <p>14 a dental supply company.</p> <p>15 Q You mentioned e-mail newsletters.</p> <p>16 A Yes.</p> <p>17 Q Are those e-mail newsletters sent to-- who are they sent</p> <p>18 to?</p> <p>19 A They are sent to members of the buyers group to announce</p> <p>20 new members.</p> <p>21 We also send updates through the Kois Center</p> <p>22 newsletters for updated new vendors and on Kois Center's</p> <p>23 social media.</p> <p>24 Q Are you responsible for sending these updates?</p> <p>25 A Yes.</p>

29	<p>1 Q Do you send the e-mail newsletters?</p> <p>2 A Yes.</p> <p>3 Q So how would you characterize Kois Buyers Group's growth</p> <p>4 in membership over the past two years or so?</p> <p>5 A Slow.</p> <p>6 Q Do you have an understanding of why it has been slow?</p> <p>7 A I could make an assumption.</p> <p>8 Q Sure.</p> <p>9 A That a lot of dentists have a rep that they're happy</p> <p>10 with, that is not part of the dental supply company that</p> <p>11 is part of the buyers group, and they would prefer not</p> <p>12 to change reps.</p> <p>13 It's more true on the East Coast where the dental</p> <p>14 supply company we use does not have a rep. Everything</p> <p>15 is online distribution.</p> <p>16 Also, some dentists are lazy.</p> <p>17 Q Okay. Let me take the last one first.</p> <p>18 How would a dentist being lazy relate to slow</p> <p>19 growth?</p> <p>20 A Sure.</p> <p>21 They're current members of some of the vendors in</p> <p>22 the buyers group, and by signing up, they could save not</p> <p>23 only their membership fee but additional income, a</p> <p>24 definite cost, but they just choose not to sign up.</p> <p>25 Q So which-- you said that the dental supply company that</p>	31	<p>1 Burkhart members who would have access to a rep?</p> <p>2 A Where there's full-service representation, there s</p> <p>3 usually a distribution warehouse where products can come</p> <p>4 same day, where that's not an option -- at no charge --</p> <p>5 for people without representation.</p> <p>6 Q Where does Burkhart have full-service representation?</p> <p>7 What part of the country?</p> <p>8 A Mostly the West Coast.</p> <p>9 I don't know how far east they go.</p> <p>10 Q For members that are in an area where Burkhart has</p> <p>11 full-service representation, those members would be</p> <p>12 likely to get supplies faster; is that correct?</p> <p>13 A If needed, faster, yes.</p> <p>14 I am not familiar with all the shipping options for</p> <p>15 Burkhart and if overnight shipping is available for</p> <p>16 people on the East Coast.</p> <p>17 It depends on if you need it faster or not.</p> <p>18 Usually two to three days with proper inventory</p> <p>19 management isn't an issue to get supplies in time.</p> <p>20 It's the model they set up.</p> <p>21 Q It's the model who set up?</p> <p>22 A Burkhart.</p> <p>23 The bigger piece is having the rep in the office.</p> <p>24 That is a detractor for people on the East Coast.</p> <p>25 Q Having a rep in the office is helpful for inventory</p>
30	<p>1 you use does not have a rep on the East Coast.</p> <p>2 Which company is that?</p> <p>3 A Burkhart.</p> <p>4 Q So do Kois Buyers Group members on the East Coast not</p> <p>5 have access to Burkhart supplies?</p> <p>6 A They do.</p> <p>7 It's through online purchasing.</p> <p>8 They don't have a rep that comes to their practice,</p> <p>9 and they have to wait for their products to be shipped.</p> <p>10 That is not the most popular option for a lot of</p> <p>11 dentists.</p> <p>12 Q Do you have an understanding of why?</p> <p>13 A Inventory management is a big piece.</p> <p>14 A lot of the reps of these companies will come in</p> <p>15 and manage the inventory for the dentist and tell them</p> <p>16 when products are low, when they need to order.</p> <p>17 If they don't have one of those reps, the staff has</p> <p>18 to do that.</p> <p>19 Depending on how good their staff is, that can</p> <p>20 either be a plus or a minus.</p> <p>21 Q And then you said that these members that have to do</p> <p>22 online purchasing, they have to wait for the products to</p> <p>23 be shipped?</p> <p>24 A Yes.</p> <p>25 Q Is that somehow different from the members-- the</p>	32	<p>1 management, you said?</p> <p>2 A Also just a personal relationship.</p> <p>3 Some of these practices have known their reps for</p> <p>4 many years, and cheaper price or not, they're not</p> <p>5 willing to move. There's a loyalty factor.</p> <p>6 Some of the other vendors that we have in the</p> <p>7 buyers group don't have reps, everything is direct</p> <p>8 online sales anyway, so that has helped increase the</p> <p>9 membership of the buyers group.</p> <p>10 Some members don't purchase at all from the supply</p> <p>11 company.</p> <p>12 Q How has that increased the membership of the buyers</p> <p>13 group?</p> <p>14 A Buyers are willing to purchase from vendors other than</p> <p>15 the dental supply company in the buyers group, so they</p> <p>16 don't have to change their dental supply company, which</p> <p>17 they didn't have to anyway, but they feel better about</p> <p>18 keeping a rep in their office, and there's no tension</p> <p>19 with having this other option, but they can buy from</p> <p>20 another vendor in the buyers group and still save.</p> <p>21 Q Okay. I see.</p> <p>22 Are the vendors you're talking about manufacturers</p> <p>23 instead of dental distributors?</p> <p>24 A Yes.</p> <p>25 Q So would you consider Burkhart to be a dental</p>

33	<p>1 distributor?</p> <p>2 A Yes.</p> <p>3 Q Or you mentioned "dental supply company."</p> <p>4 Is that another word for "Burkhart"?</p> <p>5 A Yes.</p> <p>6 Q So buyers or members could maintain their relationship</p> <p>7 with the rep in the office but still get a discount by</p> <p>8 purchasing through the Kois Buyers Group direct from the</p> <p>9 manufacturer?</p> <p>10 A From those particular vendors.</p> <p>11 They can also purchase from Burkhart and keep their</p> <p>12 Schein rep, their Patterson rep.</p> <p>13 There is no obligation to purchase everything from</p> <p>14 one person.</p> <p>15 They can purchase all or nothing from them or</p> <p>16 everything in-between.</p> <p>17 Q Understood.</p> <p>18 You said that having other vendors, like</p> <p>19 manufacturer vendors, has increased the membership of</p> <p>20 the buyers group?</p> <p>21 A Yes.</p> <p>22 Q And that's because those members might be able to keep</p> <p>23 their representative and not switch to Burkhart?</p> <p>24 A If Burkhart is the only company that's a vendor in the</p> <p>25 buyers group, and you have no interest in purchasing</p>	35	<p>1 Q Too high for dentists?</p> <p>2 A Yes.</p> <p>3 Q Did you hear complaints?</p> <p>4 A No.</p> <p>5 Q How did you know that the costs were too high?</p> <p>6 A Personal preference.</p> <p>7 Q Whose personal preference?</p> <p>8 A Mine.</p> <p>9 Q Okay.</p> <p>10 A My preference is to provide the dentists as much value</p> <p>11 as possible with charging the least amount of money to</p> <p>12 keep the program going.</p> <p>13 It is not intended to be a profitable business.</p> <p>14 Q If it's not intended to be a profitable business, why do</p> <p>15 you have Kois Buyers Group?</p> <p>16 A There's a cost associated with managing the buyers</p> <p>17 group. That's what the purpose of the charge is.</p> <p>18 Does that answer your question?</p> <p>19 Q Well, I guess, why did you or your father start Kois</p> <p>20 Buyers Group, if not to make profit?</p> <p>21 A Sure.</p> <p>22 It's a way to allow the smaller dentists an option</p> <p>23 to compete with the larger companies, by reducing some</p> <p>24 of their overhead.</p> <p>25 Q So it was basically just to help the smaller dentists?</p>
34	<p>1 anything from Burkhart, then there's not a lot of</p> <p>2 incentive to join the buyers group, but with the</p> <p>3 addition of additional companies, there's more incentive</p> <p>4 of becoming a member, even though you have no intention</p> <p>5 of purchasing from Burkhart.</p> <p>6 Q Thank you.</p> <p>7 Going back to Kois membership, has the \$299 per</p> <p>8 year fee, the fee structure we discussed earlier, has</p> <p>9 that been in place since Kois Buyers Group was founded,</p> <p>10 if you know?</p> <p>11 A No.</p> <p>12 Originally there was a tiered approach, before I</p> <p>13 came onboard, where dentists were charged monthly based</p> <p>14 on the amount of product that they purchased, so a</p> <p>15 percentage of their supplies.</p> <p>16 There were three tiers.</p> <p>17 I think it was-- the tallest, highest one was, I</p> <p>18 think, \$500 a month.</p> <p>19 The second tier was approximately \$300 a month.</p> <p>20 The final tier was approximately \$200 a month.</p> <p>21 Q And were you responsible for changing that membership</p> <p>22 fee structure?</p> <p>23 A Yes.</p> <p>24 Q Why did you change it?</p> <p>25 A The costs were too high.</p>	36	<p>1 A Yes.</p> <p>2 The overall goal is to save the dentists enough</p> <p>3 money, that it can pay for their education at the Kois</p> <p>4 Center.</p> <p>5 Q You mentioned that members are required to take one</p> <p>6 course at the Kois Center; is that right?</p> <p>7 A Correct.</p> <p>8 Q How much would a class typically run?</p> <p>9 A A typical three-day class is \$5,395.</p> <p>10 Q Is it your goal to save dentists at least that much,</p> <p>11 \$5,395, through the Kois Buyers Group?</p> <p>12 A It is my goal to save them the total cost of taking all</p> <p>13 the courses at the center, which is approximately</p> <p>14 50,000.</p> <p>15 Q Okay. Wow, so \$50,000 a year?</p> <p>16 A No. That's a one-time-- if you have taken all the</p> <p>17 courses, that is the total cost.</p> <p>18 If they were to save that over the lifetime, that</p> <p>19 would be great.</p> <p>20 If they can save that every year, that's even</p> <p>21 better.</p> <p>22 Q So has the \$299 fee been in place since October 2015</p> <p>23 when you started?</p> <p>24 A No. The fee was in place, but we didn't start charging</p> <p>25 people until March of 2016.</p>

37	<p>1 Q Why didn't you start charging people until then?</p> <p>2 A Because the program wasn't structured. There was a lot</p> <p>3 of confusion.</p> <p>4 Before that month, any charges were a deposit on</p> <p>5 future payments, so anyone that paid \$500 or \$300</p> <p>6 previously, we pushed all that forward.</p> <p>7 If they paid \$300, they paid for a year of</p> <p>8 membership, and they wouldn't be charged until the</p> <p>9 following year.</p> <p>10 If they paid 500, we rounded that to two years, and</p> <p>11 they didn't pay for two years.</p> <p>12 We have current members that haven't paid more than</p> <p>13 their deposit when they started in 2014.</p> <p>14 Q So you said prior to March 2016 you weren't charging</p> <p>15 people because the program wasn't structured.</p> <p>16 What did you mean by that?</p> <p>17 A Right.</p> <p>18 There wasn't a platform in place to charge them.</p> <p>19 Everything was manual.</p> <p>20 There was no easy place for information to be</p> <p>21 stored, no organized fashion of displaying the discounts</p> <p>22 from the particular vendors.</p> <p>23 It was a very disorganized group.</p> <p>24 Q But then as of March 2016, it became more organized?</p> <p>25 A By March 2016 we had a website in place that listed all</p>	39	<p>1 have in the program, complaints.</p> <p>2 Q And there's-- am I correct that there's no requirement</p> <p>3 to purchase through Kois Buyers Group vendors?</p> <p>4 A Correct.</p> <p>5 It's clearly stated on the website, that there's no</p> <p>6 obligation.</p> <p>7 It is also listed in all newsletters that I send</p> <p>8 out.</p> <p>9 Q And even if there's no requirement, are there any</p> <p>10 incentives to purchase through the Kois vendors?</p> <p>11 A There would be discounts.</p> <p>12 Q Purchasing through the Kois vendors gives access to</p> <p>13 discounts, correct?</p> <p>14 A Correct.</p> <p>15 Q And there are no requirements for the dentists to change</p> <p>16 their practice in any way?</p> <p>17 A No.</p> <p>18 Q And Kois Buyers Group does not take any ownership</p> <p>19 interest in the member dental practices, correct?</p> <p>20 A Correct.</p> <p>21 Q And does Kois Buyers Group play any role in management</p> <p>22 decisions of the member dental practices?</p> <p>23 A No.</p> <p>24 Q So as part of your job duties, do you interact with Kois</p> <p>25 Buyers Group members?</p>
38	<p>1 the vendors.</p> <p>2 It was also a place for members to sign up for the</p> <p>3 buyers group.</p> <p>4 The website also does renewals for memberships, to</p> <p>5 make things more efficient, which is why it takes so</p> <p>6 little time for me to administer currently.</p> <p>7 Q Thank you.</p> <p>8 Are Kois members required to sign an agreement with</p> <p>9 Kois Buyers Group to access the benefits?</p> <p>10 A No.</p> <p>11 Q So I have heard of something called the Tribal</p> <p>12 Membership Program.</p> <p>13 Do you know what that is?</p> <p>14 A Yes.</p> <p>15 Q What is that?</p> <p>16 A That is what was originally called-- that's what the</p> <p>17 buyers group was originally called.</p> <p>18 Q And are there rules that-- are there Tribal Membership</p> <p>19 Program rules that members must abide by?</p> <p>20 A They have to have taken at least one course.</p> <p>21 Q Other than that, no rules, that you are aware of?</p> <p>22 A No. No.</p> <p>23 They are free to tell anybody they like whatever</p> <p>24 discounts they get from any members.</p> <p>25 They're free to tell anybody about any success they</p>	40	<p>1 A Yes.</p> <p>2 Q How frequently?</p> <p>3 A It's at the members' discrepancy, so when they choose to</p> <p>4 reach out to me.</p> <p>5 That's an interaction I will have with them.</p> <p>6 Other than them engaging the conversation, the only</p> <p>7 interaction I have is the newsletters and the social</p> <p>8 media posts that we do.</p> <p>9 Q Okay. How frequently, approximately, do members reach</p> <p>10 out to you?</p> <p>11 A Two or three times a month.</p> <p>12 Q Two or three times a month you get a member reaching out</p> <p>13 to you, approximately?</p> <p>14 A Mm-hm.</p> <p>15 Q For what purpose do they typically reach out?</p> <p>16 A Some of them have questions about the buyers group that</p> <p>17 could be answered on the website. They just choose not</p> <p>18 to log in and find the answers themselves.</p> <p>19 Some of them are compliments of the success that</p> <p>20 they've had with the vendors of the group.</p> <p>21 Some of them are complaints from the vendors not</p> <p>22 giving them the discounts that they were supposed to</p> <p>23 receive.</p> <p>24 Q Do you usually receive communications from members via</p> <p>25 e-mail?</p>

41	<p>1 A More than likely. 2 Occasionally phone calls. 3 Occasionally, if the people are at courses, they'll 4 tell me in-person. 5 Q Do you attend courses yourself? 6 A What do you mean by "attend"? 7 Q You said "occasionally if people are at courses, they 8 will tell me in-person," so I was wondering if you 9 generally attend courses. 10 A I don't have a seat in the room, so I am not a general 11 participant in the course, but at breaks I will come out 12 and introduce myself and socialize with the members, 13 make sure they're comfortable, they're enjoying their 14 course. 15 Q Am I correct that dentists can take courses at Kois 16 Center without being a member of the Kois Buyers Group? 17 A Yes. 18 Q How frequently does the Kois Center host courses? 19 A Approximately 30 courses taught specifically by Dr. Kois 20 per year, and approximately five additional adjunctive 21 courses per year. 22 Q And the courses can run more than one day? 23 A Correct. 24 Q Do they typically run more than one day? 25 A Yes.</p>	43	<p>1 It's voluntary, so it's whatever they feel 2 compelled to share their experience. 3 Q Do you have a sense for how much money that dentists, 4 who are members of Kois Buyers Group, are saving in a 5 year? 6 A It depends on vendors that they are saving the money on. 7 We ask vendors to give us an update in whether some 8 of the members are successful in saving money. 9 Q How frequently do you receive that update? 10 A Annually. 11 We ask all the vendors, and it is voluntary whether 12 or not they choose to send any updates on that. 13 Q For those that do send an update, how would they send 14 that to you? 15 A As an e-mail generally. 16 Q Do you recall receiving any e-mails from vendors about 17 how members have been saving money? 18 A Yeah. We received one last year and this year from 19 Burkhart. 20 We asked them to remove any identifiable 21 information from the customers, their name, practice, 22 and give us an idea of anybody that's a member of the 23 buyers group, pre and post membership, if they saved any 24 money. 25 Q What were the results?</p>
42	<p>1 Q What do they typically run? 2 A Typically for a course, a core course, a Kois course, 3 there is either a three-day course or a five-day course. 4 Course days are anywhere from ten hours a day for a 5 three-day and 11 hours a day for a five-day. 6 Q Where are the Kois classes held? 7 A At the Kois Center in South Lake Union. 8 Q You mentioned that some dentists have reached out with 9 compliments about Kois Buyers Group? 10 A Yes. 11 Q What type of compliments have you heard? 12 A They're saving a lot of money. 13 Q Anything else? 14 A They love the website. 15 Q Anything else? 16 A They appreciate my efforts. 17 Q Okay. So you have heard from dentists that they've 18 saving a lot of money? 19 A Yeah. 20 Q How frequently do you hear that? 21 A Every-- it depends on the time of year. 22 I would say quarterly. 23 Q Quarterly you will hear from one dentist saying that 24 they're saving a lot of money? 25 A Sure.</p>	44	<p>1 A Some members were saving on an average of 20,000 to 2 30,000 a year in their supplies, as compared to their 3 previous relationships. 4 Some were previous Burkhart members but not Kois 5 Buyers Group members. 6 Some were various dental supply-- they order from 7 lots of different people. 8 Some were from Schein, Patterson-- it just depends 9 on who they were with. 10 Burkhart has a very structured, stringent way of 11 determining that, where it's only if there is an 12 agreement that they are taking all of their business, so 13 they have some sort of a guarantee program where they 14 match up the invoices and compare things line by line. 15 Q So Burkhart has a guarantee program. 16 Is that for Kois Buyers Group members? 17 A No. It's company-wide. 18 I believe it's called a supply side guarantee. 19 They guarantee savings compared to some other 20 competitors if they're purchasing all through them. 21 Q So Kois Buyers Group members would have access to that 22 program? 23 A Anybody would have access to that. 24 You don't have to be a Kois Buyers Group member to 25 have access.</p>

45	<p>1 Q Understood.</p> <p>2 MR. RYAN-LANG: I think we have been</p> <p>3 going a little over an hour.</p> <p>4 Do you need to take a break?</p> <p>5 MS. GOFF: This is a great time for a</p> <p>6 break, if you want.</p> <p>7 MR. RYAN-LANG: I would like to take</p> <p>8 a five-minute or ten-minute break.</p> <p>9 MS. GOFF: Sure.</p> <p>10 (Recess 9:56 to 10:07 a.m.)</p> <p>11</p> <p>12 Q (By Ms. Goff) Mr. Kois, from your experience in the</p> <p>13 dental industry, do you believe that dentists are</p> <p>14 interested in joining Kois Buyers Group or groups like</p> <p>15 Kois Buyers Group?</p> <p>16 A I can't speak to what their interest is.</p> <p>17 I can tell you that there's a lot of buyers groups</p> <p>18 starting. We are certainly not the only ones. I'm sure</p> <p>19 there's a reason for that.</p> <p>20 If there's that many starting, there has to be an</p> <p>21 interest, but I can't tell you for sure.</p> <p>22 Q Thank you.</p> <p>23 Do you have any understanding of why dentists who</p> <p>24 are members of Kois Buyers Group join?</p> <p>25 A They join to get a discount on products, mostly products</p>	47	<p>1 Q Any sources.</p> <p>2 A I don't have any.</p> <p>3 Q Have you heard of any challenges in the dental market</p> <p>4 specifically related to private practice dentists?</p> <p>5 A The larger group practices are providing a lot of</p> <p>6 services that are cheaper, and they're trying to compete</p> <p>7 on price, and for a dentist that focuses with competing</p> <p>8 on value, that's a hard market to be in.</p> <p>9 Q And so when you re referring to the group practices</p> <p>10 providing services that are cheaper, what kind of</p> <p>11 services do you mean?</p> <p>12 A You know, a crown can be-- there's no set fee, unless</p> <p>13 you're dealing with an insurance company, in which case</p> <p>14 they set a fee for how much a crown is, but a dentist</p> <p>15 has a lot of latitude to decide on how much profit they</p> <p>16 want to make, whether there's a higher lab bill, a</p> <p>17 higher supply-- if you want to make a crown that looks</p> <p>18 exactly like the tooth they had or a brick in a person's</p> <p>19 mouth, that's the choice of the dentist and the patient</p> <p>20 to make an agreement on that.</p> <p>21 Q So the larger group practices are providing services to</p> <p>22 customers, the people that are getting dental work done</p> <p>23 that's cheaper?</p> <p>24 A Well, private practices do as well.</p> <p>25 A private practice can choose to use cheaper</p>
46	<p>1 that they already purchase.</p> <p>2 Q What do you mean by "products they already purchase"?</p> <p>3 A Many of the buyers group members have told me that to</p> <p>4 join the buyers group, the vendors that are part of the</p> <p>5 group are vendors that they buy from anyway, so to join</p> <p>6 and save money on products-- they don't have to do any</p> <p>7 product changes.</p> <p>8 You know, to buy a membership fee, you make that up</p> <p>9 on a couple of orders, depending on how big your orders</p> <p>10 are. It's a no-brainer for a lot of dentists. It's</p> <p>11 really simple.</p> <p>12 Q Has Kois Center or Kois Buyers Group done any analysis</p> <p>13 or study of whether dentists are interested in joining</p> <p>14 buyers groups?</p> <p>15 A No.</p> <p>16 Q Do you have any understanding of-- nevermind. Strike</p> <p>17 that.</p> <p>18 Do you have any understanding of whether in the</p> <p>19 last few years there has been increasing pressure on</p> <p>20 private dental practices' ability to thrive?</p> <p>21 A I don't understand what you mean by "thrive."</p> <p>22 Q Do you have any understanding of whether in the past few</p> <p>23 years there has been increasing pressure on private</p> <p>24 dental practices' ability to make money?</p> <p>25 A Pressure from where?</p>	48	<p>1 materials, do something quicker, cut some corners,</p> <p>2 reduce their own margins.</p> <p>3 That's a choice of the dental office.</p> <p>4 It's not necessarily a group practice.</p> <p>5 Q So are there any challenges related to individual</p> <p>6 dentists or small practices that you see, due to an</p> <p>7 increase in growth in large group practices?</p> <p>8 A I don't have anything concrete.</p> <p>9 I could tell you what dentists feel like, but I</p> <p>10 don't have anything to prove that, nothing to</p> <p>11 substantiate that.</p> <p>12 Q Well, what can you tell me about what dentists feel?</p> <p>13 A Dentists have told me that they feel like the group</p> <p>14 practices do dentistry differently, and their business</p> <p>15 model focuses more on revenue than patient care.</p> <p>16 Q Have dentists ever told you that the high price of</p> <p>17 supplies has been a challenge for them?</p> <p>18 A I don't understand what you mean by "challenge."</p> <p>19 Q Has been a-- have dentists ever informed you that the</p> <p>20 high price of supplies has led to lower profit margins</p> <p>21 for dentists?</p> <p>22 A I would say that "high" is a subjective term, so</p> <p>23 dentists always appreciate lower costs, but if the costs</p> <p>24 they're spending is the costs they've always spent, they</p> <p>25 don't have an idea of what "high" is until they've</p>

49	<p>1 saved.</p> <p>2 Q Okay. We talked a little bit about this earlier, but</p> <p>3 how do you attract new members to your Kois Buyers</p> <p>4 Group?</p> <p>5 A We send out social media updates through the Kois Center</p> <p>6 social media.</p> <p>7 We also provide an informational sheet for all</p> <p>8 participants at the Kois Center, that lists every vendor</p> <p>9 and all the discounts that are available, plus a</p> <p>10 reminder that there s no obligation, no exclusivity for</p> <p>11 any of the vendors.</p> <p>12 Q Any other ways to recruit new members?</p> <p>13 A The only other way we ve had is word of mouth.</p> <p>14 Vendors are telling their-- the dentists that they</p> <p>15 work with, that they have an option to give them</p> <p>16 additional savings if they were a buyers group member.</p> <p>17 Q Do you have an understanding of whether vendors do tell</p> <p>18 dentists that they could get additional savings if they</p> <p>19 were a buyers group member?</p> <p>20 A No, I haven't heard anything from the vendor.</p> <p>21 They tell me their reps are saying that, but I have</p> <p>22 no way to substantiate that.</p> <p>23 Q Thank you.</p> <p>24 You mentioned that there are other competitor</p> <p>25 groups like Kois, is that right, other buyers group that</p>	51	<p>1 Ivoclar is a distributor. They re popular with</p> <p>2 labs.</p> <p>3 We don't have a lot of lab members.</p> <p>4 Ultradent.</p> <p>5 Both of those companies said no.</p> <p>6 Q What is Ultradent?</p> <p>7 A They re a direct-to-consumer supply company.</p> <p>8 Q Is it like an online ordering system?</p> <p>9 A I'm not familiar with how they do their sales.</p> <p>10 Q But you said they are a distributor, not a manufacturer?</p> <p>11 A I believe they re a manufacturer.</p> <p>12 Q Thank you.</p> <p>13 Have you ever heard from any members that they</p> <p>14 would like to see Schein, Patterson, or Benco as a</p> <p>15 member?</p> <p>16 A Yes.</p> <p>17 Q How frequently does that occur?</p> <p>18 A How many in a year?</p> <p>19 Q Sure.</p> <p>20 A Maybe one or two times a year total.</p> <p>21 Q What about for individuals that are on the East Coast,</p> <p>22 are those the individuals that are most likely to</p> <p>23 request a Schein, Patterson, or Benco?</p> <p>24 A I would say yes.</p> <p>25 Q And that's because Burkhart doesn't offer full services</p>
50	<p>1 are similar to Kois that are out there?</p> <p>2 A Yes.</p> <p>3 Q Can members be both a member of the Kois Buyers Group</p> <p>4 and another buyers group?</p> <p>5 A That's a question between-- if both buyers groups are</p> <p>6 accepting of that.</p> <p>7 The Kois Buyers Group is accepting-- you can be a</p> <p>8 member of multiple buyers groups. There's no problem,</p> <p>9 as far as we re concerned.</p> <p>10 Q Has Kois Buyers Group ever conducted any type of survey</p> <p>11 of its members?</p> <p>12 A Regarding any kind of survey?</p> <p>13 Q Yes.</p> <p>14 A No.</p> <p>15 Q Okay. So Kois has not surveyed members to determine</p> <p>16 whether-- like which types of distributors or</p> <p>17 manufacturers or vendors that they would like to see</p> <p>18 work with Kois Buyers Group?</p> <p>19 A There's been no surveys, but if people-- people will</p> <p>20 recommend vendors that they use, that they say they</p> <p>21 would appreciate in the buyers group.</p> <p>22 Q And what have you heard from members? What type of</p> <p>23 vendors do they recommend?</p> <p>24 A Lately there are vendors that we talk about in the</p> <p>25 courses but aren't members of the buyers group.</p>	52	<p>1 on the East Coast?</p> <p>2 A Correct.</p> <p>3 Q And we have talked about the full-service distributor.</p> <p>4 Would you contribute Burkhart to be a full-service</p> <p>5 distributor?</p> <p>6 A Depending on what location you are in.</p> <p>7 Q What is a full-service distributor?</p> <p>8 A They have a rep that can come to the office to do your</p> <p>9 sales.</p> <p>10 They have a closer distribution center.</p> <p>11 That the non full service, to my understanding, is</p> <p>12 Internet only or infrequent salesmen calls on the</p> <p>13 office.</p> <p>14 Q Thank you.</p> <p>15 Are Schein, Patterson, Benco, to your</p> <p>16 understanding, full-service distributors?</p> <p>17 A Yes.</p> <p>18 They have full-service reps. I am not familiar</p> <p>19 with what their territories are.</p> <p>20 Q Thank you.</p> <p>21 Has Kois Buyers Group ever done any research into</p> <p>22 why its members joined Kois Buyers Group?</p> <p>23 A Is that formal research like a survey or asking people,</p> <p>24 tabulating results--</p> <p>25 Q Either informal or formal research?</p>

53	<p>1 A Informal.</p> <p>2 We ask people.</p> <p>3 If they say they're a member and they're happy, we</p> <p>4 ask them why they decided to join the buyers group.</p> <p>5 Q And generally what have you heard?</p> <p>6 A For discounts.</p> <p>7 Q Any other reasons that members have given for why they</p> <p>8 have joined Kois Buyers Group?</p> <p>9 A Some of the early members, before my time, they joined</p> <p>10 for the hope of discounts.</p> <p>11 When the initial members first started, there was</p> <p>12 no vendors, just the hope of discounts to come, so they</p> <p>13 weren't joining for the discounts, they were joining for</p> <p>14 the hope of discounts.</p> <p>15 Q Thank you.</p> <p>16 Is it fair to say that obtaining discounts on</p> <p>17 dental supplies is an important part of Kois buyers</p> <p>18 group's offering to dentists?</p> <p>19 A Yes.</p> <p>20 Q And do you have a sense for what percentage of supplies</p> <p>21 a typical member buys through Kois Buyers Group?</p> <p>22 A No.</p> <p>23 Q Kois has not done-- you or Kois has not done any</p> <p>24 analysis on that?</p> <p>25 A No.</p>	55	<p>1 Q Did you give an idea of how much members saved at that</p> <p>2 symposium?</p> <p>3 A Yes.</p> <p>4 Q And what did you say?</p> <p>5 A I only received an update from Burkhart, with three</p> <p>6 members, and the average savings was approximately</p> <p>7 \$23,000.</p> <p>8 Q Do you have an understanding of how Burkhart chose those</p> <p>9 three members to provide to you?</p> <p>10 A Yes. They were ones that they had invoices from the</p> <p>11 practice from pre membership to post membership, and</p> <p>12 they could compare the prices.</p> <p>13 Q Okay. So do you have any understanding of whether that</p> <p>14 23,000 is a norm or is typical for buying group members,</p> <p>15 for Kois Buyers Group members?</p> <p>16 A I don't have an understanding because I don't know how</p> <p>17 much they were spending with a previous company and what</p> <p>18 they're spending now, if it's consolidated, if it's</p> <p>19 something else.</p> <p>20 Q Okay. What is the annual symposium that you mentioned?</p> <p>21 A It is our large course every year.</p> <p>22 The Kois Center does a course providing all the</p> <p>23 updated scientific research from the last 12 months, and</p> <p>24 it's presented to-- anyone who has been a graduate, has</p> <p>25 gone through the program, is invited to come back.</p>
54	<p>1 Q And do you have an understanding of whether dentists</p> <p>2 save money by joining Kois Buyers Group?</p> <p>3 A Yes.</p> <p>4 Q And what is your understanding?</p> <p>5 A The dentists tell me they're saving money through the</p> <p>6 Kois Buyers Group, the dental members.</p> <p>7 Q Do you know what percentage of members save money by</p> <p>8 joining Kois Buyers Group?</p> <p>9 A No.</p> <p>10 We don't know what people purchase, if anything,</p> <p>11 from the vendors.</p> <p>12 Q Okay. So you don't receive any reports from your</p> <p>13 vendors regarding how much the members are purchasing?</p> <p>14 A We have, and it's voluntary.</p> <p>15 Q Voluntary from the vendors?</p> <p>16 A Correct.</p> <p>17 Q Is that something that Kois seeks out?</p> <p>18 A We request.</p> <p>19 Q And why do you request that information?</p> <p>20 A At our annual symposium in July, I give an update, to</p> <p>21 anyone who is in the room, of how the buyers group is</p> <p>22 doing, and I like to give people an idea of how much</p> <p>23 members have saved.</p> <p>24 Q Have you had your annual symposium this July?</p> <p>25 A Yes.</p>	56	<p>1 It's generally about 400 people.</p> <p>2 Q I have a document I would like to show you.</p> <p>3 (Exhibit No. 325 marked</p> <p>4 for identification.)</p> <p>5</p> <p>6 Q (By Ms. Goff) I am handing you what's been marked as</p> <p>7 Exhibit No. 325.</p> <p>8 This is a document that was produced to us by your</p> <p>9 counsel.</p> <p>10 A Yes.</p> <p>11 Q It says, "Johnny's Buyers Group business tip of the</p> <p>12 month," and then there's some text.</p> <p>13 Do you see that?</p> <p>14 A Yes.</p> <p>15 Q Is this something that comes from you?</p> <p>16 A Yes.</p> <p>17 Q What is it?</p> <p>18 A So we started in October of last year trying to do a</p> <p>19 monthly tip for people, to give them, that was hopefully</p> <p>20 more than just an announcement of a new vendor or just a</p> <p>21 discount, something they could take back to their</p> <p>22 practice to use to save money, and we did them through,</p> <p>23 I believe, May of this year.</p> <p>24 The one you have in front-- that you have given me</p> <p>25 as Exhibit No. 325, is the tip that we did for February.</p>

<p style="text-align: right;">57</p> <p>1 Q How do you know that? 2 A Because I know what month this went out. 3 Q So these tips of the month ran from approximately 4 October 2016 to May of 2017? 5 A Correct. 6 Q And was it an e-mail that you sent out? 7 A Yes, it was an e-mail and also posted on our social 8 media, for the Kois Center social media. 9 Q It just went to members? 10 A This was a public e-mail. 11 The e-mail went to members, but anyone with access 12 to Internet and our social media could view this. 13 Q And who has access to Kois social media? 14 A I do. 15 Q Who could access it? 16 Do you keep your social media-- 17 A Open, totally open. 18 Q What social media are you referring to? 19 A Facebook, Twitter, LinkedIn, Tumblr, WordPress, 20 Instagram. 21 Q So do these monthly tips go out on all of those social 22 media mediums you just mentioned? 23 A Yes. 24 Q Thank you. 25 Okay. So it says here, "The Kois Buyers Group was</p>	<p style="text-align: right;">59</p> <p>1 become a member of the buyers group? 2 Q Yes. 3 A We have had requests from people to ask vendors to be 4 part of the buyers group, and we tell them that "These 5 are products that my dad uses in his lectures, that he 6 likes and promotes, and that we don't receive any 7 compensation for that, but this is a big group of people 8 that are purchasing. Would you consider offering them a 9 discount?" 10 We ask them to provide-- if they do a special sale 11 at a trade show or something at a bulk price, "If you 12 could take that price for one product and offer that as 13 the discount for every day to the members." 14 Q Thank you. 15 The next sentence says, "Because of your 16 participation, Burkhart will begin to roll out lower 17 pricing starting February 1st, 2017." 18 Do you see that? 19 A Yes. 20 Q What does that mean? 21 I am particularly interested in understanding how 22 the participation of the members relates to Burkhart's 23 rolling out lower pricing. 24 A So Burkhart tracks how much supply is purchased from the 25 buyers group.</p>
<p style="text-align: right;">58</p> <p>1 created with one purpose, get the best price possible 2 for the individual dentist without having to wait for a 3 'trade show' price or purchase in bulk." 4 Do you see that? 5 A Yes. 6 Q Is that the Kois Buyers Group's sort of purpose? 7 A Yes. 8 Q Is there a mission statement somewhere for the Kois 9 Buyers Group? 10 A Yes. It's on the Kois Buyers Group website. 11 Q Are the words that are in here, that I just read, the 12 mission? 13 A Mostly. 14 The mission statement is this and a reminder that 15 there's no obligation, no exclusivity to purchase from 16 any of the vendors. 17 Q Okay. Thank you. 18 A You're welcome. 19 Q Moving down to the next paragraph, it says, "We ask the 20 participating vendors to look at our membership and 21 purchasing power as a whole and take into consideration 22 when offering discounts to our members." 23 Is that how Kois Buyers Group sort of pitches 24 itself to vendors? 25 A Are you asking how we open the dialogue for a vendor to</p>	<p style="text-align: right;">60</p> <p>1 When I negotiated the contract in December of 2015, 2 the current agreement, they said that if there wasn't a 3 certain amount of participation, that they would be 4 increasing their pricing to members, and I asked them to 5 then lower them if there was a certain purchasing amount 6 by the members. 7 In January they told me that those numbers had been 8 met for the previous year, and that they would be 9 lowering their margins by two percent, and that was a 10 figure that they came up to on their own. 11 That's not two percent from the previous year's 12 pricing. That was two percent based on their current 13 year pricing. 14 If they raise their pricing three percent and then 15 lowered it two percent, it is still a one percent 16 increase. 17 Q Do you know what the numbers that were met-- strike 18 that. 19 You mentioned that the members bought a certain 20 number of product from Burkhart? 21 A Dollar amount? 22 I don't know number of products. 23 Q Okay. Is it a dollar amount that was met? 24 A Yes. 25 Q Okay. And what was the dollar amount?</p>

61	<p>1 A I believe it was approximately 6 million.</p> <p>2 Q And then the next-- two sentences below that it says,</p> <p>3 "Our members are seeing real results. Some have saved</p> <p>4 well over \$50,000."</p> <p>5 Do you see that?</p> <p>6 A Yes.</p> <p>7 Q And so is this indicating that some individual dentists</p> <p>8 saved over \$50,000 in discounts?</p> <p>9 A Yes.</p> <p>10 Q And how do you know that some individual--</p> <p>11 A We had a dentist that came to us in a course and said</p> <p>12 they saved over \$50,000.</p> <p>13 Q Was that just one dentist?</p> <p>14 A Yes.</p> <p>15 Q Have you heard of any other dentists that have saved</p> <p>16 that much money?</p> <p>17 A No.</p> <p>18 Q And did you have an understanding of whether that</p> <p>19 dentist saved the \$50,000 over a period of a year or was</p> <p>20 it total since he had been a member?</p> <p>21 A He didn't give a timeline.</p> <p>22 Q And then in the next sentence it says, "This means that</p> <p>23 a Kois Buyers Group member can fund his or her entire</p> <p>24 Kois Center curriculum by using whatever products he or</p> <p>25 she chooses."</p>	63	<p>1 Buyers Group member saves on dental supplies in a given</p> <p>2 year?</p> <p>3 A It depends on what they were buying before.</p> <p>4 If you are buying additional products, it is</p> <p>5 difficult to account for the supply savings.</p> <p>6 I can tell you what dentists have told me that</p> <p>7 they've saved, and it is a percentage based on their</p> <p>8 practice, so on average dentists tell me they save</p> <p>9 somewhere between three and 15 percent.</p> <p>10 Some dentists watch that more closely than others.</p> <p>11 Q They watch the savings-- they track the savings?</p> <p>12 A Their inventory in general.</p> <p>13 A lot of dentists don't have a handle on how much</p> <p>14 they spend in any category, including supplies.</p> <p>15 Q For those that you have spoken to, on average, those</p> <p>16 dentists have told you they've saved three to 15</p> <p>17 percent?</p> <p>18 A On average-- on average the dentists have told me</p> <p>19 they've saved, and those dentists, on average, are three</p> <p>20 to 15 percent.</p> <p>21 There are dentists that tell me they're a buyers</p> <p>22 group member and they're not saving any money.</p> <p>23 Q Do you do anything to help those members save more</p> <p>24 money?</p> <p>25 A No. If they're unhappy with their membership, I offer</p>
62	<p>1 Is this a reference to the Kois Center curriculum</p> <p>2 being somewhere around \$50,000?</p> <p>3 A Yes.</p> <p>4 Q Thank you.</p> <p>5 We talked today several times about how Kois Buyers</p> <p>6 Group does not have an obligation to members to purchase</p> <p>7 from the vendors, Kois Buyers Group vendors.</p> <p>8 A Yes.</p> <p>9 Q Why is it that Kois Buyers Group does not require</p> <p>10 members to purchase from certain vendors?</p> <p>11 A We don't have a financial interest in any company.</p> <p>12 The Kois Center is wholly independent from</p> <p>13 sponsorships.</p> <p>14 To direct people to a particular vendor would--</p> <p>15 real or not, should make the appearance that had</p> <p>16 changed, that we did have some sort of financial gain</p> <p>17 from any of these companies, and we don't.</p> <p>18 It was an effort to stay as impartial as possible.</p> <p>19 Q Okay.</p> <p>20 A We also don't have a strong opinion either way, where</p> <p>21 people purchase their products.</p> <p>22 We make a recommendation, but ultimately they can</p> <p>23 choose whatever they'd like.</p> <p>24 Q I think you may have already answered this, but do you</p> <p>25 have any understanding of the average amount that a Kois</p>	64	<p>1 them a refund.</p> <p>2 Q How frequently does that happen?</p> <p>3 A It's happened once.</p> <p>4 Q I would like to talk a little bit about Kois Buyers</p> <p>5 Group vendors.</p> <p>6 A Sure.</p> <p>7 Q So how does a vendor relationship start?</p> <p>8 A Generally I'll reach out to a sales rep, and they will</p> <p>9 reach out to their headquarters and get me in touch with</p> <p>10 the right person.</p> <p>11 Q And how do you decide which sales reps or which</p> <p>12 companies to reach out to?</p> <p>13 A They're products that are generally listed in the</p> <p>14 courses taught by the Kois Center, so if my dad has a</p> <p>15 vendor that he likes, he will ask me to see about if</p> <p>16 they're interested in joining the buyers group as a</p> <p>17 vendor.</p> <p>18 We also have members that will recommend products.</p> <p>19 Q Okay. And what types of vendors does Kois Buyers Group</p> <p>20 approach?</p> <p>21 Is it distributors and manufacturers?</p> <p>22 A Manufacturers mostly.</p> <p>23 Q Is Burkhardt the only distributor that Kois Buyers Group</p> <p>24 has a relationship with?</p> <p>25 A No.</p>

65	<p>1 Q What other ones?</p> <p>2 A Sinclair Dental.</p> <p>3 Q Any others?</p> <p>4 A No.</p> <p>5 Q Is Sinclair Dental a Canadian-based company?</p> <p>6 A Yes.</p> <p>7 Q Do they only sell in Canada?</p> <p>8 A Yes.</p> <p>9 Q So within the United States the only distributor that</p> <p>10 Kois Buyers Group has a relationship with is Burkhart?</p> <p>11 A As a distribution company, yes.</p> <p>12 Brasseler is a manufacturer, but they were</p> <p>13 purchased by Schein.</p> <p>14 Q Do you know how many manufacturer vendors Kois Buyers</p> <p>15 Group has?</p> <p>16 A Manufacturer only?</p> <p>17 Q Yes.</p> <p>18 A I believe it's 28.</p> <p>19 Q Is there a list of those vendors somewhere?</p> <p>20 A Yes.</p> <p>21 Q Where?</p> <p>22 A It is on an informational handout that we give to all of</p> <p>23 the participants to the courses.</p> <p>24 It is also on the Kois Buyers Group website.</p> <p>25 Q Is the Kois Buyers Group website open to anyone or is</p>	67	<p>1 A We can ask them to negotiate with them a better price</p> <p>2 for our members, but ultimately we don't have any</p> <p>3 control over that.</p> <p>4 3M doesn't distribute directly to our members.</p> <p>5 Q Have you reached out to 3M about distributing directly</p> <p>6 to members?</p> <p>7 A Yes.</p> <p>8 Q And did they say that they were not interested?</p> <p>9 A Yes.</p> <p>10 Q Did they give you a reason?</p> <p>11 A They said that the members already purchase from 3M--</p> <p>12 well, they already purchase 3M products, so a discount</p> <p>13 is just eroding their profits.</p> <p>14 Q Have you heard that sentiment from any other vendors</p> <p>15 that you have reached out to?</p> <p>16 A We heard that-- for any vendors? It's always a concern.</p> <p>17 It has never been the main reason to not be-- to</p> <p>18 not participate in the buyers group.</p> <p>19 Q But it was the main reason for 3M?</p> <p>20 A Correct.</p> <p>21 That was what Burkhart told us. I didn't have any</p> <p>22 direct communication with 3M stating as such.</p> <p>23 Q Thank you.</p> <p>24 For the 28 manufacturers that Kois Buyers Group</p> <p>25 partners with, did you have direct negotiations with all</p>
66	<p>1 there a password--</p> <p>2 A There's a password.</p> <p>3 Q So it is really only for members to log in?</p> <p>4 A You're able to log on without being a Kois Buyers Group</p> <p>5 member and see all the available discounts.</p> <p>6 Your membership is dictated on if you've been-- if</p> <p>7 you qualify to become a member, so if you've been to at</p> <p>8 least one course, you have access to the vendors.</p> <p>9 Q So I am not going to ask you to list all 28</p> <p>10 manufacturers, but are there a top-five manufacturers</p> <p>11 that Kois Buyers Group works with?</p> <p>12 A What would qualify as the top five?</p> <p>13 Q I don't know, the top five that you understand dentists</p> <p>14 purchase from.</p> <p>15 A That would be Burkhart, Sinclair, Brasseler, Straumann,</p> <p>16 Dentsply, and I'm going to guess CariFree.</p> <p>17 Q Does Kois Buyers Group work with 3M?</p> <p>18 A Through Burkhart.</p> <p>19 Q Okay. So what is the distinction you are making there?</p> <p>20 A We can't purchase directly through 3M, so if it's a</p> <p>21 product that is distributed through Burkhart, Burkhart</p> <p>22 negotiates the discounts.</p> <p>23 We don't have any opinion, any kind of a sway in</p> <p>24 those conversations.</p> <p>25 Q Okay.</p>	68	<p>1 of those?</p> <p>2 A Yes.</p> <p>3 Q And does Kois Buyers Group have some sort of contract</p> <p>4 with those 28 manufacturers?</p> <p>5 A No.</p> <p>6 Q Okay. What is the relationship then?</p> <p>7 A We asked them to provide a discount to the members.</p> <p>8 We sent them a member list, and they agreed to give</p> <p>9 a discount to the members.</p> <p>10 Q But it is an informal agreement?</p> <p>11 A Yes.</p> <p>12 Q In other words, it is not written in a contract?</p> <p>13 A Correct.</p> <p>14 Q But your agreement with Burkhart and Sinclair, that is</p> <p>15 written in a contract, correct?</p> <p>16 A Correct. They are the only two contracts that we have.</p> <p>17 Q And why did you do a contract with Burkhart and Sinclair</p> <p>18 but not with the other manufacturers?</p> <p>19 A It is vendor preference.</p> <p>20 Q So "vendor" meaning the Burkhart and Sinclair?</p> <p>21 A Correct.</p> <p>22 Q And did-- do Burkhart and Sinclair have any type of</p> <p>23 relationship with each other?</p> <p>24 A What kind of relationship?</p> <p>25 Q I don't know.</p>

69	71
<p>1 I just wasn't sure if they were related at all,</p> <p>2 like maybe subsidiaries or something like that.</p> <p>3 A No.</p> <p>4 Q Does Kois have any minimum discounts that it requires</p> <p>5 vendors to offer in order to be a part of the Kois</p> <p>6 Buyers Group program?</p> <p>7 A No.</p> <p>8 Q Would you consider Kois Buyers Group to be selective</p> <p>9 about what vendor partners they work with?</p> <p>10 A Yes.</p> <p>11 Q And you mentioned earlier that it's based on your</p> <p>12 father's sort of recommendations on products?</p> <p>13 A Partly.</p> <p>14 Q What else is it based on?</p> <p>15 A Member requests.</p> <p>16 We have some vendors that aren't listed in any of</p> <p>17 our lectures, but the members have requested they be</p> <p>18 available as a vendor in the discount.</p> <p>19 We also try not to have too many of the same type</p> <p>20 of vendor in the same-- as a part of it.</p> <p>21 Q What do you mean by "the same type of vendor"?</p> <p>22 A We have four different implant companies as part of it.</p> <p>23 If the implant company knows they're competing</p> <p>24 against nobody, they have more incentive to give a</p> <p>25 larger discount. They have less of an incentive when</p>	<p>1 more expensive than a vendor in the buyers group is not</p> <p>2 an incentive for them to switch to a different implant</p> <p>3 company.</p> <p>4 For implants in particular, it was better to have</p> <p>5 more options for people, because we're finding that</p> <p>6 implants is a very inflexible product. People will take</p> <p>7 a discount on the product they use, but they won't</p> <p>8 necessarily move to another brand, is our experience.</p> <p>9 Q Okay. Are there any other types of supplies that fall</p> <p>10 into that category?</p> <p>11 A Sure.</p> <p>12 Some people have personal preferences, some people</p> <p>13 don't.</p> <p>14 Some people like a particular glove brand, some</p> <p>15 people don't.</p> <p>16 Some people have a type.</p> <p>17 Some people have a certain type of composite that</p> <p>18 they like.</p> <p>19 It's really dependent on what the dentist likes.</p> <p>20 Q Other than implants, which you said was a pretty</p> <p>21 inflexible product, have you come across any products</p> <p>22 that you've noted are particularly inflexible?</p> <p>23 A My dad recommends 3M's Unicem, which is a bonding agent.</p> <p>24 His opinion is it's a superior product, so people</p> <p>25 are willing to spend more for that product than a</p>
<p>1 they have more than one competitor giving a discount.</p> <p>2 We also elect for less of a discount and more</p> <p>3 vendors, if possible.</p> <p>4 Q And why is that?</p> <p>5 A Give people more options.</p> <p>6 Q Have dentists expressed an interest in having more</p> <p>7 options?</p> <p>8 A In what category?</p> <p>9 Q Any category.</p> <p>10 A Not for particular supplies. They just ask for</p> <p>11 particular products, so that would be a personal</p> <p>12 preference.</p> <p>13 Q When you say they ask for particular products, are you</p> <p>14 referring to a particular brand name?</p> <p>15 A Occasionally.</p> <p>16 Q What else could it be?</p> <p>17 A That's all I've heard.</p> <p>18 Q Okay. So you said "not for particular supplies,"</p> <p>19 meaning like gloves or-- I don't know, fillings or</p> <p>20 something like that, but for particular products,</p> <p>21 meaning brands--</p> <p>22 A Some people-- right.</p> <p>23 We have, for instance-- implants, people have a</p> <p>24 very strong opinion one way or the other which implant</p> <p>25 they choose to use, and whether or not that vendor is</p>	<p>1 competitor, which is why people continue to buy a 3M</p> <p>2 product, even though they can get cheaper versions, as</p> <p>3 far as our members are concerned.</p> <p>4 Q Does Kois Buyers Group impose any requirements on the</p> <p>5 vendors that it partners with?</p> <p>6 A Yes.</p> <p>7 Q What?</p> <p>8 A We ask that they not e-mail too frequently with</p> <p>9 discounts for the members.</p> <p>10 We ask them to limit their e-mail newsletters to</p> <p>11 quarterly.</p> <p>12 Q Any other requirements?</p> <p>13 A We ask them to tell people that they re part of the Kois</p> <p>14 Buyers Group and not a member-- and not related to the</p> <p>15 Kois Center.</p> <p>16 Q Any other requirements?</p> <p>17 A No.</p> <p>18 Q And why do you ask vendors to tell people that they re</p> <p>19 part of Kois Buyers Group and not related to Kois</p> <p>20 Center?</p> <p>21 A We don't want people to get the opinion that there is a</p> <p>22 sponsorship with the Kois Center.</p> <p>23 It is a separate company, and we like to make that</p> <p>24 very clear.</p> <p>25 Q And why is that?</p>

<p style="text-align: right;">73</p> <p>1 A Because having no sponsorship and be part of a 2 continuing education center is not-- is not something 3 that happens a lot, so that uniqueness gives us a lot of 4 traction in any opinions we give as far as what products 5 are. 6 The idea that we are paid for those endorsements 7 cheapens the opinions. 8 Q Does Kois Buyers Group advertise or let members know 9 that they're not paid for the endorsements? 10 A The Kois Buyers Group doesn't. 11 The Kois Center does. 12 Q Okay. What are the range of discounts that the 13 manufacturer vendor partners provide? 14 A I think the smallest is approximately three percent and 15 the highest is approximately 40 percent. 16 Q And so if there's no formal contract with the 17 manufacturers, are the discounts written down somewhere, 18 the discounts that are offered to Kois Buyers Group 19 members? 20 A We ask the vendors to fill out an informational sheet 21 that lists what kind of discount they intend to give to 22 the members, but we have no way of tracking that. 23 Q And when you said you have no way of tracking that, do 24 you mean you have no way of confirming or verifying if 25 those are the discounts that are actually offered to</p>	<p style="text-align: right;">75</p> <p>1 Q Any other ways? 2 A No. 3 Q Is Kois interested in partnering with a variety of 4 vendors? 5 In other words, is it important to have as many 6 vendors as possible? 7 A No. 8 Q Has Kois reached out to any distributors, other than 9 Burkhart? 10 A To be a part of the buyers group? 11 Q Yes. 12 A Yes. 13 Q Which ones? 14 A I reached out to Benco in 2015 when I was negotiating 15 the agreement with Burkhart. 16 Q Have you reached out to any other distributors? 17 A Schein Canada reached out to us last year and expressed 18 an interest in being part of the-- of being a 19 distributor in Canada. 20 Q Okay. Has Schein in the United States reached out to 21 Kois Buyers Group about being a distributor? 22 A No. 23 Q Have you or anyone else from Kois Buyers Group reached 24 out to Schein? 25 A No.</p>
<p style="text-align: right;">74</p> <p>1 members? 2 A Correct. 3 Q Is there any requirement that vendors offer discounts on 4 all of their products as opposed to just certain 5 products? 6 A No. 7 Q Do some vendors only offer discounts on certain 8 products? 9 A Yes. 10 Q Are there any that offer discounts across the board on 11 all the products that they sell? 12 A Yes. 13 Q So you mentioned that the first step in bringing in a 14 new vendor partner is to reach out to a sales rep. 15 Do you usually reach out via e-mail or on the 16 telephone? 17 A Either, whatever contact I have. 18 That's usually all I have for contacting the 19 company, and usually that's the first place to start. 20 Q E-mail, that is? 21 A Or phone. 22 Q Okay. 23 A Many times it's phone. 24 Q How do you determine which vendors to reach out to? 25 A Recommendations from either Dr. Kois or current members.</p>	<p style="text-align: right;">76</p> <p>1 Q And what about prior to your arrival at Kois Buyers 2 Group, do you have an understanding of whether there 3 were any conversations between Kois Buyers Group and 4 Schein? 5 A My understanding is that Schein was approached prior to 6 the agreement with Burkhart, and their response was no. 7 Q How did you come to have that understanding? 8 A That's what my dad told me, based on a conversation with 9 Qadeer. 10 Q Did your dad tell you whether Schein gave a reason for 11 saying no? 12 A No. 13 Q So do you have any understanding of why Schein said no? 14 A No. 15 Q What about Patterson? Did Kois Buyers Group ever 16 approach Patterson to be a distributor? 17 A Neither of these would have been the Kois Buyers Group. 18 This was ProCare Services that did the negotiation, and 19 it is my understanding that they also reached out to 20 Patterson. 21 Q Okay. Just to be clear, ProCare Services was doing the 22 negotiation on behalf of Kois Buyers Group, correct? 23 A Correct. 24 Q And what is your understanding of what Patterson's 25 response was?</p>

77	<p>1 A My understanding is their response was no.</p> <p>2 Q How did you come to have that understanding?</p> <p>3 A Burkhart was already a vendor, and my understanding was</p> <p>4 Burkhart was a member because Schein and Patterson both</p> <p>5 said no.</p> <p>6 Q Did your father tell you that or--</p> <p>7 A Yes.</p> <p>8 Q Okay. Was your father interested in having Schein</p> <p>9 and/or Patterson be a vendor?</p> <p>10 A I don't understand by "interested" what you mean.</p> <p>11 Q Did your father direct ProCare Services to reach out to</p> <p>12 Schein and Patterson?</p> <p>13 A No.</p> <p>14 Q And what is your understanding of why ProCare Services</p> <p>15 approached Schein and Patterson?</p> <p>16 A I don't have an understanding of why they started with</p> <p>17 them.</p> <p>18 Q And how do you know that your father did not direct</p> <p>19 ProCare Services to reach out to Schein and Patterson?</p> <p>20 A I don't have any opinion-- I can give you an opinion of</p> <p>21 why, if that's--</p> <p>22 Q Sure.</p> <p>23 A We have a better relationship with Burkhart, so if the</p> <p>24 direction came from us, we would have started with</p> <p>25 Burkhart.</p>	79	<p>1 potential vendor partner, what's the next step?</p> <p>2 A I create a page on the website with their information.</p> <p>3 Q What is the next step after that?</p> <p>4 A We add them to the newsletter.</p> <p>5 Q Anything else after that?</p> <p>6 A Then we add them to a mailing list that gets an updated</p> <p>7 member list every time a new member gets added.</p> <p>8 Q Okay.</p> <p>9 A Finally, we announce on our social media and newsletters</p> <p>10 that we have an additional vendor.</p> <p>11 Q Thank you.</p> <p>12 Any other steps in that process?</p> <p>13 A No.</p> <p>14 Q So for the mailing list, you provide a list of all</p> <p>15 members to the vendors?</p> <p>16 A All vendors.</p> <p>17 Q Okay. And then you send updates whenever there's a new</p> <p>18 member?</p> <p>19 A No. We send a full list every time.</p> <p>20 The full list has a notice for any that have been</p> <p>21 added or been removed, but it's still the full list.</p> <p>22 Q Okay. And then how do the members themselves receive</p> <p>23 the discounts?</p> <p>24 A They contact the vendors.</p> <p>25 Q And then they place an order with the vendor?</p>
78	<p>1 Q When you say "we have a better relationship," what do</p> <p>2 you mean by "we"?</p> <p>3 A The Kois Center, and my dad, for his practice, purchase</p> <p>4 from Benco and Schein, Patterson, and Burkhart.</p> <p>5 We just happened to purchase a majority of our</p> <p>6 supplies from Burkhart.</p> <p>7 We like our relationship with Burkhart better. We</p> <p>8 like the way that-- we hear comments from our members.</p> <p>9 They're always positive for Burkhart reps.</p> <p>10 Q So other than Burkhart, Benco, and Schein Canada, have</p> <p>11 you personally spoken to any distributors about becoming</p> <p>12 a part of Kois Buyers Group?</p> <p>13 A Larrs is a Canadian company.</p> <p>14 Q Any others?</p> <p>15 A No.</p> <p>16 Q After you reach out to a vendor, what is the next step</p> <p>17 in the process?</p> <p>18 A We wait to receive their information back.</p> <p>19 We ask them for their discount, some information</p> <p>20 about their company, and how somebody could contact</p> <p>21 them.</p> <p>22 Q Does Kois Buyers Group ever have a bidding process,</p> <p>23 whereby it solicits bids from potential vendor partners?</p> <p>24 A No.</p> <p>25 Q And then once you receive the information back from the</p>	80	<p>1 A Correct.</p> <p>2 Q And have you been the person in charge of maintaining</p> <p>3 relationships with vendor partners since you started at</p> <p>4 Kois Buyers Group?</p> <p>5 A Yes.</p> <p>6 Q So how do the manufacturer discounts work?</p> <p>7 Is it correct that a member would place an order</p> <p>8 directly with that manufacturer?</p> <p>9 A Which manufacturer?</p> <p>10 Q Any manufacturer.</p> <p>11 A Some manufacturers are offering exclusive discounts</p> <p>12 through Burkhart as their distribution company, so it</p> <p>13 depends on which manufacturer you are referring to.</p> <p>14 Q Okay. Do you have an understanding of-- well, let me</p> <p>15 clarify.</p> <p>16 The manufacturer vendors that you've negotiated the</p> <p>17 discounts for, are those manufacturer vendors offering</p> <p>18 discounts for orders placed directly with them?</p> <p>19 A Yes.</p> <p>20 Q Okay. And are any of those manufacturers also</p> <p>21 manufacturers that Burkhart distributes?</p> <p>22 A I don't know.</p> <p>23 Q Are you aware of whether a member might get two</p> <p>24 discounts for the same order, one for ordering through</p> <p>25 Burkhart and then the same order get a discount from the</p>

81	<p>1 manufacturer?</p> <p>2 A I'm not aware of any that work out like that.</p> <p>3 Q For the manufacturers that offer discounts through</p> <p>4 Burkhart, do you have an understanding of which</p> <p>5 manufacturers those are?</p> <p>6 A Some.</p> <p>7 I didn't negotiate any of the discounts if the</p> <p>8 manufacturers offered it direct through Burkhart.</p> <p>9 Q Which ones are you aware of?</p> <p>10 A Hu-Friedy.</p> <p>11 Q How do you spell that?</p> <p>12 A H-U-F-R-I-E-D-Y.</p> <p>13 Q Any others?</p> <p>14 A Halyard, H-A-L-Y-A-R-D, Butler, Coltene, and I think</p> <p>15 DMG.</p> <p>16 Q Thank you.</p> <p>17 Just to be clear, none of the ones you just</p> <p>18 mentioned are vendors that offer discounts that you have</p> <p>19 negotiated?</p> <p>20 A Correct.</p> <p>21 MS. GOFF: Is now an okay time for</p> <p>22 another break?</p> <p>23 MR. RYAN-LANG: It has been about an</p> <p>24 hour. Sure.</p> <p>25 (Recess 11:06 to 11:14 a.m.)</p>	83	<p>1 have a company that does Internet connection that</p> <p>2 offered a discount, and one that does merchant services.</p> <p>3 Q What are merchant services?</p> <p>4 A Credit card transactions, discount on the fee that the</p> <p>5 practice would receive for processing credit cards.</p> <p>6 Q Just for the record, what is the Internet connection</p> <p>7 company called?</p> <p>8 A IsoFusion.</p> <p>9 Q And what about the merchant service--</p> <p>10 A True Data Merchant Services.</p> <p>11 Q How did Kois Buyers Group come to partner with those two</p> <p>12 companies?</p> <p>13 A IsoFusion is a company I used to work for.</p> <p>14 True Data Merchant Services is a credit card</p> <p>15 company we were interested in partnering with the Kois</p> <p>16 Center for processing our credit cards.</p> <p>17 Q Do you have an understanding of whether the members take</p> <p>18 advantage of the discounts for those two types of</p> <p>19 companies, Internet connection and merchant services?</p> <p>20 A My understanding is that some have for the credit card,</p> <p>21 the merchant services.</p> <p>22 I don't have an exact figure.</p> <p>23 And I don't have an exact figure for the IsoFusion.</p> <p>24 My understanding is the number is zero.</p> <p>25 Q Are there any other vendor partners or types of vendor</p>
82	<p>1 Q (By Ms. Goff) So going back to our discussion about</p> <p>2 manufacturer vendor partners, are there advantages to</p> <p>3 partners with a manufacturer directly as opposed to a</p> <p>4 dental supply company or a dental distributor?</p> <p>5 A Yes.</p> <p>6 Q What are the advantages?</p> <p>7 A They don't go through a distribution company.</p> <p>8 Q The manufacturers don't go through--</p> <p>9 A Correct.</p> <p>10 Q And why is that an advantage?</p> <p>11 A We wouldn't be able to get any discount with them unless</p> <p>12 we deal with them directly.</p> <p>13 Q Oh, the manufacturers don't sell through a distribution</p> <p>14 company?</p> <p>15 A Correct.</p> <p>16 Q I see.</p> <p>17 So the manufacturers that you have agreements with</p> <p>18 do not sell through distribution companies?</p> <p>19 A That's my understanding.</p> <p>20 Q We have talked about the two distribution companies that</p> <p>21 Kois Buyers Group partners with, and then you mentioned</p> <p>22 there are 28 manufacturers.</p> <p>23 Are there any other categories of vendor partners</p> <p>24 that Kois partners with?</p> <p>25 A I guess another category would be like a service, so we</p>	84	<p>1 partners that we have not discussed today?</p> <p>2 A No.</p> <p>3 Q And why does Kois Buyers Group partner with dental</p> <p>4 distributors, like Burkhart and Sinclair, as opposed to</p> <p>5 partnering solely with manufacturers?</p> <p>6 A There are a number of products that distributors sell</p> <p>7 that are not available unless you go through a</p> <p>8 distribution company.</p> <p>9 Q When you say "products," what do you mean?</p> <p>10 A Products that are used in the dental practice, anything</p> <p>11 from disposables, such as gauze, to equipment, mixing</p> <p>12 bowls, et cetera.</p> <p>13 Q Okay.</p> <p>14 A The primary source of supplies for a dental practice is</p> <p>15 typically a supply company, a distribution company.</p> <p>16 Q Thank you.</p> <p>17 Does Kois Buyers Group charge a fee to its vendor</p> <p>18 partners?</p> <p>19 A No.</p> <p>20 Q Do you know-- nevermind. Strike that.</p> <p>21 Does Kois Buyers Group publish anywhere the</p> <p>22 specific prices that it offers to members on dental</p> <p>23 supplies or the specific discounts?</p> <p>24 A We don't offer any supplies.</p> <p>25 Q What do you mean by that?</p>

85	<p>1 A Kois Buyers Group does not offer any supplies. 2 All supplies and purchases are through the vendors. 3 Q So does Kois Buyers Group publish the specific discounts 4 that the vendors offer to Kois Buyers Group members? 5 A Yes. 6 Q Where are those published? 7 A Those are on the website and the informational handout 8 that is given to all participants at the Kois Center. 9 Q And are all of the discounts located on the website and 10 the informational handout? 11 A Yes. 12 Q How frequently do you update the website and 13 informational handout? 14 A There are two ways that we update it: When a vendor asks 15 us to update their information, and if we have a new 16 vendor. 17 Q How frequently do the discounts that are offered by 18 vendors change? 19 A It is vendor dependent. 20 Sometimes some are annually. Some are not at all. 21 (Exhibit No. 326 marked 22 for identification.) 23 24 Q (By Ms. Goff) The court reporter handed you what has 25 been marked as Exhibit No. 326, which is a document with</p>	87	<p>1 The other one was gauze, and that was a bit more 2 sporadic. 3 Gauze comes in lots of different sizes, quantities. 4 Q And then how did you determine the savings identified 5 here, "If you only purchased gloves from Burkhart, you 6 would save anywhere from \$450 to over \$3,000 annually"? 7 A We took all the manufacturers that Burkhart supplies for 8 gloves and asked Burkhart what the buyers group savings 9 would be times by 425, and that gave us the range of 10 products. 11 Q And then there's a chart below the paragraph listing a 12 series of manufacturers, categories, and member savings. 13 Do you see that? 14 A Yes. 15 Q Are these discounts offered by Burkhart? 16 A Yes. 17 If you notice, the last line in the paragraph, 18 "Burkhart has negotiated exclusive pricing from the 19 following companies," that was on their behalf. They 20 did that. 21 Q Are any of these manufacturers, manufacturers that you 22 have negotiated a contract with or an agreement with? 23 A No. 24 Q Where did you get the information for this chart? 25 A Burkhart.</p>
86	<p>1 the Bates stamp Kois 001607. 2 Do you recognize this document? 3 A Yes. 4 Q What is it? 5 A This is one of the buyers group tips that I sent out. 6 Q Do you have an idea or sense of when you sent this out? 7 A Within the last six months. 8 Q So in the second paragraph it states, "The average 9 practice purchases about 425 boxes of gloves annually 10 from a dental supply company. 11 "If you only purchased gloves from Burkhart, our 12 U.S. dental supply company partner, you would save 13 anywhere from \$450 to over \$3,000 annually, depending on 14 the brand." 15 How did you obtain the information, and let's take 16 the first sentence first, about the average practice 17 purchasing about 425 boxes of gloves annually? 18 A We asked Burkhart what the average number of glove 19 purchases was for our members. 20 Q Did you ask Burkhart about the average number of 21 purchases for any other types of products? 22 A For this newsletter? No. 23 Q Or just in general, have you ever? 24 A Yes, in relation to what came out for this document, we 25 looked at a couple different products.</p>	88	<p>1 Q And so does Kois Buyers Group provide these member 2 savings to-- sorry. Strike that. 3 Does Kois Buyers Group provide the information to 4 its members about the member savings that are offered by 5 Burkhart? 6 A Yes. 7 Q And is that included in the informational pamphlet and 8 the e-mails? 9 A No. This would be the specific information that we 10 provided, this particular notice. 11 Q Okay. So in the member savings category it says, "Up 12 to," and then there's a variety of percentages. 13 Do you have an understanding of what "up to" means 14 in this context? 15 A Yes. 16 Q What? 17 A There are several different products listed in the 18 categories. 19 They range in discounts, so the member savings is 20 up to, as in the large discount available from that list 21 of categories. 22 Q Other than in this buyers group tip of the month, are 23 the discounts for Burkhart printed somewhere for Kois 24 members to see? 25 A If they are, they re through Burkhart directly.</p>

89	91
<p>1 Q With regard to Burkhart, do you know the range of</p> <p>2 discounts that Kois members receive from Burkhart?</p> <p>3 A A discount compared to what?</p> <p>4 Q What do you mean by that?</p> <p>5 A A discount compared to a different supply company is</p> <p>6 different than discounts compared to nonmembers that are</p> <p>7 also Burkhart supply customers.</p> <p>8 Q Okay. Understood.</p> <p>9 Do you know the range of discounts that Kois</p> <p>10 members receive from Burkhart as compared to Burkhart's</p> <p>11 nonmember prices?</p> <p>12 A No, and I'll explain.</p> <p>13 Burkhart has their own savings guarantees for</p> <p>14 members, so they offer different pricing based on</p> <p>15 quantities that people provide.</p> <p>16 I don't know where those thresholds are.</p> <p>17 Q Okay. Do you have an understanding of the discounts</p> <p>18 compared to different supply companies?</p> <p>19 A My understanding is that these discounts are lower.</p> <p>20 I don't know how much per product.</p> <p>21 Burkhart isn't descriptive in how they do their</p> <p>22 discounts.</p> <p>23 Q What do you mean the discounts are lower?</p> <p>24 A That's what I've heard from members when they say</p> <p>25 they re purchasing products from Burkhart and the</p>	<p>1 A Correct.</p> <p>2 Q Approximately when, in the year, do you receive it?</p> <p>3 A Approximately June, July.</p> <p>4 Q For how many customers does Burkhart typically provide</p> <p>5 this information?</p> <p>6 A It's at their discretion.</p> <p>7 This past year was three.</p> <p>8 Q Those were the three that you provided at your annual</p> <p>9 conference?</p> <p>10 A Yes.</p> <p>11 Q Do you recall receiving one last June, July?</p> <p>12 A Yes.</p> <p>13 Q Do you recall how many members?</p> <p>14 A I think it was five or six.</p> <p>15 Q So you are not able to provide me sort of the range of</p> <p>16 discounts that Kois Buyers Group members receive from</p> <p>17 Burkhart as compared to Burkhart's own pricing, its</p> <p>18 typical pricing?</p> <p>19 A No.</p> <p>20 Q Who do you think would know the answer to that?</p> <p>21 A That would be Burkhart.</p> <p>22 Q The contract with Burkhart doesn't call for any</p> <p>23 specific-- the contract between Kois Buyers Group and</p> <p>24 Burkhart doesn't call for any specific discount to be</p> <p>25 offered?</p>
<p>90</p> <p>1 pricing is cheaper than other distribution companies.</p> <p>2 I don't know if-- what the basis is of "cheaper."</p> <p>3 I don't have the numbers in front of me.</p> <p>4 Q So you have heard from members that Burkhart pricing is</p> <p>5 cheaper than other distribution companies?</p> <p>6 A Some, depending on where they are.</p> <p>7 It is my understanding that all distribution</p> <p>8 companies have different pricing based on where they are</p> <p>9 nationally.</p> <p>10 The only concrete evidence I get is on our annual</p> <p>11 requests where we can get-- when they tell us</p> <p>12 specifically, "This particular member saved a certain</p> <p>13 amount of money," and they'll tell us-- sometimes they</p> <p>14 tell us who that vendor-- who they came from, or if it</p> <p>15 was themselves.</p> <p>16 Q So Burkhart will tell you specifically how much a</p> <p>17 particular member saved?</p> <p>18 A No. They will tell us-- we don't have any personal</p> <p>19 identification information about that person.</p> <p>20 They will tell us a customer has saved a certain</p> <p>21 amount of money over the last year.</p> <p>22 Q Okay. Right.</p> <p>23 How frequently-- you said you receive those yearly,</p> <p>24 these updates from Burkhart, about how much customers</p> <p>25 have saved?</p>	<p>92</p> <p>1 A It does.</p> <p>2 It calls for a specific margin that they assess on</p> <p>3 their product, but I don't know what it is normally and</p> <p>4 what it is in their particular other buying programs.</p> <p>5 Q So how did you come up with that margin?</p> <p>6 A They came up with it, and they told us this was a good</p> <p>7 deal compared to their other programs.</p> <p>8 Q Did you do anything to verify whether it was a good</p> <p>9 deal?</p> <p>10 A Once it was in place, I asked members if they thought</p> <p>11 the pricing was better, and they said yes.</p> <p>12 Q And would those have been members that previously</p> <p>13 purchased from Burkhart not through the Kois Buyers</p> <p>14 Group?</p> <p>15 A Correct.</p> <p>16 Q But do you have a sense for the range of discounts that</p> <p>17 Kois Buyers Group members received from manufacturers?</p> <p>18 A For the ones that are vendors for the buyers group or</p> <p>19 manufacturers through the distribution company?</p> <p>20 Q No, manufacturers that are vendors for the buyers group.</p> <p>21 A Sort of.</p> <p>22 I know what the percentage is based off of</p> <p>23 suggested retail pricing.</p> <p>24 I don't know if suggested retail pricing is the</p> <p>25 pricing they offer to practices in general.</p>

93

- 1 **Q What is the range of discount off the suggested retail**
 2 **pricing?**
 3 A The range is between three percent and 40 percent.
 4 **Q Do Kois Buyers Group members ever receive-- strike that.**
 5 **Are you aware of the term "manufacturer rebates"?**
 6 A Yes.
 7 **Q What does that mean to you?**
 8 A It means a rebate that is given from the manufacturer to
 9 the purchaser after the purchase is made.
 10 **Q Do Kois Buyers Group members receive any manufacturer**
 11 **rebates as part of their membership with Kois?**
 12 A Directly?
 13 **Q Yes, directly.**
 14 A Specifically the manufacturers that are direct to
 15 customer or distributors-- through the distribution
 16 company.
 17 **Q Let's start with specifically the manufacturers that are**
 18 **direct to customer.**
 19 A I don't know. My understanding is no.
 20 **Q What is your understanding based on?**
 21 A We didn't negotiate any special rebates with them.
 22 We asked for no rebates, just a discount upfront.
 23 If they negotiated something separate with the
 24 practice, that was not something I was privy to.
 25 **Q Why did you ask for just a discount upfront instead of**

94

- 1 **rebates?**
 2 A Because people aren't always good about mailing in their
 3 rebates.
 4 **Q You thought it would be better for the dentist to get**
 5 **the discount upfront?**
 6 A Yes.
 7 **Q And then do you have an understanding of whether Kois**
 8 **Buyers Group members receive manufacturer rebates**
 9 **through distributors?**
 10 A Some.
 11 I don't have a complete understanding.
 12 It is my understanding that through distribution
 13 companies, manufacturers offer rebates, and depending on
 14 the supply company, those rebates are processed for the
 15 practice-- by Burkhart on behalf of the practice.
 16 In this case, Burkhart processes the rebates.
 17 With other distribution companies, it's my
 18 understanding that they don't always do that on behalf
 19 of the practice.
 20 **Q But for Burkhart, which is your Kois Buyers Group vendor**
 21 **in the United States, you understand that Burkhart**
 22 **processes the rebates on behalf of the members?**
 23 A I don't know if they do that for all members or just
 24 full-service members or supply-side guarantee members.
 25 They have different levels, and I don't know if

95

- 1 it's offered for all of them.
 2 **Q Do you have an understanding of whether there are some**
 3 **manufacturers that offer manufacturer rebates to Kois**
 4 **Buyers Group members who purchase through Burkhart?**
 5 A I believe there are.
 6 I don't know which ones.
 7 My understanding is based on the fact that rebates
 8 happen with lots of different manufacturers, and we have
 9 a lot of different manufacturers that distribute through
 10 the-- Burkhart.
 11 **Q But you are not aware of any specific ones?**
 12 A No.
 13 **Q Does Kois maintain any records reflecting whether its**
 14 **members are purchasing from Kois Buyers Group members or**
 15 **not?**
 16 A Only the information submitted from the vendors.
 17 **Q And that's the yearly information that you get?**
 18 A The annual request.
 19 **Q Does Kois Buyers Group advertise to-- strike that.**
 20 **Does Kois Buyers Group advertise, other than to the**
 21 **Kois Center dentists, not just that come to the Kois**
 22 **Center?**
 23 A Yes.
 24 **Q Where?**
 25 A On the Internet.

96

- 1 **Q Where on the Internet?**
 2 A Google.
 3 The Kois Buyers Group does AdWords.
 4 **Q What do you mean by "AdWords"?**
 5 A So if people type in particular phrases, certain sites
 6 can come up on the site to be clicked on.
 7 We tried-- they are no longer running.
 8 We were, last year, doing them for "discount buying
 9 group."
 10 **Q So if a person searched "discount buying group"--**
 11 **A Or "dental discount buying group," our hope was that it**
 12 **would come up and they would find our website and either**
 13 **be a Kois member or be motivated enough to sign up for a**
 14 **class to be a Kois Buyers Group member.**
 15 **Q And how come you stopped doing that?**
 16 A I changed credit cards, and they stopped producing the
 17 ads when we stopped putting money on the account.
 18 **Q Did you find this type of advertisement was useful?**
 19 A No.
 20 **Q It was not?**
 21 A Useful for traffic, not for sign-ups.
 22 **Q Do you have any goals in terms of how many members you**
 23 **would like to get to sign up in the next year?**
 24 A I would like to see a couple hundred sign-ups.
 25 My overall goal is a thousand members as part of

24 (Pages 93 to 96)

97	99
<p>1 the buyers group.</p> <p>2 Q Do you think if you get up to a thousand members, then</p> <p>3 you would be able to negotiate more-- better discounts</p> <p>4 for the members?</p> <p>5 A With the current layout of the buyers group now, no.</p> <p>6 Q Why not?</p> <p>7 A Because we don't obligate any of the members to purchase</p> <p>8 particular products.</p> <p>9 We don't have any real buying power.</p> <p>10 We have nothing forward looking. Everything is</p> <p>11 past-- previous purchases.</p> <p>12 I don't believe that manufacturers would be-- or</p> <p>13 any kind of vendor would be willing to discount further</p> <p>14 without any hope of any additional purchases going</p> <p>15 forward.</p> <p>16 Q So does Kois Buyers Group guarantee any level of</p> <p>17 purchases for any particular vendor?</p> <p>18 A No.</p> <p>19 Q Other than membership fees from customers, does Kois</p> <p>20 Buyers Group bring in money in any other way?</p> <p>21 A No.</p> <p>22 Q You mentioned earlier that there are competitors to Kois</p> <p>23 Buyers Group popping up.</p> <p>24 Is that true?</p> <p>25 A Yes.</p>	<p>1 DSOs?</p> <p>2 A I don't know the motivation behind the other dental</p> <p>3 supply buyers groups.</p> <p>4 I can just tell you what motivated us.</p> <p>5 Q And what motivated Kois--</p> <p>6 A To provide better pricing for the smaller practices.</p> <p>7 Q And was it, in part, to be able to allow the smaller</p> <p>8 practices to compete with the larger DSOs?</p> <p>9 A Not specifically DSOs, just other practices.</p> <p>10 Q Larger group practices that are able to negotiate</p> <p>11 discounts based on volume?</p> <p>12 A I'm sure that's a byproduct, but anybody, any other</p> <p>13 practice is potentially a competitor to them, so if it</p> <p>14 gives them an advantage, like getting a deeper discount,</p> <p>15 it doesn't necessarily have to be another group</p> <p>16 practice.</p> <p>17 Q But the focus of Kois Buyers Group was on the</p> <p>18 independent dentist?</p> <p>19 A Yes.</p> <p>20 Q Do you consider-- well, does Kois attempt to compete</p> <p>21 with those other buying groups, like SmileSource or the</p> <p>22 state dental organizations or Benco--</p> <p>23 A What do you mean by "compete"?</p> <p>24 Q To obtain members and get members to come to Kois Buyers</p> <p>25 Group as opposed to any of those other buying groups.</p>
<p>1 Q Which ones have you heard of?</p> <p>2 A SmileSource is one that we've heard of.</p> <p>3 Q Any others?</p> <p>4 A It is my understanding that Benco has started their own</p> <p>5 buying group.</p> <p>6 They had asked us to be a member of it, the Kois</p> <p>7 Center, not the Kois Buyers Group.</p> <p>8 Q Benco asked the Kois Center to be a member of Benco's</p> <p>9 buying group?</p> <p>10 A Correct.</p> <p>11 Q Any other buying groups that you've heard of?</p> <p>12 A I know there's others out there.</p> <p>13 I don't recall any of the names specifically.</p> <p>14 Q Do you have an understanding of why buyers groups are</p> <p>15 popping up?</p> <p>16 A For a discount on products.</p> <p>17 I'm sorry, it is my understanding that some of the</p> <p>18 state dental organizations are trying to establish their</p> <p>19 own buying groups.</p> <p>20 Q Okay. So it is your understanding that buying groups</p> <p>21 are popping up in order for dentists to obtain discounts</p> <p>22 on products?</p> <p>23 A Yes.</p> <p>24 Q Is part of the reason why buying groups are popping up,</p> <p>25 to allow independent dentists to compete with the larger</p>	<p>1 A No.</p> <p>2 We don't have a-- it is not an exclusive buying</p> <p>3 group.</p> <p>4 Members are free to join additional buyers groups.</p> <p>5 If they choose one buyers group over the other, it</p> <p>6 is my understanding that other buyers groups have those</p> <p>7 exclusivity provisions, but that's not something that we</p> <p>8 have.</p> <p>9 Q When you say "exclusivity provisions," what do you mean?</p> <p>10 A I was told by a member that SmileSource does not allow</p> <p>11 you to join another buyers group if you are a part of</p> <p>12 their buyers group.</p> <p>13 Q I see. Thank you.</p> <p>14 Why is it that Kois does not have exclusivity</p> <p>15 provisions?</p> <p>16 A We didn't want to limit any of the options for people to</p> <p>17 find better deals.</p> <p>18 If you can find a better price on a product through</p> <p>19 another buyers group, we think you should take it.</p> <p>20 Q Do you consider Kois Buyers Group to be a customer of</p> <p>21 Burkhart, for example?</p> <p>22 A No.</p> <p>23 Q Do you consider Kois Buyers Group to be a competitor of</p> <p>24 Burkhart?</p> <p>25 A No.</p>

101	103
<p>1 Q What do you consider the relationship to be?</p> <p>2 A A relationship.</p> <p>3 I mean, the members specifically purchase from</p> <p>4 Burkhart.</p> <p>5 We don't purchase directly from Burkhart, so we are</p> <p>6 not a customer of Burkhart.</p> <p>7 We also don't compete with them or any other</p> <p>8 vendors.</p> <p>9 We have an opportunity to provide discounts on both</p> <p>10 sides, so if Burkhart gets additional customers because</p> <p>11 they re a part of the buyers group, and if buyers group</p> <p>12 members get a better price for things, it's a good deal</p> <p>13 for everybody.</p> <p>14 Q Do you have an understanding of whether Burkhart has</p> <p>15 obtained additional customers because they're part of</p> <p>16 the buyers group?</p> <p>17 A My understanding is they have.</p> <p>18 Q What is that understanding based on?</p> <p>19 A We do an annual review-- a quarterly review.</p> <p>20 Burkhart sits down with me and goes over whether or</p> <p>21 not they re happy with the progress of the buyers group.</p> <p>22 The understanding is if members aren't buying from</p> <p>23 them, they would no longer be willing to give discounts.</p> <p>24 Q Okay. And in the quarterly reviews, what has Burkhart</p> <p>25 said to you about the progress?</p>	<p>1 Q Was that that one person?</p> <p>2 A One person.</p> <p>3 None of their vendors-- they were a laboratory</p> <p>4 technician, and there were no discounts available for</p> <p>5 the laboratory technicians.</p> <p>6 Q Any other individuals that you ve heard of losing--</p> <p>7 A The person didn't actually lose money. We refunded</p> <p>8 their membership.</p> <p>9 Q Understood.</p> <p>10 Other than that one person, have there been any</p> <p>11 other individuals who said that they have not made up at</p> <p>12 least the annual membership fee in savings?</p> <p>13 A Not that I've heard of.</p> <p>14 Q And to what do you attribute Kois Buying Group s</p> <p>15 success?</p> <p>16 A Promoting the buying group as part of the Kois Center,</p> <p>17 its flexibility. There is no exclusivity, no</p> <p>18 obligation, and a variety of vendors.</p> <p>19 Q Is the variety of vendors-- why is that important?</p> <p>20 A Not everyone purchases through Burkhart. They re not</p> <p>21 obligated to purchase through Burkhart, so additional</p> <p>22 supply companies-- the more supply companies-- well, not</p> <p>23 supply, but the more vendors that you have, the more</p> <p>24 likely you are to find somebody who purchases from one</p> <p>25 of those vendors and would be motivated to join a buyers</p>
<p>102</p> <p>1 A They said existing members-- they've lost profit on</p> <p>2 existing members that have become buyers group members,</p> <p>3 but they've gained revenue in new members that are</p> <p>4 outside of their full-service territory or members that</p> <p>5 are in their territory that otherwise hadn't looked at</p> <p>6 Burkhart.</p> <p>7 Q Okay. And who do you meet with at Burkhart on a</p> <p>8 quarterly basis?</p> <p>9 A Dave Anderson.</p> <p>10 Q Are these meetings in-person?</p> <p>11 A Yes.</p> <p>12 Q Here in Seattle?</p> <p>13 A Depends.</p> <p>14 Either here or in Tacoma.</p> <p>15 Q How successful has Kois Buyers Group been, in your</p> <p>16 opinion?</p> <p>17 A What would be a benchmark of being successful?</p> <p>18 Q I am curious about your opinion of how Kois Buyers Group</p> <p>19 is doing.</p> <p>20 A My opinion is it's successful.</p> <p>21 Q And what is your benchmark?</p> <p>22 A People are at least saving their annual fee, so at worst</p> <p>23 I am hoping that nobody is losing money.</p> <p>24 Q Have you heard of anyone losing money?</p> <p>25 A Yes.</p>	<p>104</p> <p>1 group.</p> <p>2 Q Have you considered adding additional distributor</p> <p>3 vendors, other than Burkhart?</p> <p>4 A Yes.</p> <p>5 Q And why haven t you added any others?</p> <p>6 I'm referring specifically to in the United States.</p> <p>7 A We talked to Benco when we first renewed our agreement</p> <p>8 with Burkhart, and we talked with Burkhart about having</p> <p>9 both of them as part of the buyers group.</p> <p>10 Both of them indicated a lack of interest in being</p> <p>11 one of two dental supply companies in a buyers group.</p> <p>12 Q Why were they not interested?</p> <p>13 Let's talk specifically-- we will do both.</p> <p>14 First, why did Benco say they were not interested?</p> <p>15 A They didn t want to lower their prices and continue to</p> <p>16 compete with another supply company within the buyers</p> <p>17 group.</p> <p>18 Q And what about Burkhart?</p> <p>19 A They didn t want to lower their fees and continue to</p> <p>20 compete with another supply company.</p> <p>21 Q So how did you end up going with Burkhart?</p> <p>22 A They were the original supply company, and we didn't</p> <p>23 have any reason to change.</p> <p>24 We just explored the option of adding an additional</p> <p>25 buyers group-- another supply company, and ultimately we</p>

105	107
<p>1 just chose to stick with the relationship that was</p> <p>2 working.</p> <p>3 Q Now, Benco is a national distributor, right?</p> <p>4 A Mm-hm-- I don't know what their foothold is in the</p> <p>5 United States, but my assumption is they're in most, if</p> <p>6 not all, states.</p> <p>7 Q What is that assumption based on?</p> <p>8 A What they've said.</p> <p>9 Q Did you see any advantage of working with a national</p> <p>10 distributor or a company like Benco that has a foothold</p> <p>11 in most of the United States as opposed to Burkhart?</p> <p>12 A I don't work with the supply companies on the level of a</p> <p>13 practice, so it didn't-- to me, they're all about the</p> <p>14 same, supply company-wise.</p> <p>15 Q Yeah, I meant advantages to your members.</p> <p>16 Did you see that members would prefer to work with</p> <p>17 a national distributor, like Benco, as opposed to</p> <p>18 Burkhart?</p> <p>19 A We didn't have that sense from the members.</p> <p>20 When we did the negotiation, Burkhart did not have</p> <p>21 any reps in the Washington state area, and we have a lot</p> <p>22 of members in the Washington state area, so switching</p> <p>23 supply companies would be a big change for a large</p> <p>24 percentage of our members.</p> <p>25 Q You said "Burkhart did not have any reps in the</p>	<p>1 A I would say-- it's a subjective term, but I would say</p> <p>2 "easy."</p> <p>3 Q You found that dentists are interested in joining?</p> <p>4 A No, that the costs for new members is low.</p> <p>5 Q Have you found it relatively easy in terms of interest</p> <p>6 to obtain new members?</p> <p>7 A No.</p> <p>8 Q You mentioned earlier that you noticed that growth has</p> <p>9 been slow.</p> <p>10 What was the reason for that?</p> <p>11 A I think with the vendors that are available, it's pretty</p> <p>12 easy to save at least the membership fee and plus some</p> <p>13 from all the vendors that are available, and still</p> <p>14 there's not the larger interest that we think would</p> <p>15 come. You can say that regardless of the dental supply</p> <p>16 company you use.</p> <p>17 Q Do you have an understanding for why there's been less</p> <p>18 interest than you would have expected?</p> <p>19 A I could tell you some-- what some of the dentists have</p> <p>20 told me, but I don't have anything to collaborate that</p> <p>21 or any proof of it.</p> <p>22 I have had dentists tell me that their current</p> <p>23 reps, that are not Burkhart, tell them that they can't</p> <p>24 sell to them anymore if they're a buyers group member.</p> <p>25 Our response is "That's not our choice. That would</p>
<p>106</p> <p>1 Washington state"--</p> <p>2 A Sorry. "Benco."</p> <p>3 Sorry for that.</p> <p>4 Q Have you heard complaints about-- from individuals on</p> <p>5 the East Coast that don't have access to a full-service</p> <p>6 distributor through Kois Buyers Group?</p> <p>7 A Yes.</p> <p>8 Q And would having a Benco kind of solve that problem?</p> <p>9 A I don't know who the rep is now and if they're willing</p> <p>10 to change.</p> <p>11 Q Okay. So is this one particular individual that you are</p> <p>12 thinking of?</p> <p>13 A No.</p> <p>14 When people say they want a full-service rep, what</p> <p>15 they usually mean is they want the full-service rep that</p> <p>16 they're currently using to be their full-service rep,</p> <p>17 with an additional discount.</p> <p>18 Q How do you know that that's what they usually mean?</p> <p>19 A Because they say they want their rep to be part of the</p> <p>20 buyers group.</p> <p>21 Q And how many people have indicated that they want their</p> <p>22 rep to be part of the buyers group, approximately?</p> <p>23 A Five.</p> <p>24 Q Have you found it relatively easy or difficult to obtain</p> <p>25 new members?</p>	<p>108</p> <p>1 be the choice of whoever your supply company is."</p> <p>2 Q So you have heard from dentists that their current reps</p> <p>3 have told them that they would no longer sell to them if</p> <p>4 they become a buying group member?</p> <p>5 A Yes.</p> <p>6 They didn't say they would no longer sell. They</p> <p>7 said they were not allowed to.</p> <p>8 We are not sure if that's a miscommunication that</p> <p>9 they assume that you are obligated to purchase from</p> <p>10 Burkhart, so if they're not sure what the buyers group</p> <p>11 setup is-- that's what we feel it is, so we try hard to</p> <p>12 educate everybody.</p> <p>13 Q To educate--</p> <p>14 A The dentists.</p> <p>15 Q To educate the dentists to understand that they're not</p> <p>16 required to purchase through the buyers group or through</p> <p>17 Burkhart, for example, to get the discounts?</p> <p>18 A We tell everybody that they're free to keep their reps.</p> <p>19 Q But you have heard from some dentists that their current</p> <p>20 reps have told them that they would not sell to them if</p> <p>21 they become buyers group members?</p> <p>22 A Yes.</p> <p>23 Q Approximately how many dentists have told you that?</p> <p>24 A I have heard from two.</p> <p>25 Q And do you know what the current-- where the reps work--</p>

109	111
<p>1 for those two, which companies were they with?</p> <p>2 A One, I don't know.</p> <p>3 The other one, I believe, was Schein.</p> <p>4 Q So we've been talking a lot about buying groups, and</p> <p>5 Kois refers to itself as Kois Buyers Group, right?</p> <p>6 A Right.</p> <p>7 Q What do you understand the word "buying group" to mean?</p> <p>8 A A group of members that use their buying power as a</p> <p>9 whole to receive discounts for the members.</p> <p>10 Q And have you ever heard the term "group purchasing</p> <p>11 organization"?</p> <p>12 A Yes.</p> <p>13 Q Do you have an understanding of what that means?</p> <p>14 A It is my understanding that that means that the group</p> <p>15 agrees to purchase a certain product or a certain amount</p> <p>16 of a product for a larger discount.</p> <p>17 Q Is there a distinction in your mind between a buying</p> <p>18 group and a group purchasing organization?</p> <p>19 A Depends on how they're set up.</p> <p>20 Some are, I'm sure, interchangeable in terms of</p> <p>21 ours don't have any agreements to purchase a certain</p> <p>22 quantity or any particular products, and if I had to</p> <p>23 guess, I would say some of the other buyers groups</p> <p>24 probably do.</p> <p>25 Q So in your understanding, if a buyers group does have an</p>	<p>1 term?</p> <p>2 A Nuh-uh.</p> <p>3 Q Going back to "group purchasing organization," would you</p> <p>4 consider Kois Buyers Group to be a group purchasing</p> <p>5 organization?</p> <p>6 A No.</p> <p>7 MS. GOFF: I am a good breaking point</p> <p>8 if you think now is a good time to take lunch.</p> <p>9 MR. RYAN-LANG: If you want to.</p> <p>10 (Discussion off the record.)</p> <p>11</p> <p>12 Q (By Ms. Goff) I would like to talk more in detail about</p> <p>13 Kois's relationship with Burkhart.</p> <p>14 A Sure.</p> <p>15 Q When did Kois first partner with Burkhart?</p> <p>16 A In relation to-- I just want to be clear on the entity.</p> <p>17 Q Sorry--</p> <p>18 A So the three I would think of would be my father's</p> <p>19 practice or the Kois Center or the Kois Buyers Group.</p> <p>20 Q Understood.</p> <p>21 When did Kois Buyers Group first partner with</p> <p>22 Burkhart?</p> <p>23 A October 2014 at the inception of the buyers group.</p> <p>24 Q And was there a contract that Kois Buyers Group entered</p> <p>25 into with Burkhart at that time?</p>
110	112
<p>1 agreement to purchase a certain quantity of product,</p> <p>2 then it's a group purchasing organization?</p> <p>3 A My opinion?</p> <p>4 Q Yes, your--</p> <p>5 A That would be my opinion.</p> <p>6 Q So do you use the word "buying group" and "group</p> <p>7 purchasing organization" interchangeably or no?</p> <p>8 A When-- who are we referring to?</p> <p>9 Q Just in general.</p> <p>10 If you're speaking to other dentists, would you use</p> <p>11 those two words interchangeably?</p> <p>12 A I don't use "group purchasing organization."</p> <p>13 As far as I'm concerned, a buyers group is a buyers</p> <p>14 group, and how they're set up is up to them.</p> <p>15 Q Have you heard of the word "buying club"?</p> <p>16 A Yes.</p> <p>17 Q What do you understand that to mean?</p> <p>18 A Similar to a buyers group.</p> <p>19 My understanding is a buying club might have a</p> <p>20 monthly fee whether you purchase things or not, or you</p> <p>21 have certain products that get delivered every month for</p> <p>22 a set fee, something like that.</p> <p>23 I hear of a buying club mostly for clothes,</p> <p>24 something outside the dental world.</p> <p>25 Q What about "buying cooperative," have you heard that</p>	<p>1 A No.</p> <p>2 Q So what was the nature of the relationship at that time?</p> <p>3 A There was a contract from ProCare with Burkhart and Kois</p> <p>4 Tribal Management as additional listed agents in the</p> <p>5 agreement.</p> <p>6 Q Okay. And who from the Kois Buyers Group side</p> <p>7 negotiated that contract?</p> <p>8 A The initial contract was from ProCare.</p> <p>9 My understanding is Q.</p> <p>10 Q Qadeer?</p> <p>11 A Qadeer.</p> <p>12 Q And how long was that initial contract in place?</p> <p>13 A For two years.</p> <p>14 Q Until October 2016?</p> <p>15 A Until-- yes.</p> <p>16 Q And then did you negotiate a second contract after that?</p> <p>17 A Yes.</p> <p>18 Q And is that the current contract that Kois Buyers Group</p> <p>19 has with Burkhart?</p> <p>20 A Correct.</p> <p>21 Q Is the current contract different in any significant way</p> <p>22 from the previous contract with Burkhart?</p> <p>23 A Yes.</p> <p>24 Q How is it different?</p> <p>25 A The original contract was an agreement between ProCare</p>

113	<p>1 and Burkhart and the Kois Center, to provide-- for</p> <p>2 Burkhart to provide discounts to Kois Center</p> <p>3 participants, and for ProCare to manage the membership</p> <p>4 and to negotiate with the manufacturers on behalf of</p> <p>5 Burkhart.</p> <p>6 Q And how has that changed?</p> <p>7 A The new contract is an agreement between Burkhart and</p> <p>8 Kois Tribal Management where Burkhart will negotiate</p> <p>9 with their manufacturers as they see fit, and the Kois</p> <p>10 Tribal Management will manage the membership group, and</p> <p>11 that Burkhart is the exclusive supply company to be a</p> <p>12 distributor in the buyers group.</p> <p>13 Q So under the previous contract, ProCare was responsible</p> <p>14 for negotiating with manufacturers on behalf of</p> <p>15 Burkhart?</p> <p>16 A For the buyers group.</p> <p>17 Q So in other words, are you referring to manufacturers</p> <p>18 that sell through Burkhart as a distributor?</p> <p>19 A Yes.</p> <p>20 Q So ProCare would go to those manufacturers and negotiate</p> <p>21 some kind of discount on behalf of--</p> <p>22 A That was their intent.</p> <p>23 Q Did that ever actually happen?</p> <p>24 A I don't believe so.</p> <p>25 Q Why did that change in the current contract?</p>	115	<p>1 A Yes.</p> <p>2 Q And that's from those quarterly meetings?</p> <p>3 A Yes.</p> <p>4 Q And have they been happy?</p> <p>5 A My understanding is they've been happy.</p> <p>6 Q Burkhart-- would you consider Burkhart to be a regional</p> <p>7 distributor?</p> <p>8 A As opposed to--</p> <p>9 Q As opposed to a national distributor.</p> <p>10 A What would be a determining factor?</p> <p>11 Q Let me rephrase the question.</p> <p>12 Would you consider Burkhart to be a regional</p> <p>13 full-service distributor as opposed to a national</p> <p>14 full-service distributor?</p> <p>15 A Yes.</p> <p>16 Q I think I know the answer to this question, but I want</p> <p>17 to make sure.</p> <p>18 Do Kois members ever take possession of any of the</p> <p>19 products that its members purchase at all?</p> <p>20 In other words, does Kois ever ship products to its</p> <p>21 members or is that all done by the distributors or</p> <p>22 manufacturers or other vendors?</p> <p>23 A Occasionally the distribution companies will ship to the</p> <p>24 Kois Center when participants are there for courses.</p> <p>25 Q Okay. Other than that, is all of the shipment done from</p>
114	<p>1 A Because Burkhart works with these manufacturers every</p> <p>2 day. They have a better relationship.</p> <p>3 I think that would make more sense.</p> <p>4 Q Did you ask for that change?</p> <p>5 A Yes.</p> <p>6 Q And was Burkhart receptive?</p> <p>7 A Yes.</p> <p>8 The three-way contract was confusing, so a contract</p> <p>9 directly between Kois Tribal Management and Burkhart,</p> <p>10 showing the discounts to members, made more sense.</p> <p>11 Q Okay. Just to be clear, for the October 2014 contract</p> <p>12 with Burkhart, you were not involved with that contract</p> <p>13 at all?</p> <p>14 A Correct.</p> <p>15 Q Do you have an understanding of whether your father was</p> <p>16 involved in negotiating that contract at all?</p> <p>17 A It is my understanding he was not.</p> <p>18 Q For the contract that you negotiated, who was your</p> <p>19 contact at Burkhart?</p> <p>20 A Dave Anderson.</p> <p>21 Q What is his role?</p> <p>22 A I don't remember his title.</p> <p>23 He works with special groups.</p> <p>24 Q Do you have an understanding of whether Burkhart has</p> <p>25 been happy with its relationship with Kois Buyers Group?</p>	116	<p>1 Kois Buyers Group vendors directly to the members?</p> <p>2 A Yes.</p> <p>3 Occasionally we have international participants</p> <p>4 that can't get products in their country that are sold</p> <p>5 from Burkhart, so they will send us products for them,</p> <p>6 so in that case we occasionally will ship something to</p> <p>7 somebody's country at the request of the participant.</p> <p>8 Q Do you have an understanding of whether members have</p> <p>9 been happy with Burkhart as a distributor?</p> <p>10 A Yes.</p> <p>11 Q Have you heard of any members that have been unhappy</p> <p>12 with Burkhart?</p> <p>13 A Yes.</p> <p>14 Q I think we talked about a few earlier, but could you</p> <p>15 just, for the record, refresh my memory of what members</p> <p>16 have said that they've been unhappy about?</p> <p>17 A Some members have said they haven't received any</p> <p>18 discounts when they switched.</p> <p>19 Q Any other complaints?</p> <p>20 A They don't have a full-service rep in their area.</p> <p>21 Q Any others?</p> <p>22 A Shipping is long.</p> <p>23 Q Any others?</p> <p>24 A That's all that I've heard.</p> <p>25 Q And is it your-- is it part of your job to respond to</p>

117	<p>1 unhappy Kois Buyers Group members?</p> <p>2 A Yes.</p> <p>3 Q How frequently do you receive complaints?</p> <p>4 A Sporadic.</p> <p>5 I would say, on average, one every other month.</p> <p>6 Most common complaint is they re not getting their</p> <p>7 discount.</p> <p>8 Q And in those cases what do you do? How do you handle--</p> <p>9 A I call the vendor and ask them to verify that that</p> <p>10 customer is receiving their discount.</p> <p>11 Q Okay. With regard to Burkhart in particular, what is</p> <p>12 the most common complaint that you receive?</p> <p>13 A They don't have a full-service rep in their area.</p> <p>14 Q And then how do you respond to those complaints?</p> <p>15 A Which ones specifically?</p> <p>16 Q Complaints that they don't have a full-service rep in</p> <p>17 their area?</p> <p>18 A "I'm sorry."</p> <p>19 Q How do you respond to--</p> <p>20 A That's what I respond with, "I'm sorry they don't have a</p> <p>21 full-service rep in your area."</p> <p>22 Q Have you ever indicated that you would try to get a</p> <p>23 full-service rep in their area?</p> <p>24 A I have.</p> <p>25 I don't have any way to help with that, other than</p>	119	<p>1 discounts from other distributors to what Burkhart is</p> <p>2 offering to Kois Buyers Group?</p> <p>3 A Yes. I have heard of-- and the direct market is what</p> <p>4 they consider their non full-service areas.</p> <p>5 I have heard of dentists printing out the pricing</p> <p>6 online that they get pricing for, and giving that to</p> <p>7 their local rep from another company, and that rep</p> <p>8 matches the prices for them.</p> <p>9 Q How frequently have you heard that?</p> <p>10 A A couple times.</p> <p>11 MS. GOFF: Is now a good time?</p> <p>12 MR. RYAN-LANG: Sure.</p> <p>13 (Lunch recess 12:11 to 12:51 p.m.)</p> <p>14 (Exhibit No. 327 marked</p> <p>15 for identification.)</p> <p>16</p> <p>17 Q (By Ms. Goff) Mr. Kois, I am handing you what has been</p> <p>18 marked as Exhibit No. 327, which is a document bearing</p> <p>19 the Bates stamp Kois 001622 through 1625.</p> <p>20 This is an exclusive supplier agreement between</p> <p>21 Burkhart Dental Supply Company and Kois Tribal</p> <p>22 Management; is that correct?</p> <p>23 A Yes.</p> <p>24 Q Is this the contract that you negotiated with Burkhart?</p> <p>25 A Yes.</p>
118	<p>1 request it from Burkhart.</p> <p>2 Q But could you bring in another vendor that does have a</p> <p>3 full-service rep in that area?</p> <p>4 A Not with the current contract.</p> <p>5 Q What do you mean by that?</p> <p>6 A The current contract says it's an exclusive-- they are</p> <p>7 the exclusive supply company in the buyers group, so</p> <p>8 that's not an option, unless the contract is rewritten.</p> <p>9 Q Would you consider rewriting the contract so that you</p> <p>10 could have a full-service rep for members across the</p> <p>11 country?</p> <p>12 A It depends on what discounts are offered to members.</p> <p>13 Right now they're still free to use whatever rep</p> <p>14 they want, so if having a full-service rep is that</p> <p>15 important to them, they can take all the pricing they</p> <p>16 have at Burkhart and take it to the other company and</p> <p>17 see if they'll match the pricing, so it's not like</p> <p>18 they re without options.</p> <p>19 Q Sure, but if they want to get discounts from Kois Buyers</p> <p>20 Group--</p> <p>21 A Directly from Burkhart as the manufacturer-- because a</p> <p>22 lot of these people are getting similar discounts from</p> <p>23 their full-service reps, even if they're in the direct</p> <p>24 area.</p> <p>25 Q So have you heard of dentists that have received similar</p>	120	<p>1 Q I just want to go through a few of the clauses here and</p> <p>2 make sure I understand what they mean.</p> <p>3 A Sure.</p> <p>4 Q So first, there's definitions and then Paragraph No. 1</p> <p>5 is "Exclusivity."</p> <p>6 It says, "Buyers group agrees that Burkhart will be</p> <p>7 the exclusive supplier for dental supplies in the United</p> <p>8 States."</p> <p>9 Am I correct that this clause means that within the</p> <p>10 United States, Kois members can only access discounts</p> <p>11 from Burkhart?</p> <p>12 My question is really-- I will strike that.</p> <p>13 It says that Burkhart will be the exclusive</p> <p>14 supplier for dental supplies in the United States.</p> <p>15 What does that mean?</p> <p>16 A As a dental supply company.</p> <p>17 Q Because manufacturers also supply dental supplies in the</p> <p>18 United States?</p> <p>19 A Correct.</p> <p>20 Q I know we talked a little bit about this before, but why</p> <p>21 did Kois Buyers Group agree to this clause?</p> <p>22 A Which part of it?</p> <p>23 There's two parts.</p> <p>24 Q 1.1, the one I just read, that the buyers group agrees</p> <p>25 that Burkhart will be the exclusive supplier for dental</p>

<p style="text-align: right;">121</p> <p>1 supplies in the United States.</p> <p>2 A That was what Burkhart wanted to move forward on the</p> <p>3 agreement.</p> <p>4 Q Okay. So Burkhart would not enter into an agreement</p> <p>5 with Kois Buyers Group unless they were the exclusive</p> <p>6 supplier?</p> <p>7 A They would.</p> <p>8 They said they wouldn't do as aggressive of a</p> <p>9 discount.</p> <p>10 Q So how come-- why did Kois Buyers Group agree to do the</p> <p>11 exclusivity instead of dispensing with the exclusivity</p> <p>12 and doing a lower discount?</p> <p>13 A Because we ultimately agreed that they would be the</p> <p>14 exclusive dental supply company, but there was no</p> <p>15 exclusivity-- there is no obligation for members to use</p> <p>16 them exclusively.</p> <p>17 Q Understood.</p> <p>18 Did you feel that there was value in getting the</p> <p>19 most aggressive discount that you could possibly get</p> <p>20 from Burkhart?</p> <p>21 A From a dental supply company.</p> <p>22 Q I think you said earlier that with regard to</p> <p>23 manufacturers, you would rather have more vendors, even</p> <p>24 if the discount is lower; is that correct?</p> <p>25 A Yes, because people are very particular about the</p>	<p style="text-align: right;">123</p> <p>1 Q Any other examples?</p> <p>2 A I don't have any other examples.</p> <p>3 Q Do you see any value at all in offering your members the</p> <p>4 option to purchase from more than one supply company?</p> <p>5 A Value for who?</p> <p>6 Q For the members.</p> <p>7 A I am not sure where the value would come from.</p> <p>8 I could see a benefit for the dental supply</p> <p>9 companies where they have a group of members that they</p> <p>10 can compete for back and forth, for membership, but as</p> <p>11 far as discounts, I'm not sure how much more of a</p> <p>12 discount they'd get to have more than one discount</p> <p>13 company in the buyers group.</p> <p>14 Q But they would have more options from whom to purchase</p> <p>15 through, right?</p> <p>16 A Well, they have options now, but do you mean</p> <p>17 specifically through--</p> <p>18 Q Through Kois Buyers Group, yeah.</p> <p>19 A Right.</p> <p>20 Q And do you see value in allowing the dentists to have</p> <p>21 options for which supply company to buy from and still</p> <p>22 get that Kois Buyers Group discount?</p> <p>23 A I don't know if the value would be as great if you had</p> <p>24 more than one supply company.</p> <p>25 Q And is that because you don't think the discount would</p>
<p style="text-align: right;">122</p> <p>1 products they want.</p> <p>2 There's not that many supply companies out there.</p> <p>3 Q So my next question was going to be:</p> <p>4 Why wouldn't that same principle apply to supply</p> <p>5 companies?</p> <p>6 A A lot of supply companies are partners with other buyers</p> <p>7 groups and give substantial discounts, so if the</p> <p>8 discounts from a supply company-- dental supply company</p> <p>9 wasn't at least as good as other buyers groups or as</p> <p>10 good as they offer members without the buyers group,</p> <p>11 there wasn't a lot of incentive for people to purchase</p> <p>12 products from Burkhart as a buyers group member.</p> <p>13 Q Is it your understanding that a lot of supply companies</p> <p>14 are partners with other buyers groups?</p> <p>15 A What would be "a lot"?</p> <p>16 Q I am just reading back what you had mentioned.</p> <p>17 A I don't know how many supply companies.</p> <p>18 I know that dental supply companies are exclusive</p> <p>19 distributors for other buyers groups.</p> <p>20 Q Can you give me some examples?</p> <p>21 A Burkhart is the exclusive distributor for SmileSource,</p> <p>22 for their buyers group.</p> <p>23 Q Any other examples?</p> <p>24 A Benco has a buyers group where they're the exclusive</p> <p>25 distributor for their buyers group.</p>	<p style="text-align: right;">124</p> <p>1 be as aggressive?</p> <p>2 A Which is what the supply companies told me.</p> <p>3 Q Going down to Paragraph No. 2, "Service levels," it</p> <p>4 says, "Burkhart agrees to provide full service dental</p> <p>5 supply and equipment distribution sales and support with</p> <p>6 account managers, equipment specialists, equipment</p> <p>7 service technicians, and branch support associates to</p> <p>8 members with offices in support areas designated as full</p> <p>9 service on Burkhart's website."</p> <p>10 Do you see that?</p> <p>11 A Yes.</p> <p>12 Q Do you know what areas generally are designated as full</p> <p>13 service on Burkhart's website?</p> <p>14 A I would have to go to their website.</p> <p>15 Q Do you know if their website is open? In other words,</p> <p>16 could I go on their website and find out which companies</p> <p>17 are designated as full service?</p> <p>18 A I believe it is.</p> <p>19 Q And these are geographic areas that we are talking</p> <p>20 about, right?</p> <p>21 A Yes.</p> <p>22 Q And then the "Limited service areas," "Burkhart agrees</p> <p>23 to provide limited service dental supply and equipment</p> <p>24 distribution sales, phone support to members with</p> <p>25 offices in support areas designated as limited service</p>

125	<p>1 on Burkhart's website," I understand that "limited</p> <p>2 service" is a defined term in this contract, but can you</p> <p>3 just tell me what your understanding of "limited</p> <p>4 service" means in this context?</p> <p>5 A In this context they don't have account managers,</p> <p>6 equipment specialists, or equipment service technicians</p> <p>7 or a branch support to the members.</p> <p>8 Q Do you have an understanding of what percentage,</p> <p>9 roughly, of the United States would be within the</p> <p>10 limited service area for Burkhart?</p> <p>11 A That would depend on what their service area map is.</p> <p>12 Q Understood.</p> <p>13 Do you have an understanding of what that--</p> <p>14 A I think it's approximately half of the country has</p> <p>15 full-service reps.</p> <p>16 Q So it is, approximately, in your understanding, 50</p> <p>17 percent of the country is full service and 50 percent is</p> <p>18 limited service?</p> <p>19 A I believe so.</p> <p>20 Q Have you ever heard of any prospective members who</p> <p>21 indicate that they would prefer full-service</p> <p>22 distribution, but they are in a part of the country that</p> <p>23 is not serviced by Burkhart's full service?</p> <p>24 A Yes.</p> <p>25 Q How frequently does that occur?</p>	127	<p>1 percent on all brand dental supplies and 39 percent on</p> <p>2 Burkhart private label dental supplies.</p> <p>3 Do you see that?</p> <p>4 A Yes.</p> <p>5 Q We talked about the margin earlier, but I just wanted to</p> <p>6 make sure I understood.</p> <p>7 So this 28 percent margin, was that something that</p> <p>8 Burkhart proposed?</p> <p>9 A Yes.</p> <p>10 Q And Burkhart indicated that that was a good deal for</p> <p>11 Kois Buyers Group members?</p> <p>12 A They didn't say whether it was a good deal or a bad</p> <p>13 deal.</p> <p>14 They said this was the margin they're willing to do</p> <p>15 as part of the buyers group.</p> <p>16 Q Do you have a sense for what their usual margin is for</p> <p>17 customers that don't have access to discounts?</p> <p>18 A I don't have a sense of their margin.</p> <p>19 I can say my sense is it is a good deal, based on</p> <p>20 the savings that I hear from people.</p> <p>21 Q That's what you have heard from dentists?</p> <p>22 A Yes.</p> <p>23 Q And do you have an understanding for why the margin is</p> <p>24 39 percent for private label, which is higher than the</p> <p>25 28 percent for other brand dental supplies?</p>
126	<p>1 A Maybe once a month, every other month.</p> <p>2 Q And in those cases did the prospective members say that</p> <p>3 they were not going to join because of that?</p> <p>4 A No.</p> <p>5 Q And what did they say?</p> <p>6 A They said they'd prefer to have a full-service rep in</p> <p>7 their area.</p> <p>8 Q Okay. And did some of those members join Kois Buyers</p> <p>9 Group in spite of not having a full-service rep in their</p> <p>10 area?</p> <p>11 A I know some did because I have heard stories of people</p> <p>12 adjusting to shipments as opposed to having a rep bring</p> <p>13 their products in.</p> <p>14 Q So for full service, at least with regard to Burkhart's</p> <p>15 offering of full service, do they typically have their</p> <p>16 reps bring in the supplies as opposed to shipping them?</p> <p>17 A I don't know what the workout is for the full-service</p> <p>18 areas.</p> <p>19 Sometimes reps bring products, sometimes they're</p> <p>20 delivered.</p> <p>21 A lot of times the reps do the ordering on behalf</p> <p>22 of the practice.</p> <p>23 Q Then moving down to Paragraph No. 3, which sets forth</p> <p>24 the dental supply margin that Burkhart agrees to, and it</p> <p>25 says that Burkhart agreed to limit its margin to 28</p>	128	<p>1 A I could guess.</p> <p>2 Q What is your guess?</p> <p>3 A If it's a white-label product, they have a lower cost</p> <p>4 associated with it.</p> <p>5 Q Did you say "white-label"?</p> <p>6 A Yes.</p> <p>7 Q What does that mean?</p> <p>8 A They have private label dental supplies, so they are</p> <p>9 branding their own-- so somebody is making it for them,</p> <p>10 and they are putting their label on it.</p> <p>11 My assumption is the cost to procure private label</p> <p>12 supplies is cheaper than name brand supplies, so they</p> <p>13 are giving it at a discount, but not at the same margin</p> <p>14 level, so they can increase-- dollar-wise it's a</p> <p>15 discount, but percentage-wise, they get a higher profit.</p> <p>16 Q Understood.</p> <p>17 Do you have an understanding of whether 28 percent</p> <p>18 is relatively low for a dental supply company like</p> <p>19 Burkhart?</p> <p>20 A Compared to another dental supply company? I don't know</p> <p>21 what other people's supply costs are or what their</p> <p>22 margin is on their products.</p> <p>23 What I've heard is that-- from manufacturers, is</p> <p>24 that most manufacturers tend to sell about the same</p> <p>25 price to the supply companies, and the difference in</p>

129	131
<p>1 price to the consumer is based on the margin.</p> <p>2 Q So manufacturers tend to sell at about the same price to</p> <p>3 the various supply companies, and then any difference in</p> <p>4 price between the various supply companies is based on</p> <p>5 that individual supply company s margin?</p> <p>6 A That's my understanding.</p> <p>7 Q So you don't have any-- just to make sure I have an</p> <p>8 answer to my other question, do you have an</p> <p>9 understanding of whether 28 percent is relatively low</p> <p>10 for a supply company?</p> <p>11 A I don't know what their pricing structure is at other</p> <p>12 companies.</p> <p>13 I know Burkhart is a 28 percent flat across the</p> <p>14 board.</p> <p>15 I don't know what it is at the other supply</p> <p>16 companies.</p> <p>17 They could be higher on some products and lower on</p> <p>18 other ones.</p> <p>19 I don't have any way to track that.</p> <p>20 Q Okay. But Burkhart is offering only Kois members a 28</p> <p>21 percent margin, right?</p> <p>22 Like for individuals that are buying from Burkhart</p> <p>23 that are not a member of Kois Buyers Group, the margins</p> <p>24 could be higher than 28 percent?</p> <p>25 A Sure.</p>	<p>1 Q And that resulted in Burkhart giving that additional two</p> <p>2 percent discount?</p> <p>3 A Yes, per this agreement.</p> <p>4 Q Turning to Paragraph No. 5, "Manufacturer discounts,"</p> <p>5 this says that "Burkhart will negotiate manufacturer</p> <p>6 discounts for buyers groups with manufacturers."</p> <p>7 This is saying that Burkhart would go to the</p> <p>8 manufacturers that they worked with and try to obtain</p> <p>9 discounts for Kois Buyers Group members?</p> <p>10 A Correct.</p> <p>11 Q Do you know whether any manufacturers agreed to give</p> <p>12 discounts for the Kois Buyers Group members?</p> <p>13 A That list you have is Exhibit No. 326.</p> <p>14 Q And is that a complete list of all of the manufacturers</p> <p>15 that you understand give discounts through Burkhart to</p> <p>16 Kois Buyers Group members?</p> <p>17 A That's my understanding.</p> <p>18 I don't know if they re working with others.</p> <p>19 Sorry, there is at least one other I can think of</p> <p>20 that's not on this list that was brought out after this</p> <p>21 list came out.</p> <p>22 Q Okay. So you are saying after Exhibit No. 326--</p> <p>23 A There was an additional--</p> <p>24 Q --published?</p> <p>25 A Correct.</p>
130	132
<p>1 Q Okay.</p> <p>2 A I don't know what their different pricing models are.</p> <p>3 Q But it is your understanding that Burkhart is offering</p> <p>4 Kois Buyers Group a discount from Burkhart's usual</p> <p>5 prices?</p> <p>6 A Yes.</p> <p>7 Q And then we have the-- the last clause that says,</p> <p>8 "Provided that the volume of purchases exceeds the</p> <p>9 current pace of 5.3 million annually"-- do you see that?</p> <p>10 A Yes.</p> <p>11 Q When it says "the current pace," what does that mean?</p> <p>12 A So the amount of buying is determined by how much people</p> <p>13 buy on a given basis.</p> <p>14 If the pace of buying at Burkhart slows, the annual</p> <p>15 dollar amount that Burkhart is getting for the members</p> <p>16 would slow as well.</p> <p>17 Q Where did the current pace number of 5.3 million come</p> <p>18 from?</p> <p>19 Was that based on their prior contract?</p> <p>20 A That was 2015 purchasing levels, so since there's no</p> <p>21 guarantee that people will continue to purchase, it's</p> <p>22 based on previous--</p> <p>23 Q Okay. But then did it turn out that for 2016 members</p> <p>24 purchased more than 5.3 million?</p> <p>25 A Yes.</p>	<p>1 Q What was that one?</p> <p>2 A It was an x-ray sensor by Acteon.</p> <p>3 Q In the same Paragraph No. 5, Burkhart agreed to apply</p> <p>4 all manufacturer discounts to members by lowering the</p> <p>5 price of products sold to members.</p> <p>6 Does that just mean that Burkhart would pass on any</p> <p>7 manufacturer discounts to members?</p> <p>8 A That was our hope.</p> <p>9 Q Okay. And it says that "Burkhart agrees to be</p> <p>10 transparent about how manufacturer discounts are</p> <p>11 applied."</p> <p>12 What does that clause mean?</p> <p>13 A That means if it's a rebate, they would tell us it was</p> <p>14 in the form of rebate.</p> <p>15 If it's a general lower cost for the product, they</p> <p>16 would tell us that.</p> <p>17 Q Okay. When they said "they would tell us," did you mean</p> <p>18 the Kois Buyers Group members?</p> <p>19 A No. They would tell the Kois Buyers Group how those</p> <p>20 discounts came about.</p> <p>21 Q Have they provided that information to you?</p> <p>22 A That is evidenced in Exhibit No. 326.</p> <p>23 Any information that they provide to us, as far as</p> <p>24 discounts, we ask them to provide us in a form that we</p> <p>25 are free to distribute to the public, that there's no</p>

133

1 proprietary information.

2 **Q Looking at Exhibit No. 326, do you have an understanding**

3 **of whether these discounts offered by the manufacturers**

4 **are lower costs for supplies or rebates?**

5 A I don't have an understanding of that.

6 **Q Okay. So it could be either one?**

7 A Or both.

8 **Q Other than the information in Exhibit No. 326, and I**

9 **know you mentioned there is an additional manufacturer,**

10 **do you have any other information for us to understand**

11 **whether the discounts being offered by these**

12 **manufacturers are in the form of rebates or lower**

13 **prices?**

14 A I don't have any information that determines how the

15 discounts are calculated.

16 **Q Burkhart would have that information?**

17 A Yes.

18 **Q One more quick question:**

19 **Paragraph No. 6 talks about new member incentives.**

20 **It says that Burkhart will provide a merchandise**

21 **credit of 299 to new Kois members.**

22 **Then it goes on to say the credit will be applied**

23 **to their account once they have become a tribe member**

24 **and they have completed a meeting with their Burkhart**

25 **account manager.**

134

1 **What is your understanding of this?**

2 **I am particularly interested in the meeting with a**

3 **Burkhart account manager.**

4 A So to clarify, the rest of that statement is a customer

5 service agent introducing them to the Kois Buyers Group

6 program, Kois select manufacturers' benefits, Burkhart

7 Dental Supply benefits, and better value program.

8 The reason to be specific is it's a program open to

9 both full service and direct service markets, and there

10 are no account managers in the direct service.

11 To answer your question, the 30-minute meeting or

12 phone call or in-person, depending on what's available,

13 is to-- to give Burkhart an opportunity to explain what

14 services and products they offer.

15 It is an introductory meeting.

16 **Q So if you're in the full-service region of the United**

17 **States, that meeting would be with a Burkhart account**

18 **manager, and if you're in a limited-service region, it**

19 **would be with a customer service agent?**

20 A Most of the time.

21 I am told sometimes it's by phone, regardless of

22 the area that you're in.

23 **Q Okay. We have talked a fair bit about complaints that**

24 **you have heard from members.**

25 **Have you ever heard that deliveries have been slow**

135

1 **when ordering through Burkhart?**

2 A "Slow" is a relative term.

3 Slower than people would like was an earlier

4 complaint.

5 Now shipping is two days as opposed to three days

6 to five days.

7 **Q At one point was Burkhart shipping three to five days?**

8 A At no charge.

9 In this contract it stipulates a two-day business

10 shipping for orders over \$750.

11 **Q So currently for orders under \$750, is it still a**

12 **three-day to five-day shipping?**

13 A Shipping can be any way you like, depending on how much

14 you're willing to pay, but free shipping for two-day, if

15 it's over \$750.

16 **Q Have complaints regarding delivery time decreased in**

17 **recent months?**

18 A Yes.

19 **Q And is that because Burkhart is shipping things faster**

20 **than they were before?**

21 A Yes.

22 They also-- East Coast dentists tend to use

23 different types of products, so they started to house

24 different things in the distribution centers that

25 service the direct markets, so that speeds some of the

136

1 delivery, where they're not waiting for things to get

2 delivered.

3 **Q Have you ever heard from Kois Buyers Group members that**

4 **deliveries with other supply companies are much faster**

5 **than Burkhart?**

6 A No.

7 **Q Have you ever heard of members cancelling membership or**

8 **complaining because another supplier matched the**

9 **discount offered by Kois?**

10 A Cancelling? No.

11 Complaining? Yes.

12 **Q What has been the nature of the complaint?**

13 A That other supply companies are matching the price given

14 to the buyers group members.

15 **Q And why would that be a complaint?**

16 A They don't feel like it's the same value if they can get

17 the same pricing outside of the buyers group if they're

18 a member of the buyers group.

19 **Q And have you heard of specific supply companies that**

20 **have matched prices given to buyers group members?**

21 A I have heard of Schein and Patterson matching prices.

22 **Q What about Benco?**

23 A I haven't heard specifically.

24 I asked Burkhart about that.

25 They said price matches like that is at the

34 (Pages 133 to 136)

137

1 discretion of the sales rep.
 2 **Q The sales rep--**
 3 A For that particular practice, for Schein or Patterson.
 4 **Q Is there an individual who works for you who processes**
 5 **cancellations?**
 6 A Right now? No. I handle all the memberships.
 7 **Q Who is Scott Heyamoto?**
 8 A He was a former employee of the Kois Center.
 9 Prior to me taking over the buyers group, he
 10 managed the requests that came in for membership at the
 11 Kois Center and sent those names off to ProCare.
 12 **Q Okay. Was he also responsible for processing**
 13 **cancellations?**
 14 A If people cancelled.
 15 I wasn't quite familiar with the process, but I
 16 believe so.
 17 **Q And you said you started at Kois Buyers Group in October**
 18 **2015?**
 19 A Yes.
 20 **Q Was there a period of time where-- a transition period**
 21 **where Qadeer was still sort of working with you?**
 22 A I don't know how much he was working with the buyers
 23 group.
 24 I heard updates between March and October that--
 25 from Scott when he would converse with ProCare, but with

138

1 me directly, there was-- I can't think of any-- there
 2 might have been one or two e-mails.
 3 He wasn't very good about contacting people.
 4 **Q Who is "he"?**
 5 A Q, Qadeer.
 6 **Q And you said you heard updates between March and**
 7 **October--**
 8 A So in July Qadeer spoke at our symposium, and I sat with
 9 him for about three hours and asked him some specific
 10 questions about the buyers group, and that's where I got
 11 the majority of my information.
 12 **Q Okay. Was that July of 2015?**
 13 A Yes.
 14 **Q And then did you sit with him and speak with him**
 15 **understanding that you were going to be taking over the**
 16 **buyers group in the future?**
 17 A I sent him an e-mail towards the end of the year that I
 18 would be negotiating with Burkhart and managing the
 19 buyers group going forward.
 20 **Q And then does Kois Buyers Group have any relationship**
 21 **with ProCare or Qadeer today?**
 22 A No.
 23 **Q When did that relationship end?**
 24 A When this exclusive supplier agreement was in place.
 25 **Q When you said that you heard updates between March and**

139

1 **October from Scott, what year were you talking about?**
 2 A 2015.
 3 **Q Okay. So as of March 2015, what was your role at Kois**
 4 **Buyers Group?**
 5 A I didn't have one.
 6 **Q But you were receiving e-mails?**
 7 A I would get updates from Scott, as far as how many
 8 members were part of the buyers group.
 9 **Q Did you have a role at Kois Center at that point?**
 10 A Yes.
 11 **Q You were CEO?**
 12 A Yes.
 13 **Q Why were you receiving updates from Scott?**
 14 A I asked for them.
 15 **Q Why did you ask?**
 16 A Because I didn't know anything about the buyers group,
 17 and I didn't have any documentation anywhere.
 18 I was trying to get some insight on what the
 19 program was.
 20 **Q So do you have an understanding of whether the Kois**
 21 **partnership has allowed Burkhart to bring in new**
 22 **customers?**
 23 A My understanding is it has.
 24 **Q Do you have an understanding of how many new customers?**
 25 A I could take a guess.

140

1 It would be-- is-- would that be--
 2 **Q Sure.**
 3 A Because I can't speak to any full-service areas.
 4 I would say there's probably a good indication that
 5 anyone that's in the direct market would not have gone
 6 with Burkhart if they weren't part of the buyers group.
 7 **Q When you say "anyone in the direct market," what do you**
 8 **mean by that?**
 9 A People that get shipments via online shipments, they
 10 don't have a full-service rep in their area.
 11 Full-service area, I can't speak to whether or not
 12 it was the prowess of the Burkhart sales rep that caused
 13 them to move over and whether or not that would have
 14 happened anywhere.
 15 **Q Do you have an understanding of how many new customers**
 16 **Burkhart has obtained through its relationship with the**
 17 **Kois Buyers Group?**
 18 A It's part of their presentations they do quarterly.
 19 I can find that information. I don't have it off
 20 the top of my head.
 21 **Q Do you have any recollection off the top of your head?**
 22 A I would say it's probably around 100.
 23 **Q Total?**
 24 A Mm-hm.
 25 **Q Thank you.**

35 (Pages 137 to 140)

141	<p>1 Let's talk a little bit more about Kois's history</p> <p>2 with Benco.</p> <p>3 A Sure.</p> <p>4 Q So you mentioned that you have spoken to Benco about</p> <p>5 doing business with the Kois Buyers Group; is that</p> <p>6 right?</p> <p>7 A Mm-hm.</p> <p>8 Q When did you have those conversations?</p> <p>9 A It was in-- probably fall of 2015.</p> <p>10 Q Did you reach out to Benco or did they reach out to you?</p> <p>11 A I reached out to them.</p> <p>12 Q Who did you reach out to?</p> <p>13 A I don't remember if it was Julie Rasmussen or-- I don't</p> <p>14 remember the other person's-- Kathleen, I think.</p> <p>15 Kois Center had an ongoing relationship with Benco</p> <p>16 separate from the buyers group for speaking for my dad,</p> <p>17 so he would do a couple lectures a year at Benco, so I</p> <p>18 already had a relationship with them, but specifically</p> <p>19 for the Kois Buyers Group, that didn't start until the</p> <p>20 fall.</p> <p>21 Q Until the fall of 2015?</p> <p>22 A Yes.</p> <p>23 Q Okay. When you said Kathleen at Benco, would that be</p> <p>24 Kathleen Bird?</p> <p>25 A Yes.</p>	143	<p>1 Q Okay. How many meetings did you have?</p> <p>2 A Probably one, and I would say probably one or two phone</p> <p>3 calls.</p> <p>4 Q And for the in-person meeting, where did it take place?</p> <p>5 A That would be at the Kois Center in Seattle, Washington.</p> <p>6 Q And who from Benco was there?</p> <p>7 A That would have been Julie, and I don't think Kathleen</p> <p>8 was there. I think just Julie.</p> <p>9 Q Have you ever met with Chuck Cowen?</p> <p>10 A Yes.</p> <p>11 Q Have you ever met with Chuck Cowen with regard to the</p> <p>12 Kois Buyers Group specifically?</p> <p>13 A Not for the Kois Buyers Group.</p> <p>14 They asked about their own buyers group.</p> <p>15 Q So the meeting with Julie at Kois Center in the fall of</p> <p>16 2015, what was that meeting related to?</p> <p>17 A Two parts:</p> <p>18 One was my dad's speaking engagements for the</p> <p>19 following year with Benco, and that's the Kois Center</p> <p>20 side.</p> <p>21 On the Kois Buyers Group side, exploring an option</p> <p>22 to have them as part of the buyers group.</p> <p>23 Q Were they receptive to that?</p> <p>24 A Yes.</p> <p>25 Q What did Julie say to you about the possibility of</p>
142	<p>1 Q And then Julie-- is it "Radzyminski"?</p> <p>2 A I think so.</p> <p>3 Q So in the fall of 2015 you reached out to either Julie</p> <p>4 or Kathleen at Benco?</p> <p>5 A Correct.</p> <p>6 Q And why did you reach out to them?</p> <p>7 A I was starting to negotiate the contract with Burkhart,</p> <p>8 and I wanted to keep some options open.</p> <p>9 My intention originally was to explore having two</p> <p>10 supply companies as part of the buyers group.</p> <p>11 Q Did you think it would be beneficial, at that time, to</p> <p>12 have two supply companies as part of the buyers group?</p> <p>13 A I didn't know if it would be beneficial to the members.</p> <p>14 I just wanted to explore the option.</p> <p>15 My first step was to see if both supply companies</p> <p>16 would be receptive to that.</p> <p>17 Q And you mentioned earlier that neither were receptive;</p> <p>18 is that right?</p> <p>19 A Correct.</p> <p>20 Q And did you have any in-person meetings with people at</p> <p>21 Benco to discuss joining the Kois Buyers Group as a</p> <p>22 vendor?</p> <p>23 A Yes.</p> <p>24 Q When were those meetings?</p> <p>25 A Approximately that time of year, fall of 2015.</p>	144	<p>1 becoming a member for Kois Buyers Group?</p> <p>2 A They were interested.</p> <p>3 Q What were the next steps after that?</p> <p>4 A I asked both Burkhart and Benco if they would be willing</p> <p>5 to be part of the buyers group together.</p> <p>6 Q Okay. And so focusing on Benco, what did Benco say?</p> <p>7 A They said they would rather not.</p> <p>8 Q And what reason did they give?</p> <p>9 A They would rather not have another supply company in the</p> <p>10 same buyers group as them.</p> <p>11 Q Did they give any other explanation for why they didn't</p> <p>12 want to have another supply company in the same buyers</p> <p>13 group as them?</p> <p>14 A No.</p> <p>15 Q Were you surprised at that response?</p> <p>16 A No.</p> <p>17 Q Why not?</p> <p>18 A It was the same response Burkhart gave.</p> <p>19 Q Were you surprised by either of their responses?</p> <p>20 A No.</p> <p>21 Q Why not?</p> <p>22 A Because they could do what they liked.</p> <p>23 There was no-- I mean, they could choose to work</p> <p>24 with us or not.</p> <p>25 Q Were there any other further discussions with Benco</p>

145

1 regarding Benco being a supplier for Kois Buyers Group?
 2 A Yes.
 3 **Q What were those?**
 4 A We told them we decided to go with Burkhart for the
 5 supply company in the buyers group.
 6 **Q Did you have any negotiations with Benco about like what**
 7 **type of discounts they would be able to offer or**
 8 **anything like that?**
 9 A We didn't get that far.
 10 **Q So when Benco said, "We don't want to be one of two**
 11 **suppliers for Kois Buyers Group," that was pretty much**
 12 **the end of the conversation?**
 13 A Yes.
 14 **Q And then prior to the meeting in the fall of 2015, did**
 15 **you have any understanding of whether ProCare had any**
 16 **negotiations with Benco regarding Kois Buyers Group, or**
 17 **conversations with Benco?**
 18 A Prior to-- so-- as far back as where?
 19 **Q So the Kois Buyers Group was founded in October 2014,**
 20 **right?**
 21 A Mm-hm.
 22 **Q So around that time or sometime between then and the**
 23 **fall of 2015, when you came on and were involved, were**
 24 **there any conversations between ProCare and Benco about**
 25 **Kois Buyers Group?**

146

1 A I don't believe so.
 2 I believe once the initial contract with Burkhart
 3 was in place, that was the extent of any supplier
 4 company negotiations.
 5 **Q Okay. What is your understanding based on?**
 6 A I hadn't heard anything to the contrary.
 7 **Q Okay. But would Qadeer have more information about**
 8 **that?**
 9 A It's possible.
 10 **Q Would your father have more information about that?**
 11 A I doubt it.
 12 (Exhibit No. 328 marked
 13 for identification.)
 14
 15 **Q (By Ms. Goff) Mr. Kois, the court reporter has handed**
 16 **you what has been marked as Exhibit No. 328.**
 17 **This is a document that we received from another**
 18 **party, so I don't expect that you would have necessarily**
 19 **seen it before, but I have a couple questions, and this**
 20 **would be useful to facilitate the discussion.**
 21 A Mm-hm.
 22 **Q Go ahead and take a minute to read it, and let me know**
 23 **when you're finished.**
 24 **Have you had a chance to review it?**
 25 A Yes.

147

1 **Q So this is what appears to be a blog post.**
 2 **At the top it says, "Julie Radzynski: Added blog**
 3 **post in @[Benco buzz]."**
 4 **The date at the end of the document is 12/3/2014.**
 5 **In the second paragraph it says that "Dr. Kois came**
 6 **to us a few months ago and asked if we would be**
 7 **interested in participating in his Tribal Management**
 8 **Buying Group."**
 9 **Skipping forward it says, "After hearing all of the**
 10 **details, we decided we did not want to participate."**
 11 **Do you see that?**
 12 A Yes.
 13 **Q I just want to ask you whether you have an understanding**
 14 **of whether your father, Dr. Kois, talked to Benco at all**
 15 **about participating in a buyers group.**
 16 A You mean between him and me? It certainly wasn't me.
 17 This says him, so my assumption would be it was
 18 during one of his lectures with them, if he was out
 19 there.
 20 **Q But you haven't discussed with your father him speaking**
 21 **with Benco about participating in his buyers group?**
 22 A No.
 23 **Q Okay. So then the last thing I wanted to ask you about**
 24 **this document is:**
 25 **There are two bullet points. One says, "Minimal**

148

1 **impact," and the last sentence says, "Additionally, many**
 2 **of the tribal members will not be able to participate**
 3 **due to Burkhart's limited geographic distribution**
 4 **capabilities."**
 5 **Do you see that?**
 6 A Yes.
 7 **Q Did this turn out to be correct?**
 8 **Do you agree with this statement that many tribal**
 9 **members would not be able to participate due to**
 10 **Burkhart's limited geographic distribution capabilities?**
 11 A I don't know how many impacted as far as Benco
 12 customers.
 13 I believe the Internet shipping for products was
 14 new, that Burkhart was rolling out, and that was partly
 15 due to their association with the buyers group.
 16 **Q Okay. You can put that one to the side. Thank you.**
 17 **You mentioned that you've had conversations with**
 18 **Chuck Cowen?**
 19 A Yes.
 20 **Q And those conversations, did they relate to Benco's**
 21 **buying group? Is that what you said?**
 22 A Yes.
 23 **Q What did Chuck Cowen-- how did those conversations go?**
 24 A The Kois Center was one of the success partners for
 25 Benco up until, I believe, the end of 2016, is my

37 (Pages 145 to 148)

149

1 assumption, or sometime around there. Sometime last
 2 year we ended that relationship with them.
 3 What they did was they asked their success partners
 4 to be part of their buyers group, and that was in-- the
 5 capacity that they were looking for, for the Kois
 6 Center, was to get a discount on courses offered at the
 7 Kois Center for members of Benco's buyers group.
 8 **Q So did Benco ever ask for the Kois Buyers Group to**
 9 **somehow be merged with Benco's buyers group?**
 10 A No. They were separate.
 11 **Q What do you mean "they were separate"?**
 12 A It is a separate company that-- Kois Buyers Group.
 13 We never got that far in discussions with Benco as
 14 far as their buyers group.
 15 Our conversations stopped with us not being
 16 interested in giving a discount to their members for our
 17 courses.
 18 **Q So there was never any conversation about Kois Buyers**
 19 **Group and Benco Buyers Group merging?**
 20 A I'm sure there was a conversation with that, but it
 21 didn't go very far.
 22 **Q And why was the Kois Center not interested in giving a**
 23 **discount to Benco Buyers Group members?**
 24 A The purpose of the discount was to increase demand for
 25 the Kois Center courses, but our courses are generally

150

1 full, so we didn't see an incentive to discount our
 2 already-full courses.
 3 **Q And have you ever had any other conversations with Chuck**
 4 **Cowen?**
 5 A Yes.
 6 **Q And what are the nature of those conversations?**
 7 A I went to Texas in-- it might have been that time, about
 8 fall of 2015, I believe, to speak at one of their--
 9 their summit meeting, which was a collection of all of
 10 their reps, to-- in the capacity of the Kois Center CEO,
 11 because we were a success partner of theirs.
 12 While there, I had conversations with Chuck as well
 13 as Julie and Kathleen.
 14 **Q What is a success partner?**
 15 A They have several partners that they offer some sort of
 16 incentive for people to go to.
 17 For Benco, if someone asks for continuing
 18 education, they would recommend the Kois Center.
 19 If people wanted a study group, they would offer a
 20 different vendor.
 21 If people wanted financial advice-- a way to extend
 22 their reach of services without having those services
 23 in-house.
 24 **Q Okay. And at some point the relationship between Kois**
 25 **Center and Benco ended?**

151

1 A Yes.
 2 **Q And why did it end?**
 3 A My dad didn't want to lecture for Benco for their
 4 courses anymore.
 5 We didn't feel we got a return for us.
 6 **Q Is that the reason why your dad didn't want to lecture**
 7 **at the courses anymore?**
 8 A He's pulling back from out-of-state lectures in general.
 9 This was part of that plan.
 10 (Exhibit No. 329 marked
 11 for identification.)
 12 **Q (By Ms. Goff) So the court reporter handed you what has**
 13 **been marked as Exhibit No. 329.**
 14 **It is an e-mail chain bearing the Bates stamp Kois**
 15 **001133 through 1134.**
 16 **Have you had a chance to review it?**
 17 A Yes.
 18 **Q Okay. So is this an e-mail chain between you and Julie**
 19 **Radzynski of Benco, and Kathleen Bird is on here as**
 20 **well?**
 21 A Yes.
 22 **Q Is this in reference to the meeting you had in the fall**
 23 **of 2015 with Julie?**
 24 A Yes.
 25

152

1 Specifically this was for-- yes, this was when
 2 Julie came to visit.
 3 **Q And then the top e-mail in the chain, it's from you, and**
 4 **it says, in the second paragraph, "Regarding the buyers**
 5 **group, I am interested in hearing what type of deal you**
 6 **would like to see in a perfect world, and we can work**
 7 **towards that. For me, I would love to give dentists an**
 8 **opportunity to choose between Burkhart and Benco, based**
 9 **on their needs and relationships."**
 10 **Do you see that?**
 11 A Yes.
 12 **Q At this time were you interested in giving dentists the**
 13 **opportunity to choose between either Burkhart or Benco?**
 14 A Yes.
 15 **Q And why were you interested in that?**
 16 A To have another supply company in the buyers group that
 17 gave the same kind of discounts, and one with reps
 18 closer to people, which I thought would be beneficial.
 19 **Q Would that help solve the complaints or the issues that**
 20 **some members had on the East Coast with not having a**
 21 **full-service distributor nearby?**
 22 A I don't know if it would have solved.
 23 That would be assuming that their rep was Benco.
 24 There are other supply companies that have local
 25 representation.

38 (Pages 149 to 152)

153

1 I thought it would help.
 2 **Q But there is always the possibility for Kois Buyers**
 3 **Group members to leave their former supply companies and**
 4 **switch to Kois Buying Group's supply company, right?**
 5 A Oh, sure, and switch back.
 6 **Q So just to make sure I understood, you said you thought**
 7 **it would help address some of the complaints that you**
 8 **had heard about members on the East Coast not having a**
 9 **full-service distributor nearby?**
 10 A I did think it would help.
 11 **Q Have you ever received any feedback from dentists that**
 12 **they would be interested in having Benco as a vendor?**
 13 A No.
 14 **Q You haven't heard that specifically?**
 15 A No.
 16 **Q But you have heard it with regard to Schein and**
 17 **Patterson specifically?**
 18 A Yes.
 19 **Q So Benco was never a supplier for Kois Buyers Group,**
 20 **correct?**
 21 A Correct.
 22 **Q By the way, turning back to Exhibit No. 329, it looks**
 23 **like your e-mail is Johnny@KoisCenter.com?**
 24 A Correct.
 25 **Q And is that your e-mail for Kois Center and Kois Buyers**

154

1 **Group?**
 2 A Yes.
 3 **Q So do you do Kois Buyers Group business through this**
 4 **e-mail address, Johnny@KoisCenter.com?**
 5 A I do. I send out newsletters at
 6 Info@KoisBuyersGroup.com.
 7 **Q When you say "info," do you mean like those monthly**
 8 **updates or--**
 9 A "Info" as in that's the e-mail address that the
 10 newsletters come from, and I will have, occasionally,
 11 dentists that will respond to those e-mails.
 12 **Q When you said "newsletters," is Exhibit No. 325 an**
 13 **example of a newsletter?**
 14 A Yes.
 15 **Q For Schein, and I know we discussed Schein earlier, but**
 16 **just to make sure I have it correct, is it your**
 17 **understanding that Qadeer at ProCare approached Schein**
 18 **on behalf of the Kois Buyers Group?**
 19 A Yes.
 20 **Q And Schein responded that they were not interested in**
 21 **working with the Kois Buyers Group?**
 22 A Correct.
 23 **Q And do you have an understanding of why Schein said no**
 24 **to working with Kois Buyers Group?**
 25 A I don't.

155

1 **Q If not for the exclusivity clause in the Burkhart**
 2 **contract, would you be interested in partnering with**
 3 **Schein?**
 4 A No.
 5 **Q Why not?**
 6 A I have heard less than favorable things about their
 7 reps.
 8 **Q Okay. So is it fair to say you have not approached**
 9 **Schein, since you have been managing Kois Buyers Group,**
 10 **to form a relationship with them?**
 11 A In the United States?
 12 **Q Yes, in the United States.**
 13 A Correct.
 14 **Q So you said you have heard less than favorable things**
 15 **about their reps.**
 16 **Generally, what types of things have you heard?**
 17 A Generally, I never hear anything-- any kind of complaint
 18 from the Burkhart reps.
 19 I will occasionally hear complaints from a Schein
 20 rep or a Patterson rep where they're aggressive, said
 21 they would get one price and another-- nothing I can
 22 prove, but it's just what dentists say when I see them.
 23 **Q And you said you would occasionally hear complaints from**
 24 **a Schein rep or a Patterson rep.**
 25 **Did you mean "about a Schein"--**

156

1 A "About."
 2 **Q "Yes," right?**
 3 A Yes.
 4 **Q Thank you.**
 5 **Have you ever had any e-mail communications with**
 6 **individuals at Schein regarding Kois Buyers Group?**
 7 A Schein in which country?
 8 **Q The United States.**
 9 A No.
 10 **Q And whatever happened-- I know you mentioned that Schein**
 11 **Canada approached Kois?**
 12 A They did.
 13 **Q And what was the result of that?**
 14 A I told them we were happy with our relationship with
 15 Sinclair, and if they wanted to follow up with us in a
 16 couple of years, they were welcome to.
 17 **Q Who approached you from Schein Canada?**
 18 A A Schein rep in Canada.
 19 I don't remember his name.
 20 **Q Do you know that individual's title?**
 21 **Were they just a representative?**
 22 A I thought-- I got the thought that they were more than a
 23 rep, somebody more of a regional representation in
 24 Canada, but because we weren't planning to move forward
 25 with them, I didn't take too much time with it.

39 (Pages 153 to 156)

157

- 1 **Q Have you ever talked to Tim Sullivan with Schein?**
 2 A Is he Canada?
 3 **Q Have you ever spoken with--**
 4 A The name doesn't ring a bell to me.
 5 **Q Thank you.**
 6 **Then same questions for Patterson:**
 7 **Is it your understanding that ProCare approached**
 8 **Patterson to work with Kois Buyers Group prior to your**
 9 **arrival at Kois Buyers Group?**
 10 A Yes.
 11 **Q And that was Qadeer that spoke with Patterson?**
 12 A Yes.
 13 **Q And it is your understanding that Patterson said no?**
 14 A Correct.
 15 **Q And do you have an understanding of why Patterson said**
 16 **no?**
 17 A No.
 18 **Q Do you have any understanding of the reason why**
 19 **Patterson was not interested in working with Kois Buyers**
 20 **Group?**
 21 A I can guess. I can speculate.
 22 **Q Okay.**
 23 A At the time-- there were no members, so there wasn't
 24 anything to offer them.
 25 It was the idea that we would put a group together

158

- 1 to give a discount to, but when the group started, there
 2 were no members.
 3 **Q So when the group started, is that true, there were no**
 4 **members?**
 5 **I thought there were 174 members.**
 6 A They came at the same time.
 7 Once we established a supply company, we requested
 8 any interest from the members, so there were no members
 9 when we first started.
 10 **Q Okay. Understood.**
 11 **But similarly, there were no members when you first**
 12 **approached Burkhart and they agreed to do business with**
 13 **Kois Buyers Group?**
 14 A That's correct.
 15 **Q So that fact did not turn off Burkhart, right?**
 16 A Correct.
 17 **Q So why do you think that it turned off Patterson when it**
 18 **didn't turn off Burkhart?**
 19 A I don't know what the reasoning was behind the
 20 motivation of the cancel.
 21 **Q Behind the--**
 22 A The decision for Patterson and Schein to not move
 23 forward.
 24 I don't know what the reason was, other than that
 25 they decided not to move forward.

159

- 1 **Q Okay. Thank you.**
 2 **And if not for the exclusivity clause with**
 3 **Burkhart, would you be interested in having Kois Buyers**
 4 **Group partner with Patterson?**
 5 A Personally?
 6 **Q Yes.**
 7 A No.
 8 **Q Why not?**
 9 A I don't know much about the company. I don't have a
 10 relationship with them.
 11 **Q Okay. So have you reached out to Patterson at all about**
 12 **doing business with Kois Buyers Group?**
 13 A No.
 14 **Q And have you ever had any e-mail communications or other**
 15 **communications with individuals at Patterson regarding**
 16 **Kois Buyers Group?**
 17 A No.
 18 **Q Do you think that not working with Schein, Patterson, or**
 19 **Benco has impacted Kois Buyers Group's success in any**
 20 **way?**
 21 A I would say no.
 22 **Q Why not?**
 23 A Because we have quite a few members signed on.
 24 The members that we have are happy.
 25 I can't speculate as to why other members haven't

160

- 1 joined, just what people tell me.
 2 **Q Okay. But you have heard from some members that they**
 3 **wished that there was full-service distribution in their**
 4 **area, correct?**
 5 A Yes.
 6 They also say that they would rather have a cheaper
 7 price than a full-service rep.
 8 **Q Understood.**
 9 **Would you consider buying groups to be prevalent in**
 10 **the dental industry today?**
 11 A What would you determine "prevalent"--
 12 **Q Not being in the dental industry myself, I am just**
 13 **curious if buying groups are common, if they re out**
 14 **there for people to join--**
 15 A It's a familiar idea.
 16 As far as a percentage of practices that are buyers
 17 group members and not buyers group, I don't have any
 18 data on that.
 19 **Q When you first started working at Kois Buyers Group, did**
 20 **you notice any barriers to entry into the dental**
 21 **industry?**
 22 A Can you rephrase?
 23 **Q Have you noticed any barriers to entry in terms of**
 24 **getting customers, getting members, or getting vendors**
 25 **for Kois Buyers Group?**

40 (Pages 157 to 160)

161	<p>1 A No.</p> <p>2 The decisions for companies to come into the buyers</p> <p>3 group or pass is based on that company, you know,</p> <p>4 whether or not they find it of benefit to be part of our</p> <p>5 buyers group.</p> <p>6 Q Have you heard from any vendors that they don't find it</p> <p>7 to be beneficial to work with Kois Buyers Group?</p> <p>8 A I haven't heard of any.</p> <p>9 Q So most vendors that you've approached have decided to</p> <p>10 do business with Kois Buyers Group?</p> <p>11 A Yes-- I'm sorry, I should back up.</p> <p>12 Zimmer is an implant company. They offer discounts</p> <p>13 for U.S. and Canadian practices, the same discounts, and</p> <p>14 the pricing models are different in Canada and the</p> <p>15 United States.</p> <p>16 The representatives in Canada asked for a different</p> <p>17 pricing structure.</p> <p>18 Q So have you heard of any vendors that don't find it</p> <p>19 beneficial to work with Kois Buyers Group that have</p> <p>20 informed you that they don't find it beneficial?</p> <p>21 A That was the only one.</p> <p>22 Q So Zimmer is an example?</p> <p>23 A Zimmer in Canada.</p> <p>24 Zimmer in U.S. is very happy.</p> <p>25 Q Have you ever heard of rumors in the dental industry</p>	163	<p>1 sort of gray market product.</p> <p>2 Q Okay. Was that tied to a buyers group or no?</p> <p>3 A No.</p> <p>4 Q So just going back to buying groups in particular, have</p> <p>5 you heard any rumors in the dental industry that buyers</p> <p>6 groups sell gray market products or partner with</p> <p>7 companies that sell gray market products?</p> <p>8 A I haven't heard anything specific.</p> <p>9 Q Have you heard anything generally?</p> <p>10 A No.</p> <p>11 Q Do you have an understanding of the term "manufacturer"</p> <p>12 or "vendor chargeback" as it's used in the dental</p> <p>13 industry?</p> <p>14 A No.</p> <p>15 Q You have never heard the term "chargeback"?</p> <p>16 A I don't have a good understanding of it.</p> <p>17 Q So do you have any understanding of it?</p> <p>18 A I have heard the term. I am not familiar with what it</p> <p>19 really means.</p> <p>20 Q Do you have an understanding of how manufacturers view</p> <p>21 buying groups in general?</p> <p>22 A No.</p> <p>23 Q Have manufacturers ever told you that they would not</p> <p>24 work with Kois Buyers Group because it was a buying</p> <p>25 group?</p>
162	<p>1 that buyers group sell gray market products?</p> <p>2 A Rumors? Nothing that I can substantiate.</p> <p>3 Q But have you heard of rumors to that effect?</p> <p>4 A I have.</p> <p>5 Q Have dentists informed you of that?</p> <p>6 A Yes.</p> <p>7 Q And have dentists told you where they've heard that</p> <p>8 information?</p> <p>9 A No.</p> <p>10 It's the-- but their thought was if there's a</p> <p>11 product-- it's not so much in the dental community.</p> <p>12 It's a special one-time offer on a particular product,</p> <p>13 and the products might be past expiration but still</p> <p>14 good, that kind of gray market.</p> <p>15 Is that what you're referring to?</p> <p>16 Q Why don't we define what you understand "gray market" to</p> <p>17 be.</p> <p>18 A "Gray market" is not direct from the original seller to</p> <p>19 the original supplier.</p> <p>20 Q And so have dentists told you that they've heard that</p> <p>21 buyers groups sell gray market products?</p> <p>22 A I haven't heard specifically for a buyers group.</p> <p>23 I have heard of dentists getting offered products</p> <p>24 that were below what would be considered even a</p> <p>25 discounted price, and ultimately those were usually some</p>	164	<p>1 A No.</p> <p>2 Q Has any manufacturer told you they have a policy of not</p> <p>3 working with buying groups?</p> <p>4 A Yes.</p> <p>5 Q Was that 3M?</p> <p>6 A No.</p> <p>7 Q Which one was that?</p> <p>8 A Ultradent.</p> <p>9 They said they had a bad experience with a buyers</p> <p>10 group, and going forward they're not going to be</p> <p>11 partnering with any other buyers groups.</p> <p>12 Q Did they tell you which buyers group that was?</p> <p>13 A No.</p> <p>14 Q And what about 3M?</p> <p>15 3M said that they would not sell direct to Kois</p> <p>16 Buyers Group members; is that right?</p> <p>17 A No.</p> <p>18 They never sell direct to Kois Buyers Group</p> <p>19 members. It would be through Burkhart, and they said</p> <p>20 that they weren't willing to give a discount to buyers</p> <p>21 group members.</p> <p>22 Q And you heard that through Burkhart?</p> <p>23 A Yes.</p> <p>24 MR. RYAN-LANG: So we are just past</p> <p>25 2:00 now. Can you give me a sense of how much more</p>

165

1 you've got?
2 Some of this ground I feel like we have covered a
3 little bit.

4 MS. GOFF: Sure. Why don't we take a
5 break right now, and I will try to wrap up. I have one
6 more topic that I don't think will take too long, and
7 then we can wrap up.

8 (Recess 2:02 to 2:11 p.m.)
9 (Exhibit No. 330 marked
10 for identification.)
11

12 **Q (By Ms. Goff) The court reporter handed you what has**
13 **been marked as Exhibit No. 330.**

14 **This is another document that was produced by**
15 **another company, so I've redacted some of it, and there**
16 **are no Bates stamps or-- I guess I've redacted the Bates**
17 **stamps.**

18 **Take a moment to look at it, and let me know when**
19 **you're finished.**

20 **I am really just focused on who this e-mail came**
21 **from.**

22 **You are welcome to read as much of this as you**
23 **would like, but my main question is:**

24 **The "From" says, "KoisTribe@KoisCenter.com."**
25 **Is that your e-mail or the e-mail address of your**

166

1 **father's?**

2 A It is neither.

3 This would appear to be a newsletter that went out.

4 **Q And who sent this newsletter?**

5 A Probably based on the date this came out, I would say
6 that Scott was the person who ultimately sent it out.

7 **Q And that's Scott--**

8 A Heyamoto.

9 **Q The letter says, "Warmest always, John C. Kois."**

10 A This looks like the original setup of the buyers group,
11 so the language in it looks more like something that
12 Qadeer wrote rather than something that my dad wrote.

13 **Q In the salutation, "John C. Kois," is that a reference**
14 **to your father, to your understanding?**

15 A Yes.

16 **Q And what makes you say that this is something that you**
17 **think Qadeer wrote and not your father?**

18 A The "ProCare Dental Services," just the type of-- the
19 layout of how the discounts are offered and the language
20 in it.

21 **Q So the first-- well, the second paragraph says, "I have**
22 **been working on this plan from partners with ProCare**
23 **Dental Services."**

24 **Is that what you were referring to when you said**
25 **"ProCare Dental Services"?**

167

1 A Yes.

2 **Q And then "the layout of the discounts," what did you**
3 **mean by that?**

4 A This was what the original idea of the buyers group was,
5 was this plan.

6 This wasn't the reality.

7 This was before they even had a group signed up.

8 This was before we had any members signed up.

9 This looks like the original announcement letter
10 that went out.

11 **Q As soon as members signed up, did the pricing structure**
12 **go to that 299 per year--**

13 A No. It went that way when I took over.

14 **Q That's what I thought. Okay.**

15 A Where it says here the deposit, first month, last month,
16 initial deposit-- on Page 3, that was the initial
17 deposit that was taken from people based on whatever
18 category they signed up for.

19 **Q Okay.**

20 A When I took over, I pushed all these forward for
21 everybody.

22 Based on 299 a year, if they spent an initial
23 deposit of \$400, they got two years worth of services
24 going forward as their membership.

25 **Q Okay. You can put that one aside. Thank you.**

168

1 **Do you agree or disagree with the statement that**
2 **dentists, for the most part, are not interested in**
3 **purchasing from buying groups?**

4 A That's a very direct statement. I am trying to decide
5 the best way to-- can you say it again?

6 **Q Well, do you agree or disagree that dentists are not**
7 **interested in purchasing from buying groups?**

8 **MR. RYAN-LANG: He s not a dentist--**

9 MS. GOFF: I understand, but he is in
10 the dental industry, and he has--

11 THE WITNESS: I have to make sure I
12 get all my double negatives here.

13 I would disagree that dentists are not interested
14 in purchasing from buyers groups.

15 **Q (By Ms. Goff) And that's based on your experience**
16 **working at a buyers group and speaking with dentists?**

17 A Yes.

18 **Q Do you believe that buying groups provide value to**
19 **dentists?**

20 A I can't speak for other buying groups.

21 I believe that the Kois Buyers Group provides value
22 to members.

23 **Q Okay. And do you believe that the Kois Buyers Group has**
24 **brought down the price for supplies for its members?**

25 A I do.

42 (Pages 165 to 168)

169

1 **Q And is that understanding-- what is that understanding**
2 **based on?**

3 A The discounts offered are off of retail pricing.

4 I don't know what dentists would have paid
5 otherwise, but the responses I get from dentists is that
6 they re saving money on those invoices.

7 **Q Okay. Thank you.**

8 **Does your father have an e-mail address?**

9 A Yes.

10 **Q What is it?**

11 A It's JohnKois@Hotmail.com.

12 **Q For you personally, I know we mentioned the**
13 **Johnny@KoisCenter, and you told me that there is another**
14 **one, Info--**

15 A Info@KoisBuyersGroup.com.

16 **Q Other than those two, do you conduct any other business**
17 **for Kois Buyers Group in any other e-mail addresses?**

18 A No.

19 MS. GOFF: Thank you very much for
20 coming in today. Those are all my questions, but I
21 really appreciate your time.

22 With that, we can close the transcript, unless your
23 counsel has anything else.

24 MR. RYAN-LANG: I m good.

25 (Hearing concluded at 2:20 p.m.) (Signature reserved.)

170

1 STATE OF WASHINGTON) I, Terilynn Simons, RMR, CRR,
2) ss CLR, a certified court reporter
3 County of Pierce) in the State of Washington, do
4 hereby certify:

5 That the foregoing investigational hearing of JOHN C.
6 KOIS, JR. Was taken before me and completed on
7 July 26, 2017, and thereafter was transcribed under my
8 direction; that the transcript is a full, true and complete
9 transcript of the testimony of said witness, including all
10 questions, answers, objections, motions and exceptions;

11 That the witness, before examination, was by me duly
12 sworn to testify the truth, the whole truth, and nothing but
13 the truth, and that the witness reserved the right of
14 signature;

15 That I am not a relative, employee, attorney or counsel
16 of any party to this action or relative or employee of any
17 such attorney or counsel and that I am not financially
18 interested in the said action or the outcome thereof;

19 That I am herewith securely sealing the said transcript
20 and promptly delivering the same to Attorney Karen V. Goff.

21 IN WITNESS WHEREOF, I have hereunto set my signature on
22 the 30th day of July, 2017.

23 Terilynn Simons, CCR, RMR, CRR, CLR
24 Certified Court Reporter No. 2047.

Subject: RFP request
Attachments: COOP - GDA Request for Proposal (7-17-15).docx

Good morning Mr Capaldo,

Thank you for the opportunity on your RFP, we appreciate being considered.

However, Benco will respectfully decline to respond

Benco, as a matter of policy, does not participate in GPOs

Thank you again for the consideration, and if you have any questions I can be reached at the number below

Patrick Ryan
Director of Sales, Special Markets
Benco Dental Company
295 CenterPoint Boulevard
Pittston, PA 18640

GEORGIA DENTAL ASSOCIATION (“GDA”) REQUEST FOR PROPOSAL

1. INTRODUCTION

Thank you for your interest in becoming the Provider for the group purchasing program currently being formed by Integrity Dental Buyers Group, LLC (“Integrity Dental Buyers Group”) for the benefit of current and future members of the Georgia Dental Association (“Purchasing Program”). We have been diligently working with multiple well-recognized industry providers and advisors to present our members with a streamlined and centralized purchasing vehicle for equipment, supplies and related services important to our members’ dental practices. At the heart of these efforts is Georgia Dental Association’s desire to present its members with the opportunity to purchase the items they need to run their practices at a sustainable and efficient price. The Georgia Dental Association represents 3500 Dentist members and over 5000 practices in the state of Georgia.

GENERAL PURPOSE INFORMATION

Listed below are the requirements for the request for proposal (“RFP”). Please use them as guide as you prepare your proposal.

Your response to the RFP (“Proposal Response”) must be sent to Lisa A. VanZandt, COO, vanzandt@gadental.org via e-mail and hard copy in the mail Georgia Dental Association, 700 Peachtree Dunwoody Rd, NE, Bldg. 17, Atlanta, GA 30328 no later than August 20, 2015 (“Proposal Due Date”).

2. SCOPE

The Georgia Dental Association (“GDA”) desires to provide its members who elect to participate in GDA’s member purchasing program (each a “**Purchasing Member**”) the opportunity to order certain products, equipment, supplies and related services (“**Products**”) at a discounted and sustainable price (“**Product Pricing**”) from qualified suppliers participating in Provider’ purchasing programs (“**GDA Purchasing Program**”).

3. TERMS OF GPO SERVICES AGREEMENT

A key terms summary of the GPO Services Agreement is attached hereto as Attachment 1.

4. SELECTION

Provider will be selected on the following criteria:

- Compliance with RFP Procedure
- Acceptance and Performance of the Key Terms
- Recognized Experience and Reputation consistent with superior GPOs
- Relationships with Major Recognized Dental or Relevant Related Suppliers

- Existing Infrastructure for Group Purchasing

5. **PROVIDER REPRESENTATIONS**

Each Proposal Response must contain a written statement confirming the following:

- Provider has read and understands the RFP documents, including commercial terms and conditions;
- Provider's response is duly authorized by Provider's owner, partner, or corporate officer;
- Provider's Proposal Response has been prepared independently without collusion, agreement, understanding, or planned common course of action with any other provider or supplier of the services;
- Provider's Proposal Response is effective for 180 calendar days following the Proposal Due Date.

6. **RFP MANAGEMENT AND SUPPORT**

Provider is responsible for assigning a program manager for this project, to act as a single point of contact for GDA ("Program Manager"). The Program Manager is responsible for the effective communication of the Provider's Proposal Response and responding to any questions GDA may have.

7. **RFP PARTICIPATION**

Nothing in this RFP or any related activity may be construed as a commitment by GDA to either award a contract to or enter into a relationship with any Provider. Participation in this activity is strictly on a voluntary basis, and GDA reserves the right to reject any response submitted to this RFP for any reason at any time.

All submissions in response to this RFP will be considered GDA's Confidential Information (as defined in Attachment 2) and will not be returned to Provider.

8. **EXCEPTIONS TO RFP**

All assumptions and exceptions to the requirements set forth in this RFP and the Attachments must be clearly stated in the Provider's Proposal Response in writing. Unless assumptions and/or exceptions are noted in the written response, Provider's submission of its Proposal Response is acceptance of the Key Terms.

9. **ERRORS, OMISSIONS, AND DISCREPANCIES**

If Provider discovers any ambiguity, conflict, discrepancy, omission, or other error in the RFP, it will immediately notify GDA of such error in writing and request modification or clarification. Provider is responsible for clarifying any ambiguity, conflict, discrepancy,

omission, or other error in the RFP prior to submitting its Proposal Response or it will be waived.

10. PROPOSAL CONSIDERATIONS

Any and all costs incurred in the preparation of a Proposal Response will be the sole responsibility of Provider.

11. CANCELLATION OF RFP

GDA reserves the right to withdraw the RFP at any time and for any reason.

12. CONFIDENTIAL INFORMATION

GDA requires that all information contained herein and all other information concerning this RFP remain confidential. Provider will not transmit or further disclose such Confidential Information (as defined in Attachment 2) to any third party, including parent organizations, sister organizations, subsidiaries, consultants or subcontractors, without first obtaining GDA's prior written approval. Any disclosure of such Confidential Information will immediately disqualify Provider for this and any future RFPs.

Please sign and return the attached Confidentiality and Non-Disclosure Agreement in Attachment 2.

13. TRADEMARKS

Provider will not have the right to use the names, trade names, trademarks or other designations of GDA (or its affiliates) directly or indirectly, in connection with any Products or the Purchasing Program without the prior written approval of GDA.

14. RFP TIMELINE

The table below outlines the schedule associated with this RFP. GDA reserves the right to alter this schedule at its sole option.

Milestones	Dates / Details
Phone Conferences: Q&A on Process Lisa A. VanZandt	404-636-7553 EXT 105
Release RFP	July 20, 2015
Return Confidentiality Agreement	July 27, 2015
Phone Conferences: Q&A on RFP Content	404-636-7553 EXT 105

Lisa A. VanZandt	
Face to Face meetings	By Request
RFP Responses due with Qualifications To: Lisa A. VanZandt, COO	VanZandt@gadental.org August 20, 2015
RFP analysis complete	September 10, 2015
Close Negotiations	September 28, 2015
Award Contract	October 1, 2015

15. GDA will provide answers to all questions and clarification required for the effective completion of Proposal Response. Depending on the nature and scope of the question, GDA reserves the right to provide any/all answers to all the potential Providers.

[SIGNATURE PAGE FOLLOWS]

By executing below, Provider acknowledges it has read and understands the RFP and will provide a Proposal Response no later than August 20, 2015 to Lisa A. VanZandt, COO at vanzandt@gadental.org in accordance with its terms.

ATTACHMENT 1

KEY TERMS SUMMARY

The following sets forth a summary of the key terms and conditions (“**Summary**”) of a proposed relationship between the Georgia Dental Association or a related entity and a selected procurement provider (“**Provider**”).

This Summary is not intended to be, and do not constitute, a legally binding obligation or commitment of either Georgia Dental Association or Provider, express or implied.

Overview of Relationship

The Georgia Dental Association (“**GDA**”) desires to provide its members who elect to participate in GDA’s member purchasing program (each a “**Purchasing Member**”) the opportunity to order certain products, equipment, supplies and related services (“**Products**”) at a discounted and sustainable price (“**Product Pricing**”) from qualified suppliers participating in Provider’s purchasing programs (“**GDA Purchasing Program**”).

Each supplier will be required to agree to provide to Purchasing Members the highest level of customer, installation, repair (including warranty repair) services each supplier makes available to any of its customers (“**Suppliers**”). The foregoing would also apply to certain existing Products and equipment Purchasing Members may be using as of the effective date of the GPO agreement (“**GPO Agreement**”). Suppliers will include suppliers currently providing Products to Purchasing Members (outside of the GPO Agreement).

The initial Products and pricing for such initial Products to be provided by Provider is described in Schedule A (“**Core Products**”). The description of the Core Products and related pricing will be modified by GDA and Provider as needed and, at minimum, on an annual basis; provided that in all cases the Products will be subject to approval by GDA.

Each Purchasing Member will order Products directly from a Supplier through a portal administered by Provider (the “**Portal**”). In addition to the Products, the Portal will include Provider’s full catalog of other products and equipment typically used by medical and dental practices which Provider would make available to Purchasing Members at the same prices offered to Provider’s other members (which would be at least 20% off the prices offered by the applicable suppliers to customers who are not members of Provider’s purchasing programs.) Each Purchasing Member will be solely responsible for payment for any products ordered or services received from a Supplier. GDA will have no responsibility to Provider or any Supplier for such payments or the actions of any Purchasing Member.

The initial term of the GPO Agreement would commence as of the date that the Core Products are available for purchase by Purchasing Members via the Portal at the prices and in the manner set forth in the GPO Agreement (“**Trigger Event**”), and continue for 24 consecutive months from the Trigger Event (“**Initial Term**”). The Initial Term may be renewed for two consecutive twelve months periods (“**Renewal Term**”), unless either GDA or the Provider notifies the other of its non-renewal in writing at least 60 days prior to the expiration of the Initial Term or any separate twelve month period during the Renewal Term (collectively the “**Term**”). Each

consecutive twelve month period during the Initial Term and each subsequent separate consecutive twelve month period during the Renewal Term will be referred to as a “**Separate Twelve Month Period**”.

During the Term GDA intends to maintain participation by no less than 300 Purchasing Members regardless of any individual Purchasing Member’s date of commitment to participate in the Purchasing Program or withdrawal from such Program (“**Minimum Member Participation Level**”).

Provider will provide the services described in the statement of work, which will be attached to the GPO Agreement (“**Statement of Work**”). Performance of the services by the Provider will be subject to certain minimum performance standards. Examples of such standards are described in Schedule B to this Summary (“**Key Performance Indicators**” or “**KPIs**”). Provider’s performance and the performance of the Suppliers will be reviewed and measured periodically by the parties during the Term (through a performance scorecard for both Provider and each Supplier (including results of customer surveys conducted by Provider with Purchasing Members) and adjusted as needed to properly address the needs of the Purchasing Members. Failure to satisfy all or certain of the KPIs may result in an event of default by Provider under the GPO Agreement entitling GDA to terminate the GPO Agreement or exercise certain other remedies such as reducing or suspending the Minimum Member Participation Level until such event of default is cured, if curable. The KPIs set forth in the GPO Agreement as of its effective date (“**Baseline KPIs**”) will be reviewed periodically during the initial six months of the Initial Term by GDA and the Provider to confirm the appropriate KPIs applicable to Provider’s services and the Suppliers’ services during the remainder of the Initial Term (“**Review Period**”). During such Review Period, Provider will not be subject to termination for failure to satisfy all or any KPIs. The Baseline KPIs must be confirmed by GDA and the Provider in writing no later than 30 days after the expiration of the Review Period.

If the parties fail to confirm the KPIs by such date, the Baseline KPIs will be deemed effective as to Provider and each Supplier for the Initial Term. Prior to the expiration of the Initial Term and the following Separate Twelve Month Period, as a condition of renewal, GDA and the Provider will evaluate and agree on KPIs applicable to the any Separate Twelve Month Period during the Renewal Term.

GDA may present information about the potential GDA Purchasing Program to its members and obtain such members’ commitment to participate in the GDA Purchasing Program in advance of the execution of the GPO Agreement, which commitment will be subject to a GPO Agreement being executed by Provider and GDA as described herein.

Provider will also provide such information, data and materials as requested by GDA including, but limited to, FAQs, Provider’s forecasted financial savings information for Purchasing Members and Provider strategic plan for accomplishing the forecasted financial savings and service goals of the GDA Purchasing Program during the Term for GDA’s use and presentation to GDA’s board of directors, advisors, user group and any other members GDA selects.

Reporting

Provider will provide GDA access to purchasing data of the Purchasing Members and performance data of Suppliers in the form, manner and times agreed upon by GDA and the Provider in writing. At a minimum, Provider will provide GDA a summary of such data via an electronic dashboard initially within 30 days after the effective date of the GPO Agreement and thereafter, update data on a weekly basis. GDA will have the right to inspect and audit purchasing data of Purchasing Members upon written notice to Provider. GDA may provide the purchasing data or any portion thereof to Purchasing Members as it deems appropriate.

Financial Terms

Provider will receive a monthly administrative fee from the Suppliers based on the Net Sales of any and all Products made by the Suppliers to Purchasing Members. For the purpose of the GPO Agreement, “**Net Sales**” means each Supplier’s gross sales from purchases of the Products by Purchasing Members (or by a Purchasing Member’s representatives, including affiliates, subcontractors, contractors, agents or other representatives), made or received directly or indirectly, net of any discounts and return credits within the applicable monthly reporting period.

GDA will invest funds and incur expenses to administer the Purchasing Program for its Purchasing Members. Provider will pay GDA an administrative fee to be agreed upon by GDA and Provider which will be a percentage of the monthly administrative fees Provider receives from all of the Suppliers, provided that the total amount of such fees will not be less than ___% of the annual Net Sales (“**Annual Aggregate Amount**”). At least 30 days prior to the expiration of any Separate Twelve Month Period, GDA and the Provider will determine whether or not GDA has received administrative fees equivalent to at least the Annual Aggregate Amount and if not, Provider will pay GDA an amount necessary for GDA to have received the greater of the Annual Aggregate Amount or the monthly administrative fees required under the GPO Agreement.

Provider/Supplier Services to Purchasing Members

Provider will enter into agreements with Suppliers to produce and sell products in amounts sufficient to meet each Purchasing Member’s purchasing requirements for the Products (“**Supply Agreements**”). GDA and each Purchasing Member will be an express intended third party beneficiary of such Supply Agreements. Certain terms and conditions in the GPO Agreement applicable to Suppliers will be incorporated into and made part of any terms and conditions applicable to the Suppliers under the Supply Agreements. Such terms and conditions will also be made part of any Participation Agreement that each Purchasing Member will be required to sign with GDA. The Participation Agreement will authorize GDA to contract with Provider to negotiate such Supply Agreements for the Purchasing Members’ benefit.

Provider will provide to GDA and the Purchasing Members a designated Provider employee to act as a single point of contact for issues related to or arising out of the GPO Agreement.

GDA or its designated affiliate or agent will establish and operate a call center to address Purchasing Members' complaints regarding the Purchasing Program. Purchasing Members will be instructed to initially contact the applicable Supplier directly, and if the complaint remains unresolved or is resolved unsatisfactorily to the Purchasing Member in accordance with the complaint escalation policy prescribed by GDA, the Purchasing Member will be instructed to contact the call center. If requested by GDA, Provider will use its best efforts to resolve a Purchasing Member's complaint regarding the Purchasing Program in a timely and professional manner.

Exclusivity During and After GPO Agreement

During the Term, Provider, its affiliates or any Suppliers (as a condition to participating in the Purchasing Program) will not solicit or make available any products or services, including the Products, to Purchasing Members except under the GPO Agreement; provided that if any Suppliers are providing products or services to Purchasing Members as of the effective date of the GPO Agreement, such Suppliers may continue to provide such products and services at the request of the Purchasing Member and if such products and services are, or in the future become, part of the Products, such arrangement will be subject to the terms of the GPO Agreement.

During the Term, Provider and its affiliates must refer any contact, whether express or oral, directly or indirectly made or received, from or regarding any individual dentist, dental school, dental service or management organization, dental practice, dental association or any other individual or organization affiliated with dentistry that has an interest in any purchasing program administered by Provider or any of its affiliates to GDA for potential participation in the GDA Purchasing Program.

During the Term and for 12 months after the date of expiration of the GPO Agreement or the earlier termination thereof, neither Provider nor any of its affiliates will solicit, respond to or negotiate a purchasing agreement that is the same or substantially similar to the GDA Purchasing Program or the GPO Agreement for any dental business. The foregoing restriction will also apply to Provider and its affiliates for 12 months after the expiration or earlier termination of the GPO Agreement.

Allocation of Responsibility and Liability

Each Supplier will be required to defend, hold harmless and indemnify GDA and each Purchasing Member for any claims related to or arising from the Products it provides. Provider and its affiliates will defend, hold harmless and indemnify GDA for any claims related to or arising from Provider or its affiliate's performance under the GPO Agreement or the Supply Agreements. GDA and certain affiliates will be additional insureds under insurance coverage agreed upon and maintained by the Provider.

Confidentiality

GDA and Provider will protect each other's Confidential Information (as defined below or further described in the GPO Agreement), using at least the same care that each uses to protect its own Confidential Information, but no less than reasonable care. Consistent with the terms herein, GDA and Provider will use any Confidential Information received in connection with this

Summary or the GPO Agreement solely for the purposes of documenting and negotiating a GPO Agreement and communicating with GDA members and for no other purpose. Except as noted in this Summary or the GPO Agreement or required by law, neither GDA nor Provider will disclose, publish or disseminate the Confidential Information without each of the other party's prior written consent to anyone other than (a) their personnel who have a need to know the Confidential Information and are bound by written agreements that prohibit unauthorized use or disclosure of the Confidential Information; and (b) their professional advisors, including accountants and attorneys. GDA and Provider will promptly return any Confidential Information of the other party obtained in connection with the matters contemplated by the Summary and the GPO Agreement upon the cessation of negotiations related to the GPO Agreement and upon the expiration of the GPO Agreement or the earlier termination thereof.

“**Confidential Information**” means any information that, by its nature, would be recognized or treated by the other party as confidential or proprietary, including, but not limited to: (a) the terms of this Summary; (b) any Product Pricing, information, designs, costs, prices, finances, marketing plans, business opportunities, personnel, research, development or know-how related to the GPO Agreement; (c) any information related to designs and manufacturing processes for the Products or to the provision of services; and (d) the identity, terms and conditions and existence of agreements with suppliers or any Purchasing Member. Confidential Information does not include any information that: (i) is or becomes generally known or available by publication, commercial use or otherwise through no fault of the receiving party; (ii) the receiving party can demonstrate that it independently developed without the use of the disclosing party's Confidential Information; or (iii) is lawfully obtained from a third party who has the right to make such disclosure.

Marketing & Advertising

GDA will manage, execute and pay for marketing plans and other promotional activities for the GDA Purchasing Program, including media placement, creation and production of marketing and promotional events and materials and for public relations. GDA will consult with Provider in connection with such activities. Provider and its affiliates will not use the name, trademark, service mark, logo or other indicia of origin of GDA, its affiliates or any Purchasing Member, past or present, in any marketing, advertising or promotional activities without the prior written approval of GDA.

Schedule A
Product Schedule and Pricing

Dental Supplies

Adhesive/Etch (bonding agent), e.g. phosphoric acid/Optibond
Lidocaine HCl 2% Epinephrine
Septocaine
Derma Dam 6 x 6
Disposable Prophy Angles
Gloves
Composites
Amalgam
Impression Material (alginate and PVS)
Etching Tips
Burs
Implants
Sterilization supplies (including pouches, wraps, tapes, ultrasonic solution)

Office Supplies:

1. Chair Covers
2. Tray Covers
3. Bibs (self-adhering and clip-on)
4. Ink and toner and printer paper
5. Paper products (such as paper towels and tissue)
6. Masks
7. Scrubs/uniforms
8. Computers

Note:

1. The specifications (ex. SKU's, model numbers and other identifying information) for each of the Products listed in this Schedule A will be finalized and agreed to by the parties prior to execution of the GPO Agreement.
2. Provider must secure pricing for the Products from Suppliers at a price equal to at least 35% off the price normally extended by suppliers for the Products to non-members of Provider' purchasing programs, including without limitation, to dental practices and members of the dental community in general.

Schedule B

Key Performance Indicators for Provider and Suppliers

The following Tables 1(a) and (b) define the manner in which each KPI is measured, and the weight assigned to each KPI.

Table 1(a): Provider KPI Measurement and Weighting

<u>KPI</u>	<u>Measurement</u>	<u>Weighting</u>
Cost Savings	TBD	__ points
Purchasing Member Surveys	(number of Purchasing Members' responses to customer service rating survey as either "highly satisfied" or "satisfied" with GPO program) / (total number of Purchasing Members)	__ points
Purchasing Member Complaints	(number of complaints received from Purchasing Members at call center or otherwise) / (total number of Purchasing Members)	__ points

Table 1(b): Supplier KPI Measurement and Weighting

<u>KPI</u>	<u>Measurement</u>	<u>Weighting</u>
Order Acknowledgement	(number of orders for which Supplier gives Purchasing Member e-mail notification of Supplier's receipt of the order no later than the date and time specified in Statement of Work) / (total number of orders submitted by Purchasing Members)	__ points
On-Time Shipment	(number of orders shipped on time) / (total number of orders submitted by Purchasing Members)	__ points
Order Accuracy	(number of line items in orders with discrepancies between the quantity ordered and the quantity shipped) / (total number of line items for which Products are shipped)	__ points
Packing Slip Accuracy	(number of packing slips containing discrepancies) / (total number of packing slips)	__ points

Quality Defects	1 - [(number of units of Product failing to comply with Purchasing Member's specifications) / (total number of units of Products received by Purchasing Member)]	__ points
Invoice Accuracy	1 - [(number of invoices received containing errors or discrepancies) / (total number of invoices received)]	__ points

Based on the KPI formulas defined above, Provider will (a) track and measure the quality metrics listed above on a daily basis, and (b) report their performance (and each Supplier's performance as part of Provider's Scorecard) monthly to GDA using the Scorecards set forth below in Tables 2(a) and (b) as applicable. Tables 2(a) and (b) contain numerical examples illustrating the calculation of the total score.

Table 2(a): Provider KPI Scorecard

<u>KPI</u>	<u>Weighting</u>	<u>Attainment</u>	<u>Score</u>
Cost Savings	__ points	__%	__
Purchasing Member Surveys	__ points	__%	__
Purchasing Member Complaints	__ points	__%	__
Total Possible Score/Total Score	__ points	__%	__
Overall Attainment			____%

Table 2(b): Supplier KPI Scorecard

<u>KPI</u>	<u>Weighting</u>	<u>Attainment</u>	<u>Score</u>
Order Acknowledgement	__ points	__%	__
On Time Shipment	__ points	__%	__
Order Accuracy	__ points	__%	__
Packing Slip Accuracy	__ points	__%	__
Quality Defects	__ points	__%	__
Invoice Accuracy	__ points	__%	__
Total Possible Score/Total Score	__ points	__%	__
Overall Attainment			____%

Weighting: For each individual KPI, the weight assigned to such KPI, as defined in Table 1.

Attainment: For each individual KPI, Provider' or the Supplier's actual performance during the applicable month, as defined in Table 2.

Score: For each individual KPI, the number obtained by multiplying the Weighting by the Attainment during the applicable month.

Total Possible Score: The sum of all of the individual KPI Weightings.

Total Score: The sum of all Scores for the individual KPIs during the applicable month.

Overall Attainment: The quotient obtained by dividing the Total Score by the Total Possible Score during the applicable month.

Tim...

Great to see you a few weeks ago in NYC!

I wanted to bring a quick P&G issue to your attention. In their effort to 'un-do' their 'epic fail' on the annual plans a few years ago, our friends at P&G have decided to come out with three new packages for customers who are interested in buying combo packs of brushes, floss & cavity rinse. The put-ups include (I think) a half-gross of brushes, floss, and cavity rinse. The price is cheap (\$72), and the margin is about 20% (actually, it ranges from 15-20%, depending on the customer's volume). Anyway, the issue is that the package weighs about 25 pounds, because the cavity rinse is a liquid.

When we did a quick back-of-the-envelope calculation, it looks like this..

Selling price: \$72
Gross margin (20%): \$14
Commission @ 25% of GM: \$3.50
Shipping a 25 lb box two UPS zones: ~\$9

I think you see the issue: we (all of us) are going to lose money on every box we sell (I guess they figure we can make it up in volume...). When we at Benco called this issue to the attention of P&G management, they replied that no one else (i.e. you, Schein, Burkhardt) seemed concerned about it, so they're not going to make any changes. Our feeling is that we distributors either need more margin, or P&G needs to take out the cavity rinse.

I'm not telling you whether or not Schein should sell the product, that's your call. But I am giving you the heads up in the hopes that you'll make someone on your Marketing team aware of the issue, and then maybe bring it to the attention of P&G management. But please don't

mention this e-mail to your team, I'd rather it not get back to Amy Moorman that I put this issue on your radar.

Thanks, all the best for a strong end-of-year push!

Take a look at this attachment, the Dean of UDM gave it to me. Dr Aksu's take on it was they were starting a buying consortium by leveraging great Expressions purchasing power.

Let me know what you know about this. Also if Benco will be participating in this buying program. Dr. Aksu thought that Schein would be.

Honestly I wasn't writing as part of a marketing tactic, simply correcting a misunderstanding as I know you meet a variety of people in the industry.

Between my first note to you and your reply, we have introduced our plan and have received, or are about to receive, written offers from various parties.

I believe in respecting those offers and submitting them to the Kois students for consideration before pursuing a new relationship, out of respect to the others and to you.

From what I've read and heard, sounds like you run a fantastic business and I hope we'll find something in the future we can do together.

Best,

Its not a buying group in the sense that you would be familiar with the term because we'll end up paying you more, not less, margin for your products over time.

The recovered margin comes from revenue we deliver to dentists which conventional buying groups are not organized or able to deliver.

That's why other distributors are pretty intrigued by what we are doing.

Having said that, I wish you success in your business and thank you for your reply.

Sales

[Gerald Barto](#): [@\[Sales\]](#): there has to be some program that we have (even if made up) for what just happened to me. I had two separate offices. One was owned by Dr.. He was partial owner of the other one along with another Dr. I tried to get 6 other offices under partner sharing but I couldn't because it was mixed with different owners. It worked in reverse because Patterson gave my two offices same deal that the 6 offices had. Confused? Well I'm frustrated and just wanted to get off my chest. One Dr. was fighting for me to get all, instead I lost two. You would think there would be something for me to (and Benco) to get 8 offices but billed to one office blah blah blah

2/22/2013 5:40 PM | [Like](#) | [Comment](#) | [Follow-up](#) | [View](#)

- [Jeff McAdoo](#): Do all six offices have common ownership? I know that there are different owners associated with each office, but is there one Doctor or corporation who owns a piece of all six? If so, I would think you should be able to set up a single account with six

different ship-tos.
(2/22/2013 10:33 PM)

- Gerald Barto: No Jeff. That's the problem. It's all intermixed (is that a word:). You just said it. Has to be one owner. It's confusing to say in print. Thank you for your reply. Sometimes programs should be able to be tweaked to get large quantity of supply business
(2/23/2013 12:59 AM)
- Patrick Ryan: To be recognized as one customer, one of the following three situations must be happening.
 1. All of the offices are owned by the same entity and everyone is an employee
 2. A single entity owns the hard assets of the practice (building, lease, equipment, etc) and a doc or multiple docs own each "practice" (the charts essentially)
 3. A single entity has a minimum of a 51% stake in all the practices but may have multiple minority partners

Anything other than the scenarios above is a "buying club" or GPO (group purchasing organization). Benco does not recognize GPOs as a single customer. GPOs are what runned the medical supply business and why they work on single digit margins. If this door is ever opened in dental, its all over for all of us. It may seem like "oh, why not? Let's get a bunch of cotton rolls", but picture a day when every single customer of yours is in some kind of buying club and all margins are now 12% over cost and its a race to the bottom. It doesn't catch on here, because so far,
(2/23/2013 12:13 PM)

- Patrick Ryan: all of the major dental companies have said, "NO", and that's the stance we will continue to take. If this doesn't make sense to anyone, call me and I will explain in detail
(2/23/2013 12:14 PM)

Sean Rokita: @[Sales]: I am currently working with a Dr. who has Cerac, EagleSoft, Schick and the XG3. Patterson came back to him and basically "offered" more competitive pricing and support with Patterson Stuff mentioned above! Any suggestions on how to combat this? Thanks and Go FLYERS

2/22/2013 4:00 PM | [Like](#) | [Comment](#) | [Follow-up](#) | [View](#)

- Gari Calvert: yeah - why didn't they offer that in the first place? I've always brought that to a cusotmers' attention when in a competitive situation and I always say "if they are willing to give you that now, why were they not giving it to you before?" I've lost a few on this conversation but won MANY. Not much more they can do with CEREC/Eaglesoft/Schick/XG3 anyway. They are probably on the monthly service contract with all of them and there is nothing that they can do more than that. Hope that helps!
(2/22/2013 6:39 PM)

- Stephanie Starer likes this.

- Donald Ellerton: Very sage advice Gari

(2/23/2013 3:56 AM)

Matt Hogan: @[Sales]: I just called the manufacturer, Sota, to request a demo on the ebite illumination system (similar to Isolite). Sota said they no longer sell that product and directed me to some website of a company from overseas who now sells it?? What is that about? This is stuff we need to know before i tell a customer we have an option and then embarass myself when we dont. Who can get me some info on whats going on here? Thanks mjh

Group Purchasing Organizations.

They aggregate the purchase volume of unrelated entities in order to leverage price. We do not recognize them. GPOs are why medical works at the margins they do.

My suspicion is, that if Schein's prices are that high, then there is a kickback back to Premier, which we are not going to do. There also probably is a membership "fee".

Also, it obligates us to all their terms and conditions and obligates us to that and pricing to EVERY entity that is in their system.

No thanks.

Hi all,

After going through this with legal and Chuck, the determination is that this is a buying group.

The fact that they created an LLC (it's not a PLC) and put \$50K in it is meaningless. The practices are still all independently owned and operated, and the LLC has no ownership whatsoever of the practices (even the hard assets)

We're out.

Pat

Attached is the opportunity I picked your brain about. They claim to not be a buying group. The bid deadline is 4/5. Please let me know if this is something I can pursue.

I have 2 local reps covering the area and suspect some of their customers may fall under this; we don't want to risk losing them. The list is not that big and we can do the bid locally if time and resources is an issue.

Thanks for your feedback.

Subject: RFP for ADC, PLC

Dear Zhao,

We, the members of Atlantic Dental Care, PLC, are formally submitting a Request For Proposal (RFP) to you in electronic form. This is for your review, completion, and submission back to us in electronic form. Please explore the guidelines specified in the attached RFP as this will facilitate comparison between vendors. The contact information and email address you are to use are specified in the attached RFP. The second attachment is an Excel spreadsheet listing highly specific common products our members routinely use. It is important that you note columns D and E. We are asking for your "Catalog Price" in column D and the "Extended ADC Price" in column E.

Our goal is to secure a one year contract that allows our 53+ dentists members to benefit from significant savings, while all parties enjoy a solid trusting business relationship and steady predictable volume. ADC, PLC is composed of 32 select practices that display high standards, solid business management, and is currently in a controlled growth phase. A recent review found our members' supply orders were in excess of \$3.5 million.

We will be comparing the multiple vendors' responses April 5, 2013 and are hoping you will give us the privilege of adding your figures to this process.

Respectfully,

ADC, PLC Procurement Board

Atlantic Dental Care, PLC

Good Morning Ron,
I sent in the contract and deposit of \$1000.00 on 7-19-13 per your request. Benco was assigned space 757 (20'x30' island) and I sent in the balance of \$8200.00.

Cancellation of Exhibit Space
All booth cancellations must be submitted to the TDA Exhibits Manager in writing. After TDA has been given a written cancellation notice, TDA reserves the right to re-assign the booth space.
Refund schedule is as follows:
50% refund of monies paid to TDA if cancelled by October 26, 2013
No refund after October 26, 2013

Brian,

Following up on my vmail. I hope you are doing well. Wanted to keep you apprised of our newest competition in AZ. AZDA! They have partnered with Source One Dental to provide dental supplies.

Can you let me know if Source One is an authorized dealer of Dentsply?

I have communicated with our competition at Schein and Patterson and we are all of the same mind that we will not be supporting a competitor's meeting next year.

Let me know your thoughts.

Best,

Mike Wade

It's up—it's running, and AzDA member dentists are saving BIG TIME!

Several orders have already been placed. In fact, one member dentist placed an order last night for \$592.76 (free standard shipping, as always). The savings was \$195.61!! That's 20% of their 2014 AzDA + ADA dues recouped in just one order!

Get your ADA number and check out how much you can save right now at

I had the same thought and asked Kirk if I asked him the same question 2 years ago, would he have given me the same answer. He said no, that the pace of things getting difficult has accelerated greatly in the past 2 years.

But in reality, it's hard to know what he might have said if asked the question 2 years ago. Everything was better in the past.

Interesting squared.

Re: Kirk's comments...

He may be right, that things are more different today than ever before. But his comments seem similar to comments that every sales rep makes as he/she ages. I think Joe Dellarte said the same thing 20 years ago. It's a function of (1) the TR getting older, (2) the TRs customers getting older and retiring, and (3) the older TR having trouble making relationships with the new, younger customers.

The one TR that I think is the exception to this rule is Dave Jacobs: I've worked with him, and young dentists LOVE him. It's amazing...

Interesting. Meanwhile, I just got off the phone with Kirk Jansce, one of my favorite Benco TRs, who called me with an idea.

After we got done with the idea, I asked him about things, and he said in 35 years it's never been as difficult as the past 2 years. He said there's more competition and less loyalty than ever before, and that younger dentists have no loyalty whatsoever.

He also reads dentaltown and noticed tremendous backlash against traditional distributors. I have not been keeping up on Dentaltown but I will go there for another look.

Rick...

If you're looking for brilliance here, I'm not sure that I can help. The good news is that, historically, these dental association-led buying groups start with a bang and run out of steam pretty quickly, because the value just isn't there for the customers who sign up: delivery is slower, prices aren't much better, they don't have the infrastructure (Painless, etc.) to make the ordering easy.

Here's one idea, though it's a little risky: right now, you're competing with an unknown, so it's hard to figure out what to say. You might try encouraging one solid customer to sign up for the program and use it for a month or two, and share the experience and invoices with you. The risk is that the customer is happy, and you lose the customer. The upside though - - - even if you do lose the customer - - - is that you'll gain real insight into how the program actually works, day-to-day, and be able to craft a response that's based on a real customer's experience, rather than the pitch from the TDA.

I can't tell you that I've tried this idea, and it has worked. But I can tell you that it should work.

Happy to discuss in a phone call, if you'd like...

Thanks.

Good afternoon Brian & Irene- hope all is well and you are gearing up for a lovely Thanksgiving! Snow is supposed to start here tomorrow at 7:00 AM

We are reviewing dates for 2015 seminars and I want to confirm that we have September 11, 2015 booked for Dr. Kois @ CenterPoint West.

I also want to see if June 24, 2015 is available to bring in Gordon Christensen?

So please let me know availability of 6/24 and confirmation on 9/11 ASAP>

Once we get marketing material together for Kois I will send out to the RM's and TR's. If you want to have a discussion prior to let me know. Pricing will probably be a bit higher this year over last year- but not by much.

Thanks for your help, talk to you soon. Have a great holiday.

Subject: RE: Just a reminder: Advantage Dental

Regarding partial ownership, they would need at least 51% ownership for us to provide supplies at a discounted rate to their practices. This % is in some of our other customer contracts (such as Heartland). Not sure if they can make the 51%. Anything short of this amount, especially a very minor ownership equates to a buying group, and you know how we can't do buying groups.

Thelma,

I just wanted to drop you a reminder note on the two Advantage issues:

1. Can we get Dentrix at NC for them or close to it?
2. Need a definition of 'partial ownership' and what documentation we would require for them to add offices. This is important because they have 900 offices that they provide consultation services to and could find ways on paper to make it look like they have some ownership so we need to tie down a definition that represent real ownership and real proof.

Jan. It was great meeting you last week and reviewing your plans for Unified Smiles.

Unfortunately, unless you have some "ownership" of your practices Henry Schein considers your business model as a Buying Group, and we no longer participate in Buying Groups. Buying Groups cause a lot of friction within our private dentist segment as it leads to unwarranted lower pricing for EXISTING customers.

If you can show ownership, then Unified can qualify as a Special Markets DSO, just like Great Expressions. We'd be happy to work with you under this type of arrangement. However, initially we cannot offer a plan as aggressive as GEDC's. That plan is based on \$5M + of business with negotiated pricing from our vendor/suppliers based on GEDC's proven volume. Special Markets does offer some starter plans, such as our P-10 plan. This plan consists of approximately 4,000 deeply discounted items and with discounts of 10% off Schein's catalog for all items outside of these 4,000 items. As Unified expands we can move you from a P-10 to a P-15, P-18, P-20, and eventually to a customized formulary. As an owner/partner you could drive compliance to achieve the best plan.

I've attached our minimal requirements for ownership as we are not talking 100% ownership. I'm at my desk all week if you'd like to discuss.

Happy Holidays!

Hello Jan,

Of course, I definitely remember you. :) It's so wonderful to reconnect with you again!

We certainly welcome the opportunity to meet with you and review the services we have available for your dental practice. Would you be willing to tell me a bit about your practice needs so I can direct you to the appropriate Schein team members? Do you have one location (private practice) or multiple locations with a Corporate Office? (Dental Service Organization)

Thank you,

Jo Ann Levandowski

Subject: Request for Meeting

Hello JoAnn,

I am not sure if you remember me but we were introduced many years ago when my husband and I owned the majority stake in Great Expressions Dental Centers. That was many years ago and things have certainly evolved and changed. As I am sure you are aware we sold all of our remaining interest in GEDC in October this year. We are very appreciative of

all the excellent services that was delivered by Henry Schein and the wonderful team that serviced our account, you all were certainly a significant part of the success we realized.

Well, the reality of the matter is we have moved on and we are currently in the process of developing a new relationship in the dental industry. We would like to discuss this business development and Schein's potential role. I would like to schedule a meeting to further discuss opportunities in person. Would you be available to meet sometime between Dec 12th and the 22nd? I look forward to seeing you again.

Thank you,
Jan Knysz

Subject: FW: MB2 Dinner

Daniel had his meetings yesterday with MB2 and bkfast will be taking place shortly. They're resisting the rebate issue as well as the new plan. They stated that Smile Source gets supplier support. I know this is true because I saw a Denstply flyer for SS customers showing different pricing based on volume. The flyer was for each of the SS customers—not for SS it its entirety.

Sent: Friday, July 11, 2014 8:41 AM
To: Hobson, Daniel
Subject: RE: MB2 Dinner

A couple of issues. 1. Two of our vendor partners have approached us about DG, one while meeting out in Melville. They too will not support this AT THE SAME LEVEL that they support our DSO's, like MB2 itself. Thus we cannot cover the DG practices under the MB2 plan. Even having the name DG instead of MB2 is a huge red flag for a GPO. So far we have been able to calm our FSCs who may lose margin when a customer moves to DG. Patrick Gill of all people should understand this FSC issue. What we don't have control over is when DG converts a competitor's customers. Those sales reps are the ones that are running back to the supplier partners. Again, this should be no surprise to Patrick.

2. New pricing plan is still very aggressive and similar to what we once provided Smile Source. We ended the Smile Source relationship when they became more of a GPO than a 'management company'.

3. Yes, some suppliers are offering special pricing (but not at the level of MB2 and other DSO) to SmileSource customer. It's more of buy \$x amount and we will offer this discount or rebate.

In their PVA we state "that practices not owned in whole or part by MB2 must have a formal affiliate agreement in place with MB2.the primary relationship will comprise of business management services and shall include the ability to require offices to comply with the purchasing commitment and payment terms in this agreement.". Can they show us their formal agreement? Do they have a list of business management services offered to these affiliates—is it in their agreement?

Also, "this agreement may not be used to grow any GPO type relationship which is defined as a relationship whose purpose is to generate revenue for the parent company by allowing others to benefit from the terms of our PV relationship".

If the DG practices are really receiving only GPO benefits, then they are in violation of the agreement and we obviously won't pay rebates

based on the DG practices. If the DG practices have formal business management agreement then they may have an argument here for rebates. Even in this situation, for Schein customers that move to DG, their historical sales numbers would be added to the base year to calculate any rebates. So, we would adjust the baseline for 2013 and then DG would only be paid on actual growth.

They know what they are up to and we are not shutting them down. We're making adjustments as they push the envelope. OK?

Randy,

Meeting went as well as it could. They are frustrated and say others are doing it. I told them about the new plan. They did say that there understanding was that the agreement covered a rebate on Dental Gator sales. I told them that was not my understanding and they wanted me to check on it. They said that it was very clear in the negotiations of the PVA. I will call you in the morning. We are having breakfast in the morning I will call before.

Cc: McHugh, Lynne; Peterson, Chris
Subject: Smile Source

JB,

Hal and I met this morning. He didn't even thank me for the coffee!! :)

I think we agreed on the following, Hal please confirm:

- neither of us support concept of buying groups. Whereas it may benefit SM to some extent, the risk to overall HSI (due to having 40% share in market) for margin erosion, image, as well as other competitors then following suit and huge price war breaks out.
- neither of us want to lose SS as an account. They are \$1 million and growing.

- Hal is still gathering details and having discussions with SS corp about how to manage expectations and risks to our core business. This is risky as they want to push forward, but we need time with them to create a win-win plan going forward.

- I will send a message to Scott S letting him know that we are still working with SS on a mutually beneficial plan. Ask that he continue to hang tight while this is being resolved.

- I am inclined to "allow" this account to join (not that its up to me/us) and see what happens. Afterall, Scott and HSD (per Hal) only get about 30% of this accounts business today. So, if theory works we would get 100% at lower margins, but all parties win in overall GP \$'s.

Thoughts?

Tim

It was good seeing you. On my flight home, got on an earlier one. I really do appreciate how you give me exposure to Stan, Jimmie..... I am feeling a little stressed as John is in high gear, and I have a lot of customer issues that have piled up.

Regarding Smile Source, I do like how they can promote hi-tech to their customers but don't have to worry about the investment. Unlike our DPM's who have a tough time coughing up their dime on technology, the Smile Source private practice takes the risk based on SS's advice/support. Almost ready to land.

I think they are and can be a great partner. Here is the issue the way I see it. If they take on an HSD account that volume plus the new growth moves to HSSM. Not good

If the account is not a Schein account, than it winding up in HSSM not a big deal.

If dentistry follows the vision model, than as the DPMs continue to grow, the private office is going to look for something like this to compete in the areas where DPMs are advertising

This is one of those cases where HSSM weds to act as a national account role, where we manage the relationship and the local area gets credit. Trying to figure this out, because we want to be able to get the lower costs from the manufactures which is hard if the group doesn't fall in our group. I'm thinking something like how about if this stays in HSD, but somehow (don't know how yet) we do the chargeback through HSSM and HSSM keeps the chargeback for managing the account??

Something to think about. But I did learn that this is no buying group.

Be Safe and Have Fun

Hal

HENRY SCHEIN SPECIAL MARKETS
Hal S. Muller
President

631-390-8150

Jim- Tim- Hal
Afternoon Tea
(These are just my thoughts for the meeting)

I had two topics- Mid-Market & Buying Groups

MM:

From Hal's view:

The definition for us:

Elite – groups of 20 or more offices doing \$1M+

Choice – groups of 10-19 doing over \$500k (SM-MM)

MGP- groups of 2-9 offices doing over \$150k (HSD-MM)

Sir Dentist—the majority of the business—HSD

Non-Groups-

CHC- community health and the buying groups that sell to them (SM-MM)

Other- Mostly schools, trade and hygiene (SM-MM)

For now the SM coded accounts are being dealt with by SM inside sales and SM terms of sale. HSD MGPs are therefore under HSD inside sales and terms of sale.

The Good-

the business is growing, mostly in current accounts
the team is up and running

Open issues:

Confusion over who is doing what

(need to spell out a few more rules of engagement)

Confusion over cost centers

Alignment of MGP team and equipment teams

Resistance of MGP team to move leads up to SAMs

Coding and Pricing (again need to put some rules out there)

What does WA do / what does Melville do

Brian will help with guiding the 3- especially Jason

What does shared service really mean.

How much is Hal and Randy really needed here?

Buying Groups:

Do we keep saying no?

What do we do with Dental Gator, Smile Source, others?

On Gator, we have backed them off social,, the last group they identified we took direct--- MB2- enterprise issues

Burkhart is getting in with them, is this hurting the west coast?

Subject: RE: Smile Source
Attachments: Smile Source Presentation Oct 2010.pdf

Guys. I'm presently stuck in Detroit as we got hit with just under a foot of snow last night, and ice is on its way. Doing my best to make it to tomorrow's meeting. (can't get out of my neighborhood).

I scanned in Smile Source's presentation to Hal, Tim and I back in October. Per my notes from that meeting:

- Members sign a 5 year franchise agreement
- They target the best practices in an area. Their current members avg. \$1.7M
- Provide cooperative/shared marketing for their members.
- Hold monthly meetings for their members where we can introduce products/equipment.
- John Wallitschek, DDS works closely with their members in introducing the latest technology (E4D, ICAT) and merchandise (Camlog/Ace, Ortho Organizers).
- As per slide 10, 14 of 23 members were not previously Schein customers
- They can increase Schein's % of business with new members who are currently Schein customers (eliminate cherry picking from other distributors-direct companies)
- Regarding pricing, they will show a prospect their potential savings in supplies by moving to Smile Source (they do all the work). They then call us when they've signed on a new member, we enroll them in our pricing plan, assign an FSC.

Rick Heysquierdo on my team was their main contact. All Rick would do is have our Inside team assign a new SS customer to our P20 plan and then assign an FSC.

Hope this helps.

Vision Source!

CONFIDENTIAL TREATMENT REQUESTED

CONFIDENTIAL - FTC Docket No. 9379

Henry Schein-000130322

Company Overview

- Founded in Houston, Texas in 1991
- North America's largest and most prestigious network of over 2,200 independent optometric franchises
- Membership includes over 4,400 independent doctors of optometry (including current and past officers of national, state and local optometric associations)
- Currently have franchises in all 50 states in the U.S. and Canada

→ Lens Crafters
#192
→ Walmart

Focused on creating a national network of private practitioners who are philosophically and ethically aligned and provide them with competitive advantages that offer the opportunity for continued growth, profitability and ongoing practice success

Attractive Value Proposition for Franchises

Unmatched Purchasing Power

- Average discount of 30% from list pricing on a broad variety of optical products for franchises
- Contracts for optometry lab services at average discount of 40%
- Maintains discounts through exclusive vendor partnerships with leading optical firms

Professional and Staff Development

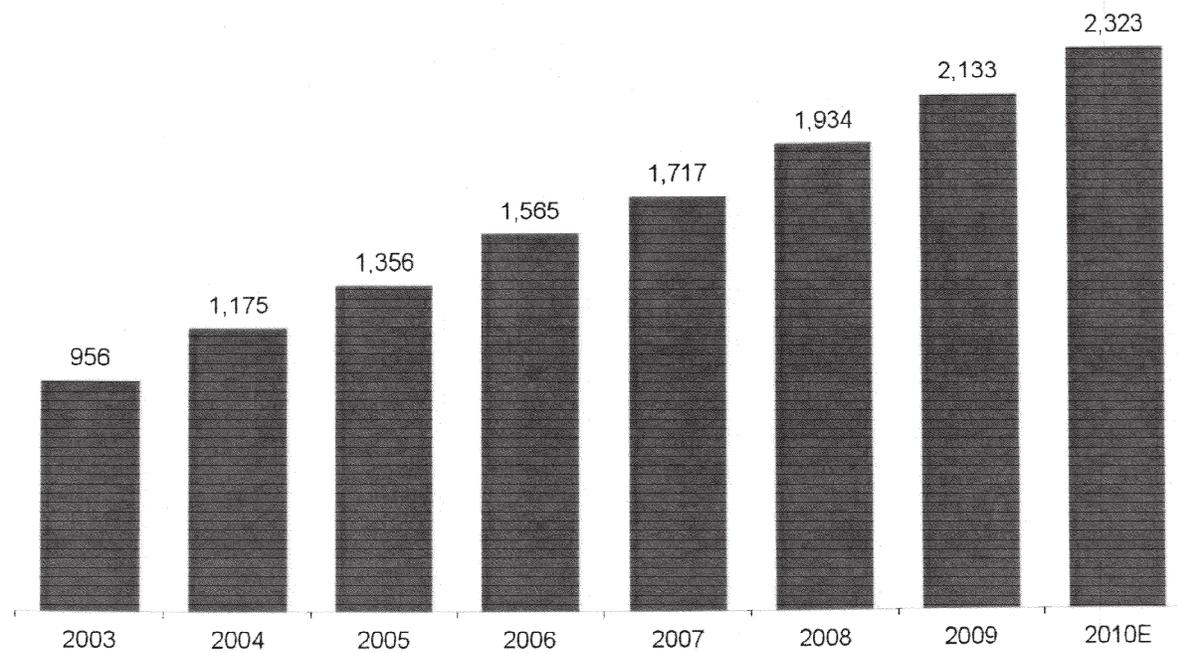

- Model allows for the sharing of ideas and best practices on local, regional, national levels
- Work with 160 Administrators (who are independent optometrists, leaders in the industry and franchise members), to promote the Company
- Professional development programs and variety of workshops

Practice Development

- National and office websites
- Cooperative marketing programs for regional franchise groups
- Promotional eye health awareness materials and customizable office materials

Consistent Growth in Franchises

Annual Total Franchises

Note: Includes Vision Source and Smile Source franchises.

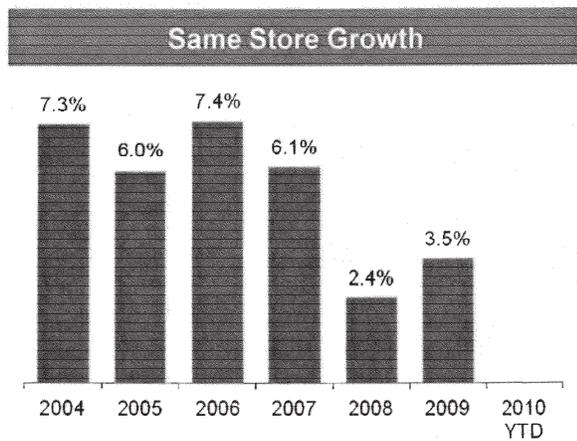

Vision Source!

CONFIDENTIAL TREATMENT REQUESTED

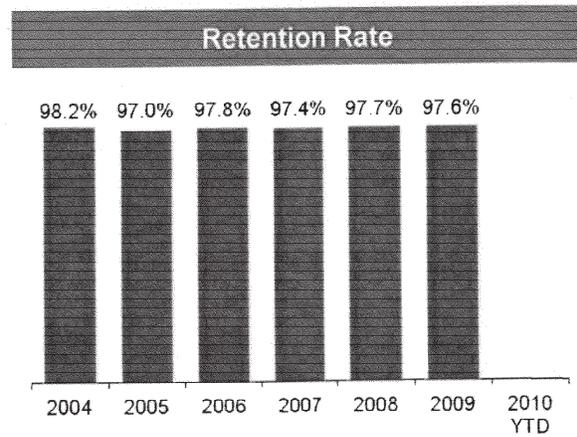

CONFIDENTIAL - FTC Docket No. 9379

Henry Schein-000130325

Outstanding Franchise Results

- Franchises have averaged 5.5% same store growth since 2004
- Optical retail average over same period has been 2.5%

- The Company has experienced retention rates of ~98% since 2004
- Over a third of cancellations are due to passive behavior (office closure/sale, merger, etc.)

Smile Source Expansion

Dentistry vs. Optometry

Knowing how Vision Source provided an opportunity for the private practice Optometrist to compete successfully with the large, Corporate Entity.....

And recognizing the similar challenges currently facing private practice Fee For Service Dentistry.....

Vision Source created Smile Source!

Subject: Steadfast Medical GPO

Greetings Folks,

Please see the email below... bottom line, Steadfast Medical is a double whammy; a GPO that is also a 100% procurement service. They are set up under SM, but when we examined their business practices, it became clear that they were cannibalizing existing business and reallocating HS orders to our competitors.

Since this GPO HQ's is based in Dallas, RAM, Kip Rowling will be taking the lead on field follow up. Kip will be sending RM's and FSC's a list of accounts in their area that were ordering supplies under the Steadfast Medical parent account. Their members are virtually all OS & Perio offices/groups. We collaborated on an FSC call to action, which includes advice on professionalism (got to be a bit careful here), utilizing our SSC's, and presenting their docs with the OS/Perio formulary.

Thanks and let me know if you have any questions.

Warm Regards,

Kathleen Titus, Strategic Account Manager Western Zone

Subject: FW: Joe Cavaretta will be in Dalls May 8,9 and is hoping to meet with you then... Follow to my email of 4/22/14

Greetings Jon,

After examination of your GPO business model we have concluded that continuation of our current relationship is counter to our business practices. Unfortunately, it is my duty to inform you that effective this Friday; 06/13/14, Henry Schein will no longer support the fulfillment of Steadfast Medical supply orders.

If at some future date you are interested in exploring an exclusive relationship with Henry Schein, we would welcome revisiting a mutually beneficial partnership. In fact, in the event I have overlooked or misunderstood some aspect of your business, may I invite you to discuss our guidelines for our Managed Support Organization/Dental Support Organization (MSO/DSO) customers?

I wish you all the best, Jon. Know I am available to you at any time.

Warm Regards,

Kathleen Titus, Area Director Managed Group Practice

Subject: Joe Cavaretta will be in Dalls May 8,9 and is hoping to meet with you then...

Hi Jon,

Hope your week is going well. Recall we were discussing a live meeting with you and your team? I spoke with Joe Cavaretta today and he tells me he will be in Dallas on May 8,9. Would you be available to meet with Joe? I have given Joe a recap of Steadfast Medical, updated him on our call and provided him with the necessary reporting to understand the impact to our (mutual) business. Joe and I agree, in order to continue to support your growth, we'll need to have a better understanding of how you allocate to the distribution network and discover if there is way to create a better collaboration that provides prosperity to all the stakeholders.

Would you kindly let me know what your schedule looks like and I will coordinate with Joe's Admin. I would think 45 min would be adequate. I know you will find Joe to be extremely open minded and anxious to learn more about your model and relationship with our mutual clients.

Warm Regards,

Subject: FW: Our meeting today PGMS

Hello Guys,

I s/w Joe today about the agreement. Tim was not in favor of it. I get that. We all had similar reservations. I s/w both Kathy and Juan.

They both said they were blown away by Schein and stated we really opened their eyes to what an incredible company we are. Both said exactly the same thing... they want to keep the door open. Dr. Luque is already engaged with Maritza Alford, so hopefully that will blossom.

As for the build out, I suggested a compromise (see email thread below for detail). Dr. Luque said he is pursuing a back-up plan with our competitor. If that relationship solidifies, I would guess we are out.

I'm sorry, folks. I hope, like me, you see this as a learning experience and have a better feel for these consulting groups and GPO's that are popping up. If nothing else, we are starting to establish some real policies that will guide us well into the future. I'm so proud of you and how you presented our org. We blew them away and gave them cause to question anything less.

kt

Tagging this email on to an inquiry for status from PGMS just this morning...

Just delivered the news moments ago to Kathy Khalik. She was absolutely gracious, but clearly devastated. I explained if there was a time in the future they become an MSO that could demonstrate compliance, we would be pleased to revisit. I offered her the compromise Tim suggested to enroll the fully owned locations in a SM program. She is going to discuss it with her team and wants to circle back this afternoon. For what it's worth, I am completely comfortable with yours and Tim's decision. In fact, it's the first time we have had the opportunity of having Tim's input on something of this nature. I'm so glad to have our leader make thoughtful decisions that affect our future.

All good, Joe. Thanks for all you do to support me. I will let you know if there are an updates. I will also let Brian and Glenn know what's up.

Hi Katleen, I hope every thing is going well with you. We had a meeting yesterday with our existing practices and also with some possible investors for infinity. We need to have an answer from you ASAP because we need to find about equipment and future supplies for our offices and management group. As you know we had a solid proposal from another company and I would like to put this together and start soon. Please let me know what is happening with your proposal. Best

Hello Folks,

I was hoping to have an agreement in your hands before 5pm today. Unfortunately, I'm writing to ask for grace for a few more days.

I am hopeful, we'll have final approval by our executive team so we can submit to you for review on Monday.

I know you have people anxiously awaiting the agreement. I promise you this is high on our priority list as well. Thank you in advance for your patience. I believe the result will be worth the wait! Hope you all have a fantastic weekend!

Subject: RE: Our meeting today

Hello Team PGMS!

What a class act you are indeed! A special thank you for making the trip to our center. We felt it was very productive and are also excited. We envision wonderful opportunities to align our organizations and enhance the business of dentistry.

The consensus of the team is to move forward with a proposal. My goal will be to have a draft to you after the holiday. There are some novel aspects as it applies to Barry's mention of the affiliation with Zahn Dental. My intention is to reach out to Rita Acquafredda in the next few days to inquire about collaboration. Regarding our condition of exclusivity, we will make this as comprehensive an offer as possible, with the codicil that there are unique product and services that Henry Schein does not provide. Per our discussion the agreement will include, but not be restricted to the following;

- * Dedicated Executive Management/Field Sales Support/Inside Sales Support
- * Business intelligence (Dental Practice Analysis), corp business reviews
- * Leveraged pricing across multiple verticals, equip/technology/software/supplies/lab(tbd)
- * Preventive Maintenance and Service Agreement
- * Access to Henry Schein Business Solutions and continuing education
- * Marketing incentive to PGMS

If I have missed something, please let me know. Enjoy the lovely summer weekend and upcoming holiday!

Warm Regards,

Kathleen Titus, Area Director

Subject: RE: FIRST CALL NOTES re: Dental

Hi Stan,

My first thought is that their survey / sample was only 72 GP's. They wrote "survey was randomized and we believe captures a good reflection of the dental market." 72 to me is not all that compelling, but regardless...

We refer to our buying groups as APC's (Alternate Purchasing Channels). Not GPO's as they are referred to in medical and in this report, as GPO's negotiate with suppliers (not really happening in our APC's.... Yet). I disagree with the statement "curtailing future growth." For Schein, engaging with groups in the next year / two years will not curtail us but help us as we will pick up incremental growth, particularly from legacy groups that we capture. The proof is in our current #'s. See chart below. We have 667 private practice dentists in APC's (up from 542 in 2015). This is about .7% of our overall private practice customer base that spends at least \$1 a year with us. We saw merch growth of 18.87% last year from customers in APC's. We have two APC's in Community Health Centers and these customers grew merch by 12.21%. and membership there increased by 17 CHC's YOY.

We're doing some in depth analysis now on margin effect, but currently (and for next year to two years) any negative effect to margin (mostly caused by admin fee's to group leadership) is offset by the incremental wins of customers that have not purchased from us before. Individual members GP often rises also, as they purchase on formulary and price adjustment requests to FSC's goes down. In summary, these APC's will have a positive effect on us during the next couple of years. As things continue to pick up steam in years thereafter, and more of our existing private practice customers begin enrolling in APC's, we will see negative effects on margin and higher activity with distributors competing for the APC entities (as we're seeing with EDSO's right now).

Thanks,
 Brian

Hi team

Thoughts on "the prominence of GPOs seems likely to increase, which in short, could curtail future growth."?

Begin forwarded message:

From: "Rosso, Trisha" <Trisha.Rosso@henryschein.com>
Subject: FIRST CALL NOTES re: Dental

Good morning

Please find attached research issued regarding the Dental Industry.

INCLUDES REFERENCE TO HSIC THROUGHT REPORT

STIFEL

Stifel Survey Diligence: Dental Distributor Deep Dive

Henry Schein's (HSIC, \$159.65, Hold) and Patterson's (PDCO, \$41.50, Hold) stocks are 10% off their recent lows but still trading below their 3-year averages relative to the S&P based on second-twelve-month (STM) EPS. With this in mind, we took a fresh look at the dental market with a focus on the practice's current trends, future expectations, market share dynamics between the established distributor players (HSIC, PDCO), as well as potential disruption from online suppliers (AMZN) or Group Purchasing Organizations (GPO). For patient volumes, our diligence identified modest improvement from the recent challenges experienced in the Summer / Fall 2016. This would arguably be a positive for both the distributors and dental manufacturers. However, for the distributors, we believe the landscape is slowly changing. Pressure from online / AMZN is creeping into the equation and the prominence of GPOs seems likely to increase, which in short, could curtail future growth. Additionally, competition for large DSO contracts is heating up as evidenced by the recent Patterson / Heartland deal. While Dental and Veterinary end markets remain compelling, the distributor headwinds we discuss below are enough to keep us on the sidelines with the belief that the lower multiples recently ascribed to these businesses may become the new normal. We reiterate our Hold rating on HSIC (TP remains \$172). For Patterson, we reiterate our Hold rating but lower TP to \$39 (from \$41).

Comparing Our Market Share to HSIC & PDCO Consumable Sales

- Our checks suggest HSIC's N.A. consumables business is roughly 1.6x the size of PDCO, which we believe is a good representation of each company's TTM sales
- PDCO reported \$1.35 billion of TTM N.A. dental consumable sales
- HSIC reports total N.A. dental revenue, but in 2012 stopped providing the equipment/consumables split
- However, management's quarterly commentary on growth rates by product category allows us to arrive at estimates for N.A. consumable revenue, which we believe was \$2.64 billion on a TTM basis
- While there are likely several differences in how each company defines consumables, we make one notable adjustment below to account for Henry Schein's approximately \$600 million of WW dental specialty sales, which we assume is 2/3 N.A.
- Our findings on HSIC's market share outperformance relative to PDCO also seem to support an analysis of the two companies' TTM N.A. consumable growth rates

- We estimate HSIC's TTM internal sales growth has exceeded PDCO's by an average of 120 bps over the past 8 quarters

Hey Tim,

Considering that we didn't have a final decision until yesterday we haven't discussed with HSPS yet. We have also been very careful about talking to other partners as we didn't want the perception out there that we were trying to turn others away from the TDA. I can discuss with the HSPS team today if you would like...

The other Schein entities have not been alerted yet as again we just found out the decision by the TDA FROM our CONVENTIONS team. We will send out an email to the division heads so they are aware.

It is important to note that we approached the TDA with other options to help them grow their business using HSPAs, business solutions, membership drive, etc. They appreciated this approach because it was different than PDCOs but we still couldn't sway them to change their minds.

Jimmy – I will send an email to you from last week with the a recap of the TDA meeting. After you receive please feel free to send me any questions you may have. Thanks.

Joe

Subject: Re: 2014 TDA - booth strategy call

All good questions. Maybe we schedule call to discuss live?

I have not discussed with HSPS. Dave, Joe?

I don't believe other Schein entities show, but need to confirm. Also, not sure about Events Team. Not sure their role in these smaller meetings though either.

We don't think customer response will be negative other than those who are board members. Even then, not sure they will "punish" their FSC once we have opportunity to explain the why. We know PDCO and Sirona have also pulled out. Not sure about others.

In retrospect, I have not managed this well beyond the HSD team. We can't think in a silo like this and I'll manage the fallout. That said, I absolutely believe we came to the right conclusion. This is hot topic at DTA as well. CDA is next on the list to discuss . . . Not for pulling out this year, but possible in the future. They are actually attempting to create a buying group. Really not good. Other state societies as well. The bulk of their revenue comes from their state meetings. Without exhibitors though, they have no meeting and lose huge revenue generator. E and Dean gave TDA a very compelling story that we should use with others.

<Jim.Breslawski@henryschein.com> wrote:

Thanks for the update Tim. So we have officially withdrawn and HSPS doesn't know anything yet? Are there other Schein entities taking a booth there? Has the Events team been involved along the way?

It would be an easier call with Kevin, Steve Klis and Jim Harding if we were not confirmed out yet.

You referenced the general support of the local team for action, what about the customers? What is the thinking about their reaction?
Do we have any evidence one way or the other about customers support for the concept of TDA Parks?

Subject: Fwd: 2014 TDA - booth strategy call

JB,

As you know, the team had a very professional yet candid discussion with TDA Board about their TDA Parks program that competes directly with dealers. After the meeting Dr. Duncan reached out to Joe thanking him for the candid discussion, his support of wanting to work towards a resolution and a little time to work this thru with the board. It appears he was either playing us a bit or he just couldn't get the board to change their position. So, we are officially withdrawn from the TDA Annual Meeting in May. Dean is communicating with the local TSMs who generally support this decision (I saw Tony and a few other FSCs on Sunday at GKAS race day who absolutely support this) and will put together some sort of "No-Show Special" to present with customer prior to the meeting.

The issue or question at hand now is what to ask of HSPS. They currently have a separate booth space that would otherwise be next to us with a similar look and feel. Without our FSCs, DTSSs, ETSSs, etc present I think we should ask HSPS to also withdraw from meeting. Not just to send additional message to TDA, but it will cause confusion for customers looking for help or their FSC. Quite honestly, I didn't think this through well enough to consider them and they should have been included in this decision. TDA Perks does not compete in the PM space (yet anyway) so I could understand why HSPS may feel differently about this. I have not yet discussed with Steve Klis or Kevin Bunker yet either. I will do that directly today, but was hoping to get your insight prior if possible.

Thoughts?

Tim

For TDA, we aren't listed or shown on this most updated map.

It actually appears they subdivided our space and gave it away already?

I've been stemming all the rumors until I heard something officially, but wanted to check in and see if a decision was made on the meeting.

That's if we want the Smile source group? John Nathan was working closely on this and it was more our choice I believe to stop doing business with the group. It's closer to a GPO. What we have is a group of customers that don't want to go to Burkhart but still want the benefits of a high volume Buying power. I can organize the FSCs together to make an offer on the same day.

> Hi Jake and Steve, just wanted to share with you some of the content of the conversation I had with our customer Dr. Gerald Bittner Jr. (JDE 2232996) about the change in our relationship with Smile Source of which he is a member and a Smile Source Administrator for the South Bay. He was unaware of most of the details for the decision to terminate our relationship with Smile Source however he did hear that some of the expectations of Smile Source from us were not being met. He has spoken with Burkharts management about pricing and their assurance that their offer will be comparable to our offering if not better. He reassured me how much he has valued our relationship over the past 25 plus years and if he could influence the powers in charge to remain in our partnership, he would. Unfortunately him being a Administrator and having signed a 5 year contract with Smile Source he is bound to the decisions of his organization. As I mention above he has not been informed of the details of the change in our relationship but on Friday he will be in contact with his management team and will share with me what he can. It is his understanding that Smile Sources new relationship with Burkhart has not been formally etched in stone, but is still being negotiated. Obviously my goal is to the best of my ability find some way to maintain all or part of our relationship with Dr. Bittner the question now, is how. I welcome any thoughts you may have in this regard. Lastly we talked about Vision Source with some 4,500 members who is the parent company of Smile Source and how much business they bring to Henry Schein. That's about it and when Dr. Bittner shares more with me I'll let you both know. Warmest regards, David S.

I did share this with Dave. They are all regular accounts, not special markets. I have 3 that I know of but probably have at least a couple more in Moscow/Lewiston.

I don't understand why some of the better offices in Spokane are going to Smile source. From what I know of Smile Source, it doesn't make sense to pay 1% of your GP to get a deal on supplies and other areas of your business. I have tried talking to girls in 2 of these offices but they really don't know much or wont share.

Thanks,

Dan

Jake,

I hope you are having a good day. Curious if you know that smile source has a special markets account with Arrestin. Basically, Burkhart clients are getting a 15% discount from us then they can get up to a 35% rebate at the end of the year. Below is the August Smile Source Newsletter.

I heard Spokane is the #1 growth area for Smile Source. I think it is mostly their current clients from what I see.

Thanks,

Dan

Furthermore, We have added a new member to our Smile Source team. Tom Allmon is our new district manager for the Pacific Northwest. Tom brings many years of dental experience to the field with him. Tom has extensive knowledge and dental implants and restorative dentistry. He is also passionate about preserving independent practice dentistry. When you meet Tom, you will be struck with his Integrity, his energy and his love for Smile Source.

Also new this month are some new partners that will help you and your practice to thrive. In the same way that the warriors of antiquity banded together and acted as one unit, we also must band together, act as one unit, and support our vendor partners. The following is a list and contact information of all of our new vendor partners. Please help me in supporting these partnerships. The success of our partnerships will help us gain new partnerships that will not only help us to survive but thrive in a changing marketplace.

Arestin- Our new partnership with Arestin is a rich deal. You will continue to order Arestin as you normally would either through Henry Schein or through your Arestin rep.

Are Smile Source discount is 15%. For some of you that may be less than the discount you already receive now. But wait- there's more... The total volume that we purchase as a group will further determine our rebate that we receive as an organization. The rebates that we receive will be an additional 35% of total purchases. Effectively after rebates we will be paying almost 50% less on Arestin. All rebates will be paid to members based on their personal usage on an annual basis. So, order Arestin, serve your patients, and watch your practice grow. An Arestin representative will be reaching out to you soon so please take the call so you can hear about all they have to offer.

Biolase- smile Source members have an opportunity to purchase the new iLase at a \$21,500 savings!! This remarkable laser has the ability to cut hard tissue, soft tissue and much more. This includes 2 training sessions, warranty and service plus a rebate of \$2,000 for the first 20 and then a rebate of \$5,000 after 20. Also included is the Epic Diode laser for a savings of \$200 and a buy 5 get 2 Free special on laser whitening gel. Biolase is going to be sponsoring all the member meetings in the coming months and they are eager to be a valuable partner to us.

They have even committed to being a diamond sponsor at the Exchange in Boston. A local representative will be reaching out to you but if you need a local contact, please reach out to your administrator.

Ultradent- All Ultradent products are available to Smile Source members. Our program is purely rebate based and will only run till December 31st.

Potentially we can obtain an additional 10% back in rebates. Ultradent has all of your names, so order as you normally would and we will send the rebates to you when we receive them. Ultradent offers clinicians a variety of ways to earn CEs, including destination seminars, regional courses and online webinars. Available course topics include dental photography, bleaching, endodontics, tissue management and much more.

Good Saturday morning laugh!!!!

Andrew Goldsmith

to All Network

How many people would be interested in a Diode Laser special to drive new patients in the door?

Similar to the offer you have heard about for Sonicare this would be for laser whitening. Here are the highlights:

- The patient's perceived value is about \$500
- Cost to you - \$40 per procedure
- Procedure is 30 minutes.
- Cost of Epic diode laser with \$200 off \$6,295 - Can be used for much more too...
- Procedure kits treat 5 patients each – the offer is buy 5 kits get 2 free – So, it's good for 35 patients at about \$40 per patient
- They may COOP too so if you could let me know how many units we could move and how we would market these procedures, we could get some firm details on marketing COOP \$\$.
- How many of you would be interested in this?

Scott White

to All Network

Just wanted to share this w/ you all for cost savings - We were getting charged around \$20 from Performance lab for shipping when we used their labels to ship cases to the lab. We've started sending cases to Performance through our FedEx account (2 day shipping) using the Smile Source discount and it only costs \$9 one way. Performance pays for return shipping, so we don't see any shipping charges on invoice now. Also, we ship multiple cases at a time, so we've brought shipping down even more (~\$4.50/case). It adds up over time.

I haven't tried Micro Dental or NatLabs, but those of you that do may want to look into this w/ those labs, too.

Subject: Re: Hi Dave- looking forward to dinner on Tuesday. In order to make the dinner productive it may be good idea to have an agenda and have team present?

I think he is interested in how you view your respective teams abilities and what you are doing to improve them.

You don't really need headcount, but should have YTD recruiting numbers and how you see the competitors weaknesses and our opportunities.

Honestly wherever you want to go with that is fine.

On Jul 12, 2015, at 6:31 PM, Cavaretta, Joe <Joe.Cavaretta@henryschein.com> wrote:

Does he want headcount? Should Jake and I just show the companies results instead of East vs West?

We could also give the same initiatives and competitive Intel to show him how aligned we are as a company.

The only component that would be different would be the committees.

If not we will just do our own updates.

Thanks.

Joe

I couldn't believe it when I got that email!
This was supposed to be fun and now we have to really work!

You and Jake have the part I used to have to do every month...I'd use Marcys latest report for the headcount numbers.
If you want to mention the other committees you serve on, feel free.

Sorry for the very late notice!

Team, please see the email below from Stan. It's Saturday night as I write this and we have one whole day to put together a deck to present at Tuesday nights dinner. I'm asking everyone to stay very high level and have 1 or 2 slides MAX for the topics listed in my email to him.

I would suggest you each have the following information:

- Sales Growth 1st Half 2015
- Key Drivers of Growth In 1st Half
- Expectations of 2nd Half 2015
- Key Activities for 2nd Half
- Other Important Notes: Competitive Info, Suppliers, Marketing Programs, etc...

Please get these to Linda by 1:00 pm CST Monday. She can then put them together and either print copies or send to NY and they can print them.

Sorry for the late notice....I know you all understand how this works :)

See you all Tuesday!

Thanks Stan....would be happy to put that together. Key Topics that come to mind quickly are:

Equipment and Technology (Don and Kim)

Digital Dentistry (John and Jon)

Talent Management and Recruiting (Joe and Jake)

Mid Market (Brian)

Business Solutions (Eric)

Would you like us to have a deck, or just some prepared discussion points?

Really appreciate you taking the time with the team. It means a great deal to them!

Dave

Very timely. we have meeting next week to discuss Strategic Plan. this topic is on agenda. I am still of position that we do NOT want to lead in getting this initiative started in dental. I think that it is a very slippery slope.

At end of day, we provide package discount "deals" to those that control buying. Simply being a "member" has historically provided little value or incentive to drive change in purchasing loyalty at the local GP practice level, yet causes all sorts of issues for those members and local area non-members who then expect the same. They will change (ie. Away from us) out of frustration that their business is viewed as "not worthy".

Mr. Kess,

I would appreciate it if you would share this information with the team.

I would love to be involved but understand that there is a line between dental and medical. I do just want to say again that while this looks somewhat as a losing proposition on the dental side, I see it only as a win and I think would be a great direction for HSI to seriously consider as a company.

I will follow up with Dr. Curro and let him know that you will be forwarding my ideas to the team to see if this is indeed the time to start taking a closer look at this.

Thank you so much!

Josh

Subject: RE: Follow up on Dental GPO

Agree with your concept but the world of dentistry is very different than that of medical ... especially with the mnfg rebates etc. GPO are beginning to spring up at the State Dental Society level.

The brand and market position of HSD and HSM are very different and a proactive GPO would result in a national demand. With almost 40 % market share this could be a disaster to our pricing and gp structure.

Clearly it will come ... when is the challenge as is whether HSI leads it or follows.

With your permission I will share your thoughts with leadership on the dental team that are involved in this issue.

Finally I wanted to let you know that we are working with Dr Curro on other PEARL Network opportunities and very involved in all aspects of NYU.

Please advise.

Subject: RE: Follow up on Dental GPO

Mr. Kess,

My father is Dr Frederick Naftolin and he is Professor of Obstetrics and Gynecology, Director of Reproductive Biology Research , Co-Director, Interdisciplinary Program in Menopausal Medicine and Medical Director, PEARL Network. He is good friends and a colleague of Dr. Curro. He introduced me to him about a year ago. The reason was, I use to work for GroupSource, an affiliate of MedAssets and my father approached Dr. Curro about speaking with me in reference to my expertise on GPO's.

I think this makes sense for HSI because it would put us in a proactive position when the changes start to happen within the dental industry.

It has worked very well on the medical side and with the rebates back from the manufacturers, we can be successful and not lose huge margin across the board. The savings is there and I know the dental industry would embrace a large organization, like HSI for having the guts to start a program which not only saves money on dental supplies but also in many other areas. The PEARL network is perfect because it would be a controlled space and it is high profile, so it would look good for the company. Also, we would have support of the PEARL network and could track the success.

I would be more than happy to speak with Hal Muller (President of Special Markets). I reached out to you because Dr. Curro had expressed that you and he had previously spoken about this challenge. I have a great working relationship with the dental folks and would be more than happy to speak to anyone you feel would be able to help work through this.

I appreciate your time as I know you are a very busy man but I am passionate about this! I love HSI and feel this is a great opportunity for us to show again how HSI CARES about the public needs out there.

Thank you

Josh

Not certain your connection with NYU and Dr Curro. Please remind me.

The idea for HSI to do a GPO in dental is a very challenging and unlike medical market not in the plans at this point in time although many state dental societies are looking at value added services for their members.

Let me know why you think this makes sense and why with NYU and the PEARL network.

Have you spoken with anyone in the dental group who would make all of these decisions ???

Subject: Follow up on Dental GPO

Good Evening Mr. Kess,

I wanted to follow up with you since we have not spoken in a while. I wanted to see if you had gotten a chance to think about creating a dental GPO with Schein as the anchor. I have had continued interest and conversations with Dr. Curro at NYU and I would love to see if we could hammer some ideas out. I think this is a great opportunity for Schein to use the PEARL program as a pilot and be ahead of the curve when the cost containment issue becomes a factor next year for dental groups.

Since NYU is the largest and most highly regarded institution when it comes to dental, this would be a great combination. We would be able to offer the total package medical and dental to a high profile organization at a discounted rate. We would be setting the standard... actually I know we would become the standard.

I would love the opportunity to discuss this further and see if we could meet next quarter in NY with Dr. Curro to see if we can move forward.

Please let me know your thoughts.

Thank you

Josh

Subject: Merit Dent

Hey Steve and Diane,

I just met with Tim, Dave and John about the Merit Dent group. As you can imagine they feel the same as we do that we don't want to be the first company to open the floodgates to the dangerous world of GPOs. Based on the fact that they will not guarantee that all of their business will come to Schein they will not fall into the CAG world either. This is what I propose we do and I would like your thoughts;

- 1) I will explain again to Dr. Balle that the one price fits all strategy doesn't translate well in our world.
- 2) We will present the value added services that we are willing to provide
 - a. Free DPATs
 - b. Free DRC? (help with OSHA...huge value)
 - c. Service discounts
 - d. Etc
- 3) Sponsor (we pay for) 2 events per year for the Merit Dent group only
- 4) Offer to donate 2500 – 5k back to Merit Dent for every customer buying from Schein

I know this is clearly not the huge discount they were looking for but I'm hoping after I explain everything to Dr. Balle he will understand. If not we will just have to take the docs that may leave us for a different company on a case by case basis. Please let me know your thoughts. Thanks.

Joe

Break away is a DSO/MSO combo with complete control of the check book.

DG is a recruiting arm for MB2 with little control over what the offices are doing. One of our former FSCs left us to work for DG and is begging to come back.

Smile Source is a flat out buying group. If we are going to do business with BGs now then we should meet with them and bring the business over the HSD ASAP.

Does this help?

Subject: Watchdog Report

As most of role this year in SM is based on getting pricing to the RAM team for LGPs a couple of things to note:

1) our merchandise team is maxed out , not sure we budgeted to have all these PARs when we did the manpower budget- please let your teams know that nothing gets turned around quickly, the PTO rules have also had an impact this month. Some help has come from the team approach to our merchandise group, however we are starting our year end reviews for the Elite customers and that "help" will be gone soon.

2) Need to continue to watch that small group pricing is not lower than the big groups- our approach to the LGPs was not to lead with price, however it sure appears that we are from this side- as you know we are still FIGHTING over giving low pricing to people that might be breaking away from larger groups.

3) GPOs- we need to agree to the strategy for private groups (not he CDA type)- for instance Breakaway is on a P20 with a 5% rebate to the home office, meanwhile we have told Smile Source "no" to these kind of programs and backed off Dental Gator- the question on my desk right now is why can we not offer Dental Gator a program as good as Breakaway?

Thanks

Hello everyone,

What follows are some comments on Q1 as well as notes from my ZGM call earlier today. We will discuss in more detail on our Zone call next week but thought that some of these should be on your radar ASAP.

Ø Kudos on a very good start to 2016! Overall sales growth is strong, primarily due to Traditional Equipment, Parts and Labor Sales. Excellent new rookie hires, Sirney's competitive recruits and ESS competitive recruits across the Great Lakes region. Of primary concern is our merchandise sales with Private Practice accounts. Our Zone call next week will be focused on what we are doing on a region by region basis to address this concern and reverse this trend. Are you all as surprised as I am that Double your Commission has done little to move the needle on Planscan sales??? While Equipment Sales are Outstanding, are you as disappointed as I am with your teams lack of engagement in our Equipment Planner initiative??? Where's the uptick in Dentrax sales following our center training? How can we improve our traction??? I am receiving positive feedback from many of you on your study clubs. Thanks to those of you who have really adopted this as a way to better educate and support our team on increasing their knowledge on the business of dentistry and increased utilization of the Henry Schein tools and programs.

Ø Henry Schein Connection- please be sure that your Sales Specialists are familiar with the Henry Schein Connection. It is OKAY for them to leverage certificates offered with this program without the doctor making a commitment to merchandise. The expectation on our SS part is that the doctor would meet with the FSC and or RM to learn more about our "Value Offering" or "Wheel"

Ø Buying Groups-just like special markets and mid-market, they have arrived and we do have a strategy to compete in this space. While I am sure that we will hear much more at the upcoming NSM, I can tell you that these accounts are field assigned. We have found that they often pull over significant business from doctors who in the past considered PDCO or Benco as their primary distributor. Any inquiry from a Buying Group about HSD's participation should be directed to Jake and me. We are very selective on who we partner with.

Ø Sale Efficiency Report- I just received our first report. I will be pushing your region out to you in the next week and schedule a call to review. IT SHOULD NOT BE SHARED OR REVIEWED WITH OUR TEAM AT THIS TIME. The current plan is for us to get comfortable with the data. If all goes to plan we will share with FSC's after the NSM. My guess is that it will be after the close of Q2.

Ø Planscan Double Commission incentive will end April 30th. NO EXCEPTIONS!!!! Orders must be signed and in the system by April 30 AND installed by no later than end of Q2 which I believe is June 24th to qualify for double commission. RM's are responsible for following up with FSC's on digital scanner leads. Where are the FSC's in the process?

Be sure that they are driving this activity. It does not end with them turning the lead over to the CCS. Our FSC's remind us all of the time that they hold the primary relationship with their / our doctors.

Therefore, they must lead the doctor through this sales process. You must have continuous dialogue with your FSC's throughout the entire process. DOC are there to guide and support our CCS's training in addition to demo and implementation of sale.

Ø Adec will be launching a new line of furniture at CDS South.

Don Hobbs will be forwarding to us information on additional discounts Adec is extending to us to move our floor displays to make room for their new line of furniture. You will be receiving a request for time at an upcoming BDM from your Adec TR. Please be sure to allocate necessary time for our team to learn about latest advancements in the new line of Adec furniture.

Ø Planmeca/Acteon digital imaging. Both of these companies are working with our sales teams to help us fill gaps in our declining digital imaging market. Please be receptive to requests by your DTS/ETS for demo sensors. Planmeca answers the multi size sensor request while Acteon fills the bill for those price sensitive doctors.

Ø Outstanding Equipment, Parts and Service growth in Q1 has placed a greater focus on our need to run our Technical Service team at full throttle. Please be sure to work with your ROM and Jack to make fulfillment of EST req.'s a priority. If you have an EST on STD we may be able to replace that open spot if the business warrants. If there is a key competitive tech in your market we will consider recruiting that tech, again if business warrants that move. Please continue to coach your team to solicit technical service. A routine service call is much easier to manage than a 911. Please be sure to always support the Hub with open communication.

Ø Sales Headcount-we are always looking to expand our team.

Declining headcount is not a good thing.....it often justifies a decline in management. J Please look at areas of opportunity and projected needs within your region. Always be recruiting both rookie and competitive hires. Every RM should always have a pipeline of new hire candidates.

Ø Performance Appraisals-Thank you all for responding in the positive on meeting our June 1st deadline for completing and presenting all Performance Appraisals to Sales TSM's. To stay on track by now you should have begun scheduling reviews with your team. Please provide me with a minimum of 24 hours notice to approve and return to your inbox.

Again, thanks for your continued support and good work. We are well positioned to have a tremendous year. The Key to Success is to execute on the Activities that drive our Key Initiatives.

Lastly, I apologize for the length of this message. L

Kam

Subject: TDA Perks ****Please read entire email****

Importance: High

Team,

Several of you have been asking for more details around this offering from the TDA. I have been working to get as much information possible prior to sending this email.

For those who are not aware, as of Oct. 1st the TDA now has a website where a "member" can fill many of their supply needs. I have browsed their site and there are some vendors missing so it is not a one stop shop. This is the information I have been able to collect thus far.

The General Manager for the TDA Perks is Donovan Osia. They are using a company called Sourceonedental.com, their group purchasing discounts website for their members. SourceOne Dental are going through a couple of different smaller dealers Arnold Dental and one other one that I was not given that name. The manager of SourceOne is Ahmad Shahms and they are out of Gilbert, Arizona. Arnold Dental, who they purchase some of their products through is on the east coast. They negotiate best pricing with these dealers and do not have the same products come from two different vendors.

- Although you are only able to access the TDA perks site if you are a TDA member you can go on to Sourceone and access their list of products and pricing.
- After comparing several items their pricing fell just below our "best rate" pricing. The claim they are saving the customer 35% is **false**.
- How much of a kick back the TDA is getting from their members ordering is unknown
- With all these products going through so many hands how was it managed? Can our client feel confident it was handled in a responsible manner?
- What kind of back order situations can our client expect?
- Is overnight delivery consistent?
- What value does the TDA bring to their membership?

This is exactly what we have been discussing for months, if not years. If we are simply a dental supply company we lose. Our value is so far greater than this but we have to make sure our clients are aware of this value! **WHAT ARE YOU DOING TO MAKE SURE OUR CUSTOMERS ARE AWARE OF OUR FULL OFFERING?** What are you doing to help your customers be more efficient and in turn be more profitable? Have you completed a CBS with each customer, have you completed a DPAT and had a business discussion with your client to determine which one of our tools we can use to help these customers?

Folks, the time is **NOW** and if you **CHOOSE** to ignore the evolution of our market we will fall victim to the change!

It is time to go on offense! Read the "Challenger Sale". Attend the Study Club! Accept the fact that doing business the "old fashion way" is no longer acceptable!!

We have to go to market in a more focused and deliberate manner, have a plan, show your value.

When our clients start to feel the squeeze their immediate reaction has to be "I need to talk to my HSD rep because I know they have some ideas and tools that can help"! (is this what all of your customers would think today?)

Thanks!

We did not include anything in current draft about GPOs, but may be worth adding as a potential threat or industry dynamic. They are really non-existent today in NA Dental market, but they continue to request time/meetings with us and I'm sure our competitors. Other than Smile Source, who claims to be more than GPO, I am not aware of any that have made any real inroads in Dental yet.

Subject: Re:

Thanks Joe. I have some info I will dig up and send your way. The GPO I am thinking of is someone else. It is a more traditional medical GPO that I believe Burkhart has aligned with. Not sure what categories it includes (certain products or specific services only).

Copying Tim and Dave also Rich and Graham.

I attended a meeting with our medical guys and a different GPO and it reminded me to understand more about what is happening now.

Tim, for the strategic plan situation analysis do we have the GPO dynamic and status included in competitor section?

JB

Subject: Smile Source?

Glenn,

Just had a conversation with Dr Kral. After being denied a breakfast meeting with you, I went by to find out why. (this is the office that has been down in the dumps and very very slow) I found out that they have joined up with a outfit named smile source? They said it is just like vision source where Dr's buy into the program/ union and pool their numbers to get better rates from insurance, marketing, supplies, Labs etc.

Dr Kral is sending me the contact number & name of the main guy out of Houston? They are linked up with Burkhart, and getting some crazy discount from them? Dr Kral said he is 1 of 3 dentist here in SA that are part of this smile source.....

Have you heard about these guys? Dr Kral said Smile source was originally linked up with HSD but moved to Burkhart b/c we acted like the fortune 300 that we are.....

Blessings,

Todd Alguire

Subject: Steadfast - bill to jde 2194779

Hello Emily,

The way the website works is when you close the ship-to JDEs, all web access is also automatically shut down. So as long as the JDE#s are closed properly, the users will not have access to their accounts online. If you have any difficulty closing the accounts, I will need to know A/S/A/P. (Such as if credit cannot close for some reason?) However, if I remember correctly, we do have a way to close the accounts to stop further business from occurring.

Thank you,

Jo Ann Levandowski

Hi JoAnn,

Effective Friday 6/13 we will no longer be doing business with Steadfast and we need to make sure all access to the Henry Schein web is deactivated as of Friday 6/13. The customers are set up under bill to jde 2194779. If you need all the ship to JDE's please let me know and I will be happy to send you the information.

Ladies,

SEE BELOW

This almost makes me sick to my stomach but clearly this is a one way relationship. Steadfast has become bolder and more predatory daily-- throwing the Schein name around like fodder. So, sadly, this email went out moments ago. That means that we need to shut down the web access on Thursday night or Friday morning.

Kip has a follow up action plan ready to engage our FSC's and RM's. May I ask that the web access be shut down on schedule, please? Also notes on the Steadfast accounts would be good in case they try to call in. We definitely need to close the Steadfast accounts, but I'm not sure if credit will want to leave them open until their A/R is clean. If one of you can check that would be great!

Thx and sorry Emily. I don't know if this hurts your territory, but I promise we'll make it up to you.

Warm Regards,

Greetings Jon,

After examination of your GPO business model we have concluded that continuation of our current relationship is counter to our business practices. Unfortunately, it is my duty to inform you that effective this Friday; 06/13/14, Henry Schein will no longer support the fulfillment of Steadfast Medical supply orders.

If at some future date you are interested in exploring an exclusive relationship with Henry Schein, we would welcome revisiting a mutually beneficial partnership. In fact, in the event I have overlooked or misunderstood some aspect of

your business, may I invite you to discuss our guidelines for our Managed Support Organization/Dental Support Organization (MSO/DSO) customers?

I wish you all the best, Jon. Know I am available to you at any time.

Warm Regards,

Kathleen Titus, Area Director Managed Group Practice Henry Schein Special Markets/Corporate Account Group

Subject: Joe Cavaretta will be in Dalls May 8,9 and is hoping to meet with you then...

Hi Jon,

Hope your week is going well. Recall we were discussing a live meeting with you and your team? I spoke with Joe Cavaretta today and he tells me he will be in Dallas on May 8,9. Would you be available to meet with Joe? I have given Joe a recap of Steadfast Medical, updated him on our call and provided him with the necessary reporting to understand the impact to our (mutual) business. Joe and I agree, in order to continue to support your growth, we'll need to have a better understanding of how you allocate to the distribution network and discover if there is way to create a better collaboration that provides prosperity to all the stakeholders.

Would you kindly let me know what your schedule looks like and I will coordinate with Joe's Admin. I would think 45 min would be adequate. I know you will find Joe to be extremely open minded and anxious to learn more about your model and relationship with our mutual clients.

Warm Regards,

Kathleen Titus, Strategic Account Manager Western Zone Henry Schein Special Markets/Corporate Account Group

 HENRY SCHEIN®

CONFIDENTIAL TREATMENT REQUESTED

CONFIDENTIAL - FTC Docket No. 9379

Henry Schein-000067289

CX2742-004

Guiding Questions

- **In what distinctive ways are our traditional competitors serving the market?**
 - How does their effectiveness compare with ours in the eyes of the customer?
 - What are our market share trends, by global customer segment and geography?

- **Who are our non-traditional competitors and what unique benefits are they offering?**
 - Who is most dangerous and why?
 - What can we learn from them?

- **What do we learn from looking broadly at benchmarking best practices and metrics?**

Approach

- **Defined broad global markets and split into respective sub-committees:**
 - Dental
 - Medical
 - Animal Health
- **Considered Guiding Questions**
- **Identified all major competitors and developed profiles for each competitor**
- **Developed insights at the country level based on the knowledge of individual team members and looked for commonalities to draw global insights**
- **Used outside resources, such as public company filings and research reports to support findings**
- **Held bi-weekly calls to assess progress and exchange ideas**

5

 HENRY SCHEIN®

Summary of Key Insights

- **Blurring of lines between vendors, distributors and customers due to vertical integration**
 - Manufacturers going direct
 - Distributors acquiring or investing in manufacturing companies
 - Specialty products continue to be sold primarily direct
 - HSI's entry into specialty segments putting us in direct competition with certain vendors
 - Distributors expanding their private label portfolios
 - Distributors acquiring providers
 - Health Systems pursuing direct sourcing and building distribution infrastructure

- **Globalization of competition**
 - Manufacturers continuing to pursue cross-border acquisitions
 - Distributors engaged in global sourcing
 - Distributors starting to copy HSI's strategy of expanding into international markets

- **Growth of non-traditional competitors**
 - "Virtual" distributors, logistics providers, specialized distributors, retail chains, distributors from adjacent markets

6

 HENRY SCHEIN®

Summary of Key Insights

- **Shrinking of HSI's traditional customer base of small, private practitioners**
 - Acquisitions by hospitals and corporate groups
 - Customer consolidation
 - Formation of buying groups

- **Growing margin pressure from:**
 - Vendor consolidation
 - Non-traditional competitors
 - Customer consolidation
 - Availability of pricing information

- **Traditional distributors are being challenged to better demonstrate full value to customers who have many options for lower pricing**
 - Quality, trained salespeople are becoming even more critical than in the past
 - Technology Sales/Support and Business Advice will be the key differentiating factors

7

 HENRY SCHEIN®

CONFIDENTIAL TREATMENT REQUESTED

CONFIDENTIAL - FTC Docket No. 9379

Henry Schein-000067293

CX2742-008

Summary of Key Insights

- **Increasingly sophisticated technologies require a different approach from distributors**
 - Computer software and hardware, CAD/CAM, specialty products
 - Need specialized training and dedicated sales forces
 - Longer and more complex sales process

- **Consumers are becoming more educated about healthcare options available to them and their pets**
 - Using online resources that are mostly free
 - Deciding which procedures and products they want
 - Buying products online

- **Increasing government influence**
 - New regulations and healthcare reform
 - Stimulus spending

- **Growing importance of government relations**
 - Competitors are much more focused on going after government business, lobbying, and building relationships with key decision makers within the government

8

 HENRY SCHEIN®

Global Dental - Key Insights

- **Vertical integration and expansion into specialty areas is blurring the line between manufacturers and distributors**
 - HSI made investments in manufacturers like Camlog, D4D Technologies, Ortho Organizers, and Ace Surgical
 - Some market participants may wrongly assume that Brasseler USA is a direct manufacturer rather than a distributor, and, as a result, view this recent investment by HSI as another move into manufacturing
 - Key vendors increasingly view HSI as a competitor in certain segments

- **Dental equipment manufacturers abandoning direct sales in favor of distributors**
 - High fixed costs and limited customer reach driving a shift toward distributors
 - CEFLA sold its distribution subsidiary in Italy to Henry Schein
 - Sirona sold its distribution subsidiary in Spain to Henry Schein
 - Planmeca considering going through distributors in Europe
 - Kodak aligning with Benco in the US
 - Vatech looking for distribution partners in the US
 - Biolase chose to go direct again in the US, which is an exception to this trend

Global Dental - Key Insights

■ Specialty products continue to be sold primarily direct

- Market leaders historically have enjoyed a strong market position due to high brand recognition/loyalty, dependence on “high touch” sales methods and high switching costs
- Competitors have been willing to incur significant losses over long periods to develop their brands and build market share
- Increasing competition from low price “generic” or “clone” products
- General practitioners becoming more engaged in specialty procedures
- Advancements in digital technology helping to drive/expand specialty markets

■ Private label products gaining market share against branded products

- Driven by customers’ increased focus on price
- The share of private label sales in the US has increased from 15.5% to 18.0% in the last 3 years
- HSI is still the largest player with 46% of all private label sales in the US, but it’s share has declined by 2% over the same period
- Private label sales represent only 10% of HSI’s overall consumable and small equipment sales in the US
- Vendors are voicing their concerns about private label growth to HSI despite the fact that growth has come from competition

Global Dental - Key Insights

■ Emerging or non-traditional competitors

- “Virtual” distributors
 - Provide an online marketplace where customers can compare prices and purchase products from multiple manufacturers and distributors
 - Don't hold inventory, since orders are drop shipped by participating vendors
 - Collect service fees from vendors based on sales volume
- Logistics providers
 - DHL is the only logistics company currently involved in dental distribution due to its unique relationship with the National Health Service in the UK
 - DHL has a 10-year, multi-billion dollar contract with the NHS to provide medical and dental supplies
 - DHL physically distributes medical supplies, but acts as a “virtual” distributor in the dental market by partnering with Dental Directory to fulfill orders
- Hospital supplies distributors
 - Able to offer much lower prices to dentists in certain product categories such as gloves, masks, disinfectants, and other disposables
- Specialized distributors
 - Focus on one particular product category (i.e. Glove Club)
 - Provide unmatched expertise, service and value
 - Hi-tech equipment segment is also susceptible to such competitors

11

Global Dental - Key Insights

- **Traditional distributors are being challenged to better demonstrate full value to customers who have many options for lower pricing**
 - Quality, trained salespeople are becoming even more critical than in the past
 - Technology Sales/Support and Business Advice will be the key differentiating factors
- **Emergence of MAC and Cloud Computing platforms in the Practice Management Software space**
 - Popularity of these platforms is growing
- **Growth in Mobile Device applications for the dental practice**
- **Adoption of digital restoration technologies**
 - 3D imaging
 - Orthodontic imaging technology
 - CAD-CAM

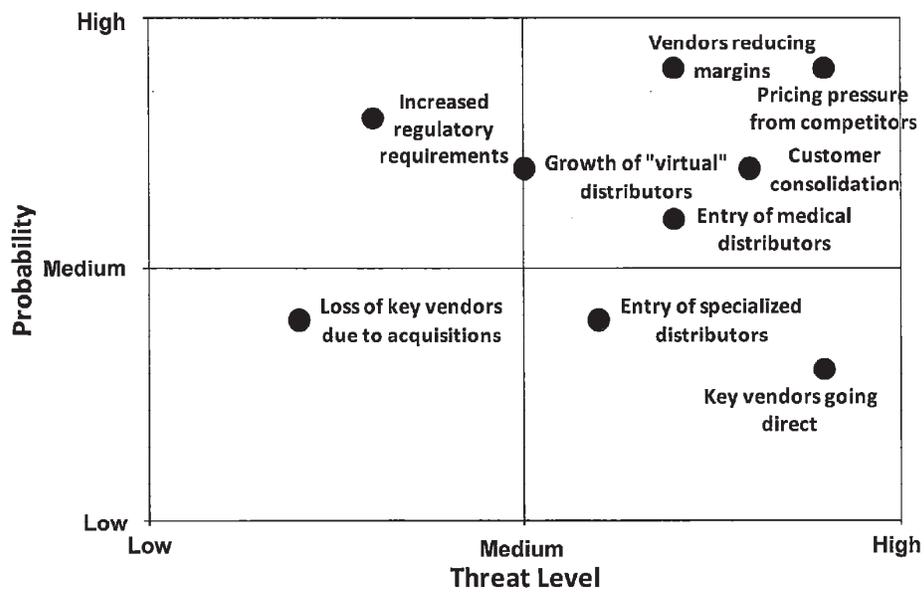

Global Dental - Key Insights

- **Consolidation of dental practices**
 - Looking to leverage their size and buy cheaper
 - May look to source directly from manufacturers

- **Customer profile is becoming more diverse requiring more focused approached by distributors**
 - No true “majority” of ethnic dentist composition
 - Higher proportion of female dentists, who are less likely to go into private practice

Global Dental - Key Insights

Competitive Threats

Global Dental - Key Implications

- 
- 
- HSI must continue to invest in career development and training to ensure customers are getting valued advice and are less likely to turn to low-price competitors

 - HSI must re-evaluate how to approach corporate accounts and how to compensate sales reps as Special Markets becomes a bigger part of the business

 - As general practitioners become more engaged in specialty procedures, competitors will shift resources to address this growing segment

 - HSI must position itself as a leader in specialty products for GP's
 - Offer a total procedure solution (product + equipment + software/technology + education) that can outweigh product specific features and benefits
 - Invest or partner with companies that have innovative, disruptive technologies (e.g. Invisalign, Endovations, etc.) to penetrate established specialty segments

Global Dental - Key Implications

- As market leaders in the specialty segment become vulnerable to lower priced competitors via “low touch” sales methods, HSI should look into online and catalog selling models for specialty products
- Significant organic penetration into the specialist segment may require substantial investments (potentially dilutive) over several years
- Inorganic opportunities may provide an accretive method for accelerated growth in the specialist segment

Global Dental - Key Implications

- **HSI will need to further explore the Ortho market place**
 - Imaging services
 - Case design
 - Surgical guides

- **HSI needs to reaffirm rollout plan for digital restoration solutions for practices and laboratories**
 - Sales channel
 - Pricing model
 - Improve E4D product
 - Lab partners

- **HSI must continue to connect manufacturers, software, and mobile devices as an integrated platform**

- **HSI must have a CHC / REC focus across all business segments**

Global Medical – Key Insights

■ Vertical Integration

- **Manufacturers continuing or increasing their direct sales channel (no distribution), such as Johnson & Johnson**
- **Distributors becoming vertical through self manufacturing, sourcing, and ownership, such as McKesson**
- **Distributors acquiring providers to control their spend on pharmaceuticals and med surg**
 - **McKesson's recent acquisition of US Oncology**

■ Healthcare IT Deal Activity

- **The HCIT industry has seen robust consolidation over the past several years**
- **Larger players have acquired smaller firms to increase their market presence and strengthen their firm's service offering**
- **Consolidation continues in 2010 as vendors are responding with both reactive and proactive acquisitions**

Global Medical – Key Insights

- **Shrinking of HSI's traditional customer base of small, private practices**
 - **Hospitals and Health Systems acquiring private practices**
 - Controlling patient flow and spend
 - Creating infrastructure to handle distribution
 - Contracting directly with manufacturers
 - **Consolidation of private practices**
 - Looking to leverage their size and buy cheaper

- **Technology**
 - **Sophistication of inventory management systems**
 - **Transactional efficiencies**
 - **Pricing transparency**
 - **HL7 / HIPAA / DICOM and other standards are creating a foundation for interoperability**
 - **Security cost/function improvements help overcome key barriers**
 - **Storage/processing cost reductions broaden HCIT accessibility**
 - **Remote hosting and wireless IT enhance scale economies and enable necessary ubiquity**

Global Medical – Key Insights

■ Emerging or Non-Traditional Competitors

- Low barriers of entry
- Small regional distributors selling nationally through the internet
- Acute care distributors, such as Owens & Minor and Medline
- Logistic Providers – DHL, UPS, FedEx, GPO's
- "Virtual" distributors are not a big threat because margins are already low

■ Formation of online portals connecting patients, providers, pharmacies, payors and financial institutions

- Examples include:
 - American Well
 - Hello Health
 - Patients Like me
 - Relay Health (owned by McKesson)
- Telemedicine reduces the need for physical visits to the doctor
- A portal provides a new sales channel for in-home devices, such as diabetes monitors
- Competitors who own these portals are able to sell products directly to patients and spot industry trends quicker through data mining

Global Medical – Key Insights

- **Increasing government influence**
 - Government controlled or owned health delivery systems, such as Beverage, Bismark, Universal, and Pay-for-service
 - US healthcare reform - Public payor and private pay/insurance implications
 - Governments providing stimulus dollars for healthcare industry, including expansion of Community Health Centers and automation of medical practices

- **Strong government relations are an advantage for competitors**
 - Competitors have dedicated resources that focus on lobbying and sales activities
 - Selling to government facilities and programs (vaccines for children)
 - Receive advance notice on upcoming opportunities

- **Government / Regulatory around HCIT**
 - Increased discussion across Capital Hill
 - Nationwide Health Information Network - NHIN – Endorsing Interoperability
 - Certification Commission for Health Information Technology – CCHIT – establishing credibility
 - ICD-10/ICD-9 codes are used by healthcare organizations to classify health diagnoses
 - HIPAA: HIPAA was enacted to ensure the privacy of healthcare information
 - American Recovery and Reinvestment

21

 HENRY SCHEIN®

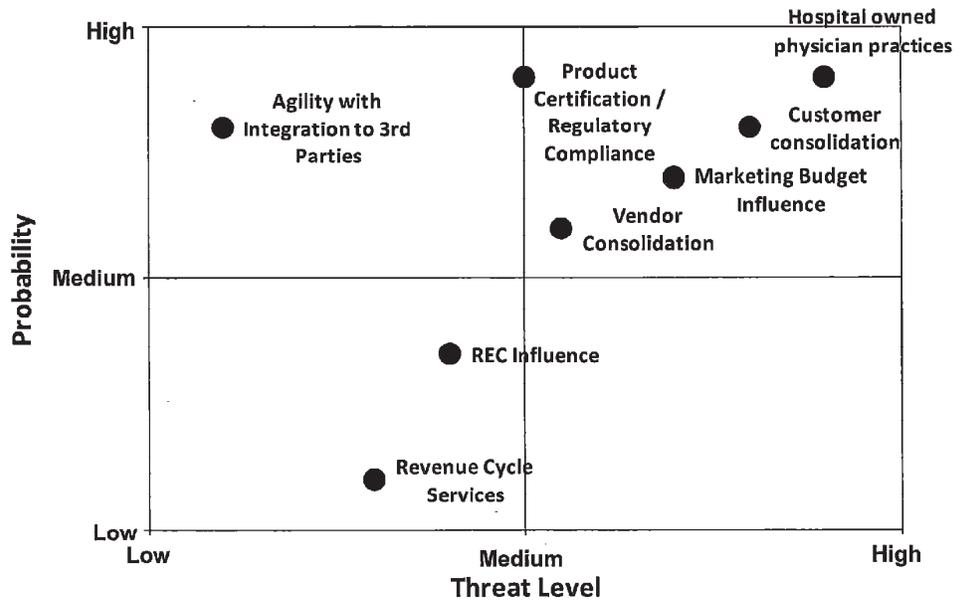

Global Medical – Key Insights

■ Consumerism Effect

- Increased patient knowledge due to availability of medical information online
- Patients demanding specific procedures or products based on their personal research
- Personal health management

Global Medical – Key Insights

Competitive Threats

Global Medical – Key Implications

- HSI must continue to invest in career development and training to ensure customers are getting valued advice and are less likely to turn to low-price competitors
- HSI should acquire or partner with high margin, specialized manufacturers to address vertical integration threat
- HSI should pursue strategic alliances with acute care distributors to address the trend toward hospital owned physician practices
- HSI needs to expand its private label portfolio to counteract margin pressure
- HSI must have a CHC / REC focus across all business segments
- HSI partnered or owned PM/EMR software must be meaningful use certified to remain viable in the industry
- HSI must continue to connect manufacturers, software, and mobile devices as an integrated platform – Connect Health
- HSI must allocate resources to focus on winning government contracts and developing relationships with decision makers within the government

Global Animal Health – Key Insights

- **Key distributors struggling to differentiate themselves and leverage those differentiators**
- **Smaller distributors continue to operate, but their numbers are shrinking**
 - Acquisitions by larger competitors
 - Retirement of owners
 - Bankruptcy
 - Loss of lines from manufacturers
- **Distributor consolidation likely to continue although some regional and specialty type distributors will continue to exist**
- **Cross-border acquisitions by competitors**
 - MWI entering the European market with acquisition of Centaur in UK
- **Loss of product lines in certain markets as vendors consolidate**
 - Pfizer acquisition of Wyeth impacting Germany and Switzerland

25

 HENRY SCHEIN®

CONFIDENTIAL TREATMENT REQUESTED

CONFIDENTIAL - FTC Docket No. 9379

Henry Schein-000067311

CX2742-026

Global Animal Health – Key Insights

- **Manufacturer and vendor consolidation likely to continue**
 - Potential threat of losing key product lines if existing vendors are acquired by direct competitors

- **Emerging or non-traditional competitors**
 - Large medical distributors
 - Retail & Internet distributors
 - Short line distributors, focusing primarily on consumables, but also pharmaceuticals

- **Corporate Groups continue to grow**
 - Offer an exit strategy for large hospital owners
 - Typically work exclusively with one distributor
 - Not interested in value added services

- **Rise in buying groups**
 - Not as influential as Corporate Groups, but still focusing primarily on price

Global Animal Health – Key Insights

- **Rise in private label pharmaceutical products among distributors**
 - Dechra, AUV, Richter, WDT have all developed a range of private brand pharmaceutical products to compete with vendors
 - HSI does not have private label pharmaceuticals

- **Change in licensing of pharmaceuticals to be sold through non traditional channels such as pet shops and pharmacists**
 - Will increase the size of the pie, but will cannibalize sales through clinics

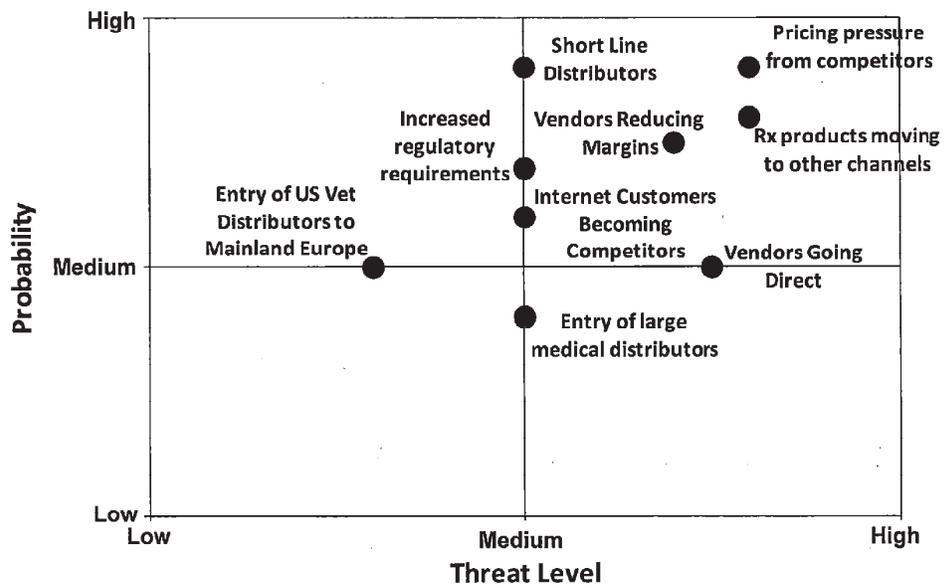

- **Pet owners are looking to the internet more and more for long term meds**

- **Clients are also looking at “big box” Pharmacy promos and specialty retail for lower pricing**

- **Increasing number of clients are setting a ceiling on what they will spend on medical care for their pets**
 - Euthanasia more prevalent
 - A high percentage of Americans do not have Pet Insurance

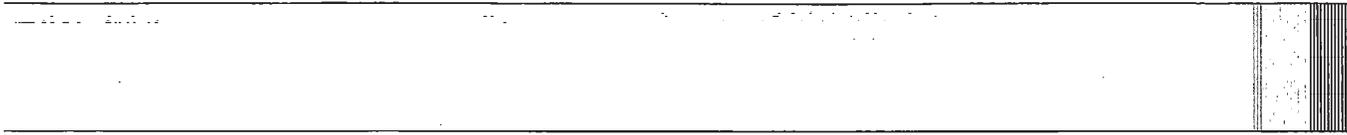

Global Animal Health – Key Insights

Competitive Threats

Global Animal Health – Key Implications

- Own the desktop through major software acquisitions. Integrate and interface to assist Vets business and drive down mutual costs. This makes us stickier to customer and increases switching costs.
- Expand Private Label Globally
- Apply HS Dental model for business assistance to Vet side
- Leverage size and global supply chain for preferential costs and pricing
- Major push as internet supply solution for Vets and their clients
- Continue to expand current market segments such as large animal and institutional
- Expand into new market segments such as retail pet supply
- Buy a manufacturer/supplier
- Leverage differentiators such as financial services, dental, to gain market share. etc. (Pet Insurance?)

35

CONFIDENTIAL TREATMENT REQUESTED

CONFIDENTIAL - FTC Docket No. 9379

Henry Schein-000067321

Global Medical - Market Overview

- Global medical market is estimated at \$21.7 billion

- Market segments:
 - Pharmaceuticals (excluding pharmacies)
 - Healthcare IT
 - Med Surg
 - Equipment
 - *Excluding Hospitals*

- Competition is fragmented on a global basis with top 10 competitors accounting for less than 55% of the market
 - In the US, the top 4 distributors have combined market share of over 60% within the Alternate Care market

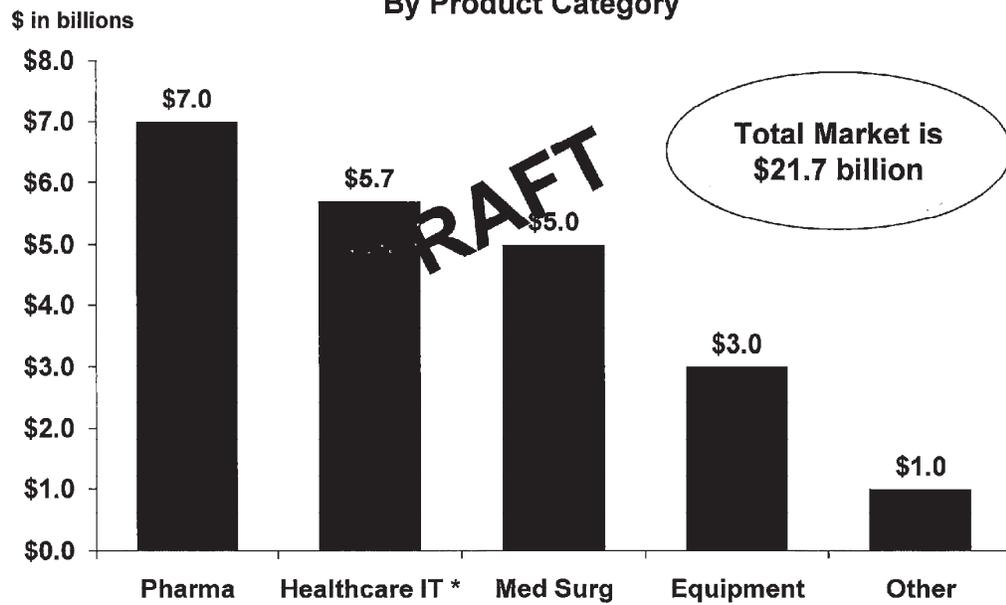

Global Medical - Market Overview

■ US Ambulatory PM+EMR Market

- Over 400 vendors compete in this market, various shapes/sizes
- Regulatory compliance with ARRA HITECH Certification for vendors is driving force for 2010-2012
- Major, multi-faceted organizations with multiple business verticals (McKesson, Allscripts/Eclipsys, Meditech, Siemens, GE, Cerner, Henry Schein, Sage)
- Focused Ambulatory Specific vendors with primary market on PMS software (eClinicalworks, NextGen, Greenway, athenahealth, AdvancedMD, Amazing Charts) – public vs. private status
- Industry Vendor Consolidation continues, creates dominating players
 - Allscripts/Eclipsys (Ambulatory+Acute)
 - McKesson/US Oncology (Full HIS + Specialty)
 - EDI vendors - RealMed acquires Availity
 - Intuit acquires MedFusion (Portal)
- Strategic Partnerships increasing, reach more providers with joint ventures or strategic promotions of solutions (HSMS/GPO's and private labeling)

Global Medical - Market Overview

Estimated Global Medical Sales
By Product Category

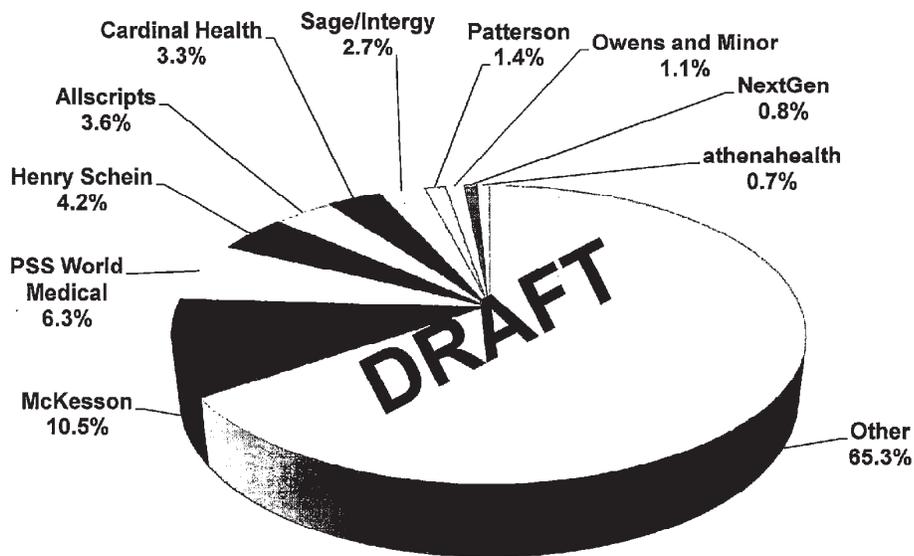

* Practice Management and EMR Software only

Global Medical - Market Overview

Estimated Global Market Share
(Total Medical Market is \$21.7 billion)

Global Animal Health - Market Overview

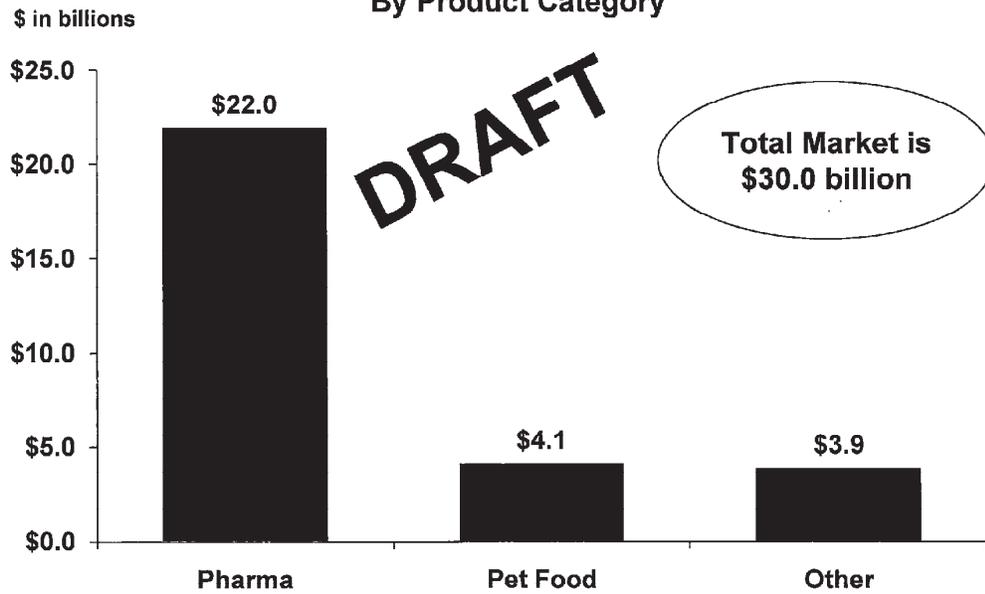

- **Global animal health market is estimated at \$30.0 billion**

- **US Market**
 - 4 players are public (MWIV, HSIC, PDCO, AHII)
 - 3 players dominate the US ethical Veterinary market with over [75%+] market share (Butler Schein AH, MWI, Webster)
 - The top 3 distributors all claim to be “value added” but have failed in large part to leverage their differentiators. The bottom line, in the current market, is availability, price, and relationship.

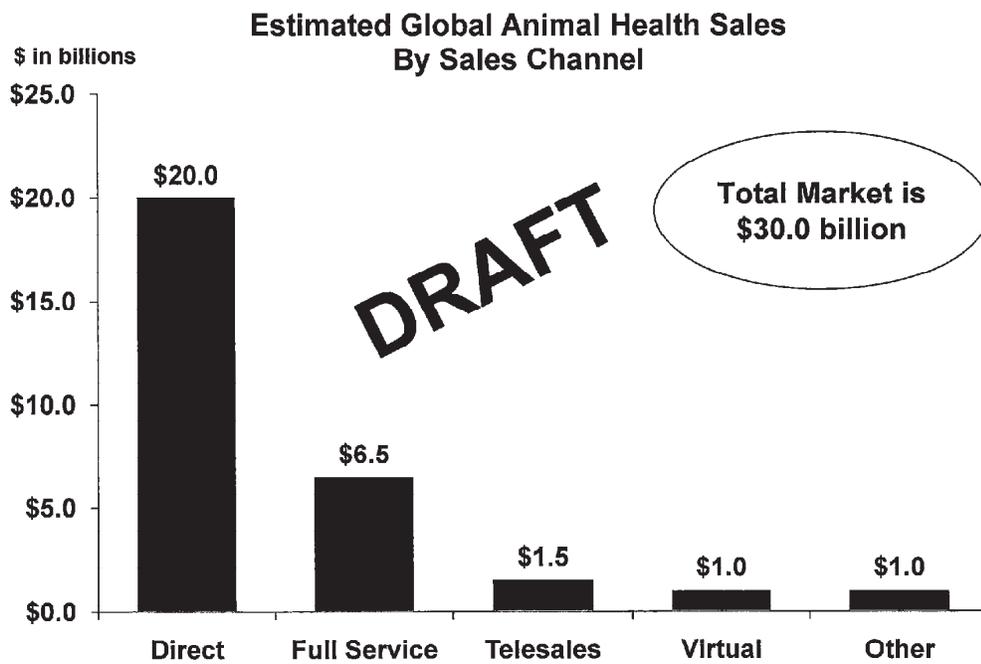

- **European Market (essentially 3 different models)**
 - Wholesale: UK, France and Czech Republic
 - Distributor: Spain and Germany
 - Agency: Switzerland

We will cancel too but keep in my mind we cannot collaborate with them.
If they tell us they are not going that is their call.

I can tell you that Burkhart will attend the meeting as they did this in Texas. They have win some business but lost respect of the sales community.

Subject: West TX

Randall

Jeremy filled me in on the "DSO" Andy Edmister started in Lubbock.

Did HSD actually contract with Andy for discounted pricing or is Jay Knight giving the offices the discounts?

Any office that can pay \$300 a month and save 20% and keep getting their Henry Schein products is going to sign. Jeremy will lose a lot of big accounts as word gets out. It will only be a matter of time until I start losing accounts as well.

Kois GPO and SmileSource have already taken several offices from me but I am still battling in out because the doctors can't get everything from Burkhart/Darby.

If Andy Edmister/Jay Knight can get offices all of the Schein supplies and save money, then Jeremy and I won't have much to fight back with.

Schein will lose GP Dollars from existing customers. Jeremy and I could lose our biggest accounts. Andy and Jay will be the only ones that benefit.

God Bless

Good morning Jeff

3 Things accomplished in 2015

- 1) BDM sales meeting, better content. Relevant to FSC growth. Lead FSC in the right direction.
- 2) Better communication with Rookie FSC. Weekly/Monthly calls. Helping FSC with growth accounts/ equipment goals.
- 3) Dpats goal, FSC engagement. I'm not presenting every Dpat. Team working together to educate/understand how to present and be effective.
- 4) Equipment Pods/ ½ success. Need to more activate in monthly planning session. Training with key vendors. JAN equipment prospecting/Planners. BIG Goals for each FSC.

3 Things disappointed in 2015 goals. Not accomplished

- 1) Total engagement on the importance of Dpat, still have Veteran FSC not engaged.
- 2) FSC MGO goals on equipment 30% mix. May achieve 3 out 10, need higher percent to be successful in 2016.
- 3) More quality FSC cotravel, day needs to be planned to win business. Not just a meet a greet.
 - A) Will have day sheets FSC in 2016, I will pick cotravel days. Not just best/easy accounts
 - B) Get out of office/ more cotravel. Call night before to cotravel.
- 4) Cad/Cam Sales, better planning with FSC/CCS team. Schedule more study group events. Work Dallas trips with FSC/Doctors

- 1) Thing I can do better in 2016. Address how we are going to win in

a Buying Group/ Corporate Dentistry world.

A) Can not continue business as we have in the past. Just excepting losing accounts to buying group is not exceptable. Need to replace vs Owell.

B) Get out of the office/ stay in front of FSC & their Goals. BE a leader not a friend everyday. What is your goal & help them get there in 2016

C) To much money left with Henry Schein in FSC bonus. 3%

We both went through the list. I think so came up with about 30 account.
Some may be duplicates. Some are above \$8000 that I'm going to call the fSC today to ask for their help with transfer.

There is one large perio account in Va Beach area that is Lisa Pearson.

Albert Konikoff 3 office combine they buy over \$10000. We have sold equipment. I sure it could be a large account. She lost \$500,000 to buying group. Thoughts on this?

Most of the Zero purchase accounts are Duplicated,retired, a/r issues.

Thanks

Bobby

Good afternoon Shelley,

I don't have a specific account number to provide, but the intent is that the agreement we put in place would be handled by The Resource Management Group and available to all of our ministries and Participants through incorporating our GPO. The current listing of participants can be found at this website:

<http://www.ascensionhealth.org/communication/vendorparticipants.xls> and is subject to frequent updates.

The cross over reference list should be applicable to all locations.

If you have further questions, please let me know.

Regards,

Denise

Good morning Shelley,

I am a new Sourcing Manager in the Resource Management Group of Ascension Health. One of my latest projects is to put dental consumables on our Resource Group paper.

I was provided your contact information as a supplier that could potentially quote on our dental consumables and would be willing to work with our terms and conditions.

I am in the beginning stages of gathering data and also waiting on Decision team input to provide direction on where we wish to go from here.

In the meantime, if you could provide Patterson materials that cross to dental materials on the spreadsheet that Taimur Khan provided, under separate cover, that would be appreciated. We will then use that information later when we prepare to go out for on line bids.

If you have any questions, please feel free to contact me.

Regards,

Denise

Summary

The growth of corporate dentistry has caused Patterson Dental to look more closely at this new Special Markets segment. The growth is primarily caused by the following:

- Indebtedness of recent graduates
- Lifestyle choices, such as work/life balance and attitudes toward practice ownership
- High cost of acquiring a practice and low return on investment of the sole practitioner model
- Traditional practices are not absorbing as many new graduates as in the past
- Dental Practice Management (DPM) companies or Dental Support Organizations (DSOs) are hiring and have available capital for expansion – mostly through Private Equity investment
- Perceived benefits of practicing in a group practice

DPMs and DSOs are continually growing. In order to achieve their objectives, they are focused on the following:

- Retaining a high patient standard of care through:
 - staff retention
 - clinical continuing education
 - products and technology
- Maintaining procedural fees
- Continuously improving productivity both clinically and operationally
- Protecting themselves from regulatory intervention

DPMs and DSOs are seeking supplier partnerships to assist in overcoming their perceived growth challenges. As a market segment, DSOs seek the following from their supplier of choice:

- Dedication to service
- Willingness to partner
- Ease of doing business

A most recent Patterson Dental commissioned report on the rise of the DSO model stated the following revenue opportunity and growth projections:

Total supply business:

2012 \$580 million

2015 \$952 million

2020 \$1.91 Billion

Michelle Perpich, October 23, 2012

Patterson Dental is estimated to have total revenue of ~\$90 million, including ~\$45 million in supplies annually for fiscal 2014.

The ideal Patterson Special Markets client:

- Needs a partner to help them grow and become more operationally efficient
- Understands and respects technology

- Is forward thinking
- Is clinically focused
- Provides an above-average patient experience
- Wants to differentiate themselves from the “corporate dentistry norm”
- Is not deeply committed to our competitor: low switching costs

Patterson Special Markets

Patterson Dental Special Markets will focus on large group practices with 15 or more locations and/or potential annual merchandise of \$600,000. PSM will also cater to federal customers, including government, military, community and Indian health, schools and institutions. Our target customer mix is 70% DSO/DSM and 30% federal.

Patterson Special Markets has segmented the DSO market into three categories:

- Emerging: Organizations with fewer than 15 locations AND less than \$600,000 of annual merchandise potential
- Established: Organizations with 15-49 locations and/or annual merchandise potential between \$600,000 and \$2 million
- Elite: Organizations with 50 or more locations and/or annual merchandise potential in excess of \$2 million

Organizations with fewer than 15 locations and less than \$600,000 of annual merchandise potential will continue to be managed by the sales branches with support from the VP of Sales as needed. We will develop a strategy to identify and migrate those offices with 10-15 locations to ensure we have a proper “hand off” into Special Markets.

Patterson Special Markets’ initial target audience is the **established** DSOs due to:

- Lower switching costs from current supplier
- Customer need for unique value proposition and other tailor-made solutions to their problems
- These mid-sized customers will give us valuable experience as we ramp up and continue to build out the Special Markets division

All current business designated as “Special Markets” will continue to be managed at the branch level, and the branch will continue to receive the revenue from these customers, both DSO and federal. The Special Markets division will continue to offer centralized support of these accounts where applicable until it may be necessary to centralize (timing TBD). While these customers are being managed at the branch their financials will be included in the branch P&L AND the Special Markets P&L. When these customers become centralized in the future, the branch will no longer have revenue from these customers on their P&Ls.**

All new business generated by and through the Special Markets division will reside solely on the Special Markets P&L and will not impact the branches.

**See segment on Migration for further details.

Vision

To become the partner of choice by assisting our clients in delivering the most cost effective and favorable clinical outcomes for their patients and exceptional practice lifestyle for their dentists

Mission

To reinvent the Special Markets space by partnering with our clients through growth initiatives, innovative services and technology solutions that make a memorable difference in the lives of their patients, while providing an exceptional practice lifestyle for their dentists.

Competitor Analysis

There are primarily two major competitors in the Special Markets space: Henry Schein and Benco. There are many small competitors in the federal space. Schein has and gets business based on longevity in the space. Benco receives business based on price alone. Patterson is known as the distributor that has historically ignored the space and is looked upon as a high priced entry.

Henry Schein

Currently, Henry Schein's Special Markets Division is the dental supplier of choice for over 80 percent of the DSOs. According to the Perpich report, and adjusted for 2014, merchandise revenue for Henry Schein's Special Markets Division from the DSO segment is estimated above \$550 million with an average gross margin of 22 percent. We estimate their overall business in the space to be in excess of \$650 million.

The overall consensus is that Henry Schein has set the bar on centralized support but also has a sense of entitlement and arrogance with the manufacturers and clients. They are the only game in town with 14 years of experience supporting this space. They also have become extremely contentious with their core business sales force, creating an antagonistic culture between the two.

Benco Dental

They have approached the market segment with a "transparent" pricing strategy. They present a proposal of cost plus 16-20%. They have some fairly large regional clients: Affordable Care, Great Expressions and Kool Smiles. Their clients chose them over Henry Schein due to being the only other player in the field or simply due to cheaper supplies. Benco currently offers no unique value proposition in the space other than price.

Amazon

Amazon could become a formidable competitor in this space, where huge volume and price sensitivity is the norm.

Current Situation

Patterson Dental's current decentralized model has been attractive to the DSO's that we have historically done business with. They appreciate the local branch support and territory rep

relationships. The new business of Special Markets desires centralized support with no territory representative and everyday low prices. The current format creates inconsistencies in service, support and pricing when a client crosses branch boundaries. This is frustrating for DSO's.

Pricing

The customer wants everyday low prices. They do not want to receive their discount after the fact or in the form of a loyalty program or free product. This requires working with the manufacturers to give Patterson lower prices when their products are sold to DSOs. Typically this is negotiated by line item, by customer, with the manufacturer at the time the contract is being created. These wholesale discounts vary depending on the size of the customer. By negotiating these discounts with the manufacturer ahead of time, Patterson can offer everyday low prices to the customer. We refer to this model as "net down" pricing. An additional component to this new pricing model is the importance of analytical reporting. In order for Patterson to get reimbursed for net down pricing, essential and accurate reports must be generated on each account each month or quarter.

Current Model Operation/Finance Structure

Structure

- Revenue, cost of goods sold, and commissions for **ALL** business passes through the branches and is invoiced, scheduled, etc. at the branch level. This includes all large group accounts.
- A Special Markets P&L has been created that identifies the revenues, cost of goods sold, and commissions related to Established & Elite accounts, though they are also shown at the branch level.
- Beginning in FY15, any new business that Special Markets acquires will post directly to Special Markets, and will not be duplicated at the branch level. These will be included on the same P&L mentioned in the bullet above.

Issues

- Many branches have created their own unique discount structure to include additional Advantage Dollars and other methods to secure the business; this is not consistent from branch to branch or based on customer size.
- In most situations, the vendors have not been asked to participate in the discounts passed on to group customers that are managed by the branches.
- Branches receive all the revenue and commissions from group accounts, including those customers that are managed by corporate where the branch and/or sales rep have little involvement.

- Clients, or our own Special Markets inside team on their behalf, have to work with the individual branches to purchase equipment or request technical service. This breeds inefficiency, delays and visible inconsistency in pricing.
- New customers must be set up at the branch level, creating a back-and-forth with the SM inside team that often takes several days.
- Branch personnel typically do not have the financial acumen to keep the accounts receivable records for these customers with multiple locations accurate and up to date.

■ Updates in Progress

The IT department is building out the necessary foundational needs to give the Special Markets team tools to centrally manage customers. Phase 1 of this project goes live with fiscal 2015. The Special Markets team needs full branch functions to manage all new business without the need of a local branch. Tasks included in this phase include:

- Setting up account
- Billing and crediting and rebilling
- Scheduling and/or requesting service calls

In addition to the above, behind-the-scenes plumbing is being built that will become functional at the start of FY15. This will allow centralized customers to be flagged so their revenue and cost of goods sold post directly to the Special Markets P&L, bypassing the branches. This flag will also “lock out” the branch from making adjustments to customer information, etc. This essential IT work will be the basis for additional IT work that will take place prior to the ERP SAP implementation.

■ Migration of Current Business

As mentioned in the definition, the Special Markets division will focus solely on those practices with 15 or more locations. Current business that meets the definition will continue to reside at the branch level until the customer requests centralization or at which time it is strategically decided to migrate the account. Once that request has been made, the following will transpire:

- The official transition plan will be initiated
- Patterson Special Markets will handle all day-to-day business with said account.
 - Special Markets will administer the account information and this functionality will be “locked down” so the branch cannot make changes in CSS (Phase 1 – May FY15)
 - Accounts receivable will be centralized (this ability already exists)
 - Customer returns will be centralized – Call Tags distributed from Special Markets inside team (we currently have the ability to do this) or Self Service Returns (Piloting in FY15)
 - Remove the ability of the branch to place orders or process credits for merchandise in CSS (Phase 2 – TBD)
 - Special Markets will request to schedule service for the customer in CSS (Phase 1 – May FY15) – the branch will see the request and schedule a technician
 - Details for Clearview protocol to follow
 - Special Markets will schedule and bill for service calls (Phase 2 – TBD)
- The revenue and cost of goods sold will post directly to the Special Markets group and will no longer post to the branch.

- Launch the Special Markets web experience. A seamless transition to the client that excludes items that DSO's cannot use, such as Advantage \$, Free goods, and other pricing promotions.
- It will be determined by management (President of Special Markets and VP Sales for Dental) whether or not a territory representative will remain assigned to the said account.
- Territory and CEREC sales representatives will no longer receive commissions for sales to the customer. IF it is strategically determined (see bullet above) that a territory representative is needed for the client relationship we will pay the representative a "Special Markets commission" of 10% on merchandise ONLY to be paid manually and quarterly. CEREC representatives will not be paid on Special Markets sales.
- In many circumstances, equipment sales representatives will stop receiving commissions for "commodity" sales to the customer *(see below). In the case where the equipment specialist is needed to assist with a large order/ new office, Special Markets will request their assistance and they will be paid through commission adjustments at a rate that is 20% less than the normal commission rate. The expense for these commission adjustments will be manually submitted and paid by Special Markets.
- Special Markets will "contract" the service technicians to perform technical service for said account (see technical service section for details).
- The branch budget will be adjusted to reflect the sales that have been removed from their P&L

* Examples of equipment commodities: Single items ordered through equipment or service such as:

Compressor
 Vacuum
 Sterilizer
 Intra-Oral x-ray replacement
 Light
 Small equipment such as cavitron, etc

Special Markets believes that all current branch "Special Markets" accounts will migrate into the centralized system over time. Meanwhile, our main focus and priority is on new incremental business.

Below is a listing of the accounts that make up the Special Markets P&L to date:

American Dental Partners
 AppleWhite Dental
 Aspen Dental Management
 Christie Dental
 Church Street (FORBA)
 CMS
 Corizon
 Dental Care Alliance
 Dental One Partners
 East Carolina University
 Famila Dental
 Family 1st Management
 Health Partners

ImmediaDent Management,
LLC
Jefferson Dental
Kaplan Higher Education
Mayo Foundation
Medical Teams International
MI Community Dental Clinics
Midwest Dental
Military – ECAT ACCOUNTS
National Dentex
Orthosynetics
Other
Pacific Dental
State of Florida

Strategic Focus and Value Proposition

Patterson Dental Special Markets feels that with a unique value proposition focused on growth, operational efficiency and unique technical service it could have a different impact within the established DSO space (15 or more locations). Regarding the Elite space (50 or more locations), our strategy is to lead with our best-in-class equipment and technology, primarily A-dec and Sirona, as a foot in the door.

Patterson Special Markets feels that we can offer value to the space by helping the clients grow and become more operationally efficient both organically and inorganically, allowing them to grow their current business while acquiring and setting up denovos.

It is also understood that each Special Markets account has unique needs and is structured in a unique way. Therefore, it may become necessary to develop an individualized value proposition to meet the needs of special circumstances based on opportunities, challenges and requisite solutions.

We feel that Henry Schein has grown complacent and relies on their historical advantage of supporting the growth of Special Markets through their large centralized infrastructure.

Special Markets Offerings

Merchandise

Sundries Pricing Model

Develop a pricing template for all group sizes, which is a rational and consistent strategy. Branding for these tiers is underway and will be displayed in branch systems for their reference when servicing the customer. To create consistency, the definition of these classes (i.e., 15-24 locations) will carry through various aspects of our pricing model. We will build a marketing story around the 5 levels. Also, the levels are A,B,C,D,E so they will be easy for the branches to remember when billing. Some customers may be grandfathered in initially. Below is the initial pricing we will model on merchandise.

INITIAL CLASSES TO MODEL MERCHANDISE PRICING:

		Annual Merchandise	Branded Merchandise Gross Margin	Patterson Brand Merchandise Gross Margin
<i>Accelerated</i>	15-24 locations	\$600,000 up to \$1M	~25% GM	~28% GM
<i>Business</i>	25-49 locations	\$1M up to \$2M	~23% GM	~26% GM
<i>Champion</i>	50 to 124 locations	\$2M up to \$5M	~21% GM	~24% GM
<i>Dynasty</i>	125 to 249 locations	\$5M up to \$10M	~19% GM	~22% GM
<i>Elite</i>	250 or more locations	\$10M +	~17% GM	~20% GM

Numbers may be adjusted after initial modeling.

Since Patterson has not been in this space, we feel we need to be aggressive with merchandise pricing to get our foot in the door. Core equipment opportunities are a by-product of the merchandise relationship. We will use sales of core equipment and proprietary technology products to raise our overall blended Gross Margin percentage.

Returns will be handled by printable call tags or return services labels, without a territory representative or branch involved.

Pharmaceuticals will be a necessary addition to the Special Markets team as many RFPs will be sole source distributor. An anomaly is American Dental Partners, which purchases supplies from Patterson but pharmaceuticals from Henry Schein.

Work with Patterson Logistics on customer differentiated opportunities – best-in-class delivery for top client experience.

Pattersondental.com

Merchandise Order Management:

Create a Special Markets Pattersondental.com web facing page, to launch FY15, displaying the client's logo with their formulary attached. The IT department will remove any free goods and Advantage dollars.

Patterson Proprietary Offerings

- Free or special deal on CAESY patient education software with new merchandise partnership
- Special pricing on Patterson Office Supplies
- Discounts on RevenueWell
- Complimentary office design services

1-800-DENTIST

Partner with Futuredontics:

Designed to drive new patients to client and also regenerate lost or complacent patients within the practice. Patterson Special Markets will offer new centralized business a 4-month trial with 5 select modules designed to grow the client's current business:

- 1-800-DENTIST – Drive new leads to the office
- Patient Activator – Patient communication tool
- Patient ReActivator – Mine for lost or complacent patients within the clients database
- Reputation Monitor – Track how the client's organization is perceived within the marketplace
- Web Director – Customized web development for both PC and handheld devices

Mercer 360 Planning

Partner with Mercer:

Recently acquired by Patterson Dental, the Mercer team will offer Special Markets new business 6 months of complimentary access to OnTrack, designed to perform the following:

- Prioritize the areas you need to pay attention to
- Monitor those areas and provide real-time feedback
- Systems to offer solutions to close the gaps

QSI Partnership

Establish a true business partnership with QSI to offer large DSOs a complete practice management solution on the cloud. No money will change hands within Patterson and QSI. It is suggested that QSI will offer all new Special Markets clients a discount for the referral.

Technical Service Offering

Patterson Dental boasts the largest and best technical service field force in the country. Patterson Special Markets will utilize the local technical service departments to service its centralized business. By utilizing the existing branch service departments we plan to offer all new Special Markets business the following value proposition:

- Centralized service dispatch through their “one point of contact”
- Online scheduling of technical service calls
- Dedicated technicians assigned to affiliates
- Proactive response: A monthly automated scheduled courtesy call by a designated technician
- Patterson Technology Center hotline for all technology service needs
- National repair hotline for all everyday repairs
- Extended warranties on select products
- Response time guarantee on service calls
- Guaranteed cost of ownership with select new business when purchasing A-dec equipment
- National Service Contract including pre-paid technical service

We will offer the same tiered model as merchandise for service:

INITIAL CLASSES TO MODEL SERVICE PRICING:

		Labor Rate	Parts Discount	Natl Rpr Discount	MFG Repair Discount
<i>Accelerated</i>	15-24 locations	\$115	10%	10%	10%
<i>Business</i>	25-49 locations	\$105	10%	10%	10%
<i>Champion</i>	50-124 locations	\$95	15%	15%	15%
<i>Dynasty</i>	125-249 locations	\$80	15%	15%	15%
<i>Elite</i>	250 or more locations	\$70	15%	15%	15%

Numbers may be adjusted after initial modeling.

- Current business will remain and be managed at the branch level until the time comes to migrate the account(s). All new business will be centralized and managed by the Special Markets division. Special Markets will employ a service coordinator(s) to work with the local branches to schedule technical service for Special Markets accounts. Special Markets agrees to supplement the local branch at the current Gold Advantage rate for that branch. For example, if the branch Gold Advantage rate was \$180:

- For an account that has 15 or more locations and is NOT centralized: the branch will service and bill the customer directly. The Special Markets division will NOT supplement the branch.
- In the case where an account that IS centralized calls for technical service labor: the branch bills the customer at \$80 per hour. The Special Markets division will give \$180 per hour to the branch as goodwill, because the branch did not receive ANY revenue from the invoicing.
- In the case where an account that IS centralized needs equipment installed: the Special Markets division will give the branch \$180 per hour for commodity installs. When a complete installation occurs Special Markets will establish a flat rate reimbursement for the branch (i.e., \$5,000). The customer will be billed at no charge.
- The Special Markets division will create a new annual incentive opportunity for the entire service department at each branch based on their service to Special Markets customers. The additional bonus will require a completed survey and/or a satisfaction scorecard filled out by the select affiliate and returned to the Special Markets division. The amount is TBD and will be paid annually.

Customer Reporting Suite

A reporting suite will be developed in conjunction with several of our current and initial future customers. Once we have intelligence from a few of these interviews we will create a reporting suite to be offered to all Special Markets Customers. The goal is to have a reporting suite defined by the beginning of calendar 2015.

Forecast

SPECIAL MARKETS	FY2015	FY2016	FY2017	FY2018
REVENUE	\$105,000,000	\$120,000,000	\$140,000,000	\$170,000,000
<i>Growth Rate</i>	17%	14%	17%	21%
GM%	23.7%	23.7%	23.7%	23.7%
GROSS MARGIN	\$24,900,000	\$28,400,000	\$33,200,000	\$40,300,000
TOTAL EXPENSE	\$12,200,000	\$14,000,000	\$16,300,000	\$19,500,000
Operating Income	\$12,700,000 12.1%	\$14,400,000 12.0%	\$16,900,000 12.1%	\$20,800,000 12.2%

Organization

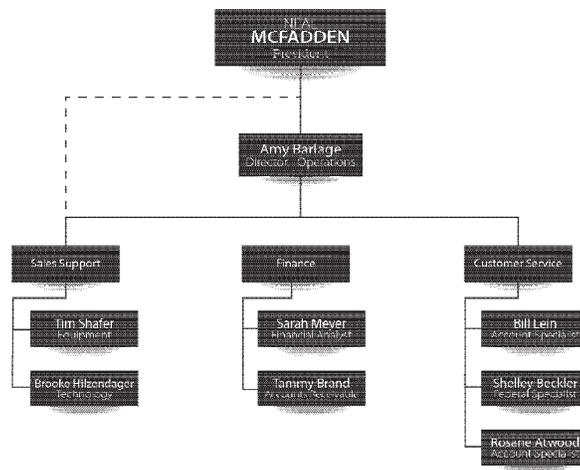

Today

We have added three necessary positions in Special Markets in FY14:

- Director of Operations
- Financial Analyst
- Account Specialist (one additional)

Current Organization Chart

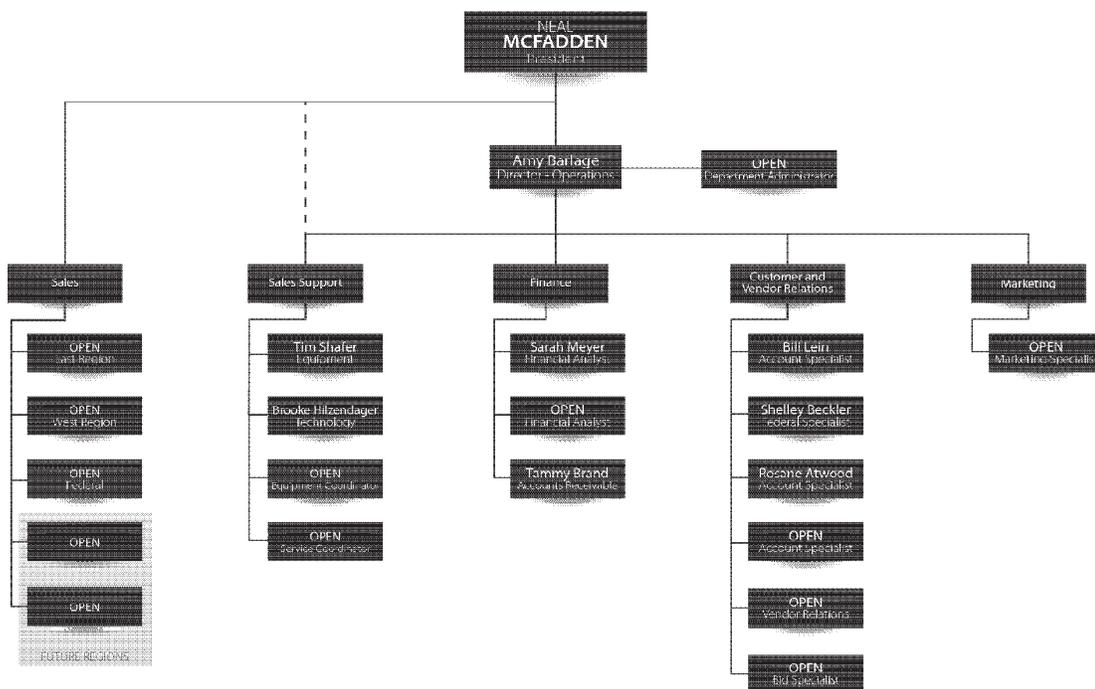

Tomorrow

In FY15 budgeted proposed positions include:

- 2 Bid Specialists/Vendor Relations
- Equipment Coordinator
- Service Coordinator
- 2 Field Sales Representatives: East and West Coasts
- 2 Account Specialists
- Department Administrator
- Financial Analyst
- Marketing Specialist
- Federal Specialist

Organization with Proposed Positions

■ **Special Markets Regional Sales Representatives**

It is proposed to have four Special Markets Regional Sales Managers by the end of FY16 focusing on the following markets: New England, Florida, Texas, and California. For the short term, in Q2 of FY15 two sales representatives will be hired: East and West regions – ***actual region lines may vary:**

Special Markets Regional Sales Representatives will focus on new business for the organization and serve as a support liaison for the two Elite clients currently with Patterson Dental: American Dental Partners and Pacific Dental Services.

The position will be salaried with a performance based bonus% of salary.

It is recommended that as Special Markets is building out its business the guaranteed pay of the sales reps be a higher % of the total for the first year. Therefore, a portion of the bonus will be guaranteed during the first year for the initial representatives hired, and paid quarterly.

Sales Rep Compensation	Year 1	GOAL (Year 2)
Base Salary	\$110,000	\$110,000
Bonus %	50%	50%
Bonus \$	\$55,000	\$55,000
Target Total Compensation	\$165,000	\$165,000
Bonus Guarantee % of Salary	25%	0%
Guarantee \$	\$137,500	\$110,000
Total Guarantee % of Target	83%	67%

An example of bonus metrics would be:

- New Business in fiscal year – 50% of bonus
- Growth of current business within region – 30% of bonus
- Sirona sales growth – total dollars or growth – 10% of bonus
- Adec sales growth – total dollars or growth – 10% of bonus

We are also looking at an expense budget of \$30,000 per representative.

CEREC and A-dec Plan

Patterson Special Markets' entry into this space brings two of the biggest manufacturers: Sirona and A-dec. Both have dedicated themselves to pursuing this business. Each has established a matrix supporting the various sizes of DSOs.

Current Business

CEREC Pilot Programs

Since 2012 Sirona has offered pilot programs to several DSOs. A pilot is a 120-day CEREC "trial" where the client pays \$3,000 per month for up to four units each to try with select dentists. Sirona spearheads this and handles all training. If the client decides to proceed with purchasing the CEREC then two-thirds of the pilot fees are credited toward the cost of each CEREC unit. A similar pilot program exists for Digital Impressioning and lasers. Sirona trains Special Markets customers. Once Patterson Special Markets hires field sales reps we will take the leadership role in these pilots.

Future Program

Sirona

Sirona and Patterson have agreed to the following pricing tiers:

	Discount off of MSRP			Patterson Group Practice Margin
	Tier 1	Tier 2	Tier 3	
	10-24 Installations	25-99 Installations	100+ Installations	
Intraoral				
- Equipment	45.0%	50.0%	55.0%	28.0%
- Upgrades	50.0%	55.0%	60.0%	25.0%
Extraoral				
2D (incl. Hediodent)	30.0%	32.0%	35.0%	25.0%
3D	22.0%	24.0%	26.0%	25.0%
3D Service Contracts	22.0%	24.0%	26.0%	25.0%
CAD CAM				
- Equipment	10.0%	15.0%	20.0%	30.0%
- Service Club	10.0%	15.0%	20.0%	40.0%
Lasers				
Laser and Consumables				
- SiroLaser Xtend	28.0%	30.0%	32.0%	20.0%
- SiroLaser Advance	24.0%	26.0%	28.0%	20.0%
- Consumables	30.0%	34.0%	37.0%	20.0%

A-dec

A-dec has designed an operatory package specifically for the Special Markets space. This package cannot be sold through the branches without approval from the President of Special Markets and the Vice President of Sales for Patterson Dental.

The new "BRONZE" package (Basic package – gold and silver options available at \$16,930 and \$15,591 retail) will be tailored on the following matrix:

Baseline	Retail	DC	Dir GM	Selling Price to DSO	% off Retail	Diff from baseline selling Price	Projected Revenue to Patterson	Projected Savings to Customer
1	\$ 14,474	43%	32%	\$ 12,133	16.2%	\$ -		\$ -
Emerging DSO Scale (Draft)								
Min	Max	DC	Dir GM	Selling Price				
15	24	51%	27%	\$ 9,715	32.9%	\$ 2,417	\$ 233,170	\$ 58,013
25	50	52%	26%	\$ 9,389	35.1%	\$ 2,744	\$ 469,427	\$ 137,204
51	99	53%	25%	\$ 9,070	37.3%	\$ 3,062	\$ 897,967	\$ 303,162
Elite DSO Scale (Draft)								
Min	Max	DC	Dir GM	Selling Price				
100	200	54%	24%	\$ 8,761	39.5%	\$ 3,372	\$ 1,752,116	\$ 674,408
201	300	55%	23%	\$ 8,459	41.6%	\$ 3,674	\$ 2,537,649	\$ 1,102,136
301	400	56%	22%	\$ 8,165	43.6%	\$ 3,968	\$ 3,265,928	\$ 1,587,119
401	500	57%	21%	\$ 7,878	45.6%	\$ 4,254	\$ 3,939,127	\$ 2,127,182
501		58%	20%	\$ 7,599	47.5%	\$ 4,534		

Note: Contract would stipulate a 2 year time window as a standard to reach increments

Federal

It is proposed that 30% of Special Markets business will be federal. This consists of the following areas:

- Government/Military
- Community Health

- Indian Health
- Schools

We will have a full electronic catalog (ECAT) for the government by the end of calendar 2014. We are taking the current ECAT product selection from 2,000 products to over 57,000 products. This will increase the potential in sales with the government exponentially. According to our third-party contractor, Deborah Peyton, Henry Schein currently gets over \$120 million in federal sales. By increasing our ECAT selections our goal is to capture 40% of this market.

We will also have a full GSA/FSC contract by fall 2014. This will give both the branches and Special Markets the opportunity to bid for state, local government, community health and Indian health business that Patterson has not historically gone after.

We will build an internal federal support team to support the new Special Markets field sales force. Plans are to add one internal support position in Q4 of FY15 and then add a new Federal Field Sales Representative beginning FY16.

Marketing

A Patterson Special Markets marketing plan will be developed and worked on throughout FY15. Some aspects of the marketing focus will include both internal and external marketing:

- Advertising in First Impression publication in July FY15: 3 full-page ads and 1 editorial – create client awareness
- Special Markets trade show displays and banners
- Special Markets “Patterson Today” Q4 FY15
- Special Markets formulary Q4 FY15
- Sponsor and attend the Dental Group Practice Association board meeting in July 2014
- Sales rep presentation tools such as sales material and electronic media
- Participate in key DSO annual meetings such as Pacific Dental’s XP meeting and American Dental Partners’ Best Practices meeting
- Participate in several donation opportunities with key DSO accounts
- Direct Marketing to all group practices within target market

We will build a marketing plan and story around the 5 levels of Special Market clients:

Accelerated Class	15-24 locations
Business Class	25-49 locations
Champion Class	50-124 locations
Dynasty Class	125-249 locations
Elite Class	250+ locations

Appendix

Bid Specialist/Vendor Relations:

Assigned to complete and manage all Requests for Proposals (RFPs) and work with each manufacturer to determine appropriate wholesale pricing

Equipment Coordinator:

Work with all Special Markets clients as a centralized point of contact for equipment needs
Acts as the liaison between the account and the local branches for equipment

Service Coordinator:

Responsible for scheduling and monitoring the technical service needs of all Special Markets accounts
Works with the local branches to complete technical service needs: both repairs and installations
Will assist in tracking all rates and "remuneration" to the local branch service department

Account Specialist:

Required to handle the specific needs of assigned account

Department Administrator:

Acts as the department administrative assistant supporting inside and outside personnel: books travel, assists with processing/tracking branch remuneration, assists with AR administration

Financial Analyst:

Responsible for both client unique reporting, manufacturer reporting and internal reporting needs

Marketing Specialist:

Future position to include all external communication and promotions for the Special Markets division

Federal Specialist:

A Q4 position to handle all new ECAT and GSA needs

Sirona Technology Target Accounts: CEREC, Schick, Lasers, Panoramic & Conebeam

ED -- I have received several calls from GPO's - -I cannot find any advantage to PDCO moving in this direction , other than taking the account from Darby - - Its a slippery slope. If you want to call him and dig into some details and ask the hard questions that's fine - -They tout a 20% saving to the dentists on supplies - - like I said - its slippery..... I don't know what the future holds but as of this moment I am sure we should pass on these groups. Thanks

Peter,

I am confused as your immediate prior email indicated you were setting up dates to sit down and talk with us and include your president!

Nothing ventured nothing gained as you may have found there is opportunity in sitting face to face before making a decision.

Although disappointed I will convey your response to the Board and membership.

Regards,

Frank

Importance: High

At the end, how much comfortable are we with working with a Sirona KOL (Chagger) while this guy was behind this buying group ? One thing sure, since this buying group been turned down by Patterson, I am sure they are trying to reach an agreement with another distributor.....does Chagger still involve ? Paul, do you plan reaching out to Chagger and see which side he picks ?

Hi Gary

As per our discussion today please be advised that we are very aware of the KOIS group. They approached Marc Beaudet in Toronto and he in turn has spoken to Paul Guggenheim about them. Paul had a conference call with them and he will make the decision for both Canada and the USA on this. As I said to you their presentation numbers are crazy as they are asking us to cut margins to the bone. I have copied Paul so if there is any new information he can reply.

Thanks

Subject: "buyers group"

Hi Guys

Jordan Nofle pulled me aside today and spoke to me about a Buyers group being formed by KOIS in Seattle, of which many of my clients go to for training.

The TODS meeting also had the local Drs meeting about the buying power of the corporations coming our way.

He said Larr sales is stepping up to the plate and may be the Canadian distributor. He has joined the group to get all the info, but he will not participate if it compromises his customer service however, price is an issue and he is exploring the options that the buyers group is promising.

He also said Patterson US is stepping up in the states but has not responded in Canada so I mentioned Andre's passing and he understood

What are we doing with this???? He wants to keep me in the loop, that is why he told me about this.

Help!

From: Sullivan, Sean
Sent: Thursday, December 18, 2014 6:41 PM
To: Guggenheim, Paul; Michaud, Brian
Cc: Turner, Walter
Subject: RE: Kois buying group

Thanks for the reply Paul. I wouldn't say that Kois followers are more prevalent in San Diego than other cities but they are certainly our high quality / high producing clients. The two clients that we have lost to this "experiment" (Dr. Jeff Gray & Dr. Davis Perry) are both Platinum Advantage clients so the cut is deep to us all. The philosophical challenge is that Kois and his group are well known as high quality clinicians who spend a great amount of time perfecting their patient experience which makes them a perfect match for our services. In Dr. Gray's case, he's a Kois instructor and feels that he will be letting down his "tribe" if he did not follow suit with Dr. Kois.

Brian, Walter, and I (along with Jason and Jody from El Segundo) are putting our heads together to combat this as best we can. We want to make you aware of the situation in case an opportunity arises for you to address this with Dr. Kois or one of his tribe. We'll keep you updated as we learn more and meet with the doctors to address and measure the results.

Sean

Subject: Kois buying group

Paul,

Hope all is well with you and you're staying warm!

I wanted to write you a brief email just to let you know that my customer, Dr. Dave Perry 456637214, has also decided to move his business from Patterson to the "Kois buying group".

I'm writing not to gripe, but rather provide you with the information I gathered from my conversation with Dave Perry. I know that this has come up with Walter, as well as others, so I thought it important.

Dr. Perry expressed to me that he will be leaving Patterson to join the buying group. According to him:

He will save 25% - 30% on his supply bill. Dr Perry has run the numbers and he believes that he will save \$30,000 - \$35,000. It is just too much savings for him to ignore.

He says that it's hard for him to make the change. He's been my customer for 20 years, and he says it should be no reflection on me or the excellent service I've provided all these years.

He is going to track his savings very carefully and if it doesn't work out, he would like to come back as a customer.

Additional:

- Burkhardt is the chosen supplier
- Dr considers Kois high integrity, so he's difficult for us to impeach
- Dr was told that the Kois group is going to negotiate directly with mfg for better deals.
- Patterson doesn't do a good job separating support costs and Cerec supplies on the doctors statement, so he will likely tell them he spent more than he really did with Patterson. This makes it easier for them to show a savings. I will work on preventing this.
- not sure if I heard this from the doctor, or with my discussion with Walter, but Burkhardt is going to give a rebate to the doctor if they don't save the amount they promised.

I have yearly business meetings with my doctors and Dr. Perry's supply overhead with Patterson has been:

2013 - 5.77%
2012 - 5.85%
2011 - 5.39%

The above numbers are determined by the production numbers shared by Dr. Perry.

Sean, Walter and I plan on putting our heads together and preparing a report for our doctors on exactly where they were with Patterson, so that they know what to compare to.

Unfortunately, many of our best doctors are Kois followers, so I think this is a precarious situation for us as a company. Any additional information or guidance you can provide would be appreciated.

Thanks,

Brian Michaud

Subject: RE: Kois Buying Group?

Neal,

Received a call from another TR today who asked the same question, is Patterson participating in a group buy program through Kois. Evidently, this customer stated that Kois asked all 600 members what they spend annually in supplies, for them to pull the number to go to all the national distributors to bid it on. The dealers that were mentioned that are going to be asked to bid on this is Patterson, Schein, Burkart and Benco. You may be seeing this shortly.

Subject: RE: Kois Buying Group?

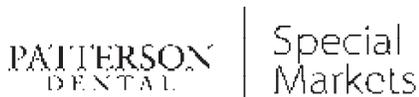

Jim,

As a rule we are trying our best to steer clear of all buying groups. As far as a "Kois group thru Patterson" --that's news to me. Special Markets has had no communication with Dr. John Kois and his team. I believe they are in Seattle and may have a deal with Burkhart (who supports GPO's, namely Smile Source). So, that's all I have for now. I wish I could say this was rare but it seems weekly I hear of a group forming. I hope this helps.

It might be good to ask Bill Neal since they are in his backyard.

Subject: AZDA - SourceOne

Chad,

Welcome to the Valley! Hope the transition is going well.

I wanted to catch up and get your take on our friends at the AZDA becoming our competitors? I am sure you are hearing plenty from your reps about the AZDA partnership with SourceOne selling supplies.

Needless to say we are not real happy and we are looking at pulling all our sponsorship including the AZDA meeting. I know that Patterson, Schein and Benco boycotted the Texas Dental Association meeting this year after the TDA did the same thing and wanted to see if we could create the same message here in AZ.

Let me know your thoughts.

Feel free to call me on my cell to discuss.

Best regards,

Mike Wade

Date: 06/08/2013 07:16 AM
Subject: RE: Fwd: New Mexico Dental Cooperative purchasing.

Greetings, Paul...

Thanks for reaching out, I was at a board meeting yesterday & couldn't respond.

As we've discussed, we don't recognize buying groups. On the Atlantic Dental Care situation, here's our understanding after several in-depth conversations...

1. There are 32 practices that have legally merged together.
2. The new company is owned by the former practice owners.
3. They are in the process of rebranding all the offices Atlantic Dental Care.
4. They have a board of directors made up of some of the stakeholders that makes the decisions.

Although they're in the early stages of the process, we believe this meets our criteria for a large group practice. We've asked to see the merger documents once they are completed, to confirm that they've really become a legally merged entity, and we're going to continue monitoring the process to ensure that ADC delivers on their commitment to us. Happy to discuss in more detail, if you'd like.

Meanwhile, glad to hear that all's well with you & the family, and that you're enjoying the summer in Minnesota. As we speak, my folks are on a cruise across the Atlantic to celebrate their 50th anniversary; hopefully, one of them won't throw the other off the side of the ship.... 😊

All's good here, keep in touch, talk soon...

Chuck,

I hope all is going well with you and the Family. Summer is upon us although in Minnesota it still seems like winter was in California. Reflecting back on our conversation earlier this year, could you shed some light on your business agreement with Atlantic Dental Care? I understand they are a group of 55 dentists in and around Chesapeake Va. being led by a practice management consultant that your team has signed a supply agreement with. I'm wondering if your position on buying groups is still as you articulated back in February?

Let me know your thoughts....Sometimes these things grow legs without our awareness!

Best to you, Rick and Larry.

Sincerely,

Paul.

Greetings, Paul...

Hope things are going well at Patterson. Just saw Sirona's strong results, good sign for you.

Just wanted to let you know about some noise I've picked up from New Mexico. FYI: Our policy at Benco is that we do not recognize, work with, or offer discounts to buying groups (though we do work with corporate accounts) and our team understands that policy.

Thanks, best for success in 2013!

Subject: New Mexico Dental Cooperative purchasing.

To All,

Frank Montoya, Jason Chapman and I are in the process of starting a dental Cooperative. Thus we are working together with our local private practice dental office owners to compete with the national large corporations in the dental field. We as small businesses are well aware of the studies showing the corporate dentistry role over the next 10 years. Furthermore, Walmart has provided us with a case study to evaluate the survival of the independent dental offices. Thus we have partnered with Patterson Dental to provide the individual office the same opportunities as the larger corporations. We as a group of 17 offices currently are expanding on weekly basis; Furthermore, we have doctors in our group from every specialty participating in the co op.

We are inviting all dental manufactures and representative to a our vendors meeting March 13, 2013 at 6:00 pm. The location is Patterson Dental Branch in Albuquerque, NM. During this meeting we will do the following:

I) explain our philosophies

II) Have an open forum question and answer, I will take any and all questions and be available however long needed.

III) Explain our bid seeking for the next 12 months.

April 1st our co op will start to formulate the Preferred Vendor list for dental supplies. Our Preferred Vendor list will be update annually following our annual vendor meeting. We highly encourage our co op members to

support the manufactures whom best support our co op. At the present moment we have begun formulating the Preferred Vendor list for all aspect of running a dental office. Upon conclusion of this process we will have a Preferred Vendor List for everything from cotton rolls to credit card processing fees to janitorial services and everything in the middle.

Our goal was 50 dental offices. However, that will have to change, we just started this co op and have added 17 offices without any effort. We have changed our goal to 75 dental offices in Albuquerque and then will expand to all areas of New Mexico. Furthermore, we are putting together a doctors meeting to have a discussion about the co op to increase our current enrollment.

If you have any questions please feel free to contact me at this email (personal email address) or my office, 505-821-1430. If you call the office I will need to set up a time to have a phone conversation due to patient care. As many of you know from the past, I have not been easy accessible b/c of the amount of sales persons that have wanted to work with our 3 to 5 offices. For the Co-op I will be 100% available to anyone wishing communicate and our personal corporations will only purchase with Preferred CO-OP Vendors.

Chad,

Thanks for the quick response. We are of the same mindset. It would be gratifying to see every distributor with a local presence make a unified statement on the AZDA's ill-conceived idea to become a distribution competitor.

Best regards,

Mike Wade

Subject: AZDA - SourceOne

Chad,

Welcome to the Valley! Hope the transition is going well.

I wanted to catch up and get your take on our friends at the AZDA becoming our competitors? I am sure you are hearing plenty from your reps about the AZDA partnership with SourceOne selling supplies.

Needless to say we are not real happy and we are looking at pulling all our sponsorship including the AZDA meeting. I know that Patterson, Schein and Benco boycotted the Texas Dental Association meeting this year after the TDA did the same thing and wanted to see if we could create the same message here in AZ.

Let me know your thoughts.

Feel free to call me on my cell to discuss.

I'm going to talk to Dave over the next few days. I think we need to be picky and choosy and rethink our overall strategy. This is turning into a dirty business but if we continue to say no we will look back at ourselves, just like we did with special markets, and possibly regret it. So I would at least want to hear the story.

I had the same conversation with Pete Cousins on Friday. Unfortunately, the Georgia state association wants to do the same thing. I'm trying to be very open-minded.

I will keep you posted. Thanks

Sent: Tuesday, February 11, 2014 7:39 AM
To: Guggenheim, Paul
Subject: Fwd: Special Markets

Paul, I need a bit of advice here. A few weeks ago a guy representing a community health center contacted Shelly regarding doing a bid. I approved her to get started working on the bid primarily as practice and experience as we will be involved in a lot of RFPs. A week or so into the project we found out that this guy George represents a GPO representing the CHC. He gets 3% of sales. It was after this I contacted Mike Orslen at medical and asked him about dealing with GPO's in the medical and government space. He told me it was a necessary evil for him. However, my gut told me that historically we've never done this so I sent the bottom letter respectfully declining the offer. Please see his response and let me know if I did the right thing or if I should proceed further. Thank you

Subject: RE: Special Markets

Neal,

I'm very disappointed in your decision to not go forward with this opportunity with this CHC. I do however understand your concern for partnering with a GPO and the different dental business model this opens. I am also aware of the time that Patterson spent on this project in terms of man hours spent with the price quote and talking to manufacturers to gain better pricing for your special market accounts, so I know your intentions were honest with me.

Having said this, my problem now is that I have a director of Purchasing expecting a call from you on Thursday who is anxious to replace his \$5,000,000 plus account from Schein to another national dealer. As you did, I also contacted Carestream (Kodak) to get a 30% discount for Patterson with this CHC so I now have to explain why they won't be getting this business after they reduced their film pricing to gain this business with Patterson.

I doubt if I can contact a national dealer that can handle this size account in two days and develop a plan that meets the needs of my customer. I know that neither of us wants to lose a \$5,000,000 account that can grow to 6X this size. Many dental companies use independent sales reps and I'm open to doing that with this account or more if you feel I can bring value to your special markets group. This is a market I know as well as anyone and could help you target areas that get very little attention that would bring some big rewards.

Competing against Schein in special markets is difficult at best and to take this account from them would be a game changer in dental, and I expect you would get this account. Schein's

strength in this market is their relationship with Danaher, it can also be their biggest weakness if you have the right strategy.

I hope to hear from you regarding saving this sale, working with your team has been a pleasure.

Best Regards,
George

George,

I want to begin by thanking you for considering Patterson Dental as your preferred partner for NAIDS. As we discussed, the Special Markets group is new to Patterson Dental and we are in our early stages of building out our infrastructure and deciding our target market. At the advice of our legal department and our executive leadership team I am respectfully declining your offer to participate further in your RFP. Patterson has historically never done business with GPO's and culturally we do not feel it is a long term strategy for our company. I am sorry for this late decision and trust you will still have time to find another dental supplier.

Respectfully,

On Thu, Feb 7, 2013 at 2:01 PM, <Scott.Belcheff@pattersondental.com> wrote:
Dr. Mason,

I wanted to reach out to you in regards to the Vendor meeting you scheduled through e-mail for March 13. There was some confusion on my part. I thought it was a meeting for your preferred vendors and vendors you want to introduce to the co-op on the running of the business side of the equation. For example Credit Card Services, Patterson, Banking, etc. I did not understand it to mean the entire dental manufactures group.

I wanted to take some time to think about this meeting before I reached out to you,

and after reflecting on this, here is the direction we need to take. We need to cancel this meeting, and I will be sending out an e-mail by the end of the day today to the included manufacturers about this cancellation, while also asking them to "stay tuned" for more information to come in the near future. The reason for this course of action is as follows, and I do look forward to discussing with you when you're able.

First - The email you sent out has greatly confused the dental community, and actually Patterson's role in the dental business community as well.. Dan Reinhardt, my regional manager and myself, have been getting calls with questions because manufacturers are confused as to the purpose of the meeting you called. These companies do choose to do business with distributors like Patterson, Schein or Benco, and we handle the bid process. Not the manufactures (unless they are a direct selling manufacturer, such as Brasseler). If Patterson is going to be your preferred vendor then we handle the bid process for you. We make sure you are getting the appropriate pricing on the supplies you use based on volume and commitment. As your partner, we're working to assure you fair pricing, and also anything else the manufacturing company has to offer such, as rebate programs. This is why we are your partner, which is not just verbiage to me. Your schedule is crazy enough with out having to deal with this as well.

Second - The e-mail invitation you sent includes manufacturers that Patterson does not do business with, and are, in some cases, direct competitors of Patterson Dental.

Third - Patterson Dental is a Value-Add distributor, and that's why you've chosen to do business with you over the years. We also extend this to our relations with our manufacturing community, as we value their knowledge, and their investment in Research and Development, and for advancing dental care in general.

This has the opportunity to be huge and is moving fast and I want to make sure we are doing this right from the beginning. Our dinner Monday night will help with this and also help us get guidelines in place. You and I have always been straight forward with each other and I respect your vision. I am hoping Patterson can be a partner you trust and that will always do the right thing for you. I won't always tell you what you want to hear, but that's what true partners do.

Thank for your understanding in regards to this matter.

PART I

Item 1. BUSINESS

Certain information of a non-historical nature contained in Items 1, 2, 3 and 7 of this Form 10-K includes forward-looking statements. Reference is made to “Risk Factors” in Item 1A and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” in Item 7, for a discussion of certain factors that could cause actual operating results to differ materially from those expressed in any forward-looking statements.

General

Patterson Companies, Inc. is a value-added specialty distributor serving the U.S. and Canadian dental supply markets and the U.S., Canadian and U.K. animal health supply markets. Patterson operates through its two strategic business units, Patterson Dental and Patterson Animal Health, offering similar products and services to different customer bases. Each business is a market leader with a strong competitive position, serves a fragmented market that offers consolidation opportunities and offers relatively low-cost consumable supplies, making our value-added business proposition highly attractive to our customers. We believe that we have a strong brand identity as a value-added, full-service distributor with broad product and service offerings, having begun distributing dental supplies in 1877.

In fiscal 2017, we continued the transformation of Patterson that began in fiscal 2016, when we more than doubled the size of our animal health business through the acquisition of Animal Health International, Inc., for \$1.1 billion in June 2015. This acquisition added a leading production animal supply business to our preexisting companion animal supply business, resulting in the creation of our animal health segment. In August 2015, we completed the disposition of our rehabilitative and assistive products supply business, Patterson Medical, for \$717 million; the results of this business are now presented as discontinued operations. See Note 4 to the Consolidated Financial Statements for further information about the sale of Patterson Medical.

The following table sets forth consolidated net sales (in millions) by segment.

	Fiscal Year Ended		
	April 29, 2017	April 30, 2016	April 25, 2015
Dental	\$ 2,390	\$ 2,476	\$ 2,415
Animal Health	3,160	2,862	1,457
Corporate	43	49	39
Consolidated net sales	<u>\$ 5,593</u>	<u>\$ 5,387</u>	<u>\$ 3,911</u>

Our strategically located fulfillment centers enable us to better serve our customers and increase our operating efficiency. This infrastructure, together with broad product and service offerings at competitive prices, and a strong commitment to customer service, enables us to be a single source of supply for our customers’ needs. Our infrastructure also allows us to provide convenient ordering and rapid, accurate and complete order fulfillment.

Patterson became publicly traded in 1992 and is a corporation organized under the laws of the state of Minnesota. We are headquartered in St. Paul, Minnesota. Our principal executive offices are located at 1031 Mendota Heights Road, St. Paul, Minnesota, and our telephone number is (651) 686-1600. Unless the context specifically requires otherwise, the terms the “Company,” “Patterson,” “we,” “us” and “our” mean Patterson Companies, Inc., a Minnesota corporation, and its consolidated subsidiaries.

The Specialty Distribution Markets We Serve

We provide manufacturers with cost effective logistics and high-caliber sales professionals to access a geographically diverse customer base, which is critical to the supply chain for the markets we serve. We provide our customers with a vast array of value-added services, a dedicated and highly skilled sales team, and a broad selection of products through a single channel, thereby helping them efficiently manage their ordering process. Due in part to the inability of our customers to store and manage large quantities of supplies at their locations, the distribution of supplies and small equipment has been characterized by frequent, small-quantity orders, and a need for rapid, reliable

[Table of Contents](#)

and substantially-complete order fulfillment. Supplies and small equipment are generally purchased from more than one distributor, with one generally serving as the primary supplier.

We believe that consolidation within the industry will continue as distributors, particularly those with limited financial, operating and marketing resources, seek to combine with larger companies that can provide growth opportunities. This consolidation also may continue to result in distributors seeking to acquire companies that can enhance their current product and service offerings or provide opportunities to serve a broader customer base.

Dental Supply Market

We estimate the dental supply market we serve to be approximately \$7.7 billion annually and our share of this market, when direct distribution by manufacturers is included, to be approximately 31%. This market consists of a sizeable geographically dispersed number of fragmented dental practices. Customers range in size from sole practitioners to large group practices or service organizations. According to the American Dental Association and the Canadian Dental Association, there are over 196,000 dentists practicing in the U.S. and 21,000 dentists practicing in Canada, respectively. We believe the average dental practitioner purchases supplies from more than one vendor.

We believe the dental supply market continues to experience growth due to U.S. population growth, the aging population, advances in dentistry, demand for preventive dentistry and specialty services, the need for increased office productivity, demand for infection control products, and coverage by dental plans. Demographic trends indicate that our markets are growing, as an aging U.S. population is increasingly using dental services. In the dental industry, there is predicted to be a rise in oral health care expenditures as the 45 and older segment of the population increases. There is increasing demand for new technologies that allow dentists to increase productivity, and this is being driven in the U.S. by lower insurance reimbursement rates.

We support dental professionals through the many stock keeping units ("SKUs") that we offer, as well as through important value-added services, including practice management software, electronic claims processing, financial services and continuing education, all designed to help maximize a practitioner's efficiency.

Animal Health Supply Market

We estimate the animal health supply market we serve to be approximately \$14 billion annually and our share of this market, when direct distribution by manufacturers is included, to be approximately 23%. Similar to the dental supply market, the animal health supply market is fragmented and diverse. The animal health supply market is a mix of the production animal supply market, which primarily consists of beef and dairy cattle, poultry and swine, and other food-producing animals, and the companion animal supply market, which primarily consists of dogs, cats and horses. Our production animal customers include large animal veterinarians, beef producers (cow/calf, stocker and feedlots), dairy producers, poultry producers, swine producers and retail customers. According to the American Veterinary Medical Association, there are more than 68,000 veterinarians in private practice in the U.S. and Canada. Furthermore, there are approximately 22,000 veterinarians in the U.K. practicing in veterinary outlets; however, we believe there has been a shift in the U.K. market toward consolidation of veterinary practices. National Veterinary Services Limited, our veterinary products distributor in the U.K., has the highest percentage of buying groups and corporations as customers compared to its competitors.

The animal health supply market, impacted by growing companion pet ownership and care, as well as increased focus on safety and efficiency in livestock production, provides growth opportunities for us. We support our animal health customers through the distribution of biologicals, pharmaceuticals, parasiticides, supplies and equipment and by actively engaging in the development, sale and distribution of inventory, accounting and health management systems. Within the companion animal supply market, we anticipate increasing demand for veterinary services due to the following factors: the increasing number of households with companion animals, increased expenditures on animal health and preventative care, an aging pet population, advancements in animal health products and diagnostic testing, and extensive marketing programs sponsored by companion animal nutrition and pharmaceutical companies.

Product sales in the production animal supply market are impacted by volatility in commodity prices such as milk, grains, livestock and poultry. Changes in weather patterns also influence how long cattle will graze and consequently the number of days an animal is on feed during a finishing phase. In addition, changes in the general economy can shift the number of animals treated, the timing of when animals are treated, to what extent they are treated and with

which products they are treated. Historically, sales in this market have been largely driven by spending on animal health products to improve productivity, weight gain and disease prevention, as well as a growing focus on food safety.

[Table of Contents](#)

Within the production animal supply market, we anticipate an increasing demand for protein as consumption continues to increase with the growing population.

Competition

The distribution industry is highly competitive. It consists principally of national, regional and local full-service distributors, mail-order distributors and, increasingly, Internet-based businesses. Most of the products we sell are available to customers from a number of suppliers. In addition, our competitors could obtain exclusive rights from manufacturers to market particular products. Some manufacturers also sell directly to end-users, thereby eliminating or reducing our role and that of other distributors.

We compete with other distributors, as well as several manufacturers, of dental and animal health products, primarily on the basis of price, breadth of product line, customer service and value-added products and services. To differentiate ourselves from our competition we deploy a strategy of premium customer service with multiple value-added components, a highly qualified and motivated sales force, highly-trained and experienced service technicians, an extensive breadth and mix of products and services, technology solutions allowing customers to easily access our inventory, accurate and timely delivery of product, strategic location of sales offices and fulfillment centers, and competitive pricing.

In the U.S. and Canadian dental supply market, we compete against Henry Schein, Inc., Benco Dental Supply Company, at least 15 full-service distributors that operate on a regional level, and hundreds of small local distributors. Also, as noted above, some manufacturers sell directly to end users. With regard to our dental practice management software, we compete against numerous companies, including Carestream Health, Inc. and Henry Schein, Inc.

In the U.S. and Canadian animal health supply market, our primary competitors are AmerisourceBergen and Henry Schein, Inc. We also compete against a number of regional and local animal health distributors, as well as a number of manufacturers, including pharmaceutical companies that sell directly to production animal operators, animal health product retailers and veterinarians. To a lesser extent, we also compete with mail order distributors and buying groups. We face significant competition in the animal health supply market in the U.K., where we compete on the basis of price and customer service with several large competitors, including Henry Schein, Inc. and AmerisourceBergen. We also compete directly with pharmaceutical companies who sell certain products or services directly to the customer. In the animal health practice management market, our primary competitors are IDEXX Laboratories, Inc. and Henry Schein, Inc.

Successful distributors are increasingly providing value-added services in addition to the products they have traditionally provided. We believe that to remain competitive we must continue to add value to the distribution channel, while removing unnecessary costs associated with product movement. Significant price reductions by our competitors could result in competitive harm. Any of these competitive pressures may materially adversely affect our operating results.

Competitive Strengths

We have more than 130 years of experience in distributing products resulting in strong awareness of the Patterson brand. Although further information regarding these competitive strengths is set forth below in the discussion of our two strategic business units, our competitive strengths include:

- *Broad product and service offerings at competitive prices.* We offer over 189,000 SKUs to our customers, including many proprietary branded products. We believe that our proprietary branded products and our competitive pricing strategy have generated a loyal customer base that is confident in our brands. Of the SKUs offered, approximately 89,000 are offered to our dental customers and approximately 100,000 are offered to our animal health customers. Our product offerings include consumables, equipment and software. Our service offerings include software and design services, repair and maintenance, and equipment financing.

- *Focus on customer relationships and exceptional customer service.* Our sales and marketing efforts are designed to establish and solidify customer relationships through personal visits by field sales representatives, interaction via phone with sales representatives, web-based activities including e-commerce and frequent direct marketing, emphasizing our broad product lines, competitive prices

[Table of Contents](#)

and ease of order placement. We focus on providing our customers with exceptional order fulfillment and a streamlined ordering process.

- *Cost-effective purchasing and efficient distribution.* We believe that cost-effective purchasing is a key element to maintaining and enhancing our position as a competitive-pricing provider of dental and animal health products. We distribute our products from strategically located fulfillment centers. We strive to maintain optimal inventory levels in order to satisfy customer demand for prompt and complete order fulfillment.

Business Strategy

Our objective is to continue to expand as a leading value-added distributor of dental and animal health products and services. To accomplish this, we will apply our competitive strengths in executing the following strategies:

- *Emphasizing our value-added, full-service capabilities.* We are positioned to meet virtually all of the needs of dental practitioners, veterinarians, production animal operators and animal health product retailers by providing a broad range of consumable supplies, technology, equipment and software and value-added services. We believe our knowledgeable sales representatives can create special relationships with customers by providing an informational link to the overall industry. Our value-added strategy is further supported by our equipment specialists who offer consultation on design, equipment requirements and financing, our service technicians who perform equipment installation, maintenance and repair services, our business development professionals who provide business tools and educational programs to our customers, and our technology advisors who provide guidance on integrating technology solutions.
- *Using technology to enhance customer service.* As part of our commitment to providing superior customer service, we offer our customers easy order placement. Although we offer computerized order entry systems that we believe help establish relationships with new customers and increase loyalty among existing customers, predominant platforms for ordering today include www.pattersondental.com, www.pattersonvet.com and www.animalhealthinternational.com. The use of these methods of ordering enables our sales representatives to spend more time with existing and prospective customers. Our Internet environment includes order entry, customer support for digital and our proprietary products, customer-loyalty program reports and services, and access to articles and manufacturers' product information. We also provide real-time customer and sales information to our sales force, managers and vendors via the Internet. In addition, the Patterson Technology Center (the "PTC") differentiates Patterson from our competition by positioning Patterson as a single-source solution for digital components. In addition to trouble-shooting through the PTC's support center, customers can access various service capabilities offered by the PTC, including electronic claims and statement processing and system back-up capabilities.
- *Continuing to improve operating efficiencies.* We continue to implement programs designed to improve our operating efficiencies and allow for continued sales growth. This strategy includes our continuing investment in management information systems and consolidation and leveraging of fulfillment centers and sales branches between our operating segments. In addition, we have established shared sales branch offices in several locations.
- *Growing through internal expansion and acquisitions.* We intend to continue to grow by hiring established sales representatives, hiring and training skilled sales professionals, opening additional locations as needed, and acquiring other distributors in order to enter new, or more deeply penetrate existing, geographic markets, gain access to additional product lines, and expand our customer base. We believe both of our operating segments are well positioned to take advantage of expected continued consolidation in our markets.

Dental Segment - Products, Services and Sources of Supply

Patterson Dental, one of the two largest distributors of dental products in North America, has operations in the U.S. and Canada. As a full-service, value-added supplier to over 114,000 dentists, dental laboratories, institutions, and

other healthcare professionals, Patterson Dental provides consumable products (including infection control, restorative materials, hand instruments and sterilization products); basic and advanced technology dental equipment; exclusive,

[Table of Contents](#)

innovative technology solutions, including practice management software and e-commerce solutions; patient education systems; and office forms and stationery. Patterson Dental offers customers more than 89,000 SKUs of which approximately 4,000 are private-label products sold under the Patterson brand. Patterson Dental also offers customers a range of related services including software and design services, maintenance and repair, and equipment financing. Net sales and operating income were \$2.4 billion and \$264 million in fiscal 2017, respectively.

The following table sets forth the percentage of total sales by the principal categories of products and services offered to our dental segment customers:

	Fiscal Year Ended		
	April 29, 2017	April 30, 2016	April 25, 2015
Consumable	56%	56%	55%
Equipment and software	33	33	34
Other ⁽¹⁾	11	11	11
	<u>100%</u>	<u>100%</u>	<u>100%</u>

(1) Consists of other value-added services, including software and design service, and maintenance and repair.

Patterson Dental obtains products from more than 800 vendors. Although our relationships with most vendors are non-exclusive, we do obtain certain products on an exclusive basis. During the course of fiscal 2017, we made the decision to end the exclusive portion of our relationship with Sirona in September 2017. This decision is consistent with our strategy of serving the evolving needs of all of our customers and is expected to allow us to better serve the full range of practice models, including the Dental Support Organizations (“DSOs”) that represent an increasing share of the dental market.

While Patterson Dental makes purchases from many suppliers, and there is generally more than one source of supply for most of the categories of products we sell, the concentration of business with key suppliers is considerable. Our top ten supply vendors accounted for approximately 61% and 57% of the cost of products sold in fiscal 2017 and fiscal 2016, respectively. Of these ten, the top vendor accounted for 30% for fiscal 2017 and 25% for fiscal 2016 cost of sales.

Animal Health Segment - Products, Services and Sources of Supply

Patterson Animal Health is a leading distributor of animal health products in the U.S., Canada and the U.K. We sell more than 100,000 SKUs sourced from 3,500 manufacturers to over 50,000 customers in the highly fragmented animal health supply market. Products we distribute include pharmaceuticals, vaccines, parasiticides, diagnostics, prescription and non-prescription diets, nutritionals, consumable supplies, equipment and software. We offer a private label portfolio of products to veterinarians, producers, and retailers through our Aspen, First Companion and Patterson Veterinary brands. We also provide a range of value-added services to our customers. Within our companion animal supply market, our principal customers are companion-pet and equine veterinarians, veterinary clinics, public and private institutions, and shelters. In our production animal supply market, our principal customers are large animal veterinarians, production animal operators and animal health product retailers. Net sales and operating income were \$3.2 billion and \$88 million in fiscal 2017, respectively.

The following table sets forth the percentage of total sales by the principal categories of products and services offered to our animal health segment customers:

	Fiscal Year Ended		
	April 29, 2017	April 30, 2016	April 25, 2015
Consumable	97%	97%	95%
Equipment and software	2	2	3
Other	1	1	2
	<u>100%</u>	<u>100%</u>	<u>100%</u>

Patterson Animal Health obtains products from 2,600 vendors in the U.S. and Canada and 900 vendors in the U.K. While Patterson Animal Health makes purchases from many vendors and there is generally more than one

[Table of Contents](#)

source of supply for most of the categories of products, the concentration of business with key vendors is considerable. In fiscal 2017 and 2016, Patterson Animal Health's top 10 manufacturers comprised approximately 70% of the total cost of sales, and the single largest supplier comprised 18% of the total cost of sales.

Sales, Marketing and Distribution

During fiscal 2017, we sold products or services to over 164,000 customers who made one or more purchases during the year. Our customers include dentists, laboratories, institutions, other healthcare professionals, veterinarians, other animal health professionals, production animal operators and animal health product retailers. No single customer accounted for more than 10% of sales during fiscal 2017, and we are not dependent on any single customer or geographic group of customers.

We have offices throughout the U.S. and Canada so that we can provide a presence in the market and decision-making near the customer. Patterson Animal Health also has a central office in the U.K. These offices, or sales branches, are staffed with a complete complement of our capabilities, including sales, customer service and technical service personnel, as well as a local manager who has decision-making authority with regard to customer-related transactions and issues.

A primary component of our value-added approach is our sales force. Due to the fragmented nature of the markets we serve, we believe that a large sales force is necessary to reach potential customers and to provide full service. Sales representatives provide an informational link to the overall industry, assist practitioners in selecting and purchasing products and help customers efficiently manage their supply inventories. Our need for a large dedicated sales force in the U.K. is reduced due to the presence of buying groups and corporate customers as well as the significant number of orders placed electronically in the U.K.

In the U.S., customer service representatives in call centers work in tandem with our sales representatives, providing a dual coverage approach for individual customers. In addition to processing orders, customer service representatives are responsible for assisting customers with ordering, informing customers of monthly promotions, and responding to general inquiries. In the U.K., our customer service team is primarily responsible for handling customer inquiries and resolving issues.

To assist our customers with their purchasing decisions, we provide a multi-touch point shopping experience. From print to digital, this seamless experience is inclusive of products and services information. Patterson offers online and in-print showcases of our expansive merchandise and equipment offerings, including digital imaging and computer-aided design and computer-aided manufacturing ("CAD/CAM") technologies, hand-held and similar instruments, sundries, office design, e-services, repair and support assistance, as well as financial services. We also promote select products and services through our monthly magazine, *Insight*, in the U.S. and Canada, and our quarterly magazine, *The Cube*, in the U.K. Additional direct marketing tools that we utilize include customer loyalty programs, social media, and participation in trade shows.

We believe that responsive delivery of quality supplies and equipment is key to customer satisfaction. We ship consumable supplies from our strategically located fulfillment centers in the U.S. and Canada. In the U.K., orders are accepted in a centralized fulfillment center and shipped nationwide to one of our depots located throughout the country at which pre-packed orders are sorted by route for delivery to customers. Orders for consumable supplies can be placed through our sales representatives, customer service representatives or electronically 24 hours a day, seven days a week. Rapid and accurate order fulfillment is another principal component of our value-added approach.

In order to assure the availability of our broad product lines for prompt delivery to customers, we must maintain sufficient inventories at our fulfillment centers. Purchasing of consumables and standard equipment is centralized, and our purchasing department uses a real-time perpetual inventory system to manage inventory levels. Our inventory consists mostly of consumable supply items and pharmaceutical products.

Geographic Information

For information on revenues and long-lived assets of our dental and animal health segments by geographic area, see Note 12 to the Consolidated Financial Statements.

[Table of Contents](#)**Discontinued Operations**

In August 2015, we sold Patterson Medical Holdings, Inc., our wholly owned subsidiary responsible for our rehabilitation supply business known as Patterson Medical, for \$717 million to Madison Dearborn Partners. For a limited period of time following the disposition, Patterson will continue to provide certain transition services to Patterson Medical, as owned by Madison Dearborn Partners, pursuant to a transition services agreement. See Note 4 to the Consolidated Financial Statements for additional information.

Seasonality

Our business in general is not seasonal; however, there are some products that typically sell more often during the winter or summer season. In any given month, unusual weather patterns (e.g., unusually hot or cold weather) could impact the sales volumes of these products, either positively or negatively.

Governmental Regulation***Operating, Security and Licensure Standards***

Our dental and animal health supply businesses involve the distribution of pharmaceuticals and medical devices, and in this regard we are subject to various local, state, federal and foreign governmental laws and regulations applicable to the distribution of pharmaceuticals and medical devices. Among the U.S. federal laws applicable to us are the Controlled Substances Act, the Federal Food, Drug, and Cosmetic Act, as amended, and Section 361 of the Public Health Service Act. We are also subject to comparable foreign regulations.

The Federal Food, Drug, and Cosmetic Act ("FDC Act") and similar foreign laws generally regulate the introduction, manufacture, advertising, labeling, packaging, storage, handling, reporting, marketing and distribution of, and record keeping for, pharmaceuticals and medical devices shipped in interstate commerce, and states may similarly regulate such activities within the state. Section 361 of the Public Health Service Act, which provides authority to prevent the spread of communicable diseases, serves as the legal basis for the U.S. Food and Drug Administration's ("FDA") regulation of human cells, tissues and cellular and tissue-based products, also known as "HCT/P products."

The federal Drug Quality and Security Act of 2013 brought about significant changes with respect to pharmaceutical supply chain requirements and pre-empts state law. Title II of this measure, known as the Drug Supply Chain Security Act ("DSCSA"), will be phased in over 10 years, and is intended to build a national electronic, interoperable system to identify and trace certain prescription drugs as they are distributed in the U.S. The law's track and trace requirements applicable to manufacturers, wholesalers, repackagers and dispensers (e.g., pharmacies) of prescription drugs began to take effect in January 2015. The DSCSA product tracing requirements replace the former FDA drug pedigree requirements and pre-empt state requirements that are inconsistent with, more stringent than, or in addition to, the DSCSA requirements. Also in January 2015, the DSCSA required manufacturers and wholesale distributors to have systems in place by which they can identify whether a product in their possession or control is a "suspect" or "illegitimate" product, and handle it accordingly.

The DSCSA also establishes certain requirements for the licensing and operation of prescription drug wholesalers and third party logistics providers ("3PLs"), and includes the creation of national wholesaler and 3PL licenses in cases where states do not license such entities. The DSCSA requires that wholesalers and 3PLs distribute drugs in accordance with certain standards regarding the recordkeeping, storage and handling of prescription drugs. Beginning January 1, 2015, the DSCSA required wholesalers and 3PLs to submit annual reports to the FDA, which include information regarding each state where the wholesaler or 3PL is licensed, the name and address of each facility and contact information. According to FDA guidance, states are pre-empted from imposing any licensing requirements that are inconsistent with, less stringent than, directly related to, or covered by the standards established by federal law in this area. Current state licensing requirements will likely remain in effect until the FDA issues new regulations as directed by the DSCSA.

The Food and Drug Administration Amendments Act of 2007 ("FDAAA") and the Food and Drug Administration Safety and Innovation Act of 2012 ("FDASIA") amended the FDC Act to require the FDA to promulgate regulations to implement a Unique Device Identification System. The FDA issued a final rule in September 2013 implementing the

Unique Device Identification System, requiring the labels of most medical devices to bear a unique device identifier (“UDI”), and prescribing the content and format of the UDI. The rule also requires the submission of certain information

[Table of Contents](#)

concerning UDI-labeled devices to an FDA database, the Global Unique Device Identification Database (“GUDID”). Additional FDA UDI guidance has subsequently been issued, and the FDA’s UDI regulations are being phased in over seven years from the rule’s promulgation in September 2013, beginning with the highest-risk devices (i.e., Class III medical devices) and ending with the lowest-risk devices. For the lowest-risk, Class I medical devices, a Universal Product Code may take the place of a UDI on the device’s label.

The FDA’s UDI regulations require certain entities, referred to as “labelers,” to develop and include UDIs on the labels of medical devices, and to directly mark certain devices with UDIs. Labelers are entities that cause a device’s label to be applied or modified, without any subsequent replacement or modification. Typically, these entities are device manufacturers, specification developers, single-use device reproducers, convenience kit assemblers, repackagers and relabelers.

Violations of the UDI regulations, including failure to include a UDI on a device’s label after the effective date for the device type, result in the misbranding of the device. The FDC Act makes it unlawful to introduce or deliver for introduction into interstate commerce a misbranded device. It is also unlawful to cause a device to become misbranded.

Under the Controlled Substances Act, as a distributor of controlled substances, we are required to obtain and renew annually registrations for our facilities from the U.S. Drug Enforcement Administration (“DEA”) permitting us to handle controlled substances. We are also subject to other statutory and regulatory requirements relating to the storage, sale, marketing, handling and distribution of such drugs, in accordance with the Controlled Substances Act and its implementing regulations, and these requirements have been subject to heightened enforcement activity in recent times. We are subject to inspection by the DEA.

Certain of our businesses are also required to register for permits and/or licenses with, and comply with operating and security standards of, the DEA, the FDA, the U.S. Department of Health and Human Services, and various state boards of pharmacy, state health departments and/or comparable state agencies as well as comparable foreign agencies, and certain accrediting bodies depending on the type of operations and location of product distribution, manufacturing or sale. These businesses include those that distribute, manufacture and/or repackage prescription pharmaceuticals and/or medical devices and/or HCT/P products, or own pharmacy operations, or install, maintain or repair equipment. In addition, Section 301 of the National Organ Transplant Act, and a number of comparable state laws, impose civil and/or criminal penalties for the transfer of certain human tissue (for example, human bone products) for valuable consideration, while generally permitting payments for the reasonable costs incurred in procuring, processing, storing and distributing that tissue. We are also subject to foreign government regulation of such products. The DEA, the FDA and state regulatory authorities have broad inspection and enforcement powers, including the ability to suspend or limit the distribution of products by our fulfillment centers, seize or order the recall of products and impose significant criminal, civil and administrative sanctions for violations of these laws and regulations. Foreign regulations subject us to similar foreign powers. Furthermore, compliance with legal requirements has required and may in the future require us to institute voluntary recalls of products we sell, which could result in financial losses and potential reputational harm. Our customers are also subject to significant federal, state, local and foreign governmental regulation.

Certain of our businesses are subject to various additional federal, state, local and foreign laws and regulations, including with respect to the sale, transportation, storage, handling and disposal of hazardous or potentially hazardous substances, and safe working conditions. There have also been increasing efforts by various levels of government globally to regulate the pharmaceutical distribution system in order to prevent the introduction of counterfeit, adulterated or misbranded pharmaceuticals into the distribution system.

Certain of our businesses also maintain contracts with governmental agencies and are subject to certain regulatory requirements specific to government contractors.

Health Care Fraud

Certain of our businesses are subject to federal and state (and similar foreign) health care fraud and abuse, referral and reimbursement laws and regulations with respect to their operations. Some of these laws, referred to as “false claims laws,” prohibit the submission or causing the submission of false or fraudulent claims for reimbursement to federal, state and other health care payers and programs. Other laws, referred to as “anti-kickback laws,” prohibit

soliciting, offering, receiving or paying remuneration in order to induce the referral of a patient or ordering, purchasing, leasing or arranging for or recommending ordering, purchasing or leasing, of items or services that are paid for by federal, state and other health care payers and programs.

[Table of Contents](#)

Failure to comply with fraud and abuse laws and regulations could result in significant civil and criminal penalties and costs, including the loss of licenses and the ability to participate in federal and state health care programs, and could have a material adverse effect on our business. Also, these measures may be interpreted or applied by a prosecutorial, regulatory or judicial authority in a manner that could require us to make changes in our operations or incur substantial defense and settlement expenses. Even unsuccessful challenges by regulatory authorities or private relators could result in reputational harm and the incurring of substantial costs. In addition, many of these laws are vague or indefinite and have not been interpreted by the courts, and have been subject to frequent modification and varied interpretation by prosecutorial and regulatory authorities, increasing the risk of noncompliance.

Health Care Reform

The U.S. Health Care Reform Law adopted through the March 2010 enactment of the Patient Protection and Affordable Care Act and the Health Care and Education Reconciliation Act increased federal oversight of private health insurance plans and included a number of provisions designed to reduce Medicare expenditures and the cost of health care generally, to reduce fraud and abuse, and to provide access to increased health coverage.

A Health Care Reform Law provision, generally referred to as the Physician Payment Sunshine Act or Open Payments Program, has imposed reporting and disclosure requirements for drug and device manufacturers with regard to payments or other transfers of value made to certain practitioners (including physicians, dentists and teaching hospitals), and for such manufacturers and for group purchasing organizations, with regard to certain ownership interests held by physicians in the reporting entity. On February 1, 2013, the Centers for Medicare and Medicaid Services ("CMS") released the final rule to implement the Physician Payment Sunshine Act. Under this rule, data collection activities began on August 1, 2013, and as required under the Physician Payment Sunshine Act, CMS publishes information from these reports on a publicly available website, including amounts transferred and physician, dentist and teaching hospital identities.

Under the Physician Payment Sunshine Act we are required to collect and report detailed information regarding certain financial relationships we have with physicians, dentists and teaching hospitals. The Physician Payment Sunshine Act pre-empts similar state reporting laws, although we or our subsidiaries may also be required to report under certain state transparency laws that address circumstances not covered by the Physician Payment Sunshine Act, and some of these state laws, as well as the federal law, can be ambiguous. We are also subject to foreign regulations requiring transparency of certain interactions between suppliers and their customers. Our compliance with these rules imposes additional costs on us.

Regulated Software; Electronic Health Records

The FDA has become increasingly active in addressing the regulation of medical device software, and has developed and continues to develop policies on regulating clinical decision support tools and other types of software as medical devices. Certain of our businesses involve the development and sale of software and related products to support physician and dental practice management, and it is possible that the FDA or foreign government authorities could determine that one or more of our products is a medical device, which could subject us or one or more of our businesses to substantial additional requirements with respect to these products.

In addition, our businesses that involve physician and dental practice management products include electronic information technology systems that store and process personal health, clinical, financial and other sensitive information of individuals. These information technology systems may be vulnerable to breakdown, wrongful intrusions, data breaches and malicious attack, which could require us to expend significant resources to eliminate these problems and address related security concerns, and could involve claims against us by private parties and/or governmental agencies. For example, we are directly or indirectly subject to numerous and evolving federal, state, local and foreign laws and regulations that protect the privacy and security of such information, such as the privacy and security provisions of the federal Health Insurance Portability and Accountability Act of 1996, as amended, and implementing regulations ("HIPAA"). HIPAA requires, among other things, the implementation of various recordkeeping, operational, notice and other practices intended to safeguard that information, limit its use to allowed purposes and notify individuals in the event of privacy and security breaches.

We also sell products and services that health care providers, such as physicians and dentists, use to store and manage patient medical or dental records. These customers are subject to laws and regulations, such as HIPAA, which

require that they protect the privacy and security of those records, and our products may be used as part of these customers' comprehensive data security programs, including in connection with their efforts to comply with applicable

[Table of Contents](#)

privacy and security laws. Perceived or actual security vulnerabilities in our products or services, or the perceived or actual failure by us or our customers who use our products to comply with applicable legal requirements, may not only cause us significant reputational harm, but may also lead to claims against us by our customers and/or governmental agencies and involve substantial fines, penalties and other liabilities and expenses and costs for remediation.

International Transactions

In addition, U.S. and foreign import and export laws and regulations require us to abide by certain standards relating to the importation and exportation of products. We also are subject to certain laws and regulations concerning the conduct of our foreign operations, including the U.S. Foreign Corrupt Practices Act, the U.K. Bribery Act and other anti-bribery laws and laws pertaining to the accuracy of our internal books and records, as well as other types of foreign requirements similar to those imposed in the U.S.

See "Item 1A. Risk Factors" for a discussion of additional burdens, risks and regulatory developments that may affect our results of operations and financial condition.

Proprietary Rights

We hold trademarks relating to the "Patterson®" name and logo, as well as certain other trademarks. Our U.S. trademark registrations have 10-year terms, and may be renewed for additional 10-year terms. We intend to protect our trademarks to the fullest extent practicable.

Employees

As of April 29, 2017, we had approximately 7,500 full-time employees. We have not experienced a shortage of qualified personnel in the past and believe that we will be able to attract such employees in the future. We believe our relations with employees to be good.

Available Information

We make available free of charge through our website, www.pattersoncompanies.com, our Annual Report on Form 10-K, Quarterly Reports on Form 10-Q, Current Reports on Form 8-K, statements of beneficial ownership of securities on Forms 3, 4 and 5 and amendments to these reports and statements filed or furnished pursuant to Section 13(a) and Section 16 of the Securities Exchange Act of 1934 as soon as reasonably practicable after such materials are electronically filed with, or furnished to, the U.S. Securities and Exchange Commission, or SEC. This material may be accessed by visiting the Investor Relations section of our website.

The above information is also available at the SEC's Public Reference Room at U.S. Securities and Exchange Commission, 100 F Street, N.E., Washington, D.C. 20549, on official business days during the hours of 10:00 a.m. to 3:00 p.m., or obtainable by calling the SEC at 1-800-SEC-0330. In addition, the SEC maintains an Internet website at www.sec.gov, where the above information can be viewed.

Information relating to our corporate governance, including our Principles of Business Conduct and Code of Ethics, and information concerning executive officers, Board of Directors and Board committees, and transactions in Patterson securities by directors and officers, is available on or through our website, www.pattersoncompanies.com in the Investor Relations section.

Information maintained on the website is not being included as part of this Annual Report on Form 10-K.

Executive Officers of the Registrant

Set forth below is the name, age and position of the executive officers of Patterson, who are elected annually and serve at the discretion of our Board of Directors, as of June 20, 2017.

[Table of Contents](#)

James W. Wiltz	72	Interim President and Chief Executive Officer, Director – Patterson Companies, Inc.
Ann B. Gugino	45	Executive Vice President, Chief Financial Officer and Treasurer – Patterson Companies, Inc.
David G. Misiak	51	President - Patterson Dental North America
John E. Adent	49	Chief Executive Officer - Patterson Animal Health
Les B. Korsh	47	Vice President, General Counsel and Secretary - Patterson Companies, Inc.
Kelly A. Baker	48	Chief Human Resources Officer - Patterson Companies, Inc.

Background of Executive Officers

James W. Wiltz became our Interim President and Chief Executive Officer on June 1, 2017. Mr. Wiltz served as our President and Chief Executive Officer from May 2005 until his retirement in April 2010. Mr. Wiltz served as our President and Chief Operating Officer from April 2003 through May 2005. He began working with us in September 1969. From 1996 to 2003, Mr. Wiltz served as President of our subsidiary, Patterson Dental Supply, Inc. Since January 2010, Mr. Wiltz has served as a director of HealthEast Care System, a non-profit healthcare provider, and on its audit and finance committees. He has been one of our directors since March 2001.

Ann B. Gugino became Vice President, Chief Financial Officer and Treasurer in November 2014 and was promoted to Executive Vice President, Chief Financial Officer and Treasurer in June 2015. She previously served as Vice President, Strategy & Planning since April 2012. Before that, she was Vice President of Finance and Operations - Patterson Dental from 2008 until April 2012. She joined Patterson in 2000 as an assistant controller and became Controller - Patterson Dental in 2004. Prior to her career with Patterson, she worked for Ernst & Young LLP and achieved her Certified Public Accountant designation.

David G. Misiak became President of Patterson Dental North America in November 2016. Mr. Misiak, who has been employed by our company for more than 20 years in various sales and management roles of increasing responsibility, most recently served as President of Patterson Dental U.S. from July 2015 through October 2016. He also serves as President of the Patterson Foundation Board of Directors.

John E. Adent, who currently serves as Chief Executive Officer of Patterson Animal Health, served as President and Chief Executive Officer of Animal Health International, Inc. from 2004 through Patterson's acquisition of that company in June 2015.

Les B. Korsh became Vice President, General Counsel and Secretary of Patterson in July 2015. Mr. Korsh served as Patterson's Associate General Counsel since June 2014. Prior to joining Patterson, Mr. Korsh held positions as Vice President and Associate General Counsel for MoneyGram International, Inc. from May 2004 to May 2014, and was a principal in the law firm of Gray Plant Mooty, P.A. from June 1999 to May 2004. He has served as a director of the Patterson Foundation since June 2016.

Kelly A. Baker became Chief Human Resources Officer in February 2016. Prior to joining Patterson, Ms. Baker was employed at General Mills for more than 20 years in multiple human resources roles. Her most recent position at General Mills was Vice President, Human Resources for the U.S. Retail Operating Segment of General Mills, a position she held from April 2014 to January 2016. Prior to that, Ms. Baker was Vice President, Human Resources, Corporate Groups of General Mills since February 2009.

Item 1A. RISK FACTORS

The risks described below could have a material adverse effect on our business, reputation, financial condition and/or the trading price of our common stock. Although it is not possible to predict or identify all such risks and uncertainties, they may include, but are not limited to, the factors discussed below. Our business operations could also be affected by additional factors that are not presently known to us or that we currently consider not to be material to our operations. You should not consider this list to be a complete statement of all risks and uncertainties. The order in

which these factors appear should not be construed to indicate their relative importance or priority.

[Table of Contents](#)***The dental and animal health supply markets are highly competitive, and we may not be able to compete successfully.***

Our competitors include national, regional and local full-service distributors, mail-order distributors and, increasingly, Internet-based businesses. Some of our competitors have greater resources than we do, or operate through different sales and distribution models that could allow them to compete more successfully. For example, many of our suppliers are manufacturers, some of whom compete with us by selling directly to customers. Furthermore, Internet-based businesses may be able to offer the same product at a lower cost.

Most of our products are available from multiple sources, and our customers tend to have relationships with several different distributors who can fulfill their orders. Our competitors could obtain exclusive rights to market particular products, which we would then be unable to market. Manufacturers also could increase their efforts to sell directly to end-users and thereby eliminate or reduce the role of distributors. These suppliers could sell their products at lower prices and maintain a higher gross margin on the product sales than we can. Increased competition from any supplier of dental or animal health products could significantly reduce our market share and adversely impact our financial results.

Industry consolidation among suppliers, price competition, the unavailability of products, or the emergence of new competitors also could increase competition. There has also been increasing consolidation among manufacturers, which could have a material adverse effect on our margins and product availability. This consolidation could cause the industry to become more competitive as greater economies of scale are achieved by competitors, or as competitors with new lower cost business models are able to operate with lower prices and gross profit on products. These competitive pressures could adversely affect our sales and profitability. Our failure to compete effectively may limit and/or reduce our revenue, profitability and cash flow.

General economic conditions could adversely affect our operating results and financial condition.

Uncertain weak economic conditions in the U.S. or global economy, or an uncertain economic outlook, could materially adversely affect our operating results and financial condition. These uncertainties, including, among other things:

- changes to laws and policies governing foreign trade;
- greater restrictions on imports and exports;
- changes in laws and policies governing health care;
- tariffs and sanctions;
- the United Kingdom's vote to leave the European Union;
- election results;
- sovereign debt levels;
- the inability of political institutions to effectively resolve actual or perceived economic, currency or budgetary crises or issues;
- consumer confidence;
- unemployment levels (and a corresponding increase in uninsured and underinsured population);
- changes in regulations, including tax regulations;
- increases in interest rates;
- availability of capital;
- increases in fuel and energy costs;
- changes in tax rates and the availability of certain tax deductions;
- increases in healthcare costs;
- the threat or outbreak of terrorism or public unrest; and
- changes in laws and policies in countries where we do business.

Changes in government, government debt and/or budget crises may lead to reductions in government spending in certain countries and/or higher income or corporate taxes, which could depress spending overall. In addition, recessionary conditions and depressed levels of consumer and commercial spending may cause customers to reduce, modify, delay, or cancel purchasing our products and services, and a prolonged period of economic instability could reduce their ability to make payments. Furthermore, such conditions could cause our suppliers to reduce their production, decrease their number of product offerings, or change their terms of sale to us. Increasing commodity prices may also increase our cost of operations, either directly through increased energy costs or indirectly through

what we are charged by our suppliers. Recessionary economic conditions could also cause changes in our product

[Table of Contents](#)

mix as our customers prioritize established, low-margin products rather than innovative, high-margin products, which could reduce our profit margin.

We are dependent on our relationships with our sales representatives, service technicians and our customers.

The inability to attract or retain qualified employees, particularly sales representatives and service technicians who relate directly with our customers, or our inability to build or maintain relationships with customers in the dental and animal health markets, may have an adverse effect on our business. Due to the specialized nature of many of our products and services, generally only highly qualified and trained personnel have the necessary skills to market such products and provide such services. These individuals develop relationships with our customers that could be damaged if these employees are not retained. We face intense competition for the hiring of these professionals, and many professionals in the field that may otherwise be attractive candidates for us to hire may be bound by non-competition agreements with our competitors. Any failure on our part to hire, train and retain a sufficient number of qualified professionals would damage our business.

We may be unable to successfully integrate the operations of Animal Health International, Inc. or realize targeted cost savings and other benefits of the acquisition.

In June 2015, we acquired Animal Health International, Inc. Achieving the targeted benefits of the acquisition will depend in part upon whether we can integrate Animal Health International, Inc.'s businesses in an efficient and effective manner. We may not be able to accomplish this integration process smoothly or successfully. The necessity of coordinating geographically separated organizations, systems and facilities and addressing possible differences in business backgrounds, corporate cultures and management philosophies may increase the difficulties of integration. We and Animal Health International, Inc. operate numerous systems, including those involving management information, purchasing, accounting and finance, sales, billing, and regulatory compliance. Moreover, the integration of our respective operations will require the dedication of significant management resources, which is likely to distract management's attention from day-to-day operations. Employee uncertainty and lack of focus during the integration process may also disrupt our business and result in undesired employee attrition. An inability of management to successfully integrate the operations of the two companies could have a material adverse effect on our business, results of operations and financial condition.

In addition, our actual cost-savings could differ materially from our initial estimates of synergies to be realized from the Animal Health International, Inc. acquisition. Actual cost-savings, the costs required to realize the cost-savings and the source of the cost-savings could differ materially from our estimates, and we cannot assure you that we will achieve cost-savings, or that these cost-savings programs will not have other adverse effects on our business.

Finally, we may not be able to achieve the targeted operating or long-term strategic benefits of the Animal Health International, Inc. acquisition. An inability to realize the full extent of, or any of, the anticipated benefits of the Animal Health International, Inc. acquisition, as well as any delays encountered in the integration process, could have an adverse effect on our business, results of operations and financial condition.

Disruption to our distribution capabilities, including service issues with our third-party shippers, could materially adversely affect our results.

Weather, natural disaster, fire, terrorism, pandemic, strikes, geopolitical events or other reasons could impair our ability to distribute our products and conduct our business. If we are unable to manage effectively such events if they occur, there could be a material adverse effect on our business, financial condition or results of operations. Similarly, increases in service costs or service issues with our third-party shippers, including strikes or other service interruptions, could cause our operating expenses to rise and materially adversely affect our ability to deliver products on a timely basis. Our ability to provide same-day shipping and next-day delivery is an integral component of our business strategy and any significant increase in shipping rates or service interruptions could adversely impact our business, financial condition or results of operations.

Our business development efforts may suffer if we fail to provide our sales force and customers with the latest customer relationship and order management tools.

Due to generational and other trends in the dental and animal health industries, our customer base is increasingly comfortable with and reliant upon the latest technologies to manage their businesses. As part of our commitment to

providing superior customer service, we offer our customers computerized order entry, customer support for digital

[Table of Contents](#)

and proprietary products, including the Patterson Technology Center, customer-loyalty program reports and services, and access to articles and manufacturers' product information. We also provide real-time customer and sales information to our sales force, managers and vendors via the Internet to enable them to compete in the digital marketplace. While we have had past success with implementing customer relationship and order management technologies, our business development efforts may suffer if we fail to keep pace with rapidly changing technologies and customer expectations.

We are dependent on our suppliers because we generally do not manufacture the products we sell.

Interruptions in supply could adversely affect our operating results. If a supplier is unable to deliver product in a timely and efficient manner, whether due to financial difficulties, natural disasters or other reasons, we could experience lost sales. We generally do not have long-term contracts with our suppliers that commit them to producing products for us and there is considerable concentration within our animal health and dental businesses with a few key suppliers. In addition, because we generally do not control the actual production of the products we sell, we may be subject to delays caused by interruption in production based on conditions outside of our control, including the failure to comply with applicable government requirements. The failure of manufacturers of products regulated by the FDA or other governmental agencies to meet these requirements, could result in product recall, cessation of sales or other market disruptions. An extended interruption in the supply of our products would have an adverse effect on our results of operations.

In addition, a portion of our products is sourced, directly or indirectly, from outside the U.S. Political or financial instability, increased tariffs, restrictions on trade, currency exchange rates, labor unrest, outbreak of pandemics or other events could slow distribution activities, affect foreign trade beyond our control and adversely affect our results of operations.

Material changes in our purchasing relationship with suppliers could have a material adverse effect on our business.

Our ability to sustain our gross profits depends, in part, on the structure of our relationship with our suppliers. Such relationships are subject to change from time to time, such as changing from a "buy/sell" to an agency relationship, or from an agency to a "buy/sell" relationship, either of which could adversely affect our revenues and operating income. Suppliers may also choose to change the method in which products are taken to market. A supplier may change our relationship from a complete distribution provider, including logistics and sales support, to only a logistics provider, or only a sales support provider. A reduction in our role as a value-added service provider would result in reduced margins on product sales, which could have a material adverse effect on our business, financial condition or results of operations.

Patterson's continued success is substantially dependent on positive perceptions of Patterson's reputation.

One of the reasons why customers choose to do business with Patterson and why employees choose Patterson as a place of employment is the reputation that Patterson has built over many years. To be successful in the future, Patterson must continue to preserve, grow and leverage the value of Patterson's brand. Reputational value is based in large part on perceptions of subjective qualities. Even an isolated incident, or the aggregate effect of individually insignificant incidents, can erode trust and confidence, particularly if they result in adverse publicity, governmental investigations or litigation, and as a result, could tarnish Patterson's brand and lead to adverse effects on our business, financial condition and results of operations.

Risks inherent in acquiring other businesses could offset the anticipated benefits of such acquisitions and we may face difficulty in efficiently and effectively integrating acquired businesses.

As a part of our business strategy, we have acquired businesses in the ordinary course and expect to continue acquiring businesses in the future. These acquisitions can involve a number of risks and challenges, any of which could cause significant operating inefficiencies and adversely affect our growth and profitability, and may not result in the benefits and revenue growth we expect. Such risks and challenges include underperformance relative to our expectations and the price paid for the acquisition; unanticipated demands on our management and operational resources; difficulty in integrating personnel, operations and systems; retention of customers of the combined businesses; assumption of contingent liabilities; and acquisition-related earnings charges.

As we operate through two strategic business units, we consolidate the distribution, information technology, human resources, financial and other administrative functions of those business units jointly to meet their needs while

[Table of Contents](#)

addressing distinctions in the individual markets of those segments. We may not be able to do so effectively and efficiently.

Our ability to continue to make acquisitions will depend upon our success in identifying suitable targets, which requires substantial judgment in assessing their values, strengths, weaknesses, liabilities and potential profitability, as well as the availability of suitable candidates at acceptable prices, and whether restrictions are imposed by anti-trust or other regulations.

Our acquired technology or developed technology may not be successful in maintaining existing customers or gaining new customers, or the technology may fail to produce its intended results.

The process of acquiring or developing new technology products and solutions is inherently complex and uncertain. It requires accurate anticipation of customers' changing needs and emerging technological trends. We must make long-term investments and commit significant resources before knowing whether these investments will eventually result in products or services that achieve customer acceptance and generate the revenue required to provide desired returns. If we fail to accurately anticipate and meet our customers' needs through the development of new products and technologies and service offerings or if we fail to adequately protect our intellectual property rights, or if our new products are not widely accepted or if our current or future products fail to meet applicable regulatory requirements, we could lose customers to our competitors and that could materially and adversely affect our results of operations and financial condition. In addition, if technology investments do not achieve the intended results, we may write-off the investments, and we face the risk of claims from system users that the systems failed to produce the intended result or negatively affected the operation of our customers' businesses. Any such claims, even those without merit, could be expensive and time-consuming to defend, cause us to lose customers and the associated revenue, divert management's attention and resources, or require us to pay damages.

We are subject to a variety of litigation that could adversely affect our results of operations and financial condition.

We are subject to a variety of litigation incidental to our business, including product liability claims, intellectual property claims, employment claims, commercial disputes, governmental inquiries and investigations, and other matters arising out of the ordinary course of our business, including antitrust litigation. We also may be subject to securities litigation. From time to time we are named as a defendant in cases as a result of our distribution of products. Additionally, purchasers of private-label products may seek recourse directly from us, rather than the ultimate product manufacturer, for product-related claims. Another potential risk we face in the distribution of our products is liability resulting from counterfeit or tainted products infiltrating the supply chain. In addition, some of the products that we transport and sell are considered hazardous materials. The improper handling of such materials or accidents involving the transportation of such materials could subject us to liability. Defending against such claims may divert our management's attention, may be expensive, and may require that we pay damage awards or settlements or become subject to equitable remedies that could adversely affect our financial condition and results of operations. A successful claim brought against us in excess of available insurance or not covered by insurance or indemnification agreements, or any claim that results in significant adverse publicity against us, could have a material adverse effect on our business and our reputation. Furthermore, the outcome of litigation is inherently uncertain.

Changes in consumer preferences could adversely affect our business.

The demand for production animal health products is heavily dependent upon consumer demand for beef, dairy, poultry and swine. The food industry in general is subject to changing consumer trends, demands and preferences. Trends within the food industry change often and our failure to anticipate, identify or react to changes in these trends could lead to, among other things, reduced demand and price reductions for our animal health products, and could have a material adverse effect on our business. Moreover, even if we do anticipate and identify these trends, we may be unable to react effectively. For example, changes in consumer diets may negatively affect consumer demand for beef, dairy, poultry and/or swine, and therefore reduce the demand for our production animal health products which could have a material adverse effect on our business.

In addition, there has been consumer concern and consumer activism with respect to the use of antibiotics and growth promotants in animal feed. A sustained campaign of negative press resulting from media or consumer advocacy groups, industry litigation, loss of export markets or other factors could adversely affect the public's perception of the industry as a whole, or lead to reluctance by consumers to buy protein or other products. Concern over the impact of

growth promotants on animal welfare could result in the removal from the market of products in that category, adversely

[Table of Contents](#)

impacting our sales. In addition, heightened consumer concern over the use of antibiotics and growth promotants in animal feed could result in increased government regulation in response to that concern. Any such event may affect the growth of the production animal market and lead to a decrease in the sales of the products we distribute, which could have a material adverse effect on our business, financial condition and results of operations.

From time to time, we experience changes in customer and product mix that affect gross margin. Changes in customer and product mix result primarily from business acquisitions, changes in customer demand, customer acquisitions, selling and marketing activities and competition. There can be no assurance that we will be able to maintain historical gross margins in the future.

Our business may be directly and indirectly affected by the cyclicity of the livestock market, including the effect of poor or unusual weather conditions, that could reduce demand for the production animal products we distribute.

Poor or unusual weather conditions can significantly affect the purchasing decisions of our production animal customers. The timing and quantity of rainfall are two of the most important factors in agricultural production. Drought can affect the availability and price of feed for livestock. Faced with a reduction in readily available feed or an increase in costs for such feed, our customers may decide to reduce herd size, which would ultimately decrease the demand for the products we distribute, including micro feed ingredients, animal health products, dairy sanitation solutions, as well as the development and implementation of systems for feed, health, information and production animal management.

The outbreak of an infectious disease within either the production animal or companion animal population could have a significant adverse effect on our business and our results of operations.

An outbreak of disease affecting animals, such as foot-and-mouth disease, porcine epidemic diarrhea virus, Newcastle disease, avian flu or bovine spongiform encephalopathy, commonly referred to as “mad cow disease,” could result in the widespread destruction of affected animals and consequently result in a reduction in demand for animal health products. In addition, outbreaks of these or other diseases or concerns of such diseases could create adverse publicity that may have a material adverse effect on consumer demand for meat, dairy and poultry products, and, as a result, on our customers’ demand for the products we distribute. It could also harm export markets for such products and lead to increased government regulation. The outbreak of a disease among the companion animal population which could cause a reduction in the demand for companion animals could also adversely affect our business.

Pricing pressure from branded pharmaceutical manufacturers or adverse changes in supplier rebates could negatively affect our business.

We face pricing pressure from branded pharmaceutical manufacturers. In addition, the terms on which we purchase or sell products from many suppliers of animal health products may entitle us to receive a rebate based on the attainment of certain growth goals. Suppliers may reduce or eliminate rebates offered under their programs, or increase the growth goals or other conditions we must meet to earn rebates to levels that we cannot achieve. Increased competition either from generic or equivalent branded products could result in us failing to earn rebates that are conditioned upon achievement of growth goals. Additionally, factors outside of our control, such as customer preferences, consolidation of suppliers or supply issues, can have a material impact on our ability to achieve the growth goals established by our suppliers, which may reduce the amount of rebates we receive. The occurrence of any of these events could have an adverse impact on our results of operations.

The formation of group purchasing organizations (“GPO”) or provider networks may place us at a competitive disadvantage.

The formation of GPOs and provider networks may shift purchasing decisions to entities or persons with whom we do not have a historical relationship. This may threaten our ability to compete effectively, which would in turn negatively impact our financial results. Although we are seeking to obtain access to lower prices demanded by GPO contracts or other contracts, and develop relationships with provider networks and new GPOs, we cannot assure that such terms will be obtained or contracts will be executed.

We may experience competition from third-party online commerce sites.

[Table of Contents](#)

Traditional distribution relationships are being challenged by online commerce solutions. Such competition will require us to cost-effectively adapt to changing technology, to continue to provide enhanced service offerings and to continue to differentiate our business (including with additional value-added services) to address demands of consumers and customers on a timely basis. The emergence of such competition and our inability to anticipate and effectively respond to changes on a timely basis could have a material adverse effect on our business.

Increases in over-the-counter sales of companion animal products, or sales of companion animal products from non-veterinarian sources, could adversely affect our business.

Animal health products are becoming increasingly available to consumers at competitive prices from sources other than veterinarians, including human health product pharmacies, Internet pharmacies and big-box retailers. Any increase competition from such channels could have a material adverse effect on our business, financial condition or results of operations.

Our international operations are subject to inherent risks that could adversely affect our operating results.

There are a number of risks inherent in foreign operations, including complex regulatory requirements, staffing and management complexities, import and export costs, other economic factors and political considerations, all of which are subject to unanticipated changes. Additionally, foreign operations expose us to foreign currency fluctuations. Because our financial statements are denominated in U.S. dollars, changes in currency exchange rates between the U.S. dollar and other currencies will have an impact on our income. Currency exchange rate fluctuations may adversely affect our results of operations and financial condition. Furthermore, we generally do not hedge translation exposure with respect to foreign operations.

The U.S. Health Care Reform Law could materially adversely affect our business.

Provisions of the U.S. Health Care Reform Law could have a material adverse effect on our business. Additionally, further federal and state proposals for health care reform in the U.S. are likely, and foreign government authorities may also adopt reforms of their health systems. We cannot predict what further reform proposals, if any, will be adopted, when they may be adopted, or what impact they may have on us.

Reporting and disclosure obligations under the Physician Payment Sunshine Act provisions of the Health Care Reform Law increase the cost of our regulatory compliance.

The Physician Payment Sunshine Act imposes reporting and disclosure requirements for drug and device manufacturers with regard to payments or other transfers of value made to certain practitioners (including physicians, dentists and teaching hospitals), and for such manufacturers and for group purchasing organizations, with regard to certain ownership interests held by physicians in the reporting entity. Under the Physician Payment Sunshine Act we are required to collect and report detailed information regarding certain financial relationships we have with physicians, dentists and teaching hospitals. We may also be required to report under certain state transparency laws that address circumstances not covered by the Physician Payment Sunshine Act, and some of these state laws, as well as the federal law, can be ambiguous. We are also subject to foreign regulations requiring transparency of certain interactions between suppliers and their customers. Our compliance with these rules imposes additional costs on us.

Failure to comply with existing and future U.S. and foreign laws and regulatory requirements could subject us to claims or otherwise harm our business.

Our business is subject to requirements under various local, state, federal and international laws and regulations applicable to the distribution of pharmaceuticals and medical devices, and human cells, tissue and cellular and tissue-based products, also known as HCT/P products, and animal feed and supplements. Among other things, such laws, and the regulations promulgated thereunder:

- regulate the storage and distribution, labeling, packaging, handling, reporting, record keeping, introduction, manufacturing and marketing of drugs, HCT/P products and medical devices;
- subject us to inspection by the FDA and the DEA;
- regulate the storage, transportation and disposal of certain of our products that are considered hazardous materials;

- require us to advertise and promote our drugs and devices in accordance with applicable FDA requirements;
- require registration with the FDA and the DEA and various state agencies;

[Table of Contents](#)

- require record keeping and documentation of transactions involving drug products;
- require us to design and operate a system to identify and report suspicious orders of controlled substances to the DEA;
- require us to manage returns of products that have been recalled and subject us to inspection of our recall procedures and activities; and
- impose reporting requirements if a pharmaceutical, HCT/P product or medical device causes serious illness, injury or death.

Applicable federal, state, local and foreign laws and regulations also may require us to meet various standards relating to, among other things, licensure or registration, sales and marketing practices, product integrity and supply tracking to the manufacturer of the product, personnel, privacy and security of health or other personal information, installation, maintenance and repair of equipment, and the importation and exportation of products. Our business also is subject to requirements of similar and other foreign governmental laws and regulations affecting our operations abroad.

The failure to comply with any of these regulations, or new interpretations of existing laws and regulations, or the imposition of any additional laws and regulations, could materially adversely affect our business. Allegations by a governmental body that we have not complied with these laws could have a material adverse effect on our business. If it is determined that we have not complied with these laws, we are potentially subject to penalties including warning letters, civil and criminal penalties, mandatory recall of product, seizure of product and injunction, consent decrees, and suspension or limitation of product sale and distribution. If we enter into settlement agreements to resolve allegations of non-compliance, we could be required to make settlement payments or be subject to civil and criminal penalties, including fines and the loss of licenses. Non-compliance with government requirements could adversely affect our ability to participate in federal and state government health care programs, and damage our reputation.

If we fail to comply with laws and regulations relating to health care fraud or other laws and regulations, we could suffer penalties or be required to make significant changes to our operations, which could materially adversely affect our business.

We are subject to federal and state (and similar foreign) health care fraud and abuse, referral and reimbursement laws and regulations. Some of these laws, referred to as "false claims laws," prohibit the submission or causing the submission of false or fraudulent claims for reimbursement to federal, state and other health care payers and programs. Other laws, referred to as "anti-kickback laws," prohibit soliciting, offering, receiving or paying remuneration in order to induce the referral of a patient or ordering, purchasing, leasing or arranging for or recommending ordering, purchasing or leasing, of items or services that are paid for by federal, state and other health care payers and programs. Health care fraud measures may implicate, for example, our relationships with pharmaceutical manufacturers, our pricing and incentive programs for physician and dental practices, and our dental and physician practice management products that offer billing-related functionality.

If we fail to comply with laws and regulations relating to the confidentiality of sensitive personal information or standards in electronic health data transmissions, we could be required to make significant changes to our products, or incur substantial fines, penalties or other liabilities.

Our dental practice management products include electronic information technology systems that store and process personal health, clinical, financial and other sensitive information of individuals. These information technology systems may be vulnerable to breakdown, wrongful intrusions, data breaches and malicious attack, which could require us to expend significant resources to eliminate these problems and address related security concerns, and could involve claims against us by private parties and/or governmental agencies. For example, we are directly or indirectly subject to numerous federal, state, local and foreign laws and regulations that protect the privacy and security of such information, such as HIPAA. HIPAA requires, among other things, the implementation of various recordkeeping, operational, notice and other practices intended to safeguard that information, limit its use to allowed purposes and notify individuals in the event of privacy and security breaches. Failure to comply with these laws and regulations could expose us to breach of contract claims, substantial fines, penalties and other liabilities and expenses, costs for remediation and harm to our reputation. Also, evolving laws and regulations in this area could restrict the ability of our customers to obtain, use or disseminate patient information, or could require us to incur significant additional costs to re-design our products in a timely manner to reflect these legal requirements, either of which could have a material adverse effect on our results of operations.

[Table of Contents](#)***Risks generally associated with our information systems and cyber-security attacks could adversely affect our results of operations.***

We rely on information systems ("IS") in our business to obtain, rapidly process, analyze and manage data to, among other things:

- facilitate the purchase and distribution of thousands of inventory items through numerous fulfillment centers;
- receive, process and ship orders on a timely basis;
- accurately bill and collect from thousands of customers;
- process payments to suppliers; and
- provide products and services that maintain certain of our customers' electronic medical or dental records (including protected health information of their human patients).

Our IS are vulnerable to natural disasters, power losses, computer viruses, telecommunication failures and other problems. In addition, information security risks have generally increased in recent years. Increased IS security threats and more sophisticated computer crime, including advanced persistent threats, pose a potential risk to the security of our IS, customers and other business partners, as well as the confidentiality, availability, and integrity of our data, customers and other business partners. A cyber-security attack that bypasses our IS security causing an IS security breach may lead to a material disruption of our IS and/or the loss of business information, which could adversely affect our business. These risks may include, among others, the following:

- future results could be adversely affected due to the theft, destruction, loss, misappropriation or release of confidential data or intellectual property;
- operational or business delays resulting from the disruption or damage of IS and subsequent clean-up and mitigation activities, including our ability to process orders, maintain proper levels of inventories, collect accounts receivable and disburse funds;
- negative publicity resulting in reputation or brand damage with our customers, suppliers or industry peers; and
- lawsuits for, or regulatory proceedings relating to, a breach of personal financial and health information belonging to our customers and their patients.

We also increasingly rely upon server- and Internet-based technologies to run our business and to store our data as well as our customers' data. The use of such technologies may carry additional cyber-security risks relative to those posed by legacy technologies. Our Internet-based services also depend on our ability and the ability of our customers access the Internet. In the event of any difficulties, outages or delays by Internet service providers, we may be impeded from providing such services, which may have a material adverse effect on our business and our reputation.

Our results of operations and cash flows could be adversely affected if our IS are interrupted, damaged by unforeseen events, are subject to cyber-security attacks, or fail for any extended period of time. If our business continuity plans do not provide effective alternative processes on a timely basis, we may suffer interruptions in our ability to manage or conduct our operations, which may adversely affect our business. We may need to expend additional resources in the future to continue to protect against, or to address problems caused by, any business interruptions or data security breaches.

Breaches of information systems security could damage our reputation, disrupt operations, increase costs and/or decrease revenues.

We collect and store confidential information from customers so that they may, among other things, purchase products or services, use our software or practice management systems, enroll in promotional programs, register on our websites, engage in data conversion or otherwise communicate or interact with us. We also acquire and retain information about suppliers, employees and others in the normal course of business. We may be unable to protect sensitive data and/or the integrity of our IS. In addition, compliance with evolving privacy and information security laws and standards may result in significant additional expense due to increased investment in technology and the development of new operational processes. We could be subject to liability for failure to comply with these laws and standards, failure to protect information, or failure to respond appropriately to an incident or misuse of information, including use of information for unauthorized marketing purposes.

The products we sell are subject to market and technological obsolescence; our software products may contain undetected errors or bugs when released.

[Table of Contents](#)

Some of the products we distribute are subject to technological obsolescence outside of our control, since we do not manufacture the majority of the products we sell. If our customers discontinue purchasing a given product, we might have to record expense related to the diminution in value of inventories we have in stock, and depending on the magnitude, that expense could adversely impact our operating results.

Furthermore, we cannot be sure that we will be successful in introducing and marketing new software, software enhancements, or e-services, or that such software, software enhancements and e-services will be released on time or accepted by the market. Our software and applicable e-services products, like software products generally, may contain undetected errors or bugs when introduced, or as new versions are released. We cannot be sure that future problems with post-release software errors or bugs will not occur. Any such defective software may result in increased expenses related to the software and could adversely affect our relationships with the customers using such software, as well as our reputation. We do not have any patents on our software or e-services, and rely upon copyright, trademark and trade secret laws, as well as contractual and common-law protections. We cannot provide assurance that such legal protections will be available or enforceable to protect our software or e-services products.

Volatility in the financial markets could adversely affect our operating results and financial condition.

Volatility and other disruptions in the financial markets could adversely affect the cost and availability of credit to us, as well as the cost of, and ability to sell, finance contracts we receive from customers to outside financial institutions. Reduced access to capital for our customers limits the amount of investment that they can make in their businesses, and with limited investment by the customer, our revenue from equipment sales could be adversely affected.

Our ability to make payments on our debt obligations depends on our performance.

Our ability to make scheduled payments on, or refinance, our debt obligations depends on our operational and financial performance, which is subject to economic conditions and financial market conditions beyond our control. If our performance were to suffer, our access to the capital necessary to run our business may become limited.

The market price for our common stock may be highly volatile.

The market price for our common stock may be highly volatile. A variety of factors may have a significant impact on the market price of our common stock, including:

- the publication of earnings estimates or other research reports and speculation in the press or investment community;
- changes in our industry and competitors;
- changes in government or legislation;
- our financial condition, results of operations and cash flows and prospects;
- stock repurchases;
- any future issuances of our common stock, which may include primary offerings for cash, stock splits, issuances in connection with business acquisitions, issuances of restricted stock/units and the grant or exercise of stock options from time to time;
- general market and economic conditions; and
- any outbreak or escalation of hostilities in areas where we do business.

In addition, the NASDAQ Stock Market can experience extreme price and volume fluctuations that can be unrelated or disproportionate to the operating performance of the companies listed on NASDAQ. Broad market and industry factors may negatively affect the market price of our common stock, regardless of actual operating performance. In the past, following periods of volatility in the market price of a company's securities, securities class action litigation has often been instituted against companies. This type of litigation, if instituted, could result in substantial costs and a diversion of management's attention and resources, which could have a material adverse effect on our business.

Our ability to execute our business strategies and retain key employees may be adversely affected by uncertainty associated with the transition to a successor Chief Executive Officer.

In June 2017, we announced a leadership transition involving our Chief Executive Officer. Although we have employed an interim Chief Executive Officer, we are currently conducting a search for a successor. This type of management change has the potential to disrupt our operations due to the diversion of efforts of our executive

[Table of Contents](#)

management team toward managing the transition, the sufficiency of management resources to drive key business initiatives forward, the potential deterioration of morale, and the potential for departures among senior management. This change also increases our dependency on members of the executive leadership team who remain with us. These individuals are not contractually obligated to remain employed by us and may leave at any time. Such a departure could be particularly disruptive in light of the transition we are currently undergoing. In addition, the loss of any of these individuals could significantly delay, prevent the achievement of, or make it more difficult for us to pursue and execute on our business objectives, and could have an adverse effect on our business, financial condition and operating results. We also expect to incur costs related to the transition, including transitional salary and severance payments, as well as recruiting costs, including equity awards, non-equity incentive awards and potential relocation payments, relating to the hiring of a successor Chief Executive Officer.

Our future success depends on our leadership development and succession planning.

Our success depends, in large part, on our ability to recruit skilled personnel and then train our personnel to support the long-term growth of our business. While our Board of Directors and management actively monitor our succession plans and processes, our business could suffer if we lose key personnel unexpectedly. In addition, competition for senior management is intense and we may not be successful in attracting and retaining key personnel.

If we experience significant disruptions in our operations during our enterprise resource planning system implementation, our business may be adversely affected.

We depend on our information technology systems and our financial shared services for the efficient functioning of our business, including accounting, billing, data storage, purchasing and inventory management. We are working on implementing a new enterprise resource planning ("ERP") system across our significant operating locations. Although we believe we are more than halfway through the rollout, our ERP system implementation will require the investment of significant human and financial resources. During implementation, we may encounter difficulties in operating our business, which could disrupt our operations, including our ability to timely ship and track customer orders, determine inventory requirements, manage our supply chain, manage customer billing and otherwise adequately service our customers, and lead to increased costs and other difficulties. If we experience significant disruptions during our ERP implementation, we may not be able to repair our systems in an efficient and timely manner. Accordingly, such events may disrupt or reduce the efficiency of our entire operation and have a material adverse effect on our operating results and cash flows.

We may be required to record a significant charge to earnings if our goodwill or other intangible assets become impaired.

Our balance sheet includes goodwill and other identifiable intangible assets. If impairment of our goodwill or other identifiable intangible assets is determined, we may be required to record a significant charge to earnings in the period of such determination under U.S. generally accepted accounting principles (GAAP).

Our credit agreement contains restrictive covenants, which limit our business and financing activities.

In order to fund our financial obligations in connection with the Animal Health International, Inc. acquisition, we entered into a credit agreement, which includes customary covenants that impose restrictions on our business and financing activities, subject to certain exceptions or the consent of our lenders, including, among other things, limits on our ability to incur additional debt, create liens, enter into merger, acquisition and divestiture transactions, pay dividends and engage in transactions with affiliates. The credit agreement contains certain customary affirmative covenants, including a requirement that we maintain a maximum consolidated leverage ratio and a minimum consolidated interest coverage ratio, and customary events of default. Our ability to comply with these covenants may be adversely affected by events beyond our control, including economic, financial and industry conditions. A breach of the credit agreement covenants may result in an event of default, which could allow our lenders to terminate the commitments under the credit agreement, declare all amounts outstanding under the credit agreement (if any), together with accrued interest, to be immediately due and payable, and exercise other rights and remedies. If this occurs, we may not be able to refinance the accelerated indebtedness on acceptable terms, or at all, or otherwise repay the accelerated indebtedness.

[Table of Contents](#)***Audits by tax authorities could result in additional tax payments for prior periods, and tax legislation could materially adversely affect our financial results and tax liabilities.***

The amount of income taxes we pay is subject to ongoing audits by U.S. federal, state and local tax authorities and by non-U.S. tax authorities. If these audits result in assessments different from our reserves, our future results may include unfavorable adjustments to our tax liabilities.

We are subject to the tax laws and regulations of the U.S. federal, state and local governments, as well as foreign jurisdictions. From time to time, various legislative initiatives may be proposed that could materially adversely affect our tax positions. There can be no assurance that our effective tax rate will not be materially adversely affected by legislation resulting from these initiatives. In addition, tax laws and regulations are extremely complex and subject to varying interpretations. Although we believe that our historical tax positions are sound and consistent with applicable laws, regulations and existing precedent, they can be no assurance that our tax positions will not be challenged by relevant tax authorities or that we would be successful in any such challenge.

We are exposed to the risk of changes in interest rates.

Our balance sheet includes certain non-current assets that are sensitive to movements in short-term interest rates. The variable rates are comprised of both LIBOR and commercial paper rates plus a spread and reset on certain dates, as set forth in the respective agreements. In addition, our balance sheet includes fixed rate long-term debt, whose fair value could be adversely affected by movements in interest rates. We finance purchases by our customers using finance contracts that are issued at fixed interest rates, and sell these contracts under various funding arrangements that are priced using variable interest rates. Sudden and dramatic changes in the interest rates within relevant markets could adversely affect our results of operations.

Our governing documents, other documents to which we are a party, and Minnesota law may discourage takeovers and business combinations that our shareholders might consider to be in their best interests.

Anti-takeover provisions of our articles of incorporation, bylaws, and Minnesota law could diminish the opportunity for shareholders to participate in acquisition proposals at a price above the then current market price of our common stock. For example, while we have no present plans to issue any preferred stock, our Board of Directors, without further shareholder approval, may issue up to approximately 30 million shares of undesignated preferred stock and fix the powers, preferences, rights and limitations of such class or series, which could adversely affect the voting power of our common stock. Further, as a Minnesota corporation, we are subject to provisions of the Minnesota Business Corporation Act, or MBCA, regarding "control share acquisitions" and "business combinations." We may, in the future, consider adopting additional anti-takeover measures. The authority of our Board of Directors to issue undesignated preferred stock and the anti-takeover provisions of the MBCA, as well as any future anti-takeover measures adopted by us, may, in certain circumstances, delay, deter or prevent takeover attempts and other changes in control of our company not approved by our Board of Directors.

In addition, our Amended and Restated Equity Incentive Plan provides that awards issued under that plan are fully vested and all restrictions on the awards lapse in the event of a change in control, as defined in such plan. Additionally, our Capital Accumulation Plan provides that on an event of acceleration, as defined in the plan, the restrictions on shares of restricted stock lapse and such stock becomes fully vested. An event of acceleration occurs if (a) a person has acquired a beneficial ownership interest in 30% or more of the voting power of our company, (b) a tender offer is made to acquire 30% or more of our company, (c) a solicitation subject to Rule 14a-11 of the Exchange Act relating to the election or removal of 50% or more of our Board of Directors occurs, or (d) our shareholders approve a merger, consolidation, share exchange, division or sale of our company's assets. Furthermore, if the surviving or acquiring company in a change in control does not assume our company's outstanding incentive awards or provide for their equivalent substitutes, our 2015 Omnibus Incentive Plan provides for accelerated vesting of incentive awards following a change in control upon the termination of the employee's service and in certain other circumstances, provided such event occurs within two years of a change in control.

Item 1B. UNRESOLVED STAFF COMMENTS

None.

[Table of Contents](#)**Item 2. PROPERTIES**

We own our principal executive offices in St. Paul, Minnesota, and the majority of our distribution and manufacturing facilities. Leases of other distribution and administrative facilities generally are on a long-term basis, expiring at various times, with options to renew for additional periods. Most sales offices are leased for varying and usually shorter periods, with or without renewal options. We believe our properties are in good operating condition and are suitable for the purposes for which they are being used.

Patterson Logistics Services

The majority of assets we use to distribute product are owned and operated by Patterson Logistics Services, Inc. ("PLSI"), a wholly-owned subsidiary, which operates the distribution function for the benefit of our dental and animal health segments in the U.S. PLSI also advises on the operations of our fulfillment centers outside of the U.S., but these properties are not owned by PLSI.

As of April 29, 2017, PLSI operated the following 13 fulfillment centers (seven primary centers) totaling 1.0 million square feet:

- two dental fulfillment centers (Hawaii and Texas);
- four animal health fulfillment centers (Alabama, Colorado and Texas (two)); and
- seven fulfillment centers that distribute dental and animal health products (California, Florida, Indiana, Iowa, Pennsylvania, South Carolina and Washington).

Approximately 90% of the PLSI fulfillment center space is owned.

Dental

In addition to the locations operated by PLSI, Patterson Dental utilizes an owned location in Illinois to produce and ship printed office products. Operations in Canada are supported by fulfillment centers located in Quebec and Alberta. This segment is headquartered in our principal executive offices, and maintains sales and administrative offices at approximately 75 locations across 40 states in the U.S. and 10 locations in Canada, the majority of which are leased. In addition, this segment operates the Patterson Technology Center, a 100,000 square-foot facility in Illinois.

Animal Health

In addition to the locations operated by PLSI, Patterson Animal Health has approximately 100 properties located in the U.S. and Canada, the majority of which are leased. In the U.S., these properties are in 89 locations across 27 states, and comprise fulfillment centers, storage locations, sales and administrative offices, retail stores and call centers. In Canada, operations are supported by two fulfillment centers located in Alberta and Ontario. The segment's operations in the U.K. are supported by a primary distribution facility in Stoke-on-Trent and an additional nine depots used as secondary distribution points throughout the U.K. The headquarters for this segment are located in a leased office in Colorado.

Item 3. LEGAL PROCEEDINGS

In September 2015, we were served with a summons and complaint in an action commenced in the U.S. District Court for the Eastern District of New York, entitled SourceOne Dental, Inc. v. Patterson Companies, Inc., Henry Schein, Inc. and Benco Dental Supply Company, Civil Action No. 15-cv-05440-JMA-GRB. SourceOne, as plaintiff, alleges that, through its website, it markets and sells dental supplies and equipment to dentists. SourceOne alleges in the complaint, among other things, that we, along with the defendants Henry Schein and Benco, conspired to eliminate plaintiff as a competitor and to exclude them from the market for the marketing, distribution and sale of dental supplies and equipment in the U.S. and that defendants unlawfully agreed with one another to boycott dentists, manufacturers, and state dental associations that deal with, or considered dealing with, plaintiff. Plaintiff asserts the following claims: (i) unreasonable restraint of trade in violation of state and federal antitrust laws; (ii) tortious interference with prospective business relations; (iii) civil conspiracy; and (iv) aiding and abetting the other defendants' ongoing tortious and anticompetitive conduct. Plaintiff seeks equitable relief, compensatory and treble damages, jointly and severally, punitive damages, interest, and reasonable costs and expenses, including attorneys' fees and expert fees. We are vigorously defending ourselves in this litigation. We do not anticipate that this matter will have a material adverse effect on our financial condition.

[Table of Contents](#)

Beginning in January 2016, purported class action complaints were filed against defendants Henry Schein, Inc., Benco Dental Supply Co. and Patterson Companies, Inc. Although there were factual and legal variations among these complaints, each alleged that defendants conspired to foreclose and exclude competitors by boycotting manufacturers, state dental associations, and others that deal with defendants' competitors. On February 9, 2016, the U.S. District Court for the Eastern District of New York ordered all of these actions, and all other actions filed thereafter asserting substantially similar claims against defendants, consolidated for pre-trial purposes. On February 26, 2016, a consolidated class action complaint was filed by Arnell Prato, D.D.S., P.L.L.C., d/b/a Down to Earth Dental, Evolution Dental Sciences, LLC, Howard M. May, DDS, P.C., Casey Nelson, D.D.S., Jim Peck, D.D.S., Bernard W. Kurek, D.M.D., Larchmont Dental Associates, P.C., and Keith Schwartz, D.M.D., P.A. (collectively, the "putative class representatives") in the U.S. District Court for the Eastern District of New York, entitled In re Dental Supplies Antitrust Litigation, Civil Action No. 1:16-CV-00696-BMC-GRB. Burkhart Dental Supply Company, Inc. was added as a defendant on October 22, 2016. Subject to certain exclusions, the putative class representatives seek to represent all persons who purchased dental supplies or equipment in the U.S. directly from any of the defendants, since August 31, 2008. In the consolidated class action complaint, putative class representatives allege a nationwide agreement among Henry Schein, Benco, Patterson and Burkhart not to compete on price. The consolidated class action complaint asserts a single count under Section 1 of the Sherman Act, and seeks equitable relief, compensatory and treble damages, jointly and severally, interest, and reasonable costs and expenses, including attorneys' fees and expert fees. Putative class representatives have not specified a damage amount in their complaint. While the outcome of litigation is inherently uncertain, we believe the consolidated class action complaint is without merit, and we are vigorously defending ourselves in this litigation.

PART II

Item 5. MARKET FOR REGISTRANT'S COMMON EQUITY, RELATED STOCKHOLDER MATTERS AND ISSUER PURCHASES OF EQUITY SECURITIES

Market Information

Patterson's common stock trades on the NASDAQ Global Select Market® under the symbol "PDCO."

The following table sets forth the range of high and low sale prices for Patterson's common stock for each full quarterly period within the two most recent fiscal years. Such quotations reflect inter-dealer prices, without retail mark-up, mark-down or commission, and may not necessarily represent actual transactions.

	High	Low	Dividends per share
Fiscal 2017			
First Quarter	\$ 50.40	\$ 42.69	\$ 0.24
Second Quarter	49.69	42.08	0.24
Third Quarter	49.26	36.46	0.24
Fourth Quarter	46.13	40.68	0.26
Fiscal 2016			
First Quarter	50.94	45.32	0.22
Second Quarter	53.07	42.62	0.22
Third Quarter	48.87	38.51	0.22
Fourth Quarter	46.64	40.17	0.24

Holders

On June 20, 2017, the number of holders on record of common stock was 1,858. The transfer agent for Patterson's common stock is Wells Fargo Bank, N.A., 161 North Concord Exchange, South St. Paul, Minnesota, 55075-0738, telephone: (651) 450-4064.

Dividends

In fiscal 2017, a quarterly cash dividend of \$0.24 per share was paid throughout the year, except in the fourth quarter when the dividend was increased to \$0.26 per share. We expect to continue to pay a quarterly cash dividend for the foreseeable future; however, the payment of dividends is within the discretion of our Board of Directors and will depend upon our earnings, capital requirements, operating results and financial condition among other factors.

Securities Authorized for Issuance Under Equity Compensation Plans

For information relating to securities authorized for issuance under equity compensation plans, see Part III, Item 12.

Purchases of Equity Securities by the Issuer

In March 2013, Patterson's Board of Directors approved a share repurchase plan by which up to 25,000,000 shares may be purchased in open market transactions through March 19, 2018.

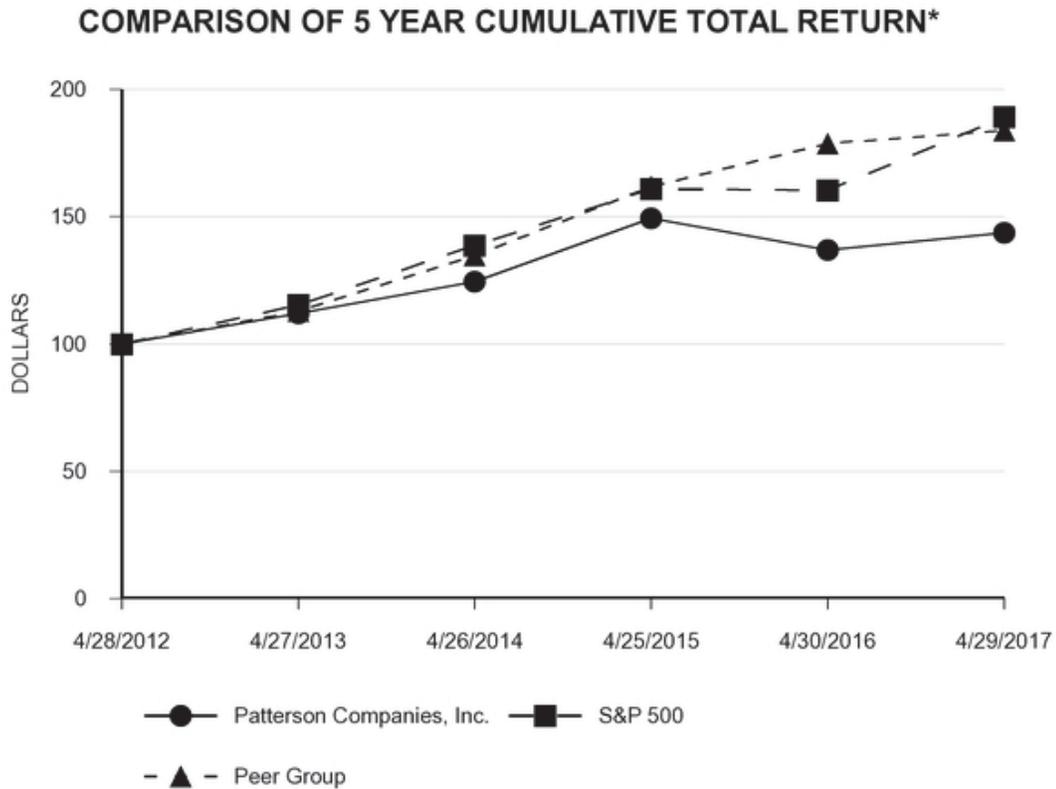

The following table presents activity under the stock repurchase plan during the fourth quarter of fiscal 2017:

[Table of Contents](#)

	Total Number of Shares Purchased	Average Price Paid per Share	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs	Maximum Number of Shares That May Yet Be Purchased Under the Plan
January 29, 2017 to February 25, 2017	201,250	\$ 42.15	201,250	14,309,791
February 26, 2017 to March 25, 2017	461,030	44.92	461,030	13,848,761
March 26, 2017 to April 29, 2017	206,711	44.95	206,711	13,642,050
	868,991	\$ 44.28	868,991	13,642,050

Performance Graph

The graph below compares the cumulative total shareholder return on \$100 invested at the market close on April 28, 2012, through April 29, 2017, with the cumulative return over the same time period on the same amount invested in the S&P 500 Index and a Peer Group Index, consisting of seven companies (including our company) based on the same Standard Industrial Classification Code.* The chart below the graph sets forth the actual numbers depicted on the graph.

See the Notes to the Consolidated Financial Statements included in Item 8 of this Annual Report on Form 10-K.

- (1) Fiscal 2014 includes a pre-tax restructuring charge of \$15.4 million, or \$0.13 per diluted share on an after-tax basis.
- (2) Fiscal 2017 includes a pre-tax non-cash impairment charge of \$36.3 million, or \$23.0 million after taxes or \$0.24 per diluted share. See Note 3 to the Consolidated Financial Statements for additional information.
- (3) In June 2015, we acquired Animal Health International, Inc. Prior to our acquisition, Animal Health International, Inc. generated sales and earnings before interest, income taxes, depreciation and amortization of \$1.5 billion and \$68 million, respectively, during the 12 months ended March 2015. In connection with this acquisition, we incurred pre-tax transaction costs of \$13.7 million, or \$0.11 per diluted share from continuing operations on an after-tax basis. Also in fiscal 2016, we approved a one-time repatriation of approximately \$200.0 million of foreign earnings. This one-time repatriation reduced the overall cost of funding the acquisition of Animal Health International, Inc. In addition, certain foreign cash at Patterson Medical was required to be repatriated as part of the sale transaction. The continuing operations tax impact of \$12.3 million from the repatriation was recorded during fiscal 2016. See Note 11 to the Consolidated Financial Statements for additional information.

- (4) In August 2013, we acquired National Veterinary Services Limited ("NVS"), which had revenues of more than £315 million, or approximately \$493 million, in its fiscal year ended June 30, 2013 prior to acquisition. NVS results beginning on the date of the acquisition are included in continuing operations.

[Table of Contents](#)**Item 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS****Overview**

Our financial information for fiscal 2017 is summarized in this Management's Discussion and Analysis and the Consolidated Financial Statements and related Notes. The following background is provided to readers to assist in the review of our financial information.

We present three reportable segments: Dental, Animal Health and Corporate. Dental and Animal Health are strategic business units that offer similar products and services to different customer bases. Dental provides a virtually complete range of consumable dental products, equipment and software, turnkey digital solutions and value-added services to dentists and dental laboratories throughout North America. Animal Health is a leading, full-line distributor in North America and the U.K. of animal health products, services and technologies to both the production-animal and companion-pet markets. Our Corporate segment is comprised of general and administrative expenses, including home office support costs in areas such as information technology, finance, legal, human resources and facilities. In addition, customer financing and other miscellaneous sales are reported within Corporate results.

In August 2015, we divested our wholly-owned subsidiary Patterson Medical Holdings, Inc. ("Patterson Medical"), the entity through which we operated the rehabilitation supply business. We classified the results of operations of Patterson Medical as discontinued operations for all periods presented in the consolidated statements of income and other comprehensive income.

Operating margins of the animal health business are considerably lower than the dental business. While operating expenses run at a lower rate in the animal health business when compared to the dental business, gross margins in the animal health business are substantially lower due generally to the low margins experienced on the sale of pharmaceutical products.

We operate with a 52-53 week accounting convention with our fiscal year ending on the last Saturday in April. Fiscal years 2017, 2016 and 2015 ended on April 29, 2017, April 30, 2016 and April 25, 2015, respectively. Fiscal years 2017 and 2015 consisted of 52 weeks, while fiscal year 2016 consisted of 53 weeks. Fiscal year 2018 will end on April 28, 2018 and will consist of 52 weeks.

We believe there are several important aspects of our business that are useful in analyzing it, including: (1) growth in the various markets in which we operate; (2) internal growth; (3) growth through acquisition; and (4) continued focus on controlling costs and enhancing efficiency. Management defines internal growth as the increase in net sales from period to period, adjusting for differences in the number of weeks in fiscal years, excluding the impact of changes in currency exchange rates, and excluding the net sales, for a period of twelve months following the transaction date, of businesses we have acquired.

The following significant activities occurred in fiscal 2016 or 2017:

Enterprise Resource Planning System Initiatives. In the third quarter of fiscal 2017, we completed the application development stage of our enterprise resource planning ("ERP") system, and we began depreciating our investment in such system. We incurred increased depreciation and other operating expenses of approximately \$25.0 million in the fiscal year ended April 29, 2017 as compared to the fiscal year ended April 30, 2016, related to this implementation.

Intangible Asset Impairment. In fiscal 2006, we extended our exclusive North American distribution relationship with Sirona Dental Systems for Sirona's CEREC 3D dental restorative system. At that time, we paid a \$100.0 million distribution fee to extend the existing exclusive relationship for at least a 10-year period beginning in 2007. This distribution fee has been accounted for as an intangible asset that has been amortized since 2007. Based on our November 2016 decision not to extend sales exclusivity for the full Sirona portfolio of products, we recorded a pre-tax non-cash impairment charge of \$36.3 million, or \$23.0 million after taxes or \$0.24 per diluted share in our Dental

segment in the third quarter of fiscal 2017, related to the distribution fee associated with the CEREC product component of this arrangement.

Animal Health International Acquisition. In June 2015, we completed the acquisition of Animal Health International, Inc., a leading production animal health distribution company in the U.S. Prior to our acquisition, Animal Health International, Inc. generated sales and earnings before interest, income taxes, depreciation and amortization

[Table of Contents](#)

of \$1.5 billion and \$68 million, respectively, during the 12 months ended March 2015. Our acquisition more than doubled the revenue of our legacy animal health business, which was previously focused on the companion animal market. Our animal health business now offers an expanded range of products and services to a broader base of customers in North America and the U.K. During fiscal 2016, we incurred \$10.4 million, or \$0.11 per diluted share, on an after-tax basis, of transaction costs related to the acquisition of Animal Health International, Inc.

Patterson Medical Sale. In August 2015, we sold Patterson Medical for \$716.9 million. See Note 4 to the Consolidated Financial Statements for additional information.

Cash Repatriation. In fiscal 2016, we approved a one-time repatriation of approximately \$200.0 million of foreign earnings. This one-time repatriation reduced the overall cost of funding the acquisition of Animal Health International, Inc. In addition, certain foreign cash at Patterson Medical was required to be repatriated as part of the sale transaction. A continuing operations tax impact of \$12.3 million from the repatriation was recorded during fiscal 2016. During fiscal 2017, we recorded a \$2.4 million tax benefit related to a change in estimate of the tax impact of the cash repatriation. See Note 11 to the Consolidated Financial Statements for additional information.

Results of Operations

The following table summarizes our results from continuing operations as a percent of sales from continuing operations:

	Fiscal Year Ended		
	April 29, 2017	April 30, 2016	April 25, 2015
Net sales	100.0 %	100.0 %	100.0 %
Cost of sales	76.7	75.4	72.9
Gross profit	23.3	24.6	27.1
Operating expenses	18.2	18.1	19.3
Operating income from continuing operations	5.1	6.5	7.8
Other income (expense)	(0.6)	(0.9)	(0.8)
Income from continuing operations before taxes	4.5	5.6	7.0
Income tax expense	1.4	2.2	2.4
Net income from continuing operations	3.1 %	3.4 %	4.6 %

Fiscal 2017 Compared to Fiscal 2016

Continuing Operations

Net Sales. Consolidated net sales in fiscal 2017 were \$5,593.1 million, an increase of 3.8% from \$5,386.7 million in fiscal 2016. The inclusion of Animal Health International, Inc. results for approximately six additional weeks in fiscal 2017 had a 3.6% favorable impact on sales, foreign exchange rate changes had an estimated 1.7% unfavorable impact on fiscal 2017 sales, and one less week of results in fiscal 2017 had a 1.0% unfavorable impact on sales, resulting in internal growth of 2.9%.

Dental segment sales decreased 3.5% to \$2,390.2 million in fiscal 2017 from \$2,476.2 million in fiscal 2016. One less week of results in the current period had an estimated 1.1% unfavorable impact on sales. Adjusting for this difference in number of weeks, sales decreased 2.4%. Sales of consumables decreased 4.1%, primarily due to having one less week of results in the current period and to a sales force realignment in the first quarter of fiscal 2017. Dental equipment and software sales decreased 3.2%, primarily due to a decrease in sales of digital products, partially offset by increased sales of core equipment. Other dental sales, consisting primarily of technical service parts and labor, software support services and artificial teeth, decreased 1.0% in fiscal 2017.

Animal Health segment sales grew 10.4% to \$3,159.8 million in fiscal 2017 from \$2,862.2 million in fiscal 2016.

Incremental sales attributed to the acquisition of Animal Health International, Inc. contributed 6.8% to this sales growth, foreign exchange rate changes had an unfavorable impact of 3.1% on fiscal 2017 sales, and one less week of results in fiscal 2017 had a 1.0% unfavorable impact on sales, resulting in internal growth of 7.7%. In addition, due to changes in certain vendor relationships, sales of certain products previously recognized on an agency basis were recognized on a buy/sell basis during fiscal 2017, resulting in a 2.5% favorable impact to sales.

[Table of Contents](#)

Gross Profit. Consolidated gross profit margin decreased 130 basis points from the prior year to 23.3%. The decrease in the gross profit margin rate was predominantly the result of the inclusion of sales and cost of sales from Animal Health International, Inc. in our results for a full year in fiscal 2017, as that business traditionally has lower gross margins than our historical businesses. In addition, the Animal Health segment gross margin rate declined when compared to the prior year, primarily as a result of pricing pressure from branded pharmaceutical manufacturers, execution challenges associated with integration activities in our Animal Health segment and unfavorable product mix.

Operating Expenses. Consolidated operating expenses for fiscal 2017 were \$1,013.5 million, a 3.9% increase from the prior year of \$975.0 million. The increase was predominantly the result of the \$36.3 million intangible asset impairment charge recognized in fiscal 2017 in our Dental segment, increased expenses related to our ERP system initiatives and the inclusion of Animal Health International, Inc. results for a full year in fiscal 2017, partially offset by reduced transaction costs related to the acquisition of Animal Health International, Inc., synergy capture in our Animal Health segment and cost containment efforts. The consolidated operating expense ratio of 18.2% decreased 10 basis points from the prior year due to these same factors.

Operating Income from Continuing Operations. Operating income from continuing operations was \$287.9 million, or 5.1% of net sales, in fiscal 2017, compared to \$347.7 million, or 6.5% of sales, in fiscal 2016. The decrease in operating income from continuing operations and operating income as a percent of sales were driven primarily by the impairment charge and increased expenses related to our ERP system initiative. The decrease in operating income as a percent of sales was mainly due to these same factors.

Dental segment operating income was \$263.7 million for fiscal 2017, a decrease of \$48.5 million from the prior year period. The decrease was driven primarily by the impairment charge, increased expenses related to our ERP system initiatives and lower sales volumes.

Animal Health segment operating income was \$88.1 million for fiscal 2017, a decrease of \$6.2 million from the prior year period. The decrease was primarily driven by lower gross margins, which decreased as a result of pricing pressure from branded pharmaceutical manufacturers, execution challenges associated with integration activities, unfavorable product mix and increased expenses related to our ERP system initiatives. Synergy capture, cost containment efforts and lower bad debt expense in fiscal 2017 partially offset these factors.

Corporate segment operating loss was \$63.9 million for fiscal 2017, as compared to a loss of \$58.8 million from the prior year period. The change was driven primarily by lower net sales related to our customer financing contracts and increased legal expenses, partially offset by reduced transaction costs related to the acquisition of Animal Health International, Inc.

Other Income (Expense), Net. Net other expense was \$37.0 million in fiscal 2017, compared to \$46.0 million in fiscal 2016. The decrease was mainly due to \$5.2 million of accelerated debt issuance cost amortization incurred in fiscal 2016.

Income Tax Expense. The effective income tax rate was 30.7% in fiscal 2017 and 38.5% in fiscal 2016. The decrease in the rate was primarily due to the prior year impact of cash repatriation and transaction-related costs incurred in the acquisition of Animal Health International, Inc. In addition, the current year rate included excess tax benefits from the adoption of ASU No. 2016-09. See Note 1 to the Consolidated Financial Statements for additional information on this adoption.

Net Income and Earnings Per Share from Continuing Operations. Net income from continuing operations decreased 6.4% to \$173.8 million in fiscal 2017, compared to \$185.7 million in the prior year. Earnings per diluted share from continuing operations were \$1.82 in fiscal 2017, compared to \$1.90 in the prior year. Weighted average diluted shares in fiscal 2017 were 95,567,000, compared to 97,902,000 in the prior year. The fiscal 2017 cash dividend was \$0.98 per common share, compared to \$0.90 in the prior year.

Discontinued Operations

Net loss from discontinued operations was \$2.9 million in fiscal 2017, compared to net income from discontinued operations of \$1.5 million in fiscal 2016. The net loss incurred during fiscal 2017 was due to a change in estimate of the

tax impact of the sale of Patterson Medical.

[Table of Contents](#)**Fiscal 2016 Compared to Fiscal 2015****Continuing Operations**

Net Sales. Consolidated net sales in fiscal 2016 were \$5,386.7 million, an increase of 37.7% from \$3,910.9 million in fiscal 2015. The growth in sales includes a 35.7% contribution from acquisitions and a 1.8% unfavorable impact of changes in foreign currency exchange rates.

Dental segment sales rose 2.5% to \$2,476.2 million in fiscal 2016 from \$2,415.0 million in fiscal 2015. The growth included a 1.3% unfavorable impact from changes in foreign currency exchange rates. Consumable sales increased 4.5%. Dental equipment and software sales decreased 1.4%, driven by a 1.3% unfavorable impact from changes in foreign currency exchange rates. Other dental sales, consisting primarily of technical service parts and labor, software support services and artificial teeth, increased 4.7% in fiscal 2016.

Animal Health segment sales grew 96.5% to \$2,862.2 million in fiscal 2016 from \$1,456.6 million in fiscal 2015. Our acquisition of Animal Health International, Inc. in fiscal 2016 drove most of the increase in sales, contributing \$1,396.1 million in sales in fiscal 2016. Consumables increased 101.4%, driven almost entirely by sales from Animal Health International, Inc. Equipment and software sales increased 7.2%, and other sales increased 17.3%, with both increases driven by organic growth and partially offset by unfavorable impacts from changes in foreign currency exchange rates.

Gross Profit. Consolidated gross profit margin for fiscal 2016 decreased 250 basis points from the prior year to 24.6%. The decrease in gross profit margin was predominantly the result of the inclusion of sales and cost of sales from Animal Health International, Inc. in our results, as that business traditionally has lower gross margins than our historical businesses.

Operating Expenses. Consolidated operating expenses for fiscal 2016 were \$975.0 million, a 29.0% increase from the prior year of \$756.0 million. Operating expenses mainly increased due to the acquisition of Animal Health International, Inc. and transaction-related costs. The consolidated operating expense ratio of 18.1% decreased 120 basis points from the prior year, primarily due to the acquisition of Animal Health International, Inc., which has a lower operating expense ratio than our other business.

Operating Income from Continuing Operations. Operating income from continuing operations was \$347.7 million, or 6.5% of net sales, in fiscal 2016, compared to \$304.6 million, or 7.8% of sales, in fiscal 2015. The decrease in operating income as a percent of net sales was mainly due to the inclusion of results of Animal Health International, Inc. and transaction-related costs.

Dental segment operating income was \$312.2 million for fiscal 2016, an increase of \$11.8 million from the prior year period. The increase was driven primarily by higher sales volumes.

Animal Health segment operating income was \$94.3 million for fiscal 2016, an increase of \$37.6 million from the prior year period. The increase was primarily driven by the inclusion of results of Animal Health International, Inc., which contributed \$37.2 million of operating income in fiscal 2016.

Corporate segment operating loss was \$58.8 million for fiscal 2016, as compared to a loss of \$52.4 million from the prior year period. The change was driven primarily by transaction costs incurred in fiscal 2016.

Other Income (Expense), Net. Net other expense was \$46.0 million in fiscal 2016, compared to \$30.3 million in fiscal 2015. The increase was mainly due to increased interest expense related to the credit agreement entered into in connection with the acquisition of Animal Health International, Inc., including \$5.2 million of accelerated debt issuance cost amortization incurred in fiscal 2016 as a result of early repayment of debt.

Income Tax Expense. The effective income tax rate was 38.5% in fiscal 2016 and 34.4% in fiscal 2015. The increase in the rate was primarily due to the fiscal 2016 impact of cash repatriation and transaction-related costs incurred related to the acquisition of Animal Health International, Inc.

Net Income and Earnings Per Share from Continuing Operations. Net income from continuing operations increased 3.1% to \$185.7 million in fiscal 2016, compared to \$180.1 million in the prior year. Earnings per diluted share from continuing operations were \$1.90 in fiscal 2016 compared to \$1.81 in the prior year. Weighted average diluted

[Table of Contents](#)

shares in fiscal 2016 were 97,902,000 compared to 99,694,000 in the prior year. The fiscal 2016 cash dividend was \$0.90 per common share compared to \$0.82 in the prior year.

Discontinued Operations

Net income from discontinued operations was \$1.5 million in fiscal 2016, compared to \$43.2 million in fiscal 2015. The decrease was primarily due to there being twelve months of operations in the prior year as compared to less than four months of operations in fiscal 2016, as well as by transaction-related costs related to the sale of Patterson Medical, which reduced income before taxes from discontinued operations by \$10.5 million in fiscal 2016 as compared to fiscal 2015.

Liquidity and Capital Resources

Patterson's operating cash flow has been our principal source of liquidity in the last three fiscal years. During each of these fiscal years, we used our revolving credit facility as a source of liquidity in addition to operating cash flow. Net cash provided by operating activities was \$162.7 million in fiscal 2017, compared to \$156.3 million in fiscal 2016 and \$262.7 million in fiscal 2015. Our cash flows from operating activities are primarily driven by net income from continuing operations, partially offset by uses of cash within discontinued operations of \$2.9 million in fiscal 2017 and \$38.5 million in fiscal 2016. In fiscal 2015, net cash provided by operating activities from discontinued operations was \$57.6 million.

Net cash flows provided by investing activities were \$1.2 million in fiscal 2017, compared to net cash flows used in investing activities of \$400.6 million and \$9.6 million in fiscal 2016 and 2015, respectively. Capital expenditures were \$47.0 million, \$79.4 million and \$60.7 million in fiscal years 2017, 2016 and 2015, respectively. Significant expenditures in each year included investments in our ERP system initiatives. We expect to use a total of approximately \$50 million for capital expenditures in fiscal 2018. Fiscal 2016 included the purchase of Animal Health International, Inc. for \$1,106.6 million, which was partially offset by the receipt of net cash proceeds of \$714.4 million from completion of the sale of Patterson Medical. Fiscal years 2016 and 2015 included the sale of securities of \$48.7 million and \$40.8 million, respectively.

During fiscal 2016, we entered into a credit agreement (the "Credit Agreement"), under which the lenders provided us with senior unsecured lending facilities of up to \$1.5 billion, consisting of a \$1.0 billion unsecured term loan and a \$500 million unsecured revolving line of credit. The Credit Agreement was due to expire in fiscal 2021.

During fiscal 2017, we entered into an amendment of the Credit Agreement (the "Amended Credit Agreement"), consisting of a \$295.1 million term loan and a \$750 million revolving line of credit. Interest on borrowings is variable and is determined as a base rate plus a spread. This spread, as well as a commitment fee on the unused portion of the facility, is based on our leverage ratio, as defined in the Amended Credit Agreement. The term loan and revolving credit facilities will mature no later than January 2022. As of April 29, 2017, \$291.4 million of the Amended Credit Agreement unsecured term loan was outstanding at an interest rate of 2.24%, and \$59.0 million was outstanding under the Amended Credit Agreement revolving line of credit at an interest rate of 2.19%. At April 30, 2016, \$317.6 million was outstanding under the Credit Agreement unsecured term loan at an interest rate of 1.81%, and \$20.0 million was outstanding under the Credit Agreement revolving line of credit at an interest rate of 3.88%.

In fiscal 2015, we entered into a Note Purchase Agreement, under which we issued fixed rate Senior Notes in an aggregate principal amount of \$250.0 million at an interest rate of 3.48% per annum, due March 2025. The proceeds were used to repay \$250.0 million of Senior Notes that came due in March 2015. Also in fiscal 2015, a cash payment of \$29.0 million was made to settle an interest rate swap. We originally entered into this swap in January 2014 to hedge interest rate fluctuations in anticipation of refinancing the Senior Notes that came due on in March 2015.

Total dividends paid in fiscal years 2017, 2016 and 2015 were \$95.9 million, \$90.6 million and \$81.8 million, respectively. We expect to continue to pay a quarterly cash dividend for the foreseeable future. In fiscal 2017, we repurchased 2.9 million shares of common stock for \$125.4 million. In fiscal 2016, we repurchased 4.4 million shares of common stock for \$200.0 million. In fiscal 2015, we repurchased 1.2 million shares of common stock for \$47.5 million. Under a share repurchase plan authorized by the Board of Directors in March 2013, Patterson may repurchase up to 25.0 million shares of its common stock. This authorization remains in effect through March 19, 2018. As of April 29, 2017, approximately 13.6 million shares remain available under the current repurchase authorization.

[Table of Contents](#)

We have \$95.0 million in cash and cash equivalents as of April 29, 2017, of which \$49.8 million is in foreign bank accounts. See Note 11 to the Consolidated Financial Statements for further information regarding our intention to permanently reinvest these funds. Included in cash and cash equivalents as of April 29, 2017 is \$17.9 million of cash collected from previously sold customer financing arrangements that have not yet been settled with the third party. See Note 7 to the Consolidated Financial Statements for further information. We expect funds generated from operations, existing cash balances and credit availability under existing debt facilities will be sufficient to meet our working capital needs and to finance anticipated expansion plans and strategic initiatives over the next fiscal year.

We expect to continue to obtain liquidity from the sale of equipment finance contracts. Patterson sells a significant portion of our finance contracts (see below) to a commercial paper funded conduit managed by a third party bank, and as a result, commercial paper is indirectly an important source of liquidity for Patterson. Patterson is allowed to participate in the conduit due to the quality of our finance contracts and our financial strength. Cash flows could be impaired if our financial strength diminishes to a level that precluded us from taking part in this facility or other similar facilities. Also, market conditions outside of our control could adversely affect the ability for us to sell the contracts.

Customer Financing Arrangements

As a convenience to our customers, we offer several different financing alternatives, including a third party program and a Patterson-sponsored program. For the third party program, we act as a facilitator between the customer and the third party financing entity with no on-going involvement in the financing transaction. Under our sponsored program, equipment purchased by customers with strong credit may be financed up to a maximum of \$1 million. We generally sell our customers' financing contracts to outside financial institutions in the normal course of our business. We currently have two arrangements under which we sell these contracts.

First, we operate under an agreement to sell a portion of our equipment finance contracts to commercial paper conduits with The Bank of Tokyo-Mitsubishi UFJ, Ltd. ("BTMU") serving as the agent. We utilize PDC Funding, a consolidated, wholly owned subsidiary, to fulfill a requirement of participating in the commercial paper conduit. We receive the proceeds of the contracts upon sale to BTMU. The capacity under the agreement with BTMU at April 29, 2017 was \$575 million.

Second, we also maintain an agreement with Fifth Third Bank ("Fifth Third") whereby the bank purchases customers' financing contracts. PDC Funding II, a consolidated, wholly owned subsidiary, sells financing contracts to Fifth Third. We receive the proceeds of the contracts upon sale to Fifth Third. The capacity under the agreement with Fifth Third at April 29, 2017 was \$100 million.

Our financing business is described in further detail in Note 7 to the Consolidated Financial Statements.

Contractual Obligations

A summary of our contractual obligations as of April 29, 2017 follows (in thousands):

	Payments due by year				
	Total	Less than 1 year ⁽¹⁾	1-3 years	3-5 years	More than 5 years
Long-term debt principal	\$ 1,016,387	\$ 164,754	\$ 100,573	\$ 401,060	\$ 350,000
Long-term debt interest	164,891	35,241	50,353	45,717	33,580
Operating leases	71,028	22,690	27,682	14,841	5,815
Total	<u>\$ 1,252,306</u>	<u>\$ 222,685</u>	<u>\$ 178,608</u>	<u>\$ 461,618</u>	<u>\$ 389,395</u>

(1) Includes \$150,000 classified as long-term debt on the consolidated balance sheet as we have both the intent and ability to refinance at the time the debt is set to mature in March 2018.

As of April 29, 2017 our gross liability for uncertain tax positions, including interest and penalties, was \$15.4 million. We are not able to reasonably estimate the amount by which the liability will increase or decrease over an extended period of time or whether a cash settlement of the liability will be required. Therefore, these amounts have been excluded from the schedule of contractual obligations.

For a more complete description of our contractual obligations, see Notes 6 and 10 to the Consolidated Financial Statements.

[Table of Contents](#)

Outlook

We believe certain strategic decisions made will have an effect on our future results of operations. In the near term, we believe that our decision to not extend our exclusive relationship with Sirona for its full portfolio of products and a realignment of our sales force will have a negative effect on sales. In addition, we expect to incur increased operating expenses associated with our ERP system initiatives. While these strategic decisions are expected to impact our near-term performance, we believe that we are making the right strategic moves to facilitate growth in our two key operating businesses.

Asset Management

The following table summarizes our accounts receivable days sales outstanding (“DSO”) and average annual inventory turnover for the past three fiscal years:

	Fiscal Year Ended		
	April 29, 2017	April 30, 2016	April 25, 2015
DSO ⁽¹⁾	55	49	48
Inventory turnover	6.0	7.1	6.2

(1) Calculation includes approximately \$50 million, \$18 million and \$12 million as of April 29, 2017, April 30, 2016 and April 25, 2015, respectively, of receivables from finance contracts received from customers related to certain financing promotions.

Foreign Operations

We derive foreign sales from Dental operations in Canada, and Animal Health operations in Canada and the U.K. Fluctuations in currency exchange rates have not significantly impacted earnings, as these fluctuations impact sales, cost of sales and operating expenses. However, changes in exchange rates adversely affected net sales by \$89.9 million, \$69.4 million, and \$37.1 million in fiscal years 2017, 2016 and 2015, respectively. Changes in currency exchange rates are a risk accompanying foreign operations, but this risk is not considered material with respect to our consolidated operations.

Critical Accounting Policies and Estimates

Patterson has adopted various accounting policies to prepare our consolidated financial statements in accordance with accounting principles generally accepted in the U.S. Management believes that our policies are conservative and our philosophy is to adopt accounting policies that minimize the risk of adverse events having a material impact on recorded assets and liabilities. However, the preparation of financial statements requires the use of estimates and judgments regarding the realization of assets and the settlement of liabilities based on the information available to management at the time. Changes subsequent to the preparation of the financial statements in economic, technological and competitive conditions may materially impact the recorded values of Patterson’s assets and liabilities. Therefore, the users of the financial statements should read all the notes to the Consolidated Financial Statements and be aware that conditions currently unknown to management may develop in the future. This may require a material adjustment to a recorded asset or liability to consistently apply to our significant accounting principles and policies that are discussed in Note 1 to the Consolidated Financial Statements. The financial performance and condition of Patterson may also be materially impacted by transactions and events that we have not previously experienced and for which we have not been required to establish an accounting policy or adopt a generally accepted accounting principle.

Revenue Recognition – Revenues are generated from the sale of consumable products, equipment, software products and services, technical service parts and labor, freight and delivery charges, and other sources. Revenues are recognized when persuasive evidence of an arrangement exists, delivery has occurred or services have been rendered, the price is fixed or determinable, and there is reasonable assurance of collection of the sale. Estimates for returns, damaged goods, rebates, loyalty programs and other revenue allowances are made at the time the revenue is recognized based on the historical experience for such items. In addition to revenues generated from the distribution of

consumable products under conventional arrangements (buy/sell agreements) where the full market value of the product is recorded as revenue, the animal health segment may earn a small amount of commission income for services provided under agency agreements with certain pharmaceutical manufacturers. The services generally consist of

[Table of Contents](#)

detailing the product and taking the customer's order. The agency agreement contrasts to a buy/sell agreement in that the animal health segment does not purchase and handle the product or bill and collect from the customer in an agency relationship with a vendor.

Consumable product sales are recorded upon delivery, except in those circumstances where terms of the sale are FOB shipping point, in which case sales are recorded upon shipment. Commissions under agency agreements are recorded when the services are provided.

Equipment and software product revenues are recognized upon delivery and, if necessary, installation. In those circumstances where terms of the sale are FOB shipping point, revenues are recognized when products are transferred to the shipping carrier. Revenue derived from post contract customer support for software is deferred and recognized ratably over the period in which the support is provided. Patterson provides financing for select equipment and software sales. Revenue is recorded at the present value of the finance contract, with discount, if any, and interest income recognized over the life of the finance contract as other income, net in our consolidated statement of income. See Note 7 to the Consolidated Financial Statements for more information regarding customer financing.

Other revenue, including freight and delivery charges and technical service parts and labor, is recognized when the related product revenue is recognized or when the product or services are provided to the customer.

The receivables that result from the recognition of revenue are reported net of the related allowances discussed above. Patterson maintains a valuation allowance based upon the expected collectability of receivables held. Estimates are used to determine the valuation allowance and are based on several factors, including historical collection data, economic trends and credit worthiness of customers. Receivables are written off when we determine the amounts to be uncollectible, typically upon customer bankruptcy or non-response to continuous collection efforts. The portions of receivable amounts that are not expected to be collected during the next twelve months are classified as long-term.

Patterson has a relatively large, dispersed customer base and no single customer accounts for more than 1% of consolidated net sales. In addition, the equipment sold to customers under finance contracts generally serves as collateral for the contract and the customer provides a personal guarantee as well.

Patterson Advantage Loyalty Program – Patterson Dental provides a point-based awards program to qualifying customers involving the issuance of "Patterson Advantage dollars" which can be used toward equipment and technology purchases. The program was initiated in January 2009 and runs on a calendar year schedule. Patterson Advantage dollars earned during a program year expire one year after the end of the program year. The cost and corresponding liability associated with the program is recognized as contra-revenue in accordance with ASC Topic 605-50, "Revenue Recognition-Customer Payments and Incentives." As of April 29, 2017, we believe we have sufficient experience with the program to reasonably estimate the amount of Patterson Advantage dollars that will not be redeemed and thus have recorded a liability for 87% of the maximum potential amount that could be redeemed. We use the redemption recognition method, and we recognize the estimated value of unused Patterson Advantage dollars as redemptions occur. Breakage recognized was immaterial to all periods presented.

Inventory and Reserves – Inventory consists primarily of merchandise held for sale and is stated at the lower of cost or market. Cost is determined using the last-in, first-out ("LIFO") method for all inventories, except for foreign inventories and manufactured inventories, which are valued using the first-in, first-out ("FIFO") method. We continually assess the valuation of inventories and reduce the carrying value of those inventories that are obsolete or in excess of forecasted usage to estimated realizable value. Estimates are made of the net realizable value of such inventories based on analyses and assumptions including, but not limited to, historical usage, future demand and market requirements.

Goodwill and Other Indefinite-Lived Intangible Assets – Goodwill represents the excess of cost over the fair value of identifiable net assets of businesses acquired. We have two reporting units as of April 29, 2017; dental and animal health. Our Corporate reportable segment's assets and liabilities, and net sales and expenses, are allocated to the two reporting units. Other indefinite-lived intangible assets include copyrights, trade names and trademarks.

We evaluate goodwill at least annually. If we determine that the fair value of the reporting unit may be less than its carrying amount, we evaluate goodwill using a two-step impairment test. Otherwise, we conclude that no impairment is indicated and we do not perform the two-step impairment test. In fiscal 2017, we determined it was appropriate to perform a two-step impairment test.

The first step of the goodwill impairment test compares the book value of a reporting unit, including goodwill, with its fair value, as determined by its discounted cash flows. If the book value of a reporting unit exceeds its fair value,

[Table of Contents](#)

the second step of the impairment test is performed to determine the amount of goodwill impairment loss to be recorded. The determination of fair value involves uncertainties because it requires management to make assumptions and to apply judgment to estimate industry and economic factors and the profitability of future business strategies. Patterson conducts impairment testing based on current business strategy in light of present industry and economic conditions, as well as future expectations. Additionally, in assessing goodwill for impairment, the reasonableness of the implied control premium is considered based on market capitalizations and recent market transactions.

Other indefinite-lived intangible assets are assessed for impairment by comparing the carrying value of an asset with its fair value. If the carrying value exceeds fair value, an impairment loss is recognized in an amount equal to the excess. The determination of fair value involves assumptions, including projected revenues and gross profit levels, as well as consideration of any factors that may indicate potential impairment.

In the fourth quarter of fiscal 2017, management completed its annual goodwill and other indefinite-lived intangible asset impairment tests and determined there was no impairment, and that our dental reporting unit was not at risk of failing step 1. The animal health reporting unit has a higher level of sensitivity to impairment as management currently assesses the various estimates and assumptions used to conduct these tests. Adverse changes to one or more of these estimates or assumptions could cause us to recognize a material impairment charge on this reporting unit. At April 29, 2017, the estimated fair value of the animal health reporting unit exceeded its book value by approximately 11%.

Long-Lived Assets – Long-lived assets, including definite-lived intangible assets, are evaluated for impairment whenever events or changes in circumstances indicate that the carrying amount of the assets may not be recoverable through the estimated undiscounted future cash flows derived from such assets. Our definite-lived intangible assets primarily consist of customer lists. When impairment exists, the related assets are written down to fair value using level 3 inputs, as discussed further in Note 9 to the Consolidated Financial Statements. In fiscal 2017, we recorded a non-cash impairment charge of \$36.3 million related to a distribution agreement intangible asset. Refer to Note 3 to the Consolidated Financial Statements for more information.

Income Taxes – We are subject to income taxes in both the U.S. and numerous foreign jurisdictions. Significant judgments are required in determining the consolidated provision for income taxes.

During the ordinary course of business, there are many transactions and calculations for which the ultimate tax determination is uncertain. As a result, we recognize tax liabilities based on estimates of whether additional taxes and interest will be due. These tax liabilities are recognized when, despite our belief that our tax return position is supportable, we believe that certain positions may not be fully sustained upon review by tax authorities. We believe that our accruals for tax liabilities are adequate for all open audit years based on our assessment of many factors including past experience and interpretations of tax law. This assessment relies on estimates and assumptions and may involve a series of complex judgments about future events. To the extent that the final tax outcome of these matters is different than the amounts recorded, such differences will impact income tax expense in the period in which such determination is made and could materially affect our financial results.

Valuation allowances are established for deferred tax assets if, after assessment of available positive and negative evidence, it is more likely than not that the deferred tax asset will not be fully realized. The valuation allowance reflected in the footnote disclosure relates primarily to foreign tax credit carryovers generated in fiscal 2016.

Self-insurance – Patterson is self-insured for certain losses related to general liability, product liability, automobile, workers' compensation and medical claims. We estimate our liabilities based upon an analysis of historical data and actuarial estimates. While current estimates are believed reasonable based on information currently available, actual results could differ and affect financial results due to changes in the amount or frequency of claims, medical cost inflation or other factors. Historically, actual results related to these types of claims have not varied significantly from estimated amounts.

Stock-based Compensation – We recognize stock-based compensation based on certain assumptions including inputs within valuation models, estimated forfeitures and estimated performance outcomes. These assumptions require subjective judgment and changes in the assumptions can materially affect fair value estimates. Management assesses the assumptions and methodologies used to estimate forfeitures and to calculate estimated fair value of stock-based compensation on a regular basis. Circumstances may change, and additional data may become available over time, which could result in changes to these assumptions and methodologies and thereby materially impact the fair value determination or estimates of forfeitures. If factors change and we employ different assumptions, the amount of

compensation expense associated with stock-based compensation may differ significantly from what was recorded in the current period.

[Table of Contents](#)**Item 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK****Market Risk**

We are exposed to market risk consisting of foreign currency rate fluctuations and changes in interest rates.

We are exposed to foreign currency exchange rate fluctuations in our operating statement due to transactions denominated primarily in Canadian Dollars and British Pounds. Although we are not currently involved with foreign currency hedge contracts, we continually evaluate our foreign currency exchange rate risk and the different mechanisms for use in managing such risk. A hypothetical 10% change in the value of the U.S. dollar in relation to our most significant foreign currency exposures would have changed net sales by approximately \$79 million for the fiscal year ended April 29, 2017. This amount is not indicative of the hypothetical net earnings impact due to the partially offsetting impact of the currency exchange movements on cost of sales and operating expenses. We estimate that if foreign currency exchange rates changed by 10%, the impact would have been approximately \$3 million to earnings before income taxes for the fiscal year ended April 29, 2017.

During fiscal 2016, we entered into the Credit Agreement under which the lenders provided us with senior unsecured lending facilities of up to \$1.5 billion, consisting of a \$1.0 billion unsecured term loan and a \$500 million unsecured revolving line of credit, which was due to expire in fiscal 2021. In the third quarter of fiscal 2017, we entered into an amendment of the Credit Agreement (the "Amended Credit Agreement"), consisting of a \$295.1 million term loan and a \$750 million revolving line of credit. Interest on borrowings under the Amended Credit Agreement is variable. Due to the interest rate being variable, fluctuations in interest rates may impact our earnings. Based on our current level of debt, we estimate that a 100 basis point change in interest rates would have a \$3.5 million annual impact on our net income from continuing operations before taxes.

Our earnings are also affected by fluctuations in short-term interest rates through the investment of cash balances and the practice of selling fixed rate equipment finance contracts under agreements with both a commercial paper conduit and a bank that provide for pricing based on variable interest rates.

When considering the exposure under the agreements whereby we sell equipment finance contracts to both a commercial paper conduit and bank, we have the ability to select pricing based on interest rates ranging from 30 day LIBOR up to twelve month LIBOR. In addition, the majority of the portfolio of installment contracts generally turns over in less than 48 months, and we can adjust the rate we charge on new customer contracts at any time. Therefore, in times where the interest rate markets are not rapidly increasing or decreasing, the average interest rate in the portfolio generally moves with the interest rate markets and thus would parallel the underlying interest rate movement of the pricing built into the sale agreements. In calculating the gain on the contract sales, we use an interest rate curve that approximates the maturity period of the then-outstanding contracts. If increases in the interest rate markets occur, the average interest rate in our contract portfolio may not increase at the same rate, resulting in a reduction of gain on the contracts sales as compared to the gain that would be realized if the average interest rate in our portfolio were to increase at a more similar rate to the interest rate markets. We estimate that a 10% change in interest rates would have an approximate \$1 million annual impact on our net income from continuing operations before taxes.

Item 8. FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Board of Directors and Shareholders
Patterson Companies, Inc.

We have audited Patterson Companies, Inc.'s internal control over financial reporting as of April 29, 2017, based on criteria established in Internal Control - Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (2013 framework) (the COSO criteria). Patterson Companies, Inc.'s management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting included in the accompanying Management's Annual Report on Internal Control Over Financial Reporting appearing in Item 9A, Controls and Procedures, of this Annual report on Form 10-K. Our responsibility is to express an opinion on the company's internal control over financial reporting based on our audit.

[Table of Contents](#)

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on the assessed risk, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, Patterson Companies, Inc. maintained, in all material respects, effective internal control over financial reporting as of April 29, 2017, based on the COSO criteria.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheets of Patterson Companies, Inc. as of April 29, 2017 and April 30, 2016, and the related consolidated statements of income and other comprehensive income, changes in stockholders' equity, and cash flows for each of the three years in the period ended April 29, 2017, and our report dated June 28, 2017 expressed an unqualified opinion thereon.

/s/ Ernst & Young LLP

Minneapolis, Minnesota
June 28, 2017

[Table of Contents](#)**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Board of Directors and Shareholders
Patterson Companies, Inc.

We have audited the accompanying consolidated balance sheets of Patterson Companies, Inc. as of April 29, 2017 and April 30, 2016, and the related consolidated statements of income and other comprehensive income, changes in stockholders' equity, and cash flows for each of the three years in the period ended April 29, 2017. Our audits also included the financial statement schedule listed in the Index at Item 15(a)(2). These financial statements and schedule are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements and schedule based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of Patterson Companies, Inc. at April 29, 2017 and April 30, 2016, and the consolidated results of its operations and its cash flows for each of the three years in the period ended April 29, 2017, in conformity with U.S. generally accepted accounting principles. Also, in our opinion, the related financial statement schedule, when considered in relation to the basic financial statements taken as a whole, presents fairly in all material respects the information set forth therein.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), Patterson Companies, Inc.'s internal control over financial reporting as of April 29, 2017, based on criteria established in Internal Control-Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (2013 framework), and our report dated June 28, 2017 expressed an unqualified opinion thereon.

[Table of Contents](#)**PATTERSON COMPANIES, INC.**
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**April 29, 2017***(Dollars, except per share amounts, and shares in thousands)***1. Summary of Significant Accounting Policies***Description of Business*

Patterson Companies, Inc. (referred to herein as "Patterson" or in the first person notations "we," "our," and "us") is a value-added specialty distributor serving the U.S. and Canadian dental supply and the U.S., Canadian and U.K. animal health supply markets. Patterson has three reportable segments: Dental, Animal Health and Corporate.

Basis of Presentation

The consolidated financial statements include the accounts of our wholly owned subsidiaries. Intercompany transactions and balances have been eliminated in consolidation. The respective assets of PDC Funding Company, LLC and PDC Funding Company II, LLC would be available first and foremost to satisfy the claims of their respective creditors. There are no known creditors of PDC Funding Company, LLC or PDC Funding Company II, LLC.

Fiscal Year End

We operate with a 52-53 week accounting convention with our fiscal year ending on the last Saturday in April. Fiscal years 2017, 2016 and 2015 ended on April 29, 2017, April 30, 2016 and April 25, 2015, respectively. Fiscal years 2017 and 2015 consisted of 52 weeks, while fiscal year 2016 consisted of 53 weeks. Fiscal year 2018 will end on April 28, 2018 and will consist of 52 weeks.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Reclassifications

None.

Cash and Cash Equivalents

Cash equivalents consist primarily of investments in money market funds and government securities. The maturity of these securities at the time of purchase is 90 days or less. All cash and cash equivalents are classified as available-for-sale and carried at fair value, which approximates cost.

Inventory

Inventory consists of merchandise held for sale and is stated at the lower of cost or market. Cost is determined using the last-in, first-out ("LIFO") method for all inventories, except for foreign inventories, which are valued using the first-in, first-out ("FIFO") method. Inventories valued at LIFO represented 84% and 84% of total inventories at April 29, 2017 and April 30, 2016, respectively.

The accumulated LIFO reserve was \$77,816 at April 29, 2017 and \$76,501 at April 30, 2016. We believe that inventory replacement cost exceeds the inventory balance by an amount approximating the LIFO reserve.

Property and Equipment

Property and equipment are stated at cost. Depreciation is calculated on the straight-line method over estimated useful lives of up to 39 years for buildings or the expected remaining life of purchased buildings, the term of the lease for leasehold improvements, 3 to 10 years for computer hardware and software, and 5 to 10 years for furniture and equipment.

[Table of Contents](#)*Goodwill and Other Indefinite-Lived Intangible Assets*

Goodwill represents the excess of cost over the fair value of identifiable net assets of businesses acquired. We have two reporting units as of April 29, 2017; dental and animal health. Our Corporate reportable segment's assets and liabilities, and net sales and expenses, are allocated to the two reporting units. Other indefinite-lived intangible assets include copyrights, trade names and trademarks.

We evaluate goodwill at least annually. If we determine that the fair value of the reporting unit may be less than its carrying amount, we evaluate goodwill using a two-step impairment test. Otherwise, we conclude that no impairment is indicated and we do not perform the two-step impairment test. In fiscal 2017, we determined it was appropriate to perform a two-step impairment test.

The first step of the goodwill impairment test compares the book value of a reporting unit, including goodwill, with its fair value, as determined primarily by its discounted cash flows. If the book value of a reporting unit exceeds its fair value, the second step of the impairment test is performed to determine the amount of goodwill impairment loss to be recorded. The determination of fair value involves uncertainties because it requires management to make assumptions and to apply judgment to estimate industry and economic factors and the profitability of future business strategies. Patterson conducts impairment testing based on current business strategy in light of present industry and economic conditions, as well as future expectations. Additionally, in assessing goodwill for impairment, the reasonableness of the implied control premium is considered based on market capitalizations and recent market transactions.

Other indefinite-lived intangible assets are assessed for impairment by comparing the carrying value of an asset with its fair value. If the carrying value exceeds fair value, an impairment loss is recognized in an amount equal to the excess. The determination of fair value involves assumptions, including projected revenues and gross profit levels, as well as consideration of any factors that may indicate potential impairment.

In the fourth quarter of fiscal 2017, management completed its annual goodwill and other indefinite-lived intangible asset impairment tests and determined there was no impairment, and that our dental reporting unit was not at risk of failing step 1. The animal health reporting unit has a higher level of sensitivity to impairment as management currently assesses the various estimates and assumptions used to conduct these tests. Adverse changes to one or more of these estimates or assumptions could cause us to recognize a material impairment charge on this reporting unit. At April 29, 2017, the estimated fair value of the animal health reporting unit exceeded its book value by approximately 11%.

Long-Lived Assets

Long-lived assets, including definite-lived intangible assets, are evaluated for impairment whenever events or changes in circumstances indicate that the carrying amount of the assets may not be recoverable through the estimated undiscounted future cash flows derived from such assets. Our definite-lived intangible assets primarily consist of customer lists. When impairment exists, the related assets are written down to fair value using level 3 inputs, as discussed further in Note 9. In fiscal 2017, we recorded a non-cash impairment charge of \$36,312 related to a distribution agreement intangible asset. Refer to Note 3 for more information.

Financial Instruments

We account for derivative financial instruments under the provisions of Accounting Standards Codification ("ASC") Topic 815, "Derivatives and Hedging." Our use of derivative financial instruments is generally limited to managing well-defined interest rate risks. We do not use financial instruments or derivatives for any trading purposes.

Revenue Recognition

Revenues are generated from the sale of consumable products, equipment, software products and services, technical service parts and labor, freight and delivery charges, and other sources. Revenues are recognized when persuasive evidence of an arrangement exists, delivery has occurred or services have been rendered, the price is fixed or determinable, and there is reasonable assurance of collection of the sale. Estimates for returns, damaged goods, rebates, loyalty programs and other revenue allowances are made at the time the revenue is recognized based on the historical experience for such items. In addition to revenues generated from the distribution of consumable products under conventional arrangements (buy/sell agreements) where the full market value of the product is recorded as revenue, the animal health segment may earn a small amount of commission income for services provided under agency agreements with certain pharmaceutical manufacturers. The services generally consist of detailing the product

and taking the customer's order. The agency agreement contrasts to a buy/sell agreement in that the animal health

[Table of Contents](#)

segment does not purchase and handle the product or bill and collect from the customer in an agency relationship with a vendor.

Consumable product sales are recorded upon delivery, except in those circumstances where terms of the sale are FOB shipping point, in which case sales are recorded upon shipment. Commissions under agency agreements are recorded when the services are provided.

Equipment and software product revenues are recognized upon delivery and, if necessary, installation. In those circumstances where terms of the sale are FOB shipping point, revenues are recognized when products are transferred to the shipping carrier. Revenue derived from post contract customer support for software is deferred and recognized ratably over the period in which the support is provided. Patterson provides financing for select equipment and software sales. Revenue is recorded at the present value of the finance contract, with discount, if any, and interest income recognized over the life of the finance contract as other income, net in our consolidated statement of income. See Note 7 for more information regarding customer financing.

Other revenue, including freight and delivery charges and technical service parts and labor, is recognized when the related product revenue is recognized or when the product or services are provided to the customer.

The receivables that result from the recognition of revenue are reported net of the related allowances discussed above. Patterson maintains a valuation allowance based upon the expected collectability of receivables held. Estimates are used to determine the valuation allowance and are based on several factors, including historical collection data, economic trends and credit worthiness of customers. Receivables are written off when we determine the amounts to be uncollectible, typically upon customer bankruptcy or non-response to continuous collection efforts. The portions of receivable amounts that are not expected to be collected during the next twelve months are classified as long-term.

Patterson has a relatively large, dispersed customer base and no single customer accounts for more than 10% of consolidated net sales. In addition, the equipment sold to customers under finance contracts generally serves as collateral for the contract and the customer provides a personal guarantee as well.

Net sales do not include sales tax as we are considered a pass-through conduit for collecting and remitting sales tax.

Patterson Advantage Loyalty Program

The Dental segment provides a point-based awards program to qualifying customers involving the issuance of "Patterson Advantage dollars" which can be used toward equipment and technology purchases. The program was initiated on January 1, 2009 and runs on a calendar year schedule. Patterson Advantage dollars earned during a program year expire one year after the end of the program year. The cost and corresponding liability associated with the program are recognized as contra-revenue in accordance with ASC Topic 605-50, "Revenue Recognition-Customer Payments and Incentives." As of April 29, 2017, we believe we have sufficient experience with the program to reasonably estimate the amount of Patterson Advantage dollars that will not be redeemed and thus have recorded a liability for 87% of the maximum potential amount that could be redeemed. We use the redemption recognition method and we recognize the estimated value of unused Advantage dollars as a percentage of Patterson Advantage dollars earned. Breakage recognized was immaterial to all periods presented.

Freight and Delivery Charges

Freight and delivery charges are included in cost of sales in the consolidated statements of income.

Advertising

We expense all advertising and promotional costs as incurred, except for direct marketing expenses, which are expensed over the shorter of the life of the asset or one year. Total advertising and promotional expenses were \$10,128, \$12,113 and \$10,181 for fiscal years 2017, 2016 and 2015, respectively. There were no deferred direct-marketing expenses included in the consolidated balance sheets as of April 29, 2017 and April 30, 2016.

Income Taxes

The liability method is used to account for income tax expense. Under this method, deferred tax assets and liabilities are determined based on differences between financial reporting and tax bases of assets and liabilities and are measured using the enacted tax rates and laws that will be in effect when the differences are expected to reverse.

[Table of Contents](#)

Valuation allowances are established for deferred tax assets if, after assessment of available positive and negative evidence, it is more likely than not that the deferred tax asset will not be fully realized.

Employee Stock Ownership Plan ("ESOP")

Compensation expense related to our defined contribution ESOP is computed based on the shares allocated method.

Self-insurance

Patterson is self-insured for certain losses related to general liability, product liability, automobile, workers' compensation and medical claims. We estimate our liabilities based upon an analysis of historical data and actuarial estimates. While current estimates are believed reasonable based on information currently available, actual results could differ and affect financial results due to changes in the amount or frequency of claims, medical cost inflation or other factors. Historically, actual results related to these types of claims have not varied significantly from estimated amounts.

Stock-based Compensation

We recognize stock-based compensation expense based on estimated grant date fair values. The grant date fair value of stock options and stock purchases made through our Employee Stock Purchase Plan and our Capital Accumulation Plan are estimated using the Black-Scholes option pricing valuation model. The grant date fair value of performance stock units that vest upon meeting certain market conditions is estimated using the Monte Carlo valuation model. These valuations require estimates to be made including expected stock price volatility which considers historical volatility trends, implied future volatility based on certain traded options and other factors. We estimate the expected life of awards based on several factors, including types of participants, vesting schedules, contractual terms and various factors surrounding exercise behavior of different groups.

The grant date fair value of time-based restricted stock awards and restricted stock units is calculated based on the closing price of our common stock on the date of grant.

Compensation expense for all share-based payment awards is recognized over the requisite service period (or to the date a participant becomes eligible for retirement, if earlier) for awards that are expected to vest.

Comprehensive Income

Comprehensive income is computed as net income plus certain other items that are recorded directly to stockholders' equity. Significant items included in comprehensive income are foreign currency translation adjustments and the effective portion of cash flow hedges, net of tax. Foreign currency translation adjustments do not include a provision for income tax because earnings from foreign operations are considered to be indefinitely reinvested outside the U.S. The income tax expense (benefit) related to cash flow hedge losses was \$1,057, \$883 and \$(10,843) for the fiscal years ended April 29, 2017, April 30, 2016 and April 25, 2015, respectively.

Earnings Per Share

The amount of basic earnings per share is computed by dividing net income by the weighted average number of outstanding common shares during the period. The amount of diluted earnings per share is computed by dividing net income by the weighted average number of outstanding common shares and common share equivalents, when dilutive, during the period.

The following table sets forth the denominator for the computation of basic and diluted earnings per share. There were no material adjustments to the numerator.

[Table of Contents](#)

	Fiscal Year Ended		
	April 29, 2017	April 30, 2016	April 25, 2015
Denominator			
Denominator for basic earnings per share – weighted average shares	94,897	97,222	98,989
Effect of dilutive securities – stock options, restricted stock and stock purchase plans	670	680	705
Denominator for diluted earnings per share – adjusted weighted average shares	95,567	97,902	99,694

Potentially dilutive securities representing 1,133, 765 and 147 shares for fiscal years 2017, 2016 and 2015, respectively, were excluded from the calculation of diluted earnings per share because their effects were anti-dilutive.

Recent Accounting Pronouncements

In May 2014, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2014-09, "Revenue from Contracts with Customers (Topic 606)". ASU No. 2014-09 supersedes the revenue recognition requirements in "Revenue Recognition (Topic 605)," and requires entities to recognize revenue in a way that depicts the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. In July 2015, the FASB deferred the effective date of this pronouncement by one year to December 15, 2017 for annual reporting periods beginning after that date. Early adoption is permitted, but not before the original effective date, which for annual periods was December 15, 2016. Companies may use either a full retrospective or a modified retrospective approach to adopt the standard. We plan to adopt the new guidance in the first quarter of fiscal 2019 and are currently evaluating the standard, including the method we will use for adoption and the effect it will have on our financial statements. We do not expect the standard to materially affect our consolidated net earnings, financial position, or cash flows. We are currently evaluating the new standard as it relates to certain sales transactions in which products are shipped directly from the vendor to our customers. We currently report these sales on a gross basis, and are evaluating if we will be required to report these sales on a net basis. Such sales represented approximately 2% of consolidated net sales in fiscal 2017. Any change to net presentation would not impact gross margin or earnings.

In July 2015, the FASB issued ASU No. 2015-11, "Inventory (Topic 330), Simplifying the Measurement of Inventory." ASU 2015-11 requires inventory measured using any method other than LIFO or the retail inventory method to be subsequently measured at the lower of cost or net realizable value, rather than at the lower of cost or market. Subsequent measurement of inventory using the LIFO and retail inventory method is unchanged. We are required to adopt the new pronouncement in the first quarter of fiscal 2018, and plan to do so at that time. We are evaluating the effect of adopting this pronouncement, but do not, at this time, anticipate a material impact to our financial statements once implemented.

In January 2016, the FASB issued ASU No. 2016-01 "Financial Instruments- Recognition and Measurement of Financial Assets and Financial Liabilities (Subtopic 825-10)", which amends certain aspects of recognition, measurement, presentation and disclosure of financial instruments, including the requirement to measure certain equity investments at fair value with changes in fair value recognized in net income. We are required to adopt the ASU No. 2016-01 in the first quarter of fiscal 2019, and plan to do so at that time. Early adoption is permitted. We are evaluating the impact of adopting this pronouncement.

In February 2016, the FASB issued ASU No. 2016-02, "Leases (Topic 842)," which requires lessees to recognize assets and liabilities on the balance sheet for the rights and obligations created by most leases, as well as requires additional qualitative and quantitative disclosures. We are required to adopt ASU 2016-02 in the first quarter of fiscal 2020, with early adoption permitted. We are evaluating the impact of adopting this pronouncement.

In March 2016, the FASB issued ASU No. 2016-09, "Compensation - Stock Compensation (Topic 718): Improvements to Employee Share-Based Payment Accounting." ASU No. 2016-09 eliminates the additional paid-in capital pool concept and requires that excess tax benefits and tax deficiencies be recorded in the income statement when awards are settled. ASU No. 2016-09 also addresses simplifications related to statement of cash flows classification, accounting for forfeitures, and minimum statutory tax withholding requirements. During the first quarter of

fiscal 2017, we adopted ASU No. 2016-09. As a result of this adoption, we recognized \$2,493 of excess tax benefits

[Table of Contents](#)

related to share-based payments in our provision for income taxes for the fiscal year ended April 29, 2017. These items were historically recorded in additional paid-in capital. In addition, for the fiscal year ended April 29, 2017, cash flows related to excess tax benefits are classified as an operating activity along with other income tax cash flows. No prior period amounts have been adjusted. Cash paid on employees' behalf related to shares withheld for tax purposes continues to be classified as a financing activity. Our share-based compensation expense in each period continues to reflect estimated forfeitures.

In August 2016, the FASB issues ASU No. 2016-15, "Statement of Cash Flows: Classification of Certain Cash Receipts and Payments." ASU No. 2016-15 provides guidance on eight specific cash flow issues with the objective of reducing diversity in practice. The guidance is effective for interim and annual periods beginning after December 15, 2017. Early adoption is permitted in any interim or annual period. During the third quarter of fiscal 2017, we adopted ASU No. 2016-15 and it had no material impact on the consolidated financial statements.

2. Cash and Cash Equivalents

At April 29, 2017 and April 30, 2016, cash and cash equivalents consisted of the following:

	April 29, 2017	April 30, 2016
Cash on hand	\$ 88,161	\$ 122,844
Money market funds	6,798	14,609
Total	<u>\$ 94,959</u>	<u>\$ 137,453</u>

Cash on hand is generally in interest earning accounts.

3. Goodwill and Other Intangible Assets

The changes in the carrying value of goodwill for each of our reportable segments for the fiscal year ended April 29, 2017 are as follows:

	Balance at April 30, 2016	Other Activity	Balance at April 29, 2017
Dental	\$ 139,129	\$ (840)	\$ 138,289
Animal Health	677,463	(2,205)	675,258
Corporate	—	—	—
Total	<u>\$ 816,592</u>	<u>\$ (3,045)</u>	<u>\$ 813,547</u>

Activity in fiscal 2017 primarily consists of the impact from foreign currency translation.

Balances of other intangible assets, excluding goodwill, are as follows:

	April 29, 2017			April 30, 2016		
	Gross	Accumulated Amortization	Net	Gross	Accumulated Amortization	Net
Unamortized - indefinite lived:						
Copyrights, trade names and trademarks	\$ 29,900	\$ —	\$ 29,900	\$ 29,900	\$ —	\$ 29,900
Amortized - definite lived:						
Customer relationships	353,237	67,483	285,754	356,707	44,953	311,754
Trade names and trademarks	129,426	35,580	93,846	130,516	22,454	108,062
Developed technology and other	54,209	38,273	15,936	154,013	94,432	59,581

Total amortized intangible assets	<u>536,872</u>	<u>141,336</u>	<u>395,536</u>	<u>641,236</u>	<u>161,839</u>	<u>479,397</u>
Total identifiable intangible assets	<u>\$ 566,772</u>	<u>\$ 141,336</u>	<u>\$ 425,436</u>	<u>\$ 671,136</u>	<u>\$ 161,839</u>	<u>\$ 509,297</u>

In fiscal 2006, we extended our exclusive North American distribution relationship with Sirona Dental Systems for Sirona's CEREC 3D dental restorative system. At that time, we paid a \$100,000 distribution fee to extend the

[Table of Contents](#)

existing exclusive relationship for at least a 10-year beginning in 2007. This distribution fee has been accounted for as an intangible asset in our Dental segment that has been amortized since 2007.

Based on our November 2016 decision not to extend sales exclusivity for the full Sirona portfolio of products, we recorded a pre-tax non-cash impairment charge of \$36,312 in our Dental segment in the third quarter fiscal 2017, related to the distribution fee associated with the CEREC product component of this arrangement. This charge was recorded within operating expenses in the consolidated statements of income and other comprehensive income.

With respect to the amortized intangible assets, future amortization expense is expected to approximate \$38,811, \$36,320, \$35,022, \$34,919 and \$34,602 for fiscal years 2018, 2019, 2020, 2021 and 2022, respectively. Actual amounts of amortization expense may differ from estimated amounts due to additional intangible asset acquisitions, changes in foreign currency exchange rates, impairment of intangible assets, accelerated amortization of intangible assets and other events.

4. Discontinued Operations

In August 2015, we sold all of the outstanding shares of common stock of Patterson Medical Holdings, Inc., our wholly owned subsidiary responsible for our rehabilitation supply business ("Patterson Medical"), for \$716,886 in cash to Madison Dearborn Partners. As additional consideration for the shares of Patterson Medical, we obtained a number of common units of the parent company of the buyer equal to 10% of the common units outstanding at closing. Unlike the other common units, these units will only become entitled to begin participating in distributions to the common unit holders at such time, if any, as the Madison Dearborn Partners' investor cash inflows equal or exceed 2.5 times the Madison Dearborn Partners' investor cash outflows. These units are non-transferable.

In connection with the above described transaction, we also entered into a transition services agreement with our former subsidiary, pursuant to which Patterson Medical, as owned by Madison Dearborn Partners, is paying us to provide, among other things, certain information technology, distribution, facilities, finance, tax and treasury, and human resources services for up to 24 months after closing.

We classified Patterson Medical's results of operations as discontinued operations for all periods presented in the consolidated statements of income and other comprehensive income. The operations and cash flows of Patterson Medical have been eliminated from our continuing operations, which were previously recorded as the rehabilitation supply reportable segment. Net sales from discontinued operations were \$168,504 for fiscal year ended April 30, 2016. For the fiscal year ended April 29, 2017, net loss from discontinued operations was \$2,895, which was due to a change in estimate of the tax impact of the sale of Patterson Medical.

5. Property and Equipment

Property and equipment consisted of the following items:

	April 29, 2017	April 30, 2016
Land	\$ 11,518	\$ 11,585
Buildings	110,807	111,386
Leasehold improvements	25,173	26,291
Furniture and equipment	159,886	169,110
Computer hardware and software	206,402	141,727
Construction-in-progress	36,211	95,450
Property and equipment, gross	549,997	555,549
Accumulated depreciation	(251,545)	(262,234)
Property and equipment, net	<u>\$ 298,452</u>	<u>\$ 293,315</u>

6. Debt

Our long-term debt consists of the following:

[Table of Contents](#)

	Interest Rate	Carrying Value	
		April 29, 2017	April 30, 2016
Senior notes due fiscal 2018 ⁽¹⁾	5.75%	\$ 150,000	\$ 150,000
Senior notes due fiscal 2019 ⁽²⁾	2.95%	60,000	60,000
Senior notes due fiscal 2022 ⁽²⁾	3.59%	165,000	165,000
Senior notes due fiscal 2024 ⁽²⁾	3.74%	100,000	100,000
Senior notes due fiscal 2025 ⁽³⁾	3.48%	250,000	250,000
Term loan due fiscal 2022 ⁽⁴⁾	2.24%	291,387	317,625
Less: Deferred debt issuance costs		(3,361)	(3,970)
Total debt		1,013,026	1,038,655
Less: Current maturities of long-term debt		(14,754)	(16,500)
Long-term debt		\$ 998,272	\$ 1,022,155

(1) Issued in March 2008.

(2) Issued in December 2011.

(3) Issued in March 2015.

(4) Issued in June 2015, amended in January 2017. Interest rate is LIBOR plus 1.25% as of April 29, 2017.

Future principal payments due, based on stated contractual maturities for our long-term debt, are as follows as of April 29, 2017:

Fiscal Year	
2018 ⁽¹⁾	\$ 164,754
2019	76,598
2020	23,975
2021	29,508
2022	371,552
Thereafter	350,000
Total	\$ 1,016,387

(1) Includes \$150,000 classified as long-term debt on the consolidated balance sheet as we have both the intent and ability to refinance at the time the debt is set to mature in March 2018.

During fiscal 2016, we entered into a credit agreement (the "Credit Agreement"), under which the lenders provided us with senior unsecured lending facilities of up to \$1,500,000, consisting of a \$1,000,000 unsecured term loan and a \$500,000 unsecured revolving line of credit. The Credit Agreement was due to expire in fiscal 2021.

In the third quarter of fiscal 2017, we entered into an amendment of the Credit Agreement (the "Amended Credit Agreement"), consisting of a \$295,075 term loan and a \$750,000 revolving line of credit. Interest on borrowings is variable and is determined as a base rate plus a spread. This spread, as well as a commitment fee on the unused portion of the facility, is based on our leverage ratio, as defined in the Amended Credit Agreement. The term loan and revolving credit facilities will mature no later than January 2022. As of April 29, 2017, \$291,387 of the Amended Credit Agreement unsecured term loan was outstanding at an interest rate of 2.24%, and \$59,000 was outstanding under the Amended Credit Agreement revolving line of credit at an interest rate of 2.19%. At April 30, 2016, \$317,625 was outstanding under the Credit Agreement unsecured term loan at an interest rate of 1.81%, and \$20,000 was outstanding under the Credit Agreement revolving line of credit at an interest rate of 3.88%.

We are subject to various financial covenants under our debt agreements including the maintenance of leverage and interest coverage ratios. In the event of our default, any outstanding obligations may become due and payable immediately. We were in material compliance with the covenants under our debt agreements as of April 29, 2017.

7. Customer Financing

[Table of Contents](#)

As a convenience to our customers, we offer several different financing alternatives, including a third party program and a Patterson-sponsored program. For the third party program, we act as a facilitator between the customer and the third party financing entity with no on-going involvement in the financing transaction. Under our sponsored program, equipment purchased by customers with strong credit may be financed up to a maximum of \$1,000. We generally sell our customers' financing contracts to outside financial institutions in the normal course of our business. These financing arrangements are accounted for as a sale of assets under the provisions of ASC 860, *Transfers and Servicing*. We currently have two arrangements under which we sell these contracts.

First, we operate under an agreement to sell a portion of our equipment finance contracts to commercial paper conduits with The Bank of Tokyo-Mitsubishi UFJ, Ltd. ("BTMU") serving as the agent. We utilize PDC Funding to fulfill a requirement of participating in the commercial paper conduit. We receive the proceeds of the contracts upon sale to BTMU. At least 9% of the proceeds are held by the conduit as security against eventual performance of the portfolio. This percentage can be greater and is based upon certain ratios defined in the agreement with BTMU. The capacity under the agreement with BTMU at April 29, 2017 was \$575,000.

Second, we maintain an agreement with Fifth Third Bank ("Fifth Third") whereby the bank purchases customers' financing contracts. PDC Funding II sells financing contracts to Fifth Third. We receive the proceeds of the contracts upon sale to Fifth Third. At least 10% of the proceeds are held by the conduit as security against eventual performance of the portfolio. This percentage can be greater and is based upon certain ratios defined in the agreement with Fifth Third. The capacity under the agreement with Fifth Third at April 29, 2017 was \$100,000.

We retain servicing responsibilities for the financing contracts under both arrangements, for which we are paid a servicing fee. The servicing fees we receive are considered adequate compensation for services rendered. Accordingly, no servicing asset or liability has been recorded.

The portion of the purchase price for the receivables held by the conduits is deemed a deferred purchase price receivable, which is paid to the applicable special purpose entity as payments on the customers' financing contracts are collected from customers. The difference between the carrying amount of the receivables sold under these programs and the sum of the cash and the current fair value of the deferred purchase price receivables is recognized as a gain on sale of the related receivables and recorded in net sales in the consolidated statements of income and other comprehensive income. Expenses incurred related to customer financing activities were recorded in operating expenses in our consolidated statements of income and other comprehensive income.

During fiscal 2017, 2016 and 2015, we sold \$357,965, \$359,646 and \$312,303, respectively, of contracts under these arrangements. We recorded net sales in the consolidated statements of income and other comprehensive income of \$20,580, \$30,123 and \$21,668 during fiscal 2017, 2016 and 2015, respectively, related to these contracts sold.

Included in cash and cash equivalents in the consolidated balance sheets are \$17,902 and \$27,186 as of April 29, 2017 and April 30, 2016, respectively, which represent cash collected from previously sold customer financing arrangements that have not yet been settled. Included in current receivables in the consolidated balance sheets are \$124,098, net of unearned income of \$940, and \$87,406, net of unearned income of \$1,768, as of April 29, 2017 and April 30, 2016, respectively, of finance contracts that had not yet been sold as of those dates. A total of \$613,586 of finance contracts receivable sold under the arrangements was outstanding at April 29, 2017. The deferred purchase price receivable under the arrangements was \$119,798 and \$108,837 as of April 29, 2017 and April 30, 2016, respectively. Since the internal financing program began in 1994, bad debt write-offs have amounted to less than 1% of the loans originated.

The agreements require us to maintain a minimum current ratio and maximum leverage ratio. We were in material compliance with those covenants at April 29, 2017.

8. Derivative Financial Instruments

We are a party to certain offsetting and identical interest rate cap agreements entered into to fulfill certain covenants of the equipment finance contract sale agreements. The interest rate cap agreements also provide a credit enhancement feature for the financing contracts sold by PDC Funding and PDC Funding II to the commercial paper conduit.

The interest rate cap agreements are canceled and new agreements are entered into periodically to maintain consistency with the dollar maximum of the sale agreements and the maturity of the underlying financing contracts. As of April 29, 2017, PDC Funding had purchased an interest rate cap from a bank with a notional amount of \$575,000

[Table of Contents](#)

and a maturity date of November 2023. We sold an identical interest rate cap to the same bank. As of April 29, 2017, PDC Funding II had purchased an interest rate cap from a bank with a notional amount of \$100,000 and a maturity date of July 2024. We sold an identical interest rate cap to the same bank.

These interest rate cap agreements do not qualify for hedge accounting treatment and, accordingly, we record the fair value of the agreements as an asset or liability and the change as income or expense during the period in which the change occurs.

In March 2008 we entered into two forward starting interest rate swap agreements, each with notional amounts of \$100,000 and accounted for as cash flow hedges, to hedge interest rate fluctuations in anticipation of the issuance of the senior notes due fiscal 2015 and fiscal 2018. Upon issuance of the hedged debt, we settled the forward starting interest rate swap agreements and recorded a \$1,000 increase, net of income taxes, to other comprehensive income (loss), which is being amortized as a reduction to interest expense over the life of the related debt.

In January 2014 we entered into a forward interest rate swap agreement with a notional amount of \$250,000 and accounted for as a cash flow hedge, to hedge interest rate fluctuations in anticipation of refinancing the 5.17% senior notes due March 25, 2015. These notes were repaid on March 25, 2015 and replaced with new \$250,000 3.48% senior notes due March 24, 2025. A cash payment of \$29,003 was made in March 2015 to settle the interest rate swap. This amount is recorded in other comprehensive income (loss), net of tax, and will be recognized as interest expense over the life of the related debt.

The following presents the fair value of derivative instruments included in the consolidated balance sheets:

Derivative type	Classification	April 29, 2017	April 30, 2016
Assets:			
Interest rate cap agreements	Other noncurrent assets	\$ 1,188	\$ 816
Liabilities:			
Interest rate cap agreements	Other noncurrent liabilities	\$ 1,188	\$ 816

The following tables present the pre-tax effect of derivative instruments in cash flow hedging relationships on the consolidated statements of income and other comprehensive income ("OCI"):

Derivatives in cash flow hedging relationships	Amount of Gain (Loss) Recognized in OCI on Derivatives (Effective Portion)			
	Fiscal Year Ended			
	April 29, 2017	April 30, 2016	April 25, 2015	
Interest rate swap	\$ —	\$ —	\$ (23,343)	
Derivatives in cash flow hedging relationships	Income statement location	Amount of Gain (Loss) Reclassified from Accumulated Other Comprehensive Loss into Income (Effective Portion)		
		Fiscal Year Ended		
		April 29, 2017	April 30, 2016	April 25, 2015
Interest rate swap	Interest expense	\$ (2,802)	\$ (2,817)	\$ (56)

We recorded no ineffectiveness during fiscal 2017, 2016 or 2015. As of April 29, 2017, the estimated pre-tax portion of accumulated other comprehensive loss that is expected to be reclassified into earnings over the next twelve months is \$2,817, which will be recorded as an increase to interest expense.

9. Fair Value Measurements

Fair value is the price at which an asset could be exchanged in a current transaction between knowledgeable, willing parties. The fair value hierarchy of measurements is categorized into one of three levels based on the lowest level of significant input used:

[Table of Contents](#)

- Level 1 –** Quoted prices in active markets for identical assets and liabilities at the measurement date.
- Level 2 –** Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
- Level 3 –** Unobservable inputs for which there is little or no market data available. These inputs reflect management's assumptions of what market participants would use in pricing the asset or liability.

Our hierarchy for assets and liabilities measured at fair value on a recurring basis is as follows:

	April 29, 2017			
	Total	Level 1	Level 2	Level 3
Assets:				
Cash equivalents	\$ 6,798	\$ 6,798	\$ —	\$ —
Deferred purchase price receivable	119,798	—	—	119,798
Derivative instruments	1,188	—	1,188	—
Total assets	\$ 127,784	\$ 6,798	\$ 1,188	\$ 119,798
Liabilities:				
Derivative instruments	\$ 1,188	\$ —	\$ 1,188	\$ —
	April 30, 2016			
	Total	Level 1	Level 2	Level 3
Assets:				
Cash equivalents	\$ 14,609	\$ 14,609	\$ —	\$ —
Deferred purchase price receivable	108,837	—	—	108,837
Derivative instruments	816	—	816	—
Total assets	\$ 124,262	\$ 14,609	\$ 816	\$ 108,837
Liabilities:				
Derivative instruments	\$ 816	\$ —	\$ 816	\$ —

Cash equivalents – We value cash equivalents at their current market rates. The carrying value of cash equivalents approximates fair value and maturities are less than three months.

Deferred purchase price receivable – We value the deferred purchase price receivable based on a discounted cash flow analysis using unobservable inputs, which include a forward yield curve, the estimated timing of payments and the credit quality of the underlying creditor. Significant changes in any of the significant unobservable inputs in isolation would not result in a materially different fair value estimate. The interrelationship between these inputs is insignificant.

Derivative instruments – Patterson's derivative instruments consist of interest rate cap agreements and interest rate swaps. These instruments are valued using inputs such as interest rates and credit spreads.

Certain assets are measured at fair value on a non-recurring basis. These assets are not measured at fair value on an ongoing basis, but are subject to fair value adjustments under certain circumstances, such as when there is evidence of impairment. In fiscal 2017, we recorded a non-cash impairment charge of \$36,312 related to a distribution agreement intangible asset. Refer to Note 3 for more information. There were no fair value adjustments to such assets in fiscal years 2016 or 2015.

Our debt is not measured at fair value in the consolidated balance sheets. The estimated fair value of our debt as of April 29, 2017 and April 30, 2016 was \$1,025,761 and \$1,064,752, respectively, as compared to a carrying value of \$1,013,026 and \$1,038,655 at April 29, 2017 and April 30, 2016, respectively. The fair value of debt was measured using a discounted cash flow analysis based on expected market based yields (i.e. level 2 inputs).

[Table of Contents](#)

The carrying amounts of receivables, net of allowances, accounts payable, and certain accrued and other current liabilities approximated fair value at April 29, 2017 and April 30, 2016.

10. Lease Commitments

Patterson leases facilities for its branch office locations, a few small distribution facilities, and certain equipment. These leases are accounted for as operating leases. Future minimum rental payments under noncancelable operating leases are as follows at April 29, 2017:

2018	\$	22,690
2019		15,166
2020		12,516
2021		9,207
2022		5,634
Thereafter		5,815
Total	\$	<u>71,028</u>

Rent expense was \$24,502, \$23,315 and \$16,909 for fiscal years 2017, 2016 and 2015, respectively.

11. Income Taxes

The components of income from continuing operations before taxes are as follows:

	Fiscal Year Ended		
	April 29, 2017	April 30, 2016	April 25, 2015
Income from continuing operations before taxes			
United States	\$ 217,529	\$ 270,501	\$ 235,421
International	33,352	31,192	38,897
Total	<u>\$ 250,881</u>	<u>\$ 301,693</u>	<u>\$ 274,318</u>

Significant components of income tax expense are as follows:

	Fiscal Year Ended		
	April 29, 2017	April 30, 2016	April 25, 2015
Current:			
Federal	\$ 72,339	\$ 105,104	\$ 73,004
Foreign	9,100	11,690	11,764
State	9,367	15,249	9,007
Total current	<u>90,806</u>	<u>132,043</u>	<u>93,775</u>
Deferred:			
Federal	(11,802)	(14,308)	497
Foreign	(28)	323	44
State	(1,883)	(2,049)	(81)
Total deferred	<u>(13,713)</u>	<u>(16,034)</u>	<u>460</u>
Income tax expense	<u>\$ 77,093</u>	<u>\$ 116,009</u>	<u>\$ 94,235</u>

Deferred tax assets and liabilities are included in other non-current assets and deferred income taxes on the consolidated balance sheets. Significant components of Patterson's deferred tax assets (liabilities) as of April 29, 2017 and April 30, 2016 are as follows:

[Table of Contents](#)

	April 29, 2017	April 30, 2016
Deferred tax assets:		
Capital accumulation plan	\$ 7,676	\$ 5,898
Inventory related items	6,236	6,776
Bad debt allowance	2,317	2,649
Stock based compensation expense	8,663	9,985
Interest rate swap	8,656	9,749
Foreign tax credit	8,917	9,300
Net operating loss carryforwards	—	363
Other	14,269	11,979
Gross deferred tax assets	56,734	56,699
Less: Valuation allowance	(14,053)	(14,007)
Total net deferred tax assets	42,681	42,692
Deferred tax liabilities		
LIFO reserve	(25,833)	(21,294)
Amortizable intangibles	(133,037)	(156,782)
Goodwill	(61,108)	(57,405)
Property, plant, equipment	(14,389)	(11,748)
Total deferred tax liabilities	(234,367)	(247,229)
Deferred net long-term income tax liability	\$ (191,686)	\$ (204,537)

At April 29, 2017, we had a U.S. foreign tax credit asset that will expire in 9 years. In addition, we have deferred tax assets which would give rise to tax capital losses if triggered in the future. These losses have a 5 year carryforward period and can only be used against capital gain income. At this time, we believe that it is more likely than not that the foreign tax credit and capital loss carryforward attributes totaling \$14,053 will not be fully utilized prior to expiration. As a result, a full valuation allowance has been established against these assets.

No provision has been made for U.S. federal income taxes on certain undistributed earnings of foreign subsidiaries that we intend to permanently invest or that may be remitted substantially tax-free. The total undistributed earnings that would be subject to federal income tax if remitted under existing law are approximately \$121,347 as of April 29, 2017. Determination of the unrecognized deferred tax liability related to these earnings is not practicable because of the complexities with its hypothetical calculation. If a future distribution of these earnings is made, we will be subject to U.S. taxes and withholding taxes payable to various foreign governments. A credit for foreign taxes already paid may be available to reduce the U.S. tax liability.

In fiscal 2016, we approved a one-time repatriation of approximately \$200,000 of foreign earnings. This one-time repatriation reduced the overall cost of funding the acquisition of Animal Health International, Inc. In addition, certain foreign cash at Patterson Medical was required to be repatriated as part of the sale transaction. The continuing operations tax impact of \$12,300 from the repatriation was recorded in fiscal 2016. During fiscal 2017, we recorded a \$2,406 benefit related to a change in estimate of the tax impact of the cash repatriation. We have previously asserted that our foreign earnings are permanently reinvested. Except for the repatriations described above, there is no change in our on-going assertion.

Income tax expense varies from the amount computed using the U.S. statutory rate. The reasons for this difference and the related tax effects are shown below:

[Table of Contents](#)

	Fiscal Year Ended		
	April 29, 2017	April 30, 2016	April 25, 2015
Tax at U.S. statutory rate	\$ 87,807	\$ 105,593	\$ 96,012
State tax provision, net of federal benefit	5,217	7,364	6,479
Effect of foreign taxes	(2,602)	(1,195)	(1,806)
Permanent differences	(6,861)	(3,693)	(5,363)
Tax on dividends, net of foreign tax credit	(2,406)	12,300	—
Other	(4,062)	(4,360)	(1,087)
Income tax expense	<u>\$ 77,093</u>	<u>\$ 116,009</u>	<u>\$ 94,235</u>

We have accounted for the uncertainty in income taxes recognized in the financial statements in accordance with ASC Topic 740, "Income Taxes". This standard clarifies the separate identification and reporting of estimated amounts that could be assessed upon audit. The potential assessments are considered unrecognized tax benefits, because, if it is ultimately determined they are unnecessary, the reversal of these previously recorded amounts will result in a beneficial impact to our financial statements.

As of April 29, 2017 and April 30, 2016, Patterson's gross unrecognized tax benefits were \$14,211 and \$13,560, respectively. If determined to be unnecessary, these amounts (net of deferred tax assets of \$3,883 and \$3,800, respectively, related to the tax deductibility of the gross liabilities) would decrease our effective tax rate. The gross unrecognized tax benefits are included in other long-term liabilities on the consolidated balance sheet.

A summary of the changes in the gross amounts of unrecognized tax benefits for the years ended April 29, 2017 and April 30, 2016 is shown below:

	April 29, 2017	April 30, 2016
Balance at beginning of period	\$ 13,560	\$ 16,661
Additions for tax positions related to the current year	1,900	1,794
Additions for tax positions of prior years	418	560
Reductions for tax positions of prior years	(194)	(1,599)
Statute expirations	(1,145)	(3,486)
Settlements	(328)	(370)
Balance at end of period	<u>\$ 14,211</u>	<u>\$ 13,560</u>

We also recognize both interest and penalties with respect to unrecognized tax benefits as a component of income tax expense. As of April 29, 2017 and April 30, 2016, we had recorded \$1,568 and \$1,438, respectively, for interest and penalties. These amounts are also included in other long-term liabilities on the consolidated balance sheet. These amounts, net of related deferred tax assets, if determined to be unnecessary, would decrease our effective tax rate. During the year ended April 29, 2017, we recorded as part of tax expense \$350 related to an increase in our estimated liability for interest and penalties.

Patterson files income tax returns, including returns for our subsidiaries, with federal, state, local and foreign jurisdictions. During fiscal year 2017, the Internal Revenue Service ("IRS") began an audit of fiscal years ended April 25, 2015 and April 30, 2016. During fiscal 2016, the IRS completed an audit of our fiscal years ended April 27, 2013 and April 27, 2014. The outcome of this audit did not have a material adverse impact on our financial statements. The IRS has either examined or waived examination for all periods up to and including our fiscal year ended April 27, 2013, resulting in these periods being closed. In addition to the IRS, periodically, state, local and foreign income tax returns are examined by various taxing authorities. We do not believe that the outcome of these various examinations will have a material adverse impact on our financial statements.

12. Segment and Geographic Data

We present three reportable segments: Dental, Animal Health and Corporate. Dental and Animal Health are strategic business units that offer similar products and services to different customer bases. Dental provides a virtually complete range of consumable dental products, equipment and software, turnkey digital solutions and value-added services to dentists, dental laboratories, institutions, and other healthcare professionals throughout North America. Animal Health is a leading, full-line distributor in North America and the U.K. of animal health products, services and

[Table of Contents](#)

technologies to both the production-animal and companion-pet markets. Our Corporate segment is comprised of general and administrative expenses, including home office support costs in areas such as information technology, finance, legal, human resources and facilities. In addition, customer financing and other miscellaneous sales are reported within Corporate results. Corporate assets consist primarily of cash and cash equivalents, accounts receivable, property and equipment and long-term receivables. We evaluate segment performance based on operating income. The costs to operate the fulfillment centers are allocated to the operating units based on the through-put of the unit.

The following table presents information about our reportable segments:

	Fiscal Year Ended		
	April 29, 2017	April 30, 2016	April 25, 2015

13. Stockholders' Equity*Dividends*

The following table presents our declared and paid cash dividends per share on our common stock for the past

three years. Dividends were declared and paid in the same period. We expect to continue paying a quarterly cash dividend into the foreseeable future.

[Table of Contents](#)

Fiscal year	Quarter			
	1	2	3	4
2017	\$ 0.24	\$ 0.24	\$ 0.24	\$ 0.26
2016	0.22	0.22	0.22	0.24
2015	0.20	0.20	0.20	0.22

Share Repurchases

During fiscal 2017, we repurchased and retired 2,855 shares of our common stock for \$125,384, or an average of \$43.91 per share. During fiscal 2016, we repurchased and retired 4,379 shares of our common stock for \$200,000, or an average of \$45.68 per share. During fiscal 2015, we repurchased and retired 1,194 shares of our common stock for \$47,539, or an average of \$39.81 per share.

In March 2013, Patterson's Board of Directors approved a share repurchase plan. Under the plan, up to 25,000 shares may be repurchased in open market transactions through March 19, 2018. As of April 29, 2017, 13,642 shares remain available under the current repurchase authorization.

Employee Stock Ownership Plan ("ESOP")

During 1990, Patterson's Board of Directors adopted a leveraged ESOP. In fiscal 1991, under the provisions of the plan and related financing arrangements, Patterson loaned the ESOP \$22,000 (the "1990 note") for the purpose of acquiring its then outstanding preferred stock, which was subsequently converted to common stock. The Board of Directors determines the contribution from the Company to the ESOP annually. The contribution is used to retire a portion of the debt, which triggers a release of shares that are then allocated to the employee participants. Shares of stock acquired by the plan are allocated to each participant who has completed 1000 hours of service during the plan year. In fiscal 2011, the final payment on the 1990 note was made and all remaining shares were released for allocation to participants.

In fiscal 2002, Patterson's ESOP and an ESOP sponsored by the Thompson Dental Company ("Thompson") were used to facilitate the acquisition and merger of Thompson into Patterson. The net result of this transaction was an additional loan of \$12,612 being made to the ESOP and the ESOP acquiring 666 shares of common stock. The loan bears interest at current rates but principal did not begin to amortize until fiscal 2012. Beginning in fiscal 2012 and through fiscal 2020, an annual payment of \$200 plus interest is due and in fiscal 2020, a final payment of any outstanding principal and interest balance is due. Prepayments of principal can be made at any time without penalty. Of the 666 shares issued in the transaction, 98 were previously allocated to Thompson employees. The remaining 568 shares began to be allocated in fiscal 2004 as interest was paid on the loan.

In September 2006, we entered into a third loan agreement with the ESOP and loaned \$105,000 (the "2006 note") for the sole purpose of enabling the ESOP to purchase shares of our common stock. The ESOP purchased 3,160 shares with the proceeds from the 2006 note. Interest on the unpaid principal balance accrues at a rate equal to six-month LIBOR, with the rate resetting semi-annually. Interest payments were not required during the period from and including September 11, 2006 through April 30, 2010. On April 30, 2010, accrued and unpaid interest was added to the outstanding principal balance under the note, with interest thereafter accruing on the increased principal amount. Unpaid interest accruing after April 30, 2010 is due and payable on each successive April 30 occurring through September 10, 2026. Principal payments aren't due until September 10, 2026; however, prepayments can be made without penalty. In fiscal 2012, Patterson contributed \$20,214 to the ESOP, which then purchased 844 shares for allocation to the participants. No shares secured by the 2006 note were released prior to fiscal 2011.

At April 29, 2017, a total of 10,552 shares of common stock that have been allocated to participants remained in the ESOP and had a fair market value of \$469,465. Related to the shares from the Thompson transaction, committed-to-be-released shares were 11 and suspense shares were 436. Finally, with respect to the 2006 note, committed-to-be-released shares were 18 and suspense shares were 1,783.

Unearned ESOP shares are not considered outstanding for the computation of earnings per share until the shares are committed for release to the participants. During fiscal 2017, 2016 and 2015, the compensation expense recognized related to the ESOP was \$1,315, \$11,953 and \$9,939, respectively.

[Table of Contents](#)

We anticipate the allocation of the remaining suspense, or unearned, shares to occur over a period of approximately 5 to 10 years. As of April 29, 2017, the fair value of all unearned shares held by the ESOP was \$98,696. We will recognize an income tax deduction as the unearned ESOP shares are released. Such deductions will be limited to the ESOP's original cost to acquire the shares.

Dividends on allocated shares are passed through to the ESOP participants. Dividends on unallocated shares are used by the ESOP to make debt service payments on the notes due to Patterson.

14. Stock-based Compensation

The consolidated statements of income and other comprehensive income for fiscal years 2017, 2016 and 2015 include pre-tax (after-tax) stock-based compensation expense of \$17,710 (\$11,910), \$16,898 (\$11,120) and \$13,958 (\$9,171). Pre-tax expense is included in operating expenses within the consolidated statements of income and other comprehensive income.

As of April 29, 2017, the total unrecognized compensation cost related to non-vested awards was \$33,154, and it is expected to be recognized over a weighted average period of approximately 2.0 years.

2015 Omnibus Incentive Plan

In September 2015, our shareholders approved the 2015 Omnibus Incentive Plan ("Incentive Plan"). The aggregate number of shares of common stock that may be issued is 4,000. The Incentive Plan authorizes various award types to be issued under the plan, including stock options, restricted stock awards, restricted stock units, stock appreciation rights, performance awards, non-employee director awards, cash-based awards and other stock-based awards. We issue new shares for stock option exercises, restricted stock award grants and also for vesting of restricted stock units and performance stock units. Awards that expire or are canceled without delivery of shares generally become available for reissuance under the plan.

At April 29, 2017, there were 2,900 shares available for awards under the Incentive Plan.

As a result of the approval of the Incentive Plan, awards are no longer granted under any prior equity incentive plan, but all outstanding awards previously granted under such prior plans will remain outstanding and subject to the terms of such prior plans. At April 29, 2017, there were 1,576 shares outstanding under prior plans.

Stock Option Awards

Stock options granted to employees expire no later than ten years after the date of grant. Awards typically vest over three or five years.

The fair value of stock options granted was estimated as of the grant date using a Black-Scholes option-pricing model with the following assumptions:

	Fiscal Year Ended		
	April 29, 2017	April 30, 2016	April 25, 2015
Expected dividend yield	2.0%	1.8%	2.0%
Expected stock price volatility	21.2%	25.6%	26.3%
Risk-free interest rate	1.2%	2.1%	2.1%
Expected life (years)	6.6	6.7	7.0
Weighted average grant date fair value per share	\$ 8.32	\$ 9.66	\$ 9.78

[Table of Contents](#)

The following is a summary of stock option activity:

	Number of Options	Weighted- Average Exercise Price	Aggregate Intrinsic Value
Balance as of April 30, 2016	1,110	\$ 52.09	
Granted	189	48.46	
Exercised	(27)	35.75	
Canceled	(80)	48.47	
Balance as of April 29, 2017	<u>1,192</u>	<u>\$ 52.12</u>	<u>\$ 1,155</u>
Vested or expected to vest as of April 29, 2017	<u>1,145</u>	<u>\$ 52.14</u>	<u>\$ 1,091</u>
Exercisable as of April 29, 2017	<u>44</u>	<u>\$ 36.78</u>	<u>\$ 350</u>

The weighted average remaining contractual lives of options outstanding and options exercisable as of April 29, 2017 were 8.0 and 5.2 years, respectively.

Related to stock options exercised, the intrinsic value, cash received and tax benefits realized were \$266, \$958 and \$36, respectively, in fiscal 2017; \$901, \$3,173 and \$854, respectively, in fiscal 2016; and \$290, \$1,710 and \$286, respectively, in fiscal 2015.

Restricted Stock

Restricted stock awards and restricted stock units granted to employees generally vest over a five, seven or nine year period. Certain restricted stock awards, which are held by branch managers, are subject to accelerated vesting provisions beginning three years after the grant date, based on certain operating goals. Restricted stock awards are also granted to non-employee directors annually and vest over one or three years. The grant date fair value of restricted stock awards and restricted stock units is based on the closing stock price on the day of the grant. The total fair value of restricted stock awards and restricted stock units that vested in fiscal 2017, 2016 and 2015 was \$8,528, \$19,805 and \$8,474, respectively.

The following is a summary of restricted stock award activity:

	Restricted Stock Awards	
	Shares	Weighted- Average Grant Date Fair Value
Outstanding at April 30, 2016	760	\$ 38.18
Granted	18	45.78
Vested	(170)	39.10
Forfeitures	(129)	37.15
Outstanding at April 29, 2017	<u>479</u>	<u>\$ 38.41</u>

The following is a summary of restricted stock unit activity:

	Restricted Stock Units	
	Shares	Weighted- Average Grant Date Fair Value
Outstanding at April 30, 2016	71	44.26
Granted	265	48.19
Vested	(16)	43.60

Forfeitures	<u>(16)</u>	48.41
Outstanding at April 29, 2017	<u>304</u>	<u>\$ 47.50</u>

Performance Unit Awards

[Table of Contents](#)

In fiscal 2017 and 2016, we granted performance unit awards with a market-based condition to certain executives. The number of shares to be received at vesting will range from 0% - 200% of the target number of stock units based on Patterson's total shareholder return ("TSR") relative to the performance of companies in the S&P Midcap 400 Index measured over a three year period. We estimate the grant date fair value of the TSR awards using the Monte Carlo valuation model. In fiscal 2015, we granted performance unit awards, primarily to executive management, which are earned at the end of a three year period if certain operating goals are met. Accordingly, we recognize expense over the requisite service period based on the outcome that is probable for these awards. No performance unit awards vested in fiscal 2017 or 2015. The total fair value of performance unit awards that vested in fiscal 2016 was \$2,966.

The following is a summary of performance unit award activity at target:

	Performance Unit Awards	
	Shares	Weighted-Average Grant Date Fair Value
Outstanding at April 30, 2016	157	\$ 47.56
Granted	86	56.60
Vested	—	—
Forfeitures and cancellations	(13)	48.37
Outstanding at April 29, 2017	230	\$ 50.88

Employee Stock Purchase Plan ("ESPP")

We sponsor an ESPP under which a total of 6,750 shares have been reserved for purchase by employees. Eligible employees may purchase shares at 85% of the lower of the fair market value of our common stock on the beginning of the annual offering period, or on the end of each quarterly purchase period, which occur on March 31, June 30, September 30 and December 31. The offering periods begin on January 1 of each calendar year and end on December 31 of each calendar year. At April 29, 2017, there were 993 shares available for purchase under the ESPP.

We estimate the grant date fair value of shares purchased under our ESPP using the Black-Scholes option pricing valuation model with the following weighted average assumptions:

	Fiscal Year Ended		
	April 29, 2017	April 30, 2016	April 25, 2015
Expected dividend yield	2.3%	2.0%	1.6%
Expected stock price volatility	32.9%	21.1%	31.0%
Risk-free interest rate	0.7%	0.5%	0.1%
Expected life (years)	0.6	0.6	0.5
Weighted average grant date fair value per share	\$ 10.33	\$ 9.16	\$ 10.74

Capital Accumulation Plan ("CAP")

We also sponsor an employee CAP. A total of 6,000 shares of common stock are reserved for issuance under the CAP. Key employees of Patterson are eligible to participate by purchasing common stock through payroll deductions at 75% of the price of the common stock at the beginning of or the end of the calendar year, whichever is lower. The shares issued are restricted stock and are held in the custody of Patterson until the restrictions lapse. The restriction period is typically three years from the beginning of the plan year, and shares are subject to forfeiture provisions. At April 29, 2017, 1,926 shares were available for purchase under the CAP.

[Table of Contents](#)

We estimate the grant date fair value of shares purchased under our CAP using the Black-Scholes option pricing valuation model with the following weighted average assumptions:

	Fiscal Year Ended		
	April 29, 2017	April 30, 2016	April 25, 2015
Expected dividend yield	2.3%	2.0%	1.6%
Expected stock price volatility	28.3%	19.7%	31.0%
Risk-free interest rate	0.9%	0.6%	0.3%
Expected life (years)	1.0	1.0	1.0
Weighted average grant date fair value per share	\$ 15.21	\$ 14.13	\$ 17.67

15. Litigation

In September 2015, we were served with a summons and complaint in an action commenced in the U.S. District Court for the Eastern District of New York, entitled *SourceOne Dental, Inc. v. Patterson Companies, Inc., Henry Schein, Inc. and Benco Dental Supply Company*, Civil Action No. 15-cv-05440-JMA-GRB. SourceOne, as plaintiff, alleges that, through its website, it markets and sells dental supplies and equipment to dentists. SourceOne alleges in the complaint, among other things, that we, along with the defendants Henry Schein and Benco, conspired to eliminate plaintiff as a competitor and to exclude them from the market for the marketing, distribution and sale of dental supplies and equipment in the U.S. and that defendants unlawfully agreed with one another to boycott dentists, manufacturers, and state dental associations that deal with, or considered dealing with, plaintiff. Plaintiff asserts the following claims: (i) unreasonable restraint of trade in violation of state and federal antitrust laws; (ii) tortious interference with prospective business relations; (iii) civil conspiracy; and (iv) aiding and abetting the other defendants' ongoing tortious and anticompetitive conduct. Plaintiff seeks equitable relief, compensatory and treble damages, jointly and severally, punitive damages, interest, and reasonable costs and expenses, including attorneys' fees and expert fees. We are vigorously defending ourselves in this litigation. We do not anticipate that this matter will have a material adverse effect on our financial condition.

Beginning in January 2016, purported class action complaints were filed against defendants Henry Schein, Inc., Benco Dental Supply Co. and Patterson Companies, Inc. Although there were factual and legal variations among these complaints, each alleged that defendants conspired to foreclose and exclude competitors by boycotting manufacturers, state dental associations, and others that deal with defendants' competitors. On February 9, 2016, the U.S. District Court for the Eastern District of New York ordered all of these actions, and all other actions filed thereafter asserting substantially similar claims against defendants, consolidated for pre-trial purposes. On February 26, 2016, a consolidated class action complaint was filed by Arnell Prato, D.D.S., P.L.L.C., d/b/a Down to Earth Dental, Evolution Dental Sciences, LLC, Howard M. May, DDS, P.C., Casey Nelson, D.D.S., Jim Peck, D.D.S., Bernard W. Kurek, D.M.D., Larchmont Dental Associates, P.C., and Keith Schwartz, D.M.D., P.A. (collectively, the "putative class representatives") in the U.S. District Court for the Eastern District of New York, entitled *In re Dental Supplies Antitrust Litigation*, Civil Action No. 1:16-CV-00696-BMC-GRB. Burkhart Dental Supply Company, Inc. was added as a defendant on October 22, 2016. Subject to certain exclusions, the putative class representatives seek to represent all persons who purchased dental supplies or equipment in the U.S. directly from any of the defendants, since August 31, 2008. In the consolidated class action complaint, putative class representatives allege a nationwide agreement among Henry Schein, Benco, Patterson and Burkhart not to compete on price. The consolidated class action complaint asserts a single count under Section 1 of the Sherman Act, and seeks equitable relief, compensatory and treble damages, jointly and severally, interest, and reasonable costs and expenses, including attorneys' fees and expert fees. Putative class representatives have not specified a damage amount in their complaint. While the outcome of litigation is inherently uncertain, we believe the consolidated class action complaint is without merit, and we are vigorously defending ourselves in this litigation.

16. Quarterly Results (unaudited)

Quarterly results are determined in accordance with the accounting policies used for annual data and include certain items based upon estimates for the entire year. All fiscal quarters include results for 13 weeks except for the quarter ended August 1, 2015, which included 14 weeks.

[Table of Contents](#)

	Quarter Ended			
	April 29, 2017	January 28, 2017 ⁽¹⁾	October 29, 2016	July 30, 2016

(1) In the third quarter of fiscal 2017, we recorded a pre-tax non-cash impairment charge of \$36,312 within operating income from continuing operations. See Note 3 to the Consolidated Financial Statements for additional information.

(2) During the first quarter of fiscal 2016, we acquired Animal Health International, Inc. Included in this quarter are approximately six weeks of results of operations from this acquisition. We incurred \$9,302, or \$0.09 per diluted share from continuing operations on an after-tax basis, of transaction costs related to the acquisition of Animal Health International, Inc. during this quarter. Also during this quarter, we approved a one-time repatriation of approximately \$200,000 of foreign earnings. This one-time repatriation reduced the overall costs of funding the acquisition of Animal Health International, Inc. In addition, certain foreign cash at Patterson Medical was required to be repatriated as part of the sale transaction. The tax impact of the repatriation recorded during this quarter was \$11,800, or \$0.12 per diluted per share from continuing operations on an after-tax basis.

17. Accumulated Other Comprehensive Loss ("AOCL")

The following table summarizes the changes in AOCL as of April 29, 2017:

[Table of Contents](#)

	Cash Flow Hedges	Currency Translation Adjustment	Total
AOCL at April 30, 2016	\$ (16,734)	\$ (51,230)	\$ (67,964)
Other comprehensive loss before reclassifications	—	(26,450)	(26,450)
Amounts reclassified from AOCL	1,745	—	1,745
AOCL at April 29, 2017	<u>\$ (14,989)</u>	<u>\$ (77,680)</u>	<u>\$ (92,669)</u>

The amounts reclassified from AOCL during fiscal 2017 represent gains and losses on cash flow hedges, net of taxes of \$1,057. The impact to the consolidated statements of income was an increase to interest expense of \$2,802.

Item 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

None.

Item 9A. CONTROLS AND PROCEDURES

Management's Annual Report on Internal Control Over Financial Reporting

The management of Patterson Companies, Inc. (the "Company") is responsible for establishing and maintaining adequate internal control over financial reporting as defined in Rules 13a-15(f) and 15d-15(f) under the Securities Exchange Act of 1934. Our internal control system is designed to provide reasonable assurance to our management and Board of Directors regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

Under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, we assessed the effectiveness of our internal control over financial reporting as of April 29, 2017, using the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) in *Internal Control - Integrated Framework* (2013). Based on this assessment, management has concluded that our internal control over financial reporting was effective as of April 29, 2017. Ernst & Young LLP, the independent registered public accounting firm that audited our consolidated financial statements included in Item 8, *Financial Statements and Supplementary Data*, of this Annual Report on Form 10-K, has issued an unqualified report on our internal control over financial reporting.

/s/ James W. Wiltz

Interim President and Chief Executive
Officer

/s/ Ann B. Gugino

Executive Vice President, Chief Financial
Officer and Treasurer

The report of our independent registered public accounting firm on internal control over financial reporting is included in Item 8 of this Annual Report on Form 10-K.

Evaluation of Disclosure Controls and Procedures

Under the supervision and with the participation of our management, including our Chief Executive Officer and our Chief Financial Officer, we evaluated the effectiveness of the design and operation of our disclosure controls and procedures pursuant to Rules 13a-15 and 15d-15 of the Securities and Exchange Act of 1934 (the "Exchange Act"). Based on that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls

and procedures were effective as of April 29, 2017. Disclosure controls and procedures are defined by Rules 13a-15(e) and 15d-15(e) of the Exchange Act as controls and other procedures that are designed to ensure that information required to be disclosed by Patterson in reports filed with the SEC under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms. Disclosure controls and

[Table of Contents](#)

procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed in reports filed under the Exchange Act is accumulated and communicated to our management, including our principal executive and principal financial officers, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure.

Changes in Internal Control Over Financial Reporting

On June 16, 2015, we acquired Animal Health International, Inc., which was a privately-held company prior to the acquisition. As permitted by SEC regulation, we integrated Animal Health International, Inc.'s operations into the scope of our Sarbanes-Oxley Section 404 report on internal control over financial reporting for the fiscal year ended April 29, 2017.

In addition, we are in the process of implementing a new enterprise resource planning (ERP) system. During the quarter ended April 29, 2017, the transaction activity within the new ERP system became material, and as a result, the new ERP system and related processes were integrated into the scope of our Sarbanes-Oxley 404 report on internal control over financial reporting for the fiscal year ended April 29, 2017.

There were no other changes in our internal control over financial reporting that occurred during the quarter ended April 29, 2017 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

9B. OTHER INFORMATION

None.

[Table of Contents](#)**PART III****Item 10. DIRECTORS, EXECUTIVE OFFICERS AND CORPORATE GOVERNANCE**

Information regarding the directors of Patterson is incorporated herein by reference to the descriptions set forth under the caption "Proposal No. 1 Election of Directors" in Patterson's Proxy Statement for its Annual Meeting of Shareholders to be held on September 18, 2017 (the "2017 Proxy Statement"). Information regarding executive officers of Patterson is incorporated herein by reference to Item 1 of Part I of this Form 10-K under the caption "Executive Officers of the Registrant." Information regarding compliance with Section 16(a) of the Securities Exchange Act of 1934 is incorporated herein by reference to the information set forth under the caption "Section 16(a) Beneficial Ownership Reporting Compliance" in the 2017 Proxy Statement. The information called for by Item 10, as to the audit committee and the audit committee financial expert, is set forth under the captions "Proposal No. 1 Election of Directors" and "Our Board of Directors and Committees" in the 2017 Proxy Statement and such information is incorporated by reference herein.

Code of Ethics

We have adopted Principles of Business Conduct and Code of Ethics for our Chief Executive Officer, Chief Financial Officer, Directors and all employees. Our Code of Ethics is available on our website (www.pattersoncompanies.com) under the section "Investor Relations – Corporate Governance." We intend to satisfy the disclosure requirement of Form 8-K regarding an amendment to, or waiver from, a provision of our Code of Ethics by posting such information on our website at the address and location specified above.

Item 11. EXECUTIVE COMPENSATION

Information regarding executive compensation and director compensation is incorporated herein by reference to the information set forth under the captions "Non-Employee Director Compensation," "Executive Compensation" and "Our Board of Directors and Committees – Committee Responsibilities – Our Compensation Committee and Its Report" in the 2017 Proxy Statement.

CX6004

violations of state law alleged herein have caused loss and damage and threaten loss and damage to the general welfare and economy of the State of Texas.

IV. DEFENDANT

4.1 Benco is a for-profit corporation, organized, existing, and doing business under and by virtue of the laws of the State of Delaware, with its principal address at 295 Centerpoint Boulevard, Pittston, PA, 18640. Benco, among other things, sells consumable dental supplies to dentists throughout Texas and nationwide.

V. RELEVANT MARKETS

5.1 The relevant product market is the sale of consumable dental supplies.

5.2 The relevant geographic market is Texas.

VI. RELEVANT FACTS

6.1 Benco sells and distributes consumable dental supplies throughout Texas, and operates regional offices throughout the state.

6.2 Consumable dental supplies are traditionally sold through a sales model by which a distributor's sales representative interacts directly with a purchasing dentist. As a part of this business, many dental supply distributors and manufacturers participate in trade shows sponsored by organizations, such as the annual meeting sponsored by the Texas Dental Association (TDA).

6.3 The traditional dental supply distributors enjoy close relationships with one another, both personally and professionally. Many sales representatives, and even higher level employees, have previous employment relationships with other distributors. The employees interact regularly in person, at various social gatherings, and industry or trade association meetings, and remotely, through company email, personal email, personal cell phone calls, company cell phone calls, and text messaging. These close contacts provide the opportunity for

the sharing of competitively-sensitive information among the various distributors and manufacturers.

6.4 In October 2013, the TDA launched TDA Perks Supplies, an online sales platform, in partnership with SourceOne Dental. TDA Perks Supplies allows TDA member dentists to purchase dental supplies online, without working through a sales representative. This model allows for TDA Perks Supplies to sell TDA member dentists many dental supplies at a discount compared to the prices offered by Benco and its competitor distributors operating under the traditional sales model.

6.5 Benco and its competitor distributors understood that TDA Perks Supplies, with its potentially disruptive new business model, directly competed with them, and perceived a competitive threat based on the lower prices offered by TDA Perks Supplies for many of the same goods offered by Benco and its competitor distributors.

6.6 Building on their historic culture of cooperation and communication, Benco and its competitor distributors engaged in ongoing communications over several months about TDA Perks Supplies. They shared information about market players' reactions to the new firm's entry, they collectively developed a response, and they provided reassurances to market participants about the collective response.

6.7 The collective response to this competitive threat by TDA Perks Supplies was two-fold. Benco and its competitor distributors (1) agreed to break with their traditional pattern of attendance and boycott the annual TDA meeting held in May 2014 because they perceived that TDA had positioned itself as a competitor to the traditional distributors, and (2) agreed to pressure other distributors and manufacturers to discontinue supplying TDA Perks Supplies

and/or end any relationships with manufacturers or distributors that ultimately supplied TDA Perks Supplies in order to stifle the competition provided by the new TDA offering.

6.8 Pursuant to this agreement, Benco and its competitor distributors did not attend the annual TDA meeting, despite the economic gains Benco and other distributors historically derived from the event, not only from direct sales to conference attendees during the meeting, but also throughout the year through contacts and relationships fostered and developed at the meeting.

6.9 Pursuant to this agreement, Benco and its competitor distributors contacted other distributors and manufacturers to pressure those entities to discontinue any relationships that ultimately supplied TDA Perks Supplies.

6.10 As a result of this pressure, other distributors and manufacturers discontinued such relationships, causing TDA Perks Supplies to lose access to products.

VII. FIRST CAUSE OF ACTION

7.1 The State incorporates and adopts by reference the allegations contained in every prior paragraph of this petition.

7.2 Beginning in 2013 and continuing into 2014, Benco entered into and participated in an agreement with dental supply distributors not to attend the TDA 2014 meeting and not to do business with SourceOne Dental or its suppliers.

7.3 These agreements unreasonably restrained trade in the relevant product and geographic markets in *per se* violation of Tex. Bus. & Com. Code § 15.05(a).

VIII. PRAYER

WHEREFORE, Plaintiff demands judgment against Defendant as follows:

- a) Adjudging and decreeing that Benco engaged in conduct in violation of Section 15.05(a) of the Tex. Bus. & Com. Code;
- b) Awarding the State of Texas injunctive relief to remedy the violations alleged in this petition;
- c) Awarding the State of Texas its costs of this action, including reasonable attorneys' fees and costs, as provided in Tex. Bus. & Com. Code § 15.20(b) and Tex. Gov't Code § 402.006(c)
- d) Awarding the State of Texas a civil fine, as provided in Tex. Bus. & Com. Code § 15.20(a);
and
- e) Directing such other and further relief as the Court deems just and proper.

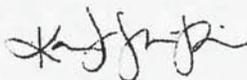

Respectfully submitted,

KEN PAXTON
Attorney General of Texas

CHARLES E. ROY

COUNSEL FOR PLAINTIFF STATE OF TEXAS

Dated: April 9, 2015

EXHIBIT B

B. Benco is a for-profit corporation, organized, existing, and doing business under and by virtue of the laws of the State of Delaware with its principal address at 295 Centerpoint Boulevard, Pittston, PA, 18640. Benco, among other things, sells dental supplies to dentists throughout Texas and nationwide.

II. JURISDICTION & VENUE

Pursuant to Tex. Bus. & Comm. Code § 15.20(b), this Court has subject matter jurisdiction and may exercise personal jurisdiction over Benco. Venue in this Court is proper.

III. DEFINITIONS

As used herein, and for purposes of this Order only:

- A. "Benco" means Benco Dental Supply Company, its domestic and foreign parents, predecessors, successors, divisions, subsidiaries, affiliates, partnerships, and joint ventures, and all directors, officers, employees, agents, and representatives of the foregoing. The terms "subsidiary," "affiliate," and "joint venture" refer to any person in which there is partial or total ownership or control between Benco and any other person.
- B. "Distribution channel" means any method or platform by which dental supplies are sold by a manufacturer or distributor to another distributor, dentist, or other end user, whether in-person, by mail, by brick and mortar retail establishment, through online sales platform, or otherwise.

IV. TERMS

IT IS ORDERED that Benco, directly or indirectly, through any corporation, subsidiary, division, or other device in connection with the actual or potential purchase or distribution of dental supplies and related products, is permanently enjoined from:

- A. Continuing, maintaining, entering into, or attempting to enter into any agreement or understanding with any manufacturer or distributor to limit supply of or refuse to sell dental supplies to any third party, or through or by means of any distribution channel;
- B. Urging, inducing, coercing, or pressuring, or attempting to urge, induce, coerce, or pressure, any manufacturer or distributor to limit supply of or refuse to sell dental supplies to any third party, or through or by means of any distribution channel;
- C. Requiring, soliciting, requesting, or encouraging any manufacturer or distributor to furnish information to Benco relating to the manufacturer's or distributor's sales to any third party;
- D. Facilitating or attempting to facilitate understandings or agreements between or among distributors and/or manufacturers relating to limiting or refusing the sale of dental supplies and related products to any third party, or through or by means of any distribution channel, including by transmitting or communicating any other distributor's or manufacturer's business plans or strategy;
- E. Advising in writing, declaring, announcing, providing notice, or otherwise intentionally communicating a message to any dental supply distributor that Benco will or may
 - 1. Contract with or terminate a contract with any dental supply manufacturer;
 - 2. Contract with or terminate a contract with any other dental supply distributor or discounter; or

3. Not participate in any charity or marketing event, such as a trade association exhibition; and/or

F. Terminating or giving notice of termination of a then-existing contract with a dental supply manufacturer because of that manufacturer's decision to contract or not to contract with any other dental supply distributor or discount;

PROVIDED, HOWEVER, THAT nothing in this Order shall prohibit Benco from (1) seeking or entering into a lawful contract with a manufacturer to become the authorized exclusive distributor of a manufacturer's dental products or equipment, (2) terminating or modifying in good faith its contractual relationship with a manufacturer of dental products or equipment, except as prohibited above, or (3) acquiring a distributor of dental products doing business in the State of Texas.

PROVIDED FURTHER THAT nothing in this Order shall prohibit Benco from communicating with its customers in the normal course of business, including but not limited to emailing advertisements or alerts to customers, distributing brochures to customers, and advertising on Benco's website, catalogs or newsletters, about the dental supplies and products it offers or may no longer offer.

IT IS FURTHER ORDERED that Benco shall:

G. Until the date upon which the State's investigation or any related litigation is concluded, provide full, complete, and prompt cooperation, upon good faith reasonable notice and reasonable request by the State, with the State's investigation and related proceedings and actions against any other person, corporation, or entity. Benco shall use its best efforts to secure the full and truthful cooperation of its current officers, directors, employees, and agents with the State's investigation or any related litigation. Such cooperation shall

include, but not be limited to, producing information or documents reasonably requested by the State, subject to the right to withhold information on grounds of attorney-client privilege, attorney work product, or other applicable privileges or protections, and making its current officers, directors, employees, or agents available for sworn testimony by declaration, sworn statement, or in-court testimony. The State and Benco shall work cooperatively and in good faith to schedule the timing and, if necessary, the location of any requested testimony or declaration. Further, the State and Benco shall work together with respect to any requested un-sworn statements or interviews to reach a mutually agreeable time and place, including telephonic interviews.

Benco's obligation to cooperate is limited to current officers, directors, employees, or agents at the time of any given request. Benco's obligation to cooperate excludes those officers, directors, employees or agents who are not associated with or employed by Benco at the time such cooperation is sought, and over whom Benco exercises no control, as of the time of the request.

The State and Benco agree to work together to establish the admissibility of documents where possible, including providing a written declaration regarding the authenticity and/or admissibility of Benco's documents as business records, admissions, or otherwise;

H. Institute an antitrust training program for current Benco officers, directors, and employees with responsibility for sales or pricing of dental supplies or responsibility for communications with manufacturers or distributors of dental supplies within ninety (90) days after the date on which this Order becomes final, and conduct antitrust compliance training at least annually for its officers, directors, and any Benco employee with responsibility for sales or pricing of dental supplies or responsibility for communications

with manufacturers or distributors of dental supplies, and provide the State with a description of the training and copies of any training materials associated with the program for each such training. Benco is permitted to conduct tiered training or otherwise structure the training such that it provides relevant, necessary information regarding antitrust laws appropriate to the level of the particular employee with more intensive training for managerial-level employees;

- I. Within thirty (30) days after the date this Order becomes final, provide a copy of this Order to each Benco director or officer, and to any Benco employee with responsibility for sales or pricing of dental supplies or responsibility for communications with dental supply distributors or manufacturers, and require each such person to sign a statement acknowledging receipt of the Order, representing that the person has read and understands the Order, and acknowledging that non-compliance with this Order may subject Benco to penalties for violation of the Order;
- J. For a period of three (3) years, maintain and furnish to the State on a twice yearly basis, a log of all oral and written communications, relating in whole or in part to the distribution or sale of dental supplies in the United States, between or among (1) any of Benco's officers, directors, or sales employees, and (2) any person employed by or associated with another dental supply distributor. The log shall include an identification (by name, employer, and job title) of the author and recipients of and all participants in the communication, the date, time, and a good faith estimate of the duration of the communication, the medium of the communication, and a description of the subject matter of the communication. The following communications between Benco and an employee of another dental supply distributor may be excluded from the log:

1. Privileged communications;
 2. Public communications, including but not limited to speaking engagements or publications sponsored by trade associations, public interest groups or charity groups;
 3. Purely administrative communications in lawful furtherance of a trade association, public interest group, or charity group event made by an actual or potential participant in that trade association, public interest group, or charity group event or meeting;
 4. Communications regarding employment of individuals at or from Benco, including communications between in-house or outside counsel of Benco and in-house or outside counsel of another dental supply distributor or manufacturer relating to disputes or the resolution of disputes over the hiring of employees, unless those communications involve the establishment or modification of a policy or company-wide agreement among or between dental supply distributors or manufacturers about the hiring and employment of individuals in the dental supply distributor industry;
 5. Communications related to the potential sale or acquisition of Benco or another dental supply distribution, or related businesses;
 6. Purely social and family related communications among or between former colleagues and business acquaintances; and
- K. Provide to the State annually, on or before the anniversary of the entry of this Order, a written statement as to the fact and manner of Benco's compliance with this Order.

V. FURTHER TERMS

- A. Except where otherwise noted, this Order shall remain in force for a period of five (5) years after the date on which this Order becomes final.

- B. Benco shall notify the State at least thirty (30) days prior to any change in Benco's status, such as an acquisition, merger, consolidation, dissolution, assignment, or sale resulting in the emergence of a successor corporation, the creation or dissolution of subsidiaries, or any other change in the corporation that may affect compliance obligations arising out of this order.
- C. Benco shall pay the Attorney General \$300,000 for reimbursement of the reasonable and necessary costs and fees associated with the State's investigation of Benco's business practices and in lieu of civil penalties.

VII. MISCELLENEOUS

- A. *Legal Exposure and Effect.* This Order is not intended to and does not give any legal rights or remedies of any nature to any third party.
- B. *Notices.* All notices required by this Order shall be sent by certified or registered mail, return receipt requested, postage prepaid or by hand delivery to:

As to the State:

Kayna Stavast-Piper
Assistant Attorney General, Antitrust Section
Office of the Attorney General
P.O. Box 12548
Austin, TX 78711

As to Benco:

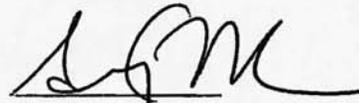

Steven Bizar
Buchanan Ingersoll & Rooney PC
Two Liberty Place
50 S. 16th Street, Suite 3200
Philadelphia, PA 19102-2555

- C. *Governing Law.* This Order shall be governed by and interpreted according to the laws of the State of Texas, excluding its conflict of laws provisions.
- D. *Modification.* If the State or Benco believes that modification of this Order would be in the public interest, that party shall give notice to the other and the parties shall attempt to agree on a modification. If the parties agree on a modification, they shall jointly petition the Court to modify the Order, and such modification shall be granted unless the Court determines that the modification is contrary to the public interest. Nothing herein prohibits a party from petitioning this Court for a modification in the absence of agreement of the other party. Likewise, nothing herein prohibits a party from opposing such a petition for modification.
- E. *Retention of Jurisdiction.* The Court retains jurisdiction for five (5) years following the date this Order becomes final to enable any party to apply to the Court for such further orders and directions as may be necessary and appropriate for the interpretation, modification, and enforcement of this order.
- F. *No Admission or Finding of Liability.* Benco has denied and continues to deny these allegations as well as any liability or wrongdoing. Benco's agreement to entry of this Order is not an admission of liability. This Order does not constitute a finding or conclusion that Benco has violated any law. This Order may not be offered or received into evidence in any action as evidence or admission of liability, whether such action arises before or after the entry of this Order.
- G. *Release of Claims.* In exchange for Benco's agreements, the State has released Benco from all claims of the State in its sovereign capacity on account of all matters related

to its Petition. The release includes all claims the State brought or could have brought in its enforcement capacity based on the allegations in its Petition, as well as the ability of the State to sue on behalf of any party for the allegations contained in its Petition.

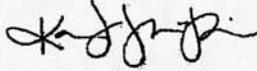

IT IS SO ORDERED, this 9 day of April, 2015,

JUDGE PRESIDING

APPROVED AND ENTRY REQUESTED:

 10 MR. OWYANG: David Owyang on behalf
 11 of the Federal Trade Commission.
 12 MR. McDONALD: And who's on the
 13 phone? Can you please announce?
 14 MR. MANNING: This is Thomas -- go
 15 ahead.
 16 MS. KAHN: Lin Kahn with the Federal
 17 Trade Commission.
 18 MR. MANNING: This is Thomas Manning
 19 of Buchanan Ingersoll & Rooney on behalf
 20 of Benco Dental Supply.
 21 EXAMINATION
 22 BY MR. OWYANG:
 23 Q. Good morning, Ms. Foster. Thank you
 24 for appearing here today.
 25 Please state and spell your name.

1 D. FOSTER
 2 mean John and his team?
 3 MR. OWYANG: Yes.
 4 THE WITNESS: Yes, we met yesterday.
 5 BY MR. OWYANG:
 6 Q. For how long?
 7 A. Several hours. I mean, from about
 8 9:30 in the morning till about 5 o'clock at
 9 night, a little after 5:00.
 10 Q. Do you recall the names of the folks
 11 who were there?
 12 A. Adrian. I don't remember his last
 13 name.
 14 MR. McDONALD: Fontecilla.
 15 BY MR. OWYANG:
 16 Q. Is that it?
 17 A. And John, of course. And I met with
 18 the representative from Patterson.
 19 MS. SEIDL: Just to be clear, it was
 20 just an introduction. We didn't discuss
 21 anything related to the deposition.
 22 MR. OWYANG: Understood.
 23 MR. McDONALD: I think he wanted an
 24 answer from you, Debbie, that it was
 25 Adrian Fontecilla who you met with.

1 D. FOSTER
 2 A. Deborah, D-E-B-O-R-A-H, Foster,
 3 F-O-S-T-E-R.
 4 Q. Who is your current employer?
 5 A. Henry Schein Incorporated.
 6 Q. What is your current job title?
 7 A. Regional account manager, abbreviated
 8 as RAM, R-A-M.
 9 Q. Was your name ever Debbie Torgersen
 10 Foster?
 11 A. Yes.
 12 Q. Approximately when did that stop?
 13 A. I was remarried in 2011, so lost my
 14 previous name then.
 15 Q. Understood.
 16 Did you meet with counsel before
 17 today?
 18 A. No.
 19 Q. Did you meet with counsel today?
 20 A. Yes.
 21 Q. Approximately how long did you meet
 22 with counsel?
 23 A. Five minutes.
 24 MR. McDONALD: Actually --
 25 THE WITNESS: And by "counsel," you

1 D. FOSTER
 2 THE WITNESS: Okay.
 3 MR. McDONALD: Is that right?
 4 THE WITNESS: Yes.
 5 BY MR. OWYANG:
 6 Q. Did counsel show you any documents?
 7 A. Yes.
 8 Q. Did any of those documents refresh
 9 your recollection on anything?
 10 A. Yes.
 11 Q. What did it refresh your recollection
 12 on?
 13 A. Well, you know, in just reading them,
 14 again, when I was first asked, Does this look
 15 familiar to you? Of course, going back many
 16 years it is difficult to recall. But as I read
 17 through some of the documents, I remembered the
 18 circumstances around them.
 19 Q. With the exception of speaking with
 20 your lawyers, did you do anything to prepare
 21 for today?
 22 A. No.
 23 Q. Did you speak with anyone other than
 24 your lawyers about today's deposition?
 25 A. I just alerted my manager that I

1 D. FOSTER
 2 would be here.
 3 Q. And who was your manager?
 4 A. Marcy Roy.
 5 Q. And what is Ms. Roy's position?
 6 A. She is the dental group practice
 7 regional manager for the east coast.
 8 Q. Is she the person that you report
 9 directly to?
 10 A. Yes. Now.
 11 Q. With the exception of documents that
 12 your lawyer showed you, did you review any on
 13 your own?
 14 A. No.
 15 Q. I'd like to go over a couple of
 16 ground rules today so things run smoothly.
 17 As you're aware, you were just sworn
 18 in by the court reporter. Do you understand
 19 that?
 20 A. Yes.
 21 Q. All of my questions and all of your
 22 answers are going to be recorded by the court
 23 reporter. Please answer my questions
 24 truthfully, completely, and to the best of your
 25 knowledge.

1 D. FOSTER
 2 would ask that you answer it before we take a
 3 break.
 4 Does that make sense?
 5 A. Yes.
 6 Q. Is there any reason whatsoever that
 7 will prevent you from giving full, complete,
 8 accurate, and truthful testimony today?
 9 A. Absolutely not.
 10 Q. When did you start working at Henry
 11 Schein?
 12 A. June of '94.
 13 Q. What was your first position at
 14 Schein?
 15 A. I was an outbound telesales rep.
 16 Q. How -- approximately how long were
 17 you a outbound telesales rep?
 18 A. About a year, year and a half.
 19 Q. What was your position after that?
 20 A. I was promoted to the inbound
 21 telesales supervisor for New York.
 22 Q. What is the difference between
 23 inbound and outbound?
 24 A. Outbound, we worked with accounts
 25 that were more high-touch. They needed more

1 D. FOSTER
 2 Do you understand that?
 3 A. Yes.
 4 Q. Please make sure that you answer my
 5 questions verbally, rather than by nodding or
 6 saying "uh-huh" or "huh-huh," so that the court
 7 reporter can take that down.
 8 Does that make sense?
 9 A. Yes.
 10 Q. Let's try not to speak over each
 11 other. Please let me finish asking my question
 12 before you begin to answer, and I will do the
 13 same. I will let you finish answering your
 14 question before I ask my next one.
 15 Does that make sense?
 16 A. Yes, it does.
 17 Q. If you don't understand a question,
 18 please tell me that you don't understand, and I
 19 will do my best to rephrase or clarify it.
 20 Do you understand?
 21 A. Yes.
 22 Q. If you need to take a break at any
 23 time, please tell me or your lawyer, and I will
 24 do my best to accommodate you. The one
 25 exception is if there is a question pending, I

1 D. FOSTER
 2 attention. Some of them were multiple
 3 locations; some of them were single locations,
 4 just large volume.
 5 And inbound was basically all of the
 6 incoming phone calls where doctors, dentists,
 7 assistants were calling in for orders.
 8 Q. How long did you work in telesales?
 9 A. Well, I basically went from that
 10 current position of inbound supervisor to
 11 special markets telesales supervisor, and I did
 12 that up to the point where I moved to the
 13 field, which was in 2005.
 14 Q. So you're doing telesales from '94 --
 15 A. Telesales management, yes.
 16 Q. Please let me finish.
 17 You were doing telesales from '94 to
 18 2005?
 19 A. Yes.
 20 Q. So after telesales, you became
 21 director of sales for special markets?
 22 A. Yes.
 23 Q. And how long were you director of
 24 sales for special markets?
 25 A. I was focusing on correctional

1 D. FOSTER
2 facilities, and up until this point currently,
3 have been working in the special markets group
4 and in the mid-market group in the field since
5 then.

6 Q. What years were you in special
7 markets?

8 A. Mid-market started about end of 2014.

9 Q. What were your responsibilities as
10 director of sales for special markets?

11 A. They varied, because it changed
12 almost yearly. There were restructures.
13 Started out calling on all of the correctional
14 facilities nationally, and then I did get a few
15 folks working underneath me at one point. And
16 then I was focusing on institutional and
17 community health, and then that blossomed into
18 group practices.

19 Q. Is community health the same as
20 community health center?

21 A. Yes.

22 Q. In your current position, you're a
23 regional account manager; is that right?

24 A. Yes.

25 Q. When did you start as a regional

1 D. FOSTER
2 account manager?

3 A. The end of 2014 the division was
4 created, and we started transitioning. It was
5 official, I guess, the beginning of 2015, but
6 we started the transition in the end of '14.

7 Q. Are you responsible for a particular
8 region?

9 A. Yes.

10 Q. What is that region?

11 A. Currently it's North and South
12 Carolina, Georgia, and Tennessee, but that has
13 changed over the years.

14 Q. How has it changed over the years?

15 A. I was going up as far as Maryland at
16 one point.

17 Q. But you're no longer responsible for
18 Maryland?

19 A. No longer.

20 Q. What are your responsibilities as
21 regional account manager?

22 A. To increase market share in group
23 practices, buying groups, DSOs. We just gave
24 up the community health centers. I was calling
25 on them up until January. January, there was a

1 D. FOSTER
2 transition. So now I'm focusing strictly on
3 group practices, buying groups, and DSOs.

4 Q. You mentioned you're responsible for
5 increasing market share; is that right?

6 A. Yes.

7 Q. What does that mean?

8 A. That means taking business from our
9 competition.

10 Q. You also mentioned you gave up the
11 CHCs. What did you mean by that?

12 A. We restructured once again, and they
13 created a new position, an institutional
14 government manager. And all the community
15 health centers were given to those folks.

16 Q. So Schein still serves CHCs, just
17 you're not responsible for it?

18 A. Absolutely. Absolutely.

19 Q. Then you mentioned three other
20 groups: Group practices, buying groups, and
21 DSOs; is that right?

22 A. Correct.

23 Q. Are those three things distinct in
24 your mind?

25 A. Yes.

1 D. FOSTER

2 Q. Right before you became regional
3 account manager, while you were still director
4 of sales for special markets, who did you
5 report to?

6 A. I reported in to Randy Foley.

7 Q. Who is Randy Foley?

8 A. Randy Foley was the director of sales
9 nationally for special markets.

10 Q. Is that his title today?

11 A. He's retired since.

12 Q. What was his title -- was he always
13 director of sales for -- nationally for special
14 markets?

15 A. No, he was not. He came from our
16 software division.

17 Q. What was his title before he retired?

18 A. Might have been -- I'm not really
19 sure -- vice president of sales for special
20 markets.

21 Q. Did you continue to report to
22 Mr. Foley when you became regional account
23 manager?

24 A. No.

25 Q. How long did you work with Mr. Foley?

1 D. FOSTER

2 A. Very long time, even before I
3 reported directly to him, because he was in
4 charge of the software solutions that we offer.
5 So I had known and worked with Randy for at
6 least eight, nine years.

7 Q. How long did you report to Mr. Foley?

8 A. Can't recall exactly. Several years,
9 but again, there were so many restructures in
10 our division that I had multiple bosses at one
11 time.

12 Q. Who are some of those other bosses?

13 A. I reported directly, at one point, to
14 Hal Muller, and we had John Barresi come in for
15 a very short time, and then we had Colan
16 Rogers.

17 Q. What was Mr. Muller's title at the
18 time you reported to him?

19 A. He was president of special markets.

20 Q. What was John Barresi's title at the
21 time you reported to him?

22 A. Director of sales, special markets.

23 Q. And I missed the last one. Colan?

24 A. Colan Rogers.

25 Q. What was Mr. Rogers' title when you

1 D. FOSTER

2 reported to him?

3 A. Director of sales, special markets.

4 Q. Did anyone -- strike that.

5 Did anyone directly report to you
6 when you were director of sales for special
7 markets?

8 A. Yes, for a short time.

9 Q. How many people?

10 A. I had three people.

11 Q. What were their titles?

12 A. They were, at the time -- I honestly
13 don't remember what the titles were, because we
14 changed names. Corporate accounts field. I'm
15 not really sure.

16 Q. Do you recall their names?

17 A. Yes. It was Casey Silvis, Rhonda
18 Durante, and Mark McIlroy.

19 Q. How do you typically communicate with
20 the people that you -- to whom you directly
21 report?

22 MR. McDONALD: Object to form.

23 BY MR. OWYANG:

24 Q. You can answer.

25 A. Via phone, phone call, text, e-mail;

1 D. FOSTER

2 any method that I can reach them.

3 Q. Did you typically communicate by
4 e-mail when you were director of sales for
5 special markets?

6 MR. McDONALD: Object to the form.

7 THE WITNESS: Not typically. Just
8 that was one form.

9 BY MR. OWYANG:

10 Q. How do you communicate with the
11 people that report directly to you?

12 A. I don't have anybody that reports
13 directly to me any longer.

14 Q. You don't manage anyone right now?

15 A. No, I do not.

16 Q. Is it your ordinary practice to be
17 truthful, accurate, and complete in your e-mail
18 communications with your superiors?

19 A. Absolutely. Yes.

20 Q. Is it your ordinary practice to be
21 truthful, accurate, and complete in your e-mail
22 communications with people you work with but
23 don't report to?

24 A. Yes.

25 Q. I'm going to hand you a document that

1 D. FOSTER

2 has been marked as CX5000. It's a copy of your
3 LinkedIn profile that is available online.

4 (Thereupon, Exhibit CX5000 was marked for
5 identification.)

6 BY MR. OWYANG:

7 Q. Please take a moment to look at this
8 document and let me know when you're done.

9 MR. OWYANG: Oh. Throughout the day,
10 as you can see in the bottom right-hand
11 corner, there's a number that begins "CX,"
12 and then there's a four-digit number.

13 There is going to be a unique four-digit
14 number on each of the documents I'm
15 showing you. After that, there is a
16 three-digit number that is the page number
17 for the document. That is the page number
18 I'm going to be referring to throughout
19 the day.

20 THE WITNESS: Okay.

21 MR. McDONALD: So, David, there's a
22 date at the bottom of this. Is that when
23 you printed this?

24 MR. OWYANG: Yes.

25

1 D. FOSTER
 2 BY MR. OWYANG:
 3 Q. Are you ready?
 4 A. Yes.
 5 Q. Have you had a chance to review
 6 CX5000?
 7 A. Yes.
 8 Q. Have you seen this document before?
 9 A. Yes.
 10 Q. What is CX5000?
 11 A. It is my LinkedIn profile.
 12 Q. And you created this --
 13 A. I did.
 14 Q. -- profile?
 15 Turning to the second page --
 16 sorry -- the document has a date, 5/26/2018,
 17 and that is the date I printed it.
 18 After you reviewed this document, is
 19 it current as of today?
 20 A. No.
 21 Q. How is it different?
 22 A. I have not added my regional account
 23 manager position to present.
 24 Q. Okay. Is that the only change?
 25 A. Yeah. I just haven't updated my

1 D. FOSTER
 2 just through telesales. We also had other
 3 ordering platforms, such as touch-tone
 4 phone ordering, Aruba, which was a
 5 software that we used at henryschein.com.
 6 BY MR. OWYANG:
 7 Q. Is Aruba something that customers
 8 would use?
 9 A. Yes.
 10 Q. Is Aruba an online platform?
 11 A. It is the beginning stages of -- it's
 12 a software program that they had to install to
 13 be able to order, prior to henryschein.com
 14 being created.
 15 Q. Today, Henry Schein is a full-service
 16 distributor; is that right?
 17 A. Correct.
 18 Q. How do you define "full service"?
 19 A. Basically, we have a wheel that we
 20 represent to our customers, and the wheel
 21 covers not only supplies and equipment and
 22 technology, but other services, like business
 23 solutions. So we've evolved into a
 24 full-service company, not only servicing their
 25 dental needs, but also their business needs.

1 D. FOSTER
 2 current responsibilities.
 3 Q. Okay. Turning to the second page.
 4 There's a heading that reads "telesales
 5 manager."
 6 Do you see that?
 7 A. Yes.
 8 Q. Is that the telesales manager
 9 position that we were discussing earlier?
 10 A. Yes.
 11 Q. Could you generally describe what
 12 telesales was when you were in that position?
 13 A. Sure. We had a call center of calls
 14 coming in and reps making outbound calls to
 15 customers, and it was my job to make sure that
 16 calls were handed in a timely manner and
 17 efficiently, and also coach the reps through
 18 monitoring sessions and make sure that they are
 19 meeting the customers' needs and doing what
 20 they needed to do to upsell.
 21 Q. At the time you were telesales
 22 manager, did Henry Schein only sell dental
 23 supplies through telesales?
 24 MR. McDONALD: Object to the form.
 25 THE WITNESS: No, we did not sell

1 D. FOSTER
 2 Q. When did that evolution take place?
 3 MR. McDONALD: Object to the form.
 4 THE WITNESS: It took place right
 5 about the time -- I would say 2014, when
 6 the mid-markets area was created, out of
 7 the need and change in the whole industry.
 8 BY MR. OWYANG:
 9 Q. So if I understand you correctly,
 10 Henry Schein wasn't a full-service distributor
 11 before 2014?
 12 A. The business solutions were not
 13 introduced up until that point. We still
 14 serviced all equipment and did equipment
 15 merchandise; we just didn't have our business
 16 solutions portfolio.
 17 Q. When did Henry Schein become a
 18 full-service distributor?
 19 MR. McDONALD: Object to the form.
 20 THE WITNESS: Depending on your
 21 definition, like I said, if we're talking
 22 business solutions, that was about the
 23 2014 time frame. But we serviced
 24 customers in a full-service manner as far
 25 as their equipment and service locally all

1 D. FOSTER
 2 along.
 3 BY MR. OWYANG:
 4 Q. Before 2014, was there ever a time
 5 when you described Henry Schein as being a
 6 full-service distributor?
 7 A. Repeat the question.
 8 Q. Before 2014, was there ever a time
 9 when you described Henry Schein as offering
 10 full-service distribution?
 11 A. Yes.
 12 Q. When did you start describing Henry
 13 Schein's offering as being full-service?
 14 A. From the time I started in '94.
 15 Q. What is the difference between full
 16 service and telesales?
 17 MR. McDONALD: Object to the form.
 18 THE WITNESS: Telesales is strictly
 19 customers call in and place their orders.
 20 They also can assist with some customer
 21 service issues. But a full-service
 22 company encompasses a relationship with
 23 the customer, making sure that we have
 24 touched on them in every aspect, and not
 25 just dental supplies, but all of the other

1 D. FOSTER
 2 to help our customers grow and evolve.
 3 Q. Does the wheel include repair
 4 services at all?
 5 A. Service, yes.
 6 Q. What types of repair service does
 7 Schein offer?
 8 A. Anything and everything on their
 9 dental equipment.
 10 Q. How quickly does Schein provide that
 11 repair service?
 12 A. The customer calls into a hub and
 13 they immediately contact a local technical
 14 service rep, so depending on what part of the
 15 country, what city and state they are in, that
 16 would depend on their response time.
 17 Q. For a dentist in Charlotte, if the
 18 dentist were to call on Monday, how soon would
 19 the dentist receive the repair service?
 20 MR. McDONALD: Object to the form.
 21 THE WITNESS: Yeah, that is very
 22 dependent on how many projects are
 23 currently going on. We have multiple
 24 service techs out of the Charlotte branch,
 25 but at any given time it's a new day.

1 D. FOSTER
 2 services that we offer.
 3 BY MR. OWYANG:
 4 Q. What is the difference between full
 5 service and online?
 6 A. Again, same -- same concept. If a
 7 customer is just ordering online, they only
 8 have the ability to place an order for supplies
 9 or equipment. Again, involving the wheel,
 10 making sure that we are fully entrenching that
 11 customer with all the services we have to
 12 offer.
 13 Q. What are some of those services on
 14 the wheel?
 15 A. Right now, we have technology
 16 services. We can help customers with software
 17 solutions, the hardware and the software, to
 18 help manage their practices and their patient
 19 records electronically, the business solutions,
 20 which is the newer part of the wheel in
 21 addition to supplies and equipment.
 22 Q. What do you mean by "business
 23 solutions"?
 24 A. Business solutions are consultants
 25 that Henry Schein works with and partner with

1 D. FOSTER
 2 BY MR. OWYANG:
 3 Q. Would it take a week?
 4 MR. McDONALD: Object to the form.
 5 THE WITNESS: I don't hear that we
 6 generally take a week. I'm not involved
 7 in the service department, so I don't
 8 really know.
 9 BY MR. OWYANG:
 10 Q. What is the general turnaround time
 11 that you're aware of?
 12 MR. McDONALD: Object to the form.
 13 If you know, tell him, but don't
 14 guess.
 15 THE WITNESS: Response time is within
 16 minutes of their service call. But actual
 17 service, that I don't know. Again, I
 18 don't have those statistics.
 19 BY MR. OWYANG:
 20 Q. On the first page of CX5000 there's a
 21 heading that reads "Director of Sales, Special
 22 Markets."
 23 Do you see that?
 24 A. Yes.
 25 Q. Is that the director of sales,

1 D. FOSTER
 2 special markets position that we discussed
 3 earlier?
 4 A. Yes.
 5 Q. The first sentence of the paragraph
 6 below that title reads, quote, "Managed a
 7 nationwide territory consisting of the
 8 following markets over the 10-year period:
 9 Correctional, community health, institutional,
 10 and large group practices."
 11 Do you see that?
 12 A. Yes.
 13 Q. Correctional, community health,
 14 institutional, and large group practices are
 15 examples of different types of Schein
 16 customers; is that right?
 17 A. Correct.
 18 Q. What does "correctional" mean?
 19 A. Correctional is our either state,
 20 federal, or privately owned jails and prisons
 21 throughout the country.
 22 Q. What does "large group practices"
 23 refer to?
 24 A. They refer to multiple location
 25 private practices.

1 D. FOSTER
 2 A. Discovery meeting is questioning your
 3 customer, finding out where they are at now,
 4 where they are going, what their goals are, and
 5 how we can align them with what our services
 6 offer.
 7 Q. How do you help customers with
 8 pricing?
 9 A. We have multiple tiers on our sales
 10 plans. So, again, it is finding out from the
 11 customer where they are starting, where they
 12 plan to be in the future, so we can place them
 13 on one of our pricing plans and get them what
 14 they need at the best price possible, but also
 15 have room to grow with them as they start
 16 evolving over time.
 17 Q. Are the pricing tiers the same as
 18 discounts?
 19 A. Yes.
 20 Q. What does "product mix" refer to?
 21 A. There are two ways you can reduce a
 22 customer's spend. You can reduce the price on
 23 that individual product, or you can start
 24 looking a little bit deeper at what they're
 25 ordering, and if they are willing to make

1 D. FOSTER
 2 Q. And what do you mean by "private
 3 practice"?
 4 A. Private dental practices.
 5 Q. So owned by the dentist or dentists
 6 who work for that practice?
 7 A. No, not necessarily.
 8 Q. Could you explain that?
 9 A. They could be owned individually by
 10 the private dentist, or they could be owned by
 11 a corporate location or entity.
 12 Q. I see.
 13 The second sentence of that paragraph
 14 reads, quote, "Helped customers reach their
 15 potential by assisting with pricing, reporting,
 16 training, economic changes, product mix."
 17 Do you see that?
 18 A. Yes.
 19 Q. What does "pricing" refer to?
 20 A. "Pricing" refers to their buying
 21 power. We have multiple sales plans set up for
 22 each one of those business units, so to vet the
 23 customer, have discovery meetings, question
 24 them, and find where they fit in.
 25 Q. What is a discovery meeting?

1 D. FOSTER
 2 changes, in brands perhaps, we can negotiate
 3 better pricing with our manufacturer partners,
 4 or if they are willing to look at private brand
 5 we can certainly save them money there.
 6 So product mix, when we work with
 7 customers long-term, we do evaluate what they
 8 are ordering and make suggestions to help them
 9 buy smarter.
 10 Q. Have you personally evaluated a
 11 customer's product mix?
 12 A. Yes.
 13 Q. Do you do that today?
 14 A. I do.
 15 Q. For what types of customers do you
 16 evaluate their product mix?
 17 A. Again, now, since I'm focusing mainly
 18 on groups or multiple-location entities, it is
 19 for them now. But I have done that with pretty
 20 much all of those market segments that are
 21 listed on there.
 22 Q. Have you ever evaluated the product
 23 mix for a single-dentist practice?
 24 A. No.
 25 Q. What is the smallest group practice

1 D. FOSTER
 2 for which you've evaluated their product mix?
 3 A. Three.
 4 Q. Three dentists?
 5 A. Three locations, yeah, three. It
 6 could be more than three dentists. Multiple
 7 dentists at each location, possibly.
 8 Q. In terms of number of dentists, how
 9 small is the smallest group practice for which
 10 you've personally evaluated product mix?
 11 A. Three.
 12 Q. Three dentists.
 13 A. Yes.
 14 Q. Okay.
 15 On the first page of CX5000, there is
 16 a heading that reads "Regional Account
 17 Manager."
 18 Do you see that?
 19 A. Yes.
 20 Q. Is the regional account manager
 21 position on this page the same position that we
 22 discussed earlier?
 23 A. Yes.
 24 Q. The first sentence of the paragraph
 25 below that title reads, quote, "Manage a

1 D. FOSTER
 2 territory of four states focusing on community
 3 health clinics, technical schools, and group
 4 practices."
 5 Do you see that?
 6 A. I do.
 7 Q. Which four states are in your
 8 territory again?
 9 A. At this time, again, I haven't
 10 updated. North Carolina, South Carolina,
 11 Georgia, and Tennessee.
 12 Q. On this third line of that --
 13 MR. McDONALD: Just so we are clear,
 14 are you saying that those four states is
 15 what you referenced here, or that's
 16 what -- your current four?
 17 THE WITNESS: Referenced here. I
 18 haven't updated it.
 19 MR. OWYANG: Thank you for that
 20 clarification.
 21 THE WITNESS: Sure.
 22 BY MR. OWYANG:
 23 Q. On the third line of the paragraph
 24 underneath regional account manager, there's a
 25 sentence that reads, quote, "Currently managing

1 D. FOSTER
 2 a territory of over 600 accounts, working with
 3 over 80 local field reps and four regional
 4 managers."
 5 Do you see that?
 6 A. Yes.
 7 Q. I take it that that was at the time
 8 of the regional account manager position, and
 9 not current?
 10 A. Well, the accounts are different, the
 11 number of accounts, because my territory has
 12 shrunk down. But I still work with local field
 13 reps and regional managers.
 14 Q. Approximately how many local field
 15 reps do you work with right now?
 16 A. Approximately 45.
 17 Q. And approximately how many regional
 18 managers do you work with right now?
 19 A. I have four.
 20 Q. What is a field rep?
 21 A. Field sales consultant, field rep.
 22 That is the Henry Schein feet on the street,
 23 the folks that actually call on the offices on
 24 a routine basis.
 25 Q. Is field sale -- is field sales rep

1 D. FOSTER
 2 the lowest person in the organization?
 3 MR. McDONALD: Object to form.
 4 THE WITNESS: I'm not sure what you
 5 mean by "lowest."
 6 BY MR. OWYANG:
 7 Q. Are there any positions below field
 8 sales rep?
 9 MR. McDONALD: Object to the form.
 10 THE WITNESS: As far as feet on the
 11 street?
 12 BY MR. OWYANG:
 13 Q. Correct.
 14 A. There is no -- no. That is the
 15 initial position.
 16 Q. What is the position above field
 17 sales rep?
 18 A. Regional manager.
 19 Q. And what is above regional manager?
 20 A. Zone manager.
 21 Q. What is above zone manager?
 22 A. Vice president.
 23 Q. And where do you fall into that
 24 hierarchy?
 25 MR. McDONALD: Object to the form.

1 D. FOSTER
 2 THE WITNESS: I'm not in that
 3 hierarchy, because mid-markets is a
 4 separate dental division, so I'm not
 5 either one of those titles. Mine is still
 6 regional account manager.
 7 BY MR. OWYANG:
 8 Q. Understood.
 9 FSC is the same as field sales rep?
 10 A. Field sales consultant, yes.
 11 Q. Got it.
 12 In the middle of that paragraph,
 13 there's a sentence that reads, "Appointed as
 14 the manager working directly with National
 15 Association of Free Clinics in VA to ensure we
 16 are working together to provide the free
 17 clinics in the US with the tools they need to
 18 help the underserved in our country."
 19 Do you see that?
 20 A. Yes.
 21 Q. What does that sentence generally
 22 mean?
 23 A. Even though I wasn't managing the
 24 state of Virginia for those other market
 25 segments listed, they did appoint me to work

1 D. FOSTER
 2 Q. What does that sentence mean?
 3 A. I worked with the state community
 4 health center associations, not just the
 5 individual clinics, but at the state level, to
 6 help ensure that we are providing all of our
 7 services to them and their members.
 8 Q. Approximately how many of your
 9 accounts are community health clinics?
 10 MR. McDONALD: Currently?
 11 THE WITNESS: Currently?
 12 BY MR. OWYANG:
 13 Q. Currently.
 14 A. I don't have any.
 15 Q. How many at the time when you were
 16 regional account manager?
 17 A. Out of the 600 accounts I was
 18 managing, I would speculate about a third of
 19 them were community health centers.
 20 Q. Community health centers is sometimes
 21 shortened down to "CHC"; is that right?
 22 A. Correct.
 23 Q. "FQHC" stands for federally qualified
 24 health centers; is that right?
 25 A. Correct.

1 D. FOSTER
 2 with the association of free clinics that was
 3 headquartered there to help drive additional
 4 business into those underserved clinics.
 5 Q. Who appointed you to that position?
 6 A. That was my manager.
 7 Q. Who --
 8 A. Marcy Roy.
 9 Q. Can you spell that?
 10 A. Sure. M-A-R-C-Y, last name Roy,
 11 R-O-Y.
 12 Q. What does "free clinic" mean?
 13 A. Free clinics are clinics that are
 14 treating patients, and they basically don't
 15 receive any federal or state money. The only
 16 type of funding they can actually receive is
 17 grants that they are given, so public grants
 18 and fundraising.
 19 Q. The next sentence in that paragraph
 20 reads, "Tied closely with the community health
 21 clinics," in parentheses, "(FQHCs)," close
 22 parentheses, "and the state associations in the
 23 southeast."
 24 Do you see that?
 25 A. Yes.

1 D. FOSTER
 2 Q. Community health centers are
 3 not-for-profit; correct?
 4 A. Correct.
 5 Q. Community health centers receive
 6 funding from the government; correct?
 7 MR. McDONALD: Object to the form.
 8 THE WITNESS: In some cases, yes.
 9 BY MR. OWYANG:
 10 Q. What about the other cases?
 11 MR. McDONALD: Object to the form.
 12 THE WITNESS: In other cases, they
 13 have to go out for their own funding.
 14 BY MR. OWYANG:
 15 Q. And who are the sources of that
 16 funding?
 17 MR. McDONALD: Object to form.
 18 THE WITNESS: Any type of fundraising
 19 they can do and grants that they can apply
 20 for.
 21 BY MR. OWYANG:
 22 Q. Community health centers serve the
 23 indigent; correct?
 24 A. Correct.
 25 Q. Community health centers serve the

1 D. FOSTER
 2 uninsured; correct?
 3 MR. McDONALD: Object to the form.
 4 THE WITNESS: Not always.
 5 BY MR. OWYANG:
 6 Q. Community health centers provide
 7 services in addition to dental services;
 8 correct?
 9 A. I'm not sure what you mean by the
 10 question.
 11 Q. Sure. So what types of services
 12 other than dental services do community health
 13 centers provide?
 14 MR. McDONALD: Object to the form.
 15 THE WITNESS: They have usually a
 16 medical division, but I don't deal with
 17 that at all.
 18 BY MR. OWYANG:
 19 Q. Sure.
 20 Other than medical, do they offer any
 21 other types of services?
 22 MR. McDONALD: Object to form.
 23 THE WITNESS: Just in knowing --
 24 BY MR. OWYANG:
 25 Q. Yes.

1 D. FOSTER
 2 of where the customer is currently at and where
 3 they would like to go, to see where our
 4 consulting services and business solutions and
 5 technology can help them research their goals.
 6 Q. Does Henry Schein offer dentists
 7 one-stop shopping for their dental supplies
 8 needs?
 9 A. Yes, we do.
 10 Q. Focusing on the group practices for
 11 private practices -- are you with me?
 12 A. Yes.
 13 Q. What types of dental supplies do
 14 those groups purchase?
 15 MR. McDONALD: Object to the form.
 16 You mean in general?
 17 MR. OWYANG: In general.
 18 THE WITNESS: They'll purchase
 19 everything from us, so we have the
 20 opportunity to gain their business from
 21 the consumables and disposables, through
 22 their instruments, through their small
 23 equipment and technology into their large
 24 equipment.
 25

1 D. FOSTER
 2 A. -- and doing a lot of research, they
 3 do behavioral health as well.
 4 Q. What percentage of Schein's dental
 5 business is attributable to CHCs?
 6 MR. McDONALD: Object to form.
 7 THE WITNESS: I have no idea.
 8 BY MR. OWYANG:
 9 Q. Continuing on with CX5000, about a
 10 third of the way down, on that same paragraph
 11 underneath regional account manager, there's a
 12 sentence that reads, "Personally handle the
 13 sales experience from discovery meeting to
 14 close and beyond."
 15 Do you see that?
 16 A. Yes.
 17 Q. I think we discussed that, but can
 18 you remind me again what that means?
 19 A. Sure. So from the very early stages
 20 of a customer having interest in doing business
 21 with Henry Schein, I meet with them. We make
 22 sure that we, as a team -- usually, we're going
 23 with the local field sales rep; local regional
 24 manager; in some cases, the equipment
 25 specialist -- and we really do a full diagnosis

1 D. FOSTER
 2 BY MR. OWYANG:
 3 Q. What is a consumable?
 4 A. Consumables are items that are being
 5 used in the patient's mouth; for example,
 6 fillings, the composite material they use to
 7 fill teeth. Anything they are using on a
 8 customer that involves that particular
 9 customer, the materials and the disposables.
 10 Q. What is the difference between
 11 consumable and disposable?
 12 A. They are one and the same.
 13 Q. Okay. Would consumables include
 14 cotton products?
 15 A. Yes.
 16 Q. Bibs?
 17 A. Yes.
 18 Q. Towels?
 19 A. Yes.
 20 Q. Tongue depressors?
 21 A. Yes.
 22 Q. Gloves?
 23 A. Yes.
 24 Q. Anesthetics?
 25 A. Yes.

1 D. FOSTER
 2 Q. Are you familiar with the spend --
 3 the average spend of a single-dentist practice?
 4 A. No.
 5 Q. When a dentist orders supplies from
 6 Schein, how long does it typically take for the
 7 dentist to receive that order?
 8 MR. McDONALD: Object to the form.
 9 THE WITNESS: If they order before
 10 3:00 p.m., they usually receive the order
 11 next day.
 12 (Thereupon, Exhibit CX2002 was marked for
 13 identification.)
 14 BY MR. OWYANG:
 15 Q. You can put that document aside.
 16 I'm going to hand you a document that
 17 has been marked CX2002. This document is Bates
 18 stamped Henry Schein-000-16-7972 through 974.
 19 It appears to be an e-mail from
 20 Debbie Foster to Randy Foley dated February 21,
 21 2012. The subject is "Presentation to HSD,"
 22 and it has an attachment, a Word attachment,
 23 "HSD BD versus DSO - document for meetings."
 24 Please take a moment to look at this
 25 and let me know when you're ready.

1 D. FOSTER
 2 would have something to review with the teams.
 3 It was part of my job to meet with the local
 4 teams and help support them.
 5 Q. Did you ultimately present this
 6 document?
 7 A. That, I don't remember. I don't
 8 remember if Randy ever approved or it was
 9 presented.
 10 Q. Is there anything that would refresh
 11 your recollection of that?
 12 A. Probably not from 2012. I did a lot
 13 of presentations to the groups.
 14 Q. Have you given presentations like
 15 this before?
 16 MR. McDONALD: Object to the form.
 17 THE WITNESS: Not necessarily like
 18 this, but I do presentations to our local
 19 teams on a regular basis.
 20 BY MR. OWYANG:
 21 Q. Why do you present to the local
 22 teams?
 23 A. Because it is my job to engage them
 24 to make sure that they fully understand what my
 25 role is, what their role is, and make sure that

1 D. FOSTER
 2 Have you had a chance to review
 3 CX2002?
 4 A. Yes.
 5 Q. Have you seen CX2002 before?
 6 A. Yes.
 7 Q. What is CX2002?
 8 A. It is an e-mail that I sent to Randy
 9 Foley on February 21st, 2012, which was a
 10 proposal of a presentation that I was going to
 11 make to our field sales consultants in Raleigh
 12 and Charlotte.
 13 Q. Did you create the proposed
 14 presentation?
 15 A. I didn't necessarily create it. It
 16 was a compilation of some other e-mails that we
 17 had had, and I sort of put it together in
 18 one -- one document.
 19 Q. Did you create this document in the
 20 ordinary course of business?
 21 A. Yes.
 22 Q. Did you create this document as part
 23 of your responsibilities as director of sales
 24 for Henry Schein special markets?
 25 A. No. I created the document so I

1 D. FOSTER
 2 I'm constantly answering their questions and
 3 introducing new solutions for our customers
 4 that we share.
 5 Q. In 2012, approximately how many times
 6 did you present to the local teams?
 7 A. I could not even speculate.
 8 Q. Would it be multiple times?
 9 A. I met with each region at least twice
 10 in the year, some more.
 11 Q. How many regions were there?
 12 A. In 2012, I believe I still handled
 13 Maryland and Virginia, so that would have been
 14 about seven regions within Henry Schein.
 15 Q. So if you presented to each region
 16 twice, and there were seven regions, you made
 17 about 14 presentations?
 18 A. Sure.
 19 Q. What was the purpose of this
 20 particular presentation?
 21 A. It was just to -- we were continuing
 22 to evolve as a company. We were leading the
 23 market in group practice and buying groups
 24 space. Nothing was really clearly defined at
 25 that time, because this is when these group

1 D. FOSTER
2 practices and buying groups were emerging.
3 Even since this document, so much has changed
4 and evolved.

5 So it was really just the purpose of
6 meeting with the team to better define which
7 division at that time was handling what.

8 Q. What do you mean when you said that
9 buying groups were emerging?

10 A. We had at that time several buying
11 groups under the special markets umbrella.
12 Some of them were opened and were doing
13 business with us under the Henry Schein Dental
14 umbrella, so we were trying to at that point
15 restructure ourselves to better meet the
16 market.

17 Q. Were buying groups becoming more
18 prevalent in 2012?

19 A. Absolutely.

20 Q. What are the Charlotte and Raleigh
21 teams that you reference in the cover e-mail?

22 A. What do you mean by what are they?

23 Q. Just what do those teams do, or what
24 did they do at the time?

25 A. The field consultants. So that is

1 D. FOSTER
2 who I was meeting with: The regional manager
3 and the field sales consultants for each
4 region.

5 Q. I see.

6 Was the purpose of this presentation
7 to make sure that the field sales consultants
8 understood the distinction between a DSO and a
9 buying group?

10 MR. McDONALD: Object to the form.

11 THE WITNESS: It was definitely to
12 help them try to understand better who to
13 engage with and who to pass on to the
14 management team.

15 BY MR. OWYANG:

16 Q. And who are they supposed to engage
17 with?

18 A. First, their engagement is with their
19 regional manager.

20 Q. In terms of the types of customers,
21 who were they supposed to engage with?

22 MR. McDONALD: Object to the form.

23 THE WITNESS: I'm not sure I
24 understand what you're asking.
25

1 D. FOSTER
2 BY MR. OWYANG:

3 Q. Okay. We'll get there.

4 On the cover e-mail, in the first
5 sentence, you wrote, "When you have a moment,
6 ha ha, can you take a look at the following
7 presentation I made up using a bunch of e-mails
8 and documents you have given me?"

9 Do you see that?

10 A. Yes.

11 Q. What e-mails from Mr. Foley did you
12 use to prepare this presentation?

13 A. I don't recall.

14 Q. Do you recall what types of
15 information were contained in those e-mails?

16 A. The information that was compiled on
17 the attachment.

18 Q. When did Mr. Foley send you those
19 e-mails you used to prepare this presentation?

20 A. That, I don't recall.

21 Q. Why did Mr. Foley provide you with
22 those e-mails?

23 MR. McDONALD: Object to the form.

24 THE WITNESS: Because internally, we
25 were evolving and making sense, and

1 D. FOSTER
2 distinctively trying to identify which
3 division was going to handle which type of
4 account.

5 BY MR. OWYANG:

6 Q. On the first page of CX2002, the
7 second sentence in your e-mail reads, "I am
8 meeting with the Charlotte and Raleigh teams
9 this Thursday and want to make it sure it makes
10 sense."

11 Do you see that?

12 A. Yes.

13 Q. You prepared the presentation using
14 e-mails and documents given to you by Mr. Foley
15 because you wanted to make sure the
16 presentation made sense; correct?

17 MR. McDONALD: Object to the form.

18 THE WITNESS: I wanted to make sure
19 that when I compiled a bunch of items and
20 documents, that it actually fell together
21 the way it should have.

22 BY MR. OWYANG:

23 Q. Did you try to make sure that the
24 presentation accurately reflected the e-mails
25 that Mr. Foley had given you?

1 D. FOSTER

2 A. Yes.

3 Q. Did Mr. Foley review this
4 presentation?

5 A. I don't know what happened to it
6 after this. Again, I don't even remember if I
7 ended up using it.

8 Q. On the second and third pages, you
9 have three separate definitions: Definition of
10 a DSO, definition of a buying group, and
11 definition of a large group practice.

12 Do you see that?

13 A. Yes.

14 Q. Let's start with the definition of a
15 buying group, which appears at the bottom of
16 page 2 of CX2002.

17 You identify four bullet points. Do
18 you see that?

19 A. Yes.

20 Q. The first bullet reads, quote, "An
21 organization or group of dentists that get
22 together to leverage better pricing from a
23 distributor, share best practices, and/or
24 network."

25 Is that right?

1 D. FOSTER

2 A. Yes.

3 Q. What does "leverage better pricing
4 from a distributor" mean?

5 A. It means that the group of dentists
6 that are unrelated are just trying to receive
7 better pricing for their dental supplies.

8 Q. How are they able to receive better
9 pricing?

10 MR. McDONALD: Object to the form.

11 THE WITNESS: The way that we were
12 able to set up buying groups at that time,
13 and even before this time, was to make
14 sure that there was some centralized
15 contact, instead of having to offer better
16 pricing, erode our margins, and still
17 offer the feet-on-the-street option.

18 We tried to make sure that there was
19 someone or someones available for us to
20 reach out to, so we could follow up on
21 anything from past due invoices to driving
22 compliance to formulary suggestions.

23 BY MR. OWYANG:

24 Q. Would that someone or someones be an
25 employee of Schein?

1 D. FOSTER

2 A. No.

3 Q. Who would that person be?

4 A. It would have to be somebody at the
5 group level.

6 Q. At the buying group level?

7 A. Yes.

8 Q. The second bullet reads, quote, "No
9 centralized billing. Dentists are individually
10 paying their own bills."

11 Do you see that?

12 A. I do.

13 Q. What does "no centralized billing"
14 mean?

15 A. All bills were not reporting up
16 through one billing location. So each
17 individual dentist still had their own billing
18 going to their own location.

19 Q. And each of those dentists would pay
20 their own bill separately from the others?

21 A. Correct.

22 Q. The third bullet reads, quote,
23 "Dentists and support staff are not employed by
24 one company or LLC."

25 Do you see that?

1 D. FOSTER

2 A. I do.

3 Q. What does that bullet mean?

4 A. It means that, again, they were
5 operating completely independently from each
6 other and there was no real tangible tie
7 between the dental offices.

8 Q. Were the dental offices separately
9 owned?

10 A. Yes.

11 Q. Were they separately operated?

12 A. Yes.

13 MR. McDONALD: Object to the form.

14 BY MR. OWYANG:

15 Q. Next to the heading "Definition of a
16 Buying Group," it says, "Neither SM nor HSD
17 would take on."

18 Do you see that?

19 A. Yes.

20 Q. "SM" refers to special markets;
21 correct?

22 A. Yes.

23 Q. "HSD" refers to Henry Schein Dental;
24 correct?

25 A. Yes.

1 D. FOSTER

2 Q. What does "neither SM nor HSD would
3 take on" -- what does that mean?

4 A. It means that at the field level,
5 when they were going in and getting leads or
6 possible customers at the field level, they
7 shouldn't be making any decisions at all. That
8 should be passed through the regional manager
9 and go up the chain, simply because these
10 bullet points were not enough to help our men
11 with what we needed to ask to find out if it
12 was a true win-win for us and the customer.

13 Q. So what would a field sales rep do
14 when it found an organization that met these
15 criteria?

16 A. I can't say in all cases what they
17 did. What they should have done was bring to
18 it to their regional manager.

19 Q. And what would the regional manager
20 do at that point?

21 A. The regional manager would reach out
22 to the particular customer or customers and try
23 to, again, evaluate where they are, where they
24 are going, and if it involved additional market
25 share for Henry Schein, then we could certainly

1 D. FOSTER

2 erode our margins. So it was a series of
3 questions and basically discovery that took
4 place.

5 Q. What were those questions?

6 MR. McDONALD: Object to the form.

7 THE WITNESS: I wasn't involved in
8 those meetings, so I'm not sure what the
9 exact questions are.

10 BY MR. OWYANG:

11 Q. Who would know that?

12 MR. McDONALD: Object to form.

13 THE WITNESS: The regional managers
14 would know what they were asking customers
15 when they were provided a lead like this.

16 BY MR. OWYANG:

17 Q. Why did field sales reps have to take
18 those buying groups to their regional manager?
19 Why couldn't they just sell it -- sell
20 directly?

21 MR. McDONALD: Object to the form.

22 THE WITNESS: What happens with --
23 anytime we are dealing with multiple
24 dental offices, the chances of a group of
25 10 dentists where the rep actually managed

1 D. FOSTER

2 all 10 was very slim, so normally it
3 involved other field sales consultants.

4 And we didn't allow one field sales
5 consultant to make a decision on behalf of
6 another on whether they were going to drop
7 their margins, thus affect commission.

8 BY MR. OWYANG:

9 Q. Why does it say "neither SM nor HSD
10 would take on"?

11 A. Because none of the field people, the
12 feet on the street, were allowed to do anything
13 and take them on without running things up the
14 chain. So even myself, at my director level, I
15 had to run those up the chain.

16 Q. To whom would you run it up to?

17 A. I would go to my immediate report at
18 the time.

19 Q. Who was that person?

20 A. It was multiple people during that
21 period.

22 Q. Was it ever Randy Foley?

23 A. Yes.

24 Q. Did the e-mails that you used to
25 prepare this presentation, did those e-mails

1 D. FOSTER

2 make clear that neither SM nor HSD would take
3 on buying groups?

4 MR. McDONALD: Object to the form.

5 THE WITNESS: I don't even recall.

6 BY MR. OWYANG:

7 Q. Do you use the term "buying group"
8 and "GPO" interchangeably?

9 A. At this point in time, no. But at
10 one point in time, yes.

11 Q. What was the point in time when you
12 did use them interchangeably?

13 A. When they were first introduced. Now
14 I know a GPO is a completely separate animal
15 and has a completely different definition, and
16 is more on the community health side, not so
17 much the private practice side.

18 Q. When did you learn that?

19 A. I can't specifically pinpoint a date.

20 Q. Just to be clear, you first used
21 "buying group" and "GPO" interchangeably, and
22 then there was a time you learned that they
23 were different?

24 A. Yes.

25 Q. Let's move on to definition of a DSO,

1 D. FOSTER
 2 which appears at the top of page 2 of CX2002.
 3 Do you see that?
 4 A. Yes.
 5 Q. First, the definition of a dental
 6 sales organization is distinct from the
 7 definition of a buying group; is that right?
 8 A. Yes.
 9 Q. Underneath the heading "Definition of
 10 a DSO," there are three main bullets. The
 11 first one is "Ownership"; correct?
 12 A. Yes.
 13 Q. The second one is "Owned in Part by
 14 DSO"; correct?
 15 A. Yes.
 16 Q. The third is "Managed by DSO";
 17 correct?
 18 A. Yes.
 19 Q. Let's start with the first one that
 20 reads "Ownership."
 21 Bullet A reads, "The clinic's support
 22 staff is employed by DSO, LLC, or its
 23 subsidiaries or affiliates."
 24 Did I read that correctly?
 25 A. Yes.

1 D. FOSTER
 2 Q. Moving to the second main bullet,
 3 which reads, "Owned in Part by DSO," bullet A
 4 reads, "The dentists working in the practice
 5 may be employed by and/or independent
 6 contractors of DSO, PC, or its subsidiaries or
 7 affiliates, and/or the dentist owner may
 8 provide services as an owner of the practice."
 9 Did I read that correctly?
 10 A. Correct.
 11 Q. Bullet B is, "The clinic support
 12 staff is employed by DSO, LLC, or its
 13 subsidiaries or affiliates."
 14 Is that right?
 15 A. Yes.
 16 Q. And bullet C reads, "The dentist
 17 owner and DSO makes the strategic business and
 18 financial management decisions, but DSO makes
 19 the day-to-day operational administrative
 20 decisions under a management contract."
 21 Is that right?
 22 A. Yes.
 23 Q. In DSOs where the DSO partly owns the
 24 dental practices, dentists also may own part of
 25 the practice; is that right?

1 D. FOSTER
 2 Q. Bullet B reads, "The dentists working
 3 in the practice are employed by and/or
 4 independent contractors of DSO, PC, or its
 5 subsidiaries or affiliates."
 6 Is that right?
 7 A. Yes.
 8 Q. And bullet C is, "The business and
 9 operational decisions of the practice are made
 10 by DSO."
 11 Is that right?
 12 A. Yes.
 13 Q. In the ownership definition of a DSO,
 14 the DSO owns the dental practices; is that
 15 right?
 16 A. Correct. Or they're independent
 17 contractors.
 18 Q. In the ownership definition of a DSO,
 19 the DSO employs dentists and dental support
 20 staff; is that right?
 21 A. Yes.
 22 Q. In the ownership definition of a DSO,
 23 the DSO makes its own business decisions; is
 24 that right?
 25 A. Correct.

1 D. FOSTER
 2 A. Correct.
 3 Q. In DSOs where the DSO partly owns the
 4 dental practice, the DSO is responsible for
 5 managing the day-to-day business operations of
 6 the practice; is that right?
 7 A. Yes.
 8 Q. Moving to the third main bullet,
 9 which is "Managed by DSO," bullet A reads, "The
 10 dentists working in the practice may be
 11 employees and/or independent contractors of
 12 DSO, PC, or its subsidiaries or affiliates,
 13 and/or the dentist owner may provide services
 14 as an owner of the practice."
 15 Is that right?
 16 A. Yes.
 17 Q. Bullet B reads, "The clinic support
 18 staff is employed by DSO, LLC, or its
 19 subsidiaries or affiliates."
 20 Is that right?
 21 A. Yes.
 22 Q. Bullet C reads, "The dentist owner
 23 makes the strategic business and financial
 24 management decisions, but the DSO makes the
 25 day-to-day operational and administrative

1 D. FOSTER
 2 decisions under a management contract."
 3 Did I read that correctly?
 4 A. Correct.
 5 Q. In DSOs where the dental practices
 6 are owned by dentists, the DSO is responsible
 7 for managing the day-to-day business operations
 8 of the practice; is that right?
 9 MR. McDONALD: Object to the form.
 10 You're asking that's what she's written?
 11 MR. OWYANG: No, I'm asking --
 12 MR. McDONALD: Is that the law?
 13 MR. OWYANG: No, no, no, no. I'm
 14 just asking:
 15 BY MR. OWYANG:
 16 Q. In DSOs where the dental practices
 17 are owned by dentists, DSOs are responsible for
 18 managing the day-to-day operations of the
 19 practice; is that right?
 20 MR. McDONALD: Object to the form.
 21 THE WITNESS: Can you rephrase it?
 22 I'm sorry.
 23 BY MR. OWYANG:
 24 Q. Sure. I'm just trying to understand
 25 the third definition underneath definition of a

1 D. FOSTER
 2 DSO, so focusing on DSOs that are managed by
 3 the DSO.
 4 A. Uh-huh.
 5 Q. In those -- in DSOs that are managed
 6 by DSOs, who is responsible for the day-to-day
 7 business operations of those practices?
 8 MR. McDONALD: Object to the form.
 9 THE WITNESS: The DSO organization.
 10 BY MR. OWYANG:
 11 Q. And that is through a management
 12 contract?
 13 A. Yes.
 14 MR. McDONALD: Object to the form.
 15 Pause, please; okay?
 16 THE WITNESS: Yes.
 17 MR. McDONALD: Thanks.
 18 BY MR. OWYANG:
 19 Q. In each of the three types of DSOs --
 20 ownership, owned in part by DSO, and managed by
 21 a DSO -- the DSO is responsible for day-to-day
 22 management; is that right?
 23 MR. McDONALD: Object to form.
 24 THE WITNESS: Correct.
 25 MR. OWYANG: You can put this

1 D. FOSTER
 2 document aside.
 3 MR. McDONALD: Are you switching
 4 topics?
 5 MR. OWYANG: Yes.
 6 MR. McDONALD: Why don't we take a
 7 five-minute bathroom break?
 8 MR. OWYANG: Sure.
 9 (Thereupon, a brief recess was taken.)
 10 BY MR. OWYANG:
 11 Q. Back on the record.
 12 I'd like to go back to the document
 13 we were just looking at, CX2002.
 14 Was it your intention when you were
 15 drafting this presentation to also present it
 16 to regional managers?
 17 MR. McDONALD: Object to the form.
 18 THE WITNESS: Generally, regional
 19 managers are in the room when I meet with
 20 their FSCs.
 21 BY MR. OWYANG:
 22 Q. So on the top of page 2, the first
 23 heading is "Definition of a DSO: Dental sales
 24 organization that would fall under SM"?
 25 A. Uh-huh.

1 D. FOSTER
 2 Q. Was the purpose of this document to
 3 determine what types of groups would fall under
 4 SM versus HSD?
 5 MR. McDONALD: Object to the form.
 6 THE WITNESS: That was one of the
 7 purposes of the document.
 8 BY MR. OWYANG:
 9 Q. Okay. And so DSOs would fall under
 10 special markets; is that correct?
 11 A. Correct.
 12 Q. And then at the bottom of page 2, it
 13 reads, "Definition of a large group practice
 14 that would fall under HSD."
 15 Do you see that?
 16 A. Yes.
 17 Q. So large group practices would fall
 18 under Henry Schein Dental; is that right?
 19 MR. McDONALD: Object to the form.
 20 THE WITNESS: At that time.
 21 BY MR. OWYANG:
 22 Q. At the time of this document, which
 23 is February 2012, between special markets and
 24 Henry Schein Dental, which one of those groups
 25 would handle buying groups?

1 D. FOSTER

2 MR. McDONALD: Object to the form.

3 THE WITNESS: Those were created
4 depending on what the discovery meeting
5 revealed, and whether the offices needed
6 the individual local touch. So that could
7 go either way.

8 BY MR. OWYANG:

9 Q. And you testified before the break
10 that field sales reps were supposed to bring
11 buying groups to the attention of their
12 regional managers; is that right?

13 A. Correct.

14 Q. Where in the document does it say
15 that field sales reps should do that?

16 A. There is nothing in the document, but
17 during the discussion I planned on reviewing
18 that with them. This is something that they
19 knew all along and just were not abiding by.

20 Q. Okay. You can put this aside.

21 What is the difference between
22 special markets and Henry Schein Dental?

23 MR. McDONALD: Object to the form.

24 THE WITNESS: At that time, special
25 markets was a subsidiary of Henry Schein

1 D. FOSTER

2 Dental. It was its own division with its
3 own P&L.

4 BY MR. OWYANG:

5 Q. Was Henry Schein a separate
6 subsidiary --

7 MR. McDONALD: Object to the form.

8 Q. -- at that time?

9 MR. McDONALD: I mean, you should
10 restate your question, David. If you read
11 it, you will see that it doesn't make
12 sense.

13 MR. OWYANG: Sure.

14 BY MR. OWYANG:

15 Q. In February 2012, was Henry Schein
16 Dental a subsidiary of Schein?

17 MR. McDONALD: Object to the form.
18 Lack of foundation.

19 THE WITNESS: Henry Schein Dental was
20 a division of Henry Schein.

21 BY MR. OWYANG:

22 Q. So special markets and Henry Schein
23 Dental were two separate divisions; is that
24 right?

25 A. Yes. With separate P&Ls.

1 D. FOSTER

2 Q. What types of customers did special
3 markets focus on in February 2012?

4 A. We had all of the institutional, so
5 that was state and local government -- going
6 back in my archives: State and local
7 government; community health; dental clinics in
8 hospitals; all types of correctional
9 facilities, prisons and jails; group practices;
10 buying groups; elite DSOs, which was defined as
11 100-plus locations; federal government;
12 military; Indian health; VA.

13 Q. Any others?

14 A. I believe that covers it, but I could
15 have missed something.

16 Q. Sure. In February 2012, what types
17 of customers did Henry Schein Dental cover?

18 MR. McDONALD: Object to the form.

19 THE WITNESS: They covered dental
20 practitioners; even though they did not
21 take on the financial P&L responsibility,
22 they were still calling on community
23 health centers; buying groups; and large
24 group practices that needed a local touch.
25

1 D. FOSTER

2 BY MR. OWYANG:

3 Q. What do you mean by dental
4 practitioners?

5 A. Private practitioners that own their
6 own dental offices individually.

7 Q. Would that be like a single-dentist
8 practice?

9 A. Yes.

10 Q. Why are there separate divisions --
11 sorry.

12 Why is special markets separate from
13 Henry Schein Dental?

14 MR. McDONALD: Object to the form.
15 Lack of foundation.

16 THE WITNESS: I don't know why it was
17 originally created.

18 BY MR. OWYANG:

19 Q. Now, you mentioned that Henry Schein
20 Dental called CHCs, but didn't -- CHCs didn't
21 appear on their P&L; is that right?

22 A. Correct.

23 Q. Was there ever a point in time when
24 special markets took on CHCs as part of their
25 P&L?

1 D. FOSTER
 2 MR. McDONALD: Object to the form.
 3 THE WITNESS: Yes. Special markets
 4 did have CHCs on their P&L.
 5 BY MR. OWYANG:
 6 Q. Was there ever a time when special
 7 markets stopped handling CHCs?
 8 MR. McDONALD: Object to the form.
 9 THE WITNESS: As far as P&L
 10 responsibility, no.
 11 BY MR. OWYANG:
 12 Q. Did special markets ever stop calling
 13 CHCs?
 14 A. No.
 15 Q. Did responsibility for CHCs ever
 16 transfer from special markets to Henry Schein
 17 Dental?
 18 MR. McDONALD: Object to the form.
 19 THE WITNESS: I'm not -- I don't
 20 understand the question. It was shared.
 21 There were special markets people as well
 22 as HSD people calling on those customers.
 23 BY MR. OWYANG:
 24 Q. Has there always been shared
 25 responsibility for calling on CHCs?

1 D. FOSTER
 2 sold to a new account?
 3 A. Yes.
 4 Q. So you had a financial incentive to
 5 sell to new accounts?
 6 A. Absolutely.
 7 Q. Are you familiar with how field sales
 8 reps are compensated?
 9 A. I'm not.
 10 Q. In February 2012, did you have a
 11 financial incentive to sell to buying groups?
 12 A. Yes.
 13 Q. And why is that?
 14 A. Any additional volume for me meant
 15 helping me meet my goals.
 16 Q. How are your goals measured?
 17 A. Through various reporting at Henry
 18 Schein. So our manager would review that with
 19 us periodically.
 20 Q. Do you recall the metrics that were
 21 used to measure growth?
 22 A. I don't at this -- back in that time.
 23 Q. Do you receive a commission today?
 24 A. I do not.
 25 Q. When you were in special markets, did

1 D. FOSTER
 2 A. I can't speak to always, because I'm
 3 not really sure back in the beginning.
 4 Q. Okay. When you were director of
 5 sales for special markets, how were you
 6 compensated?
 7 A. I received a salary, and then an MBO
 8 bonus plan.
 9 Q. Did you receive a commission?
 10 A. No.
 11 Q. How did the bonus work?
 12 A. I had certain goals I had to meet
 13 each year --
 14 Q. What --
 15 A. -- most of them involving growth on
 16 sales.
 17 Q. What does that mean, "growth on
 18 sales"?
 19 A. It means taking business from our
 20 competition, growing our market share within
 21 existing customers.
 22 Q. Would that also include selling to a
 23 new account?
 24 A. Yes.
 25 Q. So you would make more money if you

1 D. FOSTER
 2 sales reps and special markets earn commissions
 3 as part of their compensation?
 4 A. We only had regional account managers
 5 or strategic account managers, and they were
 6 all on bonus plans.
 7 Q. And the bonus depended on -- or what
 8 did the bonus depend on?
 9 A. Everyone had individual goals that
 10 were specified by their manager.
 11 Q. Did it depend on growth in sales?
 12 A. The majority of our plans, I'm
 13 assuming, had growth baked in.
 14 Q. In general, is it fair to say that
 15 those strategic -- sorry.
 16 What were the two?
 17 A. Strategic account managers and
 18 regional account managers.
 19 Q. Is it fair to say that strategic
 20 account managers and regional account managers
 21 had an incentive to sell to buying groups?
 22 A. Yes.
 23 (Thereupon, Exhibit CX2003 was marked for
 24 identification.)
 25

1 D. FOSTER
 2 BY MR. OWYANG:
 3 Q. I'm handing you a document that has
 4 been marked CX2003. It is Bates stamped Henry
 5 Schein-000177564 through 565.
 6 It appears to be an e-mail from Randy
 7 Foley to Troy Neil and Debbie Torgersen Foster
 8 dated April 11, 2012, and the subject line is
 9 "Dr. Hadairi."
 10 Please take a moment to look at this
 11 and let me know when you're done.
 12 A. Okay.
 13 Q. Have you had a chance to review
 14 CX2003?
 15 A. I did.
 16 Q. Have you seen this document before?
 17 A. I don't recall the document, but I
 18 saw it yesterday.
 19 Q. What is this document?
 20 A. It's an e-mail from Randy Foley
 21 responding to an inquiry from one of our
 22 regional managers in Georgia, Troy Neil.
 23 Q. Starting on the second page in the
 24 e-mail from Troy Neil, in the middle of the
 25 e-mail, he wrote, "We have a group of 50 docks

1 D. FOSTER
 2 Q. What is a study club?
 3 A. A lot of doctors, dentists get
 4 together and just meet periodically. It's a
 5 very informal -- sometimes there's education
 6 involved. Sometimes there's not. Sometimes
 7 it's sharing of best practices. It's a very
 8 informal link between doctors that just has a
 9 personal relationship.
 10 Q. Is a study club different than a
 11 buying group?
 12 A. Yes.
 13 Q. Your response to Mr. Neil's e-mail
 14 appears on the first page. And in your
 15 response, you wrote, "Neither HSD or special
 16 markets will participate in buying groups of
 17 any kind."
 18 Do you see that?
 19 A. I do.
 20 Q. "HSD" refers to Henry Schein Dental;
 21 is that right?
 22 A. Yes.
 23 Q. What did you mean when you wrote,
 24 "Neither HSD or special markets will
 25 participate in buying groups of any kind"?

1 D. FOSTER
 2 in a study club and they are interested in
 3 hearing what we might be able to do for them on
 4 creating a buying group for this study club.
 5 Can you let me know if this is a possibility,
 6 and if so, how something like this works?"
 7 Do you see that?
 8 A. I do.
 9 Q. Mr. Neil e-mailed you to see if
 10 selling to a buying group is possible; is that
 11 right?
 12 MR. McDONALD: Object to the form.
 13 THE WITNESS: No. He was actually
 14 asking for my assistance and our
 15 division's assistance in helping doctors
 16 create a buying group.
 17 BY MR. OWYANG:
 18 Q. Was Mr. Neil interested in selling to
 19 the buying group?
 20 MR. McDONALD: Object to the form.
 21 THE WITNESS: I would assume so.
 22 BY MR. OWYANG:
 23 Q. Why is that your assumption?
 24 A. Because it was always our goal to
 25 sell to as many customers as we possibly could.

1 D. FOSTER
 2 A. At that time, back in 2012, we were
 3 not able to assist anybody in creating or
 4 starting up. We do today have resources to
 5 help folks do that, but at that time, we didn't
 6 have the consultants in place to help an actual
 7 start-up and officially figure out who has
 8 financial responsibility, whether they could
 9 drive compliance to a formulary that we
 10 suggested.
 11 So we would not be able to -- in
 12 2012, be able to help any start-up of a buying
 13 group of any kind.
 14 Q. In the next sentence, you wrote,
 15 "They just erode our margins and rarely bring
 16 any new business to the table."
 17 Do you see that?
 18 A. I do.
 19 Q. You were referring to buying groups
 20 in that sentence; is that right?
 21 A. I was referring to buying groups that
 22 are existing customers.
 23 Q. Would new buying groups erode
 24 Schein's margins?
 25 MR. McDONALD: Object to the form.

1 D. FOSTER
 2 THE WITNESS: New business is --
 3 there is no erosion when you maintain --
 4 when you acquire a new business, it is
 5 just growth.
 6 BY MR. OWYANG:
 7 Q. How did existing buying groups erode
 8 margins?
 9 MR. McDONALD: Object to the form.
 10 THE WITNESS: There was always -- so
 11 if a group of dentists got together and
 12 they were all current customers of Henry
 13 Schein, and they were just meeting with a
 14 very informal agenda, just to discuss best
 15 practices, and not actually put somebody
 16 in charge of driving any compliance to a
 17 formulary or additional sales to Henry
 18 Schein, that informality would just take
 19 an existing customer that was ordering at
 20 whatever discounts and deeper discount
 21 what they were currently ordering.
 22 BY MR. OWYANG:
 23 Q. I think you mentioned that at this
 24 time, April 2012, that Henry Schein Dental and
 25 special markets didn't have the resources to

1 D. FOSTER
 2 Q. You don't know --
 3 A. I don't see an additional e-mail
 4 after his response, so I don't know where it
 5 went.
 6 Q. Are there instances -- at this time,
 7 were there instances when you brought a new
 8 buying group to Mr. Foley's attention?
 9 A. Yes.
 10 Q. And what did he do when you did that?
 11 MR. McDONALD: Object to the form.
 12 THE WITNESS: He called them -- I'm
 13 sorry.
 14 MR. McDONALD: Object to the form.
 15 Go ahead.
 16 THE WITNESS: He called them and
 17 vetted them and had discussions with them
 18 and started a discovery process.
 19 BY MR. OWYANG:
 20 Q. What was he trying to discover?
 21 MR. McDONALD: Object to the form.
 22 THE WITNESS: Again, discover, is
 23 there any type of centralized person or
 24 persons who would be able to help drive
 25 sales, or are all the doctors independent

1 D. FOSTER
 2 help put together new buying groups; is that
 3 right?
 4 A. Correct. We did not have resources
 5 to help a group of dentists start their own
 6 buying group.
 7 Q. Why not?
 8 MR. McDONALD: Object to the form.
 9 THE WITNESS: We didn't have the
 10 resources. Everything was new then and we
 11 were evolving. Today we have an entire
 12 business solutions division, and I refer
 13 buying groups to one of our law firms that
 14 we work with on a regular basis to help
 15 them actually set things up so they are
 16 legally protected.
 17 BY MR. OWYANG:
 18 Q. At this time, did you try to get the
 19 resources to sell to buying groups, new buying
 20 groups?
 21 A. Me personally? I would just take it
 22 to -- I took it to Randy Foley, my manager.
 23 Q. And what did he do when you took it
 24 to him?
 25 A. I don't know. I don't know.

1 D. FOSTER
 2 of each other?
 3 BY MR. OWYANG:
 4 Q. Why would he want to know if there is
 5 a centralized person or if the dentists are
 6 independent of each other?
 7 MR. McDONALD: Object to the form.
 8 THE WITNESS: At this time, we had
 9 buying groups already buying from Henry
 10 Schein as customers, and some of them, if
 11 you look at his comment at the top, we did
 12 get burned by financially.
 13 They started ordering supplies, and
 14 because they were independent and we
 15 didn't have one entity or person to go to
 16 to help us collect, they kind of turned
 17 into nightmares. So some of the
 18 experiences were not positive with buying
 19 groups, while others -- there was one on
 20 the list of buying groups I saw yesterday
 21 that I'm still servicing today, and that
 22 is more than 10 years later.
 23 BY MR. OWYANG:
 24 Q. When you wrote "they just erode our
 25 margins," how did you know that at that time?

1 D. FOSTER
 2 A. Because when we reduce a price to a
 3 customer, margins erode.
 4 Q. Did you have personal experience
 5 reducing the price to buying groups?
 6 A. I'm not sure what you mean, "personal
 7 experience."
 8 Q. Did you yourself ever reduce the
 9 price for a buying group?
 10 A. Yes, after it was approved by the
 11 management team. Yes, some of my customers
 12 became buying groups, and their GPs eroded.
 13 Q. What is that, "GP"?
 14 A. Gross profit.
 15 Q. Is that measured as a percentage?
 16 A. Yes.
 17 Q. Which buying groups were you
 18 referring to when you wrote, "they just erode
 19 our margins"?
 20 A. None in particular.
 21 Q. So then how do you know that they
 22 just erode your margins, if you weren't
 23 referring to any in particular?
 24 A. Because I --
 25 MR. McDONALD: Object to form. Hang

1 D. FOSTER
 2 BY MR. OWYANG:
 3 Q. But you don't know the specifics of
 4 any particular buying group --
 5 A. No.
 6 Q. -- how much margins eroded?
 7 A. I don't recall any.
 8 Q. You can put that aside. Actually,
 9 sorry --
 10 MR. McDONALD: Nope, it's too late.
 11 MR. OWYANG: It's not too late.
 12 MR. McDONALD: I'm kidding.
 13 THE WITNESS: I don't know the
 14 legalities here.
 15 BY MR. OWYANG:
 16 Q. In your e-mail, when you wrote,
 17 "Neither HSD or special markets will
 18 participate in buying groups of any kind," how
 19 did you know that at that time?
 20 MR. McDONALD: Object to the form.
 21 THE WITNESS: I just knew from the
 22 experience that unless it was brought up
 23 the chain to upper management, we were not
 24 letting anyone on the street level make
 25 those decisions.

1 D. FOSTER
 2 on. Object to form.
 3 THE WITNESS: Because I know when you
 4 reduce price and your cost stays the same,
 5 your GP goes down.
 6 BY MR. OWYANG:
 7 Q. Which buying groups were you working
 8 with at the time you wrote that e-mail?
 9 A. I don't recall which ones I was
 10 currently working with. Again, I had over 600
 11 accounts at the time.
 12 Q. Do you recall how many buying groups
 13 you were working with at the time?
 14 A. I don't.
 15 Q. How much did margins erode when you
 16 reduced prices to buying groups that you worked
 17 with?
 18 MR. McDONALD: Object to form.
 19 Vague. Overly broad.
 20 THE WITNESS: That depended on the
 21 pricing for the customer. How large the

 24 ended up with pricing.
 25

1 D. FOSTER
 2 BY MR. OWYANG:
 3 Q. You said based on experience. What
 4 experience are you talking about?
 5 A. The fact that we were coached to
 6 always bring in the upper management team and
 7 not let that lie on someone in my position.
 8 Q. Who were you coached by?
 9 A. Our entire management team.
 10 Q. And who would that include?
 11 A. Hal Muller, Randy Foley, Andrea
 12 Hight, Kathleen Titus.
 13 Q. Who is Andrea Hight?
 14 A. She was one of the regional managers,
 15 regional account managers, in our division.
 16 She was a senior representative.
 17 Q. And who is Kathleen Titus?
 18 A. Same. She was also calling on
 19 customers and customer-facing, in the same
 20 position as me but a senior representative.
 21 (Thereupon, Exhibit CX238 was marked for
 22 identification.)

 4 BY MR. OWYANG:
 5 Q. CX238 is Bates stamped Henry
 6 Schein-000178482 through 484. It appears to be
 7 an e-mail string from Randy Foley to Debbie
 8 Torgersen Foster dated February 20, 2012, with
 9 the subject, "Who is ProABC?"
 10 Please take a moment to look at this
 11 and let me know when you're done.
 12 A. Okay.
 13 Q. Have you had a chance to review
 14 CX238?
 15 A. Yes.
 16 Q. Have you seen this document before?
 17 A. Yes.
 18 Q. What is this document?
 19 A. It was an e-mail from Randy to myself
 20 based on an inquiry I received from one of our
 21 equipment specialists.
 22 Q. Who was the equipment specialist?
 23 A. Jay Barringer.
 24 Q. In the first paragraph on the first
 25 page of CX238, Mr. Foley wrote, "Honestly,

1 D. FOSTER
 2 group that Mr. Foley referenced, the one in
 3 Utah?
 4 A. I do not.
 5 Q. In the last sentence of the second
 6 paragraph of Mr. Foley's e-mail, he wrote, "So
 7 this is a corporate decision not to participate
 8 in these."
 9 Do you see that?
 10 A. I do.
 11 Q. Mr. Foley was referring to a
 12 corporate decision regarding buying groups; is
 13 that right?
 14 MR. McDONALD: Object to the form.
 15 THE WITNESS: I believe he was
 16 referring to the sentence right prior,
 17 where dentists were coming to us and
 18 saying, I don't want to join the buying
 19 group, but I want you to share the pricing
 20 with me because I found out about it.

 22 Q. He wrote, "So this is a corporate
 23 decision not to participate in these."
 24 What is the "these"?
 25 MR. McDONALD: Object to the form.

1 D. FOSTER
 2 within Schein we have a few buying groups that
 3 we wish we didn't have. There is a large one
 4 under HSD in Utah, and we used to have one in
 5 special markets called Smile Source."
 6 Do you see that?
 7 A. Yes.
 8 Q. "HSD" in the first paragraph refers
 9 to Henry Schein Dental; is that right?
 10 A. Correct.
 11 Q. Based on what I just read, Henry
 12 Schein Dental worked with buying groups before
 13 February 2012; is that right?
 14 A. Correct.
 15 Q. And special markets also worked with
 16 buying groups before February 2012; is that
 17 correct?
 18 A. Correct.
 19 Q. For instance, special markets worked
 20 with a buying group called Smile Source.
 21 A. Yes.
 22 Q. What do you know about Smile Source?
 23 A. I don't know anything. I never
 24 managed the account.
 25 Q. Do you know the name of the buying

1 D. FOSTER

 6 BY MR. OWYANG:
 7 Q. What do you understand the corporate
 8 decision to be?
 9 MR. McDONALD: Object to form.
 10 THE WITNESS: I don't understand the
 11 corporate decision coming out of Randy's
 12 e-mail at all.
 13 BY MR. OWYANG:
 14 Q. Did you understand it at the time he
 15 sent this e-mail to you?
 16 MR. McDONALD: Object to form.
 17 THE WITNESS: I can't remember what I

 19 BY MR. OWYANG:
 20 Q. In the bottom, in the last sentence
 21 of the first paragraph of Mr. Foley's e-mail,
 22 he writes, "Tim Sullivan is happy that we are

 24 Do you see that?
 25 A. Which paragraph are you -- oh, okay.

1 D. FOSTER
 2 Q. The first one.
 3 A. Okay. I do see, yes.
 4 Q. "BG" is buying group; correct?
 5 A. Again, I didn't write the e-mail. I
 6 can only assume.
 7 Q. Assuming "BG" is buying group, what
 8 do you understand that sentence to mean?
 9 MR. McDONALD: Object to the form.
 10 THE WITNESS: I didn't write the
 11 e-mail. I don't know what it means.
 12 BY MR. OWYANG:
 13 Q. Did you ever ask Mr. Foley what this
 14 e-mail meant?
 15 A. I don't recall.
 16 Q. You received this e-mail, CX238, one
 17 day before the e-mail with the presentation you
 18 prepared; is that correct?
 19 MR. McDONALD: Object to the form.
 20 BY MR. OWYANG:
 21 Q. That document was -- I believe it was
 22 CX2002.
 23 A. February 21st. Correct.
 24 Q. It's correct that you received CX238
 25 one day before you sent CX2002?

1 D. FOSTER
 2 Q. Who is Zachary Harrison, at the time
 3 of this e-mail?
 4 A. He was the regional account manager
 5 based out of Florida, doing the same role I
 6 have.
 7 Q. The same role you have today?
 8 A. Same role I had at that time.
 9 Q. The most recent e-mail on this string
 10 is dated January 13, 2015; is that right?
 11 A. Correct.
 12 Q. On the first -- on the bottom of the
 13 first page, Mr. Foley wrote, "This group
 14 connected to Tralongo. Tralongo is also a
 15 buying group that we would not work with."
 16 Do you see that?
 17 A. I do.
 18 Q. What do you understand that to mean?
 19 MR. McDONALD: Object to the form.
 20 THE WITNESS: It doesn't make any
 21 sense to me, because we did work with
 22 Tralongo. They were one of our customers.
 23 BY MR. OWYANG:
 24 Q. How do you know that?
 25 A. Just from the name.

1 D. FOSTER
 2 A. Correct.
 3 (Thereupon, Exhibit CX2001 was marked for
 4 identification.)
 5 BY MR. OWYANG:
 6 Q. You can put that aside.
 7 This document is CX2001. CX2001 is
 8 Bates stamped Henry Schein-000-154202 through
 9 209. It appears to be an e-mail string between
 10 Debbie Foster, Randy Foley, and Zachary
 11 Harrison. It's dated January 13, 2015. And
 12 the subject is "New offices."
 13 Please a take a moment to look at
 14 this and let me know when you're done.
 15 A. Okay.
 16 Q. Have you had a chance to review
 17 CX2001?
 18 A. Yes.
 19 Q. Have you seen this document before?
 20 A. Yes.
 21 Q. What is this document?
 22 A. It is an e-mail to my boss, Randy,
 23 and Zach Harrison reaching out about some
 24 offices that one of my accounts had just
 25 acquired in another region.

1 D. FOSTER
 2 Q. Did you ever work with Tralongo
 3 personally?
 4 A. Not directly, no.
 5 Q. In your reply at the top, you wrote,
 6 "Never heard of them."
 7 Do you see that?
 8 A. Correct.
 9 Q. Were you referring to Tralongo there?
 10 A. I was.
 11 Q. So at the time, you had never heard
 12 of Tralongo?
 13 A. No.
 14 Q. So when did you become aware -- or
 15 when did you first become aware that Schein
 16 worked with Tralongo?
 17 A. It was -- I don't know the specific
 18 date, but it was after January 13, 2015.
 19 Q. How did you become aware?
 20 A. Because I started to inherit a
 21 further south territory, and Tralongo was
 22 mostly in the southeast. Some of the customers
 23 I came across were members.
 24 Q. But you never worked with any of
 25 those customers?

1 D. FOSTER
 2 A. No.
 3 Q. Did you ask why Mr. Foley -- sorry,
 4 Strike that.
 5 So you mentioned that you were
 6 confused because Tralongo is a customer that
 7 you work with -- that Schein works with?
 8 A. That Schein works with, correct.
 9 Q. Did you ask Mr. Foley why he wrote,
 10 "Tralongo is also a buying group that we would
 11 not work with"?
 12 A. I don't see a subsequent e-mail from
 13 there, so I can't speculate.
 14 Q. Who is the "we" in the second
 15 sentence of Mr. Foley's e-mail, do you know?
 16 MR. McDONALD: Object to the form.
 17 THE WITNESS: I don't know.
 18 BY MR. OWYANG:
 19 Q. At the time of this document,
 20 January 2015, was Mr. Foley in special markets?
 21 A. Yes.
 22 Q. Is it your testimony that as of
 23 January 13, 2015, Henry Schein worked with
 24 buying groups?
 25 A. Yes.

1 D. FOSTER
 2 very well. And Council Connections. And they
 3 were both geared towards a buying group for
 4 community health centers, not private dental
 5 practices.
 6 Q. So Commonwealth and Council
 7 Connections were community health centers?
 8 A. No. They were buying groups formed
 9 to help provide services and discounts for
 10 community health centers.
 11 Q. Discounts on what?
 12 A. All kinds of supplies. If you look
 13 at the website, they not only partner with
 14 Henry Schein Dental for dental supplies, but
 15 they also have a medical supply partner, office
 16 supplies, other various services that community
 17 health centers may need.
 18 Q. So in addition to dental supplies,
 19 they're also doing medical supplies?
 20 A. Correct.
 21 Q. Did you work with -- did you
 22 personally work with Commonwealth?
 23 A. I did.
 24 Q. When?
 25 A. I know I worked with them at this

1 D. FOSTER
 2 Q. How many?
 3 MR. McDONALD: Object to the form.
 4 THE WITNESS: Since I wasn't privy to
 5 all of the accounts across the country, I
 6 can't be sure.
 7 BY MR. OWYANG:
 8 Q. Can you name any of them?
 9 A. One that --
 10 MR. McDONALD: Object to the form.
 11 Go ahead.
 12 THE WITNESS: One that happened to
 13 fall in the southeast that I knew of was
 14 Dental Partners of Georgia.
 15 BY MR. OWYANG:
 16 Q. Any others besides Dental Partners of
 17 Georgia?
 18 A. Gator Dental.
 19 Q. Any others?
 20 A. In the southeast, I can't think of --
 21 I'm sorry, I can't think of any others in the
 22 southeast.
 23 Q. Outside of the southeast, can you
 24 think of any?
 25 A. I know Commonwealth Purchasing Group

1 D. FOSTER
 2 time and prior. I don't know when I started
 3 working with them. I worked with their clinics
 4 at the inception of me working for special
 5 markets, their members.
 6 Q. Did you work with Council
 7 Connections?
 8 A. I worked with some of their members,
 9 but because they were headquartered out west,
 10 and I never handle that territory, I never
 11 worked with Council Connections directly.
 12 Q. Did you work with Dental Partners of
 13 Georgia?
 14 A. On and off throughout the
 15 restructure. It was given to me, taken from
 16 me, and I have it back now.
 17 Q. Did you work with Gator personally?
 18 A. No.
 19 (Thereupon, Exhibit CX2000 was marked for
 20 identification.)
 21 BY MR. OWYANG:
 22 Q. You can set that aside.
 23 I'm handing you a document that has
 24 been marked as CX2000. CX2000 is Bates number
 25 Henry Schein-000151683 through 692.

1 D. FOSTER
 2 BY MR. OWYANG
 3 Q. It appears to be an e-mail chain from
 4 Debbie Foster to Randy Foley dated January 20,
 5 2015, and the subject line is "Jim Nasim."
 6 Please take a moment to review this
 7 and let me know when you're done.
 8 A. Okay.
 9 Q. Have you had a chance to -- sorry.
 10 Have you had a chance to review CX2000?
 11 A. Yes.
 12 Q. Have you seen this document before?
 13 A. Yes.
 14 Q. What is this document?
 15 A. This is an e-mail chain regarding a
 16 smaller group of practices that was purchased
 17 by a larger group from the southeast.
 18 Q. What was the name of the small group?
 19 A. Carolina Dental Alliance.
 20 Q. And what was the name of the group
 21 that was purchasing Carolina Dental Alliance?
 22 A. VSM Management.
 23 Q. This e-mail string is from
 24 January 2015; is that right?
 25 A. Correct.

1 D. FOSTER
 2 Q. Would it include CHCs?
 3 A. No.
 4 Q. Were you trying to determine whether
 5 or not this group was a DSO?
 6 MR. McDONALD: Object to the form.
 7 THE WITNESS: No. I was trying to
 8 determine which group, special markets or
 9 Henry Schein mid-markets, should be taking
 10 on this customer and onboarding them.
 11 BY MR. OWYANG:
 12 Q. But you wrote, "Website for
 13 management company states that they are a DSO
 14 and growing"?
 15 A. Correct.
 16 Q. So how does that help you determine
 17 whether or not it's more than a million or less
 18 than a million?
 19 A. The growing part did. 16 locations
 20 is generally more than a million dollars in
 21 merchandise. I was defining the customer for
 22 Randy.
 23 Q. Did you care whether it was a DSO or
 24 not?
 25 A. No.

1 D. FOSTER
 2 Q. On the second page of CX2000,
 3 Mr. Foley wrote -- sorry, you wrote to
 4 Mr. Foley, "Can you take a look at the info
 5 below and let me know what you think? Website
 6 for management company states that they are a
 7 DSO and growing."
 8 Do you see that?
 9 A. I do.
 10 Q. What were you asking Mr. Foley to do?
 11 A. At this point, I was no longer in
 12 special markets. I was in the mid-market team,
 13 and we were only authorized to take on new
 14 groups that were doing under a million dollars.
 15 And special markets would take those that were
 16 doing over a million dollars. So I was trying
 17 to determine which division should pursue this
 18 lead.
 19 Q. When you say "groups under a million
 20 dollars," what types of groups are you
 21 referring to?
 22 A. All types of groups.
 23 Q. Which would include DSOs?
 24 A. DSOs, buying groups, large group
 25 practices.

1 D. FOSTER
 2 Q. Why not?
 3 A. Doesn't matter to us if it is
 4 business.
 5 Q. On the first page of CX2000,
 6 Mr. Foley responded to you and wrote, "20 plus
 7 1 million equals elite, so you should make this
 8 mid-market. Are you sure this is not a buying
 9 group?"
 10 Do you see that?
 11 A. I do.
 12 Q. What is your understanding of why
 13 Mr. Foley asked you, "Are you sure this is not
 14 a buying group?"
 15 MR. McDONALD: Object to the form.
 16 THE WITNESS: At this point in time
 17 in 2015, the mid-market groups -- the
 18 mid-market area was not handling buying
 19 groups. That was Henry Schein Dental. So
 20 over the years, we clearly defined which
 21 division handles which type of account.
 22 BY MR. OWYANG:
 23 Q. Why does the distinction between
 24 buying group and DSO matter?
 25 A. For DSOs, Henry Schein receives cost

1 D. FOSTER

2 concessions from manufacturers, and that is how
3 we have a very low-cost model with those
4 particular customers. And everything is driven
5 by the corporate location, so we don't have to
6 have local touch.

7 We have the expense of field sales
8 consultants when it is a buying group, and each
9 individual practice has to be called on
10 individually by either the same or a different
11 FSC, so they are completely different.

12 Q. It has to do with how much touch the
13 customer requires?

14 A. Correct.

15 Q. What does that mean?

16 A. A corporate entity will trickle down
17 whatever they want to the local level. So if a
18 corporate entity signs a prime vendor agreement
19 with Henry Schein, like most of them do, they
20 have the authority to enforce formularies,
21 product changes and drive the compliance to
22 meet that 80 percent minimum that we require
23 for a customer signing a PVA.

24 In a buying group, we don't have that
25 situation. We have nobody to sign or review a

1 D. FOSTER

2 prime vendor agreement; nobody to actually
3 force purchasing more from Henry Schein as
4 opposed to one of our competitors.

5 MR. McDONALD: She said PVA, not PBA.

6 THE WITNESS: Sorry. Prime vendor
7 agreement.

8 BY MR. OWYANG:

9 Q. Why doesn't Henry Schein have those
10 resources for buying groups?

11 A. What resources are you referring to?

12 Q. You said you didn't have someone to
13 review a prime vendor agreement?

14 A. No. We have everyone we need. The
15 customers don't. So there is no person to go
16 to at a buying group and say, Here is our prime
17 vendor agreement; here is our value
18 proposition; will you sign on the dotted line?
19 Because they are individually owned.

20 Q. I see.

21 If this group had been a buying
22 group, who -- which division would have handled
23 it?

24 A. At this time, Henry Schein Dental.

25 Q. But special markets would not have

1 D. FOSTER

2 handled it?

3 A. They would not have taken on a new
4 one. There were some grandfathered in that
5 were current customers that they kept, but as
6 far as the new rules at that point in time, the
7 structure was that Henry Schein Dental would
8 sign on because they needed to assign local
9 FSCs.

10 Q. You can put this aside.

11 MR. OWYANG: Do you want to take
12 another break?

13 MR. McDONALD: It's up to you.
14 (A recess was taken.)

15 MR. McDONALD: So Ms. Foster has a
16 clarification to make. I don't think it
17 is material to anything, and -- but rather
18 than do this in an errata sheet, to the
19 extent you care, I think she testified
20 that -- and you can ask her all you
21 want -- she testified that CHCs were not
22 in mid-market.

23 MR. OWYANG: Sorry. CHCs --

24 MR. McDONALD: Did not go to
25 mid-market. And in fact, they did go to

1 D. FOSTER

2 mid-market, but now they are back in
3 special markets.

4 So to the extent that makes any
5 difference to you, she can fix that in the
6 transcript, but if you care, you can ask
7 her about it now.

8 BY MR. OWYANG:

9 Q. Sorry, would you like to correct
10 something?

11 A. Sure. Originally I was talking about
12 at the date of the e-mail, we -- mid-markets
13 was covering community health centers, but this
14 past January we passed that on to our
15 institutional government reps in special
16 markets.

17 Q. Okay.

18 A. My apologies.

19 Q. Thank you.

20 So I'd like to follow up on a couple
21 of things from the last session. I think you
22 mentioned that field sales consultants, when
23 they encountered a buying group, should have
24 their regional manager do a little discovery on
25 that buying group; is that right?

1 D. FOSTER
 2 A. Correct.
 3 Q. Is that policy written down anywhere?
 4 A. No, I don't believe so. I've never
 5 seen it.
 6 Q. And then -- oh, you also mentioned
 7 that in April 2015, Henry Schein Dental handled
 8 buying groups instead of special markets; is
 9 that right?
 10 MR. McDONALD: Object to the form.
 11 Go ahead.
 12 THE WITNESS: Correct.
 13 BY MR. OWYANG:
 14 Q. But prior to April 2015, there was a
 15 point in time when Henry Schein special markets
 16 would sometimes handle buying groups, but
 17 sometimes Henry Schein Dental would also handle
 18 buying groups; is that right?
 19 A. Correct.
 20 Q. When did the change happen when only
 21 Henry Schein Dental handled buying groups?
 22 MR. McDONALD: Object to the form.
 23 Misstates her prior testimony.
 24 THE WITNESS: I don't actually know
 25 the date that that happened.

1 D. FOSTER
 2 Q. When was it given back to you?
 3 A. I don't know the exact date. I'm
 4 sorry.
 5 Q. Was it this year?
 6 A. Yes. It was definitely after
 7 January 1.
 8 Q. When did you handle Dental Partners
 9 of Georgia before?
 10 A. When I was in special markets they
 11 were in one of the states that I covered.
 12 Q. What were the approximate dates when
 13 you were handling that?
 14 A. Probably '13, '14. Early '14.
 15 Q. Has the discount offered to Dental
 16 Partners of Georgia changed since you first
 17 started handling them?
 18 MR. McDONALD: Object to the form.
 19 THE WITNESS: Their discount
 20 structure has not changed, but their
 21 product mix has.
 22 BY MR. OWYANG:
 23 Q. How has the product mix changed?
 24 A. Just encouraging them to order
 25 smarter, and again, offering savings by

 2 BY MR. OWYANG:
 3 Q. Are you aware of any buying groups
 4 that Schein worked with as of April 2012?
 5 A. Yes, I do.
 6 Q. Which ones?
 7 A. 2012. So we had -- I believe Dental
 8 Partners of Georgia was already signed up at
 9 that point. Cloudland Dental may have been.
 10 Again, I'm just trying to remember. I don't
 11 remember exact dates of when people signed on
 12 with us.
 13 I know we were partners with
 14 Commonwealth Purchasing Group and Council
 15 Connections at that time.
 16 Q. Do you recall any others?
 17 A. Not that I can think of off the top
 18 of my head. I know there were many more.
 19 Q. You mentioned that you've had
 20 off-and-on responsibility for Dental Partners
 21 of Georgia; is that right?
 22 A. Correct.
 23 Q. Who handles it today?
 24 A. It was just given back to me
 25 recently.

1 D. FOSTER
 2 changing certain branded products depending on
 3 manufacturer rebates, and also private label
 4 products.
 5 Q. What are your responsibilities with
 6 respect to Dental Partners of Georgia today?
 7 A. It is a difficult one to explain.
 8 I'm more of a quarterback.
 9 Again, I work with the field sales
 10 consultants that are assigned to the individual
 11 offices, because there is no corporate entity
 12 or one person or persons to go to for
 13 decisions. So I work really hand-in-hand with
 14 the local FSCs to ensure that they are buying
 15 and we are doing the best in offering services
 16 for them.
 17 Q. Do you communicate with anyone at
 18 Dental Partners of Georgia?
 19 A. I do not.
 20 Q. Do you know the name of any of the
 21 contact persons at Dental Partners of Georgia?
 22 A. No, I do not.
 23 Q. How long has Schein worked with
 24 Dental Partners of Georgia?
 25 A. Again, I don't know when we signed

1 D. FOSTER
 2 them on, but they were one of the early
 3 customers that we worked with. So I'm assuming
 4 somewhere around '12, '13.
 5 Q. 2012 or 2013?
 6 A. Yeah.
 7 (Thereupon, Exhibit CX2005 was marked for
 8 identification.)
 9 BY MR. OWYANG:
 10 Q. I'd like to hand you CX2005.
 11 CX2005 has Bates number Henry
 12 Schein-001405771 through 76. It appears to be
 13 an e-mail string between Debbie Foster and Beth
 14 McGlinn dated March 17, 2015. The subject line
 15 is "Dr. Thomas Farley, JDE00824430."
 16 Please take a moment to look at this
 17 and let me know when you're done.
 18 A. Okay.
 19 Q. Have you had a chance to review
 20 CX2005?
 21 A. Yes.
 22 Q. Have you seen this document before?
 23 A. Yes.
 24 Q. What is this document?
 25 A. It's an e-mail chain concerning a

1 D. FOSTER
 2 customer of Beth McGlinn, who was an FSC, and a
 3 potential buying group that she ran into in the
 4 field with one of her contacts.
 5 Q. What was the name of the potential
 6 buying group that she ran into?
 7 A. There is no name. There's just a
 8 doctor name, Dr. Thomas Farley.
 9 Oh, I'm sorry. Part of Synergy
 10 Dental, is the name of their group.
 11 Q. In the original e-mail in the string,
 12 the one from Beth McGlinn which starts on the
 13 first page and goes onto the second page,
 14 Ms. McGlinn wrote, "Dr. Thomas Farley,
 15 JDE00824430, is in a buying group called
 16 Synergy Dental."
 17 She goes on to write, "I was told by
 18 the girls in Dr. Sha-khan's, office which is
 19 located beside Dr. Thomas Farley's office, that
 20 the buying group consists of 400 dentists."
 21 Do you see that?
 22 A. Yes.
 23 Q. Why did Ms. McGlinn bring this buying
 24 group to your attention?
 25 MR. McDONALD: Object to the form.

1 D. FOSTER
 2 THE WITNESS: I'm not sure.
 3 BY MR. OWYANG:
 4 Q. Was she interested in making sales to
 5 this particular buying group?
 6 MR. McDONALD: Object to the form.
 7 THE WITNESS: I'm not sure. I'm only
 8 assuming yes.
 9 BY MR. OWYANG:
 10 Q. In your experience, are there
 11 instances when a field sales rep brings a
 12 potential customer to your attention and they
 13 are not interested in making sales for that
 14 customer?
 15 A. I would say no.
 16 Q. Why is that?
 17 A. Because --
 18 MR. McDONALD: Object to form.
 19 Go ahead.
 20 THE WITNESS: They are all paid on
 21 making money and bringing in new
 22 customers.
 23 BY MR. OWYANG:
 24 Q. Ms. McGlinn then wrote, "How can we
 25 pull this 400-dentist buying group over to

1 D. FOSTER
 2 Henry Schein Dental? In the next few e-mails I
 3 will forward you the invoices I received from
 4 Dr. Farley's front desk representative."
 5 Do you see that?
 6 A. Yes.
 7 Q. Did Ms. McGlinn send you those
 8 invoices?
 9 A. I don't recall.
 10 Q. What would those invoices have shown?
 11 MR. McDONALD: Object to the form.
 12 THE WITNESS: It states they were
 13 going to show me the invoices that she
 14 received from their front desk
 15 representative.
 16 BY MR. OWYANG:
 17 Q. What types of information are
 18 typically contained on an invoice?
 19 MR. McDONALD: Object to the form.
 20 THE WITNESS: A list of items
 21 ordered, to whom it was shipped to,
 22 quantity, date of invoice, and price.
 23 BY MR. OWYANG:
 24 Q. And assuming she sent those invoices
 25 to you, what would you have done with those

1 D. FOSTER
 2 invoices?
 3 MR. McDONALD: Object to the form,
 4 foundation.
 5 THE WITNESS: Yeah. As you can see,
 6 it wouldn't be my decision, so I referred
 7 her to the folks that she should go to,
 8 who was Michael Porro, who was the zone
 9 manager at the time, and Jason Krause, who
 10 was my boss.
 11 BY MR. OWYANG:
 12 Q. Separate from this e-mail, have field
 13 sales consultants sent you invoices before?
 14 A. Constantly.
 15 Q. And what do you do with those
 16 invoices?
 17 A. If it's a customer that falls into my
 18 area, I will handle them myself. If it's
 19 someone that doesn't fall in my area, I pass it
 20 on.
 21 Q. Assuming it is in your area, what do
 22 you do with the information on the invoices?
 23 A. We would have our team convert item
 24 codes to do a comparison for the customer.
 25 Q. What is a comparison?

1 D. FOSTER
 2 division, and I work very closely with them
 3 strictly off of GPO contracts, and historically
 4 they haven't existed in the dental world.
 5 Q. You just testified that at this time
 6 you were using "GPO" and "buying groups"
 7 interchangeably. So would it be fair to read
 8 that sentence, "Historically, Schein does not
 9 participate in or partner with any buying
 10 groups"?
 11 MR. McDONALD: Object to the form.
 12 THE WITNESS: No.
 13 BY MR. OWYANG:
 14 Q. Why not?
 15 A. Because I put "GPO," which is a
 16 different organization than a typical buying
 17 group.
 18 Q. Right, but you did just testify that
 19 at this time, you used "buying group" and
 20 "dental GPO" interchangeably.
 21 MR. McDONALD: Object to the form.
 22 If you misspoke and you need to
 23 change your testimony, you're free to do
 24 that.
 25 THE WITNESS: Yeah, I'm just trying

1 D. FOSTER
 2 A. Our price versus competitor price.
 3 Q. On the first page, you replied to
 4 Ms. McGlinn; correct?
 5 A. Yes.
 6 Q. You wrote, "Historically, Schein does
 7 not participate or partner with any dental
 8 GPOs."
 9 Do you see that?
 10 A. I do.
 11 Q. Earlier today, you testified that
 12 there was a point in time when you used "dental
 13 GPO" and "buying group" interchangeably.
 14 Do you recall that?
 15 A. Yes.
 16 Q. In this document, CX2005, are you
 17 using "dental GPO" and "buying group"
 18 interchangeably?
 19 MR. McDONALD: Object to the form.
 20 THE WITNESS: I believe so, yes.
 21 BY MR. OWYANG:
 22 Q. When you wrote, "Historically, Schein
 23 does not participate in or partner with any
 24 dental GPO groups," what did you mean?
 25 A. Medical operates our medical

1 D. FOSTER
 2 to read it over again.
 3 MR. McDONALD: Sure.
 4 THE WITNESS: No. I was specifically
 5 talking about GPO, group purchasing
 6 organizations.
 7 BY MR. OWYANG:
 8 Q. Is it your testimony that dental
 9 GPO -- at the time you wrote this e-mail,
 10 dental GPOs were distinct from buying groups?
 11 A. Yes.
 12 Q. Ms. McGlinn was specifically asking
 13 about a buying group called Synergy Dental; is
 14 that right?
 15 A. Correct.
 16 Q. In your reply e-mail, you're
 17 referring to dental GPOs; is that right?
 18 A. Correct.
 19 Q. Why aren't you addressing her
 20 question if she's specifically asking about
 21 buying groups?
 22 A. Because either way, whatever
 23 definition they fell under within Henry Schein,
 24 it is not a decision I could have made on my
 25 own. So it needed to go to her zone manager,

1 D. FOSTER
2 and my manager.
3 Q. What did you mean when you used the
4 word "historically"?
5 MR. McDONALD: Object to the form.
6 THE WITNESS: In the past.
7 BY MR. OWYANG:
8 Q. How long was it the case that Henry
9 Schein Dental didn't partner with dental GPO
10 groups?
11 MR. McDONALD: Object to the form.
12 THE WITNESS: I can't remember
13 specific dates.
14 BY MR. OWYANG:
15 Q. Was it multiple years?
16 MR. McDONALD: Object to form.
17 THE WITNESS: I can't even state if
18 it was multiple years.
19 (Thereupon, Exhibit CX2004 was marked for
20 identification.)
21 BY MR. OWYANG:
22 Q. You can put this aside.
23 This document is CX2004. CX2004 is
24 Bates stamped Henry Schein-001405796. It is an
25 e-mail from Brad Fine to Jason Krause and

1 D. FOSTER
2 Q. Was Mr. Fine hoping to sell to
3 UnifiedSmiles?
4 A. Yes.
5 Q. Are you familiar with UnifiedSmiles?
6 A. I'm not, other than the information
7 that was provided in this e-mail.
8 Q. Your reply to Mr. Fine starts at the
9 bottom of the first page and flows on to the
10 top of the second page.
11 Do you see that?
12 A. Yes.
13 Q. You wrote on April 13, 2015, quote,
14 "Never heard of them, but from their website
15 they appear to be a buying group and not a
16 DSO."
17 Do you see that?
18 A. I do.
19 Q. "DSO" in that sentence means dental
20 services organization; is that right?
21 A. Correct.
22 Q. In that sentence, you're saying that
23 UnifiedSmiles appears to be a buying group
24 rather than a dental service organization;
25 right?

1 D. FOSTER
2 Debbie Foster and several other individuals.
3 It's dated April 13, 2015, and the subject is
4 "UnifiedSmiles."
5 Please take a moment to review this
6 and let me know when you're done.
7 A. Okay.
8 Q. Have you had a chance to review
9 CX2004?
10 A. Yes.
11 Q. Have you seen this document before?
12 A. Yes.
13 Q. What is CX2004?
14 A. It is an e-mail to Brad Fine to my
15 manager at the time, Jason Krause, which was
16 April 2015.
17 Q. In the original e-mail from Brad Fine
18 which appears on CX2004 page 2, Mr. Fine
19 mentions a group called UnifiedSmiles; is that
20 right?
21 A. Correct.
22 Q. Mr. Fine then states that he is
23 putting together a proposal for UnifiedSmiles;
24 is that right?
25 A. Correct.

1 D. FOSTER
2 A. Correct.
3 Q. Next, you quote UnifiedSmiles'
4 website, and the quotation is, "Through
5 UnifiedSmiles, independent dental practitioners
6 will benefit from the influence of the group
7 and will have the opportunity to obtain
8 significant savings on products and services."
9 Do you see that?
10 A. Yes.
11 Q. What information in that quotation
12 from UnifiedSmiles' website led you to believe
13 that UnifiedSmiles was a buying group rather
14 than a dental services organization?
15 A. They were not discussing any type of
16 ownership or any type of corporate entity that
17 was responsible for billing.
18 Q. Is the fact that UnifiedSmiles is
19 made up of independent dental practices what
20 makes them a buying group?
21 MR. McDONALD: Object to the form.
22 THE WITNESS: No.
23 BY MR. OWYANG:
24 Q. Then what makes them a buying group
25 rather than a dental services organization?

1 D. FOSTER

2 A. The fact that there was nobody
3 mentioned in there or in charge or anybody that
4 was going to lead that group.

5 Q. But the language you quoted from the
6 website says "independent dental
7 practitioners."

8 A. Correct.

9 Q. What does that mean?

10 A. That means there is no corporate
11 entity. There is no leader. There is nobody
12 for us to go to with a prime vendor agreement
13 on their end.

14 Q. Does "independent dental
15 practitioners" mean that the members of the
16 buying group are separately owned?

17 A. Yes, "independent dental
18 practitioners" means they are separate.

19 Q. Beneath the website quote, you wrote,
20 "With that being said, unless something has
21 changed during the week I was on vacation,
22 Schein does not have a program to work with
23 them and discourages it."

24 Do you see that?

25 A. Yes.

1 D. FOSTER

2 Q. Who were you referring to when you
3 used the word "them"?

4 A. Loosely knitted groups of dentists
5 who are just friends and are looking for a
6 full-on program from Schein when they are not
7 offering any value proposition to their
8 clinicians.

9 Q. So you weren't saying that Schein
10 doesn't have a program to work with buying
11 groups?

12 A. No.

13 Q. But you start -- sorry, go ahead.

14 A. I was going to say, as a matter of
15 fact, the reason that I needed to define
16 whether it was DSO or buying group, again, is
17 because Brad was in HSD and he would handle
18 that at a local level, because they would need
19 FSC involvement. And the DSO goes up either
20 through mid-market or special market and would
21 not necessarily need the FSC touch.

22 Q. So your testimony is that -- you're
23 saying Schein didn't have a program to work
24 with loosely knitted groups of dentists?

25 A. Mid-market did not have a program. I

1 D. FOSTER

2 was leading Brad into saying that, yes, you do
3 need to contact each doctor individually, which
4 he states he would need to do in his final
5 e-mail.

6 Q. You also wrote that "Schein
7 discourages it."

8 Do you see that?

9 A. What page are you on?

10 Q. It's the very top of the second page.

11 A. Oh, okay. Yes.

12 Q. What does -- at the time you wrote
13 this, what did Schein discourage?

14 A. Our division -- that's more what I
15 meant. Our division discouraged us working
16 with them, and we pushed it down to the
17 regional managers at Henry Schein Dental.

18 Q. Pushed what down?

19 A. We pushed those types of accounts
20 down, because they needed the local touch.

21 Q. What types of accounts did you push
22 down?

23 A. The accounts that didn't have a
24 structure or person or persons in charge to
25 drive compliance to formularies.

1 D. FOSTER

2 Q. What are examples of those types of
3 accounts?

4 A. Any type of group of dentists that
5 would get together with no structure or no
6 compliance issues and nobody to sign that prime
7 vendor agreement we've put in front of their
8 faces.

9 Q. Would that include buying groups?

10 MR. McDONALD: Object to the form.

11 THE WITNESS: It depends on how
12 you're defining "buying groups."

13 BY MR. OWYANG:

14 Q. Using the definition we looked at
15 from your February 2012 presentation, would
16 those be included?

17 A. Yes.

18 (Thereupon, Exhibit CX2059 was marked for
19 identification.)

20 BY MR. OWYANG:

21 Q. You can set this aside.

22 This document is CX2059. CX2059 is
23 Bates stamped Henry Schein-001584869 through
24 872. It appears to be an e-mail from Michael
25 Porro to Debbie Foster dated February 27, 2015,

1 D. FOSTER
 2 and the subject is, "AC sales 3:37 minutes".
 3 Please take a moment to look at this
 4 and let me know when you're done.
 5 A. Okay.
 6 Q. Have you had a chance to review
 7 CX2059?
 8 A. Yes.
 9 Q. Have you seen this document before?
 10 A. Yes.
 11 Q. What is CX2059?
 12 A. An e-mail from Michael Porro to me on
 13 Friday, February 27, 2015 to discuss changes in
 14 the markets and how we were dealing with the
 15 local teams and educating them.
 16 Q. Who is -- or who was Michael Porro at
 17 the time of this e-mail?
 18 A. The zone manager.
 19 Q. Is he still the zone manager?
 20 A. He is not.
 21 Q. In the original e-mail that appears
 22 in page 2 and flows onto page 3, Mr. Porro
 23 circulates a link to a YouTube video; is that
 24 right?
 25 A. Yes.

1 D. FOSTER
 2 group that you're referring to there?
 3 A. I do not.
 4 Q. To clarify, between Krista and
 5 Kimberley, which one was up against the buying
 6 group?
 7 A. Krista was the regional manager and
 8 Kimberley was the field sales consultant, so
 9 both.
 10 Q. How were Krista and Kimberley up
 11 against the buying group?
 12 MR. McDONALD: Object to the form.
 13 THE WITNESS: During my conversation
 14 with Kimberley, she was losing customers
 15 that were signing onto a buying group that
 16 was dealing with one of our competitors.
 17 BY MR. OWYANG:
 18 Q. Could you explain what that means?
 19 A. One of our competitors had an
 20 agreement with a buying group, and some of
 21 Krista's -- Kimberly's Schein customers were
 22 now joining that buying group. So she was
 23 losing the business.
 24 Q. At this time of this e-mail, was
 25 Schein encountering buying groups more

1 D. FOSTER
 2 Q. Do you recall what that video was
 3 about?
 4 A. I don't.
 5 Q. In your reply which appears on
 6 page 2, you wrote, "I think your team does need
 7 some positive thoughts these days. I get the
 8 feeling they are starting to feel less in
 9 control."
 10 Do you see that?
 11 A. Yes.
 12 Q. What were you trying to convey to
 13 Mr. Porro there?
 14 A. I have no recollection of exactly.
 15 There must have been an instance that prompted
 16 that, but I don't recall.
 17 Q. Do you recall what the team was
 18 starting to feel less in control of?
 19 A. I do not.
 20 Q. You also wrote in that e-mail, "Had a
 21 talk with Krista and Kimberley Sbarra yesterday
 22 about another buying group she is up against."
 23 Do you see that?
 24 A. Yes.
 25 Q. Do you recall the name of the buying

1 D. FOSTER
 2 frequently than in the past?
 3 A. Yes.
 4 Q. How much more frequently?
 5 MR. McDONALD: Object to the form.
 6 THE WITNESS: I can't even speculate,
 7 because I only had my eyes on my part of
 8 the country.
 9 BY MR. OWYANG:
 10 Q. So how do you know that Schein was
 11 encountering buying groups more frequently?
 12 A. Because my other regional account
 13 managers and I would get together and discuss.
 14 Q. Who were those other regional account
 15 managers?
 16 A. Back then, I really could not name
 17 them. Our team is entirely different today
 18 than it was.
 19 Q. Do you recall what you discussed with
 20 Krista and Kimberley about this particular
 21 buying group?
 22 A. Just the fact that Kimberley was
 23 losing customers that were joining this buying
 24 group that happened to be contracted with one
 25 of our competitors.

1 D. FOSTER
 2 Q. Which competitor?
 3 A. I don't recall.
 4 Q. Did Krista or Kimberley propose a
 5 solution to losing those customers?
 6 A. I brought Michael into the mix,
 7 because he was Krista's zone manager, to make
 8 sure that we all had a discussion together.
 9 Q. Did anything result from that
 10 discussion?
 11 A. We actually did a proposal for the
 12 group, a small cluster that left Kim's
 13 territory. And we were undercut by the
 14 competitor, and we didn't win them back.
 15 Q. You can put this aside.
 16 MR. OWYANG: Do you want to take a
 17 lunch break now?
 18 MR. McDONALD: Let's go off the
 19 record.
 20 (A lunch recess was taken.)
 21 MR. OWYANG: Back on the record.
 22 BY MR. OWYANG:
 23 Q. Ms. Foster, welcome back. Do you
 24 understand that you're still under oath?
 25 A. Yes.

1 D. FOSTER
 2 The page -- on page 2 next to
 3 definition buying group, it reads, "Neither SM
 4 nor HSD would take on." How do you reconcile
 5 that statement with your testimony that buying
 6 groups get assigned to special markets or Henry
 7 Schein Dental depending on their needs?
 8 MR. McDONALD: Object to the form.
 9 Asked and answered. Go ahead.
 10 THE WITNESS: Neither special markets
 11 nor HSD field teams would be able to take
 12 them on.
 13 BY MR. OWYANG:
 14 Q. So it's your testimony that that
 15 statement, "Neither SM nor HSD would take on"
 16 should actually read -- it's your testimony
 17 that the statement "neither SM nor HSD would
 18 take on" should actually read "neither SM nor
 19 HSD field sales would take on"?
 20 A. The document was prepared for the
 21 field sales team, so yes, I assume that they
 22 would realize that that was directed to them.
 23 Q. Okay. But it's not included in this
 24 document; is that right?
 25 MR. McDONALD: Object to the form.

1 D. FOSTER
 2 Q. If you could pull out CX2002. This
 3 is the document that you prepared as a
 4 presentation. Do you recall this?
 5 A. Yes.
 6 Q. Earlier, you testified that buying
 7 groups get assigned to either special markets
 8 or Henry Schein Dental, depending on the needs
 9 of the buying group; is that right?
 10 MR. McDONALD: Object to the form.
 11 THE WITNESS: As of a certain date,
 12 yes.
 13 BY MR. OWYANG:
 14 Q. As of February 21, 2012; is that
 15 right?
 16 MR. McDONALD: Object to the form.
 17 THE WITNESS: Yes.
 18 BY MR. OWYANG:
 19 Q. If you flip to the second page of
 20 CX2002. I'm trying to -- it's hard for me to
 21 understand what's written on this page versus
 22 what you just said, that buying groups get
 23 assigned to special markets or Henry Schein
 24 Dental. And I'm hoping you can help me
 25 understand that.

1 D. FOSTER
 2 Asked and answered. You've already gone
 3 over this with her, David.
 4 You can answer it again.
 5 THE WITNESS: No.
 6 BY MR. OWYANG:
 7 Q. You can put this -- put this document
 8 aside. I think you mentioned in April 2012,
 9 that Schein worked with existing buying groups
 10 but would not take on new buying groups; is
 11 that right?
 12 MR. McDONALD: Object to the form.
 13 Mischaracterizes her testimony.
 14 THE WITNESS: No. We had existing
 15 and we were still taking on new buying
 16 groups.
 17 BY MR. OWYANG:
 18 Q. As of what date are you referring to?
 19 A. You said as of April 2012.
 20 Q. Yes.
 21 A. Yes.
 22 Q. Okay. So there was never a point in
 23 time when Henry Schein only worked with
 24 existing buying groups but did not take on new
 25 buying groups?

1 D. FOSTER
 2 MR. McDONALD: Object to the form.
 3 THE WITNESS: Not Henry Schein.
 4 Special markets. Initially, special
 5 markets was the only division that would
 6 take on buying groups and then it was
 7 shared between Henry Schein Dental and
 8 special markets.
 9 BY MR. OWYANG:
 10 Q. Sorry. Was there a time when special
 11 markets only worked with existing buying group
 12 customers but would not take on new buying
 13 group customers?
 14 MR. McDONALD: Object to the form.
 15 Mischaracterizes testimony.
 16 THE WITNESS: No.
 17 BY MR. OWYANG:
 18 Q. If you can pull out CX2003.
 19 MR. McDONALD: That's the one he just
 20 asked you about.
 21 BY MR. OWYANG:
 22 Q. On page 1 of CX2003, you wrote to
 23 Troy, quote, "Neither HSD or special markets
 24 will participate in buying groups of any kind."
 25 Do you see that?

1 D. FOSTER
 2 A. Yes.
 3 Q. In your e-mail, you didn't mention
 4 anything to Troy about asking his regional
 5 manager about buying groups, did you?
 6 A. He is the regional manager or he was.
 7 I'm sorry.
 8 Q. He was at that time?
 9 A. Yes.
 10 Q. And then Mr. Neil responded, "Oh, no
 11 worries. Thanks so much for the feedback.
 12 Much appreciated."
 13 Do you see that?
 14 A. Yes.
 15 Q. Do you know whether Mr. Neil
 16 investigated whether that buying group was a
 17 buying group that he could work with?
 18 A. He knew the customers themselves
 19 because as individual doctors, a lot of them
 20 were Henry Schein existing customers.
 21 Q. And then at the top of page 1 of
 22 CX2003, Mr. Foley wrote, "Troy, we get a lot of
 23 these requests and have to say no."
 24 Do you see that?
 25 A. Yes.

1 D. FOSTER
 2 Q. What kinds of requests is Mr. Foley
 3 referring to?
 4 MR. McDONALD: Object to the form.
 5 THE WITNESS: I'm not sure. I'm
 6 not -- I didn't write the e-mail.
 7 BY MR. OWYANG:
 8 Q. And then later in that e-mail
 9 Mr. Foley writes, "Did a few and it only led to
 10 issues."
 11 Do you see that?
 12 A. Yes.
 13 Q. What kinds of issues is Mr. Foley
 14 referring to?
 15 MR. McDONALD: Object to the form.
 16 THE WITNESS: I don't know, because
 17 it wasn't me who wrote the e-mail.
 18 BY MR. OWYANG:
 19 Q. Okay. You can put this aside. If
 20 you could pull out CX2059.
 21 A. Uh-huh.
 22 Q. Earlier, you mentioned that Krista
 23 and Kim put together a proposal for the buying
 24 group mentioned in this e-mail; is that right?
 25 A. They did not put a proposal for the

1 D. FOSTER
 2 buying group. They put a proposal for the
 3 customers that Kim was losing to the buying
 4 group.
 5 Q. I see. Are the customers that were
 6 being lost, are those customers part of the
 7 buying group?
 8 A. They -- it says in the e-mail they
 9 joined the buying group, yes.
 10 Q. Do you recall who the buying group
 11 was?
 12 A. I don't.
 13 Q. Do you recall who the competitor was?
 14 A. I don't.
 15 Q. What were the specifics of this
 16 proposal that Schein made to the customers?
 17 MR. McDONALD: Object to the form.
 18 THE WITNESS: I didn't make the
 19 proposal. Krista, the regional manager,
 20 took it upon herself to work with her rep
 21 and do that.
 22 BY MR. OWYANG:
 23 Q. Do you recall how much of a discount
 24 Schein offered for customers?
 25 MR. McDONALD: Object to the form.

1 D. FOSTER
 2 THE WITNESS: I do not.
 3 BY MR. OWYANG:
 4 Q. You can put that one aside. Then if
 5 you could pull out CX238. On the second page
 6 at the bottom, you wrote to Randy Foley, quote,
 7 "Can you tell me who this is and confirm
 8 whether they are a buying group."
 9 Do you see that?
 10 A. Yes.
 11 Q. You were referring to Pro ABC; is
 12 that right?
 13 A. Correct.
 14 Q. Why did you want to know whether Pro
 15 ABC was a buying group?
 16 A. To see which team at Henry Schein
 17 would actually call the customer for discovery.
 18 Q. And then Mr. Foley sends a reply and
 19 then you send a reply, which appears -- the
 20 substance appears at the top of page 2.
 21 Do you see that?
 22 A. Yes.
 23 Q. You wrote in the second sentence, "He
 24 was like, who is Pro ABC and why do we sell to
 25 them when all they are is a buying group?"

1 D. FOSTER
 2 GPO?
 3 A. Yes.
 4 Q. What is a dental GPO?
 5 MR. McDONALD: Object to the form.
 6 Go ahead.
 7 THE WITNESS: As of today, a dental
 8 GPO is a group purchasing organization
 9 that has members pay them a fee, a
 10 membership fee, to provide discounts and
 11 services to those particular offices,
 12 practices or CHCs.
 13 BY MR. OWYANG:
 14 Q. Was there ever a time when dental GPO
 15 had a different definition than what you just
 16 testified to?
 17 MR. McDONALD: Object to the form.
 18 THE WITNESS: Folks used to use GPO
 19 interchangeably with buying groups and
 20 group practices. So as we learned to
 21 better understand what each individual one
 22 was, we better defined it.
 23 BY MR. OWYANG:
 24 Q. Is there a difference between dental
 25 GPO and GPO?

1 D. FOSTER
 2 Do you see that?
 3 A. I do.
 4 Q. What did you mean by that?
 5 A. Jay didn't know. Because Jay was one
 6 of the local FSCs, he didn't know that we had
 7 them set up as a buying group. ABC -- Pro ABC
 8 was not in his area. He handles the South
 9 Carolina region.
 10 Q. Is Jay Barringer suggesting that
 11 Schein doesn't work with buying groups?
 12 MR. McDONALD: Object to the form.
 13 THE WITNESS: No. He just didn't
 14 know who Pro ABC was.
 15 BY MR. OWYANG:
 16 Q. Why did he ask, "Why do we sell to
 17 them when all they are is a buying group"?
 18 MR. McDONALD: Object to the form.
 19 THE WITNESS: Because one of his --
 20 he found out one of his customers who was
 21 quoting was a member of this buying group
 22 that wasn't in his region.
 23 BY MR. OWYANG:
 24 Q. You can put this aside.
 25 Are you familiar with the term dental

1 D. FOSTER
 2 MR. McDONALD: Object to the form.
 3 THE WITNESS: There are GPOs in
 4 basically every type of business, so we
 5 also have medical GPOs and our medical
 6 team works with them.
 7 BY MR. OWYANG:
 8 Q. Can you name any dental GPOs?
 9 A. Commonwealth Purchasing Group and
 10 Council Connections are two of the biggest ones
 11 we have.
 12 Q. How long has Schein worked with
 13 Council Connections?
 14 MR. McDONALD: Object to the form.
 15 THE WITNESS: I didn't sign them on,
 16 but I can tell you we've been working with
 17 community health centers in general for
 18 over 20 years and they came on board
 19 several years after.
 20 BY MR. OWYANG:
 21 Q. Which division is handling Council
 22 Connections right now?
 23 A. Special markets.
 24 Q. How long has Schein worked with
 25 Commonwealth?

1 D. FOSTER
 2 A. Again, I don't remember -- can't
 3 recall exact dates, but they came after Council
 4 Connections.
 5 Q. Which division is handling
 6 Commonwealth?
 7 MR. McDONALD: Currently?
 8 MR. OWYANG: Currently.
 9 MR. McDONALD: Currently.
 10 THE WITNESS: Special markets. Thank
 11 you. Special markets.
 12 BY MR. OWYANG:
 13 Q. I think you also mentioned a buying
 14 group called Cloudland Dental earlier; is that
 15 right?
 16 A. Yes.
 17 Q. What is Cloudland Dental?
 18 A. It's a group of dentists that got
 19 together and they span several states. I found
 20 out about them when I was covering the
 21 Tennessee region.
 22 Q. Which states does Cloudland Dental
 23 cover?
 24 A. At the time that I was inquiring
 25 about them, it was, I believe, Tennessee,

1 D. FOSTER
 2 Arkansas, and somewhere in Pennsylvania. I
 3 can't recall if it was Pittsburgh or
 4 Philadelphia, but Pennsylvania.
 5 Q. Where is Cloudland Dental based?
 6 A. They are based in Pennsylvania.
 7 Q. Who handles the Cloudland Dental
 8 account today?
 9 A. I believe it's still the FSC that
 10 resides where they're corporately located,
 11 which is in Pennsylvania.
 12 Q. What is the FSC's name?
 13 A. I don't recall.
 14 Q. How long has Cloudland been a Schein
 15 customer?
 16 A. Approximately six years.
 17 Q. Cloudland Dental is a buying group;
 18 is that right?
 19 A. Yes.
 20 Q. How do you know that Cloudland is a
 21 buying group?
 22 A. Because when I stumbled upon them and
 23 I noticed there were multiple locations open in
 24 our system, I checked with the regional manager
 25 to see who they were assigned to, because they

1 D. FOSTER
 2 weren't appearing on my report. And I checked
 3 with the FSC who was assigned.
 4 Q. What report are you referring to?
 5 A. Our regional report with our account
 6 listing.
 7 Q. Was there any written analysis
 8 showing that Cloudland Dental was a buying
 9 group?
 10 A. Written analysis, no. It was a
 11 conversation between me and the field rep.
 12 Q. The same field rep who handles
 13 Cloudland today?
 14 A. Yes.
 15 MR. OWYANG: I'll reserve the
 16 remainder of my time.
 17 MR. McDONALD: Okay. Why don't you
 18 give us five minutes to get organized.
 19 MR. OWYANG: Sure.
 20 (Off the record.)
 21 BY MR. OWYANG:
 22 Q. Back on record.
 23 So you mentioned Cloudland Dental.
 24 Can you spell Cloudland Dental for us.
 25 A. C-L-O-U-D-L-A-N-D.

1 D. FOSTER
 2 Q. And then it's Cloudland Dental?
 3 A. Dental.
 4 Q. If you can pull out CX2000. For the
 5 portions that you authored, did you write that
 6 in your capacity as regional account manager?
 7 A. Yes.
 8 Q. You testified earlier today that you
 9 reviewed several documents that refreshed your
 10 recollection yesterday; is that right?
 11 A. Yes.
 12 Q. Is this one of the documents that
 13 refreshed your recollection?
 14 A. Yes.
 15 Q. If you can pull out CX238. For the
 16 portion of CX238 that you authored, did you
 17 offer that in your capacity as director of
 18 sales for special markets?
 19 A. Yes.
 20 Q. Is this one of the documents that
 21 refreshed your recollection from yesterday?
 22 A. Yes.
 23 Q. Can you pull out CX2001. For those
 24 portions of CX2001 that you authored, did you
 25 write that in your capacity as regional account

1 D. FOSTER
 2 manager?
 3 A. Yes.
 4 Q. Is this one of the documents that you
 5 refreshed your recollection yesterday?
 6 A. Yes.
 7 Q. Going to CX2002. Did you author
 8 CX2002 in your capacity as director of sales
 9 for special markets?
 10 A. Yes.
 11 Q. Is this one of the documents that you
 12 looked at yesterday that refreshed your
 13 recollection?
 14 A. Yes.
 15 Q. Going to CX2004. For the portions of
 16 CX2004 that you authored, did you write that in
 17 your capacity as regional account manager?
 18 A. Yes.
 19 Q. Is this one of the documents that you
 20 looked at that refreshed your recollection?
 21 A. Yes.
 22 Q. Going to CX2005. For the portions of
 23 CX2005 that you authored, did you write that in
 24 your capacity as regional account manager?
 25 A. It wasn't an official title --

1 D. FOSTER
 2 MR. McDONALD: Object to the form.
 3 THE WITNESS: -- at that point, but
 4 same capacity, managed group practice
 5 specialist.
 6 BY MR. OWYANG:
 7 Q. So you authored CX2005 in your
 8 capacity as manager and group practice
 9 specialist?
 10 A. Yes.
 11 Q. Is this one of the documents that
 12 refreshed your recollection yesterday?
 13 A. Yes.
 14 Q. And then finally, CX2059 -- sorry,
 15 2059. For the portions of CX2059 that you
 16 authored, did you author that in your capacity
 17 as regional account manager?
 18 A. Yes.
 19 Q. Is this one of those documents that
 20 you looked at that refreshed your recollection?
 21 A. No.
 22 MR. OWYANG: That's it.
 23 MR. McDONALD: What was the one you
 24 wanted her to pull out?
 25 MS. SEIDL: 2000.

1 D. FOSTER
 2 FURTHER EXAMINATION
 3 BY MS. SEIDL:
 4 Q. So I just have a few questions for
 5 you. If anything I ask is unclear, I just hope
 6 you'll let me know so I can clarify.
 7 A. Okay. Thank you.
 8 Q. So you testified that one of the ways
 9 of increasing market share for Schein is to
 10 take business from certain competitors; is that
 11 correct?
 12 A. Yes.
 13 Q. And who are Schein's competitors that
 14 you are aware of?
 15 A. We have numerous competitors. We
 16 have Patterson, Benco. In my region, I deal
 17 with some regionals, like Nashville Dental,
 18 Atlanta Dental, Benco. Those are some of the
 19 more common ones.
 20 Q. So is it fair to say that Patterson
 21 and Schein competed vigorously throughout your
 22 time at Schein?
 23 MR. OWYANG: Object to form.
 24 Leading.
 25 THE WITNESS: Yes, absolutely.

1 D. FOSTER
 2 BY MS. SEIDL:
 3 Q. And that competition was continuous;
 4 correct?
 5 MR. OWYANG: Same objection.
 6 THE WITNESS: Yes.
 7 BY MS. SEIDL:
 8 Q. So there were no exceptions?
 9 MR. OWYANG: Same objection.
 10 THE WITNESS: No exceptions that I
 11 know of.
 12 BY MS. SEIDL:
 13 Q. And so Patterson, in your experience,
 14 tried to steal Schein's customers?
 15 MR. OWYANG: Same objection.
 16 THE WITNESS: Yes. Patterson has
 17 always historically tried to win our
 18 customers, as we did theirs.
 19 BY MS. SEIDL:
 20 Q. So is it fair to say then that
 21 Patterson always -- in your time at Schein,
 22 competed with Schein for individual dentists?
 23 MR. OWYANG: Object to form.
 24 Leading.
 25 THE WITNESS: Yes.

1 D. FOSTER
 2 BY MS. SEIDL:
 3 Q. Corporate accounts?
 4 A. Yes.
 5 Q. Community health centers?
 6 MR. OWYANG: Same objection.
 7 THE WITNESS: Yes.
 8 BY MS. SEIDL:
 9 Q. Government accounts?
 10 A. Yes.
 11 MR. OWYANG: Same objection.
 12 BY MS. SEIDL:
 13 Q. And that would include correctional
 14 facilities?
 15 A. Yes.
 16 MR. OWYANG: Same objection.
 17 BY MS. SEIDL:
 18 Q. And the same for Indian clinics?
 19 MR. OWYANG: Same objection.
 20 THE WITNESS: Yes.
 21 BY MS. SEIDL:
 22 Q. So a few documents to show you.
 23 We'll start with CX2000. If you would go to
 24 page 6 on that document, please, at the bottom
 25 of the page, the e-mail from Kirk Greenway to

1 D. FOSTER
 2 you. And it reads that -- at the bottom, very
 3 bottom, it says, "Dr. Nasim has always worked
 4 with PDCO and admittedly needs to switch to HS
 5 based on the value add I have shown him."
 6 Is PDCO there Patterson?
 7 A. Yes.
 8 Q. And HS, I'm assuming is Schein?
 9 A. Yes.
 10 Q. So this is an instance in which
 11 Schein is going after one of Patterson's
 12 current customers?
 13 A. Yes.
 14 MR. OWYANG: Object to form.
 15 BY MS. SEIDL:
 16 Q. And that was in 2015?
 17 A. Yes.
 18 MS. SEIDL: So we'll head to the next
 19 document. I'm going to hand the court
 20 reporter a document Bates labeled
 21 HS00249299. Would you please mark as it
 22 as Exhibit 28, I believe, what we're
 23 starting with.
 24 (Thereupon, Exhibit 28 was marked for
 25 identification.)

1 D. FOSTER
 2 BY MS. SEIDL:
 3 Q. If you could review that and let me
 4 know when you're done looking at it. And this
 5 looks to be a document from Michael Herrin to
 6 Debbie Foster and a number of other individuals
 7 dated Tuesday, March 10, 2015.
 8 A. Okay.
 9 Q. Do you recognize this document?
 10 A. Yes.
 11 Q. What is the document about?
 12 A. It's about a group called Premise
 13 Health, formerly Take Care Health, who is now
 14 asking and requesting of Schein to remove local
 15 field sales consultants from their locations.
 16 Q. Okay. If you'll turn to the second
 17 page. The e-mail from you to Russ Baker, Kyle
 18 Steck and Michael Herrin and a number of others
 19 on the CC line from March 10, 2015. If you
 20 look at the second full paragraph, the sentence
 21 reads, "Two of the three sites are down in
 22 sales and they started ordering from Patterson
 23 last year."
 24 A. Yes.
 25 Q. Last year was 2014; correct?

1 D. FOSTER
 2 A. Yes.
 3 Q. So in 2014, Patterson took the
 4 Premise Health business for two of the three
 5 sites from you?
 6 A. Correct.
 7 Q. It then goes on to say, "With the
 8 signed agreement, we will get them back and can
 9 start assisting their dental expansion"; is
 10 that right?
 11 A. Correct.
 12 Q. So in 2015, March 2015, Schein is
 13 competing with Patterson to get back the
 14 Premise Health accounts that they lost the
 15 prior year?
 16 A. Correct.
 17 Q. So is it fair to say that in this
 18 instance, Patterson and Schein competed for a
 19 group account?
 20 MR. OWYANG: Object to form.
 21 Leading.
 22 THE WITNESS: Yes.
 23 MS. SEIDL: Thank you. Now I'm going
 24 to hand the court reporter a document
 25 Bates stamped Henry Schein 000143324.

1 D. FOSTER
 2 (Thereupon, Exhibit 29 was marked for
 3 identification.)
 4 MS. SEIDL: Can you please mark that
 5 as Exhibit 29 and hand it to the witness.
 6 BY MS. SEIDL:
 7 Q. This looks to be a document from
 8 Randy Foley to Debbie Foster titled "DSO
 9 stuff." And the e-mail was sent on April 7,
 10 2016. If you could just review this and let me
 11 know when you're done taking a look at it.
 12 A. Okay.
 13 Q. Okay. So I'll only ask you about the
 14 first page, the e-mail from Mr. Foley to you.
 15 And the first line starts, "Rhonda is telling
 16 folks that she has taken 50 million in business
 17 from Schein."
 18 Do you know who Rhonda is that
 19 Randy's referring to?
 20 A. I do.
 21 Q. Who is Rhonda?
 22 A. Rhonda Durante was an employee of
 23 Henry Schein and she left to go to Patterson
 24 Dental.
 25 Q. Okay. And then it goes on to state,

1 D. FOSTER
 2 "The only EDSO that went from us to PDCO was
 3 Mortenson two years ago." What does EDSO refer
 4 to?
 5 A. Elite Dental Service Organization.
 6 Q. And PDCO is Patterson?
 7 A. Yes.
 8 Q. So two years prior to this e-mail
 9 dated 2016, so in 2014, Patterson stole an
 10 Elite Dental Service Organization customer from
 11 Schein?
 12 A. Yes.
 13 Q. And then it goes on to say,
 14 "ImmediaDent came to us and back to PDCO due to
 15 Saturday service hours in certain regions."
 16 PDCO is Patterson again?
 17 A. Yes.
 18 Q. So ImmediaDent was a customer that
 19 Schein and Patterson competed for vigorously?
 20 A. Yes.
 21 MR. OWYANG: Object to form.
 22 BY MS. SEIDL:
 23 Q. Thank you. That it's on the
 24 documents. I have a few more questions for
 25 you.

1 D. FOSTER
 2 So the documents I just showed you
 3 are examples of the vigorous competition over
 4 the years that we already discussed; correct?
 5 MR. OWYANG: Object to form.
 6 Leading.
 7 THE WITNESS: Yes.
 8 BY MS. SEIDL:
 9 Q. And the competition did not wane
 10 throughout your entire time at Schein; correct?
 11 MR. OWYANG: Same objection.
 12 THE WITNESS: No.
 13 BY MS. SEIDL:
 14 Q. And the competition also did not wane
 15 with respect to any particular type of
 16 customer; correct?
 17 MR. OWYANG: Same objection.
 18 THE WITNESS: No.
 19 MS. SEIDL: Would you let me finish.
 20 Thank you.
 21 BY MS. SEIDL:
 22 Q. So you're aware or are you aware that
 23 complaint counsel is alleging that Patterson
 24 and Schein entered into a conspiracy in 2013
 25 relating to buying groups; correct?

1 D. FOSTER
 2 MR. OWYANG: Object to form.
 3 THE REPORTER: I didn't get your
 4 answer.
 5 MR. McDONALD: So Debbie, pause. Let
 6 him object and then answer. She needs you
 7 to answer that question again.
 8 BY MS. SEIDL:
 9 Q. So are you aware that complaint
 10 counsel is alleging that Patterson and Schein
 11 entered into a conspiracy in 2013 relating to
 12 buying groups?
 13 A. Yes.
 14 Q. And are you aware that the alleged
 15 conspiracy was not to do business with buying
 16 groups?
 17 MR. OWYANG: Object to form.
 18 THE WITNESS: Yes.
 19 BY MS. SEIDL:
 20 Q. And in the past five hours, complaint
 21 counsel has not shown a single document of you
 22 discussing anything related to buying groups
 23 with anyone at Patterson; correct?
 24 MR. OWYANG: Object to form.
 25 Leading.

1 D. FOSTER
 2 THE WITNESS: Correct.
 3 BY MS. SEIDL:
 4 Q. And, in fact, you did not speak to
 5 anyone at Patterson; correct?
 6 MR. OWYANG: Object to form.
 7 THE WITNESS: Correct.
 8 BY MS. SEIDL:
 9 Q. I'm going to ask you a number of
 10 questions using the word "agreement." When I
 11 say agreement, I mean its common understanding
 12 for a meeting of the minds or a conscious
 13 commitment to a common scheme. Do you
 14 understand what I mean by agreement?
 15 A. Uh-huh.
 16 Q. So are you aware of any agreements
 17 between Schein and Patterson not to compete in
 18 general?
 19 MR. OWYANG: Object. Calls for a
 20 legal conclusion.
 21 THE WITNESS: No.
 22 BY MS. SEIDL:
 23 Q. Are you aware of anyone at Henry
 24 Schein, in general, discussing with anyone at
 25 Patterson the idea of not competing in general?

1 D. FOSTER
 2 compete for certain customers; right?
 3 MR. OWYANG: Objection. Leading.
 4 THE WITNESS: No, I did not.
 5 BY MS. SEIDL:
 6 Q. Are you aware of any agreement
 7 between Schein and Patterson not to do business
 8 with buying groups?
 9 MR. OWYANG: Objection. Calls for a
 10 legal conclusion.
 11 THE WITNESS: No.
 12 BY MS. SEIDL:
 13 Q. And are you aware of anyone at Henry
 14 Schein discussing with anyone at Patterson the
 15 idea of not competing for buying groups or
 16 not -- sorry. Let me rephrase.
 17 Are you aware of any agreement
 18 between Henry Schein and Patterson not to do
 19 business with buying groups?
 20 MR. OWYANG: Objection. Calls for a
 21 legal conclusion.
 22 THE WITNESS: No.
 23 BY MS. SEIDL:
 24 Q. And you certainly did not reach any
 25 agreement with anyone at Patterson not to do

1 D. FOSTER
 2 A. No.
 3 MR. OWYANG: Object to form.
 4 BY MS. SEIDL:
 5 Q. And you certainly did not discuss
 6 with anyone at Patterson the idea of not
 7 competing in general?
 8 MR. OWYANG: Object to form.
 9 THE WITNESS: No.
 10 BY MS. SEIDL:
 11 Q. Are you aware of any agreement
 12 between Henry Schein and Patterson not to
 13 compete for certain customers?
 14 MR. OWYANG: Objection. Calls for a
 15 legal conclusion.
 16 THE WITNESS: No.
 17 BY MS. SEIDL:
 18 Q. Are you aware of anyone at Schein
 19 discussing with anyone at Patterson the idea of
 20 not competing for certain customers?
 21 MR. OWYANG: Same objection.
 22 THE WITNESS: No.
 23 BY MS. SEIDL:
 24 Q. And you certainly didn't reach any
 25 agreement with anyone at Patterson not to

1 D. FOSTER
 2 business with buying groups?
 3 MR. OWYANG: Object to form. Calls
 4 for a legal conclusion.
 5 THE WITNESS: No.
 6 BY MS. SEIDL:
 7 Q. And you've never discussed with
 8 anyone at Patterson the idea of not doing
 9 business with buying groups; right?
 10 MR. OWYANG: Objection. Leading.
 11 THE WITNESS: Never.
 12 MS. SEIDL: That's it for me.
 13 MR. OWYANG: Could we get five
 14 minutes to confer with my counsel?
 15 MR. McDONALD: Yeah, but I might want
 16 to go.
 17 MR. MANNING: This is counsel for
 18 Benco. I would like to go.
 19 FURTHER EXAMINATION
 20 BY MR. MANNING:
 21 Q. My name is Thomas Manning. I'm with
 22 Buchanan Ingersoll in Philadelphia and I
 23 represent Benco in this matter. I just have a
 24 few questions for you.
 25 Using the same understanding of the

1 D. FOSTER
 2 word agreement that Patterson's counsel gave
 3 you, are you aware of any agreement between
 4 Benco and Schein not to do business with buying
 5 groups?
 6 MR. OWYANG: Object to form. Calls
 7 for a legal conclusion.
 8 THE WITNESS: No.
 9 BY MR. MANNING:
 10 Q. Did you have any discussions with
 11 anyone at Benco about not doing business with
 12 buying groups?
 13 MR. OWYANG: Object to form.
 14 THE WITNESS: No.
 15 BY MR. MANNING:
 16 Q. Are you aware of anyone else at
 17 Schein having discussions with anyone at Benco
 18 about not doing business with buying groups?
 19 MR. OWYANG: Objection. Vague.
 20 THE WITNESS: No.
 21 MR. MANNING: That's all I have.
 22 FURTHER EXAMINATION
 23 BY MR. McDONALD:
 24 Q. Ms. Foster, I just have a few
 25 questions for you.

1 D. FOSTER
 2 group?
 3 MR. OWYANG: Objection. Leading.
 4 MR. McDONALD: Really? You need to
 5 go read the rules.
 6 BY MR. McDONALD:
 7 Q. Did you consider them to be a buying
 8 group?
 9 A. Yes.
 10 Q. Have you ever heard of a company
 11 called Dental Associates?
 12 A. Yes.
 13 Q. And what is Dental Associates?
 14 A. Dental Associates started out as a
 15 group with a central location and central
 16 contact folks. And they also didn't do well
 17 financially, so Henry Schein decided to keep on
 18 the members and went together under a discount
 19 plan.
 20 Q. And what type of customer was Dental
 21 Associates?
 22 A. They were a buying group.
 23 Q. Are you aware of any policy at Henry
 24 Schein regarding doing business with buying
 25 groups?

1 D. FOSTER
 2 Have you ever heard of a company
 3 called Ciraden?
 4 A. Yes.
 5 Q. And what is Ciraden?
 6 A. Ciraden was a customer. They were
 7 formerly formed under the name of Main Street
 8 Dental and then under their new financing, got
 9 their new name, Ciraden.
 10 And unfortunately, that company did
 11 not do well financially, so when they went
 12 bankrupt, we decided to keep all of those
 13 offices on with Henry Schein at a discount as a
 14 buying group through our company.
 15 Q. Have you ever heard of a company
 16 called Dental Smart?
 17 A. Yes.
 18 Q. And what is Dental Smart?
 19 A. Dental Smart was a combination. Some
 20 of their locations were -- they owned them.
 21 Others, they did not own. They just helped
 22 manage and guide them. And those members
 23 actually paid a fee to Dental Smart to get
 24 their business solution services.
 25 Q. Did you consider them to be a buying

1 D. FOSTER
 2 MR. OWYANG: Objection. Vague.
 3 THE WITNESS: No. No policies.
 4 BY MR. McDONALD:
 5 Q. Did anyone at Henry Schein ever tell
 6 you not to do business with buying groups?
 7 A. No.
 8 Q. Did you do business with buying
 9 groups?
 10 A. Yes.
 11 Q. Did you ever have a discussion with
 12 anyone at Patterson about a customer?
 13 A. Never.
 14 Q. Did you ever have a discussion with
 15 anyone at Benco about a customer?
 16 A. Never.
 17 Q. Early in your deposition today, you
 18 testified about Henry Schein's business
 19 solutions offering. Do you recall that?
 20 A. Yes.
 21 Q. And I believe you said that it
 22 started in 2014.
 23 A. Correct.
 24 Q. Did Henry Schein offer business
 25 solutions practices or offerings to its clients

1 D. FOSTER
2 before 2014?
3 MR. OWYANG: Objection. Vague.
4 THE WITNESS: We did offer services.
5 We did not have a formal division. That
6 was formed with outside sales force and
7 management team.
8 BY MR. McDONALD:
9 Q. So when you said it didn't -- it
10 wasn't offered until 2014, what did you mean?
11 A. I meant that we didn't have that
12 entity created, but we did offer individual
13 services through our regional managers and
14 field sales force.
15 Q. If you'll look at Exhibit 2004,
16 CX2004. This is an e-mail chain that you
17 looked at earlier today. Do you recall looking
18 at that?
19 A. Yes.
20 Q. I want to focus on the top e-mail
21 from Brad Fine. In the second -- I'm sorry,
22 the second line, which is the third sentence,
23 he states, "We have been given a little insight
24 from one of the doctors and the oral surgeon
25 who is leading the charge. Based on those

1 D. FOSTER
2 the first sentence of your e-mail, you make a
3 reference to Premise Health.
4 Do you see that?
5 A. Yes.
6 Q. What is Premise Health?
7 A. Premise Health is a buying group that
8 is more of an occupational health, so they set
9 up dental and medical clinics inside industrial
10 companies.
11 Q. Toward the end of the first
12 paragraph, there's a sentence that reads, "The
13 corporate office has to approve all items being
14 ordered by their sites."
15 Do you see that?
16 A. Yes.
17 Q. What does that mean?
18 A. That means that we created a
19 customized formulary for all of their dental
20 clinics. They were using the same standardized
21 products throughout all their locations.
22 Q. So Premise Health's corporate office
23 would order products for the different offices?
24 A. No. They approved the formulary to
25 be used at the individual dental clinics.

1 D. FOSTER
2 conversations, they asked for a proposal so
3 they can discuss."
4 Do you see that?
5 A. Yes.
6 Q. Was it your understanding that Henry
7 Schein made an offer to this group?
8 A. Yes.
9 MR. McDONALD: That's all the
10 questions I have at this time.
11 MR. OWYANG: Anyone else on the
12 phone?
13 MR. McDONALD: There isn't anybody
14 else. I'm not going to let Lin ask
15 questions.
16 MR. OWYANG: Can we take five
17 minutes?
18 MR. McDONALD: Of course.
19 (Thereupon, a brief recess was taken.)
20 MR. OWYANG: Back on the record.
21 FURTHER EXAMINATION
22 BY MR. OWYANG:
23 Q. Could you pull out Exhibit 28, the
24 e-mail that is from Michael Herrin.
25 If you turn to the second page. In

1 D. FOSTER
2 Q. So the corporate office determined
3 each dental clinic's formulary?
4 A. With the help of one of their main
5 dental directors out of one of the locations.
6 Q. In the next sentence you wrote, "In
7 addition, the pricing on anything that is used
8 in both a medical/dental environment has to be
9 coded as the same price."
10 Do you see that?
11 A. Yes.
12 Q. What did you mean when you wrote
13 "medical dental environment"?
14 A. Because they had medical clinics and
15 dental clinics, we needed to make sure that our
16 discounts and pricing was in line among the two
17 divisions.
18 Q. What types of medical services does
19 Premise Health provide?
20 A. They had medical clinics in the same
21 industrial offices and sites.
22 Q. What types of medical services?
23 A. All types. Family medicine just for
24 the employees and their families.
25 Q. You can set this aside.

1 D. FOSTER
 2 Counsel asked you about three groups:
 3 Ciraden, Dental Smart and Dental Associates.
 4 Do you recall that?
 5 A. Yes.
 6 Q. Starting with Ciraden. First, how do
 7 you spell Ciraden?
 8 A. C-I-R-A-D-E-N.
 9 Q. You testified that Ciraden is a
 10 buying group; is that right?
 11 A. They're no longer, but, yes, they
 12 were when we were dealing with them.
 13 Q. When you dealt with Ciraden as a
 14 buying group, what time period was that?
 15 A. I don't recall the dates that they
 16 were under the name of Ciraden.
 17 Q. Who was responsible for handling the
 18 Ciraden account when it was a buying group?
 19 MR. OWYANG: Object to the form.
 20 MR. McDONALD: Objection to form.
 21 THE WITNESS: The sales
 22 representative that called on them was
 23 Rosemarie Manjapani.
 24 BY MR. OWYANG:
 25 Q. Where is Ciraden located?

1 D. FOSTER
 2 Q. Do you know when that -- when the
 3 Ciraden buying group started?
 4 A. I don't.
 5 Q. Moving on to Dental Smart. What is
 6 Dental Smart?
 7 A. Dental Smart was what we refer to as
 8 a hybrid. They owned some of their offices and
 9 consulted for some of their other offices.
 10 Q. Is Dental Smart a buying group?
 11 A. Partially, yes.
 12 Q. What part of it is a buying group?
 13 A. The part where they don't own the
 14 actual practices and they're individually
 15 owned.
 16 Q. What is -- what do you consider the
 17 part of Dental Smart that is owned by Dental
 18 Smart?
 19 A. That's more under a group practice
 20 model with corporate ownership.
 21 Q. Who at Schein is responsible for the
 22 Dental Smart account?
 23 A. They have gone bankrupt and they no
 24 longer are our customer, but it was under
 25 special markets when we were dealing with them.

1 D. FOSTER
 2 A. I don't know where their corporate
 3 office is located. I don't know where they
 4 actually were out of.
 5 Q. Do you know what region of the
 6 country they were out of?
 7 A. They were definitely eastern part of
 8 the country.
 9 Q. Can you be any more specific than
 10 that?
 11 A. No.
 12 Q. When did you first learn that Ciraden
 13 was a buying group?
 14 A. Rosemarie actually shared with me
 15 that they were no longer -- their corporate
 16 entity went out of business and they were going
 17 to keep them in special markets under the
 18 buying group umbrella and still offer
 19 individual offices' discounts.
 20 Q. Which division handled Ciraden when
 21 it was a buying group?
 22 A. Special markets.
 23 Q. When Ciraden was a buying group, was
 24 it made up of independent dental practices?
 25 A. Yes.

1 D. FOSTER
 2 Q. And what was the time period when
 3 Schein was dealing with Dental Smart?
 4 A. I don't recall an exact year. I
 5 don't recall exact year.
 6 Q. Was it before or after 2015?
 7 A. We started before 2015.
 8 Q. Which division at Schein handled the
 9 Dental Smart account?
 10 A. Special markets.
 11 Q. When did Dental Smart become a buying
 12 group?
 13 A. When they signed on with us. So they
 14 were always a hybrid, half owned and half
 15 consultant.
 16 Q. But you don't recall when they signed
 17 on with Schein?
 18 A. I don't.
 19 Q. Where is Dental Smart located?
 20 A. They were headquartered in Charlotte
 21 -- Charleston.
 22 Q. Charleston, South Carolina?
 23 A. South Carolina.
 24 Q. When did you first learn that Dental
 25 Smart was a buying group?

1 D. FOSTER
 2 MR. McDONALD: Object to form. Asked
 3 and answered.
 4 THE WITNESS: When I originally met
 5 with them, which again, I can't recall the
 6 exact time frame.
 7 BY MR. OWYANG:
 8 Q. And then moving on to Dental
 9 Associates. What is Dental Associates?
 10 A. Dental Associates is a buying group
 11 that was located in the northeast.
 12 Q. Where in the northeast?
 13 A. In Virginia.
 14 Q. Is Dental Associates a current Schein
 15 customer?
 16 A. I don't know.
 17 Q. When did -- how long has Schein
 18 served Dental Associates?
 19 A. Again, I don't know if they're a
 20 current customer, so I can't speak for now. I
 21 don't handle the state of Virginia anymore.
 22 But about five years ago is when I was involved
 23 with the account.
 24 Q. Who -- which division did Dental
 25 Associates fall under?

1 D. FOSTER
 2 Q. Do you remember who told you?
 3 A. I actually was doing some research on
 4 some of my key accounts and I started making
 5 phone calls to see who I could reach out to to
 6 get them to comply more to Henry Schein,
 7 because most of the locations were not ordering
 8 from us at that time. And I heard from several
 9 offices that there was nobody to contact. You
 10 have to contact each individual doctor.
 11 Q. When did you do that research?
 12 A. I don't recall when that was exactly.
 13 Q. Was it before or after 2015?
 14 A. Before.
 15 MR. OWYANG: No further questions.
 16 MR. McDONALD: Do you have anything?
 17 FURTHER EXAMINATION
 18 BY MS. SEIDL:
 19 Q. Just something very quick. With
 20 respect to Exhibit 28, you testified that
 21 Premise Health is a buying group. Is it fair
 22 to say that in 2014, Schein and Patterson
 23 competed for a buying group?
 24 MR. OWYANG: Object to form.
 25 THE WITNESS: Yes.

1 D. FOSTER
 2 A. Special markets.
 3 Q. Is Dental Associates a buying group?
 4 A. Yes.
 5 Q. Are Dental Associates members made up
 6 of independent dental practices?
 7 A. Yes, they are. I'd like to correct
 8 one thing, if I may.
 9 Q. Go ahead.
 10 A. When you said who handled Dental
 11 Associates, it was handled originally from
 12 special markets and then it was passed over and
 13 handed over to Henry Schein Dental.
 14 Q. Do you know who within Henry Schein
 15 Dental it was passed on to?
 16 A. Well, it was passed on to Henry
 17 Schein Dental in general. And each one of
 18 those accounts was assigned to a local FSC from
 19 the regional manager.
 20 Q. Did FSC handle Dental Associates
 21 before it moved to Henry Schein Dental?
 22 A. No.
 23 Q. When did you first learn that Dental
 24 Associates was a buying group?
 25 A. I don't remember the time.

1 D. FOSTER
 2 BY MS. SEIDL:
 3 Q. Is the same true for 2015?
 4 MR. OWYANG: Object to form.
 5 THE WITNESS: Yes.
 6 MS. SEIDL: That's it for me.
 7 MR. McDONALD: Benco? Anybody from
 8 Benco?
 9 MR. MANNING: Nothing else.
 10 MR. McDONALD: That's all the
 11 questions I have.
 12 (Whereupon, at 1:53 p.m., the deposition was
 13 concluded.)

JURAT

I, DEBORAH FOSTER, do hereby certify under penalty of perjury that I have read the foregoing transcript of my deposition taken on June 7, 2018; that I have made such corrections as appear noted herein in ink, initialed by me; that my testimony as contained herein, as corrected, is true and correct.

DATED this ____ day of _____, 2018,
at _____.

DEBORAH FOSTER

SUBSCRIBED AND SWORN BEFORE ME
THIS ____ DAY OF _____, 2018.

(Notary Public) MY COMMISSION EXPIRES: _____

ERRATA SHEET

DEPOSITION OF: Deborah Foster

DATE DEPOSITION: June 7, 2018

CASE NAME: In the Matter of Benco Dental, Inc., et al., Docket No. D09379

The following are the corrections which I have made to my transcript:

PAGE	LINE #	CORRECTION	REASON FOR CORRECTION
10	7	Change "regional manager" to "director"	Clarification/misspoke
18	14	Change "Barresi" to "Boresi"	Typographical error
19	17	Change "Silvis" to "Silvas"	Typographical error
19	18	Change "McIlory" to "McElroy"	Typographical error
23	16	Change "handed" to "handled"	Typographical error
38	4-5	Change "because mid-markets is a separate dental division," to "because I'm in mid-markets,"	Clarification
39	18	Change "and" to "through"	Clarification
44	5	Change "research" to "reach"	Typographical error
45	8-9	Change "customer" to "patient"	Clarification
58	10	Change "men" to "team"	Clarification/typographical error
75	20	Change "competition, growing" to "competition and growing"	Clarification
99	18	Change "Gator Dental" to "Dental Gator"	Clarification/misspoke
104	8	Change "group" to "division of Schein"	Clarification
128	16	Change "down" to "over"	Clarification
128	20	Change "down" to "over"	Clarification
131	14	Change "exactly" to "that"	Typographical error/clarification
143	6	Change "FSCs" to "equipment specialists"	Clarification/misspoke
143	20	Change "who" to "he"	Typographical error
168	17-18	Change "went together under a discount plan" to "went forward under"	Clarification

		a discount plan”	
173	5	Change “out of one of the locations” to “out of Texas”	Clarification

I, Deborah Foster, do hereby acknowledge that I have read the above-referenced deposition transcript, that I have made any corrections, additions or deletions that I was desirous of making; and that the transcript contains my true and correct testimony.

EXECUTED this 10 day of July, 2018.

 25 Botts for Patterson.

1 CONFIDENTIAL - RANDALL FOLEY
 2 MR. YOON: Eric Yoon, Buchanan
 3 Ingersoll on behalf of Benco Dental Supply
 4 Company.

5 THE VIDEOGRAPHER: Thank you.
 6 Is there anyone present on the phone?
 7 (No response.)

8 MS. ROSNER: Not at the moment.

9 THE VIDEOGRAPHER: Okay. Thank you.
 10 Will the court reporter please swear
 11 in the witness.

12 * * *

13 RANDALL FOLEY, called as a
 14 witness, having been duly sworn by a Notary
 15 Public, was examined and testified as
 16 follows:

17 EXAMINATION BY

18 MS. ROSNER:

19 Q. Mr. Foley, thank you for being here
 20 today. I understand that you have taken an
 21 investigational hearing in this matter
 22 previously and so you are familiar with the
 23 setup of having a court reporter and being asked
 24 questions, correct?

25 A. Yes, I am.

1 CONFIDENTIAL - RANDALL FOLEY
 2 Q. And you are familiar that you have
 3 just taken an oath where you are going to tell
 4 the truth today?

5 A. Yes, I do.

6 Q. So all of the same rules apply from
 7 the last time you were in this setting. The two
 8 most important rules are that you tell the truth
 9 today and that you and I work together such that
 10 the court reporter can understand and hear us.

11 A. Okay.

12 Q. Mr. Foley, I understand you used to
 13 work at Henry Schein Inc.; is that correct?

14 A. Yes.

15 Q. If I refer to Henry Schein Inc. as
 16 "Schein," will you know what I'm talking about?

17 A. Yes.

18 Q. You retired from Schein?

19 A. Yes.

20 Q. When?

21 A. In December 16, 2016.

22 Q. Since you retired from Schein, have
 23 you been employed elsewhere?

24 A. No.

25 Q. Since you retired from Schein, have

1 CONFIDENTIAL - RANDALL FOLEY
 2 you done any work for Schein on either a formal
 3 or informal basis?

4 A. No.

5 Q. Since you retired from Schein, have
 6 you worked in the dental industry?

7 A. No.

8 Q. How many years did you work for
 9 Schein?

10 A. Just under 14.

11 Q. When you were working in the Special
 12 Markets Division at Schein, how often did you go
 13 into the office?

14 A. Maybe every other month.

15 Q. When you were working with the Special
 16 Division -- excuse me. When you were working
 17 with the Special Markets Division, how often
 18 were you on work travel?

19 A. Approximately three weeks out of the
 20 month.

21 Q. When you traveled for work, did you
 22 travel alone?

23 A. I -- no, I usually would travel with
 24 co-workers. I mean, I traveled to the place
 25 alone, but met with co-workers.

1 CONFIDENTIAL - RANDALL FOLEY
2 Q. When you met with co-workers, was that
3 your entire team?

4 A. No, it would be with -- it would be --
5 Meaning the entire team at one time?

6 Q. Correct.

7 A. No, it would be with an individual
8 sales member that was calling on a customer. I
9 would co-travel with that -- with that
10 individual, for the most part.

11 Q. So when you traveled for work, you
12 would typically meet one or maybe two other
13 people at --

14 A. For the most part, yes, correct.

15 Q. While working from -- when you weren't
16 in the office and when you weren't on travel,
17 did you work from home?

18 A. Yes; I was home-based.

19 Q. While working from home or while on
20 work travel, how did you keep in touch with the
21 rest of your team?

22 A. I was very heavy in using e-mail as my
23 main correspondence, and while working out of
24 the house, I would use my either voice -- my
25 voice line or my cell phone. Out of the house,

1 CONFIDENTIAL - RANDALL FOLEY
2 I preferred my house line. It has a headset.

3 Q. Your house line, that's your home
4 phone?

5 A. It would be my home phone, but it
6 was -- yes, it was owned by me, but it was a
7 company -- it was published on my business card
8 as a -- as a work number. I still own that
9 number.

10 Q. Is that a separate business line in
11 your home?

12 A. No.

13 Q. Is there anyone else in your home who
14 has access to that business line?

15 A. No, I live alone.

16 Q. So you conducted business over e-mail?

17 A. Primarily.

18 Q. And you gave direction to your direct
19 reports over e-mail?

20 A. Through e-mail, uh-huh.

21 Q. You provided information to your
22 superiors over e-mail?

23 A. Yes.

24 Q. And while conducting business over
25 e-mail, you attempted to be accurate in the

1 CONFIDENTIAL - RANDALL FOLEY
2 information that you conveyed?

3 A. Yes.

4 MS. FINCHER: Just, Randy, slow down a
5 little bit and let her finish her question
6 before you answer.

7 Q. I see here today you're represented by
8 attorneys from Locke Lord?

9 A. Yes.

10 Q. Locke Lord is representing Henry
11 Schein in this matter?

12 A. Yes.

13 Q. Is Schein paying Locke Lord's fees for
14 representing you in connection with today's
15 deposition?

16 A. I'm unaware.

17 Q. Did you meet with attorneys from Locke
18 Lord prior to today's deposition?

19 A. Yes.

20 Q. Did attorneys from Locke Lord assist
21 you in preparing for today's deposition?

22 A. Yes.

23 Q. How did you prepare for today's
24 deposition?

25 A. We reviewed about 50 or 60 e-mails

1 CONFIDENTIAL - RANDALL FOLEY
2 that I had sent or I was a part of and some
3 prior vendor agreements that were attachments.

4 Q. Did you do anything else?

5 A. No.

6 Q. Other than meeting with attorneys from
7 Locke Lord, did you meet with anyone else in
8 preparation for today's deposition?

9 A. No.

10 Q. Did you meet with anyone from Schein
11 in preparation for today's deposition?

12 A. No.

13 Q. How long was your meeting with
14 attorneys from Locke Lord in preparation for
15 today's deposition?

16 A. About eight hours.

17 Q. Was this an in-person meeting?

18 A. I'm sorry?

19 Q. Was this an in-person meeting?

20 A. Meaning just us meeting face-to-face?

21 Q. Versus telephonically?

22 A. Oh, yes. It was face-to-face. In
23 person.

24 Q. Other than yourself and counsel for
25 Schein, was anybody else in the room?

1 CONFIDENTIAL - RANDALL FOLEY

2 A. No.

3 Q. Other than yourself and counsel for
4 Schein, was anybody else listening by phone?

5 A. No.

6 Q. When you met with counsel for Schein,
7 what did you talk about?

8 MS. FINCHER: I'm going to instruct
9 the witness not to reveal any
10 attorney-client privileged communications.

11 MR. McDONALD: So she's instructing
12 you do not answer that question.

13 THE WITNESS: Okay.

14 BY MS. ROSNER:

15 Q. Are you going to follow your counsel's
16 instruction?

17 MR. McDONALD: Yes, he is.

18 THE WITNESS: Yes.

19 MS. ROSNER: Can I ask what the
20 privilege is based on?

21 MR. McDONALD: It's attorney-client,
22 work product privileged.

23 MS. FINCHER: Attorney-client.

24 MS. ROSNER: Locke Lord represents Mr.
25 Foley.

1 CONFIDENTIAL - RANDALL FOLEY

2 MS. FINCHER: Correct.

3 MR. McDONALD: Yes.

4 You asked me to accept service for him
5 being here today, and so if you're going to
6 challenge that, he's going to get up and
7 walk out because he's under subpoena.

8 MS. ROSNER: I just want to make clear
9 the relationship. I'm not going to --

10 MR. McDONALD: It's clear. We
11 represent him. You all contacted me and
12 asked me if I represented him and if I could
13 accept service of process for him being here
14 today, and I did.

15 MS. ROSNER: Is the relationship based
16 on representation of Mr. Foley in his
17 personal capacity?

18 MR. McDONALD: We represent him
19 individually as well as we represent the
20 company. He's a former employee.

21 MS. ROSNER: And so the representation
22 is two-part. It's based on his individual
23 capacity and it's also based on his
24 connection to Henry Schein?

25 MR. McDONALD: Well, they're one and

1 CONFIDENTIAL - RANDALL FOLEY
2 the same, Jasmine. He has no individual
3 liability. He's only here in his capacity
4 as a former employee of Henry Schein.

5 MS. ROSNER: Thank you. I just wanted
6 to make that clear.

7 MR. McDONALD: Okay.

8 BY MS. ROSNER:

9 Q. I understand that you previously had
10 an investigational hearing taken in this matter
11 in July 2017?

12 A. Yes.

13 Q. And at the time of your
14 investigational hearing, you were no longer
15 working at Schein?

16 A. Correct.

17 Q. Did Locke Lord represent you at your
18 investigational hearing?

19 A. Yes.

20 Q. Did attorneys from Locke Lord assist
21 in preparing you for your investigational
22 hearing?

23 A. Yes.

24 Q. Did you meet with attorneys from Locke
25 Lord prior to your investigational hearing?

1 CONFIDENTIAL - RANDALL FOLEY

2 A. No.

3 Q. Did you prepare in any way for your
4 investigational hearing?

5 A. Yes.

6 Q. How did you prepare for your
7 investigational hearing?

8 A. We reviewed e-mails and documents. I
9 don't remember how many at that time.

10 Q. Who did you review e-mails and
11 documents with in preparation for your
12 investigational hearing?

13 A. These two.

14 Q. You're referring to attorneys from
15 Locke Lord?

16 A. Right.

17 Q. Other than your investigational
18 hearing and today's deposition, have you ever
19 met with any lawyers from the Federal Trade
20 Commission?

21 A. No.

22 Q. Did you discuss your deposition with
23 lawyers from the Federal Trade Commission in
24 advance of today?

25 A. No.

1 CONFIDENTIAL - RANDALL FOLEY
 2 Q. Do you have retirement benefits from
 3 Schein?
 4 A. I was given six months pay and COBRA
 5 for free for six months. Other than that, they
 6 have expired.
 7 I've been retired for 18 months.
 8 Q. Do you hold any stock in Schein?
 9 A. Yes.
 10 Q. Do you have stock options for Schein?
 11 A. I'm unsure if what that -- what --
 12 that I have unvested stock that will vest in the
 13 next year or two.
 14 Q. Do you maintain any friendships with
 15 any Schein current employees?
 16 A. Yes.
 17 Q. Who?
 18 A. One is Becky Demers and the other one
 19 is Hal Muller.
 20 Q. Anyone else?
 21 A. Pam Reece on occasion.
 22 Q. Anyone else?
 23 A. No.
 24 Q. Did Schein pay for your travel to get
 25 here today?

1 CONFIDENTIAL - RANDALL FOLEY
 2 Q. And what's that assumption based on?
 3 A. Well, they're represent -- they're
 4 representing me here today, so I would think it
 5 would be the same whether I'm in a courtroom or
 6 whether I'm here in a deposition.
 7 Q. I want to move on to talk a little bit
 8 about Schein, the organization, and maybe some
 9 of the terms that you used while you worked
 10 there.
 11 A. Okay.
 12 Q. So Schein has a lot of divisions:
 13 Medical, dental, veterinarian, maybe some other
 14 ones.
 15 Today when we talk about Schein, I'm
 16 only going to be referring to the dental
 17 business. Do you understand that?
 18 A. Yes.
 19 Q. When you left Schein, you were in the
 20 Special Markets Division of the dental business?
 21 A. That's correct.
 22 Q. Special Markets is sometimes referred
 23 to as SM?
 24 A. Yes.
 25 Q. Special Markets can also be referred

1 CONFIDENTIAL - RANDALL FOLEY
 2 A. Yes.
 3 Q. Do you have any legal or financial
 4 relationship of any kind with Schein?
 5 A. None.
 6 Q. Are you being reimbursed by Schein for
 7 your time to be here today?
 8 A. No.
 9 Q. Are you being reimbursed by Schein for
 10 the time that you spent with Schein's lawyers to
 11 prepare for today's deposition?
 12 A. No.
 13 Q. If you serve as a witness at trial in
 14 Washington, D.C., is it your understanding that
 15 Schein will pay for your travel to the trial?
 16 A. I would assume that.
 17 Q. If you serve as a witness at trial, is
 18 it your understanding that Schein will pay for
 19 your time at trial?
 20 A. No.
 21 Q. If you serve as a witness at trial, is
 22 it your understanding that you will meet with
 23 Schein's lawyers to prepare for your trial
 24 testimony?
 25 A. I would assume so.

1 CONFIDENTIAL - RANDALL FOLEY
 2 to as HSM?
 3 A. Yes.
 4 Q. Traditionally, Special Markets
 5 customers were non-private practice dentists?
 6 A. Correct.
 7 MS. FINCHER: Object to form.
 8 A. Yes.
 9 Q. Special Markets customers include
 10 corporate dentists?
 11 A. Yes. DSOs, as we referred to them,
 12 they don't serve as organizations.
 13 Q. Special Markets customers included
 14 institutions?
 15 A. Correct.
 16 Q. Special Markets customers included
 17 dental schools?
 18 A. Yes.
 19 Q. Special Markets customers included
 20 perhaps a variety of other types of
 21 nontraditional, non-private practice dentists?
 22 A. Correct.
 23 MS. FINCHER: Object to the form.
 24 If you could just slow down a little
 25 bit, Randy.

1 CONFIDENTIAL - RANDALL FOLEY
 2 THE WITNESS: Okay.
 3 BY MS. ROSNER:
 4 Q. Your boss in Special Markets was Hal
 5 Muller?
 6 A. Yes.
 7 Q. Private practice dentists were
 8 traditionally customers of another division
 9 within the dental business at Schein?
 10 A. Yes.
 11 Q. Private practice dentists
 12 traditionally were customers of Henry Schein
 13 Dental?
 14 MS. FINCHER: Object to the form.
 15 A. Yes. HSD.
 16 Q. Henry Schein Dental is sometimes
 17 referred to as HSD?
 18 A. Correct.
 19 Q. Is that correct?
 20 A. Correct.
 21 Q. While you were at Schein, the head of
 22 HSD was a man named Tim Sullivan?
 23 A. Yes.
 24 Q. Tim Sullivan and Hal Muller are peers?
 25 MS. FINCHER: Object to the form.

1 CONFIDENTIAL - RANDALL FOLEY
 2 A. Peers in the sense of friends or peers
 3 as far as company -- they are -- Hal is the
 4 president of Special Markets. Tim Sullivan is
 5 the president of HSD.
 6 Q. Hal Muller and Tim Sullivan appear at
 7 the same level in the Schein organizational
 8 chart?
 9 A. From what I understand, yes.
 10 Q. Both Hal Muller and Tim Sullivan
 11 reported up to a man named Jim Breslawski?
 12 A. I know that Hal Muller -- yes. I'm
 13 sorry, yes, they both did.
 14 Q. Jim Breslawski oversees all of Dental
 15 for Schein?
 16 MS. FINCHER: Object to the form.
 17 A. It is my understanding.
 18 Q. Jim Breslawski oversees Special
 19 Markets and HSD?
 20 MS. FINCHER: Object to the form.
 21 A. Yes.
 22 Q. Jim Breslawski is sometimes referred
 23 to as Jimmie?
 24 A. Jimmie B., yes.
 25 Q. Do you understand the term "buying

1 CONFIDENTIAL - RANDALL FOLEY
 2 group" to be a collection of independent private
 3 practitioner dentists?
 4 MS. FINCHER: Object to the form.
 5 A. No, I don't understand it as that.
 6 Q. What do you understand the term
 7 "buying group" to mean?
 8 A. It is some -- a company or a group
 9 that has set up product offerings that will be
 10 made available to private dentists, whether it's
 11 reduce supplies, reduce marketing costs, reduce
 12 cell phones to private dentists, for the most
 13 part, and to community health centers. So it's
 14 just not private dentists.
 15 Q. So you would include community health
 16 centers as potential members of a buying group?
 17 A. Absolutely.
 18 Q. At times, independent dentists may
 19 choose to become members of a buying group?
 20 MS. FINCHER: Object to the form.
 21 A. Yes.
 22 Q. And buying groups may offer a variety
 23 of services for their members?
 24 A. Yes.
 25 Q. One service offered by buying groups

1 CONFIDENTIAL - RANDALL FOLEY
 2 may be to negotiate lower supply prices on
 3 behalf of their members?
 4 A. Yes.
 5 Q. Buying groups pool their members'
 6 purchasing power?
 7 MS. FINCHER: Object to the form.
 8 Are you asking him generally, Jasmine,
 9 his understanding of what buying groups do
 10 or can you clarify?
 11 Q. Do you understand the question, Mr.
 12 Foley?
 13 A. Repeat it.
 14 Q. Buying groups pool their members'
 15 purchasing power; isn't that correct?
 16 MS. FINCHER: Object to the form.
 17 MR. LAVERY: Object to the form.
 18 A. They would give us an idea how many
 19 members they might have, and then we would base
 20 pricing based on that volume, yes.
 21 Q. Having higher volume may allow a
 22 buying group to get lower prices for its
 23 members; is that right?
 24 MS. FINCHER: Object to the form.
 25 MR. YOON: Objection.

1 CONFIDENTIAL - RANDALL FOLEY
 2 A. It could.
 3 Q. How could it?
 4 A. Generally, we would figure out, you
 5 know, how many members they would have, and
 6 then, based on that, we could provide a higher
 7 discount for our -- for our off-catalog pricing.
 8 We had different plans. One was 10
 9 percent off catalog, one was 12, one was 15, one
 10 was 20. So, depending on where this buying
 11 group might fall from our side, we could chose
 12 one of those plans. As they got bigger, we
 13 could then put them on a higher plan, higher
 14 discounted plan.
 15 Q. You say that as they got bigger, you
 16 could put them on a higher discount plan?
 17 A. I'm sorry, more members.
 18 Q. The more members they brought the more
 19 likely they would get a higher discount plan, is
 20 that what you're saying?
 21 A. That is correct.
 22 MS. FINCHER: Object to the form.
 23 THE WITNESS: I'm sorry.
 24 MS. FINCHER: Slow down a little bit.
 25 THE WITNESS: I will.

1 CONFIDENTIAL - RANDALL FOLEY
 2 clause that requires the customer to purchase a
 3 percentage of spend from Schein?
 4 MS. FINCHER: Object to the form.
 5 A. Yes.
 6 Q. The DSO employee dentists are under
 7 contract?
 8 MS. FINCHER: Object to the form.
 9 A. I am unaware of the actual contracts
 10 between the DSO and their members. It varies by
 11 DSO.
 12 Q. The DSOs tend to have -- strike that.
 13 Dentists affiliated with the DSO tend
 14 to be employees of the DSO?
 15 MS. FINCHER: Object to the form.
 16 A. I'm not aware of the actual
 17 relationship. It varies.
 18 Q. DSOs are not made up of independent
 19 private practice dentists?
 20 MS. FINCHER: Object to the form.
 21 MR. YOON: Objection.
 22 A. I don't think that's an absolute. I
 23 think I may have one or two that fall in the DSO
 24 and have more of a private practice situation,
 25 but for the most part, no.

1 CONFIDENTIAL - RANDALL FOLEY
 2 That is correct.
 3 BY MS. ROSNER:
 4 Q. You mentioned earlier dental service
 5 organizations, or DSOs?
 6 A. Uh-huh.
 7 MS. FINCHER: Randy, you need to
 8 answer yes or no.
 9 A. Yes.
 10 Q. One characteristic of DSOs is they
 11 have common ownership; is that right?
 12 MS. FINCHER: Object to the form.
 13 A. That it's more that they have equity.
 14 It's some type of equity in the practices is how
 15 I would phrase that.
 16 Q. And when you say "equity," you're
 17 referring to some sort of ownership interest in
 18 the practices?
 19 A. Correct.
 20 Q. Typically, DSOs have the ability to
 21 drive purchasing compliance based on a
 22 formulary?
 23 MS. FINCHER: Object to the form.
 24 A. Yes.
 25 Q. This means there's a contractual

1 CONFIDENTIAL - RANDALL FOLEY
 2 Q. Can you give me an example of the one
 3 or two that are DSOs with private practice
 4 dentists?
 5 A. They may have been categorized by us
 6 as a DSO -- I really -- you know what? I want
 7 to reverse that. I can't think of any, and I
 8 just want to be absolute on that question that
 9 they're all -- you know, that none of them have
 10 a private dentist-type arm to them, I'm not
 11 really aware.
 12 Q. I just want to make sure I understand
 13 your testimony. Is it that --
 14 Let me just ask the question. DSOs
 15 are not made up as independent private
 16 practices; is that correct?
 17 A. That is correct.
 18 MS. FINCHER: Object to the form.
 19 Q. When faced with a perspective customer
 20 group, you would distinguish whether they were a
 21 buying group or a DSO?
 22 MS. FINCHER: Object to the form.
 23 MR. YOON: Objection.
 24 A. Yes.
 25 Q. You mentioned community health centers

1 CONFIDENTIAL - RANDALL FOLEY
2 earlier today?

3 A. Yes.

4 Q. A community health center is a
5 federally qualified community health group that
6 provides care to the indigent?

7 A. Yes, it could be that or also not
8 federally qualified. It could be a 501(c)(3)
9 type of organization too. It wasn't
10 specifically federally qualified.

11 Q. The defining characteristic of a
12 community health center is that it provides care
13 to the indigent?

14 A. That is correct.

15 Q. These tend to not be for-profit
16 entities?

17 A. That is -- that is correct.

18 Q. Community health centers are often
19 referred to as CHCs?

20 A. Yes.

21 Q. CHCs are not made up of independent
22 private practice dentists?

23 MS. FINCHER: Object to the form.

24 A. I believe so, that they are employed
25 by the community health center.

1 CONFIDENTIAL - RANDALL FOLEY

2 Q. The dentists that work at a CHC are
3 not independent private practitioners?

4 A. Correct.

5 Q. Some CHCs are members of CHC specific
6 buying groups?

7 A. That is correct.

8 Q. And CHC specific buying groups do not
9 include independent private practice dentists
10 among their members?

11 MS. FINCHER: Object to the form.

12 A. That is correct.

13 MS. ROSNER: I just want to pause here
14 for a moment. I think I heard someone beep
15 in on the phone.

16 Did someone just join us?

17 MR. SOLOMON: Yes. Good morning.
18 It's Ronnie Solomon, Federal Trade
19 Commission.

20 MR. McDONALD: While we're paused,
21 Jasmine, can we agree that an objection by
22 one defendant is good for all of them so
23 we're not everybody feeling the need to
24 object.

25 MS. ROSNER: We are agreed.

1 CONFIDENTIAL - RANDALL FOLEY

2 MR. McDONALD: Great. Thank you.

3 BY MS. ROSNER:

4 Q. One more definition for you, Mr.
5 Foley. You have heard the term "group
6 purchasing organization," correct?

7 A. Correct.

8 Q. Group purchasing organizations are
9 sometimes known as GPOs?

10 A. Correct.

11 Q. GPOs in the medical industry are
12 different from GPOs in the dental industry?

13 MS. FINCHER: Object to the form.

14 A. Correct.

15 Q. GPOs in the medical industry typically
16 represent large hospitals and doctor groups?

17 MS. FINCHER: Object to the form.

18 A. And private practice doctors, yes.

19 Q. When used in the dental industry, a
20 GPO often refers to a buying group?

21 MS. FINCHER: Object to form.

22 A. Yes.

23 Q. When used in the dental industry, a
24 GPO often refers to a collection of independent
25 private practice dentists?

1 CONFIDENTIAL - RANDALL FOLEY

2 MS. FINCHER: Object to the form.

3 A. Or a group of community health
4 centers.

5 Q. You would use the term "GPO" to refer
6 to a CH --

7 A. You asked if a buying group --

8 I'm sorry. Can you repeat the
9 question?

10 MS. FINCHER: Randy, let's let her
11 finish her question first and you can answer
12 it.

13 THE WITNESS: I'm sorry.

14 BY MS. ROSNER:

15 Q. When used in dental industry, "GPO"
16 often refers to an independent collection of
17 private practice dentists?

18 MS. FINCHER: Object to the form.

19 A. If "GPO" equates to buying group, yes.

20 Q. Would you ever use the term "GPO" to
21 refer to a CHC buying group?

22 A. Yes.

23 Q. I want to discuss where Schein
24 generally housed buying group customers. I know
25 this changed over time, so maybe we could walk

1 CONFIDENTIAL - RANDALL FOLEY
2 through it step-by-step.

3 Let's start when you first joined
4 Special Markets. What year was that?

5 A. Well, technically, I started at Schein
6 in 2003, and even though I started in our
7 software division, it was -- I actually reported
8 up to Hal Muller, indirectly. So, technically,
9 I was Special Markets, Enterprise Software
10 Division.

11 Q. And at that time, to your knowledge,
12 did Schein do business with buying groups in
13 2003?

14 A. I'm not sure if it was 2003, but it
15 was very early on because I created in the
16 software side buying -- GPO Council Connections
17 and Commonwealth Purchasing Group that were part
18 of Henry Schein, I created software buying group
19 contracts for their members.

20 So I started to work with Hal on that
21 so that they would get discounted software
22 prices similar to them getting discounted
23 supplies through the GPOs or buying groups in
24 the community health center that Special Markets
25 had created.

1 CONFIDENTIAL - RANDALL FOLEY
2 So that's my first experience with
3 buying groups.

4 Q. So your experience is that Schein did
5 some business with buying groups in 2003?

6 A. Yes, in -- correct.

7 Q. You mentioned two groups Council
8 Connections and Commonwealth?

9 A. Yes.

10 Q. Starting with Council Connections, is
11 that a buying group made up of CHCs?

12 A. Yes.

13 Q. Are there any private practitioner
14 dentists in that buying group?

15 A. Not that I'm aware of.

16 Q. Moving to Commonwealth, is that a
17 buying group made up of CHCs?

18 A. Yes.

19 Q. Are there any private practitioner
20 dentists that are members of Commonwealth?

21 A. Not that I'm aware of.

22 Q. To the extent that you know, which
23 entity within Schein's dental business oversaw
24 buying group customers in the 2003 timeframe?

25 MS. FINCHER: Object to the form.

1 CONFIDENTIAL - RANDALL FOLEY
2 A. To my knowledge, at that time, it
3 would be Special Markets.

4 Q. Did that ever change?

5 A. Over time?

6 Q. Yes.

7 A. Yes.

8 Q. When was the first time it changed?

9 A. Can you rephrase? I'm -- I think I
10 might have answered this incorrectly.

11 Q. Which entity within Schein's dental
12 business oversaw buying group customers in the
13 2003 timeframe?

14 MS. FINCHER: Object to the form.

15 A. At that time, Special Markets.

16 Okay. Let me re- -- let me answer
17 this differently.

18 MS. FINCHER: Randy, why don't you let
19 her ask a question and then you can answer
20 it.

21 THE WITNESS: Okay.

22 BY MS. ROSNER:

23 Q. Special Markets oversaw buying groups
24 in the 2003 timeframe?

25 A. Yes, but I later discovered that there

1 CONFIDENTIAL - RANDALL FOLEY
2 were other buying groups in the HSD market. I
3 do not know when they started, okay?

4 Q. You're aware that Special Markets had
5 oversight for buying groups in 2003?

6 MS. FINCHER: Object to the form.

7 A. Yes, in the community -- I'm sorry, in
8 the community health center market.

9 Q. Did Special Markets also have
10 oversight of buying groups for private
11 practitioner dentists in 2003?

12 A. I was not --

13 MS. FINCHER: Object to the form.

14 A. I was not part of the special market
15 on the merchandise side at that time. I was not
16 there until 2009. So I do not know. Sorry.
17 I'm trying to get a timeframe here where I was.

18 Q. The timing is very important so I
19 appreciate that.

20 So let's move to 2009 then. Which
21 entity within Dental Schein's business oversaw
22 buying group customers in 2009?

23 MS. FINCHER: Object to the form.

24 A. When I started in 2009 with Special
25 Markets, we had a number of buying groups in

1 CONFIDENTIAL - RANDALL FOLEY
2 place and others were added while they were
3 under my watch at that time.

4 Again, I was unaware that there
5 were -- I was unaware what HSD had as far as
6 buying groups.

7 Q. When you refer to the buying groups
8 that were in Special Markets as of 2009, are you
9 including both CHC buying groups and private
10 practitioner buying groups?

11 A. Yes. Yes.

12 Q. So in 2009, there were private
13 practitioner buying groups in Special Markets?

14 A. Yes.

15 Q. Did Special Markets ever relinquish
16 oversight of buying group customers?

17 MS. FINCHER: Object to the form.

18 A. Not in its entirety.

19 Q. What do you mean by that?

20 A. We maintained certain customers that
21 fit our model better that were buying groups,
22 and then we transferred other buying groups over
23 to HSD at a later date that fit their model
24 better.

25 Q. When you say certain buying groups fit

1 CONFIDENTIAL - RANDALL FOLEY
2 the Special Markets model better, what do you
3 mean?

4 A. We were a team that was very
5 centralized in how we operated and worked with
6 our customers. So if the buying group had a
7 strong central team that we would work with --
8 one customer example would be OrthoSynetics, we
9 would maintain that customer and feel that we
10 were best at maintaining them.

11 In a world in which the buying group
12 was kind of weak in maintaining some kind of
13 centralized control or functionality and needed
14 more care at the office level, we decided that
15 those would be better serviced by HSD. It was
16 on a per basis, you know, an analysis of a
17 customer and as we learned more about the
18 customer.

19 Q. You mentioned a moment ago that you
20 transferred customers from Special Markets to
21 HSD based on where the model fit.

22 When did that occur?

23 MS. FINCHER: Object to form.

24 A. It's hard for me to be specific. I
25 haven't been there in a while, but based on some

1 CONFIDENTIAL - RANDALL FOLEY
2 reviews of e-mails, I can think of one that
3 changed within almost a year of me starting in
4 Special Markets, so about 2010-2011 was one of
5 them.

6 Q. You just provided an example. Is that
7 the Smile Source example?

8 A. Repeat that.

9 Q. You provided an example of a customer
10 that switched from Special Markets to HSD.

11 Are you referring to Smile Source?

12 A. Yes.

13 Q. Was there a process at any point in
14 time to transfer customers from Special Markets
15 to HSD that was not a one-off transfer?

16 MS. FINCHER: Object to the form.

17 A. Not that I'm aware of. It was
18 per-customer basis.

19 Q. Did Special Markets ever decide not to
20 do additional business with buying groups made
21 up of private practitioner dentists?

22 MS. FINCHER: Object to the form.

23 A. No.

24 Q. Is it your testimony that both Special
25 Markets and Henry Schein Dental have buying

1 CONFIDENTIAL - RANDALL FOLEY
2 group customers that are private practice
3 dentists?

4 A. Yes.

5 Q. At no time was there a division
6 between whether Special Markets and Henry Schein
7 Dental would divide up buying group customers?

8 MS. FINCHER: Object to the form.

9 A. I don't understand the question. What
10 do you mean by the word "division"?

11 Q. Was there ever a time when Special
12 Markets and Henry Schein Dental had a plan on
13 how to allocate buying group customers?

14 MS. FINCHER: Object to the form.

15 A. Not really. It was more based on a
16 per-customer basis as to which market -- which
17 division would service them the best.

18 Can I give an example?

19 Q. Please.

20 A. For example, OrthoSynetics, when I
21 left -- now, remember I left in 2016 -- was a
22 buying group, and it remained in Special
23 Markets, but at the same time, a number of other
24 buying groups were transferred over to HSD, as
25 an example one that we felt better served in

1 CONFIDENTIAL - RANDALL FOLEY
2 Special Markets.

3 Q. Did Schein have a policy not to do
4 business with buying groups?

5 A. No.

6 Q. Did Schein have a policy not to do
7 business with certain types of buying groups?

8 MS. FINCHER: Object to the form.

9 A. Not a general policy, no.

10 Q. You mentioned "not a general policy."
11 Was there something else?

12 A. There was no policy not to do business
13 with any buying group. What there was was that
14 each -- each opportunity was analyzed as if it
15 was a good opportunity for the company or not.
16 So that was left up to maybe my discretion or
17 somebody else above me to say, hey, let's move
18 forward with this or let's see if we can build a
19 different type of relationship with them than
20 what they're proposing. An example might be a
21 study group wanting to get together. It really
22 didn't work with our model.

23 Q. How would you determine whether or not
24 a buying group proposed -- strike that.

25 How would you determine whether or not

1 CONFIDENTIAL - RANDALL FOLEY
2 a buying group posed a good opportunity?

3 MS. FINCHER: Object to the form.

4 Are you asking him Special Markets

5 or...

6 Q. Do you understand the question?

7 A. Go ahead and rephrase it now. How do
8 I?

9 Q. How did you determine whether a buying
10 group posed a good opportunity to do business?

11 MS. FINCHER: Object to the form.

12 A. If it was able to help us maintain or
13 build a strong relationship with the end-user so
14 that we could provide what we call our wheel of
15 services to a customer, and if it was just
16 solely based on price and we would not be given
17 access, almost acting like a procurement company
18 or something like that, then we really didn't
19 want to pursue it.

20 Q. What would be some of the
21 characteristics that would allow you to maintain
22 or build a strong relationship with the
23 end-user?

24 A. That -- the buying group itself would
25 ask us for assistance in providing literature

1 CONFIDENTIAL - RANDALL FOLEY
2 and information to hand out to the users as to
3 the benefits of, you know, using that buying
4 group. We actually co-created certain material
5 like with Dental Gator, for an example, and
6 would allow us to promote our software to the
7 end-user, again, all services, and would allow
8 our FSCs to go in and work with the end-user.

9 Q. Anything else?

10 A. No.

11 Q. Would a buying group have to offer
12 each of these three things you mentioned in
13 order for them to be a good opportunity?

14 And let me list the three things that
15 you mentioned: Assistance in providing
16 literature and information; promoting Schein
17 software; and allowing the FSCs to go into the
18 members.

19 MS. FINCHER: Object to the form.

20 A. No, that was not a requirement of any
21 of those three.

22 Q. Do they have to provide -- did a
23 buying group have to provide one of these three
24 to be a good opportunity?

25 MS. FINCHER: Object to the form.

1 CONFIDENTIAL - RANDALL FOLEY

2 A. I would say that, again, it's -- they
3 had to provide us to have access to help
4 introduce whatever we offered to that end-user,
5 whether it was one of those three or it more
6 than those three. Could be credit card
7 processing or electronic claims processing.

8 Q. Is it your testimony that, as long as
9 a buying group allowed access to its members, it
10 was a good opportunity for Schein to do
11 business?

12 MS. FINCHER: Object to the form.

13 A. For the most part, yes.

14 Q. How do you measure access to
15 end-users?

16 MS. FINCHER: Object to the form.

17 A. That, you know, there are -- there
18 was -- that the company, the buying group, would
19 allow a field sales consultant to go in and
20 promote whatever the field sales person wanted
21 to promote without the buying group kind of
22 control like, well, don't show them this, don't
23 show them that type of thing.

24 Q. When a buying group opportunity arose,
25 how did you probe whether or not Schein was

1 CONFIDENTIAL - RANDALL FOLEY
2 going to have the access that would allow that
3 relationship to go forward?

4 MS. FINCHER: Object to the form.

5 A. We would -- what I would do is to see
6 that it's nothing more -- that the actual
7 capabilities of the buying group were one where
8 our management teams could work together in
9 promoting Schein and help build their
10 businesses.

11 Where it may have been somebody that
12 had very limited capabilities and was simply
13 setting up on price, that would red-signal to me
14 that they're only here trying to set up a -- a
15 price-only type buying group, period, nothing
16 more. And a perfect example would be a study
17 group of dentists.

18 Q. So you mentioned the capabilities of
19 buying groups. What do you mean by the
20 capabilities?

21 A. That they have a defined -- not a C
22 suite, but a defined corporate-type approach to
23 their members, that they're actually providing
24 services beyond Schein's discounted pricing,
25 beyond Schein's services, very similar to what a

1 CONFIDENTIAL - RANDALL FOLEY
2 DSO does to its member.

3 They provide a lot of management
4 services, and the more that they provided the
5 better it was for us as a company.

6 Q. You mentioned earlier that buying
7 groups would be a good opportunity for Schein as
8 long as they provided access.

9 Are you now also adding that buying
10 groups needed to provide services to their
11 members?

12 MS. FINCHER: Object to the form.

13 Mischaracterizes testimony.

14 Go ahead.

15 A. Yes, I would -- I would say that's
16 accurate.

17 Q. So, in order for a buying group to be
18 a good opportunity, they would need to provide
19 two things: Access to members and additional
20 services for members?

21 A. Amongst --

22 I'm sorry.

23 MS. FINCHER: Object to the form.

24 Go ahead.

25 A. Not just those two items or one or the

1 CONFIDENTIAL - RANDALL FOLEY
2 other, but that's part of the gist of it. It
3 was a very general thing. There was no written
4 rules. No, you know, hey, this is what a buying
5 group is, this is what that is, that is what we
6 do. It was just trying to feel them out if it
7 wasn't just based on price and there was, you
8 know, it limited our capabilities, you know, to
9 drive compliance with the customer and the
10 end-user.

11 Q. Other than access and services to
12 members, are there other characteristics or
13 qualities that would make a buying group a good
14 opportunity for Schein?

15 MS. FINCHER: Object to the form.

16 A. Yes.

17 Q. What would those be?

18 A. That the buying group could also offer
19 help with them in their HR, their marketing and
20 other capabilities. Because anything that would
21 help the private practice grow would -- would in
22 turn hopefully bring in higher revenue for the
23 doctor, higher revenue for us in supply spend.

24 Q. Anything else?

25 A. No.

1 CONFIDENTIAL - RANDALL FOLEY

2 Q. Anything else that Schein would look
3 to when determining whether or not a buying
4 group was a good opportunity for business?

5 MS. FINCHER: Object to the form.

6 A. Not that I can think of.

7 MS. ROSNER: We've been going for
8 about 45 minutes. Are you okay to continue?

9 THE WITNESS: I'm fine.

10 Are you fine?

11 MS. FINCHER: Yes.

12 BY MS. ROSNER:

13 Q. I want to shift gears and talk about
14 Smile Source.

15 A. Okay.

16 Q. You're familiar with Smile Source?

17 A. Yes.

18 Q. Smile Source is a buying group with
19 headquarters in Texas?

20 A. Correct.

21 Q. And Smile Source's members are
22 independent private practice dentists?

23 A. From what I understand.

24 Q. As a shorthand, sometimes you refer to
25 Smile Source as "SS"?

1 CONFIDENTIAL - RANDALL FOLEY

2 A. Yes.

3 Q. Smile Source started as a Special
4 Markets customer?

5 A. Yes, under my watch.

6 Q. Smile Source was a very profitable
7 customer when it belonged to Special Markets?

8 A. Yes.

9 Q. Smile Source was growing its member
10 base when it belonged to Special Markets?

11 A. Yes.

12 Q. Smile Source was adding larger
13 practices to its member base?

14 MS. FINCHER: Object to the form.

15 A. At the time that I was under it, yes.
16 They had just added a large practice in Utah,
17 but I can't say that every one of them were
18 large, okay?

19 Q. Did Smile Source have a model of
20 targeting larger dental practices?

21 MS. FINCHER: Object to the form.

22 A. From what I remember, they were --
23 they were after -- I don't want to categorize
24 dentists, but higher-end type dentists, okay,
25 more sophisticated type clients.

1 CONFIDENTIAL - RANDALL FOLEY

2 Q. The higher end dentists that you're
3 referring to, did they tend to have larger
4 practices?

5 A. They tend to have higher revenue and
6 use more technology, okay?

7 Q. You thought Smile Source had a great
8 business plan for growth?

9 A. Yes.

10 Q. Smile Source targeted the best
11 practices in an area?

12 MS. FINCHER: Object to the form.

13 A. Yes; it tried.

14 Q. Smile Source's members are large
15 private practices?

16 MS. FINCHER: Object to form.

17 A. I'm unfamiliar with if they're
18 considered large private practices.

19 Q. Smile Source's members had an average
20 spend of \$1.7 million annually?

21 MS. FINCHER: Object to the form.

22 A. Say that -- Smile Source practice --
23 No, not that I'm aware of. I was
24 only, at the time that I left, the whole account
25 with all users was doing about \$900,000, almost

1 CONFIDENTIAL - RANDALL FOLEY
2 a million in total supply spend. If that's what
3 the question is, supply spend? Or what their
4 revenue is as a practice? What they bill out?

5 Why don't you rephrase that question
6 instead of me guessing?

7 Q. I'll rephrase.

8 Smile Source's members had average
9 revenues of \$1.7 million?

10 MS. FINCHER: Object to the form.

11 A. I am not familiar with that. No, I
12 don't know. I don't know is the answer. Sorry.

13 Q. You have never been told that Smile
14 Source's members averaged \$1.7 million?

15 MS. FINCHER: Object to the form.

16 Asked and answered.

17 A. Not that I remember.

18 Q. If I showed you a document, might it
19 refresh your recollection?

20 MS. FINCHER: Object to the form.

21 A. I'm sorry?

22 Q. If I showed you a document, might it
23 refresh your recollection?

24 A. Sure.

25 MS. FINCHER: Object to the form.

1 CONFIDENTIAL - RANDALL FOLEY

2 A. Yes.

3 I'm sorry.

4 Q. I'm handing you a document that has
5 been premarked as CX2150.

6 (Exhibit CX2150-001 through 11, a
7 document bearing Bates Nos. Henry
8 Schein-000130321 through 331, marked for
9 identification, as of this date.)

10 MS. FINCHER: Jasmine, can you read
11 into the record the Bates label on that?

12 MS. ROSNER: This is a multi-page
13 document that begins with Henry
14 Schein-000130321.

15 BY MS. ROSNER:

16 Q. If you could take --

17 MS. FINCHER: Sorry. Jasmine, just to
18 be clear, this appears to be an e-mail along
19 with multiple pages of an attachment,
20 correct?

21 MS. ROSNER: Correct.

22 MS. FINCHER: For the record.

23 MS. ROSNER: At this time, I'm not
24 trying to establish anything other than
25 allow him to refresh his recollection.

1 CONFIDENTIAL - RANDALL FOLEY
2 BY MS. ROSNER:

3 Q. You can take a look at the e-mail.
4 The first e-mail is from you. In particular, I
5 would reference you to the second bullet at the
6 e-mail at the top of the page, and then once
7 you've had a chance to review, I'll reask you my
8 question.

9 MS. FINCHER: Go ahead and take your
10 time to read the e-mail, Randy, and she'll
11 ask you a question.

12 (Document review.)

13 A. Okay.

14 Q. I previously asked whether or not
15 Smile Source's members had an average of \$1.7
16 million in revenues.

17 After reviewing this document, is your
18 recollection refreshed?

19 A. Yes.

20 MS. FINCHER: Object to the form.

21 A. Yes.

22 Q. I can take the document back. Thank
23 you.

24 Smile Source targeted the best
25 practices in an area, correct?

1 CONFIDENTIAL - RANDALL FOLEY

2 MS. FINCHER: Object to the form.

3 A. That was their goal from what I
4 understood.

5 Q. And Smile Source members averaged \$1.7
6 million in revenues?

7 A. Yes.

8 Q. Smile Source brought Schein new
9 customers, correct?

10 MS. FINCHER: Object to the form.

11 A. Yes.

12 Q. Through Smile Source, Schein gained
13 customers that had previously been with other
14 distributors?

15 A. On occasion, yes.

16 Q. Through Smile Source, Schein took
17 customers from Patterson?

18 MS. FINCHER: Object to the form.

19 A. I know of one, yes.

20 Q. Through Smile Source, Schein took
21 customers from Benco?

22 A. I'm not aware. I don't know at this
23 time. I don't remember.

24 Q. Smile Source was attempting to bring
25 customers from Benco to Schein, correct?

1 CONFIDENTIAL - RANDALL FOLEY

2 MS. FINCHER: Object to the form.

3 A. It didn't matter what -- that question
4 sounds -- sorry.

5 It wasn't a goal that they take them
6 from Benco. It was a goal that they get it from
7 any -- whoever the dentist was using, whether it
8 be Burkhart, Atlanta Dental, whatever.

9 Q. Smile Source's goal was to bring
10 customers to Schein, correct?

11 A. Correct.

12 MS. FINCHER: Object to the form.

13 A. To their -- to their program, which
14 would then -- which would bring them to Schein.

15 Q. As part of that goal, Smile Source
16 would bring customers from Benco to Schein?

17 MS. FINCHER: Object to the form.

18 A. Could have.

19 Q. Smile Source enabled Schein to get
20 more volume from its existing customers,
21 correct?

22 MS. FINCHER: Object to the form.

23 A. They stated they could do that.

24 Q. Did they do that?

25 MS. FINCHER: Object to the form.

1 CONFIDENTIAL - RANDALL FOLEY

2 A. I'm unaware. I did not track the
3 numbers to see if they were successful at that.

4 Q. Some existing Schein customers would
5 split their purchases among multiple
6 distributors or direct selling manufacturers?

7 A. Yes.

8 Q. And Smile Source could eliminate the
9 cherrypicking from other distributors and direct
10 selling manufacturers?

11 MS. FINCHER: Object to the form.

12 A. They stated that they could do that.

13 Q. Smile Source promoted Schein's
14 products and services?

15 A. Yes.

16 Q. Smile Source held monthly meetings for
17 members where Schein could introduce products
18 and equipment?

19 MS. FINCHER: Object to the form.

20 A. I am not sure of that specifically. I
21 don't remember. I don't recall. I do know that
22 they had a national sales meeting for their
23 members and we were invited to it, but I don't
24 know on a regular basis did they, you know, go
25 into each of their offices and promote Schein.

1 CONFIDENTIAL - RANDALL FOLEY
 2 Q. If I handed you a document, might it
 3 refresh your recollection?
 4 MS. FINCHER: Object to the form.
 5 A. Sure. Yes.
 6 Q. I'm going to hand you back the same
 7 document that you looked at, which is CX2150.
 8 A. Okay.
 9 Q. It begins with Henry Schein-000130321.
 10 I'll reference you to the fourth
 11 bullet in your first e-mail on that page, but
 12 feel free to take your time with this document
 13 to refresh your recollection, and once you have
 14 had your recollection refreshed, just let me
 15 know.
 16 (Document review.)
 17 A. Okay. I'm all set.
 18 Q. I can take that document.
 19 A. Okay.
 20 Q. Thank you.
 21 Smile Source held monthly meetings for
 22 members where Schein could introduce products
 23 and equipment?
 24 MS. FINCHER: Object to the form.
 25 A. They stated that they would hold

1 CONFIDENTIAL - RANDALL FOLEY
 2 consultants.
 3 Q. In 2010, Special Markets started to
 4 get pressure to drop the Smile Source account?
 5 MS. FINCHER: Object to the form.
 6 A. No.
 7 Q. In 2010, Special Markets didn't get
 8 pressure to drop the Smile Source account?
 9 A. No, not that I'm aware of.
 10 When you say did they get pressure
 11 from -- to eliminate the customer?
 12 MS. FINCHER: Do you need her to
 13 rephrase the question, Randy?
 14 THE WITNESS: Yes, please.
 15 BY MS. ROSNER:
 16 Q. What does it mean to drop an account?
 17 MS. FINCHER: Object to the form.
 18 A. Well, an account in itself could mean
 19 an individual dental practice. A group would
 20 mean to -- you know, to drop a group would be a
 21 big group practice.
 22 Q. What does it mean to drop?
 23 A. That would be to --
 24 MS. FINCHER: Object to the form.
 25 A. I'm sorry.

1 CONFIDENTIAL - RANDALL FOLEY
 2 monthly meetings. I'm not sure if they took
 3 place.
 4 Q. You liked how Smile Source could
 5 promote high-tech to its customers?
 6 A. Yes.
 7 Q. And Smile Source's customers or
 8 members would make purchases based on Smile
 9 Source's advice and support?
 10 MS. FINCHER: Object to the form.
 11 A. From what I understand, yes.
 12 Q. Smile Source was a great buying group
 13 when they were with you?
 14 A. Yes.
 15 MS. FINCHER: Object to the form.
 16 A. Yes. My opinion, yes.
 17 Q. Special Markets got push-back from the
 18 Private Division regarding Smile Source?
 19 MS. FINCHER: Object to the form.
 20 A. We got some push-back.
 21 Q. You got push-back from HSD regarding
 22 Smile Source?
 23 MS. FINCHER: Object to the form.
 24 A. There was some push-back that came
 25 from HSD members, particularly field sales

1 CONFIDENTIAL - RANDALL FOLEY
 2 MS. FINCHER: Go ahead.
 3 Jasmine, that was your question. Do
 4 you want to ask him another question?
 5 BY MS. ROSNER:
 6 Q. Do you understand my question?
 7 A. To drop would be to close it down or
 8 eliminate it.
 9 Q. In 2010, Special Markets got pressure
 10 to drop the Smile Source account?
 11 MS. FINCHER: Object to the form.
 12 A. From what I understand, we got -- we
 13 had an FSC that had concerns about it, but
 14 there -- I didn't -- there was not pressure just
 15 to drop the account.
 16 Q. I'm going to hand you a document
 17 that's been premarked as CX2112. It begins with
 18 the Bates Henry Schein-001563754.
 19 (Exhibit CX2112-001, a document
 20 bearing Bates Nos. Henry Schein-001563754,
 21 marked for identification, as of this date.)
 22 BY MS. ROSNER:
 23 Q. Take a moment to review the document,
 24 and once you have a moment to review the
 25 document, just let me know.

1 CONFIDENTIAL - RANDALL FOLEY
2 (Document review.)

3 A. Okay.

4 Q. You've had a moment to review CX2112?

5 A. Yes.

6 Q. This is an e-mail at the top drafted
7 by you on September 14, 2010?

8 A. Yes.

9 Q. You drafted CX2112 as part of your
10 job?

11 MS. FINCHER: Object to the form.

12 A. I'm sorry. Yes, I got it. Yes.

13 Q. It's part of your job to communicate
14 with Hal Muller about buying groups like Smile
15 Source?

16 A. About --

17 MS. FINCHER: Object to the form.

18 A. About buying groups and any other
19 customer, correct.

20 Q. You have knowledge of the contents of
21 CX2112?

22 MS. FINCHER: Object to the form.

23 A. I really don't remember this at all,
24 having written this, but I understand it.

25 Q. At the time that you wrote it, you had

1 CONFIDENTIAL - RANDALL FOLEY
2 knowledge of the contents of CX2112?

3 MS. FINCHER: Object to the form.

4 A. Yes.

5 Q. And you wrote the e-mail at the top of
6 CX2112 near or at the time of the events that
7 occurred inside the e-mail?

8 A. Yes.

9 Q. You drafted this e-mail and kept it in
10 the course of regularly conducted business at
11 Schein?

12 A. Yes.

13 Q. CX2112 is a true and correct copy of
14 your e-mail correspondence?

15 MS. FINCHER: Object to the form.

16 A. Yes.

17 Q. You see in Hal Muller's e-mail below
18 your e-mail, he says, "The pressure is really on
19 to drop this account as Tim feels it is a buying
20 group, and even though they add value and charge
21 a percentage of revenue, I am losing the
22 battle."

23 Did I read that correctly?

24 A. Yes.

25 Q. So Special Markets started to get

1 CONFIDENTIAL - RANDALL FOLEY
2 pressure to drop the Smile Source account?

3 MS. FINCHER: Object to the form.

4 A. Based on this e-mail, yes.

5 Q. Do you have any reason to dispute Hal
6 Muller's statements that the pressure is really
7 on to drop this account?

8 MS. FINCHER: Object to the form.

9 A. If that's what he says, I would ask
10 him, but I see what he's saying.

11 Q. Do you agree with what he's saying?

12 MR. LAVERY: Objection.

13 A. I -- I really don't know how to -- I
14 feel that, yes, that he is getting pressure to
15 drop it. He is stating that, and I would
16 believe Hal Muller.

17 Q. Tim Sullivan at HSD considered Smile
18 Source a buying group?

19 MS. FINCHER: Object to the form.

20 A. According to this, yes.

21 Q. You can put that aside.

22 Okay. HSD personnel were against
23 Special Markets' relationship with Smile Source?

24 MS. FINCHER: Object to the form.

25 A. I would not, as a generalization that

1 CONFIDENTIAL - RANDALL FOLEY
2 all HSD personnel, I would say no.

3 Q. Is there someone within HSD that you
4 refer to by the initials JC?

5 A. Yes.

6 Q. Would that be Joe Cavaretta?

7 A. Okay. Sorry, there's John Chatham and
8 Joe Cavaretta, so I'm not sure which one. So I
9 would have to say no. That would be an
10 abbreviation for either one of them, John
11 Chatham or Joe Cavaretta, and they're both with
12 HSD.

13 Q. Was John Chatham against Special
14 Markets' relationship with Smile Source?

15 MS. FINCHER: Object to the form.

16 A. No, I actually worked with him in
17 transferring the account over to HSD, and he was
18 part of the team when I transferred them over to
19 HSD.

20 Q. Was Joe Cavaretta against Special
21 Markets' relationship with Smile Source?

22 MS. FINCHER: Object to form.

23 A. Not that I'm aware of.

24 Q. I'm handing you a document that has
25 been premarked as CX2099. It begins with Bates

1 CONFIDENTIAL - RANDALL FOLEY
2 label Henry Schein-001517611. Please take a
3 moment to review.

4 (Exhibit CX2099-001, a document
5 bearing Bates Nos. Henry Schein-001517611,
6 marked for identification, as of this date.)

7 (Document review.)

8 THE WITNESS: Okay.

9 BY MS. ROSNER:

10 Q. You've had an opportunity to review
11 CX2099?

12 A. Yes.

13 Q. CX2099 is an e-mail sent by you on
14 June 21, 2016?

15 MS. FINCHER: Object to the form.

16 A. That is correct.

17 Q. You drafted this e-mail as part of
18 your job?

19 A. Yes.

20 MS. FINCHER: And Jasmine, just for
21 clarity, you're talking about the e-mail at
22 the top of the chain?

23 MS. ROSNER: Correct.

24 THE WITNESS: Yes.

25 BY MS. ROSNER:

1 CONFIDENTIAL - RANDALL FOLEY

2 Q. It's part of your job to communicate
3 with Hal Muller, correct?

4 A. Yes.

5 Q. You have knowledge of the contents of
6 this e-mail, correct?

7 MS. FINCHER: Object to the form.

8 A. Yes.

9 Q. You drafted this e-mail at or near the
10 time of the events that were being described by
11 you and Hal in this e-mail exchange?

12 A. Yes.

13 Q. You drafted CX2099 and kept it in the
14 ordinary course of regularly conducted business
15 at Schein?

16 MS. FINCHER: Object to the form.

17 A. Yes.

18 Q. CX2099 is a true and correct copy of
19 your business record?

20 MS. FINCHER: Object to the form.

21 A. Yes.

22 Q. In the e-mail, Hal Muller starts by
23 saying, "I can't stand JC." And you respond,
24 "He's most likely against this, as he was with
25 Smile Source."

1 CONFIDENTIAL - RANDALL FOLEY

2 Did I read that correctly?

3 MS. FINCHER: Object to the form.

4 A. Yes.

5 Q. You're saying that JC is against Smile
6 Source?

7 MS. FINCHER: Object to the form.

8 A. Yes.

9 Q. Does this refresh your recollection as
10 to who JC is?

11 MS. FINCHER: Object to the form.

12 A. No.

13 Q. It would be either John Chatham or Joe
14 Cavaretta?

15 A. Yes.

16 Q. It wouldn't be anybody else?

17 A. That I know of, correct.

18 Q. And both John Chatham and Joe
19 Cavaretta work in HSD?

20 A. Yes.

21 Q. You can put that aside.

22 MS. FINCHER: Jasmine, I just note
23 we've been going for an hour now, so
24 whenever might be a good time for a bathroom
25 break, let us know, please.

1 CONFIDENTIAL - RANDALL FOLEY

2 MS. ROSNER: Is it okay if we go
3 through a few more questions and then we'll
4 take a break?

5 THE WITNESS: Okay.

6 MS. FINCHER: Do you need a break,
7 Randy, or --

8 THE WITNESS: I can do a few more.

9 BY MS. ROSNER:

10 Q. HSD was asking Special Markets to
11 dismantle the relationship with Smile Source?

12 MS. FINCHER: Object to the form.

13 A. They were complaining about the
14 relationship with Smile Source, but they may
15 have asked to dismantle it. But Hal and I were
16 working in how best to keep it.

17 Q. Do you recall HSD asking Special
18 Markets to dismantle the relationship with Smile
19 Source?

20 A. No.

21 MS. FINCHER: Object to the form.

22 Q. I'm going to hand you a document
23 that's been previously marked as Exhibit 2158.
24 It starts with Bates number Henry
25 Schein-00683482.

1 CONFIDENTIAL - RANDALL FOLEY
2 Please take a moment to review CX2158
3 and let me know when you're ready.

4 (Exhibit CX2158-001, a document
5 bearing Bates Nos. Henry Schein-00683482,
6 marked for identification, as of this date.)

7 (Document review.)

8 THE WITNESS: Okay.

9 BY MS. ROSNER:

10 Q. You had an opportunity to review
11 CX2158?

12 A. Yes.

13 Q. CX2158 is an e-mail string. At the
14 top of the page is an e-mail from you dated
15 October 5, 2010. Do you see that?

16 A. Yes.

17 Q. You drafted this e-mail as part of
18 your job?

19 A. Yes.

20 Q. It's part of your job to communicate
21 about buying groups and dental conferences?

22 MS. FINCHER: Object to the form.

23 A. Yes.

24 Q. You have knowledge of the contents of
25 CX2158?

1 CONFIDENTIAL - RANDALL FOLEY

2 A. Yes.

3 Q. You drafted CX2158 at or near the time
4 of the events described therein?

5 A. Yes.

6 Q. You drafted this e-mail in CX2158 and
7 kept it in the course of your regularly
8 conducted business?

9 A. Yes.

10 Q. CX2158 is a true and accurate copy of
11 the e-mail that you drafted?

12 MS. FINCHER: Object to the form.

13 A. Yes.

14 Q. In the e-mail you say, "This doctor is
15 from Smile Source, the buying group that HSD is
16 asking us to dismantle."

17 Did I read that correctly?

18 A. Yes.

19 Q. So HSD was asking you to dismantle
20 Smile Source?

21 A. Based --

22 MS. FINCHER: Object to the form.

23 A. Based on this e-mail, yes.

24 Q. Do you have any reason to dispute the
25 veracity of what you wrote at this time?

1 CONFIDENTIAL - RANDALL FOLEY

2 MS. FINCHER: Object to the form.

3 A. No.

4 Q. You can put that aside.

5 Special Markets --

6 THE WITNESS: Could we take a break
7 now?

8 MS. FINCHER: You need a break? Yeah.

9 MS. ROSNER: We can take a break.

10 Sure.

11 Off the record.

12 THE VIDEOGRAPHER: The time is 9:11
13 a.m. We're off the record.

14 (Recess.)

15 THE VIDEOGRAPHER: The time is 9:21
16 a.m. We're on the record.

17 BY MS. ROSNER:

18 Q. Mr. Foley, you questioned why Tim
19 Sullivan would want to shut down a \$900,000
20 account referring to Smile Source, correct?

21 MS. FINCHER: Object to the not form.

22 A. Can you rephrase that? I wrote could
23 you request -- I didn't hear you.

24 Q. Mr. Foley, you questioned why Tim
25 Sullivan would want to shut down a \$900,000

1 CONFIDENTIAL - RANDALL FOLEY

2 account, referring to Smile Source, correct?

3 MS. FINCHER: Object to the form.

4 A. Not that I remember.

5 Q. You don't remember asking why Tim
6 Sullivan wanted to shut down a \$900,000 account?

7 MS. FINCHER: Object to the form.

8 A. No, not that I remember.

9 Q. I'm handing you a document that has
10 been Bates -- excuse me, I'm handing you a
11 document that was previously marked as CX2157.
12 It bears the Bates label Henry Schein-1 --
13 excuse me, Smile Source 001563733.

14 Please take a moment to review CX2157
15 and let me know when you're done.

16 (Exhibit CX2157-001 through 004, a
17 document bearing Bates Nos. Henry
18 Schein-001563733 through 736, marked for
19 identification, as of this date.)

20 MS. FINCHER: Go ahead and take your
21 time to read, and just to help you, Randy,
22 the start of the e-mail is on the back page
23 and you can read up.

24 (Document review.)

25 THE WITNESS: Okay.

1 CONFIDENTIAL - RANDALL FOLEY
2 BY MS. ROSNER:

3 Q. Mr. Foley, you've had an opportunity
4 to review CX2157?

5 A. Yes.

6 Q. At the top of CX2157 is an e-mail from
7 you dated September 8, 2010.

8 Do you see that?

9 A. Yes.

10 Q. You drafted this e-mail as part of
11 your job?

12 A. Yes.

13 Q. It's part of your job to communicate
14 with those at Schein regarding buying groups
15 like Smile Source?

16 A. Yes.

17 Q. You have knowledge of the contents of
18 CX2157?

19 MS. FINCHER: Object to the form.

20 A. Yes.

21 Q. You drafted the e-mail in CX2157 at or
22 near the time of the events described therein?

23 A. Yes.

24 Q. You drafted the e-mail in CX2157 and
25 kept it in the course of Schein's regularly

1 CONFIDENTIAL - RANDALL FOLEY
2 conducted business?

3 A. Yes.

4 MS. FINCHER: Object to the form.

5 THE WITNESS: I'm sorry.

6 MS. FINCHER: Jasmine, just for
7 clarity, are you talking only about the
8 e-mail at the top of the chain? There are a
9 few others that he drafted within the chain
10 as well.

11 BY MS. ROSNER:

12 Q. All of the e-mails in CX2157 you
13 drafted and kept in the course of Schein's
14 regularly conducted business?

15 MS. FINCHER: Object to the form.

16 A. I'm sorry. I was reading this. Can
17 you repeat that?

18 Q. All of the e-mails that are authored
19 by you in CX2157 were drafted and kept in the
20 course of Schein's ordinary conducted business?

21 A. Yes.

22 Q. CX2157 is a true and correct copy of
23 your e-mail correspondence?

24 MS. FINCHER: Object to the form.

25 A. Yes.

1 CONFIDENTIAL - RANDALL FOLEY

2 Q. In the top e-mail from you, the last
3 sentence questions, "Does Tim Sullivan want us
4 to shut down this \$900K account?"

5 Did I read that correctly?

6 A. Yes.

7 Q. And the \$900K account that you're
8 referring to is Smile Source; is that right?

9 A. Yes.

10 Q. You were asking whether or not Tim
11 Sullivan wanted Special Markets to shut down the
12 Smile Source account?

13 MS. FINCHER: Object to the form.

14 A. Not really.

15 Q. What was --

16 A. It was a sarcastic comment. Would he
17 really want us to shut down a \$9,000 [sic]
18 account, along those lines. It was not a
19 request does he want us to shut this down.

20 Q. Why would you ask a sarcastic question
21 about whether Tim Sullivan would want you to
22 shut down --

23 A. Well, here we --

24 Q. -- a \$900,000 account?

25 MS. FINCHER: Object to the form.

1 CONFIDENTIAL - RANDALL FOLEY

2 Go ahead.

3 A. Because here we have one field sales
4 consultant or one group in Miami concerned that
5 this may be encroaching upon their business, and
6 here I'm responding in parts of this e-mail that
7 there are more -- and Hal is responding that
8 they are not just a purchasing club, as referred
9 to by Mike, but instead, they are along the
10 lines of OrthSynetics and that this is a
11 legitimate buying group endorsed by Special
12 Markets, supported by Special Markets, and that
13 we should continue it. And my line is kind of
14 would we really ever shut down a \$9,000 [sic]
15 account? That would be stupid.

16 Q. I just want to clarify a couple of
17 things that you mentioned there. You're
18 referring to a buying group.

19 The buying group that you're referring
20 to is Smile Source?

21 A. That is correct.

22 Q. And it was a \$900,000 account,
23 correct?

24 A. At this time, they must have been
25 doing \$900,000 a year with us.

1 CONFIDENTIAL - RANDALL FOLEY
 2 Q. And you're saying that Schein wouldn't
 3 shut down a \$900,000 account?
 4 MS. FINCHER: Object to the form.
 5 A. I'm saying, yes, that would be
 6 foolish.
 7 Q. You can put this aside.
 8 A. And we didn't.
 9 Q. HSD wanted to put the kibosh on Smile
 10 Source?
 11 MS. FINCHER: Object to the form.
 12 A. Not that I'm aware of.
 13 Q. You never said that HSD wanted to put
 14 the kibosh on Smile Source?
 15 MS. FINCHER: Object to the form.
 16 A. Not that I remember.
 17 Q. I'm handing you a document that has
 18 been premarked as CX2154. The first page bears
 19 the Bates label Henry Schein-001563773.
 20 Please take a moment to review CX2154
 21 and let me know once you have finished.
 22 (Exhibit CX2156-001 through 007, a
 23 document bearing Bates Nos. Henry
 24 Schein-001563773 through 779, marked for
 25 identification, as of this date.)

1 CONFIDENTIAL - RANDALL FOLEY
 2 A. Yes.
 3 Q. You have knowledge of the contents of
 4 CX2154?
 5 MS. FINCHER: Object to the form.
 6 A. Yes.
 7 Q. You drafted the e-mail in CX2154 at or
 8 near the time of the events therein?
 9 A. Yes.
 10 Q. You drafted the e-mail in CX2154 and
 11 kept it in the course of regularly conducted
 12 business at Schein?
 13 A. Yes.
 14 Q. CX2154 is a true and correct copy of
 15 your e-mail correspondence?
 16 MS. FINCHER: Object to the form.
 17 A. Yes.
 18 Q. You begin the e-mail in CX2154 by
 19 saying, "We only need HSD to be there as it is
 20 HSD that wants to put the kibosh on this."
 21 Did I read that correctly?
 22 A. Yes.
 23 Q. You're referring to a meeting with
 24 Smile Source, correct?
 25 MS. FINCHER: Object to the form.

1 CONFIDENTIAL - RANDALL FOLEY
 2 MS. FINCHER: Same with this e-mail,
 3 Randy. Some of these can get long, so if
 4 you start at the back, that's the start of
 5 the chain and then read up.
 6 (Document review.)
 7 THE WITNESS: Okay.
 8 BY MS. ROSNER:
 9 Q. You've had an opportunity to review
 10 CX2154?
 11 A. Yes.
 12 Q. This is a multi-page e-mail chain.
 13 The only e-mail in this chain written by you is
 14 the one at the very top of the page. You see
 15 that?
 16 A. Yes.
 17 Q. And it's dated September 21, 2010,
 18 correct?
 19 A. Yes.
 20 Q. You drafted the e-mail in CX2154 as
 21 part of your job?
 22 A. Yes.
 23 Q. It's part of your job to communicate
 24 about buying groups such as Smile Source,
 25 correct?

1 CONFIDENTIAL - RANDALL FOLEY
 2 A. Yes, we're trying to set up a meeting
 3 between HSD, Smile Source, and Hal and myself.
 4 Q. And you're saying that you only need
 5 HSD to attend the Smile Source meeting, as HSD
 6 wants to put the kibosh on Smile Source,
 7 correct?
 8 MS. FINCHER: Object to the form.
 9 A. I'm saying that I want HSD to be at
 10 that meeting because they're believing that this
 11 is purely a buying group that sells on price
 12 only, and I wanted them to meet with HSD to show
 13 their -- what all they have to offer their
 14 customers.
 15 Q. And it was your understanding at the
 16 time that HSD wanted to put the kibosh on Smile
 17 Source?
 18 MS. FINCHER: Object to the form.
 19 A. I don't know if that's the correct
 20 terminology to use, that they wanted to shut it
 21 down, or they were objecting to how they were
 22 doing -- doing their business and needed more
 23 information.
 24 Q. That's the terminology you used, to
 25 put the kibosh on Smile Source?

1 CONFIDENTIAL - RANDALL FOLEY

2 MS. FINCHER: Object to the form.

3 A. Yeah, you know, eight years ago, I,
4 you know, don't know exactly if that's the best
5 term, but basically they -- they had concerns
6 that this was just a buying group focused on
7 price and were questioning it.

8 So we wanted to set up a meeting with
9 HSD to sell, and this is the CEO of Smile Source
10 wanting to meet with Tim Sullivan and others to
11 explain their program. A meeting did eventually
12 take place here in New York City.

13 Q. And it was your understanding eight
14 years ago when you wrote this e-mail that HSD
15 wanted to put the kibosh on Schein working with
16 Smile Source?

17 MS. FINCHER: Object to the form.

18 Asked and answered.

19 You can go ahead.

20 A. That's what this says, correct.

21 Q. Do you have any reason to dispute the
22 veracity of what this says?

23 MS. FINCHER: Object to the form.

24 A. Yea, I think it's more of a general
25 comment to one of my employees like, look, I

1 CONFIDENTIAL - RANDALL FOLEY

2 guess they don't like doing business with this
3 particular Smile Source because they think it's
4 fee only, and we need to help sell it and I
5 don't need Rick, who wants to come to New York,
6 to help sell it.

7 Q. Was it inaccurate to say at the time
8 you understood that HSD wanted to put the kibosh
9 on Smile Source?

10 A. Yes. Uh-huh.

11 Q. How would you have amended this?

12 A. I'm sorry?

13 MS. FINCHER: Object to the form.

14 A. How would I have amended this?

15 Q. How would you have amended the
16 statement, "HSD wants to put the kibosh on
17 this"?

18 MS. FINCHER: Object not form.

19 Jasmine, are you asking him sitting
20 here today what's inaccurate about it? Can
21 you clarify?

22 Q. At the time that you wrote CX2154, was
23 it your understanding that HSD wanted to put the
24 kibosh on Smile Source?

25 MS. FINCHER: Object to the form.

1 CONFIDENTIAL - RANDALL FOLEY

2 Asked and answered.

3 A. It was my understanding that they were
4 struggling with their business model and
5 disputing it.

6 Q. When you say they were struggling with
7 their business model?

8 A. I'm sorry, HSD was -- HSD was
9 disputing their business model and questioning
10 it.

11 Q. HSD was disputing Smile Source's
12 business model and questioning Smile Source's
13 business model?

14 A. Correct. And also, Hal was
15 questioning are they just becoming a buying
16 group focused on price only. He wanted to meet
17 with them, too, to see what their business model
18 was. This was the first meeting that Hal would
19 actually have with them.

20 Q. We can put this one aside.

21 I want to go back to something you
22 mentioned earlier when we were talking about
23 your sarcastic question about whether or not Tim
24 Sullivan would want to shut down this \$900,000
25 account.

1 CONFIDENTIAL - RANDALL FOLEY

2 You mentioned that was a sarcastic
3 comment because that would just be foolish?

4 MS. FINCHER: Object to the form.

5 Mischaracterizes the testimony.

6 Go ahead.

7 Q. Do you recall saying that?

8 MS. FINCHER: Object to the form.

9 Go ahead.

10 A. I don't recall. I recall it by
11 reading in the email that I made that comment.

12 Q. Why would it be foolish for Schein to
13 shut down a \$900,000 account?

14 MS. FINCHER: Object to the form.

15 A. Well, it's our goal to sell to as many
16 dentists and to as many organizations that we
17 possibly can. They have proven -- at that time,
18 nobody had really ever met with Smile Source
19 other than myself and Rick Heysquierdo.

20 We were very aware of what they were
21 doing, we liked their model, and we had not
22 explained it to everybody in the company as to
23 how it was. It was already at \$900,000, and at
24 the time that we transferred it to HSD, which is
25 what we eventually did -- we never dismantled

CONFIDENTIAL - RANDALL FOLEY
1 it, we never shut it down -- they were growing
2 in my numbers and we did -- we decided that it
3 would be best served in HSD.
4

5 But that smart ass remark, sorry, is
6 that, you know, Schein would be foolish to shut
7 down a \$900,000 account, just dismantle it,
8 so...

9 Q. Why would Schein be foolish to shut
10 down a \$900,000 account?

11 A. I think I just answered that. Because
12 it's revenue to us, and it was -- actually, it
13 was a very high-margin account, to be honest
14 with you, very, very profitable, and I -- I knew
15 their business model and it was an excellent
16 business model. People are misconstruing that
17 this is price only and nothing more.

18 Q. At the time when you were getting some
19 push-back from HSD on Smile Source, you were
20 confused about Schein's policy on buying groups?

21 MS. FINCHER: Object to the form.
22 Mischaracterizes the testimony.

23 Go ahead.

24 A. I was only with Special Markets
25 perhaps a year and a few months at this time,

CONFIDENTIAL - RANDALL FOLEY
1 and there was no, again, no really written
2 policy on how to handle buying groups. And this
3 one, from what I believe, would be one of the
4 first buying groups that we entered into on the
5 Special Markets side, and -- that I'm aware of.

6 There were a couple others in place,
7 and I don't know exactly their start dates, but
8 this is the first one that we really set up and
9 established. It was like the beginning of the
10 buying group. In my opinion, this might be the
11 start of it in the private sector.

12 Q. You mentioned earlier Council
13 Connections and Commonwealth.

14 Are you making a distinction that
15 Smile Source was the first buying group that
16 catered to private practice dentists?

17 MS. FINCHER: Object to the form.

18 A. In the Special Markets world, I
19 believe so, yes.

20 Q. So you were confused about the
21 company's policy on buying groups?

22 MS. FINCHER: Object to the form.
23 Asked and answered.

24 Go ahead.
25

CONFIDENTIAL - RANDALL FOLEY
1 A. There was no company policy on it, and
2 being in Special Markets, again, even those as
3 private dentists, we actually handled things
4 that are outside the normal realm of selling
5 directly to a private dentist.
6

7 So it was a new -- a new, let's say a
8 business segment for us moving from community
9 health centers over to the private sector. So
10 this was -- I look at this as the start of it.
11 There were a couple others right around the
12 exact same time, like Breakaway I think started
13 about this time, and -- I'm sorry, OrthSynetics
14 was well in place, so there's where my basis
15 come from.

16 OrthoSynetics had been with us when I
17 started and was very large, so this would, I'm
18 sorry, this would be like the second one into
19 that space.

20 Q. You were bothered by HSD's push-back
21 on Smile Source?

22 MS. FINCHER: Object to the form.
23 Asked and answered.

24 Go ahead.

25 A. I would say I was frustrated that they

CONFIDENTIAL - RANDALL FOLEY
1 didn't understand the business model, so, yes,
2 it bothered me.
3

4 Q. HSD had previously done business with
5 other buying groups is your testimony?

6 A. I have found out, yes, that they had.
7 I don't know the start dates of when those took
8 effect, but I believe they were in effect at
9 this time.

10 Q. And HSD had fully supported other
11 buying groups?

12 MS. FINCHER: Object to the form.

13 A. According to what I uncovered --
14 discovered later, yes, they had a couple buying
15 groups in place themselves.

16 Q. You were pissed off that HSD had fully
17 supported other buying groups, but complained to
18 management about Smile Source?

19 MS. FINCHER: Object to the form.

20 A. I would be -- if I knew -- yeah, when
21 I found out that there were other groups, I took
22 it as that they were more concerned that this
23 was a buying group under Special Markets instead
24 of a buying group under HSD.

25 There was intercompany competition

1 CONFIDENTIAL - RANDALL FOLEY
2 between Special Markets and between our private
3 sector because a lot of group practices would
4 acquire private dentists, buying groups were
5 going after private dentists, okay, and they
6 would fall under Special Markets.

7 There was all -- it didn't matter if
8 it was a buying group or a DSO, there would be
9 squabbling from the -- the sales -- HSD field
10 sales team on occasion.

11 Q. It didn't make sense to you that HSD
12 supported some buying groups over Smile Source's
13 franchise buying group model?

14 MS. FINCHER: Object to the form.

15 A. Rephrase. I'm sorry.

16 Q. It didn't make sense to you that HSD
17 supported other buying group models over Smile
18 Source's franchise model?

19 MS. FINCHER: Object to the form.

20 A. I'm not getting the -- the question.
21 I'm sorry.

22 Over -- I mean --

23 MS. FINCHER: Let her go ahead and
24 rephrase.

25 A. If you can try to...

1 CONFIDENTIAL - RANDALL FOLEY

2 Q. Let me give you an example.

3 Are you familiar with the Thorup
4 buying group out of Utah?

5 A. Yes, a co-op.

6 Q. And you were pissed off that HSD fully
7 supported the Thorup co-op model, correct?

8 MS. FINCHER: Object to the form.

9 A. I was pissed off that they were
10 complaining about Smile Source under Special
11 Markets when I found out they had -- I always
12 call them throw-ups, I'm sorry -- when they had
13 Thorup -- when they had Thorup themselves out of
14 Utah. I was unaware of it but uncovered it.

15 Q. You thought the Smile Source franchise
16 model was more appealing than the Thorup co-op
17 model?

18 MS. FINCHER: Object to the form.

19 Go ahead.

20 A. No, I didn't know the model of Thorup
21 compared to Smile Source, but in my opinion,
22 from what my limited knowledge, they both
23 appeared to be buying groups. I didn't know how
24 much services Thorup offered at the time.

25 I was upset that I'm getting push-back

1 CONFIDENTIAL - RANDALL FOLEY
2 on Smile Source from HSD field reps, yet they
3 had one themselves, to put it that way.

4 Q. You referred to Thorup as the buying
5 group in Utah that nobody would admit to,
6 correct?

7 MS. FINCHER: Object to the form.

8 A. It wasn't that -- well, I never -- no
9 one ever said it to me that there was a buying
10 group in Utah, correct.

11 Q. Why wouldn't anybody admit to the
12 Thorup buying group in Utah?

13 MS. FINCHER: Object to the form.

14 Asked and answered.

15 Go ahead.

16 A. It wasn't that I asked them and they
17 denied it. No one ever brought it up and said:
18 Oh, by the way, we have a model like this in
19 Utah. Why don't we duplicate that for Smile
20 Source?

21 Q. Eventually, Thorup changed its name to
22 The Co-op?

23 MS. FINCHER: Object to the form.

24 A. That was later when it fell under a
25 different -- well, that's my understanding.

1 CONFIDENTIAL - RANDALL FOLEY

2 Q. And HSD ended its relationship with
3 Thorup?

4 A. I'm not --

5 MS. FINCHER: Object to the form.

6 THE WITNESS: Sorry.

7 MS. FINCHER: Go ahead.

8 THE WITNESS: I'm not -- I'm unsure of
9 when that. When I left, I think they were
10 still a customer. I'm not sure.

11 BY MS. ROSNER:

12 Q. Kathleen Titus went into Thorup and
13 closed them down?

14 MS. FINCHER: Object to the form.

15 A. I recall Kathleen Titus was going to
16 meet with them, and I don't know if she closed
17 them down. That fell under a different division
18 and she no longer reported to me at the time.

19 Q. I'm going to hand you a document
20 that's been premarked for identification as
21 CX2084. The Bates begins Henry
22 Schein-000758034.

23 Please take a moment to familiarize
24 yourself with CX2084 and let me know when you're
25 done.

1 CONFIDENTIAL - RANDALL FOLEY
2 (Exhibit CX2084-001, a document
3 bearing Bates Nos. Henry Schein-00758034,
4 marked for identification, as of this date.)
5 (Document review.)

6 THE WITNESS: Okay.

7 BY MS. ROSNER:

8 Q. You've had a moment to look at CX2084?

9 A. Yes.

10 Q. This is a one-page e-mail from you on
11 February 3, 2015. Do you see that?

12 A. Yes.

13 Q. You drafted the e-mail in CX2084 as
14 part of your job?

15 A. Yes.

16 Q. It's part of your job to communicate
17 about buying groups, correct?

18 A. Yes.

19 Q. You have knowledge of the contents of
20 CX2084?

21 A. Yes.

22 Q. You drafted CX2084 at the time, at or
23 near the time of the events described therein?

24 A. Yes.

25 Q. You drafted the e-mail in CX2084 and

1 CONFIDENTIAL - RANDALL FOLEY
2 kept it in the course of your regularly
3 conducted business?

4 A. Yes.

5 Q. CX2084 is a true and correct copy of
6 your e-mail correspondence?

7 MS. FINCHER: Object to the form.

8 A. Yes.

9 Q. CX2084 is an e-mail that discusses two
10 buying groups. One is Thorup and the other is
11 Floss Dental.

12 Do you see that?

13 MS. FINCHER: Object to the form.

14 A. Yes, and Dental Gator.

15 Q. And Dental Gator. Thank you.

16 In the e-mail, you reference, "KT went
17 in there and closed them down."

18 Did I read that correctly?

19 A. You read it correctly.

20 Q. "KT" refers to Kathleen Titus?

21 A. Yes.

22 Q. She went into Thorup and closed them
23 down, correct?

24 MS. FINCHER: Object to the form.

25 A. Per this e-mail, she went in there and

1 CONFIDENTIAL - RANDALL FOLEY
2 met with them. I'm sorry. Per this e-mail, she
3 stated that she closed them down.

4 Q. Per this e-mail, you stated that she
5 closed them down?

6 A. Correct.

7 Q. Do you have any reason to question the
8 veracity of this e-mail?

9 MS. FINCHER: Object to the form.

10 A. No; but I understand why she went in
11 there and what happened.

12 Can I explain that?

13 Q. Sure.

14 A. It turns out that Thorup was more of
15 a -- was a buying group with HSD and had turned
16 and became more of a procurement company and was
17 now offering other competitive products from
18 P&G, which is Procter & Gamble, where we have a
19 relationship with Colgate. So she went in and
20 met with them to see if they would be prime
21 vendor and work as a normal buying group, like
22 it must have been prior, and they said no. So
23 we discontinued their sales plan.

24 Q. I can take that document back.

25 When did the Smile Source account

1 CONFIDENTIAL - RANDALL FOLEY
2 transfer from Special Markets to HSD?

3 MS. FINCHER: Object to the form.

4 A. I don't remember the exact dates, but
5 I would think it was around 2011, beginning. In
6 the beginning of the year of 2011.

7 Q. After the transfer to HSD, Schein
8 ended the Smile Source relationship when Smile
9 Source became more of a GPO than a management
10 company?

11 MS. FINCHER: Object to the form.

12 A. Can you question that -- ask that
13 again?

14 Q. After the transfer to HSD, Schein
15 ended the Smile Source relationship when Smile
16 Source became more of a GPO than a management
17 company, right?

18 MS. FINCHER: Object to the form.

19 A. Not to my understanding. I believe
20 that Smile Source dumped Schein sometime after
21 the transition.

22 Q. Schein didn't end the Smile Source
23 relationship?

24 A. No.

25 Q. You never said that Schein ended the

1 CONFIDENTIAL - RANDALL FOLEY
2 Smile Source relationship?

3 A. Schein never ended the relationship.
4 Schein did not end the relationship with Smile
5 Source. My understanding, they fired us.

6 Q. I'll hand you a document that has been
7 premarked as CX2107. The first page bears the
8 Bates stamp Henry Schein-000104677.

9 Please take a moment to familiarize
10 yourself with this document.

11 (Exhibit CX2107-001 through 004, a
12 document bearing Bates Nos. Henry
13 Schein-000104677 through 680, marked for
14 identification, as of this date.)

15 (Document review.)

16 THE WITNESS: Okay.

17 BY MS. ROSNER:

18 Q. You've had a moment to review CX2107?

19 A. Yes.

20 Q. CX2107 is a multi-page e-mail string.
21 The top e-mail on the first page is from July
22 11, 2014. I'm going to refer you to the e-mail
23 that you wrote first in time, July 11, 2014, at
24 8:41 a.m.

25 Do you see that e-mail?

1 CONFIDENTIAL - RANDALL FOLEY

2 A. At 8:45?

3 Q. 8:41 a.m.

4 A. Hold on.

5 Q. It's on page CX2107-002.

6 A. I got it. Okay.

7 Q. You drafted this e-mail as part of
8 your job?

9 A. Yes.

10 Q. It's part of your job to communicate
11 about Schein's customers, correct?

12 A. Yes.

13 Q. You have knowledge of the contents of
14 CX2107?

15 MS. FINCHER: Object to the form.

16 A. Yes.

17 Q. You drafted CX2107 at or near the time
18 of the events described therein?

19 A. Yes.

20 Q. You drafted CX2107 and maintained it
21 in the course of regularly conducted business at
22 Schein?

23 A. Yes.

24 Q. CX2107 is a true and accurate copy of
25 your e-mail correspondence?

1 CONFIDENTIAL - RANDALL FOLEY

2 MS. FINCHER: Object to the form.

3 A. Yes.

4 Q. On page CX2107-002, in this e-mail you
5 note that there are a couple of issues, and you
6 have some bullets. In bullet number 2 --

7 A. Uh-huh.

8 Q. -- the last sentence reads, "We ended
9 the Smile Source relationship when they became
10 more of a GPO than a management company."

11 Did I read that correctly?

12 A. Yes.

13 Q. So you ended the Smile Source
14 relationship when it became more of a GPO than a
15 management company?

16 MS. FINCHER: Object to the form.

17 A. I think that's an incorrect statement
18 by me.

19 Q. Was it incorrect at the time that you
20 wrote it?

21 MS. FINCHER: Object to the form.

22 A. Yes.

23 Q. When did you learn that it was
24 incorrect?

25 A. I later learned -- well, I don't

1 CONFIDENTIAL - RANDALL FOLEY

2 remember why it would say that. I knew that
3 they had fired us; that they decided to go to
4 Burkhart and not work with Schein.

5 I, again, I don't know why I would
6 write that -- that we ended it. It was my
7 understanding that -- that Smile Source ended
8 the relationship with HSD and moved to Burkhart.
9 We --

10 Q. You're writing an e-mail to Daniel
11 Hobson. Who is Daniel Hobson?

12 A. Daniel Hobson reported directly to me,
13 and he was a strategic account manager and he
14 was on MB2 and on our buying group, Dental
15 Gator.

16 Q. And so when you conveyed information
17 to one of your direct reports, was it important
18 to you to have accurate information conveyed?

19 MS. FINCHER: Object to the form.

20 A. Sure.

21 Q. Why would you convey this information
22 about Schein ending the Smile Source
23 relationship if you knew that it was false?

24 MS. FINCHER: Object to the form.

25 Mischaracterizes the testimony and the

1 CONFIDENTIAL - RANDALL FOLEY

2 document.

3 Go ahead.

4 A. Correct. I don't know at this time if
5 I knew they were fired or if later on I found
6 out they were fired.

7 Q. For clarity, in this e-mail you say
8 "when Smile Source became more of a GPO."

9 By "GPO," you're referring to buying
10 group?

11 A. By buying --

12 MS. FINCHER: Object to the form.

13 A. A buying group that focuses solely on
14 price. A GPO is a buying group, but they became
15 more of a buying group that focused on price
16 only.

17 Q. You can put that document aside.

18 A. Can I add that --

19 MS. FINCHER: Let her ask the
20 questions.

21 MS. ROSNER: Can we take a quick
22 moment and go off the record?

23 MS. FINCHER: You bet.

24 THE VIDEOGRAPHER: The time is 9:55
25 a.m. We're off the record.

1 CONFIDENTIAL - RANDALL FOLEY

2 (Pause in the proceedings.)

3 THE VIDEOGRAPHER: The time is 9:58
4 a.m. We're on the record.

5 BY MS. ROSNER:

6 Q. Mr. Foley, prior to going on the
7 break, you mentioned you wanted to clarify
8 something. I wanted to give you an opportunity.
9 I apologize if we have broken your train of
10 thought.

11 A. Yeah, it did.

12 MS. FINCHER: It's okay if you don't
13 recall.

14 A. No, I don't recall. Sorry.

15 MS. FINCHER: We can move on.

16 Q. I want to go back to some testimony
17 that you said earlier today just to make sure
18 that I understand.

19 Did I understand correctly that you
20 said study clubs don't fit the Special Markets
21 model?

22 MS. FINCHER: Object to the form.

23 A. Yes, when a study group of dentists do
24 not fit the Special Markets model for either a
25 buying group or a DSO.

1 CONFIDENTIAL - RANDALL FOLEY

2 Q. Why not?

3 A. Because there was no structure to it.
4 It would just be a group of dentists wanting to
5 get together and not being able to formalize any
6 type of plan. We just didn't have the resources
7 to help them along in creating some kind of
8 buying group specifically for them and
9 monitoring it, both in the HSD world or in the
10 Special Markets world.

11 Q. What resources would be required to
12 create this centralized group that you're
13 referring to?

14 MS. FINCHER: Object to the form.

15 Go ahead.

16 A. Because there was no central -- there
17 was no key contact such as, you know, let's say
18 20 dentists get together, then who would be the
19 key driver of, you know, submitting pricing to,
20 that type of stuff.

21 There was no -- there was no
22 infrastructure on their end that we could work
23 with, and we didn't want to have to create that
24 infrastructure ourselves.

25 Q. So when negotiating with a buying

1 CONFIDENTIAL - RANDALL FOLEY

2 group, Schein wants a key point of contact?

3 MS. FINCHER: Object to the form.

4 A. For the most part, yes, correct.

5 Q. And it was your experience that study
6 clubs lacked one key contact person?

7 A. Yes, that's one of the things they
8 lacked.

9 Q. What are some of the other things that
10 study clubs would lack such that they would not
11 fit Schein's model?

12 MS. FINCHER: Object to the form.

13 A. That they wouldn't offer other
14 services that buying groups offer, like
15 discounted, you know, cell mobile phones,
16 discounted marketing expenses, and help drive
17 compliance amongst their users.

18 Q. Any other services?

19 A. Not that I can think of.

20 Q. Other than a key contact person and
21 offering services to their members, are there
22 other things that study clubs lacked such that
23 study clubs did not fit Schein's model for a
24 buying group customer?

25 MS. FINCHER: Object to the form.

1 CONFIDENTIAL - RANDALL FOLEY
2 Asked and answered.

3 Do you mean other than what he's
4 already testified to?

5 Q. Other than what you've already
6 testified to?

7 A. The key thing is not having a main
8 contact, no business structure. It's not like
9 call Dental Gator or OrthoSynetics' buying group
10 or Smile Source. There would be no name to
11 that. It's just a co-op of dentists.

12 Q. We haven't talked about MSOs today.
13 Are you familiar with the term "MSO"?

14 A. It's interchangeable in my head
15 between a management service organization and a
16 DSO is almost the same, in my opinion, from
17 what -- it depends on the context of what
18 somebody is writing. Okay? Some people use it
19 differently, but I would interpret that as a
20 dental service organization/management service
21 organization, a DSO.

22 Q. "MSO" refers to management service
23 organization?

24 A. Correct.

25 Q. You view MSOs and DSOs as

1 CONFIDENTIAL - RANDALL FOLEY
2 interchangeable?

3 A. Yeah, we -- 99 percent of the time DSO
4 terminology was used. Some people might say
5 MSO, and I would interpret that as a DSO.

6 Q. Are there any distinguishing
7 characteristics between MSOs and DSOs?

8 MS. FINCHER: Object to the form.

9 A. Not that I -- not that I'm aware of.
10 I've never really used the "MSO" terminology
11 myself.

12 Q. Do MSOs have ownership interests in
13 the dental practices?

14 MS. FINCHER: Object to the form.

15 A. I'm not -- I'm not aware. I don't
16 know the arrangement between an MSO, which I
17 would interpret as a DSO, and the end-user.

18 Q. Earlier when we were talking about
19 buying groups that would pose a good opportunity
20 for Schein, you mentioned that it was important
21 that the buying group allowed access to the
22 end-users, correct?

23 A. Correct.

24 Q. Are you aware of any buying groups
25 that do not allow access to the end-user?

1 CONFIDENTIAL - RANDALL FOLEY
2 MS. FINCHER: Object to the form.

3 A. OrthoSynetics prefers that we work
4 directly with their -- with their centralized
5 team and not have FSCs work at their sites, but
6 they work directly with a strong team member on
7 my side to manage the practice.

8 However, it's not absolute. About 20
9 percent of OrthoSynetics' bigger accounts, its
10 bigger clients, are assigned to FSCs.

11 Q. Any other buying groups that don't
12 allow access to their member sites?

13 MS. FINCHER: Object to the form.

14 Go ahead.

15 A. Not that I'm aware of.

16 Q. You're only aware of OrthoSynetics not
17 providing access to its member sites?

18 A. To not all --

19 MS. FINCHER: Object to the form.

20 Go ahead.

21 A. To not all sites. Okay?

22 Q. Yet OrthoSynetics is a good customer
23 for Schein?

24 A. Yes.

25 Q. How do you square the tension between

1 CONFIDENTIAL - RANDALL FOLEY
2 good opportunities to work with buying groups
3 allowing Schein access and OrthoSynetics not
4 allowing access while still being a good
5 customer?

6 MS. FINCHER: Object to the form.

7 Mischaracterizes the testimony. Asked and
8 answered, but go ahead.

9 A. Of all the buying groups,
10 OrthoSynetics had one of the most powerful
11 centralized teams, with their headquarters
12 Metairie, Louisiana, and one -- and a secondary
13 one for software in the Dallas area -- or,
14 Houston area. I'm sorry. Dallas. It's Dallas.

15 So, therefore, they could drive
16 compliance. They had a purchasing -- somewhat
17 of a purchasing director that would help drive
18 compliance with their sites, and preferred that
19 the sites buy based on their formula, a
20 formulary.

21 So there's more of a little bit of a
22 control, but there was zero equity ownership in
23 all of those sites. They were just members.

24 Q. So with OrthoSynetics you were willing
25 to overlook the lack of access to all member

1 CONFIDENTIAL - RANDALL FOLEY
 2 sites because of these other features?
 3 MS. FINCHER: Object to the form.
 4 A. Yes, because we could still promote
 5 the whole the Schein wheel to corporate and they
 6 would help drive it.
 7 Q. For OrthoSynetics, you were willing to
 8 overlook the lack of access to the member sites
 9 because they could drive compliance?
 10 MS. FINCHER: Object to the form.
 11 Asked and answered.
 12 Go ahead.
 13 A. They could drive compliance and they
 14 could drive promotions that we offered to their
 15 end-users.
 16 Q. I want to shift gears a little bit to
 17 a time after Smile Source.
 18 So, after Smile Source, Special
 19 Markets was working with a small DPM called G4
 20 Dental Corp., correct?
 21 MS. FINCHER: Object to the form.
 22 A. I don't recall that, that title, that
 23 name.
 24 Q. What is a DPM?
 25 A. A DSO. Dental practice management

1 CONFIDENTIAL - RANDALL FOLEY
 2 identification, as of this date.)
 3 (Document review.)
 4 THE WITNESS: Okay.
 5 BY MS. ROSNER:
 6 Q. You've had a moment to review CX2103?
 7 A. Yes.
 8 Q. CX2103 is a multi-page e-mail. The
 9 e-mail authored by you is one down from the top
 10 dated April 21, 2011.
 11 Do you see that?
 12 A. Yes.
 13 Q. You drafted this e-mail CX2103 as part
 14 of your job?
 15 A. Yes.
 16 Q. It's part of your job to communicate
 17 about potential customers of Schein, correct?
 18 A. Yes.
 19 Q. You have knowledge of the contents of
 20 CX2103?
 21 MS. FINCHER: Object to the form.
 22 A. Yes.
 23 Q. You drafted CX2103 at or near the time
 24 of the events described therein?
 25 A. Yes.

1 CONFIDENTIAL - RANDALL FOLEY
 2 company. It was the old terminology.
 3 Q. You questioned whether G4 Dental Corp.
 4 was a DPM or a buying group?
 5 MS. FINCHER: Object to the form.
 6 A. I don't recall any of this.
 7 Q. You didn't care whether G4 Dental was
 8 a buying group, but noted that HSD usually
 9 cares?
 10 MS. FINCHER: Object to the form.
 11 A. Again, G4 does not ring a bell to me
 12 at all.
 13 Q. HSD is concerned when their accounts
 14 join buying groups to get reduced supply costs?
 15 MS. FINCHER: Object to the form.
 16 A. That's not an absolute.
 17 Q. Let me hand you a document that has
 18 been premarked for identification as CX2103. It
 19 bears the Bates number on the first page Henry
 20 Schein-000167268.
 21 Please take a moment to review CX2103
 22 and let me know when you're finished.
 23 (Exhibit CX2103-001 through 006, a
 24 document bearing Bates Nos. Henry
 25 Schein-000167268 through 273, marked for

1 CONFIDENTIAL - RANDALL FOLEY
 2 Q. You drafted the e-mail in CX2103 and
 3 kept it in the course of regularly conducted
 4 business at Schein?
 5 A. Yes.
 6 Q. And CX2103 is a true and correct copy
 7 of your e-mail correspondence?
 8 MS. FINCHER: Object to the form.
 9 A. Yes.
 10 Q. In the last sentence of your e-mail of
 11 CX2103, you say, "I don't care if this a buying
 12 group, but HSD usually does when their accounts
 13 join it to get reduced supply costs."
 14 Did I read that correctly?
 15 A. Yes.
 16 Q. You didn't care whether or not G4
 17 Dental was a buying group or a DPM, correct?
 18 MS. FINCHER: Object to the form.
 19 A. Can you rephrase that or say it again?
 20 Q. You didn't care whether G4 Dental was
 21 a DSO or a buying group?
 22 MS. FINCHER: Object to the form.
 23 A. I didn't care if this was a buying
 24 group or a DSO, but a buying group that offers
 25 services to its end-users, which the doctor

1 CONFIDENTIAL - RANDALL FOLEY
2 explains in the back.

3 Q. HSD usually cares when their accounts
4 join a buying group to get -- to reduce supply
5 costs?

6 MS. FINCHER: Object to the form.

7 A. It may cause frustrations with the
8 FSCs if this is a supply cost only type
9 relationship and nothing more. As a
10 generalization, term of buying groups would fall
11 in different categories of buying groups,
12 different levels, but the general statement is
13 that if this is a supply cost only, they have
14 frustration with it.

15 Q. You didn't care if G4 Dental resulted
16 in reduced supply costs?

17 MS. FINCHER: Object to the form.

18 A. I did care if all they did would be to
19 reduce supply costs and nothing more, but the
20 doctor explains on the first part of the e-mail
21 that he's providing a number of other services
22 to his -- to his end-users, and I'm questioning
23 whether it's a buying group or if it's a DSO,
24 how to categorize the account, does it matter.
25 As far as my class -- my classification, I

1 CONFIDENTIAL - RANDALL FOLEY
2 would -- I would put it in Special Markets and
3 move forward with it.

4 Q. If Schein did business with G4 Dental
5 in Special Markets, the members of G4 Dental
6 would get reduced supply costs?

7 MS. FINCHER: Object to the form.

8 A. I'm sorry. Say that again.

9 Q. If Schein did business with G4 Dental
10 as a Special Markets customer, the members of G4
11 Dental would get reduced supply costs?

12 MS. FINCHER: Object to the form.

13 A. Yes.

14 Q. If G4 Dental was a DSO, HSD accounts
15 would still be impacted?

16 MS. FINCHER: Object to the form.

17 A. That is correct.

18 Q. HSD accounts that joined a DSO would
19 be transferred from Henry Schein Dental to
20 Special Markets?

21 MS. FINCHER: Object to the form.

22 A. Yes; on the merchandise side.

23 Q. HSD does not care when it loses
24 accounts to a DSO?

25 MS. FINCHER: Object to the form.

1 CONFIDENTIAL - RANDALL FOLEY

2 A. No, they -- the FSCs were always
3 frustrated when they lost an account to a DSO.
4 And it depended on the DSO, because a number of
5 DSOs maintain the assignment of the FSCs, paid
6 through us at Special Markets, but some of the
7 larger ones did not want assignment of FSCs, and
8 those were more frustrating to the FSCs.

9 So it's a -- it depends. It's a
10 per-case basis of how they -- how they worked
11 with the -- how large the DSO was or the group
12 and whether they could stay on the account and
13 be assigned. And also, their commission rate
14 would remain the same.

15 Q. HSD as an organization doesn't object
16 when Special Markets does business with DSOs?

17 MS. FINCHER: Object to the form.

18 A. No, not at all.

19 Q. But HSD cares when their accounts join
20 buying groups to get reduced supply costs?

21 MS. FINCHER: Object to the form.

22 Asked and answered.

23 You can answer it again.

24 A. No, I would say that the FSCs, they
25 get flat from an FSC. Again, if it's just based

1 CONFIDENTIAL - RANDALL FOLEY
2 on price. The account would still remain
3 assigned to the FSC. The margins would stay
4 pretty -- are pretty high on these buying
5 groups, so...

6 I want to say that any change to their
7 customer would cause the FSC to be frustrated.

8 Q. Outside of the individual FSCs, HSD
9 doesn't like it when its accounts join buying
10 groups to get reduced supply costs?

11 MS. FINCHER: Object not form. Asked
12 and answered. Mischaracterizes the
13 testimony.

14 Answer again.

15 A. I don't know what their -- what
16 they -- when they liked it or didn't like it per
17 se. There was no policy not to sell to buying
18 groups.

19 Q. Did Special Markets get push-back from
20 HSD when it did business with new DSO customers?

21 MS. FINCHER: Object to form.

22 A. No.

23 Q. You can put that document aside.

24 You had the opportunity to bid on a
25 buying group associated with CDA, correct?

1 CONFIDENTIAL - RANDALL FOLEY
2 MS. FINCHER: Object to form.

3 A. Not to my knowledge.

4 Q. "CDA" stands for the California Dental
5 Association?

6 MS. FINCHER: Object to the form.

7 A. Correct.

8 Q. If CDA created a buying group that was
9 set up as a DSO, it would have been assigned to
10 Special Markets, correct?

11 MS. FINCHER: Object to the form.

12 A. If the CDA -- you know, at that -- I'm
13 not sure when the CDA came into place, but it
14 was later on, and I don't know if that's when
15 HSD had taken over buying groups, but I think it
16 would have fallen under, if it's a buying group
17 for the CDA --

18 Let's go backwards. I was not
19 involved in the CDA component of what
20 negotiations were going on and their requests
21 for buying groups that I can remember.

22 Q. If the CDA had a buying group that was
23 set up as a DSO, where would it have been
24 assigned?

25 MS. FINCHER: Object to the form.

1 CONFIDENTIAL - RANDALL FOLEY

2 Asked and answered. Go ahead.

3 A. I don't even get the logic of the
4 question. If the CDA were a buying group --
5 were a DSO, a DSO would mean there's equity and
6 practices, so the CDA would not be a DSO from
7 what you're asking me. They would be a buying
8 group.

9 Q. So if the CDA set up a buying group,
10 it likely would have been assigned to HSD?

11 MS. FINCHER: Object to the form,
12 asked and answered. Calls for speculation,
13 but go ahead.

14 A. Each one of the accounts we would
15 determine, you know, for example, if the CDA set
16 up a very large centralized team, it may work
17 better than Special Markets run it centrally and
18 work with the FSCs on it like it would a DSO,
19 okay? But if it's just to offer perhaps reduced
20 pricing and services to its members, it may be
21 better off in HSD. I don't know where that
22 went. Again, I was not part of that.

23 Q. You questioned whether or not HSD
24 would even want to work with a CDA buying group?

25 MS. FINCHER: Object to the form.

1 CONFIDENTIAL - RANDALL FOLEY

2 Asked and answered.

3 A. I don't even remember asking, you
4 know, being involved at all in the CDA.

5 Q. I'm going to hand you a document
6 that's been premarked for identification as
7 CX2060. It bears the Bates label on the first
8 page Henry Schein-000167221.

9 Please take a moment to review this
10 document and let me know when you are finished
11 reviewing CX2060.

12 (Exhibit CX2060-001 through 003, a
13 document bearing Bates Nos. Henry
14 Schein-000167221 through 223, marked for
15 identification, as of this date.)

16 (Document review.)

17 THE WITNESS: Okay.

18 BY MS. ROSNER:

19 Q. You've had an opportunity to review
20 CX2060?

21 A. Yes.

22 Q. CX2060 starts with an e-mail from John
23 Boresi. One e-mail down from that is an e-mail
24 from you dated May 9, 2011; is that right?

25 A. Yes.

1 CONFIDENTIAL - RANDALL FOLEY

2 MS. FINCHER: Jasmine, just to clarify
3 for those on the phone, you're on the first
4 page of the document, but it's the last
5 e-mail in the chain, correct?

6 MS. ROSNER: Correct. It's
7 CX2060-001.

8 THE WITNESS: At 2:07 p.m. Is that
9 what you're asking about?

10 BY MS. FINCHER:

11 Q. The e-mail on May 9, 2011 at 2:07 p.m.

12 A. Got it. Yes.

13 Q. You drafted this e-mail as part of
14 your job?

15 A. Yes.

16 Q. It's part of your job to communicate
17 about potential customers of Schein?

18 A. Yes.

19 Q. Do you have knowledge of the contents
20 of CX2060?

21 MS. FINCHER: Object to the form.

22 A. Yes.

23 Q. You drafted the e-mail in CX2060 at or
24 near the time of the events therein?

25 A. Yes.

1 CONFIDENTIAL - RANDALL FOLEY
2 Q. You drafted the e-mail in CX2060 and
3 kept it in the course of regularly conducted
4 business at Schein?

5 A. Yes.

6 Q. CX2060 is a true and accurate copy of
7 your e-mail correspondence?

8 MS. FINCHER: Object to the form.

9 A. Yes.

10 Q. In the e-mail you write, "If it turns
11 out to be a DSO, all ours. If it turns out to
12 be more of a local buying group, HSD (if they
13 even want it)."

14 Did I read that correctly?

15 A. Yes.

16 Q. So if CDA's buying group was a DSO, it
17 would have been assigned to Special Markets?

18 MS. FINCHER: Object to the form.

19 A. Say it again.

20 Q. This e-mail is about CDA setting up a
21 buying group, correct?

22 A. It --

23 MS. FINCHER: Object to form.

24 Go ahead.

25 A. No, I'm unsure. By reading the

1 CONFIDENTIAL - RANDALL FOLEY
2 e-mail, it sounds like they're going to be much
3 more involved in being a buying group, as if
4 they're going to provide a bunch, you know, more
5 than a buying group.

6 It's an organization where they may
7 own even members and what we can bring to all of
8 those members. So Kathleen, who reports to me
9 at this time and works with our DSO segment, is
10 the one meeting with them. So I would put it
11 along the lines that they were maybe forming a
12 DSO more so than a buying group, but unclear at
13 the time.

14 So I'm explaining to John Boresi,
15 who's relatively new with us, you know, that
16 it -- it looks like if it's a DSO, it would fall
17 under us. If it's a buying group, a local
18 buying group, it may go to the HSD group.

19 Q. And you added the caveat "if they even
20 want it," correct?

21 MS. FINCHER: Object the to form.

22 A. Yes.

23 Q. And you're referring to whether or not
24 HSD would want this buying group as a customer,
25 correct?

1 CONFIDENTIAL - RANDALL FOLEY

2 MS. FINCHER: Object to the form.

3 Go ahead.

4 A. Yes. A smart ass remark.

5 Q. Why wouldn't HSD want a buying group
6 customer?

7 MS. FINCHER: Object to the form.

8 A. Looking at the timing of this e-mail,
9 it may be due to the back and forth we were
10 having with Smile Source.

11 Q. How would the back and forth with
12 Smile Source affect whether HSD would want to do
13 business with this buying group in California?

14 MS. FINCHER: Object to the form.

15 A. Well, those e-mails regarding Smile
16 Source, they were expressing frustration with
17 working with Smile Source, and we moved Smile
18 Source to them prior to, from what I gather,
19 this e-mail. So I'm just rehashing frustrations
20 they had, but they would -- it would be -- but I
21 did know that if it was a buying group, at this
22 time we were now having buying groups under HSD
23 because we had just recently moved Smile Source
24 to them. So, a flippant remark.

25 Q. So buying groups were moved to HSD as

1 CONFIDENTIAL - RANDALL FOLEY
2 a policy starting with Smile Source?

3 MS. FINCHER: Object to the form.

4 A. Again, based on how the -- how the --
5 it was set up, they were now, from what I was
6 understanding, we would do an analysis, and if
7 it felt that it was part of a certain model, HSD
8 would get it, okay? And Smile Source was the
9 start of that.

10 Q. And you were questioning whether HSD
11 would even want to work with this buying group?

12 MS. FINCHER: Object to the form.

13 Mischaracterizes the testimony and the
14 document.

15 Go ahead.

16 A. Yeah, again, I think it's more of a
17 flippant remark to John Boresi that, you know,
18 if they even want it type thing.

19 I may -- I may clarify that that it
20 was out of the -- it's more out of the norm of
21 them being able to handle certain things that we
22 can handle better.

23 Q. Are you saying that Special Markets
24 can handle buying group customers better than
25 HSD?

CONFIDENTIAL - RANDALL FOLEY

MS. FINCHER: Object to the form.

Mischaracterizes the testimony, but go ahead.

A. I believe from the situation that happened with Smile Source, that we were better at controlling it from a central point of view than HSD was from a practice side of view. So, yes, there was a part of a bias on my part that I felt we were better with the buying groups.

Q. But there was a policy shift where buying groups were now being located within HSD?

A. No.

MS. FINCHER: Object to the form.

THE WITNESS: I'm sorry.

MS. FINCHER: Mischaracterizes testimony.

Go ahead.

THE WITNESS: No, there was no policy change. It was just one -- they were accepting -- they had moved Smile Source over, so in my head, again, being there a couple years, HSD could now handle buying groups.

As far as I know, at the time of this

CONFIDENTIAL - RANDALL FOLEY

e-mail, Smile Source was running along just fine.

BY MS. ROSNER:

Q. If Smile Source was running along just fine, why would you question whether HSD would even want to work with the CDA buying group at this time?

MS. FINCHER: Object to the form.

Go ahead.

A. I think it's, again, just a -- I'll -- okay, that it's more of a remark that it falls out of the norm -- HSD was excellent at selling to a private dentist. All the resources were there. Anything that slipped out of that normal, even to a community health center, created frustration amongst them. Just the fact that it was different.

So a buying group is different, and structurally, I think they were so geared to private dentists, and nothing more, that they didn't know how to handle as well as we did the uniqueness of what Special Markets did.

Q. So HSD --

A. That's as far as --

CONFIDENTIAL - RANDALL FOLEY

Q. Please, go ahead.

A. No, I'm all set.

Q. So HSD didn't have experience working with buying groups?

MS. FINCHER: Object to the form.

Mischaracterizes the testimony.

Go ahead.

A. HSD wasn't, to my knowledge, as strong of an organization when it came outside of the private dentists only type selling.

Q. You in the e-mail of CX2060 also note, "A lot of activity concerning buying groups lately."

What do you mean by that?

A. That there were more and more people coming across my -- from my team that were wanting to create buying groups. There was more activity. I believe at this time Breakaway started as well as Steadfast Medical. So there was a lot of activity happening in the buying group world, which wasn't there when I first started, other than OrthoSynetics and then Smile Source.

It was a mature -- it was starting to

CONFIDENTIAL - RANDALL FOLEY

enter the marketplace, as far as I was concerned. I didn't know about the other ones that HSD had at the time.

Q. I just want to make sure I understand your testimony. Are you saying that there were simply more buying groups popping up, or are you saying that your group wanted to do more business with buying groups?

A. No, I think there were -- that more buying groups were popping up and coming across our radar.

Q. And there was a corporate decision not to participate in these buying groups?

MS. FINCHER: Object to the form.

A. No, absolutely not. There was no corporate decision.

Q. You never thought there was a corporate decision to not participate in buying groups?

A. Not at all. I was setting them up. Steadfast Dental came into play. Breakaway came into play right around this time. Smile Source was up.

Q. I'm going to hand you a document that

1 CONFIDENTIAL - RANDALL FOLEY
2 has been premarked as CX238. It bears the Bates
3 label on the first page Henry Schein-000178482.

4 Please take a moment to review CX238,
5 and let me know when you're finished.

6 (Exhibit CX0238.001 through 003, a
7 document bearing Bates Nos. Henry
8 Schein-000178482 through 484, marked for
9 identification, as of this date.)

10 (Document review.)

11 THE WITNESS: Okay.

12 BY MS. ROSNER:

13 Q. You've had an opportunity to review
14 CX2038?

15 A. Yes.

16 Q. CX2038 is an e-mail chain between you
17 and Debbie Foster, correct?

18 A. Yes.

19 Q. The top e-mail, the latest in time
20 e-mail, is dated February 20, 2012.

21 You wrote the e-mails in CX238 as part
22 of your job?

23 A. Yes.

24 Q. It's part of your job to communicate
25 about potential customers?

1 CONFIDENTIAL - RANDALL FOLEY

2 A. Yes.

3 Q. You have knowledge of the contents of
4 CX238?

5 MS. FINCHER: Object to the form.

6 A. Yes.

7 Q. You drafted CX238 at or near the time
8 of the events described therein?

9 A. Yes.

10 Q. You drafted the e-mails in CX238 and
11 kept them in the course of regularly conducted
12 business of Schein?

13 A. Yes.

14 Q. CX238 represents a true and correct
15 copy of your e-mail correspondence?

16 MS. FINCHER: Object to the form.

17 A. Yes.

18 Q. In the second paragraph of the
19 last-in-time e-mail, which is at the top of the
20 first page of CX238.001, the second paragraph
21 concludes, "So, this is a corporate decision,
22 not to participate in these."

23 Did I read that correctly?

24 A. You read it correctly.

25 Q. So there was a corporate decision not

1 CONFIDENTIAL - RANDALL FOLEY
2 to participate in buying groups?

3 MS. FINCHER: Object to the form.

4 Asked and answered.

5 Go ahead.

6 A. You read -- there -- I knew of no
7 corporate decision not to participate in buying
8 groups.

9 Q. Who is Debbie Foster?

10 A. Debbie Foster-Torgersen, she reported
11 to me at the time and was a regional account
12 manager of the Southeast.

13 Q. And in corresponding with your direct
14 reports, it's important for you to be accurate
15 in the information you convey?

16 A. Yes.

17 MS. FINCHER: Object to the form.

18 Go ahead.

19 Q. And at this time, you're communicating
20 to Debbie Foster that Schein has a corporate
21 decision not to participate in buying groups?

22 MS. FINCHER: Object to the form.

23 Mischaracterizes the document.

24 Go ahead.

25 A. I'm saying that to her in this e-mail,

1 CONFIDENTIAL - RANDALL FOLEY

2 yes.

3 Q. You also tell her that when existing
4 Schein customers enroll in buying groups, it
5 simply erodes margins, correct?

6 MS. FINCHER: Object to the form.

7 A. Yes.

8 MS. FINCHER: Go ahead.

9 THE WITNESS: Sorry.

10 MS. FINCHER: Just pause for a minute.

11 Give me time to object.

12 BY MS. ROSNER:

13 Q. And that when buying groups market
14 their reduced spend, existing customers come to
15 Schein and say, "I don't want to join their
16 group but I want their pricing." Correct?

17 MS. FINCHER: Object to the form. Are
18 you asking if that's what he wrote?

19 Q. Do you understand the question?

20 A. That's what I wrote, but I know what I
21 meant; that when a buying group comes with only
22 price only, it'll reduce spend and there is no
23 other options, that they find it objectionable.

24 Q. And you attributed this quote to Tim
25 Sullivan, correct?

1 CONFIDENTIAL - RANDALL FOLEY

2 MS. FINCHER: Object to the form.

3 A. Tim Sullivan, being the head of HSD,
4 is an indirect -- indirect way of saying it.
5 It's HSD.

6 Q. So Tim Sullivan was telling you that
7 buying groups erode margins when customers just
8 want to reduce their pricing?

9 MS. FINCHER: Object to the form.

10 Mischaracterizes the testimony.

11 Go ahead.

12 A. No, I think -- I believe Tim's
13 statement was along the lines that if a buying
14 group only led in with price, that it would
15 simply just erode margin; there would be no
16 opportunity to sell up.

17 Q. Do you agree with that thought, that
18 buying groups erode margins?

19 MS. FINCHER: Object to the form.

20 Mischaracterizes the testimony.

21 Go ahead.

22 A. No, it can be different. I mean,
23 there are situations where in Special Markets we
24 were able to get pretty good pricing from our
25 vendor partners that, in essence, sometimes the

1 CONFIDENTIAL - RANDALL FOLEY

2 GP level would be higher in a buying group that
3 moved over from Schein, you know, from a private
4 practice to us, you know, that -- that we were
5 able to -- the price would be lower for the
6 end-user, but our GPs could be higher on the way
7 we did our model.

8 Q. When you say "GPs," what are you
9 referring to?

10 A. Gross profit. I'm sorry.

11 Q. Is it also possible that you can lower
12 price for existing customers and offset that
13 with volume from new business?

14 MS. FINCHER: Object to the form.

15 A. Yes.

16 Q. And what effect would that have?

17 MS. FINCHER: Object to the form.

18 A. It would be a positive -- well, it
19 depends on, if there was reduction in GP, how
20 much of it was compensated by the new business.
21 It would all be based on a formula.

22 Q. If volume from new business exceeds
23 lower margins on existing business, that would
24 add to profit?

25 A. Absolutely.

1 CONFIDENTIAL - RANDALL FOLEY

2 Q. I can take back document CX238.

3 MS. FINCHER: We've been going for a
4 little over an hour, so whenever is a good
5 time for a bathroom break, let us know.

6 MS. ROSNER: We can take a break right
7 now.

8 Off the record.

9 THE VIDEOGRAPHER: The time is 10:37
10 a.m. We're off the record.

11 (Recess.)

12 THE VIDEOGRAPHER: The time is 10:49
13 a.m. We're on the record.

14 BY MS. ROSNER:

15 Q. I want to go back to the document that
16 we were talking about where you mentioned that
17 there was a corporate decision not to
18 participate in buying groups.

19 It's your testimony that there was no
20 such corporate decision, correct?

21 A. Correct.

22 MS. FINCHER: Object to the form.

23 THE WITNESS: I'm sorry.

24 MS. FINCHER: Mischaracterizes the
25 document.

1 CONFIDENTIAL - RANDALL FOLEY

2 Go ahead.

3 THE WITNESS: Correct.

4 BY MS. ROSNER:

5 Q. Why would you tell Debbie Foster that
6 there was a corporate decision if no such
7 corporate decision existed?

8 MS. FINCHER: Object to the form.

9 Go ahead.

10 A. I have no idea why I would write
11 that -- why I would have written that. There
12 was no corporate decision not to -- I continued
13 to sell to buying groups and add new ones.

14 Q. You noted that, "Within Schein we have
15 a few buying groups that we wish we didn't
16 have."

17 Are you referring to Schein as a
18 company or HSD?

19 A. I would believe I was referring to the
20 company as a whole.

21 Q. Which buying groups did Schein wish it
22 didn't have?

23 MS. FINCHER: Object to the form.

24 A. I don't -- I don't remember -- the
25 date of the e-mail. Could you tell me that

1 CONFIDENTIAL - RANDALL FOLEY
2 again?

3 Q. It's from February 20, 2012.

4 MS. FINCHER: Why don't we give him a
5 moment to pull it back out.

6 MS. ROSNER: I think I have it.

7 THE WITNESS: She has it.

8 MS. FINCHER: You have his copy,
9 Jasmine?

10 THE WITNESS: Yes.

11 MS. FINCHER: Okay.

12 BY MS. ROSNER:

13 Q. I'm handing you Exhibit CX238. The
14 very first line says, "Honestly, within Schein
15 we have a few buying groups (BG) that we wish we
16 didn't have."

17 My question is which buying groups did
18 Schein wish it didn't have?

19 MS. FINCHER: Object to the form.

20 Go ahead.

21 A. I really don't remember who I was
22 referring to in this.

23 Q. Has Schein ever had buying groups it
24 wished it didn't have?

25 MS. FINCHER: Object to the form.

1 CONFIDENTIAL - RANDALL FOLEY

2 A. Later on, we had a couple that we
3 found that went off their initial business plan
4 of providing more services and instead became a
5 procurement company, and one of those was
6 Steadfast. And I am not sure if I was referring
7 to Steadfast at this time. I think that was at
8 a later date.

9 Q. Any other buying groups that Schein
10 wishes it didn't have?

11 MS. FINCHER: Object to the form.

12 A. No, not that I can remember.

13 Q. At the end of the first paragraph of
14 that e-mail, you were talking about Smile
15 Source. "HSD did not give Smile Source the love
16 that SM provided. Tim Sullivan is happy that we
17 are less one more buying group."

18 Do you see that?

19 A. Yes.

20 MS. FINCHER: Object to the form.

21 THE WITNESS: Sorry.

22 BY MS. ROSNER:

23 Q. Why was Tim Sullivan happy that Smile
24 Source was no longer a customer of Schein?

25 MS. FINCHER: Object to the form.

1 CONFIDENTIAL - RANDALL FOLEY
2 Mischaracterizes the document.
3 Go ahead.

4 A. Again, I would look at that as a
5 flippant remark. It was not an accurate
6 statement that Tim Sullivan told me he was happy
7 or anything along those lines.

8 Q. What did you mean by that sentence,
9 "Tim Sullivan is happy that we are less one more
10 buying group"?

11 A. I believe that the buying groups
12 caused some frustration again with the sales
13 team in the HSD world, and it would be less of a
14 headache to Tim or HS- -- in general to, not Tim
15 himself, but to HSD. It's a -- there's a
16 connection there. When I say "Tim Sullivan," it
17 could mean HSD itself or just Tim.

18 Q. Earlier you said it would be foolish
19 to end the relationship with Smile Source, and
20 now you're saying Tim Sullivan is happy that
21 Smile Source is no longer a customer?

22 MS. FINCHER: Object to the form.

23 Mischaracterizes the document and the
24 testimony.

25 A. Again, I think I'm being flippant. I

1 CONFIDENTIAL - RANDALL FOLEY
2 don't think he was happy that we lost a \$900,000
3 account. I would think it would be even more at
4 that time, you know, based on the time.

5 So I'm not sure why I would make a
6 comment like that other than to be a smart ass
7 to Becky -- to Debbie.

8 Q. In the second paragraph of Exhibit
9 238, you talk about this conversation that you
10 had with Tim Sullivan, and you mentioned earlier
11 that if a buying group was price-only focused,
12 Tim Sullivan believed that that would erode
13 margins for Schein, right?

14 MS. FINCHER: Object to the form.

15 Mischaracterizes the testimony.

16 A. Yes.

17 Q. When did you have that conversation
18 with Tim Sullivan?

19 A. I don't remember exactly when I had a
20 conversation. I just remember it was a verbal
21 conversation one time where he pointed out that
22 customers would say, hey, I don't want to join
23 that buying group, but I want their pricing, if
24 it's just on a price-based situation, and that
25 causes, you know, that's an issue. And that's

1 CONFIDENTIAL - RANDALL FOLEY
2 where that conversation came up. But it was
3 maybe at a trade show or just standing there
4 talking to him about it.

5 Q. What did Tim Sullivan say about doing
6 business with price-only buying groups?

7 A. I'm sorry?

8 Q. What did Tim Sullivan say to you about
9 doing business with price-only buying groups?

10 MS. FINCHER: Object to the form.

11 A. I think I just answered that; that it
12 was -- that it would -- that it would cause,
13 where they would go to a trade show, set up a
14 booth, and show that there's -- the customers
15 would say I want that pricing, but I don't want
16 to join that buying group. They don't offer
17 anything, but give me a price, and I'll give you
18 a -- give me a -- pay me a fee, and I'll give
19 you lower prices, so they'd say I'd just rather
20 get the lower prices.

21 Q. Did Schein do business with price-only
22 buying groups?

23 MS. FINCHER: Object to the form.

24 A. I'm not aware as to how Thorup was set
25 up, if it was price only. I believe we did with

1 CONFIDENTIAL - RANDALL FOLEY
2 Advantage Dental in the Northwest. It was a
3 very large buying group that was managed by the
4 local HSD team, and the fact that they had a lot
5 of customers, I would make an assumption, if
6 that's okay, that they were just based on price.

7 Q. So it's your testimony that Schein did
8 business with price-only buying groups?

9 MS. FINCHER: Object to the form.

10 A. I believe that we had a couple that
11 were just on price, and Advantage Dental may
12 have been -- there's two segments at Advantage.
13 There's a DSO and then there's the other. I --
14 I handled the DSO part of it, and I -- and I
15 understood that Advantage had a buying group arm
16 to it.

17 Q. Did Schein have a policy against doing
18 business with price-only buying groups?

19 MS. FINCHER: Object to the form.

20 A. No, there was no policy. There was no
21 written policy about how to handle a buying
22 group, you know, what -- what to do, what not to
23 do, how to do it. All off the cuff.

24 Is that the right word?

25 Q. Did you ever discuss with Tim Sullivan

1 CONFIDENTIAL - RANDALL FOLEY
2 whether or not Schein should bid on price-only
3 buying groups?

4 A. No.

5 Q. Tim Sullivan in CX2038 is concerned
6 about buying groups that simply erode margins.

7 What was the plan to prevent margin
8 erosion?

9 MS. FINCHER: Object to the form.

10 Mischaracterizes the document.

11 You can answer it if you understand.

12 A. That if we had -- if it was just based
13 on price and we really didn't have any access to
14 the offices, and the main buying group entity
15 itself couldn't help drive compliance or promote
16 products like Smile Source did, then it could
17 just simply erode margin. They would buy
18 exactly the same amount of product from us at a
19 lower price, nothing else.

20 Whereas, if we had access to the
21 offices and had some type of compliance we could
22 drive to higher margin-type products, even at a
23 lower price, but a higher margin, we wouldn't
24 have that erosion.

25 Q. I don't think you answered my

1 CONFIDENTIAL - RANDALL FOLEY
2 question. My question was what was the plan to
3 prevent margin erosion?

4 MS. FINCHER: Object to the form.

5 Asked and answered.

6 You can answer it again.

7 A. There was no plan to prevent margin
8 erosion.

9 Q. You mentioned that Schein had a couple
10 of customers that were price-only buying groups.
11 You listed the Advantage Dental buying group as
12 one of those customers.

13 Who else was a price-only buying
14 group?

15 MS. FINCHER: Object to the form.

16 A. I had none on the -- on my side, on
17 the DSO side, so I'm unaware, I'm not sure
18 exactly who.

19 Q. You mentioned the group Steadfast a
20 couple of times.

21 Was Steadfast a price-only buying
22 group?

23 A. Initially, I believe they offered more
24 services like helping them open offices. That's
25 how they started with me on the equipment side,

1 CONFIDENTIAL - RANDALL FOLEY
2 and they eventually became a procurement center
3 versus price only -- well, it would be more
4 price only, but it actually went into a -- like
5 a gateway for any, you know, any order that a
6 doctor would place, they would like work as a
7 procurement office for the sites.

8 So it became price only. Sorry about
9 the roundabout way, but that's basically what
10 happened to them.

11 Q. So procurement companies are
12 equivalent to price-only buying groups in your
13 mind?

14 MS. FINCHER: Object to the form.

15 A. Yeah, they're -- they're -- they're
16 maybe like a subset of a buying group, and it
17 goes into more of a procurement environment.

18 Q. We mentioned earlier the dental co-op
19 in Utah, and you identified that company as a
20 procurement company, correct?

21 MS. FINCHER: Object to the form.

22 A. I had heard that --

23 MS. FINCHER: Mischaracterizes the
24 testimony.

25 Go ahead.

1 CONFIDENTIAL - RANDALL FOLEY

2 THE WITNESS: Sorry.

3 MS. FINCHER: Go ahead.

4 A. I had heard that --

5 I'm sorry. I had heard --

6 MS. FINCHER: Just slow down a little
7 bit.

8 THE WITNESS: I'm drinking coffee.

9 I had heard that it had become more of
10 a procurement company.

11 BY MS. ROSNER:

12 Q. Who did you hear that from?

13 A. Kathleen Titus.

14 Q. How had it become more -- how had the
15 dental co-op in Utah become more of a
16 procurement-type company?

17 MS. FINCHER: Object to the form.

18 A. They were helping their end-users or
19 their customer base, however you want to call
20 it, help them find the cheapest supplies based
21 on multiple vendors, not prime vendor with
22 Schein. It could be a Benco product. It could
23 be Atlantic Dental. A perfect example was when
24 they went from our Colgate division to Procter &
25 Gamble.

1 CONFIDENTIAL - RANDALL FOLEY

2 Q. Were the individual dentists members
3 of the dental co-op of Utah buying products on
4 their own?

5 MS. FINCHER: Object to the form.

6 A. I can't answer that because I don't
7 know the relationship of that, of Thorup or
8 whatever it was called.

9 Do you want this back?

10 Q. I can take back --

11 A. Pardon me?

12 Q. I can take back CX238.

13 MS. FINCHER: Jasmine, why are you
14 taking back the documents when you put them
15 in front of him?

16 MS. ROSNER: I prefer to take this one
17 back, and if we refer to it again, I'll give
18 it back to him.

19 MS. FINCHER: Will you make that copy
20 available to him again, Jasmine, when other
21 counsel have questions that you're asking
22 about this document?

23 MS. ROSNER: Yes.

24 BY MS. ROSNER:

25 Q. It was not Schein's policy to work

1 CONFIDENTIAL - RANDALL FOLEY

2 with local buying groups?

3 MS. FINCHER: Object to the form.

4 Is that a question?

5 Q. Correct?

6 A. Can you ask me the question again?

7 Q. It was not Schein's policy to work
8 with local buying groups, correct?

9 MS. FINCHER: Object to the form.

10 A. It was not a policy -- Schein did not
11 have a policy not to work with buying groups.

12 Q. Did Schein have a policy to work with
13 buying groups?

14 MS. FINCHER: Object to the form.

15 A. There was no written policy, but we
16 did work with buying groups. There was no
17 written policy to say we work with DSOs.

18 Q. Schein stayed clear of buying groups
19 because they only erode Schein's margins?

20 MS. FINCHER: Object to the form.

21 A. Every buying group was analyzed that
22 came to us to see whether they were based on
23 price only or offered other services. So if it
24 was one that was price only, we, as a company,
25 decided -- not as a company. We would decide

1 CONFIDENTIAL - RANDALL FOLEY
2 that we don't really want to enter into a
3 relationship with them, price only.

4 So it's under a -- you're putting it
5 under a general -- the buying groups fall into
6 different spectrum. Each one of them -- we
7 would meet with every one of them, lift up the
8 covers to find more about them, and if it was
9 just simply a price only, you know, I set up
10 one, Joe on the street sets up one, and says I'm
11 just going to reduce price. We decided as a --
12 we would say that's just not a good fit for
13 Schein.

14 Q. So you're testifying that Schein did
15 not stay clear of buying groups?

16 A. We did not -- Schein did not -- Schein
17 would work with buying groups.

18 Q. You stumbled across some of the
19 regional branches that got involved with local
20 buying groups even though it was not Schein's
21 policy?

22 MS. FINCHER: Object to the form.

23 A. Rephrase it. I stumbled -- go ahead.
24 Say it again.

25 Q. You stumbled across some of the

1 CONFIDENTIAL - RANDALL FOLEY
2 regional branches that got involved with local
3 buying groups even though it was not Schein's
4 policy?

5 MS. FINCHER: Object to the form.

6 A. I'm not aware of that. I don't know
7 what I mean by that.

8 Q. Are you saying you're not aware that
9 it was not Schein's policy to not do business
10 with buying groups?

11 MS. FINCHER: Object to the form.

12 Asked and answered.

13 You can answer it if you understand
14 it.

15 A. Correct.

16 Q. I'm going to hand you a document
17 that's been premarked as CX2074. It bears the
18 Bates number Henry Schein-001491116.

19 Please take a moment to review CX2074
20 and let me know when you're done.

21 (Exhibit CX2074-001 through 002, a

22 document bearing Bates Nos. Henry
23 Schein-001491116 through 117, marked for
24 identification, as of this date.)

25 (Document review.)

1 CONFIDENTIAL - RANDALL FOLEY
2 THE WITNESS: Okay.

3 BY MS. ROSNER:

4 Q. You've had a moment to look at CX2074?

5 A. Yes.

6 Q. This is an e-mail correspondence
7 between you and Chad Thompson of Heartland?

8 A. Yes.

9 Q. You respond to Mr. Thompson's e-mail
10 on March 5, 2014; is that right?

11 A. Yes.

12 Q. You drafted this e-mail in CX2074 as
13 part of your job?

14 A. Yes.

15 Q. It's part of your job to communicate
16 with customers of Schein?

17 A. Yes.

18 Q. You have knowledge of the contents of
19 CX2074?

20 A. Yes.

21 Q. You drafted CX2074 e-mail at or near
22 the time of the events therein described?

23 A. Yes.

24 Q. You drafted the e-mail in CX2074 and
25 kept it in the course of regularly conducted

1 CONFIDENTIAL - RANDALL FOLEY
2 business?

3 A. Yes.

4 Q. CX2074 is a true and correct copy of
5 your e-mail correspondence?

6 MS. FINCHER: Object to the form.

7 A. Yes.

8 Q. In the second paragraph of your e-mail
9 to Mr. Thompson in CX2074, you say that you're
10 continually bombarded by dental associations and
11 other groups to form what you call buying
12 groups.

13 Did I read that correctly?

14 A. Yes.

15 Q. You then later say, "We stay clear of
16 these, as they only erode our margins."

17 Did I read that correctly?

18 A. You read that correctly.

19 Q. So Schein stayed clear of buying
20 groups because they only eroded its margins?

21 MS. FINCHER: Object to the form.

22 Mischaracterizes the document.

23 A. In the -- in the shortened response to
24 a customer, instead of going into the detail of
25 the different level of buying groups, if they

1 CONFIDENTIAL - RANDALL FOLEY
2 were price only, then we would stay clear of
3 that. But to this customer, Chad, I wasn't
4 going to go into the detail of which ones we did
5 business with and which ones we didn't.

6 The paragraph starts with -- the first
7 paragraph starts with me stating that we do have
8 a buying group, but it's only -- because he's
9 asking about Texas, and I'm unaware of what the
10 DDA is. So I am explaining that we do have a
11 buying group on the community health center
12 side, but I didn't go into much detail as to the
13 different levels of buying groups with him. So
14 it's a general statement.

15 Q. I want to go back for a minute. So
16 you said that where buying groups are price
17 only, you try to stay away from them?

18 MS. FINCHER: Object to form.

19 A. When they're only -- when they --
20 again, if it's all based on price, we would try
21 to -- we would stay away from them, if we did an
22 analysis of them and just say, no, we're not
23 going to work with you.

24 Q. So Schein had a policy not to do
25 business with buying groups that were price

1 CONFIDENTIAL - RANDALL FOLEY
2 only?

3 MS. FINCHER: Object to the form.

4 Mischaracterizes the testimony. Asked and
5 answered.

6 You can answer it again.

7 A. There was really no verbal or written
8 policy about any of this. It was just a
9 general, hey, again, this is the type of client
10 that we would like to do business with, yea or
11 nay. No written instructions don't do this, you
12 know, do this. Okay.

13 So it's not a -- it was not a company
14 policy not to do business with buying groups
15 based on price only. We had Thorup. We had --
16 we had Advantage were price only.

17 Q. In the last paragraph of your e-mail,
18 you say, on CX2074, "I have stumbled across some
19 of our regional branches that have gotten
20 involved with a local buying group even though
21 it is not our policy."

22 Did I read that correctly?

23 A. You read it correctly.

24 Q. You are referring to a policy against
25 doing buying groups, correct?

1 CONFIDENTIAL - RANDALL FOLEY

2 MS. FINCHER: Object to the form.

3 Mischaracterizes the document. Asked and
4 answered.

5 You can answer it again.

6 A. Again, I would state that, instead of
7 going into detail with Chad Thompson, a
8 customer, that doing buying groups based on
9 price only -- and that's what I'm assuming the
10 TDA is here -- that it's -- that we generally do
11 not get involved. And here I actually said
12 about associations, like -- like I mentioned
13 earlier, like study groups, that type of thing.

14 Q. In your e-mail to Mr. Thompson, are
15 you using the word "policy" as a shorthand for
16 something else?

17 MS. FINCHER: Object to the form.

18 A. I -- what I'm -- I'm using "policy"
19 here even though it is not a policy of the
20 company, as just a -- if I would rephrase it,
21 I'd say, if a -- when we meet with people that
22 are based on price only, the company usually
23 does not engage with them. It's not a written
24 policy.

25 So I think in the sense it's not our

1 CONFIDENTIAL - RANDALL FOLEY

2 practice to do that would be a better word,
3 okay?

4 Q. So it's not Henry Schein's practice to
5 engage in price-only buying group customers?

6 MS. FINCHER: Object to the form.

7 A. It's kind of an absolute, but that's
8 where -- that's where we were at the beginning
9 of this -- at the beginning of the buying groups
10 entering the market, that's -- I would say that
11 would be where we were at, the beginning.

12 Q. And who understood at Schein the
13 practice of not doing business with price-only
14 buying groups?

15 MS. FINCHER: Object to the form.

16 Mischaracterizes the testimony.

17 Go ahead.

18 A. That would be with Hal Muller and
19 myself and with Tim Sullivan and perhaps Dave
20 Steck that our goal was to, again, always
21 analyze the buying group and figure out if it
22 has anything to offer, but price, we don't -- we
23 don't really want to enter that relationship
24 with that particular group. Otherwise, we will
25 and have and done and did.

1 CONFIDENTIAL - RANDALL FOLEY
 2 Q. You can put that document aside.
 3 A. Okay.
 4 Q. Had you heard about HSD responding to
 5 a bid for Smile Source in the 2014 period?
 6 A. Yes, I knew that there was a bid out
 7 there to regain the business at Smile Source.
 8 Q. And did Schein respond to the Smile
 9 Source bid --
 10 MS. FINCHER: Objection.
 11 Q. -- in 2014?
 12 MS. FINCHER: Object to the form.
 13 A. It is my understanding, because I
 14 believe -- it's hard for me to remember, but I
 15 believe I looked at a PowerPoint presentation
 16 that they had created, and reviewed it, you
 17 know, but that's it.
 18 Q. When you say "they," who are you
 19 referring to?
 20 A. Oh, I'm sorry, that HSD had created a
 21 PowerPoint and they wanted -- I looked it over.
 22 They were no longer under, you know, my division
 23 at that time.
 24 Q. Smile Source was no longer under your
 25 division at that time?

1 CONFIDENTIAL - RANDALL FOLEY
 2 A. Correct; and they were not -- and this
 3 bid was not coming through our division. It
 4 would stay with HSD.
 5 Q. Knowing that HSD was responding to a
 6 Smile Source bid in 2014 caused you to question
 7 whether Schein was okay with some buying groups?
 8 MS. FINCHER: Object to the form.
 9 Mischaracterizes the testimony.
 10 A. I understood that Schein was fine with
 11 buying groups, and again, with one similar to --
 12 like Smile Source, where they provided services
 13 and to their end-users and worked with us as a
 14 team. So they were actively bidding on winning
 15 back that business.
 16 Q. Handing you a document that's been
 17 premarked for identification as CX2075. It
 18 bears the Bates label on the first page Henry
 19 Schein-000165626.
 20 Please take a moment to familiarize
 21 yourself with CX2075 and let me know when you're
 22 done.
 23 (Exhibit CX2075-001 through 004, a
 24 document bearing Bates Nos. Henry
 25 Schein-000165626 through 629, marked for

1 CONFIDENTIAL - RANDALL FOLEY
 2 identification, as of this date.)
 3 (Document review.)
 4 THE WITNESS: Okay.
 5 BY MS. ROSNER:
 6 Q. You've had a moment to review CX2075?
 7 A. Yes.
 8 Q. CX2075 is an e-mail chain with you,
 9 Andrea Hight, Hal Muller, and Bill Harrison.
 10 The top e-mail on the chain, latest in time, is
 11 dated March 17, 2014.
 12 Do you see that?
 13 A. Yes.
 14 Q. You drafted the e-mails in this chain
 15 as part of your job, correct?
 16 A. Yes.
 17 Q. It's part of your job to communicate
 18 about customers of Schein?
 19 A. Yes.
 20 Q. You have knowledge of the contents of
 21 e-mails in CX2035?
 22 MS. FINCHER: Object to the form.
 23 A. Yes.
 24 Q. You drafted the e-mails in CX2075 at
 25 or near the time of the events therein

1 CONFIDENTIAL - RANDALL FOLEY
 2 described?
 3 A. Yes.
 4 Q. You drafted the e-mails in CX2075 and
 5 kept them in the ordinary course of your
 6 regularly conducted business?
 7 A. Yes.
 8 Q. CX2075 is a true and correct copy of
 9 your e-mail correspondence?
 10 MS. FINCHER: Object to the form.
 11 A. Yes.
 12 Q. I want to refer you to CX2075-002.
 13 There's an e-mail from you at 7:29
 14 a.m.
 15 A. Okay.
 16 MS. FINCHER: Do you see that, Randy?
 17 THE WITNESS: Yes.
 18 BY MS. ROSNER:
 19 Q. The last sentence in that e-mail says,
 20 "With HSD responding to a Smile Source bid, we
 21 must be okay with some BGs," followed by six
 22 question marks -- five question marks; is that
 23 correct?
 24 A. Correct.
 25 Q. When you say "BGs," you're referring

1 CONFIDENTIAL - RANDALL FOLEY
2 to buying groups?

3 A. Yes.

4 Q. In this e-mail you're saying "we must
5 be okay with some buying groups," correct?

6 A. Correct.

7 Q. Why did you include so many question
8 marks?

9 MS. FINCHER: Object to the form.
10 Go ahead.

11 A. I'm not familiar why I put the
12 question marks on there. I know that this
13 e-mail is generating a new -- Dental Gator is
14 being created at this time and that we're moving
15 positively forward by responding to the Smile
16 Source bid, from my knowledge. So Schein must
17 be okay -- as a company, we're okay with the
18 buying groups.

19 Q. You question whether Schein was okay
20 with some buying groups because this was
21 different than the practice of Schein?

22 A. No.

23 MS. FINCHER: Object.

24 THE WITNESS: I'm sorry.

25 MS. FINCHER: Object to the form.

1 CONFIDENTIAL - RANDALL FOLEY
2 Mischaracterizes the testimony.

3 Go ahead.

4 THE WITNESS: No. Again, this is a
5 generalization about buying groups based on
6 price, you know, only versus buying groups
7 offering more services, but here we are,
8 moving along years later, and getting more
9 involved with buying groups than we were at
10 the beginning.

11 So I'm seeing that we're, you know,
12 we're fine with, you know, expanding that
13 business, that -- expanding that market
14 share into buying groups.

15 BY MS. ROSNER:

16 Q. In the e-mail chain, you're discussing
17 the buying group Dental Gator; is that right?

18 A. The formation --

19 MS. FINCHER: Object to the form.
20 Go ahead.

21 A. Yes, it starts like this is the
22 formation of Dental Gator.

23 Q. Is dental Gator a price-only buying
24 group?

25 MS. FINCHER: Object to the form.

1 CONFIDENTIAL - RANDALL FOLEY

2 A. Their plan was not to be a price-only
3 buying group, correct. They were -- it was an
4 arm of MB2, which is a DSO, so they understood
5 management services, and they wanted to have a
6 way in two practices, like a starter to get
7 their foot in the door, and then promote them to
8 an actual affiliate of them.

9 So they were a buying group, but we
10 were working with them to make sure that it
11 wasn't just based on price, and this is the
12 start of it.

13 Q. If HSD was always okay with working
14 with some buying groups, why did you feel the
15 need to question it here?

16 MS. FINCHER: Objection to form.

17 Asked and answered. Mischaracterizes the
18 document.

19 Go ahead.

20 A. I'm not, again, I'm not sure why I
21 would question that at all, you know, what my --
22 why the question marks there.

23 Q. Why would you include that line?

24 MS. FINCHER: Object to the form.

25 Asked and answered.

1 CONFIDENTIAL - RANDALL FOLEY

2 Q. "We must be okay with some buying
3 groups"?

4 MS. FINCHER: Object to the form.
5 Asked and answered.

6 You can answer again.

7 A. Because here we are going -- here we
8 are in the plans to form a new buying group, and
9 it looks like everything is okay for us to move
10 forward. Smile Source is being restarted,
11 rebid by us, so we must be -- you know, the
12 company is, as far as prior issues they may have
13 had with their frustration with the FSCs on the
14 buying groups, it seems they have solved some of
15 those issues and we got a plan in place.

16 And at this time, it's hard for me to
17 recollect, but I believe we started this -- I
18 don't know when we set up a particular person at
19 HSD that would then start handling buying
20 groups, I think it was subsequent to this, but
21 we actually had brought a person onboard just to
22 handle buying groups on the HSD side.

23 Q. So it's your testimony that Schein
24 always did business with some buying groups?

25 A. For sure, yes.

CONFIDENTIAL - RANDALL FOLEY

Q. So why are you asking, "We must be okay with some buying groups?"

MS. FINCHER: Object to the form.

Asked and answered.

A. Yeah, I'm not sure why I'm asking that question.

Q. In the next in time e-mail, Andrea Hight responds to your e-mail.

Who is Andrea Hight?

A. Andrea Hight was a strategic account manager that reported directly to me. She was -- she was on the MB2 account.

Q. She responds saying, "I'm having a hard time figuring out what our position is."

Did I read that correctly?

A. Yes.

Q. So Andrea is having a hard time figuring out what Schein's position is on buying groups, is that your understanding?

MS. FINCHER: Object to the form.

A. Yes; there's no policy on buying groups, so she doesn't understand. Is our position move forward? Who qualifies as a buying group?

CONFIDENTIAL - RANDALL FOLEY

As I mentioned earlier, that would fall up -- that would come up to Hal and myself, Tim Sullivan, Dave Steck, not a decision made at that level of a person.

So she's unclear as to it, so she's reaching out to us to say, hey, what do I have to put into this contract? What's the scoop?

Q. Andrea notes that she fears Schein "could be opening the floodgates to things we might not like at all."

What's your understanding of what she means by that?

MS. FINCHER: Object to the form.

Mischaracterizes the document.

A. I'm not sure what she means by that.

Q. You respond by saying, "I hear you."

What is it that you hear from Andrea?

MS. FINCHER: Object to the form.

A. I'm not sure if I'm asking I hear you to opening the floodgates or I hear you that it's a hard time figuring out our position.

Q. Why would you be having a hard time figuring out what the position is on buying groups?

CONFIDENTIAL - RANDALL FOLEY

MS. FINCHER: Object to the form.

A. Okay. Reading further into my response, my concern here is are they just basically opening up the price-only type buying group and pulling the wool over our eyes, or are they really trying to get these customers eventually under their wings as clients? Are we opening up a price-only buying group is the concern here.

Q. So you don't want to open the floodgates on a price-only buying group?

A. On a price only, for this particular customer, MB2, we do not want to create a new one, price only, because again, we did not want to work a price-only, period, type customer.

Q. How would MB2's buying group open the floodgates on price-only buying groups?

MS. FINCHER: Object to the form.

Mischaracterizes the testimony.

Go ahead.

A. I don't understand why. We already had customers in place that were buying groups were price only and we had buying groups that weren't price only, so I don't understand this

CONFIDENTIAL - RANDALL FOLEY

floodgate -- this floodgate statement, what she means by it.

Q. You say, "We just need to be able to close to floodgates."

What do you mean by that?

A. Well, if a -- if we open up a buying group and it deviates from the plans of not being price only, then we need to be able to tell the customer that, hey, you need to change your course and become less -- I mean less focused on price only, show other services available, promote our software, promote our services, and -- and give them an opportunity to comply to that.

And it's my knowledge that we did that with MB2, eventually -- I'm sorry, Dental Gator. It's hard, you know, to distinguish them.

Q. You note that Schein has closed the floodgates before.

When did Schein do that?

MS. FINCHER: Object to the form.

Mischaracterizes the document.

A. As of this date, I have not -- I did not know of any buying group that we had closed

1 CONFIDENTIAL - RANDALL FOLEY
 2 down or shut down or at all that I can think of.
 3 Q. When you say, "We don't know of any
 4 buying group that we have shut down," are you
 5 referring to Special Markets or are you
 6 referring to Schein?
 7 A. I am -- I definitely am referring to
 8 Special Markets, and I'm also not aware of
 9 anybody on the HSD side or heard anything about
 10 them shutting anybody down.
 11 Q. We talked earlier today --
 12 A. I believe Steadfast was shut down
 13 later than this date. I'm not sure. I don't
 14 have my timeline, but it happened before 2016
 15 when I left.
 16 Q. Why was it necessary to close the
 17 floodgates on price-only buying groups?
 18 MS. FINCHER: Object to the form.
 19 Mischaracterizes the document and the
 20 testimony.
 21 Go ahead.
 22 A. Again, if we set up the customer
 23 originally to not be price only, and they become
 24 price only, then I felt it was -- that we
 25 could -- that opened up a floodgate of them just

1 CONFIDENTIAL - RANDALL FOLEY
 2 being a buying group based on price only, which
 3 is not what we want to do business with.
 4 Q. Is there a particular reason why
 5 Schein doesn't want to do business with
 6 price-only buying groups?
 7 MS. FINCHER: Object to the form.
 8 A. It's -- it's not a fit with our
 9 business model. Our business model is to be
 10 full service. We were once a catalog company
 11 many, many years ago. Now we're a full service
 12 organization and we went to great strides to
 13 become that.
 14 A price-only buying group doesn't fit
 15 our model of providing full services to the
 16 end-user to do the complete wheel, as we call
 17 it.
 18 Q. Are there any other reasons why Schein
 19 doesn't want to do business with price-only
 20 buying groups?
 21 MS. FINCHER: Object to the form.
 22 A. I can't think of any others.
 23 Q. We've talked a little bit about
 24 Kathleen Titus. At one point, Kathleen Titus
 25 reported to you in Special Markets, correct?

1 CONFIDENTIAL - RANDALL FOLEY
 2 A. That's correct.
 3 Q. At some point, Kathleen Titus was
 4 transferred to HSD; is that right?
 5 A. To our Mid Market Division, yes.
 6 Q. And Mid Market is within --
 7 A. HSD.
 8 Q. -- HSD?
 9 A. There was a transition period where it
 10 wasn't, but technically, at the end of the day,
 11 it was. Okay?
 12 Q. Approximately when was Ms. Titus
 13 transferred to HSD?
 14 A. I can't remember the dates of -- hold
 15 on. I believe in 2015 or end of 2014 is when
 16 Kathleen took a role with Mid Market, and
 17 technically, it fell under HSD in her -- but
 18 there was a transition period where, you know,
 19 customers couldn't move, you know, till
 20 year-end, and there was responsibility on my
 21 part to make sure that the customers were not
 22 disrupted by changes. So I don't know exactly
 23 when she became an official HSD employee.
 24 Q. Ms. Titus shut down a number of buying
 25 group customers, correct?

1 CONFIDENTIAL - RANDALL FOLEY
 2 MS. FINCHER: Object to the form.
 3 A. I am only aware of her -- I heard that
 4 she had met with the dental co-op and it was
 5 decided, for whatever reason, that we would no
 6 longer do business with them, and then I was
 7 involved in a decision to end the relationship
 8 as it was with Steadfast, which was a buying
 9 group. Okay?
 10 Q. So Ms. Titus closed down the dental
 11 co-op relationship?
 12 MS. FINCHER: Object to the form.
 13 Mischaracterizes testimony.
 14 Go ahead.
 15 A. Her herself wouldn't have that
 16 authority to shut it down, but based on her
 17 meeting with that particular --
 18 Are you talking about the Utah co-op?
 19 Q. Yes.
 20 A. Yes. Based on her meeting with them,
 21 it is my understanding that the relationship was
 22 ended with that co-op.
 23 Q. Ms. Titus -- strike that.
 24 You thought someone gave Ms. Titus
 25 marching orders to dismantle buying groups at

1 CONFIDENTIAL - RANDALL FOLEY
 2 Schein?
 3 MS. FINCHER: Object to the form.
 4 A. I would make that flippant kind of
 5 smart ass remark because she had just started
 6 with HSD, and she would -- she was a strong
 7 personality person, so I would make that a
 8 comment that somebody said, hey, take a good
 9 look at this customer and see what's going on.
 10 Q. So you made the comment that someone
 11 gave Ms. Titus marching orders to dismantle
 12 buying groups in May of 2014, that's when Ms.
 13 Titus just started with HSD?
 14 MS. FINCHER: Object to the form.
 15 Mischaracterizes the testimony.
 16 Go ahead.
 17 A. It would have been around the time she
 18 went to HSD, but there was no order to dismantle
 19 buying groups.
 20 Q. How do you know there was no order to
 21 dismantle buying groups?
 22 A. That would not be a Schein thing to --
 23 there was no mention to me that we need to shut
 24 down buying groups in HSD or in Special Markets.
 25 Q. But you don't deny saying you thought

1 CONFIDENTIAL - RANDALL FOLEY
 2 Mischaracterizes the testimony. Asked and
 3 answered.
 4 You can answer it again.
 5 A. Again, she reported to Joe Cavaretta
 6 so she fell under his P&L. However, your
 7 statement that to close buying groups, I'm not
 8 making that statement, am I, that to close all
 9 buying groups at HSD? That would never -- that
 10 was never a statement.
 11 Q. Let me hand you a document that's been
 12 premarked for identification as CX257. It is an
 13 e-mail chain with a first page bearing the Bates
 14 Henry Schein-000166442.
 15 Please take a moment to review CX257
 16 and let me know when you're ready.
 17 (Exhibit CX257.001 through .003, a
 18 document bearing Bates Nos. Henry
 19 Schein-000166442 through 444, marked for
 20 identification, as of this date.)
 21 MS. FINCHER: And Randy, this will
 22 start at the back again.
 23 THE WITNESS: This is a long one.
 24 This is Kathleen Titus.
 25 (Document review.)

1 CONFIDENTIAL - RANDALL FOLEY
 2 someone gave Ms. Titus marching orders to
 3 dismantle buying groups?
 4 MS. FINCHER: Object to the form.
 5 Mischaracterizes testimony. Asked and
 6 answered.
 7 You can answer it again.
 8 A. I don't really recall why I would say
 9 that. I do not know directly that anybody
 10 specifically told her to do that.
 11 Q. You thought it was possible that Joe
 12 Cavaretta directed Kathleen Titus to dismantle
 13 buying groups?
 14 MS. FINCHER: Object to the form.
 15 Mischaracterizes the testimony. Asked and
 16 answered.
 17 You can answer it again.
 18 A. At that time, Kathleen Titus reported
 19 to Joe Cavaretta, so it could have been -- I
 20 mean, if there was -- it could have been him.
 21 Q. Do you have any other reason to
 22 suspect why Joe Cavaretta would direct Kathleen
 23 Titus to dismantle Schein's buying group
 24 customers?
 25 MS. FINCHER: Object to the form.

1 CONFIDENTIAL - RANDALL FOLEY
 2 THE WITNESS: Okay.
 3 BY MS. ROSNER:
 4 Q. You've had a moment to review CX257?
 5 A. Yes.
 6 Q. CX257 is an e-mail chain. You have
 7 written the top e-mail responding to -- excuse
 8 me, forwarding an e-mail from Kathleen Titus.
 9 Hal Muller also has an e-mail response.
 10 Your e-mail response is dated May 20,
 11 2014; is that correct?
 12 MS. FINCHER: Object to the form.
 13 A. Yes.
 14 Q. You drafted this e-mail as part of
 15 your job?
 16 A. Yes.
 17 Q. It's part of your job to communicate
 18 about Schein customers?
 19 A. Yes.
 20 Q. You have knowledge of the contents of
 21 CX2057?
 22 MS. FINCHER: Object to the form.
 23 Q. Let me ask that again. I believe I
 24 had the number wrong.
 25 You have knowledge of the contents of

1 CONFIDENTIAL - RANDALL FOLEY
 2 CX257?
 3 MS. FINCHER: Object to the form.
 4 A. Yes.
 5 Q. You drafted the e-mail in CX257 at or
 6 near the time of the events described therein?
 7 A. Yes.
 8 Q. You drafted the e-mail in CX257 and
 9 kept it in the course of regularly conducted
 10 business at Schein?
 11 A. Yes.
 12 Q. This is a true and correct copy of
 13 your correspondence?
 14 MS. FINCHER: Object to the form.
 15 A. Yes.
 16 Q. In your e-mail you state, "I am not
 17 sure who gave her the marching orders to
 18 dismantle these."
 19 Did I read that correct?
 20 A. Yes.
 21 Q. You're referring to someone giving
 22 Kathleen Titus marching orders to dismantle
 23 buying groups, correct?
 24 MS. FINCHER: Object to the form.
 25 Mischaracterizes the document.

1 CONFIDENTIAL - RANDALL FOLEY
 2 Go ahead.
 3 A. Can you rephrase that. I can't hear
 4 you, or look --
 5 Q. You were referring to Kathleen Titus
 6 receiving marching orders to dismantle buying
 7 groups customers; is that right?
 8 MS. FINCHER: Object to the form.
 9 Mischaracterizes the document.
 10 A. Yes, I'm making a general statement
 11 like who's asking her to go talk to all of these
 12 customers.
 13 Q. You suspected Joe Cavaretta asking her
 14 to dismantle these buying groups customers?
 15 MS. FINCHER: Object to the form.
 16 Mischaracterizes the testimony and the
 17 document.
 18 A. Yes, because she reported directly to
 19 Joe.
 20 Q. Was Joe in favor of doing business
 21 with buying groups?
 22 MS. FINCHER: Object to the form.
 23 A. I can't speak to what Joe was in favor
 24 of, so I really don't know how to answer -- I
 25 can't answer that.

1 CONFIDENTIAL - RANDALL FOLEY
 2 Q. Henry Schein Dental had buying group
 3 customers, correct?
 4 A. Correct.
 5 Q. Is it strange that Joe Cavaretta is
 6 telling Kathleen Titus to dismantle Henry Schein
 7 Dental's buying group customers?
 8 MS. FINCHER: Object to the form.
 9 Mischaracterizes the document and the
 10 testimony.
 11 You can answer.
 12 A. I am stating I think Joe is giving the
 13 orders. I'm not -- there's just a -- it's
 14 making an assumption, and I'm assuming he's
 15 talking about the -- I think I'm talking about
 16 the Thorup one, the UT HSD. That's Thorup
 17 co-op.
 18 Q. You mentioned, "I think Joe is having
 19 her go after these," so you're referring to more
 20 than one buying group, correct?
 21 MS. FINCHER: Object to the form.
 22 A. Yes, because I think I'm talking about
 23 two in this situation: The one in Utah and now
 24 she's questioning what's the deal at Breakaway.
 25 Q. You can put that exhibit aside.

1 CONFIDENTIAL - RANDALL FOLEY
 2 Schein used to business with a buying
 3 group called Steadfast, correct?
 4 A. That's correct.
 5 Q. Ms. Titus wanted to close Steadfast?
 6 MS. FINCHER: Object to the form.
 7 A. Yes, she requested from me -- she
 8 asked for authorization if she could end the
 9 relationship with Steadfast.
 10 Q. She wanted to shut down the Steadfast
 11 relationship completely?
 12 MS. FINCHER: Object to the form.
 13 Asked and answered.
 14 A. Yes.
 15 Q. Did you give her the authorization to
 16 close the Steadfast account?
 17 A. Reluctantly, I gave her the authority
 18 to do it based on her inability -- based on the
 19 customer unwilling -- unwillingness to meet with
 20 her and discuss their business plan and on
 21 discovery that they were really not so much a
 22 buying group, but more so a procurement company.
 23 So, reluctantly, they were actually
 24 doing good numbers with us and they had a good
 25 GP, but I understood the situation and it fell

CONFIDENTIAL - RANDALL FOLEY

CONFIDENTIAL - RANDALL FOLEY

under me as far as financial at the time that I had to give the -- I gave the green light.

A. From Kathleen. She made a comment in an e-mail that they were acting as a procurement company.

Q. What was the basis of your understanding that Steadfast was a procurement service?

Q. And Steadfast was refusing to meet with Kathleen Titus?

A. As I mentioned, you know, earlier, that we like to have a relationship with the end-users and even with the corporate side, so Kathleen was attempting on multiple attempts to meet with the corporate people to see how we could better our relationship and they refused to meet with us.

A. Correct. She wanted to meet them face-to-face to see how we could better our relationship, and they were -- they were not open to meeting with her or meeting with Schein. Okay.

And then it was discovered that, as a Schein customer would place an order, they would intercept the order and find out and then shop out amongst competitors a lower -- who to buy it from and, instead, may ship a Benco or Patterson on a Darby order instead. That's not the kind of relationship that we started with Steadfast with Rick Heysquierdo many years ago in 2009, so that relationship had deteriorated and was no longer a good customer for us to work with.

Q. If steadfast was not open to meeting with Schein, what is your understanding of how Schein learned that Steadfast was acting as a procurement company?

MS. FINCHER: Object to the form.

Q. How did you hear that Steadfast was reallocating Schein orders?

A. It is my understanding that the end-users who were Schein customers were saying I placed an order with Schein, and I got a Benco box.

Q. What's that understanding based on?

MS. FINCHER: Object to the form.

A. That's based on the field sales team finding, you know, understanding what's going on at the end-users, at Steadfast customers.

CONFIDENTIAL - RANDALL FOLEY

CONFIDENTIAL - RANDALL FOLEY

Q. Schein does business with an entity called Breakaway?

MS. FINCHER: Object to the form.

A. That is correct.

Asked and answered.

Q. Schein believed that Breakaway had a buying group affiliate?

A. I'm not sure. Off-the-cuff smart ass remark.

MS. FINCHER: Object to the form.

Q. What's the basis of that remark?

A. We totally understood that they were -- they had a DSO component, very small DSO component, but their bigger component was a buying group. It was created under my watch.

MS. FINCHER: Object to the form.

Asked and answered.

Q. You thought that if Ms. Titus knew about Breakaway, she would want to shut it down?

You can answer it again.

MS. FINCHER: Object to the form.

A. Kathleen was always strong in working with our DSO customers and very into the relationship of building relationships with the end-users. She's very in front of the customers, very strong Schein proponent -- person, and wanted that relationship.

A. I -- I think the comment again is a smart ass comment that she's going after, you know, that she would -- you know, hey, this is a buying group, and taking that view that, instead of looking at it that it was a full-service buying group, that I just made a comment like that, but that's not the end result of what happened. It turned out to be one of our largest buying groups after she met with them.

And I wouldn't make an assumption that she probably wouldn't like working with that buying group because she worked with OrthoSynetics with me.

Q. Why would you make the comment that she's going after buying groups?

Q. I don't think I understand. You earlier said that you made a smart ass comment that Kathleen was going after buying groups, and I asked you the basis for that comment, to which you say that Kathleen likes to have a strong relationship. But how does that relate to

1 CONFIDENTIAL - RANDALL FOLEY
 2 Kathleen going after buying groups?
 3 MS. FINCHER: Object to form.
 4 A. An assumption that she feels that the
 5 relationship isn't as strong by working through
 6 a buying group versus directly with a DSO or
 7 versus directly with the end-user.
 8 Q. Why would the relationship with a
 9 buying group not be as strong as working with a
 10 DSO or the end-user?
 11 MS. FINCHER: Object to the form.
 12 Mischaracterizes the testimony. Vague.
 13 A. In that if it didn't allow us to offer
 14 our full services, she would -- she would be
 15 reluctant to work with them. So she was
 16 actually setting up meetings, and in this
 17 e-mail, she's actually getting all the data on
 18 Breakaway and creating a meeting with them to
 19 meet face-to-face.
 20 Q. If there were buying groups that
 21 allowed Schein to offer their full services,
 22 would Kathleen Titus have reason to be reluctant
 23 to work with them?
 24 A. No.
 25 MS. FINCHER: Objection.

1 CONFIDENTIAL - RANDALL FOLEY
 2 that right?
 3 MS. FINCHER: Object to the form.
 4 Mischaracterizes the testimony.
 5 Go ahead.
 6 A. Correct, she did not have authority.
 7 Q. So when Kathleen Titus was in Special
 8 Markets, she had to seek authority to shut down
 9 any group through you, correct?
 10 MS. FINCHER: Object to the form.
 11 A. Yes, that would be my decision in
 12 Special Markets. Somebody else's in HSD.
 13 Q. Whose decision would it be in HSD?
 14 MS. FINCHER: Object to the form.
 15 You can answer if you know, but don't
 16 guess.
 17 A. I really don't know who -- who has the
 18 ultimate decision on that.
 19 Q. But it would not be Kathleen Titus?
 20 A. Correct.
 21 MS. FINCHER: Object to the form.
 22 THE WITNESS: Sorry.
 23 MS. FINCHER: Go ahead.
 24 BY MS. ROSNER:
 25 Q. Special Markets viewed buying groups

1 CONFIDENTIAL - RANDALL FOLEY
 2 THE WITNESS: I'm sorry.
 3 MS. FINCHER: Just give me a minute.
 4 Object to the form. Go ahead.
 5 THE WITNESS: No.
 6 MS. ROSNER: We've been going for
 7 about an hour. You want to take a quick
 8 break?
 9 MS. FINCHER: Yes. Sure.
 10 MS. ROSNER: We can go off the record.
 11 THE VIDEOGRAPHER: The time is 11:44
 12 a.m. We're off the record.
 13 (Recess.)
 14 THE VIDEOGRAPHER: The time is 11:58
 15 a.m. We're on the record.
 16 MS. ROSNER: Did we have someone just
 17 join us by phone?
 18 MS. GOFF: Yes. Karen Goff, Federal
 19 Trade Commission.
 20 BY MS. ROSNER:
 21 Q. Mr. Foley, before we took a break, we
 22 were talking about Kathleen Titus shutting down
 23 a variety of buying groups, and you had
 24 previously mentioned that Kathleen Titus doesn't
 25 have authority to shut down buying groups; is

1 CONFIDENTIAL - RANDALL FOLEY
 2 favorably, correct?
 3 MS. FINCHER: Object to the form.
 4 A. Correct.
 5 Q. Buying groups added revenues for
 6 Special Markets?
 7 MS. FINCHER: Object to the form.
 8 A. Yes.
 9 Q. Buying groups allowed Schein to have
 10 customers that it did not previously have?
 11 MS. FINCHER: Object to the form.
 12 Are you talking about buying groups
 13 generally, Jasmine? Is that the question?
 14 MS. ROSNER: Yes.
 15 THE WITNESS: Can you rephrase it?
 16 BY MS. ROSNER:
 17 Q. Buying groups allowed Schein to gain
 18 customers that it did not previously have?
 19 MS. FINCHER: Object to the form.
 20 A. Yes, it could.
 21 Q. Buying groups could lead to longer
 22 retention rates for existing Schein members?
 23 MS. FINCHER: Object to the form.
 24 Q. Let me rephrase.
 25 A. Okay.

CONFIDENTIAL - RANDALL FOLEY

Q. Buying groups could lead to longer retention rates for existing Schein customers?

MS. FINCHER: Object to the form.

A. I had heard that from McKesson, a study, that when they were part of a buying group with Commonwealth, customer retention was bigger. So that's a general statement. I don't think it's proven at Schein. I never saw any statistics to prove that, but I believed it.

Q. Why did you believe it?

A. Because a study -- I had heard about a study done by McKesson on the medical side about working with buying groups and how it led to longer retention of the end-user.

Q. A number of Schein's buying groups had high growth rates?

MS. FINCHER: Object to the form.

A. Yes.

Q. Schein couldn't ignore the -- strike that.

Schein couldn't ignore the growing opportunity with buying groups?

MS. FINCHER: Object to the form.

A. Correct.

CONFIDENTIAL - RANDALL FOLEY

Q. You wanted to bend Schein's buying groups rules to work with Smile Source?

MS. FINCHER: Object to the form.

A. I don't understand why I meant -- what I meant by I wanted to bend our rules to work with Smile Source.

Q. You said, "We should bend our buying groups rules to work with Smile Source," correct?

MS. FINCHER: Object to the form.

Do you have a document, Jasmine?

You're welcome to show it to him.

A. Let me clarify -- let me ask. Is this in the last e-mail or -- I'm stating that we should be able to work with Smile Source in Special Markets and change the rule of HSD owning Special Markets. That's, I believe, what I'm referring to there. I want Smile Source back.

Q. When we were talking about Smile Source earlier, you mentioned that HSD had misconstrued Smile Source and thought that it was a price-only buying group. Do you recall that?

CONFIDENTIAL - RANDALL FOLEY

MS. FINCHER: Object to the form.

Mischaracterizes testimony.

A. Yes.

Q. Who within HSD misconstrued Smile Source's model?

MS. FINCHER: Object to the form.

A. If I were -- I believe it was the group in Miami who had started, you know, the regional manager and the FSC at that time.

Q. Anyone else within HSD misconstrue Smile Source's model?

A. Not that I know of.

Q. How was Smile Source's model misconstrued?

MS. FINCHER: Object to the form.

A. I believe the local team just jumped to a conclusion that Smile Source had nothing more to offer other than price and didn't -- didn't research any information, but they did reach out and want more information, and therefore, I shared back what their model was.

It was the first time, I believe, ever running into this. It was the first time that I had run into a problem with Smile Source or, you

CONFIDENTIAL - RANDALL FOLEY

know, people to understand their model.

Q. The local team that you're referring to is a team that's housed within HSD, correct?

MS. FINCHER: Object to the form.

A. That is correct.

Q. Is it common for local teams to reach across division lines to talk to Special Markets?

MS. FINCHER: Object to the form.

A. Yes. When the customer is unknown to them, and they can look on the system and see that it's actually coded as HSM and would know who to reach out to then.

Q. Special Markets had told HSD several times that Smile Source was not a price-only buying group?

MS. FINCHER: Object to the form.

Mischaracterizes the testimony.

A. Yes, that is correct.

Q. Why was HSD still questioning whether Smile Source was a price-only buying group?

MS. FINCHER: Object to the form.

Mischaracterizes the testimony.

You can answer it.

1 CONFIDENTIAL - RANDALL FOLEY
2 A. I'm not sure. I think -- I would
3 think that it relates to it just not sinking in
4 that they're not doing any further research, and
5 just jumping to a conclusion and sticking to it,
6 and I would say that at, the FSC level, the
7 field sales consultant level.

8 Q. We talked earlier about how Smile
9 Source was very profitable for Schein?

10 A. Yes.

11 Q. Why would it matter whether Smile
12 Source was a price-only buying group if it was a
13 very profitable customer?

14 MS. FINCHER: Object to the form.

15 A. At the end of the day, it wouldn't
16 matter. We would continue to do business with
17 them and enjoy the revenue.

18 MS. ROSNER: Why don't we go ahead and
19 take a break now and we'll break for lunch.

20 MS. FINCHER: Sure.

21 MS. ROSNER: We can go off the record.

22 THE VIDEOGRAPHER: The time is 12:05
23 p.m. We're off the record.
24 (Luncheon recess.)
25

1 CONFIDENTIAL - RANDALL FOLEY
2 AFTERNOON SESSION

3 THE VIDEOGRAPHER: The time is 12:53
4 p.m. We're on the record.

5 RANDALL FOLEY, resumed and
6 testified further as follows:

7 EXAMINATION BY (Cont'd.)

8 MS. ROSNER:

9 Q. Mr. Foley, we've talked about how
10 Special Markets did business with buying groups.

11 Is it your understanding that buying
12 groups typically don't have an ownership
13 interest in their members' practices?

14 MS. FINCHER: Object to the form.

15 A. Yes.

16 Q. At some point in time, Schein had an
17 ownership threshold before working with group
18 purchasers, correct?

19 MS. FINCHER: Object to the form.

20 A. We had an ownership -- before working
21 with DSOs.

22 Q. Schein required group purchasers to
23 have 35 percent ownership interest or complete
24 control before working with them?

25 MS. FINCHER: Object to the form.

1 CONFIDENTIAL - RANDALL FOLEY
2 Mischaracterizes the testimony.
3 You can clarify.

4 A. Not a -- not a specific policy. We
5 may have said on the fly they should have at
6 least 35 percent.

7 Q. There was no specific decision that a
8 35 percent ownership threshold was required?

9 MS. FINCHER: Object to the form.

10 Asked and answered.

11 A. I don't recall that we had a strict
12 rule of 35 percent. We may have confused it as
13 a rule of thumb as to distinguish between a DSO
14 and something less of a DSO.

15 Q. And why was it important to
16 distinguish between DSO and something less than
17 a DSO?

18 MS. FINCHER: Object to the form.

19 A. In the pricing that we were provided
20 from our vendor partners, which would be our
21 supplier partners, like 3M, they specifically
22 wanted -- would not allow us to extend what we
23 call discounted pricing/chargebacks to non-DSO
24 customers, which would include buying groups.
25 I'm sorry. I want to rephrase that.

1 CONFIDENTIAL - RANDALL FOLEY

2 Not only non-DSOs. They would allow
3 it for community health centers and other
4 segments of Special Markets, but specifically
5 not for buying groups.

6 Q. So if a buying group wanted discounts
7 but didn't have ownership, would Schein provide
8 the buying group with discounts on supplies?

9 MS. FINCHER: Object to the form.

10 A. Schein itself, yes, would provide, you
11 know, anywhere between 10 to 20 percent discount
12 off-catalog, regardless of vendor.

13 Q. Would you do business with buying
14 groups that had less than a 35 percent ownership
15 in their member practices?

16 MS. FINCHER: Object to the form.

17 A. I would say yes, we would, because we
18 really didn't confirm whether -- what the
19 ownership percentage was at any time.

20 Q. I'm going to hand you a document
21 that's been premarked for identification as
22 CX2153. It is an e-mail chain.

23 A. Okay.

24 Q. The first Bates is Henry
25 Schein-00819067.

1 CONFIDENTIAL - RANDALL FOLEY
 2 Please take a moment to familiarize
 3 yourself with CX2153.
 4 (Exhibit CX2153-001 through 004, a
 5 document bearing Bates Nos. Henry
 6 Schein-000819067 through 070, marked for
 7 identification, as of this date.)
 8 (Document review.)
 9 THE WITNESS: Okay.
 10 BY MS. ROSNER:
 11 Q. You've had a moment to review CX2153?
 12 A. Yes, I have.
 13 Q. The top e-mail, last in time, is from
 14 Joe Cavaretta dated May 24, 2010; is that right?
 15 A. That's correct.
 16 Q. You respond to an e-mail from Andrea
 17 Hight at May 24, 2010, at 3:33. This is on page
 18 CX2153-002.
 19 Do you see that?
 20 A. Yes, I do.
 21 Q. You drafted this e-mail as part of
 22 your job?
 23 A. Yes.
 24 Q. It's part of your job to communicate
 25 about Schein's customers?

1 CONFIDENTIAL - RANDALL FOLEY
 2 A. Yes, I am.
 3 Q. Who are they?
 4 A. They were a very small DSO based out
 5 of the Salt Lake City area in Idaho.
 6 Q. And Intermountain Dental Associates
 7 wanted to add affiliates to its group, correct?
 8 MS. FINCHER: Object to the form.
 9 A. Correct.
 10 Q. What does Ms. Hight -- what is your
 11 understanding of what Ms. Hight means when she's
 12 referring to adding affiliates to a group?
 13 A. That they won't have a complete --
 14 they won't have ownership of these particular
 15 add-ons. Currently, the model they have is they
 16 technically own the practices that fall under
 17 IDA. So now they're venturing into sort of
 18 buying group relationship with us, or wanting
 19 to.
 20 Q. Intermountain Dental Associates can be
 21 referred to as IDA?
 22 A. Yes. Uh-huh.
 23 Q. And IDA is opening a buying group?
 24 MS. FINCHER: Object to the form.
 25 A. Not in the sense of opening one like

1 CONFIDENTIAL - RANDALL FOLEY
 2 A. Yes.
 3 Q. Do you have knowledge of the contents
 4 of CX253?
 5 MS. FINCHER: Object to the form.
 6 A. Yes.
 7 Q. You drafted the e-mail in CX2153 at or
 8 near the time of the events described therein?
 9 A. Yes.
 10 Q. You drafted the e-mail in CX2153 and
 11 kept it in the course of Schein's regularly
 12 conducted business?
 13 A. Yes.
 14 Q. CX2153 is a true and accurate copy of
 15 your e-mail correspondence?
 16 MS. FINCHER: Object to the form.
 17 A. Yes.
 18 Q. Starting with Andrea Hight's e-mail at
 19 the top of page CX2153-003.
 20 A. Okay.
 21 Q. Her e-mail at 10:20 a.m.
 22 She's talking about a group
 23 Intermountain Dental Associates.
 24 Are you familiar with Intermountain
 25 Dental Associates?

1 CONFIDENTIAL - RANDALL FOLEY
 2 Dental Gator, competitor. They're actually just
 3 going to add offices and provide management
 4 services and want to extend our pricing to
 5 those -- to those affiliates, as they're
 6 referring to them.
 7 Q. And IDA would not have any ownership
 8 interest in these affiliates?
 9 MS. FINCHER: Object to the form.
 10 A. That is what they are telling us.
 11 Q. You respond to Ms. Hight by saying,
 12 "On buying groups -- and the fact that we need
 13 to let these groups know when they call us; that
 14 they need to have either a 35 percent ownership,
 15 or have complete control of purchasing policy
 16 that would force the distributor purchases to
 17 Schein."
 18 Did I read that right?
 19 A. Yes.
 20 Q. I'm sorry.
 21 MS. FINCHER: I'm not sure he's with
 22 you, Jasmine.
 23 Q. Let me back up.
 24 A. I have it right here.
 25 Q. On the e-mail at the top of page

1 CONFIDENTIAL - RANDALL FOLEY
 2 CX2153-002 --
 3 A. Got it.
 4 Q. -- you respond to Ms. Hight, saying,
 5 "Joe, when Hal and I met with Tim and Dave, we
 6 decided: On Buying Groups -- and the fact that
 7 we need to let these groups know when they call
 8 us; that they need to either have at least a 35
 9 percent ownership, or have complete control of
 10 purchasing policy that would force the
 11 distributor purchases to Schein."
 12 Did I read that correctly?
 13 MS. FINCHER: Object to the form.
 14 A. Yes.
 15 Q. So you're saying that, for the IDA
 16 affiliates program, IDA needs to have at least
 17 35 percent ownership or complete control of
 18 purchasing policy?
 19 MS. FINCHER: Object to the form.
 20 A. Yes.
 21 Q. And if IDA does not have complete
 22 ownership -- excuse me. Strike that.
 23 If IDA does not have 35 percent
 24 ownership or complete control of purchasing
 25 policy, what is the consequence with respect to

1 CONFIDENTIAL - RANDALL FOLEY
 2 Schein?
 3 MS. FINCHER: Object to the form.
 4 A. You know, I do not recall this -- this
 5 35 percent ownership and how it might relate to
 6 buying groups or the statement at all and how
 7 this was determined. It's early on in 2010, you
 8 know, at the time that we were starting Smile
 9 Source. So I'm unclear as to that.
 10 I am clear that Andrea had an
 11 incredible answer, saying that I will confirm
 12 that we have control of their purchasing;
 13 therefore, it satisfies the second cav- -- you
 14 know, second requirement. Instead of the 35
 15 percent, she said I'll just confirm that they
 16 can -- they can help control the purchases of
 17 those affiliates.
 18 Q. I want to talk a little bit about the
 19 35 percent ownership percentage.
 20 You mentioned that that was a decision
 21 that was made after a meeting between you, Hal,
 22 Tim and Dave.
 23 Hal is Hal Muller, right?
 24 A. Yes.
 25 MS. FINCHER: Object to the form.

1 CONFIDENTIAL - RANDALL FOLEY
 2 Q. Tim is Tim Sullivan?
 3 A. Yes.
 4 Q. Dave is Dave Steck?
 5 A. Yes.
 6 Q. So you met with Hal Muller, Tim
 7 Sullivan, and Dave Steck and talked about a 35
 8 percent ownership threshold?
 9 MS. FINCHER: Object to the form.
 10 A. I don't recall the meeting.
 11 Q. Do you have any reason to suggest that
 12 what you wrote in CX2153 is inaccurate?
 13 MS. FINCHER: Object to the form.
 14 Mischaracterizes the document.
 15 You can answer.
 16 A. No. I simply don't remember the
 17 meeting.
 18 Q. Do you remember having any discussion
 19 about a 35 percent ownership threshold?
 20 A. No.
 21 Q. You write to Ms. Hight that there's
 22 been a decision requiring a 35 percent ownership
 23 threshold?
 24 MS. FINCHER: Object to the form.
 25 Mischaracterizes the document.

1 CONFIDENTIAL - RANDALL FOLEY
 2 Q. Do you have any reason to think you
 3 just made that up?
 4 MS. FINCHER: Object to the form.
 5 A. No, I wouldn't have made it up. I
 6 would have been told, you know, or I had heard
 7 that along with this following statement "or
 8 control," you know, "ability to control
 9 purchases."
 10 I simply don't remember anything on
 11 this e-mail and having a meeting with them from
 12 that long ago, eight years ago.
 13 Q. Do buying groups typically have the
 14 ability to control purchases?
 15 MS. FINCHER: Object to the form.
 16 A. They can, yes. OrthoSynetics is a
 17 perfect example. At the end of the day, they
 18 can't force the end-users to buy anything. Even
 19 in the DSO world, they're not allowed really to
 20 force, but they can provide incentives to do so
 21 based on a formulary and tracking whether they
 22 are buying on formulary or off of formulary.
 23 So it does add a sense of control
 24 that, hey, last month you bought 80 percent on
 25 formulary and 20 percent off, and we would

1 CONFIDENTIAL - RANDALL FOLEY
2 provide that data.

3 Q. Would you consider that complete
4 control of purchasing policy?

5 MS. FINCHER: Object to the form.

6 A. I can't -- I would not say that's
7 complete control, correct. I think what we're
8 heading here, though, is that, again, we want
9 the relationship with the buying group to be
10 that there is a sense of us helping to drive
11 compliance to buy the products from Schein.

12 I think the word "complete" is an
13 inaccurate word, to be honest. There's no such
14 thing as complete control.

15 Q. So, according to what you wrote to Ms.
16 Hight, if a buying group did not have 35 percent
17 ownership and did not have complete control of
18 purchasing policy, Schein would not do business
19 with that buying group?

20 MS. FINCHER: Object to the form.

21 Mischaracterizes the document and the
22 testimony.

23 You can answer.

24 A. No, I don't believe this was the only
25 two -- I don't think this was an absolute

1 CONFIDENTIAL - RANDALL FOLEY
2 statement, that we couldn't do. Again, every
3 single entity we would evaluate. We would
4 evaluate if it made sense for us to do business
5 with them.

6 In this particular situation, I'm
7 stating this is what we recently talked about, I
8 don't remember the call, and will -- will IDA
9 fall into one of these two categories, and she
10 said yes, this one. So the approval I believe
11 was given to move forward, and I know they have
12 a buying group arm as well as their DSO arm.

13 Q. If IDA did not fall into one of these
14 two categories of 35 percent ownership or
15 complete control, what would be the outcome?

16 MS. FINCHER: Object to the form.

17 Speculation.

18 A. Yes, I think in this situation,
19 because they're already an existing customer,
20 that we would have made exception. I'm very
21 surprised at this 35 percent. I doubt -- I
22 don't think that it ever went any further than
23 here. I never really heard of it in any other
24 buying group.

25 We don't have 35 percent ownership in

1 CONFIDENTIAL - RANDALL FOLEY
2 all the buying groups that we currently had or
3 the ones that we added. There was no ownership.
4 There was no equity rule in it.

5 Q. Is it often that you, Hal Muller, Tim
6 Sullivan and Dave Steck have a discussion, make
7 a decision, and then never reference that
8 decision again?

9 MS. FINCHER: Object to the form.

10 A. I had limited conversations between
11 Tim and Dave. I mainly communicated --
12 communicated with Hal, so I would maybe be
13 brought in for reference on this and -- and
14 share in it, but my meetings with the -- with
15 those three were limited at my level.

16 Q. And so when you did meet with them,
17 was it typically an important or memorable
18 meeting for you?

19 MS. FINCHER: Object to the form.

20 A. Well, sure. Yes. If we had meetings
21 with them, I, you know -- and to be honest, we
22 would move forward with any decisions made at
23 that time and carry them forward.

24 Q. And if you were to be in a meeting
25 with Hal Muller, Tim Sullivan, and Dave Steck

1 CONFIDENTIAL - RANDALL FOLEY
2 and you made a decision, would you then instruct
3 your direct reports, we made this decision, but
4 we're not going to follow it?

5 MS. FINCHER: Object to the form.

6 A. No, we would not make that statement,
7 and when the -- and when the buying group --
8 when anything would come to our attention, we
9 would make -- we would then make the decision if
10 we're going to move forward with it or not. I
11 wouldn't say to my team, oh, by the way, we made
12 a 35 percent rule. It only came up because as
13 a -- again, this is very early into the buying
14 groups, and Andrea has a customer questioning
15 can I -- can I extend -- basically, can I extend
16 my pricing to these -- to these other offices
17 that I have no ownership in. Because their
18 existing contract states they have to have
19 ownership.

20 MS. FINCHER: Randy, make sure you
21 listen to her question, okay?

22 THE WITNESS: Okay.

23 BY MS. ROSNER:

24 Q. Is it your testimony that you don't
25 understand where the 35 percent threshold came

1 CONFIDENTIAL - RANDALL FOLEY
 2 from?
 3 A. Yes, it is.
 4 MS. FINCHER: Object to the --
 5 THE WITNESS: Oh, I'm sorry.
 6 MS. FINCHER: Object to the form.
 7 Go ahead.
 8 THE WITNESS: Yes.
 9 BY MS. ROSNER:
 10 Q. You can put this document aside.
 11 At a later point in time, Schein
 12 required groups to have at least a 51 percent
 13 ownership to receive discounted prices?
 14 MS. FINCHER: Object to the form.
 15 A. I'm not aware of that.
 16 When you say Schein had a policy of
 17 351 percent, for who? For DSOs? Buying groups?
 18 Q. After Smile Source, Schein required
 19 group purchasers to have at least a 51 percent
 20 ownership to receive discounted prices?
 21 MS. FINCHER: Object to the form.
 22 Mischaracterizes the testimony.
 23 You can answer.
 24 A. I am not aware of that rule or policy.
 25 Q. Anything short of a 51 percent

1 CONFIDENTIAL - RANDALL FOLEY
 2 ownership equates to a buying group?
 3 MS. FINCHER: Object to the form.
 4 Asked and answered. Misstates the
 5 testimony.
 6 Go ahead.
 7 A. It was my understanding that to be a
 8 buying group you didn't have to have any
 9 ownership whatsoever. It could be at zero
 10 percent. Perfect example, OrthoSynetics,
 11 Breakaway.
 12 Q. Let me hand you a document that's been
 13 premarked for identification as CX2061. The
 14 first Bates number is Henry Schein-000167180.
 15 Take a moment to review the exhibit
 16 and let me know when you finish reviewing
 17 CX2061.
 18 (Exhibit CX2061-001 through 002, a
 19 document bearing Bates Nos. Henry
 20 Schein-000167180 through 181, marked for
 21 identification, as of this date.)
 22 (Document review.)
 23 THE WITNESS: Okay.
 24 BY MS. ROSNER:
 25 Q. You've had a chance to review CX2061?

1 CONFIDENTIAL - RANDALL FOLEY
 2 A. Yes.
 3 Q. This is an e-mail exchange between you
 4 and Andrea Hight. The latest-in-time e-mail is
 5 from Andrea Hight on June 6, 2011. Do you see
 6 that?
 7 A. Yes.
 8 Q. The e-mail that you wrote is one
 9 e-mail below, June 6, 2011 at 11:14 a.m.
 10 You drafted this e-mail as part of
 11 your job?
 12 A. Yes.
 13 Q. It's part of your job to communicate
 14 with folks at Schein regarding potential
 15 customers?
 16 A. Yes.
 17 Q. You have knowledge of the contents of
 18 e-mail in CX2061?
 19 A. Yes.
 20 MS. FINCHER: Object to --
 21 THE WITNESS: I'm sorry.
 22 MS. FINCHER: Object to form.
 23 BY MS. ROSNER:
 24 Q. You drafted the e-mail in CX2061 at or
 25 near the time of the events therein?

1 CONFIDENTIAL - RANDALL FOLEY
 2 A. Yes.
 3 Q. You drafted the e-mail in CX2061 and
 4 kept it in the course of regularly conducted
 5 business at Schein?
 6 A. Yes.
 7 Q. CX2061 is a true and correct copy of
 8 your e-mail correspondence?
 9 MS. FINCHER: Object to the form.
 10 A. Yes.
 11 Q. In this e-mail, you state, "Regarding
 12 partial ownership, they would need at least 51
 13 percent ownership for us to provide supplies at
 14 a discounted rate to their practices."
 15 Did I read that correctly?
 16 A. Yes.
 17 Q. So you're saying that a group
 18 purchaser would need 51 percent ownership to get
 19 discounted prices?
 20 MS. FINCHER: Object to the form.
 21 Mischaracterizes the document. Asked and
 22 answered.
 23 Go ahead.
 24 A. Can you rephrase that or ask that
 25 again?

1 CONFIDENTIAL - RANDALL FOLEY

2 Q. You're saying that a group purchaser
3 would need 51 percent ownership to receive
4 discounted prices from Schein?

5 MS. FINCHER: Object to the form.
6 Misstates the document.

7 A. To receive discounted pricing from our
8 vendor partners.

9 Q. Where in the e-mail do you say you
10 need 51 percent to get discounted pricing from
11 your vendor partners?

12 MS. FINCHER: Object to the form.

13 A. Our vendor partners did not allow us
14 to provide discounted pricing other than to the
15 DSO segment. Therefore, in this e-mail, we're
16 talking about Advantage Dental, who is a DSO,
17 and Andrea's writing a contract for the DSO
18 component of them. And Advantage also has 900
19 offices or is a buying group for 900 offices, so
20 I'm stating to her that there has to be 51
21 percent ownership of the offices that they have
22 in order to get the pricing that we're going to
23 give Advantage Dental, which has vendor-reduced
24 pricing it in.

25 Schein is already discounting -- would

1 CONFIDENTIAL - RANDALL FOLEY

2 offer the discount to both Advantage buying
3 group and Advantage. There would not have to be
4 a -- that percentage ownership.

5 Q. Where in the e-mail do you tell Andrea
6 to get manufacturer discounts Advantage needs 51
7 percent ownership?

8 MS. FINCHER: Object to the form.
9 Asked and answered.

10 You can answer.

11 A. I state that "in order to provide
12 supplies at a discounted rate." I don't go into
13 the fact about the vendor partner.

14 Q. Why don't you go into the fact about
15 vendor partners?

16 A. It's not -- it's showing that we're
17 providing two different pricing plans for the
18 customer. Andrea doesn't need to know that part
19 of it's coming from the vendors and part of it's
20 coming from Schein.

21 Q. Why doesn't Andrea need to know where
22 the discounts are coming from on one of her
23 accounts?

24 MS. FINCHER: Object to the form.

25 A. Because the discounts themselves are

1 CONFIDENTIAL - RANDALL FOLEY

2 all just based into the price. It's not an
3 added thing that there's also a 3M discount
4 shown online. It's not a line item. It's based
5 on our end price.

6 So it's -- my team members were not
7 really aware of how all the discounts came into
8 play. I'm not here explaining that; just they
9 have to have 51 percent ownership in order to
10 get the Advantage pricing, which has vendor
11 discounts.

12 Q. The last sentence in this e-mail says,
13 "Anything short of that amount," referencing 51
14 percent ownership, "especially a very minor
15 ownership, equates to a buying group, and you
16 know how we can't do buying groups."

17 Did I read that correctly?

18 A. Yes, you did.

19 MS. FINCHER: Object to the form.

20 THE WITNESS: I'm sorry.

21 MS. FINCHER: Object to the form.

22 Go ahead.

23 THE WITNESS: Yes.

24 BY MS. ROSNER:

25 Q. So you're telling Andrea that if

1 CONFIDENTIAL - RANDALL FOLEY

2 Atlantic -- strike that.

3 You're telling Andrea that if
4 Advantage Dental does not have 51 percent
5 ownership, they're a buying group, and we can't
6 do buying groups?

7 MS. FINCHER: Objection to the form.
8 Mischaracterizes the document and the
9 testimony.

10 Go ahead.

11 A. I'm not -- again, I'm not getting into
12 explain the buying group. We can't do a
13 price-only buying group. However, of all the
14 examples here, they have 900 offices that are
15 part of a buying group. We are doing a buying
16 group here, and ran by the local team. It's one
17 of our largest -- that's one of HSD's largest
18 buying groups. And I want to make a
19 distinguishment between the buying group arm and
20 the part -- and that falls under HSD and
21 Advantage falls under us. She's trying to draft
22 a contract.

23 Q. Andrea is trying to draft a contract
24 with Advantage Dental, right?

25 A. Correct.

1 CONFIDENTIAL - RANDALL FOLEY
 2 MS. FINCHER: Object to the form.
 3 Go ahead.
 4 THE WITNESS: Sorry.
 5 Correct.
 6 BY MS. ROSNER:
 7 Q. And the guidance that Andrea is
 8 getting from you is that if Advantage Dental
 9 doesn't have 51 percent ownership, we don't do
 10 buying groups?
 11 MS. FINCHER: Object to the form.
 12 Mischaracterizes the document and the
 13 testimony. Asked and answered.
 14 You can answer it again.
 15 A. No, I am telling Andrea that Advantage
 16 Dental will be getting this price for their DSO
 17 segment discounted if they have 51 percent
 18 ownership, and it does not carry over. That
 19 pricing cannot be used by the 900 offices that
 20 are part of their buying group.
 21 Q. Where are you telling Andrea that they
 22 are getting -- that Advantage Dental is getting
 23 a different pricing for the DSO than for the
 24 buying group?
 25 MS. FINCHER: Object to the form.

1 CONFIDENTIAL - RANDALL FOLEY
 2 A. It is not specific in the e-mail.
 3 It's stating -- she's even questioning, I'm
 4 afraid that some of the other offices might try
 5 to ride into this new plan. How do we write a
 6 contract stating that these offices can't ride
 7 in it? What kind of rule can we come up with?
 8 So we came up with 51 percent. There should be
 9 51 percent. It's in some of our other
 10 customers.
 11 Q. If it's not explicit in the e-mail,
 12 how is Andrea supposed to understand from you
 13 that pricing for Advantage Dental will be
 14 different on the DSO side than the buying group
 15 side?
 16 MS. FINCHER: Object to the form.
 17 A. You know, again, I'm saying that for
 18 us to provide supplies at a discount, at a
 19 special discounted rate -- maybe I should have
 20 used the word "special" discounted or
 21 "additional" discounted rate -- from our vendor
 22 partners, there has to be 51 percent.
 23 I wasn't explicit in that, but we were
 24 drawing up a contract and want to distinguish
 25 between Advantage DSO versus Advantage buying

1 CONFIDENTIAL - RANDALL FOLEY
 2 group. Because they already had their plan
 3 without the vendor pricing discounts. Just
 4 trying to come up with some nomenclature in a
 5 contract that she's trying to draft.
 6 Q. And where in the e-mail to Andrea do
 7 you say you want to distinguish between the
 8 buying group and the DSO?
 9 MS. FINCHER: Object to form.
 10 Jasmine, asked and answered. You asked him
 11 about three times already.
 12 You can answer it again.
 13 THE WITNESS: Yeah.
 14 MS. FINCHER: Unless --
 15 Go ahead.
 16 THE WITNESS: I'm not specifically
 17 saying to Andrea, hey, look, the buying
 18 group doesn't get this -- that arm doesn't
 19 get this price, they get this price. We can
 20 not extend our vendor pricing contract.
 21 I don't go into the detail of it, but
 22 for them to get a discounted rate, and I
 23 should have -- maybe you think I should have
 24 been more explicit that, including
 25 chargebacks from our vendors, they have to

1 CONFIDENTIAL - RANDALL FOLEY
 2 have 51 percent ownership. That is in other
 3 DSO contracts so they don't extend their
 4 pricing to their best friend down the
 5 street, you know, or whoever they feel like
 6 extending their pricing to.
 7 BY MS. ROSNER:
 8 Q. Groups that have very minor ownership
 9 equate to buying groups in your mind?
 10 A. Pardon me?
 11 MS. FINCHER: Object to the form.
 12 Q. Group purchasers that have very minor
 13 ownership in their members' practices, equate to
 14 a buying group?
 15 MS. FINCHER: Object to the form.
 16 A. I don't know that I would make that
 17 connection. Again, I'm sorry, we don't -- they
 18 didn't have my -- our requirement. From my
 19 understanding, they could have zero ownership.
 20 OrthoSynetics did not own any part of their
 21 users.
 22 Q. I want to understand the last clause
 23 of your e-mail: "And you know how we can't do
 24 buying groups."
 25 What do you mean by that?

1 CONFIDENTIAL - RANDALL FOLEY
2 A. I'm not sure, considering on the back
3 side of this page is their 900 offices that are
4 part of a buying group. So I can't speculate on
5 to why I make that, again, off-the-cuff remark.

6 Q. I'm not asking you to speculate. I'm
7 asking you why did you say it?

8 MS. FINCHER: Objection.

9 A. I can't remember.

10 MS. FINCHER: Objection.

11 THE WITNESS: Sorry.

12 MS. FINCHER: Give me a moment.

13 Object to the form. Asked and
14 answered.

15 THE WITNESS: I can't remember why I
16 made that comment in 2011.

17 BY MS. ROSNER:

18 Q. Is there anything that would refresh
19 your recollection as to why you would make a
20 comment, "we can't do buying groups"?

21 MS. FINCHER: Object to the form.

22 A. No, it doesn't make sense to me, to be
23 honest, I mean, because I'm doing buying groups.
24 I'm getting \$10 million a year from buying
25 groups under, you know, that I'm doing business

1 CONFIDENTIAL - RANDALL FOLEY
2 with, not even counting the money coming into
3 HSD.

4 Q. Andrea Hight is one of your direct
5 reports, correct?

6 MS. FINCHER: Object to the form.
7 At this time?

8 A. At this time, yes. Not now.

9 Q. At this time, Andrea Hight took
10 guidance from you, correct?

11 A. That is correct.

12 Q. Most of your guidance came through
13 e-mails, correct?

14 A. That is correct.

15 Q. So it's important for you to be
16 accurate in your e-mails to your direct reports,
17 right?

18 MS. FINCHER: Object to the form.

19 A. Correct.

20 Q. And here you're stating to Andrea,
21 "Anything short of 51 percent is a buying group,
22 and you know how we can't do buying groups,"
23 correct?

24 MS. FINCHER: Object to the form.

25 Asked and answered. Mischaracterizes the

1 CONFIDENTIAL - RANDALL FOLEY
2 testimony.

3 You can answer.

4 A. No. That's not the connection here,
5 that there has to be 51 percent. There's no
6 rule that a buying group has to have 51 percent.
7 It could have zero percent, as their 900 offices
8 do. The 51 percent is to keep the pricing for a
9 DSO separate from the pricing that we offer
10 buying groups. It's not as deeply discounted
11 because of our vendor partners.

12 I'm not going into the detail with
13 Andrea how that all works. Just in your
14 contracts state that they should have 51 percent
15 ownership to get this pricing for your DSO
16 segment.

17 Q. How did you decide on the 51 percent
18 ownership threshold?

19 MS. FINCHER: Object to the form.

20 A. I pulled it from a contract that was
21 existing, such as Heartland Dental, and that
22 wasn't -- I don't believe I'm the one that came
23 up with that 51 percent rule for a DSO.

24 Q. Who came up with a 51 percent rule for
25 a DSO?

1 CONFIDENTIAL - RANDALL FOLEY

2 MS. FINCHER: Object to the form.

3 You can answer if you know.

4 A. I would not know. I would -- I would
5 think Hal Muller.

6 Q. Why was there a change from 35 percent
7 ownership to the 51 percent ownership in the two
8 e-mails that we just looked at?

9 MS. FINCHER: Object to the form.

10 Mischaracterizes the testimony.

11 A. They are two separate subjects. The
12 35 percent sounds like -- which I don't
13 remember, sounds like a rule that there has to
14 be ownership to be a buying group. That's not
15 my understanding, that there has to be any
16 ownership to be a buying group.

17 So how -- where that 35 is talking
18 specifically about a buying group, here I'm
19 talking about a DSO, in order to qualify for
20 discounted pricing, has to have 51 percent
21 ownership. Two different situations.

22 Q. You can put that document aside.

23 Unless you have some ownership in your
24 practices, Schein considers your business model
25 as a buying group?

1 CONFIDENTIAL - RANDALL FOLEY
 2 MS. FINCHER: Object to the form.
 3 A. Yes.
 4 Q. And Schein no longer participates in
 5 buying groups?
 6 A. I'm sorry?
 7 MS. FINCHER: Object to the form.
 8 Q. Schein no longer participates in
 9 buying groups?
 10 A. No, they --
 11 MS. FINCHER: Object to the form.
 12 Give me a moment, Randy, to object.
 13 You can answer.
 14 A. No, they participate in a lot of
 15 buying groups.
 16 Q. In December 2011, Schein no longer
 17 participated in buying groups?
 18 MS. FINCHER: Object to the form.
 19 Mischaracterizes the testimony.
 20 A. No, that is not true. OrthoSynetics
 21 was a big buying group.
 22 Q. You never said, "We no longer
 23 participate in buying groups"?
 24 MS. FINCHER: Object to the form.
 25 A. Not that I remember.

1 CONFIDENTIAL - RANDALL FOLEY
 2 Q. I'm going to hand you a document
 3 that's been premarked for identification as
 4 CX2062. The first page of this document is
 5 Bates number Henry Schein-000176969.
 6 (Exhibit CX2062-001 through 006, a
 7 document bearing Bates Nos. Henry
 8 Schein-000176969 through 6974, marked for
 9 identification, as of this date.)
 10 MS. FINCHER: And Randy, if you'll
 11 see, there's actually text on the very back
 12 page of this document.
 13 THE WITNESS: Okay.
 14 MS. FINCHER: So just make sure you
 15 read from the bottom all the way up, and let
 16 her know when you're done reading it.
 17 (Document review.)
 18 THE WITNESS: Okay.
 19 BY MS. ROSNER:
 20 Q. You've had an opportunity to review
 21 CX2062?
 22 A. Yes.
 23 Q. This is an e-mail chain between you
 24 and a potential customer of Schein. At the top
 25 of the chain is an e-mail from you dated

1 CONFIDENTIAL - RANDALL FOLEY
 2 December 21, 2011, forwarding your prior e-mail
 3 chain to someone named Rhonda Durante.
 4 Do you see that?
 5 A. Yes.
 6 MS. FINCHER: Jasmine, just to
 7 clarify, the last page of this document is
 8 what actually appears to be the attachment
 9 to the e-mail; is that right?
 10 BY MS. ROSNER:
 11 Q. And then the last page of this
 12 document is an attachment to this e-mail chain;
 13 is that right?
 14 A. I'm sorry?
 15 Q. The last page of CX2062 is a Word
 16 document attachment to your e-mail?
 17 A. Yes.
 18 Q. You drafted these e-mails in CX2062 as
 19 part of your job?
 20 A. Yes.
 21 Q. It's part of your job to communicate
 22 with potential customers of Schein?
 23 A. Yes.
 24 Q. You have knowledge of the contents of
 25 the e-mails in CX2062?

1 CONFIDENTIAL - RANDALL FOLEY
 2 MS. FINCHER: Object to the form.
 3 A. Yes.
 4 Q. You drafted the e-mails in CX2062 at
 5 or near the time you received a request from a
 6 potential customer?
 7 A. Yes.
 8 Q. You drafted the e-mails in CX2062 and
 9 kept them in the course of regularly conducted
 10 business at Schein?
 11 A. Yes.
 12 Q. CX2062 is a true and correct copy of
 13 your e-mail correspondence?
 14 MS. FINCHER: Object to the form.
 15 A. Yes.
 16 Q. In the e-mail, December 21, 2011, at
 17 1:52 -- this is on the first page, CX2062-01 --
 18 the second e-mail down, you are replying to
 19 Janet K-N-Y-S-Z.
 20 How do you pronounce that?
 21 A. Levandowski?
 22 I'm sorry. Where are we at?
 23 Q. We're on page CX2062-001.
 24 A. Yes.
 25 Q. The bottom e-mail on that page.

1 CONFIDENTIAL - RANDALL FOLEY

2 A. I can't pronounce her name.

3 Knysz. Knysz is how it's pronounced,

4 but...

5 Q. We'll call her Jan.

6 A. Yeah, please.

7 Q. In the second paragraph of your e-mail
8 to Jan, you say, "Unfortunately, unless you have
9 some ownership of your practices, Henry Schein
10 considers your business model as a buying group,
11 and we no longer participate in buying groups."

12 Did I read that correctly?

13 A. Yes, you did.

14 Q. You're telling a potential customer
15 that Henry Schein can't do business with them
16 because they don't have ownership in their
17 practices?

18 MS. FINCHER: Object to form.

19 A. That's what I'm --

20 MS. FINCHER: Mischaracterizes the
21 document.

22 A. That's what I'm saying here.

23 Q. You're telling a potential customer
24 that Henry Schein does not participate in buying
25 groups?

1 CONFIDENTIAL - RANDALL FOLEY

2 MS. FINCHER: Object to the form.

3 Mischaracterizes the document.

4 Go ahead.

5 A. Yes, that's what I'm saying here,
6 based on price only.

7 Q. Where do you say based on price only.

8 A. In my classification, this group -- by
9 the way, she was the owner of Great Expressions
10 Dental Centers, and they had recently sold them,
11 where they did have ownership of all their
12 practices, and they were wanting to create this
13 Unified Smiles, which was basically providing
14 limited service to end-users. And at this time,
15 I had a different issue here, but I did make
16 those statements.

17 Q. Where did you say that Henry Schein
18 does not do business with price-only buying
19 groups to Jan?

20 MS. FINCHER: Object to the form.

21 Q. Can you just point me to the language?

22 MS. FINCHER: Object to the form.

23 A. No, I did not make that -- I'm sorry,
24 I did not make that clear in here.

25 Q. Nowhere in the e-mail do you

1 CONFIDENTIAL - RANDALL FOLEY
2 distinguish between buying groups that provide
3 value-added services versus buying groups that
4 are price only?

5 A. In the -- no.

6 Q. You tell Jan that, "Buying groups
7 cause a lot of friction within our private
8 dentist segment as it leads to unwarranted
9 lower -- as it leads to unwarranted lower
10 pricing for existing customers"; is that right?

11 A. That's what I said.

12 Q. When you refer to your private dentist
13 segment, you're referring to HSD?

14 MS. FINCHER: Object to the form.

15 A. That is correct.

16 Q. You're telling a customer that buying
17 groups cause friction within HSD?

18 MS. FINCHER: Object to the form.

19 A. Yes, I am telling her that.

20 Q. You're telling a potential customer
21 that buying groups lead to unwarranted lower
22 pricing for existing customers?

23 MS. FINCHER: Yes.

24 A. Especially if they're leading in with
25 price only.

1 CONFIDENTIAL - RANDALL FOLEY

2 Q. You can set this document aside.

3 Schein said no to a Dr. Nashville when
4 it found out there will be no ownership in its
5 buying group, correct?

6 MS. FINCHER: Object to the form.

7 A. I saw that in an e-mail you showed me
8 earlier, but I don't recall making that
9 statement and don't know who -- and I don't know
10 who the Nashville provider is.

11 Q. I'm going to return to you document
12 CX238.

13 MS. FINCHER: Just give me a moment,
14 Randy, to find it.

15 Can you give me that number again,
16 Jasmine?

17 MS. ROSNER: CX238.

18 MS. FINCHER: If you need to take a
19 moment to refamiliarize yourself with the
20 document, please do.

21 THE WITNESS: Okay.

22 BY MS. ROSNER:

23 Q. The last line of the e-mail at the top
24 of the page on CX238.001 says -- you write,
25 "Remember the doctor in Nashville that John and

1 CONFIDENTIAL - RANDALL FOLEY
 2 I -- excuse me. "Remember the doctor in
 3 Nashville that John and you were working on. We
 4 had to tell him no when we found out there would
 5 be no ownership."

6 Did I read that properly?

7 A. Yes.

8 Q. Henry Schein told a potential customer
 9 no because there was no ownership in his buying
 10 group?

11 MS. FINCHER: Object to the form.

12 A. I do not remember who this is and
 13 what -- and who this is about and who John is.

14 Q. Would John be John Boresi?

15 A. I'm not sure --

16 MS. FINCHER: Objection.

17 THE WITNESS: I'm sorry.

18 MS. FINCHER: Objection to form.

19 THE WITNESS: No, I'm not sure.

20 BY MS. ROSNER:

21 Q. Do you have any reason to think that
 22 what you wrote was inaccurate at the time?

23 MS. FINCHER: Object to the form.

24 A. No, I don't think I would make an
 25 inaccurate statement.

1 CONFIDENTIAL - RANDALL FOLEY

2 Q. Without ownership, buying groups cause
 3 issues throughout Schein?

4 MS. FINCHER: Object to the form.

5 Is that a question.

6 A. Was it? Without ownership? Say it
 7 again, please?

8 Q. Without ownership, buying groups cause
 9 issues throughout Schein?

10 MS. FINCHER: Object to the form.

11 A. No, that's -- that's too general of a
 12 statement. They didn't cause any issues in HSD
 13 or in Special Markets, a number of them.

14 Q. I can take back CX238 so that I can
 15 give it back to him when he needs it.

16 Schein refused to bid on what it
 17 believed was Tralongo's buying group; is that
 18 right?

19 MS. FINCHER: Object to the form.

20 A. Yes, I remember that they were price
 21 only. We did not bid on that arm of the
 22 business. They had a DSO arm, though, that we
 23 bid on.

24 Q. Tralongo's buying group was not an
 25 ownership model; is that right?

1 CONFIDENTIAL - RANDALL FOLEY

2 MS. FINCHER: Object to the form.

3 A. Correct.

4 Q. And without ownership, this causes
 5 issues throughout the company, right?

6 MS. FINCHER: Object to the form.

7 Asked and answered. Mischaracterizes
 8 testimony.

9 You can answer it again.

10 A. Yeah, I don't understand why that
 11 comment is there, because, again, we had a
 12 number of buying groups with zero ownership.
 13 Nearly all the buying groups had zero ownership.

14 Q. Handing you a document that has been
 15 premarked for identification as CX2094.

16 A. Thank you.

17 Q. The first page of the document is
 18 Bates-stamped Henry Schein-001490215.

19 Please take a moment to familiarize
 20 yourself with CX2094 and let me know when you're
 21 done.

22 (Exhibit CX2094-001 through 008, a
 23 document bearing Bates Nos. Henry
 24 Schein-001490215 through 222, marked for
 25 identification, as of this date.)

1 CONFIDENTIAL - RANDALL FOLEY

2 (Document review.)

3 THE WITNESS: Okay.

4 BY MS. ROSNER:

5 Q. You've had an opportunity to review
 6 CX2094?

7 A. Yes.

8 Q. CX2094 is an e-mail chain with a
 9 number of folks. The top e-mail is from Deanna
 10 Dickinson on October 28, 2015; is that right?

11 A. Yes.

12 Q. You respond to a number of e-mails in
 13 this chain. You drafted the e-mails in this
 14 chain as part of your job?

15 A. Yes.

16 Q. And it's part of your job to
 17 communicate about potential customers from
 18 Schein?

19 A. Yes.

20 Q. You have knowledge of the contents of
 21 CX2094?

22 A. Yes.

23 MS. FINCHER: Object to form.

24 A. Yes.

25 Q. You drafted the e-mails in CX2094 at

1 CONFIDENTIAL - RANDALL FOLEY
2 or near the time of the events described
3 therein?

4 A. Yes.

5 Q. You drafted the e-mails in CX2094 and
6 kept them in the course of regularly conducted
7 business?

8 A. Yes.

9 Q. CX2094 is a true and correct copy of
10 your e-mail correspondence?

11 MS. FINCHER: Object to the form.

12 A. Yes.

13 Q. Turning to the e-mail at the bottom of
14 the first page, that's CX2094-001, you write an
15 e-mail on October 28, 2015 at 9:45 a.m. In the
16 middle of the first paragraph, you are talking
17 about Tralongo's new office: "It was not an
18 ownership model' like D4C, DCA, Great
19 Expressions. Without ownership, that causes
20 issues throughout our company."

21 Did I read that correctly?

22 A. Yes.

23 Q. So, without ownership, buying groups
24 cause issues throughout Schein?

25 MS. FINCHER: Object to the form.

1 CONFIDENTIAL - RANDALL FOLEY

2 A. I don't understand why I would make
3 that statement. I don't follow it as an
4 accurate statement because we have buying
5 groups, lots of them, without any ownership. So
6 I'm not understanding why I'm stating that,
7 because I think it's inaccurate.

8 Q. Is there anything that would refresh
9 your recollection as to why you would make the
10 statement, "Without ownership, this causes
11 issues throughout our company"?

12 MS. FINCHER: Object to the form.

13 A. No, I don't know why.

14 Q. Who are Deanna Dickinson, Dave Muller
15 and Scott Carringer?

16 A. Dave Muller is -- reported directly to
17 me, and he was assigned to this account,
18 Tralongo, and was working on an equipment
19 arrangement with them. Scott Carringer is the
20 Atlanta regional manager, I believe. And Deanna
21 Dickinson, I think she was the FSC. I'm not
22 sure.

23 Q. These are people who are associated
24 with the Tralongo account?

25 MS. FINCHER: Object to the form.

1 CONFIDENTIAL - RANDALL FOLEY

2 A. Yes.

3 Q. When talking about Schein's policy
4 that would affect Tralongo, it's important for
5 you to be accurate when discussing with people
6 who are assigned to the Tralongo account?

7 MS. FINCHER: Object to the form.

8 Mischaracterizes the testimony. Vague.

9 You can answer.

10 A. Yes.

11 Q. You would have no reason to make
12 something up when talking to the folks assigned
13 to the Tralongo account?

14 MS. FINCHER: Object to the form.

15 A. Correct.

16 Q. I can take that document back.

17 Andrea Hight created a litmus test for
18 distinguishing between buying groups and DSOs?

19 MS. FINCHER: Object to the form.

20 A. In regards to when a DSO was venturing
21 into both arenas, yes, she worked on a how to
22 distinguish between the DSO and how to
23 distinguish between the buying group arm.

24 Q. What was the purpose of having a
25 document that distinguished between DSOs and

1 CONFIDENTIAL - RANDALL FOLEY

2 buying groups?

3 A. Again --

4 I'm sorry.

5 MS. FINCHER: Object to the form.

6 Mischaracterizes testimony.

7 Go ahead.

8 A. Again, we were not allowed to extend
9 vendor discounted pricing to the buying group
10 arm; only to the DSO part of it.

11 Q. If a group was not able to pass the
12 DSO test, would Schein be able to provide
13 discounts?

14 MS. FINCHER: Object to the form.

15 A. Yes.

16 Q. You created a document termed --
17 strike that.

18 You created a document called "Terms
19 not to be a Buying Group"?

20 MS. FINCHER: Object to the form.

21 Q. Correct?

22 MS. FINCHER: Object to the form.

23 A. I don't believe I created a form.

24 Andrea Hight might have created a form.

25 Q. I'm going to hand you a document

1 CONFIDENTIAL - RANDALL FOLEY
2 that's been premarked as CX2066. CX2066 bears
3 the Bates number Henry Schein-000178511.

4 Please take a moment to review CX2066
5 and let me know once you've familiarized
6 yourself.

7 (Exhibit CX2066-001 through 002, a
8 document bearing Bates Nos. Henry
9 Schein-000178511 through 512, marked for
10 identification, as of this date.)

11 (Document review.)

12 THE WITNESS: Okay.

13 MS. FINCHER: Have you had enough time
14 to review it, Randy?

15 THE WITNESS: Yes.

16 BY MS. ROSNER:

17 Q. You've had an opportunity to review
18 2066?

19 A. Yes.

20 Q. This is an e-mail sent by you to Jake
21 Meadows on March 15, 2013; is that right?

22 A. Yes.

23 Q. You drafted this e-mail as part of
24 your job?

25 A. Yes.

1 CONFIDENTIAL - RANDALL FOLEY

2 MS. FINCHER: Sorry. Objection to
3 form.

4 Jasmine, you may want to look back at
5 your question and rephrase it.

6 Q. This is an e-mail drafted by you to
7 Jake Meadows on March 15, 2012; is that right?

8 A. Yes.

9 Q. You drafted this e-mail to Jake
10 Meadows as part of your job?

11 A. Yes.

12 Q. It's part of your job to communicate
13 policies about buying groups and DSOs?

14 MS. FINCHER: Object to the form.

15 A. Yes.

16 Q. You have knowledge of the contents of
17 CX2066?

18 A. Yes.

19 Q. You drafted CX2066 around the time of
20 the events requiring you to send an e-mail to
21 Jake Meadows?

22 A. Yes.

23 Q. You drafted the e-mail in CX2066 and
24 maintained it in the course of regularly
25 conducted business?

1 CONFIDENTIAL - RANDALL FOLEY

2 A. Yes.

3 Q. And CX2066 is a true and correct copy
4 of your e-mail correspondence?

5 MS. FINCHER: Object to the form.

6 A. Yes.

7 Q. You're sending Jake Meadows an e-mail
8 with the subject "Terms not to be a Buying
9 Group"; is that right?

10 A. That's correct.

11 Q. Why are you identifying terms not to
12 be a buying group?

13 MS. FINCHER: Object to the form.

14 A. I'm sending him a cutout of Advantage
15 Dental's proposal distinguishing between the DSO
16 segment and that part that relates to a buying
17 group for Advantage Dental.

18 I'm not sure why Jake requested it,
19 but this is straight out of Advantage's
20 contract.

21 (Knocking at the door.)

22 MS. FINCHER: Do you want to go off
23 the record?

24 MS. ROSNER: Let's go off the record
25 for a moment.

1 CONFIDENTIAL - RANDALL FOLEY

2 THE WITNESS: Okay.

3 THE VIDEOGRAPHER: The time is 1:49
4 p.m. We're off the record.

5 (Recess.)

6 THE VIDEOGRAPHER: The time is 2:01
7 p.m. We're on the record.

8 BY MS. ROSNER:

9 Q. Mr. Foley, we're still talking about
10 CX2066. That's still in front of you as a
11 document, correct?

12 A. That's correct.

13 Q. You mentioned that the contents of
14 2066 came from the proposal for Advantage
15 Dental?

16 A. Came --

17 MS. FINCHER: Object to the form.

18 A. It came from their prime vendor
19 agreement, correct, their contract.

20 Q. Why were the terms in 2066 added to
21 the Advantage Dental prime vendor agreement?

22 A. This was to identify the DSO segment
23 of Advantage Dental and not the buying group.
24 So basically here they're saying there has to be
25 ownership for it to be a DSO, and so these are

1 CONFIDENTIAL - RANDALL FOLEY
2 the terms for a DSO and not -- and what they are
3 and not to be a buying group.

4 Q. Why was it important to identify the
5 terms to be a DSO and not a buying group?

6 MS. FINCHER: Object to the form.

7 A. Because the pricing and the rebate
8 structures that we put in place for Advantage
9 Dental were only applicable to the DSO segment
10 of their business model.

11 Q. Why were the pricings and rebate
12 structure for the DSO segment exclusive to
13 Advantage's DSO?

14 MS. FINCHER: Object to the form.

15 A. They would be exclusive to all DSOs,
16 by the way, but because the vendor partners
17 would not allow discount rebates -- I mean
18 chargebacks in the -- it only allowed it in a
19 DSO part of a customer.

20 Q. The vendor partners you're referring
21 to, those are dental product manufacturers?

22 A. Correct.

23 Q. Did the dental product manufacturers
24 ask for the terms that appear in CX2066?

25 MS. FINCHER: Object to the form.

1 CONFIDENTIAL - RANDALL FOLEY

2 A. No, they did not.

3 Q. Was there some sort of problem that
4 needed to be addressed by the terms in CX2066?

5 MS. FINCHER: Object to the form.

6 A. Yes.

7 Q. What was that problem?

8 A. It had come to the -- some vendor
9 partners had seen pricing that we were providing
10 to -- and I think it was to Dental Gator -- that
11 was part of MB2's plan, and came back to us and
12 said this is not acceptable that you provide
13 these chargebacks that are part of Dental Gator
14 as part of MB2's plan.

15 So we started to add terminology to
16 inform the customer that they cannot extend this
17 pricing to their buying group arm.

18 Q. When did you start doing business with
19 Dental Gator?

20 A. You would have -- I can't -- I would
21 say -- it's hard for me to know dates. I would
22 say 2013, I think it was, 2014.

23 Q. So this e-mail came from 2012.

24 A. Uh-huh.

25 Q. Was there a problem at the time that

1 CONFIDENTIAL - RANDALL FOLEY
2 the terms in the Advantage Dental PDA were meant
3 to address?

4 MS. FINCHER: Object to the form.

5 A. There could have been a situation
6 prior that I'm not aware of that Paul Berkey,
7 who does our pricing, made a comment that we
8 cannot extend the vendor pricing. I am aware of
9 it later on becoming a -- a problem when it was
10 Dental Gator.

11 Q. Who drafted the terms that are found
12 in CX2066?

13 A. Andrea Hight. And I worked -- she
14 drafted it. I approved it.

15 Q. Did someone ask Andrea to draft those
16 terms?

17 MS. FINCHER: Object to the form.

18 A. Yes; I did.

19 Q. Why did you ask Andrea to draft the
20 terms in 2066?

21 A. Andrea was one of my brightest
22 strategic account managers. She was very
23 well-written. She -- her and I worked on what
24 we felt would be DSO-type versus buying group
25 and to help draw and distinguish things, and we

1 CONFIDENTIAL - RANDALL FOLEY
2 came up with these bullet points and put it into
3 a contract.

4 Q. Were you reacting or responding to
5 something by creating or having Andrea create
6 the bullets in CX2066?

7 MS. FINCHER: Object to the form.

8 A. Yes, we were. Again, in the Advantage
9 Dental situation, they had a buying group arm,
10 and we wanted to make sure that these terms
11 apply to the DSO segment and not to their buying
12 group. They said, well, define that. What do
13 you define as our buying group and what do you
14 define as -- and here we're saying there has to
15 be ownership on the DSO, and here we're actually
16 saying, by default, there doesn't have to be
17 ownership on the buying group side.

18 Q. The title of the e-mail to Randy Foley
19 in CX2066 is "Terms not to be a Buying Group"?

20 A. Uh-huh.

21 MS. FINCHER: Object to the form. You
22 may want to rephrase that.

23 A. That's what it states. Meaning terms
24 to be in a DSO. The reverse.

25 Q. Why wouldn't you just --

1 CONFIDENTIAL - RANDALL FOLEY
 2 A. You --
 3 MS. FINCHER: Let her finish her
 4 question before you answer.
 5 THE WITNESS: Okay.
 6 BY MS. ROSNER:
 7 Q. Why wouldn't you just state "Terms to
 8 be a DSO"?
 9 MS. FINCHER: Object to the form.
 10 A. Not sure why I titled it the reverse.
 11 Q. Is there something that would refresh
 12 your recollection as to why you would title it
 13 in "Terms not to be a DSO"?
 14 A. No.
 15 MS. FINCHER: Object to the form.
 16 Q. Let me reask that.
 17 Is there something that would refresh
 18 your recollection as to why you titled it "Terms
 19 not to be a Buying Group"?
 20 MS. FINCHER: Object to the form.
 21 A. No, I'm not sure why I would title
 22 that.
 23 Q. You later sent a very similar document
 24 to Rhonda Durante?
 25 MS. FINCHER: Object to the form.

1 CONFIDENTIAL - RANDALL FOLEY
 2 Q. This is an e-mail that you drafted as
 3 part of your job?
 4 A. Yes.
 5 Q. It's part of your job to communicate
 6 with others within Schein about Schein policies
 7 on buying groups and DSOs?
 8 MS. FINCHER: Object to the form.
 9 A. That is correct.
 10 Q. You have knowledge of the contents of
 11 CX2069?
 12 A. I --
 13 MS. FINCHER: Object to the form.
 14 A. Yes.
 15 Q. You drafted CX2069 near or at the time
 16 you and Rhonda Durante were discussing the
 17 contents therein?
 18 A. Correct.
 19 Q. You drafted the e-mail in CX2069 and
 20 kept it in the course of regularly conducted
 21 business of Schein?
 22 A. Yes.
 23 Q. CX2069 is a true and correct copy of
 24 your e-mail correspondence?
 25 MS. FINCHER: Object to the form.

1 CONFIDENTIAL - RANDALL FOLEY
 2 A. I don't recall.
 3 Q. I'm going to hand you a document
 4 that's been premarked for identification as
 5 CX2069. The first page bears the Bates stamp
 6 Henry Schein-000164080.
 7 Please take a moment to review 2069
 8 and let me know when you're done.
 9 (Exhibit CX2069-001 through 002, a
 10 document bearing Bates Nos. Henry
 11 Schein-000164080 through 081, marked for
 12 identification, as of this date.)
 13 MS. FINCHER: And Randy, there's text
 14 on the back of this page. Make sure you
 15 read the whole document.
 16 (Document review.)
 17 THE WITNESS: Okay.
 18 BY MS. ROSNER:
 19 Q. You've had an opportunity to review
 20 CX2069?
 21 A. Yes.
 22 Q. This is an e-mail that you sent to
 23 Rhonda Durante on January 30, 2013; is that
 24 correct?
 25 A. That's correct.

1 CONFIDENTIAL - RANDALL FOLEY
 2 A. Yes.
 3 Q. The body of CX2069 is identical, for
 4 the most part, to the body of the prior exhibit
 5 we looked at, 2066?
 6 A. Yes.
 7 MS. FINCHER: Objection.
 8 Randy, give me a moment to object.
 9 Object to the form.
 10 If you need to take a look and compare
 11 the documents, feel free to do so.
 12 BY MS. ROSNER:
 13 Q. One distinguishing factor is --
 14 MS. FINCHER: Can you give him a
 15 moment? I think he's looking at the two
 16 documents.
 17 A. These appear to be identical
 18 documents.
 19 Q. One distinguishing factor is that at
 20 the top of 2069, you add the line, "Rules to be
 21 a DSO, not a Buying Group."
 22 Did I read that correctly?
 23 MS. FINCHER: Object to form.
 24 A. Yes.
 25 Q. Why did you include that line, "Rules

1 CONFIDENTIAL - RANDALL FOLEY
 2 to be a DSO, not a Buying Group"?

3 A. Well, I don't remember the e-mail, but
 4 Rhonda Durante reported directly to me, like
 5 Andrea Hight, and I'm defining to her -- I don't
 6 know if she was trying to draw up a contract
 7 with a customer that may have both a DSO and a
 8 buying group arm, but I'm showing to her that,
 9 in order to get DSO pricing and to be a DSO,
 10 there has to be ownership and here's some rules
 11 that apply to ownership.

12 Q. Why would you compare DSO to a buying
 13 group for Rhonda Durante?

14 MS. FINCHER: Object to the form.

15 A. I am not sure why she needed this.

16 Q. Is there anything that would refresh
 17 your recollection as to why she might need this?

18 MS. FINCHER: Object to the form.

19 A. No.

20 Q. You can set that document aside.
 21 You sent Unified Smiles a note that
 22 Schein couldn't participate in their group, as
 23 it's basically a buying group.

24 MS. FINCHER: Object to the form.

25 A. I did state that in their e-mail.

1 CONFIDENTIAL - RANDALL FOLEY
 2 Q. "Unified Smiles is a buying group that
 3 we do not participate with, as with all buying
 4 groups"?

5 MS. FINCHER: Object to the form.

6 A. No, we did participate with a lot of
 7 buying groups. I'm not sure why I would say
 8 that to them.

9 Q. Would you tell anybody else within
 10 Schein we do not participate with all buying
 11 groups?

12 MS. FINCHER: Object to the form.

13 A. I may have made the statement that we
 14 do not participate with all buying groups.
 15 You did say "all" in there, correct?

16 Okay.

17 Q. Yes.

18 Would you have made the statement to
 19 someone internal at Schein, "Unified Smiles is a
 20 buying group that we do not participate with, as
 21 with all buying groups"?

22 MS. FINCHER: Object to the form.

23 Jasmine, if you have a document you
 24 want to show him, feel free to do that. I
 25 just want to be efficient with our time

1 CONFIDENTIAL - RANDALL FOLEY
 2 here.

3 A. No, I don't know why I would say --
 4 use the term "as with all buying groups," as I
 5 had buying groups.

6 Q. I'm going to hand you a document
 7 that's been premarked for identification as
 8 CX2063. The first page of the document is
 9 Bates-stamped Henry Schein-000177549.

10 Please take a moment to review CX2063
 11 and let me know when you're ready.

12 (Exhibit CX2063-001 through 005, a
 13 document bearing Bates Nos. Henry
 14 Schein-000177549 through 553, marked for
 15 identification, as of this date.)

16 MS. FINCHER: Why don't you start all
 17 the way at the back, Randy, and read up.

18 THE WITNESS: Okay.

19 BY MS. ROSNER:

20 Q. Have you had an opportunity to review
 21 CX2063?

22 A. Yes.

23 Q. This is a multi-page e-mail with a
 24 one-page Word attachment. The top e-mail, last
 25 in time, is from you on December 21, 2011; is

1 CONFIDENTIAL - RANDALL FOLEY
 2 that right?

3 A. That's correct.

4 Q. You drafted this e-mail as part of
 5 your job?

6 A. Yes, I did.

7 Q. It's part of your job to communicate
 8 about potential customers of Schein?

9 A. Yes.

10 Q. You have knowledge of the contents of
 11 CX2063?

12 MS. FINCHER: Object to the form.

13 A. Yes.

14 Q. You drafted the e-mail in CX2063 at or
 15 near the time you received a request from
 16 Unified Smiles?

17 A. Yes.

18 Q. You drafted the e-mail in CX2063 and
 19 kept it in the course of regularly conducted
 20 business?

21 A. Yes.

22 Q. CX2063 is a true and correct copy of
 23 your e-mail correspondence?

24 MS. FINCHER: Object to the form.

25 A. Yes.

1 CONFIDENTIAL - RANDALL FOLEY
 2 Q. In the top e-mail of CX2063, you're
 3 writing to Hal Muller, Debbie Foster and John
 4 borrower, and you say, "What timing. I just
 5 sent the former owners of GEDC a note explaining
 6 that we cannot participate in their company,
 7 Unified Smiles, as it's basically a buying
 8 group."

9 Did I read that correctly?

10 A. You did.

11 Q. You're telling folks within Schein
 12 we're not participating with Unified Smiles
 13 because it's a buying group?

14 MS. FINCHER: Object to the form.

15 A. Can you say that again, please?

16 Q. You're telling folks within Schein
 17 that Schein is not participate with Unified
 18 Smiles because it's a buying group?

19 MS. FINCHER: Object to the form.

20 A. That's what I'm stating here in this
 21 e-mail.

22 Q. Any reason to suggest that what you're
 23 saying in this e-mail is -- is inaccurate?

24 MS. FINCHER: Object to the form.

25 A. I'm not going into the details that

1 CONFIDENTIAL - RANDALL FOLEY
 2 Unified Smiles is basically wanting to be on
 3 price only and that they actually want Great
 4 Expressions' pricing model, which I refused to
 5 give them.

6 Q. You don't say "price only" anywhere?

7 MS. FINCHER: Object to the form.

8 A. No, but that's my conclusion when I
 9 met with them.

10 Q. Anyone receiving this e-mail doesn't
 11 understand that you're referring to a price-only
 12 buying group?

13 MS. FINCHER: Object to the form.

14 Vague. Calls for speculation. Asked and
 15 answered.

16 Go ahead.

17 A. Based on how I wrote it, I wouldn't
 18 see how they would -- I make that draw, that
 19 conclusion. I don't think they may make that
 20 conclusion, come to that conclusion.

21 Q. You can put that document aside.

22 I'm going to hand you another document
 23 that's been premarked for identification as
 24 CX2073. The first Bates on this document is
 25 Henry Schein-000171851.

1 CONFIDENTIAL - RANDALL FOLEY
 2 Please take a moment to review CX2073
 3 and let me know when you're done.
 4 (Exhibit CX2073-001 through 003, a
 5 document bearing Bates Nos. Henry
 6 Schein-000171851 through 851-002, marked for
 7 identification, as of this date.)

8 MS. FINCHER: Randy, why don't you
 9 start at the back of the e-mail chain and
 10 read up.

11 THE WITNESS: Okay.

12 MS. FINCHER: You've had a moment to
 13 review CX2073?

14 THE WITNESS: Yes.

15 BY MS. ROSNER:

16 Q. This is an e-mail chain that you had
 17 with members from Colgate. The top e-mail on
 18 the chain, latest in time, is dated December 20,
 19 2013; is that right?

20 A. Yes.

21 Q. You drafted e-mails in this e-mail
 22 chain as part of your job?

23 A. Yes.

24 Q. It's part of your job to communicate
 25 with vendor partners such as Colgate?

1 CONFIDENTIAL - RANDALL FOLEY
 2 A. Yes.
 3 Q. You have knowledge of the contents of
 4 declaration 2073?

5 MS. FINCHER: Object to the form of
 6 the.

7 A. Yes.

8 Q. You drafted the e-mail in CX2073 at or
 9 near the time that you got a request from
 10 Colgate?

11 MS. FINCHER: Object to the form.

12 A. Yes.

13 Q. You drafted the e-mail in CX2073 and
 14 kept it in the course of regularly conducted
 15 business?

16 A. Yes.

17 Q. CX2073 is a true and correct copy of
 18 your e-mail correspondence?

19 MS. FINCHER: Object to the form.

20 A. Yes.

21 Q. At the top e-mail of CX2073, you
 22 write, "It's a buying group that we do not
 23 participate with, as with all buying groups."

24 Did I read that correctly?

25 A. You read it correctly.

1 CONFIDENTIAL - RANDALL FOLEY
 2 Q. You're telling Colgate that Unified
 3 Smiles is a buying group, right?
 4 MS. FINCHER: Object to the form.
 5 A. Yes.
 6 Q. You're telling Colgate that Schein
 7 does not participate with buying groups?
 8 MS. FINCHER: Object to the form.
 9 A. I am saying that, but I don't
 10 understand why I said that when we do
 11 participate in buying groups.
 12 Q. Schein participates with buying
 13 groups, but you're telling a customer that
 14 Schein does not? Let me strike that.
 15 Schein participates with buying
 16 groups, but you're telling a vendor partner that
 17 Schein does not participate in buying groups?
 18 MS. FINCHER: Object to the form.
 19 A. Correct.
 20 Q. Why is that?
 21 A. I don't understand why I would say
 22 that, because at the time of this e-mail, I had
 23 \$10 million worth of revenue in buying groups.
 24 Q. Is there anything that would refresh
 25 your recollection as to why you would tell

1 CONFIDENTIAL - RANDALL FOLEY
 2 Colgate Schein does not do business with buying
 3 groups?
 4 MS. FINCHER: Object to the form.
 5 A. No.
 6 Q. Do you have any explanation for why
 7 you would tell Colgate we do not participate
 8 with buying groups?
 9 A. No.
 10 Q. You can set that e-mail aside.
 11 Neither HSD or Special Markets will
 12 participate in buying groups of any kind?
 13 MS. FINCHER: Object to the form.
 14 Mischaracterizes the testimony.
 15 Go ahead.
 16 A. Can you say that again?
 17 Q. Neither HSD or Special Markets will
 18 participate in buying groups of any kind?
 19 A. That's not true.
 20 MS. FINCHER: Object to the form.
 21 Go ahead.
 22 A. That is not an accurate statement.
 23 Q. Handing you a document that has been
 24 premarked for identification as CX2067. This is
 25 a document where the first page bears the Bates

1 CONFIDENTIAL - RANDALL FOLEY
 2 label Henry Schein-0007 -- sorry, Henry
 3 Schein-000177564.
 4 Please take a moment to review CX2067
 5 and let me know when you're done.
 6 (Document review.)
 7 (Exhibit CX2067-001 through 002, a
 8 document bearing Bates Nos. Henry
 9 Schein-000177564 through 565, marked for
 10 identification, as of this date.)
 11 THE WITNESS: Okay.
 12 BY MS. ROSNER:
 13 Q. You've had an opportunity to review
 14 CX2067?
 15 A. Yes.
 16 Q. This is an e-mail chain with the last
 17 in line e-mail authored by you on April 11,
 18 2012; is that right?
 19 A. Yes.
 20 Q. You wrote the last e-mail in this
 21 chain as part of your job?
 22 A. Yes.
 23 Q. It's part of your job to respond to
 24 requests about customers?
 25 A. Yes.

1 CONFIDENTIAL - RANDALL FOLEY
 2 Q. You have knowledge of the contents of
 3 CX2067?
 4 A. Yes.
 5 Q. You drafted the e-mail in CX2067 at or
 6 near the time you received this question about a
 7 customer?
 8 A. Yes.
 9 Q. You drafted the e-mail in CX2067 and
 10 kept it in the course of regularly conducted
 11 business?
 12 A. Yes.
 13 Q. CX2067 is a true and correct copy of
 14 your e-mail correspondence?
 15 MS. FINCHER: Object to the form.
 16 A. Yes.
 17 Q. In the e-mail on the second page,
 18 CX2067-002, Troy Neil discusses 50 doctors in a
 19 study club that want to create a buying group;
 20 is that your understanding?
 21 MS. FINCHER: Object to the form.
 22 A. That is correct.
 23 Q. And on the e-mail on page CX2067-001,
 24 Debbie Foster responds to Mr. Neil; is that
 25 right?

1 CONFIDENTIAL - RANDALL FOLEY

2 A. That's correct.

3 Q. And Debbie Foster reports to you?

4 A. Yes, at this time.

5 Q. Debbie Foster says, "Neither HSD or
6 Special Markets will participate in buying
7 groups of any kind. They just erode our margins
8 and rarely bring any new business to the table.
9 Sorry."

10 Did I read that correctly?

11 A. You read that properly.

12 Q. Debbie is saying that Schein doesn't
13 participate in buying groups of any kind?

14 MS. FINCHER: Object to the form.

15 Are you asking him if that's what she
16 wrote in her e-mail?

17 A. I'm sorry. Can you ask again? I
18 didn't hear you.

19 Q. Debbie is saying Schein does not
20 participate in buying groups of any kind?

21 MS. FINCHER: Object to the form.

22 A. That's what Debbie is saying.

23 Q. That's your understanding of what
24 Debbie is saying?

25 A. That's --

1 CONFIDENTIAL - RANDALL FOLEY

2 MS. FINCHER: Object to the form.

3 A. Yes, that's what Debbie is stating
4 here.

5 Q. You later respond and say, "We get a
6 lot of these requests and have to say no. Did a
7 few and it only led the issues."

8 Did I read that correctly?

9 A. Yes, you did.

10 Q. You were agreeing with Debbie that we
11 have to say no to the study club trying to
12 create a buying group?

13 MS. FINCHER: Object to the form.

14 Go ahead.

15 A. I am agreeing in this particular
16 situation that we get requests from study groups
17 and we have to say no to them, but I'm not
18 agreeing with we don't participate with all
19 buying groups, as she's stating below. She's
20 not being specific here. This is a study group.

21 Q. When Debbie says, "Neither HSD or
22 Special Markets participates in buying groups of
23 any kind," what do you interpret that to mean?

24 MS. FINCHER: Object to the form.

25 Asked and answered.

1 CONFIDENTIAL - RANDALL FOLEY

2 You can answer again.

3 A. That she doesn't understand our
4 policy. Because both divisions do participate
5 in buying groups.

6 Q. As Debbie's supervisor --

7 A. Her --

8 MS. FINCHER: Let her finish her
9 question, Randy.

10 Q. -- is it your responsibility to ensure
11 that Debbie understands the policies of Schein?

12 MS. FINCHER: Object to the form.

13 A. Yes, but she -- that should have been
14 brought to our attention to do a deeper dive
15 into the customer. It's not her decision to say
16 we're going to do business with A or B. I got
17 it from the fact that they're a study group.

18 Q. So Debbie is telling Mr. Troy Neil
19 that Schein does not do business with buying
20 groups of any kind?

21 MS. FINCHER: Object to the form.

22 Asked and answered.

23 A. Yes, she is stating that to him.

24 Q. Who is Troy Neil?

25 A. Troy Neil I believe was the -- is the

1 CONFIDENTIAL - RANDALL FOLEY

2 regional manager for the Southeast. I think he
3 was based out of Atlanta, where, by the way, we
4 have a buying group under him with about 40
5 locations called Dental Partners of Georgia, a
6 buying group, no ownership.

7 Q. When you initially received this
8 e-mail, did you have any response to Debbie's
9 statement, "Neither HSD or Special Markets will
10 participate in buying groups of any kind"?

11 MS. FINCHER: Object to the form.

12 Are you asking outside of the context
13 of the e-mail you're looking at?

14 MS. ROSNER: Yes.

15 THE WITNESS: I'm sorry. You have to
16 do this again.

17 MS. FINCHER: Let her rephrase her
18 question.

19 BY MS. ROSNER:

20 Q. When you received this e-mail, did you
21 have any reaction to Ms. Foster's statement,
22 "Neither HSD or Special Markets will participate
23 in buying groups of any kind"?

24 MS. FINCHER: Object to the form.

25 A. No, at the time I just simply said,

1 CONFIDENTIAL - RANDALL FOLEY
2 Troy, we get a lot of these requests. Didn't
3 even -- and I meant requests from that this is
4 a -- what do you call it? A study group, and
5 then moved on to a bigger topic.

6 Q. Ms. Foster is communicating to the
7 field about a policy regarding buying groups?

8 MS. FINCHER: Object to the form.

9 A. She is thinking that that is a policy
10 or making an inaccurate statement.

11 Q. As Ms. Foster's supervisor, would you
12 take it upon yourself to correct her inaccurate
13 statement?

14 MS. FINCHER: Object to the form.

15 A. Correct, but I didn't look at it as
16 being a big deal. Obviously, I just read right
17 over it.

18 Q. Why was it not a big deal?

19 MS. FINCHER: Object to the form.

20 A. Because I agreed that this particular
21 buying -- I'm sorry, this particular situation
22 with a study group and not getting into the
23 details, and not correcting her, no, if it's a
24 study or, Deb, we need to do this, I don't know
25 if I took it offline and explained it to her, I

1 CONFIDENTIAL - RANDALL FOLEY
2 can't remember, but just to get back to Troy, we
3 get a lot of these and say no to the buying, and
4 I was responding to that. Maybe I just glossed
5 right over the whole statement and found it not
6 to be important to respond to.

7 Q. Did you ever clarify with Troy Neil
8 that Ms. Foster's statement about not doing
9 business with any kind of buying group was
10 wrong?

11 A. No, but he should know because he had
12 Dental Partners of Georgia under his control,
13 which is a buying group. It fell under his
14 numbers, if I remember correctly.

15 Q. You can put this one aside.

16 A. Okay.

17 Q. I'm going to hand you a document
18 that's been premarked as CX2065. The first page
19 of this document is marked Henry
20 Schein-000167972. Please take a moment to
21 review CX2065 and let me know once you have
22 familiarized yourself with the document.

23 (Exhibit CX2065-001 through 003, a
24 document bearing Bates Nos. Henry
25 Schein-000167972 through 974, marked for

1 CONFIDENTIAL - RANDALL FOLEY
2 identification, as of this date.)
3 (Document review.)

4 THE WITNESS: Okay.

5 BY MS. ROSNER:

6 Q. You've had a moment to review CX20675?

7 A. Yes.

8 Q. This is an e-mail sent from Debbie
9 Foster to you on February 21, 2012, correct?

10 A. That's correct.

11 Q. And Debbie attaches a Word document
12 that's located at CX2065-002; is that right?

13 A. That's correct.

14 Q. The title of that document is
15 "Definition of a DSO that would fall under SM,"
16 correct?

17 MS. FINCHER: Object to the form.

18 A. Correct.

19 Q. In the e-mail that Debbie sends you,
20 she says, "Can you take a look at the following
21 presentation I made up using a bunch of the
22 e-mails and documents you have given me?"

23 Did I read that right?

24 A. You read that right.

25 Q. So Debbie created the attached

1 CONFIDENTIAL - RANDALL FOLEY
2 document that she's sending you, right?

3 MS. FINCHER: Object to the form.

4 A. Apparently so.

5 Q. And she created it based on
6 information you had given her, correct?

7 A. According to her.

8 Q. Do you have any reason to suggest that
9 that's not accurate?

10 A. No.

11 MS. FINCHER: Object to the form.

12 THE WITNESS: I'm sorry.

13 No.

14 BY MS. ROSNER:

15 Q. If you turn to the document on
16 CX2065-002, the second-to-last heading reads,
17 "Definition of a Buying Group: Neither SM Nor
18 HSD Would Take On."

19 Did I read that correctly?

20 A. Yes.

21 Q. What's your understanding of the
22 statement "Definition of a Buying Group:
23 Neither SM Nor HD Would Take On"?

24 A. She's stating that, based on the
25 conditions below, that heading, that this

1 CONFIDENTIAL - RANDALL FOLEY
2 customer -- this person would not qualify to be
3 a customer of Henry Schein.

4 Q. Ms. Foster mentioned that she had put
5 this paper together based on information that
6 she had received from you.

7 What information did you give her that
8 would enable her to say that Special Markets and
9 HSD do not do business with buying groups?

10 MS. FINCHER: Object to the form.

11 Mischaracterizes the document.

12 Go ahead.

13 A. Yeah, I do not remember this document.
14 I don't remember sending her what she's stating
15 here, and I don't remember ever seeing this
16 document from her.

17 Q. When you receive e-mails from your
18 direct reports, do you have a tendency to ignore
19 them?

20 MS. FINCHER: Object to form.

21 A. I may not get to all of them. I get a
22 couple hundred e-mails a day. So, I'm not sure.
23 I really -- I don't know if I ever responded to
24 this. Is there a response to it?

25 Q. Do you recall responding to this

1 CONFIDENTIAL - RANDALL FOLEY
2 e-mail?

3 A. No, I do not.

4 Q. Do you agree with what Ms. Foster has
5 written?

6 A. No, I don't --

7 MS. FINCHER: Objection.

8 THE WITNESS: I'm sorry.

9 MS. FINCHER: Go ahead.

10 THE WITNESS: No, I don't see with
11 what she said.

12 BY MS. ROSNER:

13 Q. When you don't agree with something
14 that one your direct reports has said, do you
15 take it upon yourself to correct them?

16 A. I generally do.

17 MS. FINCHER: Object to the form.

18 A. That is my goal.

19 Q. You can put that aside.

20 Are you familiar with the buying group
21 the Atlantic Dental Group out of Virginia?

22 A. Yes.

23 Q. Schein believed that Atlantic Dental
24 Group out of Virginia was going to be a group of
25 dentists trying to get a discount on supplies?

1 CONFIDENTIAL - RANDALL FOLEY

2 MS. FINCHER: Object to the form.

3 A. I don't remember specific where it
4 started and where it ended up, but there were
5 different -- at different stages, we were
6 finding out different information about them.

7 Q. Schein believed that Atlantic Dental
8 Group was going to be a group of dentists trying
9 to get discounts on supplies which Schein
10 doesn't do?

11 MS. FINCHER: Object to the form.

12 A. No, I believe we had a call to discuss
13 what their business model was with the local
14 team, and the only reason I was on the call is
15 to determine whether this buying group, if it is
16 a buying group, was going to fall under HSD, or
17 if it was a DSO, should it fall under my team.

18 Q. Are you disputing that Atlantic Dental
19 was going to be a group of dentists trying to
20 get a discount on supplies which Schein doesn't
21 do?

22 MS. FINCHER: Object to the form.

23 A. I would disagree with that statement.

24 Q. Handing you a document that's been
25 premarked as Exhibit 2071. It bears the Bates

1 CONFIDENTIAL - RANDALL FOLEY
2 stamp on the first page of Henry
3 Schein-000164541. Please take a moment to
4 familiarize yourself with CX2071 and let me know
5 when you're ready.

6 (Exhibit CX2071-001 through 003, a
7 document bearing Bates Nos. Henry
8 Schein-000164541 through 543, marked for
9 identification, as of this date.)

10 (Document review.)

11 THE WITNESS: Okay.

12 BY MS. ROSNER:

13 Q. You've had an opportunity to review
14 CX2071?

15 A. Yes.

16 Q. Is CX2071 an e-mail chain between you
17 and Chad Thompson of Heartland Dental Care?

18 A. Yes.

19 Q. The top e-mail in the chain is from
20 April 5, 2013.

21 You drafted the e-mails in CX2071 as
22 part of your job?

23 A. Yes.

24 Q. It's part of your job to respond to
25 customers such as Heartland Dental?

1 CONFIDENTIAL - RANDALL FOLEY

2 A. Yes.

3 Q. You have knowledge of the contents of
4 CX2071?

5 A. Yes.

6 Q. You drafted CX2071 at or near the time
7 you had an inquiry about Atlantic Dental Care?

8 MS. FINCHER: Object to the form.

9 A. Yes.

10 Q. The -- you drafted CX2071 and kept it
11 in the course of regularly conducted business?

12 A. Yes.

13 Q. CX2071 is a true and correct copy of
14 your e-mail correspondence?

15 MS. FINCHER: Object to the form.

16 A. Yes.

17 Q. In the e-mail on page CX2071-002, you
18 were asking Mr. Thompson if he knows of Atlantic
19 Dental Group out of Virginia; is that right?

20 A. That's correct.

21 Q. You include a couple of bullets that
22 suggest that Atlantic Dental is one corporate
23 structure, unified group of mature practices; is
24 that right?

25 MS. FINCHER: Object to the form.

1 CONFIDENTIAL - RANDALL FOLEY

2 A. Yes.

3 Q. On the first page, CX2071-001, you
4 tell Mr. Thompson, "This is going to be a group
5 of dentists trying to get a discount on
6 supplies, which we don't do."

7 Did I read that correctly?

8 A. Yes.

9 Q. So Schein does not give discounts on
10 supplies to buying groups of dentists?

11 MS. FINCHER: Object to the form.

12 Asked and answered.

13 You can answer it again.

14 A. No, that is not an accurate statement.

15 Q. You drafted an inaccurate statement to
16 Mr. Chad Thompson of Heartland Dental?

17 A. Your statement was general. This is
18 not -- this is a statement that I don't go into
19 detail on, but I'm basically saying we don't
20 give a discount on supplies. People who just
21 want -- that want to be a price-only-type group.

22 Q. Where in the e-mail do you talk about
23 Atlantic Dental being a price-only group?

24 MS. FINCHER: Object to the form.

25 A. I don't need to -- I'm not going into

1 CONFIDENTIAL - RANDALL FOLEY

2 it with Chad. I'm asking Chad is this a DSO, is
3 why I'm reaching out to him, do you know about
4 it, and then I just simply said, Thanks for
5 checking. Looks like it's going to just be a
6 group of dentists looking for discounted
7 pricing, and nothing more.

8 Q. And Schein does not work with dentists
9 looking for discounted pricing?

10 MS. FINCHER: Object to the form.

11 Mis- --

12 A. It goes --

13 Sorry.

14 MS. FINCHER: Let me object.

15 Object to the form. Mischaracterizes
16 the testimony.

17 You can go ahead.

18 THE WITNESS: I'm not getting into the
19 level that that response to Chad Thompson.

20 BY MS. ROSNER:

21 Q. But you conveyed to Chad Thompson that
22 Schein doesn't do discounts with groups of
23 dentists seeking discounts?

24 MS. FINCHER: Object to the form.

25 A. I said that. I could have said did

1 CONFIDENTIAL - RANDALL FOLEY

2 not get a discount -- they only get discount on
3 supplies and nothing else, but I didn't need to
4 get into that detail with him.

5 Q. Why didn't you need to get into that
6 level of detail with him?

7 A. I don't need to share that with a
8 customer.

9 Q. Does it bother you to send inaccurate
10 information to a customer?

11 MS. FINCHER: Object to the form.

12 A. It bothers me to send inaccurate
13 information, but it's that that I wasn't as
14 specific as I could have been by reading how I
15 respond to this e-mail. It's irrelevant to the
16 customer.

17 Q. You can put this document aside.

18 Are you familiar with a buying group
19 called Sunrise?

20 A. No.

21 Q. Schein said no to Sunrise because they
22 were more of a buying group?

23 MS. FINCHER: Object to the form.

24 A. They don't ring a bell.

25 Q. Handing you a document that's been

1 CONFIDENTIAL - RANDALL FOLEY
2 premarked as CX2072. The first page is
3 Bates-stamped Henry Schein-000165168. Please
4 take a moment to review CX2072 and let me know
5 once you've had a chance to review it.

6 (Exhibit CX2072-001, a document
7 bearing Bates Nos. Henry Schein-000165168,
8 marked for identification, as of this date.)

9 (Document review.)

10 THE WITNESS: Okay.

11 BY MS. ROSNER:

12 Q. You've had a chance to review CX2072?

13 A. Yes.

14 Q. It's an e-mail exchange between you
15 and Philip Toh. The top e-mail latest in time
16 is dated August 1, 2013; is that right?

17 A. That's correct.

18 Q. You wrote the e-mail in 2072 as part
19 of your job?

20 A. Yes.

21 Q. It's part of your job to communicate
22 about potential customers for Schein?

23 A. Yes.

24 Q. You have knowledge of the contents of
25 CX2072?

1 CONFIDENTIAL - RANDALL FOLEY

2 A. Yes.

3 Q. You drafted the e-mail in CX2072 at or
4 near the time you got a question about potential
5 buying group customers?

6 A. Yes.

7 Q. You drafted the e-mail in CX2072 and
8 kept it in the course of regularly conducted
9 business of Schein?

10 A. Yes.

11 Q. CX2072 is a true and correct copy of
12 your e-mail correspondence?

13 MS. FINCHER: Object to the form.

14 A. Yes.

15 Q. The very first line in your e-mail
16 says, "No on Sunrise, as they are more of a
17 buying group."

18 Did I read that correctly?

19 A. Yes.

20 Q. Who is Philip Toh?

21 A. He was part of our inside business
22 development at Special Markets, customer
23 development. He reported directly to Hal
24 Muller.

25 Q. And so you're telling Philip that

1 CONFIDENTIAL - RANDALL FOLEY
2 Special Markets is not doing business -- strike
3 that.

4 You're telling Philip that Schein is
5 not doing business with Sunrise because it's
6 more of a buying group?

7 MS. FINCHER: Object to the form.

8 A. That Special Markets is not doing
9 business with them.

10 Q. If Sunrise were to gain ownership in
11 its practices, would Schein be interested in
12 pursuing Sunrise as a customer?

13 MS. FINCHER: Object to the form.

14 A. Special Markets would have been
15 interested if they gained -- Andrea was working
16 on that.

17 I believe they eventually became a
18 customer, by the way.

19 Q. You can put that document aside.

20 Schein's North Carolina team was
21 entertaining a bid at one point to Synergy
22 Dental Partners?

23 MS. FINCHER: Object to the form.

24 A. That one does not ring a bell to me.

25 Q. As with other buying groups, Schein

1 CONFIDENTIAL - RANDALL FOLEY
2 continued to say no to Synergy Dental Partners,
3 or at least tried to?

4 MS. FINCHER: Object to the form.

5 A. Again, Synergy does not ring a bell.

6 Q. I'm going to hand you a document
7 that's been previously marked CX2079. The first
8 page Bates is Henry Schein-000150250.

9 Please take a moment to review CX2079
10 and let me know when you're done.

11 (Exhibit CX2079-001 through 004, a

12 document bearing Bates Nos. Henry
13 Schein-000150250 through 253, marked for
14 identification, as of this date.)

15 (Document review.)

16 THE WITNESS: Okay.

17 BY MS. ROSNER:

18 Q. You've had a moment to review CX2079?

19 A. Yes.

20 Q. CX2079 is an e-mail chain. The
21 last-in-time e-mail is from Peter Jugoon dated
22 September 14, 2014; is that right?

23 A. That's correct.

24 Q. You respond in this e-mail chain on
25 September 14, 2014. You drafted this e-mail as

1 CONFIDENTIAL - RANDALL FOLEY
 2 parts of your job?
 3 A. Yes.
 4 Q. It's part of your job to communicate
 5 about potential customers for Schein?
 6 A. That's correct.
 7 Q. You have knowledge of the contents of
 8 CX2079?
 9 A. Yes.
 10 Q. You drafted the e-mail in CX2079 at or
 11 near the time you had -- someone raised a
 12 question for you about Synergy Dental Partners?
 13 MS. FINCHER: Object to the form.
 14 A. Yes.
 15 Q. You drafted the e-mail in CX2079 and
 16 kept it in the course of regularly conducted
 17 business?
 18 A. Yes.
 19 Q. CX2079 is a true and correct copy of
 20 your e-mail correspondence?
 21 MS. FINCHER: Object to the form.
 22 A. Yes.
 23 Q. Going to the e-mail that you draft on
 24 page CX2079-001, the bottom of the page, you
 25 say, "I believe our local North Carolina team

1 CONFIDENTIAL - RANDALL FOLEY
 2 was entertaining the option for Schein to be a
 3 distributor for this group, but later decided
 4 against it. As with other buying groups, we
 5 continue to say no (as least try)."
 6 Did I read that correctly?
 7 A. You read it correctly.
 8 Q. Schein was trying to say no to buying
 9 groups?
 10 MS. FINCHER: Object to the form.
 11 Asked and answered.
 12 You can answer it again.
 13 A. No, Schein was not saying no to buying
 14 groups.
 15 Q. What do you mean when you said Schein
 16 at least tries to say no to buying groups?
 17 MS. FINCHER: Object to the form.
 18 A. I'm not exactly sure why I said that,
 19 but I was not getting into the details with this
 20 person about who would qualify as a buying group
 21 as a Schein customer and who wouldn't.
 22 Q. Is there anything that would refresh
 23 your recollection as to why you would say,
 24 Schein continues to say no to buying groups, or
 25 at least tries to?

1 CONFIDENTIAL - RANDALL FOLEY
 2 A. No, because I continued to have buying
 3 groups and added buying groups.
 4 Q. Why wouldn't you get into the details
 5 with Peter Jagoon about why Schein does or does
 6 not do business with buying groups?
 7 MS. FINCHER: Object to form. Asked
 8 and answered.
 9 You can answer it.
 10 A. Can you rephrase that or reask that?
 11 Q. You mentioned that you didn't want to
 12 get into the details with this person regarding
 13 why Schein does or does not do business with
 14 buying groups.
 15 Why would you not want to get into the
 16 details with Peter Jagoon?
 17 MS. FINCHER: Object to the form.
 18 A. Because the question he asked, am I
 19 familiar with this group and do we do business
 20 with it, has been asked, and no, we don't do
 21 business with them. And then I made an
 22 additional comment that -- I don't understand
 23 why I would have to add it, but I simply said we
 24 don't do business with this group.
 25 Q. And you add, "As with other buying

1 CONFIDENTIAL - RANDALL FOLEY
 2 groups, we continue to say no (at least try
 3 to)."
 4 What were you trying to convey through
 5 that statement?
 6 A. I'm not sure what I was trying to
 7 convey at that time by making that statement
 8 because we have buying groups and we were
 9 working with them on a daily basis.
 10 Q. Is there anything that could refresh
 11 your recollection as to what you were trying to
 12 convey at that time with the statement, "As with
 13 other buying groups, we continue to say no (or
 14 at least try to)"?
 15 MS. FINCHER: Object to the form.
 16 A. No.
 17 Q. You can put this aside.
 18 We mentioned Tralongo today. Schein
 19 has had the opportunity to bid on the Tralongo
 20 buying group, correct?
 21 A. Yes.
 22 Q. Rhonda Durante and yourself both met
 23 with Tralongo?
 24 A. Yes, at one time.
 25 Q. Rhonda and you determined that

1 CONFIDENTIAL - RANDALL FOLEY
 2 Tralongo was a buying group and walked away?
 3 MS. FINCHER: Object to the form.
 4 A. I believe at a later date, Tralongo
 5 became a -- there was a part of Tralongo that
 6 became a buying group and we did know go in and
 7 bid, but while we were there, they had about 15
 8 locations that I believe we sent a bid on. So
 9 the timing on that -- there's two situations:
 10 Tralongo as a DSO and Tralongo created a buying
 11 group, and I can't remember the name of it.
 12 Q. For the Tralongo buying group, you
 13 decided it was a buying group and you walked
 14 away?
 15 MS. FINCHER: Object to the form.
 16 Mischaracterizes the testimony.
 17 A. I, yes, I recall that, instead of
 18 going in and bidding on that, we decided not to
 19 bid on it.
 20 Q. You directed Rhonda not to bid on the
 21 Tralongo buying group?
 22 A. I directed Rhonda not to meet with
 23 them any further about the buying group part of
 24 it because it was just based on price.
 25 Q. Okay.

1 CONFIDENTIAL - RANDALL FOLEY
 2 Q. MB2 was a \$2 million-plus merchandise
 3 customer for Schein?
 4 MS. FINCHER: Object to the form.
 5 A. Yes.
 6 Q. In addition to its DSO, MB2 sponsored
 7 a buying group on the side?
 8 MS. FINCHER: Object to the form.
 9 A. Yes.
 10 Q. MB2 sponsored the Dental Gator buying
 11 group?
 12 MS. FINCHER: Object to the form.
 13 A. That's correct.
 14 MS. FINCHER: Give me a moment to
 15 object.
 16 Go ahead.
 17 Q. Dental Gator did not have a ownership
 18 interest in its affiliated dentists?
 19 MS. FINCHER: Object to the form.
 20 A. To my knowledge, correct.
 21 Q. MB2 was using Dental Gator as a way to
 22 acquire practices?
 23 A. Yes, they're a way to get a foot in
 24 the door.
 25 Q. Through Dental Gator, MB2 pursued

1 CONFIDENTIAL - RANDALL FOLEY
 2 MS. ROSNER: We've been going about an
 3 hour. We can take a break, if that works.
 4 MS. FINCHER: Very quick bathroom
 5 break. Maybe like three minutes.
 6 MS. ROSNER: Off the record.
 7 THE VIDEOGRAPHER: The time is 2:52
 8 p.m. We're off the record.
 9 (Recess.)
 10 THE VIDEOGRAPHER: The time is 2:59
 11 p.m. We're on the record.
 12 BY MS. ROSNER:
 13 Q. Mr. Foley, I'm going to switch gears
 14 and talk about MB2 and Dental Gator.
 15 A. Okay.
 16 Q. You're familiar with MB2 and Dental
 17 Gator?
 18 A. Yes.
 19 Q. MB2 is a large DSO?
 20 A. Yes.
 21 Q. MB2 had an ownership interest in its
 22 dental practices?
 23 A. Yes.
 24 Q. MB2 was a Special Markets customer?
 25 A. Yes.

1 CONFIDENTIAL - RANDALL FOLEY
 2 offices by setting them up as consultant
 3 practices to win them eventually as MB2-owned
 4 offices?
 5 MS. FINCHER: Object to the form.
 6 A. That was their goal.
 7 Q. MB2 had some success converting Dental
 8 Gator offices to MB2-acquired practices?
 9 MS. FINCHER: Object to the form.
 10 A. I remember -- I remember here and
 11 there they would get a couple of them to do so,
 12 correct. I don't know what the percentage of
 13 success -- what the success rate was of that.
 14 Q. Special Markets got push-back from the
 15 private division on Dental Gator?
 16 MS. FINCHER: Object to the form.
 17 A. There was some push-back from some
 18 FSCs, I believe.
 19 Q. HSD did not like that Dental Gator was
 20 using MB2's formulary pricing for private
 21 dentists?
 22 MS. FINCHER: Object to the form.
 23 A. Say that -- repeat that. I'm sorry.
 24 Q. HSD did not like that Dental Gator was
 25 using MB2's formulary pricing for private

1 CONFIDENTIAL - RANDALL FOLEY
2 dentists?

3 MS. FINCHER: Object to the form.

4 A. That is incorrect. They did not like
5 that Dental Gator was leading in their -- in
6 their solicitation of clients based solely on
7 Henry Schein's pricing when they first started
8 out.

9 Q. MB2's formulary pricing is lower than
10 pricing available to private practice dentists
11 through HSD?

12 MS. FINCHER: Object to the form.

13 A. Okay. Again, rephrase that.

14 Q. MB2's formulary pricing is lower than
15 pricing available to private practice dentists
16 through HSD?

17 MS. FINCHER: Object to the form.

18 A. To most of the customers, there could
19 be exceptions where HSD customers got better
20 pricing than MB2, for the most part, yes.

21 Q. What would be an exception where an
22 HSD customer has better pricing than MB2's
23 formulary pricing?

24 MS. FINCHER: Object to the form.

25 A. The FSCs were able to override and

1 CONFIDENTIAL - RANDALL FOLEY
2 create certain pricing themselves, so we would
3 come across accounts that had very low GPs, you
4 know, for what they considered a good size
5 practice, and sometimes, again, their pricing
6 would be better on occasion than one of our
7 DSOs.

8 Q. Dental Gator did not have permission
9 to use MB2's formulary pricing for its private
10 practice members?

11 A. Correct, their contract again was
12 stated that this is your pricing for MB2, and we
13 have to have a different pricing plan for Dental
14 Gator.

15 Q. You felt that Henry Schein HSD was on
16 a high horse about no GPOs?

17 MS. FINCHER: Object to the form.

18 A. I don't recall that.

19 Q. You don't recall saying that someone
20 from HSD was on a high horse about no GPOs?

21 MS. FINCHER: Object to form.

22 A. Correct, I don't recall that.

23 Q. I'm handing you a document that has
24 been premarked as CX2078. The first page bears
25 the Bates number Henry Schein-001516940.

1 CONFIDENTIAL - RANDALL FOLEY
2 Please take a moment to review CX2078
3 and let me know when you're ready.

4 (Exhibit CX2078-001, a document
5 bearing Bates Nos. Henry Schein-001516940,
6 marked for identification, as of this date.)

7 (Document review.)

8 THE WITNESS: Okay.

9 BY MS. ROSNER:

10 Q. You've had an opportunity to review
11 CX2078?

12 A. Correct.

13 Q. CX2078 is an e-mail string. At the
14 top of the string, Hal Muller has an e-mail
15 dated July 9, 2014; is that right?

16 A. That is correct.

17 Q. Directly below that, you have an
18 e-mail that you write to Hal Muller of that same
19 date. You drafted this e-mail to Hal Muller as
20 part of your job?

21 A. Yes.

22 Q. It's part of your job to communicate
23 with Hal Muller about Special Markets accounts?

24 A. Yes.

25 Q. You have knowledge of the contents of

1 CONFIDENTIAL - RANDALL FOLEY
2 the e-mail in CX2078?

3 MS. FINCHER: Object to form.

4 A. Yes.

5 Q. You drafted the e-mail in CX2078 near
6 the time when there was a question about MB2?

7 A. Yes.

8 Q. You drafted the e-mail in CX2078 and
9 maintained it in the course of regularly
10 conducted business of Schein?

11 A. Yes.

12 Q. CX2078 is a true and correct copy of
13 your e-mail correspondence?

14 MS. FINCHER: Object to the form.

15 A. Yes.

16 Q. In the e-mail that you draft to Hal
17 Muller, you write, "Red alert. Don't include
18 Andrea on MB2 e-mails. She pissed at Daniel for
19 not keeping her on top of this customer. I
20 believe MB2 is fine with Daniel -- and he
21 doesn't ride the high horse of no GPO."

22 Did I read that properly?

23 A. You did.

24 Q. What does it mean to not ride the high
25 horse of no GPO?

1 CONFIDENTIAL - RANDALL FOLEY

2 MS. FINCHER: Object to the form.

3 A. This GPO would mean buying group, for
4 one thing, and this statement is that Andrea is
5 the one who's riding a high horse of being
6 stricter on rules of how the buying groups
7 should work, and --

8 Q. At --

9 A. And Daniel is not.

10 Q. At this time, Andrea is a member of
11 the Mid Markets group?

12 MS. FINCHER: Object to form.

13 A. Correct. She has now moved to Mid
14 Markets, and she has transitioned this account
15 over and is still hanging on.

16 Q. She's transitioned the MB2 account to?

17 A. Daniel.

18 Q. Daniel Hobson?

19 A. Correct.

20 Q. And Daniel Hobson reports to you in
21 Special Markets?

22 A. Correct.

23 Q. Why do you say that Andrea is on a
24 high horse of no GPO?

25 A. I'm not sure. Andrea's a little more

1 CONFIDENTIAL - RANDALL FOLEY

2 high-strung than Daniel, and she might go
3 ballistic -- I mean, not ballistic. It's a bad
4 term. She might overreact to a certain
5 situation such as this.

6 However, the situation was actually a
7 billing error, where the MB2 account was
8 attached to a private practice. All of this was
9 a waste of time, to be honest with you. This
10 has nothing to do with the buying group other
11 than somebody noticing, thinking that MB2 was
12 out sharing their pricing with somebody else
13 when there was an internal error that a private
14 dentist out of somewhere in Texas happened to be
15 assigned to their -- to their formulary in
16 error.

17 Q. You believed that Andrea was
18 overreacting to the mention of MB2 and a buying
19 group?

20 MS. FINCHER: Object to the form.

21 A. That may be not the best terminology.
22 Andrea can be very black and white into the
23 terms of a contract and might pursue the
24 customer as that you're not adhering to our
25 contract right to the tee.

1 CONFIDENTIAL - RANDALL FOLEY

2 Daniel would be more like, hey, guys,
3 you know, watch it, you need to be careful here.
4 Again, this has -- but this was a billing error,
5 and it didn't have to go any further after this
6 e-mail.

7 Q. You can put that e-mail aside.

8 HSD was all over Special Markets for
9 its relationship with Dental Gator?

10 MS. FINCHER: Object to the form.

11 A. I don't recall saying that. It's very
12 general.

13 Q. You don't recall thinking that HSD was
14 all over Special Markets for its relationship
15 with Dental Gator?

16 MS. FINCHER: Object to the form.

17 A. Correct, I don't recall stating that.

18 Q. Handing you a document that's been
19 premarked for identification as CX2091. The
20 first page is Bates-labeled Henry
21 Schein-000179530.

22 Please take a moment to review CX2091
23 and let me know when you're finished.

24 (Exhibit CX2091-001 through 004, a
25 document bearing Bates Nos. Henry

1 CONFIDENTIAL - RANDALL FOLEY

2 Schein-000179530 through 533, marked for
3 identification, as of this date.)

4 (Document review.)

5 THE WITNESS: Okay.

6 BY MS. ROSNER:

7 Q. You've had an opportunity to review
8 CX2091?

9 A. Yes.

10 Q. CX2091 is an e-mail string, the top
11 last-in-time e-mail is dated August 18, 2015,
12 drafted by you; is that correct?

13 A. That's correct.

14 Q. You drafted the e-mail in CX2091 as
15 part of your job?

16 A. Yes.

17 Q. It's part of your job to communicate
18 about Henry Schein customers?

19 A. Yes.

20 Q. You have knowledge of the contents of
21 CX2091?

22 A. Yes.

23 Q. You drafted CX2091 near or at the time
24 there was an inquiry about a particular Henry
25 Schein customer?

1 CONFIDENTIAL - RANDALL FOLEY
2 MS. FINCHER: Object to the form.

3 A. Correct.

4 Q. You drafted the e-mail in CX2091 and
5 kept it in the course of regularly conducted
6 business at Henry Schein?

7 A. Yes.

8 Q. CX2091 is a true and correct copy of
9 your e-mail correspondence?

10 A. Yes. I can look.

11 MS. FINCHER: Object to the form.

12 Q. At the last in line e-mail at the top
13 of the page on CX2091-001, you write, "I don't
14 get this. When Dental Gator created a similar
15 document and had a similar message, HSD was all
16 over us."

17 Did I read that correctly?

18 A. You did.

19 Q. So HSD was all over Special Markets
20 for the Dental Gator relationship?

21 MS. FINCHER: Object to the form.

22 Mischaracterizes the document.

23 Go ahead.

24 A. No, they were -- they were all over
25 the document and the message that Dental Gator

1 CONFIDENTIAL - RANDALL FOLEY
2 was sending out to its potential customers.

3 Q. HSD was all over Special Markets for
4 this Dental Gator document and message?

5 A. They did not like the document that
6 Dental Gator was promoting to its end-user which
7 just focused on the pricing of Schein and
8 included the pricing.

9 Q. I can take that document back.

10 You felt that you had a lot of
11 bullshit from HSD personnel regarding Dental
12 Gator?

13 MS. FINCHER: Object to the form.

14 A. That's a general statement.

15 Q. Would you say that you got a lot of BS
16 from HSD personnel regarding Dental Gator?

17 MS. FINCHER: Object to the form.

18 Again, in interest of time, Jasmine,
19 if you have a document you want to show him,
20 please go ahead and show him so we can honor
21 the witness's time.

22 A. I knew -- I knew we had a number of
23 local FSCs that struggled with the Dental Gator
24 model.

25 Q. Did you have anyone else within HSD

1 CONFIDENTIAL - RANDALL FOLEY
2 outside of FSC -- strike that.

3 Did you have anyone else within HSD
4 outside of FSCs that struggled with the Dental
5 Gator model?

6 A. The regional managers may join in with
7 them that they report up to.

8 Q. Other than regional managers and FSCs,
9 was there anyone else within HSD that struggled
10 with the Dental Gator model?

11 MS. FINCHER: Object to the form.

12 Answer if you know, but don't guess.

13 A. I -- I don't remember exactly if
14 anybody above that level objected to it. I
15 remember objections to how Dental Gator was
16 initially proposing their solution to end-users
17 and that we met with them and changed the
18 whole -- the way they presented.

19 Q. You got BS from Jake Meadows and
20 others about when buying groups existed under
21 Special Markets?

22 MS. FINCHER: Object to the form.

23 Asked and answered.

24 You can answer it again.

25 A. I remember that Jake Meadows -- now

1 CONFIDENTIAL - RANDALL FOLEY
2 that you have mentioned that, I remember that
3 Jake Meadows is the one that pointed out that
4 how Smile Source was promoting -- I'm sorry, not
5 Smile Source -- how Dental Gator was promoting
6 their buying group based solely on price as a
7 lead and nothing else.

8 Q. And you got BS from Jake Meadows and
9 others about Dental Gator?

10 MS. FINCHER: Object to the form.

11 Asked and answered.

12 You can answer it again.

13 A. Yeah, I -- he -- I just -- like I just
14 stated, he did not like the way they presented
15 their -- their information, and I had them
16 change it, Dental Gator.

17 Q. Special Markets was willing to work
18 with Dental Gator?

19 A. Yes.

20 Q. Special Markets did want -- did not
21 want to risk losing MB2 as a customer?

22 MS. FINCHER: Object to the form.

23 A. That is part of the reason, yes.

24 Q. You were confused by some of the
25 push-back from HSD on Dental Gator?

1 CONFIDENTIAL - RANDALL FOLEY
 2 MS. FINCHER: Object to the form.
 3 A. If I recall, yes.
 4 Q. Why?
 5 A. Because we showed that Dental Gator --
 6 that Andrea was able to put together, actually,
 7 an entire brochure, you know, for Dental Gator
 8 to help promote their services. So this was the
 9 type of buying group that we prefer to do
 10 business with. So I was confused as to why we
 11 were getting push-back.
 12 Q. And you were getting push-back from
 13 HSD?
 14 MS. FINCHER: Object to the form.
 15 Go ahead.
 16 A. From personnel within HSD.
 17 Q. HSD was pushing back on Special
 18 Markets' relationship with Dental Gator because
 19 Dental Gator was a buying group pursuing private
 20 practice dentists?
 21 MS. FINCHER: Object to the form.
 22 Mischaracterizes the testimony.
 23 A. No.
 24 Q. At the same time that HSD was pushing
 25 back on Dental Gator, HSD was bidding on Smile

1 CONFIDENTIAL - RANDALL FOLEY
 2 Source?
 3 MS. FINCHER: Object to the form.
 4 A. Based on the e-mail I recently looked
 5 at, yes.
 6 Q. Pushing back on Special Markets'
 7 relationship with Dental Gator and bidding on
 8 Smile Source seemed inconsistent to you?
 9 MS. FINCHER: Object to the form.
 10 A. That is correct.
 11 Q. Why is that?
 12 A. Here I would get push-back on a buying
 13 group within Special Markets, and yet here was
 14 HSD entering into a new relationship with a
 15 buying group that was totally -- not different
 16 at all from the one I was working at.
 17 Therefore, I interpreted it more that they're
 18 just upset that it's in Special Markets and not
 19 in HSD, not that it's a buying group.
 20 Q. In your opinion, Dental Gator offers
 21 services in addition to lower prices on
 22 supplies?
 23 A. Yes.
 24 Q. Dental Gator promoted Dentrix and
 25 Henry Schein Financial?

1 CONFIDENTIAL - RANDALL FOLEY
 2 A. Yes.
 3 Q. Dental Gator offered best practices
 4 for dental supplies?
 5 A. Yes.
 6 Q. Dental Gator offered lab services?
 7 A. From my knowledge, yes.
 8 Q. Dental Gator offered HR services?
 9 A. To my knowledge, yes.
 10 Q. Dental Gator offered legal services to
 11 its members?
 12 A. Correct. They extended the services
 13 that MB2 was familiar with and offered them to
 14 their end-users.
 15 Q. Did you think it was worthwhile for
 16 Schein to continue working with Dental Gator?
 17 A. Yes; and we always did.
 18 Q. Did you think it was worthwhile for
 19 Schein to continue helping Dental Gator to grow?
 20 A. Yes, we did help them promote their --
 21 promote their model.
 22 Q. HSD requested that Special Markets
 23 address the situation with Dental Gator?
 24 MS. FINCHER: Object to the form.
 25 A. They requested that. We had them

1 CONFIDENTIAL - RANDALL FOLEY
 2 modify how they're leading in to the dental
 3 practices with price only.
 4 Q. Special Markets needed to come up with
 5 a plan on how to deal with Dental Gator, as it
 6 was becoming very explosive?
 7 MS. FINCHER: Object to the form.
 8 A. We felt it was necessary to meet with
 9 Dental Gator and -- and have them adjust how
 10 they were selling themselves to the -- to the
 11 dental segment.
 12 Q. What was becoming explosive?
 13 MS. FINCHER: Object to the form.
 14 A. I don't know if that's a -- is that a
 15 term I used?
 16 Q. Have you ever said that --
 17 A. I -- okay.
 18 MS. FINCHER: Let her finish her
 19 question, Randy.
 20 THE WITNESS: I will.
 21 BY MS. ROSNER:
 22 Q. Have you ever said that Schein needed
 23 to come up with a plan on how to deal with
 24 Dental Gator, as it was becoming very explosive?
 25 A. I don't recall.

1 CONFIDENTIAL - RANDALL FOLEY
2 MS. FINCHER: Object to form.
3 THE WITNESS: Sorry.
4 I don't recall.

5 BY MS. ROSNER:

6 Q. I'm handing you a document that's been
7 premarked for identification as CX2081. The
8 first page has been Bates-stamped Henry
9 Schein-000104625.

10 Please take a moment to review CX2081
11 and let me know once you've had a chance to
12 familiarize yourself with it.

13 (Exhibit CX2081-001 through 005, a
14 document bearing Bates Nos. Henry
15 Schein-000104625 through 629, marked for
16 identification, as of this date.)

17 (Document review.)

18 THE WITNESS: Okay.

19 BY MS. ROSNER:

20 Q. You've had an opportunity to review
21 CX2081?

22 A. Yes.

23 Q. CX2081 is an e-mail string between
24 you, Hal Muller, and at times Daniel Hobson.
25 The last in line e-mail is written by Hal Muller

1 CONFIDENTIAL - RANDALL FOLEY
2 on November 10, 2014; is that right?

3 A. That is correct.

4 Q. You drafted e-mails in this e-mail
5 string as part of your job?

6 A. Yes.

7 Q. It's part of your job to correspond
8 with Hal Muller about Special Markets customers?

9 A. Yes.

10 Q. Do you have knowledge of the contents
11 of CX2081?

12 A. Yes.

13 Q. You drafted e-mails in CX2081 at or
14 near the time of the topics being raised that
15 are discussed therein?

16 A. Yes.

17 Q. You drafted e-mails in CX2081 and kept
18 them in the course of Schein's regularly
19 conducted business?

20 A. Yes.

21 Q. CX2081 is a true and correct copy of
22 your e-mail correspondence?

23 MS. FINCHER: Object to the form.

24 A. Yes.

25 Q. I want to alert your attention to page

1 CONFIDENTIAL - RANDALL FOLEY
2 4, so CX2081-004. At the top of the page is the
3 middle of an e-mail from you.

4 You write, "We have to come up with a
5 plan on how to deal with all of this, as it's
6 becoming very explosive."

7 Did I read that correctly?

8 A. Yes.

9 Q. You are referring to the need to come
10 up with a plan on buying groups, correct?

11 MS. FINCHER: Object to the form.

12 A. Yes.

13 Q. Why do you have to come up with a plan
14 on buying groups?

15 MS. FINCHER: Object to the form.

16 A. We have to come up with what exactly
17 it is how they want us -- the end-user to
18 promote their services. It's triggered by the
19 fact, again, that they're putting up on their
20 Web that they can save money on Henry Schein,
21 and then putting on LinkedIn additional
22 information that just leads in about Henry
23 Schein pricing.

24 So Hal's in a meeting about it. I'm
25 saying we need to get on the right -- on the

1 CONFIDENTIAL - RANDALL FOLEY
2 same page as to how to instruct these buying
3 groups the best way to promote their services
4 without looking like it's price only and
5 upsetting others in the company.

6 Q. This is an e-mail from 2014. At this
7 point in time, Schein has done business with
8 buying groups for quite a while is what your
9 testimony would be?

10 A. That is correct.

11 Q. Why is it that Schein is just now
12 coming up with a plan about how to deal with
13 buying groups?

14 MS. FINCHER: Object to the form.

15 Mischaracterizes the testimony.

16 Go ahead.

17 A. At the end of the day, there weren't
18 that many buying groups in comparison to private
19 practices and DSOs. So this was a very small
20 segment within the company, and even though I
21 might say, hey, they're coming at us left and
22 right, it's still not a major event that we were
23 sitting down and saying this is how we should
24 address all buying groups.

25 I'm kind of asking for, can we get to

1 CONFIDENTIAL - RANDALL FOLEY
 2 a form that everybody agrees to as to how we
 3 should sell to them. And I believe later in
 4 this e-mail I'm stating that I understand
 5 Kathleen, or it was in the previous e-mail, is
 6 actually going out to west Dallas with a buying
 7 group plan and we're moving them all to HSD for
 8 them to handle all the buying groups and get
 9 them off my plate.

10 Q. I guess what I don't understand is
 11 certainly we've seen e-mails and you've
 12 mentioned that buying groups are popping up left
 13 and right?

14 A. Uh-huh.

15 Q. You're getting a lot of requests for
 16 buying groups. Now you're saying there weren't
 17 that many buying groups. So which is it?

18 A. In respect to how many new clients
 19 were getting in the HSD world, it was minor, and
 20 as far as the growth we were achieving in the
 21 DSO segment, it was at double digits at that
 22 time. These were, in essence, you know, time --
 23 we were devoting time to them, but it appeared
 24 we're spending more time and more time and more
 25 time, and as it got bigger, I said, hey, look,

1 CONFIDENTIAL - RANDALL FOLEY
 2 guys, we've got to come up with a plan.

3 At first, it was easy being, you know,
 4 off the cuff, let's do this, let's do that,
 5 let's try this way, let's try that way, can
 6 somebody sit down and say exactly how is the
 7 best way to do this? So we're getting at that
 8 point. It was evolving.

9 Q. What do you mean when you say all of
 10 this was becoming very explosive?

11 MS. FINCHER: Object to the form.

12 A. Again, I don't understand why I would
 13 use the term "explosive." I would think that
 14 sometimes the way that FSC would -- what's
 15 happening to my customer could be kind of like
 16 high pressure, you know, explosive on their own,
 17 but they were that way even when a DSO would buy
 18 one of their practices.

19 Q. So when you mention "explosive,"
 20 you're talking about a tension between the FSCs
 21 and Special Markets?

22 MS. FINCHER: Object to the form.

23 Asked and answered.

24 A. Yes, I believe that's where I'm
 25 heading. That's where I get the most feedback

1 CONFIDENTIAL - RANDALL FOLEY
 2 between an FSC, and I had to spend a lot of my
 3 time even in the DSO segment working with FSCs
 4 to appease them.

5 Q. In the next sentence on page
 6 CX2081-004, you say, "Dental Gator. We can ask
 7 that they not lead with the savings on
 8 LinkedIn."

9 Did I read that correctly?

10 A. That is correct.

11 Q. You were proposing that Schein tell
 12 Dental Gator how to advertise its savings?

13 MS. FINCHER: Object to the form.

14 Mischaracterizes the document.

15 Go ahead.

16 A. Yes, we were asking them not to lead
 17 in on it. They could use LinkedIn, but don't
 18 make that the main focus. Make the other
 19 services that they offer.

20 Then I explain to Hal all the benefits
 21 of Dental Gator to help him in his meeting.

22 Q. So Special Markets asked Dental Gator
 23 to change the way they are presenting themselves
 24 so that they can remain a buying group with
 25 Schein?

1 CONFIDENTIAL - RANDALL FOLEY

2 MS. FINCHER: Object to the form.

3 Mischaracterizes the testimony and the
 4 document.

5 Go ahead.

6 A. Yes, we did meet with Dental Gator so
 7 that they would not come across as a buying
 8 group that was price only.

9 Q. You can put that document aside.

10 Dental Gator after this time no longer
 11 could promote savings through Schein?

12 MS. FINCHER: Object to the form.

13 Mischaracterizes the testimony.

14 Go ahead.

15 A. No, that's not accurate.

16 Q. Dental Gator was upset that they could
 17 not promote Schein while other buying groups
 18 could promote Schein?

19 MS. FINCHER: Object to the form.

20 A. I don't believe that they were told
 21 they could not project savings to end-users like
 22 we can save you 10 percent. I don't understand
 23 that statement, why I would say that. We did
 24 not want them to be the lead-in.

25 Q. I'm going to hand you a document

1 CONFIDENTIAL - RANDALL FOLEY
2 that's been previously marked as CX2088. The
3 first page of this document is Henry
4 Schein-000191074.

5 Please take a moment to review this
6 document and let me know when you're done with
7 CX2088.

8 (Exhibit CX2088-001, a document
9 bearing Bates Nos. Henry Schein-000191074,
10 marked for identification, as of this date.)

11 (Document review.)

12 THE WITNESS: Okay.

13 BY MS. ROSNER:

14 Q. You've had an opportunity to review
15 CX2088?

16 A. Yes.

17 Q. This is a one-page e-mail from you to
18 Hal Muller and Bill Harrison on May 20, 2015; is
19 that right?

20 A. Yes.

21 Q. You drafted this e-mail as part of
22 your job?

23 A. Yes.

24 Q. It's part of your job to correspond
25 with people at Schein about customers and buying

1 CONFIDENTIAL - RANDALL FOLEY
2 groups, generally?

3 MS. FINCHER: Go ahead.

4 A. Yes.

5 Q. You had knowledge of the contents of
6 the e-mail in CX2088?

7 A. Yes.

8 Q. You drafted CX2088 around the time of
9 the events described therein?

10 A. Yes.

11 Q. You drafted the e-mail in CX2088 and
12 maintained it in the course of regularly
13 conducted business at Schein?

14 A. Yes.

15 Q. CX2088 is a true and correct copy of
16 your e-mail correspondence?

17 MS. FINCHER: Object to the form.

18 A. Yes.

19 Q. In the fourth sentence of your e-mail,
20 you write, "Regarding DG, they are upset that we
21 are allowing the BG of Floss Dental to promote
22 Schein yet DG cannot."

23 Did I read that correctly?

24 A. You did.

25 Q. "DG" refers to Dental Gator?

1 CONFIDENTIAL - RANDALL FOLEY

2 A. Yes.

3 Q. And "BG" refers to buying group?

4 A. Yes.

5 Q. So Dental Gator is upset because they
6 can't promote Schein, while Floss Dental is
7 allowed to promote Schein?

8 MS. FINCHER: Object to the form.

9 A. That's what it states here. I'm not
10 sure if it details that we wouldn't allow them
11 to list pricing and yet we were allowing Floss
12 to list pricing. I can't see that we would not
13 promote Schein. You know, Schein as a company,
14 as a vendor, as a partner, we want that to be
15 promoted, we want to promote that as a selling
16 point to any of the buying group users.

17 Q. You wrote that DG's upset because they
18 can't promote Schein, but what you're saying is
19 what you meant was DG was upset because they
20 couldn't advertise savings through Schein?

21 A. That's what I believe I meant.

22 Because I've never heard of us not saying you
23 can't promote Schein as a partner. Never heard
24 of that.

25 Q. It's your understanding then that

1 CONFIDENTIAL - RANDALL FOLEY
2 Dental Gator was not allowed to advertise the
3 savings that its members could get through
4 Schein?

5 MS. FINCHER: Object to the form.

6 Mischaracterizes testimony.

7 Go ahead.

8 A. That it couldn't be the lead-in
9 savings; that it would be another part of the
10 features, okay? Not the main selling feature.

11 Q. Going back two sentences, you ask,
12 "Can we come up with some type of plan, either
13 from us or HSD?"

14 Did I read that correctly?

15 A. Yes, you did.

16 Q. You're asking Hal Muller and Bill
17 Harrison for Schein to come up with some type of
18 buying group plan?

19 A. Yes.

20 Q. This is in 2015. Why doesn't Schein
21 have a buying group plan at this point?

22 MS. FINCHER: Object to the form.

23 Mischaracterizes the document and the prior
24 testimony.

25 Go ahead.

1 CONFIDENTIAL - RANDALL FOLEY
 2 A. So now it's been five years since
 3 we've had OrthoSynetics and Smile Source, and
 4 we're seeing -- and here I'm stating how many
 5 more are coming across the plate, and I'm saying
 6 that it's time that we come up with rules as to
 7 is it -- is it HSD? Is it Special Markets?

8 And KT is now coming into the -- into
 9 the fold to help out with that, and so I said
 10 we've really got to come up with what our
 11 best -- what are our best practices. We need to
 12 systematize this more than it has been instead
 13 of it being off the cuff like it's been. It's
 14 becoming a bigger segment. We need to address
 15 it.

16 Q. At this time in 2015, the Mid Markets
 17 group within HSD had already been formed,
 18 correct?

19 A. Yes.

20 Q. And Mid Markets was supposed to be
 21 addressing buying groups?

22 MS. FINCHER: Object to the form.

23 A. What was that?

24 Q. Mid Markets was supposed to be
 25 addressing buying groups?

1 CONFIDENTIAL - RANDALL FOLEY

2 MS. FINCHER: Object to the form.

3 Can you specify what time you're
 4 asking about, Jasmine?

5 Q. Are you confused about my question?

6 A. Yes.

7 Q. We're referring to 2015.

8 A. Got it.

9 Q. And in 2015, Mid Markets had already
 10 been formed in HSD?

11 A. Yes.

12 Q. In 2015, it was established that Mid
 13 Markets would handle buying groups?

14 MS. FINCHER: Object to the form.

15 A. Yes, around that time. It was in
 16 place before I left in 2016.

17 Q. Mid Markets exists, and you are asking
 18 can we come up with some type of plan on buying
 19 groups, correct?

20 MS. FINCHER: Object to the form.

21 A. Correct.

22 Q. Why are you asking for a plan on
 23 buying groups if there's already one in place
 24 with Mid Markets?

25 MS. FINCHER: Object to the form.

1 CONFIDENTIAL - RANDALL FOLEY

2 Asked and answered.

3 A. There is not a plan at the level that
 4 I want there to be a plan, and KT -- and this is
 5 the start of it where they assign Brian Brady
 6 and some person out West -- I can't remember her
 7 name -- and Kathleen to help come up with a
 8 whole business plan as to how best to handle
 9 buying groups.

10 We're finally -- we're getting to that
 11 point where it's a better way of handling buying
 12 groups, and I'm stating, come on, we got to
 13 get -- we got to get on with this. I -- it
 14 wasn't --

15 Q. You --

16 A. It doesn't start immediately when we
 17 moved them to Mid Market. There was a lapse,
 18 you know, there was timing, and Kathleen is
 19 being engaged with a number of them.

20 Q. You mentioned there wasn't a plan up
 21 to the level of your liking.

22 What was the plan that existed at the
 23 time then?

24 MS. FINCHER: Object to the form.

25 A. It was more, again, off the cuff. You

1 CONFIDENTIAL - RANDALL FOLEY

2 know, this is a buying group. Let's put them on
 3 a P plan. They should lead with this. They
 4 don't want to be based on price. It was all
 5 just general, you know, thoughts. It wasn't
 6 like any written policy.

7 I actually wanted to get this more
 8 into a policy-type format or a -- I don't even
 9 know what the term would be. I've been retired
 10 too long. But into a systematic way of setting
 11 them up, coding them. You know, we didn't even
 12 have a code for them in our system as to that's
 13 just a buying group, and tracking and how -- and
 14 which division would be best for all of them.
 15 If HSD was it, so be it; if Special Markets was
 16 better, so be it.

17 Q. You can put that aside. Actually,
 18 I'll take that e-mail back.

19 Dental Gator was placed on a more
 20 restricted PG plan?

21 MS. FINCHER: Object to the form.

22 A. Yes.

23 Q. What is a PG plan?

24 A. A PG plan is a -- we have what's
 25 called a P plan, and that includes vendor

CONFIDENTIAL - RANDALL FOLEY
rebates or chargebacks in it, and we erroneously had MB -- we erroneously had put Dental Gator on MB2's plan.

So we created what was called a PG plan, and in the PG plan, it had the same 20 percent discount that Schein offered MB2 on things that are -- regardless, anything would get 20 percent off, but it had different formulary pricing that did not include chargebacks. So there were increases in items where the vendor partners would not participate.

Q. Dental Gator had minimal growth since being put on a more restricted PG plan?

MS. FINCHER: Object to the form.

A. I'm not aware of that.

Q. You never said that Dental Gator's growth had been minimal since moving them to a more restricted PG plan?

MS. FINCHER: Object to the form.

A. I don't recall.

Q. I'm handing a document that's been premarked as CX2092. The first page Bates number is Henry Schein-000086962.

Please take a moment to review CX2092

CONFIDENTIAL - RANDALL FOLEY
and let me know when you're done.

(Exhibit CX2092-001 through 003, a document bearing Bates Nos. Henry Schein-000086962 through 964, marked for identification, as of this date.)

(Document review.)

THE WITNESS: Okay.

BY MS. ROSNER:

Q. You've had a moment to review CX2092?

A. Yes.

Q. It's an e-mail string. The top e-mail is from Jake Meadows dated September 14, 2015; is that right?

A. That is correct.

Q. Just below that, you respond to an e-mail to Jake Meadows on that same date. This is an e-mail that you drafted as part of your job?

A. Yes.

Q. It's part of your job to communicate with others in Schein about buying groups?

A. Yes.

MS. FINCHER: Object to the form.

Go ahead.

CONFIDENTIAL - RANDALL FOLEY
A. Yes.
Sorry.

Q. You have knowledge of the contents of CX2092?

A. Yes.

Q. You drafted the e-mail in CX2092 near or at the time you got a question about constraints placed on buying groups?

MS. FINCHER: Object to the form.

A. Yes.

Q. You drafted the e-mail in CX2092 and maintained it in the course of your regularly conducted business at Schein?

A. Yes.

Q. CX2092 is a true and correct copy of your e-mail correspondence?

MS. FINCHER: Object to the form.

A. Yes.

Q. If you go to the first page, CX2092-001, the second e-mail is the e-mail authored by you. The last sentence of your e-mail is, "SM has Dental Gator, but the growth has been minimal since we moved them to a more restrictive PG plan (unlike Breakaway who is on

CONFIDENTIAL - RANDALL FOLEY
an aggressive P plan)."

Did I read that correctly?

A. Yes.

Q. So Dental Gator's growth slowed since it was moved to a more restrictive PG plan?

MS. FINCHER: Object to from.

Mischaracterizes the document.

Go ahead.

A. Yes.

Q. You can put that document aside.

MS. ROSNER: Do you need a break or shall we continue?

THE WITNESS: I'm fine.

MS. FINCHER: Go ahead.

THE WITNESS: Yes.

BY MS. ROSNER:

Q. Around the time that you were dealing with HSD complaints about Dental Gator, Kathleen Titus was spearheading a new paradigm at HSD to participate in buying groups?

MS. FINCHER: Object to the form.

A. I believe so.

Q. This was a new paradigm for Schein?

MS. FINCHER: Object to the form.

CONFIDENTIAL - RANDALL FOLEY

A. No. We had already been working with buying groups. I believe Kathleen was trying to systematize it, as I requested.

Q. So this wasn't a new paradigm at Schein?

MS. FINCHER: Object to the form.

Asked and answered.

You can answer it again.

A. I don't know if we considered it a new paradigm. It was again assigning somebody like Kathleen and some other folks to focus on buying groups.

Q. Participating in buying groups was a new paradigm at HSD?

MS. FINCHER: Object to the form.

Asked and answered. Mischaracterizes the testimony.

You can answer it again.

A. To my knowledge, HSD had plenty of buying -- had a number of buying groups. So did SM. So nothing's new. There's no new paradigm on dealing with buying groups. We already were.

Q. I'm going to hand you a document that's been premarked as CX2089. The Bates

CONFIDENTIAL - RANDALL FOLEY

label is Henry Schein-001490712.

Take a moment to familiarize yourself with CX2089 and let me know when you're done.

(Exhibit CX2089-001, a document bearing Bates Nos. Henry Schein-001490712, marked for identification, as of this date.)

(Document review.)

THE WITNESS: Okay.

BY MS. ROSNER:

Q. You've had an opportunity to review CX2089?

A. Yes.

Q. The top e-mail in CX2089 is from Hal Muller dated July 1, 2015; is that right?

A. Yes.

Q. Below that is an e-mail from you with that same date to Hal Muller and Bill Harrison.

You drafted this e-mail in 2089 as part of your job?

A. Yes.

Q. It's part of your job to communicate about buying groups at Schein?

MS. FINCHER: Object to the form.

A. Yes.

CONFIDENTIAL - RANDALL FOLEY

Q. You have knowledge of the contents of CX2089?

A. Yes.

Q. You drafted the e-mail in CX2089 at or near the time you were thinking about buying groups at HSD?

MS. FINCHER: Object to the form.

A. Yes.

Q. You drafted the e-mail in CX2089 and maintained it in the course of regularly conducted business of Schein?

A. Yes.

Q. CX2089 is a true and correct copy of your e-mail correspondence?

MS. FINCHER: Object to form.

A. Yes.

Q. In your e-mail that you author, the first paragraph, second-to-last sentence reads, "I guess KT is spearheading a new paradigm at Schein." Strike that. "I guess KT is spearheading a new paradigm at HSD -- participating in buying groups."

Did I read that correctly?

A. Yes.

CONFIDENTIAL - RANDALL FOLEY

MS. FINCHER: Object to the form.

Go ahead.

A. Yes.

Q. The new paradigm at HSD is participating in buying groups?

MS. FINCHER: Object to the form.

Asked and answered. Mischaracterizes the testimony.

You can answer it again.

A. No, we were already participating in the buying groups.

Q. Do you understand your e-mail to say that participating in buying groups is a new paradigm at HSD?

MS. FINCHER: Object to the form.

Asked and answered.

A. I understand that KT is creating a better focus on the buying groups within the HSD segment.

Q. What do you mean by "a new paradigm at HSD -- participating in BGs"?

MS. FINCHER: Object to the form.

Asked and answered.

A. As we were already participating in

1 CONFIDENTIAL - RANDALL FOLEY
 2 Floss, which was under HSD, by the way, and now
 3 with Smile Source, again, she's simply creating
 4 programs around the buying groups that are
 5 more -- that could be transported and documented
 6 to other field reps.

7 Q. So your understanding of the phrase
 8 "participating in BGs" means creating a
 9 systematic program for buying groups?

10 A. Yes, a more systematic, documented way
 11 of dealing with buying groups, how to sell to
 12 them.

13 Q. And that's what you were communicating
 14 with the phrase "participating in BGs"?

15 A. Yes.

16 Q. Is that your understanding of what Mr.
 17 Muller and Mr. Harrison would have taken away
 18 from what you were writing?

19 MS. FINCHER: Object to the form.

20 A. Yes.

21 Q. Where do you say in your e-mail a
 22 systematic form of doing business with buying
 23 groups?

24 MS. FINCHER: Object to the form.

25 A. The fact that Kathleen is spearheading

1 CONFIDENTIAL - RANDALL FOLEY
 2 something, based on all of our knowledge of
 3 working with Kathleen, would mean that she's
 4 taking under her control and establishing rules
 5 and ways of interacting with buying groups and
 6 how to build that business.

7 That's typical of Kathleen. She has
 8 that capability. So it's an assumption that
 9 it's a new -- that she's spearheading a new
 10 paradigm. She's asking a lot of questions about
 11 all the buying groups, and she's meeting with
 12 the reps and regional managers. So they're on
 13 the move.

14 Q. You mention that this is an assumption
 15 about Kathleen Titus. This is an assumption
 16 that you're making, correct?

17 A. Yes, based on information I've been
 18 hearing from the field that Kathleen is -- and
 19 questions from Kathleen to me about buying
 20 groups, she's working on a plan, a business
 21 plan, to further our presence with buying
 22 groups.

23 Q. And you're trying to relay this
 24 assumption about Kathleen creating a systematic
 25 plan to Hal Muller and Bill Harrison?

1 CONFIDENTIAL - RANDALL FOLEY
 2 MS. FINCHER: Object to the form.

3 A. Yes, I am happy that we are coming up
 4 with a more specific plan and we'll have this
 5 more in black and white terms, and Hal is
 6 responding that Brian Brady is working on this
 7 too.

8 Q. I guess I'm having a difficult time
 9 seeing where you see these messaging conveyed
 10 about a systematic approach to buying groups.

11 MS. FINCHER: Object to the form.

12 Asked and answered about three or four
 13 times.

14 You can answer it again.

15 A. I'm seeing that in the terminology
 16 that she's spearheading a new paradigm for them.
 17 We're already there. It's not brand new to us,
 18 but she's spearheading a new way of working with
 19 them. Something to enhance it. That's how I
 20 read that. That's how I meant -- what I meant
 21 that to mean.

22 Q. And after the dash, "participating in
 23 buying groups," how does that relate to this new
 24 paradigm?

25 MS. FINCHER: Object to the form.

1 CONFIDENTIAL - RANDALL FOLEY
 2 Asked and answered.

3 Jasmine, respectfully, if you could
 4 please be -- Mr. Foley has answered the same
 5 question at least five or six times now.

6 A. That how HSD works with the buying
 7 groups.

8 Q. Going back a sentence or two, you're
 9 referring to Breakaway and you say, "It's really
 10 a BG competing with Gator and SS and appears
 11 that HSD is okay with these."

12 Did I read that correctly?

13 A. That's correct.

14 Q. So, referring to Breakaway, you say
 15 "it appears that HSD is okay with these."

16 Was HSD previously not okay with
 17 buying groups?

18 MS. FINCHER: Object to the form.

19 Asked and answered.

20 Answer it again.

21 A. They had buying groups. There were --
 22 again, this goes back to my statement that it
 23 seems that when there was a buying group under
 24 my division, Special Markets, there seemed to be
 25 an issue, some issues. When they're under HSD,

1 CONFIDENTIAL - RANDALL FOLEY
2 the issues seemed to disappear.

3 Breakaway was now underneath them.
4 All of a sudden, there's no problems with
5 Breakaway or issues. It's a frustration that
6 the issue wasn't that they're a buying group; it
7 was that they fell under Special Markets, and
8 I'm talking to all Special Markets personnel in
9 this e-mail whining.

10 Q. HSD was moving into the buying group
11 model?

12 MS. FINCHER: Object to the form.
13 Mischaracterizes the testimony.

14 A. They were already in the buying group
15 and they were enhancing how they would grow that
16 business.

17 Q. You wouldn't say that HSD was moving
18 into the buying group model?

19 MS. FINCHER: Object to the form.
20 Asked and answered.

21 You can answer it again.

22 A. They were already in the buying group.
23 They were already dealing with buying groups and
24 getting more involved with them.

25 Q. You can put that document aside.

1 CONFIDENTIAL - RANDALL FOLEY
2 I'm going to hand you a new document
3 that has been premarked for identification as
4 CX2095. The Bates stamp is Henry
5 Schein-000105142.

6 Please take a moment to review this
7 document and let me know when you're finished.

8 (Exhibit CX2095-001 through 002, a
9 document bearing Bates Nos. Henry
10 Schein-000105142 through 143, marked for
11 identification, as of this date.)

12 (Document review.)

13 THE WITNESS: Okay.

14 BY MS. ROSNER:

15 Q. You've reviewed CX2095?

16 A. Yes.

17 Q. This is an e-mail chain between you
18 and Hal Muller with Bill Harrison copied. The
19 last e-mail in time is on January 28, 2016; is
20 that right?

21 A. That's correct.

22 Q. You drafted an e-mail in this chain as
23 part of your job?

24 A. Yes.

25 Q. It's part of your job to communicate

1 CONFIDENTIAL - RANDALL FOLEY
2 with Hal Muller and Bill Harrison about buying
3 groups?

4 MS. FINCHER: Object to the form.

5 A. Yes.

6 Q. You have knowledge of the contents of
7 CX2095?

8 A. Yes.

9 Q. You drafted the e-mail in CX2095 at or
10 near the time that Hal was referencing the
11 assignment of buying groups in Schein?

12 MS. FINCHER: Object to the form.

13 A. Yes.

14 Q. You drafted e-mail in CX2095 and
15 maintained it in the course of regularly
16 conducted business of Schein?

17 A. Yes.

18 Q. CX2095 is a true and correct copy of
19 your e-mail correspondence?

20 MS. FINCHER: Object to the form.

21 A. Yes.

22 Q. The last line of your e-mail to Hal
23 Muller and Bill Harrison reads, "We should be
24 okay with HSD moving into the BG model. We
25 should focus on C suite personnel versus

1 CONFIDENTIAL - RANDALL FOLEY
2 wannabes."

3 Did I read that correctly?

4 A. Yes.

5 Q. At this time, HSD was moving into the
6 buying group model?

7 MS. FINCHER: Object to the form.

8 Mischaracterizes the document and prior
9 testimony.

10 Go ahead.

11 A. At this time, HSD was wanting to take
12 control of nearly all buying groups that we had
13 at Schein, take them out and move them from
14 Special Markets. They were going to take over
15 the segment.

16 Q. What did you mean by HSD moving into
17 the buying group model?

18 MS. FINCHER: Object to the form.

19 A. That they were going -- that they
20 were -- if they had the systems in place that
21 they could -- that they would now handle the
22 buying groups versus us having to handle all the
23 buying groups. They had -- they had a share.
24 We had a share.

25 They were, based on the e-mail below,

1 CONFIDENTIAL - RANDALL FOLEY
2 they were asking about other -- that they should
3 move these other ones over to HSD now too.

4 Q. But previous to this e-mail, HSD did
5 not have the systems in place for buying groups.

6 MS. FINCHER: Object to the form.

7 Mischaracterizes the testimony.

8 A. They didn't have all the capabilities
9 that Special Market had that some of the buying
10 groups liked, so they had developed some more
11 systems to better monitor and they had set up a
12 division for buying groups to better track them
13 because they really did not have a system in
14 place to do that.

15 Q. What were the some of the capabilities
16 that HSD lacked prior to this e-mail that would
17 be useful for a buying group customer?

18 MS. FINCHER: Object to the form.

19 A. Special Markets had a more -- had more
20 flexibility in the price and how it attached
21 pricing plans to multiple sites associated with
22 a similar group. It also had -- hold on one
23 sec -- a better way to create a central site and
24 do reporting for all the sub-sites. They were
25 developing that technology. We were sharing

1 CONFIDENTIAL - RANDALL FOLEY
2 that technology over -- over our platforms
3 finally.

4 Q. Anything else?

5 A. Not that I can think of.

6 Q. When you say, "We should focus on C
7 suite personnel versus wannabes," what do you
8 mean by "wannabes"?

9 A. Since there's no equity ownership in
10 the buying groups, the buying groups are really
11 wanting to be DSOs but don't have the financial
12 investment money to become, and the C suite is
13 referring to the C suite at our big DSOs.

14 I'm saying we should -- it would be
15 nice for us now to focus -- for us in Special
16 Markets to focus back on our DSOs and not so
17 much on the, what I call "wannabes" or buying
18 groups.

19 MS. ROSNER: We've been going for
20 about an hour. Do you want to take a quick
21 break or do you want to keep going?

22 MS. FINCHER: Do you need a couple of
23 minutes?

24 THE WITNESS: Yeah, that would be
25 fine.

1 CONFIDENTIAL - RANDALL FOLEY

2 MS. ROSNER: We'll go off the record.

3 THE VIDEOGRAPHER: The time is 3:57
4 p.m. We're going off the record.
5 (Recess.)

6 THE VIDEOGRAPHER: The time is 4:09
7 p.m. We're on the record.

8 BY MS. ROSNER:

9 Q. Given your experience with Smile
10 Source and Dental Gator, HSD taking on buying
11 groups seemed hypocritical?

12 MS. FINCHER: Object to the form.

13 A. You'll have to repeat that.

14 Q. Given your experience with Smile
15 Source and Dental Gator, HSD taking on buying
16 group customers seemed hypocritical?

17 MS. FINCHER: Object to the form.

18 A. Not them taking on Dental Gator. The
19 fact that they were bidding on Smile Source
20 seemed hypocritical to me that because when it
21 was in Special Markets, there was issues with
22 FSCs.

23 Q. You found it hard to answer questions
24 about buying groups when you didn't know HSD's
25 new policy on buying groups?

1 CONFIDENTIAL - RANDALL FOLEY

2 MS. FINCHER: Object to the form.

3 Mischaracterizes the testimony. Asked and
4 answered.

5 You can answer it again.

6 A. Toward the end of my time at Schein,
7 and the formation of more of a focus on the
8 buying groups, I was -- I would simply direct
9 any calls I got about buying groups moving
10 forward to Brian Brady. I didn't --

11 Q. Do you --

12 A. Go ahead.

13 Q. Do you recall saying you found it hard
14 to answer questions about buying groups when you
15 didn't know HSD's new policy on buying groups?

16 MS. FINCHER: Object to the form.

17 A. I would simply refer any questions to
18 Brian Brady to answer for me.

19 Q. I'm going to hand you a document
20 that's been premarked as CX2096. The Bates
21 stamp is Henry Schein-000952713.

22 Please take a moment to familiarize
23 yourself with CX2096.

24 (Exhibit CX2096-001 through 006, a
25 document bearing Bates Nos. Henry

1 CONFIDENTIAL - RANDALL FOLEY
2 Schein-000952713 through 718, marked for
3 identification, as of this date.)

4 MS. FINCHER: And Randy, I know it's
5 getting late in the day, but there's text on
6 the very back of that.

7 THE WITNESS: I'm sorry?

8 MS. FINCHER: So make sure you read --

9 THE WITNESS: Right here?

10 MS. FINCHER: Yes. So make sure you
11 read from the bottom up in the chain.

12 THE WITNESS: Thank you.

13 (Document review.)

14 THE WITNESS: Okay.

15 BY MS. ROSNER:

16 Q. You've had an opportunity to review
17 CX2096?

18 A. Yes.

19 Q. CX2096 is an e-mail string with
20 multiple e-mails. The top e-mail is last in
21 time from you dated January 29, 2016; is that
22 right?

23 A. That is correct.

24 Q. The e-mails in this e-mail chain are
25 drafted by you as part of your job?

1 CONFIDENTIAL - RANDALL FOLEY

2 A. Yes.

3 Q. It's part of your job to communicate
4 with those inside Schein about Henry Schein's
5 customers?

6 A. Yes.

7 Q. You have knowledge of the contents of
8 CX2096?

9 A. Yes.

10 Q. You drafted the e-mails that are part
11 of CX2096 at or near the time that there were
12 discussions about the particular customers?

13 A. Yes.

14 Q. You drafted the e-mails in CX2096 and
15 kept them in the course of regularly conducted
16 business at Schein?

17 A. Yes.

18 Q. CX2096 is a true and correct copy of
19 your e-mail correspondence?

20 MS. FINCHER: Object to the form.

21 A. Yes.

22 Q. I want to direct you to the second
23 page, CX2096-002.

24 A. Uh-huh.

25 Q. You have an e-mail that you wrote on

1 CONFIDENTIAL - RANDALL FOLEY
2 January 29, 2016, at 9:09 a.m.

3 A. Hold on.

4 Okay. Got it.

5 Q. Do you see that?

6 A. Uh-huh.

7 Q. The second paragraph of your e-mail
8 says, "It is hard to understand" -- strike that.

9 The second paragraph of your e-mail
10 says, "It is hard to answer a question when one
11 doesn't know our new policy on BGs. Now HSD is
12 moving ahead with a plan when just one year ago
13 they were asking me to dissolve DG."

14 Did I read that correctly?

15 A. Yes.

16 Q. "BGs" refers to buying groups?

17 A. No, it refers to Dental Gator.

18 Q. "BGs" refers to buying groups in the
19 first sentence?

20 A. Yes, I'm sorry.

21 Q. And "DG" in the second sentence refers
22 to Dental Gator?

23 A. Yes.

24 Q. Thank you.

25 So you're saying it's hard for you to

1 CONFIDENTIAL - RANDALL FOLEY

2 answer a question about buying groups when you
3 don't know what the new policy on buying groups
4 is?

5 A. That's --

6 MS. FINCHER: Objection to form.

7 A. Yes, that's what I'm saying.

8 Q. That's the new policy on buying
9 groups?

10 MS. FINCHER: Object to the form.

11 A. I'm not sure because the rest of the
12 e-mail also approaches Benevis, which is a Kool
13 Smiles buying group that we're working with.
14 I'm not sure where either one of these should
15 fall under Special Markets or should it fall
16 under HSD.

17 So, on the Benevis one, we were
18 actually working with that buying group arm,
19 even though we're not a prime vendor to them,
20 and here on Tralongo, HSD is saying are we
21 taking Tralongo. So I'm confused still at this
22 point as to which division is this falling in; I
23 don't understand the policy. Are all buying
24 groups going to HSD now?

25 Q. You're second sentence says, "Now HSD

1 CONFIDENTIAL - RANDALL FOLEY
2 is moving ahead with a plan when just one year
3 ago today they were asking me to dissolve Dental
4 Gator."

5 So it seems as if there's been a shift
6 in HSD's view of buying groups?

7 MS. FINCHER: Object to the form.

8 A. Yes, I believe there's been more of an
9 understanding that this is a strong and viable
10 market that deserves attention, and they're
11 giving it to it now.

12 Q. Whereas, previously that was not the
13 case?

14 MS. FINCHER: Object to the form.

15 Mischaracterizes the testimony.

16 A. They did have buying groups under
17 them. I believe that now they are being more --
18 they're being more focused on that, that
19 segment, compared to in the past and less for us
20 to be focused on it.

21 Q. And in the past, they were asking you
22 to dissolve Dental Gator?

23 MS. FINCHER: Object to the form.

24 A. I was never --

25 MS. FINCHER: Asked and answered.

1 CONFIDENTIAL - RANDALL FOLEY

2 THE WITNESS: I'm sorry.

3 MS. FINCHER: Go ahead.

4 THE WITNESS: Yeah, I was never asked
5 to dissolve Dental Gator. It's an
6 exaggerated word.

7 BY MS. ROSNER:

8 Q. You write, "They were asking me to
9 dissolve Dental Gator."

10 Are you saying that that was
11 incorrect?

12 A. Yeah, that is -- that is a wrong way
13 to say that. I was never asked to dissolve
14 Dental Gator; and it continued as of this date,
15 when I left still in full play.

16 Q. Why would you include an inaccurate
17 statement in an e-mail to Hal Muller, your boss?

18 MS. FINCHER: Object to the form.

19 A. Because Hal would understand my
20 sarcasm, that here -- here HSD is now really
21 focused on the buying groups, and to think just
22 a year ago they were frustrated with Dental --
23 with Dental Gator, if I were to clarify that.
24 Because there were many e-mails where they were
25 frustrated with Dental Gator.

1 CONFIDENTIAL - RANDALL FOLEY

2 Q. You can put that document aside.

3 I'm going to switch gears now and talk
4 a little bit about Schein's set of Worldwide
5 Business Standards.

6 Are you familiar with those?

7 A. Yes.

8 Q. As a senior executive of the company,
9 you were required to be trained on these
10 business standards?

11 A. Yes.

12 Q. While at Schein, you took the
13 Worldwide Business Standards training annually?

14 A. If that was the time period, I took it
15 whenever it was required, and I believe it was
16 annually.

17 Q. Part of the training on Worldwide
18 Business Standards involved collusion and
19 communications with competitors?

20 A. That is correct.

21 Q. What did you learn about
22 communications with competitors from the
23 training?

24 A. That we were not to share business
25 practices with any competitor.

1 CONFIDENTIAL - RANDALL FOLEY

2 Q. Anything else?

3 MS. FINCHER: Object to the form.

4 A. It's been a year and a half, so I
5 don't -- I -- off the top of my head, that would
6 be that we're to -- that we're not to work with
7 any competitor on any type of business plan,
8 plans, practices, et cetera.

9 Q. Anything else that you recall?

10 A. No.

11 Q. Have you ever communicated with
12 anybody at a competitor?

13 A. Yes.

14 Q. Have you ever communicated business
15 information with anybody at a competitor?

16 MS. FINCHER: Object to the form.

17 A. Yeah, again, say that again.

18 Q. Have you ever communicated business
19 information with anyone at a competitor?

20 MS. FINCHER: Object to the form.

21 A. No; I have not communicated business
22 information to them.

23 Q. Have you ever received business
24 information from anyone at a competitor?

25 A. I --

1 CONFIDENTIAL - RANDALL FOLEY

2 MS. FINCHER: Object to the form.

3 THE WITNESS: I'm sorry.

4 MS. FINCHER: Go ahead.

5 THE WITNESS: Yes, I did once.

6 BY MS. ROSNER:

7 Q. What was the circumstance under the
8 one time you received information from a
9 competitor about business information?

10 MS. FINCHER: Object to the form.

11 A. I received a call from Pat Ryan at
12 Benco Dental. It was on my landline at the
13 house. I was working out of the home office.

14 I saw Benco come across the screen,
15 was surprised at the call, and actually thought
16 that they may be offering me a job. Instead,
17 Pat Ryan -- and this is vague, I mean, this is a
18 while ago, so I don't remember the details of
19 it. It was a very short call, and he basically
20 was making a statement -- it was around the
21 Smile Source time -- that they didn't like
22 working with buying groups and wasn't going to
23 bid on it.

24 I kept quiet. I wasn't getting a job.
25 But based on our business standards, I knew to

1 CONFIDENTIAL - RANDALL FOLEY

2 keep my mouth shut and not agree or say
3 anything. But the call was very brief, it was
4 done.

5 I reported the call to Hal Muller
6 because, under the business standards, I am
7 supposed -- I am supposed to report anything
8 that I felt would be against our Worldwide
9 Business Standards. So I left a note for Hal
10 that he had called me and what he had said.

11 MS. FINCHER: And Randy, make sure you
12 listen to her question. Make sure you're
13 answering it.

14 THE WITNESS: Okay.

15 BY MS. ROSNER:

16 Q. There was only one call with Pat Ryan?

17 A. Yes.

18 Q. Did you ever see Pat Ryan in person at
19 a trade show or elsewhere?

20 A. Yes, I would run into Pat Ryan on
21 occasion at trade shows.

22 Q. In the times that you would run into
23 Pat Ryan, would you ever have a discussion about
24 business activities?

25 A. No.

1 CONFIDENTIAL - RANDALL FOLEY

2 Q. The call that you are discussing, did
3 that take place on October 1, 2013?

4 MS. FINCHER: Object to the form.

5 A. I believe it took place in 2013, yes.

6 Q. You mentioned that he called you on
7 your house line?

8 A. Which is my business line, yes. Same
9 thing.

10 Q. What's that phone number?

11 A. What's that phone number?

12 248-582-1529.

13 Q. How did he get your phone number?

14 MS. FINCHER: Object to the form.

15 A. I am not sure.

16 Q. How long was the call with Pat Ryan on
17 October 1, 2013?

18 MS. FINCHER: Object to the form.

19 A. I am not sure, but it was a brief
20 call. I would think it was no more than 30
21 seconds, 45 seconds.

22 Q. You mentioned that Pat Ryan said Benco
23 didn't like buying groups and that Benco was not
24 going to bid on a buying group.

25 Did he say anything else?

1 CONFIDENTIAL - RANDALL FOLEY

2 MS. FINCHER: Object to the form.

3 Mischaracterizes the testimony.

4 A. All I remember is that it was they did
5 not want to bid I think specifically on Smile
6 Source because they did not want -- they did not
7 like doing business with buying groups.

8 Q. He didn't say anything else?

9 A. Not that I recall. Other than, hey,
10 how are you doing?

11 Q. Did you shoot the breeze at all?

12 A. Not --

13 MS. FINCHER: Object.

14 A. Maybe at the --

15 THE WITNESS: I'm sorry.

16 MS. FINCHER: Object to the form.

17 Go ahead.

18 THE WITNESS: I can't remember, but it
19 would be normal of me to say, "Hi. How ya
20 doing? What's up? What do you want?"

21 BY MS. ROSNER:

22 Q. An exchange of pleasantries?

23 A. Minor, if anything.

24 Q. Did you talk about sports or anything?

25 MS. FINCHER: Object to the form.

1 CONFIDENTIAL - RANDALL FOLEY

2 A. I don't know him very well. As a
3 matter of fact, I think I recently ran into him
4 at a trade show in Chicago.

5 Q. And what did you talk about at the
6 trade show in Chicago?

7 A. I think that's when I -- when they --
8 when I said, "Hey, how are you?" And he
9 introduced himself to me.

10 Q. Is Pat Ryan a talkative kind of guy?

11 MS. FINCHER: Object to the form.

12 A. My -- my experience with Pat is very
13 limited. I was very competitive with Benco. I
14 very seldom would talk to any of the guys, more
15 or less joking, kibitzing while at a trade show
16 or when we bumped into each other.

17 Q. So while you were on this phone call
18 with Pat Ryan on October 1, 2013, you were
19 simply being quiet on the line?

20 MS. FINCHER: Object to the form.

21 Go ahead.

22 A. When Pat -- when Pat started to
23 discuss Smile Source and the customer and what
24 their plan was, I kept quiet at that point.

25 Q. How soon in the conversation did Pat

1 CONFIDENTIAL - RANDALL FOLEY

2 begin to discuss Smile Source and their plans
3 for the bid?

4 A. I believe very fast, because our
5 pleasant- -- we just said, "How ya doing?
6 What's up?" is what I said, and that led into
7 it. I said, "Oh." I let him say what he had to
8 say. "I'll talk to you later."

9 Q. You felt uneasy on the phone call?

10 A. Yes.

11 MS. FINCHER: Object to the form.

12 THE WITNESS: I'm sorry.

13 Yes.

14 BY MS. ROSNER:

15 Q. You don't remember saying anything
16 other than pleasantries and ending the call?

17 A. Correct, I barely -- I barely remember
18 the call, and the only reason I remember the
19 call is because I thought they were calling me
20 about a job.

21 Q. You mentioned that you reported the
22 call to your boss, Mr. Muller?

23 A. Yes.

24 Q. You didn't report the call
25 immediately, correct?

1 CONFIDENTIAL - RANDALL FOLEY

2 MS. FINCHER: Object to the form.

3 A. Not -- I don't know the timing, but I
4 don't think so. I think it -- it was shortly
5 after that.

6 Q. You waited over a week before sending
7 Mr. Muller an e-mail about your call?

8 MS. FINCHER: Object to the form.

9 A. Yeah, I don't -- with Hal, I don't --
10 with Hal, I don't really communicate --
11 communicate with him all the time, on a regular
12 basis, so when an opportunity arose and I was
13 there, I said, "By the way, I got a call by Pat
14 Ryan." I think I actually said, "Don't worry.
15 I didn't collude. I'll tell you about it
16 later," so...

17 Q. Did you ever tell him about it later?

18 A. No, he never -- he never called me.

19 Again, Hal and I very seldom would
20 talk on the phone as much as we would
21 communicate through e-mail.

22 Q. Why did you wait over a week to tell
23 Mr. Muller about your call with Mr. Ryan?

24 MS. FINCHER: Object to the form.

25 A. I didn't feel there was an urgency to

1 CONFIDENTIAL - RANDALL FOLEY

2 report that Pat had called, number one. Number
3 two, I absolutely had nothing to do with the
4 Smile Source being bid on, so I really
5 wanted -- there was nothing to share, other than
6 this guy had given me a call. I wrote myself a
7 note remember next time I talk to Hal remind him
8 that this happened.

9 It's the only time something like this
10 has ever happened, so I had to remember that I'm
11 supposed to -- you know, it didn't come up, hey,
12 I need to also tell my boss, but I did.

13 Q. Are you generally friends with Pat
14 Ryan?

15 A. No.

16 Q. Are you generally friends with anyone
17 in Pat Ryan's family?

18 A. I do not know Pat Ryan or any of his
19 family, if he's married, or anything about him.

20 Q. If you had to estimate how much time
21 you have spent with Pat Ryan, would you estimate
22 it in days, hours, or minutes?

23 A. Minutes.

24 Q. Would it surprise you to know that the
25 call with Pat Ryan was 18 minutes long?

1 CONFIDENTIAL - RANDALL FOLEY

2 MS. FINCHER: Object to the form.

3 A. Yes. Very surprised.

4 Q. Handing you a document that has been
5 marked as an excerpt of CX1000. This is a
6 document that has been produced with the Bates
7 stamp BDS-FTC00039536.

8 (Exhibit EXCERPT OF CX1000-001 through
9 005, a document bearing Bates Nos.

10 BDS-FTC00039536 through 540, marked for
11 identification, as of this date.)

12 BY MS. ROSNER:

13 Q. I will represent to you that this is a
14 excerpt from Pat Ryan's phone records, and I
15 would like you to confirm the phone number on
16 page CX10,000-03.

17 MS. FINCHER: And Jasmine, I'm going
18 to note that this e-mail is Bates-labeled
19 "Confidential." It was not produced by
20 Schein. It appears by the Bates label that
21 it was produced by Benco.

22 This is not a document that the
23 witness authored or would have received.
24 It's my understanding under the Protective
25 Order that you're not allowed to ask him

1 CONFIDENTIAL - RANDALL FOLEY

2 about it.

3 If you want to ask him whether a
4 particular number is his phone number,
5 you're welcome to do that.

6 MS. ROSNER: We have redacted all of
7 the confidential information. The piece of
8 information that is not confidential as to
9 Mr. Foley is the unredacted portion on page
10 1000-003 to confirm his telephone number.

11 MS. FINCHER: Respectfully, Jasmine,
12 this was not your document to produce and
13 determine what's confidential and what's
14 not, but based on how this document is
15 Bates-labeled and what is provided in the
16 Protective Order, it's my understanding that
17 Mr. Foley is not allowed to view it.

18 BY MS. ROSNER:

19 Q. Mr. Foley, I'm going to read to you
20 from CX1000. It reports a call on October 1 at
21 11 a.m. The call was to phone number
22 248-582-1529.

23 That's your phone number, correct?

24 A. Yes.

25 Q. And the call originated in Dallas,

1 CONFIDENTIAL - RANDALL FOLEY
2 Pennsylvania, and the destination of the call
3 was Royal Oak, Michigan.

4 Is that where you reside?

5 A. Yes.

6 MS. FINCHER: Object to the form.

7 A. I'm sorry.

8 Q. And the call was 18 minutes long?

9 MS. FINCHER: Object to the form.

10 Again, you're asking him about a
11 document that he's not allowed to see. I
12 suggest you move on, Jasmine. You have
13 already asked him about his understanding
14 about how long the call is, which he's
15 answered.

16 MR. YOON: Jasmine, this is Benco's
17 document pertaining to Patrick Ryan. You
18 can ask about this call through Patrick
19 Ryan, how long this conversation is to this
20 phone number, but I don't think it's
21 appropriate for Mr. Foley to answer this
22 question.

23 BY MS. ROSNER:

24 Q. Mr. Foley, how do you describe or
25 explain that the call with Patrick Ryan lasted

1 CONFIDENTIAL - RANDALL FOLEY

2 18 minutes?

3 MS. FINCHER: Object to the form.

4 A. I have no idea what we talked about
5 for 18 minutes. As I mentioned a minute ago,
6 I'm very surprised that we were on the phone
7 that long.

8 Q. Is there anything that you could
9 review that would refresh your recollection as
10 to why the call was 18 minutes long?

11 MS. FINCHER: Object to the form.

12 A. No, I don't know if we talked about
13 pleasantries more than I -- or anything else.

14 Q. Do you have any reason to dispute why
15 the call was 18 minutes long?

16 MS. FINCHER: Object to the form.

17 A. If you show that it's 18 minutes, I
18 guess it's 18 minutes. I can't dispute that.

19 Q. Do you recall speaking about
20 pleasantries for 18 minutes?

21 MS. FINCHER: Object to the form.

22 Asked and answered.

23 A. I do not remember the call, the
24 details of the call.

25 Q. Well, earlier you said you did. You

1 CONFIDENTIAL - RANDALL FOLEY
2 said you remembered that Benco said that they
3 were anti buying group and that they were not
4 going to bid on Smile Source?

5 MR. YOON: Objection.

6 MS. FINCHER: Object to the form.
7 Mischaracterizes the testimony.

8 THE WITNESS: I did recall those two
9 items because I sent an e-mail to Hal
10 stating that's what he talked about, but I
11 do not remember -- and I did not remember
12 that until I was shown that e-mail that I
13 did get a call from Benco years ago.

14 BY MS. ROSNER:

15 Q. Did you ever talk to anyone at Benco
16 about Atlantic Dental Care?

17 A. No.

18 Q. We discussed today how Schein thought
19 that Atlantic Dental Care was a buying group,
20 correct?

21 MS. FINCHER: Object to the form.

22 A. That is correct.

23 Q. Benco, however, was telling you that
24 Atlantic Dental Care is not really a buying
25 group?

1 CONFIDENTIAL - RANDALL FOLEY

2 MS. FINCHER: Object to the form.

3 MR. YOON: Objection.

4 THE WITNESS: No, Benco did not tell
5 me. A customer told me that Benco was doing
6 business with them and that Benco told them
7 they were a -- they were a DSO.

8 BY MS. ROSNER:

9 Q. I'm going to refer you to a document
10 we've already looked at today.

11 A. Okay.

12 Q. Which is CX2088. I'm going to hand
13 you --

14 A. Okay.

15 Q. -- a copy of that document.

16 Feel free to refresh your recollection
17 on that document, and once you have, just let me
18 know.

19 (Document review.)

20 A. Okay.

21 Q. You've had a moment to look --

22 MS. FINCHER: Can you tell me again
23 what the number was, Jasmine?

24 Q. You've had a moment to look at CX2088?

25 MS. FINCHER: I'm sorry, I can't hear

1 CONFIDENTIAL - RANDALL FOLEY
2 you.

3 THE WITNESS: 2088.

4 MS. FINCHER: 2088.

5 THE WITNESS: Yes.

6 BY MS. ROSNER:

7 Q. In the fourth and fifth line from the
8 top of -- excuse me, in the fourth and fifth
9 line up from the bottom of the first paragraph,
10 you write, "Benco, however, is telling me that
11 they are not really a BG."

12 Did I read that correctly?

13 A. You did.

14 Q. You are referring to Atlantic Dental;
15 is that right?

16 A. Yes.

17 MS. FINCHER: Object to the form.

18 A. Yes.

19 Q. And you're saying that Benco is
20 telling you that Atlantic Dental is not really a
21 buying group, correct?

22 MS. FINCHER: Object to the form.

23 A. That is correct.

24 Q. Who at Benco told you that Atlantic
25 Dental is not really a buying group?

1 CONFIDENTIAL - RANDALL FOLEY

2 MS. FINCHER: Object to the form.

3 Asked and answered.

4 MR. YOON: Object to the form.

5 MS. FINCHER: You can answer again.

6 THE WITNESS: It is my -- I had a
7 vendor partner, it was either Dentsply or
8 Danaher on the phone, telling me why are we
9 not the prime vendor for Atlantic Dental,
10 they're a large DSO, and I said I heard that
11 they're a buying group. And the Dentsply
12 rep or Danaher -- I can't tell you exactly
13 which rep it was -- said, "No, according to
14 Benco, they are not a buying group because
15 our vendor partners would not extend pricing
16 to buying groups."

17 So they told me that Benco said that.
18 Why I said it this way, I don't understand.
19 But I remember the call from the vendor
20 partner at my home, at my desk, telling me
21 that, per Benco, they have a relationship
22 with, that this is a DSO and not a buying
23 group.

24 BY MS. ROSNER:

25 Q. So you're saying that when you wrote

1 CONFIDENTIAL - RANDALL FOLEY
2 Benco is telling you that ADC is a buying group,
3 that was an inaccurate statement?

4 A. Yes.

5 Q. Why would you have written an
6 inaccurate statement to Hal Muller and Bill
7 Harrison?

8 MS. FINCHER: Object to the form.

9 A. I did not get into the detail that a
10 vendor called me and told me that, and it maybe
11 is a bad choice of words saying, from what I
12 heard from a vendor partner, that, per Benco,
13 they're not a buying -- they're a DSO. I didn't
14 get to that level with it.

15 Q. Why wouldn't you get to that level of
16 detail with your boss?

17 MS. FINCHER: Object to the form.

18 Go ahead.

19 A. The issue alone is that Atlantic
20 Dental is not a buying group and that it -- that
21 I found out that it's a DSO. It doesn't make --
22 why I said how I found that out, I don't -- I
23 don't know why, but I did not have a
24 conversation with Benco about, hey, is that a
25 buying group or not a buying group.

1 CONFIDENTIAL - RANDALL FOLEY

2 Q. At any point in time did you go back
3 to Hal and Bill to say, by the way, it wasn't
4 Benco that told me about ADC, I heard that from
5 a vendor partner?

6 A. Nope. Never told them.

7 Q. You can put that document aside.

8 Did you ever talk to anyone at Benco
9 about Great Expressions Dental Centers?

10 A. John Klavon, who called on Great
11 Expressions, and I would run into each other on
12 occasion, and he was friends with Jack Allen,
13 who was the director of purchasing, so John and
14 I may have said how things are going -- how's it
15 going with your friend Jack? Because both of us
16 kind of worked that account. I don't really
17 recall anything else. I don't recall anything
18 specific.

19 Q. Sorry. Can you say that again?

20 A. I don't recall anything specific about
21 talking to anybody at --

22 What was the question again?

23 MS. FINCHER: Yes, just make sure you
24 listen --

25 THE WITNESS: I'm sorry. Yes.

1 CONFIDENTIAL - RANDALL FOLEY

2 MS. FINCHER: -- to the question and
3 answer it.

4 BY MS. ROSNER:

5 Q. I apologize. I didn't hear what you
6 said earlier. I asked whether you had spoken to
7 anyone at Benco about Great Expressions Dental
8 Centers.

9 A. Not that I am aware of or remember.

10 Q. And then you mentioned John Klavon?

11 A. Yes.

12 Q. Can you please repeat what you
13 mentioned about John Klavon?

14 A. John Klavon flies out of Detroit
15 Metro, as well as I do, so I may have ran into
16 John and asked how things are going with Jack
17 Allen, because we both are -- he's a friend, a
18 personal friend of Jack Allen, who works with
19 Great Expressions, and Great Expressions was a
20 Schein account.

21 Q. Jack Allen works at Great Expressions?

22 A. Yes.

23 Q. Other than the call with Mr. Ryan on
24 October 1, 2013, have you ever had any other
25 discussions with a competitor about substantive

1 CONFIDENTIAL - RANDALL FOLEY

2 business?

3 MS. FINCHER: Object to the form.

4 Mischaracterizes the testimony.

5 Go ahead.

6 A. No.

7 Q. Have you ever bumped into a competitor
8 at a client's location and discussed substantive
9 business?

10 A. Rephrase it. Say that again.

11 Q. Have you ever bumped into an employee
12 from a competitor at a customer's location and
13 discussed substantive business?

14 MS. FINCHER: Object to the form.

15 A. No.

16 Q. Have you ever sat next to an employee
17 of a competitor on a plane and discussed
18 substantive business?

19 MS. FINCHER: Object to the form.

20 A. One time I sat next to John -- we were
21 both in first class coming back from New Orleans
22 from a long night out, both of us, but we didn't
23 talk. We just talked pleas- -- you know, as --
24 just kibitzed with each other about his family.

25 Q. Who is ADP?

1 CONFIDENTIAL - RANDALL FOLEY

2 A. I'm sorry?

3 Q. Who is ADP?

4 A. American Dental Partners.

5 Q. Is ADP a customer?

6 A. No, it's a Patterson customer.

7 Q. Has Schein competed to win the ADP
8 business?

9 A. Yes, we tried on numerous occasions to
10 win the -- about every three years, they would
11 go out to bid, and we would aggressively bid on
12 it and never won it.

13 Q. Would Schein compete against Patterson
14 and Benco for ADP's business?

15 MS. FINCHER: Object to the form.

16 A. Yes.

17 I'm sorry. Yes.

18 Q. You had a discussion with John Klavon
19 about ADP?

20 MS. FINCHER: Object to the form.

21 A. No, I don't recall any discussion with
22 John about ADP.

23 Q. Handing you a document that's been
24 marked as CX2147. It bears the Bates number
25 Henry Schein-000757280.

1 CONFIDENTIAL - RANDALL FOLEY

2 Please take a moment to review that
3 document and let me know when you're finished.
4 (Exhibit CX2147-001 through 002, a
5 document bearing Bates Nos. Henry
6 Schein-000757280 through 281, marked for
7 identification, as of this date.)

8 (Document review.)

9 THE WITNESS: Okay.

10 BY MS. ROSNER:

11 Q. You've had a moment to review CX247?

12 A. Yes.

13 Q. This is an e-mail chain with you and
14 Hal Muller?

15 A. Yes.

16 Q. The e-mail chain, last-in-line e-mail
17 is from March 18, 2015.

18 You wrote the e-mails in CX2147 as
19 part of your job?

20 A. Yes.

21 Q. It's part of your job to communicate
22 with Hal Muller about Schein matters?

23 A. Yes.

24 Q. You have knowledge of the contents of
25 CX2147?

1 CONFIDENTIAL - RANDALL FOLEY

2 A. Yes.

3 Q. You drafted the e-mails in CX2147 at
4 or near the time of the events described
5 therein?

6 A. Yes.

7 Q. You drafted this e-mail and kept it in
8 the ordinary course of Schein's business?

9 A. Yes.

10 Q. CX2147 is a true and correct copy of
11 your e-mail correspondence?

12 MS. FINCHER: Object to the form.

13 A. Yes.

14 Q. On the second page, CX2147-002, the
15 e-mail at the top of the page is from you. You
16 write, "Good luck. I'm in 19C and Klavon is in
17 19A. It is his understanding that ADP will be
18 sticking with PDCO with PDCO losing their
19 shirt."

20 Did I read that correctly?

21 A. Yes.

22 Q. "ADP" refers to American Dental
23 Partners that we just discussed; is that
24 correct?

25 A. Yes.

1 CONFIDENTIAL - RANDALL FOLEY

2 Q. And "PDCO" refers to Patterson; is
3 that correct?

4 A. That's correct.

5 Q. And John Klavon told you that it was
6 his understanding that Patterson won the ADP
7 bid?

8 MS. FINCHER: Object to the form.
9 Mischaracterizes the document.

10 A. Yes.

11 Q. And John Klavon told you that it was
12 his understanding that Patterson was losing
13 their shirt over the ADP bid?

14 MS. FINCHER: Object to the form.

15 A. Yes.

16 MS. FINCHER: Mischaracterizes the
17 document.

18 A. Yes, that's what he stated.

19 Q. What does it mean to lose your shirt?

20 MS. FINCHER: Object to the form.

21 A. He's stating that PD -- PDCO had to go
22 in very low to keep the business, meaning
23 basically give away the product is his
24 understanding.

25 Q. This is information that you learned

1 CONFIDENTIAL - RANDALL FOLEY
 2 from John Klavon?
 3 MS. FINCHER: Object to the form.
 4 A. Yes.
 5 Q. What did you share with John Klavon in
 6 this conversation?
 7 MS. FINCHER: Object to the form.
 8 A. I don't remember the conversation at
 9 all. We were coming back from a -- like based
 10 on the date, we're coming back from a dental
 11 meeting called the Academy of Group Dental
 12 Practice Meeting, and based on the date, also,
 13 that would be when -- in January and February is
 14 usually when we would bid on ADP, so he --
 15 basically, he's informing me that neither of us
 16 won it.
 17 PD -- PDCO, they're staying with PDCO,
 18 with Patterson.
 19 Q. What else did you discuss with John
 20 Klavon during this plane ride?
 21 MS. FINCHER: Object to the form.
 22 A. I -- I don't remember.
 23 Q. Is there anything that would refresh
 24 your recollection?
 25 MS. FINCHER: Object to the form.

1 CONFIDENTIAL - RANDALL FOLEY
 2 Benco all refuse to bid on their business when
 3 they entered the GPO buying group world."
 4 Did I read that portion of that
 5 sentence correctly.
 6 MS. FINCHER: Object to the form.
 7 A. Yes, you read that correctly.
 8 Q. In that sentence you're saying Schein,
 9 Patterson and Benco refused to bid on Tralongo
 10 when Tralongo entered the buying group world?
 11 MS. FINCHER: Object to the form.
 12 Mischaracterizes the document.
 13 A. That's what I'm stating.
 14 Q. At the time that Schein refused to bid
 15 on Tralongo, was it aware that Patterson and
 16 Benco were also going to refuse to bid on
 17 Tralongo?
 18 MS. FINCHER: Object to the form.
 19 A. I am not sure how I would know that
 20 Patterson and Benco refused to bid on this.
 21 Q. In the e-mail, you state that all
 22 three companies refused to bid on Tralongo; is
 23 that correct?
 24 MS. FINCHER: Object to the form.
 25 A. That is what I'm stating, yes.

1 CONFIDENTIAL - RANDALL FOLEY
 2 A. Not -- not that I would think of.
 3 Q. What other conversations did you have
 4 with competitors about substantive business?
 5 MS. FINCHER: Object to the form.
 6 A. None that I can -- that I recollect.
 7 MS. ROSNER: We can go ahead and take
 8 a break. Go off the record.
 9 THE VIDEOGRAPHER: The time is 4:44
 10 p.m. We're off the record.
 11 (Recess.)
 12 THE VIDEOGRAPHER: The time is 5:06
 13 p.m. We're on the record.
 14 BY MS. ROSNER:
 15 Q. Mr. Foley, I'm going to direct your
 16 attention to CX2094. I'm handing you the
 17 document. It's a document that we have already
 18 discussed today. The top e-mail in the document
 19 is dated October 28, 2015. Your e-mail appears
 20 directly below that.
 21 This is about a bid on the Tralongo
 22 buying group portion?
 23 A. Okay.
 24 Q. The second -- or, excuse me, third
 25 sentence of your e-mail says, "Schein, PDCO and

1 CONFIDENTIAL - RANDALL FOLEY
 2 Q. Where would you normally get
 3 information of that nature?
 4 MS. FINCHER: Object to the form.
 5 A. I'm not sure where I would have gotten
 6 that type of information. It could have been
 7 from a local rep. I'm not sure.
 8 MS. ROSNER: No further questions.
 9 I'll reserve the rest of my time.
 10 EXAMINATION BY
 11 MR. LAVERY:
 12 Q. Mr. Foley, I'm Will Lavery. I
 13 represent Patterson. I only have a few
 14 questions for you.
 15 Mr. Foley, did you ever enter an
 16 agreement with anyone at Patterson to refuse to
 17 deal with buying groups?
 18 A. No.
 19 Q. Are you aware of anyone at Schein
 20 entering an agreement with Patterson to refuse
 21 to deal with buying groups?
 22 A. No.
 23 Q. Did you ever enter into an agreement
 24 with anyone from Patterson regarding any
 25 customers?

1 CONFIDENTIAL - RANDALL FOLEY

2 A. No.

3 Q. Are you aware of anyone at Schein
4 entering into an agreement, arrangement, or
5 understanding of any kind with someone from
6 Patterson regarding any customer?

7 A. No.

8 Q. Have you ever had any discussions with
9 anyone from Patterson regarding refusing to do
10 business with buying groups?

11 A. No.

12 Q. Have you ever had a discussion with
13 anyone at Patterson regarding refusing to offer
14 discounts to any customers because they might be
15 a buying group?

16 A. No.

17 Q. Have you ever had a discussion with
18 anyone from Patterson about Patterson's policies
19 regarding who or -- strike that.

20 Have you ever had a discussion with
21 anyone at Patterson about Patterson's policies
22 about who they do business with?

23 A. No.

24 Q. Have you ever discussed with anyone at
25 Patterson whether any customer is a buying

1 CONFIDENTIAL - RANDALL FOLEY

2 group?

3 A. No.

4 Q. Have you ever had any discussion with
5 anyone at Patterson regarding the definition of
6 the term "buying group"?

7 A. No.

8 Q. Do you know of anyone at Patterson
9 coordinating their conduct with anyone at Schein
10 regarding any customer?

11 A. No.

12 Q. Ms. Rosner asked you a bunch of
13 questions today about the customers she referred
14 to as buying groups, correct?

15 A. Yes.

16 Q. Were all of Schein's decisions with
17 respect to those customers made independently?

18 A. Schein alone, yes.

19 Q. Patterson had nothing to do with any
20 of those decisions, correct?

21 MS. ROSNER: Objection. Leading.

22 A. Correct.

23 Q. Go ahead.

24 Schein didn't coordinate any of its
25 decisions with respect to buying groups with

1 CONFIDENTIAL - RANDALL FOLEY

2 Patterson, correct?

3 MS. ROSNER: Objection. Leading.

4 A. No.

5 Q. Was Patterson one of Schein's
6 competitors?

7 A. Yes.

8 Q. And while you were at Schein, you
9 competed with Patterson for customers?

10 A. Yes.

11 Q. And was competition for customers
12 between Schein and Patterson intense?

13 MS. ROSNER: Objection.

14 A. Yes.

15 Q. And when given the opportunity --

16 MS. FINCHER: Make sure you give her
17 an opportunity to object, okay?

18 THE WITNESS: I'm sorry.

19 Go ahead.

20 MR. LAVERY: Sorry.

21 BY MR. LAVERY:

22 Q. When given the opportunity, Schein
23 took customers away from Patterson?

24 MS. ROSNER: Objection.

25 Q. Right?

1 CONFIDENTIAL - RANDALL FOLEY

2 A. Yes.

3 Q. That was your job, correct?

4 MS. ROSNER: Objection. Leading.

5 A. Yes.

6 Q. Was there ever a point that Schein did
7 not compete against Patterson for customers?

8 A. No.

9 Q. What were some of the ways that Schein
10 competed against Patterson for customers?

11 A. We would -- there were numerous bids
12 that would go out to some of our biggest groups
13 where Patterson was trying to bid on the
14 business and we would be bidding on the
15 business, whether it was a DSO, community health
16 center.

17 Q. Did Schein offer rebates to customers
18 in an attempt to take them away from Patterson?

19 A. We would offer whatever we could to
20 beat Patterson's pricing or to win the business.

21 Q. And did Schein ever lose customers to
22 Patterson?

23 A. Yes.

24 Q. Did Schein lose a lot of customers to
25 Patterson?

CONFIDENTIAL - RANDALL FOLEY

A. From the Special Markets point of view, we lost one of our biggest customers to Patterson.

Q. Schein lost a number of customers to Patterson, right?

MS. ROSNER: Objection. Leading.

A. Yes, a number of customers.

Q. Did any customer ever tell you that they were giving Patterson their business because Patterson offered them a lower price?

A. Can you rephrase that?

Q. Sure. Did any customer ever tell you that they were giving Patterson their business because Patterson offered them a lower price than Schein?

A. Yes.

Q. Did Schein ever take -- strike that. Did Schein ever successfully take customers away from Patterson by offering lower prices of their own?

A. Yes.

MR. LAVERY: I'm just going to mark a couple of documents.

I don't know what exhibit number we're

CONFIDENTIAL - RANDALL FOLEY

on. Do you, Lauren?

MS. FINCHER: I'm sorry?

MR. LAVERY: Do you know what number we left off on?

MS. FINCHER: I don't.

MS. ROSNER: Can you mark this as Foley Exhibit 1 then.

(Foley Exhibit 1, an e-mail bearing Bates Nos. Henry Schein-0000756968, marked for identification, as of this date.)

THE WITNESS: Okay.

BY MR. LAVERY:

Q. Mr. Foley, this is an e-mail that you sent to Hal Muller on April 20, 2015, correct?

A. Yes.

Q. And it has the subject line "Call me about Scott"?

A. Yes.

Q. Do you recall who Scott is?

A. No, it doesn't ring a bell.

Q. You write, "Just hung up with him. PDCO offer is too good," correct?

A. Correct.

Q. Would this indicate that Patterson

CONFIDENTIAL - RANDALL FOLEY

offered a customer -- made an offer to a customer that was good?

A. That was better than what we were offering, yes.

Q. And is this an example of Patterson competing with Schein for customers?

A. Yes.

Q. Is this one of many examples of Patterson competing with Schein for customers?

A. Yes.

Q. Did that happen every day?

A. Yes.

Q. You can put that aside. That's actually the last document I'm going to mark.

Did you ever contact anyone at Patterson to learn whether they would be competing for any customers or offering discounts to any customers?

A. No.

Q. Do you know of anyone at Schein communicating with anyone at Patterson about whether or not Schein was going to offer discounts for any specific customers?

A. No.

CONFIDENTIAL - RANDALL FOLEY

Q. Did you -- strike that.

Did you ever enter into an agreement with anyone to refuse to deal with buying groups?

A. No.

MR. LAVERY: That's all I have.

EXAMINATION BY

MR. YOON:

Q. Mr. Foley, my name is Eric Yoon, and I represent the Benco Dental Supply Company, and I'll refer to the word "Benco" as shorthand for Benco, the full name company. I'm going to make this very simple.

Are you aware of any agreement between Schein and Benco not to compete against one another for any segment of the customer base?

A. No.

Q. At any point in time, including the October 1, 2013 call, did Pat Ryan at Benco ask you to agree not to do business with any buying group, including, specifically, Smile Source?

A. No.

Q. At any point in time did anyone at Benco, including John Klavon, including the trip

1 CONFIDENTIAL - RANDALL FOLEY
2 on March 18, 2015, on a flight that you shared
3 with John Klavon, ask you to agree not to do
4 business with any buying group, including,
5 specifically, Smile Source?

6 A. No.

7 Q. Are you aware of any agreement between
8 Benco and Schein not to do business with any
9 buying group, including, specifically, Smile
10 Source?

11 A. No.

12 MR. YOON: That's all I have.

13 EXAMINATION BY
14 MS. FINCHER:

15 Q. Mr. Foley, I have a few questions for
16 you.

17 If you wouldn't mind grabbing those
18 exhibits right there, and if you could take a
19 look, please, at exhibit Complaint Counsel 2112.

20 A. Yes.

21 Q. You see that? And if you could look,
22 please, at the e-mail from Hal Muller to
23 yourself and Rick Heysquierdo at 3 p.m. on
24 September 14, 2012.

25 A. Okay.

1 CONFIDENTIAL - RANDALL FOLEY

2 Q. My question for you: Were you
3 personally aware of any pressure by anyone at
4 HSD to drop Smile Source as an account?

5 A. No.

6 Q. To your knowledge, did Schein ever
7 drop Smile Source as an account?

8 A. They did not drop it.

9 Q. If you could turn, please, to exhibit
10 Complaint Counsel 2157.

11 Do you have it in front of you?

12 A. Okay. I'm sorry. Yes.

13 Q. If you, please, take a look at the
14 e-mail from you to Hal Muller at 7:54 a.m. at
15 the top of the chain. Do you see that?

16 A. Yes.

17 Q. Do you recall being asked questions
18 earlier today about the statement in your e-mail
19 that says, "Does Tim Sullivan want us to shut
20 down this \$900,000 account?"

21 A. Yes.

22 Q. To your knowledge, did Schein ever
23 shut down Smile Source as an account?

24 A. No.

25 Q. Did Tim Sullivan ever ask you to shut

1 CONFIDENTIAL - RANDALL FOLEY
2 down Smile Source as an account?

3 A. No.

4 Q. You can put that one down.

5 If you could take a look, please, at
6 Complaint Counsel Exhibit 2158. Do you have see
7 that in front of you?

8 A. Yes.

9 Q. Do you recall being asked questions
10 about this document earlier?

11 A. Yes.

12 Q. Do you recall anyone at HSD ever
13 asking you to dismantle Smile Source?

14 A. No.

15 Q. Did anyone at Schein ever dismantle
16 Smile Source?

17 A. No.

18 Q. Did Schein continue to do business
19 with Smile Source after the date of this e-mail?

20 A. Yes.

21 Q. You can put that aside.

22 If you could turn, please, to Exhibit
23 2154.

24 Do you recall looking at this e-mail
25 earlier today?

1 CONFIDENTIAL - RANDALL FOLEY

2 A. Yes.

3 Q. Did Smile Source ever meet with HSD?

4 A. Yes.

5 Q. At that meeting, did HSD have the
6 opportunity to learn more about Smile Source's
7 business model?

8 A. Yes.

9 Q. Did HSD begin to do business with
10 Smile Source after this meeting with Smile
11 Source?

12 A. Yes.

13 Q. You can put that aside.

14 Take a look at Exhibit 2084, Complaint
15 Counsel 2084.

16 A. Hold on. I'm off on that.

17 2084. Got it. I was looking at the
18 wrong number.

19 Q. Do you recall testifying earlier today
20 that at some point in time you recall the Thorup
21 group becoming a procurement company?

22 A. Yes.

23 Q. What did you mean by that?

24 A. That they were no longer a buying
25 group; that they were more simply based off --

1 CONFIDENTIAL - RANDALL FOLEY
2 they were simply somebody based on price and
3 more helping customers procure the cheap- -- a
4 product from multiple vendors.

5 Q. Do you have an opinion of why a
6 procurement model -- of whether a procurement
7 model would be a good fit for Henry Schein?

8 A. Why it would be?

9 Q. Do you have an opinion on whether it
10 would be?

11 A. No, I believe that it's, because it's
12 based on price only, it's not a good fit.

13 Q. Why not?

14 A. Because we offer -- we want to offer
15 full service to our end-users.

16 Q. You can put that aside.

17 If you could take a look at Exhibit
18 2099.

19 A. Uh-huh.

20 Q. Do you recall being asked questions
21 about this document earlier?

22 A. Yes.

23 Q. Do you have any knowledge as to Joe
24 Cavaretta's views on the group Smile Source?

25 A. No.

1 CONFIDENTIAL - RANDALL FOLEY

2 Q. Do you have any knowledge as to John
3 Chatham's views on the group Smile Source?

4 A. No.

5 Q. You can put that aside.

6 If you can take a look, please, at
7 exhibit Complaint Counsel 2061?

8 A. Okay.

9 Q. Do you recall being asked questions
10 earlier today about Advantage Dental and
11 references in this e-mail and others to
12 ownership?

13 A. Yes.

14 Q. Do you recall earlier today
15 distinguishing the Advantage Dental DSO from the
16 Advantage Dental buying group?

17 A. Yes.

18 Q. When you were referring to ownership
19 in this e-mail and similar e-mails, were you
20 referring to Advantage, the DSO, or Advantage,
21 the buying group?

22 A. To Advantage, the DSO.

23 Q. To your knowledge, did Schein provide
24 discounts to Advantage Dental, the buying group?

25 A. Yes.

1 CONFIDENTIAL - RANDALL FOLEY

2 Q. You can put that aside.

3 Can you take a look at Complaint
4 Counsel Exhibit 2092, please.

5 A. Uh-huh.

6 Q. If you can please take a look at your
7 e-mail on September 14, 2015 at 11:02 a.m.
8 Do you see that?

9 A. Yes.

10 Q. Do you recall being asked about the
11 line in the e-mail that says, "SM has Dental
12 Gator, but their growth has been minimal since
13 we moved them to a more restrictive PG plan,
14 unlike Breakaway, who is on an aggressive P
15 plan."

16 Do you see that?

17 A. Yes.

18 Q. To your knowledge, did Dental Gator's
19 growth have anything to do with the specific
20 sales plan used by Schein?

21 A. No.

22 Q. Put that to the side.

23 Can you take a look at Complaint
24 Counsel Exhibit 2103, please.

25 A. Uh-huh.

1 CONFIDENTIAL - RANDALL FOLEY

2 Q. Can you take a look at your e-mail on
3 the bottom of the first page of the document --

4 A. Uh-huh.

5 Q. -- to Debbie Torgersen at 11:18 a.m.
6 on April 21.

7 You see that?

8 A. Yes.

9 Q. Can you take a look at the last line
10 of your e-mail where you say, "I don't care if
11 this is a buying group, but HSD usually does
12 when their accounts join it to get reduced
13 supply costs."

14 Do you see that?

15 A. Yes.

16 Q. Do you recall being asked questions
17 about that earlier today?

18 A. Yes.

19 Q. To your knowledge, did HSD ever
20 provide reduced supply costs to buying groups?

21 A. Yes.

22 Q. You can put that aside.

23 If you could take a look at Complaint
24 Counsel Exhibit 2079.

25 A. Okay.

1 CONFIDENTIAL - RANDALL FOLEY
2 Q. If you look at your e-mail dated
3 September 14, 2014 to Hal Muller and Peter
4 Jugoon on the first page, do you see that, at
5 4:27 p.m.?

6 A. Yes.

7 Q. Do you recall being asked questions
8 earlier today about your statement, "As with
9 other buying groups, we continue to say no (at
10 least try to)"?

11 A. Yes.

12 Q. What kind of buying group has Schein
13 said no to in the past?

14 A. Those that focus only on price and
15 nothing more.

16 Q. And why is that?

17 A. It would -- again, we prefer -- we
18 prefer to offer our full solution to our end --
19 to the end-user.

20 Q. Okay. Put that aside.

21 Would you take a look at Complaint
22 Counsel 2072 exhibit.

23 A. Uh-huh.

24 Q. Take a look at your e-mail to Philip
25 Toh on August 1, 2013 at 3:28 p.m.

1 CONFIDENTIAL - RANDALL FOLEY

2 A. Okay.

3 Q. Do you see the statement in that
4 e-mail where you write, "No on Sunrise, as they
5 are more of a buying group"?

6 A. Yes.

7 Q. Do you recall being asked questions
8 about that earlier today?

9 A. Yes.

10 Q. What did you mean by that statement?

11 A. That they are based on price only, no
12 other -- no other features.

13 Q. To your knowledge, did Schein
14 ultimately do business with Sunrise?

15 A. Yes.

16 Q. Put that to the side.

17 If you could take a look at Complaint
18 Counsel Exhibit 2073.

19 This is an e-mail chain, including an
20 e-mail at the top from you to Francis Keefe on
21 December 20, 2013. Do you see that?

22 A. Yes.

23 Q. At the time of this e-mail, did Schein
24 do business with buying groups?

25 A. Yes.

1 CONFIDENTIAL - RANDALL FOLEY
2 Q. Did Schein continue to do business
3 with buying groups after the date of this
4 e-mail?

5 A. Yes.

6 Q. Put that to the side.

7 Take a look at Complaint Counsel
8 Exhibit 257.

9 A. Yes.

10 Q. Do you recall being asked questions
11 about this document earlier today?

12 A. Yes.

13 Q. Are you aware of anyone at Schein
14 giving marching orders or instructions to
15 Kathleen Titus to dismantle buying groups?

16 A. No.

17 Q. Are you aware of Joseph Cavaretta ever
18 instructing Kathleen Titus to dismantle buying
19 groups?

20 A. No.

21 Q. Would you describe Kathleen Titus'
22 efforts to engage in diligence on buying groups
23 an effort to dismantle them?

24 A. No.

25 Q. To your knowledge, did Ms. Titus work

1 CONFIDENTIAL - RANDALL FOLEY
2 to build relationships with buying groups?

3 A. Yes.

4 Q. Did she in fact do that?

5 A. Yes.

6 Q. You can put this document to the side.

7 Please take a look at Complaint
8 Counsel Exhibit 2074.

9 A. Uh-huh.

10 Q. If you take a look at your e-mail at
11 the top of the chain, latest in time, dated
12 March 5, 2014 at 9:57 a.m.?

13 A. Got it.

14 Q. If you could please look at the second
15 paragraph, the second-to-last sentence, where it
16 says, "We stay clear of these, as they only
17 erode our margins."

18 Do you see that?

19 A. Yes.

20 Q. Do you recall being asked questions
21 about that statement earlier today?

22 A. Yes.

23 Q. What type of groups were you referring
24 to in this statement?

25 A. To those that -- to those -- to buying

1 CONFIDENTIAL - RANDALL FOLEY
2 groups that only focus on price and nothing
3 more.

4 Q. Did that apply to all buying groups
5 that Schein worked with or encountered?

6 A. No.

7 Q. Okay. Put that to the side.

8 If you could take a look at Complaint
9 Counsel Exhibit 238.

10 A. Okay.

11 Q. And if you could -- I could direct
12 your attention to your e-mail to Debbie Foster
13 on February 20, 2012 at 1:30 p.m. at the top of
14 the chain, latest in time. Do you see that?

15 A. Yes.

16 Q. Can you please take a look at the last
17 sentence of the first paragraph of your e-mail?

18 A. Yes.

19 Q. Which states, "Tim Sullivan is happy
20 that we are one less" -- strike that. "Tim
21 Sullivan is happy that we are less one more BG."

22 Do you see that?

23 A. Yes.

24 Q. Did Tim Sullivan ever tell you that he
25 was happy about losing any buying group?

1 CONFIDENTIAL - RANDALL FOLEY

2 A. No.

3 Q. If you could take a look at the second
4 paragraph of that e-mail.

5 A. Okay.

6 Q. The second sentence, which states,
7 "When existing Schein customers enroll, it
8 simply erodes margins." Do you see that?

9 A. Yes.

10 Q. Do you recall being asked about that
11 statement earlier today?

12 A. Yes.

13 Q. What type of group were you referring
14 to with that statement?

15 A. A buying group that just focuses on
16 price.

17 Q. Were you referring to all buying
18 groups, generally, with that statement?

19 A. No.

20 Q. If you could please look at the last
21 sentence of that paragraph. "So this is a
22 corporate decision, not to produce -- not to
23 participate in these." Do you see that?

24 A. Yes.

25 Q. Are you aware of any corporate

1 CONFIDENTIAL - RANDALL FOLEY
2 decision at Schein not to participate in buying
3 groups?

4 A. No.

5 Q. Sitting here today looking at that --
6 at this e-mail, do you believe that sentence to
7 be an accurate statement?

8 A. Yes, I believe it to be inaccurate.

9 Q. To be inaccurate?

10 A. Inaccurate, yes.

11 Q. If you can turn to Complaint Counsel
12 Exhibit 2062.

13 A. Okay.

14 Q. If you could take a look at your
15 e-mail dated December 21, 2011 at 1:52 p.m. on
16 the bottom of the first page?

17 A. Got it.

18 Q. Do you see that?

19 A. Uh-huh.

20 Q. To your knowledge, did Schein work
21 with buying groups at the time of this e-mail?

22 A. Yes.

23 Q. To your knowledge, did Schein continue
24 to work with buying groups after the time of
25 this e-mail?

1 CONFIDENTIAL - RANDALL FOLEY

2 A. Yes.

3 Q. Please take a look at the first full
4 paragraph of that e-mail, with the first
5 sentence, do you recall being asked about the
6 sentence that says, "Unfortunately, unless you
7 have some ownership of your practice, Henry
8 Schein considers your business model as a buying
9 group, and we no longer participate in buying
10 groups." Do you see that?

11 A. Yes.

12 Q. Were you intending with that statement
13 to refer broadly to all buying groups?

14 A. No.

15 Q. What type of groups were you referring
16 to specifically there?

17 A. Buying groups that focused on price
18 and nothing else.

19 Q. Okay. You can put that one aside.

20 If you could take a look at Complaint
21 Counsel Exhibit 2063.

22 A. Uh-huh.

23 Q. Look at your e-mail from December 21,
24 2011 at 12:56 p.m.

25 A. Okay.

1 CONFIDENTIAL - RANDALL FOLEY
 2 Q. To Hal, Debbie and copying John
 3 Boresi. Do you see that?
 4 A. Yes.
 5 Q. Do you recall being asked questions
 6 about the sentence in your e-mail that states,
 7 "I just sent the former owners of GEDC a note
 8 explaining that we cannot participate in their
 9 company, Unified Smiles, as it is basically a
 10 buying group."
 11 Do you see that?
 12 A. Yes.
 13 Q. What did you mean when you said
 14 "basically a buying group"?
 15 A. That they're a buying group based on
 16 price only.
 17 Q. Could you take a look at Complaint
 18 Counsel Exhibit 2089, please.
 19 A. Okay.
 20 Q. I'd like to direct your attention to
 21 your e-mail to Hal and Bill Harrison on July 1,
 22 2015 at 8:19 a.m.
 23 A. Got it.
 24 Q. Do you see that?
 25 A. Got it.

1 CONFIDENTIAL - RANDALL FOLEY
 2 Q. So it's not a buying group?
 3 A. Not a buying group.
 4 Q. To your knowledge, was the information
 5 shared with you by Klavon referenced in this
 6 e-mail confidential?
 7 A. No.
 8 Q. And why not?
 9 A. ADP is a public company, and the bid
 10 would be public that -- it would be published
 11 that both of us lost that bid.
 12 Q. Did you share any information with
 13 John Klavon at this time or any other time
 14 regarding Schein's business?
 15 A. No.
 16 Q. Did you ever have any agreement with
 17 John Klavon regarding any customer?
 18 A. No.
 19 Q. Did you ever discuss with anyone at
 20 Patterson or Benco whether Schein would bid on
 21 Tralongo?
 22 A. No.
 23 Q. Did you ever have any agreement with
 24 anyone at Benco or Patterson regarding whether
 25 Schein would bid on Tralongo?

1 CONFIDENTIAL - RANDALL FOLEY
 2 Q. As of the date of this e-mail, so
 3 2015, approximately how many years had Schein
 4 been doing business with buying groups?
 5 A. I started in 2003, and we were doing
 6 business with buying groups I would say since
 7 2000, I think some of those customers started as
 8 buying groups, so we're at least 15 years at
 9 this time.
 10 Q. Thank you. If you could go to Exhibit
 11 2147.
 12 A. Uh-huh.
 13 Q. Do you see that?
 14 A. Yes.
 15 Q. Do you recall being asked questions
 16 about this document earlier today?
 17 A. Yes.
 18 Q. If you could turn over to the second
 19 page, please, on the e-mail that you write,
 20 where you state, "It is his understanding that
 21 ADP will be sticking with PDCO and PDCO losing
 22 their shirt." Do you see that?
 23 A. Yes.
 24 Q. What kind of entity is ADP?
 25 A. It's a DSO.

1 CONFIDENTIAL - RANDALL FOLEY
 2 A. No.
 3 Q. You talked a lot about Smile Source
 4 earlier today. In your opinion, were there
 5 aspects of the relationship with Smile Source
 6 that HSD could manage better than Special
 7 Markets?
 8 A. There were, yes, there were aspects
 9 that they could manage better and there were
 10 aspects that we could manage better.
 11 Q. And what were some of the aspects that
 12 you believe HSD could manage better about the
 13 Smile Source relationship?
 14 A. HSD had more programs geared to the
 15 private practitioner, especially -- especially
 16 progressive ones, so they could actually
 17 introduce the end-users to those programs.
 18 Q. You testified earlier today that there
 19 were times that you did consider doing business
 20 with buying groups that were focused on price,
 21 correct?
 22 A. Yes.
 23 Q. Can you provide a general description
 24 of what that decision-making process looked
 25 like?

1 CONFIDENTIAL - RANDALL FOLEY

2 A. Can you repeat it? I'm sorry.

3 Q. Yes. Sure. So I asked you just a
4 moment ago about testifying earlier today that
5 there were times that you did consider doing
6 business with buying groups that were focused on
7 price, and you answered yes.

8 My question is just can you provide a
9 general description of what that decision-making
10 process looked like.

11 A. Sure. I mean, if there was an
12 opportunity for good revenue, we would go ahead
13 with it, and I think an example would be
14 Advantage Dental.

15 Q. Is it fair to say that you didn't have
16 any across-the-board practice about how to deal
17 with buying groups that focused on price?

18 A. I'm sorry. Say that again.

19 Q. Sure. Is it fair to say that you
20 didn't have any across-the-board practice about
21 how to deal with buying groups that focused only
22 on price?

23 A. Yes.

24 Q. And you did business with buying
25 groups while at Schein, correct?

1 CONFIDENTIAL - RANDALL FOLEY

2 A. Yes.

3 Q. Would you --

4 A. Sorry.

5 Q. A lot?

6 A. Yes, we had -- I -- I guess right in
7 Special Markets we had at least \$10 million a
8 year in revenue just from buying groups.

9 Q. Did anyone at Schein ever instruct you
10 not to do business with buying groups?

11 A. No.

12 Q. Did Schein ever have a policy, written
13 or otherwise, regarding doing business with
14 buying groups?

15 A. No.

16 Q. And you testified a moment ago about
17 Special Markets, but to your understanding,
18 Henry Schein Dental also did business with
19 buying groups, correct?

20 A. Yes.

21 Q. If you could just let me finish my
22 question.

23 A. Oh, sorry.

24 Q. How would Schein determine whether to
25 do business with a buying group?

1 CONFIDENTIAL - RANDALL FOLEY

2 A. We would meet with the buying group
3 and ask questions about their business model,
4 and if it wasn't based just on price and we had
5 options to meet with the end-users and could
6 build their practices, it was a -- it would be a
7 good fit. We were determining whether they
8 would be a good fit for us.

9 Q. Did Schein have any one-size-fits-all
10 criteria for whether it would do business with a
11 buying group?

12 A. No.

13 Q. You were asked today a number of
14 questions about some, quote, push-back you got
15 from HSD. Do you recall that?

16 A. Yes.

17 Q. Who specifically in HSD do you recall
18 gave some push-back?

19 A. Generally, from field sales
20 consultants.

21 Q. Anyone else other than field sales
22 consultants that you can recall sitting here
23 today?

24 A. Perhaps the regional managers that
25 those field sales consultants reported to.

1 CONFIDENTIAL - RANDALL FOLEY

2 Q. But no one else?

3 A. Nobody else.

4 Q. You were asked a series of questions
5 earlier today about the potential benefits to
6 Schein of working with buying groups, generally.

7 Do you recall that?

8 MS. ROSNER: Objection. Leading.

9 Q. You can answer.

10 Do you want me to rephrase -- restate
11 it?

12 A. Yes, please. I'm sorry.

13 Q. You were asked a series of questions
14 earlier today about the potential benefits of
15 Schein of working with buying groups, generally.

16 Do you recall that?

17 A. Yes.

18 MS. ROSNER: Objection. Leading.

19 A. Yes.

20 Q. Randy, you need to give her a second
21 to object, okay?

22 A. Oh, okay. I got it. Okay.

23 Q. Do you recall that?

24 A. Yes.

25 Q. Did your answers to those questions

1 CONFIDENTIAL - RANDALL FOLEY
2 apply to all buying groups in the market?

3 A. I -- could you read back the question?
4 I'm sorry.

5 Q. Yes. Sure. I asked you if you were
6 asked a series of questions earlier today about
7 potential benefits to Schein of working with
8 buying groups.

9 Do you recall that?

10 A. Yes.

11 Q. My question for you is do you think
12 that those benefits would apply equally to every
13 single buying group in the market?

14 A. No, they would be different based on
15 each buying group.

16 Q. And is that something that Schein
17 considered in determining whether to do business
18 with any particular buying group?

19 A. Yes.

20 Q. You were asked questions earlier today
21 regarding ownership of certain groups. Do you
22 recall that?

23 MS. ROSNER: Objection. Leading.

24 A. Yes.

25 Q. Were there ever any requirements, to

1 CONFIDENTIAL - RANDALL FOLEY
2 your knowledge, at Schein regarding percentage
3 of ownership of buying groups in order to
4 provide discounts to those buying groups?

5 A. No.

6 Q. You were asked earlier today about
7 Tralongo.

8 Did Schein ever consider doing
9 business with Tralongo's buying group?

10 A. Yes.

11 Q. And your understanding is that Schein
12 did not end up doing business with the Tralongo
13 buying group?

14 MS. ROSNER: Objection. Leading.

15 A. It is my understanding that --

16 I'm sorry. We did get a relationship
17 on the equipment side and on the service side,
18 but not on the merchandise side. On the buying
19 group side.

20 Q. On Tralongo's buying group side?

21 A. Yes.

22 MS. ROSNER: Objection. Leading.

23 Q. With respect to the merchandise side,
24 do you have an understanding of why Schein did
25 not do business with Tralongo buying group on

1 CONFIDENTIAL - RANDALL FOLEY
2 the merchandise side?

3 A. Yes; we lost the bid against Darby.

4 Q. Did Schein ever decide not to work
5 with the Tralongo buying group -- let me
6 rephrase that.

7 Did Schein's decision not to work
8 with -- let me start over.

9 Did the fact that Schein did not work
10 with the Tralongo buying group have anything to
11 do with Tralongo's ownership structure?

12 MS. ROSNER: Objection. Form.

13 A. No.

14 Q. Did the fact that Schein did not work
15 with Tralongo's buying group on the merchandise
16 side have anything to do with any competitors of
17 Henry Schein?

18 MS. ROSNER: Objection. Form.

19 A. The fact that we didn't get it is
20 because we lost it to Darby, but it had nothing
21 else to do with anybody else that I know of.

22 Q. You referred earlier today to certain
23 vendor requirements regarding extending rebates
24 to DSO customers. Do you recall that?

25 MS. ROSNER: Objection. Leading.

1 CONFIDENTIAL - RANDALL FOLEY

2 A. Yes.

3 Q. Did those vendors' requirements apply
4 to whether Schein could offer discounts to any
5 buying groups?

6 A. Yes.

7 Q. And in what way?

8 A. That they did not want to extend their
9 chargebacks, their reduced cost of the supply to
10 any buying groups. Only for the DSO and other
11 segments.

12 Q. Did those vendor requirements prevent
13 Henry Schein from providing discounts to buying
14 groups?

15 A. No.

16 Q. Did Schein in fact provide discounts
17 to buying groups?

18 A. Yes.

19 Q. Did Schein in fact provide discounts
20 to Advantage Dental's buying group?

21 A. Yes.

22 Q. Do you recall seeing a number of
23 e-mails earlier referring to ownership of
24 Advantage Dental?

25 A. Yes.

1 CONFIDENTIAL - RANDALL FOLEY
 2 Q. What did the ownership discussion
 3 refer to?
 4 A. It referred to the DSO component of
 5 Advantage Dental.
 6 Q. Did that discussion have anything to
 7 do with Advantage Dental's buying group?
 8 A. No.
 9 Q. Did Schein do business with Dental
 10 Gator?
 11 A. Yes.
 12 Q. Did Schein set up a special pricing
 13 plan to offer discounts to Dental Gator
 14 customers?
 15 A. Yes.
 16 Q. To your knowledge, did Henry Schein
 17 Dental work with Dental Gator?
 18 A. Yes.
 19 Q. Did anyone from Henry Schein Dental
 20 ever instruct you not to work with Dental Gator?
 21 A. No.
 22 Q. Have you ever had any communications
 23 with anyone at Patterson about any customers?
 24 A. None.
 25 Q. You recall being asked earlier today

1 CONFIDENTIAL - RANDALL FOLEY
 2 about a conversation that you had with Pat Ryan
 3 about Smile Source? Do you recall that?
 4 MS. ROSNER: Objections. Leading.
 5 A. Yes.
 6 Q. Do you recall being asked questions
 7 earlier today about a conversation that you had
 8 with John Klavon on an airplane?
 9 A. Yes.
 10 Q. Setting aside those two conversations,
 11 have you ever had a conversation with anybody at
 12 Benco regarding any customer?
 13 A. No.
 14 Q. Have you ever had an agreement with
 15 anyone at Benco or Patterson about doing
 16 business with any customer?
 17 A. No.
 18 Q. How frequently did you compete against
 19 Benco and Patterson for business?
 20 A. Could you say that again?
 21 Q. How frequently did you compete against
 22 Benco and Patterson for business?
 23 A. All the time. Every day.
 24 Q. Are you aware of any policy at Henry
 25 Schein regarding doing business with buying

1 CONFIDENTIAL - RANDALL FOLEY
 2 groups?
 3 A. No.
 4 Q. Has Henry Schein ever had any policy
 5 against doing business with buying groups?
 6 A. No.
 7 Q. While at Schein, what was your opinion
 8 about doing business with buying groups?
 9 A. I had no -- I was favorable to buying
 10 groups. And again, I would analyze each one of
 11 them, and I had a number of buying groups and
 12 made good revenue from them.
 13 MS. FINCHER: No further questions.
 14 MS. ROSNER: Can we take a break?
 15 MS. FINCHER: Sure.
 16 MS. ROSNER: Off the record.
 17 THE VIDEOGRAPHER: The time is 5:41
 18 p.m. We're off the record.
 19 (Recess.)
 20 THE VIDEOGRAPHER: The time is 5:58
 21 p.m. We're on the record.
 22 FURTHER EXAMINATION BY
 23 MS. ROSNER:
 24 Q. Mr. Foley, before this last break,
 25 your attorney reviewed a number of documents

1 CONFIDENTIAL - RANDALL FOLEY
 2 with you, correct?
 3 A. Yes.
 4 Q. And she asked you a number of
 5 questions about the documents that we had
 6 already discussed today, correct?
 7 A. Correct.
 8 Q. Did you review those documents with
 9 her during your prior break?
 10 MS. FINCHER: Object to the form.
 11 Jasmine, you know good and well that I
 12 am not going to allow you to ask him
 13 questions about what he discussed with
 14 counsel outside of that room. That is not
 15 appropriate. It's attorney-client
 16 privileged. It's also attorney-client work
 17 product.
 18 Please move on.
 19 BY MS. ROSNER:
 20 Q. Have you met with counsel for either
 21 Benco or Patterson at all today?
 22 A. No.
 23 Q. Patterson counsel showed you a
 24 document that was marked Foley Exhibit 1.
 25 Do you recall that document?

1 CONFIDENTIAL - RANDALL FOLEY
 2 A. No. I'm tired.
 3 Q. I hand you a copy of Foley Exhibit 1.
 4 Do you recall this document?
 5 A. Now I do, yes.
 6 Q. Is there anywhere on this document
 7 that makes clear that they're talking about
 8 competition for a buying group?
 9 MS. FINCHER: Object to the form.
 10 A. That it -- no, it does not show that
 11 it relates to a buying group.
 12 Q. Okay. You can put that document
 13 aside.
 14 You testified earlier that the
 15 discussion you had with John Klavon regarding
 16 ADP was not confidential because ADP was a
 17 public company, correct?
 18 A. Correct.
 19 Q. Do you regularly discuss public
 20 customers with competitors?
 21 A. No.
 22 MS. FINCHER: Object to be form.
 23 THE WITNESS: I'm sorry.
 24 MS. FINCHER: Just give me a moment to
 25 object, Randy.

1 CONFIDENTIAL - RANDALL FOLEY
 2 THE WITNESS: No.
 3 BY MS. ROSNER:
 4 Q. Why not?
 5 A. I'm not to share any information about
 6 our company with anybody else based on our
 7 business world standards, whether they're public
 8 or not.
 9 Q. You earlier testified when your
 10 attorney was asking you questions that Dental
 11 Gator's growth was not affected by the change in
 12 discount rate that Schein provided, correct?
 13 MS. FINCHER: Object to the form.
 14 Mischaracterizes the testimony.
 15 A. Yes. Correct.
 16 Q. What's your basis for that statement?
 17 A. That there would have to be an
 18 analysis done whether to change the buying group
 19 plan to a PG resulted in them not winning more
 20 business or whether they just -- their model was
 21 failing, that they couldn't land more business.
 22 Q. Did you do such an analysis?
 23 A. Not that I'm aware of.
 24 Q. So you have no basis for the statement
 25 that the change in discount rate did not affect

1 CONFIDENTIAL - RANDALL FOLEY
 2 their growth?
 3 MS. FINCHER: Object to the form.
 4 Mischaracterizes the testimony.
 5 Go ahead.
 6 A. Correct.
 7 Q. Earlier today we talked about the
 8 Thorup buying group out of Utah, correct?
 9 A. Uh-huh.
 10 MS. FINCHER: Randy, you need to
 11 answer to her question yes or no instead of
 12 "uh-huh" for the record.
 13 A. Oh. Yes.
 14 Q. And when your attorney was asking you
 15 questions about Thorup, you said that it was a
 16 procurement company, correct?
 17 MS. FINCHER: Object to the form.
 18 Mischaracterizes the testimony.
 19 A. That at the end it was a procurement
 20 company.
 21 Q. What's your basis for saying that it
 22 was a procurement company?
 23 A. I believe it's based on information I
 24 received from Kathleen Titus.
 25 Q. You had no personal knowledge about

1 CONFIDENTIAL - RANDALL FOLEY
 2 whether Thorup was a procurement company?
 3 MS. FINCHER: Object to the form.
 4 A. No, not personally.
 5 Q. You never talked to the owners of
 6 Thorup?
 7 A. That is correct.
 8 Q. Your attorney reviewed with you a
 9 number of documents that we previously reviewed
 10 today, correct?
 11 Let me rephrase. Your attorney before
 12 the break asked you a number of questions about
 13 documents that we previously reviewed today,
 14 correct?
 15 A. Correct.
 16 Q. And in a number of those documents you
 17 were quoted as saying that Schein does not do
 18 business with buying groups?
 19 MS. FINCHER: Object to the form.
 20 Mischaracterizes both the documents and also
 21 his prior testimony.
 22 A. Hard to remember everything exactly
 23 what I said and what -- exactly what you're
 24 asking me. I -- I -- I don't remember
 25 everything.

1 CONFIDENTIAL - RANDALL FOLEY
 2 Q. A number of the documents quoted
 3 language saying Schein does not do business with
 4 buying groups, and you explained to your counsel
 5 that you meant buying groups that focused only
 6 on price or were price-focused?

7 MS. FINCHER: Object to the form.

8 Mischaracterizes the documents and the prior
 9 testimony.

10 If you have a document and you want to
 11 show him, you're welcome to do that.

12 Go ahead.

13 A. Okay. Yes.

14 Q. I'm sorry. What does your "yes" refer
 15 to?

16 A. Pardon me?

17 MS. FINCHER: Do you want to reask
 18 your question so it's clear?

19 A. I do recall those types of statements,
 20 if that was the question. That's what I
 21 gathered the question to be.

22 Q. And your testimony is that when those
 23 statements Schein did not business with buying
 24 groups, you meant price-only buying groups?

25 MS. FINCHER: Object to the form.

1 CONFIDENTIAL - RANDALL FOLEY

2 Go ahead.

3 A. Yes.

4 Q. But nowhere in those documents does
 5 the term "price only" appear?

6 MS. FINCHER: Object to the form.

7 A. Correct.

8 Q. We earlier discussed document CX2062.
 9 If you want to take a moment to pull it out of
 10 your pile. Take your time.

11 A. In this pile here?

12 Q. It's an e-mail at the top of the chain
 13 it's an e-mail from you of December 21, 2011.

14 And if you would like, I can take half
 15 of your pile to help you look.

16 MS. FINCHER: Did you say 2062?

17 MS. ROSNER: 2062.

18 MS. FINCHER: You need to look at the
 19 bottom in the corner --

20 THE WITNESS: I am.

21 MS. FINCHER: -- to try to find the
 22 number.

23 MS. ROSNER: It should be a stapled
 24 together.

25 THE WITNESS: And of course it's one

1 CONFIDENTIAL - RANDALL FOLEY
 2 of the last ones I got to, but here it is.
 3 20 -- I'm sorry. 2062, correct?

4 BY MS. ROSNER:

5 Q. Yes.

6 A. Okay.

7 Q. In the second e-mail down to Jan from
 8 you, we earlier discussed the sentence that had
 9 the phrase, "Henry Schein considers your
 10 business model as a buying group and we no
 11 longer participate in buying groups." Do you
 12 see that phrase?

13 A. Yes.

14 Q. Earlier today, you testified you don't
 15 know why you made the statement because it was
 16 inaccurate; do you remember that?

17 MS. FINCHER: Object to the form.

18 Mischaracterizes the earlier testimony.

19 Go ahead.

20 A. Yes.

21 Q. When your attorney asked you about
 22 this document, you just responded that in this
 23 e-mail you were referring to price-only buying
 24 groups; is that correct?

25 MS. FINCHER: Object to the form.

1 CONFIDENTIAL - RANDALL FOLEY

2 Go ahead.

3 A. Correct.

4 Q. So your testimony changed from this
 5 morning to when your attorney was asking you
 6 some questions about CX2062?

7 MS. FINCHER: Object to the form.

8 Mischaracterizes the testimony at all times
 9 today.

10 Go ahead.

11 A. I don't know what I -- how I answered
 12 this particular e-mail earlier today.

13 Q. You answered that you didn't know why
 14 you made that statement.

15 MS. FINCHER: Object to the form.

16 Q. Was there something that you looked at
 17 that refreshed your recollection that you made
 18 that statement to refer to price-only buying
 19 groups?

20 MS. FINCHER: Object to the form.

21 A. Because the statement "we no longer
 22 participate in buying groups" is inaccurate. We
 23 participate in buying groups. I have. Always
 24 have. Still do. I don't understand why I would
 25 make that statement other than that this

1 CONFIDENTIAL - RANDALL FOLEY
2 business model would be price-only. Perhaps
3 that's why I made that statement.

4 Q. You testified when your attorney was
5 asking you questions that Schein has always
6 evaluated each buying group opportunity as it
7 came along, correct?

8 MS. FINCHER: Object to the form.

9 A. To my understanding, yes.

10 Q. And that that general idea didn't
11 change; Schein has always evaluated each
12 individual opportunity?

13 A. To the best of my knowledge, yes.

14 Q. And that Schein does not work with
15 buying groups that are price-only focused?

16 MS. FINCHER: Object to the form.

17 Mischaracterizes the testimony.

18 Go ahead.

19 A. No, that we do have some that are
20 price only, such as Advantage and maybe a couple
21 others.

22 Q. Do you remember testifying at your
23 investigational hearing in July of 2017?

24 A. Can you repeat that?

25 Q. Do you remember testifying at your

1 CONFIDENTIAL - RANDALL FOLEY
2 investigational hearing in July of 2017?

3 A. I remember being there.

4 Q. And at that investigational hearing,
5 you were sworn by an oath to tell the truth?

6 A. Yes.

7 Q. And you told the truth?

8 A. Yes.

9 Q. At that investigational hearing, you
10 said there was definitely a change in the
11 general idea about when to work with buying
12 groups?

13 MS. FINCHER: Object to the form.

14 Jasmine, as he just said, that was a
15 long time ago. If you have the transcript
16 or some portion of the transcript you want
17 to show him, you're welcome to do that.

18 A. I don't recall saying that. Could you
19 say it again?

20 Q. At your investigational hearing, you
21 said that there was definitely a change in the
22 general idea about when to work with buying
23 groups?

24 MS. FINCHER: Object to the form.

25 A. Yeah, I don't remember that comment.

1 CONFIDENTIAL - RANDALL FOLEY
2 Q. I'm going to hand you a copy of your
3 transcript. It has been premarked for
4 identification as CX9000.

5 A. Uh-huh.

6 Q. And I'm going to refer you to page 164
7 to 166.

8 (Exhibit CX9000-001 through 90,
9 Transcript of Randy Foley, marked for
10 identification, as of this date.)

11 MS. FINCHER: Can you help him out,
12 Jasmine, to where he's supposed to be
13 looking for those numbers?

14 THE WITNESS: I got it right here.

15 MS. FINCHER: You got it?

16 THE WITNESS: Yeah. Okay. What was
17 the numbers?

18 BY MS. ROSNER:

19 Q. 164 to 166.

20 A. Okay.

21 MS. FINCHER: If you need a minute to
22 read it over and refresh your recollection,
23 go ahead.

24 A. I see the pages. Do you want me to
25 read the whole thing?

1 CONFIDENTIAL - RANDALL FOLEY

2 MS. FINCHER: Take as much time as you
3 need to recall it.

4 THE WITNESS: Okay.

5 MS. FINCHER: She mentioned it was
6 over a year ago.

7 (Document review.)

8 BY MS. ROSNER:

9 Q. I apologize. It's to 167.

10 A. Oh, to 167? Okay.

11 (Document review.)

12 A. Okay. I've ended at 167 reading.

13 Q. So Mr. Solomon was asking you about
14 Schein's policy on buying groups, and you say,
15 "It's not a policy, it's a general rule or just
16 an idea," and then on page 167, line 6, he asks
17 you, "Did that idea ever change?" And you
18 answered, "Oh, definitely"; is that correct?

19 MS. FINCHER: Object to form.

20 Mischaracterizes the transcript.

21 Go ahead.

22 A. That's what it says.

23 Q. And you were telling the truth at the
24 time?

25 A. Yes.

CONFIDENTIAL - RANDALL FOLEY

Q. And you say, "As the years went on, we saw the value of the buying groups," and further in that answer you say, "There were a number of them who were very basic. Would come and say, hey, I can do better pricing. Those are the ones that we would say, well, this doesn't have any value; move on."

You're referring to price-only buying groups there, correct?

A. Correct.

Q. And you're saying that Schein did not do business with price-only buying groups?

MS. FINCHER: Object to the form.

A. No, we did have some that were price only, but that was not the goal.

Q. My question is you say that the idea about doing businesses with buying groups had changed. How did that change?

MS. FINCHER: Object to the form.

A. As I mentioned, Brian Brady in this response, towards the end, towards the end of my time at Schein, 2015-2016, we had added Brian and others on the team to focus on buying groups more than we had in the past to help build this

CONFIDENTIAL - RANDALL FOLEY

line of business.

So we added or appointed resources in the HSD side and were working on -- and they were developing their plans.

Q. That's not the idea of how Schein does business with buying groups, though.

MS. FINCHER: Object to the form.

If you have a question, Jasmine, please ask it.

Q. On page 166, lines 12 through 18, you say we had a "general rule as to when to engage -- not even rule; just a general idea when somebody -- when should be a buying group or whether they should -- are they just based on price," and that that idea changed.

So how did it change?

MS. FINCHER: Object to the form.

Mischaracterizes the document.

Go ahead.

A. Well, we're at -- let me clarify this. You're talking over a 16- -- I'm sorry, a 14-year period for me, right, or -- and so I can't tell you at this -- to me this part of this question in part 166 is saying how -- this

CONFIDENTIAL - RANDALL FOLEY

is how we dealt with buying groups. It was a general, you know, market that we were after. No specific written rules.

And here I'm stating that we are making changes to our -- to focus more on the buying groups and coming up with a more structured plan on doing that, and Brian Brady is part of that.

So there was a change from the way it was in 2003 when I started to how it ended in 2015 -- '16, when I ended -- when I started and when I ended.

Q. So Ronnie Solomon is asking you about how the idea around buying groups changed, and you're answering it with how Schein's systems about buying groups changed?

MS. FINCHER: Object to the form.

(Continued on the next page to include the jurat.)

CONFIDENTIAL - RANDALL FOLEY

A. That's how I read this.

MS. ROSNER: No further questions.

MS. FINCHER: Anybody else?

MR. YOON: No.

MS. FINCHER: No further questions.

MS. ROSNER: Close the record.

THE VIDEOGRAPHER: This concludes today's deposition. The time is 6:16 p.m. We're off the record.

(Whereupon, the deposition concluded.)

oOo

RANDALL FOLEY

Subscribed and sworn to before me this day of 2018.

ERRATA SHEET

DEPOSITION OF: Randall Foley

DATE DEPOSITION: June 20, 2018

CASE NAME: In the Matter of Benco Dental, Inc., et al., Docket No. D09379

The following are the corrections which I have made to my transcript:

PAGE	LINE #	CORRECTION	REASON FOR CORRECTION
8	21	Delete "16,"	Clarification/misspoke
11	20	Change "uh-huh" to "yes"	Clarification
21	12	Change "they don't serve as organizations" to "they are Dental service organizations"	Typographical error
24	11	Change "reduce" to "reduced"	Typographical error/clarification
27	13	Change "That it's more that" to "It's more that"	Typographical error
44	20	Change "that" to "there"	Typographical error
45	22	Change "control" to "controlling"	Clarification
48	19	Change "offer help with" to "offer to help"	Typographical error/clarification
64	25	Change "I would not, as a generalization" to "I would not, make a generalization"	Clarification
68	17	Change "That I know of, correct." to "Not that I know of, correct."	Clarification/typographical error
69	14	Change "may have" to "never"	Typographical error/misspoke
77	14	Change "\$9,000 [sic]" to "\$900,000"	Clarification/misspoke
91	22	Delete "what"	Typographical error
96	20	Change "be" to "be a"	Clarification
101	2	Change "it" to "I"	Clarification
103	23	Change "Yes, when" to "Yes, generally when"	Clarification
106	9	Change "call" to "say"	Clarification
116	25	Change "flat" to "flack"	Typographical error
120	3	Change "asking" to "ever"	Clarification/typographical

			error
128	25	Change “mature” to “maturing”	Typographical error/clarification
147	23	Change “Atlantic” to “Atlanta”	Typographical error
149	24-25	Delete “we, as a company decided— not as a company”	Clarification
150	16	Delete “We did not”	Clarification
151	7	Change “I” to “you”	Clarification
154	10	Change “DDA” to “TDA”	Typographical error
157	22	Change “but price” to “but if it was price only”	Clarification/misspoke
164	6	Change “in two” to “into”	Typographical error
181	21	Change “discovery” to “discovering”	Typographical error
182	19	Change “on a” to “or a”	Typographical error
206	7	Change “what we’re” to “where we’re”	Typographical error/clarification
210	17	Change “351” to “51”	Typographical error
221	18	Change “our” to “any”	Typographical error
271	3	Change “the buying” to “them”	Clarification
271	14	Change “numbers” to “P&L”	Clarification
275	10	Change “see” to “agree”	Typographical error
280	18-19	Change “I’m not getting into the level that that response to Chad Thompson” to “I’m not getting into that level of a response with Chad Thompson”	Clarification
290	6	Change “know” to “not”	Typographical error/clarification
294	20	Change “that” to “than”	Typographical error/clarification
307	16	Change “working at” to “working on”	Typographical error
308	7	Change “From my knowledge, yes.” to “To my knowledge, yes.”	Typographical error/clarification
314	6	Change “west Dallas” to “West Allis”	Typographical error
317	24	Change “them” to “that”	Typographical error
338	22	Change “buying group.” to “buying group model.”	Clarification

369	8	Change “telling” to “asking”	Clarification
404	8	Change “Yes, I believe it to be inaccurate.” to “No, I believe it to be inaccurate.”	Clarification/misspoke

I, Randall Foley, declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct.

EXECUTED this 30th day of July, 2018.

at Royal Oak, MI
(City) (State)

Randall Foley

1 CONFIDENTIAL - HAL MULLER
 2 THE VIDEOGRAPHER: This begins media
 3 labeled number 1 of the video-recorded
 4 deposition of Hal Muller in the matter of In
 5 re Benco Dental, Incorporated, et al.
 6 This deposition is being held at 11
 7 Times Square in New York, New York, on June
 8 21, 2018, at approximately 8:20 a.m.
 9 My name is Matthew Smith for TSG
 10 Incorporated. I'm the legal video
 11 specialist. The court reporter is Kathy
 12 Klepfer, in association with TSG Reporting.
 13 Will counsel please introduce yourself
 14 for the record.
 15 MS. ROSNER: Jasmine Rosner for
 16 complaint counsel.
 17 MR. McDONALD: John McDonald for Henry
 18 Schein and the witness.
 19 MR. LAVERY: Will Lavery for
 20 Patterson.
 21 MS. LLOYD: Kristen Lloyd for
 22 Patterson.
 23 MR. YOON: Eric Yoon for Benco Dental
 24 Supply Company.
 25 THE VIDEOGRAPHER: Counsel on the

1 CONFIDENTIAL - HAL MULLER
 2 much like the investigational hearing that you
 3 did in June of 2017. So all the same rules from
 4 your investigational hearing will apply today.
 5 The two most important rules are that you tell
 6 the truth today and that you and I cooperate to
 7 make the court reporter's job as easy as
 8 possible. That we try not to speak over each
 9 other.
 10 From time to time, your attorney may
 11 speak up. Please don't speak over your
 12 attorney. And we'll keep the record as clean as
 13 possible. Does that sound okay?
 14 A. That's sounds fine.
 15 Q. Great.
 16 Where are you employed?
 17 A. Henry Schein.
 18 Q. You were previously the Director of
 19 Special Markets within the Dental business at
 20 Henry Schein; is that right?
 21 MR. McDONALD: Object to the form.
 22 A. No. I am the president, or was up
 23 until very recently the president, of Special
 24 Markets, which is not part of the Dental
 25 Division, but it is part of Henry Schein.

1 CONFIDENTIAL - HAL MULLER
 2 phone?
 3 MS. GOFF: Karen Goff for complaint
 4 counsel.
 5 THE VIDEOGRAPHER: Thank you.
 6 Will the court reporter please swear
 7 in the witness.
 8 * * *
 9 HAL MULLER, called as a
 10 witness, having been duly sworn by a Notary
 11 Public, was examined and testified as
 12 follows:
 13 EXAMINATION BY
 14 MS. ROSNER:
 15 Q. Mr. Muller, my name is Jasmine Rosner
 16 from the Federal Trade Commission.
 17 We've never met, correct?
 18 A. Correct.
 19 Q. I understand that you have previously
 20 had an investigational hearing in this matter.
 21 It was very similar to today's setting as a
 22 deposition.
 23 Do you recall that?
 24 A. Yes.
 25 Q. And today is going to proceed very

1 CONFIDENTIAL - HAL MULLER
 2 Q. Henry Schein has a variety of business
 3 units; is that right?
 4 A. Correct.
 5 Q. Medical, Dental, Veterinarian, maybe
 6 some other ones; is that right?
 7 A. Correct.
 8 Q. And of the -- in the Dental Business
 9 Unit, there is a group called Special Markets?
 10 A. Correct.
 11 Q. And there's a group called Henry
 12 Schein Dental?
 13 A. Correct.
 14 Q. And you were the president of the
 15 Special Markets Group within the Dental Business
 16 of Henry Schein?
 17 A. Correct.
 18 Q. When did you leave that role?
 19 A. About the first of the year.
 20 Q. What's your current title?
 21 A. Global President of Special Markets of
 22 Henry Schein.
 23 Q. Is your current title limited to the
 24 dental industry?
 25 A. Yes.

1 CONFIDENTIAL - HAL MULLER
 2 Q. How is your current role different
 3 from your prior role?
 4 A. I really don't have much to do with
 5 the United States anymore.
 6 Q. Is Global President of Special Markets
 7 of Henry Schein a promotion from your prior
 8 role?
 9 A. Not really. It's to allow -- I'm
 10 phasing out and it was allowed for the new team
 11 to come in. So my title could easily be
 12 "international" as opposed to "global," which
 13 would include the U.S.; but it's just something
 14 to get the new team going as I head towards
 15 retirement.
 16 Q. When do you anticipate retiring from
 17 Henry Schein?
 18 A. Somewhere in the next year or two.
 19 Q. Did you seek out the new role of
 20 Global President of Special Markets of Henry
 21 Schein?
 22 A. I made it known that I was ready to
 23 gear down.
 24 Q. Who replaced you as President of
 25 Special Markets?

1 CONFIDENTIAL - HAL MULLER
 2 dental business, is that all right?
 3 A. Okay.
 4 Q. When we talk about Special Markets, my
 5 understanding is that sometimes Special Markets
 6 is referred to as "SM"; is that correct?
 7 A. Correct.
 8 Q. Sometimes Special Markets is referred
 9 to as "HSSM"?
 10 A. Correct.
 11 Q. We mentioned earlier the group Henry
 12 Schein Dental. Henry Schein Dental is sometimes
 13 referred to as "HSD"?
 14 A. Correct.
 15 Q. Tim Sullivan oversees HSD?
 16 A. Correct.
 17 Q. Traditionally, independent private
 18 practice dentists' customers fall within HSD's
 19 domain?
 20 A. Correct.
 21 Q. Special Markets' customers include
 22 nontraditional dental practices?
 23 A. Correct.
 24 Q. I want to go over what some of those
 25 nontraditional dental practices are.

1 CONFIDENTIAL - HAL MULLER
 2 A. There isn't an official president
 3 right now. There are two or three people that
 4 have that role. AJ Caffentzis is the senior
 5 person, and then there's a sales person and an
 6 internal person leader, vice presidents, that
 7 are running the day-to-day operations.
 8 Q. In addition to AJ, who are those other
 9 two people?
 10 A. Bill Harrison on the inside and Jake
 11 Meadows on the outside.
 12 Q. When you retire from Henry Schein, do
 13 you anticipate continuing some sort of formal or
 14 informal working relationship with the company?
 15 A. It's possible if we can work something
 16 out.
 17 Q. Do you anticipate going to a
 18 competitor of the company?
 19 A. No.
 20 Q. If I say "Schein" today, will you
 21 understand that I'm referring to the company
 22 Henry Schein?
 23 A. Yes.
 24 Q. And when we talk about Schein today,
 25 we're only going to talk about Henry Schein's

1 CONFIDENTIAL - HAL MULLER
 2 What is a DSO?
 3 A. A dental support organization is a
 4 group of private practice dentists that are
 5 affiliated with a corporate entity.
 6 Q. You mentioned they're private practice
 7 dentists. Is that to say they're not non-profit
 8 dentists?
 9 MR. McDONALD: Object to the form.
 10 A. You're using a double negative.
 11 Q. What do you mean by "private practice
 12 dentists"?
 13 A. Private practice dentists is what you
 14 would traditionally consider a dental office,
 15 where you would walk in and there would be a
 16 dentist, a hygienist, and stuff like that.
 17 So, in most cases, you wouldn't know
 18 whether you were walking into a DSO office or a
 19 solo practitioner's office.
 20 Q. When you say "you" wouldn't know,
 21 you're referring to the patient wouldn't know?
 22 A. A consumer, right.
 23 Q. DSOs have some ownership interest in
 24 the dental offices that are associated with
 25 them; is that right?

1 CONFIDENTIAL - HAL MULLER
2 MR. McDONALD: Object to the form.

3 A. There's many different corporate
4 structures in DSOs.

5 Q. What are the corporate different --
6 what were the different corporate structures in
7 DSOs?

8 A. Some have owner doctors. Some
9 actually own everything in the office and the
10 doctor has his own LLC. Because in most states
11 a corporation can't own a dental office, so
12 there's different structures. There are
13 franchise -- franchises out there. There are
14 ones where there's profit sharing from each of
15 the doctors in the structure.

16 So, as -- as the old expression if you
17 have seen one DSO, you have seen one. There's
18 probably ten or fifteen different structures.

19 Q. What are some of the other structures?

20 A. You know, just -- just a total
21 affiliate model. You know, we want to look like
22 a group, we want to be able to negotiate
23 stronger with an insurance company, so we're
24 banding together, things like that.

25 Q. DSOs typically have infrastructure

1 CONFIDENTIAL - HAL MULLER
2 built around supporting the various offices?

3 A. Correct.

4 Q. DSOs typically aren't dentists just
5 being pulled together to get a lower price?

6 MR. McDONALD: Object to the form.

7 A. I can't define them all, right? There
8 are -- that may be the exact reason some of them
9 have gotten together.

10 Q. There's usually an ownership and a
11 management team for the DSO?

12 MR. McDONALD: Object to the form.

13 A. There is usually a management team.

14 Q. There's usually ownership?

15 MR. McDONALD: Object to the form.

16 A. There is a management team. Ownership
17 in what is -- I'm not privy to all the ways
18 people own or get revenue from an organization.

19 Q. There's a huge difference between a
20 buying group and a DSO?

21 MR. McDONALD: Object to the form.

22 A. Depends how you define "buying group."

23 Q. How do you define "buying group"?

24 A. I think it's a very general term. It
25 could have many meanings. I'll give you some

1 CONFIDENTIAL - HAL MULLER
2 examples.

3 I'm -- we have buying groups that are
4 a bunch of dentists that are -- have come
5 together as an association. Let's say the New
6 York State dentists may pull together and say,
7 hey, let's form a group and see if we can get
8 better pricing and can we get better payment.

9 The biggest problem right now in
10 dentistry is -- is reimbursement from insurance
11 companies, so people are banding together to try
12 to negotiate better, which is really why the
13 DSOs were stronger back in the day. And so
14 there's one definition.

15 There are somebody like Hal Muller
16 decides that I'm going to make 3 percent on a
17 whole bunch of people's purchases, and I'll call
18 some people and see if I can negotiate better
19 prices and call it Hal's Buying Group.

20 There are DSOs that are, especially as
21 they keep evolving, that may just be a buying
22 group. There are large groups like Alpha Omega,
23 which is almost around the world, but let's say
24 in the U.S. that Henry Schein has been selling
25 their members for years and offering them a

1 CONFIDENTIAL - HAL MULLER
2 discount because they're part of Alpha Omega
3 even though Alpha Omega may not have come to
4 Schein, but still you could say that's a buying
5 group.

6 We sell NYU Dental School. We offer a
7 discount to their professors that are also in,
8 quote/unquote, private practice. So you could
9 call those all buying groups.

10 Q. I want to explore that a little bit
11 more, but I want to step back and talk about
12 something you mentioned.

13 You talked about if New York State
14 Dentists Association got together and created a
15 group to get better pricing, that would be
16 considered buying group.

17 Do you know of other state
18 associations that have created buying groups?

19 A. For private practice dentists?

20 Q. Correct.

21 A. I mentioned New York. I'm not sure
22 they even have one. I was just using that as an
23 example.

24 I don't know if a whole state -- I
25 know that California was thinking of it. I know

1 CONFIDENTIAL - HAL MULLER
2 that Georgia was thinking of it. I don't know
3 how those proceeded or -- or what happened or if
4 there's any others.

5 Q. What about Texas?

6 A. I know there are some issues in Texas
7 that have been around -- yeah, I would say that
8 they came together and tried to create a buying
9 group.

10 Q. Is that the TDA Perks Group?

11 A. I wouldn't --

12 MR. McDONALD: Object to the form.

13 A. I'm sorry.

14 I wouldn't know the name of it.

15 Q. Is it your understanding that a DSO
16 has infrastructure built around supporting
17 offices, not just being pulled together to get a
18 lower price?

19 MR. McDONALD: Object to the form.

20 A. Can you ask that again?

21 Q. Is it your understanding that a DSO
22 has infrastructure built around supporting
23 offices, not just being pulled together to get a
24 lower price?

25 MR. McDONALD: Object to the form.

1 CONFIDENTIAL - HAL MULLER

2 A. I can't attest that that's always the
3 case, but many of the times that's the case.

4 Q. So your understanding there's usually
5 ownership and a DSO for locations and a
6 management team?

7 MR. McDONALD: Object to the form.
8 Asked and answered.

9 A. I'm not -- it's not always ownership.

10 Q. Are you objecting that there's usually
11 ownership?

12 MR. McDONALD: Object to the form.

13 A. The word "usually"? "Sometimes" would
14 be a better word.

15 Q. There's a huge difference between a
16 buying group and a DSO?

17 MR. McDONALD: Object to the form.
18 Asked and answered about five minutes ago.

19 A. It all depends how you define "buying
20 group."

21 Q. You wouldn't say there's a huge
22 difference between a buying group and a DSO?

23 MR. McDONALD: Object to the form.

24 A. It depends.

25 Q. Do you remember giving an

1 CONFIDENTIAL - HAL MULLER
2 investigational --

3 MR. McDONALD: Hang on. Why don't you
4 let him finish his answer before you
5 interrupt him.

6 A. The reason I was answering the way I
7 was is there are buying groups that take a fee,
8 a monthly fee. There are buying groups that
9 take a percentage of revenue. There are DSOs
10 that take a percentage of revenue as their fee.

11 In those two cases, you can see
12 they're both the same, and a buying group may
13 have a structure, an infrastructure, as a DSO
14 has an infrastructure.

15 Q. Do you recall giving testimony at your
16 investigational hearing in this matter?

17 A. I don't recall what I spoke about last
18 time.

19 Q. You recall giving testimony?

20 A. I -- yes, I was in a forum like this.

21 Q. And do you recall that you told the
22 truth while you gave your testimony?

23 A. Yes, I told the truth.

24 Q. Do you have any reason to doubt why
25 what you said may not have been accurate?

1 CONFIDENTIAL - HAL MULLER

2 MR. McDONALD: Object to the form.

3 If you have a specific passage you
4 want him to look at, then you should do
5 that.

6 Q. Do you understand my question?

7 A. I'm -- I'm hesitant to answer the
8 question because you're implying that I might
9 have said something different then than I'm
10 saying now because I'm more knowledgeable a year
11 later of -- of this whole issue.

12 Q. So you're refusing to answer my last
13 question?

14 MR. McDONALD: No. Object to the
15 form. He just answered it.

16 A. I just answered it.

17 Q. I'm going to hand you a document
18 that's been premarked as CX9002. This is a copy
19 of your transcript of your investigational
20 hearing.

21 I'm going to reference you to page 82,
22 lines 14 through 17.

23 (Exhibit CX9002-001 through 084,
24 Transcript of Hal Muller dated June 29,
25 2017, marked for identification, as of this

1 CONFIDENTIAL - HAL MULLER
 2 date.)
 3 BY MS. ROSNER:
 4 Q. Are you familiar with how to read a
 5 transcript?
 6 A. Yes.
 7 What page? I'm sorry. 68?
 8 Q. The page numbers are at the top of the
 9 small four squares, so we're going to page 82.
 10 Page 82 appears on page CX9002-022.
 11 Take a moment to review, and let me
 12 know when you're finished.
 13 MR. McDONALD: To be fair, Jasmine,
 14 you just want him to read page 82, or is
 15 there some question and answer you want him
 16 to look at?
 17 MS. ROSNER: I believe I said I was
 18 going to reference lines 14 through 17. If
 19 not, I apologize.
 20 MR. McDONALD: I'm sorry. I missed
 21 that.
 22 (Document review.)
 23 THE WITNESS: Okay.
 24 BY MS. ROSNER:
 25 Q. You've had an opportunity to review

1 CONFIDENTIAL - HAL MULLER
 2 A. I'm saying today that things could
 3 continue to change. We had 50 DSOs as little as
 4 18 months ago, and today there are hundreds. So
 5 the definitions are starting to cross a lot
 6 more.
 7 Q. In the time period from 2012 to 2015,
 8 were the definitions more similar to your
 9 testimony from June 2012?
 10 MR. McDONALD: Object to the form.
 11 Q. Excuse me. From June 2017?
 12 MR. McDONALD: Object to the form.
 13 It's vague and an unfair question, unless
 14 you want him to read the entire transcript
 15 and tell you whether or not what he has in
 16 there is accurate and also give him a copy
 17 of his errata sheet to see what, if
 18 anything, he changed.
 19 But you can answer the question if you
 20 understand it.
 21 THE WITNESS: Could you ask the
 22 question again?
 23 BY MS. ROSNER:
 24 Q. Thinking back to the time period from
 25 2011 to 2015.

1 CONFIDENTIAL - HAL MULLER
 2 page 82 of CX9002?
 3 A. Yes.
 4 Q. I'm going to read from lines 14
 5 through 17.
 6 "There is a huge difference between a
 7 buying group and a DSO, so it becomes a little
 8 bit obvious in just their conversations that
 9 they're actually in an ownership or management
 10 agreement with locations."
 11 Did I read that correctly?
 12 A. Yes.
 13 Q. Your testimony is that there's a huge
 14 difference between a buying group and a DSO?
 15 MR. McDONALD: Objection.
 16 Q. Is that right?
 17 MR. McDONALD: Object to the form.
 18 Asked and answered.
 19 A. That's what you're reading, yes.
 20 Q. Are you changing that testimony today?
 21 A. I'm just expanding on it.
 22 Q. Is the expansion any different in
 23 meaning from what you testified to in June 2017?
 24 MR. McDONALD: Object to the form.
 25 The testimony speaks for itself.

1 CONFIDENTIAL - HAL MULLER
 2 MR. McDONALD: So now you're changing
 3 the time period?
 4 Q. Would the testimony about being a huge
 5 difference between a buying group and a DSO be
 6 accurate?
 7 MR. McDONALD: Object to the form.
 8 A. I would say there's a difference
 9 between then and today, yes, in the fact that
 10 there are so many more DSOs and so many more
 11 buying groups that they're -- they're looking a
 12 lot more similar.
 13 Q. So, just so I understand you, it
 14 sounds like your definition of "DSO" has changed
 15 over time?
 16 MR. McDONALD: Object to the form.
 17 A. Yes, because DSOs have changed
 18 their -- again, the number has -- has changed
 19 dramatically.
 20 Q. That makes sense.
 21 And at the time of 2011 through 2015,
 22 the differences between buying groups and DSOs
 23 are reflected in your testimony from June 2017?
 24 MR. McDONALD: Object to the form.
 25 A. To the best of my knowledge, yes.

1 CONFIDENTIAL - HAL MULLER
 2 Q. You can put that aside.
 3 Are you familiar with the term "CHC"?
 4 A. I am. It stands for community health
 5 center.
 6 Q. CHCs are not made up of private
 7 practitioners?
 8 MR. McDONALD: Object to the form.
 9 A. A community health center has medical,
 10 dental and mental health. The people that work
 11 at them may be private practitioners that donate
 12 their time on a day of a week or something like
 13 that. So, in that regard, there are private
 14 practitioners who work at CHCs, but a CHC is a
 15 community health center.
 16 Q. CHCs care for indigent populations?
 17 A. Primarily, yes.
 18 Q. Do they care for anyone else?
 19 A. Yes; they care for anybody. Some CHCs
 20 are in very remote areas where there may be the
 21 lack of dentists, so they will always say that
 22 they cater to everybody.
 23 Q. CHCs are non-profit entities?
 24 A. Yes.
 25 Q. CHCs sometimes join together to create

1 CONFIDENTIAL - HAL MULLER
 2 buying groups?
 3 A. Yes.
 4 Q. CHC buying groups allow the CHC
 5 members to gain better pricing on supplies?
 6 A. Correct.
 7 Q. You're familiar with the term "GPO"?
 8 A. I am.
 9 Q. "GPO" stands for group purchasing
 10 organization?
 11 A. Yes.
 12 Q. GPOs are common in many industries
 13 such as medical, vision, and others?
 14 A. Yes.
 15 Q. GPOs pool volume of members to
 16 negotiate discounts with manufacturers and
 17 distributors?
 18 A. Yes.
 19 Q. GPOs, as that term is used in the
 20 medical industry, currently do not have a large
 21 presence in dental?
 22 A. Correct.
 23 Q. You distinguish between GPOs that
 24 exist in medical and groups that pool volume for
 25 prices in dental?

1 CONFIDENTIAL - HAL MULLER
 2 MR. McDONALD: Object to the form.
 3 Is that a question? Why don't you
 4 read it -- why don't you say it again,
 5 Jasmine, it goes -- a little slower. You're
 6 talking very fast this morning.
 7 A. So can you repeat the question?
 8 Q. You distinguish between GPOs that
 9 exist in medical and groups that pool volume for
 10 lower prices in dental?
 11 A. They're two different terms and
 12 structures for buying groups. You could easily
 13 say a GPO is a buying group.
 14 Q. Unlike medical GPOs, buying groups in
 15 dental have not historically negotiated with
 16 manufacturers directly for lower prices?
 17 A. Correct.
 18 Q. Historically, buying groups in dental
 19 have negotiated for discounts with distributors
 20 only?
 21 A. Correct.
 22 Q. Although GPOs and buying groups in
 23 dental refer to different entities, sometimes
 24 you refer to buying groups as GPOs?
 25 A. I think Schein as an organization it

1 CONFIDENTIAL - HAL MULLER
 2 is, yes, the terms are interchangeable.
 3 Q. When others in the dental industry use
 4 the term "GPO," you understand them to mean
 5 buying groups?
 6 MR. McDONALD: Object to the form.
 7 A. All GPOs have a buying group
 8 component, so if somebody says a GPO, you would
 9 infer that there's also a buying group
 10 component.
 11 Q. To the extent that Schein works with
 12 buying groups, buying groups would be Schein
 13 customers?
 14 A. If we're working with the buying
 15 group, then the customer of the buying group
 16 that we sell would be a Schein customer.
 17 Q. When Schein works with buying groups,
 18 it has a contract or negotiates price with a
 19 buying group?
 20 A. I can't attest to there's always a
 21 contract.
 22 Q. It negotiates prices with a buying
 23 group?
 24 A. Yes.
 25 Q. The buying group would be a Schein

1 CONFIDENTIAL - HAL MULLER
2 customer as opposed to a competitor?

3 A. I have a problem with the way you're
4 asking the question. You're -- the buying group
5 is really not our customer. The person who's
6 buying the supplies is our customer. The buying
7 group is -- is in between us, but the customer
8 is still Schein's. I don't know if the buying
9 group is Schein's.

10 Q. The buying group brings you customers?

11 A. Sometimes.

12 Q. Are buying groups competitors of
13 Schein?

14 MR. McDONALD: Object to the form.

15 A. They're competitors of Schein only if
16 they're working with a competitor of ours.

17 Q. Do buying groups sell dental products?

18 A. No.

19 Q. Do buying groups offer services for
20 dental equipment?

21 A. No.

22 Q. I understand your testimony is likely
23 to be that Schein has always done business with
24 buying groups.

25 Without talking about specific groups,

1 CONFIDENTIAL - HAL MULLER

2 I want to better understand which division
3 within Schein's dental business has had
4 responsibility for buying groups and when. I
5 know this changed over time, so I want to walk
6 through it step-by-step.

7 When, to your knowledge, did Schein
8 first start doing business with buying groups?

9 A. Probably before I was there, and I've
10 been there for 28 years.

11 Q. So when you joined Special Markets,
12 who had responsibility for buying groups,
13 Special Markets or Henry Schein Dental?

14 MR. McDONALD: Object to the form.

15 A. I created Special Markets. So, before
16 Special Markets, it was Henry Schein Dental.

17 Q. And when you created Special Markets,
18 did the assignment of buying group
19 responsibility change?

20 MR. McDONALD: Object to the form.

21 A. No, buying groups have been in both
22 divisions throughout the whole period.

23 Q. So, prior to your creating Special
24 Markets, buying groups resided within HSD?

25 A. Correct.

1 CONFIDENTIAL - HAL MULLER

2 Q. And when you created Special Markets,
3 Special Markets shared the responsibility for
4 buying groups?

5 A. Right. I'm not even sure there were
6 official buying groups 25 years ago, except for
7 people like Alpha Omega and some other groups
8 that I don't remember that actually Schein had
9 offered discounts to because they were part of
10 an association.

11 Q. What is Alpha Omega?

12 A. Alpha Omega is a -- almost a
13 fraternity of Jewish dentists. I'm not sure
14 it's completely just dentists, but people that
15 have almost joined while they were in college.

16 Q. And does Alpha Omega get discounts on
17 supplies through Schein?

18 A. Yes, they do.

19 Q. Is there any ownership structure been
20 Alpha Omega and any of the dental practices?

21 A. I don't know the structure.

22 Q. Who would know?

23 A. That's a good question. I would hope
24 somebody like Tim Sullivan, but I'm not sure.

25 Q. So when you created Special Markets,

1 CONFIDENTIAL - HAL MULLER

2 did Special Markets then share in the
3 responsibility for buying groups with HSD?

4 A. I would say that it was not something
5 we discussed in the creation.

6 Q. At any point, did Special Markets gain
7 some responsibility for buying groups?

8 A. For formal buying groups, yes.

9 Q. When was that?

10 A. I have no idea.

11 Q. Was it in the 2000s? Was it in the
12 1990s?

13 A. As I said, I have no idea.

14 Q. Who was the first buying group that
15 Special Markets had responsibility for?

16 MR. McDONALD: Object to the form.

17 A. I don't know.

18 Q. It's your testimony that Special
19 Markets at some point in time did have
20 responsibility for buying groups?

21 A. For formal contract-looking groups,
22 yes, they would be sent to me if the sales team
23 in dental wanted to share that information.
24 There are a lot of buying groups that exist in
25 our Dental Division that I'm totally unaware of.

1 CONFIDENTIAL - HAL MULLER
 2 Q. What do you mean by "formal
 3 contract-looking groups"?
 4 A. If -- if a group wanted to come to
 5 Schein and had a formal proposal and could prove
 6 that they were in fact a buying group and had a
 7 list of members and stuff like that, then I
 8 think that they would probably head my way.
 9 Q. So if a buying group could prove that
 10 they were a buying group and had a formal list
 11 of members, they would go to Special Markets.
 12 What types of buying groups would then
 13 stay in HSD?
 14 A. Ones that were -- some were created by
 15 our sales teams and others could have just been
 16 that they were aware of a group and they were
 17 trying to break into it. A lot of times that
 18 did not come to Special Markets.
 19 Q. Why would that not come to Special
 20 Markets?
 21 A. Because Special Markets is not paid
 22 full commission to our sales team, so many
 23 customers are kept in Henry Schein that could
 24 have fit the Special Markets definition.
 25 Q. These groups that HSD was trying to

1 CONFIDENTIAL - HAL MULLER
 2 break into, would they have had -- strike
 3 that -- would they have been formal
 4 contract-looking groups?
 5 A. I'm not sure.
 6 Q. I guess I don't really understand the
 7 distinction you're making between the types of
 8 groups that would come to HSD versus the types
 9 of groups that would go to Special Markets.
 10 A. Okay. If -- let's go -- use the
 11 term -- go back to GPO.
 12 If something was as organized as a
 13 GPO, where they have many more services than
 14 just the price of merchandise, then they would
 15 traditional come to us. If somebody was just
 16 looking for a better price and it might have
 17 been regional, it would -- could easily have
 18 stayed in Henry Schein Dental.
 19 And as a matter of fact, there are
 20 lookalikes that have come out through this --
 21 these proceedings -- that we thought were DSOs
 22 that were in fact sophisticated buying groups.
 23 Q. So one characteristic that you used to
 24 distinguish what goes to Special Markets versus
 25 which buying groups go to HSD is whether or not

1 CONFIDENTIAL - HAL MULLER
 2 the group offers more services than just price?
 3 A. Correct.
 4 Q. Are there other characteristics that
 5 would help you distinguish where a buying group
 6 should fall?
 7 A. Most of the time if it was part of a
 8 network organized group already, so when you --
 9 we talked about CHCs, right? So CHCs already
 10 exist, the Illinois Primary Care Association
 11 already exists, and then out of that
 12 organization, they say, ew, wouldn't it be good
 13 to get better prices on insurance, better prices
 14 on supplies and equipment?
 15 Those were traditionally the types of
 16 groups that would come to Special Markets.
 17 Q. So you're referring to a group that
 18 exists and creates a buying group on the side?
 19 A. Pretty much, yes.
 20 Q. Any other characteristics that may
 21 help you distinguish whether a buying group goes
 22 to Special Markets or HSD?
 23 A. I'm sure there are some others, but
 24 they don't come to mind right now.
 25 Q. What about if a buying group has

1 CONFIDENTIAL - HAL MULLER
 2 ownership in the offices?
 3 A. If there was such a thing, and I'm not
 4 sure there is, then, yes, that would probably
 5 come to us.
 6 Q. Why are you not sure that there's such
 7 a thing as a buying group having ownership in
 8 offices?
 9 A. Because I couldn't tell you -- I
 10 couldn't name one.
 11 Q. You don't know of any buying groups
 12 that have ownership in the offices?
 13 A. Correct.
 14 Q. What about if a buying group provided
 15 management services such as payroll, HR,
 16 accounts receivable, accounts payable, would
 17 that distinguish whether or not the buying group
 18 should be in Special Markets versus HSD?
 19 A. Yes.
 20 Q. And where would that buying group
 21 fall?
 22 A. If it was still called --
 23 MR. McDONALD: Object to the form.
 24 THE WITNESS: I'm sorry.
 25 MR. McDONALD: I think when you're

1 CONFIDENTIAL - HAL MULLER
2 asking him these questions, to be fair,
3 Jasmine, as you started this all out, it
4 changed over time, and so when you're asking
5 him where does it fall, you need to tell him
6 the time period.

7 So, go ahead. You want to ask the
8 question again? I interrupted you. I'm
9 sorry.

10 MS. ROSNER: Can you read back my
11 question, please?

12 MR. McDONALD: It was a really good
13 question.

14 (Record read as follows:

15 "Q And where would that buying group
16 fall?")

17 THE WITNESS: Can you go back one more
18 step?

19 (Record read as follows:

20 "Q What about if a buying group provide
21 management services such as payroll, HR,
22 accounts receivable, accounts payable, would
23 that distinguish whether or not the buying
24 group should be in Special Markets versus
25 HSD?")

1 CONFIDENTIAL - HAL MULLER
2 MR. McDONALD: Object to the form.
3 Vague as to time.

4 THE WITNESS: Okay. Not only is --
5 would the time have been a factor; I don't
6 know if there is such a thing. To me you're
7 defining a management company, not a buying
8 group.

9 BY MS. ROSNER:

10 Q. You make a distinguish -- strike that.

11 You distinguish between management
12 companies and buying groups?

13 A. Yes.

14 Q. Where would a management company fall,
15 either HSD or SM?

16 A. Depending on the size of the business,
17 it would fall in either group.

18 Q. What's the size threshold that would
19 determine where it falls?

20 MR. McDONALD: Object to the form.

21 Hang on. Object to the form. Vague
22 as to time.

23 A. Sorry. I need to ask you the time
24 there.

25 Q. In the 2011 to 2015 timeframe, who

1 CONFIDENTIAL - HAL MULLER
2 would take responsibility for management groups?

3 MR. McDONALD: Object to the form.

4 A. From '11 to '14, it would have been
5 Special Markets. In '15, it would be in either
6 group, depending on the size of the
7 organization.

8 Q. So you have indicated that there was
9 some change in the 2014 to 2015 timeframe.

10 Can you describe to me what that
11 change was?

12 A. Yes. The industry was changing and
13 consolidating, and it got to the point where
14 what Special Markets was doing and what Henry
15 Schein was doing -- Henry Schein Dental was
16 doing started crossing paths a lot.

17 So I started the ball rolling to
18 create -- to start moving some of the smaller
19 management companies into HSD because I felt
20 that that's the future of the industry.

21 So Special Markets took the top 50
22 dental support organizations and moved anything
23 below that into HSD. The way -- the broad
24 definition of "buying groups" meant that there
25 was then most of them would have fallen into

1 CONFIDENTIAL - HAL MULLER
2 Henry Schein Dental because even the community
3 health center GPOs went to Henry Schein Dental
4 at that time. So it wasn't just the DSOs.

5 But because we moved certain resources
6 that had expertise in the community health
7 center business, we moved those as well.

8 Q. So, starting in 2015, did Special
9 Markets relinquish all responsibility for buying
10 groups, or did it maintain some responsibility?

11 MR. McDONALD: Object to the form.

12 A. Depending on the size of them, some of
13 them stayed in Special Markets.

14 Q. Just a minute ago we went over a
15 variety of characteristics that allowed you to
16 determine whether or not a buying group would go
17 into Special Markets versus HSD.

18 One of the things you mentioned was
19 that if it was a buying group that offered more
20 services than just price, it went to Special
21 Markets; and if it was just price, it went to
22 HSD.

23 Did I understand that correctly?

24 A. I don't think so. I think that both
25 divisions didn't really embrace buying groups

Page 42

1 CONFIDENTIAL - HAL MULLER
 2 just solely on putting a bunch of people
 3 together for a better price. I mean, we like
 4 there to be some growth for our organization.
 5 Q. What specific characteristics
 6 distinguish a buying group that can bring growth
 7 to the organization versus buying groups that do
 8 not?
 9 A. I'll give you a perfect example, and
 10 maybe this will help.
 11 I got a call a couple years ago from a
 12 graduate student from a school in Pennsylvania
 13 who called and said that he was going to put a
 14 bunch of dentists together to form a buying
 15 group that would help Henry Schein's market
 16 share grow because we didn't have 60 percent of
 17 the market.
 18 That is -- could be a very typical
 19 phone call. It's kind of hard to say to that
 20 person, okay, great, nice meeting you, why don't
 21 you just give me that list of dentists and we'll
 22 give you a discount, we'll give those offices a
 23 discount. You know, that -- those are the kind
 24 of characteristics that we would not really
 25 entertain; somebody just going in the business

Page 44

1 CONFIDENTIAL - HAL MULLER
 2 Q. Anything else?
 3 A. No, I think that's a good general
 4 description.
 5 Q. So you've mentioned groups can add
 6 value and make themselves more attractive to
 7 Schein by offering management services,
 8 education, activities to help grow practices.
 9 Are there other characteristics that
 10 Schein looks for when evaluating a buying group
 11 opportunity?
 12 MR. McDONALD: Object to form.
 13 THE WITNESS: Sorry.
 14 MR. McDONALD: Go ahead.
 15 THE WITNESS: There may be. I'm just
 16 giving you the ones that come to the top of
 17 my head.
 18 BY MS. ROSNER:
 19 Q. Is there anything that you could look
 20 at to refresh your recollection about what some
 21 of these other characteristics might be?
 22 A. I don't -- I'm sure if I read
 23 characteristics of a bunch of buying groups, it
 24 would help me, it would help. You know, again,
 25 all buying groups aren't the same, right? Some

Page 43

1 CONFIDENTIAL - HAL MULLER
 2 to get a bunch of dentists that already buy from
 3 us at a lower price. It's almost, you know,
 4 counterintuitive to good business practices.
 5 Q. So, to use your example, what are some
 6 things that that dentist could have added to its
 7 group that would make that group more attractive
 8 for Henry Schein?
 9 A. Okay. So that individual wasn't a
 10 dentist. He was just a person. Had he said
 11 that he was going to do some management services
 12 to help with insurance rates, to help with phone
 13 rates, to help with, you know, technology and
 14 education to the members, it would be much more
 15 of a help to Schein and to the customer.
 16 Q. Other than offering management
 17 services and education, are there other things
 18 that this individual could have provided to make
 19 the opportunity more attractive to Schein?
 20 MR. McDONALD: Object to the form.
 21 A. Yeah, a way -- I guess the big thing
 22 for us would be what is that buying group doing
 23 to help grow the practices. So, you know, I
 24 don't remember the whole list, but that to me
 25 would be the primary thing.

Page 45

1 CONFIDENTIAL - HAL MULLER
 2 charge a monthly fee. Some charge a percentage
 3 of revenue.
 4 Q. Do buying groups have to have all of
 5 these characteristics that we've discussed in
 6 order for Schein to do business with them?
 7 A. No.
 8 Q. Do buying groups have to have some
 9 magic combination of these characteristics in
 10 order for Schein to do business with them?
 11 MR. McDONALD: Object to the form.
 12 A. I can't list you all of our buying
 13 groups. So, you know, there are those in
 14 Special Markets that I could give that
 15 definition, but there are those in HSD that may
 16 have different definitions the way they
 17 categorize them.
 18 Q. Is one of these characteristics
 19 sufficient for Schein to do business with a
 20 buying group?
 21 MR. McDONALD: Object to the form.
 22 A. In Special Markets, we would want a
 23 multitude of those. In Henry Schein Dental, I
 24 can't answer what they use.
 25 Q. How is Schein able to objectively

1 CONFIDENTIAL - HAL MULLER
2 measure whether or not a buying group adds
3 enough value to warrant doing business with
4 Schein?

5 MR. McDONALD: Object to the form.

6 A. I don't know if I could answer that
7 question.

8 Q. How do you objectively measure whether
9 a buying group adds enough value to warrant
10 doing business?

11 A. Again, in my division, we traditional
12 worked with people that had already formed for
13 some other reason and that buying group was a
14 component thereof. So we have, you know, a
15 buying group in -- it happens to be in the State
16 of Georgia. It's a bunch of offices that got
17 together, primarily for insurance purposes, to
18 negotiate better prices in insurance.

19 Those people are in a geographical
20 area that they probably don't compete with each
21 other, and they then came to us and asked for a
22 buying group component or could we give a
23 discount to that group. And so to me that's
24 more of a Special Markets customer that they,
25 again, exist as a different organization,

1 CONFIDENTIAL - HAL MULLER
2 primarily.

3 Q. So my question was how do you
4 objectively measure whether a buying group adds
5 value, and your answer provided an example of a
6 group that was preexisting and added a buying
7 group on the side.

8 Are you saying that any group that's
9 preexisting and adds a buying group on the side
10 Special Markets would do business with?

11 MR. McDONALD: Object to the form.

12 A. It would have been one of the
13 characteristics that would have steered it
14 towards us.

15 Q. It would have been a characteristic
16 that steered it towards Special Markets versus
17 HSD?

18 A. Correct.

19 Q. Is it one of the characteristics that
20 would have prompted Special Markets to enter
21 into a contract with that group?

22 A. If we came to terms with each other,
23 it would help to do a contract, yes.

24 Q. Are there other characteristics that
25 you look for when evaluating a buying group?

1 CONFIDENTIAL - HAL MULLER

2 MR. McDONALD: Object to the form.

3 Asked and answered.

4 A. The only other characteristic that I
5 can think of would be are their members buying
6 from competition versus buying from us
7 completely.

8 Q. It's important for you to understand
9 whether or not the buying group is able to bring
10 Schein new volume?

11 A. Correct.

12 Q. Anything else?

13 A. Not that comes to mind.

14 Q. I want to switch gears a little bit
15 and talk about Smile Source.

16 You're familiar with the entity Smile
17 Source?

18 A. Yes, I am.

19 Q. Smile Source is a customer of Schein?

20 A. Today?

21 Q. Yes.

22 A. I'm not sure they are today.

23 Q. Smile Source was previously a customer
24 of Schein?

25 A. Yes.

1 CONFIDENTIAL - HAL MULLER

2 Q. Smile Source first became a customer
3 of Schein around 2005?

4 A. Somewhere in that area.

5 Q. Schein's relationship with Smile
6 Source was started by a man name Glenn Meltzer?

7 A. Okay.

8 Q. Is that your understanding?

9 MR. McDONALD: Well, is that "yes," or
10 you're accepting what she's telling you?

11 A. Glenn Meltzer was my VP of Sales, so
12 it's possible that it came through the -- I
13 mean, Glenn was around at that time, so, yes, I
14 would say that he probably worked with that
15 account.

16 Q. You don't have personal knowledge, but
17 you're assuming that's correct?

18 A. Correct. Thank you.

19 Q. Initially, Smile Source was a Special
20 Markets customer?

21 A. Yes.

22 Q. Smile Source is a buying group?

23 A. Correct.

24 Q. Smile Source is a membership-based
25 organization?

Page 50

1 CONFIDENTIAL - HAL MULLER
 2 A. Yes.
 3 Q. Smile Source's members are independent
 4 private practice dentists?
 5 A. As far as I know.
 6 Q. Smile Source provides a variety of
 7 services and benefits to its members?
 8 A. Correct.
 9 Q. Smile Source assists its members with
 10 marketing?
 11 A. Correct.
 12 MR. McDONALD: Object to the form.
 13 THE WITNESS: Sorry.
 14 BY MS. ROSNER:
 15 Q. Smile Source assists its members with
 16 practice management?
 17 MR. McDONALD: Object to the form.
 18 A. I don't believe they did at the time.
 19 Q. What time are you referring to?
 20 A. At the beginning when they were in
 21 Special Markets.
 22 Q. At any point did Smile Source begin
 23 assisting its members with practice management?
 24 MR. McDONALD: Object to the form.
 25 A. I'm not aware of them being in the

Page 52

1 CONFIDENTIAL - HAL MULLER
 2 Q. What's the average discount that Smile
 3 Source received with Schein initially?
 4 MR. McDONALD: Object to the form.
 5 A. 20 percent.
 6 Q. Are you familiar with discounts that
 7 private practice dentists are able to get on
 8 their own through HSD?
 9 A. I am. It's a -- I'm aware that the
 10 field sales consultant has the rein of what that
 11 percentage is.
 12 Q. What's the range, typically, for an
 13 independent private practice dentist?
 14 MR. McDONALD: Object to the form.
 15 Lack of foundation.
 16 A. Yeah, I find out more and more that
 17 some discounts are greater than I ever expected.
 18 Q. You don't know the average --
 19 A. No.
 20 Q. -- discount?
 21 A. No.
 22 Q. Smile Source is not a DSO?
 23 A. Correct.
 24 Q. Smile Source does not have an
 25 ownership stake in any of its members'

Page 51

1 CONFIDENTIAL - HAL MULLER
 2 practice management business.
 3 Q. Smile Source provides educational
 4 opportunities for its members?
 5 MR. McDONALD: Object to the form.
 6 A. Yes.
 7 Q. Smile Source provides group purchasing
 8 opportunities?
 9 MR. McDONALD: Object to the form.
 10 A. Yes.
 11 Q. Group purchasing allows Smile Source
 12 to leverage its members' purchasing volume?
 13 A. Yes.
 14 Q. By leveraging its members purchasing
 15 volume, Smile Source is better able to negotiate
 16 discounts for its members?
 17 MR. McDONALD: Object to the form.
 18 A. Yes.
 19 Q. The discounts that Smile Source
 20 negotiates for its members are larger than any
 21 individual member can negotiate on his or her
 22 own?
 23 MR. McDONALD: Object to the form.
 24 Lack of foundation.
 25 A. Yes, I could not attest to that.

Page 53

1 CONFIDENTIAL - HAL MULLER
 2 practices?
 3 MR. McDONALD: Object to the form.
 4 A. Not that I know of. They didn't at
 5 that time. I do not know if they do now.
 6 Q. Smile Source is not a CHC buying
 7 group?
 8 A. Correct.
 9 Q. I want to focus on the time prior to
 10 2012. At that time, Smile Source was a Special
 11 Markets customer.
 12 While Smile Source was a Special
 13 Markets customer, it was a great partner?
 14 MR. McDONALD: Object to the form.
 15 A. I would say we had a very good
 16 relationship.
 17 Q. Through Smile Source, Henry Schein
 18 gained customers that it didn't have previously?
 19 A. Correct.
 20 Q. These customers were private practice
 21 dentists?
 22 A. Correct.
 23 Q. Through Smile Source, Henry Schein
 24 gained customers who were previously customers
 25 of other distributors?

1 CONFIDENTIAL - HAL MULLER
 2 MR. McDONALD: Object to the form.
 3 A. Yes, some of them were Schein
 4 customers; some of them were not.
 5 Q. Through Smile Source, Henry Schein
 6 took customers from its competitors?
 7 A. Yes.
 8 Q. Through Smile Source, Henry Schein
 9 gained dentist customers who were previously
 10 with Patterson?
 11 MR. McDONALD: Object to the form.
 12 A. I believe so.
 13 Q. Through Smile Source, Henry Schein
 14 gained customers who were previously with Benco?
 15 MR. McDONALD: Object to the form.
 16 A. I do not -- I'm not sure.
 17 Q. Smile Source enabled Henry Schein to
 18 grow its customer base?
 19 A. Yes.
 20 Q. In some instances, Henry Schein
 21 dentists split their purchase volume among
 22 multiple distributors?
 23 A. Now we're talking about a general
 24 comment?
 25 Q. Generally.

1 CONFIDENTIAL - HAL MULLER
 2 A. There was a period in there that I
 3 decided to suggest that moving this account into
 4 Henry Schein Dental.
 5 Q. When was that?
 6 A. I don't know. Prior to them going
 7 into Henry Schein Dental.
 8 Q. Smile Source offered its members
 9 discounts with Schein, and only Schein, prior to
 10 2012?
 11 A. While they were with us, yes.
 12 Q. Smile Source offered its members
 13 reduced healthcare insurance?
 14 MR. McDONALD: Object to the form.
 15 A. I don't know.
 16 Q. Smile Source offered its members a
 17 marketing fund pool?
 18 MR. McDONALD: Object to the form.
 19 A. Yes.
 20 Q. Smile Source offered its members
 21 website design?
 22 MR. McDONALD: Object to the form.
 23 A. I think that was under the marketing
 24 services. I don't know if I knew the exact
 25 items.

1 CONFIDENTIAL - HAL MULLER
 2 A. Yes, many dentists buy from various
 3 distributors.
 4 Q. Through Smile Source, Henry Schein
 5 gained purchase volume from its existing
 6 customers that it did not previously have?
 7 MR. McDONALD: Object to the form.
 8 A. That was the premise, yes.
 9 Q. Smile Source enhanced Henry Schein's
 10 opportunity to win 100 percent of some of
 11 Schein's existing customer base?
 12 MR. McDONALD: Object to the form.
 13 A. It gave us that ability, yes.
 14 Q. Smile Source was expanding its
 15 membership when you were working with them prior
 16 to 2012?
 17 A. Correct.
 18 Q. You wanted to continue Special
 19 Markets' relationship with Smile Source?
 20 MR. McDONALD: Object to the form.
 21 A. No.
 22 Q. Prior to 2012, you didn't want to
 23 continue Special Market's relationship with
 24 Smile Source?
 25 MR. McDONALD: Object to the form.

1 CONFIDENTIAL - HAL MULLER
 2 Q. Smile Source was a value-added buying
 3 group?
 4 A. To their members, yes.
 5 Q. Smile Source had a great model?
 6 MR. McDONALD: Object to the form.
 7 A. If that's your opinion.
 8 Q. Is it your opinion that Smile Source
 9 had a great model?
 10 A. I don't think I walked around saying
 11 they have a great model. I did like their
 12 model.
 13 Q. You don't recall saying Smile Source
 14 had a great model?
 15 A. I do not. You can show me that I said
 16 it, and I wouldn't be surprised. So you don't
 17 need to spend the time to do that, but... At
 18 the time, I could have used that word.
 19 Q. At the time, you would have thought
 20 that Smile Source had a great model?
 21 MR. McDONALD: Object to the form.
 22 A. What I'm saying is I don't know if the
 23 word "great." I liked their model, so we're --
 24 it's semantics.
 25 Q. Continuing Henry Schein's relationship

1 CONFIDENTIAL - HAL MULLER
 2 with Smile Source was the right thing to do for
 3 the future?
 4 MR. McDONALD: Object to the form.
 5 A. That was Hal Muller's opinion.
 6 Q. You are Hal Muller?
 7 A. I am.
 8 Q. That was your opinion?
 9 A. That was my opinion.
 10 Q. Special Markets anticipated that HSD
 11 might run into issues with Smile Source?
 12 A. Say that again.
 13 Q. Special Markets anticipated that HSD
 14 might run into issues with Smile Source?
 15 A. The reason that I suggested moving the
 16 business to Henry Schein Dental was because of
 17 what they were starting to preach as their
 18 marketing message, which was that they -- that
 19 dentists should join them instead of joining a
 20 DSO, and seeing as I headed up the DSO movement
 21 with a couple of other people, I felt it was
 22 better for it not to be in our division.
 23 Q. If Smile Source recruited existing
 24 Schein customers, FSCs might complain?
 25 MR. McDONALD: Object to the form.

1 CONFIDENTIAL - HAL MULLER
 2 A. For Henry Schein total, correct.
 3 Q. Smile Source -- strike that.
 4 Special Markets was afraid that if
 5 Schein dropped Smile Source, it would lose Smile
 6 Source's business to a competitor?
 7 MR. McDONALD: Object to the form.
 8 A. Well, that would be natural, yes.
 9 Q. Special Markets feared that it could
 10 lose Smile Source to Patterson or Benco?
 11 A. That's always a threat.
 12 Q. You received some push-back from HSD
 13 regarding Smile Source?
 14 MR. McDONALD: Object to the form.
 15 A. From people in HSD, yes.
 16 Q. Who in HSD gave you push-back about
 17 Smile Source?
 18 A. Originally, field sales consultants.
 19 Q. Do field sales consultants reach out
 20 to you directly?
 21 A. They have.
 22 Q. Did field sales consultants reach out
 23 to you directly about Smile Source?
 24 A. They did.
 25 Q. Who reached out to you directly about

1 CONFIDENTIAL - HAL MULLER
 2 A. That would be true. FSCs complain
 3 about anything.
 4 Q. You understand "FSCs" to mean field
 5 sales consultants?
 6 A. Correct.
 7 Q. And those are the sales
 8 representatives housed in HSD?
 9 A. Correct.
 10 Q. FSC issues aside, you thought that
 11 Smile Source was good for Schein in the long
 12 run?
 13 MR. McDONALD: Object to the form.
 14 A. Correct.
 15 Q. Smile Source was a \$1 million account,
 16 and growing?
 17 A. Okay. I mean, I don't -- I don't know
 18 what their dollars were when -- it sounds about
 19 right that the timeframe is. To be very honest
 20 with you, the timeframe that you're giving for
 21 Smile Source is actually longer than I even
 22 remember, so my guess is they were growing
 23 towards that.
 24 Q. You didn't want to lose Smile Source
 25 as an account for Schein?

1 CONFIDENTIAL - HAL MULLER
 2 Smile Source?
 3 A. I have no idea what their names were
 4 this -- this far after. I just remember some
 5 wild conversations about their customers getting
 6 deep discounts without them being involved in
 7 it.
 8 Q. Why do you describe those as wild
 9 conversations?
 10 A. Well, because if you were selling to
 11 Dr. Smith today and making X amount of dollars,
 12 and tomorrow Dr. Smith joined Smile Source, and
 13 your revenue just dropped 20 percent because of
 14 the discount, you might be upset. And I took
 15 some of those upset calls.
 16 Q. Other than calls from field sales
 17 consultants, did you receive push-back from
 18 anyone else within HSD about Smile Source?
 19 A. There were -- there was always a
 20 friction between Henry Schein Dental and Special
 21 Markets on percentage of margin, so we sold at
 22 lower prices. So we many times got push-back
 23 from sales leadership as well as marketing and
 24 stuff like that.
 25 Q. When you say sales leadership, who are

1 CONFIDENTIAL - HAL MULLER
2 you referring to?

3 A. People like John Chatham and -- and
4 Tim, probably, as well as their regional people,
5 Joe Cavaretta, Jake Meadows, Jeff Riecker. I
6 mean, people that were in management that sell
7 the greater Schein portfolio.

8 Q. When you say "Tim," you're referring
9 to Tim Sullivan giving you push-back on Smile
10 Source?

11 MR. McDONALD: Object to the form.

12 A. I don't remember if Tim exactly was
13 the person, but this was a common discussion
14 about discounting.

15 Q. It was your opinion that Smile Source
16 could force compliance among its membership?

17 MR. McDONALD: Object to the form.

18 A. They couldn't force it, but because
19 the doctor was paying a percentage of revenue,
20 it would be foolish for a doctor to be paying a
21 percentage of revenue and not giving their
22 business to the -- to the entities that were
23 supported by Smile Source.

24 Q. You, Randy Foley, Tim Sullivan, and
25 Dave Steck previously agreed that Schein would

1 CONFIDENTIAL - HAL MULLER
2 entertain organizations that could force
3 compliance?

4 MR. McDONALD: Object to the form.
5 Vague.

6 A. Yeah, I mean, the reason that Special
7 Markets existed was around the policy or the
8 philosophy of centralized decision-making with
9 multiple locations. So centralized
10 decision-making would -- part of that is
11 compliance.

12 Q. Is it your understanding that Tim
13 Sullivan knew that Smile Source was a buying
14 group?

15 A. Yes.

16 Q. Tim Sullivan didn't think the buying
17 group formula worked for HSD; is that correct?

18 MR. McDONALD: Object to the form.

19 A. That would be Tim's opinion.

20 Q. Is it your understanding that Tim
21 Sullivan didn't think the buying group formula
22 worked for HSD?

23 MR. McDONALD: Object to the form.

24 A. I don't know.

25 Q. Is it your understanding that Tim

1 CONFIDENTIAL - HAL MULLER
2 Sullivan didn't want Henry Schein to be
3 associated with a buying group?

4 MR. McDONALD: Object to the form.

5 A. I don't -- I don't know if we're ever
6 that defined. I think that Henry Schein Dental
7 and Special Markets are very different. Special
8 Markets only gets credit for merchandise. Henry
9 Schein Dental gets their -- P&L is based on all
10 business with the dentists. So somebody who is
11 just carving out the merchandise is not really
12 our model in HSD, so I could see anybody in HSD
13 saying we're not just interested in merchandise.
14 And then a buying group coming on just the
15 merchandise play doesn't really fit that as
16 well.

17 Q. Is it your understanding that Tim
18 Sullivan didn't think that buying groups fit
19 within Schein?

20 MR. McDONALD: Object to the form.

21 A. So that's the same question you just
22 asked. I don't know the answer to that.

23 Q. Did Tim Sullivan ever express his fear
24 to you that working with buying groups risked
25 margin erosion?

1 CONFIDENTIAL - HAL MULLER

2 MR. McDONALD: Object to the form.

3 A. I don't, but the whole concept of a
4 buying group would erode margin.

5 Q. Sorry. I don't understand your
6 answer. Are you saying you don't recall whether
7 Tim Sullivan ever expressed his fear about
8 margin erosion?

9 A. We always talk about margin erosion.
10 So a buying group in the fact that entering into
11 an agreement with a buying group would in fact
12 erode margin percentages.

13 Q. Is it possible that a buying group
14 could also increase profitability?

15 MR. McDONALD: Object to the form.

16 A. Yes.

17 Q. How?

18 A. By increasing sales faster than the
19 percentage discount.

20 Q. Did Smile Source ever express his fear
21 that working with buying groups risked affecting
22 Schein's image?

23 MR. McDONALD: Object to the form.

24 A. I don't remember that.

25 Q. Did Tim Sullivan ever express his fear

1 CONFIDENTIAL - HAL MULLER
 2 that working with buying groups risked
 3 competitors following suit?
 4 MR. McDONALD: Object to the form.
 5 A. I don't know if we had such formal
 6 discussions.
 7 Q. Did Tim Sullivan ever express his fear
 8 that working with buying groups risked a huge
 9 price war?
 10 MR. McDONALD: Object to the form.
 11 A. We're always in a price war with
 12 Patterson and Benco.
 13 Q. Tim Sullivan never expressed a fear
 14 about a price war?
 15 MR. McDONALD: Object to the form.
 16 A. We're always in a price war with Benco
 17 and Patterson.
 18 Q. Let me hand you a document that was
 19 previously marked as CX2113. The first page of
 20 the document bears the Bates number Henry

 22 Please take a moment to review the
 23 document and let me know when you've had a
 24 chance to review CX2113.
 25 (Exhibit CX2113-001, a document

1 CONFIDENTIAL - HAL MULLER
 2 Q. It is your understanding that Tim is
 3 recapping a conversation that you and he had; is
 4 that right?
 5 A. Yes.
 6 Q. And the bullets that he lists are
 7 things that you and Tim discussed?
 8 A. That's what it's -- how it's written.
 9 Q. Is that how you understand it?
 10 A. That's how I understood the e-mail,
 11 yes.
 12 Q. And so you discussed the risk to
 13 overall HSI.
 14 Does "HSI" stand for Henry Schein
 15 Inc.?
 16 A. Correct.
 17 Q. The risk of margin erosion, that was
 18 discussed?
 19 MR. McDONALD: Object to the form.
 20 Are you asking him if, outside the
 21 con- -- this e-mail, he recalls that?
 22 Q. Do you understand the question?
 23 A. I'm reading the e-mail, and this is a
 24 recap from Tim of the conversation.
 25 Q. Do you have any reason to suggest that

1 CONFIDENTIAL - HAL MULLER
 2 bearing Bates Nos. Henry Schein-000740470,
 3 marked for identification, as of this date.)
 4 (Document review.)
 5 THE WITNESS: Okay.
 6 BY MS. ROSNER:
 7 Q. You've had a chance to review CX2113?
 8 A. Go ahead.
 9 Q. This is an e-mail from Tim Sullivan on
 10 September 15, 2010 to Jim Breslawski, yourself,
 11 and a couple of others.
 12 Who is Jim Breslawski?
 13 A. He is the president of Henry Schein
 14 and the CEO of Dental, meaning he is Tim and my
 15 boss.
 16 Q. I'm going to go down to the first
 17 bullet and read. "Neither of us support concept
 18 of buying groups. Whereas it may benefit SM to
 19 some extent, the risk to overall HSI (due to
 20 having 40 percent share in market) for margin
 21 erosion, image, as well as other competitors
 22 then following suit and huge price war breaks
 23 out."
 24 Did I read that correctly?
 25 A. You are.

1 CONFIDENTIAL - HAL MULLER
 2 Tim incorrectly summarized your conversation?
 3 A. That happens at times.
 4 Q. That happened this time?
 5 A. I don't know. This was eight years
 6 ago.
 7 Q. Tim is saying that you and Tim
 8 discussed how buying groups could lead to margin
 9 erosion for Henry Schein; is that right?
 10 MR. McDONALD: Object to the form.
 11 A. Yes; this concept of buying groups
 12 could erode our percentage of margin, right.
 13 Q. Tim is saying that working with buying
 14 groups could affect Schein's image; is that
 15 right?
 16 A. Tim put that in there, yes. I don't
 17 know if I would agree with the image part.
 18 Q. Why wouldn't you agree?
 19 A. Because I don't know if people run
 20 around going, oh, my God, people -- Henry Schein
 21 or our competitors sell to any segment of the
 22 business.
 23 Q. What did you understand to mean Tim
 24 saying that buying groups could affect Schein's
 25 image?

1 CONFIDENTIAL - HAL MULLER
 2 MR. McDONALD: Object to the form.
 3 A. I don't know what -- what the image
 4 part here is.
 5 Q. Do you recall discussing how buying
 6 groups could affect Schein's image?
 7 A. No.
 8 Q. Tim wrote that working with buying
 9 groups could cause a huge price war; is that
 10 right?
 11 A. I -- I could imagine Tim saying
 12 something like that, yes.
 13 Q. Why is it that you can imagine Tim
 14 saying something like that?
 15 A. Because it -- it's a discount. It
 16 starts discounting off, especially in 2010 when
 17 we were really building our full service
 18 business, that we were going in with the full
 19 service structure as same as Benco, Patterson,
 20 Burkhart did, and the fact that, you know, full
 21 service is less of a discounting marketplace,
 22 whereas my marketplace is all around discounts.
 23 Q. I can take that document back.
 24 A. Sure.
 25 MS. ROSNER: We've been going about an

1 CONFIDENTIAL - HAL MULLER
 2 A. I probably had a lot of businesses
 3 that we set up that Tim didn't love because we
 4 discounted heavily.
 5 Q. I want to focus on Smile Source
 6 specifically.
 7 Did you recall receiving pressure from
 8 Tim Sullivan to drop Smile Source?
 9 A. I think the requests came from the
 10 field, and Tim voiced the opinion that the field
 11 wasn't happy about the deep discount.
 12 Q. You disagreed with Tim about dropping
 13 Smile Source because Smile Source added value
 14 and charged members a percentage of revenue?
 15 A. I liked their model.
 16 Q. Why was it important that Smile Source
 17 charged a percentage of revenue?
 18 A. To gain compliance. The issue with
 19 buying groups for this industry has
 20 traditionally been that somebody represents
 21 customers to a distributor, and at the end of
 22 the day, the people who are buying from the
 23 distributor continue to buy at a lower price and
 24 the rest of the business stays with the
 25 competitors.

1 CONFIDENTIAL - HAL MULLER
 2 hour. Do you want to take a break or keep
 3 going?
 4 MR. McDONALD: Up to you.
 5 THE WITNESS: I'm fine.
 6 BY MS. ROSNER:
 7 Q. Tim Sullivan was applying pressure to
 8 drop Smile Source as he felt it was a buying
 9 group?
 10 MR. McDONALD: Object to the form.
 11 Is that a question? Again, ma'am,
 12 Jasmine, is that a question? You made a
 13 statement. Is that a question?
 14 Q. Do you understand the question, Mr.
 15 Muller?
 16 A. You're asking me --
 17 MR. McDONALD: Object to the form.
 18 Go ahead.
 19 A. You're asking me did Tim want to drop
 20 Smile Source. I think that we eventually moved
 21 this into Henry Schein Dental. I think it was
 22 more the percentage of discount that was a
 23 problem than Smile Source itself.
 24 Q. Do you recall receiving pressure to
 25 drop Smile Source from Tim Sullivan?

1 CONFIDENTIAL - HAL MULLER
 2 I'll give you an example. I offered
 3 50,000 members of MetLife Dental, their
 4 insurance company, a discount, probably 15 or 20
 5 years ago. We did not gain one new customer out
 6 of 50,000 dentists. So that was what was going
 7 on with buying groups. They would come to you
 8 and there would be no confor- -- no compliance,
 9 which would have given Tim and anybody else,
 10 including me, like why are we doing this?
 11 Right? They're not bringing us any new volume.
 12 With the Smile Source example, as I
 13 stated before, if somebody is paying a
 14 percentage of their revenue, and they're not
 15 using the offers that the -- that the partner
 16 comes with, it would be pretty foolish. So I
 17 felt that compliance would be much stronger in
 18 this model than all the other models we had seen
 19 prior.
 20 Q. Tim Sullivan was applying pressure to
 21 drop Smile Source, and you felt you were losing
 22 the battle; is that right?
 23 MR. McDONALD: Object to the form.
 24 A. That is in an e-mail that I sent, so
 25 if you're referring to that, yes, I felt like I

1 CONFIDENTIAL - HAL MULLER
2 was losing the battle against buying groups.

3 Q. Do you feel like you were losing the
4 battle against keeping Smile Source as a
5 customer?

6 MR. McDONALD: Object to the form.

7 A. I felt that at that time, but again,
8 we did keep them.

9 Q. Tim eventually got on the phone with
10 the folks from Smile Source?

11 MR. McDONALD: Object to the form.

12 A. Okay. So you're -- I know why John is
13 objecting to form; because you're not asking me
14 a question. You're stating something.

15 Am I supposed to agree or disagree
16 with your statement, or are you asking me a
17 question?

18 Q. Do you understand the question?

19 MR. McDONALD: He just asked you for
20 clarification.

21 A. I understand what you're -- what
22 you're trying to say, but you're not asking me a
23 question, so I don't know if I'm supposed to
24 answer because it's not a question.

25 Q. Is it your understanding that Tim

1 CONFIDENTIAL - HAL MULLER
2 Sullivan eventually had a phone call with the
3 folks from Smile Source?

4 A. I believe that the Dental Division got
5 involved with them, yes.

6 Q. And after that phone call, Tim
7 Sullivan was open to seeing how Schein and Smile
8 Source could work together?

9 A. I don't remember the exact phone call
10 or when.

11 Q. Initially, Tim Sullivan was reticent
12 about Smile Source's advertising a discount on
13 supplies?

14 MR. McDONALD: Object to the form.

15 A. We object to anybody publically saying
16 that there's a discount, no matter who they are.

17 Q. Was there a specific objection to
18 Smile Source?

19 MR. McDONALD: Object to the form.

20 A. Thank you. Smile Source put out a
21 YouTube video about their offer, but they never
22 mentioned Henry Schein in it. So I think there
23 was a time that people told us about this video
24 before we had seen it; that it implied that
25 there was this video with a percentage and who

1 CONFIDENTIAL - HAL MULLER
2 it was. And so during that time period, I think
3 we were all a little confused and upset.

4 Q. After speaking with the folks from
5 Smile Source, Tim Sullivan grew to like the
6 other aspects of Smile Source?

7 MR. McDONALD: Object to the form.

8 A. Okay.

9 Q. Is that your understanding?

10 A. I don't know if -- where Tim flipped,
11 but I could assume that, yes, that they took on
12 that customer.

13 Q. Is it your understanding that Tim
14 liked the practice management aspect of Smile
15 Source?

16 A. I don't know if Smile Source has
17 practice management, but the additional features
18 Tim would have liked.

19 Q. Is it your understanding that Tim
20 Sullivan wanted Schein to be involved in smile
21 Source's monthly calls, meetings, and study
22 clubs?

23 A. Yes.

24 Q. Is it your understanding that Tim
25 Sullivan recognized that Smile Source was

1 CONFIDENTIAL - HAL MULLER
2 focused on large practices to perform more
3 efficiently?

4 MR. McDONALD: Object to the form.

5 A. I don't ever remember the large
6 practice component.

7 Q. Is it your understanding that Tim
8 Sullivan understood that Smile Source had plans
9 for growth?

10 MR. McDONALD: Object to the form.

11 A. I would assume so.

12 Q. After Tim spoke to the folks at Smile
13 Source on the phone, do you recall whether he
14 asked you to provide an update on current
15 pricing to Smile Source?

16 MR. McDONALD: Object to the form.

17 A. I don't remember the specifics, no.

18 Q. You suggested that any pricing that
19 Smile Source's offices can get on their own with
20 a local FSC would be heading down the wrong
21 path; does that sound right to you?

22 A. That would make sense.

23 Q. Why does that make sense?

24 A. Because it would differ whether it's
25 higher or lower from the agreement.

1 CONFIDENTIAL - HAL MULLER
 2 Q. You guessed that Schein needed to
 3 price Smile Source at least 8 to 10 percent
 4 below any standard offering, correct?
 5 A. I could have said something like that,
 6 sure.
 7 Q. What is a standard offering?
 8 A. I don't know what HSD offers.
 9 Q. When you guessed that Schein needed to
 10 price 8 to 10 percent below any standard
 11 offering, what are you referring to?
 12 MR. McDONALD: Object to the form.
 13 A. I'm referring to whatever they would
 14 normally be selling. That's why I didn't set an
 15 actual percentage.
 16 Q. Why would Schein need a price 8 to 10
 17 percent below the standard offering?
 18 A. Because there's no reason for anybody
 19 to join a buying group if it's at the same price
 20 they would normally get.
 21 Q. What would you predict would happen if
 22 Schein offered Smile Source a discount of 7
 23 percent off the standard offering?
 24 MR. McDONALD: Object to the form.
 25 A. I don't know. It -- I'm just saying

1 CONFIDENTIAL - HAL MULLER
 2 Q. While Smile Source was a customer of
 3 Special Markets, Schein had a high percentage of
 4 its spend?
 5 A. Of -- of Smile Source's members'
 6 spend, yes.
 7 Q. I think you mentioned earlier that
 8 when Smile Source was with Schein, they had
 9 somewhere between an 18 to 20 percent discount?
 10 A. Yes.
 11 Q. After Smile Source was transferred to
 12 HSD, HSD weakened the program?
 13 MR. McDONALD: Object to the form.
 14 A. They changed the program.
 15 Q. How did they change it?
 16 A. They offered more services and
 17 discounts across a broader offering.
 18 Q. Would you say that they weakened the
 19 program in any way?
 20 MR. McDONALD: Object to the form.
 21 A. I think they changed it. Did they
 22 weaken it on just merchandise alone? Possibly.
 23 Q. HSD's program for Smile Source wasn't
 24 as strong with HSD as it was when Smile Source
 25 was with Special Markets?

1 CONFIDENTIAL - HAL MULLER
 2 that it needs to be a substantial discount.
 3 Q. Discounts that are not as great as 8
 4 to 10 percent off the standard offering probably
 5 wouldn't be taken seriously?
 6 MR. McDONALD: Object to the form.
 7 A. I think the issue is that Special
 8 Markets was at 18 to 20 percent off.
 9 Q. And how is that an issue?
 10 A. Well, if you go from 18 to 20 to 2, I
 11 would think that that would be an issue.
 12 Q. How would that be an issue?
 13 A. Because it wouldn't be as -- as
 14 tempting for their members to join.
 15 Q. At some point, Special Markets
 16 transferred the Smile Source relationship to
 17 HSD?
 18 A. Correct.
 19 Q. When was that?
 20 A. I have no idea.
 21 Q. While Smile Source was still part of
 22 Special Markets, Schein a high percentage of
 23 spend with Smile Source?
 24 MR. McDONALD: Object to the form.
 25 A. Say that again.

1 CONFIDENTIAL - HAL MULLER
 2 MR. McDONALD: Object to the form.
 3 Asked and answered.
 4 A. Right; only on merchandise.
 5 Q. After the transfer to HSD, at some
 6 point the Smile Source relationship with Schein
 7 ended, right?
 8 A. Correct.
 9 Q. When was that?
 10 A. I don't know.
 11 Q. After the relationship with Smile
 12 Source and Schein ended, Smile Source continued
 13 to grow its business, correct?
 14 A. Correct.
 15 Q. At some point, Smile Source received
 16 private equity funding and grew to almost 500
 17 offices?
 18 A. Correct.
 19 Q. You anticipated -- strike that. After
 20 Smile Source left -- strike that.
 21 After Smile Source and Schein were no
 22 longer working together, Smile Source aligned
 23 with Burkhart; is that right?
 24 A. Right; I thought they aligned with
 25 various distributors.

1 CONFIDENTIAL - HAL MULLER
 2 Q. You anticipated that Smile Source was
 3 going to outgrow Burkhart, and Schein might have
 4 a shot again at taking back the account?
 5 A. Yes.
 6 Q. You conferred with Tim Sullivan
 7 because Smile Source is made up of individually
 8 owned practices?
 9 A. Correct.
 10 Q. Smile Source is a sophisticated buying
 11 group?
 12 MR. McDONALD: Object to the form.
 13 Q. Correct?
 14 A. At the time, they were more
 15 sophisticated than some of them, than the
 16 traditional just buying group.
 17 Q. Tim Sullivan thought that it would be
 18 difficult to accept Smile Source back at Schein;
 19 is that right?
 20 MR. McDONALD: Object to the form.
 21 A. I don't know.
 22 Q. Did Smile Source ever say to you that
 23 it would be difficult to accept Smile Source
 24 back at Schein?
 25 A. I don't remember.

1 CONFIDENTIAL - HAL MULLER
 2 actress.
 3 Q. Did I read that correctly?
 4 A. You read it great.
 5 Q. Thank you.
 6 Tim is saying this will be difficult.
 7 What's your understanding of what he's
 8 referencing?
 9 MR. McDONALD: Object to form.
 10 A. I don't know.
 11 Q. In this e-mail, further down you're
 12 proposing reconsidering working with buying --
 13 with Smile Source, correct?
 14 A. Correct.
 15 Q. And he's responding by saying, "This
 16 will be difficult"; is that right?
 17 A. That's what he said, right.
 18 Q. You can set this aside.
 19 In the 2013-2014 timeframe, Smile
 20 Source reached out to Henry Schein to renew its
 21 partnership; is that right?
 22 A. I don't know. I wasn't involved at
 23 that part.
 24 Q. Is it your understanding that Smile
 25 Source needed a distributor with a national

1 CONFIDENTIAL - HAL MULLER
 2 Q. I'm going to hand you a document that
