Representative Solicitation Materials
Our mission is helping severely injured vets and providing helpful information for all Vets.

Veterans Centers in all 50 States provide treatment and support services to Veterans from all branches of service, Army, Navy, Marines, Air Force, and Coast Guard.

LET'S HELP OUR VETS WHO HAVE GIVEN SO MUCH FOR US!

www.helpthevets.org
Program services approved to date include:

1) Awarding grants and educational scholarship moneys, as determined by our board of directors, to individuals with serious injuries, amputees, and paralyzed veterans from the Iraq or Afghanistan wars.

2) Providing a 24 hour veterans suicide hotline and veterans referral hotline, already posted on our website.

3) Providing awards and grants to disabled veterans who train and compete in athletic events despite their impairment.

4) Providing home physical therapy equipment to physically impaired veterans who cannot afford the equipment once they are released from active treatment at their clinic or hospital.

5) Coordinating with physician providers to allow reasonable, necessary, and related veteran treatment not provided by the Veterans Administration, including non-traditional care, including but not limited to chiropractic physician, access to acupuncture therapy and massage therapy care, nutritional counseling.

6) Organize and sponsor athletic events and educational events for the general public with significant veteran emphasis, participation, memorial significance and relevance; provide education to the public and responding citizens on veteran information through our website, mailings and direct communication.

Combat gear and front-line medicine has advanced in recent years, and more troops are surviving injuries that would have killed them in past wars and conflicts. This is certainly good news, but it presents long-term, lifelong challenges for our present day war survivors. Quality of life, mobility, employability and lifespan are often limited much more than hoped. Family members, friends and spouses must attempt to adjust to the problems brought home by the injured veterans.

Our injured veterans deal with post-traumatic stress disorder (PSTD), injuries to the neck, back and spine, disfiguration, traumatic brain injury, and more. It is estimated that 19% of the 1.8 million troops who have served in Iraq and Afghanistan (320,000) may have experienced a traumatic brain injury during deployment, according to the Rand corporation.

1. **INTRODUCTION**
   Good evening Mr. /Mrs. \___________. This is (Your name) with Donor Relations, LLC, a paid professional fundraiser, calling on behalf of Vets Fighting Breast Cancer located at [Blank] Street, Orlando, FL [Blank]. How are you?

2. **GET YES TO SUPPORT**
   Mr. /Mrs. \___________. the reason for the call is to let you know that the association is underway with its sponsor drive. Funds raised during this drive will be used towards the education, prevention and treatment of breast cancer in US Veterans. Programs include education, providing grants for screening, mammography, surgery, chemotherapy and follow up care not covered by the Veterans Administration.

   **AK DISCLOSURE:** I also want to mention that you are also entitled to receive, upon request, a financial statement of the charitable organization for whom the solicitation is being made and a copy of the contract.

   **MS DISCLOSURE:** Upon request, the professional fund-raiser and professional solicitor shall inform that person orally and then in writing within fourteen (14) days of the request of the fixed percentage of the gross revenue or the reasonable estimate of the percentage of the gross revenue that the non-profit organization or sponsor will receive as benefit from the solicitation campaign. In this case: 10% of gross revenues collected are retained by the charity.

   **WA DISCLOSURE:** A Notice of Solicitation required by law is on file with the Washington Secretary of State. You may obtain additional financial disclosure information by contacting the Secretary of State at 1-800-332-GIVE or visiting [www.sos.wa.gov/charities](http://www.sos.wa.gov/charities).

   The association feels very strongly about this program, but they cannot do it by themselves. That’s why we’re calling you... to make sure the association can count on your support this year. Can they count on you?

3. **ESTABLISH AMOUNT**
   (FIRST NAME), we have three levels of support, let me know which one better suits your budget.

   - Our hero level is the largest, it costs the most but it helps the most and it’s $50
   - Our life saver level is $35
   - And our first response level is $20

   Which one of these could you do for the foundation?

   **(IF TOO MUCH)**

   No problem, we have a small single support package and its just $15 for the whole year.

4. **SALUTATION**
   Thank you for your support, please hold on for mailing and they will confirm your commitment and address so you won’t be bothered by a duplicate call! Here’s mailing...
Dear Mr John Doe,

Thank you for your 6/16/16 pledge of $20.00!

Thank you for taking the time to speak with one of our callers and making a pledge of support. You have joined us in sharing concern for our veterans fighting breast cancer.

It is because of citizens like you that Vets Fighting Breast Cancer, a special project of Help the Vets, Inc. is able to continue its efforts on behalf of our veterans. The mission of Vets Fighting Breast Cancer is to provide education, prevention and treatment resources to US Veterans diagnosed and suffering with breast cancer including, but not limited to, providing grants for screening, mammography, surgery, chemotherapy and follow up care not covered by the Veterans Administration.

Your gift is fully tax-deductible as provided by law, as Help the Vets, Inc. dba Vets Fighting Breast Cancer is a 501(c)(3) organization. Please we need your help today! Our goals and success completely depends on promised commitments from people like you.

Thanks again for your support!

FAMILY COUNSELING TO RETURNING VETS:
We support family counseling to help service members adjust back into their family. We provided $95,000 in-kind to the Camaraderie Foundation, Inc. for private counseling, family support, mentoring and peer group support.

Post Traumatic Stress Disorder Affects Returning Veterans
- Exposure to a traumatic event with persistent re-experiencing.
- Persistent avoidance and numbing.
- Persistent symptoms of increased arousal.
- Significant distress or impairment duration of at least one month.

To treat PTSD there must be education to help the patient understand his condition and the process of recovery, a feeling of safety and support and a non-critical ear to emphasize that the patient is not alone. Exposure therapy can help the patient confront painful memories and feelings. Cognitive therapy can help process their thoughts and beliefs. Anxiety management and interpersonal therapies can assist patients in understanding the ways the traumatic event still affects aspects of their lives.

Veterans outreach projects we support with your giving include:

CHAPLAIN'S CLOSET:
We send boxes of personal items and clothing to newly injured, hospitalized Veterans from Iraq and Afghanistan who arrive with often only the shirt on their backs from combat related injuries.

VETERANS FIGHTING BREAST CANCER:
We sponsor Breast Cancer research for a vaccine with Veteran participants involved in clinical trials.

URBAN VETERANS CENTER:
Helping Disabled Vets in Birmingham, Alabama who have substance abuse and homeless issues.

REMEMBER THOSE WHO SERVED

DONATIONS:
Please make a donation to our 24/7 Suicide Hotline sponsored by American Disabled Veterans Foundation and Help The Vets, Inc., our parent corporation. We are rated Gold by Guidestar, a non-profit charity rating organization.

Make a Difference in Disabled Veterans' Lives!

HELP DISABLED VETERANS IN OUR COUNTRY!
For more than 200 years, American Veterans have devoted their energy to caring passionately for their own injured, needy and under-represented disabled service-men and women. We veterans help each other, train our remaining abilities and help the families of those disabled veterans in need.

Since 9/11 over 2.3 million service members have been deployed. The Iraq and Afghanistan wars have left us with 55,000 newly wounded veterans who need your help! 20% of returning veterans suffer from Post Traumatic Stress Disorder. There are over 26,000 reported military sexual assaults and 22 Veterans will die each day from suicide unless we take action.

Find out how you can contribute to the future of someone in need through donations of money or time.

OUR MISSION:
American Disabled Veterans Foundation is a vocal provider for the disabled and displaced veteran. 750,000 veterans nationwide are awaiting disability claims through the VA and the average wait is more than 340 days. Some treatment is only available for veterans with 100% disability. That is why we raised and donated over $460,000 in medical care last year to veterans who were not receiving VA treatment.

HELP US PREVENT SUICIDE BY DONATING TO OUR 24-7 SUICIDE PREVENTION HOTLINE! 22 VETERANS WILL DIE EACH DAY UNLESS WE DO SOMETHING.
According to the Department of Veterans Affairs Suicide Data Report, 2012, an estimated 22 Veterans will die each day from suicide each calendar year. Those who die are significantly more likely to be male and age 50 or older. Male Veterans who die by suicide are older than those non-Veteran males who die by suicide. The average age is 59.6 years among Veterans identified on state death certificates and 54.5 years of age among those who could be validated using VA Administration records.

The majority of Veterans who have committed suicide were last seen in a VA outpatient setting. A high prevalence of non-fatal suicide events result from overdose or other intentional poisoning. The question remains, if most of those Veterans who commit suicide have been seen in a VA outpatient setting, what is lacking in VA care that allows for suicide to occur? Private sources, like American Disabled Veterans Foundation and its parent corporation, Help The Vets, Inc., as well as YOU and I, have a duty to help all Veterans, including those Veterans who have been seen by the VA on an outpatient setting, and CAN BE SAVED!

As a result, our organization is sponsoring a 24/7 Veterans Suicide Hotline for Veterans who are having thoughts of harming themselves. Manned by a trained Veteran with a psychology degree, we sponsor this program and have 5-6 calls a month for help, counseling and referral. Our Hotline number is Please give this number to anyone you think may be considering suicide, suffering from depression or need help. Please support this project with your donations and your prayers! God Bless!

Dear Friend,

How many times have you said, "I'd give an arm and a leg" for that special something--those expensive shoes, that new car, that watch...

But for thousands of disabled veterans who served in Iraq and Afghanistan, "giving an arm and a leg" isn't simply a figure of speech--it's a harsh reality.

Many of these vets literally gave their arms and their legs in battle to preserve your freedom, your prosperity, and your family's future.

That's why I'm asking you to send your gift of $10 or more to our 2016 Annual Fund Campaign.

Remember, you don't have to "give an arm and a leg" to help our disabled veterans. You can help now by sending us your gift of $10 or more to Help The Vets (HTV).

Your $10 gift will mean so much to a disabled veteran.

Sincerely,

Neil G. Paulson, Sr., President
US Army Reserve, Infantry-Retired

Do you know a military vet who has any of the following symptoms:

- [ ] Yes  [ ] No  Has nightmares about an experience, or thinks about the experience when they do not want to?
- [ ] Yes  [ ] No  Tries hard not to think about an experience or goes out of their way to avoid situations that remind him/her of the experience?
- [ ] Yes  [ ] No  Is constantly on guard, watchful, or easily startled?
- [ ] Yes  [ ] No  Feels numb or detached from others, activities or surroundings?

If the answer is "yes" to any of these questions, it may be symptomatic of Post Traumatic Stress Disorder (PTSD). We suggest a visit with your family mental health professional or you may obtain help through the VA. According to researchers, 11-20% of the veterans of the conflicts in Afghanistan and Iraq developed PTSD and 30% of Vietnam veterans.

If you are having thoughts about harming yourself or others, call the 24 hour Help The Vets suicide referral hotline (407)376-7000

Dear Friend,

I've never forgotten what you did for me...

You've probably said it many times...

A friend, a co-worker, a relative "did you a favor" or "gave you a break" and it was a big help to you. Years later you bump into them on the street and say, "You know, I've never forgotten what you did for me..."

Today there are tens of thousands of soldiers in hospitals and rehab clinics who didn't just "do us a favor" or "give us a break". These soldiers risked their lives for you and me in Korea, Vietnam, the Gulf War, and most recently in Afghanistan and Iraq. Many of these soldiers are now crippled, blind, disfigured, and in many cases, sadly forgotten.

You have been a generous past supporter of Help The Vets (HTV).

That's why we're counting on you to send your gift for $10 or more to help our needy and disabled military veterans.

Let our disabled vets know you've "never forgotten".

Sincerely,

US Army Reserve, Infantry-Retired

Dear Friend,

Our 2017 Annual Fund Drive is the single most important fundraiser of the year to support needy and disabled military veterans.

Thanks to your past generous support, and that of other HTV supporters like you, we've been able to assist needy and disabled military veterans when they had no where else to turn.

So, if you haven't made your donation for $10 or more to Help The Vets recently... please take a moment to mail your contribution today.

Sincerely,
Neil G. Paulson, Sr., Administrator
