FAQ

If you're not satisfied with the quality of the product or if you have any issues, please contact our customer support team directly via email or phone. We are here to assist you and ensure your satisfaction with our products.

During the pre-production phase, we will send out prototypes to selected backers for feedback. Please keep an eye on our updates for more details.

The product is expected to be available for shipping within 60 days after the campaign ends. We will send out shipping information as soon as the product is ready to be shipped.

If you have any special requests or if you are interested in bulk orders, please don't hesitate to contact us.

Stay updated on our progress and learn more about our product at www.ibackpack.com.

Risks and challenges

A reasonable risk exists but the management team has experienced and managed similar situations, and has allocated sufficient funds to address potential risks.

We have risked our capital in connection with the development of the project. We are not primarily engaged in the development of projects, but we have accumulated and will continue to accumulate experience in the development and management of projects. We have taken the risks associated with the development and management of the project to the extent that we have and will continue to take them.

We are an early-stage company and have not generated any revenue to date. We anticipate that we will continue to incur significant losses for the foreseeable future due to the costs of product development and marketing efforts.

MOJO - Bag, Battery, Cables, Plugs & Sales Leads | Indiegogo

Exhibit C - MOJO Indiegogo Homepage

I AM MOJO
YOUR EVERYDAY COMPANION

Bag, Battery and Power. The purpose of MOJO is to ensure all of your electronic gear is fully charged - all the time. We've added car chargers, 110V wall chargers, Apple and Android cables, retractable power cord, LEGO style velcro dividers, multiple options and colors.

https://www.indiegogo.com/projects/mojo-bag-battery-cables-plugs-sales-leads

8/30/2017
UNLIMITED POWER

MOJO - at 20,000 mAh - has the largest commercially available battery on the market today. The Lithium Polymer power bank allows you to always stay connected with the world. It is easy to recharge through our retractable USB recharging cables. We provide iPhone and Android interconnect system, 110v and 220v wall plugs convert power to USB cables. If we missed anything - let us know and we will consider adding it. Build your own Bag - BYOB.

https://www.indiegogo.com/projects/mojo-bag-battery-cables-plugs-sales-leads
NEVER LOSE POWER AGAIN

CHARGE ALL YOUR DEVICES

Losing power in 2015 isn't acceptable. You could miss important customer emails, emergency phone calls - but not if you have MOJO. Your iPhone, iPad, Android phone, Android tablet, GoPro Camera, Digital Camera from any manufacturer ... you name it. Our backup system ensures all of your content is stored in the cloud through a special Dropbox OEM relationship.

https://www.indiegogo.com/projects/mojo-bag-battery-cables-plugs-sales-leads
WATER RESISTANT FABRIC

Keep your electronics dry! The outer layer is made from the highest quality polyurethane, 900D high-density nylon. The middle layer of RFID blocking fabric contains nickel and copper interlace system provides an additional powerful water blocking layer of protection. The inside fabric provides a third and final solution to protect your valuable electronic gear. You name it and we thought of it.

HIGH GRADE, DURABLE MATERIALS
The materials used to create the MOJO bag were hand-picked. We chose the most durable fabric on the market today, integrated zippers designed to never jam, buckles made of high-quality polyurethane that are easy to connect and disengage, RFID blocking fabric to protect your debit & credit cards as well as block electromagnetic
waves, durable VELCO female and male counterparts capable of tens of thousands of solid connections.

ACCESSORIES
EVERYTHING THAT YOU NEED

ACCESSORIES GALORE
20,000 mAh battery bank is standard. It is capable of recharging multiple smartphone and/or tablets from scratch. Whether you are in the United States where 110v or elsewhere in the world where 220v wall power is provided - our electric wall to electronic power conversion system ensures solid and fast charges. Should you be in a vehicle you can garner power through the MOJO car charger adapter. We provide cables to support Apple and Android systems. Let us know what we should add - and if possible - it will be included.

https://www.indiegogo.com/projects/mojo-bag-battery-cables-plugs-sales-leads

8/30/2017
COLORS
EXPRESS YOUR PERSONALITY

We are offering two colors to start - Midnight Black and Fire Engine Red. Should we receive tens of thousands of pledges we are open to providing a rainbow of potential colors and perhaps patterns. Let us know, when pledging for MOJO, your preferred color. We will tally preferences and design and manufacture accordingly.

PATTERNS
EXPLORE YOUR PERSONALITY

WE have the manufacturing capability to create MOJO in a wide variety of patterns. Ultimately, the ability to offer patterns is based upon the number of pledges we receive for the MOJO bag. Give us

https://www.indiegogo.com/projects/mojo-bag-battery-cables-plugs-sales-leads
Exhibit C - MOJO Indiegogo Homepage

your ideas about the type of pattern you would like. If possible - we will use them and give you credit.
PERFECT FOR SCHOOL - MAKE THE GRADE
MOJO empowers students with the ability to keep their electronic gear powered up at all times. It is large enough to carry your tablets and telephones as well as required text books for classes. You can keep your lunch or snacks safely stored for quick access.
ULTIMATE SPORTS BAG

MOJO was designed by sports enthusiasts. You can store your water bottle, salt tablets, head-bands, cardio necessities . . . everything you need to keep your body fit. Strap MOJO on and hit your stride. We’ve made the bag connection system extra large so you won’t have straps on your skin after removing.

BUSINESS

Your company will reimburse you for your MOJO pledge. It provides a valuable asset for any organization. The US Internal Revenue Service allows for the deduction of any viable business.
BRANDING

The MOJO is ideal to reward both employees and your top channel partners. We can customize the bag to include your organization's logo, brand or product likeness. If you wish, we can create Letterman Jacket style chenille patches. Give us a telephone call or send an email to discuss same - minimum order for customized branding MOJO bags is 25 units. Discounts for large quantities - Resellers Wanted and Fully Supported.

https://www.indiegogo.com/projects/mojo-bag-battery-cables-plugs-sales-leads

8/30/2017
SECURITY

We have created a sophisticated RFID blocking system to ensure no-one can “look inside” your bag via electronic surveillance systems. Billions of dollars a year are stolen, lives ruined - it won’t happen to you if you are protected by MOJO’s anti-theft system.
The MOJO bag has RFID blocking cloth inside its walls; however, once your cards are removed from the MOJO they are vulnerable to attack - thus we provide RFID blocking sleeves for your passport, credit/debit cards and drivers license. Your personal security is 100% protected with the MOJO solution.
Search through 100 Million B2B contacts with 12.3 Million Directors. Includes email addresses & guaranteed delivery. Search by Job Title, Company, Revenue, Employee Count, City, State, Zip. Downloadable up to 5,000 contacts/month in .csv format - compatible with all CRM apps.
