**BEATING JOINT PROBLEMS  
CAN BE MORE REWARDING  
THAN EVER!**

**ABOUT  
SUPPLE®**

**WHAT IS SUPPLE®?**

Supple® is an ultra-premium joint health supplement that delivers key ingredients that have been clinically PROVEN to safely rebuild cartilage, reduce joint discomfort, and protect against damage. One ready-to-drink can a day is all you need to keep you feeling great.

**SUPPLE® IS EVIDENCE-BASED**

All glucosamine and chondroitin is not the same. Supple® is different. It delivers the same pharmaceutical strength dosage of 1,500 mg glucosamine and 1,200 mg chondroitin that has been clinically proven effective for supporting joint health, that are prescribed by physicians in over 40 countries outside the United States, and that are used by 13 million people around the world. Our glucosamine is U.S. made, vegetarian and shellfish-free. Our chondroitin is from Bioiberica, the only supplier of clinically proven effective chondroitin in the world. Supple® guarantees 100% of label claims and is manufactured in the United States. We are so confident that Supple® will transform your life, that you can try it for 60 days risk-free.

**HOW SUPPLE®  
WORKS**

The two main ingredients in Supple®, pharmaceutical strength glucosamine and chondroitin, stimulate the production of cartilage and inhibit enzymes that cause cartilage breakdown. Multiple peer-reviewed clinical trials show that these ingredients halt joint space narrowing, relieve discomfort and improve mobility. In addition, Supple's® special antioxidant formula delivers 10 vitamins and minerals, including 200% DV of vitamin C and 1,000 IUs of vitamin D that are clinically proven to protect joint structures. Supple® is absolutely delicious and comes in ready-to-drink and powder forms.

Only clinically proven

## ACTIVE SENIOR

"Several friends have observed my transformation from being immobile to running on the tennis courts and walking without a limp. Your Supple™ drink has kept me out of the surgeon's office and out of a wheelchair."

*Vefene*

## GOLFER

"I had critical neck surgery in 2003 and 6 months ago the discomfort started coming back and kept getting worse. I heard about your product on television and I was desperate so I ordered it. Within 2 weeks I had very little aching. This stuff is amazing. It has made it possible for me to continue my golf tournaments."

*N.A.C.*

## BODYBUILDER

"After having surgery on my knee, the stiffness and discomfort never did go away completely. Then I tried Supple and shortly thereafter, I experienced the freedom of movement and then the aches started to ease. Supple has made a major difference in my life."

*Douglas H.*

## EXERCISE PHYSIOLOGIST

"My knees had been giving me a lot of trouble. I stayed on the Supple program religiously and now, not only am I back running but my training consists of interval sprints that I am kicking butt in! I am thrilled!"

*Ellen*

"I have lived with crippling hip problems since my early 20's and have probably tried every combination of therapy known to the western world. I have felt fantastic for years now and live an extremely active lifestyle with Supple®."

My passion is to make natural, safe and clinically proven strategies for great joint health available to everyone. That's what Supple® is all about."
