Upon consideration of the Federal Trade Commission’s Unopposed Petition for an Order Governing Compliance with Civil Investigative Demands Issued in Furtherance of a Law Enforcement Investigation, the supporting declaration from Thomas J. Widor, and memorandum of law, this Court finds that the civil investigative demands (CIDs) to Apollo Education Group, Inc. and the University of Phoenix, Inc. are within the lawful authority granted to the Commission by Congress, were issued in accordance with procedural requirements, and seek evidence that is relevant and material to the investigation. The Court further finds that the CIDs at issue constitute “subpoena[s] issued for a law enforcement purpose” and that good cause

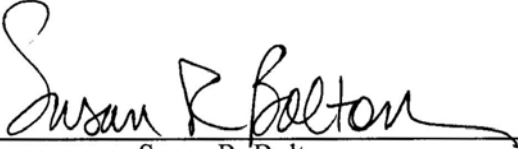

warrants an order requiring the Companies to comply with the CIDs without providing notice prior to disclosure pursuant to 20 U.S.C. §§ 1232g(b)(1)(J)(ii) and 1232g(b)(2)(B).

IT IS HEREBY ORDERED that Respondents Apollo Education Group, Inc. and the University of Phoenix, Inc. shall comply with the Commission's CIDs by producing responsive "education records," as that term is defined by 20 U.S.C. § 1232g(a)(4), subject to any remaining defenses and privileges;

IT IS FURTHER ORDERED THAT such production shall commence within fourteen (14) days from the date of this Order and be completed within sixty (60) days of the date of this Order, or at such later time(s) as may be agreed upon by the parties, subject to any remaining defenses and privileges; and

IT IS FURTHER ORDERED that Apollo Education Group, Inc., University of Phoenix, Inc., and any of their officers, directors, employees, agents, or attorneys shall comply with the Commission's CIDs without disclosing to any person the contents of the civil investigative demands or any education records furnished in response to the civil investigative demands.

Dated this 14th day of January, 2016.

Susan R. Bolton
United States District Judge
