**IN THE MATTER OF**

# CENTRACARE HEALTH SYSTEM

CONSENT ORDER, ETC. IN REGARD TO ALLEGED VIOLATIONS OF SECTION 5 OF THE FEDERAL TRADE COMMISSION ACT AND SECTION 7 OF THE CLAYTON ACT

*Docket No. C-4594; File No. 161 0096*
*Complaint, October 5, 2016 – Decision, January 6, 2017*

This consent order addresses the acquisition by CentraCare Health of certain assets of St. Cloud Medical Group, P.A. The complaint alleges that the Acquisition, if consummated, would violate Section 7 of the Clayton Act by substantially lessening competition for the provision of adult primary care, pediatric, and OB/GYN services in St. Cloud, Minnesota. The consent order facilitates former SCMG physicians finding alternate local employment by suspending enforcement of any non-compete provisions against any adult primary care, pediatric, or OB/GYN physician from SCMG to allow up to 14 such physicians to depart for another St. Cloud area practice; and requires CentraCare to provide sizeable departure payments to the first five physicians who leave CentraCare either to create a new medical practice or to join a small third-party medical practice in the St. Cloud area.

# COMPLAINT

Pursuant to the provisions of the Federal Trade Commission Act ("FTC Act"), and by virtue of the authority vested in it by the FTC Act, the Federal Trade Commission ("Commission"), having reason to believe that Respondent CentraCare Health ("CentraCare") and St. Cloud Medical Group P.A. ("SCMG") have executed a merger agreement ("Acquisition") in violation of Section 5 of the FTC Act, 15 U.S.C. § 45, which if consummated would violate Section 7 of the Clayton Act, as amended, 15 U.S.C. § 18, and it appearing to the Commission that a proceeding by it in respect thereof would be in the public interest, hereby issues its complaint pursuant to Section 11(b) of the Clayton Act, 15 U.S.C. § 21(b), stating its charges as follows:

## I.
## Nature of the Case

1. CentraCare and SCMG are the two largest providers of primary care, pediatric care, and obstetrics/gynecology ("OB/GYN") services in St. Cloud, Minnesota. CentraCare's acquisition of SCMG would eliminate price and non-price competition, likely causing significant anticompetitive harm to residents and businesses in the St. Cloud area.

2. CentraCare and SCMG compete to be included in health insurance plans, and compete for patients within those health insurance plans. Health insurers and employers rely on the competition between CentraCare and SCMG to negotiate lower reimbursement rates, which are passed on to consumers through lower health insurance premiums and lower out-of-pocket costs. Competition also provides an incentive for CentraCare and SCMG to provide higher quality care and better services to patients.

3. CentraCare's acquisition of SCMG would substantially increase CentraCare's market share in three physician services sold to commercial health plans: (1) adult primary care; (2) pediatric primary care; and (3) OB/GYN. The levels of concentration in these markets that would result from the Acquisition create a strong presumption of anticompetitive harm under applicable case law and the U.S. Department of Justice and

Federal Trade Commission Horizontal Merger Guidelines ("Merger Guidelines"). By eliminating SCMG as a potential alternative for health plans in the St. Cloud area, the Acquisition will likely allow CentraCare to increase the reimbursement rates for the services of current SCMG physicians, and potentially secure more favorable terms from health insurance plans for CentraCare services.

4. The competition eliminated through the Acquisition will not be sufficiently replaced in a timely manner by other providers.

5. Respondent and SCMG cannot show cognizable efficiencies that would offset the likely and substantial anticompetitive harm from the Acquisition.

6. Respondent and SCMG have shown that SCMG is financially failing, with no access to credit, and that physicians are and will continue to leave the practice. They have further shown that no alternative purchasers other than CentraCare are interested in acquiring the entire SCMG practice group.

## II.
## Background

### A.

### Jurisdiction

7. Respondent and SCMG are, and at all relevant times have been, engaged in commerce or in activities affecting "commerce" as defined in Section 4 of the FTC Act, 15 U.S.C. § 44, and Section 1 of the Clayton Act, 15 U.S.C. § 12.

8. The Acquisition constitutes a merger subject to Section 7 of the Clayton Act, 15 U.S.C. § 18.

### B.

### Respondent and SCMG

9. Respondent CentraCare is a not-for-profit health system organized under and by virtue of the laws of Minnesota.

CentraCare is headquartered at 1900 CentraCare Circle, St. Cloud, MN 56303. CentraCare owns and operates multiple clinics in the St. Cloud area that employ approximately 270 primary care and specialist physicians, including 55 adult primary care, 16 pediatric primary care, and 14 OB/GYN physicians. CentraCare also employs nearly 100 advanced practice providers ("APPs"). These clinics are vertically integrated with CentraCare's other holdings, which include six hospitals, 18 multi-specialty clinics, four pharmacies, and six nursing homes in central Minnesota.

10. SCMG is a for-profit, physician-owned, professional organization under Minnesota law that is headquartered at 1301 33rd Street South, St. Cloud, MN 56301. It owns and operates four clinics in the St. Cloud area and employs approximately 40 physicians who provide primary care and specialty practice medical services. Approximately 36 of these physicians focus on adult primary care, pediatric primary care, and OB/GYN services. SCMG also employs approximately 20 APPs.

## C.

## The Acquisition

11. As early as 2014, Respondent and SCMG began discussing a possible acquisition of SCMG by CentraCare. On February 29, 2016, the CentraCare board of directors entered into a definitive agreement to purchase SCMG's medical practice and its related building partnership.

12. Respondent and SCMG intend to finalize this acquisition as early as October 6, 2016, and begin integrating SCMG's operations into CentraCare immediately thereafter.

## D.

## Competition Between Healthcare Providers

13. Competition between healthcare providers occurs in two basic stages. In the first stage, providers compete to be selected by health insurers as their in-network provider. The in-network providers benefit by gaining access to the health insurers' members as patients. Health insurers seek to create provider

networks with geographic coverage and a scope of services that attract and satisfy employers who buy group insurance coverage for employees, as well as independent purchasers of "non-group" insurance.

14. To gain in-network status, a provider engages in bilateral negotiations with the health insurer. One of the critical terms that a provider and a health insurer agree upon during their negotiation is the reimbursement rate paid by insurer to health care provider for its medical services to the health insurers' members.

15. Health insurers act as employers' agents in creating provider networks that offer convenience, high quality care, and competitive reimbursement rates. This is true whether employers purchase fully-insured health plans or are self-insured. "Fully-insured" health plans require covered employees and the employer to pay premiums, co-pays, and deductibles in exchange for access to a provider network and for insurance against the cost of future care. These costs are linked to the reimbursement rates that health insurers negotiate with each health care provider in their provider networks. "Self-insured" health plans also provide access to a provider network but the employer rather than the insurer assumes the risk for the cost of future care. Self-insured employers must pay the entirety of their employees' health care claims (aside from member cost-sharing, such as deductibles and copayments) and, as a result, may immediately incur provider rate increases.

16. In the second basic stage of competition, providers compete with other independent providers in their networks to attract patients. Typically, health insurers offer multiple independent in-network providers, who compete to attract patients by offering better services, amenities, convenience, quality of care, and/or patient satisfaction.

## III.
## The Relevant Service Markets

17. There are three relevant physician service markets in which to analyze the effects of the Acquisition: adult primary care; pediatric primary care; and OB/GYN.

18. Adult primary care physician services are general physician services provided to commercially insured patients aged 18 and over by physicians who offer internal medicine, family medicine, and general medical services. Physicians in other specialties are generally not a substitute for adult primary care physicians.

19. Pediatric primary care physician services are general physician services provided to commercially insured patients aged 17 and younger by physicians practicing pediatrics. Pediatricians receive additional training to treat pediatric health issues and physicians trained for other specialties generally do not have this required expertise.

20. OB/GYN physician services are reproductive health services provided to commercially insured female patients. Generally, physicians without additional training in treating female reproductive health are not a substitute for physicians providing OB/GYN services.

21. Health care providers sell adult primary care, pediatric primary care, and OB/GYN physician services to health insurers and their members.

22. Alternative care delivery models, such as retail clinics and telehealth, are not functionally interchangeable with in-person physician services. Retail clinics and telehealth are not equipped to treat the same range of chronic or high-acuity acute conditions as a traditional primary care practice.

23. Because of patient preferences, and because alternative care providers can only address a limited scope of health concerns, health plans must include a sufficient number of in-network adult primary care physicians, pediatric primary care physicians, and OB/GYNs to create an attractive health plan network, even if the cost of these services increased by a small but significant and non-transitory amount.

## IV.
## The Relevant Geographic Market

24. The relevant geographic market in which to analyze the effects of the Acquisition in the relevant service markets is the greater St. Cloud, Minnesota residential area, which contains the following zip codes: 55320, 56301, 56303, 56304, 56320, 56329, 56377, 56379, and 56387. This roughly corresponds to a radius of 20 miles around downtown St. Cloud.

25. Patients in the St. Cloud area strongly value access to adult primary care, pediatric primary care, and OB/GYN services close to where they live. Given these patient preferences, health insurers must include a sufficient number of adult primary care physicians, pediatric primary care physicians, and OB/GYN physicians in the St. Cloud area to create an attractive health plan network for employers whose employees reside in the St. Cloud area.

26. Accordingly, a hypothetical monopolist that controlled a substantial portion of these physicians in the St. Cloud area could profitably increase rates by at least a small but significant amount because health insurers could not practicably offer primary and other routine medical services from providers outside the St. Cloud area to their members. Thus, the area in which health insurers can practically turn for alternative providers of adult primary care physician services, pediatric primary care physician services, and OB/GYN physician services is limited to the St. Cloud area.

## V.
## Market Structure and the Acquisition's Presumptive Illegality

27. The Merger Guidelines and courts measure concentration using the Herfindahl-Hirschman Index ("HHI"). The HHI is calculated by totaling the squares of the market shares of every firm in the relevant market. Under the Merger Guidelines, a merger is presumed likely to create or enhance market power—and is presumptively illegal—when the post-merger HHI exceeds 2500 and the merger increases the HHI by more than 200 points.

28. The HHIs that would result from the Acquisition confirm that it will lead to significant increases in market concentrations in already concentrated service markets. Each of the physician services markets have pre-merger HHIs of over 2500, and in each the HHI will increase well over 200 points. Indeed, CentraCare's post-Acquisition share in each of the physician service markets will be over 80%.

29. Accordingly, the Acquisition is presumptively unlawful. In each of the relevant markets, the market shares, post-merger concentration levels, and increase in concentration levels exceed the thresholds for a presumptively anticompetitive merger under the case law and the Merger Guidelines.

## VI.
## Anticompetitive Effects

### A.

### Elimination of Competition and Increased Bargaining Leverage of CentraCare

30. Health insurers must provide their members access to CentraCare or SCMG because they are the two largest providers of adult primary care, pediatric primary care, and OB/GYN services in the St. Cloud area. Competition between CentraCare and SCMG enables health insurers and employers to negotiate lower reimbursement rates and more favorable contract terms. SCMG is a low-cost provider of health care in St. Cloud, and health insurers have used the competition between CentraCare and SCMG to obtain more favorable contract terms from CentraCare, which is a higher cost health care provider. The Acquisition will eliminate competition between CentraCare and SCMG, substantially lessening overall competition in the relevant markets.

### B.

### Loss of Non-Price Competition

31. CentraCare and SCMG compete to attract patients. Competition provides an incentive for CentraCare and SCMG to provide higher quality care and better service to patients.

32. After the Acquisition, CentraCare will face substantially less competition in the St. Cloud area for adult primary care, pediatric primary care, and OB/GYN physician services. As a result, the Acquisition will diminish CentraCare's incentive to improve or continue to offer high-quality care and better services.

## VII.
## Countervailing Factors

33. Entry by a sufficient number of physicians to counteract the anticompetitive effects due to the Acquisition will not be likely, timely, or sufficient. In order to counteract the anticompetitive effect of the Acquisition, an entrant or current St. Cloud competitor would need to bring in a sufficient number of physicians in the relevant service markets to counteract the competition being lost through the Acquisition. No entrant or current St. Cloud competitor will be able to introduce such a large number of physicians in a timely manner because, inter alia, it takes time for a new physician to achieve the patient volume of an established physician.

34. Respondent and SCMG also cannot demonstrate cognizable efficiencies that would be sufficient to rebut the presumption and evidence that the Acquisition likely would substantially lessen competition in the relevant market.

35. Any alleged cost savings from the integration of CentraCare's operations with SCMG's are speculative, not verifiable, and not merger specific. Nor is there evidence that any such savings would be competition-enhancing.

36. The Acquisition also is not necessary to increase clinical efficiencies. SCMG does not need to merge with CentraCare to transition from fee-for-service contracting to a value-based

reimbursement model. Such a transition does not require a large number of physicians or an affiliation with a large integrated health system. Moreover, SCMG and CentraCare can integrate clinical services without merging, and in some respects have already begun to do so. Other independent practices in the St. Cloud area have integrated their electronic medical record systems with CentraCare successfully.

37. SCMG, however, has produced evidence that it is financially failing. SCMG's current financial status has weakened its standing with at least one lender, which froze the practice's only line of credit after reviewing its recent financial statements. The evidence indicates that certain SCMG physicians plan to leave the practice and possibly the St. Cloud area if the Acquisition is not consummated. Such physician departures would cause an immediate drop in revenues that could further destabilize the group.

38. After a good-faith, multi-year search, SCMG has been unable to find an alternative purchaser for the entire medical practice. At least one local provider, however, has expressed interest in expanding its practice by hiring some of SCMG's physicians. A number of SCMG's physicians are interested in joining that provider or other smaller, independent practices in the area.

## X.
## Violations Charged

39. The allegations of Paragraphs 1 through 38 above are incorporated by reference as though fully set forth.

40. The acquisition described in Paragraph 11 constitutes a violation of Section 5 of the FTC Act, as amended, 15 U.S.C. § 45.

41. The Acquisition, if consummated, may substantially lessen competition in the relevant markets in violation of Section 7 of the Clayton Act, as amended, 15 U.S.C. § 18, and is an unfair method of competition in violation of Section 5 of the FTC Act, as amended, 15 U.S.C. § 45.

**WHEREFORE, THE PREMISES CONSIDERED**, the Federal Trade Commission on this fifth day of October, issues its Complaint against said Respondent.

By the Commission.

## ORDER TO SUSPEND ENFORCEMENT OF CENTRACARE HEALTH NON-COMPETES AND MAINTAIN ASSETS

The Federal Trade Commission ("Commission"), having initiated an investigation of the acquisition by CentraCare Health System of St. Cloud Medical Group, P.A. ("St. Cloud Medical Group"), and CentraCare Health System (hereafter referred to as "CentraCare Health" or "Respondent CentraCare Health") having been furnished thereafter with a copy of a draft Complaint that the Bureau of Competition proposed to present to the Commission for its consideration and which, if issued by the Commission, would charge Respondent CentraCare Health with violations of Section 7 of the Clayton Act, as amended, 15 U.S.C. § 18; and

Respondent CentraCare Health, its attorneys, and counsel for the Commission having thereafter executed an Agreement Containing Consent Orders ("Consent Agreement"), containing an admission by Respondent CentraCare Health of all the jurisdictional facts set forth in the aforesaid draft Complaint, a statement that the signing of said Consent Agreement is for settlement purposes only and does not constitute an admission by Respondent CentraCare Health that the law has been violated as alleged in such Complaint, or that the facts as alleged in such Complaint, other than jurisdictional facts, are true, and waivers and other provisions as required by the Commission's Rules; and

The Commission having thereafter considered the matter and having determined that it had reason to believe that Respondent CentraCare Health has violated the said Act, and that a Complaint should issue stating its charges in that respect, and having

accepted the executed Consent Agreement and placed such Consent Agreement on the public record for a period of thirty (30) days for the receipt and consideration of public comments, now in further conformity with the procedure described in Commission Rule 2.34, 16 C.F.R. § 2.34, the Commission hereby issues its Complaint, makes the following jurisdictional findings, and issues the following Order to Suspend Enforcement of the CentraCare Health Non-Competes and Maintain Assets ("Order to Suspend Non-Competes and Maintain Assets"):

F. The purpose of this Paragraph is to ensure that those St. Cloud Physicians and/or CentraCare Physicians who seek to terminate their Contract Services can offer Physician Services in a Third Party Medical Practice or a New Third Party Medical Practice in competition with CentraCare Health and to mitigate the lessening of competition alleged in the Commission's Complaint.

## III.
## ESCROW FOR DEPARTURE BONUSES

**IT IS FURTHER ORDERED** that at the time of the Acquisition, CentraCare Health shall deposit into an escrow account, pursuant to oversight and consultation with the Monitor, a sum of five-hundred thousand dollars ($500,000), that may be used as departure bonuses pursuant to and for the purposes set forth in Paragraphs II.G. and II.H. of the Decision and Order.

## IV.
## ASSET MAINTENANCE

**IT IS FURTHER ORDERED** that:

A. Until the end of the First Release Period, CentraCare Health shall:

2. Not transfer the St. Cloud Physicians, or decrease or change their workloads or practice areas from what the St. Cloud Physicians were practicing before the Acquisition including, but not limited to, allowing certain St. Cloud Physicians who are Adult Primary Care Physicians to continue to deliver babies in the same manner and locations as done before the Acquisition. *Provided , however,* that, after providing notice to the Monitor, CentraCare Health may determine, pursuant to its existing policies, to suspend a St. Cloud Physician from continuing all or part of his or her practice, if necessary, to protect patient safety;

3. Retain all St. Cloud Employees and support for the St. Cloud Physicians such that the St. Cloud Physicians seamlessly will be able to move to a Third Party Medical Practice, if they choose, or create a New Third Party Medical Practice. *Provided, however,* that CentraCare Health may make changes in personnel if the Monitor is notified of such changes, and the Monitor approves the changes after consultation with the Commission staff and the affected St. Cloud Physicians.

4. Not change Payer contracts or reimbursement rates or processes such that changes would affect a St. Cloud Physician's ability to move to a St. Cloud Medical Practice. *Provided, however,* that CentraCare Health may make changes in Payer contracts for the St. Cloud Physicians if the Monitor is notified of such changes, and the Monitor approves the changes after consultation with Commission staff and the affected St. Cloud Physicians.

B. The purpose of this Paragraph IV is for CentraCare Health to maintain those assets and personnel from the St. Cloud Medical Group such that, during the Suspension Period and the First Release Period, St. Cloud Physicians will easily be able to move to a Third Party Medical Practice or create a New Third Party Medical Practice with his or her patients and without any significant difficulties.

## V.

F. If the Commission determines that the Monitor has ceased to act or failed to act diligently, the Commission may appoint a substitute Monitor in the same manner as provided in this Paragraph VI.C., above.

G. The Commission may on its own initiative, or at the request of the Monitor, issue such additional orders or directions as may be necessary or appropriate to assure compliance with the requirements of this Order to Suspend Non-Competes and Maintain Assets.

H. The Monitor appointed pursuant to this Order to Suspend Non-Competes and Maintain Assets may be the same Person appointed as Monitor under the Decision and Order.

## VII.
## COMPLIANCE REPORTS

Order to Maintain Assets

# Appendix A

***APPENDIX A - Letter to St. Cloud Physicians***

Dear Physician:

CentraCare Health System ("CentraCare Health") has entered into an agreement with the Federal Trade Commission to resolve allegations that its acquisition of the St. Cloud Medical Group and employment of the Adult Primary Care Physicians (including Urgent Care Physicians), OB/GYNs, and Pediatricians will restrict competition in violation of Section 7 of the Clayton Act. Although CentraCare Health has not admitted liability or admitted that the facts alleged in the Commission's complaint (other than jurisdictional facts) are true, it has agreed to two FTC orders containing certain terms that the Commission believes will ameliorate the competitive effects of the acquisition relating to these three practice areas.

For your convenience, CentraCare Health's obligations under the two FTC Orders, including the terms under which you may terminate your employment, are summarized below. These obligations are described more fully in the FTC's Orders and its Analysis to Aid Public Comment that are both attached to this letter. The two orders are (1) the "Order to Suspend Enforcement of CentraCare Health Non-Competes and Maintain Assets" or "Order to Suspend Non-Competes and Maintain Assets" and (2) the Decision and Order ("D&O").

**Nothing in this summary is intended to modify any of the terms of the Commission's Orders or to provide legal advice.**

**Suspension of Enforcement of CentraCare Health Non-Competes**

The first order establishes a period of time during which you, as a St. Cloud Physician (defined as an Adult Primary Care Physician, OB/GYN, or Pediatrician) currently employed by CentraCare Health, by virtue of the recent acquisition, may explore all employment and professional opportunities in the St. Cloud area, whether as an employee, a member of a medical group, or in private practice. You may enter into discussions and negotiations for new employment during this period. During this period, called the "Suspension Period," CentraCare Health cannot enforce any non-compete or non-solicitation provisions in your employment contract to interfere with your discussions with potential partners or employers.

**The Suspension Period does not apply to any physician practicing in areas other than the three practice areas of Adult Primary Care, OB/GYN, or Pediatrics.**

**Notice of Termination of Employment**

During this Suspension Period, you may submit your Termination Notice to the Monitor (identified below), but you may not actually terminate your employment before the "First Release Period" begins (described below). *If you terminate your employment with CentraCare Health **before** the First Release Period, CentraCare Health **may pursue** its non-compete or non-solicitation contract rights against you.*

## Order to Maintain Assets

If you submit a Termination Notice to the Monitor during this Suspension Period, and if the conditions below are met, your name will be included on the list of physicians terminating their employment with CentraCare Health in the event that the D&O is made final. (Until any list is provided to CentraCare Health, your Termination Notice will remain confidential with the Monitor.)

You *must* follow the procedures listed below, and the Termination Notice *must* contain certain critical information, in order to become an Acceptable Termination that allows you to leave CentraCare Health and continue practicing in the St. Cloud area without violating your employment contract:

- You must submit your Termination Notice to the Monitor.
- Your Termination Notice must contain a statement that you intend to practice in the St. Cloud area for at least two years after you leave CentraCare Health. The St. Cloud area includes the zip codes 56303, 56304, 56387, 56377, 56301, 56379, 55320, 56320, and 56329, including and surrounding St. Cloud, Minnesota.
- Your Termination Notice must contain either (a) a valid offer of employment or other affiliation with another medical practice that accepts commercial payers, *i.e.*, not a Veterans Affairs hospital, in the St. Cloud area for a period of at least one year, or (b) a detailed and verifiable business plan to begin a new medical practice in the St. Cloud area.

There is a limit to the number of Adult Primary Care Physicians, OB/GYNs, and Pediatricians who will be allowed to terminate under the FTC Orders (described below). The Monitor will keep track of the order in which doctors submit their Termination Notices. The Monitor will keep the names of the physicians who have submitted notices confidential from CentraCare Health until the notices forwarded to CentraCare Health as physicians permitted to terminate their employment with CentraCare Health pursuant to the FTC Orders.

**Termination Conditions – First Release Period**

The second order, the D&O, if made final by the Commission after a period allowing for public comment (usually around 30 days), will allow you to terminate your employment with CentraCare Health without penalty, subject to the conditions described in the D&O and the Order to Suspend Non-Competes and Maintain Assets. The Monitor will send you an email when the time starts allowing you to terminate your employment with CentraCare Health after an Acceptable Termination notice has been received. This time period is called the "First Release Period" and runs for up to ninety (90) days.

- During this ninety (90) day period, you may begin or continue discussions and negotiations for new employment. If you decide to terminate your employment, you may notify the Monitor of your intention, by following the procedures listed above.

- You must be or have been among the first fourteen (14) physicians to submit your notice to terminate employment. To protect the confidentiality of the doctors who want to leave, the Monitor will submit to CentraCare Health no more than the first fourteen (14) notices he receives.

- CentraCare Health must allow the first fourteen (14) physicians who have given notice to the Monitor and satisfied all of the conditions described above to terminate their employment without any penalty.

- You must leave employment with CentraCare Health within 60 days of CentraCare Health receiving your notice from the Monitor, but you may not leave prior to the Monitor delivering your notice to CentraCare Health.

- If at least eight (8) physicians terminate their employment with CentraCare Health by the end of the ninety (90) days, the First Release Period ends and no more employment terminations will be permitted under the Orders beyond a total of fourteen (14). After that, CentraCare Health may pursue its legal remedies against any employee who *subsequently* terminates employment with CentraCare Health in a manner that may violate that employee's contract.

- The Order to Suspend Non-Competes and Maintain Assets will continue in effect even after the Commission votes to accept (or reject) the D&O, the conclusion of this time period cannot be determined at this time. It will, however, not end until the requisite number of doctors leave CentraCare Health or ten years lapse from the date the D&O becomes final.

- If you are *not* among the first fourteen (14) physicians who submit Acceptable Termination notices, the Monitor will inform you of that fact

**Termination Conditions – Second Release Period**

If at the end of the First Release Period fewer than eight (8) doctors have notified the Monitor of their intent to terminate employment in accordance with the FTC Orders, the period in which physicians may continue to explore other employment opportunities and leave CentraCare Health's employment without penalty will remain open through a "Second Release Period." In the Second Release Period, physicians from CentraCare Health practicing in the three designated practice areas also will have the option to leave. This Second Release Period will remain open until eight (8) (rather than fourteen (14)) Adult Primary Care Physicians, OB/GYNs, or Pediatricians in total have terminated their employment with CentraCare Health in accordance with the FTC Orders, or ten years lapse from the date the D&O becomes final. *If you are not among the eight (8) physicians who submit Acceptable Termination notices during this period, the Monitor will inform you of that fact.*

Order to Maintain Assets

**Termination Conditions – Departure Bonuses**

The D&O requires CentraCare Health to pay departure bonuses to physicians who terminate their employment with CentraCare Health pursuant to the FTC Orders and who meet certain additional conditions. A $100,000 departure bonus is available to the first five (5) St. Cloud and/or CentraCare Physicians who choose to leave CentraCare and:

- Start his or her (or their) own medical practice in the St. Cloud area, **OR**
- Choose to be a part of a St. Cloud area medical practice consisting of fewer than five (5) Adult Primary Care Physicians, OB/GYNs, and Pediatricians at the time of the Orders.

Physicians receiving a departure bonus count towards the fourteen (14) or eight (8), depending on the Release Period, total physicians that CentraCare must allow to terminate their employment pursuant to the FTC Orders.

**Asset Maintenance**

The Order to Suspend Non-Competes and Maintain Assets also contains provisions requiring CentraCare Health to limit changes to the facilities you use and your medical practice, in general, to facilitate your decision to stay or leave CentraCare Health. The goal is to keep your medical practice as similar as possible to avoid disruptions while you make your decision. If you decide to leave CentraCare Health, the FTC Orders have provisions that will facilitate the transfer of patients with you to your new practice and the ability of those patients to have their medical information transferred as well. If you find that there are changes happening that are contrary to this goal, please notify the Monitor.

**Important Reminders**

- The Orders do not ***require*** any doctor to terminate employment with CentraCare Health or to work for any other entity.
- The Orders do not ***require*** CentraCare Health to fire any doctors.
- The Orders ***only apply to*** Adult Primary Care Physicians, OB/GYNs, and Pediatricians.
- The Orders prohibit CentraCare Health from enforcing any non-compete or non-solicitation provisions in any contract, pursuing any breach of contract action, or taking any retaliatory action against any physician who either left under the terms of the Orders or who sought other employment as allowed by the Orders but decided not to leave.
- If you terminate your employment at times or under terms not described in the

D&O, the D&O does not prohibit CentraCare Health from pursuing its contract rights.

- CentraCare Health will send an email to all CentraCare physicians (including the former St. Cloud physicians) when the time has closed for any more physicians to leave under the FTC Orders.

C. Inform the Monitor, in writing, that the notices sent pursuant to this Paragraph II have been sent and received.

D. For each Termination Notification that is (1) submitted during the First Release Period and (2) received by CentraCare Health as an Acceptable Termination, terminate Contract Services of the St. Cloud Physician who submitted that Termination Notification, and allow that St. Cloud Physician to leave CentraCare Health's employment on or before sixty (60) days of CentraCare Health's receipt of such notification from the Monitor;

E. For any activity Related To this Paragraph II, waive all rights to seek or obtain legal or equitable relief for breach of contract for violation by any St. Cloud Physician of any of the CentraCare Health Non-Compete Provisions; and

F. Not take any other action to discourage, impede, or otherwise prevent any St. Cloud Physician from terminating Contract Services pursuant to this Paragraph II including, but not limited to, revoking any payments to the St. Cloud Physicians resulting from the Acquisition, or offering any incentive to the St. Cloud Physician to decline employment with a Third Party Medical Practice.

*Provided, however,* upon receipt by the Commission of CentraCare Health's verified report of Acceptable Termination of fourteen (14) St. Cloud Physicians, the First Release Period shall end immediately, CentraCare Health will not be required to release any additional St. Cloud Physicians, and the Second Release Period will not start. *Provided, further, however,* that, if during the First Release Period there are more than fourteen (14) Acceptable Terminations, the Monitor, after consultation with the Commission's staff and the Persons where the St. Cloud Physicians plan to Participate or be employed, shall forward to CentraCare Health the first fourteen (14) such notifications received by the Monitor and shall not reveal the identity of any of the additional St. Cloud Physicians who submitted Termination Notifications. *Provided, further, however,* that if at the end of the First Release Period, CentraCare Health has submitted a verified report to the Commission that it has Acceptable Terminations of eight (8) St. Cloud Physicians, the Second Release Period will not start pursuant to Paragraph III.

G. At the time of the Acquisition, deposit into an escrow account, pursuant to oversight and consultation with the Monitor, a sum of five hundred thousand dollars ($500,000), payable in individual, one hundred thousand dollar ($100,000) amounts as departure bonuses to up to five (5) St. Cloud Physicians or CentraCare Physicians who submit Acceptable Terminations during the First Release Period, or Second Release Period if there is one:

1. To move to a Third Party Medical Practice with fewer than five (5) Physicians offering Physician Services, as of the date the Order becomes final; or

2. For the creation of a New Third Party Medical Practice.

*Provided, however,* that if more than five (5) St. Cloud Physicians or CentraCare Physicians submit Acceptable Terminations pursuant to this Paragraph, the Monitor shall forward to CentraCare Health the first five (5) such Acceptable Terminations received by the Monitor. *Provided, further, however,* that any escrow amounts not distributed will be returned to CentraCare, with interest.

H. The purpose of this Paragraph II, including the departure bonus in Paragraph II.G., is to mitigate the competitive effects in the Commission's Complaint by giving individual physicians who formerly practiced in St. Cloud Medical Group or at CentraCare Health the incentive to leave CentraCare Health to practice Physician Services in competition with CentraCare Health. Acceptance of the departure bonus by an individual physician serves to ensure CentraCare Health's compliance with this Order. The departure bonuses provided for under this Paragraph II: (1) are not an exchange (or offer to exchange) of anything of value in an effort to induce (or reward) the referral of federal health care program business from any St. Cloud Physician or CentraCare Physician receiving such bonus to CentraCare; (2) are not considered to vary with or take into account the volume or value of any past or future referrals of federal health care program business referred by any St. Cloud Physician or CentraCare Physician to CentraCare Health; and (3) do not create any new or continuing financial relationship between the accepting St. Cloud Physician or CentraCare Physician and CentraCare Health for purposes of encouraging or expecting more referrals to, or medical tests from, CentraCare Health.

## III.

**IT IS FURTHER ORDERED** that, if after the expiration of the First Release Period, CentraCare Health has not received Acceptable Terminations for at least eight (8) St. Cloud Physicians:

A. CentraCare Health shall send a notice in a form similar to Appendix B of this Order by email and first class mail, return receipt requested, effectively giving notice to all CentraCare Physicians that there is one or more openings for CentraCare Physicians to leave CentraCare Health and practice at a Third Party Medical Practice or create a New Third Party Medical Practice, pursuant to this Order;

B. CentraCare Health shall inform the Monitor, in writing, that the notices sent pursuant to this Paragraph III have been sent and received

C. For a period of time until a total of eight (8) St. Cloud Physicians and CentraCare Physicians in total have given Acceptable Terminations, CentraCare Health shall not enforce, directly or indirectly, the CentraCare Health Non-Compete Provisions Relating To CentraCare Physicians against any CentraCare Physician seeking to provide Termination Notification;

D. Upon Acceptable Termination of any CentraCare Physician, CentraCare Health shall terminate Contract Services of each such CentraCare Physician and allow that physician to leave CentraCare Health's employment on or before ninety (90) days from the date such notification was received;

E. For any activity Related To this Paragraph III, CentraCare Health shall waive all rights to seek or obtain legal or equitable relief for breach of contract for violation by any CentraCare Physician of any of the CentraCare Health Non-Compete Provisions; and

F. CentraCare Health shall not take any other action to discourage, impede, or otherwise prevent any CentraCare Physician from terminating Contract Services pursuant to this Paragraph III including, but not limited to, not offering any incentive to the CentraCare Physician to decline employment with the Third Party Medical Practice.

*Provided, however,* that CentraCare Health shall not be required to suspend or continue to suspend its CentraCare Health Non-Compete Provisions, nor be required to allow any CentraCare Physician to leave CentraCare Health pursuant to this Order after the Second Release Period; and *provided, further, however*, that once eight (8) St. Cloud Physicians and/or CentraCare Physicians, in total, have submitted Acceptable Terminations, CentraCare Health shall not be required to suspend or continue to suspend its CentraCare Health Non-Compete Provisions, nor be required to allow any CentraCare Physician or St. Cloud Physicians to leave CentraCare Health for a Third Party Medical Practice or create a New Third Party Medical Practice, pursuant to this Order.

G. The purpose of this Paragraph III is to ensure that those St. Cloud Physicians and CentraCare Physicians who terminate their Contract Services can offer Physician Services in a Third Party Medical Practice or New Third Party Medical Practice in competition with CentraCare Health and to mitigate the lessening of competition alleged in the Commission's Complaint.

## IV.

   c. Enforce any of the CentraCare Health Non-Compete Provisions for any activity Relating To terminating Contract Services;

   d. Require any St. Cloud Physician or CentraCare Physician, prior to terminating his or her Contract Services, to enter into an agreement to provide any payment to CentraCare Health;

2. CentraCare Health shall within thirty (30) days of such Physician's termination:

   a. Inform all patients of such Physician that such Physician has left CentraCare Health or St. Cloud Medical Group and where such Physician is practicing, including an address and phone number; and

b. Inform all patients of such Physician that they have a right to their medical records, and to have those records transferred without cost.

Decision and Order

# Appendix A

***APPENDIX A - Letter to St. Cloud Physicians***

Dear Physician:

CentraCare Health System ("CentraCare Health") has entered into an agreement with the Federal Trade Commission to resolve allegations that its acquisition of the St. Cloud Medical Group and employment of the Adult Primary Care Physicians (including Urgent Care Physicians), OB/GYNs, and Pediatricians will restrict competition in violation of Section 7 of the Clayton Act. Although CentraCare Health has not admitted liability or admitted that the facts alleged in the Commission's complaint (other than jurisdictional facts) are true, it has agreed to two FTC orders containing certain terms that the Commission believes will ameliorate the competitive effects of the acquisition relating to these three practice areas.

For your convenience, CentraCare Health's obligations under the two FTC Orders, including the terms under which you may terminate your employment, are summarized below. These obligations are described more fully in the FTC's Orders and its Analysis to Aid Public Comment that are both attached to this letter. The two orders are (1) the "Order to Suspend Enforcement of CentraCare Health Non-Competes and Maintain Assets" or "Order to Suspend Non-Competes and Maintain Assets" and (2) the Decision and Order ("D&O").

**Nothing in this summary is intended to modify any of the terms of the Commission's Orders or to provide legal advice.**

**Suspension of Enforcement of CentraCare Health Non-Competes**

The first order establishes a period of time during which you, as a St. Cloud Physician (defined as an Adult Primary Care Physician, OB/GYN, or Pediatrician) currently employed by CentraCare Health, by virtue of the recent acquisition, may explore all employment and professional opportunities in the St. Cloud area, whether as an employee, a member of a medical group, or in private practice. You may enter into discussions and negotiations for new employment during this period. During this period, called the "Suspension Period," CentraCare Health cannot enforce any non-compete or non-solicitation provisions in your employment contract to interfere with your discussions with potential partners or employers.

**The Suspension Period does not apply to any physician practicing in areas other than the three practice areas of Adult Primary Care, OB/GYN, or Pediatrics.**

**Notice of Termination of Employment**

During this Suspension Period, you may submit your Termination Notice to the Monitor (identified below), but you may not actually terminate your employment before the "First Release Period" begins (described below). *If you terminate your employment with CentraCare Health **before** the First Release Period, CentraCare Health **may pursue** its non-compete or non-solicitation contract rights against you.*

If you submit a Termination Notice to the Monitor during this Suspension Period, and if the conditions below are met, your name will be included on the list of physicians terminating their employment with CentraCare Health in the event that the D&O is made final. (Until any list is provided to CentraCare Health, your Termination Notice will remain confidential with the Monitor.)

You *must* follow the procedures listed below, and the Termination Notice *must* contain certain critical information, in order to become an Acceptable Termination that allows you to leave CentraCare Health and continue practicing in the St. Cloud area without violating your employment contract:

- You must submit your Termination Notice to the Monitor.
- Your Termination Notice must contain a statement that you intend to practice in the St. Cloud area for at least two years after you leave CentraCare Health. The St. Cloud area includes the zip codes 56303, 56304, 56387, 56377, 56301, 56379, 55320, 56320, and 56329, including and surrounding St. Cloud, Minnesota.
- Your Termination Notice must contain either (a) a valid offer of employment or other affiliation with another medical practice that accepts commercial payers, *i.e.*, not a Veterans Affairs hospital, in the St. Cloud area for a period of at least one year, or (b) a detailed and verifiable business plan to begin a new medical practice in the St. Cloud area.

There is a limit to the number of Adult Primary Care Physicians, OB/GYNs, and Pediatricians who will be allowed to terminate under the FTC Orders (described below). The Monitor will keep track of the order in which doctors submit their Termination Notices. The Monitor will keep the names of the physicians who have submitted notices confidential from CentraCare Health until the notices forwarded to CentraCare Health as physicians permitted to terminate their employment with CentraCare Health pursuant to the FTC Orders.

**Termination Conditions – First Release Period**

The second order, the D&O, if made final by the Commission after a period allowing for public comment (usually around 30 days), will allow you to terminate your employment with CentraCare Health without penalty, subject to the conditions described in the D&O and the Order to Suspend Non-Competes and Maintain Assets. The Monitor will send you an email when the time starts allowing you to terminate your employment with CentraCare Health after an Acceptable Termination notice has been received. This time period is called the "First Release Period" and runs for up to ninety (90) days.

- During this ninety (90) day period, you may begin or continue discussions and negotiations for new employment. If you decide to terminate your employment, you may notify the Monitor of your intention, by following the procedures listed above.

- You must be or have been among the first fourteen (14) physicians to submit your notice to terminate employment. To protect the confidentiality of the doctors who want to leave, the Monitor will submit to CentraCare Health no more than the first fourteen (14) notices he receives.

- CentraCare Health must allow the first fourteen (14) physicians who have given notice to the Monitor and satisfied all of the conditions described above to terminate their employment without any penalty.

- You must leave employment with CentraCare Health within 60 days of CentraCare Health receiving your notice from the Monitor, but you may not leave prior to the Monitor delivering your notice to CentraCare Health.

- If at least eight (8) physicians terminate their employment with CentraCare Health by the end of the ninety (90) days, the First Release Period ends and no more employment terminations will be permitted under the Orders beyond a total of fourteen (14). After that, CentraCare Health may pursue its legal remedies against any employee who *subsequently* terminates employment with CentraCare Health in a manner that may violate that employee's contract.

- The Order to Suspend Non-Competes and Maintain Assets will continue in effect even after the Commission votes to accept (or reject) the D&O, the conclusion of this time period cannot be determined at this time. It will, however, not end until the requisite number of doctors leave CentraCare Health or ten years lapse from the date the D&O becomes final.

- If you are *not* among the first fourteen (14) physicians who submit Acceptable Termination notices, the Monitor will inform you of that fact

**Termination Conditions – Second Release Period**

If at the end of the First Release Period fewer than eight (8) doctors have notified the Monitor of their intent to terminate employment in accordance with the FTC Orders, the period in which physicians may continue to explore other employment opportunities and leave CentraCare Health's employment without penalty will remain open through a "Second Release Period." In the Second Release Period, physicians from CentraCare Health practicing in the three designated practice areas also will have the option to leave. This Second Release Period will remain open until eight (8) (rather than fourteen (14)) Adult Primary Care Physicians, OB/GYNs, or Pediatricians in total have terminated their employment with CentraCare Health in accordance with the FTC Orders, or ten years lapse from the date the D&O becomes final. *If you are not among the eight (8) physicians who submit Acceptable Termination notices during this period, the Monitor will inform you of that fact.*

**Termination Conditions – Departure Bonuses**

The D&O requires CentraCare Health to pay departure bonuses to physicians who terminate their employment with CentraCare Health pursuant to the FTC Orders and who meet certain additional conditions. A $100,000 departure bonus is available to the first five (5) St. Cloud and/or CentraCare Physicians who choose to leave CentraCare and:

- Start his or her (or their) own medical practice in the St. Cloud area, **OR**
- Choose to be a part of a St. Cloud area medical practice consisting of fewer than five (5) Adult Primary Care Physicians, OB/GYNs, and Pediatricians at the time of the Orders.

Physicians receiving a departure bonus count towards the fourteen (14) or eight (8), depending on the Release Period, total physicians that CentraCare must allow to terminate their employment pursuant to the FTC Orders.

**Asset Maintenance**

The Order to Suspend Non-Competes and Maintain Assets also contains provisions requiring CentraCare Health to limit changes to the facilities you use and your medical practice, in general, to facilitate your decision to stay or leave CentraCare Health. The goal is to keep your medical practice as similar as possible to avoid disruptions while you make your decision. If you decide to leave CentraCare Health, the FTC Orders have provisions that will facilitate the transfer of patients with you to your new practice and the ability of those patients to have their medical information transferred as well. If you find that there are changes happening that are contrary to this goal, please notify the Monitor.

**Important Reminders**

- The Orders do not *require* any doctor to terminate employment with CentraCare Health or to work for any other entity.
- The Orders do not *require* CentraCare Health to fire any doctors.
- The Orders *only apply to* Adult Primary Care Physicians, OB/GYNs, and Pediatricians.
- The Orders prohibit CentraCare Health from enforcing any non-compete or non-solicitation provisions in any contract, pursuing any breach of contract action, or taking any retaliatory action against any physician who either left under the terms of the Orders or who sought other employment as allowed by the Orders but decided not to leave.
- If you terminate your employment at times or under terms not described in the

D&O, the D&O does not prohibit CentraCare Health from pursuing its contract rights.

- CentraCare Health will send an email to all CentraCare physicians (including the former St. Cloud physicians) when the time has closed for any more physicians to leave under the FTC Orders.

***APPENDIX B - Letter to CentraCare Health Physicians***

Dear Physician:

**Suspension of Enforcement of CentraCare Health Non-Competes**

The first order establishes a period of time during which the St. Cloud Physicians and now CentraCare Physicians (defined as an Adult Primary Care Physician, OB/GYN, or Pediatrician) currently employed by CentraCare Health are allowed to explore all employment and professional opportunities in the St. Cloud area, whether as an employee, a member of a medical group, or in private practice without CentraCare Health enforcing the non-compete provisions of your employment contracts. During this period called the "Suspension Period," CentraCare Health cannot enforce any non-compete or non-solicitation provisions in your employment contract to interfere with your discussions with potential St. Cloud partners or employers during this time period.

**The Suspension Period does not apply to any physician practicing in areas other than the three practice areas of Adult Primary Care, OB/GYN, or Pediatrics.**

**Termination Conditions**

The second order, the D&O, was made final on _____. Under the D&O, the former St. Cloud Physicians were allowed to terminate their employment with CentraCare Health without penalty subject to the conditions described in the D&O and the Order to Suspend Non-Competes and Maintain Assets. The St. Cloud Physicians had ninety (90) days during the "First Release Period" to terminate their employment. During the First Release Period, a

Decision and Order

maximum of fourteen (14) or a minimum of eight (8) St. Cloud Physicians practicing in the three practice areas could have terminated their employment and worked in the St. Cloud area without CentraCare Health enforcing its non-compete provisions.

CentraCare Health did not receive eight (8) Acceptable Terminations from the St. Cloud Physicians during the First Release Period. Consequently, the Second Release Period under the D&O begins [_____]. Under the Second Release Period, up to ____ (X) CentraCare Physicians practicing in the three practice areas have the opportunity to give a notice of termination, terminate their employment at CentraCare Health, and continue practicing in the St. Cloud area without violating their employment contract.

In order to take advantage of this opportunity, you *must* follow certain procedures and the Termination Notice *must* contain certain critical information in order to become an Acceptable Termination:

- You must submit your Termination Notice to the Monitor.
- Your Termination Notice must contain a statement that you intend to practice in the St. Cloud area for at least two years after you leave CentraCare Health. The St. Cloud area includes the zip codes 56303, 56304, 56387, 56377, 56301, 56379, 55320, 56320, and 56329, including and surrounding St. Cloud, Minnesota.
- Your Termination Notice must contain either (a) a valid offer of employment or other affiliation with another medical practice that accepts commercial payers, *i.e.*, not a Veterans Affairs hospital, in the St. Cloud area for a period of at least one year, or (b) a detailed and verifiable business plan to begin a new medical practice in the St. Cloud area.

As noted above, there is only a limited number of Adult Primary Care Physicians, OB/GYNs, and Pediatricians who will be allowed to terminate under the FTC Orders. The Monitor will keep track of the order in which doctors submit their Termination Notices. The Monitor will keep the names of the physicians who have submitted notices confidential from CentraCare Health until the notices are forwarded to CentraCare Health as physicians permitted to terminate their employment with CentraCare Health pursuant to the FTC Orders.

- CentraCare Health must allow the first __ (X) physicians who give notice to the Monitor and satisfy all of the conditions described above to terminate their employment without any penalty.
- You must leave employment with CentraCare Health within 60 days of CentraCare Health receiving your notice from the Monitor, but you may not leave prior to the Monitor delivering your notice to CentraCare Health.
- Once ___ (X) physicians terminate their employment with CentraCare Health, no more employment terminations will be permitted under the Orders. After that,

CentraCare Health may pursue its legal remedies against any employee who *subsequently* terminates employment with CentraCare Health in a manner that may violate that employee's contract.

- The Order to Suspend Non-Competes and Maintain Assets will continue in effect until the requisite number of doctors leave CentraCare Health or ten years lapse from the date the D&O becomes final.

**[MODIFY or DELETE AS NECESSARY]**
**Termination Conditions – Departure Bonuses**

The D&O requires CentraCare Health to pay departure bonuses to physicians who terminate their employment with CentraCare Health pursuant to the FTC Orders and who meet certain additional conditions. A $100,000 departure bonus is available to the first ____ (X) St. Cloud and/or CentraCare Physicians who choose to leave CentraCare and:

- Start his or her (or their) own medical practice in the St. Cloud area, **OR**
- Choose to be a part of a St. Cloud area medical practice consisting of fewer than five (5) Adult Primary Care Physicians, OB/GYNs, and Pediatricians at the time of the Orders.

Physicians receiving a departure bonus count towards the remaining ____ physicians who CentraCare must allow to terminate their employment pursuant to the FTC Orders.

**Important Reminders**

- The Orders do not *require* any doctor to terminate employment with CentraCare Health or to work for any other entity.
- The Orders do not *require* CentraCare Health to fire any doctors.
- The Orders *only apply to* Adult Primary Care Physicians, OB/GYNs, and Pediatricians.
- The Orders prohibit CentraCare Health from enforcing any non-compete or non-solicitation provisions in any contract, pursuing any breach of contract action, or taking any retaliatory action against any physician who either left under the terms of the Orders or who sought other employment as allowed by the Orders but decided not to leave.
- If you terminate your employment at times or under terms not described in the D&O, the D&O does not prohibit CentraCare Health from pursuing its contract rights.

- CentraCare Health will send an email to all CentraCare Physicians (including the former St. Cloud Physicians) when the time has closed for any more physicians to leave under the FTC Orders.

## Concurring Statement of Maureen K. Ohlhausen

I have reason to believe that CentraCare Health System's (CentraCare) acquisition of St. Cloud Medical Group, P.A. (SCMG), if consummated, would violate Section 7 of the Clayton Act, as amended, 15 U.S.C. § 18, by substantially lessening competition for the provision of adult primary care, pediatric, and OB/GYN services in St. Cloud, Minnesota. I also believe the Consent Agreement, subject to final approval, represents the outcome most likely to minimize competitive harm and care disruption to the residents of the St. Cloud area. I write separately because, although it is a close determination, I do not believe SCMG meets the stringent failing firm criteria set forth in the Horizontal Merger Guidelines and case law.[1]

Because of SCMG's financial challenges and facts unique to the SCMG practice structure and management, physicians are leaving the group, and compelling evidence indicates that, absent the acquisition, additional physicians plan to leave the group and possibly the area. This would diminish the competitive significance of SCMG and create potential disruptions to care and possible physician shortages in the St. Cloud area. These circumstances raise serious concerns about the likelihood that the Commission will be able to preserve competition and access to care for patients if it were to prevail in its challenge.

---

1 *See, e.g.,* U.S. DEP'T OF JUSTICE & FED. TRADE COMM'N, HORIZONTAL MERGER GUIDELINES § 11 (2010); *Citizen Publishing v. United States*, 394 U.S. 131 (1969) (establishing a three-prong test for satisfying the failing firm defense); *Fed. Trade Comm'n v. Arch Coal, Inc.,* 329 F. Supp. 2d 109, 154 (D.D.C. 2004).

Given this difficult scenario, I agree with my colleagues that the Consent Agreement presents the best opportunity to keep the SCMG physicians in the market, ensure ongoing access to care and minimal disruption for area patients, and permit the expansion of local competitive alternatives to CentraCare for the relevant physician services. Accordingly, I support the Consent Agreement on the basis that it is in the public interest.

## ANALYSIS OF CONSENT ORDER TO AID PUBLIC COMMENT

### I. Overview

The Federal Trade Commission has accepted, subject to final approval, an Agreement Containing Consent Orders ("Consent Agreement") from CentraCare Health that is designed to mitigate the anticompetitive effects that would result from CentraCare's acquisition of St. Cloud Medical Group, P.A. ("SCMG"), the two largest providers of adult primary care, pediatric, and obstetric/gynecological ("OB/GYN") services in the St. Cloud, Minnesota area. The Commission's willingness to accept this Consent Agreement is premised on the fact that SCMG is a financially failing physician practice group that has been unable to find an alternative purchaser for the entire practice as well as concerns regarding disruptions to patient care and possible physician shortages.

On February 29, 2016, CentraCare entered a definitive agreement to acquire all outstanding shares of stock in SCMG ("the Acquisition"). Under the terms of the Acquisition, CentraCare is to directly employ all of SCMG's physicians and advanced practice providers ("APPs"). The Commission's Complaint alleges that the Acquisition, if consummated, would violate Section 7 of the Clayton Act, as amended, 15 U.S.C. § 18, by substantially lessening competition for the provision of adult

primary care, pediatric, and OB/GYN services in St. Cloud, Minnesota.

As the Complaint alleges, however, SCMG has recently lost its sole remaining line of credit and appears unlikely to be able to improve its financial condition. Physicians are leaving the group, and there is compelling evidence that others will depart the practice (and potentially the St. Cloud area) if the Acquisition is not consummated. Such physician departures would cause an immediate decline in revenues that could further destabilize the group. Although SCMG made a good-faith, but ultimately unsuccessful, multi-year effort to find an alternative buyer for the entire medical group, one local provider has recently expressed interest in employing a subset of the group, and other smaller, independent practices in the St. Cloud area have indicated that they also would consider hiring some SCMG physicians.

In light of this interest, the proposed Consent Agreement is designed to facilitate former SCMG physicians finding alternate local employment by suspending enforcement of any non-compete provisions against any adult primary care, pediatric, or OB/GYN physician from SCMG to allow up to 14 such physicians to depart for another St. Cloud area practice. It also encourages the creation of new competitors and the strengthening of smaller competitors by requiring CentraCare to provide sizeable departure payments to the first five physicians who leave CentraCare either to create a new medical practice or to join a small third-party medical practice in the St. Cloud area.

The Consent Agreement includes an Order to Suspend Enforcement of CentraCare Non-Competes and Maintain Assets, which is final immediately, and a Decision and Order, which is subject to the Commission's final approval. The Consent Agreement has been placed on the public record for 30 days to receive comments from interested persons. Comments received during this period will become part of the public record. After 30 days, the Commission will again review the Consent Agreement and the comments received and then decide whether it should withdraw from, modify, or make final the proposed Decision and Order.

The purpose of this analysis is to facilitate public comment on the Consent Agreement. The analysis is not intended to constitute an official interpretation of the Consent Agreement or to modify its terms in any way. Further, the Consent Agreement has been entered into for settlement purposes only and does not constitute an admission by Respondent that it violated the law or that the facts alleged in the Complaint (other than jurisdictional facts) are true.

## II. The Parties

CentraCare is a non-profit organization providing healthcare services through its owned hospitals, medical clinics, pharmacies, nursing homes, and home health operations throughout central Minnesota. CentraCare is the parent entity to CentraCare Clinic, a multi-specialty physician practice employing family medicine, internal medicine, pediatric, and OB/GYN physicians, among other specialists. CentraCare Clinic has 16 locations across central Minnesota, with five of those offices located within 20 miles of St. Cloud. CentraCare Clinic is the largest provider of adult primary care, pediatric, and OB/GYN services in the St. Cloud area, with approximately 102 adult primary care physicians, 28 pediatricians, and 25 OB/GYNs.

SCMG is a physician-owned multi-specialty medical clinic that operates four clinics in and around St. Cloud. SCMG's 40 physicians mainly provide family medicine, pediatrics, and OB/GYN services, but SCMG also offers surgical, occupational medicine, and rehabilitation services. SCMG also employs approximately 20 APPs.

## III. The Complaint

The Complaint alleges that the proposed Acquisition will substantially increase CentraCare's market share in the St. Cloud area for the provision of adult primary care, pediatric, and OB/GYN services to commercially insured patients. According to the Complaint, by eliminating SCMG as a potential alternative in the St. Cloud area, the Acquisition likely will increase CentraCare's bargaining power vis-à-vis commercial health plans, allowing CentraCare to increase reimbursement rates and to secure more favorable terms. In addition, the Complaint alleges

that the Acquisition likely will result in the loss of non-price competition between CentraCare and SCMG that currently results in quality and service benefits to patients. The Complaint further alleges that competition eliminated by the Acquisition is unlikely to be sufficiently replaced in a timely manner by other providers entering the market. The Complaint recognizes, however, that SCMG is unlikely to survive on its own, and that, despite a good-faith search, it has not identified an alternative buyer for the entire group.

## IV. The Consent Agreement

The goal of the Consent Agreement is to mitigate the competitive effects of the Acquisition by preserving, to the extent possible, competition for adult primary care, pediatric, and OB/GYN services in the St. Cloud area. At least one local provider may be a viable alternative purchaser to CentraCare for a portion of the practice in that they have the capacity and the desire to employ some SCMG physicians. Likewise, some SCMG physicians appear interested in these opportunities. Those parties need additional time to pursue such an arrangement, and other interested local providers looking to add physicians may be identified during this time as well.

The Commission believes that the Consent Agreement presents the best opportunity to keep the SCMG physicians in the St. Cloud market, ensuring ongoing access to care and minimal disruption for St. Cloud area patients, while allowing local competitive alternatives to CentraCare for the relevant physician services to expand. The Consent Agreement will allow current SCMG physicians to accept alternative local employment opportunities post-acquisition without the risk of violating non-compete provisions in their employment contracts.

Specifically, the Consent Agreement provides that following the issuance of a final Decision and Order and during the 90-day First Release Period, former SCMG physicians can terminate their employment with CentraCare without penalty if the physician:

(1) Submits notice of an intention to terminate employment with CentraCare to a monitor who has been appointed by the Commission to assist in implementing the Consent

Agreement in a manner that assures each physician's confidentiality;

(2) States the intention to continue to practice in the St. Cloud area for at least two years;

(3) Is among the first 14 physicians to submit a notice to terminate employment; and

(4) Leaves employment with CentraCare within 60 days of CentraCare receiving notice from the monitor.

CentraCare may request that the First Release Period be terminated as soon as the monitor has determined that 14 physicians have met the requirements to terminate.

If, at the end of the First Release Period, fewer than eight physicians have notified the monitor of their intent to terminate employment, a Second Release Period will commence. During the Second Release Period, CentraCare must also suspend the non-compete agreements of legacy CentraCare adult primary care, pediatric, and OB/GYN physicians (that is, those who did not come from SCMG) so that these physicians may explore and accept alternate employment opportunities in the St. Cloud area. The Second Release Period will end as soon as the monitor has informed CentraCare that eight physicians have met the requirements to terminate without penalty.

To encourage the creation of new competitors and strengthening of smaller competitors, CentraCare also will deposit $500,000 into an escrow account to be awarded as $100,000 departure payments to the first five physicians who leave CentraCare either to create a new medical practice or to join a third-party medical practice that has five or fewer physicians in the St. Cloud area.

Paragraphs II and III describe the basic terms under which physicians may terminate their employment with CentraCare. They prohibit CentraCare from: (1) enforcing any non-compete, non-solicitation, or non-interference provisions in their employment agreements; (2) pursuing any breach of contract action for violation of any of these provisions; or (3) taking any

retaliatory action against any physician who either leaves under the terms of the Decision and Order or who decides not to leave after exploring other employment as allowed by the Decision and Order. The Decision and Order does not, however, require CentraCare to allow physicians to terminate their employment agreements in a manner other than that specified in the Decision and Order.

Paragraph IV includes a number of provisions to ensure that CentraCare will not take any actions to discourage physicians from exploring opportunities to leave or from leaving CentraCare's employment pursuant to the Decision and Order. In addition, Paragraph IV.A.1.f prohibits CentraCare from soliciting the employment of any physician that has departed CentraCare pursuant to the Consent Orders for a period of two years.

Paragraph V requires CentraCare to give advanced notification for future acquisitions or employment contracts involving certain adult primary care, pediatrics, and OB/GYN services in the St. Cloud area for a period of three years.

Paragraph VI requires CentraCare during the First Release Period to facilitate and not interfere with the search for alternate St. Cloud area employment by former SCMG employees, such as APPs and nurses. Paragraph VI also prohibits CentraCare from attempting to re-hire those employees for a period of two years.

Paragraph VII specifies the rules governing the work of the monitor.

The remaining order provisions are standard reporting requirements to allow the Commission to monitor on-going compliance with the provisions of the Decision and Order.

In addition to the Decision and Order, the Consent Agreement includes an Order to Suspend Enforcement of CentraCare's Non-Competes and Maintain Assets that goes into effect immediately. The purposes of this Order are (1) to permit former SCMG physicians to explore alternative employment opportunities in the St. Cloud area; and (2) to maintain those assets and personnel from the SMCG to make the transition to a different practice as easy as possible.

*Complaint, January 25, 2017 – Decision, January 25, 2017*

This consent order addresses the $69.1 million acquisition by Valeant Pharmaceuticals International, Inc. of certain assets of Paragon Holdings I, Inc. The complaint alleges that the acquisition violated Section 7 of the Clayton Act and Section 5 of the Federal Trade Commission Act by lessening competition in the markets for polymer discs, or "buttons," used to make three different types of rigid gas permeable contact lenses: orthokeratology contact lenses, large-diameter scleral contact lenses, and general vision correction contact lenses. The consent order requires Valeant to divest Paragon in its entirety, including the assets of Pelican Products LLC, a manufacturer of contact lens packaging.

## COMPLAINT

Pursuant to the provisions of the Federal Trade Commission Act and the Clayton Act, and its authority thereunder, the Federal Trade Commission ("Commission"), having reason to believe that the above-named respondent Valeant Pharmaceuticals International, Inc. ("Valeant") acquired Paragon Holdings I, Inc. ("Paragon"), and that acquisition violated Section 5 of the Federal Trade Commission Act as amended, 15 U.S.C. § 45, and Section 7 of the Clayton Act, as amended, 15 U.S.C. § 18, and it appearing to the Commission that a proceeding by it in respect thereof would be in the public interest, hereby issues this Complaint, stating its charges as follows:

## I. RESPONDENT VALEANT

1. Respondent Valeant is a for-profit corporation, existing and doing business under and by virtue of the laws of Canada, with its executive offices located at 2150 St. Elzéar Blvd. West, Laval, Quebec, H7L 4A8, Canada. Respondent has offices in the United States, including at 400 Somerset Corporate Blvd., Bridgewater, New Jersey 08807 and 50 Technology Drive, Irvine, California 92618.

2. Respondent engages in, among other things, developing, manufacturing, and selling plastic discs, commonly referred to as "GP buttons," used to make rigid gas permeable ("GP") contact lenses.

3. Respondent is, and at all times relevant herein has been, engaged in commerce in the United States, as "commerce" is defined in Section 1 of the Clayton Act, as amended, 15 U.S.C. § 12, and is a company whose business is in or affects commerce, as "commerce" is defined in Section 4 of the FTC Act, as amended, 15 U.S.C. § 44.

## II. PARAGON

4. Paragon was a for-profit corporation organized, existing, and doing business under and by virtue of the laws of the State of Arizona, with its executive offices and principal place of business located at 947 East Impala Avenue, Mesa, Arizona 85204-6619.

5. Prior to the Acquisition, Paragon, and the corporate entities under its control, engaged in, among other things, developing, manufacturing, and selling GP buttons in the United States.

6. Paragon was, at times relevant herein, engaged in commerce in the United States, as "commerce" is defined in Section 1 of the Clayton Act, as amended, 15 U.S.C. § 12, and its business was in or affecting commerce, as "commerce" is defined in Section 4 of the FTC Act, as amended, 15 U.S.C. § 44.

## III. THE ACQUISITION

7. Respondent Valeant acquired Paragon in May 2015 for $69.1 million. The Acquisition is subject to Section 7 of the Clayton Act, as amended, 15 U.S.C. § 18.

## IV. THE RELEVANT MARKETS

8. The relevant product markets in which to analyze the effects of the Acquisition are the manufacture and sale of FDA-approved GP buttons for:

a. Orthokeratology GP lenses, which are worn to reshape the cornea;

b. Large-diameter scleral GP lenses, which cover the white of the eye and are used post-surgery, for transplants, and to treat eye disease; and

c. General vision correction GP lenses.

9. The FDA requires that GP lenses must be made from FDA-approved GP buttons. Thus, there are no alternatives to FDA-approved GP buttons for making each of the types of GP lenses above. Further, each type of GP lens above requires a button with different parameters from buttons used for other types of GP lenses. Therefore, each type of button constitutes a distinct relevant market.

10. Because FDA approval is required for GP buttons, the United States is the relevant geographic area in which to analyze the effects of the Acquisition.

## V. MARKET STRUCTURE

11. Prior to the Acquisition, Valeant and Paragon independently produced buttons for all three types of GP lenses.

12. Prior to the Acquisition, Paragon and Valeant were the only approved producers of GP buttons for orthokeratology. As a result of the Acquisition, Valeant acquired a monopoly in GP buttons for orthokeratology.

13. Prior to the Acquisition, Paragon and Valeant were two of four producers of GP scleral buttons. As a result of the Acquisition, Valeant produced approximately 80% of GP buttons for scleral lenses.

14. Prior to the Acquisition, Valeant and Paragon were the largest manufacturers of GP buttons for general vision correction. As a result of the Acquisition, Valeant produced approximately 70% of GP buttons for general vision correction.

## VI. EFFECTS OF THE ACQUISITION

15. The Acquisition lessened competition and tended to create a monopoly in each of the relevant markets in violation of Section 7 of the Clayton Act, as amended, 15 U.S.C. § 18, and Section 5 of the FTC Act, as amended, 15 U.S.C. § 45.

16. Specifically, the Acquisition of Paragon has:

a. Eliminated actual, direct, and substantial competition between Valeant and Paragon in the relevant markets for GP buttons used to produce lenses for orthokeratology, scleral, and general vision correction;

b. Allowed Valeant to exercise market power unilaterally in the relevant markets for GP buttons, including by increasing prices, reducing volume discounts, decreasing innovation, and reducing product distribution options;

c. Eliminated competition to develop new GP lens buttons and improved button materials; and

d. Eliminated competition to become the button manufacturers for new lens products by offering to fund some of the developing lab's marketing budget.

## VII. BARRIERS TO ENTRY

17. For GP orthokeratology buttons, entry into the relevant market has not been, and would not be, timely, likely, or sufficient to deter or counteract the anticompetitive effects of the

Acquisition. The FDA premarket approval process required for buttons used to produce extended-wear orthokeratology lenses takes several years.

18. For GP scleral and general vision buttons, entry into the relevant markets has not been, and would not be, timely, likely, or sufficient to deter or counteract the anticompetitive effects of the Acquisition. Scleral and general vision correction GP buttons require significant FDA premarket notification likely requiring more than one year.

## VIII. VIOLATION CHARGED

19. The Acquisition constitutes a violation of Section 7 of the Clayton Act, as amended, 15 U.S.C. § 18, and Section 5 of the Federal Trade Commission Act, as amended, 15 U.S.C. § 45.

**THEREFORE**, the Federal Trade Commission this twenty-fifth day of January, 2017, has issued this Complaint against Respondent.

By the Commission.

The Commission having thereafter considered the matter and having determined that it had reason to believe that Respondent has violated the said Acts, and that a complaint should issue stating its charges in that respect, and having thereupon accepted the executed Consent Agreement and placed such Consent Agreement on the public record for a period of thirty (30) days for the receipt and consideration of public comments, now in further conformity with the procedure described in Commission Rule § 2.34, 16 C.F.R. § 2.34, the Commission hereby issues its complaint, makes the following jurisdictional findings, and issues the following Decision and Order ("Order"):

Secure, at its sole expense, all consents and waivers from all Persons that are necessary to divest the Paragon Divestiture Assets to the Acquirer, and for the Acquirer to operate such assets in a manner that will achieve the purposes of this Order (including consents for the assignment or transfer of any Contracts); *provided, however*, that the Respondent may satisfy this requirement by certifying that the Acquirer has executed agreements directly with the relevant Person(s); and

2. Take all actions necessary to ensure, or to assist in, the transfer from the Respondent to the Acquirer of any licenses, approvals, permits, registrations, certificates, or other authorizations from any

Persons that are necessary for divestiture of the Paragon Divestiture Assets to the Acquirer, and for the operation of such assets by the Acquirer.

C. Respondent shall comply with all terms of the Divestiture Agreement, and any breach by the Respondent of any term of the Divestiture Agreement shall constitute a failure to comply with this Order. If any term of the Divestiture Agreement varies from the terms of this Order ("Order Term"), then to the extent that Respondent cannot fully comply with both terms, the Order Term shall determine Respondent's obligations under this Order. Any modification of the Divestiture Agreement between the date the Commission approves the Divestiture Agreement and the Divestiture Date, without the prior approval of the Commission, or any failure by Respondent to meet any condition precedent to closing (whether waived or not), shall constitute a failure to comply with this Order.

D. Respondent shall not modify or amend any of the terms of the Divestiture Agreement without the prior approval of the Commission, except as otherwise provided in Rule 2.41(f)(5) of the Commission's Rules of Practice and Procedure, 16 C.F.R. § 2.41(f)(5). Notwithstanding any paragraph, section, or other provision of the Divestiture Agreement, any modification or amendment of the Divestiture Agreement made without the prior approval of the Commission, or as otherwise provided in Rule 2.41(f)(5), shall constitute a failure to comply with this Order.

E. The purpose of the divestiture of the Paragon Divestiture Assets to an Acquirer is to restore an independent, viable, and effective competitor in the relevant Ortho-K, Scleral, and General Vision Correction GP Button Product markets, and to remedy the lessening of competition resulting from the Paragon Acquisition as alleged in the Commission's Complaint.

## III.

**IT IS FURTHER ORDERED** that**:**

A. Respondent shall cooperate with and assist the Acquirer of the Paragon Divestiture Assets to evaluate independently and retain any or all of the Paragon Employees, including the following:

1. Not later than ten (10) days (i) after a request from a proposed Acquirer, or (ii) after signing a proposed Divestiture Agreement with a proposed Acquirer, whichever is earlier, Respondent shall, to the extent permitted by applicable law, provide the proposed Acquirer with a list of all Paragon Employees and the Employee Information for each Person on the list; *provided, however,* that if New Paragon is the Acquirer, Respondent shall be required to provide the list of Paragon Employees and the Employee Information for each Person on the list only if requested to do so by New Paragon;

2. Not later than ten (10) days after a request from a proposed Acquirer, Respondent shall provide an opportunity for the proposed Acquirer: (i) to meet personally, and outside the presence or hearing of any employee or agent of Respondent, with any of the Paragon Employees; and (ii) to make offers of employment to any of the Paragon Employees;

3. Respondent shall:

   a. Not, directly or indirectly, interfere with the Acquirer's offer of employment to any Paragon Employee(s), offer any incentive to any Paragon Employee(s) to decline employment with the Acquirer, make a counteroffer to a Paragon Employee who receives a written offer of employment from the Acquirer, or otherwise interfere with the recruitment by the Acquirer of any Paragon Employee(s); *provided, however,* that nothing in this Order shall be

construed to require the Respondent to terminate the employment of any employee or prevent the Respondent from continuing the employment of any employee;

b. Remove and/or terminate any impediments within the control of Respondent that may deter any Paragon Employee(s) from accepting employment with the Acquirer, including, but not limited to, the removal and/or termination of any non-compete or other provisions of employment or other contracts with the Respondent that directly or indirectly relate to the Paragon Business and may affect the ability or incentive of those Persons to be employed by the Acquirer; *provided, however,* that any confidentiality agreements or provisions in contracts with the Respondent shall permit and not restrict (and shall be construed to permit and not restrict) the ability of any Paragon Employee(s) accepting employment with the Acquirer to use and to disclose confidential information to the Acquirer (but not to third parties) to the same extent such Persons were permitted to use and to disclose confidential information to or within Paragon (but not to third parties) prior to the Divestiture Date; and

c. Provide all Paragon Employees with reasonable financial incentives to continue in their positions until the Divestiture Date, including, but not limited to, a continuation of all employee benefits, including regularly scheduled or merit raises and bonuses, and the regularly scheduled vesting of all pension benefits (as permitted by law and for those Paragon Employees covered by a pension plan).

B. For a period of two (2) years following the Divestiture Date, Respondent shall not, directly or indirectly, solicit, hire, or enter into any arrangement for the

services of any Paragon Employee who has accepted an offer of employment with, or who is employed by, the Acquirer; *provided, however*, that a violation of this provision will not occur if:

1. The Paragon Employee's employment has been terminated by the Acquirer;

2. Respondent advertises for employees in newspapers, trade publications, or other media, or engages recruiters to conduct general employee search activities, in either case not targeted specifically at any one or more of the employees of the Acquirer; or

3. Respondent hires a Paragon Employee who has applied for employment with Respondent, provided that such application was not solicited or induced in violation of this Order.

**IV.**

**IT IS FURTHER ORDERED** that:

A. After the Divestiture Date, Respondent shall not use, solicit, or access, directly or indirectly, any Confidential Business Information, and shall not disclose, provide, discuss, exchange, circulate, convey, or otherwise furnish such Confidential Business Information, directly or indirectly, to any Person except:

1. As required or permitted by this Order;

2. For the purpose of performing its obligations under the Divestiture Agreement;

3. To prosecute or defend against any dispute or in a legal proceeding; or

4. To comply with applicable law, regulations, and other legal or governmental requirements

(including in connection with tax returns, reports required by securities laws, payroll, benefits, personnel reports, ongoing legal proceedings, litigation, disputes, investigations, inquiries, subpoenas, reviews, audits, or regulatory proceedings).

B. No later than five (5) days after the Divestiture Date, Respondent shall provide written notification of the restrictions, prohibitions, and requirements of this Paragraph IV. to all of its employees, agents, and representatives with responsibilities relating to the Paragon Business, or who had or have access to or possession, custody, or control of any Confidential Business Information, where:

1. Such notification shall include a plain language explanation of the requirements of this Order and a description of the consequences of failing to comply with the requirements;

2. Such notification shall be provided by U.S. mail or by e-mail, with return receipt requested acknowledging receipt of the notification or similar transmission;

3. Respondent shall maintain complete records of all such notifications at Respondent's corporate headquarters and keep a file of all receipts and acknowledgments for one (1) year after the Divestiture Date; and

4. Respondent shall provide the Acquirer with a copy of such notification and with copies of all other certifications, notifications, and reminders sent to Respondent's personnel.

C. Not later than thirty (30) days after the Divestiture Date, Respondent shall:

1. Obtain, as a condition of continued employment post-divestiture, from each of Respondent's

employees, agents, and representatives with responsibilities directly relating to the Paragon Business, or who had or have access to or possession, custody, or control of any Confidential Business Information, an executed confidentiality agreement that complies with the restrictions, prohibitions, and requirements of this Order, including the nondisclosure of such information to all other employees, executives, or other personnel of Respondent (except as necessary to comply with the requirements of this Order);

2. Institute procedures and requirements and take such actions as are necessary to ensure that Respondent's personnel comply with the restrictions, prohibitions, and requirements of this Paragraph IV., including all actions that Respondent would take to protect its own trade secrets and confidential information. These measures shall include, but not be limited to:

   a. Restrictions placed on access by Persons to any Confidential Business Information that may be available or stored on any of Respondent's computers or computer networks; and

   b. Redaction of all Confidential Business Information from copies of Respondent's Business Records that are not divested to the Acquirer; *provided, however,* that Respondent may retain one original, unredacted version of such Business Records for the purposes specified in Paragraph IV.A.

## V.

**IT IS FURTHER ORDERED** that:

A. At any time after the Respondent signs the Consent Agreement in this matter, the Commission may appoint a Monitor to assure that the Respondent expeditiously complies with all of its obligations and

performs all of its responsibilities as required by this Order and the Divestiture Agreement.

B. The Commission shall select the Monitor, subject to the consent of Respondent, which consent shall not be unreasonably withheld. If Respondent has not opposed, in writing, including the reasons for opposing, the selection of a proposed Monitor within ten (10) days after notice by the staff of the Commission to Respondent of the identity of any proposed Monitor, Respondent shall be deemed to have consented to the selection of the proposed Monitor.

C. Not later than ten (10) days after the appointment of the Monitor, Respondent shall execute an agreement that, subject to the prior approval of the Commission, confers on the Monitor all the rights and powers necessary to permit the Monitor to monitor Respondent's compliance with the relevant requirements of the Order in a manner consistent with the purposes of the Order.

D. If a Monitor is appointed, Respondent shall consent to the terms and conditions herein, and shall grant and transfer to the Monitor, and such Monitor shall have, all rights, powers, and authority necessary to carry out the Monitor's duties and responsibilities, including, but not limited to, the following:

1. The Monitor shall have the power and authority to monitor Respondent's compliance with the divestiture obligations and related requirements of the Order, and shall exercise such power and authority and carry out the duties and responsibilities of the Monitor in a manner consistent with the purposes of the Order and in consultation with the Commission.

2. The Monitor shall act in a fiduciary capacity for the benefit of the Commission.

3. The Monitor shall serve for such period of time as the Commission determines may be necessary or appropriate to accomplish the purposes of the Order.

E. Subject to any demonstrated legally recognized privilege, the Respondent shall provide the Monitor with full and complete access to Respondent's personnel, books, documents, records kept in the ordinary course of business, facilities, technical information, and such other relevant information as the Monitor may reasonably request, related to Respondent's compliance with its obligations under the Order and with the Divestiture Agreement. Respondent shall cooperate with any reasonable request of the Monitor and shall take no action to interfere with or impede the Monitor's ability to monitor Respondent's compliance with the Order.

F. The Monitor shall serve, without bond or other security, at the expense of Respondent, on such reasonable and customary terms and conditions as the Commission may set or approve. The Monitor shall have authority to employ, at the expense of Respondent, such consultants, accountants, attorneys, and other representatives and assistants as are reasonably necessary to carry out the Monitor's duties and responsibilities.

G. Respondent shall indemnify the Monitor and hold the Monitor harmless against any losses, claims, damages, liabilities, or expenses arising out of, or in connection with, the performance of the Monitor's duties, including all reasonable fees of counsel and other reasonable expenses incurred in connection with the preparations for, or defense of, any claim, whether or not resulting in any liability, except to the extent that such losses, claims, damages, liabilities, or expenses result from gross negligence, willful or wanton acts, or bad faith by the Monitor.

H. If a Monitor is appointed, unless otherwise provided in any agreement approved by the Commission, the Respondent shall deliver a copy of any report required by this Order to the Monitor within five (5) calendar days of submitting such report to the Commission. The Monitor shall evaluate the reports submitted to the Monitor by Respondent, and any reports submitted by the Acquirer with respect to the performance of Respondent's obligations under the Order or the Divestiture Agreement. Within thirty (30) days after the date the Monitor receives these reports, the Monitor shall report in writing to the Commission concerning the performance by Respondent of its obligations under the Order and/or the Divestiture Agreement.

I. Respondent may require the Monitor and each of the Monitor's consultants, accountants, attorneys, and other representatives and assistants to sign a customary confidentiality agreement; *provided, however,* that such agreement shall not restrict the Monitor from providing any information to the Commission or its staff, or require the Monitor to report to Respondent the substance of communications to or from the Commission, its staff, or the Acquirer.

J. The Commission may, among other things, require the Monitor and each of the Monitor's consultants, accountants, attorneys, and other representatives and assistants to sign an appropriate confidentiality agreement related to Commission materials and information received in connection with the performance of the Monitor's duties.

K. If the Commission determines that the Monitor has ceased to act or failed to act diligently, the Commission may appoint a substitute Monitor in the same manner as provided in this Paragraph.

L. The Commission may on its own initiative, or at the request of the Monitor, issue such additional orders or

directions as may be necessary or appropriate to assure compliance with the requirements of the Order.

M. A Monitor appointed pursuant to this Order may be the same Person appointed as the Divestiture Trustee pursuant to Paragraph VI. of this Order.

**VI.**

**IT IS FURTHER ORDERED** that:

A. If the Respondent has not fully complied with the obligations of Paragraph II. and related requirements of this Order, the Commission may appoint a Divestiture Trustee to divest the Paragon Divestiture Assets and/or perform Respondent's other obligations in a manner that satisfies the requirements of this Order. The Divestiture Trustee shall divest the Paragon Divestiture Assets to an Acquirer that receives the prior approval of the Commission and in a manner that receives the prior approval of the Commission. In the event that the Commission or the Attorney General brings an action pursuant to Section 5(*l*) of the Federal Trade Commission Act, 15 U.S.C. § 45(*l*), or any other statute enforced by the Commission, Respondent shall consent to the appointment of a Divestiture Trustee in such action to divest the required assets. Neither the appointment of a Divestiture Trustee nor a decision not to appoint a Divestiture Trustee under this Paragraph VI.A. shall preclude the Commission or the Attorney General from seeking civil penalties or any other relief available to it, including one or more court-appointed Divestiture Trustees, pursuant to Section 5(*l*) of the Federal Trade Commission Act, or any other statute enforced by the Commission, for any failure by Respondent to comply with this Order.

B. The Commission may select a Divestiture Trustee, subject to the consent of Respondent, which consent shall not be unreasonably withheld. The Commission may appoint a Divestiture Trustee to divest the Paragon Divestiture Assets and/or perform the

Respondent's other obligations in a manner that satisfies the requirements of this Order. Any Divestiture Trustee shall be a person with experience and expertise in acquisitions and divestitures. If the Respondent has not opposed, in writing, and stated in writing its reasons for opposing, the selection of any proposed Divestiture Trustee within ten (10) days after notice by the staff of the Commission to the Respondent of the identity of any proposed Divestiture Trustee, Respondent shall be deemed to have consented to the selection of the proposed Divestiture Trustee.

C. Not later than ten (10) days after the appointment of a Divestiture Trustee, Respondent shall execute a trust agreement for the divestiture required by Paragraph II. of this Order that, subject to the prior approval of the Commission, transfers to the Divestiture Trustee all rights and powers necessary to permit the Divestiture Trustee to effectuate the divestitures required by, and satisfy the additional obligations imposed by, this Order. Any failure by the Respondent to comply with a trust agreement approved by the Commission shall be a violation of this Order.

D. If a Divestiture Trustee is appointed by the Commission or a court pursuant to this Paragraph, Respondent shall consent to the following terms and conditions regarding the Divestiture Trustee's powers, duties, authority, and responsibilities:

1. Subject to the prior approval of the Commission, the Divestiture Trustee shall have the exclusive power and authority to effectuate the divestiture required by, and satisfy the additional obligations imposed by, this Order.

2. The Divestiture Trustee shall have one (1) year after the date the Commission approves the trust agreement described herein to accomplish the divestiture required by Paragraph II. of this Order, which shall be subject to the prior approval of the

Commission. If, however, at the end of the one (1) year period, the Divestiture Trustee has submitted a plan to satisfy the obligations of Paragraph II. of this Order, or believes that such obligation can be achieved within a reasonable time, the period may be extended by the Commission, or, in the case of a court-appointed Divestiture Trustee, by the court; *provided, however,* that the Commission may extend the period only two (2) times.

3. Subject to any demonstrated legally recognized privilege, the Divestiture Trustee shall have full and complete access to the personnel, books, records, and facilities related to the relevant assets that are required to be divested by this Order and to any other relevant information, as the Divestiture Trustee may request. Respondent shall develop such financial or other information as the Divestiture Trustee may request and shall cooperate with the Divestiture Trustee. Respondent shall take no action to interfere with or impede the Divestiture Trustee's accomplishment of the divestiture. Any delays caused by Respondent shall extend the time under this Paragraph VI. for a time period equal to the delay, as determined by the Commission or, for a court-appointed Divestiture Trustee, by the court.

4. The Divestiture Trustee shall use commercially reasonable efforts to negotiate the most favorable price and terms available in each contract that is submitted to the Commission, subject to the Respondent's absolute and unconditional obligation to divest expeditiously and at no minimum price. The divestiture shall be made in the manner that receives the prior approval of the Commission and to an Acquirer that receives the prior approval of the Commission as required by this Order; *provided, however,* if the Divestiture Trustee receives bona fide offers for the asset to be divested from more than one acquiring entity, and if the Commission determines to approve more

than one such acquiring entity, the Divestiture Trustee shall divest to the acquiring entity selected by Respondent from among those approved by the Commission; *provided further, however,* that Respondent shall select such entity within five (5) days after receiving notification of the Commission's approval.

5. The Divestiture Trustee shall serve, without bond or other security, at the cost and expense of Respondent, on such reasonable and customary terms and conditions as the Commission or a court may set. The Divestiture Trustee shall have the authority to employ, at the cost and expense of Respondent, such consultants, accountants, attorneys, investment bankers, business brokers, appraisers, and other representatives and assistants as are necessary to carry out the Divestiture Trustee's duties and responsibilities. The Divestiture Trustee shall account for all monies derived from the divestitures and all expenses incurred. After approval by the Commission of the account of the Divestiture Trustee, including fees for the Divestiture Trustee's services, all remaining monies shall be paid at the direction of Respondent, and the Divestiture Trustee's power shall be terminated. The compensation of any Divestiture Trustee shall be based at least in significant part on a commission arrangement contingent on the divestiture of all of the relevant assets that are required to be divested by this Order.

6. Respondent shall indemnify the Divestiture Trustee and hold the Divestiture Trustee harmless against any losses, claims, damages, liabilities, or expenses arising out of, or in connection with, the performance of the Divestiture Trustee's duties, including all reasonable fees of counsel and other expenses incurred in connection with the preparation for, or defense of, any claim, whether or not resulting in any liability, except to the extent

that such losses, claims, damages, liabilities, or expenses result from gross negligence, malfeasance, willful or wanton acts, or bad faith by the Divestiture Trustee.

7. The Divestiture Trustee shall have no obligation or authority to operate or maintain the relevant assets required to be divested by this Order.

8. The Divestiture Trustee shall report in writing to Respondent and to the Commission every thirty (30) days concerning the Divestiture Trustee's efforts to accomplish the divestitures.

9. Respondent may require the Divestiture Trustee and each of the Divestiture Trustee's consultants, accountants, attorneys, and other representatives and assistants to sign a customary confidentiality agreement; *provided, however,* such agreement shall not restrict the Divestiture Trustee from providing any information to the Commission.

E. The Commission may, among other things, require the Divestiture Trustee and each of the Divestiture Trustee's consultants, accountants, attorneys, and other representatives and assistants to sign an appropriate confidentiality agreement related to Commission materials and information received in connection with the performance of the Divestiture Trustee's duties.

F. If the Commission determines that the Divestiture Trustee has ceased to act or failed to act diligently, the Commission may appoint a substitute Divestiture Trustee in the same manner as provided in this Paragraph VI.

G. The Commission or, in the case of a court-appointed Divestiture Trustee, the court, may on its own initiative or at the request of any Divestiture Trustee, issue such additional orders or directions as may be necessary or appropriate to accomplish the divestiture required by this Order.

H. The Divestiture Trustee appointed pursuant to this Paragraph VI. may be the same Person as the Monitor appointed under this Order.

## VII.

**IT IS FURTHER ORDERED** that:

A. Within thirty (30) days after the date this Order is issued, every thirty (30) days thereafter until the Divestiture Date of the divestiture required by Paragraph II. of this Order, and every sixty (60) days thereafter until Respondent has performed fully all of its obligations under any Transition Agreement, Respondent shall submit to the Commission (and if applicable, a complete copy to any Monitor appointed under this Order) a verified written report setting forth in detail the manner and form in which it intends to comply, is complying, and has complied with this Order. For the period covered by this report, the report shall include, but not be limited to, among other things that are required from time to time, a full description of the efforts being made to comply with Paragraph II. of this Order, including a description of all substantive contacts or negotiations for the divestiture, and the identity and contact information of all parties contacted. Respondent shall include in the reports copies of all material written communications to and from such parties, all internal memoranda, a copy of the written instructions and acknowledgments concerning Confidential Business Information required by Paragraph IV. of this Order, and all reports and recommendations concerning completing the obligations.

B. One (1) year after the Order Date, annually for the next three (3) years on the anniversary of the Order Date, and at other times as the Commission may require, Respondent shall file a verified written report with the Commission setting forth in detail the manner and

form in which it intends to comply, is complying, and has complied with this Order.

## VIII.

**IT IS FURTHER ORDERED** that Respondent shall notify the Commission at least thirty (30) days prior to:

A. Any proposed dissolution of Respondent;

B. Any proposed acquisition, merger, or consolidation of Respondent; or

C. Any other change in the Respondent, including, but not limited to, assignment and the creation or dissolution of subsidiaries, if such change might affect compliance obligations arising out of the Order.

## IX.

**IT IS FURTHER ORDERED** that for purposes of determining or securing compliance with this Order, and subject to any legally recognized privilege, and upon written request and upon five (5) days' notice to Respondent made to either Respondent's principal United States offices, registered office of its United States subsidiary, or its headquarters address, Respondent shall, without restraint or interference, permit any duly authorized representative of the Commission:

A. Access, during business office hours of Respondent and in the presence of counsel, to all facilities and access to inspect and copy all books, ledgers, accounts, correspondence, memoranda, and all other records and documents in the possession or under the control of Respondent related to compliance with this Order, which copying services shall be provided by Respondent at the request of the authorized representative(s) of the Commission and at the expense of the Respondent; and

B. To interview officers, directors, or employees of Respondent, who may have counsel present, regarding such matters.

## X.

**IT IS FURTHER ORDERED** that this Order shall terminate on January 25, 2027.

By the Commission.

## NON-PUBLIC APPENDIX I

## NEW PARAGON DIVESTITURE AGREEMENT

**[Redacted from the Public Record Version of the Order, But Incorporated by Reference]**

## ANALYSIS OF CONSENT ORDER TO AID PUBLIC COMMENT

The Federal Trade Commission ("Commission") has accepted for public comment an Agreement Containing Consent Order ("Consent Order") with Valeant Pharmaceuticals International, Inc. ("Valeant") to remedy the alleged anticompetitive effects resulting from Valeant's acquisition of Paragon Holdings I, Inc., including wholly-owned subsidiaries Paragon Vision Sciences, Inc. and CRT Technology, Inc. ("Paragon").

The Complaint alleges that the acquisition violated Section 7 of the Clayton Act, as amended, 15 U.S.C. § 18, and Section 5 of the Federal Trade Commission Act, as amended, 15 U.S.C. § 45,

by lessening competition in the markets for polymer discs, or "buttons," used to make three different types of rigid gas permeable ("GP") contact lenses: orthokeratology contact lenses, large-diameter scleral contact lenses, and general vision correction contact lenses. The Consent Order would remedy the alleged violations by restoring competition in these GP button markets.

Under the terms of the Consent Order, Valeant is required to divest Paragon in its entirety, including the assets of Pelican Products LLC ("Pelican"), a manufacturer of contact lens packaging.

The proposed Consent Order has been placed on the public record for 30 days to solicit comments from interested persons. Comments received during this period will become part of the public record. After 30 days, the Commission will again review the proposed Consent Order and any comments received, and decide whether the Consent Order should be withdrawn, modified, or made final.

## 1. THE PARTIES

Valeant is a Canadian conglomerate that develops and markets prescription and non-prescription pharmaceutical products. Through its subsidiary Bausch + Lomb, Valeant is a leading producer of GP buttons used to make GP contact lenses. Prior to its acquisition by Valeant in May 2015, Paragon was a United States corporation with its principal place of business in Arizona. Paragon produces GP buttons used to make GP contact lenses and also produces finished GP lenses.

After the Paragon acquisition, Valeant also purchased Pelican, a manufacturer of contact lens packaging, and the only producer of FDA-approved vials for wet-shipping finished orthokeratology lenses. Pelican became a subsidiary of Paragon. This acquisition ensured Valeant's access to the vials, after Pelican's owner announced plans to exit the market.

## 2. THE RELEVANT MARKET

Both parties engage in developing, manufacturing, and selling GP buttons in the United States. The relevant product markets in which to analyze the effects of the acquisition are the manufacture and sale of FDA-approved GP buttons for: orthokeratology GP lenses, which are worn to reshape the cornea; large-diameter scleral GP lenses, which cover the white of the eye and are used post-surgery, for transplants, and to treat eye disease; and general vision correction GP lenses. Each type of GP lens requires a GP button with parameters unique to that lens type.

GP lenses are used, and in some cases are medically necessary, to address a variety of vision problems, including dry eyes, abnormal curvatures of the eye, corneal disease, post-eye surgery complications, and eye trauma. Optical labs use GP buttons to make GP contact lenses to fulfill prescriptions from eye care professionals. Prescriptions typically specify a particular product and brand of button, and eye care professionals invest significant capital in fitting equipment for the brands they prescribe.

The FDA requires that GP lenses must be made from FDA-approved GP buttons. Thus, there are no alternatives to FDA-approved GP buttons for making each of the types of GP lenses and the relevant geographic market is the United States.

Prior to the acquisition, Valeant and Paragon independently produced buttons for all three types of GP lenses. In the market for orthokeratology GP buttons, the combination of Valeant and Paragon was a merger to monopoly. In the market for scleral GP buttons, the combined company accounted for 70-80 percent of the market. In the market for general vision correction GP buttons, the combined company's market share was approximately 65-75 percent.

## 3. EFFECTS OF ACQUISITIONS

The acquisition likely caused significant competitive harm in the relevant markets. Specifically, the acquisition of Paragon eliminated actual, direct, and substantial competition between Valeant and Paragon in the relevant markets for GP buttons and

allowed Valeant to unilaterally exercise market power. For instance, following the acquisition, Valeant increased prices in all three GP button markets.

Prior to the acquisition, Valeant and Paragon also competed on innovation, with the incentive to develop new GP lens buttons and improve button materials by investing in research, development, and adoption. This innovation led to broader product lines, improvements to button materials, and marketing and education funding for optical labs. The acquisition also eliminated this innovation competition between Valeant and Paragon.

## 4. ENTRY AND EFFICIENCIES

Entry into the relevant market has not been, and would not be, timely, likely, or sufficient to deter or counteract the anticompetitive effects of the acquisition. Optical labs have limited short-term ability to switch from Valeant and Paragon, which supply the majority of their GP scleral buttons and GP general vision correction buttons, and 100 percent of their GP orthokeratology buttons. Optical labs might try to persuade eye care professionals to switch to a different material and brand, but ultimately the decision is made by the eye care professional, for whom such a change is costly and time-consuming.

Considerable entry barriers also arise from the FDA approval process. For GP orthokeratology buttons, the FDA premarket approval process takes several years because finished orthokeratology lenses worn overnight are Class III medical devices. For GP scleral and general vision buttons, the FDA premarket notification process likely requires at least one year, as the finished lenses incorporating such buttons are Class II medical devices.

We did not find any evidence of efficiencies that would outweigh the competitive concerns arising from the Paragon acquisition.

## 5. CONSENT ORDER

The proposed Consent Order requires Valeant to divest Paragon in its entirety no later than ten (10) days after the order date, to remedy the concerns raised by the acquisition and restore competition in the relevant markets by instituting Paragon as an independent, viable competitor to Valeant. The proposed Consent Order also requires Valeant to divest Pelican with Paragon to ensure continued access to FDA-approved vials for shipping its finished lenses.

The proposed Consent Order requires that Valeant must divest Paragon and Pelican to Paragon Companies LLC in an upfront transaction. Paragon Companies LLC is a newly created entity owned by Joe Sicari. Mr. Sicari was the president of Paragon prior to its acquisition by Valeant in May 2015.

The Commission may, at any time, appoint a Monitor with the power and authority to ensure that Valeant fulfills all obligations and responsibilities under the Consent Order and Divestiture Agreement.

The Consent Order will remain in effect for ten (10) years, and contains standard compliance and reporting requirements.

**IN THE MATTER OF**

# C.H. BOEHRINGER SOHN AG & CO. KG

CONSENT ORDER, ETC. IN REGARD TO ALLEGED VIOLATIONS OF SECTION 5 OF THE FEDERAL TRADE COMMISSION ACT AND SECTION 7 OF THE CLAYTON ACT

*Docket No. C-4601; File No. 161 0077*
*Complaint, December 28, 2016 – Decision, February 14, 2017*

This consent order addresses the $13.53 billion acquisition by C.H. Boehringer Sohn AG & Co. KG of certain assets of Sanofi. The complaint alleges that the Acquisition, if consummated, would violate Section 7 of the Clayton Act and Section 5 of the Federal Trade Commission Act in the U.S. markets for two types of animal health products: (1) companion animal vaccines, which include various canine, feline, and rabies vaccines, and (2) cattle and sheep parasiticides. The consent order requires Boehringer Ingelheim to divest its relevant U.S. companion animal vaccine business to Eli Lily and Company, which participates in the animal health industry through its Elanco Animal Health division and its U.S. Cydectin parasiticide product to Bayer AG.

For the *Respondent*: *Ryan Foley* and *William A. Henry, Baker Botts LLP.*

## COMPLAINT

Pursuant to the Clayton Act and the Federal Trade Commission Act ("FTC Act"), and its authority thereunder, the Federal Trade Commission ("Commission"), having reason to believe that Respondent C.H. Boehringer Sohn AG & Co. KG ("Boehringer Ingelheim"), a corporation subject to the jurisdiction of the Commission, has agreed to acquire the Merial Animal Health business ("Merial") from Sanofi, a corporation subject to the jurisdiction of the Commission, in violation of Section 5 of the FTC Act, as amended, 15 U.S.C. § 45, that such acquisition, if consummated, would violate Section 7 of the Clayton Act, as amended, 15 U.S.C. § 18, and Section 5 of the FTC Act, as amended, 15 U.S.C. § 45, and it appearing to the Commission that

a proceeding in respect thereof would be in the public interest, hereby issues its Complaint, stating its charges as follows:

2. Respondent Boehringer Ingelheim is engaged in, among other things, the research, development, manufacture, distribution, and sale of human pharmaceutical products, as well as animal health products through its Boehringer Ingelheim Vetmedica, Inc. division.

3. Respondent is, and at all times relevant herein has been, engaged in commerce, as "commerce" is defined in Section 1 of the Clayton Act, as amended, 15 U.S.C. § 12, and is a company whose business is in or affects commerce, as "commerce" is defined in Section 4 of the FTC Act, as amended, 15 U.S.C. § 44.

## II. THE ACQUIRED COMPANY

4. Sanofi is a corporation organized, existing and doing business under and by virtue of the laws of the French Republic, with its headquarters address located at 54, rue La Boétie, 75008, Paris, France, and the address of its United States subsidiary, Sanofi US, located at 55 Corporate Drive, Bridgewater, New Jersey 08807.

5. Sanofi is engaged in, among other things, the research, development, manufacture, distribution, and sale of human pharmaceutical products, as well as animal health products through its Merial Animal Health division.

6. Sanofi is, and at all times relevant herein has been, engaged in commerce, as "commerce" is defined in Section 1 of the Clayton Act, as amended, 15 U.S.C. § 12, and is a company

whose business is in or affects commerce, as "commerce" is defined in Section 4 of the FTC Act, as amended, 15 U.S.C. § 44.

## III. THE PROPOSED ACQUISITION

7. Pursuant to an Exclusivity Agreement dated December 15, 2015, Boehringer Ingelheim proposes to swap its consumer health care business for Sanofi's Merial animal health business (the "Acquisition"). In the proposed swap, Boehringer Ingelheim obtains Merial, valued at $13.53 billion, and Sanofi obtains Boehringer Ingelheim's Consumer Health Care business unit, valued at $7.98 billion, as well as cash compensation of $5.54 billion. The Acquisition is subject to Section 7 of the Clayton Act, as amended, 15 U.S.C. § 18.

## IV. THE RELEVANT MARKETS

8. For the purposes of this Complaint, the relevant lines of commerce in which to analyze the effects of the Acquisition are the research, development, manufacture, and sale of:

a. canine vaccines for the prevention of disease caused by canine distemper virus, canine parvovirus, leptospirosis, canine adenovirus, canine parainfluenza virus, canine coronavirus, borreliosis ("Lyme disease"), and/or *Bordetella bronchiseptica* bacterium;

b. feline vaccines for the prevention of disease caused by panleukopenia, calicivirus, viral rhinotracheitis, *Chlamydia psittaci* bacterium, and/or feline leukemia;

c. companion animal vaccines for the prevention of rabies virus;

d. macrocyclic lactone cattle parasiticides; and

e. macrocyclic lactone sheep parasiticides.

9. For the purposes of this Complaint, the United States is the relevant geographic area in which to assess the competitive effects of the Acquisition in the relevant lines of commerce.

## V. THE STRUCTURE OF THE MARKETS

10. The markets for canine vaccines in the United States are highly concentrated. Boehringer Ingelheim, Merial, Zoetis, Inc. ("Zoetis"), and Merck & Co. ("Merck") are the only four companies offering or likely to offer canine vaccines for the prevention of canine distemper virus, canine parvovirus, leptospirosis, canine adenovirus, canine parainfluenza virus, canine coronavirus, Lyme disease, and/or *Bordetella bronchiseptica* bacterium in the United States. In 2015, Boehringer Ingelheim, Merial, Zoetis, and Merck had shares representing approximately 30%, 11%, 35%, and 24%, respectively, of all canine vaccines sold in the United States and comparable shares in each relevant market, except *Bordetella bronchiseptica* bacterium, where Merial is the next likely entrant. The proposed transaction would reduce the number of current or likely competitors in each market from four to three.

11. The markets for feline vaccines in the United States are highly concentrated. Boehringer Ingelheim, Merial, Zoetis, and Merck are the only four companies offering feline vaccines for the prevention of panleukopenia, calicivirus, viral rhinotracheitis, *Chlamydia psittaci* bacterium, and/or feline leukemia in the United States. In 2015, these four companies represented approximately 28%, 33%, 16%, and 23%, respectively, of all feline vaccines sold in the United States and comparable shares in each relevant market. The proposed transaction would combine the two leading feline vaccine suppliers, reducing the number of competitors in each market from four to three.

12. The market for rabies vaccines in the United States is highly concentrated. Boehringer Ingelheim, Merial, Zoetis, and Merck are the only four significant suppliers of rabies vaccines in the United States, with market shares of 10%, 65%, 13%, and 12%, respectively.

13. The market for macrocyclic lactone cattle parasiticide in the United States is highly concentrated. Boehringer Ingelheim, Merial, and Zoetis are the three primary participants in the macrocyclic lactone cattle parasiticide market. Merial offers three brands: Ivomec, Eprinex, and LongRange that collectively accounted for 45% of the macrocyclic lactone cattle parasiticide

market in 2015. Boehringer Ingelheim's Cydectin, a parasiticide that is functionally identical to Ivomec and Eprinex for beef cattle, accounted for 22% of the macrocyclic lactone cattle parasiticide market in 2015. Zoetis offers Dectomax, a macrocyclic lactone similar to Merial's and Boehringer Ingelheim's products, which accounted for 17% of macrocyclic lactone cattle parasiticide sales in 2015. Eprinex and Cydectin are the only two macrocyclic lactone cattle parasiticides with a "zero-day milk withhold" required for dairy cattle. The Acquisition would consolidate the most significant competitors in the macrocyclic lactone cattle parasiticide market, would produce a single firm controlling more than 65% of the relevant market, and would consolidate the only two suppliers of "zero-day milk withhold" macrocyclic lactone cattle parasiticides.

14. The parties are the two primary suppliers of macrocyclic lactone sheep parasiticides. Boehringer Ingelheim offers Cydectin Oral Drench, and Merial offers Ivomec Oral Drench. In 2015, Cydectin Oral Drench and Ivomec Oral Drench approximated 57% and 22%, respectively, of total sales in the United States. Following the acquisition, the merged firm would control more than 78% of this market.

## VI. ENTRY CONDITIONS

15. Entry into the relevant markets described in Paragraph 8 would not be timely, likely, or sufficient in magnitude, character, and scope to deter or counteract the anticompetitive effects of the Acquisition. *De novo* entry would require significant investment to, among other things, develop products, obtain regulatory approvals, and effectively establish recognized brands. Entry would be unlikely because the required investment would be difficult to justify given the sales opportunities in the affected markets. Entry would also not be timely because drug development times and FDA or USDA approval requirements are lengthy. In addition, no other entry is likely to occur such that it would be timely and sufficient to deter or counteract the competitive harm likely to result from the Acquisition.

## VII. EFFECTS OF THE ACQUISITION

16. The effects of the Acquisition, if consummated, may be to substantially lessen competition and to tend to create a monopoly in the relevant markets in violation of Section 7 of the Clayton Act, as amended, 15 U.S.C. § 18, and Section 5 of the FTC Act, as amended, 15 U.S.C. § 45, by, among other things:

a. eliminating actual or future, direct, and substantial competition between Boehringer Ingelheim and Merial in the relevant markets;

b. increasing the likelihood that the merged entity will unilaterally exercise market power in the relevant markets;

c. increasing the likelihood of coordinated interaction between or among suppliers in the relevant markets;

d. increasing the likelihood that consumers would be forced to pay higher prices or accept reduced service.

## VIII. VIOLATIONS CHARGED

17. The Exclusivity Agreement described in Paragraph 7 constitutes a violation of Section 5 of the FTC Act, as amended, 15 U.S.C. § 45.

18. The Acquisition described in Paragraph 7, if consummated, would constitute a violation of Section 7 of the Clayton Act, as amended, 15 U.S.C. § 18, and Section 5 of the FTC Act, as amended, 15 U.S.C. § 45.

2. a detailed description of the timing for the completion of such obligations,

*provided, however*, that, after the Decision and Order becomes final and effective, the reports due under this Order to Maintain Assets may be consolidated with, and submitted to the Commission at the same time as, the reports required to be submitted by Respondent pursuant to Paragraph IX of the Decision and Order.

**VII.**

**IT IS FURTHER ORDERED** that Respondent shall notify the Commission at least thirty (30) days prior to:

A. any proposed dissolution of Respondent;

B. any proposed acquisition, merger, or consolidation of Respondent; or

C. any other change in Respondent including, but not limited to, assignment and the creation or dissolution of subsidiaries, if such change might affect compliance obligations arising out of this Order.

**VIII.**

**IT IS FURTHER ORDERED** that for purposes of determining or securing compliance with this Order, and subject to any legally recognized privilege, and upon written request and upon five (5) days' notice to Respondent, it shall, without restraint

B. To interview officers, directors, or employees of the Respondent, who may have counsel present, regarding such matters.

## IX.

**IT IS FURTHER ORDERED** that this Order shall terminate the earlier of:

A. three (3) days after the Commission withdraws its acceptance of the Consent Agreement pursuant to the provisions of Commission Rule 2.34, 16 C.F.R. §2.34, or

B. the day after transfer of all Divestiture Product Assets to their respective Acquirers,

*provided, however*, that if the Commission, pursuant to Paragraph II.A or Paragraph III.A. of the Decision and Order, requires the Respondent to rescind any or all of the divestitures contemplated by any Divestiture Agreement, then, upon rescission, the requirements of this Order to Maintain Assets shall again be in effect with respect to the relevant Divestiture Product Assets until the day after Respondent's (or a Divestiture Trustee's) completion

By the Commission.

C. The Monitor's duties and responsibilities shall include the following:

1. The Monitor shall act in a fiduciary capacity for the benefit of the Commission;

2. The Monitor shall have the power and authority to monitor Respondent's compliance with the divestiture and asset maintenance obligations and related requirements of this Order, and shall exercise such power and authority and carry out the duties and responsibilities of the Monitor in a manner consistent with the purposes of this Order and in consultation with the Commission;

3. The Monitor shall have authority to employ, at the expense of Respondent, such consultants, accountants, attorneys, and other representatives and assistants as are reasonably necessary to carry out the Monitor's duties and responsibilities; and

4. D. Respondent shall grant and transfer to the Monitor, and such Monitor shall have, all rights, powers, and authority necessary to carry out the Monitor's duties and responsibilities, including, but not limited to, the following:

1. Respondent shall indemnify the Monitor and hold the Monitor harmless against any losses, claims, damages, liabilities, or expenses arising out of, or in connection with, the performance of the Monitor's duties, including all reasonable fees of counsel and other reasonable expenses incurred in connection with the preparations for, or defense of, any claim, whether or not resulting in any liability, except to the extent that such losses, claims, damages, liabilities, or expenses result from gross negligence, willful or wanton acts, or bad faith by the Monitor;

2. Respondent shall cooperate with any reasonable request of the Monitor and shall take no action to interfere with or impede the Monitor's ability to monitor Respondent's compliance with this Order, the Order to Maintain Assets and the Remedial Agreements;

Subject to any demonstrated legally recognized privilege, the Respondent shall provide the Monitor with full and complete access to Respondent's personnel, books, documents, records kept in the ordinary course of business, facilities, and technical information, and such other relevant information as the Monitor may reasonably request, related to Respondent's compliance with its obligations under the Orders, including, but not limited to, its obligations related to the relevant assets; and

4. Respondent shall deliver to the Monitor a copy of each report submitted to the Commission pursuant to this Order, the Order to Maintain Assets or the Consent Agreement.

E. Respondent may require the Monitor and each of the Monitor's consultants, accountants, attorneys, and other representatives and assistants to sign an appropriate confidentiality agreement; however such agreement shall not limit the ability of the Monitor to provide information to the Commission without the consent of Respondent.

F. The Commission may, among other things, require the Monitor and each of the Monitor's consultants, accountants, attorneys, and other representatives and assistants to sign an appropriate confidentiality agreement related to Respondent's materials and information received in connection with the performance of the Monitor's duties,

*provided, however*, that such agreement shall not restrict the Monitor from providing any information to the Commission or require the Monitor to report to the Respondent the substance of communications to or from the Commission or the Acquirer.

G. The Commission may on its own initiative, or at the request of the Monitor, issue such additional orders or directions as may be necessary or appropriate to assure compliance with the requirements of the Orders.

H. If the Commission determines that the Monitor has ceased to act or failed to act diligently, the Commission may appoint a substitute Monitor. The Commission shall select the substitute Monitor, subject to the consent of Respondent, which consent shall not be unreasonably withheld. If Respondent has not opposed, in writing, including the reasons for opposing, the selection of any proposed substitute Monitor within ten (10) days after notice by the staff of the Commission to Respondent of the identity of any proposed substitute Monitor, Respondent shall be deemed to have consented to the selection of the proposed substitute Monitor.

I. The Monitor appointed pursuant to this Order may be the same Person appointed as a Divestiture Trustee pursuant to the relevant provisions of this Order.

## VI.

**IT IS FURTHER ORDERED** that:

A. If Respondent has not fully complied with the obligations to assign, grant, license, divest, transfer, deliver, or otherwise convey the Divestiture Product Assets as required by this Order, the Commission may appoint a trustee ("Divestiture Trustee") to assign, grant, license, divest, transfer, deliver, or otherwise convey these assets in a manner that satisfies the requirements of this Order. In the event that the Commission or the Attorney General brings an action pursuant to Section 5(*l*) of the Federal Trade Commission Act, 15 U.S.C. § 45(*l*), or any other statute enforced by the Commission, Respondent shall consent to the appointment of a Divestiture Trustee in such action to assign, grant, license, divest, transfer, deliver, or otherwise convey these assets. Neither the appointment of a Divestiture Trustee nor a decision not to appoint a Divestiture Trustee under this Paragraph shall preclude the Commission or the Attorney General from seeking civil penalties or any other relief available to it, including a court-appointed Divestiture Trustee, pursuant to § 5(*l*) of the Federal Trade Commission Act, or any other statute enforced by the Commission, for any failure by Respondent to comply with this Order.

B. The Commission shall select the Divestiture Trustee, subject to the consent of Respondent, which consent shall not be unreasonably withheld. The Divestiture Trustee shall be a Person with experience and expertise in acquisitions and divestitures. If Respondent has not opposed, in writing, including the reasons for opposing, the selection of any proposed Divestiture Trustee within ten (10) days after notice by the staff of the Commission to Respondent of the identity of any proposed Divestiture Trustee, Respondent shall be deemed to have consented to the selection of the proposed Divestiture Trustee.

C. Not later than ten (10) days after the appointment of a Divestiture Trustee, Respondent shall execute a trust agreement that, subject to the prior approval of the Commission, transfers to the Divestiture Trustee all rights and powers necessary to permit the Divestiture Trustee to effect the divestiture required by this Order.

D. If a Divestiture Trustee is appointed by the Commission or a court pursuant to this Paragraph, Respondent shall consent to the following terms and conditions regarding the Divestiture Trustee's powers, duties, authority, and responsibilities:

1. Subject to the prior approval of the Commission, the Divestiture Trustee shall have the exclusive power and authority to assign, grant, license, divest, transfer, deliver, or otherwise convey the assets that are required by this Order to be assigned, granted, licensed, divested, transferred, delivered, or otherwise conveyed.

2. The Divestiture Trustee shall have one (1) year after the date the Commission approves the trust agreement described herein to accomplish the divestiture, which shall be subject to the prior approval of the Commission. If, however, at the end of the one (1) year period, the Divestiture Trustee has submitted a plan of divestiture or the Commission believes that the divestiture can be

achieved within a reasonable time, the divestiture period may be extended by the Commission; *provided, however*, the Commission may extend the divestiture period only two (2) times.

3. Subject to any demonstrated legally recognized privilege, the Divestiture Trustee shall have full and complete access to the personnel, books, records, and facilities related to the relevant assets that are required to be assigned, granted, licensed, divested, delivered, or otherwise conveyed by this Order and to any other relevant information as the Divestiture Trustee may request. Respondent shall develop such financial or other information as the Divestiture Trustee may request and shall cooperate with the Divestiture Trustee. Respondent shall take no action to interfere with or impede the Divestiture Trustee's accomplishment of the divestiture. Any delays in divestiture caused by Respondent shall extend the time for divestiture under this Paragraph in an amount equal to the delay, as determined by the Commission or, for a court-appointed Divestiture Trustee, by the court.

4. The Divestiture Trustee shall use commercially reasonable efforts to negotiate the most favorable price and terms available in each contract that is submitted to the Commission, subject to Respondent's absolute and unconditional obligation to divest expeditiously and at no minimum price. The divestiture shall be made in the manner and to an Acquirer as required by this Order; *provided, however*, if the Divestiture Trustee receives bona fide offers from more than one acquiring Person, and if the Commission determines to approve more than one such acquiring Person, the Divestiture Trustee shall divest to the acquiring Person selected by Respondent from among those approved by the Commission; *provided further, however*, that Respondent shall select such Person within five (5)

days after receiving notification of the Commission's approval.

5. The Divestiture Trustee shall serve, without bond or other security, at the cost and expense of Respondent, on such reasonable and customary terms and conditions as the Commission or a court may set. The Divestiture Trustee shall have the authority to employ, at the cost and expense of Respondent, such consultants, accountants, attorneys, investment bankers, business brokers, appraisers, and other representatives and assistants as are necessary to carry out the Divestiture Trustee's duties and responsibilities. The Divestiture Trustee shall account for all monies derived from the divestiture and all expenses incurred. After approval by the Commission of the account of the Divestiture Trustee, including fees for the Divestiture Trustee's services, all remaining monies shall be paid at the direction of Respondent, and the Divestiture Trustee's power shall be terminated. The compensation of the Divestiture Trustee shall be based at least in significant part on a commission arrangement contingent on the divestiture of all of the relevant assets that are required to be divested by this Order.

6. Respondent shall indemnify the Divestiture Trustee and hold the Divestiture Trustee harmless against any losses, claims, damages, liabilities, or expenses arising out of, or in connection with, the performance of the Divestiture Trustee's duties, including all reasonable fees of counsel and other expenses incurred in connection with the preparation for, or defense of, any claim, whether or not resulting in any liability, except to the extent that such losses, claims, damages, liabilities, or expenses result from gross negligence, willful or wanton acts, or bad faith by the Divestiture Trustee.

7. The Divestiture Trustee shall have no obligation or authority to operate or maintain the relevant assets required to be divested by this Order; *provided, however,* that the Divestiture Trustee appointed pursuant to this Paragraph may be the same Person appointed as Monitor pursuant to the relevant provisions of this Order or the Order to Maintain Assets in this matter.

8. The Divestiture Trustee shall report in writing to Respondent and to the Commission every sixty (60) days concerning the Divestiture Trustee's efforts to accomplish the divestiture.

9. Respondent may require the Divestiture Trustee and each of the Divestiture Trustee's consultants, accountants, attorneys, and other representatives and assistants to sign a customary confidentiality agreement; *provided, however,* that such agreement shall not restrict the Divestiture Trustee from providing any information to the Commission.

E. The Commission may, among other things, require the Divestiture Trustee and each of the Divestiture Trustee's consultants, accountants, attorneys, and other representatives and assistants to sign an appropriate confidentiality agreement related to Commission materials and information received in connection with the performance of the Divestiture Trustee's duties.

F. If the Commission determines that a Divestiture Trustee has ceased to act or failed to act diligently, the Commission may appoint a substitute Divestiture Trustee in the same manner as provided in this Paragraph.

G. The Commission or, in the case of a court-appointed Divestiture Trustee, the court, may on its own initiative or at the request of the Divestiture Trustee issue such additional orders or directions as may be necessary or appropriate to accomplish the divestiture required by this Order.

## VII.

**IT IS FURTHER ORDERED** that

A. It shall not be violation of this Order for Respondent's counsel (including in house counsel under appropriate confidentiality arrangements) to retain documents or other materials provided to an Acquirer, or access original documents provided to an Acquirer to:

1. assure Respondent's compliance with any Remedial Agreement, this Order, any Law (including, without limitation, any requirement to obtain regulatory licenses or approvals, and rules promulgated by the Commission), any data retention requirement of any applicable Government Entity, or any taxation requirements; or

2. to defend against, respond to, or otherwise participate in any litigation, investigation, audit, process, subpoena, or other proceeding relating to the divestiture or any other aspect of the Divestiture Products or the assets and Businesses associated with those Divestiture Products,

*so long as* copies of such documents are insufficient or otherwise unavailable, Respondent requires those who view such un-redacted documents or other materials to enter into confidentiality agreements with the relevant Acquirer (but shall not be deemed to have violated this requirement if that Acquirer withholds such agreement unreasonably); and Respondent uses best efforts to obtain a protective order to protect the confidentiality of such information during any adjudication.

## VIII.

**IT IS FURTHER ORDERED** that:

A. Any Remedial Agreement shall be incorporated by reference into this Order and made a part hereof, and

Respondent shall comply with all terms of the Remedial Agreement. A breach by Respondent of any term of a Remedial Agreement shall constitute a violation of this Order.

B. A Remedial Agreement shall not limit or contradict, or be construed to limit or contradict, the terms of this Order and nothing in this Order shall be construed to reduce any rights or benefits of the Acquirer or to reduce any obligations of Respondent under any Remedial Agreement. To the extent that any term of a Remedial Agreement conflicts with a term of this Order such that Respondent cannot fully comply with both, Respondent shall comply with the term of this Order.

C. Respondent shall not modify, replace or extend the terms of a Remedial Agreement without the prior approval of the Commission, except as otherwise provided under Rule §2.41(f), 16 C.F.R. §2.41(f).

D. Respondent shall include in each Remedial Agreement related to each of the Divestiture Products a specific reference to this Order, the remedial purposes thereof, and provisions to reflect the full scope and breadth of Respondent's obligation to the Acquirer pursuant to this Order.

E. Respondent shall not seek, directly or indirectly, pursuant to any dispute resolution mechanism incorporated in any Remedial Agreement, or in any agreement related to any of the Divestiture Products, a decision the result of which would be inconsistent with the terms of this Order or the remedial purposes thereof.

## IX.

**IT IS FURTHER ORDERED** that:

Respondent shall submit to the Commission and to the Monitor verified written reports within thirty (30) days after the date this Order is issued and every sixty (60) days thereafter until Respondent has fully complied with Paragraphs II and III, setting forth in detail the manner and form in which it intends to comply, is complying, and has complied with this Order. Respondent shall include in its reports, among other things that are required from time to time, a full description of the efforts being made to comply with the relevant paragraphs of the Order, including:

C. One (1) year after the Order is issued, and annually for the next nine (9) years on the anniversary of the date this Order is issued, and at other times as the Commission may require, Respondent shall file a verified written report with the Commission setting forth in detail the manner and form in which it has complied and is complying with the Order.

## X.

**IT IS FURTHER ORDERED** that Respondent shall notify the Commission at least thirty (30) days prior to:

## ANALYSIS OF CONSENT ORDER TO AID PUBLIC COMMENT

## INTRODUCTION

The Federal Trade Commission ("Commission") has accepted, subject to final approval, an Agreement Containing Consent Orders ("Consent Agreement") from C.H. Boehringer Sohn AG & Co. KG ("Boehringer Ingelheim"), which is designed to remedy the anticompetitive effects of Boehringer Ingelheim's acquisition of the Merial Animal Health business ("Merial") from Sanofi. Under the terms of the proposed Decision and Order ("Order")

contained in the Consent Agreement, Boehringer Ingelheim is required to divest its relevant U.S. companion animal vaccine business to Eli Lily and Company, which participates in the animal health industry through its Elanco Animal Health ("Elanco") division. Boehringer Ingelheim is also required to divest its U.S. Cydectin parasiticide product to Bayer AG ("Bayer").

The proposed Consent Agreement has been placed on the public record for thirty days for receipt of comments from interested persons. Comments received during this period will become part of the public record. After thirty days, the Commission will again evaluate the proposed Consent Agreement, along with the comments received, in order to make a final decision as to whether it should withdraw from the proposed Consent Agreement, modify it, or make it final.

## THE TRANSACTION

Pursuant to an Exclusivity Agreement dated December 15, 2015, Boehringer Ingelheim proposes to swap its consumer health care business for Sanofi's Merial animal health business (the "Proposed Acquisition"). In the proposed swap, Boehringer Ingelheim obtains Merial, valued at $13.53 billion, and Sanofi obtains Boehringer Ingelheim's Consumer Health Care business unit, valued at $7.98 billion, as well as cash compensation of $5.54 billion. The Commission alleges in its Complaint that the Proposed Acquisition, if consummated, would violate Section 7 of the Clayton Act, as amended, 15 U.S.C. § 18, and Section 5 of the Federal Trade Commission Act, as amended, 15 U.S.C. § 45, in the U.S. markets for two types of animal health products: (1) companion animal vaccines—which include various canine, feline, and rabies vaccines—and (2) cattle and sheep parasiticides. The proposed Consent Agreement will remedy the alleged violations by preserving the competition that would otherwise be eliminated by the Proposed Acquisition.

## THE PARTIES

Headquartered in Germany, Boehringer Ingelheim is one of the world's leading pharmaceutical companies. It manufacturers, researches, develops and markets an array of human and animal

health products. The company's animal health division, Boehringer Ingelheim Vetmedica, Inc., is the sixth-largest animal health supplier in the world.

Sanofi is a multinational pharmaceutical company headquartered in Gentilly, France. The company develops and markets a diverse portfolio of products, including pharmaceuticals, human vaccines, and, through its subsidiary Merial, animal health products. Merial is the fourth-largest animal health supplier in the world.

## THE RELEVANT PRODUCTS AND STRUCTURE OF THE MARKETS

### Companion Animal Vaccines

There are three classes of companion animal vaccines in which to analyze the effects of the Proposed Acquisition: canine vaccines, feline vaccines, and rabies vaccines. A vaccine is a version of an antigen that triggers an immune response to the antigen but not the disease, causing the animal to develop an immunity that prevents the disease. Only vaccines containing an antigen of a specific virus can provide the desired immunity response to that virus and the corresponding disease. No substitute product immunizes against a disease. Nor is treatment following infection a substitute for the vaccinations at issue. For these reasons, each vaccine containing an antigen to immunize against a particular disease constitutes a relevant market in which to analyze the effects of the acquisition.

Canine vaccines prevent specific illnesses in dogs. The Proposed Acquisition raises competitive concerns in the markets for seven canine vaccines: canine distemper virus, canine parvovirus, leptospirosis, canine adenovirus, canine parainfluenza virus, canine coronavirus, and borreliosis ("Lyme disease"). In addition, the proposed transaction raises future competition concerns in the canine vaccine market for *Bordetella bronchiseptica* bacterium, in which Boehringer Ingelheim currently competes and Merial is the most likely entrant in the near future. The canine vaccine markets are highly concentrated. Boehringer Ingelheim, Merial, Zoetis, Inc. ("Zoetis"), and Merck & Co. ("Merck") are the only four suppliers offering or likely to

offer canine vaccines in the United States. In 2015, Boehringer Ingelheim, Merial, Zoetis and Merck had market shares of approximately 30%, 11%, 35%, and 24%, respectively, of all revenues from canine vaccines sold in the United States and comparable shares in each relevant market, except *Bordetella bronchiseptica* bacterium, where Merial is the next likely entrant. The Proposed Acquisition would reduce the number of current or likely competitors in each market from four to three.

Feline vaccines prevent diseases common to cats. The transaction raises competitive concerns in the feline vaccine markets for five diseases: panleukopenia, calicivirus, viral rhinotracheitis, *Chlamydia psittaci* bacterium, and feline leukemia. The feline vaccine industry in the United States is highly concentrated with the same four market participants—Boehringer Ingelheim, Merial, Zoetis, and Merck—as the canine vaccine industry. In 2015, these four companies had market shares of approximately 28%, 33%, 16%, and 23%, respectively, of all revenues from feline vaccines sold in the United States and comparable shares in each relevant market. The proposed transaction would combine the two leading feline vaccine suppliers, reducing the number of competitors in each market from four to three.

The rabies virus, transmitted through bites from infected animals, triggers a fatal neurological condition culminating in paralysis, respiratory failure, and eventual death. Because this fatal disease is transmittable to humans, most U.S. states have mandatory rabies vaccination requirements. Regular vaccination for all animals is the only means of protection, and there are no substitutes for rabies vaccines. All rabies vaccines are approved for use in both dogs and cats, although some are approved for use in additional species as well. The market for the sale of rabies vaccines in the United States is highly concentrated. Boehringer Ingelheim, Merial, Zoetis, and Merck are the only four significant suppliers of rabies vaccines in the United States, with market shares of 10%, 65%, 13%, and 12% of revenues, respectively.

## Cattle and Sheep Parasiticides

Parasiticides prevent and control outbreaks of parasites such as worms, flies, lice, and ticks.

Analysis to Aid Public Comment

***Cattle Parasiticides***

Parasiticides are a key part of cattle health care regimens. If left unchecked, parasites reduce milk production in dairy cattle and prevent weight gain in beef cattle. There are two primary types of cattle parasiticides: macrocyclic lactones, which prevent both internal and external parasites, and benzimidazoles, which prevent only internal parasites. Because macrocyclic lactones reach a much broader spectrum of parasites, other parasiticides, including benzimidazoles, are not viable substitutes.

Boehringer Ingelheim, Merial, and Zoetis are the three primary participants in the macrocyclic lactone cattle parasiticide market, and the Proposed Acquisition would combine the two most significant competitors. Merial, the market leader, offers three brands: Ivomec, Eprinex, and LongRange. After Merial, Boehringer Ingelheim is the next largest supplier of macrocyclic lactone cattle parasiticides. Boehringer Ingelheim's sole product is Cydectin, a parasiticide that is functionally identical to Ivomec and Eprinex for beef cattle. Zoetis also offers a macrocyclic lactone product, Dectomax, that is similar to the products of Merial and Boehringer Ingelheim. Merial, Boehringer Ingelheim and Zoetis accounted for 45%, 22%, and 17% of revenues, respectively, of U.S. sales in 2015. Beyond these three companies, multiple manufacturers produce generic versions of Merial's Ivomec. Although these generic products are significantly cheaper than the branded products, they have limited competitive significance. Many customers prefer the branded products because the branded product manufacturers offer valuable technical support, field support, and education. In addition, many customers also perceive the generic products to be inferior and unreliable, preferring to pay a higher price for the guaranteed success of branded products.

Merial and Boehringer Ingelheim are the only two macrocyclic lactone cattle parasiticide suppliers that offer "zero-day milk withhold" products—Cydectin and Eprinex, respectively. The Proposed Acquisition would eliminate the competition between them, effectively leaving dairy cattle customers with a sole supplier.

***Sheep Parasiticides***

Sheep parasiticides are critical for optimizing wool and meat production. Sheep parasiticides utilize the same compounds as cattle parasiticides, but use a different route of administration. Because a sheep's wool and skin prevent the absorption of topical products and the thickness of a sheep's wool makes injections difficult, customers view oral administration as the only viable option for sheep parasiticides. Both macrocyclic lactones and benzimidazoles can be used as sheep parasiticides, but benzimidazoles are not economic substitutes for macrocyclic lactones in most cases because they do not treat external parasites and are less efficacious.

Merial and Boehringer Ingelheim are the two primary suppliers of macrocyclic lactone sheep parasiticides. Boehringer Ingelheim offers Cydectin Oral Drench and Merial offers Ivomec Oral Drench. Following the Proposed Acquisition, the merged firm would control more than 78% of this market. The other macrocyclic lactone sheep parasiticides are generic versions of the Merial product, which are of limited competitive significance.

## Relevant Geographic Market

The United States is the relevant geographic market in which to assess the competitive effects of the Proposed Acquisition. The USDA must approve companion animal vaccines before they are sold in the United States. Cattle and sheep parasiticides must be approved by the FDA before being sold in the United States. Thus, products sold outside the United States, but not approved for sale in the United States, are not alternatives for U.S. consumers.

## ENTRY

Entry into the U.S. markets for companion animal vaccines and cattle and sheep parasiticides would not be timely, likely or sufficient in magnitude, character and scope to deter or counteract the anticompetitive effects of the Proposed Acquisition. Three major obstacles stand in the way of a prospective entrant into the relevant markets: lengthy development periods, FDA and USDA approval requirements, and difficulty of establishing a brand name

and reputation and convincing veterinarians to prescribe new products.

## EFFECTS OF THE ACQUISITION

The Proposed Acquisition would cause significant competitive harm to consumers in the relevant U.S. markets for companion animal vaccines and cattle and sheep parasiticides by eliminating actual or future, direct, and substantial competition between Boehringer Ingelheim and Merial. The transaction would increase the likelihood that Boehringer Ingelheim will be able to unilaterally exercise market power, increase the likelihood of coordinated interaction between or among suppliers, and increase the likelihood that consumers will pay higher prices.

## THE CONSENT AGREEMENT

The proposed Consent Agreement effectively remedies the Proposed Acquisition's anticompetitive effects by requiring Boehringer Ingelheim to divest its relevant companion animal vaccine business and certain of its cattle and sheep parasiticides assets to Elanco and Bayer, respectively.

Under the proposed Order, Boehringer Ingelheim will divest its relevant U.S. rights and interests in its companion animal vaccine business to Elanco no later than ten days after the consummation of the Proposed Acquisition or on the date on which the proposed Order becomes final, whichever is earlier. Similarly, the proposed Order requires Boehringer Ingelheim to divest all of its respective U.S. rights and interests in its parasiticide product, Cydectin, to Bayer. These divestitures include all regulatory approvals, brand names, marketing materials, confidential business information, customer information, and other assets associated with marketing and selling both products. To ensure the divestitures are successful, the proposed Order requires Boehringer Ingelheim to secure all third-party consents and waivers required to permit both buyers to conduct business with the divested assets. Additionally, Elanco and Bayer also will have the right to interview and offer employment to employees associated with the divested businesses.

Elanco is an experienced supplier in the global animal health industry and has the resources and expertise to replicate Boehringer Ingelheim's role in the companion animal vaccine markets. In 2015, Elanco generated approximately $1 billion in revenue. Elanco currently offers a limited portfolio of companion animal pharmaceutical products such as parasiticides, pain relievers, and dermatological products. Elanco, however, is not a meaningful participant in any of the companion animal vaccines subject to divestiture, and its proposed acquisition of those assets will complement and expand its existing companion animal portfolio. Elanco is well positioned to replicate immediately Boehringer Ingelheim's competitive position in all companion animal vaccine markets.

Bayer is similarly well qualified to replicate Boehringer Ingelheim's competitive position in the United States with respect to the Cydectin product line. Bayer is currently the fifth-largest animal health company both worldwide and in the United States. Bayer had 2015 worldwide sales of $1.6 billion, of which $595 million derived from its animal health business. Bayer does not currently offer a parasiticide that controls external and internal parasites to cattle and sheep farmers. However, Bayer offers a variety of other products to cattle and sheep farmers, such as ear tags and external parasite control products.

The Commission has agreed to appoint a Monitor to ensure that Boehringer Ingelheim complies with all of its obligations pursuant to the Consent Agreement and to keep the Commission informed about the status of the transfer of the rights and assets to Elanco and Bayer.

The Commission's goal in evaluating possible purchasers of divested rights and assets is to maintain the competitive environment that existed prior to the Proposed Acquisition. If the Commission determines that either buyer is not an acceptable acquirer, or that the manner of the divestiture is not acceptable, the proposed Order requires the parties to unwind the sale and then divest the products to another Commission-approved acquirer within six months of the date that the proposed Order becomes final. The proposed Order further allows the Commission to appoint a trustee in the event the parties fail to divest the products.

Analysis to Aid Public Comment

The purpose of this analysis is to facilitate public comment on the proposed Consent Agreement, and it is not intended to constitute an official interpretation of the proposed Order or to modify its terms in any way.

**IN THE MATTER OF**

# ABBOTT LABORATORIES

# ST. JUDE MEDICAL, INC.

CONSENT ORDER, ETC. IN REGARD TO ALLEGED VIOLATIONS OF SECTION 5 OF THE FEDERAL TRADE COMMISSION ACT AND SECTION 7 OF THE CLAYTON ACT

*Docket No. C-4600; File No. 161 0126*
*Complaint, December 7, 2016 – Decision, February 14, 2017*

This consent order addresses the $25 billion acquisition by Abbott Laboratories of certain assets of St. Jude Medical, Inc. The complaint alleges that the Acquisition, if consummated, would violate Section 7 of the Clayton Act and Section 5 of the Federal Trade Commission Act by lessening competition in the U.S. markets for vascular closure devices, steerable sheaths, and lesion-assessing ablation catheters. The consent order requires the parties are required to divest St. Jude's vascular closure device business and Abbott's steerable sheath business to Terumo Corporation.

*Participants*

For the *Commission*: *Jordan S. Andrew* and *Sarah E. Wohl.*

For the *Respondents*: *George S. Cary* and *Tara Tavernia, Cleary Gottlieb Steen & Hamilton LLP; Bob Nichols* and *Joshua H. Soven, Gibson, Dunn & Crutcher LLP.*

## COMPLAINT

Pursuant to the Clayton Act and the Federal Trade Commission Act ("FTC Act"), and its authority thereunder, the Federal Trade Commission ("Commission"), having reason to believe that Respondent Abbott Laboratories ("Abbott"), a corporation subject to the jurisdiction of the Commission, has agreed to acquire Respondent St. Jude Medical, Inc. ("St. Jude"), a corporation subject to the jurisdiction of the Commission, in violation of Section 5 of the FTC Act, as amended, 15 U.S.C. § 45, that such acquisition, if consummated, would violate Section 7 of the Clayton Act, as amended, 15 U.S.C. § 18, and Section 5 of the FTC Act, as amended, 15 U.S.C. § 45, and it appearing to the Commission that a proceeding in respect thereof would be in the

public interest, hereby issues its Complaint, stating its charges as follows:

## I. RESPONDENTS

1. Respondent Abbott is a corporation organized, existing and doing business under and by virtue of the laws of the State of Illinois, with its offices and principal place of business located at 100 Abbott Park Road, Abbott Park, Illinois 60064-6400.

2. Respondent St. Jude is a corporation organized, existing and doing business under and by virtue of the laws of the State of Minnesota, with its offices and principal place of business located at One St. Jude Medical Drive, St. Paul, Minnesota 55117.

3. Each Respondent is, and at all times relevant herein has been, engaged in commerce, as "commerce" is defined in Section 1 of the Clayton Act as amended, 15 U.S.C. § 12, and is a company whose business is in or affects commerce, as "commerce" is defined in Section 4 of the FTC Act, as amended, 15 U.S.C. § 44.

## II.THE PROPOSED ACQUISITION

4. Pursuant to an Agreement and Plan of Merger dated April 27, 2016, Abbott proposes to acquire St. Jude in exchange for cash and stock valued at approximately $25 billion (the "Acquisition"). The Acquisition is subject to Section 7 of the Clayton Act, as amended, 15 U.S.C. § 18.

## III.THE RELEVANT MARKETS

5. For the purposes of this Complaint, the relevant lines of commerce in which to analyze the effects of the Acquisition are the development, licensing, manufacturing, marketing, distribution, and sale of the following medical devices:

a. vascular closure devices;

b. steerable sheaths; and

c. lesion-assessing ablation catheters.

6. For the purposes of this Complaint, the United States is the relevant geographic area in which to assess the competitive effects of the Acquisition in the relevant lines of commerce.

## IV.THE STRUCTURE OF THE MARKETS

7. Vascular closure devices are used to close arterial holes created by catheterization procedures, which are minimally-invasive processes during which a physician uses a specialized catheter to either diagnose or treat a cardiovascular condition. The U.S. market for vascular closure devices is highly concentrated with Abbott and St. Jude holding a combined 70 percent market share. Only two other suppliers, Cardinal Health, Inc. and Cardiva Medical, Inc., currently sell vascular closure devices in the United States.

8. Steerable sheaths are used to access difficult to reach areas of the heart to treat arrhythmias such as atrial fibrillation. Steerable sheaths allow physicians to more easily puncture the transseptal wall of the heart and guide an ablation catheter into the left atrium or ventricle of the heart. Currently, St. Jude accounts for the vast majority of steerable sheath sales in the United States. Abbott recently entered the U.S. market for steerable sheaths and appears well positioned to compete with St. Jude. Other suppliers in this market, though not recent entrants, have very small market shares.

9. Lesion-assessing ablation catheters are used to treat heart arrhythmias and provide feedback to the physician regarding the force being applied by the catheter or the temperature of the ablation target. St. Jude and Biosense Webster Inc. ("Biosense") are currently the only suppliers of lesion-assessing ablation catheters in the U.S. market. Advanced Cardiac Therapeutics, Inc. ("ACT") is developing lesion-assessing ablation catheter products that would compete directly with the lesion-assessing ablation catheters offered by St. Jude and Biosense in the United States. Abbott and ACT entered into a strategic partnership to develop lesion-assessing ablation catheters.

## V.EFFECTS OF THE ACQUISITION

10. The effects of the Acquisition, if consummated, may be to substantially lessen competition and to tend to create a monopoly in the relevant market in violation of Section 7 of the Clayton Act, as amended, 15 U.S.C. § 18, and Section 5 of the FTC Act, as amended, 15 U.S.C. § 45, in the following ways, among others:

a. by eliminating actual competition between Abbott and St. Jude in the U.S. market for vascular closure devices;

b. by eliminating actual competition between Abbott and St. Jude in the U.S. market for steerable sheaths;

c. by eliminating potential competition between Abbott/ACT and St. Jude in the U.S. market for lesion-assessing ablation catheters if Abbott acquires ACT's lesion-assessing ablation catheter assets, thereby reducing additional competition that would have resulted from an additional U.S. supplier of lesion-assessing ablation catheters; and

d. by increasing the ability of the merged entity to raise prices unilaterally in the relevant markets.

## VI.ENTRY CONDITIONS

11. Entry into the relevant markets described in Paragraph 5 would not be timely, likely, or sufficient in magnitude, character, and scope to deter or counteract the anticompetitive effects of the Acquisition. De novo entry would not take place in a timely manner because the product development times and FDA approval requirements are lengthy. Although a limited number of firms other than Respondents may begin competing in some relevant markets in the future, such entry would not be timely or sufficient to prevent the competitive harm likely to result from the Acquisition.

## VII. VIOLATIONS CHARGED

12. The Agreement and Plan of Merger described in Paragraph 4 constitutes a violation of Section 5 of the FTC Act, as amended, 15 U.S.C. § 45.

13. The Acquisition described in Paragraph 4, if consummated, would constitute a violation of Section 7 of the Clayton Act, as amended, 15 U.S.C. § 18, and Section 5 of the FTC Act, as amended, 15 U.S.C. § 45.

**WHEREFORE, THE PREMISES CONSIDERED,** the Federal Trade Commission on this twenty-seventh day of December, 2016 issues its Complaint against said Respondents.

By the Commission.

## ORDER TO MAINTAIN ASSETS

The Federal Trade Commission ("Commission"), having initiated an investigation of the proposed merger of Respondent Abbott Laboratories ("Abbott") and Respondent St. Jude Medical, Inc. ("St. Jude"), hereinafter referred to as "Respondents," and Respondents having been furnished thereafter with a copy of a draft of the Complaint that the Bureau of Competition proposed to present to the Commission for its consideration and which, if issued by the Commission, would charge Respondents with violations of Section 7 of the Clayton Act, as amended, 15 U.S.C. § 18, and Section 5 of the Federal Trade Commission Act, as amended, 15 U.S.C. § 45; and

Respondents, their attorneys, and counsel for the Commission having thereafter executed an Agreement Containing Consent Orders ("Consent Agreement"), containing an admission by Respondents of all the jurisdictional facts set forth in the aforesaid draft of the Complaint, a statement that the signing of said Consent Agreement is for settlement purposes only and does not

constitute an admission by Respondents that the law has been violated as alleged in such Complaint, or that the facts as alleged in such Complaint, other than jurisdictional facts, are true, and waivers and other provisions as required by the Commission's Rules; and

The Commission having thereafter considered the matter and having determined accept the executed Consent Agreement and to place such Consent Agreement on the public record for a period of thirty (30) days for the receipt and consideration of public comments, now in further conformity with the procedure described in Commission Rule 2.34, 16 C.F.R. § 2.34, the Commission hereby issues its Complaint, this Order the Maintain Assets and makes the following jurisdictional findings:

1. Respondent Abbott Laboratories is a corporation organized, existing and doing business under and by virtue of the laws of the State of Illinois, with its offices and principal place of business located at 100 Abbott Park Road, Abbott Park, Illinois 60064-6400.

4. Making available for use by each of the respective Divestiture Product Businesses funds sufficient to perform all routine maintenance and all other maintenance as may be necessary to, and all replacements of, the assets related to such Divestiture Product Business; and

5. Providing such support services to each of the respective Divestiture Product Businesses as were being provided to such Divestiture Product Business(es) by Respondents as of the date the Consent Agreement was signed by Respondents.

4. The Divestiture Trustee shall use commercially reasonable best efforts to negotiate the most favorable price and terms available in the contract that is submitted to the Commission, subject to Respondents' absolute and unconditional obligation to divest expeditiously and at no minimum price. The divestiture(s) shall be made in the manner and to an acquirer as required by this Order; *provided, however*, if the Divestiture Trustee receives bona fide offers from more than one acquiring entity for any of the Assets to be Divested, and if the Commission determines to approve more than one such acquiring entity, the Divestiture Trustee shall divest to the acquiring entity selected by Respondents from among those approved by the Commission; *provided further* that Respondents shall select such entity within five (5) days after receiving notification of the Commission's approval;

5. The Divestiture Trustee shall serve, without bond or other security, at the cost and expense of Respondents, on such reasonable and customary terms and conditions as the Commission or a court may set. The Divestiture Trustee shall have the authority to employ, at the cost and expense of Respondents, such consultants, accountants, attorneys, investment bankers, business brokers,

appraiser, and other representatives and assistants as are necessary to carry out the Divestiture Trustee's duties and responsibilities. The Divestiture Trustee shall account for all monies derived from the divestiture(s) and all expenses incurred. After approval by the Commission and, in the case of a court-appointed Divestiture Trustee, by the court, of the account of the Divestiture Trustee, including fees for the Divestiture Trustee's services, all remaining monies shall be paid at the direction of the Respondents, and the Divestiture Trustee's power shall be terminated. The compensation of the Divestiture Trustee shall be based at least in significant part on a commission arrangement contingent on the divestiture of all of the relevant assets that are required to be divested by this Order;

6. Respondents shall indemnify the Divestiture Trustee and hold the Divestiture Trustee harmless against any losses, claims, damages, liabilities, or expenses arising out of, or in connection with, the performance of the Divestiture Trustee's duties, including all reasonable fees of counsel and other expenses incurred in connection with the preparation for, or defense of, any claim, whether or not resulting in any liability, except to the extent that such losses, claims, damages, liabilities, or expenses result from gross negligence, willful or wanton acts, or bad faith by the Divestiture Trustee;

7. The Divestiture Trustee shall have no obligation or authority to operate or maintain the relevant assets required to be assigned, granted, licensed, divested, transferred delivered or otherwise conveyed by this Order; *provided, however,* that the Divestiture Trustee appointed pursuant to this Paragraph may be the same Person appointed as Monitor pursuant to the relevant provisions of the Orders;

8. The Divestiture Trustee shall report in writing to Respondents and to the Commission every sixty (60) days concerning the Divestiture Trustee's efforts to accomplish the divestiture(s); and

9. Respondents may require the Divestiture Trustee and each of the Divestiture Trustee's consultants, accountants, attorneys and other representatives and assistants to sign a customary confidentiality agreement; *provided, however*, such agreement shall not restrict the Divestiture Trustee from providing any information to the Commission.

E. The Commission may, among other things, require the Divestiture Trustee and each of the Divestiture Trustee's consultants, accountants, attorneys and other representatives and assistants to sign an appropriate confidentiality agreement related to Commission materials and information received in connection with the performance of the Divestiture Trustee's duties.

F. If the Commission determines that a Divestiture Trustee has ceased to act or failed to act diligently, the Commission may appoint a substitute Divestiture Trustee in the same manner as provided in this Paragraph.

G. The Commission, or in the case of a court-appointed Divestiture Trustee, the court, may on its own initiative or at the request of the Divestiture Trustee issue such additional orders or directions as may be necessary or appropriate to accomplish the divestiture(s) required by this Order.

## V.

**IT IS FURTHER ORDERED** that, for a period of ten (10) years from the date this Order is issued, Respondents shall not, acquire, directly or indirectly, through subsidiaries or otherwise, any ownership, leasehold, or other interest, in whole or in part, in ACT or the assets of the ACT, without providing advance written notice to the Commission.

The prior notification required by this Paragraph shall be given on the Notification and Report Form set forth in the Appendix to Part 803 of Title 16 of the Code of Federal Regulations as amended (hereinafter referred to as the "Notification"), and shall be prepared and transmitted in accordance with the requirements of that part, except that no filing fee will be required for any such Notification; Notification shall be filed with the Secretary of the Commission; Notification need not be made to the Department of Justice; and Notification is required only of the Respondents and not of any other party to the transaction. Respondents shall provide two (2) complete copies (with all attachments and exhibits) of the Notification to the Commission at least thirty (30) days prior to consummating any such transaction (hereafter referred to as the "first waiting period"). If, within the first waiting period, representatives of the Commission make a written request for additional information or documentary material (within the meaning of 16 C.F.R. § 802.20), Respondents shall not consummate the transaction until thirty (30) days after substantially complying with such request. Early termination of the waiting periods in this Paragraph may be requested by Respondents and, where appropriate, granted by a letter from the Commission's Bureau of Competition; *provided however*, that prior notification shall not be required by this Paragraph for a transaction for which notification is required to be made, and has been made, pursuant to Section 7A of the Clayton Act, 15 U.S.C. § 18a.

## VI.

**IT IS FURTHER ORDERED** that:

A. Any Remedial Agreement shall be deemed incorporated into this Order.

B. Any failure by Respondents to comply with any term of such Remedial Agreement shall constitute a failure to comply with this Order.

C. Respondents shall include in each Remedial Agreement a specific reference to this Order, the remedial purposes thereof, and provisions to reflect the

full scope and breadth of each Respondent's obligations to the Acquirer(s) pursuant to this Order.

D. Respondents shall not seek, directly or indirectly, pursuant to any dispute resolution mechanism incorporated in any Remedial Agreement, or in any agreement related to the Assets to be Divested, a decision the result of which would be inconsistent with the terms of this Order or the remedial purposes thereof.

E. Respondents shall not modify or amend any of the terms of any Remedial Agreement without the prior approval of the Commission, except as otherwise provided in Rule 2.41(f)(5) of the Commission's Rules of Practice and Procedure, 16 C.F.R. §2.41(f)(5). Notwithstanding any term of the Remedial Agreement(s), any modification or amendment of any Remedial Agreement made without the prior approval of the Commission, or as otherwise provided in Rule 2.41(f)(5), shall constitute a failure to comply with this Order.

## VII.

**IT IS FURTHER ORDERED** that:

A. Within five (5) days of the Acquisition, Respondents shall submit a letter certifying the date on which the Acquisition occurred (the "Acquisition Date").

B. Within ten (10) days after the date this Order is issued, Respondents shall provide a copy of this Order to each of Respondents' officers, employees, or agents having managerial responsibility for any of Respondents' obligations under Paragraphs II through V of this Order.

C. Within thirty (30) days after the date this Order is issued, and every thirty (30) days thereafter until Respondents have fully complied with Paragraphs II.A. and II.B. of this Order, and every sixty (60) days

thereafter until Respondents have fully complied with Paragraphs II.C., II.D., II.E.1., II.E.2., II.E.3., II.E.6., II.F.1., II.F.2., II.F.3., II.F.4., II.G., III., VII.A., and VII.B. of this Order, Respondents shall submit to the Commission a verified written report setting forth in detail the manner and form in which they intend to comply, are complying, and have complied with this Order. Respondents shall include in their reports, among other things that are required from time to time: (1) a full description of the efforts being made to comply with this Order; (2) a detailed description of the plans and actions taken to divest and transfer the relevant assets and rights; (3) a detailed description of the plans and actions taken to deliver all Confidential Business Information to the Acquirer; and (4) a description of Respondents' provision of Transition Services and Products pursuant to the Remedial Agreement, including any Transition Services Agreement and Transitional Manufacturing and Supply Agreement.

D. Respondents shall submit to the Monitor, if one has been appointed, a copy of each report at the same time such report is submitted to the Commission.

E. One (1) year after the date this Order is issued, annually for the next nine (9) years on the anniversary of the date this Order is issued, and at other times as the Commission may require, Respondents shall file a verified written report with the Commission setting forth in detail the manner and form in which they have complied and are complying with this Order. Respondents shall submit at the same time a copy of these reports to the Monitor.

## VIII.

**IT IS FURTHER ORDERED** that Respondents shall notify the Commission at least thirty (30) days prior to:

A. Any proposed dissolution of a Respondent;

B. Any proposed acquisition, merger, or consolidation of Respondents; or

C. Any other change in Respondents, including, but not limited to, assignment and the creation or dissolution of subsidiaries, if such change might affect compliance obligations arising out of the Order.

## IX.

**IT IS FURTHER ORDERED** that, for the purpose of determining or securing compliance with this Order, and subject to any legally recognized privilege, and upon written request and upon five (5) days' notice to a Respondent, that Respondent shall, without restraint or interference, permit any duly authorized representative of the Commission:

A. Access, during office hours of the Respondent, and in the presence of counsel, to all facilities and access to inspect and copy all books, ledgers, accounts, correspondence, memoranda, and all other records and documents in the possession, or under the control, of Respondents relating to compliance with this Order, which copying services shall be provided by Respondents at their expense; and

B. To interview officers, directors, or employees of the Respondent, who may have counsel present, regarding such matters.

## X.

**IT IS FURTHER ORDERED** that this Order shall terminate on February 14, 2027.

By the Commission.

# ANALYSIS OF CONSENT ORDER TO AID PUBLIC COMMENT

## INTRODUCTION

The Federal Trade Commission ("Commission") has accepted, subject to final approval, an Agreement Containing Consent Orders ("Consent Agreement") from Abbott Laboratories ("Abbott") and St. Jude Medical, Inc. ("St. Jude") that is designed to remedy the anticompetitive effects that otherwise would have resulted from Abbott's proposed acquisition of St. Jude. Under the terms of the proposed Consent Agreement, the parties are required to divest St. Jude's vascular closure device business and Abbott's steerable sheath business to Terumo Corporation ("Terumo"). Abbott is also required to provide notice if it intends to acquire the assets of Advanced Cardiac Therapeutics, Inc. ("ACT").

The Consent Agreement has been placed on the public record for thirty days to solicit comments from interested persons. Comments received during this period will become part of the public record. After thirty days, the Commission will again review the Consent Agreement, along with the comments received, and decide whether it should withdraw from the Consent Agreement, modify it, or make final the Decision and Order ("Order").

Pursuant to an Agreement and Plan of Merger dated April 27, 2016, Abbott proposes to acquire St. Jude in exchange for cash and stock valued at approximately $25 billion (the "Proposed Acquisition"). The Commission's Complaint alleges that the Proposed Acquisition, if consummated, would violate Section 7 of the Clayton Act, as amended, 15 U.S.C. § 18, and Section 5 of the Federal Trade Commission Act, as amended, 15 U.S.C. § 45, by lessening competition in the U.S. markets for vascular closure devices, steerable sheaths, and lesion-assessing ablation catheters. The proposed Consent Agreement will remedy the alleged violations by preserving the competition that would otherwise be eliminated by the Proposed Acquisition.

Analysis to Aid Public Comment

## THE PARTIES

Headquartered in Abbott Park, Illinois, Abbott is a global health care company that offers a large portfolio of vascular products, including coronary, endovascular, vascular closure, electrophysiology, and structural heart devices.

St. Jude, headquartered in St. Paul, Minnesota, is a leading manufacturer of vascular products and medical devices. St. Jude's vascular products include vascular closure devices, pressure measurement guidewires, percutaneous catheter introducers, heart failure monitoring devices, cardiac mapping and navigation systems, diagnostic catheters, ablation catheters, and introducer sheaths.

## THE RELEVANT PRODUCTS AND STRUCTURE OF THE MARKETS

Vascular closure devices are used to close arterial holes resulting from vascular catheterization procedures. Physicians perform these catheterization procedures to diagnose or treat a cardiovascular condition. Typically, physicians access the femoral artery and direct a specialized catheter to the heart or peripheral arteries to deploy a balloon, diagnose an arrhythmia, or insert a stent or other device. The procedures leave a hole in the artery that must be closed quickly after the catheter is removed. Vascular closure devices provide a fast and effective way for physicians to close these holes while minimizing complications and the time patients must spend recovering from the procedure. Abbott and St. Jude are the two largest suppliers of vascular closure devices in the United States, with a combined market share of over 70%. The only other firms that supply vascular closure devices in the U.S. market are Cardinal Health, Inc. and Cardiva Medical, Inc.

Steerable sheaths are used in electrophysiology procedures to treat complex heart arrhythmias, such as atrial fibrillation. Unlike a fixed sheath, the tip of a steerable sheath is deflectable, which provides better maneuverability and stability for an ablation catheter. Steerable sheaths allow physicians to more easily puncture the transseptal wall of the heart and guide the sheath and catheter into the left atrium or ventricle of the heart. St. Jude is,

by far, the largest supplier of steerable sheaths in the U.S. market. Abbott recently entered this market through its acquisition of Kalila Medical, Inc. ("Kalila") in early 2016. Other suppliers in this market, though not recent entrants, have low single-digit market shares.

Lesion-assessing ablation catheters are used during ablation procedures to treat heart arrhythmias. They also provide feedback to physicians regarding the force being applied by the catheter or the temperature of the ablation target. These products are becoming more important, and more frequently used, as physicians treat more cases of complex atrial fibrillation. Currently, only St. Jude and Biosense Webster Inc. ("Biosense") provide lesion-assessing ablation catheters in the United States. Abbott and ACT entered into a strategic partnership to develop lesion-assessing ablation catheters.

The United States is the relevant geographic market in which to assess the competitive effects of the Proposed Acquisition. Vascular closure devices, steerable sheaths, and lesion-assessing ablation catheters are all medical devices that are regulated by the FDA. Products that are sold outside the United States, but not approved for sale in the United States, are not alternatives for U.S. consumers.

## EFFECTS OF THE ACQUISITION

The Proposed Acquisition would cause significant competitive harm in the U.S. markets for vascular closure devices, steerable sheaths, and lesion-assessing ablation catheters. For vascular closure devices, the merger would combine the largest and second-largest suppliers in the United States. The merger would eliminate the substantial price competition that currently exists between these competitors.

In the market for steerable sheaths, St. Jude is currently the largest supplier in the United States and has held a near-monopoly position in this market for over a decade. Abbott entered this market recently and its product is well positioned to compete head-to-head with St. Jude. The Proposed Acquisition would eliminate the competition that would have occurred between Abbott and St. Jude in this market.

Finally, if Abbott acquires ACT's lesion-assessing ablation catheter assets, it could eliminate potential competition in the U.S. market for lesion-assessing ablation catheters. ACT's lesion-assessing ablation catheter currently in development would compete directly with offerings from St. Jude and Biosense. It would thus be the third competitor in the highly-concentrated U.S. market for lesion-assessing ablation catheters. Abbott's acquisition of the ACT assets would reduce the additional competition that would have resulted from an additional U.S. supplier of lesion-assessing ablation catheters.

## ENTRY

Entry into the U.S. markets for vascular closure devices, steerable sheaths, and lesion-assessing ablation catheters would not be timely, likely, or sufficient in magnitude, character, and scope to deter or counteract the anticompetitive effects of the Proposed Acquisition. The development process for each of these devices is difficult, time-consuming, and expensive. It can take tens of millions of dollars of research and development, significant further funding for clinical trials, and an extensive amount of time to even reach the stage of applying to the FDA for approval. The regulatory approval process itself can also be time-consuming as the FDA reviews the volume of material and data a company submits in support of its application.

## THE CONSENT AGREEMENT

The Consent Agreement remedies the competitive concerns raised by Abbott's proposed acquisition of St. Jude by requiring that the parties divest to Terumo all of the assets and resources needed for it to become an independent, viable, and effective competitor in the U.S. markets for vascular closure devices and steerable sheaths. It also requires Abbott to provide notice if it intends to acquire ACT's lesion-assessing ablation catheter assets.

Terumo possesses the industry experience and reputation necessary to replace competition that would be lost in the U.S. markets for vascular closure devices and steerable sheaths. Terumo is headquartered in Tokyo, Japan. It has been active in the U.S. medical device market for over thirty years and has a U.S. subsidiary based in Somerset, New Jersey. Terumo offers a

portfolio of products that are highly complementary to the vascular closure and steerable sheath products being acquired but does not sell any competing products. Through its Interventional Systems business unit, Terumo manufactures and sells guidewires, catheters, and sheaths, as well as other vascular access devices. As a result, it currently sells its products to many of the same customers as Abbott and St. Jude. Terumo is thus well positioned to restore the benefits of competition that would be lost through the Proposed Acquisition.

Pursuant to the Order, Terumo will receive all rights and assets related to St. Jude's vascular closure device business and Abbott's steerable sheath business, including all of the intellectual property used in those businesses. In addition, Terumo will take over part of the facility in Caguas, Puerto Rico where St. Jude currently manufactures most of its vascular closure device products. In order to ensure continuity of supply for certain vascular closure devices and components that are not currently manufactured in the Puerto Rico facility, the Order requires that St. Jude supply Terumo with finished vascular closure devices and components for up to two years while Terumo transitions to independent manufacturing.

To ensure that the divestiture is successful, the Order requires the parties to enter into a transitional services agreement with Terumo to assist the company in establishing its manufacturing capabilities. Further, the Order requires that the parties transfer all confidential business information to Terumo, as well as provide access to employees who possess or are able to identify such information. Terumo also will have the right to interview and offer employment to employees associated with St. Jude's vascular closure device business and Abbott's steerable sheath business.

The parties must accomplish the divestiture no later than forty-five days after the consummation of the Proposed Acquisition. If the Commission determines that Terumo is not an acceptable acquirer, or that the manner of the divestiture is not acceptable, the Order requires the parties to unwind the sale and accomplish the divestiture within 180 days of the date the Order becomes final to another Commission-approved acquirer.

Analysis to Aid Public Comment

To ensure compliance with the Order, the Commission has agreed to appoint an Interim Monitor to ensure that Abbott and St. Jude comply with all of their obligations pursuant to the Consent Agreement and to keep the Commission informed about the status of the transfer of the rights and assets to Terumo. Further, the Order allows the Commission to appoint a Divestiture Trustee to accomplish the divestiture should the parties fail to comply with their divestiture obligations. Lastly, the Order terminates after ten years.

The purpose of this analysis is to facilitate public comment on the proposed Consent Agreement, and it is not intended to constitute an official interpretation of the proposed Order or to modify its terms in any way.

Complaint

**IN THE MATTER OF**

# COOPERATIVA DE MÉDICOS OFTALMÓLOGOS DE PUERTO RICO

CONSENT ORDER, ETC. IN REGARD TO ALLEGED VIOLATIONS OF SECTION 5 OF THE FEDERAL TRADE COMMISSION ACT

*Docket No. C-4603; File No. 141 0194*
*Complaint, February 27, 2017 – Decision, February 27, 2017*

This consent order addresses Cooperativa de Médicos Oftalmólogos de Puerto Rico's agreement among competing ophthalmologists to refuse to deal with MCS Advantage, Inc., a payor, and Eye Management of Puerto Rico, MCS's network administrator. The complaint alleges that Cooperativa de Médicos Oftalmólogos de Puerto Rico violated Section 5 of the Federal Trade Commission Act by orchestrating a concerted refusal to deal by ophthalmologists in Puerto Rico to preclude a third-party payor and its network administrator from implementing a cost-savings program to manage ophthalmology services and reduce reimbursement rates. The consent order prohibits Cooperativa de Médicos Oftalmólogos de Puerto Rico from organizing or implementing agreements to refuse to deal, or to threaten to refuse to deal, with a payor over contract terms, as well as agreements not to deal individually with payors, or to deal only through Cooperativa de Médicos Oftalmólogos de Puerto Rico.

*Participants*

For the *Commission*: *Robert S. Canterman, Synda Mark, Gary H. Schorr,* and *Steve Vieux.*

For the *Respondent*: *Omar Martinez, Martinez & Martinez; Luis Martinez; Veronica Ferraiuoli, Estudio Legal Ferraiuoli; David Balto* and *Bradley A Wasser, Law Offices of David A.·Balto.*

## COMPLAINT

Pursuant to the provisions of the Federal Trade Commission Act, as amended, 15 U.S.C. § 41, *et seq.*, and by virtue of the authority vested in it by said Act, the Federal Trade Commission ("Commission"), having reason to believe that Cooperativa de Médicos Oftalmólogos de Puerto Rico ("OFTACOOP"), hereinafter referred to as "Respondent," has violated Section 5 of the Federal Trade Commission Act, 15 U.S.C. § 45, and it

appearing to the Commission that a proceeding by it in respect thereof would be in the public interest, hereby issues this Complaint, stating its charges in that respect as follows:

## NATURE OF THE CASE

1. This matter concerns an agreement among competing ophthalmologists to refuse to deal with a health plan that tried to establish a lower-cost provider network for its members who sought medical treatment for eye problems in the Commonwealth of Puerto Rico.

2. Respondent OFTACOOP is a healthcare cooperative in Puerto Rico composed of about 100 member ophthalmologists. Respondent orchestrated an agreement among competing ophthalmologists not to deal with a health plan, MCS Advantage, Inc. ("MCS"), and its network administrator Eye Management of Puerto Rico ("Eye Management"). Respondent's concerted refusal to deal succeeded. MCS had to abandon its plans to have Eye Management create a lower-cost network of ophthalmologists.

3. OFTACOOP has not undertaken any efficiency-enhancing integration among its members sufficient to justify the challenged conduct.

4. The Respondent's illegal conduct unreasonably restrained prices and other forms of competition among otherwise-independent ophthalmologists in Puerto Rico.

## RESPONDENT

5. OFTACOOP is a not-for-profit corporation organized, existing, and doing business as a cooperative under and by virtue of the laws of the Commonwealth of Puerto Rico with its principal address at 1250 Ponce de Leon Avenue, Suite #906, San Juan, Puerto Rico 00907. OFTACOOP is a healthcare cooperative of composed of more than 50% of the physicians practicing ophthalmology throughout Puerto Rico.

## JURISDICTION

6. OFTACOOP is organized for the purpose of serving the interests of its members. OFTACOOP exists and operates, and at all times relevant to this Complaint, has existed and operated, for the pecuniary benefits of its members.

7. At all times relevant herein, OFTACOOP's members have provided ophthalmology services to people for a fee. Except to the extent that Respondent has restrained competition as alleged herein, OFTACOOP's members have competed with one another to provide ophthalmology services to patients for a fee.

8. Respondent is a "corporation" within the meaning of Section 4 of the Federal Trade Commission Act, as amended, 15 U.S.C. § 44.

9. The acts and practices of Respondent, including the acts and practices alleged herein, are in commerce or affect commerce, as "Section 4 of the Federal Trade Commission Act, 15 U.S.C. § 44, defines "commerce".

## OVERVIEW OF CONTRACTING AMONG PHYSICIANS, PAYORS, AND NETWORK ADMINISTRATORS

10. Individual physicians and physician group practices, including ophthalmologists and ophthalmologist group practices, often contract with payors of healthcare services and benefits, including health insurers, managed care organizations, and others to establish the terms and conditions, including price and other competitively significant terms, under which they will provide services to the payors' enrollees.

11. Physicians entering into a payor contract often agree to discount or lower their reimbursement rates in exchange for access to additional patients made available by that payor's relationship with its subscribers. The contract with physicians may reduce the payor's costs and enable it to lower the price of health insurance and reduce patients' out-of-pocket medical care expenditures.

12. Absent anticompetitive agreements among them, otherwise-competing physicians unilaterally decide whether to contract with a payor to provide services to individuals covered by that payor's health plan(s), and what prices and other terms they will accept as payment for their services pursuant to such contracts.

13. In some instances, physicians and payors contract with network administrators. Network administrators provide various services to payors, including assembling provider panels, assuming financial risk, and offering administrative services such as credentialing, utilization management, and claims processing services. While many payors conduct these functions in-house, they may also contract with a network administrator to perform some or all of these services in exchange for a fee. These contracts with a network administrator may reduce payors' costs and may enable payors to lower the price of health insurance and reduce patients' out-of-pocket medical care expenses.

14. Physicians contracting with a network administrator often agree to discount or lower their reimbursement rates in exchange for access to additional patients made available by that network administrator's relationship with health-plan subscribers. These contracts with physicians may reduce a network administrator's costs and enable it to provide services to individuals covered by a payor's health plan at a lower cost than the health plan is able to provide on its own.

## ANTICOMPETITIVE CONDUCT

### Payor MCS Retained Network Administrator Eye Management to Help Lower Costs of Ophthalmology Services

15. MCS, a payor, provides healthcare services to enrollees of its Medicare Advantage plans pursuant to a contract with Medicare. Medicare pays MCS a premium; in exchange, MCS arranges and pays for healthcare services for its enrollees.

16. To participate in the Medicare Advantage program, MCS must offer a network with a sufficient number of physicians because the network must comply with the program's requirement of providing adequate access to healthcare services for its

Medicare Advantage enrollees. In 2014, MCS therefore needed a certain number of ophthalmologists in its network to meet the program's requirement of adequate access.

17. As of April 2014, MCS contracted directly with approximately 200 ophthalmologists in Puerto Rico to provide ophthalmology services to its Medicare Advantage enrollees.

18. MCS sought to lower its costs after Medicare reduced the premiums it was paying to MCS. In April 2014, MCS asked Eye Management, a network administrator, to create and manage a network of ophthalmologists in Puerto Rico to help lower costs and better manage ophthalmology services provided to its Medicare Advantage enrollees. Eye Management is part of a group of privately owned, affiliated companies that create provider networks and offer credentialing, utilization management, and claims processing services in Puerto Rico, Florida, Georgia, and New Jersey to help improve the efficiency and reduce the costs of providing healthcare services to health-plan enrollees.

19. Under its arrangement with Eye Management, MCS would pay Eye Management a capitated rate (i.e., a set dollar amount per MCS enrollee per month) in exchange for Eye Management assuming financial and operational responsibility for managing ophthalmology services and benefits for MCS Medicare Advantage enrollees. Specifically, Eye Management would enter into new contracts directly with ophthalmologists to replace MCS's existing contracts with each ophthalmologist. In addition, Eye Management would administer ophthalmology services and benefits provided to MCS enrollees, including credentialing, utilization review, claims processing, and other management services.

20. On or about June 4, 2014, MCS sent a letter to OFTACOOP members and other ophthalmologists in its network explaining its arrangement with Eye Management. On or about June 8, 2014, Eye Management sent a proposed contract to each ophthalmologist under which Eye Management offered to pay the ophthalmologist at rates that were about 10% lower, on average, than the rates under the existing contracts between MCS and each ophthalmologist.

**Collective Refusal to Deal Defeated the Eye Management Network and Forced MCS to Maintain Higher Rates**

21. In response to the letters from MCS and Eye Management, OFTACOOP convened a meeting on June 14, 2014. Under the leadership of OFTACOOP's president, a number of OFTACOOP member and non-member ophthalmologists, including a former secretary of the Board of Directors, attended the meeting. At the meeting, the ophthalmologists discussed their dissatisfaction with Eye Management and MCS, and their refusal to accept Eye Management's proposed contract.

22. The ophthalmologists who attended the meeting agreed not to sign new contracts with Eye Management in order to prevent Eye Management from creating the new network.

23. Within hours after the meeting, the former secretary of the Board, with the assistance of OFTACOOP's president, drafted and sent an email to more than 100 OFTACOOP member and non-member ophthalmologists with the subject line "**DO NOT SIGN THE MCS/EYE MANAGEMENT CONTRACT**." The email was signed "**Board of Directors OFTACOOP"** and sent from the email account "oftacoop@gmail.com." The email informed the recipients that the ophthalmologists reached an agreement "**of NOT SIGNING the contract**" at the June 14, 2014 meeting and that they "**ALL NEEDED TO BE UNITED TO STOP THE TRAMPLING FROM THE MEDICAL PLANS.**" The email also urged the ophthalmologists not to sign the contract with Eye Management so they could collectively negotiate with payors through OFTACOOP.

24. Eye Management's medical director was one of the recipients of the email. Eye Management believed that OFTACOOP was directly interfering with Eye Management's plans to develop an ophthalmology network in Puerto Rico. In response, on June 19, 2014, Eye Management's counsel sent OFTACOOP a cease-and-desist letter urging OFTACOOP to stop interfering with negotiations between Eye Management and individual ophthalmologists. The letter also notified OFTACOOP that any agreement among competing ophthalmologists to jointly refuse to contract with Eye Management was illegal under the antitrust laws.

25. OFTACOOP next met on June 22, 2014. The stated purpose of that meeting, according to the June 14, 2014 email, was "to turn this around and for us to trample over MCS." At the meeting, OFTACOOP's president told the attendees they should make their own decisions. But he did not tell them that a collective refusal to deal with Eye Management violated the antitrust laws. Indeed, despite the cease-and-desist letter from Eye Management, the former secretary of the Board told the attendees that they had to be united against Eye Management.

26. Respondent's efforts to unite the ophthalmologists against Eye Management had the desired effect. While some ophthalmologists initially told Eye Management they would sign a contract with Eye Management, the positive response quickly came to a halt after the June 14, 2014 OFTACOOP meeting and email. Some ophthalmologists told Eye Management that they would not accept the proposed contract until they received further instructions from OFTACOOP. Another ophthalmologist told Eye Management he would not sign the Eye Management contract because that was the agreement reached among OFTACOOP members and others. In the end, only a few ophthalmologists joined the Eye Management network. The final number of contracting ophthalmologists was well below what MCS needed in its network to meet network adequacy requirements under the Medicare Advantage program.

27. This was the first time Eye Management and its affiliates had encountered a widespread unwillingness by providers to join their networks. In fact, Eye Management and its affiliates have successfully created provider networks for at least six different medical specialties in several states, even when offering providers lower reimbursement than they had previously received under their contracts with health plans. In fact, the same year Eye Management was unable to contract with ophthalmologists because of Respondent's conduct, it successfully assembled a network of 350 optometrists in Puerto Rico.

28. The collective refusal to deal thwarted Eye Management's efforts to create a lower-cost network of ophthalmologists on behalf of MCS. In early August 2014, Eye Management informed MCS that it had been unable to form a viable network of

ophthalmologists. MCS directed Eye Management to suspend further efforts to do so.

29. Having no choice but to abandon its cost-savings arrangement with Eye Management, MCS tried another approach to lower costs and better manage care. In early August 2014, MCS sent a letter to each ophthalmologist agreeing to continue contracting directly with the ophthalmologist. MCS informed the ophthalmologists that it would delegate only certain administrative functions to Eye Management. Faced with declining premium payments from the Medicare program to provide services to Medicare Advantage enrollees, MCS offered rates about 10% below the rates under its existing contracts with the ophthalmologists.

30. Just as they had rejected Eye Management's proposed contracts, many ophthalmologists refused to accept MCS's offer and cancelled, or threatened to cancel, their contracts with MCS. Out of approximately 200 contracted ophthalmologists, more than half cancelled their contracts with MCS between July 2014 and August 2014. Almost all of the ophthalmologists who sent cancellation letters were OFTACOOP members.

31. The contract cancellations jeopardized MCS's ability to include a sufficient number of ophthalmologists in its network needed to meet adequate access requirements for its Medicare Advantage enrollees. It also threatened to imperil patient care: MCS received hundreds of phone calls from its enrollees complaining that some ophthalmologists were either not offering appointments or cancelling previously scheduled surgeries.

32. With the ophthalmologists standing firm in their agreement not to participate in any lower-cost arrangement with MCS, MCS met with OFTACOOP's president, the former secretary of the Board, and other ophthalmologists to try to resolve the impasse. During a meeting in September 2014, the ophthalmologists made clear that OFTACOOP remained united in opposing MCS's efforts to contract at lower rates. MCS therefore had no choice but to abandon its plan to reduce rates and instead continued paying the higher rates to the ophthalmologists to retain its provider network for its Medicare Advantage members. Had MCS been able to lower the rates it paid to ophthalmologists, it

may have been able to benefit consumers in two ways: (i) pass savings along to its members in the form of lower out-of-pocket medical expenditures, or (ii) refrain from potentially decreasing benefits or increasing out-of-pocket expenditures.

33. Through its concerted conduct, Respondent restrained competition by collectively refusing to deal with Eye Management and MCS. The purpose and effect of the concerted refusal to deal was to prevent Eye Management from creating a network of ophthalmologists on behalf of MCS and to defeat MCS's attempt to lower the costs of ophthalmology services provided to Medicare Advantage enrollees.

## RESPONDENT'S CONDUCT IS NOT LEGALLY JUSTIFIED

34. Respondent's conduct described above has not been, and is not, reasonably related to achieving any efficiency-enhancing integration. Respondent has not undertaken any activities to create any integration among OFTACOOP members in their delivery of ophthalmology services and thus cannot justify the conduct described above.

## ANTICOMPETITIVE EFFECTS

35. Respondent's actions described in paragraphs 23 through 34 have had the purpose and effect of unreasonably restraining trade and hindering competition in the provision of ophthalmology services in the Commonwealth of Puerto Rico in the following ways, among others:

a. unreasonably restraining price and other forms of competition among ophthalmologists;

b. increasing costs for ophthalmology services;

c. depriving payors and individual consumers access to a lower-cost network of ophthalmologists; and

d. depriving consumers of the benefits of competition among ophthalmologists.

## VIOLATION CHARGED

36. The acts and practices described above constitute unfair methods of competition in violation of Section 5 of the Federal Trade Commission Act, as amended, 15 U.S.C. § 45. Such acts and practices, or the effects thereof, will recur in the absence of the relief herein requested.

**WHEREFORE, THE PREMISES CONSIDERED,** the Federal Trade Commission on this twenty-seventh day of February, 2017, issues its Complaint against the Cooperativa de Médicos Oftalmólogos de Puerto Rico.

## ANALYSIS OF CONSENT ORDER TO AID PUBLIC COMMENT

### I. Overview

The Federal Trade Commission (Commission), has accepted, subject to final approval, an agreement containing a proposed consent order with the Cooperativa de Médicos Oftalmólogos de Puerto Rico (Respondent or OftaCoop). The agreement settles charges that OftaCoop violated Section 5 of the Federal Trade Commission Act, as amended, 15 U.S.C. § 45, by orchestrating a concerted refusal to deal by ophthalmologists in Puerto Rico to preclude a third-party payor and its network administrator from implementing a cost-savings program to manage ophthalmology services and reduce reimbursement rates.

The proposed consent order has been placed on the public record for 30 days to solicit comments from interested persons. Comments received during this period will become part of the public record. After 30 days, the Commission will again review the proposed consent order along with the comments received,

and decide whether it should withdraw from the consent agreement, modify it, or make final the proposed consent order.

The purpose of this analysis is to facilitate public comment on the proposed consent order. The analysis is not intended to constitute an official interpretation of the proposed consent order or to modify its terms in any way. Further, the proposed consent order has been entered into for settlement purposes only and does not constitute an admission by Respondent that it violated the law or that the facts alleged in the Complaint (other than jurisdictional facts) are true.

## II. The Complaint

OftaCoop is a healthcare cooperative with about 100 ophthalmologists organized under the laws of the Commonwealth of Puerto Rico. The proposed complaint charges that OftaCoop facilitated an agreement among competing ophthalmologists to refuse to deal with MCS Advantage, Inc. (MCS), a payor, and Eye Management of Puerto Rico (Eye Management), MCS's network administrator. The allegations of the proposed complaint are summarized below.

MCS provides healthcare coverage to enrollees of its Medicare Advantage plans pursuant to a contract with Medicare. Medicare pays MCS a premium; in exchange, MCS arranges and pays for healthcare services for its enrollees. To participate in the Medicare Advantage program, MCS must offer a provider network with a sufficient number of physicians to comply with the program's network adequacy requirement designed to ensure enrollees have adequate access to healthcare services. MCS sought to lower its costs after Medicare reduced the premiums it was paying to MCS.

In April 2014, MCS asked Eye Management to create and manage a network of ophthalmologists in Puerto Rico to help lower costs and better manage ophthalmology services provided to its Medicare Advantage enrollees. Eye Management would administer ophthalmology services and benefits provided to MCS enrollees, including credentialing, utilization review, claims processing, and other management services. Under the arrangement, Eye Management would enter into contracts directly

with each ophthalmologist to replace MCS's existing contracts with each ophthalmologist. In early June 2014, Eye Management sent a proposed contract to every ophthalmologist contracted with MCS at the time. These contracts offered payments at rates that were about 10% lower, on average, than the rates under the existing contracts between MCS and each ophthalmologist.

OftaCoop convened a meeting on June 14, 2014 with OftaCoop members and non-member ophthalmologists to discuss their dissatisfaction with Eye Management. The attendees agreed not to sign a new contract with Eye Management in order to prevent Eye Management from creating a network on behalf of MCS. After the meeting, OftaCoop's former Secretary of the Board of Directors, with help from OftaCoop's president, sent an email to OftaCoop member and non-member ophthalmologists with the subject line "DO NOT SIGN THE MCS/EYE MANAGEMENT AGREEMENT." The email was signed "Board of Directors OFTACOOP" and sent from OftaCoop's official email account. The email urged the ophthalmologists not to sign the contract with Eye Management so they could collectively negotiate with payors through OftaCoop.

Eye Management's medical director was one of the recipients of the email. In response to the email, Eye Management's counsel sent OftaCoop a cease-and-desist letter on June 19, 2014, asking OftaCoop to stop interfering with negotiations between Eye Management and individual ophthalmologists. The letter also notified OftaCoop that any agreement among competing ophthalmologists to jointly refuse to contract with Eye Management was illegal under the antitrust laws.

OftaCoop next met on June 22, 2014. The stated purpose of that meeting, according to the June 14, 2014 email, was "to turn this around and for us to trample over MCS." At the meeting, OftaCoop's president told the attendees they should make their own decision about payor contracting. Notwithstanding Eye Management's cease-and-desist letter, the former Secretary of the Board told the meeting attendees that they had to be united against Eye Management.

The collective refusal to deal among the ophthalmologists prevented Eye Management from creating a lower-cost network.

Few ophthalmologists joined the Eye Management network. In early August 2014, Eye Management informed MCS of its inability to form a viable network of ophthalmologists. MCS directed Eye Management to suspend further efforts to develop a network.

MCS next tried to lower costs through its direct contracts with the ophthalmologists. In early August 2014, MCS offered to continue contracting directly with the ophthalmologists at rates about 10% below rates under its existing contracts with the ophthalmologists. Just as they had rejected Eye Management's proposed contracts, many ophthalmologists refused to accept MCS's offer and cancelled, or threatened to cancel, their existing contracts with MCS. The contract cancellations jeopardized MCS's ability to meet network adequacy requirements for its Medicare Advantage enrollees. It also threatened to imperil patient care: MCS received hundreds of phone calls from its enrollees complaining that ophthalmologists were not offering appointments or cancelling previously scheduled surgeries. MCS had no choice but to abandon its plan to lower rates and instead continued paying ophthalmologists the higher rates to retain its network.

Finally, the complaint alleges that OftaCoop has not undertaken any activities to create any integration among OftaCoop members in their delivery of ophthalmology services and thus cannot justify the alleged conduct.

## III. The Proposed Consent Order

The proposed consent order is designed to prevent recurrence of the illegal conduct alleged in the complaint. The key provisions are aimed at preventing OftaCoop from using concerted refusals to deal or other coercive tactics to extract favorable contract terms from payors. The proposed consent order also takes into account a change in Puerto Rico law that authorizes healthcare cooperatives to jointly negotiate with payors. Therefore, the proposed consent order does not prohibit OftaCoop from jointly contracting with payors.

### A. Proposed consent order provisions

Paragraph II.A bars OftaCoop from organizing or implementing agreements to refuse to deal, or to threaten to refuse to deal, with a payor over contract terms, as well as agreements not to deal individually with payors, or to deal only through OftaCoop. Paragraph II.B prohibits OftaCoop from submitting for state approval any payor contract that it negotiated using acts of coercion, intimidation, boycott, or concerted refusal to deal.

The remaining portions of Paragraph II prohibit conduct that would facilitate a violation of Paragraph II.A. Paragraph II.C bars information exchanges to further conduct that violates the core prohibitions of Paragraph II. Paragraphs II.D and II.E. ban attempts and encouragement of such violations.

Paragraph III.A requires OftaCoop to send a copy of the complaint and consent order to its members, officers, directors, managers, and employees. Paragraph III.B contains notification provisions relating to future contact with its members, officers, directors, managers and employees. For five years after the date on which the consent order is issued, OftaCoop is required to distribute a copy of the consent order and complaint to each member who begins participating in OftaCoop and each person who becomes an officer director, manager, or employee. Paragraph III.B also requires OftaCoop to publish a copy of the consent order and complaint, annually for five years, on its web site, if any, or any official publication it sends to its members.

Paragraphs IV, V, and VI impose various obligations on OftaCoop to report or provide access to information to the Commission to facilitate monitoring of compliance with the consent order.

Finally, paragraph VII provides that the consent order will expire in 20 years.

### B. Impact of new Puerto Rico law on the proposed consent order and inclusion of a proviso

During the investigation, Puerto Rico passed a new law (Act 228 of December 15, 2015) permitting healthcare cooperatives

such as OftaCoop to jointly negotiate contracts with payors. Under this new law, healthcare cooperatives must file their payor agreements with the Puerto Rico Public Corporation for the Supervision and Insurance of Cooperatives (COSSEC). A committee whose members are not competitors in the market will oversee the negotiations, and must approve or disapprove each agreement.

Puerto Rico has neither issued any regulations nor do we have any record to evaluate how Puerto Rico will supervise negotiations. Therefore, the Commission is unable to assess to whether Act 228 complies with state action requirements.[2] Although it is too early to assess Puerto Rico's implementation of the new law, the Commission believes the circumstances here make it appropriate to defer to Puerto Rico's expressed intention to actively supervise joint negotiations between healthcare cooperatives and payors. Puerto Rico officials have only been recently granted that authority, and it is appropriate to allow them an opportunity to utilize that authority. As a result, the proposed consent order does not bar collective price negotiations. This is consistent with the consent order in another matter involving healthcare providers where state officials had authority to actively supervise private conduct but had not exercised it.[3]

In light of Act 228, the order also includes a proviso designed to clarify the scope of the prohibitions in Paragraph II. First, it provides that the provisions of Paragraph II do not prohibit OftaCoop, in exercising its business judgment, from rejecting a contract on behalf of its members, so long as there is no agreement between OftaCoop and any of its members that the member will refuse to deal individually (or will deal only through OftaCoop). Second, the proposed consent order does not prevent OftaCoop from exchanging information when necessary to

ADMINISTRATIVE COMPLAINT, ETC. IN REGARD TO ALLEGED VIOLATIONS OF SECTION 5 OF THE FEDERAL TRADE COMMISSION ACT AND SECTION 7 OF THE CLAYTON ACT

*Docket No. 9369; File No. 141 0231*
*Complaint, December 17, 2015 – Decision, March 20, 2017*

This case addresses the $2.2 billion acquisition by Advocate Healthcare Network of certain assets of NorthShore University HealthSystem. The complaint alleges that the acquisition would violate Section 5 of the Federal Trade Commission Act and Section 7 of the Clayton Act by significantly reducing competition in the market for general acute care inpatient hospital services in the North Shore Area, in northern Cook County and southern Lake County, in Illinois. The Order dismisses the Complaint because the respondents abandoned the proposed merger.

## COMPLAINT

Pursuant to the provisions of the Federal Trade Commission Act ("FTC Act"), and by the virtue of the authority vested in it by the FTC Act, the Federal Trade Commission ("FTC" or "Commission"), having reason to believe that Respondents Advocate Health Care Network ("AHCN"), Advocate Health and Hospitals Corporation ("AHHC," and together with AHCN,

"Advocate"), and NorthShore University HealthSystem ("NorthShore"), have executed an affiliation agreement ("Affiliation Agreement") in violation of Section 5 of the FTC Act, as amended, 15 U.S.C. § 45, which if consummated would violate Section 7 of the Clayton Act, as amended, 15 U.S.C. § 18, and Section 5 of the FTC Act, and it appearing to the Commission that a proceeding by it in respect thereof would be in the public interest, hereby issues its complaint pursuant to Section 5(b) of the FTC Act, 15 U.S.C. § 45(b), and Section 11(b) of the Clayton Act, 15 U.S.C. § 21(b), stating its charges as follows:

## I.

## NATURE OF THE CASE

1. Advocate and NorthShore are the two leading providers of general acute care ("GAC") inpatient hospital services in the northern suburbs of Chicago, Illinois. The proposed transaction between Respondents ("Transaction") would join these two hospital systems to create by far the largest hospital system in northern Cook County and southern Lake County.

2. The proposed Transaction will substantially lessen competition and cause significant harm to consumers. If Respondents consummate the Transaction, healthcare costs will rise, and the incentive to increase service offerings and improve the quality of healthcare will diminish.

3. Advocate and NorthShore are close, if not each other's closest, competitors in the North Shore area. A strategy consultant retained by NorthShore concluded that Advocate was the "#1 provider in NorthShore's service area" and "NorthShore and Advocate are the #1 or #2 players in almost every service line" in NorthShore's "core service area." Other NorthShore documents refer to Advocate as its "top," "key," "largest," "main," and "real" competitor. Moreover, both Advocate and NorthShore have a history of upgrading medical facilities, investing in new technologies, and adjusting their approach to managed care contracting because of competition from each other.

4. The Transaction will substantially lessen competition in the market for GAC inpatient hospital services sold and provided

to commercial payers (*i.e.*, health plans) and their insured members, respectively ("GAC inpatient hospital services"). The relevant geographic market in which to analyze the effects of the Transaction is the area in northern Cook County and southern Lake County, defined as the "North Shore Area." The North Shore Area is bounded by six hospitals—NorthShore Evanston Hospital, Swedish Covenant Hospital, Presence Resurrection Medical Center, Northwest Community Hospital, Advocate Condell Medical Center, and Vista Medical Center East—and contains five additional hospitals—NorthShore Glenbrook Hospital, NorthShore Highland Park Hospital, NorthShore Skokie Hospital, Advocate Lutheran General Hospital, and Northwestern Lake Forest Hospital. Collectively, Respondents own and operate more than half the GAC hospitals located within the North Shore Area.

5. Respondents are already the two largest providers, by admissions, of GAC inpatient hospital services in the North Shore Area. Respondents employ and are affiliated with large networks of physicians, offer a vast suite of GAC inpatient hospital services, and operate with additional competitive advantages over other hospitals in the North Shore Area. Post-Transaction, Respondents would control 55% of the GAC inpatient hospital services market, by admissions, in the North Shore Area, while the next largest hospital would have only 15% of this market. The Transaction would significantly increase market concentration and result in such a highly concentrated market that the Transaction is presumptively unlawful under the 2010 U.S. Department of Justice and Federal Trade Commission Horizontal Merger Guidelines ("Merger Guidelines").

6. Today, Advocate and NorthShore compete for inclusion in commercial payers' hospital networks. Without either of these hospital systems, it would be very difficult for commercial payers to market a health plan provider network to employers with employees living or working in the North Shore Area. Competition between Advocate and NorthShore results in lower prices, higher quality, and greater service offerings.

7. By eliminating competition between the parties, the Transaction is likely to increase Respondents' bargaining leverage with commercial payers, and enhance Respondents' ability to

negotiate more favorable reimbursement terms, including reimbursement rates (*i.e.*, prices). Faced with higher rates and other less favorable terms, commercial payers will be forced to pass on those higher healthcare costs to employers and their employees in the form of increased premiums, co-pays, deductibles, and other out-of-pocket expenses. The merged firm will also have a diminished incentive to improve its quality of care or increase its service offerings to patients in the North Shore Area.

8. Entry or expansion by other hospitals will not be likely, timely, or sufficient to counteract the adverse competitive effects that likely will result from the Transaction. Illinois's Certificate of Need regulatory framework makes it difficult for health systems to receive approval to build new hospitals or expand existing facilities. Additionally, potential entrants would need to devote significant time and resources to conduct studies, develop plans, acquire land, and construct and open a competitive hospital. Respondents' combined size and the breadth and depth of the GAC inpatient hospital services they provide make it unlikely that there will be entry on a sufficient scale to counteract or constrain post-Transaction price increases.

9. Respondents' principal efficiency claim—that the merger will enable Respondents to lower costs and participate in a low-price, ultra-narrow network insurance product offered to commercial payers—is neither substantiated nor merger-specific, and ultimately not cognizable. Respondents' other efficiency claims, including their purported claims for improved quality, are likewise not substantiated, not merger-specific, and not cognizable. Even assuming Respondents' purported efficiencies were cognizable, they are insufficient to justify the Transaction in light of its potential to harm competition.

Together and with other controlled corporations, they constitute and operate Advocate, a not-for-profit health system affiliated with the Evangelical Lutheran Church in America and the United Church of Christ. Headquartered in Downers Grove, Illinois, Advocate operates 11 GAC hospitals and a two-campus Children's Hospital, all in Illinois. Five of Advocate's GAC hospitals—Christ Medical Center, Illinois Masonic Medical Center, Lutheran General Hospital, South Suburban Hospital, and Trinity Hospital—are located in Cook County, and two—Condell Medical Center and Good Shepherd Hospital—are located in Lake County. For the fiscal year ending on December 31, 2014, Advocate generated $5.2 billion in revenue.

Lutheran General Hospital ("Advocate Lutheran General") and Advocate Condell Medical Center ("Advocate Condell"), are in the North Shore Area. Advocate Lutheran General, Advocate's second largest hospital with 638 licensed beds, is in Park Ridge, Illinois, a town in northern Cook County, and offers a range of GAC inpatient hospital services. Advocate Lutheran General generated more than $490 million in inpatient revenue in 2014. Advocate Condell is in Libertyville, Illinois, in southern Lake County. Advocate Condell has 273 licensed beds, and provides a wide range of GAC inpatient hospital services. Advocate Condell's inpatient revenue in 2014 exceeded $173 million. Both Advocate Lutheran General and Advocate Condell are Licensed Level I Adult Trauma Centers.

14. Advocate employs approximately 1,375 physicians as part of its employed physician group, the Advocate Medical Group, and clinically integrates with an additional 3,825 non-employed physicians. Advocate Physician Partners ("APP"), a joint venture in which Advocate holds a 50% interest, contracts with commercial payers on behalf of Advocate's hospitals as well as its employed and clinically integrated non-employed physicians.

15. Respondent NorthShore is an Illinois not-for-profit corporation and health system. Headquartered in Evanston, Illinois, NorthShore owns and operates four GAC hospitals. Three of these GAC hospitals—Evanston Hospital ("NS Evanston"), Glenbrook Hospital ("NS Glenbrook"), and Skokie Hospital ("NS Skokie")—are in northern Cook County, while the fourth—Highland Park Hospital ("NS Highland Park")—is in southern Lake County. For the fiscal year ending on September 30, 2014, NorthShore generated $1.9 billion in revenue.

16. NorthShore's four hospitals compete with Advocate's hospitals, particularly Advocate Condell and Advocate Lutheran General, across a wide range of GAC inpatient hospital services. NS Evanston, located in Evanston, Illinois, is NorthShore's largest hospital, with 354 licensed beds. NS Evanston is a Licensed Level I Adult Trauma Center. NS Evanston's inpatient revenue for its fiscal year ending in September 2014 surpassed $243 million. NS Glenbrook is in Glenview, Illinois, and has 173 licensed beds. NS Highland Park, located in Highland Park, Illinois, has 149 licensed beds. NS Skokie is in Skokie, Illinois,

and has 125 licensed beds. NS Glenbrook, NS Highland Park, and NS Skokie are Licensed Level II Adult Trauma Centers. The inpatient revenues for NS Glenbrook, NS Highland Park, and NS Skokie in the fiscal year ending in September 2014 were approximately $106 million, $85 million, and $91 million, respectively.

17. NorthShore's employed physician group, NorthShore Medical Group, employs approximately 900 physicians and clinically integrates with an additional 1,200 non-employed physicians who are on staff and have admitting privileges at one or more of NorthShore's hospitals. Of these 1,200 non-employed physicians, approximately 520 participate in NorthShore Physician Associates, an independent physician association ("IPA") whose membership also includes employed physicians within NorthShore Medical Group. NorthShore's IPA negotiates contracts with commercial payers on behalf of NorthShore's employed physicians and participating non-employed physicians.

## C.

## The Transaction

18. In early 2014, NorthShore initiated discussions with Advocate regarding a potential affiliation. On September 11, 2014, Respondents entered into the Affiliation Agreement, according to which AHCN will change its name to Advocate NorthShore Health Partners ("ANHP") and become the sole corporate member of NorthShore, thereby acquiring NorthShore in a transaction valued at $2.2 billion. The combined entity would operate 15 GAC hospitals in Illinois, 11 of which are located in Cook and Lake Counties. ANHP would be the 11th largest non-profit hospital system in the United States.

## III.

## THE RELEVANT SERVICE MARKET

19. The relevant service market is GAC inpatient hospital services sold and provided to commercial payers and their insured members, respectively. This service market encompasses a broad cluster of medical and surgical diagnostic and treatment services

offered by both Advocate and NorthShore that typically require an overnight hospital stay. GAC inpatient hospital services include, but are not limited to, many emergency services, internal medicine services, and surgical procedures offered by both Respondents. Although the Transaction's likely effect on competition could be analyzed separately for each individual inpatient service, it is appropriate to evaluate the Transaction's likely effects across this cluster of GAC inpatient hospital services because these services are offered to residents of the North Shore Area under similar competitive conditions. Thus, grouping the hundreds of individual GAC inpatient hospital services into a cluster for analytical convenience enables the efficient evaluation of competitive effects with "no loss of analytic power."

20. Outpatient services are not included in the GAC inpatient hospital services market because commercial payers and patients cannot substitute outpatient services for inpatient care in response to a price increase on GAC inpatient hospital services. Additionally, outpatient services are offered by a different set of competitors under different competitive conditions than GAC inpatient hospital services.

21. Similarly, the GAC inpatient hospital services market also excludes the most complex and specialized tertiary and quaternary services, such as some major surgeries and organ transplants. These services are offered by a different set of competitors under different competitive conditions than, and are not substitutes for, GAC inpatient hospital services.

22. Finally, the GAC inpatient hospital services market excludes services related to psychiatric care, substance abuse, and rehabilitation services. These services are also offered by a different set of competitors under different competitive conditions than, and are not substitutes for, GAC inpatient hospital services.

## IV.

## THE RELEVANT GEOGRAPHIC MARKET

23. The relevant geographic market in which to analyze the effects of the Transaction is no broader than the North Shore Area. The North Shore Area is defined as the area bounded by six

GAC inpatient hospitals: NS Evanston, Swedish Covenant Hospital, Presence Resurrection Medical Center, Northwest Community Healthcare Hospital, Advocate Condell, and Vista Medical Center East.

24. The North Shore Area is the main area of competition between NorthShore's four hospitals and the two Advocate hospitals with which NorthShore most directly competes—Advocate Lutheran General and Advocate Condell. It also comprises the population center from where these six hospitals draw a significant portion of their patients.

25. The North Shore Area substantially overlaps with NorthShore's primary service area, which NorthShore's ordinary course documents identify as the 51 zip codes that surround the NorthShore hospital system. Approximately 73% of patients residing within the North Shore Area stay there to receive GAC inpatient hospital services.

26. The appropriate geographic market to analyze the Transaction is the area where a hypothetical monopolist of the relevant services could profitably impose a small but significant and non-transitory increase in price ("SSNIP"). If a hypothetical monopolist could impose a SSNIP, the boundaries of that geographic area are an appropriate geographic market.

27. North Shore Area residents strongly prefer to obtain GAC inpatient hospital services close to where they live or work. Indeed, it would be very difficult for a commercial payer to market successfully to patients in the North Shore Area a health plan provider network that excluded all hospitals located within the North Shore Area. Since a significant number of patients within the North Shore Area would not view hospitals outside of that area as practical alternatives, a hypothetical monopolist of all North Shore Area hospitals could profitably impose a SSNIP

## V.

## MARKET STRUCTURE AND THE TRANSACTION'S PRESUMPTIVE ILLEGALITY

28. Advocate and NorthShore are the two largest providers, by admissions, of GAC inpatient hospital services in the North Shore Area.

29. The Transaction will create a highly concentrated market that is presumptively illegal under the Merger Guidelines and the relevant case law. Based on commercial GAC inpatient admissions of patients residing within the six-county Chicagoland metropolitan area[1] and seeking care in the North Shore Area, NorthShore's share of GAC inpatient hospital services in the North Shore Area market is 35%, and Advocate's share is 20%. Post-Transaction, Respondents will control 55% of this market. Northwest Community, the third largest competitor in the North Shore Area, has a 15% share of the GAC inpatient hospital services market. No other competitor has more than a 9% share.

30. The Herfindahl-Hirschman Index ("HHI") is commonly used by courts and antitrust agencies to measure market concentration. The HHI is calculated by totaling the squares of the market shares of every firm in the relevant market. A merger or acquisition is presumed likely to create or enhance market power—and is presumptively illegal—when the post-acquisition HHI exceeds 2,500 points and the merger or acquisition increases the HHI by more than 200 points. Here, the market concentration levels far exceed these thresholds. As measured by commercial inpatient admissions from patients residing within the six-county Chicagoland metropolitan area and seeking inpatient care at a hospital within the North Shore Area, the post-Transaction HHI for commercial GAC inpatient hospital services will be 3,517—an increase of 1,423 points. The market shares and HHI figures for commercial GAC inpatient admissions for hospitals in the North Shore Area are summarized in the table below.

## VI.

## ANTICOMPETITIVE EFFECTS

### A.

### Competition Among Hospitals Benefits Consumers

31. Competition between hospitals occurs in two distinct but related stages. First, hospitals compete for inclusion in commercial payers' health plan provider networks. Second, in-

network hospitals compete to attract patients, including commercial payers' health plan members.

32. In the first stage of hospital competition, hospitals compete to be included in commercial payers' health plan provider networks. To become an in-network provider, a hospital negotiates with a commercial payer and, if mutually agreeable terms can be reached, enters into a contract. The financial terms under which a hospital is reimbursed for services rendered to a health plan's members are a central component of those negotiations, regardless of the payment method.

33. In-network status benefits a hospital by giving it preferential access to the health plan's members. Health plan members typically pay far less to access in-network hospitals than those that are out-of-network. Thus, all else being equal, an in-network hospital will attract more patients from a particular health plan than an out-of-network one. This dynamic motivates hospitals to offer lower rates and other more favorable terms to commercial payers to win inclusion in their networks.

34. From the payers' perspective, having hospitals in-network is beneficial because it enables the payer to create a health plan provider network in a particular geographic area that is attractive to current and prospective members, typically local employers and their employees.

35. Under a fee-for-service payment model, a hospital receives payment (*i.e.*, reimbursement) for the services it provides to a commercial payer's health plan members. Such payment is typically on a per-service, per-diem, or discount-off-charges method. Under a risk-based payment model, a hospital is reimbursed a fixed payment for all services provided to a particular member. As a result, the hospital has an incentive to lower overall utilization of services by patients. Regardless of whether a contract's reimbursement method is based on fee-for-service terms, risk-based terms, or some combination of both, relative bargaining leverage plays a key role in negotiations between commercial payers and hospitals.

36. A critical determinant of the relative bargaining positions of a hospital and a commercial payer during contract negotiations

is whether other, nearby comparable hospitals are available to the commercial payer and its health plan members as alternatives in the event of a negotiating impasse. The presence of alternative hospitals limits a hospital's bargaining leverage and thus constrains its ability to obtain more favorable reimbursement terms from commercial payers. The more attractive these alternative hospitals are to a commercial payers' health plan members in a local area, the greater the constraint on that hospital's bargaining leverage. Where there are few or no meaningful alternatives, a hospital will have greater bargaining leverage to demand and obtain higher reimbursement rates and other more favorable reimbursement terms.

37. A merger between hospitals that are close substitutes in the eyes of commercial payers and their health plan members therefore tends to lead to increased bargaining leverage for the merged entity and, as a result, more favorable reimbursement terms, because it eliminates an available alternative for commercial payers. This increase in leverage is greater when the merging hospitals are closer substitutes for (and competitors to) each other.

38. Changes in the reimbursement terms negotiated between a hospital and a commercial payer, including increases in reimbursement rates, significantly impact the commercial payer's health plan members. "Self-insured" employers rely on a commercial payer for access to its health plan provider network and negotiated rates, but these employers pay the cost of their employees' healthcare claims directly and thus bear the full and immediate burden of any rate increases in the healthcare services used by their employees. "Fully insured" employers pay premiums to commercial payers—and employees pay premiums, co-pays, and deductibles—in exchange for the commercial payer assuming financial responsibility for paying hospital costs generated by the employees' use of hospital services. When hospital rates increase, commercial payers pass on these increases to their fully insured customers in the form of higher premiums, co-pays, and deductibles.

39. In the second stage of hospital competition, hospitals compete to attract patients to their facilities. Because health plan members often face similar out-of-pocket cost for in-network

hospitals, hospitals in the same network compete to attract patients on non-price features—that is, by offering better quality of care, amenities, convenience, and patient satisfaction than their competitors. Hospitals also compete on these non-price dimensions to attract patients covered by Medicare and Medicaid, and other patients without commercial insurance. A merger of competing hospitals eliminates that non-price competition and reduces the merged entity's incentive to improve and maintain quality.

## B.

## The Transaction Would Eliminate Beneficial Price Competition

40. Advocate and NorthShore are close—if not each other's closest—competitors in the North Shore Area. Indeed, NorthShore considers Advocate to be its "main" and "real" competition for inpatient hospital services. Other NorthShore documents refer to Advocate as its "top," "key," and "largest" competitor. NorthShore's strategic advisors point to Advocate as the "#1 provider in NorthShore's service area," noting further that Advocate's "ACO strategy impacts growth of NorthShore's [primary care physician] base and future profitability." NorthShore's strategic advisors also find that "NorthShore and Advocate are the #1 or #2 players in almost every service line" in NorthShore's "core service area." NorthShore has significantly altered its managed care contracting strategy in response to competition from Advocate. NorthShore's ordinary course documents similarly identify Advocate's "approach to risk" and "ACO strategy" as significant competitive threats. Because Advocate and NorthShore are close substitutes, the Transaction would eliminate a significant incentive for the Respondents to compete on price and other reimbursement terms post-merger.

41. Diversion analysis, a standard economic tool that uses data on where patients receive hospital services to determine the extent to which hospitals are substitutes, confirms that Advocate and NorthShore are close competitors. Diversion analysis shows that if NorthShore's four hospitals were not available to Chicago-area patients, approximately 20% of NorthShore's patients would seek care within the Advocate system. Diversion analysis similarly

shows that if Advocate Lutheran General and Advocate Condell were not available to Chicago-area patients, approximately 20% and 25% of their patients, respectively, would seek care at a NorthShore hospital.

42. Offering hospital coverage in the North Shore Area is essential for a commercial payer to market successfully a health plan provider network to employers in the North Shore Area. At present, Advocate and NorthShore serve as key alternate providers of GAC inpatient hospital services for healthcare consumers living in the North Shore Area. Other hospitals in Chicago, including those located downtown and in the outlying suburbs, are not adequate substitutes for Advocate and NorthShore. Similarly, commercial payers do not view the five non-Respondent hospitals in the North Shore Area as comparable alternatives to the Respondents due to differences in their size, scope of services, and location.

43. Healthcare consumers in the North Shore Area strongly prefer that their networks include at least one of the Respondents. For example, in 2013, [redacted] health plan provider network included [redacted] but excluded [redacted]. When [redacted] subsequently dropped out of [redacted] immediately deemed the new network—which now excluded both NorthShore and Advocate—inadequate for its area employees. As a result, [redacted].

As this example demonstrates, commercial payers will have little choice but to accept the reimbursement terms demanded by the merged system or exclude the merged system at the risk of having its network fail.

44. The Transaction would increase the Respondents' bargaining leverage in contract negotiations with commercial payers. This increase in bargaining leverage would enhance Respondents' ability to negotiate higher reimbursement rates and more favorable reimbursement terms relating to risk-based contracting.

45. The growth of "narrow network" health insurance products—which, in contrast to "broad networks," include less than all of the hospitals in a geographic market—will further increase the merged system's bargaining leverage with commercial payers. Such networks offer a tradeoff to consumers by including fewer participating hospitals, but at often significantly discounted prices relative to other available provider networks. Hospitals are willing to accept the lower reimbursement terms required to participate in narrow networks with the expectation that fewer providers will ensure that each hospital will gain increased volumes of patients and procedures. Today, commercial payers treat the merging parties as substitutes—typically including one Respondent while excluding the other—when constructing narrow network products for North Shore Area employers. As such, virtually every narrow network marketed to consumers across the North Shore Area will need to include the combined system post-merger.

46. By eliminating competition between Advocate and NorthShore, the Proposed Transaction will give the Respondents leverage to negotiate more favorable terms to participate in narrow networks, including securing higher reimbursement rates. For example, [redacted] narrow network product includes [redacted] but excludes [redacted]. Competition between Advocate and NorthShore allowed [redacted] to obtain lower rates. [redacted]

## C.

## The Transaction Would Eliminate Vital Quality and Service Competition

47. Competition drives hospitals to invest in quality initiatives and new technologies to further differentiate themselves from competitors. Advocate and NorthShore compete with one another across other various non-price dimensions. The Transaction would eliminate this competition, which has provided patients in the North Shore Area with higher quality care and more extensive healthcare service offerings. Advocate and NorthShore closely track each other's quality and brand recognition, and Respondents

have substantially invested in improving and expanding their services and facilities to compete against one another.

48. For example, NorthShore responded to its strategic advisor's analysis of healthcare competition—which identified Advocate's move to risk-based contracting as a competitive threat to NorthShore—by forming a "Care Transformation Team." The Care Transformation Team has undertaken significant investments to improve NorthShore's health outcomes and quality of care. These investments include enhancements to NorthShore's already well-regarded health information technology and data analytics, advancements in disease management, and strengthening the clinical integration between NorthShore and its physicians

49. NorthShore also created the NorthShore Orthopedic Institute in 2013 in response to a significant loss of volume of orthopedic cases to Advocate Lutheran General. NorthShore also opened six new integrated delivery rooms at NS Highland Park to stem losses in obstetric admissions market share to Advocate Condell. Similarly, NorthShore has heavily invested in upgrading and modernizing NS Skokie, which it acquired in 2009, to attract patients from Advocate Lutheran General.

50. Patients benefit from this direct competition in the quality of care and services offered to them by Respondents. The Transaction will dampen the merged firm's incentive to compete on quality of care and service offerings, to the detriment of all patients who use these hospitals, including commercially insured, Medicare, Medicaid, and self-pay patients.

## VII.

## ENTRY BARRIERS

51. Neither entry by new market participants nor expansion by current market participants would deter or counteract the Transaction's likely harm to competition for GAC inpatient hospital services in the North Shore Area.

52. New hospital entry or expansion in the North Shore Area would not be likely, timely, or sufficient to offset the

Transaction's likely harmful competitive effects. Construction of a new GAC hospital or substantial expansion of an existing one involves high costs and serious financial risk, including the time and resources it would take to conduct studies, develop plans, acquire land, obtain regulatory approvals, and construct and open a competitive facility.

53. Even if hospital construction or expansion were likely, such entry would not be timely. Illinois's Certificate of Need ("CON") regulations pose an additional barrier to entry. The CON regulations require hospitals seeking to build new hospitals, add licensed beds or new clinical services to existing hospitals, or purchase medical equipment above a capital threshold to undergo an extensive application process and justify the need for additional hospital beds or an expansion of current facilities. Obtaining CON approval is a time-consuming process. Moreover, construction of a new hospital would take substantially longer than two years from initial planning stages to opening.

54. Potential entry or expansion would also be insufficient to counteract the anticompetitive effects of the Transaction. Entrants would face significant challenges in replicating the competitiveness and reputation of either Advocate or NorthShore, both of whom offer a broad cluster of GAC inpatient hospital services, have multiple hospitals in the relevant market, generate billions of dollars in annual revenue, and provide healthcare services to tens of thousands of inpatients per year.

## VIII.

## EFFICIENCIES

55. Respondents' claimed efficiencies are not sufficient to outweigh the Transaction's likely harm to competition. The purported benefits would not enhance competition for GAC inpatient hospital services and fall far short of the cognizable efficiencies needed to outweigh the Transaction's likely significant harm to competition in the North Shore Area.

56. Respondents' principal claim is that the Transaction would result in sufficient cost savings to enable them to participate in a low-price, ultra-narrow network that would be offered by

commercial payers. However, Respondents have failed to substantiate the cost savings they claim must be achieved for NorthShore to reduce its cost structure sufficiently to participate in such a product at the price necessary for it to be successful. Moreover, NorthShore's willingness to participate in an ultra-narrow network insurance product is not a merger-specific efficiency. Therefore, the purported efficiency is not cognizable.

57. Respondents' other efficiency claims, including those relating to quality improvements, are not substantiated, not merger-specific, and not nearly of the magnitude necessary to justify the Transaction in light of its potential to harm competition. In any event, Respondents' claim that the Transaction will reduce healthcare costs is based on a number of speculative and unsubstantiated assumptions.

59. The Affiliation Agreement constitutes an unfair method of competition in violation of Section 5 of the FTC Act, as amended, 15 U.S.C. § 45.

### COUNT II – ILLEGAL ACQUISITION

60. The allegations of Paragraphs 1 through 57 above are incorporated by reference as though fully set forth.

61. The Transaction, if consummated, may substantially lessen competition in the relevant markets in violation of Section 7 of the Clayton Act, as amended, 15 U.S.C. § 18, and is an unfair method of competition in violation of Section 5 of the FTC Act, as amended, 15 U.S.C. § 45.

## NOTICE

Notice is hereby given to the Respondents that the twenty-fourth day of May, 2016, at 10 a.m., is hereby fixed as the time, and the Federal Trade Commission offices at 600 Pennsylvania Avenue, N.W., Room 532, Washington, D.C. 20580, as the place, when and where an evidentiary hearing will be had before an Administrative Law Judge of the Federal Trade Commission, on the charges set forth in this complaint, at which time and place you will have the right under the Federal Trade Commission Act and the Clayton Act to appear and show cause why an order should not be entered requiring you to cease and desist from the violations of law charged in the complaint.

You are notified that the opportunity is afforded you to file with the Commission an answer to this complaint on or before the fourteenth (14th) day after service of it upon you. An answer in which the allegations of the complaint are contested shall contain a concise statement of the facts constituting each ground of defense; and specific admission, denial, or explanation of each fact alleged in the complaint or, if you are without knowledge thereof, a statement to that effect. Allegations of the complaint not thus answered shall be deemed to have been admitted.

If you elect not to contest the allegations of fact set forth in the complaint, the answer shall consist of a statement that you admit all of the material facts to be true. Such an answer shall constitute a waiver of hearings as to the facts alleged in the complaint and, together with the complaint, will provide a record basis on which the Commission shall issue a final decision containing appropriate findings and conclusions and a final order disposing of the proceeding. In such answer, you may, however, reserve the right to submit proposed findings and conclusions under Rule 3.46 of the Commission's Rules of Practice for Adjudicative Proceedings.

Failure to file an answer within the time above provided shall be deemed to constitute a waiver of your right to appear and to contest the allegations of the complaint and shall authorize the Commission, without further notice to you, to find the facts to be as alleged in the complaint and to enter a final decision containing appropriate findings and conclusions, and a final order disposing of the proceeding.

The Administrative Law Judge shall hold a prehearing scheduling conference no later than ten (10) days after the Respondents file their answers. Rule 3.21(a) requires a meeting of the parties' counsel as early as practicable before the pre-hearing scheduling conference (but in any event no later than five (5) days after the Respondents file their answers). Rule 3.31(b) obligates counsel for each party, within five (5) days of receiving the Respondents' answers, to make certain initial disclosures without awaiting a discovery request.

## NOTICE OF CONTEMPLATED RELIEF

Should the Commission conclude from the record developed in any adjudicative proceedings in this matter that the Transaction challenged in this proceeding violates Section 5 of the Federal Trade Commission Act, as amended, and/or Section 7 of the Clayton Act, as amended, the Commission may order such relief against Respondents as is supported by the record and is necessary and appropriate, including, but not limited to:

1. If the Transaction is consummated, divestiture or reconstitution of all associated and necessary assets, in a manner that restores two or more distinct and separate, viable and independent businesses in the relevant service and geographic markets, with the ability to offer such products and services as Advocate and NorthShore were offering and planning to offer prior to the Transaction.

2. A prohibition against any transaction between Advocate and NorthShore that combines their businesses in the relevant markets, except as may be approved by the Commission.

3. A requirement that, for a period of time, Advocate and NorthShore provide prior notice to the Commission of acquisitions, mergers, consolidations, or any other combinations of their businesses in the relevant

markets with any other company operating in the relevant markets.

4. A requirement to file periodic compliance reports with the Commission.

5. Any other relief appropriate to correct or remedy the anticompetitive effects of the transaction or to restore NorthShore as a viable, independent competitor in the relevant service and geographic markets.

**IN WITNESS WHEREOF**, the Federal Trade Commission has caused this complaint to be signed by its Secretary and its official seal to be hereto affixed, at Washington, D.C., this seventeenth day of December, 2015.

By the Commission.

## ORDER DISMISSING COMPLAINT

On December 17, 2015, the Commission issued the Administrative Complaint in this matter, alleging that an affiliation agreement among the three Respondents in this administrative proceeding violated Section 5 of the Federal Trade Commission Act, and that the contemplated merger, if consummated, would violate both Section 7 of the Clayton Act and Section 5 of the FTC Act. On December 21, 2015, pursuant to Section 13(b) of the FTC Act and Section 16 of the Clayton Act, the Commission filed a complaint in United States District Court for the Northern District of Illinois seeking a temporary restraining order and a preliminary injunction to prevent Respondents from consummating their proposed merger until final resolution of this administrative proceeding.[1]

1 Complaint, *FTC v. Advocate Health Care Network et al.*, No. 1:15-cv-11473 (N.D. Ill.) (Dec. 21, 2015).

On October 31, 2016, the Court of Appeals for the Seventh Circuit reversed the denial of the Commission's motion for a preliminary injunction by the U.S. District Court for the Northern District of Illinois and remanded the case to the District Court.[2] On March 7, 2017, the District Court issued an Order enjoining consummation of the proposed merger. On March 10, 2017, Respondents signed a Termination Agreement terminating the Affiliation Agreement between Advocate and NorthShore, and Complaint Counsel and Respondents filed a Joint Motion to Dismiss Complaint.[3] Respondents have abandoned the proposed merger, and the most important elements of the relief set out in the Notice of Contemplated Relief in the Administrative Complaint have been accomplished without the need for further administrative litigation.[4]

For the foregoing reasons, the Commission has determined that the public interest warrants dismissal of the Administrative Complaint in this matter. The Commission has determined to do so without prejudice, however, because it is not reaching a decision on the merits. Accordingly,

**IT IS ORDERED THAT** the Administrative Complaint in this matter be, and it hereby is, dismissed without prejudice.

By the Commission.

*Docket No. C-4605; File No. 142 3202*
*Complaint, March 22, 2017 – Decision, March 22, 2017*

This consent order addresses CarMax, Inc.'s advertisements on its website for numerous used vehicles that were subject to open recalls for safety issues. The complaint alleges that respondent has represented that used motor vehicles it sells have been subject to rigorous inspection, including for safety issues, but has failed to disclose adequately that some of these vehicles are subject to open recalls for safety issues. The consent order prohibits the respondent from representing that used motor vehicles it offers for sale are safe, have been repaired for safety issues, or have been subject to a rigorous inspection unless the used motor vehicles are not subject to any open recalls for safety issues or the respondent discloses, clearly and conspicuously, in close proximity to such representation, any material qualifying information related to open recalls for safety issues.

## COMPLAINT

The Federal Trade Commission, having reason to believe that CarMax, Inc., a corporation ("Respondent"), has violated provisions of the Federal Trade Commission Act ("FTC Act"), and it appearing to the Commission that this proceeding is in the public interest, alleges:

1. Respondent is a Virginia corporation with its principal office or place of business at 12800 Tuckahoe Creek Parkway, Richmond, VA 23238. Respondent has marketed, advertised, offered for sale, and sold used motor vehicles.

2. The acts or practices of Respondent alleged in this complaint have been in or affecting commerce, as "commerce" is defined in Section 4 of the FTC Act, 15 U.S.C. § 44.

3. Respondent has disseminated or has caused to be disseminated advertisements promoting the sale of used motor vehicles.

4. Respondent's advertisements have included, but are not necessarily limited to, advertisements and marketing materials posted on the website www.carmax.com, excerpts of which are attached as Exhibits A through D. Until at least November 2014, on its website, including on pages prominently titled, "Why CARMAX?" and "CarMax Quality Certified," it has made claims regarding the rigorous inspections CarMax completes on every used vehicle it sells. These marketing materials have included the following representations:

> "**125+ Point Inspection**
> Experienced technicians put every vehicle through a rigorous Certified Quality Inspection – over 125 points must check out before it meets our high standards."
>
> "**No cars with flood or frame damage**
> Not every car that looks good is good. We're confident in the safety and reliability of our vehicles because our technicians are trained to detect those with hidden damage."
>
> **Every used car is renewed**
> CarMax cars undergo (on average) 12 hours of renewing—sandwiched between
> two meticulous inspections—for a car that doesn't look or feel used."

**Exhibit A at 1.**

"Every car we sell is carefully inspected and reconditioned to the best condition possible – in fact, we spend over 12 hours, on average, on each used car."

"We check more than 125 points . . . ." The website then lists several categories, including engine, steering system, and brake system.

**Exhibit B at 1-3.**

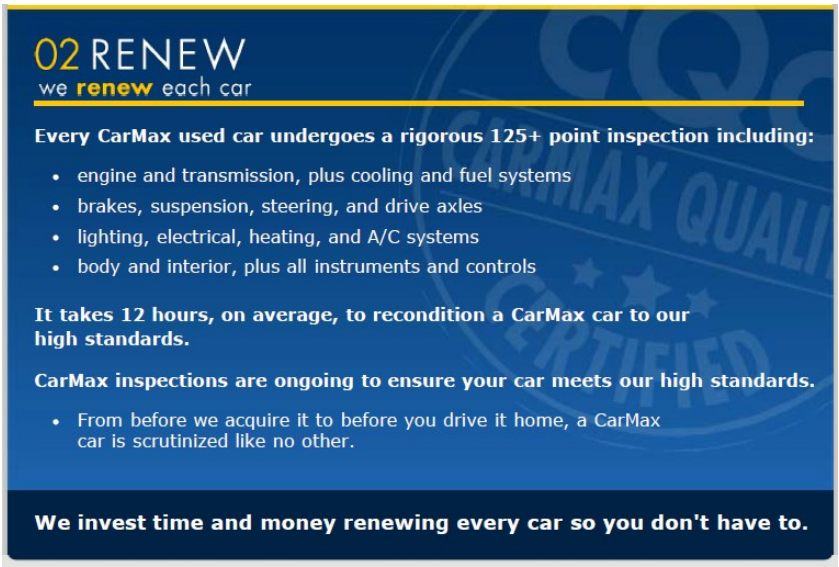

**Exhibit C.**

**"Our top 10 most frequently asked questions…**

**1. Are all of your used cars inspected?**
Yes. All of our used cars are CarMax Quality Certified, which means every vehicle on our lot must pass a 125+ point Certified Quality Inspection by one of our technicians. This comprehensive and detailed inspection includes an investigation to ensure that the car does not have flood or frame damage."

**Exhibit D.**

5. Respondent's advertisements also have included a television commercial, which is attached as Exhibits E (video), F (transcript), and G (screenshot). The visual component of this commercial has depicted a vehicle undergoing an inspection and "reconditioning" by a team of CarMax employees – as many as six employees simultaneously. The commercial has further depicted the employees inspecting and fixing a wide variety of components of the vehicle, including underneath the front hood, underneath the body of the car, and within the interior of the car. As these images are displayed, an audio voiceover has made the following representations: "To the car that just survived hours of reconditioning, sorry, we know that was a bit invasive. But if we didn't hoist you up in the air and poke around a little, we wouldn't be CarMax. We expect a lot from our cars and we need to make sure that you'll make the grade. … Oh, just relax. It's going to be a long time before anybody peeks at your undercarriage again." For only approximately three seconds of the thirty second commercial, in tiny, blurry white font at the bottom of the screen, the commercial displays text stating that "Some CarMax vehicles are subject to open safety recalls. See carmax.com for details." **Exhibits E, F, and G.**

6. Even though it has made the claims set forth in Paragraphs 4 and 5, Respondent has regularly advertised vehicles subject to open recalls for safety issues on its website.

7. In some instances, these open recalls for safety issues have included recalls for defects that can cause serious injury. For example, at least until November 2014, Respondent advertised used vehicles with open recalls for safety issues for a key ignition switch defect, which can affect engine power, power steering, braking, and airbag deployment, thereby increasing the risk of a crash and occupant injury. Respondent, at least until November 2014, also advertised used vehicles with open recalls for safety issues for defects with airbags, thereby increasing the risk of air bags rupturing and striking occupants with metal fragments upon deployment.

8. In numerous instances, when Respondent has advertised used vehicles subject to open recalls for safety issues, making the claims set forth in Paragraphs 4 and 5, it provided no accompanying clear and conspicuous disclosure of this fact.

## VIOLATION OF THE FEDERAL TRADE COMMISSION ACT

### Count I

9. In connection with the marketing, advertising, offering for sale, or sale of used motor vehicles, Respondent has represented, directly or indirectly, expressly or by implication, that used motor vehicles it sells have been subject to rigorous inspection, including for safety issues.

10. In numerous instances in connection with the representation set forth in Paragraph 9, Respondent has failed to disclose, or disclose adequately, that used vehicles it sells are subject to open recalls for safety issues.

11. Respondent's failure to disclose, or disclose adequately, the material information set forth in Paragraph 10 above, in light of the representation described in Paragraph 9, above, constitutes a deceptive act or practice in or affecting commerce in violation of Section 5(a) of the FTC Act, 15 U.S.C. § 45(a).

**THEREFORE**, the Federal Trade Commission, this twenty-second day of March, 2017, has issued this complaint against respondent.

By the Commission.

## DECISION

The Federal Trade Commission ("Commission") initiated an investigation of certain acts and practices of the Respondent named in the caption. The Commission's Bureau of Consumer Protection ("BCP") prepared and furnished to Respondent a draft Complaint. BCP proposed to present the draft Complaint to the Commission for its consideration. If issued by the Commission, the draft Complaint would charge the Respondent with violation of the Federal Trade Commission Act.

Respondent and BCP thereafter executed an Agreement Containing Consent Order ("Consent Agreement"). The Consent Agreement includes: 1) statements by Respondent that it neither admits nor denies any of the allegations in the Complaint, except as specifically stated in this Decision and Order, and that only for purposes of this action, it admits the facts necessary to establish jurisdiction; and 2) waivers and other provisions as required by the Commission's Rules.

The Commission considered the matter and determined that it had reason to believe that Respondent has violated the Federal Trade Commission Act, and that a Complaint should issue stating its charges in that respect. The Commission accepted the executed Consent Agreement and placed it on the public record for a period of 30 days for the receipt and consideration of public comments. The Commission duly considered any comments received from interested persons pursuant to Section 2.34 of its Rules, 16 C.F.R. § 2.34. Now, in further conformity with the procedure prescribed in Rule 2.34, the Commission issues its Complaint, makes the following Findings, and issues the following Order:

## Findings

1. Respondent CarMax, Inc. is a Virginia corporation with its principal office or place of business at 12800 Tuckahoe Creek Parkway, Richmond, VA 23238.

2. The Commission has jurisdiction over the subject matter of this proceeding and over the Respondent, and the proceeding is in the public interest.

2. A visual disclosure, by its size, contrast, location, the length of time it appears, and other characteristics, must stand out from any accompanying text or other visual elements so that it is easily noticed, read, and understood.

A. Represent that motor vehicles that Respondent offers for sale are safe, have been repaired for safety issues, or have been subject to a rigorous inspection, unless:

1. The used motor vehicles are not subject to any open recalls relating to safety, and the representation is otherwise not misleading, or

2. Respondent discloses, clearly and conspicuously, and in close proximity to such representation, any material qualifying information related to open recalls, including but not limited to:

**IT IS FURTHER ORDERED** that Respondent, within sixty (60) days of entry of this Order, must provide, by first class mail to the last known address of every consumer who purchased a used motor vehicle from Respondent between July 1, 2013 and November 20, 2014, a notice on Respondent's letterhead that clearly and conspicuously states the following:

> "We want to alert you that some of the used cars we recently sold had been recalled for safety issues, but weren't repaired yet when we sold them. You can check whether the used car you bought from us is subject to an unrepaired recall at the National Highway Traffic Safety Administration's recall website, https://vinrcl.safercar.gov/vin/. That site also provides information on how to get your car fixed if it's been recalled."

Respondent shall not include any advertising, marketing, or other promotional information in the notice. Moreover, the mailing shall not include any other documents. The envelope enclosing the notice shall have printed thereon in a clear and conspicuous fashion the disclosure "Important Safety Recall Information."

*Provided, however, that* Respondent is not required to provide this notice for (A) any used motor vehicle that Respondent can demonstrate was not subject to an open recall for a safety issue at the time of purchase and delivery; (B) any used motor vehicle that was the subject of one or more open recalls for safety issues at the time of purchase and delivery that Respondent can demonstrate have subsequently been fixed; (C) any used motor vehicle that the consumer no longer owns or possesses because the consumer returned it to Respondent within five (5) days of the date of purchase; or (D) any used motor vehicle whose owner, between March 31, 2014, and November 20, 2014, received from Respondent a letter that did not include any advertising, marketing, or other promotional information, informing the owner clearly and conspicuously that the owner purchased a vehicle that may be affected by the GM ignition switch safety recall (NHTSA Campaign Number 14V171000).

For purposes of Subpart (A) of this proviso, records showing that the vehicle was not listed as subject to an open recall for a safety issue, as of the date of the purchase, on the Original Equipment Manufacturer's recall database, on the National Highway Traffic Safety Administration's www.safercar.gov database, or on a database with information on vehicle recalls that is generally accepted based on the expertise of professionals in the relevant area to yield accurate and reliable results, shall be deemed to be

## Statement of the Federal Trade Commission Concerning Auto Recall Advertising Cases[1] December 15, 2016

Unrepaired auto recalls pose a serious threat to public safety. Car manufacturers and the National Highway Traffic Safety Administration have recalled tens of millions of vehicles in each of the last several years for defects that pose significant safety risks to consumers. In 2015, for example, recalls affected 51 million vehicles nationwide.[2] And defects that have been the subject of recalls have led to severe injuries and even death for many consumers. Federal law requires that all new cars sold in the United States be free from recalls, but it does not prohibit auto dealers from selling used cars with open recalls. As a result, absent a change in law, neither NHTSA nor any other federal agency has the authority to ban the sale of used cars that have open recalls across the industry.

Section 5 of the Federal Trade Commission Act, however, enables the Commission to stop car sellers from engaging in false

or misleading advertising practices that mask the existence of open recalls, and we are committed to doing just that. As part of this effort, the Commission is issuing final orders against General Motors Company, Jim Koons Management Company, and Lithia Motors, Inc. and announcing proposed orders against CarMax, Inc., West-Herr Automotive Group, Inc., and Asbury Automotive Group, Inc. In these enforcement actions, the Commission is challenging what we allege are deceptive advertising claims by these companies that highlight the rigorous inspections they perform on their used cars, but fail to clearly disclose the existence of unrepaired safety recalls.

More specifically, we allege that the companies named in these actions touted the rigorousness of their car inspections by claiming, for example, to engage in a "172-point inspection and reconditioning," an "exhaustive 160-checkpoint Quality Assurance Inspection," or a "rigorous and extensive inspection." Some of these inspected cars were subject to open recalls. We charge that the companies' representations about their inspections, absent clear and conspicuous information about open recalls, were likely to mislead reasonable consumers into believing that the inspections included repairing open recalls. Therefore, the companies' failure to disclose this information was deceptive.[3]

Our orders stop this deceptive conduct and provide important additional protections for consumers. First, the orders prohibit each company from making any safety-related claim about its vehicles unless (1) the vehicles are recall-free, or, alternatively, the company discloses clearly and conspicuously and in close proximity to the representation both that the vehicles may be subject to open recalls and how consumers can determine the recall status of a particular car, and (2) the claims are not otherwise misleading.[4]

---

3 Under Section 5 of the FTC Act, "it can be deceptive to tell only half the truth, and to omit the rest. This may occur where a seller fails to disclose qualifying information necessary to prevent one of his affirmative statements from creating a misleading impression." *See In re International Harvester Co.,* 104 F.T.C. 949, 1057 (1984).

4 For instance, a claim could still be misleading, even with the required

This means that, if any car on the companies' lots is subject to an open recall, every time the companies make these types of inspection claims, they must prominently disclose that their cars may be subject to open recalls and tell consumers how to determine the recall status of specific cars. And they must provide this information wherever the inspection claims are made – in the showroom, on the lot, and in any TV, radio, or website ad that consumers may view before they even visit a car dealer.

Further, the orders require each company to warn consumers who recently purchased one of its used cars that the vehicle may have an open recall. The Commission can seek civil penalties for violations of these orders, and we will not hesitate to do so if we discover a violation.[5]

These enforcement actions will help empower consumers to make more informed and safer purchasing decisions in a market that, absent a change in federal law, continues to include cars subject to open recalls. Dealers that repair all of their cars can continue to make truthful claims that they are recall-free, and can benefit from the competitive advantages of doing so. Dealers that cannot, or do not, repair all of their cars must instead prominently disclose that the cars may have open recalls when they make certain safety-related claims, such as claims about comprehensive inspections. Dealers are therefore incentivized to repair open recalls in the cars they advertise. At the same time, dealers can continue conducting their inspection programs and truthfully advertising them, provided they prominently disclose that cars may be subject to open recalls and do not misrepresent the recall status or safety of their cars.[6]

---

disclosure, if a dealer represents that it inspected specific cars when it failed to do so, makes false oral statements to consumers that specific cars are free of recalls, or states a car *may* be subject to a recall (or otherwise implies it does not know the recall status) but in fact knows the car is actually subject to an open recall.

5 *See U.S. v. New World Auto*, No. 16-cv-2401 (N.D. Tex. Aug. 22, 2016) (requiring auto dealers to pay civil penalties for violations of FTC order).

6 Dealer inspection programs often involve checking that vital components of a car, like the brakes and drivetrain, are working properly and thus can provide important consumer benefits.

Finally, we note that other laws, including state product safety, tort, and other consumer protection laws, provide important safeguards to consumers affected by defective cars. Of course, the Commission's orders do not affect the protections afforded by those laws. Rather, the Commission's orders provide independent protection for consumers, requiring that they be given information about open recalls before they purchase a used car.

Congress has been considering legislative proposals that would prohibit the sale of used cars with unrepaired recalls altogether, and we support efforts seeking to address this serious public safety issue. Although the Commission's enforcement actions against individual companies cannot substitute for legislative solutions, they provide important protections for consumers to help ensure that they can make informed and safer purchasing decisions in the used car marketplace.

## ANALYSIS OF CONSENT ORDER TO AID PUBLIC COMMENT

The Federal Trade Commission ("FTC" or "Commission") has accepted, subject to final approval, an agreement containing a consent order from CarMax, Inc. The proposed consent order has been placed on the public record for thirty (30) days for receipt of comments by interested persons. Comments received during this period will become part of the public record. After thirty (30) days, the FTC will again review the agreement and the comments received, and will decide whether it should withdraw from the agreement and take appropriate action or make final the agreement's proposed order.

The respondent is a car dealership that sells used motor vehicles. According to the FTC complaint, discussed further below, respondent has represented that used motor vehicles it sells have been subject to rigorous inspection, including for safety issues, but has failed to disclose adequately that some of these

vehicles are subject to open recalls for safety issues. Federal law currently does not prohibit car dealers from selling used vehicles subject to open safety recalls; Congress and some states are considering legislation that would do so. The Commission, however, can take action under the FTC Act to prohibit companies from making claims that mislead consumers about safety-related and other material issues. Further, the FTC can take such action in addition to (and entirely independent of) any private rights of action consumers themselves can bring under state law. This proposed action thus does not replace or alter any state laws or legislative proposals; rather, it offers additional protections beyond those afforded under other such laws, as they exist now or may be amended.

More specifically, the complaint in this matter alleges that the respondent has posted advertisements on its website that make the following representations:

> **125+ Point Inspection**
> Experienced technicians put every vehicle through a rigorous Certified Quality Inspection – over 125 points must check out before it meets our high standards.
>
> **No cars with flood or frame damage**
> Not every car that looks good is good. We're confident in the safety and reliability of our vehicles because our technicians are trained to detect those with hidden damage.
>
> **Every used car is renewed**
> CarMax cars undergo (on average) 12 hours of renewing—sandwiched between two meticulous inspections—for a car that doesn't look or feel used.

Even though it makes such claims, the respondent has allegedly advertised on its website numerous used vehicles that were subject to open recalls for safety issues. In numerous instances, when the respondent allegedly advertised used vehicles that are subject to open recalls for safety issues, it provided no accompanying clear and conspicuous disclosure of this fact. The

proposed complaint alleges that this failure to disclose constitutes a deceptive act or practice under Section 5 of the FTC Act.

The proposed order is designed to prevent the respondent from engaging in similar deceptive practices in the future. Part I prohibits the respondent from representing that used motor vehicles it offers for sale are safe, have been repaired for safety issues, or have been subject to a rigorous inspection unless the used motor vehicles are not subject to any open recalls for safety issues or the respondent discloses, clearly and conspicuously, in close proximity to such representation, any material qualifying information related to open recalls for safety issues. Part II is a provision that orders the respondent to notify consumers who purchased a used motor vehicle from a CarMax dealership between July 1, 2013 and November 20, 2014 that some of the used vehicles it sold during this time had been recalled for safety issues which weren't repaired as of the date they were sold. The notice also must specify how consumers can check whether the vehicle is subject to an unrepaired recall at the National Highway Traffic Safety Administration's website, https://vinrcl.safercar.gov/vin/. This website also provides information on how to get a vehicle fixed if it is subject to an open recall.

Parts III through VII of the proposed order are reporting and compliance provisions. Part III requires the respondent to maintain for five years, and produce to the Commission upon demand, any relevant ads and associated documentary material. Part IV is an order distribution provision. Part V requires the respondent to notify the Commission of corporate changes that may affect compliance obligations. Part VI requires the respondent to submit a compliance report to the Commission 60 days after entry of the order, and also additional compliance reports within 10 business days of a written request by the Commission. Part VII "sunsets" the order after twenty years, with certain exceptions.

The purpose of this analysis is to aid public comment on the proposed order. It is not intended to constitute an official interpretation of the complaint or proposed order, or to modify in any way the proposed order's terms.

*Docket No. C-4606; File No. 152 3103*
*Complaint, March 22, 2017 – Decision, March 22, 2017*

This consent order addresses Asbury Automotive Group, Inc.'s advertisements to sell used motor vehicles. The complaint alleges that respondent has represented that the certified used motor vehicles it sells have been subject to rigorous inspection, including for safety issues, but has failed to disclose adequately that some of these vehicles are subject to open recalls for safety issues. The consent order prohibits the respondent from representing that used motor vehicles it offers for sale are safe, have been repaired for safety issues, or have been subject to an inspection for issues related to safety unless the used motor vehicles are not subject to any open recalls for safety issues or the respondent discloses, clearly and conspicuously, in close proximity to such representation, any material qualifying information related to open recalls for safety issues.

## COMPLAINT

The Federal Trade Commission, having reason to believe that Asbury Automotive Group, Inc., also d/b/a Coggin Automotive Group and Crown Automotive Group, a corporation ("Respondent"), has violated provisions of the Federal Trade Commission Act ("FTC Act"), and it appearing to the Commission that this proceeding is in the public interest, alleges:

1. Respondent is a Delaware corporation, with its principal office or place of business at 2905 Premiere Parkway, NW, Suite 300, Duluth, GA 30097. Respondent has marketed, advertised, offered for sale, and sold used motor vehicles.

2. The acts or practices of Respondent alleged in this complaint have been in or affecting commerce, as "commerce" is defined in Section 4 of the FTC Act, 15 U.S.C. § 44.

3. Since at least November 2014, Respondent has disseminated or has caused to be disseminated advertisements promoting the sale of used motor vehicles.

4. Respondent's advertisements include, but are not necessarily limited to, advertisements and marketing materials posted on the websites www.cogginauto.com and www.crownauto.com, excerpts of which are attached as Exhibits A through E. On its website, on a page prominently titled "Coggin Certified," and on other pages similarly touting the "Crown Automotive Certified Program," it makes claims which include the following representations regarding certified used vehicles:

> **"Inspected, Reconditioned & Certified**
> Every Coggin Certified used car or truck has undergone a 150 point bumper-to-bumper inspection by Certified mechanics. We find and fix problems - from bulbs to brakes - before offering a vehicle for sale."

**Exhibit A** (excerpt from www.cogginauto.com)

> "Our Crown Certified Used Vehicles Include: | 150 Point Bumper-to-bumper inspection . . .
>
> ***
>
> **Inspected, Reconditioned & Certified**
> Every Crown Certified used car or truck has undergone a 150 point bumper-to-bumper inspection by Certified mechanics. We find and fix problems from bulbs to brakes before

offering a vehicle for sale."

**Exhibit B** (excerpt from www.crownauto.com).

"…**Are your used cars inspected?**
Answer: Yes, Crown Automotive sends every Crown Certified used vehicle through a rigorous 150 point inspection to ensure that every vehicle is in top shape before you take it home. It is important to Crown that every feature of your vehicle work as it should so that you have peace of mind before you leave the dealership.

***

…**What are certified used cars?**
Answer: It's the reliability of new and the affordability of pre-owned car. A certified used car must go through a rigorous inspection. The certification comes from the manufacturers to ensure top quality of the pre-owned car being sold to you. Crown Automotive also offers Crown Certified used vehicles."

**Exhibit C** (excerpt from www.crownauto.com).

5. Even though it makes the claims set forth in Paragraph 4, Respondent has advertised numerous certified used vehicles subject to open recalls for safety issues on its websites.

6. In some instances, these open recalls for safety issues have included recalls for defects that can cause serious injury. For example, Respondent has advertised a certified used vehicle that has a recall for defects, which, among other things, could cause fuel to leak out and the engine to misfire or stall, thereby increasing the risk of a crash. Respondent has also advertised a certified used vehicle that has an open safety recall for a defect that can cause the vehicle to move in an unexpected or unintended direction, thereby increasing the risk of a crash.

7. In numerous instances, when Respondent has advertised certified used vehicles that are subject to open recalls for safety issues making the claims set forth in Paragraph 4, it has provided no accompanying clear and conspicuous disclosure of this fact.

8. When consumers search for particular categories of vehicles on Respondent's websites, there is no disclosure regarding open recalls for safety issues. An example of such search results includes the following:

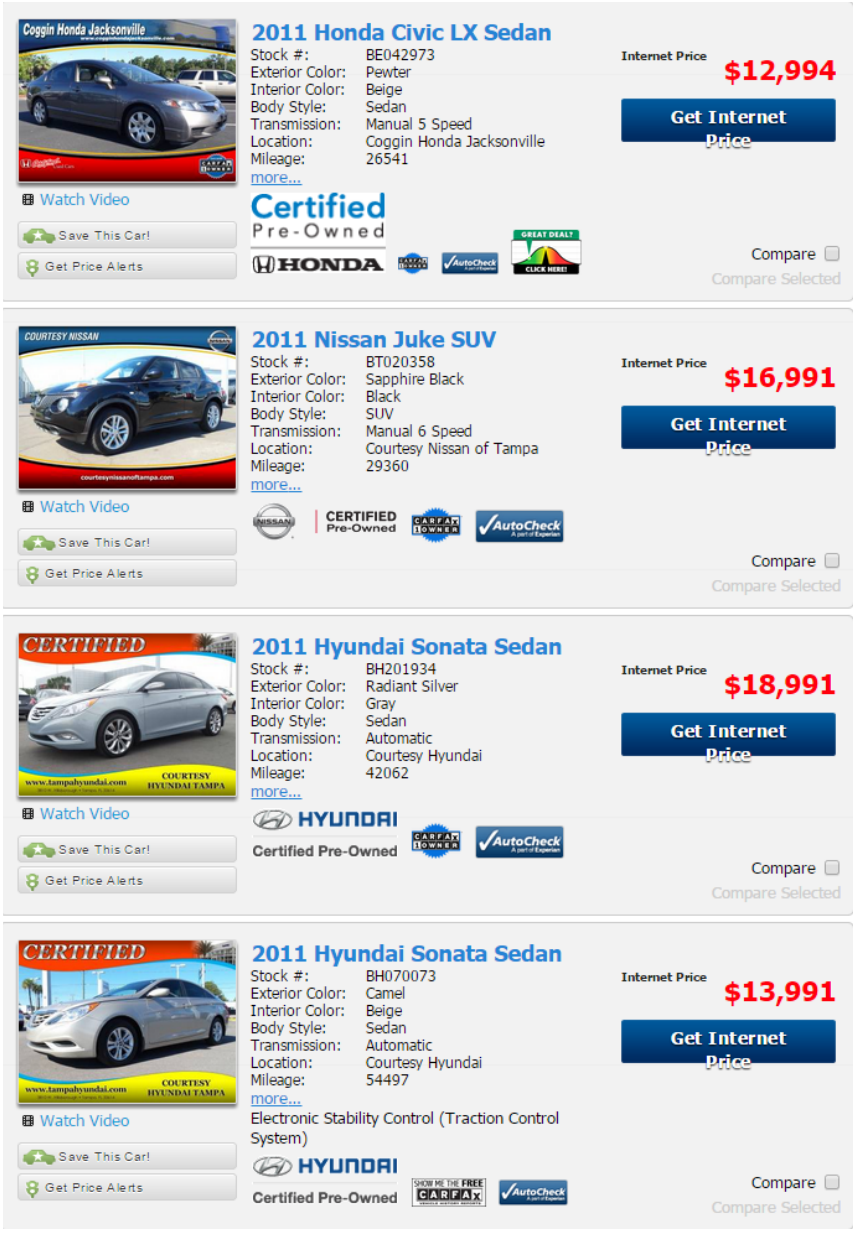

**Exhibit D at 3.**

9. Until at least June 2015, when consumers have viewed specific vehicle listings on Respondent's websites, there has been no disclosure regarding open recalls for safety issues. An example of such a listing includes the following:

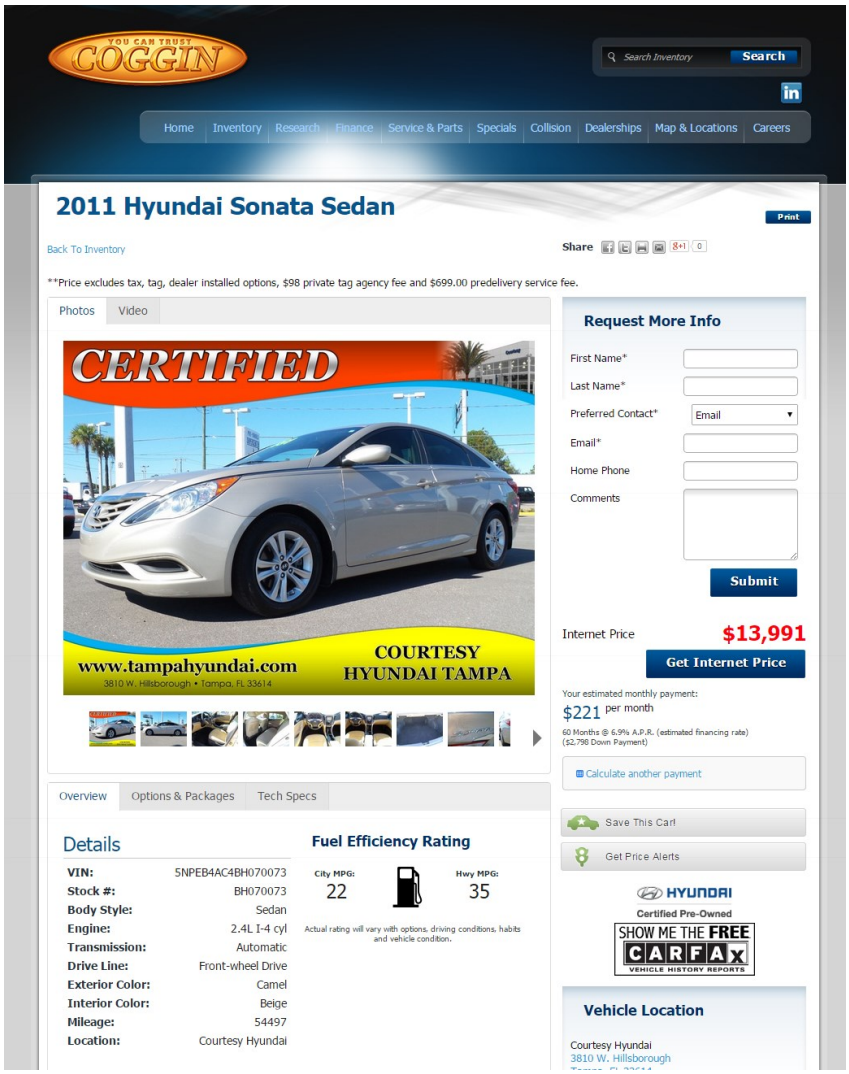

**Exhibit E.**

10. To uncover any information about open recalls for safety issues through Respondent's website, a consumer would have to locate the "Carfax" link on the search results page or the vehicle listing page and click on it to access a vehicle history report, although the "Carfax" link provides no descriptive information or in any way conveys that it contains important safety information

about recalls. Moreover, in numerous instances, even these reports omit information about open recalls for safety issues.

## VIOLATION OF THE FEDERAL TRADE COMMISSION ACT

### Count I

11. In connection with the marketing, advertising, offering for sale, or sale of used motor vehicles, Respondent has represented, directly or indirectly, expressly or by implication, that used motor vehicles it sells have been subject to rigorous inspection, including for safety issues.

12. In numerous instances in connection with the representation set forth in Paragraph 11, Respondent has failed to disclose, or disclose adequately, that used motor vehicles it sells are subject to open recalls for safety issues.

13. Respondent's failure to disclose, or disclose adequately, the material information set forth in Paragraph 12 above, in light of the representation described in Paragraph 11, above, constitutes a deceptive act or practice in or affecting commerce in violation of Section 5(a) of the FTC Act, 15 U.S.C. § 45(a).

**THEREFORE**, the Federal Trade Commission, this twenty-second day of March, 2017, has issued this complaint against Respondent.

By the Commission.

## DECISION

The Federal Trade Commission ("Commission") initiated an investigation of certain acts and practices of the Respondent named in the caption. The Commission's Bureau of Consumer Protection ("BCP") prepared and furnished to Respondent a draft Complaint. BCP proposed to present the draft Complaint to the Commission for its consideration. If issued by the Commission, the draft Complaint would charge the Respondent with violation of the Federal Trade Commission Act.

Respondent and BCP thereafter executed an Agreement Containing Consent Order ("Consent Agreement"). The Consent Agreement includes: 1) statements by Respondent that it admits the facts necessary to establish jurisdiction; and 2) waivers and other provisions as required by the Commission's Rules.

The Commission considered the matter and determined that it had reason to believe that Respondent has violated the Federal Trade Commission Act, and that a Complaint should issue stating its charges in that respect. The Commission accepted the executed Consent Agreement and placed it on the public record

for a period of 30 days for the receipt and consideration of public comments. The Commission duly considered any comments received from interested persons pursuant to Section 2.34 of its Rules, 16 C.F.R. § 2.34. Now, in further conformity with the procedure prescribed in Rule 2.34, the Commission issues its Complaint, makes the following Findings, and issues the following Order:

## Findings

1. Respondent Asbury Automotive Group, Inc., also d/b/a Coggin Automotive Group and Crown Automotive Group, is a Delaware corporation, with its principal office or place of business at 2905 Premiere Parkway, NW, Suite 300, Duluth, GA 30097.

2. The Commission has jurisdiction over the subject matter of this proceeding and over the Respondent, and the proceeding is in the public interest.

## II.

**IT IS FURTHER ORDERED** that Respondent, within sixty (60) days of entry of this Order, must provide, by first class mail to the last known address of every consumer who purchased a certified used motor vehicle from Respondent between July 1,

2013 and September 2, 2015, a notice on Respondent's letterhead that clearly and conspicuously discloses the following:

> "We want to alert you that some of the used vehicles we recently sold had been recalled for safety issues, but weren't repaired as of the date they were sold. You can check whether the vehicle you bought from us is subject to an unrepaired recall at the National Highway Traffic Safety Administration's recall website, https://vinrcl.safercar.gov/vin/. That site also provides information on how to get your vehicle fixed if it's been recalled."

Respondent shall not include any advertising, marketing, or other promotional information in the notice. Moreover, the mailing shall not include any other documents. The envelope enclosing the notice shall have printed thereon in a clear and conspicuous fashion the disclosure "Important Safety Recall Information."

*Provided, however, that* Respondent is not required to provide this notice for (A) any motor vehicle that Respondent can demonstrate was not subject to an open recall for a safety issue at the time of purchase and delivery, or (B) any motor vehicle that was the subject of one or more open recalls for safety issues at the time of purchase and delivery that Respondent can demonstrate have subsequently been fixed.

For purposes of Subpart (A) of this proviso, records showing that the vehicle was not listed as subject to an open recall for a safety issue, as of the date of the purchase, on the Original Equipment Manufacturer's recall database, on the National Highway Traffic Safety Administration's www.safercar.gov database, or on a database with information on vehicle recalls that is generally accepted based on the expertise of professionals in the relevant area to yield accurate and reliable results, shall be deemed to be sufficient to demonstrate that the vehicle was not subject to an open recall for a safety issue at the time of purchase and delivery.

For purposes of Subpart (B) of this proviso, (i) repair records generated by the dealer in the ordinary course of business that demonstrate that a vehicle with an open recall for a safety issue has been repaired; or (ii) records showing that the vehicle is no

longer listed as subject to an open recall for a safety issue on the Original Equipment Manufacturer's recall database, on the National Highway Traffic Safety Administration's www.safercar.gov database, or on a database with information on vehicle recalls that is generally accepted based on the expertise of professionals in the relevant area to yield accurate and reliable results, shall be deemed sufficient to demonstrate that an open recall for a safety issue has been fixed.

## III.

**IT IS FURTHER ORDERED** that Respondent shall, for five (5) years after the last date of dissemination of any representation covered by this order, maintain and upon request make available to the Commission for inspection and copying:

A. Each advertisement or other marketing material that makes any representation covered by the order unless, in comparison to an advertisement or other marketing material already maintained by Respondent pursuant to this Section, the advertisement or marketing material: (i) is a duplicate, or (ii) differs only in the description of the vehicle in ways not related to any representations covered by this order;

B. All materials that were relied upon in disseminating the representation;

C. All evidence in its possession or control that contradicts, qualifies, or calls into question the representation, or the basis relied upon for the representation, including complaints and other communications with consumers or with governmental or consumer protection organizations; and

D. Any documents reasonably necessary to demonstrate full compliance with each provision of this order, including but not limited to all documents obtained, created, generated, or that in any way relate to the requirements, provisions, or terms of this order, and all reports submitted to the Commission pursuant to this order.

## IV.

**IT IS FURTHER ORDERED** that Respondent shall deliver a copy of this order to all current and future principals, officers, and directors, and to all current and future managers, employees, agents, and representatives having responsibilities with respect to the subject matter of this order, and shall secure from each such person a signed and dated statement acknowledging receipt of the order, with any electronic signatures complying with the requirements of the E-Sign Act, 15 U.S.C. § 7001 *et seq*. Respondent shall deliver this order to current personnel within thirty (30) days after the date of service of this order, and to future personnel within thirty (30) days after the person assumes such position or responsibilities.

## V.

**IT IS FURTHER ORDERED** that Respondent shall notify the Commission at least thirty (30) days prior to any change in the corporation(s) that may affect compliance obligations arising under this order, including but not limited to a dissolution, assignment, sale, merger, or other action that would result in the emergence of a successor corporation; the creation or dissolution of a subsidiary, parent, or affiliate that engages in any acts or practices subject to this order; the proposed filing of a bankruptcy petition; or a change in the corporate name or address. *Provided, however*, that, with respect to any proposed change in the corporation about which Respondent learns less than thirty (30) days prior to the date such action is to take place, Respondent shall notify the Commission as soon as is practicable after obtaining such knowledge. Unless otherwise directed by a representative of the Commission in writing, all notices required by this Part shall be emailed to Debrief@ftc.gov or sent by overnight courier (not U.S. Postal Service) to: Associate Director for Enforcement, Bureau of Consumer Protection, Federal Trade Commission, 600 Pennsylvania Avenue, NW, Washington, DC 20580. The subject line must begin: *In re Asbury Automotive Group, Inc.*

## VI.

**IT IS FURTHER ORDERED** that Respondent, within sixty (60) days after the date of service of this order, shall file with the Commission a true and accurate report, in writing, setting forth in detail the manner and form of its own compliance with this order. Within ten (10) days of receipt of written notice from a representative of the Commission, it shall submit additional true and accurate written reports.

## VII.

This order will terminate on March 22, 2037, or twenty (20) years from the most recent date that the United States or the Federal Trade Commission files a complaint (with or without an accompanying consent decree) in federal court alleging any violation of the order, whichever comes later; provided, however, that the filing of such a complaint will not affect the duration of:

A. Any Part in this order that terminates in less than twenty (20) years;

B. This order's application to any Respondent that is not named as a defendant in such complaint; and

C. This order if such complaint is filed after the order has terminated pursuant to this Part.

*Provided, further*, that if such complaint is dismissed or a federal court rules that Respondent did not violate any provision of the order, and the dismissal or ruling is either not appealed or upheld on appeal, then the order will terminate according to this Part as though the complaint had never been filed, except that the order will not terminate between the date such complaint is filed and the later of the deadline for appealing such dismissal or ruling and the date such dismissal or ruling is upheld on appeal.

# Statement of the Federal Trade Commission Concerning Auto Recall Advertising Cases[1] December 15, 2016

Unrepaired auto recalls pose a serious threat to public safety. Car manufacturers and the National Highway Traffic Safety Administration have recalled tens of millions of vehicles in each of the last several years for defects that pose significant safety risks to consumers. In 2015, for example, recalls affected 51 million vehicles nationwide.[2] And defects that have been the subject of recalls have led to severe injuries and even death for many consumers. Federal law requires that all new cars sold in the United States be free from recalls, but it does not prohibit auto dealers from selling used cars with open recalls. As a result, absent a change in law, neither NHTSA nor any other federal agency has the authority to ban the sale of used cars that have open recalls across the industry.

Section 5 of the Federal Trade Commission Act, however, enables the Commission to stop car sellers from engaging in false or misleading advertising practices that mask the existence of open recalls, and we are committed to doing just that. As part of this effort, the Commission is issuing final orders against General Motors Company, Jim Koons Management Company, and Lithia Motors, Inc. and announcing proposed orders against CarMax, Inc., West-Herr Automotive Group, Inc., and Asbury Automotive Group, Inc. In these enforcement actions, the Commission is challenging what we allege are deceptive advertising claims by these companies that highlight the rigorous inspections they perform on their used cars, but fail to clearly disclose the existence of unrepaired safety recalls.

2 Gordon Trowbridge, National Highway Traffic Safety Administration, *U.S. Department of Transportation launches new public awareness campaign*, Jan. 21, 2016, https://www.nhtsa.gov/About-NHTSA/Press- Releases/nhtsa_launches_safe_cars_save_lives_campaign_01212015.

More specifically, we allege that the companies named in these actions touted the rigorousness of their car inspections by claiming, for example, to engage in a "172-point inspection and reconditioning," an "exhaustive 160-checkpoint Quality Assurance Inspection," or a "rigorous and extensive inspection." Some of these inspected cars were subject to open recalls. We charge that the companies' representations about their inspections, absent clear and conspicuous information about open recalls, were likely to mislead reasonable consumers into believing that the inspections included repairing open recalls. Therefore, the companies' failure to disclose this information was deceptive.[3]

Our orders stop this deceptive conduct and provide important additional protections for consumers. First, the orders prohibit each company from making any safety-related claim about its vehicles unless (1) the vehicles are recall-free, or, alternatively, the company discloses clearly and conspicuously and in close proximity to the representation both that the vehicles may be subject to open recalls and how consumers can determine the recall status of a particular car, and (2) the claims are not otherwise misleading.[4]

This means that, if any car on the companies' lots is subject to an open recall, every time the companies make these types of inspection claims, they must prominently disclose that their cars may be subject to open recalls and tell consumers how to determine the recall status of specific cars. And they must provide this information wherever the inspection claims are made – in the

---

3 Under Section 5 of the FTC Act, "it can be deceptive to tell only half the truth, and to omit the rest. This may occur where a seller fails to disclose qualifying information necessary to prevent one of his affirmative statements from creating a misleading impression." *See In re International Harvester Co.,* 104 F.T.C. 949, 1057 (1984).

4 For instance, a claim could still be misleading, even with the required disclosure, if a dealer represents that it inspected specific cars when it failed to do so, makes false oral statements to consumers that specific cars are free of recalls, or states a car *may* be subject to a recall (or otherwise implies it does not know the recall status) but in fact knows the car is actually subject to an open recall.

showroom, on the lot, and in any TV, radio, or website ad that consumers may view before they even visit a car dealer.

Further, the orders require each company to warn consumers who recently purchased one of its used cars that the vehicle may have an open recall. The Commission can seek civil penalties for violations of these orders, and we will not hesitate to do so if we discover a violation.[5]

These enforcement actions will help empower consumers to make more informed and safer purchasing decisions in a market that, absent a change in federal law, continues to include cars subject to open recalls. Dealers that repair all of their cars can continue to make truthful claims that they are recall-free, and can benefit from the competitive advantages of doing so. Dealers that cannot, or do not, repair all of their cars must instead prominently disclose that the cars may have open recalls when they make certain safety-related claims, such as claims about comprehensive inspections. Dealers are therefore incentivized to repair open recalls in the cars they advertise. At the same time, dealers can continue conducting their inspection programs and truthfully advertising them, provided they prominently disclose that cars may be subject to open recalls and do not misrepresent the recall status or safety of their cars.[6]

Finally, we note that other laws, including state product safety, tort, and other consumer protection laws, provide important safeguards to consumers affected by defective cars. Of course, the Commission's orders do not affect the protections afforded by those laws. Rather, the Commission's orders provide independent protection for consumers, requiring that they be given information about open recalls before they purchase a used car.

---

5 *See U.S. v. New World Auto*, No. 16-cv-2401 (N.D. Tex. Aug. 22, 2016) (requiring auto dealers to pay civil penalties for violations of FTC order).

6 Dealer inspection programs often involve checking that vital components of a car, like the brakes and drivetrain, are working properly and thus can provide important consumer benefits.

Analysis to Aid Public Comment

Congress has been considering legislative proposals that would prohibit the sale of used cars with unrepaired recalls altogether, and we support efforts seeking to address this serious public safety issue. Although the Commission's enforcement actions against individual companies cannot substitute for legislative solutions, they provide important protections for consumers to help ensure that they can make informed and safer purchasing decisions in the used car marketplace.

## ANALYSIS OF CONSENT ORDER TO AID PUBLIC COMMENT

The Federal Trade Commission ("FTC" or "Commission") has accepted, subject to final approval, an agreement containing a consent order from Asbury Automotive Group, Inc. The proposed consent order has been placed on the public record for thirty (30) days for receipt of comments by interested persons. Comments received during this period will become part of the public record. After thirty (30) days, the FTC will again review the agreement and the comments received, and will decide whether it should withdraw from the agreement and take appropriate action or make final the agreement's proposed order.

The respondent is a car dealership that sells used motor vehicles. According to the FTC complaint, discussed further below, respondent has represented that the certified used motor vehicles it sells have been subject to rigorous inspection, including for safety issues, but has failed to disclose adequately that some of these vehicles are subject to open recalls for safety issues. Federal law currently does not prohibit car dealers from selling used vehicles subject to open safety recalls; Congress and some states are considering legislation that would do so. The Commission, however, can take action under the FTC Act to prohibit companies from making claims that mislead consumers about safety-related and other material issues. Further, the FTC can take such action in addition to (and entirely independent of) any private rights of action consumers themselves can bring under

state law. This proposed action thus does not replace or alter any state laws or legislative proposals; rather, it offers additional protections beyond those afforded under other such laws, as they exist now or may be amended.

More specifically, the complaint in this matter alleges that the respondent has posted advertisements on one of its websites that included the following representations:

> Our Crown Certified Used Vehicles Include: | 150 Point Bumper-to-bumper inspection . . .
>
> ***
>
> **Inspected, Reconditioned & Certified**
> Every Crown Certified used car or truck has undergone a 150 point bumper-to-bumper inspection by Certified mechanics. We find and fix problems from bulbs to brakes before offering a vehicle for sale.

Even though it makes such claims, the respondent has allegedly advertised on its websites numerous certified used vehicles that were subject to open recalls for safety issues. In numerous instances, when the respondent allegedly advertised certified used vehicles that are subject to open recalls for safety issues, it provided no accompanying clear and conspicuous disclosure of this fact. The proposed complaint alleges that this failure to disclose constitutes a deceptive act or practice under Section 5 of the FTC Act.

The proposed order is designed to prevent the respondent from engaging in similar deceptive practices in the future. Part I prohibits the respondent from representing that used motor vehicles it offers for sale are safe, have been repaired for safety issues, or have been subject to an inspection for issues related to safety unless the used motor vehicles are not subject to any open recalls for safety issues or the respondent discloses, clearly and conspicuously, in close proximity to such representation, any material qualifying information related to open recalls for safety issues. Part II is a provision that orders the respondent to notify consumers who purchased from it a certified used motor vehicle between July 1, 2013 and September 2, 2015 that some of the

used vehicles it sold during this time had been recalled for safety issues which weren't repaired as of the date they were sold. The notice also must specify how consumers can check whether the vehicle is subject to an unrepaired recall at the National Highway Traffic Safety Administration's website, https://vinrcl.safercar.gov/vin/. This website also provides information on how to get a vehicle fixed if it is subject to an open recall.

Parts III through VII of the proposed order are reporting and compliance provisions. Part III requires the respondent to maintain for five years, and produce to the Commission upon demand, any relevant ads and associated documentary material. Part IV is an order distribution provision. Part V requires the respondent to notify the Commission of corporate changes that may affect compliance obligations. Part VI requires the respondent to submit a compliance report to the Commission 60 days after entry of the order, and also additional compliance reports within 10 business days of a written request by the Commission. Part VII "sunsets" the order after twenty years, with certain exceptions.

The purpose of this analysis is to aid public comment on the proposed order. It is not intended to constitute an official interpretation of the complaint or proposed order, or to modify in any way the proposed order's terms.

The consent order prohibits the respondent from representing that used motor vehicles it offers for sale are safe, have been repaired for safety issues, or have been subject to an inspection for issues related to safety unless the used motor vehicles are not subject to any open recalls for safety issues or the respondent discloses, clearly and conspicuously, in close proximity to such representation, any material qualifying information related to open recalls for safety issues.

## COMPLAINT

The Federal Trade Commission, having reason to believe that West-Herr Automotive Group, Inc., a corporation ("Respondent"), has violated provisions of the Federal Trade Commission Act ("FTC Act"), and it appearing to the Commission that this proceeding is in the public interest, alleges:

1. Respondent is a New York corporation, with its principal office or place of business at 3552 Southwestern Blvd, Orchard Park, New York 14127. Respondent has marketed, advertised, offered for sale, and sold used motor vehicles.

2. The acts or practices of Respondent alleged in this complaint have been in or affecting commerce, as "commerce" is defined in Section 4 of the FTC Act, 15 U.S.C. § 44.

3. Since at least May 2014, Respondent has disseminated or has caused to be disseminated advertisements promoting the sale of used motor vehicles.

4. Respondent's advertisements include, but are not necessarily limited to, advertisements and marketing materials posted on the website www.westherr.com, excerpts of which are attached as Exhibits A through D. On its website, until at least June 2015, it has made claims regarding the advantages of buying from West-Herr, including the "West-Herr Guarantee." These marketing materials have included the following representations regarding used vehicles:

> "At West Herr, you can choose from over 1,200 pre-owned vehicles, each backed by a West Herr Guarantee. Peace of Mind Vehicles, Value Cars, and Certified Vehicles - all hand selected, and fully reconditioned for your enjoyment...."

**Exhibit A at 3.**

> On a page prominently titled "Why Buy From West-Herr?," found at www.westherr.com/west-herr-used-car-guarantee.htm, it has made the following representations:
>
> "Each vehicle goes through a rigorous multi-point inspection with our factory trained technicians. The service department grades each vehicle, and only the highest quality vehicles make it to our lots. …
>
> Only about 40% of the vehicles we take in on trade meet our standards. What happens to the other 60%? They get wholesaled (about 250 per week) at our auction, to other dealers in the area.

> We prepare a complete history report on every vehicle. This is our 'storybook'."

**Exhibit B at 1.**

5. Even though it has made the claims set forth in Paragraph 4, Respondent has advertised numerous used vehicles subject to open recalls for safety issues on its websites.

6. In some instances, these open recalls for safety issues have included recalls for defects that can cause serious injury. For example, Respondent has advertised a used vehicle that has an open recall for safety issues for defects with the airbag, which can potentially rupture and strike occupants with metal fragments upon deployment. Respondent has also advertised a used vehicle that has an open safety recall for a key ignition switch defect, which can affect engine power, power steering, braking, and airbag deployment, thereby increasing the risk of a crash and occupant injury.

7. In numerous instances, until at least June 2015, when Respondent has advertised used vehicles that are subject to open recalls for safety issues making the claims set forth in Paragraph 4 above, it has provided no accompanying clear and conspicuous disclosure of this fact.

8. Until at least June 2015, when consumers have searched for particular categories of vehicles on Respondent's website, there has been no disclosure regarding open recalls for safety issues. An example of such search results includes the following:

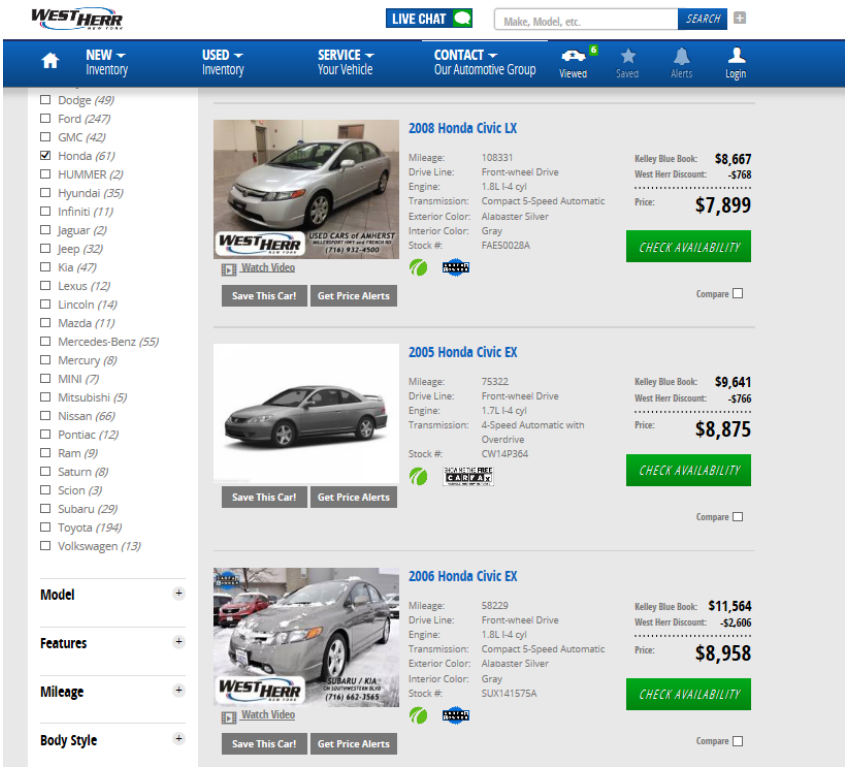

**Exhibit C.**

9. Until at least June 2015, when consumers have viewed specific vehicle listings on Respondent's website, there has been no disclosure regarding open recalls for safety issues. An example of such a listing includes the following:

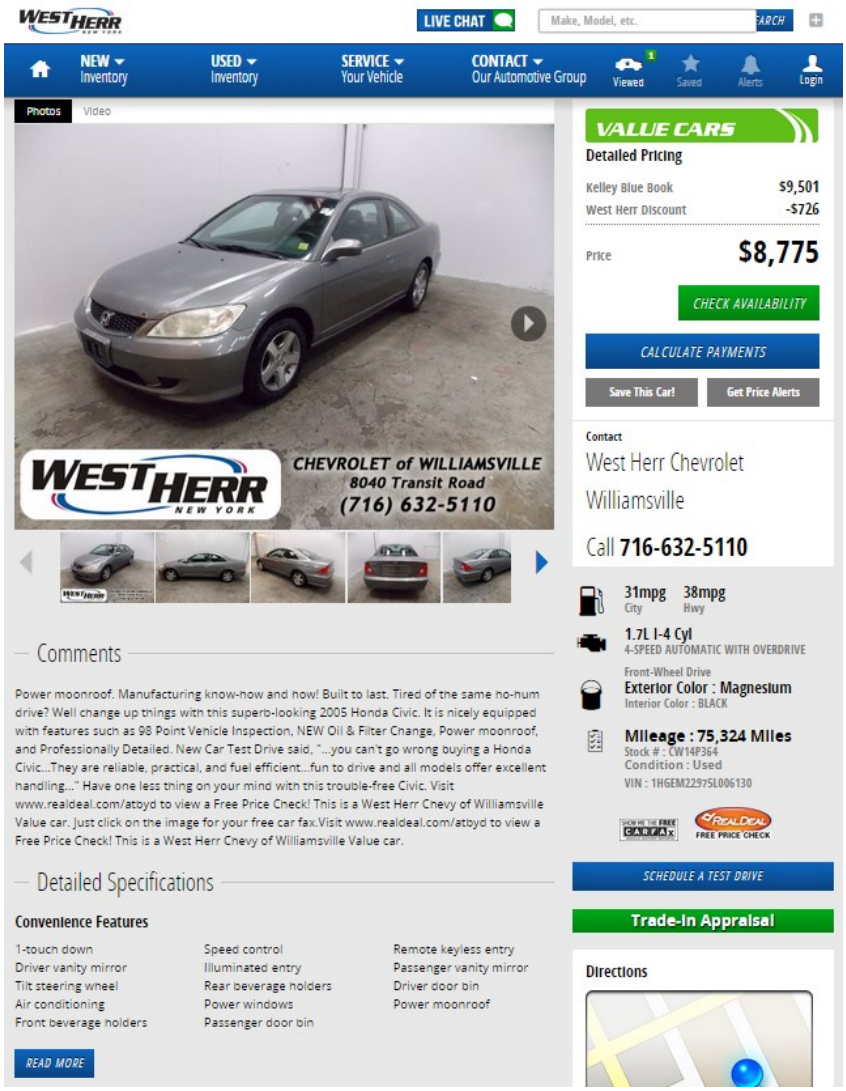

**Exhibit D.**

10. To uncover any information about open recalls for safety issues through Respondent's website, until at least June 2015, a consumer would have to locate the "Carfax" link on the search results page or the vehicle listing page and click on it to access a vehicle history report, although the "Carfax" link provides no descriptive information or in any way conveys that it contains important safety information about recalls. Moreover, in numerous instances, even these reports omit information about open recalls for safety issues.

## VIOLATION OF THE FEDERAL TRADE COMMISSION ACT

### Count I

11. In connection with the marketing, advertising, offering for sale, or sale of used motor vehicles, Respondent has represented, directly or indirectly, expressly or by implication, that used motor vehicles it sells have been subject to rigorous inspection, including for safety issues.

12. In numerous instances in connection with the representation set forth in Paragraph 11, Respondent has failed to disclose, or disclose adequately, that used vehicles it sells are subject to open recalls for safety issues.

13. Respondent's failure to disclose, or disclose adequately, the material information set forth in Paragraph 12 above, in light of the representation described in Paragraph 11, above, constitutes a deceptive act or practice in or affecting commerce in violation of Section 5(a) of the FTC Act, 15 U.S.C. § 45(a).

**THEREFORE**, the Federal Trade Commission, this twenty-second day of March, 2017, has issued this complaint against Respondent.

By the Commission.

## DECISION

The Federal Trade Commission ("Commission") initiated an investigation of certain acts and practices of the Respondent named in the caption. The Commission's Bureau of Consumer Protection ("BCP") prepared and furnished to Respondent a draft Complaint. BCP proposed to present the draft Complaint to the Commission for its consideration. If issued by the Commission, the draft Complaint would charge the Respondent with violation of the Federal Trade Commission Act.

Respondent and BCP thereafter executed an Agreement Containing Consent Order ("Consent Agreement"). The Consent Agreement includes: 1) statements by Respondent that it admits the facts necessary to establish jurisdiction; and 2) waivers and other provisions as required by the Commission's Rules.

The Commission considered the matter and determined that it had reason to believe that Respondent has violated the Federal Trade Commission Act, and that a Complaint should issue stating its charges in that respect. The Commission accepted the executed Consent Agreement and placed it on the public record for a period of 30 days for the receipt and consideration of public comments. The Commission duly considered any comments received from interested persons pursuant to Section 2.34 of its Rules, 16 C.F.R. § 2.34. Now, in further conformity with the procedure prescribed in Rule 2.34, the Commission issues its Complaint, makes the following Findings, and issues the following Order:

## Findings

1. Respondent West-Herr Automotive Group, Inc., is a New York corporation, with its principal office or place of business at 3552 Southwestern Blvd, Orchard Park, New York 14127.

2. The Commission has jurisdiction over the subject matter of this proceeding and over the Respondent, and the proceeding is in the public interest.

3. Motorcycles;

4. Motor homes, recreational vehicle trailers, and slide-in campers; and

5. Other vehicles that are titled and sold through dealers.

**I.**

**IT IS HEREBY ORDERED** that Respondent and its officers, agents, representatives, and employees, directly or indirectly, in connection with the marketing, advertising, offering for sale, or

sale of used motor vehicles to consumers shall not, in any manner, expressly or by implication:

A. Represent that used motor vehicles that Respondent offers for sale are safe, have been repaired for safety issues, or have been subject to an inspection for issues related to safety unless:

1. The used motor vehicles are not subject to any open recalls for safety issues, and the representation is otherwise not misleading, or

2. Respondent discloses, clearly and conspicuously, and in close proximity to such representation, any material qualifying information related to open recalls for safety issues, including but not limited to:

a. the fact that its used motor vehicles may be subject to unrepaired recalls for safety issues, and

b. how consumers can determine whether an individual motor vehicle is subject to an open recall for a safety issue that has not been repaired,

and the representation is otherwise not misleading. *Provided further that* if Respondent receives any written notification from a manufacturer that an individual used motor vehicle is subject to an open recall for a safety issue, Respondent must clearly and conspicuously provide that written notification, or a document that conveys the same information using a substantially similar format, to the consumer prior to consummation of the sale of that motor vehicle.

B. Misrepresent the following:

1. Whether there is or is not an open recall for safety issues for any used motor vehicle;

2. Whether Respondent repairs used motor vehicles for open recalls for safety issues; and

3. Any other material fact about the safety of the used motor vehicles it advertises for sale.

## II.

**IT IS FURTHER ORDERED** that Respondent, within sixty (60) days of entry of this Order, must provide, by first class mail to the last known address of every consumer who purchased a used motor vehicle from Respondent between July 1, 2013 and June 30, 2015, a notice on Respondent's letterhead that clearly and conspicuously discloses the following:

> "We want to alert you that some of the used vehicles we recently sold had been recalled for safety issues, but weren't repaired as of the date they were sold. You can check whether the vehicle you bought from us is subject to an unrepaired recall at the National Highway Traffic Safety Administration's recall website, https://vinrcl.safercar.gov/vin/. That site also provides information on how to get your vehicle fixed if it's been recalled."

Respondent shall not include any advertising, marketing, or other promotional information in the notice. Moreover, the mailing shall not include any other documents. The envelope enclosing the notice shall have printed thereon in a clear and conspicuous fashion the disclosure "Important Safety Recall Information."

*Provided, however, that* Respondent is not required to provide this notice for (A) any motor vehicle that Respondent can demonstrate was not subject to an open recall for a safety issue at the time of purchase and delivery, or (B) any motor vehicle that was the subject of one or more open recalls for safety issues at the time of purchase and delivery that Respondent can demonstrate have subsequently been fixed.

For purposes of Subpart (A) of this proviso, records showing that the vehicle was not listed as subject to an open recall for a safety

issue, as of the date of the purchase, on the Original Equipment Manufacturer's recall database, on the National Highway Traffic Safety Administration's www.safercar.gov database, or on a database with information on vehicle recalls that is generally accepted based on the expertise of professionals in the relevant area to yield accurate and reliable results, shall be deemed to be sufficient to demonstrate that the vehicle was not subject to an open recall for a safety issue at the time of purchase and delivery.

For purposes of Subpart (B) of this proviso, (i) repair records generated by the dealer in the ordinary course of business that demonstrate that a vehicle with an open recall for a safety issue has been repaired; or (ii) records showing that the vehicle is no longer listed as subject to an open recall for a safety issue on the Original Equipment Manufacturer's recall database, on the National Highway Traffic Safety Administration's www.safercar .gov database, or on a database with information on vehicle recalls that is generally accepted based on the expertise of professionals in the relevant area to yield accurate and reliable results, shall be deemed sufficient to demonstrate that an open recall for a safety issue has been fixed.

## III.

**IT IS FURTHER ORDERED** that Respondent shall, for five (5) years after the last date of dissemination of any representation covered by this order, maintain and upon request make available to the Commission for inspection and copying:

A. Each advertisement or other marketing material that makes any representation covered by the order unless, in comparison to an advertisement or other marketing material already maintained by Respondent pursuant to this Section, the advertisement or marketing material: (i) is a duplicate, or (ii) differs only in the description of the vehicle in ways not related to any representations covered by this order;

B. All materials that were relied upon in disseminating the representation;

C. All evidence in its possession or control that contradicts, qualifies, or calls into question the representation, or the basis relied upon for the representation, including complaints and other communications with consumers or with governmental or consumer protection organizations; and

D. Any documents reasonably necessary to demonstrate full compliance with each provision of this order, including but not limited to all documents obtained, created, generated, or that in any way relate to the requirements, provisions, or terms of this order, and all reports submitted to the Commission pursuant to this order.

## IV.

**IT IS FURTHER ORDERED** that Respondent shall deliver a copy of this order to all current and future principals, officers, directors, and managers, and to all current and future employees, agents, and representatives having responsibilities with respect to the subject matter of this order, and shall secure from each such person a signed and dated statement acknowledging receipt of the order, with any electronic signatures complying with the requirements of the E-Sign Act, 15 U.S.C. § 7001 *et seq.* Respondent shall deliver this order to current personnel within thirty (30) days after the date of service of this order, and to future personnel within thirty (30) days after the person assumes such position or responsibilities.

## V.

**IT IS FURTHER ORDERED** that Respondent shall notify the Commission at least thirty (30) days prior to any change in the corporation(s) that may affect compliance obligations arising under this order, including but not limited to a dissolution, assignment, sale, merger, or other action that would result in the emergence of a successor corporation; the creation or dissolution of a subsidiary, parent, or affiliate that engages in any acts or practices subject to this order; the proposed filing of a bankruptcy petition; or a change in the corporate name or address. *Provided, however*, that, with respect to any proposed change in the

corporation about which Respondent learns less than thirty (30) days prior to the date such action is to take place, Respondent shall notify the Commission as soon as is practicable after obtaining such knowledge. Unless otherwise directed by a representative of the Commission in writing, all notices required by this Part shall be emailed to Debrief@ftc.gov or sent by overnight courier (not U.S. Postal Service) to: Associate Director for Enforcement, Bureau of Consumer Protection, Federal Trade Commission, 600 Pennsylvania Avenue, NW, Washington, DC 20580. The subject line must begin: *In re West-Herr Automotive Group, Inc.*

## VI.

**IT IS FURTHER ORDERED** that Respondent, within sixty (60) days after the date of service of this order, shall file with the Commission a true and accurate report, in writing, setting forth in detail the manner and form of its own compliance with this order. Within ten (10) days of receipt of written notice from a representative of the Commission, it shall submit additional true and accurate written reports.

## VII.

This order will terminate March 22, 2037, or twenty (20) years from the most recent date that the United States or the Federal Trade Commission files a complaint (with or without an accompanying consent decree) in federal court alleging any violation of the order, whichever comes later; provided, however, that the filing of such a complaint will not affect the duration of:

A. Any Part in this order that terminates in less than twenty (20) years;

B. This order's application to any Respondent that is not named as a defendant in such complaint; and

C. This order if such complaint is filed after the order has terminated pursuant to this Part.

*Provided, further*, that if such complaint is dismissed or a federal court rules that Respondent did not violate any provision of the

order, and the dismissal or ruling is either not appealed or upheld on appeal, then the order will terminate according to this Part as though the complaint had never been filed, except that the order will not terminate between the date such complaint is filed and the later of the deadline for appealing such dismissal or ruling and the date such dismissal or ruling is upheld on appeal.

By the Commission.

## Statement of the Federal Trade Commission Concerning Auto Recall Advertising Cases[1] December 15, 2016

Unrepaired auto recalls pose a serious threat to public safety. Car manufacturers and the National Highway Traffic Safety Administration have recalled tens of millions of vehicles in each of the last several years for defects that pose significant safety risks to consumers. In 2015, for example, recalls affected 51 million vehicles nationwide.[2] And defects that have been the subject of recalls have led to severe injuries and even death for many consumers. Federal law requires that all new cars sold in the United States be free from recalls, but it does not prohibit auto dealers from selling used cars with open recalls. As a result, absent a change in law, neither NHTSA nor any other federal agency has the authority to ban the sale of used cars that have open recalls across the industry.

Statement of the Commission

Section 5 of the Federal Trade Commission Act, however, enables the Commission to stop car sellers from engaging in false or misleading advertising practices that mask the existence of open recalls, and we are committed to doing just that. As part of this effort, the Commission is issuing final orders against General Motors Company, Jim Koons Management Company, and Lithia Motors, Inc. and announcing proposed orders against CarMax, Inc., West-Herr Automotive Group, Inc., and Asbury Automotive Group, Inc. In these enforcement actions, the Commission is challenging what we allege are deceptive advertising claims by these companies that highlight the rigorous inspections they perform on their used cars, but fail to clearly disclose the existence of unrepaired safety recalls.

More specifically, we allege that the companies named in these actions touted the rigorousness of their car inspections by claiming, for example, to engage in a "172-point inspection and reconditioning," an "exhaustive 160-checkpoint Quality Assurance Inspection," or a "rigorous and extensive inspection." Some of these inspected cars were subject to open recalls. We charge that the companies' representations about their inspections, absent clear and conspicuous information about open recalls, were likely to mislead reasonable consumers into believing that the inspections included repairing open recalls. Therefore, the companies' failure to disclose this information was deceptive.[3]

Our orders stop this deceptive conduct and provide important additional protections for consumers. First, the orders prohibit each company from making any safety-related claim about its vehicles unless (1) the vehicles are recall-free, or, alternatively, the company discloses clearly and conspicuously and in close proximity to the representation both that the vehicles may be subject to open recalls and how consumers can determine the

3 Under Section 5 of the FTC Act, "it can be deceptive to tell only half the truth, and to omit the rest. This may occur where a seller fails to disclose qualifying information necessary to prevent one of his affirmative statements from creating a misleading impression." *See In re International Harvester Co.,* 104 F.T.C. 949, 1057 (1984).

recall status of a particular car, and (2) the claims are not otherwise misleading.[4]

This means that, if any car on the companies' lots is subject to an open recall, every time the companies make these types of inspection claims, they must prominently disclose that their cars may be subject to open recalls and tell consumers how to determine the recall status of specific cars. And they must provide this information wherever the inspection claims are made – in the showroom, on the lot, and in any TV, radio, or website ad that consumers may view before they even visit a car dealer.

Further, the orders require each company to warn consumers who recently purchased one of its used cars that the vehicle may have an open recall. The Commission can seek civil penalties for violations of these orders, and we will not hesitate to do so if we discover a violation.[5]

These enforcement actions will help empower consumers to make more informed and safer purchasing decisions in a market that, absent a change in federal law, continues to include cars subject to open recalls. Dealers that repair all of their cars can continue to make truthful claims that they are recall-free, and can benefit from the competitive advantages of doing so. Dealers that cannot, or do not, repair all of their cars must instead prominently disclose that the cars may have open recalls when they make certain safety-related claims, such as claims about comprehensive inspections. Dealers are therefore incentivized to repair open recalls in the cars they advertise. At the same time, dealers can continue conducting their inspection programs and truthfully advertising them, provided they prominently disclose that cars

4 For instance, a claim could still be misleading, even with the required disclosure, if a dealer represents that it inspected specific cars when it failed to do so, makes false oral statements to consumers that specific cars are free of recalls, or states a car *may* be subject to a recall (or otherwise implies it does not know the recall status) but in fact knows the car is actually subject to an open recall.

5 *See U.S. v. New World Auto*, No. 16-cv-2401 (N.D. Tex. Aug. 22, 2016) (requiring auto dealers to pay civil penalties for violations of FTC order).

may be subject to open recalls and do not misrepresent the recall status or safety of their cars.[6]

Finally, we note that other laws, including state product safety, tort, and other consumer protection laws, provide important safeguards to consumers affected by defective cars. Of course, the Commission's orders do not affect the protections afforded by those laws. Rather, the Commission's orders provide independent protection for consumers, requiring that they be given information about open recalls before they purchase a used car.

Congress has been considering legislative proposals that would prohibit the sale of used cars with unrepaired recalls altogether, and we support efforts seeking to address this serious public safety issue. Although the Commission's enforcement actions against individual companies cannot substitute for legislative solutions, they provide important protections for consumers to help ensure that they can make informed and safer purchasing decisions in the used car marketplace.

6 Dealer inspection programs often involve checking that vital components of a car, like the brakes and drivetrain, are working properly and thus can provide important consumer benefits.

# ANALYSIS OF CONSENT ORDER TO AID PUBLIC COMMENT

The Federal Trade Commission ("FTC" or "Commission") has accepted, subject to final approval, an agreement containing a consent order from West-Herr Automotive Group, Inc. The proposed consent order has been placed on the public record for thirty (30) days for receipt of comments by interested persons. Comments received during this period will become part of the public record. After thirty (30) days, the FTC will again review the agreement and the comments received, and will decide whether it should withdraw from the agreement and take appropriate action or make final the agreement's proposed order.

The respondent is a car dealership that sells used motor vehicles. According to the FTC complaint, discussed further below, respondent has represented that used motor vehicles it sells have been subject to rigorous inspection, including for safety issues, but has failed to disclose adequately that some of these vehicles are subject to open recalls for safety issues. Federal law currently does not prohibit car dealers from selling used vehicles subject to open safety recalls; Congress and some states are considering legislation that would do so. The Commission, however, can take action under the FTC Act to prohibit companies from making claims that mislead consumers about safety-related and other material issues. Further, the FTC can take such action in addition to (and entirely independent of) any private rights of action consumers themselves can bring under state law. This proposed action thus does not replace or alter any state laws or legislative proposals; rather, it offers additional protections beyond those afforded under other such laws, as they exist now or may be amended.

More specifically, the complaint in this matter alleges the respondent has posted advertisements on the website www.westherr.com regarding the advantages of buying from West-Herr that have made the following representations:

> "Each vehicle goes through a rigorous multi-point inspection with our factory trained technicians. The service department grades each vehicle, and only the highest quality vehicles make it to our lots. …

> Only about 40% of the vehicles we take in on trade meet our standards. What happens to the other 60%? They get wholesaled (about 250 per week) at our auction, to other dealers in the area."

Even though it makes such claims, the respondent has allegedly advertised on its websites numerous used vehicles that were subject to open recalls for safety issues. In numerous instances, when the respondent allegedly advertised used vehicles that are subject to open recalls for safety issues, it provided no accompanying clear and conspicuous disclosure of this fact. The proposed complaint alleges that this failure to disclose constitutes a deceptive act or practice under Section 5 of the FTC Act.

The proposed order is designed to prevent the respondent from engaging in similar deceptive practices in the future. Part I prohibits the respondent from representing that used motor vehicles it offers for sale are safe, have been repaired for safety issues, or have been subject to an inspection for issues related to safety unless the used motor vehicles are not subject to any open recalls for safety issues or the respondent discloses, clearly and conspicuously, in close proximity to such representation, any material qualifying information related to open recalls for safety issues. Part II is a provision that orders the respondent to notify consumers who purchased from it a used motor vehicle between July 1, 2013 and June 30, 2015 that some of the used vehicles it sold during this time had been recalled for safety issues which weren't repaired as of the date they were sold. The notice also must specify how consumers can check whether the vehicle is subject to an unrepaired recall at the National Highway Traffic Safety Administration's website, https://vinrcl.safercar.gov/vin/. This website also provides information on how to get a vehicle fixed if it is subject to an open recall.

Parts III through VII of the proposed order are reporting and compliance provisions. Part III requires the respondent to maintain for five years, and produce to the Commission upon demand, any relevant ads and associated documentary material. Part IV is an order distribution provision. Part V requires the respondent to notify the Commission of corporate changes that may affect compliance obligations. Part VI requires the respondent to submit a compliance report to the Commission 60

days after entry of the order, and also additional compliance reports within 10 business days of a written request by the Commission. Part VII "sunsets" the order after twenty years, with certain exceptions.

The purpose of this analysis is to aid public comment on the proposed order. It is not intended to constitute an official interpretation of the complaint or proposed order, or to modify in any way the proposed order's terms.

**IN THE MATTER OF**

# ENBRIDGE INC.
**AND**
# SPECTRA ENERGY CORP.

CONSENT ORDER, ETC. IN REGARD TO ALLEGED VIOLATIONS OF SECTION 5 OF THE FEDERAL TRADE COMMISSION ACT AND SECTION 7 OF THE CLAYTON ACT

*Docket No. C-4604; File No. 161 0215*
*Complaint, March 22, 2017 – Decision, March 22, 2017*

This consent order addresses the $28 billion acquisition by Enbridge Inc. of certain assets of Spectra Energy Corp. The complaint alleges that the Merger, if consummated, would violate Section 7 of the Clayton Act and Section 5 of the Federal Trade Commission Act by substantially lessening competition for the transportation of natural gas from wells in certain natural gas producing areas in the Gulf of Mexico to processing plants or interconnects with other natural gas pipelines. The complaint further alleges that after the Merger, Enbridge will have access to competitively sensitive information of its competitor, the Discovery Pipeline, and gain voting rights over the Discovery Pipeline's significant capital expenditures, including expansions needed to connect to new wells. The consent order requires Enbridge to erect firewalls to limit its access to non-public information relating to the Discovery Pipeline.

## COMPLAINT

Pursuant to the provisions of the Federal Trade Commission Act and the Clayton Act, and by virtue of the authority vested in it by said Acts, the Federal Trade Commission ("Commission"), having reason to believe that Respondent Enbridge Inc. ("Enbridge") has entered into a transaction with Respondent Spectra Energy Corp ("Spectra"), that such transaction, if consummated, would violate Section 7 of the Clayton Act, as amended, 15 U.S.C. § 18, and Section 5 of the Federal Trade

Commission Act, as amended, 15 U.S.C. § 45, and that a proceeding in respect thereof would be in the public interest, hereby issues this complaint, stating its charges as follows.

## I. RESPONDENTS

Enbridge

1. Respondent Enbridge is a corporation organized, existing, and doing business under, and by virtue of, the laws of Canada, with its office and principal place of business located at 425 1st Street S.W., Suite 200, Fifth Avenue Place, Calgary, Alberta Canada T2P 3L8. Enbridge's principal U.S. subsidiary, Enbridge Energy Partners, L.P., is a master limited partnership with its principal place of business located at 1100 Louisiana Street, Suite 3300, Houston, Texas 77002.

2. Respondent Enbridge is, and at all times relevant herein has been, engaged in, among other things, the gathering, processing, transportation, and storage of natural gas in the United States.

3. Respondent Enbridge and the corporate entities under its control are, and at all times relevant herein have been, engaged in commerce, as "commerce" is defined in Section 1 of the Clayton Act as amended, 15 U.S.C. § 12, and Section 4 of the FTC Act, as amended, 15 U.S.C. § 44.

Spectra

4. Respondent Spectra is a corporation organized, existing, and doing business under, and by virtue of, the laws of the State of Delaware, with its office and principal place of business located at 5400 Westheimer Court, Houston, Texas 77056.

5. Respondent Spectra is, and at all times relevant herein has been, engaged in, among other things, the gathering, processing, transportation, and storage of natural gas in the United States.

6. Respondent Spectra and the corporate entities under its control are, and at all times relevant herein have been, engaged in commerce, as "commerce" is defined in Section 1 of the Clayton

Act as amended, 15 U.S.C. § 12, and Section 4 of the FTC Act, as amended, 15 U.S.C. § 44.

## II. THE PROPOSED MERGER

7. Respondent Enbridge and affiliated companies under its control entered into a merger agreement ("Merger Agreement") with Spectra, dated September 5, 2016, pursuant to which Sand Merger Sub, Inc., a newly created direct wholly owned subsidiary of Enbridge, will merge with and into Spectra, with Spectra surviving the merger (the "Merger"). On September 5, 2016, the Merger's total estimated dollar value was $28 billion.

8. The Merger is subject to Section 7 of the Clayton Act, as amended, 15 U.S.C. § 18.

## III. THE RELEVANT MARKET

9. A relevant product market in which to analyze the effects of the Merger is natural gas pipeline transportation. Natural gas producers contract with natural gas pipelines to connect to and transport natural gas from wells to processing plants or interconnects with other natural gas pipelines.

10. Relevant geographic markets in which to analyze the effects of the Merger are no broader than the Green Canyon, Walker Ridge, and Keathley Canyon offshore natural gas producing areas in the Gulf of Mexico (collectively and individually referred to as "Gulf Producing Areas"). The Gulf Producing Areas are off the coast of Louisiana.

11. No economic or practical alternative to natural gas pipeline transportation from wells exists. Other natural gas delivery methods are significantly more costly, less reliable, and potentially more hazardous than pipeline transportation.

## IV. MARKET STRUCTURE

12. Enbridge, through a wholly owned subsidiary, owns and operates the Walker Ridge Pipeline. The Walker Ridge Pipeline is a natural-gas offshore gathering and processing system that consists of 8-inch and 10-inch diameter pipelines that deliver

natural gas north from or through portions of the Walker Ridge and Green Canyon natural gas producing areas to an interconnect at Ship Shoal 332A, a block in the Ship Shoal natural gas producing area.

13. Spectra has an indirect ownership interest in the Discovery Pipeline. The Discovery Pipeline is a natural-gas offshore gathering, transmission, and processing system that consists of a mainline pipeline ranging from 12 inches to 30 inches in diameter. The Discovery Pipeline includes the Keathley Canyon Connector, a 20-inch pipeline that delivers natural gas north from or through portions of the Keathley Canyon, Walker Ridge, and Green Canyon natural gas producing areas to an interconnect with the Discovery Pipeline. The Discovery Pipeline connects directly to shore.

14. Spectra's indirect ownership interest in the Discovery Pipeline stems from its ownership interest in DCP Midstream, LLC ("DCP"). Spectra and the Phillips 66 Company each own 50 percent interests in DCP. DCP has an effective 36.1 percent limited partner interest in DCP Midstream Partners, LP ("DPM"). DCP also owns (i) DCP Midstream GP, LP ("DPM's General Partner"), the entity that is the general partner of DPM and holds a 2 percent general partner interest in DPM, as well as all of DPM's incentive distribution rights; and (ii) DCP Midstream GP, LLC ("DPM GP LLC"), the entity that is the general partner of DPM's General Partner.

15. DPM owns a 40 percent interest in Discovery Product Services LLC. Williams Partners L.P. ("Williams") owns the remaining 60 percent. Discovery Product Services LLC is the sole member of Discovery Gas Transmission LLC, which is the sole owner of the Discovery Pipeline. Williams is the operator of the Discovery Pipeline. Through its indirect ownership interest in DPM, Spectra has access to competitively sensitive information of the Discovery Pipeline and significant voting rights.

16. The Walker Ridge Pipeline and the Discovery Pipeline are the closest two pipelines to wells drilled in certain blocks in the Gulf Producing Areas, including blocks that lie between the pipelines. The length of pipeline needed is a major factor in determining the overall cost for a pipeline to connect to a well.

More distant pipelines likely face higher costs to connect to wells, resulting in higher natural gas pipeline transportation prices for natural gas producers. As such, the Walker Ridge Pipeline and the Discovery Pipeline are the two pipelines most likely to compete successfully for projects in certain blocks in the Gulf Producing Areas.

17. The Merger, if consummated, will result in Respondent Enbridge having ownership interests in the two closest and likely lowest-cost pipelines that provide or can provide natural gas pipeline transportation from blocks, or a subset of blocks, in the Gulf Producing Areas.

18. The Merger likely would reduce competition by allowing Respondent Enbridge and its affiliate that owns and operates the Walker Ridge Pipeline access to competitively sensitive information for the Discovery Pipeline. Respondent Enbridge may use this competitively sensitive information when competing with the Discovery Pipeline, increasing prices for natural gas producers. The exchange of information may also increase the likelihood of tacit or explicit coordination between the Walker Ridge Pipeline and the Discovery Pipeline.

19. The Merger likely would reduce competition by allowing Respondent Enbridge to exercise voting rights over the Discovery Pipeline's significant capital expenditures, including expansions needed to connect to wells. Respondent Enbridge will have the incentive and ability to reduce the competitiveness of the Discovery Pipeline by preventing DPM from participating in bids to connect to wells in competition with Enbridge's Walker Ridge Pipeline.

20. The Merger likely would reduce competition by facilitating coordination between the Walker Ridge Pipeline and the Discovery Pipeline.

## V. BARRIERS TO ENTRY

21. There are substantial barriers to entering any Gulf Producing Areas. Building pipeline underwater is an expensive and lengthy process, often taking several years from the initial proposal to the end of construction. Entry into the relevant

market would not be timely, likely, or sufficient in scope to deter or counteract the anticompetitive effects of the Merger.

## VI. EFFECTS OF THE MERGER

22. The effects of the Merger, if consummated, may be substantially to lessen competition and tend to create a monopoly in the relevant market in violation of Section 7 of the Clayton Act, as amended, 15 U.S.C. § 18, and Section 5 of the FTC Act, as amended, 15 U.S.C. § 45, by:

a. increasing the likelihood that Respondent Enbridge would unilaterally exercise market power in the relevant market; and

b. increasing the likelihood of collusive or coordinated interaction between the remaining competitors in the relevant market.

## VII. VIOLATIONS CHARGED

23. The Merger, if consummated, would violate Section 7 of the Clayton Act, as amended, 15 U.S.C. § 18, and Section 5 of the FTC Act, as amended, 15 U.S.C. § 45.

24. The Merger Agreement entered into by Respondents Enbridge and Spectra constitutes a violation of Section 5 of the FTC Act, as amended, 15 U.S.C. § 45.

**IN WITNESS WHEREOF,** the Federal Trade Commission, having caused this Complaint to be signed by the Secretary and its official seal affixed, at Washington, D.C., this twenty-second day of March, 2017, issues its complaint against Respondents.

By the Commission.

## DECISION AND ORDER

The Federal Trade Commission ("Commission"), having initiated an investigation of the proposed transaction involving Respondent Enbridge Inc. ("Enbridge") and Respondent Spectra Energy Corp ("Spectra"), collectively "Respondents," and Respondents having been furnished thereafter with a copy of a draft of the Complaint that the Bureau of Competition proposed to present to the Commission for its consideration and which, if issued by the Commission, would charge Respondents with violations of Section 7 of the Clayton Act, as amended, 15 U.S.C. § 18, and Section 5 of the Federal Trade Commission Act, as amended, 15 U.S.C. § 45; and

Respondents, their attorneys, and counsel for the Commission having thereafter executed an Agreement Containing Consent Order ("Consent Agreement"), containing an admission by Respondents of all the jurisdictional facts set forth in the aforesaid Complaint, a statement that the signing of said Consent Agreement is for settlement purposes only and does not constitute an admission by Respondents that the law has been violated as alleged in such Complaint, or that the facts as alleged in such Complaint, other than jurisdictional facts, are true, and waivers and other provisions as required by the Commission's Rules; and

The Commission having thereafter considered the matter and having determined that it had reason to believe that Respondents have violated the said Acts, and that a Complaint should issue stating its charges in that respect, and having accepted the executed Consent Agreement and placed such Consent Agreement on the public record for a period of thirty (30) days for the receipt and consideration of public comments, now in further conformity with the procedure described in Commission Rule 2.34, 16 C.F.R. § 2.34, the Commission hereby issues its Complaint, makes the following jurisdictional findings, and issues the following Decision and Order ("Order"):

1. Respondent Enbridge Inc. is a corporation organized, existing, and doing business under, and by virtue of, the laws of Canada with its principal executive offices located at 425 – 1st Street S.W., Suite 200, Fifth Avenue Place, Calgary, Alberta, Canada, and its

United States address for service of process and the Complaint and Decision and Order as follows: Corporate Secretary, Enbridge, 1100 Louisiana Street, Suite 3300, Houston, TX 77002.

2. Respondent Spectra Energy Corp is a corporation organized, existing, and doing business under, and by virtue of, the laws of the State of Delaware, with its executive offices and principal place of business located at 5400 Westheimer Court, Houston, TX 77056.

3. The Federal Trade Commission has jurisdiction of the subject matter of this proceeding and of the Respondents, and the proceeding is in the public interest.

## PUBLIC APPENDIX A

## MONITOR AGREEMENT

## ANALYSIS OF CONSENT ORDER TO AID PUBLIC COMMENT

### I. Introduction

The Federal Trade Commission ("Commission") has accepted, subject to final approval, an Agreement Containing Consent Orders ("Consent Agreement") with Enbridge Inc. ("Enbridge") and Spectra Energy Corp ("Spectra"). The Consent Agreement is designed to remedy the anticompetitive effects that likely would result from Enbridge's proposed merger with Spectra (the "Merger").

The Merger, if consummated, will result in Respondent Enbridge having ownership interests in the two closest and likely

lowest-cost pipelines that provide or can provide natural gas pipeline transportation from many Deepwater Outer Continental Shelf oil and gas leasing and exploration blocks ("blocks") in certain natural gas producing areas in the Gulf of Mexico. Enbridge, through a wholly owned subsidiary, owns and operates the Walker Ridge Pipeline. Spectra has an indirect, minority ownership interest in the Discovery Pipeline. The Complaint alleges that, resulting from the Merger, Enbridge will have access to competitively sensitive information of its competitor, the Discovery Pipeline, and gain voting rights over the Discovery Pipeline's significant capital expenditures, including expansions needed to connect to new wells. Without adequate safeguards, Enbridge could misuse that information and its voting rights, leading to anticompetitive conduct that would make the Discovery Pipeline a less effective competitor or would facilitate coordination in the industry. To remedy these concerns, under the terms of the Proposed Decision and Order ("Order") contained in the Consent Agreement, Enbridge is required to erect firewalls to limit its access to non-public information relating to the Discovery Pipeline. In addition, all board members appointed by Enbridge or Spectra to the boards of directors overseeing the Discovery Pipeline must recuse themselves from any vote pertaining to the Discovery Pipeline, with limited exceptions.

The Commission has placed the Consent Agreement on the public record for 30 days to solicit comments from interested persons. Comments received during this period will become part of the public record. After 30 days, the Commission will again review the Consent Agreement and the comments received, and will decide whether it should withdraw from the Consent Agreement, modify it, or make the Order final.

## II. The Parties

### A. Enbridge

Enbridge is an energy delivery company that operates primarily in the United States and Canada. Its primary business is in pipeline transportation of crude oil; however, it also has significant natural gas gathering, processing, transportation, and storage assets. Enbridge owns several interconnected natural gas

pipelines that export natural gas from the Gulf of Mexico to processing plants in Louisiana.

### B. Spectra

Spectra is one of the largest North American pipeline and midstream companies. Spectra predominately focuses on natural gas, providing natural gas gathering, storage, and transportation in the southeastern and northeastern United States and in southeastern Canada. Through a joint venture with Phillips 66 ("Phillips"), Spectra owns an indirect minority interest in the Discovery Pipeline, a natural gas pipeline that transports natural gas from Deepwater areas in the Gulf of Mexico to processing plants in Louisiana.

## III. The Proposed Merger

Respondent Enbridge and affiliated companies under its control entered into a merger agreement with Spectra, dated September 5, 2016, pursuant to which Sand Merger Sub, Inc., a newly created direct wholly owned subsidiary of Enbridge, will merge with and into Spectra, with Spectra surviving the Merger. The combined entity will be the largest energy infrastructure company in North America, with a geographically diverse asset portfolio used in the gathering, processing, storage, and transportation of natural gas and the pipeline transportation of crude oil.

The Commission's Complaint alleges that the Merger, if consummated, would violate Section 7 of the Clayton Act, as amended, 15 U.S.C. § 18, and Section 5 of the Federal Trade Commission Act, as amended, 15 U.S.C. § 45, by substantially lessening competition for the transportation of natural gas from wells in certain natural gas producing areas in the Gulf of Mexico, to processing plants or interconnects with other natural gas pipelines.

## IV. The Relevant Markets

The Commission's Complaint alleges that the relevant product market within which to analyze the Merger is natural gas pipeline transportation. Natural gas producers contract with natural gas

pipelines to connect to and transport natural gas from wells to processing plants or interconnects with other natural gas pipelines. Even if pipeline transportation rates increased slightly, shippers would continue to use pipelines as no economic or practical alternative to natural gas pipeline transportation exists.

The Commission's Complaint alleges that the relevant geographic markets within which to analyze the Merger are no broader than the Green Canyon, Walker Ridge, and Keathley Canyon offshore natural gas producing areas in the Gulf of Mexico off the coast of Louisiana (collectively and individually referred to as "Gulf Producing Areas"). Other transportation methods for natural gas in the Gulf Producing Area are significantly more costly, less reliable, and potentially more hazardous than the parties' pipelines.

## V. Market Structure

The Commission's Complaint alleges that Enbridge and Spectra own interests in the two pipelines closest to wells drilled in certain blocks in the Gulf Producing Areas, including blocks that lie between the pipelines. Enbridge, through a wholly owned subsidiary, owns and operates the Walker Ridge Pipeline. Spectra holds an indirect minority ownership interest in the Discovery Pipeline, via its 50-50 joint venture with Phillips (DCP Midstream, LLC ("DCP"), which in turn has an effective 36.1 percent limited partner interest in DCP Midstream Partners, LP ("DPM")). DPM owns a 40 percent interest in the Discovery Pipeline; Williams Partners L.P. owns the majority interest (60 percent) in the Discovery Pipeline and is its operator.

The Commission's Complaint alleges that the length of pipeline needed to connect an existing pipeline to a well is a major factor in determining the overall cost for the pipeline to connect to the well. Thus, more distant pipelines likely face higher costs to connect to wells, resulting in higher natural gas pipeline transportation prices for natural gas producers. Where the Walker Ridge Pipeline and the Discovery Pipeline are a producer's nearest options – as they are for many blocks in the Gulf Producing Areas – they each likely could expand to connect to the producer's well for the lowest costs. As such, the Walker Ridge Pipeline and the Discovery Pipeline are the two pipelines

most likely to compete successfully for projects in certain blocks in the Gulf Producing Areas.

## VI. Effects of the Merger

While Spectra does not outright own the Discovery Pipeline or hold a majority interest in it (or operate it), through its indirect, minority ownership interest in DPM, Spectra has access to competitively sensitive information of the Discovery Pipeline and significant voting rights. This relationship creates two primary competitive concerns after the Merger. First, Enbridge-appointed directors will vote on the Discovery Pipeline's significant capital expenditures, which likely will include future expansions needed to connect to wells. Enbridge will have the incentive and ability to reduce the competitiveness of Discovery Pipeline bids for projects for which the parties' pipeline are the closest and lowest-cost options.

Second, Enbridge will have access to the Discovery Pipeline's competitively sensitive information. When its Walker Ridge Pipeline competes with the Discovery Pipeline, Enbridge may use this competitively sensitive information to raise transportation costs for natural gas producers. The exchange of information also may increase the likelihood of tacit or explicit coordination between the Walker Ridge Pipeline and the Discovery Pipeline.

## VII. Entry Conditions

Entry into the relevant markets would not be timely, likely, or sufficient to deter or counteract the anticompetitive effects arising from the Merger. Barriers to entry are significant. Building pipeline underwater is an expensive and lengthy process, often taking several years from the initial proposal to the end of construction.

## VIII. The Agreement Containing Consent Order

The proposed Order resolves the anticompetitive concerns described above by requiring that (1) Enbridge erect firewalls to limit its access to non-public information relating to the Discovery Pipeline, and (2) all representatives appointed by Enbridge or Spectra to the DCP or DPM boards of directors recuse themselves

from any vote pertaining to the Discovery Pipeline, with two limited exceptions. First, Enbridge's representatives may vote on initiatives to expand the Discovery Pipeline beyond natural gas pipeline services in the Gulf of Mexico. This provision ensures that Enbridge does not have to participate in business ventures unrelated to the Discovery Pipeline's current business. Second, Enbridge's representatives may participate in votes to change DPM's ownership interest in the Discovery Pipeline. The use of firewalls and recusal provisions is appropriate because the competitive concerns arise from a discrete overlap that constitutes a relatively small portion of DCP's and DPM's overall physical footprints and business portfolios.

The proposed Order allows the Commission to appoint a monitor. The Commission has appointed Robert Ogle, who currently is associated with Claro Group LLC. Mr. Ogle will help ensure the effectiveness of the firewall provisions and ongoing compliance with the Order. The Commission routinely appoints monitors for orders involving firewall provisions. Mr. Ogle will serve for a 5-year term, but the Commission may extend or modify the term as appropriate. The Order will have a term of 20 years.

The Commission does not intend this analysis to constitute an official interpretation of the proposed Order or to modify its terms in any way.

## DECISION

The Federal Trade Commission ("Commission") initiated an investigation of certain acts and practices of the Respondent named above in the caption. The Commission's Bureau of Consumer Protection ("BCP") prepared and furnished to Respondent a draft Complaint. BCP proposed to present the draft Complaint to the Commission for its consideration. If issued by the Commission, the draft Complaint would charge Respondent with violation of the Federal Trade Commission Act.

Respondent and BCP thereafter executed an Agreement Containing Consent Order ("Consent Agreement"). The Consent Agreement includes: 1) statements by Respondent that it neither admits nor denies any of the allegations in the Complaint, except as specifically stated in this Decision and Order, and that only for purposes of this action, it admits the facts necessary to establish jurisdiction; and 2) waivers and other provisions as required by the Commission's Rules.

The Commission considered the matter and determined that it had reason to believe that Respondent has violated the Federal Trade Commission Act, and that a Complaint should issue stating its charges in that respect. The Commission accepted the executed Consent Agreement and placed it on the public record for a period of 30 days for the receipt and consideration of public comments, pursuant to Commission Rule 2.34, 16 C.F.R. § 2.34. Now, in further conformity with the procedure prescribed in Rule 2.34, the Commission issues its Complaint, makes the following Findings, and issues the following Order:

## ANALYSIS OF CONSENT ORDER TO AID PUBLIC COMMENT

The Federal Trade Commission ("FTC" or "Commission") has accepted, subject to final approval, a consent agreement applicable to Vir2us, Inc. ("Vir2us").

The proposed consent order has been placed on the public record for thirty (30) days for receipt of comments by interested persons. Comments received during this period will become part of the public record. After thirty days, the Commission will again review the agreement and the comments received, and will decide whether it should withdraw from the agreement and take appropriate action or make final the agreement's proposed order.

This matter concerns alleged false representations that Vir2us made to consumers concerning its participation in the Asia-Pacific Economic Cooperation ("APEC") Cross Border Privacy Rules ("CBPR") system. The APEC CBPR system is a voluntary, enforceable mechanism that certifies a company's compliance with the principles in the CBPR and facilitates privacy-respecting transfers of data amongst APEC member economies. The APEC CBPR system is based on nine data privacy principles: preventing harm, notice, collection limitation, use choice, integrity, security safeguards, access and correction, and accountability. Companies that seek to participate in the APEC CBPR system must undergo a review by an APEC-recognized Accountability Agent, which certifies companies that meet the standards.

Companies under the FTC's jurisdiction are eligible to apply for APEC CBPR certification. The names of certified companies are posted on a public-facing website, www.cbprs.org. Companies must re-apply annually in order to retain their status as current participants in the APEC CBPR system. A company that falsely claims APEC CBPR participation may be subject to an enforcement action based on the FTC's deception authority under Section 5 of the FTC Act.

Vir2us markets cybersecurity software solutions. According to the Commission's complaint, Vir2us has set forth in its privacy policy, at https://addons.mozilla.org/en-US/firefox/addon/xeropass/?src=cb-dl-updated, privacy policies and statements about its

practices, including statements related to its participation in the APEC CBPR system.

The Commission's complaint alleges that Vir2us falsely represented that it was a participant in the APEC CBPR system when, in fact, it never sought or obtained certification.

Part I of the proposed order prohibits Vir2us from making misrepresentations about its participation in any privacy or security program sponsored by a government or any self-regulatory or standard-setting organization, including, but not limited to, the APEC CBPR system.

Parts II through VI of the proposed order are reporting and compliance provisions. Part II requires acknowledgment of the order and dissemination of the order now and in the future to persons with responsibilities relating to the subject matter of the order. Part III ensures notification to the FTC of changes in corporate status and mandates that Vir2us submit an initial compliance report to the FTC. Part IV requires Vir2us to retain documents relating to its compliance with the order. Part V mandates that Vir2us make available to the FTC information or subsequent compliance reports, as requested. Part VI is a provision "sunsetting" the order after twenty (20) years, with certain exceptions.

The purpose of this analysis is to facilitate public comment on the proposed order. It is not intended to constitute an official interpretation of the proposed complaint or order or to modify the order's terms in any way.

# ANALYSIS OF CONSENT ORDER TO AID PUBLIC COMMENT

The Federal Trade Commission ("FTC" or "Commission") has accepted, subject to final approval, a consent agreement applicable to Sentinel Labs, Inc. dba SentinelOne and SentinelOne.com ("SentinelOne").

The proposed consent order has been placed on the public record for thirty (30) days for receipt of comments by interested persons. Comments received during this period will become part of the public record. After thirty days, the Commission will again review the agreement and the comments received, and will decide whether it should withdraw from the agreement and take appropriate action or make final the agreement's proposed order.

This matter concerns alleged false representations that SentinelOne made to consumers concerning its participation in the Asia-Pacific Economic Cooperation ("APEC") Cross Border Privacy Rules ("CBPR") system. The APEC CBPR system is a voluntary, enforceable mechanism that certifies a company's compliance with the principles in the CBPR and facilitates privacy-respecting transfers of data amongst APEC member economies. The APEC CBPR system is based on nine data privacy principles: preventing harm, notice, collection limitation, use choice, integrity, security safeguards, access and correction, and accountability. Companies that seek to participate in the APEC CBPR system must undergo a review by an APEC-recognized Accountability Agent, which certifies companies that meet the standards.

Companies under the FTC's jurisdiction are eligible to apply for APEC CBPR certification. The names of certified companies are posted on a public-facing website, www.cbprs.org. Companies must re-apply annually in order to retain their status as current participants in the APEC CBPR system. A company that falsely claims APEC CBPR participation may be subject to an enforcement action based on the FTC's deception authority under Section 5 of the FTC Act.

SentinelOne provides endpoint protection software to enterprise customers. According to the Commission's complaint,

SentinelOne has set forth on its website, https://www.sentinelone.com/privacy-policy/, privacy policies and statements about its practices, including statements related to its participation in the APEC CBPR system.

The Commission's complaint alleges that SentinelOne falsely represented that it was a participant in the APEC CBPR system and a TRUSTe privacy program when, in fact, it never sought or obtained either certification.

Part I of the proposed order prohibits SentinelOne from making misrepresentations about its participation in any privacy or security program sponsored by a government or any self-regulatory or standard-setting organization, including, but not limited to, the APEC CBPR and the TRUSTe privacy programs.

Parts II through VI of the proposed order are reporting and compliance provisions. Part II requires acknowledgment of the order and dissemination of the order now and in the future to persons with responsibilities relating to the subject matter of the order. Part III ensures notification to the FTC of changes in corporate status and mandates that SentinelOne submit an initial compliance report to the FTC. Part IV requires SentinelOne to retain documents relating to its compliance with the order. Part V mandates that SentinelOne make available to the FTC information or subsequent compliance reports, as requested. Part VI is a provision "sunsetting" the order after twenty (20) years, with certain exceptions.

The purpose of this analysis is to facilitate public comment on the proposed order. It is not intended to constitute an official interpretation of the proposed complaint or order or to modify the order's terms in any way.

**IN THE MATTER OF**

# TURN INC.

CONSENT ORDER, ETC. IN REGARD TO ALLEGED VIOLATIONS OF SECTION 5 OF THE FEDERAL TRADE COMMISSION ACT

*Docket No. C-4612; File No. 152 3099*
*Complaint, April 6, 2017 – Decision, April 6, 2017*

This consent order addresses Turn Inc.'s digital advertising that enables commercial brands and ad agencies to engage in targeted advertising, which is the practice of tracking a consumer's activities or characteristics to deliver ads tailored to the consumer's interests. The complaint alleges that Turn violated Section 5(a) of the FTC Act by falsely representing to consumers the extent to which consumers could restrict the company's tracking of their online activities and the extent to which Turn's opt-out applied to mobile app advertising. The consent order prohibits Turn from misrepresenting (1) the extent to which it collects, uses, discloses, retains, or shares Covered Information; and (2) the extent to which users may limit, control, or prevent Turn's collection, use, disclosure, retention, or sharing of covered information.

*Participants*

For the *Commission*: *Justin Brookman* and *Jamie Hine.*

For the *Respondent*: *Edward Holman, Maggie Lassack, Lydia Parnes*, and *Michael Rubin, Wilson Sonsini Goodrich and Rosati.*

## COMPLAINT

The Federal Trade Commission ("Commission"), having reason to believe that Turn Inc., a corporation, has violated provisions of the Federal Trade Commission Act ("FTC Act"), and it appearing to the Commission that this proceeding is in the public interest, alleges:

1. Respondent Turn Inc. ("Turn" or "Respondent") is a privately owned Delaware corporation with its principal office or place of business at 901 Marshall Street, Ste. 200, Redwood City, CA 94063.

2. The acts and practices of Respondent as alleged in this complaint have been in or affecting commerce, as "commerce" is described in Section 4 of the FTC Act.

## RESPONDENT'S BUSINESS PRACTICES

3. Respondent is a digital advertising company that enables commercial brands and ad agencies to engage in targeted advertising, the practice of using data about a user's interests in order to deliver online advertising targeted to the user's interests.

4. Respondent advertises itself to be the "largest independent company in the advertising technology sector," and states that half of the global online advertising inventory flows through Respondent's platform. In addition, Respondent claims to reach "over 1.3 billion unique users per month via mobile," and has "rich profile data on more than 99 percent of North American consumers."

5. To track consumers across the Web for advertising and other purposes, Respondent uses "cookies" and "web beacons." "Cookies" are unique, persistent text files stored in a consumer's browser that allow a company to recognize that unique consumer when the consumer's browser makes a connection to the company's servers. Those connections are sometimes enabled by "web beacons," which are invisible embedded codes in web pages that instruct the browser to connect to third party services such as Respondent's. Consumers can delete or otherwise control cookies through settings in their web browsers.

6. To track consumers across mobile apps for advertising and other purposes, Respondent uses device advertising identifiers such as Apple iOS's Identifier for Advertisers ("IDFA") and Google's advertising ID. Device advertising identifiers are useful for targeted advertising companies such as Respondent because many mobile applications cannot set or access browser cookies.

7. Although these device advertising identifiers cannot always be deleted or turned off, consumers concerned about tracking can disassociate themselves from their previous tracking history by resetting the advertising identifier at any time in either Apple's iOS or Google's Android settings. In order to ensure that

resetting the advertising identifier effectively honors the consumer's preference, both Apple and Google contractually prohibit application developers from correlating, or syncing, the device advertising identifier with other identifiers, and from allowing third parties obtaining the advertising identifier via the application to do so. Microsoft Windows allows consumers to prevent advertising companies from collecting device advertising identifiers entirely.

8. Beginning in 2013, Respondent began to participate in a Verizon Wireless program that enabled Respondent and its clients to access certain demographic information provided by Verizon Wireless about Verizon Wireless users. To create a shared identifier allowing Verizon Wireless and companies participating in the program to uniquely identify each Verizon Wireless user, Verizon Wireless appended unique identifiers known as tracking headers ("X-UIDH headers") to its users' mobile Internet traffic. Verizon Wireless injected these X-UIDH headers into all unencrypted web requests for more than 100 million consumers on the Verizon Wireless data network. During the relevant time period, Verizon Wireless users had no means to prevent the transmission of the X-UIDH header.

9. Between February 2013 and January 2015, Respondent synced the X-UIDH header with other identifiers, including cookies and device advertising identifiers. This practice enabled Respondent to "keep state" on Verizon Wireless consumers – maintaining the linkage between the consumer's browser or device and an identifier associated with behavioral, demographic, or tracking data – even after a consumer had deleted cookies, reset the device advertising identifier, or both. That is, even if a consumer deleted cookies or reset the device advertising identifier, Respondent would be able to recognize the user by cross-referencing the unique X-UIDH header associated with the device.

10. Respondent's synchronization with the X-UIDH header also allowed it to recreate unique cookies even after a user had deleted them. In bidding on and delivering online advertising, Respondent was able to constantly synchronize its cookies on a user's device with the X-UIDH header. If a Verizon Wireless user later deleted her cookies, Respondent would attempt to set a

new cookie containing the same unique identifier as the cookie the user had deleted.

11. Until at least April 2015, Respondent's website included a link to a privacy policy. Respondent's privacy policy applied both to ads displayed on browsers and within mobile applications. For example, it described its business as providing "relevant, tailored, and privacy-respecting advertisements to consumers viewing a publisher's properties (*e.g.*, websites, apps, content, etc.)…." (**Exhibit A**, Turn Privacy Guidelines).

12. Until at least April 2015, Respondent's privacy policy referenced only two tracking technologies: cookies and web beacons. The privacy policy also stated, expressly or by implication, that consumers could prevent Respondent's tracking by blocking or otherwise limiting cookies:

> **Cookies and web beacons**
>
> Turn uses cookies in connection with our technology. Cookies help Turn better understand the effectiveness of a Turn Ad (for example, by tracking the way in which you may respond to, select and interact with a Turn Ad or any content provided therein, or the site placement and context in which you view a Turn Ad). Turn's cookies also help control the number of times you view a Turn ad. Most internet browsers automatically accept cookies. You can instruct your browser, by editing in options, to stop accepting cookies or prompt you before accepting a cookie from the websites you visit. If you do not accept cookies, however, you may not be able to enjoy the full functionality of many of the websites you visit.
>
> Turn also uses web beacons, in combination with cookies, to analyze usage patterns. The use of a web beacon allows Turn to record that a particular browser has visited a particular webpage, along with additional Non-PII that the website may choose to include with the beacon.

> **Opt out from Tailored but Anonymous Advertising (Turn's choice mechanism)** If you'd like to opt out of tailored advertising from Turn, please click here to be taken to our opt out page.

(**Exhibit A**, Turn Privacy Guidelines).

13. Despite the representation that consumers could opt out of tracking by instructing their browser to "stop accepting cookies," Respondent continued to track consumers by using the Verizon X-UIDH header.

14. Respondent's opt-out page, linked to its privacy policy, provided instructions on how to opt out of Turn's tailored advertising. That page provided:

> **Opting out may hurt the sites and apps you love!**
>
> Also, if you opt out, you may be making it harder for your favorite websites or apps to survive. This is because advertisers pay more money to deliver a tailored ad, and your favorite website/app makes more money when they show a tailored ad on their properties. Studies have shown that a significant portion of a publisher's revenue can come from tailored advertising, and this is particularly true for smaller websites. See 2014 DAA Study and 2010 NAI Study.
>
> SO — if you still want to get ads, but prefer irrelevant ads over tailored ads based on anonymous information and you don't value the free content you enjoy, Turn will place an opt-out cookie on your browser. The opt-out cookie tells our servers not to deliver tailored, anonymous ads to you that deliver high value to the sites and apps you love. If you delete, block, or restrict cookies, or if you use a different computer or Internet browser, you may need to renew your opt-out choice.

(**Exhibit A**, Turn Privacy Guidelines).

15. Through this statement, Respondent conveyed to consumers and to clients evaluating its services that its opt-out mechanism would be effective in blocking tailored, anonymous ads on websites and apps. However, the opt-out cookie applied only to mobile browsers, and was not effective in blocking tailored, anonymous ads on mobile applications.

## VIOLATIONS OF SECTION 5 OF THE FTC ACT

### Count 1: Misrepresentations about Deleting Cookies

16. As described in paragraph 12, Respondent represented, directly or indirectly, expressly or by implication, that blocking or limiting cookies would restrict Respondent's ability to track consumers.

17. In fact, in many instances, blocking or limiting cookies did not restrict Respondent's ability to track consumers. Respondent continued to track Verizon Wireless customers who had deleted or blocked cookies through the X-UIDH header. Therefore, the representation set forth in paragraph 16 is false or misleading.

### Count 2: Misrepresentations About Effectiveness of Opt-Out Mechanism

18. As described in paragraphs 11-14, Respondent represented, directly or indirectly, expressly or by implication, that consumers could opt out of tailored advertising on mobile applications through Respondent's opt-out page.

19. In fact, consumers could not opt out of tailored advertising on mobile applications through Respondent's opt-out page. Therefore, the representation set forth in paragraph 18 is false or misleading.

20. The acts and practices of Respondent as alleged in this complaint constitute deceptive acts or practices in or affecting commerce in violation of Section 5(a) of the Federal Trade Commission Act, 15 U.S.C. § 45(a).

**THEREFORE**, the Federal Trade Commission this sixth day of April, 2017, has issued this complaint against Respondent.

By the Commission.

## Information Collection and Use

### Overview of Turn's technology

Our technology collects information about the website(s) that a browser visits and the advertisements that a browser displays while online. You may encounter our technology when Turn or a Business Partner purchases online advertisements on a website that you visit, an app that you use, etc.; and/or when one of our Business Partners places one of our web beacons on a property that you visit or use.

We use the information collected by our technology in order to help make the Turn Ads you see more relevant to you, and for ad delivery and reporting purposes. By delivering a more relevant ad, Turn is an important participant in the keeping the internet free, dynamic, and vibrant! That is because advertisers will pay more to deliver a tailored ad, and the website or app you love gets more money when you receive a tailored ad. That helps the website or app keep doing what you love – providing you great content at a great price – usually FREE!

Our technology also offers data management services to Business Partners (our "Data Management Platform" or "DMP"). The Turn DMP enables Business Partners to collect, store, and analyze information about a browser or a user which may include PII. We provide Business Partners with a self-serve website tagging technology ("Flextag") that enables them to place data into the DMP. We require Business Partners using the DMP to adhere to the NAI Code and DAA Code or other applicable industry standards. We also contractually require that Business Partners don't bring PII or sensitive Non-PII audience segments into the DMP. However, Business Partners' use of the DMP is subject to their own privacy policies, not this one.

### What information is collected?

Turn does not collect PII via our technology. If we discover that PII has been inadvertently collected by our technology (e.g., where a Business Partner has used Flextag to bring PII into the DMP), we will take reasonable steps to attempt to remove the PII and to address the situation with the party responsible for such inadvertent collection.

Turn — Information Collection and Use

Our technology does collect and use Non-PII, including: the IP address used to access the Internet, the type of browser used, which, and how many Business Partner web pages have been viewed by a browser, search terms entered on Business Partner websites, referring and exit pages, and the date and time a Turn Ad was viewed. Turn also obtains Non-PII from third party data vendors that receive such Non-PII pursuant to their own privacy policies. Turn takes reasonable steps to attempt to ensure that our data vendors meet our privacy standards, but we cannot be held responsible for their privacy practices.

### How is the information used?

Turn uses this information to analyze trends, identify the audience most likely to respond to an advertisement, and to tailor ads using only Non-PII. By delivering tailored ads, Turn helps advertisers, publishers, and you! You get better ads and the content you love has a better chance to thrive.

We also may aggregate this information and share it with Turn's affiliates, advertisers, employees, customers and Business Partners.

Turn does not create nor use any sensitive data segments to tailor ads on behalf of our advertiser clients. However, we recognize that consumers may have differing opinions regarding which data segments are sensitive. In order to provide transparency around potentially sensitive data segments collected and used by Turn, we will provide examples of them here. For example, we may collect health-related segments of consumers that we believe may have an interest in healthy living because they have visited websites that are focused on health-related topics such as yoga and healthy living. Similarly, we may collect finance-related segments of consumers that we believe may have an interest in investing because they've visited websites that are focused on investment strategies or searched for "investment tips".

While we don't consider any of the above data segments to be sensitive, we think it's important to provide this transparency to help you have a better idea of which segments might be collected by us, so you can make informed decisions.

### Cookies and web beacons

Turn uses cookies in connection with our technology. Cookies help Turn better understand the effectiveness of a Turn Ad (for example, by tracking the way in which you may respond to, select and interact with a Turn Ad or any content provided therein, or the site placement and context in which you view a Turn Ad). Turn's cookies also help control the number of times you view a Turn Ad. Most Internet browsers automatically accept cookies. You can instruct your browser, by editing its options, to stop accepting cookies or prompt you before accepting a cookie from the websites you visit. If you do not accept cookies, however, you may not be able to enjoy the full functionality of many of the websites you visit.

Turn also uses web beacons, in combination with cookies, to analyze usage patterns. The use of a web beacon allows Turn to record that a particular browser has visited a particular webpage, along with additional Non-PII that the website may choose to include with the beacon.

### Opt out from Tailored but Anonymous Advertising (Turn's choice mechanism)

If you'd like to opt out of tailored advertising from Turn, please click here to be taken to our opt out page.

### Third party links and websites

Turn — Information Collection and Use

Turn Ads may contain links to other websites, including those of our Business Partners. Such websites may use cookies and/or other data collection tools. Turn is not responsible for the privacy practices, policies or the content of such websites. Turn encourages everyone to read the posted privacy policies whenever interacting with any website to learn more about the privacy practices of that website. Turn has no control over the use of any information by third party websites, and you should exercise caution when deciding to disclose any PII. Similarly, while Turn contractually requires that our Business Partners adhere to law and industry self-regulatory codes such as those offered by the NAI, DAA, and eDAA, Turn does not have access to, or control of, the cookies and/or other data collection tools that may be placed on any advertisement by a third-party. This Privacy Policy does not cover the use of cookies and/or other data collection tools by any third party.

Information Relating to Children

Our products and services are designed for those 13 years of age and older. We do not knowingly collect PII from anyone under the age of 13 on the Site or via our technology. If we are made aware that we have received PII from someone under 13, we will use reasonable efforts to remove that information from our records.

## Consumer Opt-Out

**Opt Out of Tailored, Anonymous Advertising & a Freer, More Dynamic Internet – our Choice Mechanism**

We support empowering you to make informed decisions about advertisements that are delivered to you. If you'd like to opt out from tailored but anonymous ads based on your interests delivered by Turn and for Turn to stop collecting your non-personally identifiable information in order to do so, click the links below.

If you opt out, you will still see just as many ads! They will just be far more likely to be irrelevant to you.

**Opting out may hurt the sites and apps you love!**

Also, if you opt out, you may be making it harder for your favorite websites or apps to survive. This is because advertisers pay more to deliver a tailored ad, and your favorite website/app makes more money when they show a tailored ad on their properties. Studies have shown that a significant portion of a publisher's revenue can come from tailored advertising, and this is particularly true for smaller websites. See 2014 DAA Study and 2010 NAI Study.

SO - if you still want to get ads, but prefer irrelevant ads over tailored ads based on anonymous information and you don't value the free content you enjoy, Turn will place an opt-out cookie on your browser. The opt-out cookie tells our servers not to deliver tailored, anonymous ads to you that deliver high value to the sites and apps you love. If you delete, block, or otherwise restrict cookies, or if you use a different computer or Internet browser, you may need to renew your opt-out choice.

## DECISION

The Federal Trade Commission ("Commission") initiated an investigation of certain acts and practices of the Respondent named above in the caption. The Commission's Bureau of Consumer Protection ("BCP") prepared and furnished to Respondent a draft Complaint. BCP proposed to present the draft Complaint to the Commission for its consideration. If issued by the Commission, the draft Complaint would charge the Respondent with violation of the Federal Trade Commission Act.

Respondent and BCP thereafter executed an Agreement Containing Consent Order ("Consent Agreement"). The Consent Agreement includes: 1) statements by Respondent that it neither admits nor denies any of the allegations in the Complaint, except as specifically stated in this Decision and Order, and that only for purposes of this action, it admits the facts necessary to establish jurisdiction; and 2) waivers and other provisions as required by the Commission's Rules.

The Commission considered the matter and determined that it had reason to believe that Respondent has violated the Federal Trade Commission Act, and that a Complaint should issue stating its charges in that respect. The Commission accepted the executed Consent Agreement and placed it on the public record for a period of 30 days for the receipt and consideration of public comments. The Commission duly considered the comments received from interested persons pursuant to Commission Rule 2.34, 16 C.F.R. § 2.34. Now, in further conformity with the procedure prescribed in Rule 2.34, the Commission issues its Complaint, makes the following Findings, and issues the following Order:

## Findings

# ANALYSIS OF CONSENT ORDER TO AID PUBLIC COMMENT

The Federal Trade Commission has accepted, subject to final approval, an agreement containing a consent order from Turn Inc. ("Turn").

The proposed consent order has been placed on the public record for thirty (30) days for receipt of comments by interested persons. Comments received during this period will become part of the public record. After thirty (30) days, the Commission again will review the agreement and the comments received and will decide whether it should withdraw from the agreement or make final the agreement's proposed order.

This matter involves Turn, a digital advertising company that enables commercial brands and ad agencies to engage in targeted advertising, which is the practice of tracking a consumer's activities or characteristics to deliver ads tailored to the consumer's interests. The FTC complaint alleges that Turn violated Section 5(a) of the FTC Act by falsely representing to consumers the extent to which consumers could restrict the company's tracking of their online activities and the extent to which Turn's opt-out applied to mobile app advertising.

Specifically, the complaint alleges that until at least April 2015, Turn's privacy policy misrepresented that consumers could prevent Turn's tracking by blocking or otherwise limiting cookies. Contrary to representations that consumers could opt out of tracking by instructing their browser to "stop accepting cookies," Turn tracked consumers by using and synchronizing the Verizon X-UIDH header, a unique identifier appended to the internet traffic of more than 100 million consumers on the Verizon Wireless data network. Even if a consumer deleted cookies or reset their device advertising identifier (*e.g.*, Apple's IDFA or Google's advertising ID), Turn would be able to recognize the user by cross-referencing the unique X-UIDH header associated with an individual consumer's device. In fact, if a Verizon Wireless user deleted their cookies, Turn would attempt to set a new cookie containing the same unique identifier as the cookie the user had deleted, thereby maintaining the linkage between the

consumer's browser or device and an identifier associated with behavioral, demographic, or tracking data.

In addition, the complaint alleges that Turn's privacy policy misrepresented that its opt-out mechanism would be effective in blocking targeted advertising on both mobile websites and in mobile apps. Contrary to Turn's representations, Turn's opt-out applied only to mobile browsers, and was not effective in blocking ads in mobile applications.

The proposed consent order contains provisions designed to prevent Turn from engaging in similar acts and practices in the future. Part I of the proposed order prohibits Turn from misrepresenting (1) the extent to which it collects, uses, discloses, retains, or shares Covered Information; and (2) the extent to which users may limit, control, or prevent Turn's collection, use, disclosure, retention, or sharing of covered information. Part II of the proposed order requires Turn, within thirty days following service of the order, to place a clear and conspicuous hyperlink on the Turn website homepage that states "Consumer Opt Out of Targeted Advertising." The hyperlink must take consumers to a clear and conspicuous disclosure that explains what information Turn collects and uses for targeted advertising, and provides an effective opt-out mechanism that allows consumers to prevent Turn from collecting or using consumers' information. In addition, Turn's website must describe to consumers the technologies and methods it uses for targeted advertising. Part III of the proposed order requires Turn to honor mobile operating system control signal (*e.g.*, Apple's IDFA or Google's advertising ID) to opt out of or otherwise control or limit targeted advertising, where it knows or reasonably should know that it is receiving such a signal.

Parts IV through VIII of the proposed order are reporting and compliance provisions. Part IV requires acknowledgment of the order and dissemination of the order now and in the future to persons with managerial responsibilities relating to the subject matter of the order. Part V ensures notification to the FTC of changes in corporate status and mandates that Turn submit an initial compliance report to the FTC. Part VI requires Turn to retain documents relating to its compliance with the order for a five-year period. Part VII mandates that Turn make available to

the FTC information or subsequent compliance reports, as requested. Part VIII is a provision "sunsetting" the order after twenty (20) years, with certain exceptions.

The purpose of this analysis is to facilitate public comment on the proposed order. It is not intended to constitute an official interpretation of the proposed complaint order or to modify in any way the proposed orders terms.

## ANALYSIS OF CONSENT ORDER TO AID PUBLIC COMMENT

The Federal Trade Commission ("FTC" or "Commission") has accepted, subject to final approval, an agreement containing a consent order from iSpring Water Systems, LLC. ("respondent").

The proposed consent order has been placed on the public record for thirty (30) days for receipt of comments by interested persons. Comments received during this period will become part of the public record. After thirty (30) days, the Commission will again review the agreement and the comments received, and will

decide whether it should withdraw from the agreement or make final the agreement's proposed order.

This matter involves respondent's marketing, sale, and distribution of water filtration systems and associated parts and accessories with claims that the products are of U.S.-origin. According to the FTC's complaint, respondent represented that all of its products are "Built in USA." In fact, in many instances, respondent's products are wholly imported. In other instances, respondent sources significant inputs to its products from overseas.

The complaint alleges that respondent's claims that its products are "Built in USA" were false or misleading, or not substantiated at the time the representations were made. Accordingly, the complaint alleges that respondent engaged in deceptive acts or practices in violation of Section 5(a) of the FTC Act.

The proposed consent order contains provisions designed to prevent respondent from engaging in similar acts and practices in the future. Consistent with the FTC's Enforcement Policy Statement on U.S. Origin Claims, Part I prohibits iSpring from making U.S.-origin claims for its products unless either: (1) the final assembly or processing of the product occurs in the United States, all significant processing that goes into the product occurs in the United States, and all or virtually all ingredients or components of the product are made and sourced in the United States; or (2) a clear and conspicuous qualification appears immediately adjacent to the representation that accurately conveys the extent to which the product contains foreign parts, ingredients, and/or processing.

Part II prohibits respondent from making any "Made in the USA" or other country-of-origin claim about a product or service unless the claim is true, not misleading, and respondent has a reasonable basis substantiating the representation.

Parts III through VI are reporting and compliance provisions. Part III requires respondent to acknowledge receipt of the order, to provide a copy of the order to certain current and future principals, officers, directors, and employees, and to obtain an

acknowledgement from each such person that they have received a copy of the order. Part IV requires the filing of compliance reports within one year after the order becomes final and within 14 days of any change in respondent that would affect compliance with the order. Part V requires respondent to maintain certain records, including records necessary to demonstrate compliance with the order. Part VI requires respondent to submit additional compliance reports when requested by the Commission and to permit the Commission or its representatives to interview respondent's personnel.

Finally, Part VII is a "sunset" provision, terminating the order after twenty (20) years, with certain exceptions.

The purpose of this analysis is to aid public comment on the proposed order. It is not intended to constitute an official interpretation of the proposed order or to modify its terms in any way.

## APEC & the Cross-Border Privacy Rules

In the United States, the FTC enforces the CBPR system.

Companies undergo annual reviews to retain their status as certified CBPR participants. The names of certified companies are posted on a website, www.cbprs.org.

8. Respondent has disseminated or caused to be disseminated privacy policies and statements on http://www.spychatter.net/privacy-policy/, including, but not limited to, the following statements:

> provided regarding individuals who reside in a member state of the European Economic Area (EEA) and Switzerland is controlled by the Asia-Pacific Economic Cooperation (APEC) Cross Border Privacy Rules System. [sic] Learn more at http://www.export.gov/safeharbor/index.asp.
> SpyChatter abides by the APEC CBPR system, which provide [sic] a framework for organizations to ensure protection of personal information transferred among participating APEC economies.

9. Through the means described in Paragraph 8, Respondent represented, directly or indirectly, expressly or by implication, that it is certified to participate in the APEC CBPR system.

10. In fact, Respondent is not and never has been certified to participate in the APEC CBPR system. Therefore, the representation set forth in Paragraph 9 is false or misleading.

11. The acts and practices of Respondent as alleged in this complaint constitute deceptive acts or practices, in or affecting commerce, in violation of Section 5(a) of the Federal Trade Commission Act.

**THEREFORE**, the Federal Trade Commission, this twelfth day of April, 2017, has issued this complaint against Respondent.

By the Commission.

## DECISION

The Commission duly considered the comment received from an interested person pursuant to Commission Rule 2.34, 16 C.F.R. § 2.34. Analysis to Aid Public Comment

## ANALYSIS OF CONSENT ORDER TO AID PUBLIC COMMENT

The Federal Trade Commission ("FTC" or "Commission") has accepted, subject to final approval, a consent agreement applicable to SpyChatter, Inc. ("SpyChatter").

The proposed consent order has been placed on the public record for thirty (30) days for receipt of comments by interested persons. Comments received during this period will become part of the public record. After thirty days, the Commission will again review the agreement and the comments received, and will decide whether it should withdraw from the agreement and take appropriate action or make final the agreement's proposed order.

This matter concerns alleged false representations that SpyChatter made to consumers concerning its participation in the Asia-Pacific Economic Cooperation ("APEC") Cross Border Privacy Rules ("CBPR") system. The APEC CBPR system is a voluntary, enforceable mechanism that certifies a company's compliance with the principles in the CBPR and facilitates privacy-respecting transfers of data amongst APEC member economies. The APEC CBPR system is based on nine data privacy principles: preventing harm, notice, collection limitation, use choice, integrity, security safeguards, access and correction, and accountability. Companies that seek to participate in the APEC CBPR system must undergo a review by an APEC-recognized Accountability Agent, which certifies companies that meet the standards.

Companies under the FTC's jurisdiction are eligible to apply for APEC CBPR certification. The names of certified companies are posted on a public-facing website, www.cbprs.org. Companies must re-apply annually in order to retain their status as current participants in the APEC CBPR system. A company that falsely claims APEC CBPR participation may be subject to an enforcement action based on the FTC's deception authority under Section 5 of the FTC Act.

SpyChatter is an app that is designed to enable private messaging. According to the Commission's complaint, SpyChatter has set forth on its website, http://www.spychatter.net/privacy-

policy/, privacy policies and statements about its practices, including statements related to its participation in the APEC CBPR system.

The Commission's complaint alleges that SpyChatter falsely represented that it was a participant in the APEC CBPR system when, in fact, it never sought or obtained certification.

Part I of the proposed order prohibits SpyChatter from making misrepresentations about its participation in any privacy or security program sponsored by a government or any self-regulatory or standard-setting organization, including, but not limited to, the APEC CBPR system.

Parts II through VI of the proposed order are reporting and compliance provisions. Part II requires acknowledgment of the order and dissemination of the order now and in the future to persons with responsibilities relating to the subject matter of the order. Part III ensures notification to the FTC of changes in corporate status and mandates that SpyChatter submit an initial compliance report to the FTC. Part IV requires SpyChatter to retain documents relating to its compliance with the order. Part V mandates that SpyChatter make available to the FTC information or subsequent compliance reports, as requested. Part VI is a provision "sunsetting" the order after twenty (20) years, with certain exceptions.

The purpose of this analysis is to facilitate public comment on the proposed order. It is not intended to constitute an official interpretation of the proposed complaint or order or to modify the order's terms in any way.

# BLOCK DIVISION, INC.

CONSENT ORDER, ETC. IN REGARD TO ALLEGED VIOLATIONS OF SECTION 5 OF THE FEDERAL TRADE COMMISSION ACT

*Docket No. C-4613; File No. 172 3052*
*Complaint, April 12, 2017 – Decision, April 12, 2017*

This consent order addresses Block Division, Inc.'s marketing, sale, and distribution of pulley blocks and other products with claims that the products are of U.S.-origin. The complaint alleges that respondent's claims that its products are "Made in USA" were false or misleading, or not substantiated at the time the representations were made, which is in violation of Section 5(a) of the FTC Act. The consent order prohibits Block Division, Inc. from making U.S.-origin claims for its products unless either: (1) the final assembly or processing of the product occurs in the United States, all significant processing that goes into the product occurs in the United States, and all or virtually all ingredients or components of the product are made and sourced in the United States; or (2) a clear and conspicuous qualification appears immediately adjacent to the representation that accurately conveys the extent to which the product contains foreign parts, ingredients, and/or processing.

## COMPLAINT

The Federal Trade Commission, having reason to believe that Block Division, Inc., a corporation ("Respondent"), has violated the provisions of the Federal Trade Commission Act, and it appearing to the Commission that this proceeding is in the public interest, alleges:

1. Respondent Block Division, Inc. ("Block Division") is a Texas corporation with its principal place of business at 618 Front St., Wichita Falls, TX 76301.

2. Respondent advertises, labels, offers for sale, and distributes products to consumers, including, but not limited to, pulley blocks. Respondent advertises these products on its

website, in stores, at trade shows, through social media, and through flyers and pamphlets. Respondent offers for sale, sells, and distributes its products throughout the United States.

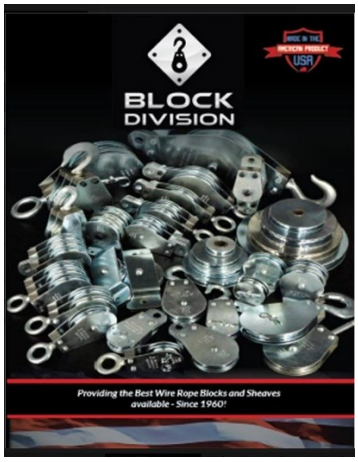
3. The acts and practices of Respondent alleged in this complaint have been in or affecting commerce, as "commerce" is defined in Section 4 of the Federal Trade Commission Act.

4. Respondent has disseminated or has caused to be disseminated advertisements and promotional materials for its products. These materials contain the following statements, among others:

a. "Made in USA"

(Product photograph; Facebook ad); and

b. "Made in the USA American Product"



(Block Division catalogue).

5. In numerous instances, including, but not limited to, in the promotional materials referenced in Paragraph 4, Respondent has represented, expressly or by implication, that its pulley blocks and other products are all or virtually all made in the United States.

6. In fact, Respondent's pulley blocks and other products incorporate significant imported parts essential to the function of Respondent's products. Among other things, for a period of several years, Respondent's pulleys incorporated imported steel plates that entered the United States from overseas already stamped "Made in USA."

7. Therefore, Respondent's claims that its products are made in the United States deceive consumers.

**COUNT I (False or Unsubstantiated Representation)**

8. In connection with the manufacturing, labeling, advertising, promotion, offering for sale, sale, or distribution of its products, Respondent has represented, directly or indirectly, expressly or by implication, that such products, including the parts used to make such products, are all or virtually all made in the United States.

9. In fact, in many instances, Respondent's products include significant imported parts, and those parts are essential to the function of Respondent's pulley blocks. Therefore, the representation set forth in Paragraph 8 is false or misleading, or was not substantiated at the time the representation was made.

**VIOLATION OF SECTION 5**

10. The acts and practices of Respondent, as alleged in this complaint, constitute unfair or deceptive acts or practices in or affecting commerce in violation of Section 5(a) of the Federal Trade Commission Act.

**THEREFORE**, the Federal Trade Commission, this twelfth day of April, 2017, has issued this Complaint against Respondent.

By the Commission.

## DECISION

The Federal Trade Commission ("Commission") initiated an investigation of certain acts and practices of the Respondent named in the caption. The Commission's Bureau of Consumer Protection ("BCP") prepared and furnished to Respondent a draft Complaint. BCP proposed to present the draft Complaint to the Commission for its consideration. If issued by the Commission, the draft Complaint would charge the Respondent with violation of the Federal Trade Commission Act.

Respondent and BCP thereafter executed an Agreement Containing Consent Order ("Consent Agreement"). The Consent Agreement includes: 1) a statement by Respondent that it neither admits nor denies any of the allegations in the Complaint, except as specifically stated in this Decision and Order, and that only for purposes of this action, it admits the facts necessary to establish jurisdiction; and 2) waivers and other provisions as required by the Commission's Rules.

The Commission considered the matter and determined that it had reason to believe that Respondent has violated the Federal Trade Commission Act, and that a Complaint should issue stating its charges in that respect. The Commission accepted the executed Consent Agreement and placed it on the public record for a period of 30 days for the receipt and consideration of public comments, pursuant to Commission Rule 2.34, 16 C.F.R. § 2.34. Now, in further conformity with the procedure prescribed in Rule 2.34, the Commission issues its Complaint, makes the following Findings, and issues the following Order:

### Findings

1. Respondent is a Texas corporation with its principal place of business at 618 Front St., Wichita Falls, TX 76301.

2. The Commission has jurisdiction over the subject matter of this proceeding and over the Respondent, and the proceeding is in the public interest.

5. On a product label, the disclosure must be presented on the same display panel as the claim being qualified.

6. The disclosure must use diction and syntax understandable to ordinary consumers and must appear in each language in which the triggering representation appears.

## ANALYSIS OF CONSENT ORDER TO AID PUBLIC COMMENT

The Federal Trade Commission ("FTC" or "Commission") has accepted, subject to final approval, an agreement containing a consent order from Block Division, Inc. ("respondent").

The proposed consent order has been placed on the public record for thirty (30) days for receipt of comments by interested persons. Comments received during this period will become part of the public record. After thirty (30) days, the Commission will again review the agreement and the comments received, and will decide whether it should withdraw from the agreement or make final the agreement's proposed order.

Analysis to Aid Public Comment

This matter involves respondent's marketing, sale, and distribution of pulley blocks and other products with claims that the products are of U.S.-origin. According to the FTC's complaint, respondent represented that its products are "Made in USA." In fact, respondent's products incorporate significant imported parts, including imported steel pulley plates that entered the United States from overseas already stamped "Made in USA."

The complaint alleges that respondent's claims that its products are "Made in USA" were false or misleading, or not substantiated at the time the representations were made. Accordingly, the complaint alleges that respondent engaged in deceptive acts or practices in violation of Section 5(a) of the FTC Act.

The proposed consent order contains provisions designed to prevent respondent from engaging in similar acts and practices in the future. Consistent with the FTC's Enforcement Policy Statement on U.S. Origin Claims, Part I prohibits Block Division, Inc. from making U.S.-origin claims for its products unless either: (1) the final assembly or processing of the product occurs in the United States, all significant processing that goes into the product occurs in the United States, and all or virtually all ingredients or components of the product are made and sourced in the United States; or (2) a clear and conspicuous qualification appears immediately adjacent to the representation that accurately conveys the extent to which the product contains foreign parts, ingredients, and/or processing.

Part II prohibits respondent from making any "Made in USA" or other country-of-origin claim about a product or service unless the claim is true, not misleading, and respondent has a reasonable basis substantiating the representation.

Parts III through VI are reporting and compliance provisions. Part III requires respondent to acknowledge receipt of the order, to provide a copy of the order to certain current and future principals, officers, directors, and employees, and to obtain an acknowledgement from each such person that they have received a copy of the order. Part IV requires the filing of compliance reports within one year after the order becomes final and within 10 days of any change in respondent that would affect compliance

with the order. Part V requires respondent to maintain certain records, including records necessary to demonstrate compliance with the order. Part VI requires respondent to submit additional compliance reports when requested by the Commission and to permit the Commission or its representatives to interview respondent's personnel.

Finally, Part VII is a "sunset" provision, terminating the order after twenty (20) years, with certain exceptions.

The purpose of this analysis is to aid public comment on the proposed order. It is not intended to constitute an official interpretation of the proposed order or to modify its terms in any way.

CONSENT ORDER, ETC. IN REGARD TO ALLEGED VIOLATIONS OF SECTION 5 OF THE FEDERAL TRADE COMMISSION ACT AND SECTION 7 OF THE CLAYTON ACT

*Docket No. C-4616; File No. 151 0204*
*Complaint, May 19, 2017 – Decision, May 19, 2017*

This consent order addresses the $358 million acquisition by DaVita, Inc. of certain assets of Renal Ventures Management, LLC. The complaint alleges that the acquisition, if consummated, would violate Section 7 of the Clayton Act and Section 5 of the Federal Trade Commission Act by substantially lessening competition for the provision of outpatient dialysis services in seven markets. The consent order requires DaVita to divest seven dialysis clinics in seven markets across the United States.

For the *Commission*: *Lisa D. DeMarchi Sleigh* and *Sarah Wohl.*

For the *Respondents*: *Joel Grosberg* and *Greg Heltzer, McDermott Will & Emery; Allen P. Grunes, The Konkkurrenz Group.*

## COMPLAINT

Pursuant to the Clayton Act and the Federal Trade Commission Act ("FTC Act"), and its authority thereunder, the Federal Trade Commission ("Commission"), having reason to believe that the Respondent DaVita, Inc. ("DaVita"), a company subject to the jurisdiction of the Commission, has entered into an agreement to acquire all of the equity interest of Renal Ventures Management, LLC from Renal Ventures Limited, LLC, which is owned by RV Management Corp. and Renal Ventures Partners,

LLC (together, "Renal Ventures"), a company subject to the jurisdiction of the Commission, in violation of Section 5 of the FTC Act, as amended, 15 U.S.C. § 45, and that such acquisition, if consummated, would violate Section 7 of the Clayton Act, as amended, 15 U.S.C. § 18, and Section 5 of the FTC Act, as amended, 15 U.S.C. § 45, and it appearing to the Commission that a proceeding in respect thereof would be in the public interest, hereby issues its Complaint, stating its charges as follows:

## I. DEFINITIONS

1. "Dialysis" means the filtering of a person's blood, inside or outside of the body, to replicate the functions of the kidney.

2. "ESRD" means end stage renal disease, a chronic disease characterized by a near total loss of function of the kidneys, which in healthy people remove toxins and excess fluid from the blood.

3. "Outpatient dialysis services" means all procedures and services related to administering chronic dialysis treatment.

## II. RESPONDENTS

4. Respondent DaVita is a corporation organized, existing, and doing business under and by virtue of the laws of the State of Delaware, with its office and principal place of business located at 2000 16th Street, Denver, Colorado 80202. Respondent DaVita, among other things, is engaged in the provision and sale of outpatient dialysis services.

5. Respondent Renal Ventures Partners, LLC ("RV Partners") is a limited liability company organized, existing and doing business under and by virtue of the laws of the State of Delaware, with its corporate head office located at 1626 Cole Boulevard, Lakewood, Colorado 80401.

6. Respondent RV Management Corp. ("RV Corp") is a corporation organized, existing and doing business under and by virtue of the laws of the State of Delaware, with its office and principal place of business located at 1626 Cole Boulevard, Lakewood, Colorado 80401.

7. Respondent Renal Ventures Limited, LLC ("RVL") is a limited liability company organized, existing and doing business under and by virtue of the laws of the State of Delaware, with its corporate head office located at 1626 Cole Boulevard, Lakewood, Colorado 80401. RV Corp. and RV Partners own all of the issued and outstanding equity interests of RVL. RVL owns all of the issued and outstanding equity interests of Renal Ventures Management, LLC.

8. Respondent Renal Ventures Management, LLC ("RV Management") is a limited liability company organized, existing and doing business under and by virtue of the laws of the State of Delaware, with its corporate head office located at 1626 Cole Boulevard, Lakewood, Colorado 80401. RV Management, among other things, is engaged in the provision and sale of outpatient dialysis services as Renal Ventures.

9. Each Respondent is, and at all times herein has been, engaged in commerce, as "commerce" is defined in Section 1 of the Clayton Act, as amended, 15 U.S.C. § 12, and is a company whose business is in or affects commerce, as "commerce" is defined in Section 4 of the FTC Act, as amended, 15 U.S.C. § 44.

## III. THE PROPOSED ACQUISITION

10. Pursuant to a Membership Interest Purchase Agreement between DaVita and Renal Ventures dated August 17, 2015, including subsequent amendments ("Agreement"), DaVita will acquire all of the issued and outstanding equity interests in Renal Ventures in a transaction valued at approximately $358 million (the "Acquisition").

## IV. THE RELEVANT MARKET

11. For the purposes of this Complaint, the relevant line of commerce in which to analyze the effects of the Acquisition is the provision of outpatient dialysis services. Most ESRD patients receive dialysis treatment three times per week in sessions lasting between three and five hours, while some patients receive treatment at home so they visit the clinic less frequently. ESRD is fatal if not treated with dialysis. The only alternative to dialysis treatment for patients suffering from ESRD is a kidney transplant.

However, the wait time for donor kidneys, during which ESRD patients must receive dialysis treatment, can exceed three years. Additionally, many ESRD patients are not viable transplant candidates. As a result, many ESRD patients have no alternative to dialysis treatment.

12. The distance ESRD patients will or can travel to receive dialysis treatments defines the outer boundaries of the relevant geographic markets for the provision of outpatient dialysis services. Because ESRD patients often suffer from multiple health problems and may require assistance traveling to and from the dialysis clinic, these patients will not or cannot travel long distances to receive dialysis treatment. As a general rule, ESRD patients travel no more than thirty miles or thirty minutes to receive dialysis treatment, although travel times and distances vary depending on geographic barriers, travel patterns, and whether an area is urban, suburban, or rural.

13. For the purposes of this Complaint, the seven geographic markets within which to assess the competitive effects of the proposed merger are in the following metropolitan statistical areas ("MSAs") or particular geographic areas contained within them: (1) Denton and Frisco, Texas in the Dallas-Fort Worth-Arlington MSA; (2) Brick, Clifton, Somerville, and Succasunna, New Jersey in the New York-Newark-Jersey City, NY-NJ-PA MSA; and (3) Trenton, NJ in the Trenton, NJ MSA.

## V. THE STRUCTURE OF THE MARKET

14. The market for the provision of outpatient dialysis services is highly concentrated in the seven local areas identified in Paragraph 13. The proposed Acquisition would further increase concentration levels, resulting in a merger to monopoly in one market, and reducing the number of providers from three to two in six markets.

15. DaVita and Renal Ventures directly and substantially compete in the relevant markets.

## VI. ENTRY CONDITIONS

16. The most significant barrier to entry into the relevant markets is engaging a nephrologist with an established referral base to serve as the clinic's medical director. By law, each dialysis clinic must have a nephrologist medical director. The medical director is also essential to the competitiveness of the clinic because he or she is the clinic's primary source of referrals. The lack of unaffiliated nephrologists with an established referral stream is a significant barrier to entry into the relevant geographic markets identified in Paragraph 13. Additionally, other things being equal, an area must have a low penetration of dialysis clinics and a high ratio of commercial to Medicare patients to attract entry. The absence of these attributes is an additional impediment to entry into each of the relevant geographic markets.

17. New entry into the relevant markets sufficient to deter or counteract the anticompetitive effects described in Paragraph 18 is unlikely to occur, and would not occur in a timely manner because it would take over two years to enter and achieve significant market impact.

## VII. EFFECTS OF THE ACQUISITION

18. The effects of the Acquisition, if consummated, may be substantially to lessen competition in the relevant markets in violation of Section 7 of the Clayton Act, as amended, 15 U.S.C. § 18, and Section 5 of the FTC Act, as amended, 15 U.S.C. § 45, in the following ways, among others:

a. eliminating actual, direct, and substantial competition between DaVita and Renal Ventures in the market for the provision of outpatient dialysis services;

b. increasing the ability of the merged entity unilaterally to raise prices for outpatient dialysis services; and

c. reducing incentives to improve service or quality in the relevant market.

## VIII. VIOLATIONS CHARGED

19. The Agreement described in Paragraph 10 constitutes a violation of Section 5 of the FTC Act, as amended, 15 U.S.C. § 45.

20. The Acquisition described in Paragraph 10, if consummated, would constitute a violation of Section 7 of the Clayton Act, as amended, 15 U.S.C. § 18, and Section 5 of the FTC Act, as amended, 15 U.S.C. § 45.

**WHEREFORE, THE PREMISES CONSIDERED**, the Federal Trade Commission on this nineteenth day of May, 2017, issues its Complaint against said Respondents.

By the Commission.

B. The Commission shall select the Trustee, subject to the consent of DaVita, which consent shall not be unreasonably withheld. The Trustee shall be a Person with experience and expertise in acquisitions and divestitures. If DaVita has not opposed, in writing, including the reasons for opposing, the selection of any proposed Trustee within ten (10) days after receipt of notice by the staff of the Commission to DaVita of the identity of any proposed Trustee, DaVita shall be deemed to have consented to the selection of the proposed Trustee.

C. Within ten (10) days after the appointment of a Trustee, DaVita shall execute an agreement that, subject to the prior approval of the Commission, transfers to the Trustee all rights and powers necessary to permit the Trustee to effect the divestitures required by this Order.

D. If a Trustee is appointed by the Commission or a court pursuant to this Order, DaVita shall consent to the following terms and conditions regarding the Trustee's powers, duties, authority, and responsibilities:

1. Subject to the prior approval of the Commission, the Trustee shall have the exclusive power and authority to divest any of the DaVita Clinic Assets and the Renal Ventures Clinic Assets that have not been divested pursuant to Paragraph II of this Order.

2. The Trustee shall have twelve (12) months from the date the Commission approves the trust agreement described herein to accomplish the divestiture, which shall be subject to the prior approval of the Commission. If, however, at the end of the twelve (12) month period, the Trustee has submitted a divestiture plan or the Commission believes that the divestiture can be achieved within a reasonable time, the divestiture period may be extended by the Commission; *provided, however*, the Commission may extend the divestiture period only two (2) times.

3. Subject to any demonstrated legally recognized privilege, the Trustee shall have full and complete access to the personnel, books, records, and facilities related to the relevant assets that are required to be divested by this Order and to any other relevant information, as the Trustee may request. DaVita shall develop such financial or other information as the Trustee may request and shall cooperate with the Trustee. DaVita shall take no action to interfere with or impede the Trustee's

accomplishment of the divestiture. Any delays in divestiture caused by DaVita shall extend the time for divestiture under this Paragraph V in an amount equal to the delay, as determined by the Commission or, for a court-appointed Trustee, by the court.

4. The Trustee shall use commercially reasonable best efforts to negotiate the most favorable price and terms available in each contract that is submitted to the Commission, subject to DaVita's absolute and unconditional obligation to divest expeditiously and at no minimum price. The divestiture shall be made in the manner that receives the prior approval of the Commission and to an Acquirer or Acquirers that receive the prior approval of the Commission, as required by this Order; *provided, however*, if the Trustee receives bona fide offers for particular assets from more than one acquiring entity, and if the Commission determines to approve more than one such acquiring entity for such assets, the Trustee shall divest the assets to the acquiring entity selected by DaVita from among those approved by the Commission; *provided, further, however*, that DaVita shall select such entity within five (5) days of receiving notification of the Commission's approval.

5. The Trustee shall serve, without bond or other security, at the cost and expense of DaVita, on such reasonable and customary terms and conditions as the Commission or a court may set. The Trustee shall have the authority to employ, at the cost and expense of DaVita, such consultants, accountants, attorneys, investment bankers, business brokers, appraisers, and other representatives and assistants as are necessary to carry out the Trustee's duties and responsibilities. The Trustee shall account for all monies derived from the divestiture and all expenses incurred. After approval by the Commission and, in the case

of a court-appointed Trustee, by the court, of the account of the Trustee, including fees for the Trustee's services, all remaining monies shall be paid at the direction of DaVita, and the Trustee's power shall be terminated. The compensation of the Trustee shall be based at least in significant part on a commission arrangement contingent on the divestiture of all of the relevant assets that are required to be divested by this Order.

6. DaVita shall indemnify the Trustee and hold the Trustee harmless against any losses, claims, damages, liabilities, or expenses arising out of, or in connection with, the performance of the Trustee's duties, including all reasonable fees of counsel and other expenses incurred in connection with the preparation for, or defense of, any claim, whether or not resulting in any liability, except to the extent that such losses, claims, damages, liabilities, or expenses result from malfeasance, gross negligence, willful or wanton acts, or bad faith by the Trustee.

7. The Trustee shall have no obligation or authority to operate or maintain the relevant assets required to be divested by this Order.

8. The Trustee shall report in writing to DaVita and to the Commission every sixty (60) days concerning the Trustee's efforts to accomplish the divestiture.

9. DaVita may require the Trustee and each of the Trustee's consultants, accountants, attorneys, and other representatives and assistants to sign a customary confidentiality agreement; *provided, however*, such agreement shall not restrict the Trustee from providing any information to the Commission.

E. If the Commission determines that a Trustee has ceased to act or failed to act diligently, the

Commission may appoint a substitute Trustee in the same manner as provided in this Paragraph V.

F. The Commission or, in the case of a court-appointed Trustee, the court, may on its own initiative or at the request of the Trustee issue such additional orders or directions as may be necessary or appropriate to accomplish the divestiture required by this Order.

G. The Trustee appointed pursuant to this Paragraph may be the same Person appointed as the Monitor pursuant to the relevant provisions of this Order.

## ANALYSIS OF CONSENT ORDER TO AID PUBLIC COMMENT

The Federal Trade Commission ("Commission") has accepted, subject to final approval, an Agreement Containing Consent Order ("Consent Agreement") from DaVita, Inc. ("DaVita"). The purpose of the Consent Agreement is to remedy the anticompetitive effects resulting from DaVita's purchase of Renal Ventures Management, LLC from Renal Ventures Limited, LLC, which is owned by RV Management Corp. and Renal Ventures Partners, LLC (together, "Renal Ventures"). Under the terms of the Consent Agreement, DaVita is required to divest seven dialysis clinics in seven markets across the United States.

The Consent Agreement has been placed on the public record for 30 days to solicit comments from interested persons. Comments received during this period will become part of the public record. After 30 days, the Commission will again review the Consent Agreement and the comments received, and will decide whether it should withdraw from the Consent Agreement, modify it, or make final the Decision and Order ("Order").

Analysis to Aid Public Comment

## The Transaction

Pursuant to an agreement dated August 17, 2015, DaVita proposes to acquire all issued and outstanding equity interests in Renal Ventures in a transaction valued at approximately $358 million. The Commission's Complaint alleges that the proposed acquisition, if consummated, would violate Section 7 of the Clayton Act, as amended, 15 U.S.C. § 18, and Section 5 of the Federal Trade Commission Act, as amended, 15 U.S.C. § 45, by substantially lessening competition for the provision of outpatient dialysis services in seven markets.

## The Respondents

Headquartered in Denver, Colorado, DaVita is the second-largest provider of outpatient dialysis services in the United States. DaVita operates or manages 2,251 outpatient dialysis clinics in forty-six states and the District of Columbia at which approximately 180,000 end stage renal disease ("ESRD") patients receive treatment. In 2015, DaVita's revenues were approximately $13.8 billion.

Renal Ventures, headquartered in Lakewood, Colorado, is a privately held company and the seventh-largest provider of outpatient dialysis services in the United States. Renal Ventures operates thirty-six dialysis centers, providing dialysis services to approximately 2,300 patients in six states. In 2015, Renal Ventures' revenues were approximately $161 million.

## The Relevant Product and Structure of the Markets

Outpatient dialysis services is the relevant product market in which to assess the effects of the proposed transaction. For patients suffering from ESRD, dialysis treatments are a life-sustaining therapy that replaces the function of the kidneys by removing toxins and excess fluid from the blood. Kidney transplantation is the only alternative to dialysis for ESRD patients. However, the wait-time for donor kidneys—during which ESRD patients must receive dialysis treatments—can exceed five years. Additionally, many ESRD patients are not viable transplant candidates. As a result, ESRD patients have no alternative to dialysis treatments. Unless hospitalized, ESRD

patients must obtain dialysis treatments from outpatient dialysis clinics.

Because most ESRD patients receive outpatient dialysis treatment three times per week in sessions lasting between three and five hours, the relevant geographic markets are local and limited by the travel distance from patients' homes. ESRD patients are often very ill and suffer from multiple health problems, making travel further than thirty miles or thirty minutes very difficult. As a result, competition among dialysis clinics occurs at a local level, corresponding to metropolitan areas or subsets thereof. The exact contours of each market vary depending on traffic patterns, local geography, and the patients' proximity to the nearest center.

**Competitive Effects of the Acquisition**

Each of the seven geographic markets identified in the Complaint is highly concentrated. In each of the affected markets, the proposed acquisition would cause the number of providers to drop from three to two or cause a merger to monopoly, and the post-acquisition HHI levels to exceed 5,000, and in the three-to-two provider markets, changes in their HHIs greater than 200. The high post-acquisition concentration levels, along with the elimination of the head-to-head competition between DaVita and Renal Ventures, suggest the proposed combination likely would result in higher prices for outpatient dialysis services in each geographic market. In addition, market participants compete for patients on a number of quality measures—including quality of facilities, wait times, operating hours, and location. The proposed combination likely also would result in diminished service and quality for patients in each market.

**Entry**

Entry into the outpatient dialysis services markets identified in the Commission's Complaint is not likely to occur in a timely manner at a level sufficient to deter or counteract the likely anticompetitive effects of the proposed transaction. By law, each dialysis clinic must have a nephrologist medical director, and most dialysis clinics have long-term (seven to ten year) contracts

with nephrologist medical directors that also include non-competes. As a practical matter, medical directors also serve as the primary source of referrals and are essential to a clinic's success. The relative shortage and lack of available nephrologists, particularly those with an established referral stream, is a significant barrier to entry into each of the relevant markets. These obstacles make entry in the affected markets more challenging and less likely to avert the anticompetitive effects of the transaction.

**The Consent Agreement**

The Consent Agreement remedies the proposed acquisition's anticompetitive effects in seven markets where both DaVita and Renal Ventures operate dialysis clinics by requiring DaVita to divest seven outpatient dialysis clinics to PDA-GMF Holdco LLP, a joint venture between Physicians Dialysis and GMF Capital LLC ("PDA"). Physicians Dialysis has been in business since 1990 and currently operates several outpatient dialysis clinics. The Commission is satisfied that PDA is a qualified acquirer of the divested assets.

As part of the divestitures, DaVita is required to obtain the agreement of the medical director affiliated with each divested clinic to continue providing physician services after the transfer of ownership to the buyer. Similarly, the Consent Agreement requires DaVita to obtain the consent of all lessors necessary to assign the leases for the real property associated with the divested clinics to the buyer. These provisions ensure that the buyer will have the assets necessary to operate the divested clinics in a competitive manner.

The Consent Agreement contains several additional provisions designed to help ensure the continued competitiveness of the divested clinics. First, the Consent Agreement provides the buyer with the opportunity to interview and hire employees affiliated with the divested clinics and prevents DaVita from offering these employees incentives to decline the buyer's offer of employment. This helps ensure the buyer has access to patient care and supervisory staff familiar with the clinics' patients and the local physicians. Second, the Consent Agreement prevents DaVita from contracting with the medical directors affiliated

with the divested clinics for three years, to prevent DaVita from potentially limiting the competitiveness of the divested clinics. Third, to ensure continuity of patient care and records as the buyer implements its quality care, billing, and supply systems, the Consent Agreement requires DaVita to provide transition services for a period up to twenty-four months. Firewalls and confidentiality agreements will prevent the exchange of competitively sensitive information. Fourth, the Consent Agreement requires DaVita to provide the buyer with a license to Renal Ventures' policies, procedures, and medical protocols, as well as the option to obtain and use DaVita's medical protocols, policies, and procedures, to help with continuity of care for the divested clinics' patients.

The Consent Agreement requires DaVita to provide notice to the Commission prior to any acquisitions of dialysis clinics in the markets addressed by the Consent Agreement to ensure that subsequent acquisitions do not adversely impact competition in those markets or undermine the remedial goals of the proposed order. Finally, the Consent Agreement allows the Commission to appoint a monitor to oversee DaVita's compliance with the Consent Agreement.

The purpose of this analysis is to facilitate public comment on the Consent Agreement, and it is not intended to constitute an official interpretation of the proposed Decision and Order, or to modify its terms in any way.

# AMERICAN GUILD OF ORGANISTS

CONSENT ORDER, ETC. IN REGARD TO ALLEGED VIOLATIONS OF SECTION 5 OF THE FEDERAL TRADE COMMISSION ACT

*Docket No. C-4617; File No. 151 0159*
*Complaint, May 26, 2017 – Decision, May 26, 2017*

This consent order addresses American Guild of Organists's Code of Ethics that restrains AGO members from freely seeking or accepting work, and recommends that its members use standard fees and approaches to determine compensation for members' services. The complaint alleges that the AGO, acting as a combination of its members and in agreement with at least some of its members, restrained competition among its members and others in violation of Section 5 of the Federal Trade Commission Act by adopting and maintaining provisions in its Code of Ethics that restrain AGO members from freely seeking or accepting work, and by recommending that its members use standard fees and approaches to determine compensation for members' services. The consent order requires the AGO to cease and desist from restraining competition among its members, including by restricting members' freedom to seek or accept work, or by restraining price competition among members.

## COMPLAINT

The Federal Trade Commission ("Commission"), pursuant to the provisions of the Federal Trade Commission Act, as amended, 15 U.S.C. § 41 *et seq.*, and by virtue of the authority vested in it by said Act, having reason to believe that the American Guild of Organists, Inc. ("Respondent" or "AGO"), a corporation, has violated and is violating the provisions of Section 5 of the Federal Trade Commission Act, as amended, 15 U.S.C. § 45, and it appearing to the Commission that a proceeding by it in respect thereof would be in the public interest, hereby issues this Complaint, stating its charges as follows:

## I. NATURE OF THE CASE

1. This case challenges the actions of a professional association of organists and choral conductors that have the purpose and effect of restraining competition among its members. The association directs its members not to seek contracts and business relationships where doing so would displace an existing service provider. And the association urges its members to forgo price competition, and instead to seek the terms of compensation specified by the association.

## II. RESPONDENT

2. Respondent American Guild of Organists was originally chartered as a corporation by the New York State Educational Department and the University of the State of New York in 1896, and is organized, existing, and doing business under, and by virtue of, the laws of the State of New York, with its office and principal place of business located at 475 Riverside Drive, Suite 1260, New York, NY 10115.

3. Respondent is a national association of organists and choral conductors with approximately 15,000 members organized in more than 300 chapters throughout the United States and abroad.

4. Many of Respondent's members provide organ performance, choral conducting, or teaching services for a fee. Except to the extent that competition has been restrained as alleged herein, many of Respondent's members have been and are now in competition among themselves and with other organists and choral conductors.

## III. JURISDICTION

5. Respondent conducts business for the pecuniary benefit of its members and is therefore a corporation as "corporation" is defined in Section 4 of the Federal Trade Commission Act, as amended, 15 U.S.C. § 44.

6. The acts and practices of Respondent, including the acts and practices alleged herein, are in or affecting commerce as

"commerce" as defined in Section 4 of the Federal Trade Commission Act, as amended, 15 U.S.C. § 44.

## IV. AGO'S CONDUCT IN RESTRAINT OF TRADE

### A. AGO RESTRICTIONS ON COMPETITION

7. Respondent has acted as a combination of its members, and in agreement with at least some of those members, to restrain competition by:

a. Restricting members' freedom to seek or to accept positions and engagements; and

b. Developing, adopting, issuing, publishing, recommending, and promoting the use by its members of standard fees and approaches to determine compensation for members' services.

8. Respondent maintains a Code of Ethics applicable to the commercial activities of its members. The Code of Ethics is considered to be binding upon all voting members in good standing.

9. Specifically, Respondent's Code of Ethics adopted on October 23, 1933, as revised through October 4, 2014, requires:

> "RULE 1. Members shall promote good working relationships within the American Guild of Organists and shall respect the employment of colleagues. Members shall address differences between themselves and other members by following the procedures outlined in the Discipline."
>
> "RULE 2. Members shall not seek or appear to be seeking employment for themselves, a student, or a colleague, in a position held by someone else . . . ."
>
> "RULE 3. Members shall obtain the approval of the incumbent musician before accepting an engagement for a wedding, funeral, or other

> service requested by a third party. In such cases, the incumbent should receive his/her customary fee, and the third party is expected to provide it. It is the responsibility of the guest member to inform the third party of this rule."
>
> "The Discipline" refers to the AGO's enforcement regime for the association's Code of Ethics and other standards of conduct. An "incumbent musician" is a musician member who has a contract or other arrangement with a school, church, or other venue.

10. Respondent has developed, adopted, issued, published, recommended, and promoted a schedule of compensation to be used by members to determine or secure compensation for their services. Respondent's schedule specifies fees for various types of services (*e.g.*, performance at weddings, funerals, religious ceremonies) and for various time commitments (*e.g.*, full time, half time) and experience levels. Respondent's schedule also specifies standard mileage charges and rates for travel to and from locations where services are provided.

11. Respondent's schedule of compensation identifies one U.S. city as a basing point and specifies adjustment factors to accommodate regional differences in the cost of living. Respondent's Chapters use Respondent's schedule to develop regionally-applicable schedules of compensation.

12. Respondent generally updates its schedule of compensation annually.

## B. AGO EXHORTS MEMBERS TO REFRAIN FROM COMPETING

13. Respondent has provided its members with interpretations of and answers to questions about its Code of Ethics. For example, regarding Rule 2, Respondent published the following interpretation and advice:

> "Question: Can a member circulate a written announcement to prospective religious institution

employers having incumbent employees stating that s/he is looking for employment?

Answer: No."

14. Regarding Rule 3, Respondent advised its members not to offer their services to a prospective customer without permission from an incumbent organist, and to inform prospective customers that the customer must pay a fee to both organists, even though only one would provide services.

15. Respondent developed and published model contract provisions that are consistent with the Code of Ethics and with the schedule of compensation.

## C. AGO's ENFORCEMENT REGIME

16. Respondent has adopted a Code of Professional Standards to guide members in fulfilling their obligations. The section of the Code of Professional Standards entitled "Respect for Colleagues" states, "Members address differences with other members of the American Guild of Organists by following the procedures outlined in the Discipline."

17. Respondent's Discipline, most recently amended on January 23, 2015, prescribes that "[t]he *Discipline* is to be used when an individual member of the AGO or an AGO Chapter Executive Committee wishes to file a complaint [with the AGO] against another Member for a violation of the *Code of Ethics,"* and specifies that remedies may include censure, written reprimand, requiring a letter of apology, requiring payment of compensation to another member for lost income, and expulsion from membership.

## V. VIOLATION CHARGED

18. The purpose, effect, tendency, or capacity of the combination, agreement, acts, and practices alleged in Paragraphs 7 through 17 has been and is to restrain competition unreasonably and to injure consumers by discouraging and restricting competition among organists and choral directors, and by

depriving consumers and others of the benefits of free and open competition among organists and choral directors.

19. The combination, agreement, acts, and practices alleged in Paragraphs 7 through 17 constitute unfair methods of competition in violation of Section 5 of the Federal Trade Commission Act, as amended, 15 U.S.C. § 45. Such combination, agreement, acts, and practices, or the effects thereof, are continuing and will continue or recur in the absence of the relief requested herein.

**WHEREFORE, THE PREMISES CONSIDERED,** the Federal Trade Commission on this twenty-sixth day of May, 2017, issues this Complaint against Respondent.

By the Commission.

## DECISION AND ORDER

The Federal Trade Commission, having initiated an investigation of certain acts and practices of the American Guild of Organists ("Respondent" or "AGO") and Respondent having been furnished thereafter with a copy of a draft complaint that the Bureau of Competition proposed to present to the Commission for its consideration and which, if issued by the Commission, would charge Respondent with violations of Section 5 of the Federal Trade Commission Act, as amended, 15 U.S.C. § 45; and

Respondent, its attorneys, and counsel for the Commission having thereafter executed an agreement containing a consent order, an admission by Respondent of all the jurisdictional facts set forth in the aforesaid draft of complaint, a statement that the signing of said agreement is for settlement purposes only and does not constitute an admission by Respondent that the law has been violated as alleged in such complaint, or that the facts as alleged in such complaint, other than jurisdictional facts, are true, and waivers and other provisions as required by the Commission's Rules; and

The Commission having thereafter considered the matter and having determined that it had reason to believe that Respondent has violated the said Acts, and that a complaint should issue stating its charges in that respect, and having accepted the executed consent agreement and placed such agreement on the public record for a period of thirty (30) days for the receipt and consideration of public comments, and having duly considered the public comments received pursuant to Commission Rule 2.34, 16 C.F.R. § 2.34, now in further conformity with the procedure described in § 2.34 of its Rules, the Commission hereby issues its complaint, makes the following jurisdictional findings and enters the following order ("Order"):

1. Respondent American Guild of Organists is a non-profit corporation organized, existing, and doing business under, and by virtue of, the laws of the State of New York, with its office and principal place of business located at 475 Riverside Drive, Suite 1260, New York, NY 10115.

2. The Federal Trade Commission has jurisdiction of the subject matter of this proceeding and of the Respondent and the proceeding is in the public interest.

(Letterhead of the AGO)

**FTC Settlement Statement**

Dear Member:

As you may know, the Federal Trade Commission (FTC) has conducted an investigation concerning certain provisions in the American Guild of Organists (AGO) Code of Ethics and other documents. The investigation focused on:

- A Code of Ethics provision that prohibits members from applying for a position held by someone else unless there has been a public announcement of a vacancy for that position;
- A Code of Ethics provision that requires a member engaged for a wedding, funeral, or other service to (1) obtain the approval of the incumbent musician before accepting, and (2) tell the party requesting the service to pay the incumbent his/her customary fee; and
- The AGO's publication of (1) lists and schedules of compensation and fees for its members to use, (2) standard methods and formulas for Chapters to provide to members for calculating compensation and fees, and (3) other model contract provisions.

The FTC has alleged that these practices violate the Federal Trade Commission Act because they unnecessarily restrict members of the AGO from competing with one another, restrict price competition, and deprive consumers of the benefit of competition.

To end the investigation expeditiously and to avoid disruption to its core functions, the AGO has voluntarily agreed to a Consent Agreement and entry of a final Decision and Order by the FTC. In doing so, however, the AGO has not admitted any law violation.

In general, the FTC's Order prohibits the AGO from:

- maintaining bylaws, a code of ethics, operational policies, or membership requirements that restrict its members from competing with one another for positions or for engagements for weddings, funerals, or other services, or competing in any other way, including on price;
- interfering with members' efforts to provide services and to compete on price;

- publishing documents such as fee schedules and model contracts for members to use when determining or securing compensation for their services.

The Order also requires the AGO to establish an antitrust compliance program.

The AGO is in the process of revising its Code of Ethics and other documents and publications to comply fully with these requirements and is implementing a robust antitrust compliance program to ensure its leaders, members and Chapters do so as well.

In addition, some of the AGO Chapters currently have operational documents that contain provisions similar to those prohibited by the FTC's Order. The Order requires that the AGO may not accept or maintain a relationship with a Chapter that does not abide by the Order's provisions. Each Chapter will therefore need to review its code of ethics, operational policies and procedures, membership requirements, and documents relating to fees, compensation, or model contracts, and remove all prohibited provisions. Each Chapter will need to certify to the AGO that it has done so before a deadline set in the Order or the AGO will remove it as a Chapter.

When the FTC Order has been finalized, it will be distributed to Chapters and will be available on the AGO website. Click here to see a copy of the FTC's Order. It is also available on the Federal Trade Commission website at www.FTC.gov.

Sincerely yours,

James E. Thomashower
Executive Director

# ANALYSIS OF CONSENT ORDER TO AID PUBLIC COMMENT

The Federal Trade Commission ("Commission") has accepted, subject to final approval, an Agreement Containing Consent Order ("Consent Agreement") from the American Guild of Organists (hereinafter "the AGO"). The Commission's complaint ("Complaint") alleges that the AGO, acting as a combination of its members and in agreement with at least some of its members, restrained competition among its members and others in violation of Section 5 of the Federal Trade Commission Act, as amended, 15 U.S.C. § 45, by adopting and maintaining provisions in its Code of Ethics that restrain AGO members from freely seeking or accepting work, and by recommending that its members use standard fees and approaches to determine compensation for members' services. This likely raised prices for consumers seeking to employ organists for special occasions, as well as the organizations that employed organists.

The proposed Consent Agreement requires the AGO to cease and desist from restraining competition among its members, including by restricting members' freedom to seek or accept work, or by restraining price competition among members.

The Commission anticipates that accepting the proposed order, subject to final approval, contained in the Consent Agreement, will resolve the competitive issues described in the Complaint. The proposed Consent Agreement has been placed on the public record for 30 days for receipt of comments from interested members of the public. Comments received during this period will become part of the public record. After 30 days, the Commission will review the Consent Agreement again and the comments received, and will decide whether it should withdraw from the Consent Agreement or make final the accompanying Decision and Order ("the Proposed Order").

This Analysis to Aid Public Comment seeks to invite and facilitate public comment. It does not constitute an official interpretation of the proposed Consent Agreement and the accompanying Proposed Order or in any way modify their terms.

Analysis to Aid Public Comment

The Consent Agreement is for settlement purposes only and does not constitute an admission by the AGO that the law has been violated as alleged in the Complaint or that the facts alleged in the Complaint, other than jurisdictional facts, are true.

## I. The Complaint

The Complaint makes the following allegations.

### A. The Respondent and the Provisions at Issue

The AGO is a non-profit trade association. The AGO has approximately 15,000 members organized in more than 300 chapters throughout the United States and abroad. The AGO membership includes organists and choral conductors. The AGO's members provide services as organists and choral conductors for a fee.

The AGO maintains a Code of Ethics applicable to the commercial activities of its members. The Code of Ethics states in part that,

> "Members shall not seek or appear to be seeking employment for themselves, a student, or a colleague, in a position held by someone else . . ." and
>
> "Members shall obtain the approval of the incumbent musician before accepting an engagement for a wedding, funeral, or other service requested by a third party. In such cases, the incumbent should receive his/her customary fee, and the third party is expected to provide it. It is the responsibility of the guest member to inform the third party of this rule."

The AGO adopted standardized documents relating to compensation, including fee schedules, a salary guide, worksheets for calculating work performed, and model contract provisions for members to (hereinafter "compensation guidelines"). The fee schedules cover the fees to be charged for such work as rehearsals, performing as a substitute, weddings, funerals,

rehearsals, contracting additional musicians, mileage reimbursement, and cancelled services, and include a formula for its chapters and members to use for geographic adjustment of the compensation baselines.

### B. The Anticompetitive Conduct

The FTC investigated the provisions of the AGO's Code of Ethics and compensation guidelines that allegedly restrained competition and harmed consumers, and which had generated consumer and organist complaints. The Complaint alleges that the AGO violated Section 5 of the Federal Trade Commission Act by agreeing to restrain competition among organists and choral conductors. The AGO's adoption and enforcement of the Code of Ethics and compensation guidelines represent agreements among competitors not to compete. The Code of Ethics limits the freedom of organists and choral directors to seek or accept positions and engagements. The compensation guidelines limit price competition and impose additional costs on consumers. For consumers who wanted to employ an organist of their choice for a wedding, funeral, or other occasion, the AGO's Code of Ethics included a provision that had the effect of requiring some consumers to pay for the services of two organists – the organist they chose and hired, and the incumbent organist of the venue location even though only the first organist performed. The provisions and enforcement of the AGO's Code of Ethics, as well as its compensation guidelines, likely increased prices for consumers and those that employed organists as choral directors or in permanent organist positions.

The AGO adopted the Code of Ethics, educates members about the Code of Ethics, exhorts its members to follow the Code of Ethics, and enforces the Code of Ethics. The AGO may expel a member that fails to abide by the Code of Ethics.

The AGO instructs its chapters to use AGO's compensation schedules and formulas to develop regionally applicable compensation schedules. AGO chapters used the AGO compensation schedules and formulas to develop and publicize regionally applicable compensation schedules. AGO members used the compensation schedules to determine what to charge for their services.

Analysis to Aid Public Comment

The purpose, effect, tendency, or capacity of the combination, agreement, acts and practices of the AGO has been and is to restrain competition unreasonably and to injure consumers by discouraging and restricting competition among organists and choral directors.

## II. The Proposed Order

The Proposed Order has the following substantive provisions.

Paragraph II of the Proposed Order requires the AGO to cease and desist from restraining or declaring unethical, interfering with, or advising against price competition by members, and from creating or recommending lists, guidelines, or model contract provisions for its members to use to determine fees or compensation. It also requires the AGO to cease and desist from restricting members freedom to seek or accept positions or engagements. Paragraph II also prohibits the AGO from accepting as a chapter or maintaining a relationship with any chapter that the AGO knows engages in conduct prohibited by the Proposed Order.

Paragraph III of the Proposed Order requires the AGO to remove from its organization documents and website any statement inconsistent with the Proposed Order, including the challenged Code of Ethics restrictions. The AGO must publicize to its members, new members, leaders, employees, and the public the changes the AGO must make to the Code of Ethics, and a statement describing the Consent Agreement. Paragraph III also requires the AGO to terminate recognition of chapters that fail to certify Compliance with the Proposed Order, and chapters that the AGO learns have engaged in any prohibited practice, if such chapters do not commit to ending such practices.

Paragraph IV of the Proposed Order requires the AGO to design, maintain, and operate an antitrust compliance program. Paragraphs V-VII contain standard reporting, notification, and cooperation requirements.

The Proposed Order will expire in 20 years; the Proposed Order limits certain provisions to a period of five years.

**IN THE MATTER OF**

# EMERSON ELECTRIC CO.
**AND**
# PENTAIR PLC

CONSENT ORDER, ETC. IN REGARD TO ALLEGED VIOLATIONS OF SECTION 5 OF THE FEDERAL TRADE COMMISSION ACT AND SECTION 7 OF THE CLAYTON ACT

*Docket No. C-4615; File No. 161 0221*
*Complaint, April 27, 2017 – Decision, June 12, 2017*

This consent order addresses the $3.15 billion acquisition by Emerson Electric Co. of certain assets of Pentair plc. The complaint alleges that the Acquisition, if consummated, would violate Section 7 of the Clayton Act and Section 5 of the Federal Trade Commission Act by substantially lessening competition in the United States market for switchboxes. The consent order requires Emerson to divest Pentair's switchbox manufacturer subsidiary, Westlock Controls Corporation, to Crane Co. no later than ten days after the Acquisition is consummated.

*Participants*

For the *Commission*: *Ryan F. Harsch* and *Jonathan W. Platt.*

For the *Respondents*: *Ronan Harty* and *Michael N. Sohn, Davis Polk; Greg Neppl* and *Alan Rutenberg, Foley Lardner.*

## COMPLAINT

Pursuant to the Clayton Act and the Federal Trade Commission Act ("FTC Act"), and its authority thereunder, the Federal Trade Commission ("Commission"), having reason to believe that Respondent Emerson Electric Co. ("Emerson"), a corporation subject to the jurisdiction of the Commission, has agreed to acquire the equity interests of certain subsidiaries from Respondent Pentair plc ("Pentair"); that such acquisition, if consummated, would violate Section 7 of the Clayton Act, as amended, 15 U.S.C. § 18, and Section 5 of the FTC Act, 15 U.S.C. § 45; and it appearing to the Commission that a proceeding in respect thereof would be in the public interest, hereby issues its Complaint, stating its charges as follows:

## I. RESPONDENTS

1.Respondent Emerson is a corporation organized, existing, and doing business under and by virtue of the laws of the State of Missouri, with its offices and principal place of business located at 8000 West Florissant Avenue, St. Louis, Missouri 63136.

2.Respondent Pentair is a corporation organized, existing, and doing business under and by virtue of the laws of the Republic of Ireland, with its principal executive offices located at 43 London Wall, London, EC2M 5TF, United Kingdom. Its United States address for service of process is: Pentair plc, c/o Flow Control US Holding Corporation, 5500 Wayzata Blvd., Suite 800, Golden Valley, Minnesota 55416-1251.

3.Each Respondent is, and at all times relevant herein has been, engaged in commerce, as "commerce" is defined in Section 1 of the Clayton Act, as amended, 15 U.S.C. § 12, and is a company whose business is in or affects commerce, as "commerce" is defined in Section 4 of the FTC Act, as amended, 15 U.S.C. § 44.

## II. THE PROPOSED ACQUISITION

4.Pursuant to a Share Purchase Agreement, dated as of August 18, 2016, Emerson proposed to acquire the equity interests of certain subsidiaries of Pentair that are engaged in the valves and controls business in exchange for cash considerations of approximately $3.15 billion (the "Acquisition"). The Acquisition is subject to Section 7 of the Clayton Act, as amended, 15 U.S.C. § 18.

## III. THE RELEVANT MARKETS

5.For the purposes of this Complaint, the relevant line of commerce in which to analyze the effects of the Acquisition is the development, manufacturing, marketing, distribution, and sale of switchboxes. Switchboxes monitor and control isolation valves, which control the flow of liquids or gases through pipes in numerous industrial applications, including the oil and gas, chemical, petrochemical, and power industries. A switchbox is an integral component of an "automated" isolation valve, enabling

the valve to open and close automatically without manual intervention. Switchboxes detect the position of a valve, that is, whether the valve is open or closed, and communicate the valve position via a visual display and/or digital signals. Switchboxes perform a unique and essential function to the efficient and safe operation of industrial plants and facilities for which there are no practical alternatives.

6.For the purposes of this Complaint, the United States is the relevant geographic market in which to assess the competitive effects of the Acquisition in the relevant line of commerce.

## IV. STRUCTURE OF THE MARKET

7.Emerson and Pentair are the two largest manufacturers of switchboxes, with a combined market share of approximately 60% in the United States. Other manufacturers of switchboxes have significantly lower market shares than Emerson or Pentair, and most have very small market shares. The Acquisition would substantially increase concentration in the already concentrated U.S. switchbox market.

## V. EFFECTS OF THE ACQUISITION

8.The Acquisition, if consummated, may substantially lessen competition in violation of Section 7 of the Clayton Act, as amended, 15 U.S.C. § 18, and Section 5 of the FTC Act, 15 U.S.C. § 45.

9.Emerson and Pentair are each other's closest competitor in the design, development, manufacture, marketing, distribution, and sale of switchboxes. Emerson and Pentair sell the most widely used brands of switchboxes in the United States, TopWorx, and Westlock, respectively. Because switchboxes perform a critical safety function, brand reputation and product reliability are important to purchasers of switchboxes. TopWorx and Westlock are the two most highly regarded brands of switchboxes in the United States, and, for many customers, the only acceptable brands of switchboxes. The Acquisition would eliminate direct competition between Emerson and Pentair in the market for switchboxes, likely increasing prices and reducing innovation.

## VI. ENTRY CONDITIONS

10.Entry into the market for switchboxes would not be timely, likely, or sufficient in magnitude, character, and scope to deter or counteract the anticompetitive effects of the Acquisition. Among other reasons, the substantial time and investment required to develop switchboxes with the requisite brand acceptance and reputation for reliability demanded by customers, which face significant costs and potential risks associated with switching suppliers, would limit or delay effective entry.

## VII. VIOLATIONS CHARGED

11.The Share Purchase Agreement described in Paragraph 4 constitutes a violation of Section 5 of the FTC Act, 15 U.S.C. § 45.

12.The Acquisition described in Paragraph 4, if consummated, would constitute a violation of Section 7 of the Clayton Act, as amended, 15 U.S.C. § 18, and Section 5 of the FTC Act, 15 U.S.C. § 45.

**WHEREFORE, THE PREMISES CONSIDERED,** the Federal Trade Commission on this twenty-seventh day of April, 2017, issues its Complaint against said Respondents.

By the Commission.

## ORDER TO MAINTAIN ASSETS

The Federal Trade Commission ("Commission"), having initiated an investigation of the proposed acquisition by Respondent Emerson Electric Co. ("Emerson") of the equity interests of certain subsidiaries (defined herein as "Pentair Valves & Controls Subsidiaries") and related assets from their ultimate parent entity Pentair plc ("Pentair") (Emerson and Pentair hereinafter collectively referred to as "Respondents"), and

Respondents having been furnished thereafter with a copy of a draft of the Complaint that the Bureau of Competition proposed to present to the Commission for its consideration and which, if issued by the Commission, would charge Respondents with violations of Section 7 of the Clayton Act, as amended, 15 U.S.C. § 18, and Section 5 of the Federal Trade Commission Act, as amended, 15 U.S.C. § 45; and

Respondents, their attorneys, and counsel for the Commission having thereafter executed an Agreement Containing Consent Orders ("Consent Agreement"), containing an admission by Respondents of all the jurisdictional facts set forth in the aforesaid draft of the Complaint, a statement that the signing of said Consent Agreement is for settlement purposes only and does not constitute an admission by Respondents that the law has been violated as alleged in such Complaint, or that the facts as alleged in such Complaint, other than jurisdictional facts, are true, and waivers and other provisions as required by the Commission's Rules; and

The Commission having thereafter considered the matter and having determined to accept the executed Consent Agreement and to place such Consent Agreement on the public record for a period of thirty (30) days for the receipt and consideration of public comments, now in further conformity with the procedure described in Commission Rule 2.34, 16 C.F.R. § 2.34, the Commission hereby issues its Complaint, makes the following jurisdictional findings, and issues this Order to Maintain Assets:

Acquirer and the Monitor (if any has been appointed) with access to all such Confidential Business Information and employees who possess or are able to locate such information for the purposes of identifying the books, records, and files directly related to Westlock's Business that contain such Confidential Business Information and facilitating the delivery in a manner consistent with this Order;

4. not use, directly or indirectly, any such Confidential Business Information other than as necessary to comply with the following:

   a. the requirements of this Order;

   b. Respondents' obligations to the Acquirer under the terms of any related Remedial Agreement; or

   c. applicable Law;

5. not disclose or convey any Confidential Business Information, directly or indirectly, to any Person except (i) the Acquirer, (ii) other Persons specifically authorized by that Acquirer or staff of the Commission to receive such information, (iii) the Commission, or (iv) the Monitor (if any has been appointed) and *except* to the extent necessary to comply with applicable Law; and

6. after the delivery of the Confidential Business Information to the Acquirer and upon the request of the Acquirer, destroy any copies of Confidential Business Information (other than electronic copies of Confidential Business Information created as a result of automatic back-up procedures) within thirty (30) days of such request *except* as otherwise agreed to between the Respondent(s) and the Acquirer or to the extent necessary to comply with applicable Law.

E. Respondents shall provide, or cause to be provided, to the Acquirer in a manner consistent with the Technology Transfer Standards the following:

1. all Manufacturing Technology (including all related intellectual property); and

2. all rights to all Manufacturing Technology (including all related intellectual property) that is owned by a Third Party and licensed to a Respondent.

Respondents shall obtain any consents from Third Parties required to comply with this provision. Respondents shall not enforce any agreement against a Third Party or an Acquirer to the extent that such agreement may limit or otherwise impair the ability of that Acquirer to use or to acquire from the Third Party the Manufacturing Technology (including all related intellectual property). Such agreements include, but are not limited to, agreements with respect to the disclosure of Confidential Business Information related to such Manufacturing Technology. Not later than ten (10) days after the Closing Date, Respondents shall grant a release to each Third Party that is subject to such agreements that allows the Third Party to provide the relevant Manufacturing Technology to the Acquirer. Within five (5) days of the execution of each such release, Respondents shall provide a copy of the release to the Acquirer.

F. Respondent Emerson shall designate employees of Respondent Emerson knowledgeable about the accounts receivable, accounts payable, internal and external auditing functions, tax, legal, treasury, payroll, benefits administration, information technology systems and support and human resources management of Westlock to provide services and assistance to the Acquirer, in the transfer and integration of the Business of Westlock into the Acquirer's business and for a time sufficient to enable the Acquirer to integrate and perform these functions

independently of Respondent Emerson. Such services and assistance shall be provided by Respondent Emerson to the Acquirer at no greater than Direct Cost.

G. Respondents shall require, as a condition of continued employment post-divestiture of the Westlock Assets, that each employee that has had responsibilities related to the marketing or sales of the Westlock Products within the one (1) year period prior to the Closing Date and each employee that has responsibilities related to the marketing or sales of those Retained Products that perform the same or similar functions as the Westlock Products, in each case who have or may have had access to Confidential Business Information, and the direct supervisor(s) of any such employee sign a confidentiality agreement pursuant to which that employee shall be required to maintain all Confidential Business Information related to the Westlock Products as strictly confidential, including the nondisclosure of that information to all other employees, executives, or other personnel of the Respondents (other than as necessary to comply with the requirements of this Order).

H. Not later than thirty (30) days after the Closing Date, each Respondent shall provide written notification of the restrictions on the use and disclosure of the Confidential Business Information related to the Westlock Products by that Respondent's personnel to all of its employees who (i) may be in possession of such Confidential Business Information or (ii) may have access to such Confidential Business Information. Each Respondent shall give the above-described notification by e-mail with return receipt requested or similar transmission, and keep a file of those receipts for one (1) year after the Closing Date. Each Respondent shall provide a copy of the notification to the relevant Acquirer. Each Respondent shall maintain complete records of all such notifications at that Respondent's registered office within the United States and shall provide an officer's certification to the

Commission affirming the implementation of, and compliance with, the acknowledgement program. Each Respondent shall provide the relevant Acquirer with copies of all certifications, notifications, and reminders sent to that Respondent's personnel.

I. Respondents shall:

1. for a period of twelve (12) months after the Closing Date, provide the Acquirer with the opportunity to enter into employment contracts with the Westlock Core Employees. Each of these periods is hereinafter referred to as the "Westlock Core Employee Access Period(s);"

2. not later than the earlier of the following dates: (i) ten (10) days after notice by staff of the Commission to the relevant Respondent to provide the Product Employee Information; or (ii) ten (10) days after written request by an Acquirer, provide that Acquirer or Proposed Acquirer(s) with the Product Employee Information related to the Westlock Core Employees. Failure by that Respondent to provide the Product Employee Information for any Westlock Core Employee within the time provided herein shall extend the Westlock Core Employee Access Period(s) with respect to that employee in an amount equal to the delay; *provided, however*, that the provision of such information may be conditioned upon the Acquirer's or Proposed Acquirer's written confirmation that it will (i) treat the information as confidential and, more specifically, (ii) use the information solely in connection with considering whether to provide, or providing to Westlock Core Employees the opportunity to enter into employment contracts during the Westlock Core Employee Access Period, and (iii) restrict access to the information to such of the Acquirer's or Proposed Acquirer's employees who need such access in connection with the specified and permitted use;

3. during the Westlock Core Employee Access Period(s), not interfere with the hiring or employing by that Acquirer of the Westlock Core Employees and remove any impediments within the control of a Respondent that may deter these employees from accepting employment with that Acquirer, including, but not limited to, any noncompete or nondisclosure provision of employment with respect to a Westlock Product or other contracts with a Respondent that would affect the ability or incentive of those individuals to be employed by that Acquirer. In addition, a Respondent shall not make any counteroffer to any Westlock Core Employee who has received a written offer of employment from the Acquirer;

*provided, however,* that, subject to the conditions of continued employment prescribed in this Order, this Paragraph shall not prohibit a Respondent from continuing to employ any Westlock Core Employee under the terms of that employee's employment with a Respondent prior to the date of the written offer of employment from the Acquirer to that employee;

4. until the Closing Date, provide all Westlock Core Employees with reasonable financial incentives to continue in their positions and to research, Develop, manufacture, market and/or sell the Westlock Product(s) consistent with past practices and/or as may be necessary to preserve the marketability, viability, and competitiveness of Westlock's Business and to ensure successful execution of the pre-Acquisition plans for the Westlock Product(s). Such incentives shall include a continuation of all employee compensation and benefits offered by a Respondent until the Closing Date(s) for the divestiture of the Westlock Assets has occurred, including regularly scheduled raises, bonuses, and vesting of pension benefits (as permitted by Law);

*provided, however,* that this Paragraph does not require nor shall be construed to require a Respondent to terminate the employment of any employee or to prevent a Respondent from continuing to employ the Westlock Core Employees in connection with the Acquisition; and

5. for a period of one (1) year after the Closing Date, not: (i) directly or indirectly solicit or otherwise attempt to induce any employee of the Acquirer with any amount of responsibility related to a Westlock Product ("Westlock Product Employee") to terminate his or her employment relationship with the Acquirer; or (ii) hire any Westlock Product Employee;

*provided, however*, a Respondent may hire any former Westlock Product Employee whose employment has been terminated by the Acquirer or who independently applies for employment with that Respondent, as long as that employee was not solicited in violation of the nonsolicitation requirements contained herein;

*provided further*, *however*, that a Respondent may do the following: (i) advertise for employees in newspapers, trade publications, or other media not targeted specifically at the Westlock Product Employees; or (ii) hire a Westlock Product Employee who contacts a Respondent on his or her own initiative without any direct or indirect solicitation or encouragement from that Respondent.

J. Until Respondents complete the divestitures required by this Order and fully provide, or cause to be provided, the Manufacturing Technology related to each Westlock Product to the Acquirer:

1. Respondents shall take actions as are necessary to:

   a. maintain the full economic viability and marketability of the Businesses associated with that Westlock Product;

b. minimize any risk of loss of competitive potential for that Business;

c. prevent the destruction, removal, wasting, deterioration, or impairment of any of the assets related to that Westlock Product;

d. ensure the assets related to each Westlock Product are provided to the Acquirer in a manner without disruption, delay, or impairment of the Product Approval and Certification processes related to the Business associated with each Westlock Product;

e. ensure the completeness of the transfer and delivery of the Manufacturing Technology; and

2. Respondents shall not sell, transfer, encumber, or otherwise impair the Westlock Assets (other than in the manner prescribed in this Order), nor take any action that lessens the full economic viability, marketability, or competitiveness of Westlock's Business.

K. After the Closing Date, Respondents shall not, in the United States of America:

2. attempt to register the Trademarks;

3. attempt to register any mark confusingly similar to the Trademarks;

4. challenge or interfere with an Acquirer's use and registration of the Trademarks; or

5. challenge or interfere with an Acquirer's efforts to enforce its trademark registrations for and trademark rights in the relevant Trademarks against Third Parties.

L. Respondents shall not join, file, prosecute, or maintain any suit, in law or equity, against an Acquirer or the Westlock Releasee(s):

1. under any Patent owned by or licensed to a Respondent as of the day after the Acquisition Date that claims any of the following:

   a. a valve position monitor;

   b. a method or device for making, using, or controlling a valve position monitor; or

   c. a method or device for monitoring, indicating, or communicating the position of a valve; or

2. under any Patent that was filed or in existence on or before the Acquisition Date that is acquired by or licensed to a Respondent at any time after the Acquisition Date that claims any of the following:

   a. a valve position monitor;

   b. a method or device for making, using, or controlling a valve position monitor;

   c. a method or device for monitoring, indicating, or communicating the position of a valve;

if such suit would have the potential directly to limit or interfere with that Acquirer's freedom to practice the following: (i) the research, Development, or manufacture anywhere in the world of a Westlock Switch Box Product for the purposes of marketing, sale, or offer for sale within the United States of America of such Westlock Switch Box Product(s); or (ii) the import, export, use, supply, distribution, sale,

or offer for sale of the Westlock Switch Box Product(s) into, from, or within the United States of America. Respondents shall also covenant to the Acquirer that as a condition of any assignment or license from Respondents to a Third Party of the above-described Patents, the Third Party shall agree to provide a covenant whereby the Third Party covenants not to sue that Acquirer or the related Westlock Releasee(s) under such Patents, if the suit would have the potential directly to limit or interfere with that Acquirer's freedom to practice the following: (i) the research, Development, or manufacture anywhere in the world of the Westlock Switch Box Product(s) for the purposes of marketing, sale, or offer for sale within the United States of America of such Westlock Switch Box Product(s); or (ii) the import, export, use, supply, distribution, sale, or offer for sale of the Westlock Switch Box Product(s) into, from, or within the United States of America. The provisions of this Paragraph do not apply to any Patent owned by, acquired by, or licensed to or from a Respondent that claims inventions conceived by and reduced to practice after the Acquisition Date;

M. Upon reasonable written notice and request from an Acquirer to Respondents, Respondents shall provide, in a timely manner, at no greater than Direct Cost, assistance of knowledgeable employees of Respondents to assist that Acquirer to defend against, respond to, or otherwise participate in any litigation brought by a Third Party related to the Product Intellectual Property related to any of the Westlock Switch Box Product(s), if such litigation would have the potential to interfere with that Acquirer's freedom to practice the following: (i) the research, Development, or manufacture anywhere in the world of the Westlock Switch Box Product(s) for the purposes of marketing, sale, or offer for sale within the United States of America of such Westlock Switch Box Product(s); or (ii) the import, export, use, supply, distribution, sale, or offer for sale of the Westlock

Switch Box Product(s) into, from, or within the United States of America.

N. For any patent infringement suit filed prior to the Closing Date in which a Respondent is alleged to have infringed a Patent of a Third Party or any potential patent infringement suit from a Third Party that a Respondent has prepared or is preparing to defend against as of the Closing Date, and where such a suit would have the potential directly to limit or interfere with the relevant Acquirer's freedom to practice the following: (i) the research, Development, or manufacture anywhere in the world of the Westlock Switch Box Product(s) acquired for the purposes of marketing, sale, or offer for sale within the United States of America of such Westlock Switch Box Product(s); or (ii) the import, export, use, supply, distribution, sale, or offer for sale of the Westlock Switch Box Product(s) into, from, or within the United States of America, that Respondent shall:

1. cooperate with that Acquirer and provide any and all necessary technical and legal assistance, documentation, and witnesses from that Respondent in connection with obtaining resolution of any pending patent litigation related to that Westlock Switch Box Product;

1. to ensure the continued use of such assets for the purposes of the Business of Westlock within the United States of America;

2. to create a viable and effective competitor that is independent of Respondent Emerson in the Business of the Switch Box Products within the United States of America; and

3. to remedy the lessening of competition resulting from the Acquisition as alleged in the Commission's Complaint in a timely and sufficient manner.

## III.

**IT IS FURTHER ORDERED** that:

A. At any time after the Respondents sign the Consent Agreement in this matter, the Commission may appoint a monitor ("Monitor") to assure that the Respondents expeditiously comply with all of their obligations and perform all of their responsibilities as required by this Order, the Order to Maintain Assets, and the Remedial Agreements.

B. The Commission shall select the Monitor, subject to the consent of Respondent Emerson, which consent shall not be unreasonably withheld. If Respondent Emerson has not opposed, in writing, including the reasons for opposing, the selection of a proposed Monitor within ten (10) days after notice by the staff of the Commission to Respondent Emerson of the identity of any proposed Monitor, Respondents shall be deemed to have consented to the selection of the proposed Monitor.

C. Not later than ten (10) days after the appointment of the Monitor, Respondent Emerson shall execute an agreement that, subject to the prior approval of the Commission, confers on the Monitor all the rights and powers necessary to permit the Monitor to monitor

each Respondent's compliance with the relevant requirements of the Order in a manner consistent with the purposes of the Order.

D. If a Monitor is appointed, each Respondent shall consent to the following terms and conditions regarding the powers, duties, authorities, and responsibilities of the Monitor:

1. The Monitor shall have the power and authority to monitor each Respondent's compliance with the divestiture and asset maintenance obligations and related requirements of the Order, and shall exercise such power and authority and carry out the duties and responsibilities of the Monitor in a manner consistent with the purposes of the Order and in consultation with the Commission.

2. The Monitor shall act in a fiduciary capacity for the benefit of the Commission.

3. The Monitor shall serve until the latter of:

   a. the date of completion by Respondents of all Westlock Assets and the transfer of the Manufacturing Technology, Product Intellectual Property and Product Licensed Intellectual Property in a manner that fully satisfies the requirements of this Order;

   b. the Acquirer has obtained all the Product Approvals and Certifications, with respect to each Westlock Switch Box Product;

   c. the Acquirer is able to perform all of the accounts receivable, accounts payable, internal and external auditing functions, tax, legal, treasury, payroll, benefits administration, information technologies, and human resources management of Westlock that had, prior to the Closing Date, been performed by entities within Respondent Pentair or Respondent

Emerson outside of Westlock Controls Corporation.

*provided, however,* that the Monitor's service shall not extend more than four (4) years after the Order Date *unless* the Commission decides to extend or modify this period as may be necessary or appropriate to accomplish the purposes of the Orders.

E. Subject to any demonstrated legally recognized privilege, the Monitor shall have full and complete access to each Respondent's personnel, books, documents, records kept in the ordinary course of business, facilities, and technical information, and such other relevant information as the Monitor may reasonably request, related to that Respondent's compliance with its obligations under the Orders, including, but not limited to, its obligations related to the relevant assets. Each Respondent shall cooperate with any reasonable request of the Monitor and shall take no action to interfere with or impede the Monitor's ability to monitor that Respondent's compliance with the Orders.

F. The Monitor shall serve, without bond or other security, at the expense of Respondent Emerson, on such reasonable and customary terms and conditions as the Commission may set. The Monitor shall have authority to employ, at the expense of Respondent Emerson, such consultants, accountants, attorneys, and other representatives and assistants as are reasonably necessary to carry out the Monitor's duties and responsibilities.

G. Each Respondent shall indemnify the Monitor and hold the Monitor harmless against any losses, claims, damages, liabilities, or expenses arising out of, or in connection with, the performance of the Monitor's duties, including all reasonable fees of counsel and other reasonable expenses incurred in connection with the preparations for, or defense of, any claim, whether or not resulting in any liability, except to the extent

that such losses, claims, damages, liabilities, or expenses result from gross negligence, willful or wanton acts, or bad faith by the Monitor.

H. Each Respondent shall report to the Monitor in accordance with the requirements of this Order and as otherwise provided in any agreement approved by the Commission. The Monitor shall evaluate the reports submitted to the Monitor by a Respondent, and any reports submitted by each Acquirer with respect to the performance of a Respondent's obligations under the Order or the Remedial Agreement(s). Within thirty (30) days after the date the Monitor receives these reports, the Monitor shall report in writing to the Commission concerning performance by a Respondent of its obligations under the Order;

I. Each Respondent may require the Monitor and each of the Monitor's consultants, accountants, attorneys, and other representatives and assistants to sign a customary confidentiality agreement; *provided, however,* that such agreement shall not restrict the Monitor from providing any information to the Commission.

J. The Commission may, among other things, require the Monitor and each of the Monitor's consultants, accountants, attorneys, and other representatives and assistants to sign an appropriate confidentiality agreement related to Commission materials and information received in connection with the performance of the Monitor's duties.

K. If the Commission determines that the Monitor has ceased to act or failed to act diligently, the Commission may appoint a substitute Monitor in the same manner as provided in this Paragraph.

L. The Commission may on its own initiative, or at the request of the Monitor, issue such additional orders or directions as may be necessary or appropriate to assure compliance with the requirements of the Order.

M. The Monitor appointed pursuant to this Order may be the same Person appointed as a Divestiture Trustee pursuant to the relevant provisions of this Order.

## IV.

**IT IS FURTHER ORDERED** that:

A. If the Respondents have not fully complied with the obligations to assign, grant, license, divest, transfer, deliver, or otherwise convey the Westlock Assets as required by this Order, the Commission may appoint a trustee ("Divestiture Trustee") to assign, grant, license, divest, transfer, deliver, or otherwise convey these assets in a manner that satisfies the requirements of this Order. In the event that the Commission or the Attorney General brings an action pursuant to § 5(*l*) of the Federal Trade Commission Act, 15 U.S.C. § 45(*l*), or any other statute enforced by the Commission, Respondents shall consent to the appointment of a Divestiture Trustee in such action to assign, grant, license, divest, transfer, deliver, or otherwise convey these assets. Neither the appointment of a Divestiture Trustee nor a decision not to appoint a Divestiture Trustee under this Paragraph shall preclude the Commission or the Attorney General from seeking civil penalties or any other relief available to it, including a court-appointed Divestiture Trustee, pursuant to § 5(*l*) of the Federal Trade Commission Act, or any other statute enforced by the Commission, for any failure by a Respondent to comply with this Order.

B. The Commission shall select the Divestiture Trustee, subject to the consent of Respondents, which consent shall not be unreasonably withheld. The Divestiture Trustee shall be a Person with experience and expertise in acquisitions and divestitures. If Respondent has not opposed, in writing, including the reasons for opposing, the selection of any proposed Divestiture Trustee within ten (10) days after notice by the staff of the Commission to Respondent of the

identity of any proposed Divestiture Trustee, Respondents shall be deemed to have consented to the selection of the proposed Divestiture Trustee.

C. Not later than ten (10) days after the appointment of a Divestiture Trustee, Respondents shall execute a trust agreement that, subject to the prior approval of the Commission, transfers to the Divestiture Trustee all rights and powers necessary to permit the Divestiture Trustee to effect the divestiture required by this Order.

D. If a Divestiture Trustee is appointed by the Commission or a court pursuant to this Paragraph, Respondents shall consent to the following terms and conditions regarding the Divestiture Trustee's powers, duties, authority, and responsibilities:

1. Subject to the prior approval of the Commission, the Divestiture Trustee shall have the exclusive power and authority to assign, grant, license, divest, transfer, deliver, or otherwise convey the assets that are required by this Order to be assigned, granted, licensed, divested, transferred, delivered, or otherwise conveyed.

2. The Divestiture Trustee shall have one (1) year after the date the Commission approves the trust agreement described herein to accomplish the divestiture, which shall be subject to the prior approval of the Commission. If, however, at the end of the one (1) year period, the Divestiture Trustee has submitted a plan of divestiture or the Commission believes that the divestiture(s) can be achieved within a reasonable time, the divestiture period may be extended by the Commission; *provided, however*, the Commission may extend the divestiture period only two (2) times.

3. Subject to any demonstrated legally recognized privilege, the Divestiture Trustee shall have full and complete access to the personnel, books, records, and facilities related to the relevant assets

that are required to be assigned, granted, licensed, divested, delivered, or otherwise conveyed by this Order and to any other relevant information as the Divestiture Trustee may request. Respondents shall develop such financial or other information as the Divestiture Trustee may request and shall cooperate with the Divestiture Trustee. Respondents shall take no action to interfere with or impede the Divestiture Trustee's accomplishment of the divestiture(s). Any delays in divestiture caused by a Respondent shall extend the time for divestiture under this Paragraph in an amount equal to the delay, as determined by the Commission or, for a court-appointed Divestiture Trustee, by the court.

4. The Divestiture Trustee shall use commercially reasonable efforts to negotiate the most favorable price and terms available in each contract that is submitted to the Commission, subject to Respondents' absolute and unconditional obligation to divest expeditiously and at no minimum price. The divestiture(s) shall be made in the manner and to an Acquirer as required by this Order; *provided, however*, if the Divestiture Trustee receives bona fide offers from more than one acquiring Person, and if the Commission determines to approve more than one such acquiring Person, the Divestiture Trustee shall divest to the acquiring Person selected by Respondents from among those approved by the Commission; *provided further, however*, that Respondents shall select such Person within five (5) days after receiving notification of the Commission's approval.

5. The Divestiture Trustee shall serve, without bond or other security, at the cost and expense of Respondents, on such reasonable and customary terms and conditions as the Commission or a court may set. The Divestiture Trustee shall have the authority to employ, at the cost and expense of

Respondents, such consultants, accountants, attorneys, investment bankers, business brokers, appraisers, and other representatives and assistants as are necessary to carry out the Divestiture Trustee's duties and responsibilities. The Divestiture Trustee shall account for all monies derived from the divestiture and all expenses incurred. After approval by the Commission of the account of the Divestiture Trustee, including fees for the Divestiture Trustee's services, all remaining monies shall be paid at the direction of Respondents, and the Divestiture Trustee's power shall be terminated. The compensation of the Divestiture Trustee shall be based at least in significant part on a commission arrangement contingent on the divestiture of all of the relevant assets that are required to be divested by this Order.

6. Respondents shall indemnify the Divestiture Trustee and hold the Divestiture Trustee harmless against any losses, claims, damages, liabilities, or expenses arising out of, or in connection with, the performance of the Divestiture Trustee's duties, including all reasonable fees of counsel and other expenses incurred in connection with the preparation for, or defense of, any claim, whether or not resulting in any liability, except to the extent that such losses, claims, damages, liabilities, or expenses result from gross negligence, willful or wanton acts, or bad faith by the Divestiture Trustee.

7. The Divestiture Trustee shall have no obligation or authority to operate or maintain the relevant assets required to be divested by this Order; *provided, however,* that the Divestiture Trustee appointed pursuant to this Paragraph may be the same Person appointed as Monitor pursuant to the relevant provisions of this Order or the Order to Maintain Assets in this matter.

8. The Divestiture Trustee shall report in writing to Respondents and to the Commission every sixty (60) days concerning the Divestiture Trustee's efforts to accomplish the divestiture.

9. Respondents may require the Divestiture Trustee and each of the Divestiture Trustee's consultants, accountants, attorneys, and other representatives and assistants to sign a customary confidentiality agreement; *provided, however,* that such agreement shall not restrict the Divestiture Trustee from providing any information to the Commission.

E. The Commission may, among other things, require the Divestiture Trustee and each of the Divestiture Trustee's consultants, accountants, attorneys, and other representatives and assistants to sign an appropriate confidentiality agreement related to Commission materials and information received in connection with the performance of the Divestiture Trustee's duties.

F. If the Commission determines that a Divestiture Trustee has ceased to act or failed to act diligently, the Commission may appoint a substitute Divestiture Trustee in the same manner as provided in this Paragraph.

G. The Commission or, in the case of a court-appointed Divestiture Trustee, the court, may on its own initiative or at the request of the Divestiture Trustee issue such additional orders or directions as may be necessary or appropriate to accomplish the divestiture(s) required by this Order.

## V.

**IT IS FURTHER ORDERED** that, in addition to any other requirements and prohibitions relating to Confidential Business Information in this Order, each Respondent shall assure that its own counsel (including its own in-house counsel under appropriate confidentiality arrangements) shall not retain unredacted copies of documents or other materials provided to an

Acquirer (other than electronic copies created as a result of automatic back-up procedures) or access original documents provided to an Acquirer, *except* under circumstances where copies of documents are insufficient or otherwise unavailable, and for the following purposes:

A. to assure such Respondent's compliance with any Remedial Agreement, this Order, any Law (including, without limitation, any requirement to obtain regulatory licenses or approvals, and rules promulgated by the Commission), any data retention requirement of any applicable Government Entity, or any taxation requirements; or

B. to defend against, respond to, or otherwise participate in any litigation, investigation, audit, process, subpoena, or other proceeding relating to the divestiture or any other aspect of the Westlock Products or the assets and Businesses associated with those Westlock Products;

*provided*, *however*, that a Respondent may disclose such information as necessary for the purposes set forth in this Paragraph VII pursuant to an appropriate confidentiality order, agreement, or arrangement;

*provided further*, *however,* that pursuant to this Paragraph VII, a Respondent needing such access to original documents shall: (i) require those who view such unredacted documents or other materials to enter into confidentiality agreements with the relevant Acquirer (but shall not be deemed to have violated this requirement if that Acquirer withholds such agreement unreasonably); and (ii) use best efforts to obtain a protective order to protect the confidentiality of such information during any adjudication.

## VI.

**IT IS FURTHER ORDERED** that:

A. Any Remedial Agreement shall be deemed incorporated into this Order.

B. Any failure by a Respondent to comply with any term of such Remedial Agreement shall constitute a failure to comply with this Order.

C. Respondents shall include in each Remedial Agreement related to each of the Westlock Products a specific reference to this Order, the remedial purposes thereof, and provisions to reflect the full scope and breadth of each Respondent's obligation to the Acquirer pursuant to this Order.

D. No Respondent shall seek, directly or indirectly, pursuant to any dispute resolution mechanism incorporated in any Remedial Agreement, or in any agreement related to any of the Westlock Products, a decision the result of which would be inconsistent with the terms of this Order or the remedial purposes thereof.

E. No Respondent shall modify or amend any of the terms of any Remedial Agreement without the prior approval of the Commission, except as otherwise provided in Rule 2.41(f)(5) of the Commission's Rules of Practice and Procedure, 16 C.F.R. § 2.41(f)(5). Notwithstanding any term of the Remedial Agreement(s), any modification or amendment of any Remedial Agreement made without the prior approval of the Commission, or as otherwise provided in Rule 2.41(f)(5), shall constitute a failure to comply with this Order.

## VII.

**IT IS FURTHER ORDERED** that:

A. Within five (5) days of the Acquisition Date, Respondent Emerson shall submit to the Commission a letter certifying the date on which the Acquisition Date occurred.

B. Within five (5) days of the Closing Date, Respondent Emerson shall submit to the Commission a letter

certifying the date on which that particular divestiture occurred.

C. Within thirty (30) days after the Order Date, and every sixty (60) days thereafter until Respondent Emerson has (i) divested all Westlock Assets, (ii) fully provided the Manufacturing Technology, Product Intellectual Property and Product Licensed Intellectual Property to an Acquirer in a manner that fully satisfies the requirements of this Order, and (iii) completed its obligations to provide services and assistance to the Acquirer with respect to accounts receivable, accounts payable, internal and external auditing functions, tax, legal, treasury, payroll, benefits administration, information technologies, and human resources management of Westlock, Respondent Emerson shall submit to the Commission a verified written report setting forth in detail the manner and form in which it intends to comply, is complying, and has complied with these requirements of this Order. Respondent Emerson shall submit at the same time a copy of its report concerning compliance with this Order to the Monitor, if any Monitor has been appointed. Respondent Emerson shall include in its reports, among other things that are required from time to time, a full description of the efforts being made to comply with the relevant paragraphs of the Orders, including:

1. a detailed description of all substantive contacts, negotiations, or recommendations related to (i) the divestiture and transfer of all relevant assets and rights and (ii) transitional services being provided by Respondent Emerson to the Acquirer; and

2. a detailed description of the timing for the completion of such obligations.

D. One (1) year after the Order Date, annually for the next four (4) years on the anniversary of the Order Date, and at other times as the Commission may require, Respondents shall file a verified written report with the Commission setting forth in detail the manner and

form in which it has complied and is complying with the Order.

## VIII.

**IT IS FURTHER ORDERED** that each Respondent shall notify the Commission at least thirty (30) days prior to:

A. any proposed dissolution of a Respondent;

B. any proposed acquisition, merger, or consolidation of a Respondent; or

C. any other change in a Respondent including, but not limited to, assignment and the creation or dissolution of subsidiaries, if such change might affect compliance obligations arising out of this Order.

## IX.

**IT IS FURTHER ORDERED** that, for purposes of determining or securing compliance with this Order, and subject to any legally recognized privilege, and upon written request and upon five (5) days' notice to a Respondent made to its principal United States offices, registered office of its United States subsidiary, or its headquarters address, that each Respondent shall, without restraint or interference, permit any duly authorized representative of the Commission:

A. access, during business office hours of that Respondent and in the presence of counsel, to all facilities and access to inspect and copy all books, ledgers, accounts, correspondence, memoranda, and all other records and documents in the possession or under the control of that Respondent related to compliance with this Order, which copying services shall be provided by that Respondent at the request of the authorized representative(s) of the Commission and at the expense of that Respondent; and

## ANALYSIS OF CONSENT ORDER TO AID PUBLIC COMMENT

### I. INTRODUCTION

The Federal Trade Commission ("Commission") has accepted, subject to final approval, an Agreement Containing Consent Orders ("Consent Agreement") from Emerson Electric Co. ("Emerson") and Pentair plc ("Pentair") (collectively, the "Respondents") that is designed to remedy the anticompetitive effects that would likely result from Emerson's proposed acquisition of Pentair's valves and controls business.

Pursuant to a Share Purchase Agreement, dated as of August 18, 2016, Emerson proposes to acquire the equity interests of certain subsidiaries of Pentair in exchange for cash considerations of approximately $3.15 billion (the "Acquisition"). The proposed Acquisition would combine the two largest suppliers of switchboxes, which are industrial valve control products, in the United States. The Commission's Complaint alleges that the proposed Acquisition, if consummated, would violate Section 7 of the Clayton Act, as amended, 15 U.S.C. § 18, and Section 5 of the Federal Trade Commission Act, as amended, 15 U.S.C. § 45, by substantially lessening competition in the United States market for switchboxes.

The proposed Decision and Order ("Order") requires Emerson to divest Pentair's switchbox manufacturer subsidiary, Westlock Controls Corporation ("Westlock"), to Crane Co. ("Crane") no

later than ten days after the Acquisition is consummated. The divestiture requires Emerson to transfer to Crane all of the facilities, personnel, confidential information, and intellectual property associated with the design, manufacture, and sale of Westlock's products, which will allow Crane to effectively compete in the switchbox market.

The Commission has placed the Consent Agreement on the public record for 30 days to solicit comments from interested persons. Comments received during this period will become part of the public record. After 30 days, the Commission will again review the Consent Agreement, along with any comments received, and decide whether it should withdraw from the Consent Agreement, modify it, or make the Order final.

## II. THE RESPONDENTS

Emerson, headquartered in St. Louis, Missouri, is a diversified global manufacturing company that provides a variety of products and services for the industrial, commercial, and consumer markets. Through its Automated Solutions segment, Emerson is a leading manufacturer of industrial equipment and instrumentation, including valves, actuators, regulators, and switchboxes, which it sells to customers in, among others, the oil and gas, refining, chemical, and power generation industries.

Pentair, headquartered in London, United Kingdom, with a main U.S. office located in Minneapolis, Minnesota, is a global water, fluid, thermal management, and equipment protection company. The Pentair Valves & Controls business manufactures valves, fittings, actuators, and controls, including switchboxes, for a broad array of industrial markets.

## III. THE RELEVANT MARKETS

The relevant product market at issue in this transaction is switchboxes. Switchboxes are devices that monitor and control isolation (or "on/off") valves, which control the flow of liquids or gases through pipes in industrial applications, including the oil and gas, chemical, petrochemical, and power generation industries. Switchboxes consist of a hard outer case, which often is made of explosion-proof material, containing switches and

other electrical components that detect the position of a valve—that is, whether it is open or closed—and communicate that position via a visual display and/or digital signals to the facility's workers and control room. Switchboxes are ancillary components that are typically bundled together with a valve, an actuator (a device that physically opens and closes a valve), and other control products into an "automated" isolation valve, which can open and close automatically without manual intervention. Because switchboxes perform a unique and essential role in the efficient and safe operation of industrial plants and facilities, there currently are no practical alternatives to switchboxes.

The United States is the relevant geographic market in which to assess the competitive effects of the Acquisition. The United States operates distinctly compared to international markets. Unlike international markets, the domestic market relies heavily on distributors, so competition takes place at both the distributor and customer level. Moreover, customers in the United States have distinct brand preferences for leading switchbox brands. Because switchboxes are frequently used under hazardous conditions in which safety is critical, brand reputation and product reliability are very important to customers. As a result, U.S. customers are unlikely to turn to brands that are not well established in the United States in response to a small but significant non-transitory increase in price.

Pentair's "Westlock" and Emerson's "TopWorx" switchbox businesses are the two largest suppliers of switchboxes in the United States, with a combined market share of approximately 60%. Other than Westlock and TopWorx, there are few suppliers with appreciable market shares. Each of these suppliers has substantially smaller market shares than either Westlock or TopWorx. In addition, there is a fringe of small manufacturers with very small market shares. The switchboxes produced by these smaller suppliers are not widely accepted by customers in the United States. The Acquisition would substantially increase concentration levels in the U.S. switchbox market and would result in a highly concentrated market. Under the *Horizontal Merger Guidelines*, the increase in concentration would presumptively create or enhance market power.

## IV. EFFECTS OF THE ACQUISITION

Absent a divestiture, the proposed Acquisition would likely harm competition in the U.S. switchbox market. Emerson and Pentair are each other's closest competitors in this market, and customers benefit from that competition through lower prices and increased product innovation. TopWorx and Westlock are the most widely used and highly regarded brands of switchboxes in the United States and, for many customers, are the only acceptable brands of switchboxes. By eliminating competition between Emerson and Pentair, the Acquisition likely would produce unilateral effects in the form of higher prices and reduced innovation.

## V. ENTRY

Entry into the U.S. market for switchboxes would not be timely, likely, or sufficient in to deter or counteract the anticompetitive effects of the Acquisition. The competitive strength of TopWorx and Westlock largely reflects their brand reputation for reliability and durability, which could not be quickly replicated by a new entrant. In addition, customers will typically only purchase switchboxes from approved suppliers and are reluctant to consider unproven manufacturers. This is because customers place a premium on safety, and product failure could cause costly and potentially dangerous disruption to critical applications. Any new entrant would need to not only undertake a lengthy and costly process of new product development, but would also need to undergo rigorous vetting, testing, and approval to become viable alternatives for many customers. Given the difficulty in overcoming these obstacles, it is unlikely that a new entrant or existing lower-tier competitor could effectively restore the competition lost through this Acquisition.

## VI. THE PROPOSED CONSENT AGREEMENT

The proposed Consent Agreement remedies the competitive concerns raised by the Acquisition by requiring Emerson to divest Pentair's Westlock subsidiary to Crane, a publicly traded manufacturer of highly engineered industrial products, including industrial valves. The proposed divestiture includes everything

needed for Crane to compete effectively in the U.S. market for switchboxes.

Crane, headquartered in Stamford, Connecticut, is a 162-year old company with a long history as a significant competitor in the U.S. industrial valves market, providing it with the industry experience and expertise necessary to replace the competition that would be lost due to the Acquisition. Crane's portfolio of valves complements the switchbox and other valve control products that Westlock manufactures, but Crane does not sell any products that compete with Westlock. Crane has a substantial U.S. infrastructure and customer base, including many of the same customers as Westlock, and pre-existing relationships with many of Westlock's distributors. Crane is thus well positioned to acquire and integrate Westlock and maintain the benefits of competition in this market.

Under the terms of the Order, Emerson must divest all of Westlock's businesses and assets to Crane, including Westlock's manufacturing facility located in Saddle Brook, New Jersey, and all of the confidential information and intellectual property related to Westlock's product portfolio. Emerson must also allow Crane to have access to and hire any Westlock employees who were engaged in the research, development, manufacturing, marketing, or sales of Westlock's products. In order to ensure that the divestiture will succeed, the Order requires the Respondents to enter into a one-year transitional services agreement with Crane for certain functions that Pentair performed for Westlock (such as accounts receivable, tax, legal, payroll, benefits, and other related functions). In order to preserve competition with Emerson, the Order requires Emerson to institute procedures that protect sensitive non-public information regarding Westlock's business from the Emerson business people in competing lines of business. It also restricts Emerson from instituting patent infringement suits against Crane for the Westlock switchbox product lines that are currently being marketed or in development.

The Respondents must complete the divestiture no later than ten days after the consummation of the Acquisition. If the Commission determines that Crane is not an acceptable acquirer, the Order requires the Respondents to unwind the sale and accomplish a divestiture of Westlock to another Commission-

approved acquirer within 180 days of the date the Order becomes final. Further, the Order allows the Commission to appoint a monitor to ensure that the Respondents expeditiously comply with their obligations under the Order and a Divestiture Trustee to accomplish the divestiture should the Respondents fail to comply with their divestiture obligations.

## VII. OPPORTUNITY FOR PUBLIC COMMENT

The purpose of this analysis is to facilitate public comment on the Consent Agreement to aid the Commission in determining whether it should make the Consent Agreement final. This analysis is not intended to constitute an official interpretation of the proposed Consent Agreement and does not modify its terms in any way.

**IN THE MATTER OF**

# CHINA NATIONAL CHEMICAL CORPORATION

CONSENT ORDER, ETC. IN REGARD TO ALLEGED VIOLATIONS OF SECTION 5 OF THE FEDERAL TRADE COMMISSION ACT AND SECTION 7 OF THE CLAYTON ACT

*Docket No. C-4610; File No. 161 0093*
*Complaint, April 4, 2017 – Decision, June 13, 2017*

This consent order addresses the $43 billion acquisition by China National Chemical Corporation of certain assets of Syngenta AG. The complaint alleges that the Acquisition, if consummated, would violate Section 7 of the Clayton Act and Section 5 of the Federal Trade Commission Act by lessening competition in the markets for formulated crop protection products based on paraquat, abamectin, and chlorothalonil in the United States. The consent order requires ChemChina subsidiary ADAMA to divest its paraquat, abamectin, and chlorothalonil crop protection businesses in the United States to American Vanguard Corporation and its affiliate Amvac Chemical Corporation.

For the *Respondent*: *Ellen Frye* and *Peter Guryan, Simpson Thacher & Bartlett LLP.*

## COMPLAINT

Pursuant to the Clayton Act and the Federal Trade Commission Act, and its authority thereunder, the Federal Trade Commission ("Commission"), having reason to believe that Respondent China National Chemical Corporation ("ChemChina"), a corporation subject to the jurisdiction of the Commission, has agreed to acquire Syngenta AG ("Syngenta"), a corporation subject to the jurisdiction of the Commission, in violation of Section 7 of the Clayton Act, as amended, 15 U.S.C. § 18, and Section 5 of the Federal Trade Commission Act, as amended, 15 U.S.C. § 45, and it appearing to the Commission that a proceeding in respect thereof would be in the public interest, hereby issues its Complaint, stating its charges as follows:

## I. RESPONDENT

1. Respondent ChemChina is a corporation organized, existing and doing business under, and by virtue of, the laws of the People's Republic of China, with its office and principal place of business located at No. 62 Beisihuanxilu, Haidian District, Beijing 100080, People's Republic of China. ADAMA Agricultural Solutions Ltd. ("ADAMA") is a wholly-owned subsidiary of ChemChina, doing business as ADAMA. ADAMA is a corporation organized, existing and doing business under, and by virtue of, the laws of Israel, with its corporate office and principal place of business located at Golan Street, Airport City 7019900, Israel. ADAMA manufactures, formulates and sells agricultural chemical products in the U.S.

2. Syngenta is a corporation organized, existing and doing business under, and by virtue of, the laws of Switzerland, with its office and principal place of business located at Schwarzwaldallee 215, Basel, Switzerland 4058.

3. Respondent and Syngenta are corporations who, either directly or through owned subsidiaries, are engaged in, among other activities, the manufacture, formulation, and sale of agricultural crop protection chemicals including formulations based on the active ingredients paraquat, abamectin, and chlorothalonil.

4. Respondent and Syngenta are corporations and at all times relevant herein have, either directly or through their subsidiaries, been engaged in commerce, as "commerce" is defined in Section 1 of the Clayton Act, as amended, 15 U.S.C. § 12, and Section 4 of the FTC Act, as amended, 15 U.S.C. § 44.

## II. THE PROPOSED ACQUISITION

5. Pursuant to an Agreement and Plan of Merger ("Merger Agreement") dated February 2, 2016, ChemChina has agreed to cause China National Agrochemical Corporation Saturn (NL) B.V., an indirect wholly owned subsidiary of ChemChina, to submit a public tender offer for all publicly held registered shares and American Depository Shares of Syngenta at an offer price of $465 per share, for total consideration of up to $43 billion in cash

("Acquisition"). The Acquisition is subject to Section 7 of the Clayton Act, as amended, 15 U.S.C. § 18.

## III. THE RELEVANT MARKET

6. For purposes of this Complaint, the relevant lines of commerce in which to analyze the Acquisition are formulated crop protection products based on the active ingredients paraquat, abamectin, and chlorothalonil. Formulated crop protection chemicals are based on key active ingredients that are diluted from a concentrated technical grade and formulated by the Respondent, Syngenta, and other chemical companies for application in the fields. Paraquat is an herbicide, which controls weeds and other vegetation. Abamectin is an insecticide, which controls insects and related pests. Chlorothalonil is a fungicide, which controls fungus.

7. Paraquat is a non-selective "burndown" herbicide, which means it does not discriminate between the weeds it controls and crops. It is used to clear fields prior to the growing season. Paraquat does not have the resistance issues of alternatives such as glyphosate and is significantly less expensive than other alternatives.

8. Abamectin is an insecticide used to kill mites, psyllid, and leafminers. It is used primarily in citrus and tree nut crops. Available alternatives to abamectin are either significantly more expensive because they are patent-protected or less effective.

9. Chlorothalonil is a broad-spectrum fungicide used primarily in peanuts and potatoes. Chlorothalonil is particularly effective because, unlike most fungicides, it operates with four modes of action and is critical for resistance management among growers.

10. For purposes of this Complaint, the relevant geographic area in which to analyze the effects of the Acquisition on the paraquat, abamectin, and chlorothalonil formulated crop protection chemical markets is the United States. The U.S. Environmental Protection Agency requires that manufacturers register both the technical active ingredient and the formulated products for sale in the United States under the Federal

Insecticide, Fungicide, and Rodenticide Act (FIFRA), 7 U.S.C. § 136 et. seq. This registration requirement limits market access to a set of products consistent with U.S. regulatory requirements.

## IV. MARKET STRUCTURE

11. The markets for formulated crop protection products using the active ingredients paraquat, abamectin, and chlorothalonil in the United States are highly concentrated. Syngenta is the market leader in each of the three product markets, while ADAMA is either the largest or the second largest generic supplier. Post-Acquisition, the combined share of the Respondent and Syngenta would be over 60% in formulated crop protection products with the active ingredient paraquat. ADAMA is the generic market leader in formulated crop protection products with the active ingredient abamectin and post-Acquisition, the combined market share would be approximately 80%. ADAMA is the second largest generic supplier of formulated crop protection products with the active ingredient chlorothalonil, and post-Acquisition the combined market share would be over 40%.

## V. EXPANSION AND ENTRY BARRIERS

12. Entry into the relevant markets is not likely to be sufficient to counteract the anticompetitive effects of the Acquisition. New generic crop protection entrants typically forecast and ultimately achieve minimal market penetration while ADAMA, in contrast, has successfully maintained significantly higher market shares for an extended period of time. No new entrant is likely to become as robust a competitor as ADAMA is today for formulated crop protection products based on the active ingredients paraquat, abamectin, and chlorothalonil.

## VI. EFFECTS OF THE ACQUISITION

13. The effects of the Acquisition, if consummated, may be to substantially lessen competition in violation of Section 7 of the Clayton Act, as amended, 15 U.S.C. § 18, and Section 5 of the Federal Trade Commission Act, as amended, 15 U.S.C. § 45, by eliminating actual, direct, and substantial competition between ChemChina and Syngenta in the relevant markets. Specifically, the Acquisition would remove an important competitive constraint

on ADAMA, thereby increasing the likelihood that the merged entity will unilaterally exercise market power in the relevant markets and that customers in the United States would be forced to pay higher prices or accept reduced service for crop protection formulations based on the active ingredients paraquat, abamectin, and chlorothalonil.

## VII. VIOLATIONS CHARGED

14. The allegations contained in Paragraphs 1 through 13 above are hereby incorporated by reference as though fully set forth here.

15. The Acquisition described in Paragraph 5, if consummated, would constitute a violation of Section 7 of the Clayton Act, as amended, 15 U.S.C. § 18.

16. The Acquisition described in Paragraph 5, if consummated, would constitute a violation of Section 5 of the Federal Trade Commission Act, as amended, 15 U.S.C. § 45.

17. The Merger Agreement described in Paragraph 5 constitutes a violation of Section 5 of the FTC Act, as amended, 15 U.S.C. § 45.

**WHEREFORE, THE PREMISES CONSIDERED,** the Federal Trade Commission on this fourth day of April, 2017, issues its complaint against said Respondent.

By the Commission.

C. The Commission shall select the Divestiture Trustee, subject to the consent of Respondents, which consent shall not be unreasonably withheld. The Divestiture Trustee shall be a person with experience and expertise in acquisitions and divestitures. If Respondents have not opposed, in writing, including the reasons for

opposing, the selection of any proposed Divestiture Trustee within ten (10) days after notice by the staff of the Commission to Respondents of the identity of any proposed Divestiture Trustee, Respondents shall be deemed to have consented to the selection of the proposed Divestiture Trustee.

D. Within ten (10) days after appointment of a Divestiture Trustee, Respondents shall execute a trust agreement that, subject to the prior approval of the Commission, transfers to the Divestiture Trustee all rights and powers necessary to permit the Divestiture Trustee to effect the relevant divestiture or other action required by the Order.

E. If a Divestiture Trustee is appointed by the Commission or a court pursuant to this Order, Respondents shall consent to the following terms and conditions regarding the Divestiture Trustee's powers, duties, authority, and responsibilities:

1. Subject to the prior approval of the Commission, the Divestiture Trustee shall have the exclusive power and authority to assign, grant, license, divest, transfer, deliver, or otherwise convey the relevant assets that are required by this Order to be assigned, granted, licensed, divested, transferred, delivered, or otherwise conveyed, and to take such other action as may be required to divest the CP Assets and grant the CP License;

2. The Divestiture Trustee shall have twelve (12) months from the date the Commission approves the trust agreement described herein to accomplish the divestiture, which shall be subject to the prior approval of the Commission. If, however, at the end of the twelve (12) month period, the Divestiture Trustee has submitted a plan of divestiture or believes that the divestiture can be achieved within a reasonable time, the divestiture period may be extended by the Commission, or in

the case of a court-appointed Divestiture Trustee, by the court;

3. Subject to any demonstrated legally recognized privilege, the Divestiture Trustee shall have full and complete access to the personnel, books, records, and facilities related to the relevant assets that are required to be assigned, granted, licensed, divested, delivered, or otherwise conveyed by this Order and to any other relevant information, as the Divestiture Trustee may request. Respondents shall develop such financial or other information as the Divestiture Trustee may request and shall cooperate with the Divestiture Trustee. Respondents shall take no action to interfere with or impede the Divestiture Trustee's accomplishment of the divestiture. Any delays in divestiture caused by Respondents shall extend the time for divestiture under this Paragraph VI in an amount equal to the delay, as determined by the Commission or, for a court-appointed Divestiture Trustee, by the court;

4. The Divestiture Trustee shall use commercially reasonable best efforts to negotiate the most favorable price and terms available in each contract that is submitted to the Commission, subject to Respondents' absolute and unconditional obligation to divest expeditiously and at no minimum price. The divestiture shall be made in the manner and to an Acquirer as required by this Order; *provided, however,* if the Divestiture Trustee receives bona fide offers from more than one acquiring entity, and if the Commission determines to approve more than one such acquiring entity, the Divestiture Trustee shall divest to the acquiring entity selected by Respondents from among those approved by the Commission; *provided further*, *however,* that Respondents shall select such entity within five (5) days of receiving notification of the Commission's approval;

5. The Divestiture Trustee shall serve, without bond or other security, at the cost and expense of Respondents, on such reasonable and customary terms and conditions as the Commission or a court may set. The Divestiture Trustee shall have the authority to employ, at the cost and expense of Respondents, such consultants, accountants, attorneys, investment bankers, business brokers, appraisers, and other representatives and assistants as are necessary to carry out the Divestiture Trustee's duties and responsibilities. The Divestiture Trustee shall account for all monies derived from the divestiture and all expenses incurred. After approval by the Commission and, in the case of a court-appointed Divestiture Trustee, by the court, of the account of the Divestiture Trustee, including fees for the Divestiture Trustee's services, all remaining monies shall be paid at the direction of the Respondents, and the Divestiture Trustee's power shall be terminated. The compensation of the Divestiture Trustee shall be based at least in significant part on a commission arrangement contingent on the divestiture of all of the relevant assets that are required to be divested by this Order;

6. Respondents shall indemnify the Divestiture Trustee and hold the Divestiture Trustee harmless against any losses, claims, damages, liabilities, or expenses arising out of, or in connection with, the performance of the Divestiture Trustee's duties, including all reasonable fees of counsel and other expenses incurred in connection with the preparation for, or defense of, any claim, whether or not resulting in any liability, except to the extent that such losses, claims, damages, liabilities, or expenses result from gross negligence or willful misconduct by the Divestiture Trustee. For purposes of this Paragraph VI.E.6., the term "Divestiture Trustee" shall include all Persons

retained by the Divestiture Trustee pursuant to Paragraph VI.E.5. of this Order;

7. The Divestiture Trustee shall have no obligation or authority to operate or maintain the relevant assets required to be divested by this Order;

8. The Divestiture Trustee shall report in writing to Respondents and to the Commission every sixty (60) days concerning the Divestiture Trustee's efforts to accomplish the divestiture; and

9. Respondents may require the Divestiture Trustee and each of the Divestiture Trustee's consultants, accountants, attorneys, and other representatives and assistants to sign a customary confidentiality agreement; *provided, however,* such agreement shall not restrict the Divestiture Trustee from providing any information to the Commission.

F. The Commission may require the Divestiture Trustee and each of the Divestiture Trustee's consultants, accountants, attorneys, and other representatives and assistants to sign a confidentiality agreement related to Commission materials and information received in connection with the performance of the Divestiture Trustee's duties.

G. If the Commission determines that a Divestiture Trustee has ceased to act or failed to act diligently, the Commission may appoint a substitute Divestiture Trustee in the same manner as provided in this Paragraph VI.

H. The Commission or, in the case of a court-appointed Divestiture Trustee, the court, may on its own initiative or at the request of the Divestiture Trustee issue such additional orders or directions as may be necessary or appropriate to accomplish the divestitures and other obligations or action required by this Order.

## VII.

**IT IS FURTHER ORDERED** that:

A. The Divestiture Agreement shall be incorporated by reference into this Order and made a part hereof, and Respondents shall comply with all terms of the agreement. Any failure by Respondents to comply with any term of the Divestiture Agreement shall constitute a failure to comply with this Order. The Divestiture Agreement shall not limit or contradict, or be construed to limit or contradict, the terms of this Order and nothing in this Order shall be construed to reduce any rights or benefits of the Acquirer or to reduce any obligations of Respondents under such agreement.

B. If any term of the Divestiture Agreement varies from the terms of this Order ("Order Term"), then to the extent that Respondents cannot fully comply with both terms, the Order Term shall determine Respondents' obligations under this Order. Respondents shall not modify, replace, or extend the terms of the Divestiture Agreement without the prior approval of the Commission, except as otherwise provided in Rule 2.41(f)(5) of the Commission's Rules of Practice and Procedure, 16 C.F.R. § 2.41(f)(5). Notwithstanding any term of the Divestiture Agreement, any modification, replacement, or extension of any term of the Divestiture Agreement made without the prior approval of the Commission, or as otherwise provided in Rule 2.41(f)(5), shall constitute a failure to comply with this Order.

## VIII.

**IT IS FURTHER ORDERED** that:

A. Respondents shall file a verified written report with the Commission setting forth in detail the manner and form in which they intend to comply, are complying, and have complied with this Order:

1. Thirty (30) days from the date this Order is issued and every thirty (30) days thereafter for a period of one (1) year and every ninety (90) days thereafter until Respondents have fully complied with the provisions of Paragraphs II.D. and II.E. of this Order; and

2. No later than one (1) year after the date this Order is issued and annually thereafter until this Order terminates, and at such other times as the Commission staff may request.

B. With respect to the divestiture required by Paragraph II. of this Order, Respondents shall include in their compliance reports (i) the status of the divestiture and transfer of the CP Assets; (ii) a description of all substantive contacts with a proposed acquirer (if other than Amvac); and (iii) as applicable, a statement that the divestiture approved by the Commission has been accomplished, including a description of the manner in which Respondents have completed such divestiture and the date the divestiture was accomplished.

## IX.

**IT IS FURTHER ORDERED** that Respondents shall notify the Commission at least thirty (30) days prior to:

A. Any proposed dissolution of any Respondent;

B. Any proposed acquisition, merger, or consolidation of any Respondent; or

C. Any other change in any Respondent, including, but not limited to, assignment and the creation or dissolution of subsidiaries, if such change might affect compliance obligations arising out of this Order.

## X.

**IT IS FURTHER ORDERED** that, for the purpose of determining or securing compliance with this Order, and subject

to any legally recognized privilege, and upon written request and upon five (5) days' notice to Respondent, Respondents shall, without restraint or interference, permit any duly authorized representative of the Commission:

A. Access, during business office hours of the Respondents and in the presence of counsel, to all facilities and access to inspect and copy all books, ledgers, accounts, correspondence, memoranda and all other records and documents in the possession, or under the control, of the Respondents related to compliance with this Order, which copying services shall be provided by the Respondents at their expense; and

B. To interview officers, directors, or employees of the Respondents, who may have counsel present, regarding such matters.

## XI.

**IT IS FURTHER ORDERED** that this Order shall terminate on June 13, 2027.

# ANALYSIS OF CONSENT ORDER TO AID PUBLIC COMMENT

## I. Introduction

The Federal Trade Commission ("Commission") has accepted from China National Chemical Corporation ("ChemChina"), subject to final approval, an Agreement Containing Consent Orders ("Consent Agreement"). The Consent Agreement, which contains a proposed Decision and Order ("Order") and Order to Maintain Assets, is designed to remedy the anticompetitive effects resulting from ChemChina's proposed acquisition of Syngenta AG ("Syngenta").

Pursuant to an agreement signed on February 2, 2016 (the "Agreement"), ChemChina, through an indirect subsidiary, will submit a public tender offer for all publicly registered shares and American Depository Shares of Syngenta at an offer price of $465 per share, for total consideration of up to $43 billion in cash (the "Acquisition"). The proposed Acquisition would result in highly concentrated markets and raise significant competitive concerns in the markets for the herbicide paraquat, the insecticide abamectin, and the fungicide chlorothalonil in the United States. The Commission's Complaint alleges that the proposed Acquisition, if consummated, would violate Section 7 of the Clayton Act, as amended, 15 U.S.C. § 18, and Section 5 of the Federal Trade Commission Act, as amended 15 U.S.C. § 45, by lessening competition in the markets for formulated crop protection products based on paraquat, abamectin, and chlorothalonil in the United States.

The Consent Agreement remedies the alleged violation by replacing the competition in the three relevant markets that would be lost as a result of the proposed Acquisition. Under the terms of the Consent Agreement, ChemChina subsidiary ADAMA will divest its paraquat, abamectin, and chlorothalonil crop protection businesses in the United States to American Vanguard Corporation and its affiliate Amvac Chemical Corporation (collectively "AMVAC").

The Consent Agreement and proposed Order have been placed on the public record for 30 days to solicit comments from

interested persons. Comments received during this period will become part of the public record. After 30 days, the Commission will review the Consent Agreement and the comments received, and decide whether it should withdraw, modify, or make final the Consent Agreement and proposed Order.

## II. The Parties

ChemChina is a Chinese state-owned entity and is a diversified chemical company headquartered in Haidian District Beijing, China. ChemChina owns an Israel-based crop protection company, ADAMA. This wholly-owned subsidiary produces and/or sells formulated crop protection products based on paraquat, abamectin, and chlorothalonil.

Headquartered in Basel, Switzerland, Syngenta is a large research-based global agriculture company that manufactures and sells numerous crop protection products including paraquat, abamectin, and chlorothalonil.

## III. Crop Protection Formulations

The relevant lines of commerce in which to analyze the effects of the proposed Acquisition are crop protection formulations based on the active ingredients paraquat, abamectin, and chlorothalonil. Crop protection formulations are used to protect crops from pests. These formulations are based on key active ingredients, which are diluted from a concentrated technical grade. Crop protection chemicals fall into three broad categories: 1) herbicides, which control for weeds and other vegetation; 2) fungicides, which control fungus; and 3) insecticides, which control insects. Of the relevant lines of commerce, paraquat is a herbicide, abamectin is an insecticide, and chlorothalonil is a fungicide.

Paraquat is non-selective “burndown” herbicide, which means it does not discriminate between weeds and crops. It is used to clear fields prior to the growing season. The use of paraquat has increased in recent years due to the resistance issues faced by glyphosate caused by its overuse. Other paraquat alternatives that do not have glyphosate’s resistance issues are significantly more expensive than paraquat.

Abamectin is an insecticide used to kill mites, psyllid, and leafminers. It is used primarily in citrus and tree nut crops. Other alternative miticides are either significantly more expensive than abamectin because they are still on patent, or are less effective than abamectin. Due to resistance issues faced by insecticides, it is typical for a grower to spray five to six different types of miticides per season. Abamectin generally appears in any insecticide rotation because it is inexpensive and highly effective.

Chlorothalonil is a broad spectrum fungicide used primarily to protect peanuts and potatoes. Chlorothalonil is particularly effective because it operates with four modes of action and is critical to growers for resistance management. Syngenta recommends that growers rotate or mix chlorothalonil with systemic fungicides to prevent or slow development of resistance to single-site mode of action fungicides.

The relevant geographic area in which to analyze the effects of the Acquisition on the formulated crop protection markets is the United States. The Environmental Protection Agency requires that manufacturers register both the technical active ingredient and the formulated products for sales in the United States under the Federal Insecticide, Fungicide, and Rodenticide Act. This registration requirement limits market access to a set of products that meet U.S. regulatory requirements.

Each of the products at issue were either developed or acquired by a Syngenta predecessor company, meaning that Syngenta offers the branded version of the product and has significant market shares in each. ADAMA is either the first or second largest generic supplier for each of these products. For paraquat, ADAMA is currently the second largest supplier behind Syngenta and another generic supplier. Post-Acquisition, the combined share of the two firms would be over 60%. ADAMA is the generic market leader for abamectin and has been for some time. Post-Acquisition, the combined share of the two firms would be close to 80%. Finally, ADAMA is the second largest generic supplier of chlorothalonil and post-Acquisition the combined share of the two firms would be over 40%. There are a number of other generic providers of crop protection products generally, as well as other generic providers of paraquat, abamectin, and chlorothalonil. However, they have been largely

unable to gain sufficient share to rival the scale and market position ADAMA holds in the markets for these three products.

The proposed Acquisition removes significant competition between Syngenta and ADAMA. Though branded and generic companies employ different business models, the available evidence shows meaningful competition between the merging parties. Syngenta, for example, has lowered the price of its crop protection products in response to competitive pressure from ADAMA.

Entry will not be sufficient to deter or counteract the anticompetitive effects of the proposed Acquisition. While generic entry may be likely and occur in a timely manner, it is unlikely to be sufficient to replace the competitive significance and scale of ADAMA. Typically, new entrants forecast and ultimately achieve minimal market penetration while ADAMA, in contrast, has successfully maintained significantly higher market shares for an extended period of time. ADAMA has been a more robust competitor for the products at issue through economies of scale and more favorable supply agreements.

## IV. The Consent Agreement

The Consent Agreement eliminates the competitive concerns raised by ChemChina's proposed acquisition of Syngenta by requiring ChemChina to sell ADAMA's U.S. paraquat, abamectin, and chlorothalonil crop protection businesses. The Consent Agreement requires ChemChina to sell the relevant business assets to AMVAC, or another acquirer approved by the Commission through a purchase agreement approved by the Commission.

AMVAC is well positioned to replace the competition that will be eliminated as a result of the proposed Acquisition. It has the industry experience, reputation, and resources to replace ADAMA as an effective competitor in the U.S. markets for formulated crop protection products based on paraquat, abamectin, and chlorothalonil. The company is headquartered in Newport Beach, California, and has four separate manufacturing facilities within the U.S. AMVAC is an experienced player in the agrochemical segments in which ADAMA and Syngenta operate,

and sells to the same customer base. AMVAC currently manufacturers and formulates a large number of crop protection chemicals including herbicides, insecticides, and fungicides. The products to be divested will complement its current product lines. Finally, due to its wide spectrum of crop protection products, AMVAC is well placed to develop, register, and market new combination products, further improving scale in both crop protection and turf and ornamental applications.

Pursuant to the Consent Agreement, AMVAC (or another approved acquirer) would acquire all of the assets and other such rights necessary to be an effective competitor for paraquat-, abamectin-, and chlorothalonil-based crop protection formulations. This will include the U.S. product registrations and registration data packages for both the formulated products and the technical active ingredients, all intellectual property rights associated with the products including confidential statements of formulation, and inventories. The divesture also will include a cost-competitive transitional supply agreement for the supply of paraquat with Sanonda, ADAMA's low cost paraquat supplier, which is majority-owned by ChemChina, and a transitional services agreement with ADAMA. In addition, the Consent Agreement requires the removal of crop protection products containing any one of the three active ingredients from Syngenta's loyalty program for three years. This nurturing provision is to help ensure that AMVAC (or any approved acquirer) can step into the shoes of ADAMA and ultimately retain its competitiveness and scale.

The purpose of this analysis is to facilitate public comment on the Consent Agreement. It is not intended to constitute an official interpretation of the proposed Order or to modify its terms in any way.

OPINION AND ORDER OF THE COMMISSION

**By OHLHAUSEN, Acting Chairman**:

## Introduction

Internet search engines like Google and Bing sell advertising opportunities to firms across an array of different industries through computerized auctions. This matter involves agreements entered into between an online retailer of contact lenses, Respondent 1-800 Contacts, Inc., and certain of its rivals that allegedly limited competition in internet-search-advertising auctions and restricted truthful, non-misleading advertising.

The alleged background facts are straightforward. Between 2004 and 2013, 1-800 Contacts and various of its competitors agreed not to bid on each other's trademarks as keywords in internet-search-advertising auctions. They further agreed to take steps to prevent their advertisements from appearing in response to search queries that contain each other's trademarked keywords. Although 1-800 Contacts disputes the characterization of those arrangements, the Complaint refers to them as "bidding agreements." Those agreements followed trademark infringement challenges or threatened challenges by 1-800 Contacts to rivals' bidding on "1-800 Contacts" and other trademarks as keywords in online search advertising. Although it resolved most of its trademark-infringement disputes through these agreements, 1-800 Contacts lost the only one of these cases that proceeded to judgment. *1-800 Contacts, Inc. v. Lens.com, Inc.*, 722 F.3d 1229, 1234-35, 1243-49 (10th Cir. 2013) (finding that Lens.com's bidding on 1-800 Contacts' trademarked keyword created no likelihood of confusion).

On August 8, 2016, the Commission issued an administrative complaint, alleging that the "bidding agreements" between 1-800 Contacts and its rivals harmed competition in relevant markets that include the sale of search advertising by auction in response to user queries regarding contact lenses in violation of Section 5 of the Federal Trade Commission Act, 15 U.S.C. § 45. The Complaint alleges that 1-800 Contacts restricted competition beyond "the scope of any property right that 1-800 Contacts may have in its trademarks" and that the bidding agreements "are not reasonably necessary to achieve any procompetitive benefit." Compl. ¶ 32.[1]

Subsequently, 1-800 Contacts filed its Answer, which includes the two affirmative defenses that are at issue here. In its Second Defense, 1-800 Contacts asserts that the Section 5 claim "is barred, in whole or in part, because the lawsuits that gave rise to the trademark settlement agreements described in the Complaint have not been alleged to be and have not been shown to be objectively and subjectively unreasonable." And in its Third Defense, Respondent asserts that the claim "is barred, in whole or in part, because 1-800 Contacts' conduct is protected under the *Noerr-Pennington* doctrine and the First Amendment of the United States Constitution."

Complaint Counsel has moved for partial summary decision as to these two defenses. For the reasons explained below, we grant the motion.

## Legal Standard and Undisputed Facts

Under Rule 3.24 of the Commission's Rules of Practice, a party may move for summary decision in its favor "upon all or

any part of the issues being adjudicated." 16 C.F.R. § 3.24(a)(1). The same legal standard applies to those motions as to motions for summary judgment under Federal Rule of Civil Procedure 56. *See In re N. Carolina Bd. of Dental Exam'rs*, 151 F.T.C. 607, 610-11 (2011), *aff'd N. Carolina Bd. of Dental Exam'rs v. Fed. Trade Comm'n*, 717 F.3d 359 (4th Cir. 2013), *aff'd* 135 S. Ct. 1101 (2015). Hence, if there is no genuine dispute as to any material fact "regarding liability or relief," a final decision and order properly issues. 16 C.F.R. § 3.24(a)(2).

Here, Complaint Counsel moves for partial summary decision on the issue whether 1-800 Contacts has properly stated its Second and Third Defenses. Although 1-800 Contacts challenges many of the facts that Complaint Counsel identifies as undisputed, Complaint Counsel's motion does not turn on any facts outside the pleadings. Rather, the parties' briefs show that the only real dispute concerns the scope of the claims in the Complaint. *Compare* Opp. at 1-9 (focusing on allegations in the Complaint, but not citing any disputed material facts that foreclose granting the motion) *with* Reply at 1 ("Respondent's Opposition . . . identifies no material factual disputes; rather, it contests the legal implications of Complaint Counsel's allegations."). In that respect, the present motion resembles a motion to strike 1-800 Contacts' second and third affirmative defenses because it turns on the Complaint's allegations rather than on identifying which material facts are undisputed. *Cf.* 16 C.F.R. § 3.22(a) (permitting motions to strike); Fed. R. Civ. P. 12(f) ("The court may strike from a pleading an insufficient defense[.]"). Hence, in considering the present motion, we need only look to the Complaint's allegations.

**Analysis**

**A. Third Defense: Noerr is not a defense because the Complaint only challenges private agreements**

The Third Defense asserts that "1-800 Contacts' conduct is protected by the *Noerr-Pennington* doctrine and the First Amendment."[2]

2 1-800 Contacts' Opposition memorandum, however, addresses this defense solely in terms of *Noerr-Pennington* and appears to conflate the Third

The *Noerr-Pennington* doctrine immunizes non-sham petitioning of the government from antitrust liability. *See Prof'l Real Estate Investors, Inc. v. Colum. Pictures Indus.*, 508 U.S. 49, 60-61 (1993). It does not, however, reach private agreements that harm competition independent of governmental action. *See, e.g.*, *FTC v. Superior Court Trial Lawyers Ass'n*, 493 U.S. 411, 424-25 (1990) (holding that a horizontal boycott that carried "anticompetitive consequences" even without the passage of legislation was illegal); *Allied Tube & Conduit Corp. v. Indian Head, Inc.*, 486 U.S. 492, 503 (1988) (noting that *Noerr* does not protect "every concerted effort that is genuinely intended to influence governmental action," including "horizontal price agreements[,] . . . [h]orizontal conspiracies or boycotts"); *United States v. Singer Mfg. Co.*, 374 U.S. 174 (1963) (horizontal conspiracy under rubric of a settlement was illegal) (as approved by *FTC v. Actavis, Inc.*, 133 S. Ct. 2223, 2232 (2013)); *see also Andrx Pharm., Inc. v. Biovail Corp. Int'l*, 256 F.3d 799, 819 (D.C. Cir. 2001) ("The Agreement is not unlike a final, private settlement agreement resolving the patent infringement litigation by substituting a market allocation agreement. Such a settlement agreement would not enjoy *Noerr-Pennington* immunity and neither does the Agreement here."); *Premier Elec. Const. Co. v. Nat'l Elec. Contractors Ass'n*, 814 F.2d 358, 376 (7th Cir. 1987) ("There is no such thing as the lawful enforcement of a private cartel."). *See generally* FTC STAFF REPORT, ENFORCEMENT PERSPECTIVES ON THE NOERR-PENNINGTON DOCTRINE (2006).

1-800 Contacts does not dispute that anticompetitive, private agreements lie beyond *Noerr*'s protection. Instead, it argues that the Complaint asserts liability based on conduct beyond the bidding agreements, including 1-800 Contacts' cease and desist letters, threats to sue, lawsuit filings, and threats of further litigation. Opp. at 1-2, 4-6. But, as Complaint Counsel emphasizes, that is not the basis of the Complaint's allegations of liability. Although the Complaint alleges conduct by 1-800 Contacts other than the bidding agreements, Complaint Counsel expressly represents that "the only acts or practices challenged by the Complaint are Respondent's *agreements* with its rivals."

---

Defense's First Amendment reference with *Noerr-Pennington* considerations.

Reply at 1 (emphasis in original).[3] Consistent with Complaint Counsel's representation, the Complaint's only count states a claim under Section 5 based exclusively on the "series of bilateral agreements between 1-800 Contacts and numerous online sellers of contact lenses[.]" Compl. ¶ 1. It ties the challenged anticompetitive effects directly to the bidding agreements, *id.* ¶¶ 28-31, and avers that those agreements are overbroad, restrain price competition, and are not reasonably necessary. *Id.* ¶ 32.

Given that the Complaint alleges liability based only on private agreements that do not constitute government petitioning, 1-800 Contacts' Third Defense fails.

### B. Second Defense: Although the nature of the trademark disputes may inform the antitrust analysis, the reasonableness of those disputes is not an affirmative defense

In its Second Defense, 1-800 Contacts asserts that the Complaint's claim is barred because "the lawsuits that gave rise to the trademark settlement agreements . . . have not been alleged to be and have not been shown to be objectively and subjectively unreasonable."[4] 1-800 Contacts argues that antitrust liability ordinarily does not attach to settlement agreements, Opp. at 6, and that such agreements are subject to "antitrust scrutiny" only in limited circumstances. *Id*. at 7. It reads the Supreme Court's

---

3 1-800 Contacts also argues that the Complaint's "Notice of Contemplated Relief" seeks to enjoin conduct beyond "just entering into settlement agreements." Opp. at 1. But there is nothing in the relief sought to suggest it goes beyond the authority of the Commission. *Rubbermaid, Inc. v. FTC*, 575 F.2d 1169, 1174 (6th Cir. 1978) (noting that the Commission "has wide latitude in forming an appropriate remedy"). Moreover, 1-800 Contacts will have the opportunity in this proceeding to present any arguments—including any related to the First Amendment—regarding the proper scope of relief that may attach upon a finding of liability at such time as that issue is being considered in the proceeding. Such arguments, however, do not save 1-800 Contacts' Third Defense.

4 This defense can also be read as simply a restatement of the *Noerr-Pennington* doctrine, *i.e.*, as a restatement of the Third Defense. For the reasons explained above, *Noerr* does not immunize the private agreements that are the sole basis for liability in the Complaint. Consequently, if read this way, the defense also fails.

opinion in *Actavis* to impose a greater burden on a plaintiff seeking to establish antitrust liability when the underlying conduct involves settlements because of the "general legal policy favoring the settlement of disputes." Opp. at 7-8 (quoting *Actavis*, 133 S. Ct. at 2234). According to 1-800 Contacts, Complaint Counsel has failed to meet this supposed *Actavis* burden. Opp. at 7-8. It argues that Complaint Counsel must show that the underlying infringement claims are "objectively and subjectively unreasonable," *i.e.*, that they are a "sham." *Id*. at 7-8 & n.6.

But that is not the holding in *Actavis*. The Supreme Court made clear in *Actavis* that neither the fact that the agreements in question were settlement agreements nor the fact that they concerned patent rights rendered them immune from antitrust scrutiny. *Actavis*, 133 S. Ct. at 2232 (citing cases and observing that "this Court's precedents make clear that patent-related settlements can sometimes violate the antitrust laws"). In short, to establish liability, Complaint Counsel need not show that the underlying lawsuits giving rise to the settlement agreements that are the subject of the Complaint are sham. For example, if 1-800 Contacts restricted competition beyond "the scope of any property right that 1-800 Contacts may have in its trademarks," Compl. ¶ 32, then the *bona fide* nature of the underlying trademark dispute could not be a defense.

**Conclusion**

Because the Complaint alleges that 1-800 Contacts violated Section 5 solely by entering into private bidding agreements, we hold that the *Noerr-Pennington* doctrine does not apply and 1-800 Contacts' Third Defense fails as a matter of law. Similarly, because Complaint Counsel need not prove 1-800 Contacts' lawsuits to be objectively and subjectively unreasonable to establish a Section 5 violation, 1-800 Contacts' Second Defense also fails. We therefore grant Complaint Counsel's motion.

Accordingly,

**IT IS ORDERED THAT** Complaint Counsel's Motion for Partial Summary Decision regarding Respondent's Second and Third Defenses is **GRANTED**.

*Docket No. 9361. Order, March 3, 2017*

Order scheduling briefing on the remand of the compliance monitoring provisions of the Commission's remedial order by the United States Court of Appeals for the First Circuit.

## ORDER SCHEDULING BRIEFING ON REMAND

On May 9, 2016, the United States Court of Appeals for the First Circuit issued an opinion affirming "the Commission's entry of summary decision as to liability [in this proceeding] and all provisions of its remedial order except for compliance monitoring as to Fanning." *Fanning v. Federal Trade Commission*, 821 F.3d 164, 177-78 (1st Cir. 2016). The court vacated and remanded that single portion of the Commission's order for further proceedings consistent with the court's opinion. *Id*. at 178. The court's judgment was entered on May 9, 2016; on January 9, 2017, the Supreme Court denied Mr. Fanning's petition for a writ of *certiorari*; and the time period for filing a petition for rehearing ended on February 3, 2017 with no such petition having been filed. This proceeding is therefore now pending before the Commission on remand.[1]

---

1 On August 23, 2016, the Commission issued an *Order Scheduling Briefing On Remand* in this matter, based on the understanding that Mr. Fanning had neither filed a petition for rehearing or rehearing *en banc* with the Court of Appeals nor filed a petition for writ of *certiorari* with the Supreme Court. However, Mr. Fanning subsequently advised the Commission that he had attempted to file a petition for writ of *certiorari* with the Supreme Court; that his petition had been returned to him for failure to comply with the Rules of the Supreme Court; and that the Clerk of Court subsequently granted him an additional sixty days within which to file a corrected petition. The Commission therefore vacated the briefing schedule in the August 23 Order. *Order Modifying August 23, 2016 Order* (Sept. 14, 2016), at https://www.ftc.gov/system/files/documents/cases/160914jerkorder.pdf.

The court's remand applies to a single paragraph of the Commission's Final Order issued on March 13, 2015. Paragraph VI of that Order reads, in relevant part:

**VI.**
**COMPLIANCE MONITORING – JOHN FANNING**

> **IT IS FURTHER ORDERED** that respondent John Fanning, for a period of ten (10) years after the date of issuance of this order, shall notify the Commission of the discontinuance of his current business or employment, or of his affiliation with any new business or employment. The notice shall include respondent's new business address and telephone number and a description of the nature of the business or employment and his duties and responsibilities.

The court of appeals stated that this provision requires Mr. Fanning to "notify the Commission of all business affiliations and employment – regardless of whether or not the affiliate or employer has responsibilities relating to the order." *Fanning*, 821 F.3d at 177. It explained that, "[w]ithout any guidance from the Commission, we cannot find these provisions are reasonably related to Fanning's violation." *Id*. at 177.

The Commission has determined that briefing by Mr. Fanning and Complaint Counsel would assist it in resolving the issue presented on remand. Such briefing shall be confined solely to that issue remanded by the court of appeals; that is, the compliance monitoring applicable to Mr. Fanning addressed in Paragraph VI of the Commission's Final Order. Accordingly,

**IT IS ORDERED THAT:**

1. On or before March 20, 2017, Mr. Fanning shall file a brief, not to exceed 2,000 words, addressing the foregoing issue regarding Paragraph VI of the Commission's Final Order and including proposed alternative language for Paragraph VI;

2. On or before fourteen days after service of Mr. Fanning's brief, Complaint Counsel may file an answering brief not to exceed 2,000 words; and

3. On or before five days after service of Complaint Counsel's answering brief, Mr. Fanning may file a reply brief not to exceed 1,250 words.

*Docket No. 9361. Order, April 14, 2017*

Order revising the briefing schedule on the remand of the compliance monitoring provisions of the Commission's remedial order by the United States Court of Appeals for the First Circuit.

## ORDER REVISING BRIEFING SCHEDULE ON REMAND

On March 3, 2017, the Commission issued an Order Scheduling Briefing on Remand following entry of judgment by the United States Court of Appeals for the First Circuit denying Respondent John Fanning's petition for review in this proceeding, and denial by the Supreme Court of Mr. Fanning's petition for a writ of *certiorari*. The March 3 Order noted that the Court of Appeals had affirmed "the Commission's entry of summary decision as to liability [in this proceeding] and all provisions of its remedial order except for compliance monitoring as to Fanning." *Fanning v. Federal Trade Commission*, 821 F.3d 164, 177-78 (1st Cir. 2016). The court vacated and remanded only that portion of the Commission's order for further proceedings consistent with the court's opinion. *Id*. at 178.

The court's remand applies to a single paragraph of the Commission's Final Order issued on March 13, 2015. Paragraph VI of that Order reads, in relevant part:

### VI.
### COMPLIANCE MONITORING – JOHN FANNING

> **IT IS FURTHER ORDERED** that respondent John Fanning, for a period of ten (10) years after the date of issuance of this order, shall notify the Commission of the discontinuance of his current business or employment, or of his affiliation with any new business or employment. The notice shall include respondent's new business address and

telephone number and a description of the nature of the business or employment and his duties and responsibilities.

The court of appeals stated that this provision requires Mr. Fanning to "notify the Commission of all business affiliations and employment – regardless of whether or not the affiliate or employer has responsibilities relating to the order." *Fanning*, 821 F.3d at 177. It explained that, "[w]ithout any guidance from the Commission, we cannot find these provisions are reasonably related to Fanning's violation." *Id*. at 177.

The Commission determined that briefing by Mr. Fanning and Complaint Counsel would assist it in resolving the issue presented on remand. In the March 3 Order, the Commission therefore ordered that briefs be filed, beginning with an opening brief from Mr. Fanning that was to be filed on or before March 20, 2017.

On March 17, 2017, Mr. Fanning filed a Motion for Clarification with the court of appeals. In that motion, Mr. Fanning argued that that court's order and judgment "does not permit the FTC another opportunity to formulate a new Compliance Monitoring sanction." He requested that the court clarify its opinion and judgment "to express that the Federal Trade Commission on remand shall strike in its entirety Paragraph VI-Compliance Monitoring from the revised final administrative order. . . ." On March 20, 2017, Mr. Fanning filed a motion with the Commission asking for a stay of the briefing schedule pending the appellate court's ruling on the Motion for Clarification.

On March 21, 2017, the Court of Appeals for the First Circuit denied Mr. Fanning's Motion for Clarification. The court explained, "The reconsideration of compliance monitoring provisions is permissibly within the scope of the remand." In light of this order, Mr. Fanning's motion for stay is moot. On March 22, 2017, Mr. Fanning filed a Motion to enlarge the March 3 Order briefing schedule. On April 12, 2017, Mr. Fanning filed a Response to the March 3 Order in which he restates his position that the Court of Appeals had precluded imposition of a new Compliance Monitoring provision and provides his views regarding the content of such a provision if the FTC declines to strike it in its entirety.

The Commission has determined to accept Mr. Fanning's April 12 filing as his opening brief and to revise the remainder of the briefing schedule. Accordingly,

**IT IS ORDERED THAT:**

1. The Motion of John Fanning to Stay and Continue Remand Proceedings Pending Ruling on Motion for Clarification is **DENIED** as moot;

2. The Unopposed Motion of Respondent John Fanning to Enlarge the Time to File Brief is **GRANTED IN PART**, and Respondent John Fanning's Response to Order Scheduling Briefing Following Remand is accepted as Mr. Fanning's opening brief;

3. On or before May 5, 2017, Complaint Counsel may file an answering brief not to exceed 2,000 words; and

4. On or before five days after service of Complaint Counsel's answering brief, Mr. Fanning may file a reply brief not to exceed 1,250 words.

Order granting the joint request to reschedule the evidentiary hearing in this proceeding.

## ORDER RESCHEDULING EVIDENTIARY HEARING DATE

On January 19, 2017, the Federal Trade Commission issued the Administrative Complaint in this adjudicative proceeding and scheduled the evidentiary hearing for September 19, 2017. On June 7, 2017, Impax and Complaint Counsel filed a Joint Motion that requests the Commission set a later hearing date to accommodate a brief, five-week extension of the discovery schedule. The parties agree that such additional time is necessary for "orderly and efficient completion of fact discovery that will minimize any potential burden on witnesses and third parties."[1]

In the past few weeks, a significant discovery dispute has arisen between the parties over the timeliness of document production ahead of witness depositions. Complaint Counsel argues that it is entitled to receive the witnesses' documents at least four days prior to a deposition. Impax argues that it is unable to meet that demand due to the extensive and time-consuming nature of its document gathering, review, and production efforts, as well as logistical issues with its vendor. As both parties wish to minimize the disruption to the schedule and burden on witnesses that might result from being re-called for a second deposition, and Impax agrees that it can complete its production of documents by the current fact discovery deadline, Impax and Complaint Counsel respectively request that the Commission set October 24, 2017, for the evidentiary hearing.

# RESPONSES TO PETITIONS TO QUASH OR LIMIT COMPULSORY PROCESS

## HUMANA, INC.

*FTC File No. 161 0026 – Decision, June 5, 2017*

RESPONSE TO HUMANA, INC.'S PETITION TO LIMIT SUBPOENA *DUCES TECUM* DATED APRIL 17, 2017

**By McSWEENY, Commissioner:**

Humana, Inc. ("Humana" or "Petitioner") has filed a petition to limit a subpoena *duces tecum* issued by the Commission on April 17, 2017. For the reasons stated below, the petition to limit ("Petition") is denied.

### I. BACKGROUND

On October 27, 2015, Walgreens Boots Alliance ("Walgreens") announced its intent to acquire Rite Aid Corporation, one of Walgreens' major retail pharmacy competitors. As a result, the FTC opened an investigation to determine whether there is reason to believe that the proposed acquisition violates Section 5 of the Federal Trade Commission Act, 15 U.S.C. § 45, or Section 7 of the Clayton Act, 15 U.S.C. § 18, and whether that proposal meets the requirements of Section 7A of the Clayton Act, 15 U.S.C. § 18a.

At their most basic, most retail pharmacy purchases involve three types of actors: (1) consumers, who buy pharmaceuticals; (2) pharmacies, who sell pharmaceuticals; and (3) payers, usually insurance providers, who receive premiums from consumers and develop plans to provide discounts on the costs of certain drugs. In order to develop insurance plans attractive to consumers and thereby build their customer base, insurers often seek to recruit pharmacies that consumers perceive as desirable (*i.e.*, lower-cost or more conveniently located) by providing them with increased reimbursements for the costs of the pharmaceuticals. The more desirable a retail pharmacy chain is to consumers, the greater the amount of reimbursement from payers it can demand, creating the

risk that payers will pass these costs on to their customers in the form of higher premiums. Some insurers' plans use a "preferred" model, in which a "preferred" pharmacy agrees to accept lower reimbursements in exchange for the plan steering customers to the pharmacy by offering greater discounts. The Centers for Medicare & Medicaid Services ("CMS") approves these plans offered to consumers, part of which involves ensuring that the plans (1) provide consumers with sufficient access to participating pharmacies in each geographic area and (2) do not misrepresent the benefits or coverage offered to consumers.

As part of this investigation, on April 10, 2017, the FTC issued a subpoena *duces tecum* and accompanying subpoena *ad testificandum* to Humana, Inc., a payer that is one of the nation's largest providers of Medicare Part D prescription drug plans.[1] Humana offers the Humana Walmart Rx Plan, in which Walmart is the designated "preferred" provider. The Humana Walmart Rx Plan is nearly unique, in that it is one of the only Medicare Part D prescription drug plans in which neither Walgreens, Rite Aid, nor CVS is a "preferred" provider. As such, FTC staff seeks to determine whether a retail pharmacy network that features Walmart as the sole "preferred" provider is a viable and attractive option for Medicare Part D plans seeking to attract beneficiaries in any geographic areas, and if so, which geographic areas. If evidence indicated that beneficiaries in certain geographic areas do not view the Humana Walmart Rx Plan as attractive (for example, because Walmart lacks a significant presence in those areas), this would be useful to assess whether—from the perspective of Medicare Part D plan sponsors in different areas of the country—Walmart-only preferred networks are meaningful substitutes for networks that designate Walgreens, Rite Aid, and/or CVS as preferred.

The subpoena *duces tecum* ("subpoena") seeks documents concerning Humana's analysis of the proposed merger and any potential divestitures of assets by either Walgreens or Rite Aid (specifications 1 and 2); Humana's Walmart Rx Plan (specification 3); and Humana's communications with CMS

1 Humana filed a petition to quash the subpoena *ad testificandum* on May 23, 2017.

concerning whether its Medicare plans, including the Walmart Rx Plan, offer sufficiently meaningful access to pharmacies across geographic areas (specification 4). This information enables staff to assess the attractiveness of Humana's Walmart Rx Plan to beneficiaries in different geographic areas, based on Humana's own documents and documents related to CMS's oversight of the plan.

The FTC served the subpoena on Humana on April 12, 2017. In response, counsel for Humana claimed that the subpoena was "overly broad, unduly burdensome, and irrelevant" to the investigation, although counsel did not provide specific or detailed reasons supporting these objections. Nonetheless, Humana counsel and FTC staff met and conferred regarding potential narrowing of the scope of the subpoena. Staff agreed that Humana could initially confine its search for documents responsive to Specifications 1 and 2 to two key custodians, and that the FTC would request documents from additional custodians only if it became necessary. FTC staff twice agreed to extend the deadline for production of documents, first on May 1, 2017 and then again on May 8, 2017, for a final return date of May 16, 2017. On May 9, Humana produced five documents totaling 13 pages responsive to Specifications 1 and 2.

On May 16, 2017, the deadline for production, Humana requested additional time to produce documents or file a petition to limit or quash the subpoena. In response, staff declined to extend the return dates absent a definitive schedule for production. Humana also requested modifications to Specification 3, concerning the Walmart Rx Plan, and Specification 4, concerning Humana's communications with CMS. In response, staff offered to further limit the subpoena by allowing Humana to confine its production for those specifications to the two key custodians whose files Humana was already reviewing for Specifications 1 and 2. Staff also offered to relieve Humana of Specification 3's requirement to produce "all documents" regarding the Humana Walmart Rx Plan. Instead, Humana would be required to answer only the itemized subparts of Specification 3, each of which concerns the plan's ability to compete effectively. Humana rejected these offers and filed the instant petition to limit.

Humana's petition asks the Commission to quash Specifications 3 and 4 in their entirety. Humana claims that the information sought is not relevant to the present merger investigation and, in any event, that it is publicly available from other sources, including other government agencies. Humana also contends that these specifications are overly broad and unduly burdensome, particularly given Humana's status as a non-party.[2] Finally, Humana raises several general objections to the subpoena as a whole.

## II. ANALYSIS

Agency compulsory process is proper if the inquiry is within the authority of the agency, the demand is not too indefinite, and the information sought is reasonably relevant to the inquiry, as defined by the Commission's investigatory resolution.[3] Agencies have wide latitude to determine what information is relevant to their law enforcement investigations.[4] As the D.C. Circuit has explained, "[t]he standard for judging relevancy in an investigatory proceeding is more relaxed than in an adjudicatory one . . . . The requested material, therefore, need only be relevant to the *investigation* – the boundary of which may be defined quite generally."[5]

---

2 In addition, Humana objects to Specifications 1 and 2 "out of an abundance of caution and solely to preserve its objections pursuant to the Commission's rules." It "intends to produce additional non-privileged documents in response to" those specifications once they "are fully processed and reviewed." Pet., at 4.

The documents requested by the subpoena are directly relevant to the FTC's investigation into Walgreens' proposed acquisition of Rite Aid. These documents enable FTC staff to assess the degree to which Humana's Walmart Rx Plan—which features Walmart as its sole preferred provider—is attractive to consumers in different geographic areas. This information is largely unavailable from sources other than Humana and only in part through its regulator, CMS. Humana also fails to support its claim that complying with the subpoena would cause undue burden.

### A. The Subpoena is Narrowly Tailored and Seeks Information Directly Relevant to the Investigation.

There is no merit to Humana's claims that the subpoena is overly broad and requests irrelevant information. In the context of administrative subpoenas, "relevance" is defined broadly and with deference to an agency's determination.[6] An administrative agency is accorded "extreme breadth" in conducting an investigation.[7] As the D.C. Circuit has stated, the standard for judging relevance in an administrative investigation is "more relaxed" than in an adjudicatory proceeding.[8] As a result, a CID recipient must demonstrate that the agency's determination is "obviously wrong," or the documents are "plainly irrelevant" to the investigation's purpose as defined by the investigational resolution.[9] Thus, a subpoena request is overbroad only where it is "out of proportion to the ends sought," and "of such a sweeping nature and so unrelated to the matter properly under inquiry as to exceed the investigatory power."[10]

In this case, the Commission's resolution authorizes an investigation "[t]o determine whether the proposed acquisition of Rite Aid . . . by Walgreens" would violate the FTC Act because it would amount to an unfair method of competition or would violate the Clayton Act because the acquisition would "substantially . . . lessen competition, or . . . tend to create a monopoly." *See* 15 U.S.C. §§ 18, 45. Humana fails to support its claim that the subpoena requests—two of which relate directly to the proposed acquisition and two of which relate to the competitive landscape for retail pharmacy services—have no bearing on the competitive significance of the proposed merger. To the contrary, the two specifications at issue, Specifications 3 and 4, are directly relevant to assessing the impact of the merger on competition. As discussed above, FTC staff seeks to determine the degree to which Humana's Walmart Rx Plan is attractive to consumers in need of Medicare Part D coverage in different geographic areas, which, in turn, will facilitate the FTC staff's analysis of the importance of competition between the merging parties in different geographic areas. Specification 3 seeks to obtain Humana's own documents regarding its experiences in developing and administering the Humana Walmart Rx Plan, while Specification 4 seeks documents relating to CMS's oversight of the Humana Walmart Rx Plan, and similar plans. As such, this information is highly relevant to staff's investigation. Moreover, the fact that staff has tailored the subpoena to this plan, and to those types of documents mostly likely to shed light on its competitiveness, confirms that the subpoena is not overly broad.

### B. The Information Sought is Not Readily Available to the FTC from Other Sources.

Humana claims that Specifications 3 and 4 are improper because they "seek[] documents that are publicly available to the FTC or readily available to the FTC through another government agency." Pet., 11-12.

There is no basis for this assertion. Humana asserts generally that the documents are "publicly available," ignoring the fact that many of the documents sought are by their nature not public, including internal documents for which Humana is the best—and only—source. For example, Specification 3 expressly calls for (1)

Humana's analysis of "the Humana Walmart Rx Plan retail pharmacy network's ability to satisfy geographic access requirements of CMS"; (2) Humana's "consideration or plans to alter the composition or benefit structure of the Humana Walmart Rx Plan retail pharmacy network"; and (3) Humana's "actual or considered development or promotion of a Preferred Network with a benefit structure including more pharmacies as preferred cost-sharing pharmacies than the Humana Walmart Rx Plan." While Specification 4 seeks documents relating to Humana's communications with CMS, that request is not limited to direct communications with CMS. It also covers Humana's communications with other third parties as well as Humana's *internal* analyses of its interactions with CMS, including its responses to any concerns CMS raised about Humana's plans related to pharmacy access. Again, only Humana would have access to these internal analyses.

The subpoena seeks certain non-internal documents, including communications between Humana and CMS. Humana provides no support for its suggestion that these documents are "publicly available." Humana also speculates that these documents are "readily available to the FTC" through other sources. Even if Humana were somehow correct that all or some documents were available from other sources, the Commission is not obliged to seek records from multiple sources that are readily available from a single source. Instead, the Commission may issue process to a single source likely to have all of the necessary information, as it did here.[11]

11 In *In re Exxon Valdez*, the district court approved just such an approach, allowing a plaintiff to obtain from a nonparty trade association documents that were also available from each of the association's members because this was "more convenient, less burdensome [and] less expensive." 142 F.R.D. 380, 382-83 (D.D.C. 1992); *cf. Software Rights Archive, LLC v. Google Inc.*, No. 2:07-CV-511, 2009 WL 1438249, at *2 (D. Del. May 21, 2009) ("[T]here is no absolute rule prohibiting a party from seeking to obtain the same documents from a non-party as can be obtained from a party, nor is there an absolute rule providing that the party must first seek those documents from an opposing party before seeking them from a non-party.")(quotation omitted); *Viacom Int'l, Inc. v. YouTube, Inc.,* No. C 08–80129 SI, 2008 WL 3876142, at *2-*3 (N.D. Cal. Aug.18, 2008) (same).

### C. The Subpoena is Not Unduly Burdensome

Humana also claims that Specifications 3 and 4 (and more generally, the subpoena as a whole) are unreasonable and unduly burdensome, particularly given its status as a non-party. Pet., 5-6. Humana does not offer any support for this contention other than the conclusory and unattributed statements that compliance would require it to review and produce "thousands" or possibly "hundreds of thousands" of documents. *Id.*, 6, 8.

Where possible, FTC staff routinely work with subpoena recipients to limit the burdens imposed on them. Nonetheless, the standard for enforcement of administrative compulsory process is the same whether the subpoenaed entity is a target of the investigation or a third party. The statute authorizing the Commission to issue subpoenas specifically empowers the Commission to obtain from third-party "witnesses" "*all* such documentary evidence *relating to any matter under investigation*."[12] Indeed, an important and effective tool in investigations involves comparing, contrasting, and supplementing information and materials obtained from targets with that obtained from third parties. Thus, whether an administrative subpoena is issued to a target or a third party, it is not unduly burdensome unless the recipient shows that "compliance threatens to unduly disrupt or seriously hinder normal operations of a business."[13] This test is "not easily met."[14]

Cir. 1979) (rejecting burden, definiteness, and relevance challenges to administrative subpoena issued to nonparty in adjudicative hearing).

Nothing in Humana's cited cases supports its assertion that these standards are more relaxed for third parties. Pet., 5-6. The first, *Dow Chemical Co. v. Allen*, involved an administrative *trial* subpoena, not an *investigative* subpoena, and the court specifically acknowledged that investigative subpoenas may be broader in scope.[15] In addition, the type of burden at issue was completely different: the requests infringed nonparties' First Amendment academic freedoms by seeking unpublished data from ongoing and incomplete university research studies.[16] Indeed, the *Dow* court quoted from *FTC v. Dresser Industries, Inc.*, a case in which the court held that "one who opposes an agency's subpoena necessarily must bear a heavy burden. That burden is essentially the same *even if the subpoena is directed to a third party*."[17] Similarly, in *FTC v. Bowman*, the district court affirmed the Commission's authority to issue subpoenas to nonparties and enforced the subpoena, subject only to minor limitations on the scope of documents sought.[18] Indeed, *Dresser* cited *Bowman* for its holding that nonparties bear the same burden as targets of an investigation.[19]

Further, Humana offers nothing to support its assertion that compliance with the subpoena would require it to review and produce "thousands," or even "hundreds of thousands," of documents. A recipient of agency process must demonstrate that the burden of compliance is undue.[20] "Some burden on subpoenaed parties is to be expected and is necessary in

furtherance of the agency's legitimate inquiry and the public interest."[21] Thus, Humana must show the "measure of [its] grievance rather than [asking the court] to assume it."[22]

But even assuming that responsive documents number in the thousands or hundreds of thousands, that fact alone would not be sufficient to demonstrate undue burden given Humana's size, resources, and the availability of advanced search techniques. Indeed, Humana's most recent annual report notes that its current and past business practices are subject to ongoing review by various state and federal authorities, who regularly scrutinize numerous facets of Humana's business, including its pharmacy benefits.[23] Humana cannot claim that responding to the FTC's subpoena "seriously disrupts or unduly hinders" its normal business operations when those operations expressly involve government oversight and reporting.

In short, there is no basis for Humana's claim that the burden imposed by the subpoena is undue. Staff's offer to allow Humana to produce documents from only two custodians (which we adopt herein) will further temper any burden Humana must bear.

### D. Humana's General Objections Provide No Basis for Limiting or Quashing the Subpoena

Humana also lists a number of general objections, most of which merely restate its objections to particular subpoena specifications, lack accompanying argument or support, or have no bearing on disposition of the present petition. We address the remaining objections below.

General Objection 1: Duplicative to earlier information requests. Humana objects that the requests in the subpoena are

23 *See* Humana, Inc., Annual Report (Form 10-K) at 129. This report further indicates that the company has substantial financial resources, having received over $54 billion in revenue and paid over $52 billion in operating expenses in fiscal year 2016. *See id.* at 38.

duplicative of three other requests issued to the company by the Commission: a Civil Investigative Demand ("CID") and subpoena *duces tecum* on January 14, 2016, and a CID issued on March 7, 2017. Pet., 1-2, 7-8.[24] This objection is baseless.

Although FTC staff *requested* some of the same documents in 2016, Humana did not produce those documents. The Commission issued compulsory process to Humana and the CID and subpoena issued on January 14, 2016 sought information that overlaps with the current subpoena at issue, including requests for Humana's analysis of the Walgreens-Rite Aid merger, and information regarding Humana's retail pharmacy networks. Humana produced one Excel file and a single PowerPoint slide in response.

Nor is there any duplication to the CID issued on March 3, 2017. That CID contained only one specification that sought Humana's annual purchases of retail pharmacy services by line of business and by pharmacy chain. This specification does not overlap with the current subpoena, but even if it did, this would also not be duplicative for the same reasons as above: Humana did not produce documents or data in response to this CID but rather provided only a brief factual proffer in lieu of a full production of information.

General Objection 4: Privileged information. Humana objects to the subpoena to the extent it seeks privileged information. The Commission does not seek privileged material. The Commission's Rules of Practice instruct a subpoena recipient how to assert claims of privilege, *see* Rule 2.11, 16 C.F.R. § 2.11, and that Rule is restated in the subpoena's instructions. This objection is therefore without merit.

General Objection 5: Confidential information. Humana also objects to the subpoena to the extent it seeks confidential

24 Humana also claims that the current subpoena includes requests for information that the FTC "previously conceded it did not need." Pet., 7. Again, Humana offers no support for this claim. Even if arguendo this assertion were accurate, over the course of a years-long investigation, staff may learn that particular facts have greater importance than was ascertainable at an initial stage.

commercial information. That is not a proper basis for objecting to a subpoena. The Commission's Rules of Practice and relevant statutory provisions provide ample protection for documents and information—including proprietary business and sensitive customer information—obtained by the Commission through compulsory process.[25] Courts have consistently held that these provisions provide adequate protection and that the Commission has a full right to access even the most highly sensitive information including trade secrets.[26] This objection is therefore without merit.

## III. CONCLUSION

For the foregoing reasons, **IT IS HEREBY ORDERED THAT** Humana, Inc.'s Petition to Limit Subpoena *Duces Tecum* be, and it hereby is, **DENIED.**
