SUPPLEMENTARY INFORMATION:

Comments Invited

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory

decisions on the proposal. Comments are specifically invited on the overall regulatory, economic, environmental, and energy aspects of the proposal. Communications should identify the airspace docket and be submitted in triplicate to the address listed above. Commenters wishing the FAA to acknowledge receipt of their comments on this notice must submit with those comments a self-addressed, stamped postcard on which the following statement is made: "Comments to Airspace Docket No. 83-AWA-14." The postcard will be date/time stamped and returned to the commenter. All communications received before the specified closing date for comments will be considered before taking action on the proposed rule. The proposal contained in this notice may be changed in the light of comments received. All comments submitted will be available for examination in the Rules Docket both before and after the closing date for comments. A report summarizing each substantive public contact with FAA personnel concerned with this rulemaking will be filed in the docket.

Availability of NPRM's

Any person may obtain a copy of this Notice of Proposed Rulemaking (NPRM) by submitting a request to the Federal Aviation Administration, Office of Public Affairs, Attention: Public Information Center, APA-430, 800 Independence Avenue, SW., Washington, D.C. 20591, or by calling (202) 426-8058. Communications must identify the notice number of this NPRM. Persons interested in being placed on a mailing list for future NPRM's should also request a copy of Advisory Circular No. 11-2 which describes the application procedure.

The Proposal

The FAA is considering an amendment to § 71.123 of Part 71 of the Federal Aviation Regulations (14 CFR Part 71) to realign VOR Federal Airway V-436 to the north, so the airway will be in Kansas City Air Route Traffic Control Center's airspace thereby reducing coordination. Section 71.123 of Part 71 of the Federal Aviation Regulations was republished in Advisory Circular AC 70-3A dated January 3, 1983.

Proposed Amendment

PART 71—[AMENDED]

Accordingly, pursuant to the authority delegated to me, the Federal Aviation Administration proposes to amend

§ 71.123 of Part 71 of the Federal Aviation Regulations (14 CFR Part 71) as follows:

V-436 [Amended]

By deleting the words "INT Oklahoma City 079° and Tulsa, OK, 228° radials" and substituting for them the words "INT Oklahoma City 074° and Tulsa, OK, 230° radials".

(Secs. 307(a) and 313(a), Federal Aviation Act of 1958 (49 U.S.C. 1348(a) and 1354(a)); Sec. 6(c), Department of Transportation Act (49 U.S.C. 1655(c)); and 14 CFR 11.85)

Note.—The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) is not a "major rule" under Executive Order 12291; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Issued in Washington, D.C., on May 17, 1983.

FEDERAL TRADE COMMISSION

16 CFR Part 304

Rules and Regulations Under the Hobby Protection Act

AGENCY: Federal Trade Commission.

ACTION: Proposed amendment and notice of opportunity to comment.

SUMMARY: The Federal Trade Commission, pursuant to the Hobby Protection Act (15 U.S.C. 2101, *et seq.*) has initiated a proceeding proposing an amendment to section 304.6 of the Rules and Regulations Under the Hobby Protection Act (16 CFR Part 304). The rule presently requires that the word "COPY" be marked on all imitation numismatic items in dimensions no less than 2 millimeters high and 6 millimeters wide. The amendment would permit use of a smaller marking on the many coins that are now being issued as miniature imitations.

All interested persons are hereby given notice of the opportunity to submit

written data, views and arguments concerning this proposal.

DATE: Written comments will be accepted on or before July 22, 1983.

ADDRESS: Send comments to Secretary, Federal Trade Commission, 6th and Pennsylvania Avenue, NW., Washington, D.C. 20580. Submissions should be marked "Hobby Protection Act—Amendment".

FOR FURTHER INFORMATION CONTACT: Kendall MacVey, Attorney, Federal Trade Commission, 11000 Wilshire Blvd., Los Angeles, CA 90024. (213) 209-7575.

SUPPLEMENTARY INFORMATION: The Hobby Protection Act requires that all imitation numismatic items sold in or imported into the United States shall be marked with the word "COPY" in a manner to be determined by the Federal Trade Commission. In 1975 the Commission promulgated rules requiring the word "COPY" to be marked on either the obverse or the reverse surface of the item. The words must have a vertical dimension of not less than two millimeters and a horizontal dimension of not less than six millimeters. The concept of requiring the word "COPY" to be a minimum size rather than to vary with the size of the coin or words on a coin was selected to minimize compliance burdens and enforcement problems.

Since promulgation of the rules, miniature imitation numismatic items have become popular in the market. Marking some of these miniature imitations has posed a hardship since many are as small or smaller than the minimum size required for the word "COPY". When an item covered by the rules is of such a small size that it is impossible to conform with the minimum size requirement, the manufacturer must request the Commission to issue a variance.

The proposed amendment to the rule would permit manufacturers of miniature numismatic items to mark the word "COPY" in smaller diameter than those required under the present rule. For example, under the proposed amendment, a coin with a dimension of only six millimeters could have the word "COPY" in a horizontal dimension of no less than one-half the coin's diameter or three millimeters. The vertical dimension would be required to be no less than one-sixth of the diameter or one millimeter.

Because of the apparent increasing popularity of miniature imitation numismatic items, the amendment is considered appropriate to eliminate the necessity for individual variance applications.

Accordingly, it is proposed that Chapter I of 16 CFR Part 304 be amended as follows:

Authority: 15 U.S.C. 2101 *et seq.*

1. In § 304.1, paragraph (k) is added as follows:

§ 304.1 Terms defined.

* * * * *

(k) "Diameter" of a reproduction means the length of the longest possible straight line connecting two points on the perimeter of the reproduction.

2. In § 304.6, paragraphs (b)(3) and (b)(4) are revised to read as follows:

§ 304.6 Marking requirements for imitation numismatic items.

* * * * *

(b) * * *

(3) An imitation numismatic item of incusable material shall be incused with the word "COPY" in sans-serif letters having a vertical dimension of not less than two millimeters (2.0 mm) or not less than one-sixth of the diameter of the reproduction, and a minimum depth of three-tenths of one millimeter (0.3 mm) or to one-half (½) the thickness of the reproduction, whichever is the lesser. The minimum total horizontal dimension of the word "COPY" shall be six millimeters (6.0 mm) or not less than one-half of the diameter of the reproduction.

(4) An imitation numismatic item composed of nonincusable material shall be imprinted with the word "COPY" in sans-serif letters having a vertical dimension of not less than two millimeters (2.0 mm) or not less than one-sixth of the diameter of the reproduction. The minimum total horizontal dimension of the word "COPY" shall be six millimeters (6.0 mm) or not less than one-half of the diameter of the reproduction.

By the direction of the Commission.

Benjamin I. Berman,
Acting Secretary.

Care Labeling Rule; Information Collection Requirement

AGENCY: Federal Trade Commission.

ACTION: Notice of application to OMB under the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*) for clearance of information collection requirements contained in the Care Labeling Rule.

SUMMARY: The Commission is seeking OMB clearance for information collection requirements contained in the Trade Regulation Rule Concerning Care Labeling of Textile Wearing Apparel and Certain Piece Goods, as amended.

The Care Labeling Rule, which became effective July 3, 1972, require manufacturers and importers of textile wearing apparel to attach a permanent label bearing care instructions that fully inform the consumer how to effect regular care maintenance. Manufacturers and importers of piece goods used to make wearing apparel must put care instructions on the end of the bolt. This rule is being amended as published in the *Federal Register* on May 20, 1983. The amendments more specifically define the required elements of a care instruction, provide standardized language that can be used in the instructions and make clear that any care instruction should be supported by a reasonable basis of accuracy.

DATES: Comments on this application must be submitted on or before June 22, 1983.

ADDRESS: Send comments to Ms. Nell Minnow, Office of Information and Regulatory Affairs, Office of Management and Budget, New Executive Office Building, Room 3001, Washington, D.C. 20503. Copies of the applications may be obtained from Public Reference Branch, Room 130, Federal Trade Commission, Washington, D.C. 20580.
