Hi William,

According to my FOIA-2017-01297, I specified that I seek complaints from Jan 2015 to August 2017. When it comes to Match.com I only have complaints from 2015. I got a call from FTC and I was asked if I needed partial sample records I agreed to that because there are a lot of records to go through, but we never talked about only one year of complaints. I imagined that you would send me samples of complaints from each year.

Could you send me most recent Match.com complaints in the sample mode? Lets say 50 -100 but also specify in writing how many complaints in total you received regarding Match.com specifically in 2017.

I would appreciate your help, I think it was a misunderstanding.

Best,
