Subject: Herbalife settlement

I am making a request under the FOIA rules.

- a). I would like the decision document about how you allocated the Herbalife settlement moneys. Inclusive in this is I would like any document determining the rules or standards or cutoffs by which certain Herbalife distributors were identified to receive checks and not others. And I would like the rules any documents describing the rules by which the size of the check is determined.
- b). I would like any evidence that the so called "victims" were in fact "victims". What process did you go through to check their victimhood.
- c). I would like a list of people who have written to the FTC complaining of victimhood, and a list of people who have written (maybe having received a check) and stated that they are not victims. You can de-identify them but I would like some indication of what they said.
- d). Frank Dorman is the media contact on the FTC press release. I would like a copy of any briefing documents he received in that position.
- e). I would like an indication of how much in total was distributed and documents pertaining.

I want to thank you in advance for your effort.
