Hello, my name is Beverly Smith. I am an Independent Associate of Pre-Paid Legal Services®, Inc., for several years. I live in Kentucky and I'm writing you about the proposed "Business Opportunity" Rule 16 CFR Part 437 and how this would have a detrimental impact on my business and my family. This rule would cause a lot of administrative problems, and the disclosure of prior purchasers and all potential purchasers will violate the privacy rights of others and the disclosures could create opportunities for Identity Theft in a lot of businesses.

I know this proposal might be well intentioned, but is ill conceived and would have a dramatic negative impact on many or most small businesses. I feel this is unfair to most small business owners.

I appreciate your help in this matter to make a ruling **against** this new **Rule 16 CFR Part 437**.

Respectively,
