

ORIGINAL

Dear sir or madam:

I am writing this letter because I believe that house rule RS11993,
Will hurt my being able to conduct my Xango business .

I started my Xango business in March of 2006 and I enjoy this business very much.

I love being able to share this product with people, and help them start their own business.

I am concerned about the seven day rule as I believe it will hinder my continuing to build

My business. The sign up charge is only 35.00 and any one can start their business with such a small investment.

In closing I am asking for your help!

Thank you,

Mark Deerner
