Dear Sir or Madam:

I am writing with concern re. proposed Business Opportunity Rule R511993. I believe this would make it impossible for me to continue my small business upon which I rely on heavily. I am partially disabled.

I have always been honest in my dealings with others and my company Young Living Essential Oils complies to the letter of the law with all requirements.

The privacy issues, time requirements and the assumption of wrongdoing on the part of the company or its distributors are unfair, not true and not workable.

Please reconsider another approach to protecting consumers. As a consumer myself, I have been highly assisted in my health problems with the very products I represent, as have so many others.

Sincerely,
