Re: Business Opportunity Rule R511993
600 Pennsylvania Avenue, NW
Washington, DC 20580

Dear Sirs,

I wish to express my concern for the bill (R511993) that you have presented to the Senate. I do not believe this in the interest of our people of the United States. If this ruling were passed it would greatly affect the entire network marketing / direct selling industry and all companies, distributors and customers connected with it.

Please consider the common person who will be adversely affected by your proposal.

Sincerely,

[REDACTED]
Hazel M Pritchard
