RE: Business Opportunity Rule, R511993

Dear FTC:

I have reviewed the proposed FTC Business Opportunity Rule, R511993. As an independent FreeLife International Marketing Executive who has developed my business as a result of the opportunity FreeLife International, its products, and marketing plan made available to me, I am strongly opposed to the proposal. If adopted, the rule would destroy my small business that I have worked so hard to develop.

Accordingly, please do not allow this incredibly restrictive rule to be enacted.

Sincerely yours,
