Comments:

Dear Mr. Nelson,

RE: Business Opportunity Rule R511993

As an Independent Free Life Marketing Executive who has developed my business as a result of the opportunity, FreeLife products, marketing plan made available to me.

I am strongly opposed to the enacted proposal. If adopted, the rule would destory my small business that I worked hard to develop.

Accordingly, please do not allow this restrictive rule to be enacted. I am strongly opposed to R511993. A home based business is the only way to develop Plan B while still working 60+ teaching school. Prices are increasing and retirement is more doubtful.

Thank you for your consideration.

Vicki and Jim Roach
