NOTE: this Big Push for Midwives State Regulation PushChart also contains the District of Columbia (DC), Puerto Rico (PR), the Virgin Islands (VI), and Guam (GU). Groups of midwifery supporters in DC, PR, and GU are members of the Big Push Coalition of state midwifery supporters and midwife orgs.

<sup>1</sup> Midwifery supporters in CA are working on amendment of their state midwifery practice rules.  
<sup>2</sup> Midwifery supporters in LA are working on amendment of the state midwifery practice statute.  
<sup>3</sup> PA law already requires the state Board of Medicine to issue licenses to all types of midwives, but the BOM has not done so yet for CPMs. Following a court order, the BOM is now working with midwifery supporters and CPMs to develop CPM licensure & practice rules.  
<sup>4</sup> RI law already requires the state Department of Health to issue licenses to all types of midwives, but the DOH. has not done so yet for CPMs. The DOH is now working with midwifery supporters and CPMs to develop CPM licensure and practice rules.
