RE: 16 CFR Part 306; Automotive Fuel Ratings, Certification and Posting; Project No. R811005

To Whom It May Concern,

I would like to state that I am very opposed to an increase in the alcohol blended with gasoline. E10 was bad enough, but E15 is even worse! What's wrong with good old 100% gasoline?

PLEASE do not go down the path of supporting E15. I know I don't!!

Sincerely,
Charles Schmitt, MI
