Office of the Secretary
600 Pennsylvania Avenue, NW, Room CC-5610 (Annex N)
Washington, DC 20580

RE: 16 CFR Part 306; Automotive Fuel Ratings, Certification and Posting; Project No. R811005

To Whom It May Concern,

I strongly request that any labeling be reflected at its nearest single digit percentage and not round to the nearest 10% as proposed by the EPA. The safety of motorcycle riders is impacted negatively by the EPA's proposal given the potential to mechanical failure or impact due to improperly labeled gasoline/ethanol fuel mixtures.

Sincerely,
Drew Berendts, WA
