

April 19, 2014

Federal Trade Commission
Office of the Secretary
600 Pennsylvania Avenue, NW, Room CC-5610 (Annex N)
Washington, DC 20580

RE: 16 CFR Part 306; Automotive Fuel Ratings, Certification and Posting; Project No. R811005

To Whom It May Concern:

Ethanol in gasoline damages all engines resulting in increased wear, increased gasoline consumption and more emissions in the long run than gasoline without ethanol. This needless damage is a drain on the economy, business and productivity

Sincerely,
Patrick Shreffler, CA
