RE: 16 CFR Part 306; Automotive Fuel Ratings, Certification and Posting; Project No. R811005

To Whom It May Concern,

As a recent AMA member and current supporter, I greatly appreciate notification of this EPA E15 fuel issue. I am very concerned about damage to my motorcycle engines. I am also concerned about a lack of clear labeling on fuel pumps, which would enable motorcycle and ATV owners with the information needed to avoid damaging types of fuel.

Please continue to an pursue acceptable solution to the growing appearance of E15 fuel at our pumps from government agencies. Urge the FTC to take action on behalf of the more than 22 million drivers who are at risk.

Sincerely,

Jonathan LaLone

American citizen dependent on a motorcycle for transportation.
