RE: 16 CFR Part 306; Automotive Fuel Ratings, Certification and Posting; Project No. R811005

To Whom It May Concern,

The existence of E-15 at public fueling stations jeopardizes manufacturer warranties of motorcycles. A motorcycle owner cannot prove the motorcycle was not fueled with E-15. The current FTC plan is confusing and will lead to financial loss for motorcyclists. It should not be implemented.

Sincerely,
Carol Hughes, CA
