**STATEMENT OF
COMMISSIONER ROHIT CHOPRA**

*Regarding the Proposed Repeal of the Care Labeling Rule
Commission File No. R511915
June 22, 2020*

The Federal Trade Commission has voted to launch a regulatory proceeding to eliminate the labels that provide laundry instructions on clothing sold in the United States. Given the ongoing global COVID-19 pandemic and massive increase in economic distress faced by American families and small businesses, I do not believe it is appropriate to pursue this proceeding on laundry labels.
