

### Made in USA

Lithionics Battery's lithium battery systems are engineered and manufactured in our Clearwater, FL USA factory. This allows us to offer 100% advanced quality testing on our lithium battery systems including load, capacity, thermal imaging, and impedance testing. Lithionics Battery® also offers USA based customer service and warranty support, with HazMat pick-up services available in North America. Our staff is readily available by phone for sales or technical support.

### Unlock the power of energy independence!

Unlock the power of energy independence wherever you are, no matter what you are doing! To learn more about the NeverDie® Battery Management System and your optimal solution, contact Lithionics Battery®.
