Re: *In the Matter of Support King, LLC (SpyFone.com)*, FTC Docket No. C-4756

Dear Commenter:

Thank you for your comment regarding Respondent Scott Zuckerman's Petition to Reopen and Vacate or Modify FTC Consent Order in this matter ("Respondent's Petition"). The Commission has placed your comment on the public record. The Commission has given it serious consideration in connection with its decision concerning whether to grant Respondent's Petition.

Having considered all the facts of this case and the comments submitted in response to Respondent's Petition, the Commission has determined that the public interest would best be served by denying the Petition, because the arguments raised by it do not show that the Order should be reopened and vacated or modified. Respondent's Petition and the Commission's Order Denying the Petition are available from the Commission's website at <http://www.ftc.gov>.

It helps the Commission's analysis to hear from a variety of sources in its work, and we thank you again for your comment.

By direction of the Commission.

Thank you for your comment regarding Respondent Scott Zuckerman's Petition to Reopen and Vacate or Modify FTC Consent Order in this matter ("Respondent's Petition"). The Commission has placed your comment on the public record. The Commission has given it serious consideration in connection with its decision concerning whether to grant Respondent's Petition.

Having considered all the facts of this case and the comments submitted in response to Respondent's Petition, the Commission has determined that the public interest would best be served by denying the Petition, because the arguments raised by it do not show that the Order should be reopened and vacated or modified. Respondent's Petition and the Commission's Order Denying the Petition are available from the Commission's website at <http://www.ftc.gov>.

It helps the Commission's analysis to hear from a variety of sources in its work, and we thank you again for your comment.

By direction of the Commission.
