03/07/2025	FOIA-2025-01313	Bae, Jiwoo	Educational/Non-Scientific	<p>Detailed Records Description for FOIA Request:</p> <p>I am requesting records related to individual voting records of Federal Trade Commission (FTC) commissioners on regulatory actions concerning technology firms. Specifically, I seek information on how each commissioner voted in FTC decisions involving regulatory actions against companies in the technology sector.</p> <p>Scope of Request:</p> <p>I request documents, records, or datasets containing the following information:</p> <ol style="list-style-type: none">Individual Commissioner Votes:<ul style="list-style-type: none">- The name of each FTC commissioner who participated in a vote.- Their specific vote (e.g., "Yes" or "No") on each regulatory action.Regulatory Action Details:<ul style="list-style-type: none">- The type of regulatory action taken (e.g., warning letter, consent order, settlement, lawsuit, investigation authorization).- The name of the technology company involved.- The FTC case number or docket number, if available.- The date of the vote.Meeting or Decision Records:<ul style="list-style-type: none">- Records of FTC meetings or internal memoranda where commissioners' votes were recorded.- Any official vote tallies related to regulatory actions involving technology firms.Timeframe for Records:<ul style="list-style-type: none">- From: January 20, 1993 (start of President Bill Clinton's term)- To: January 20, 2025 (end of President Joe Biden's term) <p>Purpose of the Request:</p> <p>These records are requested for academic research as part of my Ph.D. dissertation. My research examines whether political appointees in regulatory agencies exhibit a pattern of taking softer regulatory actions against industries where they have prior employment or future career incentives. Specifically, I hypothesize that FTC commissioners who have previously worked in the technology industry are more likely to support less aggressive regulatory measures (e.g., warning letters rather than lawsuits) against technology firms. Additionally, I examine whether Democratic-appointed commissioners engage in similar behavior to appear aligned with pro-regulation positions without imposing substantive penalties.</p> <p>Additional Notes:</p> <ul style="list-style-type: none">- If a central database or spreadsheet contains all relevant voting records of FTC commissioners on regulatory actions against technology firms, I request access to that dataset. 11/17/2025	FOIA-2026-00119	Meyer, Justine	Other	All records concerning complaints, reports made by the public against Fay Nutrition LLC, also known to be doing business as Fay Nutrition, Fay Health Inc, Fay Food, Fay Food and You, Fay Nutrition Network Inc, Fay Nutrition and Dietetics. Multiple reports have been made by patients that they were billed under various names for this business and other documents online show the company using various business names that ultimately link back to Fay Nutrition LLC. Please search for all complaints/reports made against these other business names as they are all really the same business. One of the NPI numbers that Fay Nutrition is using (1104334465) to bill for services dates back to 1/19/2018, therefore, I am requesting records going back to this date as the impression I have is that this is when their business actually started despite claims the make that they started in 2022. A full review of records going back through this time period and for all the different business names they have been using will help the public have accurate information on claims made about Fay Nutrition LLC. Thank you. (Data Range for Record Search: From 01/19/2018 To 11/15/2025)	-
